HOLLAND INTERURBAN SOLD Floyd Remains with Road

The Holland Interurban road was sold yesterday to the Commonwealth Railway, Light and Power company, the capitalization being about \$1,500,000 in first mortgage bonds and about \$500,000 in second mortgage bonds.

This sale follows close on the announcement of the big corporation of the merger plan taking over several companies and plans for the improvement of properties in Michigan and has been expected in financial circles as the next move.

Of the sale of the road to Commonwealth, President Benjamin S. Hanchett of the interurban company said Wednesday:

"I had not agreed to the proposition which had been under consideration, until I was convinced that it will be an excellent thing for the interurban company and of the territory served to have larger connections.

"It doesn't take a second thought to realize what the merger means from a financial standpoint. There will be greater chances for development, including filling in roadbed, building bridges and getting the company on a dividend paying basis. People realize the improvement that has been made on the line in its equipment.

"General Manager Charles A. Floyd has just returned from Newark, Ohio, where the new steel cars for the Holland road are being constructed. Next summer we will have more cars of largely steel construction, which can be operated on train or separately, and they will be used for general purposes, but especially for steamboat and cottagers' limited. Splendid service is promised.

Will Develop Ottawa Beach Service
"We made an inspection trip Wednesday to see about the new dock to connect with the Graham & Morton lines, giving better service from the boats to Grand Rapids.

"There is no denying the fact that Ottawa Beach trade has never received special attention from the Holland Interurban road, but it is our intention to give particular thought to the future development of the Beach service."

Through this deal Commonwealth practically absorbs the Holland Interurban. Mr. Hanchett will remain as president of the company and Mr. Floyd of Holland as the general manager, and no change in the operating force is contemplated. The capitalization will not be increased. Commonwealth simply taking over the road and giving it the greater advantage of financial development. There will be no new bond issue.

DR. W. J. ROOKS HAD NARROW ESCAPE

Zeeland Record—Upon driving from his City Livery to his home south of town last Monday evening at shortly before 8 o'clock, Dr. W. J. Rooks met with an accident which might have resulted far more serious than it did. While attempting to pass the rig of Albert Kamps who was also driving south, on State street just south of the city limits, in the swamp, he drove off the end of the bridge in front of the residence of John Rozema. The buggy turned turtle into the ditch and the horse was thrown on its side also into the ditch. In struggling to regain its feet the animal became entangled in the harness and finally became lodged under the bridge, and it was found impossible to extricate the horse except by first pulling out the whole bridge. Neighbors were summoned and by their aid this was accomplished and the horse released. After two hours of hard work the bridge had again been replaced and the highway made passable and Mr. Rooks resumed his journey home ward. Neither the doctor nor his horse were injured beyond a few scratches and the buggy was only slightly damaged.

DE BOER GETS DIVORCE

Circuit Judge Olen S. Cross gave a decree of divorce last Wednesday to Simon De Boer from his wife, Allie. The charge was desertion. They have been living in Holland. Attorney Diekema Kollen and Ten Cate were the attorneys for Simon De Boer.

It is estimated 1,000,000 cigars are smoked in Chicago each day. No wonder there is a crying demand that the antismoke ordinance be strictly enforced.

WHOLESALE GET LICENSE AND STARTS BUSINESS Kuizenga On Police Board.

Although council meetings in the past two weeks have followed each other in rapid succession yesterday's was the record breaking day there having been two meetings one in the morning at 7:30 and one again in the evening. The special meeting held yesterday morning was to reconsider the ordinance passed last Friday night and vetoed Tuesday afternoon by the Mayor which regulated the sale of all spirituous or malt liquors.

Ald. Harrington moved that the Mayor's veto be accepted and that the council pass the ordinance over his veto. This was put to a vote and again the aldermen returned a unanimous vote in favor of the ordinance. Alderman Congleton, as chairman of the committee on licenses then proposed that the bonds of the druggists be accepted on this motion also carried unanimously. Alderman Congleton further moved that the bonds of Anton Self be accepted and this was also accepted unanimously. As a result the bid was lifted to-day after having been on since May 1, and no longer can Holland be called a dry town.

At the meeting last night W. Wentworth, Dave Blom, Will Blom, Walter Sutton, and Martin Vander Bie applied to the council for wholesale licenses and submitted bonds. This was brought up at the first of the meeting and then was referred to the Committee on Licenses with power to act. Later on in the evening the Mayor granted a five minute recess and the committee then met and considered the bonds. When the meeting was again called to order Alderman Congleton moved these bonds be accepted and the licenses be granted. Ald. Drinkwater supported the motion and it was passed unanimously. It is the opinion of the News that the aldermen decided the liquor question very satisfactorily for the present and that by their action they have suited a 75 per cent majority of the voters of the city. Their solution of this vexing problem was brought about by the combined opinions of some of the hardest working dries and of the conservative and unbiased wets.

Also the vote of the people in the last election expressed the sentiment of the majority against the saloon the voters had also expressed their wish against local option and so by the ordinance which will go into effect twenty days from to-day it is the opinion of the News that the council did the best thing possible to favor the majority of the voters in the city. Alderman Harrington in his report of the committee on ways and means stated that he had received bids for the city printing the coming year and recommended the acceptance of the Holland City News bid. This was unanimously adopted.

John Ver Hoef was given the contract for the city teaming to be done the ensuing year while B. Keppel was awarded the contract for tile to be used in constructing sewers, drains, and water courses.

Application and bonds for a Pool Room by Lee Cummings were adopted and a license was granted the new Apollo moving picture theater.

The Charter Commission submitted their bills as follows: \$12.50 fees to Attorneys R. Visscher and T. N. Robinson; Salary of \$5 to each of the men on the commission; \$100 to Att. A. Van Duren for drawing up the charter and \$20 for stenographer service. The bills were accepted.

The annual report of the Board of Public Works was received and placed on file.

Alderman King moved that a bill for \$84.22 for the fixing of the culvert on the Hanchett property be sent to Mr. Hanchett but this was not voted on and a motion to refer it to the committee on Culverts was carried.

W. J. Garrod who was appointed a member of the Police and Fire Board at the meeting Monday night sent in his resignation last night with his thanks to the council saying that he was unable to accept the position. The matter of electing a man to fill this vacancy was immediately taken up and on the third ballot Prof. J. E. Kuizenga, who formerly held the position was again elected a member. Henry Brusse, Mr. Jackson, F. White and Louis Vanden Berg also received some votes.

City Engineer Naberhuls gave a report on gas tests made during the three weeks ending May 6 as follows: Out of 53 tests, the lowest test was 519 while the highest test made was 626. This made an average of 690 1/2. 35 out of the 53 tests were below 600.

Plans and specifications for the grading of Twenty second street at a total cost of \$3,502.53 were adopted and this street will be graded sometime during the summer.

At several different times during the meeting Ald. Drinkwater tried to bring up the proposition of people moving old shacks into the second ward but was declared out of order by the Mayor and at one time commanded to sit down after he had got nicely launched in a speech. But finally he got the proposition before the council and Mayor Bosch and

the aldermen decided themselves to be with him heart and soul to keep any buildings that were not good out of the second ward or any other part of the city. Mr. Drinkwater declared that the second ward was called a shack huddle and that he wanted it cleaned up. Ald. Van Drezer brought to the attention of the council meeting one building on West First street which he claimed a good wind would blow down and recommended that they give the owners fifteen days to fix up and if they did not do it in that time that the city order it to be torn down. This was unanimously passed. A petition to move a building into the second ward was also rejected.

Ald. Van Drezer was given his old job of inspecting the Hotels in the city.

To wind up the meeting City Engineer Naberhuls again brought up the proposition that Holland need very badly a tandem roller to be used in making pavements as he stated the three wheel roller now used by the city was too heavy to be used on asphalt pavements but was especially suited to work on macadam roads. Mr. Naberhuls explained how it was better for the city to purchase their machinery than rent it saying that the contractors always charged extra for the use of machinery and so the machines would pay for themselves as time went on. Alderman Harrington proposed that the Engineer get bids from different firms on the price of a machine and submit them to the council later.

All of the other council doings the past week such as Liquor ordinance and the Mayor's veto will be found on pages 9 and 10 of this issue.

LIVE UP TO THE LAW.

The liquor question having been settled to the satisfaction of the majority of people in this city and tho' not ideal in every respect, it is hoped by all that at least for some time to come this vexing question may be left to rest indefinitely.

One thing should be thoroughly understood, the ordinance just passed is liberal enough so that violations of the law in order to make a profit in this business is not necessary.

The council has been fair enough to take the word of all dealers in liquor, be they druggists, brewers or wholesalers, and have put them on their honor. Any violation should not be tolerated and the offender should be summarily dealt with.

To deal in technicalities and loopholes is only inviting retribution which will surely come if practiced or indulged in. The only thing to do is LIVE UP TO THE LAW as laid down by our city ordinance.

GROVER CLEVELAND YACHT "THE SYLPH" AT WHITEHALL

Ex President Grover Cleveland's private yacht, the "Sylph," which was used by the president when he was at Buffalo, lies bottom side up in the White river, near Whitehall, in this state.

The yacht after the president was through with it, was sold to Buffalo parties and afterwards purchased by parties at Whitehall. After a year's use at Whitehall as a pleasure craft for hire it was taken for a season to Cheboygan, where it was run on the inland route between Cheboygan and Petoskey for a summer with poor results financially.

The boat was taken back to Whitehall by Capt. J. L. Klett and after a varied career one day last fall it turned turtle in the White river, where it lies in 10 feet of water, abandoned. The yacht in its day was a palatial affair, but in comparison with modern boats is antiquated and its fittings common place. This spring the boilers will be taken out and the hull left on the banks of the river, where the boat came to its end. It was a familiar sight for several years in northern Michigan resorts.

WILL BUILD A CHURCH

Architect Lindhout Preparing Plans for Grand Haven Edifice

Architect Pierre Lindhout is preparing plans for a church for the First Reformed society of Grand Haven to replace the one recently burned. It will be in the Byzantine type, 100x58 feet, with a tower in which will be placed a large clock. Construction will be brick and the auditorium will have a seating capacity of 800, which can be increased by throwing open the lecture room by means of sliding doors. It will have a large balcony and all the equipment of a modern planned church.

WOULD FURNISH GAS TO ZEELAND

Holland Promoters Get Franchise Through Zeeland Council Solicit Farmers On Line

The gas franchise adopted by the common council of Zeeland, giving the promoters the right to lay a gas main in this city, has been submitted to the promoters for their approval and acceptance.

It is planned to pay a line from Holland to Zeeland, a distance of six miles. The gas is to be purchased from the Holland Gas company. The promoters are the same who propose to furnish gas for the several resorts, also.

Upon the Zeeland franchise, however, depends the carrying out of the project so far as the parks are concerned, as the short seasons at the resorts would not warrant the necessary changes being made, unless the patronage of Zeeland residents can be obtained.

The franchise now being submitted to the company is a sort of a counter proposition made by the city in answer to another made the city by the promoters last fall. It is believed, though, that the franchise will be acceptable to the company, notwithstanding it is considerably changed from the original proposition.

Must Be Submitted to Voters

It is understood that the promoters are interested in the Holland Gas company and the new deal will materially aid in making the whole thing a paying proposition. If the company accepts the franchise, it will be submitted to the voters of Zeeland for ratification, and it is generally believed that it will carry. The promoters ask no guarantee of any amount of gas to be used, neither do they ask any concessions except the privilege of laying their pipe line in the city.

The franchise asked is for 30 years with purchasing privileges granted the city at intervals, and the price of gas is to be \$1.20 per 1,000 cubic feet, with a discount of 10 cents, if bills are paid within 15 days of date rendered. According to the terms of the franchise, the promoters must be ready to furnish gas to Zeeland consumers within six months.

The line is to be laid along the main highway between the two cities and the farmers will be solicited for patronage.

Zeeland Council Will Not Go Above \$1.10

There is a temporary check to the project of laying a gas main from Holland to Zeeland, which may result in the proposition being given up finally.

The common council at its last meeting further considered the matter of granting a franchise to the promoters. The committee having held a conference with the promoters and having submitted to them the draft of the franchise ordinance which had been framed at the meeting.

According to the report, the promoters took exception to a half dozen or more provisions, chief among which is the rate.

The price proposed by the council is \$1.10 net per 1,000 feet of gas, while the company wanted to charge \$1.25. At the conference, however, the company offered to reduce the rate to \$1.20.

Hold to \$1.10 Rate

While the committee recommended certain concessions on the other points of difference, the members held strongly to the \$1.10 rate, and, after discussion, the council adopted the committee's recommendations and emphasized its decision. The matter was referred back to the committee for further negotiations with the company.

The following appointments of city officials were made: J. N. Clark, city officer; J. S. Van Volkenburgh, city attorney; Dr. H. A. Risterink, health auditor; J. Nederveld, street commissioner; Alderman Bouwens, president of the council. The matter of electing a marshal to succeed J. L. practically a \$2,000,000 proposition.

