LANGUAGE.—

English.—Parsing Sprague's Milton's Paradise Lost, or other Author.
Latin.—Cicero; Ginn & Company's Virgil; Composition.
Greek.—Anabasis and Hellenica; White's Lessons completed; Goodwin's Grammar.

Dutch.—Kat's Grammar continued; Practical Exercises; Translations; Composition.

French, German; Continued as Electives for Latin and Greek.

RHETORIC.—Hart's Rhetoric; Essays; Declamations. The Class publishes a monthly Paper, called "The Excelsiora."

HISTORY.—Anderson's English History.

CIVIL GOVERNMENT.—Young's Government Class Book.

DIDACTIOQS.—White's Elements of Pedagogy.
PHYSIOLOGY AND HYGIENE.—Steele’s.

RELIGIOUS INSTRUCTION AND MUSIC.—In all the Classes.

Special attention is given, during the whole of the Preparatory Course, to the grammars of the Languages studied. For those who pursue English studies only, or who design stopping at the end of the "A" year, the Faculty provide such additional branches, as seem most expedient and profitable. Those generally make better progress, whose time is fully occupied in the work of the School.

In general educational value, it is believed that the above four years Course of Study is worthy of full recommendation, whether for entrance into College, or for a professional training, or for a business life.
REGULAR NORMAL.

FIRST YEAR.

Orthography, Reading, Penmanship, Grammar, Composition, Higher Arithmetic, Book-keeping, Latin or Electives, such as Physiology and Civil Government, Drawing, Dutch or French, Music, Review of U. S. History and Geography, Professional Instruction for the teacher.

By taking Electives instead of Latin, the above forms a good one year English Course.

SECOND YEAR.

Rhetoric, Composition, Elocution, Drawing, Zoology, Algebra, Astronomy, Latin and Greek History or Electives, Greek or German and Electives, Dutch or French, Music, Practice in studies of first year.

Professional Instruction in the Art of Teaching, suitable for those who want a two years English Course.

THIRD YEAR.

English Language and English History, Composition and Elocution, Algebra, Physics, Latin and Roman History or Electives, Greek or German and Electives, Dutch or French, Voice Culture, Geometry, Civil Government, Physiology, Moral Science.

Professional Instruction in Practice of Teaching. The Electives will give a full Literary or Scientific Course.

FOURTH YEAR.

English Literature, Composition and Elocution, Geometry, Greek or German, General History, Dutch or French, Chemistry, Mental Science,
REGULAR NORMAL.

History of Education, Trigonometry, Physical Geography, Geology; School System, Practice of Teaching.

The above studies will be under the charge of the Faculties, and according to the regular Schedule of Instruction.

THE SUMMER NORMAL.

The studies, at this time, are designed to give an opportunity for a thorough review of the Subjects required for "first, second and third graded Certificates," in Michigan; and for gaining such general information as will better fit teachers for their needed and noble profession.

The studies thus to be reviewed, with daily drill as to methods and principles, are:

Orthography, Reading and Penmanship; Geography, Arithmetic, and Grammar; United States History and Civil Government; Book-keeping, Algebra, and Geometry; Physiology, Botany and Philosophy; School Law; Science and Art of Teaching; Question Drawer; and Practical Discussions.

Extra Branches, such as Music, Crayon Drawing, Type Writing, and Short Hand, when a sufficient number for a class so desire.

Each subject will be treated after approved "normal" methods, with special reference to the needs of teachers in their district schools. Taking English Grammar, for example, the Programme will embrace a review of the parts of speech: parsing and diagraming; rules and forms both, oral and written; composition; and a careful analysis of the right use of the language.

Those desiring to enter the School will bring their ordinary text-books, as instruction will be mainly given by note and topic.

The next Summer School will be held for five weeks, from July 7th to August 8th, 1890. As in former years, competent instruction will be provided.

The Library and Apparatus of the College are free for the use of these Classes.
MISCELLANEOUS INFORMATION.

LOCATION.

Holland City is a central point on the Chicago and West Michigan Railway, ninety miles north of New Buffalo, twenty-five miles south-west of Grand Rapids, and midway between Allegan and Grand Haven. To all Eastern points the route by rail is direct. It is therefore most desirably located, having both land- and water communications, being near the shore of Lake Michigan, with which it is directly connected by a beautiful sheet of water, called Macatawa Bay, and making a popular "summer resort."

GROUNDS AND BUILDINGS.

The College Campus lies between Tenth and Twelfth streets, in the center of the City, and contains sixteen acres, and an addition of two acres, on the south side of Twelfth street. It presents a finely varied surface, well shaded with native trees, and is annually improving in beauty and attractiveness.

The College Buildings are eight in number. The largest is Van Vleck Hall, mainly devoted to Students' rooms, and the Library. It has been decided to build an ample Recitation Hall, as soon as the requisite funds can be secured.

SCHOOL YEAR.