ABOLISH DRINKING CUPS

The state board of health has ordered all drinking cups out of public schools. In most city schools the drinking cup is already a thing of the past and now they must go everywhere. Practical drinking fountains are now available for country school rooms where water under pressure is not to be had. They are built upon the principle of fireless cookers and keep several gallons of water cool and fresh. It changes but one degree in several hours. The fountain has an attachment so that when a lever is pressed the water bubbles up and the child drinks without touching anything but water. They are not expensive.

MAY FIFTEENTH IS DATE FIXED ON BY MAYOR BOSCH.

Burning of Rubbish Will Be Allowed That Day. To Have Special Fire Protection

Mayor Bosch has designated May 15 as the general cleanup day in Holland. This day has been fixed upon by Governor Ferris as the general cleanup day throughout the state of Michigan. Holland this year will join in with the rest of the state and all the people will be asked and urged to clean up their premises and to prepare for the coming summer.

This question of a cleanup day was suggested at the meeting of the council last Monday evening by Ald. Van Drezer. There is a provision in the Holland charter forbidding fires in any part of the city. As a consequence people have been unable to burn the rubbish that has collected on their lawns and in their back yards the past winter. At first this provision of the ordinance was quite generally disregarded, but an arrest or two this spring brought the attention of the people to the fact that it must be observed.

As a consequence many of the aldermen were petitioned by property owners to fix on one day on which the burning of rubbish would be allowed. On the suggestion of Ald. Van Drezer, Mayor Bosch was asked to fix a day for this and he decided on the same day that is used for this purpose throughout the state.

On that day the burning of rubbish will be allowed. To prevent fires, however the people are asked to be very careful. Moreover the city will have extra fire protection that day so that any fire that may start can be checked immediately.

Several People From Holland Were At Opening

The annual Ottawa county tax sale opened Wednesday at the office of the county treasurer in the court house in Grand Haven. The attendance at the opening of the sale was not large, and not many descriptions were bid in. Among those present from away at the opening were J. Y. Huizinga, Arthur Van Duren and D. J. TeRoller of Holland, Henry J. Campman of Grand Rapids and a number from Grand Haven, Spring Lake and Robinson township. The property up for sale this year contains 160 descriptions as against 150 last year and 145 the year before.

Douglas Man Has Exciting Experience in the South.

J. E. Devine of Douglas has a narrow escape with his life at Independence, La. While meeting with a number of strawberry brokers at the Hotel Klotz the roof of the building was blown off and lightning entered the room where the conference was being held, stunning all present but none so badly that they were not able to be out the next day. One man had a shoe torn off his foot without leaving a scar, and another had a suit of silk underwear burned completely from his body without injuring his other clothing.

"DE BOODSCHAPPER" IS THE NAME OF NEW MONTHLY MAGAZINE.

Ministers of the Christian Reformed Church to Contribute Sermons and Lectures.

A new monthly publication has been launched in this city. It is to be known as "De Boodschapper," a monthly publication to which the pastors of the Christian Reformed churches in this and other cities in Western Michigan will contribute, either a sermon or a lecture. The plan is for the present to print in the little magazine a sermon and later to publish articles more in the nature of lectures on present day problems.

The first number of the publication contained a sermon by the Rev. R. L. Haan of the Central Avenue Christian Reformed church. The second number contains a sermon by the Rev. E. J. Tuuk of the Ninth St. Christian Reformed church. To the third number the Rev. M. Van Vessum of Graafschap will contribute a sermon.

Two thousand copies of the little magazine have been distributed. The plan is to distribute them free of charge for a time and gradually to secure subscribers. After Holland has been covered the plan is to go to Zeeland, get the pastors there to contribute and distribute the magazine there. Later the pastors of Grand Rapids will be called upon to help and so on.

The publication is meeting with a good deal of success and is expected that it will soon be well established.

Muskegon County to Build Road to The Border.

The Muskegon board of road commissioners will have to build the mile of road which will connect the Ottawa county and Muskegon county road systems. Only one bid was put in for that job and that bid was \$300 above the estimate of the board of commissioners, based upon the price at which a similar piece of road had been constructed a year ago. Therefore they turned down the proposal and decided to build their own road.

LIGHT HOUSE KEEPER AND ASSISTANT HAVE PECULIAR EXPERIENCE.

Joseph Boske and George Meeng, the lighthouse keeper and the assistant lighthouse keeper at Macatawa Park, had an experience Saturday afternoon that they will not very soon forget. Boske and Meeng started out from Macatawa in a launch to look after the light on the bouy opposite Virginia Park. The men tied up their boat to the bouy as usual and climbed out to do their work.

The thong to which the boat was tied was rather wet and when the windstorm came up it broke loose. The boat was out of reach before the men noticed that anything was wrong. There they were stranded on the bouy with no one in sight and nothing to do but wait. They tried out their lung capacity in shouting but for an hour or more they shouted to no avail.

Meanwhile a stiff breeze began to blow and the men feared that the storm might increase and make their perch on the bouy decidedly uncomfortable and finally succeeded in attracting the attention of two women at Virginia Park. Mrs. D. Burlond and Mrs. Maud Howard immediately on discovering the plight of the men took a row boat and went to the rescue. The men were brought safely to shore, grateful that their adventure did not turn out any worse. They have since recovered their boat.

HOW COPPER MINING IS DONE TO BE SHOWN IN HIGH SCHOOL

All the necessary preparations have been made for the stereopticon lecture that is to be given in the High school assembly room this evening. The lecture is to be given under the auspices of the Michigan College of Mines at Houghton, Mich., and it will show the process of the mining of copper. It is to be a popular presentation of the subject, nothing that the average man or woman cannot readily understand.

The lecture will be free and everybody is cordially invited. The processes of copper mining are very interesting and this is the best way to make it clear to the public.

FRANK SALISBURY IS APPOINTED BY STATE WARDEN

OATES
Frank B. Salisbury of this city formerly deputy sheriff of Ottawa county, has received his appointment as deputy state game warden from State Warden Oates. Mr. Salisbury's petitions for the appointment went forward several days ago, and contained the names of some of the prominent men of the county.

Mr. Salisbury has received his commission from the state department,

CLASSIS WILL MEET

Classis Grand Rapids east and west and classes Zeeland are to meet soon.
Classis west convenes on Tuesday, May 20, in the LaGrave avenue church, beginning at 9 a. m. One of the most important questions to be discussed will be the proposal of the Alpine avenue consistory, to send a classical missionary to the Indians.

Classis east meets the next day in the Coldbrook street church, and Zeeland meets in the parlor of the Church street congregation on the same day as classis east.

GOVERNOR FERRIS NOTIFIES OFFICERS TO PUT A STOP TO IT.

Prosecuting Attorney L. H. Osterhaus and Sheriff Dykhuys have received a letter from Governor Ferris authorizing them to stop all boxing bouts which may be scheduled in the county. Gov. Ferris informs the officers that many complaints have come to him from all parts of the state during the few months that he has been governor.

The orders received from Governor Ferris puts an end to the boxing game as far as Michigan is concerned and the boxing promoters will have to put their gloves in storage. The boxing game was popular in Grand Haven for several years under the auspices of the Grand Haven Military club. The shows scheduled in the armory were well conducted and there was no objection to them. But shows were being held all over the state, but the fatality in the state recently sounded the death knell of the boxing game in Michigan for some time to come.

No shows have been held in Grand Haven for several months, however, so the order does not affect this city to any great extent.—G. H. Tribune.

MR. AND MRS. CORNELIUS TRAAAS CELEBRATE EVENT TUESDAY

Mr. Traas Has Served as Janitor of Central Avenue Church for Fifty Years.

Mr. and Mrs. Cornelius Traas held a family reunion and celebrated their golden wedding Tuesday at their home, 24 West 14th street. Mr. Traas has been janitor of the Central Avenue Christian Reformed church for the past 36 years, and has a good many friends in the city who rejoice with him. The couple have six children, five of whom were present Tuesday. Cornelius, who is at present in Iowa, was not able to get here, but Anthony from Indiana, Marlene, John and Johannes of Grand Rapids and Mrs. John Wiebenga of this city were all present.

During his long service as janitor of the Central Avenue church Mr. Traas has made a splendid record. Mrs. Traas is a favorite in the neighborhood in which she lives, always being ready to lend a helping hand to others and always scattering sunshine and good cheer wherever she goes in spite of the fact that the family has had its full share of trouble during the fifty years since Mr. and Mrs. Traas were married.

The family has seen Holland grow from a village to the city it now is and Mr. Traas has always been prominent in church work. At the reunion in addition to the immediate family a few friends were present, and Mr. and Mrs. Traas were the recipients of many beautiful gifts.

Committee Meets With Governor Ferris Today

Governor Woodbridge N. Ferris has fixed on tomorrow to go over the amendments to the Holland charter made by the Charter Revision Commission. Consequently the committee appointed by the commission Monday evening will go to Lansing today to present the changes to the governor and to explain the various provisions to him. The committee is composed of Chairman Henry Brusse, R. H. Haberman and City Attorney Van Duren. This preliminary examination by the governor is made so that the people can go ahead and vote on the amendments with the practical assurance that the governor will sign it when it is passed.

HOPE GRADUATE OF 1911 GIVEN PLACE IN UNIVERSITY OF MICHIGAN

Albert Lampen, for the past two years principal of the Saugatuck High school, has been appointed to the fellowship at the University of Michigan. The fellowship requires that the holder assist in instruction one of the departments at the University and carries with it a money stipulation of \$300. Fellowships of this nature are given to all the denominational colleges of the state each year. Last year Hessel Yntema and Gertrude Hoekje were appointed. The fellowships apply to Alumni for four years after graduation so Mr. Lampen was fortunate enough to be appointed, as he graduated in 1911.

Miss Verna Shultz of the present Senior class has been appointed alternate in case Mr. Lampen is unable to accept the fellowship.

Wednesday evening the council was asked for permission to use the court room to entertain the men and every effort was made to make the stay of the Cleveland businessmen in Holland pleasant.

In order to make the event a success the automobile owners in Holland are asked to cooperate. Any who are willing to have their machines so pressed into service should confer with Mr. Vanderluis or Mr. Harrington during the week.

DREDGE HAS FINISHED WORK HERE AND GOES TO MUSKEGON

The United States dredge General Meade has completed operations at Holland harbor and is now doing service in Muskegon harbor.

The Meade placed the harbor in excellent condition for the season and no difficulty will be encountered by the Graham & Morton steamers in entering and clearing the harbor. Capt. Van Weelden of the lifesaving crew has taken soundings through out the channel and at the end of the breakwater and has found a depth of from twenty to twenty-two feet.

FRANK R. KITSON LEADS THE SIMPLE LIFE IN THE COUNTRY.

For Ten Years He Was Famous in The Big League Circles—Tells of Early Experiences

Once a big leaguer whose services were in demand by every base ball club in America, Frank R. Kitson, known in bygone days as "Kit" and now the owner of what is acknowledged to be the most productive farm in Allegan county, has for himself, at least, solved the question of what is to be done with our ex-ball players.

Kitson, whose achievements during the ten years in which he stood in spot light of the national game, won for himself a record which will always remain in history of sportdom, now confines his energies to that of being a practical farmer in every sense of the word. And in this regard he is as successful as he was while receiving the acclaim of the sport lovers of the United States.

The Kitson farm is located in Monterey township, three and one-half miles North of Allegan. It is here that the one time famous pitcher tends his stock and tills the soil. In speaking of his record, Mr. Kitson modestly said:

"I broke into professional baseball in 1897, signing with Baltimore. I remained here until the consolidation in 1909 with Brooklyn when I became a member of the latter organization. I stayed in the Brooklyn league until 1902 and at one time we won the world's championship. In 1903 I left the Nationals and went to Detroit where I became a member of the American league players. In 1905 I was traded to Washington where I remained for a year and a half. Then I joined the New York Americans.

"During this time I relied almost solely upon my speed ball to accomplish results. Although the methods varied considerably, depending upon the team which we were fighting and the batter who was up I in many cases pitched whole games with no other ball than a high fast one. "I remember the first money that I ever earned while working at a base ball game. In the old days when I was just growing up here in Allegan county the other boys hated to play with me because I threw the ball so fast that they could not hit it. But like all other kids, I took a fancy to base ball and played it for the love of the game. One time I was threshing at one of the neighbors when a catcher came to me and said that we could earn a dollar and a half apiece by playing a game in Berrien county at Bowman's Mill. I jumped right down from the machine and started out. That dollar and a half looked bigger to me than any money which I have ever earned in all my life.

"It was about this time that I learned to throw a curve ball, much to the disgust of the boys with whom I played. They said that I was very 'crooked' and could not play fair. I remember that I was not looked upon with favor as a base ball pitcher for some time owing to this fact.

"Soon after this I began to play here and there, whenever I could find a chance to work. I played in many cities in Michigan with semi-professional teams and have pitched several games in Kalamazoo.

"I went into the big league when I was 25 years old. The young men who broke into the game at that time had very little chance to oppose the older players. In those days we had to wait our turn to show what we could do, often merely throwing balls in practice for a whole season. Now a manager takes a new recruit and tells one of the older players to try him out. Baseball has changed wonderfully since I broke into it.

"Baseball is one of the cleanest sports in the world today and it is just about the only contest which can not be 'fixed'. The game is just in its infancy at the present time and the fans are educating themselves to the sport while the players themselves are rapidly becoming more systematic.

"The 'spit ball' is the death knell of baseball. I am afraid and it should be tabooed from every big game. It is merely a mechanical ball and shows no science whatever. It can not possibly be hit and there are many pitchers in this country who could not stay in the box for as long a time

as it took them to walk in if it were not for their spit ball. It is degrading and should not be allowed.

"I once told a friend that I would not trade my farm for the whole city of Detroit if I had to live in the city of which I know but the life of a farmer appeals to me. Here I am absolutely independent and live a free and happy life. I like the fresh air and the constant touch of nature. I love to study the growing things and to have the reputation of being a wide awake practical farmer.

"No I have no specialties in farming. I am just a general farmer although I always try to keep my stock to as high grade as possible and am about ready to buy a herd of Jersey Cows. "Well I would like to go back to base ball," continued Kitson, and as he spoke a note of sadness crept into his voice. "But it is entirely out of the question. I wore my arm out long ago. I should have been playing professional ball while I was dubbing around on scrub teams, but I did not know that I could amount to anything in that line then. It is just the same old story, shown up in every vocation. A man must break away from the home town in order to really make good.

"While I was in the big league, I saved about half of my earnings. If I had not I would be working for some one else at the present time. Out of my earnings I bought this farm and stocked it, besides buying my farm tools. The greatest trouble with a good many of the players is that they save their money during the summer months and then spend it at some winter resort when they should be resting up for the next season.

"I think that I shall live right here for the rest of my life. This country life is the only one which appeals to me.

THE POOR ROAD TAX

Michigan Tradesman:—

The boomers of the lake shore drive from Chicago to Mackinaw and the boosters for the inland route to Mackinaw by way of Grand Rapids have joined hands in planning an excursion over the routes, going one way and returning by the other for the purpose of awakening interest in the undertaking. The excursion will be by automobile and it is believed twenty-five or more cars can be enlisted and that more will join the run from time to time along the way. The start, according to present plans, will be from Grand Rapids at 8 o'clock Monday morning, July 7, and the first day will end at Ludington, with Holland, Grand Haven, Muskegon, Whitehall and Pentwater visited. The high spots the second day will be Manistee, Frankfort and Traverse City. On Wednesday Elk Rapids, Charlevoix, Petoskey and Mackinaw will be visited and the party will return to Petoskey for the night. The return to Grand Rapids will be by the inland route, leaving Petoskey Thursday morning and reaching Cadillac in the evening, with stops at Central Lake, Bellaire, Traverse City and Manton. The itinerary for Friday will be Tustin, Reed City, Big Rapids, Howard City, Cedar Springs and Rockford, reaching home in time for dinner Friday night. Each day's run, according to present plans, will close with dinner at the leading hotel and an evening meeting, with speeches and other features. The trip, it is believed, will be productive of positive results in behalf of good roads

and automobile routes. That the promoters of the rival routes to the north are working together in getting up the excursion is an encouraging sign of a willingness to co-operate. This joint effort is certain to awake more interest and enthusiasm than either organization could hope to develop through any activity of its own. It is likely that some of the Grand Rapids wholesalers and jobbers may take part in the excursion as a part of the trade extension movement.

The automobile excursion suggests the subject of good roads, and right here it may be said that Grand Rapids has been having its practical experience with the roads that are not good this spring and ought to have a better conception of what poor roads really cost. For a month past the roads leading into Grand Rapids have been practically impassable, except on such routes as have been improved under the good roads system. As a result, receipts of farm products other than by rail shipments, have been below the consumptive demand and prices have been higher. Potatoes have been 5 and 10 cents per bushel higher than they would have been had receipts been easy and eggs have been 2 and 3 cents above the normal. Potatoes and eggs were plenty enough in the country, but with poor roads there was no way to make deliveries, and the consumers had this to pay for. This city probably is not the only one in Michigan to have suffered from poor roads this spring. Many other towns, no doubt, have had a similar experience, which will not be entirely in vain if it will bring conviction that poor roads represents an infinitely heavier tax, both on production and consumption, than would be the cost of macadam roads or even of concrete. When money is paid in taxes for good roads, the people have something to show for it, but the poor road tax is dead loss.

MEDICINAL VEGETABLES

Celery acts upon the nervous system and helps rheumatism and neuralgia. Tomatoes stimulate the liver, and spinach and common dandelion have a direct effect upon diseases of the kidneys. Onion, garlic and olives are good for the digestion. Raw onions are looked upon by many as a sure means for preventing sleeplessness, and the French prepare an onion soup which they claim is an excellent tonic in case of indigestion.

HUMANS WHO EAT INSECTS

Yellow ants are eaten with much relish in Brazil. Locusts form a part of the daily diet in Crimea, Greece, India, Arabia, Persia and Africa. The Chinese eat the honey bees as well as the honey and wax which the creatures yield. White ants are considered a great delicacy in certain parts of Africa. The Hottentots are fond of ants either raw or cooked. The Chinese are fond of certain species of worms. Spiders roasted are eaten in New Caledonia. The Chinese are known to eat the chrysalis of the silkworm after they have wound the silk from the cocoons.

LONGFELLOW AND HARRIET B. STOWE DISCUSSED BY THE WOMAN'S LITERARY CLUB.

Two American writers, Henry Wadsworth Longfellow and Harriet Beecher Stowe, were the subjects of study at the Woman's Literary club meeting Tuesday.

As many of Longfellow's poems are on American subjects they are an incentive to patriotism and pro-

note a taste for home literature. His works influenced the direction of America's nineteenth century literature. In all his early verses there is a deep melancholy only to be exceeded by the gloom which later came into his life by the tragic death of Mrs. Longfellow in 1861.

The program was opened with quotations from Longfellow in response to roll call.

Miss Taylor sang "The Bridge."

Longfellow wrote prose with as much success as poetry, although he is better known and appreciated by the latter. As an example of his prose writings a selection from "Nutter-mer" was read by Mrs. Van Verst.

Prof. J. B. Nykerk favored the club with the beautiful solo "The Day is Done" and responded to an encore.

Miss Thurber recited "The Legend Beautiful," and Mrs. Mills read "The Hanging of the Crane."

Mrs. Hubbard gave a biography of Harriet Beecher Stowe, the author of "Uncle Tom's Cabin," the book which did so much toward creating a feeling against slavery. Judging from its immense sale this was the most popular American novel ever written, although the author's subsequent writings are far superior as to literary merits.

Mrs. Mersen closed the program with a reading from "The Minister's Wooing," the most artistic work of Harriet Beecher Stowe.

A special invitation was extended to the W. L. C. to attend the oratorical contest this afternoon at Winants chapel.

WHEN HOLLAND CITIZENS SHOW A WAY.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Holland citizen says:

William Van Dorn, 95 West Tenth street, Holland, Mich., says: "I suffered from kidney trouble and backache for over ten years. The kidney secretions were irregular and painful in passing and also contained sediment. My back was so weak and lame that I could hardly stoop or lift and if I caught cold it always settled in my kidneys, causing me to suffer more acutely. I doctored a great deal, but never succeeded in finding relief until I procured a box of Doan's Kidney Pills at Doesburg's Drug store. I was benefited in a short time and before long I was cured. I still take this remedy occasionally when feeling tired or run down and relief always follows."

WAVING HIS EARS

Sisson of Mississippi, who stormed about the floor of the house of representatives the other day demanding war with Japan, is the same gentle man who as the Sun points out, was on his feet four hundred and seventy four time within three days only two months ago to denounce the twobat tleship program and every other appropriation asked for naval de fence. "The grand republic," he said, "ought to stand for peace and not for war."

WHY SACRIFICE THIS IN DUSTRY?

Sugar has been selling this week at retail in Holland at 5 cents a pound. Any householder who has bought the article in even such small lots as five pound purchases knows this fact. Thirty years ago the wholesale price was 10 cents. In 1890 the average wholesale quotation for the year in the New York market was 6.27 cents. In 1900 this same quotation was 5.32 cents. Today sugar retails in Holland at 5 cents.

The memory of any middleaged person will confirm these figures. It is common knowledge that sugar is one of the very few articles in general household use that is cheaper now than it was in former times. Most things have advanced sharply, but sugar has gone down.

What excuse is there for the attack on this particular article? Under what possible pretence is an industry to be destroyed that has demonstrated its undisputed value to the people of the United States? Why should our domestic beet factories and fields be sacrificed when they have performed this meritorious service? Is there no other industry that might have been attacked which is less desiring, which has failed to lower the cost of living?

SQUIBBBS

What the mayor's wants are relative to the liquor question is still a conundrum.

Legislators who advocated the initiative, referendum and recall are pointing with pride to the result at the last election of the submission of the question of woman's suffrage and the firemen's pension, as definite confirmation of their theory that the people will accept the responsibility conferred by these changes in governmental methods, and act with judgment on questions. They say the big majority cast against suffrage and the pension scheme while the initiative, referendum and recall were adopted proves beyond any question that the vote was positive expression of the views of people who understood what the issue was, and had definite ideas on the subjects.

LOOKING FOR LOST BROTHER

Believing that a patient in the hospital at Rochester, Minn., might be his long lost brother, Thomas P. Eastman a Holland barber has written C. J. Swendsen, a member of the Minnesota state prison board for information concerning the patient's identity, hoping that it might lead to a clew which would gratify the final wish of a dying mother.

Charles Eastman, the missing man left Holland about eleven years ago to join the United States navy. He was placed in the battleship Buffalo at the end of his four years' service in the navy. Charles wrote his mother that he would not reenlist and that he intended to follow his profession as barber. Since then nothing has been heard from him.

Thomas Eastman recently saw an ad in a newspaper that efforts were being made to establish the identity of the man in the Rochester hospital who was stricken with paralysis in 1907. He thought it might be his brother, Charles, and directed a letter to the Minnesota authorities.

At her home 179 Columbia avenue Mrs. Mary Eastman is at death's door from heart trouble and she is hoping against hope that some word may be received from her missing boy. Charles is 35 years of age and a single man. The patient at the hospital is unable to write or give his name and the only clew which might solve the mystery would be through a description sent by the hospital authorities.

MEN DEMAND A TRIAL FOR THE CHARGE OF DISORDERLY.

John Vander Meulen, better known about town as "Goodeye" and Louis Serier, better known as "Tat" were arrested on a charge of disorderly conduct. Two girls, whose names are withheld because Justice Sooy has put them on good behavior and they have promised to turn a new leaf, were arrested on the same charge. The girls told their story to Justice Sooy implicating Vander Meulen and Serier. Liquor, vile and indecent language, disorderly conduct—all these figure in the charge against the two men.

The girls were arraigned before Justice Sooy and they pleaded guilty. Sentence on them was suspended. One of them left the city and promised to stay away a year; the other promised to "be good."

The men pleaded not guilty and demanded a trial. This was set for May 8 at 9 o'clock in the forenoon at noon at the city hall.

John Vander Muelen and Louis Serier who were arrested a short time ago on a disorderly charge and pleaded not guilty to the charge before Justice Sooy changed their plea to guilty and were sentenced to pay the costs which they did.

AWAY

Weak Eyes Prevent Him From Reading; Thinks Others Might Enjoy His Books

Some one who can no longer make use of the books in his personal library because of eye trouble has decided to give his books to people who may be unable to pay for good literature. A number of the volumes have been donated to the city library, but there are a number of others which were already in that library. Hence the owner offers them to those who who may be lovers of books but who are unable because of limited means to buy them. The owner of the books wished to remain incognito and any to whom this generous offer appeals can call at the Sentinel office, where they will be put in touch with the owner of the books. Following is the list of books to be given away:

Conquest of Peru (two vols.) Prescott; Select Poems of Robert Browning; Manual of the Reformed Church of America—Bunk; Hiawatha—Longfellow; Addresses—Henry Drummond; Old Testament Biographies—Wilber Webster White; The Holy Grail—Tennyson; Charles Dickens—G. K. Chesterton; Sesene and Lilies—Ruskin; Old Testament History—McLear; New Testament Greek—Hudrilston; Songs of Home—James Whitcomb Riley; Ivanhoe—Scott; Sacred History—Kurtz. With Christ—Murray Abide in Christ—Murray; Doctrinal Standard—Anonymous; Wherein We Have Robbed God?—Morgan; Bag of Stories—Anna B. Warner; Specimens of Argumentation—Baker; Short Stories in French—Victor Hugo; Not in the Curriculum—Henry Van Dyke; Introduction to Browning—Alexander

SOMEONE IS MAD—HE FORGOT
THAT HOLLAND IS
"DRY"

Everybody knows that for the present Holland is a dry city but many do not realize how dry it is. Saturday afternoon a person walked into one of the drug stores and asked for a half pint of alcohol. The person did not look like an alcohol drinker and there was nothing amiss in the request, but all the same that certain person was informed by the clerk that it was out of the question to sell any liquor. Of course the would-be-purchaser resented this very much and left the store muttering against the conditions existing that prohibited a person taking an alcohol rub.