The Scholastic Year, of forty weeks, begins on the third Wednesday in September, and ends with the General Commencement on the fourth Wednesday in June.

The Winter and Spring vacations are fixed by the General Faculty. (See the Calendar.)
COURSE OF STUDY.

Most of the students seek what is called "a liberal or classical education." A "partial" or "elective" course is offered to all who so desire, and facilities are furnished through the regular instructors, but a partial Course entitles only to a certificate and not to a diploma. German and French, or Drawing and Painting, can be studied at any time, as also the branches generally called "scientific"; fitting the students for Post-graduate courses in a University.

Since 1878 the Institution has been open to women. They enter the regular classes and attend the same lectures and recitations as the young men.

Vocal Music is provided without charge. Lessons in Instrumental Music can be secured at the expense of the pupil.

EXAMINATIONS.

The Yearly Examinations, before the Council or its Committee, begin on the third Wednesday in June. Examinations at other times, may be held, and passed upon by the respective Faculties, subject to the approval of Council, or to a re-examination, if so desired.

The Examinations are oral or in writing, as seems best to each professor, or as may be directed by the Council.

CERTIFICATES AND DIPLOMAS.

Members of the "A" Class, upon graduation, in full course, are entitled to a regular Certificate, signed by the Council and the Faculty; but said Certificate will be marked first, second or third grade, as follows:—When the recorded standing of the graduate is from 91 to 100, this will indicate the "First Grade"; when from 81 to 90, the "Second"; and when from 71 to 80, the "Third"; reference being made to both recitations and examinations.

Such students, as are admitted in partial course, or who fall below an average standing of 71, are entitled to a Certificate, from the Faculty, naming the studies in which they have sustained examinations.

Graduates from the College, when recommended by the Faculty, receive a Diploma, with the degree of A. B., being a testimonial of general scholarship. The Course leading to it includes all the "liberal arts," usually taught in colleges. A "partial course" is sometimes chosen, and is entitled to a Certificate as adjudged by the Faculty.

The degree of A. M., is conferred upon those who continue their studies for three years after graduation, or who may satisfy the Council as to their...
Scholastic attainments. By paying a fee of three dollars, an A. M. Diploma in such cases will be given.

RELIGIOUS SERVICES.

The exercises of each day begin with prayer in the College Chapel, at 8 o'clock, A. M.

On the Sabbath, every student is expected to worship regularly with one of the churches in the city or vicinity, unless excused by the President.

Religious Instruction is given in all the classes regularly, and, like the other studies, is in charge of the Faculty.

Although Hope College is denominational, and is under the patronage and support of the Reformed Church in America, yet, by the law of its incorporation, it can have no "religious test." The doors are open, and welcome is given to all who submit to its scholastic regulations. As a Christian school, however, it inculcates gospel truths, and demands a consistent moral character and deportment.

LIBRARY, ETC.

A Library of about 7,000 volumes, and a Reading Room, are free for the use of the students Books and papers are constantly being added, and require increased accommodations.

The Laboratory, Cabinet, and Philosophical Apparatus are adapted to the use of the recitation, or lecture-rooms. They are gradually being made larger and more complete. It is to be hoped that Maps, Charts, Instruments, and Specimens of Natural History, as well as books, will be donated by the graduates and friends of the Institution.

SOCIETIES.

Three Literary Societies, viz., the Meliphon and the Fraternal, and the Ulilias Club have been maintained for years, and offer decided advantages to their respective members, and materially aid in the attainment of that culture, which it is the object of this school to promote. The object of the club is to secure for its members greater proficiency in the use of the Holland language.

The Y. M. C. A., a society of from seventy to eighty members, continues to carry on its work with much interest and activity.

SUNDRIES.

Connected with the Institution, a religious weekly is published, called De Hope. It was established in 1866, and is under the direction of the Council. The paper has a circulation of nearly 2,000 copies.
A monthly, called *The Anchor*, is conducted by the students, and is meeting with gratifying success.

The "A" Class maintains a periodical, called "*The Excelsiora.*" It is bound, year by year, and is placed in the Library.

The "Oratorical Exercises" of the Grammar School, on the final Monday of the College year, is the Commencement of that Department, and marks the graduation of the "A" Class.

Two prizes, called "*The George Birkhoff, Jr. Prizes,*" have been established. One is for the Sophomore Class, in English Literature, and the other for the Freshman Class, in Dutch Literature. At the last Commencement they were awarded, by the Committees, as follows: For Proficiency in English Literature, John M. van der Meulen. For Proficiency in Dutch Literature, John Luxen.

It is expected that additional prizes will follow as a stimulus to labor in other branches of study.

*A Course of Lectures* is of almost yearly occurrence, usually at the invitation of one of the societies, and with the approval and financial aid of the Executive Committee.

The moral, social, and literary advantages of Holland are considered as good.