CORPUS.

Louis Hayden of this city who has been imprisoned in the county jail in Grand Haven since April 4, on the charge of adultery, was released by Judge Cross on the writ of habeas corpus. The petition for the writ was made to the court by Corie C. Coburn, who claimed that the evidence was not sufficient to warrant his commitment to jail by the orders of Fred T. Miles, justice of peace of this city.

Mr. Coburn presented the case to the court Friday and Judge Cross immediately took the matter under consideration. After considering the arguments presented in connection with the petition he decided that Mr. Coburn's position was well taken and ordered the issuing of the writ. Hayden was released from custody and is now a free man.

TWO YOUNGSTERS ENGAGED IN
BOUT ON THE BACK
STREETS

When a little girl ran up to Officer Meeuwse Monday began pulling on his arm and told him to hurry up there was a big fight going on in the next street, the officer must have thought that he would have a big job on his hands. He ran after the girl, followed by a large crowd of children and a few curious older people. The girl led them to one of the back streets where sure enough a big fight was going on but the participants of the struggle were two small urchins swinging away at each other like a pair of trained prize fighters, but hitting the air most of the time not being able to see very plainly with their eyes shut and their heads held down. Officer Meeuwse informed them that prize fighting was not allowed in Michigan. He sent the children home and walked back to his post very much relieved.

A load of about 140,000 strawberry plants, destined to various part of the country, were delivered to the American express office at Allegan Monday from the farm of J. G. Prestage, who during the past few years has developed in Cheshire an extensive trade in that business. Mr. Prestage has worked hard to develop good stock and how well he has succeeded is probably shown by the large patronage he has received. He has more than he can do and does not try to do the work alone either.

MEETING HELD TO NIGHT TO
ORGANIZE WEEK LATER

This evening, May 8th, a public meeting will be held for the purpose of discussing plans for the organization of a new English speaking Christian Reformed church in the western part of the city. All those who intend to join this new church or who are interested in its organization are expected to be present at this meeting. A week later it is expected that another meeting will be held at which the actual organization of the new church will take place.

The preliminary work for organizing the new church has been practically completed. Much money has been pledged by the other Christian Reformed churches in the city, and the prospects for a favorable beginning are bright. The meetings for the present will be held in the old building of the Fourth Reformed church. Sunday the Rev. E. J. Tuuk, pastor of the Ninth Street Christian Reformed church conducted the services both morning and evening.

TALKS ABOUT CONDENSED MILK
FOR BABIES

From the office of the state dairy and food commissioner last week came an interesting bulletin on condensed milk. It calls that article of food one of the greatest triumphs of the age, but says that some manufacturers claim too much for it. Ordinary milk from the average cow contains twelve per cent, solids of which three and a half per cent is butterfat. Directions for infant feeding on a can of Eagle brand of condensed milk were not correct according to analysis of the state chemist. Fed to babies according to directions on that can, the milk would have been about half strength. Commissioner Helme warns the people of the state not to depend on these directions.

CLEVELAND MAN WHO BROKE
LEG IN RUNAWAY WILL WED
HUDSONVILLE GIRL

Hudsonville, May 6—Miss Mary Thompson will be married tonight to George Fowler of Cleveland, O. The marriage is the result of a little romance that had its beginning last summer in Cleveland.

Miss Thompson was driving on Prospect avenue in Cleveland, when the horses became frightened by a passing circus parade and ran away. At the risk of his life George Fowler dove at the terror-stricken horses' bits and stopped them. His leg was broken and his body much bruised and he was taken to a hospital.

Miss Thompson visited him at the hospital, where an intimacy was established that culminated in tonight's wedding. They will make their home in Cleveland, where Mr. Fowler is connected with the Standard Oil Co.

MEN'S FEDERATION CHORUS TO
GIVE ENTERTAINMENT
TO MORROW

Since the Choral Union and Wagner Male Chorus are not giving any concert this spring the Men's Federation Chorus will give the only local talent chorus concert of the season. This concert is to be given tomorrow evening May 9, at the M. E. church. The program has been arranged to please everybody. There will be choruses, quartets, both in the English and in the Holland language, duets, solos, humorous readings and instrumental music.

PAUL VAN KATWIJK WILL AP-
PEAR IN HOLLAND ON MAY 21

Born in Rotterdam, the Netherlands, He Has Made a Name for Himself

On May 21, the people of Holland will have the opportunity of hearing one of the best known pianists in the world, when Mr. Paul Van Katwijk the famous Dutch pianist, will appear in Carnegie hall and give a piano recital.

Mr. Van Katwijk, was born 27 years ago in Rotterdam, Holland, studied and graduated at the Royal Conservatory of Music at The Hague Holland. Afterwards he placed himself under the tuition of Professor Leopold Godnowsky and studied for three years with him, two in Berlin, and one in Vienna, where he was a pupil in the Meisterschule, having won an open free scholarship there.

At the conclusion of his study Mr. Van Katwijk accepted the position of head of the piano department in conservative in Neustadt an der Haardt in Germany, a position which he relinquished the following year to accept a similar position in the National Conservatory at Helsinki, Finland, a position formerly held by Busoni. During his residence in Finland, Mr. Van Katwijk was heard frequently in concert and received the warmest testimonials from Sibelius and Melartini. For two years Mr. Van Katwijk was solo pianist and accompanist on tour with the great violinist Cesar Thompson.

He is making a tour of the colleges of the United States and Prof. Nykerk was fortunate in being able to secure him for Hope College. He will come here while on his way from Christian College, Columbus, O. to Alma College at Alma, Michigan.

MRS. ROBERT DRINKWATER IS
DEAD AT THE AGE OF
NEARLY 85

At the home of her daughter, Mrs. William G. Harvey, 206 Fifth street, Muskegon, Mrs. Margaret Drinkwater of this city, died Friday at about 5 o'clock. Mrs. Drinkwater, whose maiden name was Margaret Hewitt, was born in Prescott, Eng., May 29, 1828. She was nearly 85 years old at the time of her death. She became the wife of Robert Drinkwater on October 31, 1852, in the Cathedral Parish church in Manchester, England. In 1873 Mr. and Mrs. Drinkwater came to America and they lived in Boston for two years. Later they moved to Chicago which city they made their home till 1876 when they moved to Ventura, near Holland. In 1904 Mrs. Drinkwater moved to Grand Haven and for past eight years she has made her home with her daughter, Mrs. Wm. G. Harvey in Muskegon.

Her husband died August 21, 1910. Mrs. Drinkwater is survived by two sons, Ald. J. A. Drinkwater of this city and Walter of Ventura, and one daughter, Mrs. Wm. G. Harvey of Muskegon.

The funeral was held Sunday afternoon at 1:30 from the home of Mrs. Harvey in Muskegon. The Rev. E. D. Smith, pastor of the M. E. church of Muskegon, officiating. The remains were taken to Grand Rapids and interment took place in the Lake Forest cemetery.

Board of Trade Is Interested in Good Highways; Committee to Do This Kind of Work

Because of the present interest in road building in Ottawa county the Holland Board of Trade has created a new committee to be known as the Good Roads committee. This action was taken Thursday night when the members of the board of trade discussed the good roads situation in this county. Friday morning Pres. Austin Harrington named G. J. Diekema, W. H. Beach and Con De Pree as members of this new committee.

The Board of Trade Thursday endorsed the state trunk line that is to run through the western part of the county. This trunk line will eventually mean much to Ottawa. It will not only connect Holland with Grand Haven and the resort sections along Lake Michigan to the northern part of the county, but it will become part of the road that will eventually doubtless be built from Chicago to the Straits. The county will receive the state reward provided for in Senate Bill No. 168, and the road is to be made 12 feet wide. Even though the boulevard along the lake the length of the state should not materialize for a long time to come, this trunk line will connect Holland with Allegan county on the south and with Muskegon county on the north.

It was during the discussion as to whether or not the Board of Trade should endorse this western route for the trunk line that G. J. Diekema suggested that it would be well for Holland and for the Board of Trade if a good roads committee were created. This suggestion was immediately acted upon, and Friday morning the committee was appointed. This committee will take care of all questions of roads leading to Holland, and it will work with the county road commission to secure good highways in this part of the county.

President Austin Harrington gave a brief review of the road building situation in Ottawa county. He told of the work of the county commission and of the plans that they had made.

BOARD OF TRADE ENDORSES IT
THROUGH THE CHAUTAU-
QUA MOVEMENT

By endorsing the chautauqua that is to be held in Holland this coming summer the Board of Trade Thursday incidentally endorsed the Y. M. C. A. project. The proceeds from the chautauqua entertainments are to be donated to the Y. M. C. A. fund and hence, by giving the movement this moral support, the members of the Board of Trade gave the same support to the Y. M. C. A.

ceeds for this purpose that the Board of Trade took this action. President John Vandersluis of the Holland Business Men's association gave a talk on the plans for the chautauqua. He explained that the Lincoln Lyceum association is to put on the entertainments here. The series of lectures, musical entertainments, readings, etc. will begin on a Monday and they will continue throughout the week. There will be two entertainments per day, and some of the best talent in America and Europe has been secured.

Mr. Vandersluis explained that he expected that it would be possible to contribute some \$500 to the Y. M. C. A. project.

On motion of Henry Geerlings it was unanimously decided by the Board of Trade to give the project its hearty support.

NEW SEMINARY LIBRARY TO BE DEDICATED ON MAY FOURTEEN

The dedication of the new \$15,000 Beardslee Memorial library will be one of the principal events scheduled for commencement week at the Western Theological seminary. The ceremonies will take place at 4 o'clock on Wednesday afternoon, May 14.

Dr. John W. Beardslee, who donated the funds for the building, will formally present the library to the general synod and Dr. W. P. Bruce, president of the synod, will make the speech of acceptance.

The library is of Roman, Mutalar Doric design, is built of Bedford stone and red pressed brick, and is about 50 feet square. The building will be thrown open to the public for inspection on the afternoon set for the dedication.

SOME MILK PRODUCERS SLOW ABOUT SECOND ANNUAL TUBERCULIN TEST.

If Not Done Soon Their Milk Will Be Refused In This City By the Health Department.

The time has come again when the farmers who supply the milk to the Holland milkmen will have to have their cattle tested by the tuberculin test. According to the milk ordinance in force in Holland this test has to be made once a year. The test was made last year, but this spring, the health officers says, some of the farmers are rather slow about again testing their cattle, and some are said to be hanging back.

There is one remedy that the Holland Health department has in such cases and this remedy will be applied if the tests are not made within a reasonable time. This is to forbid the milkmen to sell milk in Holland that is obtained from untested cows. By this means the health department can prevent impure milk from coming to the city, and the farmers can take their choice about testing or having their product rejected.

The milk ordinance is gradually being taken as a matter of course, and its provisions are quite well lived up to by the farmers and the milkmen. It is admittedly the best milk ordinance in the state and consequently the people of Holland are fairly certain that the milk they use is pure. However, the department of health is constantly on the look out to see that no provisions are allowed to go into the discard, and this testing of cows for tuberculosis is one of the most important sections of the ordinance. Hence, it will be strictly enforced as far as it is within the power of the department of health to do so.

PHYSICIANS SAY THEY ARE HANDICAPPED BY PRESENT ORDER OF THINGS.

The liquor question in Holland has assumed many different aspects lately, each person seemingly having a different opinion on the subject; but the doctors of this city have brought up a new issue in regard to the conditions now existing. In an interview Dr. W. G. Winters Monday claimed that the doctors are not able to obtain any liquor for medicinal purposes and that in some cases it is very necessary. As in cases of typhoid fever, it is necessary to bathe the patient in alcohol and in cases of pneumonia and bronchitis, alcohol is also used. He stated that he had a case of bronchitis and wished to get alcohol but was not able to buy any. The patient died before he could get the alcohol from some other source, and although he said alcohol probably would not have saved the person's life, it would have relieved the pain. Dr. Leenhouts and others doctors have expressed the same view on this subject and say that some provision should be made so that the doctors could get alcohol when they needed it, while the question is being definitely settled by the council.

GEORGE M. POND HAD LIVED IN HOLLAND TWENTY-FIVE YEARS.

Sunday afternoon in the hospital of the Soldiers' Home in Grand Rapids, George M. Pond of this city, died after a lingering illness. Mr. Pond had been a resident of Holland for 25 years. The past two years he spent at the Soldiers' Home in Grand Rapids. He served in the Civil War, having been a member of the 11th Michigan Infantry, Company I.

The funeral was held Wednesday afternoon at 2 o'clock from the M. E. church of this city, of which church Mr. Pond was a member. Rev. Whitman officiated.

HANDS IN RESIGNATION TUESDAY TO TAKE EFFECT AT CLOSE OF YEAR.

Accepts Fine Position As Head of Romance Department of University of North Dakota.

Dr. H. R. Brush, for the last eight years professor of German and Romance Languages at Hope College, Tuesday in handed his resignation to take effect at the end of the present school year. Dr. Brush has accepted a position as head of the Romance department of the University of North Dakota at Grand Forks, N. D. The new position is much more important, both from the point of view of scholarship and financially, than the position Dr. Brush has held here for the past eight years. The salary is very much larger and every fourth year Dr. Brush will have the privilege of a year's leave of absence for further study.

Dr. Brush has been at Hope College the past eight years. Two years ago he attended the University of Chicago for a year and was given the degree of Doctor of Philosophy. While at the University of Chicago he made a splendid record. Since then he has had opportunity frequently to take a more desirable position financially.

Dr. Brush was educated at Western Reserve and after doing work in the public schools he came to Holland to accept the position of professor of German and Romance Languages here. During his stay at Hope College he has succeeded in building up his department so that it is one of the strongest in the institution today.

Another former member of the Hope College faculty at the University of North Dakota is Professor Ladd who held the chair of psychology and pedagogy at Hope until 1900 when he left this city. Dr. Brush will remain in Holland until some time during the summer when he will go to Grand Forks in time for the opening of the fall term of the University.

THAT IS THE RECORD OF POUNDMASTER VER WY DURING PAST YEAR

No wonder the dogs of the city have it in for Poundmaster Peter Ver Wy. His report handed in to City Clerk Overweg Monday shows that during the year from May to May he has caught and killed a hundred and forty dogs. He boarded all the dogs for three days and then killed and buried them. In addition to this he buried 24 dogs that died within the city limits.

WM. J. MOERDYKE OF SENIOR CLASS ACCEPTS POSITION.

Wm. J. Moerdyke of the Senior class has accepted a position as instructor of the Hope college faculty. Mr. Moerdyke will doubtless take up the branches formerly taught by Prof. Wichers, although that matter has not been finally settled as yet. Mr. Moerdyke is the son of the Rev. William Moerdyke of Grandville. He received his early education at Hope College, graduating from the Preparatory school in 1909 and will be graduated from the College Department this year with an A. B. Degree. Last fall Moerdyke was one of the two Hope men who were successfully passed the Rhodes Scholarship examinations and is now in line for appointment to Oxford.

FIVE CO-EDS WILL DELIVER ORATIONS ON THAT OCCASION.

This afternoon at Winants Chapel exercises will be held commemorating the birthday of Elizabeth V. Voorhees, donor of Voorhees hall to Hope College. At this time five young ladies will deliver orations, one of whom the Faculty will choose to represent Hope in the ladies intercollegiate contest next March. The young ladies and their subjects are as follows. Ruth Vandenberg of the Junior Class "The Common Hero", Martha Bolks and Anna Osseward of the Sophomore Class will speak on "Gold" and "A Modern Crusade", respectively. Anna Kolyn, of the Freshman Class will speak on "The Simple Womanhood" and Frances Bosch of the same class has chosen as her topic "The Guiding Power of Nations". There will also be a piano solo by Evelyn De Pree and two selections by a girls chorus.

Hope Senior Class to Present Arnold Bennett's "The Milestone"

The Senior class of Hope College is to give a dramatic presentation of "The Milestones," a three-act play by Arnold Bennett, Monday, June 2nd. The members of the class are already hard at work on this play. Last year "The Melting Pot" was successfully given. Arnold Bennett is the leading novelist and playwright in England today and this three act drama is written in his most happy vein.

IS PRESENTED WITH \$150 WASHINGTON BUST FRIDAY NIGHT

John Flight Wins Second Place and Gerrit De Motts Comes in Third.

Clarence Dame was the winner of the third triennial Washington Bust contest at Hope College Friday night. His oration was "The Call of the New City." Second place was awarded to John W. Flight on the oration entitled "Our Nation's Opportunity."

After prayer by Dr. Kollen the audience listened to two excellent solos sung by Mr. Geo. Steininger, "The Land 'o the Leal" and "In the Time of Roses." Prof. Nykerk, chairman of the evening, then told a little about the history of the contest and the prize. The bronze bust of Washington after Houdon is presented by Dr. J. Ackerman Coles of New York. Dr. Coles, although himself a Baptist is very much interested in Hope college and has enriched the College with many splendid gifts and prizes. He has also given such a bust to Oxford University in loving memory of his father, who graduated from that institution. Oxford and Hope are the only two schools which Dr. Coles has so chosen to distinguish by his generosity.

The contest was the third one to be held. The first was held in 1907 and was won by Mr. Peter Pleune, the second contest held in 1910 was won by Mr. Jacob Heemstra.

G. De Motts of the Senior class was the first speaker. His oration was entitled "The Alchemy of Industrialism." He portrayed the position of capital and labor today and the strife existing between them. He then went on and showed how a Christian motive, a humane spirit, had been the leavening influence of all the ages and was still to be the "alchemy of industrialism."

John Flight, the second speaker, in a powerful oration, portrayed "our nation's opportunity" in ushering in a world-wide reign of peace. In a few masterful strokes he drew a picture of the horrors of war and the toll it had taken from every nation. He then went on to show how all things pointed to America as the nation destined to bring about the peace of the nations and that history would look back and see that where Greece gave the world art, where Rome gave it law and Palestine faith, the great Republic had given it peace.

Clarence Dame was the next speaker. He said the city was the epitome of history and he went on to prove his statement by examples from the great cities of antiquity. The modern city, said he, contained both good and evil. In the city virtue shown the purest and vice the blackest. The glory of the city is in its manhood and womanhood. He then told of some of the tasks to be performed by a good city government and the duty of the American citizen. In conclusion he said that the tendency of the city was upward and then sketched the new city which was to come.

"The Panama Canal Issue" was presented by Bruno Miller. Mr. Miller gave the history of the Canal and the treaties concerning it and then told of the present discussion in regard to tolls and fees. Finally he appealed to the good judgment of the American citizens to settle the matter in the best interests of our nation.

While waiting for the judges' decision, short speeches were given by Mr. Heemstra, winner of the bust three years ago, and by the Judges, Prof. Eaton of Grand Rapids, Supt. Vandenberg of Grand Haven and Rev. B. Hoffman of Zeeland. The other judges were Rev. Groen and Miss Anderson of Grand Rapids.

MEMBERSHIP CONTEST OF TRINITY RELIEF SOCIETY ENDS IN FEAST FRIDAY

It was a great love feast and jollification meet Friday night in the parlors of Trinity church when the Blue Army, victors in the recent membership contest for the purpose of getting more members in the Relief society of Trinity church, were feasted and fed by their late foe, the defeated Red Army. That the beaten army's supply stores had not suffered very much in the campaign was amply proven by the elaborate spread that was brought out at the conclusion of the program. The program was furnished by the victors and it will long be remembered by those present as the best ever. Dr. Poppen was on hand with a goodly supply of dyspepsia tablets and a stomach pump but luckily his services were not needed. As director of the Trinity Orchestra he covered himself with glory and the several selections that they rendered under his able direction helped to make a very pleasant evening. Mr. Peter Koopman acted as toastmaster and he acted as though it was an every day occurrence with him. All the members were present with the exception of the President, N. Essenberg, who was detained by illness.

COOK CHAIRMAN OF ROAD COMMISSION

The new board of County road commissioners met at the court house Thursday morning and the first thing on the program was the organization for the year. Rokus Cook of Holland township, who was a member of the board last year was chosen chairman of the new commission and Jacob Glerum, by virtue of his office as county clerk, will serve as secretary. The new commission is composed of Rokus H. Cook of Holland township, chairman; Richard Dykema of Grand Haven, and Austin Harrington of Holland, with Jacob Glerum as secretary.

No preliminaries were wasted by the commissioners upon their arrival Thursday morning, and they at once plunged into the business confronting them. The road work is now on throughout the county and the commissioners have busy time ahead. Another bond issue for \$100,000 has been voted by the board of supervisors and a great amount of work is expected to be accomplished during the coming year on the county roads. The old board remained in session all day Thursday and after closing up considerable business adjourned without delay Thursday afternoon.

J. AND A. JELLEMA BUILDING NEW STORE

The first of July will witness the opening of the fine store to be managed by John Jellema and his son Albert, of Hull, N. D. The store is in the process of building, and from all appearances will be quite an addition to the business section of the South Side.

HOPE COLLEGE FORTUNATE

Eight fine, public spirited citizens of Holland have contributed the \$3,000 which was needed to pay Hope's share in the Twelfth Street paving. These are: A. Knoothuizen, Kerpel's Sons, C. M. McLean, Dr. J. J. Mersen, Con De Pree, Dr. B. J. DeVries, Prof. J. H. Kleinheksel, and Att. A. Visscher.

A larger number of churches than ever before has contributed to the support of Hope this year and the debt of the institution has dwindled considerably.

The number of students is the largest in the history of the school, the enrollment being 407.

Pres. A. Vennema of Hope College made the above report to the College Council in session in Graves Hall.

EXCURSION CRASHES INTO HOLLAND INTERURBAN FREIGHT

Motorman Sticks To Post
The first section of a special train on the Grand Rapids, Holland and Chicago Interurban road, which was carrying forty members of the West Michigan Press association on the first lap of its tour to Chicago, collided with the work train at Jamestown, Ottawa county, Thursday. Ten passengers received minor injuries, none was hurt fatally. The collision occurred on a curve.

The first section left here shortly after five o'clock to make the run to Jenison Park, where the editors and their wives were to be tendered a banquet. Later they were to board a Graham and Morton boat and enjoy a lake trip to Chicago. The wreck did not seriously interfere with the plans of the party as another car was soon provided and the members caught the steamer Puritan.

When the first section left here, it was preceded by a work train filled with sand and workmen. Motorman B. H. Sharpe was given no notice to watch out for the train, understanding that he would pass it at one of the sidings, when sufficient time had been gained to do so. He supposed the work train had gone into a siding near Jamestown. He was unprepared for the crash which occurred when he met it head-on, just around the curve.

No One Hurt Seriously

By a miracle no one was killed. Only minor injuries were sustained and those who were hurt declared their intention of continuing the journey. Motorman Sharpe is the same driver who had charge of the flyer on the same road which last fall telescoped a suburban train at Wyoming, causing the death of one passenger. Sharpe stuck to his post and his escape from injury was miraculous.

Following the crash, the editors first rescued the women and children many of the little ones being pinned so fast in the wreckage that they had to be chopped out. The women showed remarkable courage when told there was no danger of wreck age igniting. Many of them as soon as rescued went to the assistance of others who were buried beneath the mass of steel and timber.

Car Was Packed

When the collision occurred, Motorman Sharpe was running about twenty miles an hour. The aisles were crowded with excursionists. It is believed that the compact condition of the passengers saved many lives.

General Manager Charles F. Kennedy of the West Michigan Fair and George Welsh of the Fruit Belt company, both of Grand Rapids, were injured.

The second section of the special which was running close behind the first, was warned in time to prevent a double wreck.

Thomas Jefferson, though familiar with the big plantations of Virginia, was 17 years old before he saw a town containing as many as twenty buildings. He little thought the fourth city in the Union, situated west of the Mississippi, would contain his greatest memorial in 1913.

GOES TO REFORM SCHOOL

Howard Boylark a delinquent was brought home from Chicago to Grand Haven by C. Vander Noot, who was sent after him immediately after the receipt of the news of his detention Wednesday by Judge Kirby. The youth was taken before Judge Kirby in the juvenile court Thursday and it was decided to place him in the Industrial school at Lansing, until he reaches the age of seventeen years. He was taken to Lansing this morning in company of a guardian appointed by the court. The Chicago papers Wednesday contained little stories of the detention of the lad Wednesday. One paper stated that eight policemen started in pursuit of the lad and after a shot had been fired by Detective Mahr for the purpose of frightening the boy he halted and was taken in charge.

A SCHOOL RUSH AT ALLEGAN

Allegan Gazette—The freshmen and sophomore boys of the high school "had it out" yesterday noon. It started in a "rough house" in which sticks and clubs were to play a part. That was halted by Prof. McIntosh and another test of knightly valor and honor substituted. A line was drawn between them and twelve minutes given in which to see which side could take the most prisoners. At the end of the time the freshmen had about all of the sophomores corralled and that settled it. The whole school witnessed the battle and enjoyed it. The older boys stood by and saw that there was no "slugging."

CHARLES P. LIMBERT IS HOME Was Taken Ill on Way to Nephew's Wedding at Richmond, Va.

Charles P. Limbert, who, while on his way south to attend the wedding of his nephew, Albert Leslie Weary of Chicago, was taken ill near Staunton, en route to Richmond, Va., has returned to Grand Rapids in a much improved condition. Although Mr. Limbert is still nervous, it is expected that he will soon be himself again.