**EXPENSES.**

The City is surrounded by a rich agricultural region, and the cost of living is comparatively cheap. Good board may be had, in families of the city, for from two to three dollars per week in clubs; and without furnished rooms at lower rates.

There are seventeen rooms in Van Vleck Hall, in the selection of which students for the ministry have the preference. These are furnished in part, and bear a moderate charge.

As yet, no tuition fees have been charged, but every student must pay to the Treasurer, *in advance*, an incidental fee of five dollars per term.

The graduation fee is five dollars in the College, and two and one half dollars in the Grammar School. No other charges are made.

For books, clothing, washing, fuel, lights, travel, etc., those interested can best make the estimates. The entire expense need not exceed $200 per annum.

The fee of the students in the Summer Normal Classes is five dollars for the session. Those who enter the College, for the regular Normal
Course, are charged ten dollars, in advance for each semester or half-year.

Boarding Houses and Clubbing arrangements in the City are to be approved by the Faculty, and to be subject to such regulations, as are usual in similar institutions. By a rule of the College, lady students are not to room in the same boarding houses with the gentlemen.

DISCIPLINE.

The Rules of Order are few and simple. In general, if the students do not improve their time and opportunities, or do not conduct themselves in a respectful and orderly manner, their connection with the Institution will be suspended.

The students are required to be present, promptly, on the first day of each and every term. The recitations will begin the next morning.

A record is kept of the scholastic standing of each student, and a copy of the same is sent to the parent or guardian; if the average standing, in any term, does not exceed 70, on a basis of 100, he is to be dropped from his class.

Terms fees, and room rent are to be paid strictly in advance, and if not so paid, or within one month, the student, neglecting, forfeits his right to continue in the Institution.

The object of the Faculty is to develop in the pupils a higher moral as well as an intellectual culture and character. If they find, after due probation and inquiry, that the influence of a student is bad and injurious to others, they claim the right to demand his withdrawal.

Parents are requested not to ask or expect their children, in this School, to come home during term time. It seriously interferes with proper habits of study, and by our rules, none are to be absent from the Institution, without permission of the President.

A copy of the regulations of the College is given to each student, at the time of his or her matriculation.

REMARKS.

The Library is rapidly increasing in value, and a Library building is a pressing necessity. With spacious, fire-proof rooms, the collection would be safe and serviceable. The same building could, for the present, be used as a museum, or Cabinet of Natural History. Who will supply this want?

Rev. James F. Zwemer has continued his work as Financial agent of the College; and has now received, in the West, nearly $40,000, of which one-half will be added to the Endowment Fund.
REV. DANIEL VAN PELT resigned his agency in the East, on the first of May, after a service of five months, which added nearly $5,000 to the funds for "Western Education,"—one-half a gain for Hope College.

The legacy of Mr. P. Clement has been paid, but on account of the low value of land when sold, has only realized $8,452, instead of $5,000, as designed by the giver. Mr. Peter P. Schoonmaker, of Brooklyn, N. Y., has bequeathed $3,000 to Hope College; and Miss Anna E. Gibson, deceased, of Hudson, N. Y., has also made this institution one of her legatees.

May the Legacies of the pious build up this "School of the Church," just as they have bestowed so many thousands on Yale, Princeton, Union, etc., making them what they are, for our country and the world.

During the last year the Classis of Dakota has been organized; and has appointed Rev. Jacob Van der Meulen and Rev. John A. De Spelder to be members of the Council. They can not however be received and enrolled as members, until after certain steps shall be taken to amend the Constitution of the Corporation.

A FORM OF DEVISE.

I give unto the Council of Hope College ....................... dollars, to be applied to ..................... (e. g. the increase of the Endowment fund of said College,) or (the erection of Library building for said College.)
DEPARTMENT OF THEOLOGY.

"The Western Theological Seminary of the Reformed Church in America."

ADMISSION.

The Seminary is open for the admission of students from every denomination of Christians.

A Committee of the Board of Superintendents on the reception of students, meets on the Tuesday after the third Lord’s day in September, at 11 o’clock A. M.

Every applicant is required to present a certificate of church membership and one of literary qualifications. One who has not pursued a regular Collegiate course, must "give proof by testimonials or examination of such literary attainments as will enable him to enter upon the course of studies in the school."

The requirement of the Constitution in regard to students preparing for the ministry in the Reformed Church is as follows:

Every person contemplating the work of the ministry, before he commences his course of Theological studies, shall furnish satisfactory evidence of his being a member in full communion and good standing of a Reformed Protestant Church; of his piety, ability and literary attainments; and thereupon shall be admitted into one of the Theological schools; and during the prosecution of his studies there, shall be subject to the rules and regulations thereof, and when he shall have completed the prescribed course and term of Theological studies, shall be admitted to an examination according to the regulations of the school as established by the General Synod; and if found qualified, shall receive a professorial certificate to that effect, which shall entitle him to an examination for licensure before the Classis to which he belongs.—Constitution, Art. II. Sec. 2.