SPORTING GOSSIP

Saturday, May 10th, the Holland Independents will play their opening game with Hope College. Hope has at present one of the strongest teams it has had for years and has been practising hard for this game which will no doubt, be close. The Independents have a few new men—Shaw, Spriggs and Lievense, who will strengthen the team which has always held its own with the strongest teams in the State. Poppen or Vander Velde will be on the mound for Hope and things will be interesting as they are both good pitchers. Sheerhorn will do the slap work for the Independents. He is the pitcher, it will be remembered who held the fast Charlotte team to five hits last year. The game is called at three o'clock on College Grounds and admission is twenty-five cents.

A contest which at first sight promised to be a sort of slaughter of the innocents, turned out to be a David and Goliath affair with the C class of Hope College playing the role of the Shepherd boy and the Seminary team taking the part of the Giant. When the two teams crossed bats on the Campus Friday afternoon the C's came off victorious with a 13 to 11 tally. The Seminoles started things off with a rush, making six runs the first inning. In the second they crossed the plate once more and then the C's held them close until the eighth when they scored three more runs and one in the ninth. The C's did steady work throughout the entire game and piled up their scores a couple in each inning. The C's are probably the most athletic class in college and will probably form a large share of the varsity teams when they get into the college proper.

The batteries were De Vries and Prins for the C's; Stanton and Heemstra for the Seminary.

CLASS OF 1914 WIN 48 OUT OF A POSSIBLE 130 POINTS

The "A" Class Comes Next in Order With 34 Points; Cup Now Held By Juniors

The Inter-class field day meet at Hope College Saturday afternoon resulted in a victory for the Junior Class who scored 48 points out of a total of 130. The A class was next with 34 points; the Freshmen third with 27 1/2 points, followed by the Sophomores and Seniors with 11 1/2 and 9 points respectively.

The following are the events with the winners and record of each.

1 mile run—Verhoek F, Peet J, Bilkert J.—Time 5 min. 17 sec.

Pole Vault—At 8 ft. 6 in. there were three men left in the contest who divided points between them to save time. The men were Holleman J, Hospers F, and Dalman, A.

Relay Race—The Relay race around the Campus with a four man team was won by the A class with the Juniors second and Seniors third.

The cup for the coming year will be held by the Junior class. Last year the class of 1915 held possession of it while the two years before the class of 1913 were successful.

HALE TO HAVE FAST TEAM

FOR GRAND HAVEN

Hale, manager of the Grand Haven Athletics, has arrived in the city. He has been hearing from a number of men who will help make up the team this season, among which are Babe Woldring, the Holland twirler Jimmy Hine, third base and Clyde McNutt, the outfielder. Negotiations have been closed by Business Manager Warren Stansbury whereby the famous Chicago Grays will come to Grand Haven for three games May 30, 31 and June 1.

Real activities have started on the ball grounds. Carpenters started on the rebuilding of the grandstand Thursday. A scow load of clay and loam has been secured from the beds up the river which will be placed on the infield and rolled down hard as soon as the grading and leveling off is completed.

NOTICE OF MEETING

To Whom It May Concern:

Be it Known, That on the 25th day of April A. D. 1913, an application was filed with Henry Siersema County Drain Commissioner of the County of Ottawa, for the locating and establishing of a certain drain, which said drain was described in said application as follows, to-wit: Your petitioners respectfully show that they are freeholders of the Townships of Holland and Olive, in the county of Ottawa and State of Michigan, and that they constitute one-fourth of the freeholders whose lands are traversed by a certain Drain known and designated as the "Harlem Drain," situated in the Townships of Holland and Olive, in said County and State, liable to an assessment for benefits on account of the proposed improvement herein petitioned for.

That said Drain needs cleaning out its entire length and that it is necessary that said Drain be cleaned out for the reason of sand blowing and caving in. Your petitioners do therefore hereby make application and request that said Drain known and designated as the "Harlem Drain," may be cleaned out in the manner set forth, and in accordance with the provisions of the statute in such case made and provided, and that said drain will traverse the townships of Holland and Olive.

Be it Further Known, That on the 13 day of May A. D. 1913, a joint meeting of the township boards, of the townships of Holland and Olive will be held at Corner Bazan, at 9 o'clock in the forenoon for the purpose of determining whether or not the said proposed drain is necessary and conducive to public health, convenience and welfare; that at such meeting all persons owning lands liable to assessments for benefits, or whose lands will be crossed by said drain may appear for or against said drain proceedings.

Given under our hands this 5th day of May A. D. 1913.

Albertus Van der Haar,

Gerrit H. Brower

Township clerk of Holland Township.

Township Clerk of the Township of Olive.

SIXTY-NINE BALLOTS TO ELECT S. P. W. MEMBER AND 63 TO ELECT POLICE BOARD MEMBER.

Council Holds What Was Perhaps Longest Council Session in City's History.

It was five minutes after 12 o'clock Monday when the council finally adjourned after what was perhaps the longest council meeting in the history of the city. Sixty-nine ballots were necessary to elect a member of the Board of Public Works and sixty three to elect a member of the Board of Police and Fire Commissioners for a long term. Some of the other appointments also required a number of ballots, and altogether the meeting dragged along until past midnight.

The appointments began auspiciously. City Attorney Arthur Van Duren was reappointed on the first ballot by a unanimous vote of the council. In the matter of choosing a president of the council there was more difficulty. Ald. Van Drezer was elected on the ninth ballot, after Ald. Harrington had given him a close race, and several other aldermen had been given scattering votes.

City Engineer Naberhuls was re-elected unanimously on the first ballot.

The position of city physician developed the first real fight. Dr. J. J. Mersen and Dr. Fisher made a neck to neck race until finally on the 20th ballot Dr. Fisher was appointed. Several other physicians received scattering votes, but Dr. Mersen and Dr. Fisher were close rivals; sometimes one would receive five and the other four, and vice versa.

The position of health officer was soon disposed of. This was the position in which many people were very much interested in and Dr. B. B. Godfrey received the necessary six votes on the third ballot. He has held this position for the past six years, and before that he had been health officer at one time for four years, so that he is a veteran in the service.

Street Commissioner Nauta was re-appointed unanimously on the first ballot, and City Inspector Belhart also was reappointed on the first ballot. The same thing was true of James Westreer as director of the poor. Poundmaster Peter Ver Wey also had no difficulty about reappointment. As a member of the Board of Review to succeed H. J. Luidens, Simon Kleyn was appointed on the first ballot.

Then came the long struggle for the appointment of a member of the Board of Public Works. For a long time the fight was chiefly between R. H. Habermann and J. B. Mulder. It was again a case of four and five, sometimes one having the advantage and at other times the other. After about 25 ballots N. J. Whelan's name was proposed and he for a time received as high as four votes. It was suggested by the city attorney however, that because of being U. S. Marshal it would be hardly possible for him to serve, and Mr. Whelan's name was gradually abandoned. J. B. Mulder's name was also gradually dropped and for a time Mr. Leapple was the hero of the hour. Then the members also deserted him and turned to Frank White who had received scattering votes throughout the balloting. But his fame was also of short duration. Finally, almost toward the end of the balloting Frank Flier began to attract attention. His stock rose and rose and on the 69th ballot he received six votes. He had been in the race only a short time, but he came across with the goods in spite of that. A number of others received scattering votes throughout the balloting.

D. Van Lente was elected member of the board of Park Trustees in the place of H. Pelgrim, Sr., on the third ballot. Dr. Boot was unanimously re-elected member of the board of health on the first ballot. G. J. Diekema and C. Ver Schure were re-appointed members of the harbor board also on the first ballot. Raymond Visser was re-elected member of the library board, also on the first ballot.

Although more ballots were taken to elect a member of the Board of Public Works than on the Board of Police and Fire Commissioners, the fight for the latter seemed longer and harder than the former. It was near midnight and the aldermen and spectators were tired out. During the early part of the race it was a fight between Prof. J. E. Kulzenga and Henry Brusse. Others entered into the count, as T. Prins, Mr. Kress, Dr. U. F. De Vries, and others. Throughout the entire fight however, Henry Brusse kept well in it. He received five votes most of the time. Others came and went but the five stood by Brusse.

At the end of the thirty-seventh ballot a motion was made to quit balloting for a while and fill the vacancy caused by the resignation of W. H. Orr. This was carried and on

the fourth ballot, W. J. Garrod, who had been a strong contender in the other fight, was elected. The council did not feel disposed to go back to the other police appointment so the other appointments were made. Then after some more balloting and after the aldermen had indulged in a lunch of sandwiches and coffee furnished by City Attorney Van Duren, they began again. An attempt was made to adjourn the meeting, but this failed and finally on the 63rd ballot at five minutes after 12 Dr. U. F. De Vries was elected.

RETURNS NEW ORDINANCE TO CITY CLERK WITHOUT HIS SIGNATURE

Monday Mayor Bosch vetoed the liquor ordinance passed by the common council last Friday evening. The text of the veto reads as follows: To the Clerk of the Common Council, of the City of Holland:—

Sir:—I herewith return to you without my approval an ordinance passed by the Common Council of the City of Holland on Friday evening, May second, 1913; the same being an ordinance entitled "An Ordinance to regulate and license all places where any spirituous, malt, brewed, fermented or intoxicating liquors are sold in the city of Holland."

I disapprove of and veto the ordinance for the following reasons:

(1) The ordinance proposes to reinstate and to license in the city of Holland retail liquor saloons in utter disregard of the expressed will of a majority of the electors of the city, as recently expressed at the polls and, as I believe, in violation of a sacred trust reposed in the council by the people;

(2) It imposes restrictions upon such retail liquor business not recognized by the laws of the state and which at best only serve as a moral obligation upon the saloon keepers who take out licenses under it and the retail liquor laws of the State and I believe that the rights and wishes of the people ought not to be made to rest upon such uncertain foundations;

(3) The ordinance does not limit the number of persons who may engage in this retail business, so that it opens wide the door to any number of saloons, depending upon such action as any council may from time to time take;

(4) The state law recognizes only wholesale and retail liquor establishments. The proposed ordinance provides for retail liquor saloons, and those engaging in the business would have to take out state retail liquor licenses and would be governed in every way by the state law regulating saloons in other parts of the state. The fact that additional restrictions are imposed does not change the character of these institutions—they are saloons, pure and simple, with certain restrictions.

For these reasons, and others which I feel that it is my duty to return the ordinance without my approval.

At four different spring elections, to-wit, in the years 1908, 1910, 1911, and 1913, the council submitted to the electors of the city the question as to whether they should license retail liquor saloons, and on each occasion a majority answered "No." We are living in a country where it is the duty of every good citizen to submit to the rule of a majority. The Common Council of our city acts for the people in a representative capacity, and whenever a majority of the people have freely expressed their will through the ballot, such expression should be binding upon their representatives. Any other course would subvert good government and lead to anarchy.

The electors of the city have just as clearly expressed themselves against county local option, or the entire suppression of the liquor traffic. The people of Holland are opposed to the retail liquor saloon, and are also opposed to prohibition. Both of these facts are clearly known to the Common Council, and, in my opinion, should be heeded in framing an ordinance regulating the liquor traffic in Holland.

No reference has ever been made upon the question of licensing the brewery or the wholesale liquor houses, and upon these questions the council is at liberty to exercise its best judgment. The very fact that these institutions have not been very profitable has served to limit their number and to render police supervision easier.

I fear that in passing the ordinance in question the Council, in its desire to settle this vexed problem, has been hasty and has not sufficiently considered the subject in the light of facts and reasons herein set forth, for I cannot believe that they would willingly override the mandate of the people.

NICODEMUS BOSCH, Mayor.

COUNCIL GRANTS A RAISE IN ONLY ONE INSTANCE.

Aldermen Recognize Splendid Work of City Librarian By Giving a Raise of \$50.00.

The council Monday passed the regular annual salary ordinance, and the note sounded throughout was economy. In all cases except on the salaries that were paid the past year were again provided the coming year. The single exception was that of the city librarian. Her salary was raised \$50. The library has been growing fast the past few years, and it is a well known fact that Holland is not paying its librarian as much as the importance of the work warrants, or as much as the same kind of work is paid for in many other cities.

Another apparent exception to the statement that no salaries were raised is the case of the city treasurer. His salary will be \$750 instead of \$600. The fact is however that since the change was made in this office the treasurer has been given additional compensation for the extra work, which could not be included in the regular salary till the new salary ordinance was passed. So that in this case it is not an actual increase.

The salaries of the city officials as provided for in the ordinance passed Monday are as follows: City Clerk \$1200; City treasurer \$750; City attorney \$600; Health Officer \$450; City physician \$300; director of the poor, \$225; Librarian \$650. City Engineer, \$1500.

There was no dispute in regard to the salaries reported out by the ordinance committee. In each case the aldermen seemed glad that no increases had been made, and the various items of the ordinance were passed without debate.

Council Appropriates \$150 for Memorial Day Exercises

The common council Monday night again showed that they were liberal in the matter of providing for the proper observance of Memorial day in Holland. For a number of years past it has been the custom of the council to appropriate a hundred and fifty dollars for this purpose and the same measure was passed Monday night by a unanimous vote of the aldermen. The G. A. R. post petitioned that the council should donate for this purpose and there was no opposition to the motion that the usual amount be appropriated.

Mr. Ver Vey was reappointed as poundmaster by a unanimous vote of the aldermen Monday night. In fact if he should resign the city would be up against a hard proposition. It would be no easy matter to find a good man who could take his place and take care of the work as well as he does it. Ver Vey is daily still handling out tags and immediately Tuesday a. m., the day after his re-appointment he caught a bull dog. Mr. Ver Vey has held the position of poundmaster for many years and he will doubtless retain it for many years more.

WANTS INFORMATION ABOUT WHO MUTILATES PARK SEATS.

The Park Board is determined to make another effort to stop the stealing of flowers from Centennial Park and the mutilating of the seats there. It is extremely difficult to put a stop to this practice, but the park officials as well as the police officers are constantly on the watch for offenders. The board Tuesday also offered a reward of \$10 for information leading to the arrest of any person or persons charged with these offenses.

Last year a number of arrests were made, especially for mutilating the seats with jack knives. Many of these were compelled to pay fines ranging from \$3.50 to \$10 and this year all offenders caught will be given the limit of the law. The park board has been considerably bothered this spring on account of mutilating the seats, and they are determined to put a stop to it.

NO ERRORS IN DEPARTMENTS OF CITY CLERK, CITY TREASURER AND S. P. W.

The Michigan Audit and Appraisal Company that has been at work for some time auditing the city books submitted their report to the common council Monday. It was found that the books of the city clerk and the city treasurer were correct in every respect and that the books of the Board of Public Works were also without error.

The auditing of the city books was at one time a big matter in Holland and it was one of the issues in several political campaigns. Now that the new system of bookkeeping has been installed however this annual audit is hardly more than a matter of routine. It can be done in a comparatively short time. The council allowed \$150 Monday night as the bill for the work.

HOLDS LAST MEETING IN THE CITY HALL MONDAY NIGHT

The Charter Revision Commission Monday held its last meeting. So well had everything been prepared by City Attorney Van Duren that the meeting lasted only a very short time. The commission made only one change, namely, they decided to discard the plan of making the Board of Police and Fire Commissioners an elective office. Members of this board will continue to be appointed by the council as has been the custom in the past, ever since this department was organized. This was the only change made, all the other measures drawn up during the year and formulated into amendments to the charter by the city attorney were passed on unanimously.

If the new charter is passed by the people it will go into effect the first Monday in August. The special election will be held on July 14, as had been planned, the same date fixed on by the Board of Education for the school election.

Chairman Henry Brusse, R. H. Habermann and Arthur Van Duren compose the committee appointed Monday by the commission to take the new charter to Lansing for the governor's signature, in case the people adopt it at the special election in July.

City Business to Be Transacted Through That Bank the Coming Year

The city of Holland during the coming year will deal with the Peoples State Bank, although the city funds have been deposited in the three Holland Banks.

As a matter of convenience to the city clerk and the city treasurer arrangements have been made so that all the business is handled through the Peoples Bank. This bank in turn will settle with the other two banks. The banks will pay interest at the rate of two and a half per cent for the money.

Is Charged With Assault and Battery By Elizabeth Van Uyl.

Poundmaster Peter Ver Wey got himself into a bunch of trouble Friday evening when trying to do his duty as he claimed and Saturday afternoon he was arrested and arraigned before Justice Miles to answer a charge of assault and battery on complaint of Elizabeth Van Uyl. He pleaded not guilty to the charge and his case will be tried tomorrow afternoon before Justice Miles in the City Hall. He has retained, Diekema, Kollen & Ten Cate as attorneys.

Fuller of Holland, Mich., who has been visiting here, was one of a considerable party entertained Thursday afternoon by the Postum Cereal Company in a tour of inspection through its factories, where every process in the manufacture of Postum, Grape Nuts, Post Toasties and Post Taven Special was clearly explained.

The Art Collection of Mr. C. W. Post was an attractive feature of the visit. This collection includes many notable paintings, statues, rare relics, etc.

HOLLAND WOMEN TOOK PART IN TEMPERANCE MEETINGS AT LAKE ODESSA

Convention of the W. C. T. U. at Lake Odessa last week, have returned home and report a very successful convention. Delegates were present from Ottawa county were from Holland, Spring Lake, Grand Haven, Allendale and Coopersville. The 5th District is composed of Ottawa, Kent, Ionia and Allegan counties. There are eight unions in Ottawa county with a membership of 156.

Mrs. A. S. Benjamin of Grand Rapids who has held the office of president for the past thirty-three years presided. She was again elected president for the coming year. All the old officers were reelected, as follows: Mrs. A. S. Benjamin, Portland, president; Miss Margaret J. Bilz, Spring Lake, Cor. Sec'y.; Mrs. J. A. Lillie, Coopersville, Rec. Sec. Mrs. Louise Paine, Sparta, Treasurer. The superintendents recommended by the executive board were:

Mrs. C. S. Dutton, Mrs. R. N. De Merell, Mrs. E. J. Blekkink and Miss Zwemer, who were the delegates from Holland to the Fifth District as follows: Evangelistic—Mrs. Elta B. Shaw, Press—Mrs. A. J. Dunn; Citizenship and Legislation—Mrs. Rosa Wiggins; Parliamentary Law—Mrs. A. S. Benjamin; Franchise—Mrs. R. N. De Merell; Sunday School—Mrs. Duval; Scientific Temperance Instruction—Miss Bilz; Loyal Temperance Legion—Miss Verona Clark; Work Among Foreigners—Mrs. Vos, Holland; Health and Heredity—Miss May Spaulding; Flower Mission—Mrs. A. E. Brat; Kindergarten—Miss Clara Wheeler; Medal Contest—Mrs. Lillian Pease.

The Holland delegates took an active part in the convention. The program lasted three days and was a most able and inspiring one. There were addresses by able speakers and the music and other exercises were high class.

MR. AND MRS. ALBERT S. GAGE RETURN TO "PELHAM LODGE"

Mr. and Mrs. Albert S. Gage opened their summer home "Pelham Lodge" at West Waukegan this week. As usual Mr. and Mrs. Gage are the earliest and latest of our visitors, coming in early May and staying until November.

Mr. Gage about eight years ago decided to drop the active business of forty years in Chicago. After looking over this side of Lake Michigan from top to bottom—as he says, he picked out the north shore of Macatawa bay and purchased a tract of 25 acres where the plow had never been, nor the axe for over 50 years. Here he commenced clearing the land enough to get a spot to build a log cabin, about 40 feet square, that is now styled "The Lago," owned and occupied each summer by Mr. C. C. Horton and family, particular friends of the Gages.

Mr. Gage has built a home on his "reservation" which he styles "Pelham Lodge" named for the native town of both Mr. and Mrs. Gage.

Mr. Gage has accomplished wonders in the woods by actual hard work. He says if anyone in the future enjoys occupying it as much as he has building it, he shall be glad.

WILL DO FOR GIRLS WHAT BOY SCOUT MOVEMENT DOES FOR BOYS.

A Camp Fire organization has been formed in the High school with a membership of 99 under the direct supervision of Miss Hunt. This organization is supposed to do for the girls what Boy Scout organizations are doing for the boys. It brings them closer to nature, gives them good physical exercises and tends to develop them in many ways. The members are divided into three ranks. When a girl first joins she is a Woodgatherer. Next there is a chance for promotion to Firemaker, and finally to Torchbearer. Several groups of honors can be won by the members such as Health Craft, Nature Craft, Camp Craft, Home Craft and Business Craft. These positions and honors must be won by faithful work and watchfulness.

Each camp has an Indian name with a historical meaning with which all members must be thoroughly fa-

dian name with a meaning such as peace maker, or other such meaning which she must live up to. "Wohelo" is the magic word of the organization meaning "Work, Health and Love."

The spirit of the organization is best shown by the desire the girls express when they first become members as Woodgatherers, and again when they are promoted to Firemakers. The desire of the Woodgatherer, "It is my desire to become a Camp Fire Girl and obey the Law of the Camp which is to Seek Beauty, Give Service, Pursue Knowledge, Be Trustworthy, Hold on to Health, Glorify Work and be Happy." The Fire Maker's desire is:—

"As fuel is brought to the fire, So I propose to bring
My Strength
My Ambition
My Heart's Desire.
My Joy
My Sorrow."
To the fire
Of humankind
For I will tend as my fathers have tended.

And my fathers' fathers
Since time began
The fire that is called
The love of man for man
The love of man for God.

Sixty-four of the High school organization enjoyed their first actual experience Saturday afternoon when they took a long hike on the North Side. They were divided into four camps and started out with a paper chase, two camps leading and two following. When the 2 camps giving chase met the other camps rather late in the afternoon a fire was built and all enjoyed a lunch composed of sandwiches and roasted wienies.

The people of Holland can form some estimate of the work of the Charter Revision Commission when it is stated that the new amendments and provisions passed upon by that body with a view of incorporating them in the law of the city cover a hundred and ninety-seven typewritten pages. This is almost as much material as usually comprises an average sized novel. The simple task of copying it on the typewriter most of which work was done by City Attorney Van Duren, amounts to a volume of labor of which few people who are not familiar with running a typewriter have any conception of. And then when it is remembered that each phrase and word in these amendments was carefully scrutinized and weighed the amount of work contained in the new laws can be guessed at.

IS A CREDIT TO HOLLAND PRINTING CO.; CONTAINS MUCH VALUABLE INFORMATION

The Size of the Book Makes It Easy To Handle; Volume Is Compact and Complete.

The new City directory that was passed out this week to the advertisers and to who ordered the volume is a new departure in directory making in Holland. One great merit the volume has is that it is not bulky. It contains all the information that is required in a city directory, but it is put in such compact form that the book is easy to handle, and the smallest possible time is consumed in finding the necessary information.

The book is from the presses of the Holland Printing company and it is neatly printed and attractively bound. The book is for the years 1913-1914 and it contains the following information: Alphabetical list of all private citizens in Holland of 16 years and over and of business and professional people with their residence and business address; a handy classified business directory and professional guide, together with a guide of all streets and avenues.

The directory is a practical encyclopedia of Holland and among other useful information contains a list of the churches, public schools, city officials, secret and benevolent societies, postoffice department, fire alarms, etc.

The merchants of Holland have advertised quite extensively in the books and most of the business men in the city are represented. The book is about as accurate as a directory of a growing city like Holland can possibly be. Several changes have taken place since the book went to press, but that is unavoidable. In spelling of names, etc., the book is very accurate and satisfactory.

The Holland Printing Company still has some copies of the new directory on hand and they may be secured at that office. The purchase price of the book is three dollars.

A LARGE CARAVAN TO MAKE INITIAL JOURNEY LATTER PART OF MAY.

The Knights of the Pyramids are making arrangements to adopt a class of one hundred the latter part of May at their last meeting this month. The Caravan that is to make

its initial journey to the historic Pyramids will be in charge of Organizer Mr. Claude Seely and Mr. Earl Forsyth of Battle Creek, Mich. Experienced Camel drivers will be in attendance and the Knights declare they expect no mishaps, but that they hope that the Pilgrims will reach the Oasis in better shape than former Governor and Mrs. Chase Osborn did recently when they were caught in a sand storm in Egypt. The Knights also promise that the one hundred Pilgrims who will make the journey across the Burning Sands here will receive as good an impression of the Pyramids as the governor did. They promise that there will be no Mirage of the Desert in this case, but that everything will be very real and tangible.

MRS. A. G. GOWDY IS RE-ELECTED PRESIDENT AT MEETING YESTERDAY.

Miss Jennie Kanter's Tells Children About Library; The Rev. W. G. Van Kersen Tells About "World in Chicago."

At the meeting of the Maple Grove Parents Teachers' club Friday afternoon Mrs. A. G. Gowdy was re-elected president of the club for another year. Mrs. W. J. Grier was elected vice president, Mrs. J. H. Oosting secretary and treasurer and Miss Agatha Wagner, press reporter. It was the final meeting of the year and a very successful one. In view of the fact that much of the success of the meetings has been due to the efforts of Supt. E. E. Fell, he was elected honorary president.

At the beginning of the program music was furnished by the pupils of the third grade. This was followed by a piano solo by Willard Kuhlman. Miss Hearn rendered two solos and Calla Elferdink gave a piano solo. Miss Jennie Kanter, city librarian, gave an interesting talk on "What the City Library Can Do for the Child." Miss Kanter told of the work in the library and how the library is for the young folks as much as for the grownups. She gave the children much valuable advice in regard to the use of the library. It was an interesting and a very helpful talk.

The Rev. Wm. Van Kersen gave a very interesting talk on "The World in Chicago." This great missionary venture which is of interest to all was fittingly described by Mr. Van Kersen and he urged all who possibly could, to see it.

Mrs. Gowdy and Edward Wolfert closed the program with a violin duet accompanied by Elsie Gowdy.

THE ALDERMEN UNANIMOUSLY ADOPT MEASURE DRAWN UP BY COMMITTEE

Liquor to Be Sold At Retail in Original Sealed Packages; Dealers Put Under Stringent Regulations.

The granting of liquor licenses was decided upon by the council Friday evening when it passed an ordinance relative to regulating the liquor traffic in Holland. Briefly stated, the ordinance means that the liquor dealers can sell in the original sealed packages only; their hours for so selling liquor are clearly determined from 6 a. m. to 10 p. m. from May 1 to October 31 and from 7 to 9 the balance of the year; there are to be no screens; the liquor cannot be consumed on the premises; the druggists will be compelled to refrain from selling liquor for any purpose during the hours that the liquor houses are closed; the liquor dealers shall pay a license of \$200.

These are some of the features of the ordinance unanimously passed Friday night. The council room was crowded and many had to remain in the corridors. The council went into committee of the whole and the ordinance was passed section by section without a hitch. Ald. Frank Dyke was in the chair and City Atty. Van Duren read the ordinance section by section.

When the committee arose to report to the council the ordinance passed unanimously, the nine aldermen present all voting in favor of it.

After the vote had been taken, Mayor Bosch said "Gentlemen, I was not consulted in the drafting of this ordinance, nor was it shown to me. I did not know what its provisions were until this evening when it was read in committee of the whole. Consequently I shall take the full length of time which the charter allows to consider it carefully and to decide whether I want to sign it or veto it."

It took the council about three quarters of an hour to pass this ordinance and there was absolutely no debate. Following is the full text of the new ordinance:

ORDINANCE No. 288.

An ordinance to regulate and license all places where any spirituous malt, brewed, fermented, or intoxicating liquors are sold in the City of Holland.

The City of Holland Ordains:—

Sec. 1.—No person, firm, or corporation, shall engage in the sale of any spirituous, malt, brewed, fermented or intoxicating liquors, or any mixture containing any spirituous, malt, brewed, fermented, or intoxicating liquor, without having first obtained a license therefor, from the common council of the city of Holland, in the manner and under the conditions hereinafter provided; Provided, That unless herein otherwise specified, the terms and conditions of this ordinance shall not apply to druggists and registered pharmacists, in selling any of such liquors for medicinal, mechanical, sacramental and scientific purposes, and under and in strict compliance with the general laws of the state of Michigan.

Sec. 2.—Every person, firm, or corporation, desiring to engage in the business contemplated in section one of this ordinance, shall each year, before entering upon such business, make application therefor, in writing, to the common council of the city of Holland, which application shall specify the location, and describe completely the interior arrangement of and the entrances to the building in which it is proposed to carry on such business; in case of a firm such application shall also set forth the names of the members of said firm; and in the case of a corporation, such application shall set forth the names of the officers and directors of such corporation, and the name or names of the persons who will have the active charge and management of the business. Each application shall also designate the names of the persons proposed as sureties on the bond hereinafter provided. In passing upon any application the common council shall have the right and power to consider the fitness of the person or persons so applying, and to consider the past conduct of such person or persons in the same or similar business. Such application shall contain the further provision that the applicant or applicants agree to be bound by and observe the terms and conditions of the ordinance under which such license is granted.

Sec. 3.—After the granting of such application by the common council, and before the issuing of the license, the applicant or applicants, shall for each place proposed to be licensed, pay into the city treasury annually the sum of two hundred dollars; and each applicant shall file with the application the city treasurer's receipt for said sum. Each applicant shall also, before the license is issued to him, execute a bond, the sufficiency of which shall be determined by the common council, to the city of Holland, in the sum of two thousand dollars with two sureties, who shall be male citizens and freeholders of the city of Holland, neither of whom shall be a surety upon more than two bonds required by the provisions of this ordinance, and each of whom shall justify in real estate in the city of Holland, in a sum equal to five amount of such bond, over and above all indebtedness, and all exemptions from sale on execution, which bond shall be conditioned that such applicant or applicants shall keep and maintain an orderly and well regulated place, during the continuance of such license, and shall pay all the fines, penalties, forfeitures and costs imposed upon him for the violation of any of the provisions of this ordinance. Provided, That at the option of such applicant or applicants such bond may be signed and secured by some corporation duly authorized to execute bonds in the State of Michigan.

Sec. 4.—No license granted under the provisions of this ordinance shall be granted for a longer time than to expire on the first Monday of June next after the time when the same is granted.

Sec. 5.—Every license provided for by the terms of this ordinance shall be granted upon the express condition, and shall expressly provide that after personal service of written notice to the licensee or licensees, of their intention to revoke such license and after reasonable opportunity to be heard thereupon, before the common council, such license may, for any non-compliance with the terms and conditions upon which it is granted, or on account of the violation of any of the provisions of this ordinance, or of any liquor law of the State of Michigan, in the discretion of the common council, of the city of Holland, be by them revoked. Any person, firm, or corporation, holding such license shall, in addition to any and all other penalties imposed, thereupon forfeit all payments made for such license. The notice herein required to be served, may be served upon such person, if found, or left at the place of business mentioned in the license, by delivering such no-

tice to any person in charge of such place, or employed therein.

Sec. 6.—No person, firm or corporation, licensed hereunder, shall by himself, his clerk, servant, agent, or employee, permit in or about his place so licensed, any improper noise or disturbance, or any breach of the peace, nor permit to be or remain in his place, any intoxicated person, any person in the habit of becoming intoxicated, any minor under the age of twenty-one years, or any person to whom it is forbidden by law to sell, furnish or give any intoxicating liquors, or any person with reference to whom any notice in writing has been served on such licensee not to sell, furnish or give any intoxicating liquors, as provided by the general laws of the State of Michigan, or any female, or any person loitering or loafing in such place, or any person who has no immediate business there except regularly hired male employees.

Sec. 7.—All places licensed hereunder shall be closed between the hours of ten o'clock in the afternoon and six o'clock of the forenoon of each week day from the first day of May to the 31st day of October, both inclusive, and from the hour of 9 o'clock in the afternoon to the hour of 7 o'clock in the forenoon of each week day from the first day of November to the thirtieth day of April, both inclusive, and on Sundays and legal holidays, as are designated by the liquor laws of the State of Michigan; Provided, That it shall be unlawful for any druggist or registered pharmacist to sell, furnish or give any of the liquors mentioned in this ordinance, during the hours and times in this section specifically mentioned. Any druggist or registered pharmacist violating any of the provisions of this section shall be punished in the same manner as is hereinafter specified for violations of this ordinance.

Sec. 8.—No person, firm or corporation, licensed hereunder, shall at any time, by himself, his clerk, servant, agent or employee, permit or maintain any shades, curtains, screens, or anything which in any way obstructs a full and open view of the entire premises used in said business, from the street or alley upon which the same is located.

Sec. 9.—The premises used for the business licensed hereunder, shall be a ground floor space, and shall consist of but a single room, and shall have no partitions, walls, or any obstructions of any kind within said room, which will in any way prevent a full view of the premises. There shall be no doors or other openings in said room leading to any other part of the building, except a door and stairway leading to the basement for the purpose of firing for heating, and for storage. Nor shall any person licensed hereunder by himself, his clerk, servant, agent or employee, keep, put up or maintain any signs, in front of his premises, or on or in the windows of said premises, designating or referring in any way to the business conducted therein.

Sec. 10.—It shall be unlawful for any of the persons mentioned in Sec. 6 of this ordinance to be or remain in any place licensed hereunder, or to purchase, receive or attempt to purchase or receive any of the liquors mentioned in this ordinance, in any place licensed hereunder; Provided, That the testimony of any minor given in relation thereto, shall not be used against such minor.

Sec. 11.—No person, firm or corporation, licensed hereunder, by himself, his clerk, servant, agent or employee, shall permit any games to be played upon the premises used for the business licensed, nor permit any person to play at cards, dice, or any other game in such place of business.

Sec. 12.—No person, firm or corporation, licensed hereunder, by himself, his clerk, servant, agent or employee, shall sell any of the liquors mentioned or referred to in this ordinance, except in original sealed trade packages, and none of such liquors shall be sold by the drink, or to be used upon the premises; nor shall any person be permitted to use, drink or in any way partake of any of such liquors, in any place licensed hereunder, or on the grounds appurtenant thereto, or premises connected therewith. Any person so using, drinking or partaking of any of such liquors in any place herein prohibited shall be guilty of a violation of this ordinance, and the licensee, his clerk, servant, agent, and employee, shall be held guilty hereunder for permitting the same to be done, both parties being hereby declared to be principals.

Sec. 13.—Any place licensed hereunder, may be divided into two compartments by a wire screen of not less than one inch mesh; for the purpose of separating the place of sale from the place of storage, but in such case no person except the owner or employee shall at any time be permitted to pass behind or beyond such wire screen.

Sec. 14.—It is hereby expressly provided that should any of the sections of this ordinance be held illegal or unconstitutional, by a court of competent jurisdiction, that the remaining sections of this ordinance shall be in no way affected thereby, but that all the remaining sections shall be held to be in full force as though such illegal or unconstitutional sections or sections had not been herein enacted.

Sec. 15.—Any person who shall violate any of the provisions of this ordinance, upon conviction thereof shall be punished by a fine not exceeding one hundred dollars and the costs of prosecution, or by imprisonment in the city jail or county jail of Ottawa county, for a period not exceeding 90 days, or both such fine and imprisonment, in the discretion of the court; and upon the conviction of any person licensed hereunder, his clerk, servant, agent or employee, of this ordinance or any liquor law of the state of Michigan, the record of such conviction shall be sufficient grounds for a revocation of the license granted to such person, or his firm, corporation or principal.

Sec. 16.—An ordinance entitled "An Ordinance Relative to the Sale of Intoxicating Liquors at Wholesale, as a Beverage," passed April 20, 1910, and approved April 21, 1910, is hereby repealed.

Sec. 17.—This ordinance shall take effect twenty days after its passage. Passed, May 2, 1913.

Vetoed, May 6, 1913. Passed May 7, 1913 by the following vote—Yeas, Alds. Van Drezer, Prins, Drinkwater, King, Dyke, Congleton, Hansen, Harrington, Vander Hill—9. Nays none.

Richard Overweg City Clerk, Attest:—

COMMON COUNCIL (Official)

Holland, Mich., May 2, 1913. The Common Council met pursuant to adjournment and was called to order by the Mayor.

Present: Mayor Bosch, Alds. Van Drezer, Prins, Drinkwater, King, Dyke, Congleton, Hansen, Harrington, Vander Hill, and the Clerk.

On motion of Ald. King, Resolved that the regular order of business be suspended, and that the Council proceed to hear the report of the Committee on Ordinances. Carried.

The Committee on Ordinances reported for introduction an ordinance entitled, "An Ordinance to regulate and license all places where any spirituous, malt, brewed, fermented, or intoxicating liquors are sold, in the City of Holland," and recommended that the same do pass.

On motion of Ald. King, The rule that a copy of the ordinance be presented to each Alderman at least ten days before the meeting, at which the same is considered, was suspended.

The ordinance was read a first and second time by its title, and On motion of Ald. Harrington, The ordinance was referred to the Committee of the Whole, and placed on the general order of the day.

General Order of the Day On motion of Ald. Van Drezer, The Council went into the Committee of the Whole on the General Order, with Ald. Dyke as chairman.

After sometime spent therein, the committee arose and through their chairman reported that they had under went consideration an ordinance entitled, "An Ordinance to regulate and license all places where any spirituous, malt, brewed, fermented, or intoxicating liquors are sold, in the City of Holland," asked concurrence therein and recommended its passage.

On motion of Ald. Dyke, The report of the Committee was adopted, and the ordinance placed on the order of third reading of bills.

Third Reading of Bills An ordinance entitled, "An Ordinance to regulate and license all places where any spirituous, malt, brewed, fermented, or intoxicating liquors are sold, in the City of Holland," was read a third time, and On motion of Ald. Drinkwater, Resolved, that an ordinance entitled, "An Ordinance to regulate and license all places where any spirituous, malt, brewed, fermented, or in intoxicating liquors are sold, in the City of Holland," do now pass.

Said resolution prevailed, all members present voting aye. Adjourned. Richard Overweg, City Clerk.

COMMON COUNCIL (Official)

Holland, Mich., April 28, 1913

to order by the Mayor.

Present: Mayor Bosch, Alds. Van Drezer, Prins, Drinkwater, King, Dyke, Congleton, Hansen, Harrington, Vander Hill, and the Clerk.

On motion of Ald. King, Resolved, that the regular order of business be suspended, and that the Council proceed to hear the report of the Committee on Ordinances. Carried.

The Committee on Ordinances who were instructed to prepare and present to the Council an ordinance to prohibit and prevent the selling or giving or any spirituous, fermented or intoxicating liquors, and to punish any person so selling or giving, as provided in subdivision eighth, of Title VII of the City Charter, stated that they were not ready to report at this time.
