A large variety to select from, different styles, different kinds, and prices ranging from \$6.50 up to \$50

Our Refrigerators are built with Double Walls, perfectly insulated, and a positive dead air space is formed in all the walls with specially prepared non-conducting felt or charcoal sheathing on either side of it, so that it is impossible for the outer air to penetrate the box.

The corners also are solid, making our refrigerators much stronger than others.

The inner case is made of tasteless and odorless lumber and there is no wood exposed in any part of the inside of our refrigerators.

Our refrigerators are filled with the best quality of filler that can be obtained, and have two coats of varnish.

See our Marbolite Refrigerators

Marbolite, is a ground and pulverized marble, ground so that it is almost as fine as flour. This is mixed with other ingredients and put together by a chemical process which, among other things, makes it impervious to heat and cold, making it the best living yet produced.

Marbolite, has no seams, and has round corners, making it easy to wash, and therefore more sanitary.

The Marbolite after being put into the box and allowed to thoroughly dry, is coated with a very fine quality of White Enamel, something that will neither chip nor flake.

HATS OFF TO YE EDITORS

EDITORS WILL BE THE GUESTS OF HOLLAND TODAY

All Is Ready for the West Michigan Press Association

The editors and publishers of papers in Western Michigan, members of the West Michigan Press association, will be with us at 2:45 this afternoon and will hold their convention at Holland and the Holland resorts. Holland is already getting considerable favorable advertising from programs of arrangements, and the convention this year, which is the fourth annual, is expected to be the biggest and best ever held by the Press Association.

Holland city officials and members of the Chamber of Commerce, co-operating with Charles A. Floyd, manager of the Holland Interurban company, have made extensive plans of entertainment and there will be something doing every minute.

Before coming to Holland the Press association will be banqueted by the Grand Rapids Advertising club at the association of Commerce dining room in the Association of Commerce Building, 35-37 Pearl Street, N. W., for the purpose of forming acquaintanceship between newspapermen and advertising men. The banquet commenced at 12:15 this noon. The Press Association will arrive in Holland, via Holland Interurban, at 2:45. They will be met by Mayor Bosch and other city officials and President A. H. Landwehr of the Chamber of Commerce and prominent men with automobiles. An automobile tour will then be made through the streets of Holland and to the Lakewood Farm, where George Getz will entertain.

The Hon. G. J. Diekema will be toastmaster at the Banquet to be held at Crawford's Cafe, Jenison Park at 6:30 this evening. Mayor Bosch is scheduled to give the address of welcome. Response for the West Michigan Press association will be made by Hon. Paul Leake, Editor of the Michigan Investor and advertising manager of the Michigan Trust Co., Grand Rapids.

"Working Together for a Greater Michigan" will be the subject of an address by the Hon. N. J. Whelan, publisher of the Holland Sentinel. "The Value of a Press Association," will be the subject of an address by Representative H. A. Van Antwerp of Rockford. "Five Minute Talks Among the Craft," will be in charge of Ernest B. Blett of United Weekly Press association, Grand Rapids.

Macatawa Park hotel will be opened up by Swan A. Miller to accommodate the Press boys and their wives this evening.

The program tomorrow will include a two hour cruise on Lake Michigan on the G. & M. steamer Puritan at 9 o'clock in the morning, program of sports at which the merchants and citizens of Holland will take part at Jenison Park at 11 o'clock, old-fashioned barbecue at noon at Jenison Park. Return to Grand Rapids leaving Jenison Park at 2:30 o'clock in the afternoon.

At 2:45 this afternoon all the automobiles taking part are expected to be at the P. M. depot. Absolute punctuality is very essential for the success of the parade. The autos will line themselves up between Columbia and Lincoln avenues facing east. After taking the visitors from the special interurban car the autos will turn and go down eighth street west to River, thence north to the Lakewood farm. Returning they will come up along River avenue to 8th street, thence west to the boat dock, south on First avenue to Eleventh, thence east to River avenue, thence north to Tenth street, thence east to Lincoln avenue, south to the spot where Lincoln and State street meet, then back again down State to Central, north to Thirteenth, east to Columbia avenue, north to Twelfth street, west to River avenue, south to Fifteenth street, west to Pine avenue, north to Twelfth street, west to Van Raalte avenue, south to Sixteenth street, and thence west to Jenison Park.

On the way to the Lakewood Farm somewhere near the Ottawa factory, the machines will separate so as to leave about 100 feet between each auto in the parade, as a safety measure. The autos are not to go faster than 20 miles an hour. A skilled mechanic will be in C. E. Becker's car in the rear to take care of breakdowns.

During the parade throughout the city a Boy Scout will stationed at each place where a turn is to be made. These Scouts will signal so that there can be no trouble about following the course.

HOLLAND BANKRUPT STILL IN THE COURTS

Michigan Tradesman—In the matter of the Holland Manufacturing Co., bankrupt, the referee has this day filed his findings and order on the petition of the trustee to determine the validity and extent of the mortgages of the Holland City State Bank and P. H. & C. H. McBride. The mortgages have real estate mortgages on the real estate of the bankrupt and also covering all fixed and movable machinery tools, etc. The mortgages were regularly filed as real estate mortgages, but never filed as chattel mortgages. Mortgagees contend that the machinery is so affixed to the real estate as to become a part of it. The referee in his findings and order determined that it is not so affixed as to become a part of the real estate and further that because of failure to record as a chattel mortgage is void as to the machinery and tools.

SENATOR HOFMA MAKES BRILLIANT LAW RECORD

Grand Haven Tribune—Senator Edward Hofma of this district has left an enviable record in state annals as a popular member of the legislative body. It has been said that Dr. Hofma of Grand Haven could have had anything he desired in the Senate. This assertion comes as a result of the brilliant record made by the senator in many measures of wide importance during the recent session.

Dr. Hofma as he is known locally, was the framer of what has been regarded as the most important road bill of the last twenty years. This bill which provides that the state shall build bridges over certain streams, was passed by both houses in the last legislature. This also means that Ottawa county may have at least two state bridges over Grand river as provided by the new statute.

A FIFTEEN THOUSAND DOLLAR DEPOT FOR GRAND HAVEN

That it is the intention of the Interurban road to build a depot and car barns on the present Grand Haven property, at an expense of about \$15,000, was the statement made by W. K. Moreley of the Grand Haven, Muskegon Interurban. He said the new building would include all the appointments of a modern depot with sleeping quarters for the car employees. This came as a surprise to the committee who had broached the subject to Mr. Moreley.

SAUGATUCK PAVILLION GOES CHEAP

SAUGATUCK DANCING PAVILLION SOLD TO JARRET N. CLARK ZEELAND ATTORNEY FOR \$276.21

The annual sale of property held for unpaid taxes was held in the Allegan county treasurer's office last Tuesday but there was not the usual number of buyers nor the usual interest. There had been advertised 174 descriptions and of that number 67 had been paid before the sale; 15 were not sold at all because they were not wanted by anybody; three were withheld because the taxes had been cancelled, and 89 were sold. Of this number John C. Stein of Allegan bought 29, being mostly land scattered in various townships of the county. Jarret N. Clark, of Zeeland paid \$276.21 for possession of the Saugatuck pavillion. He will probably not come into full possession of the property, because the county treasurer understands the taxes will soon be paid. Mr. Clark, however, will receive interest of 12 per cent for his trouble. About fifteen men attended the sale.

HORSES TIRED OUT IN ANSWERING TWO ALARMS IN SUCCESSION

Number Two Teams Gets Wrong Number and Goes Far Out of the Way; Both Teams Are Exhausted.

That Holland needs a fire truck was amply demonstrated yesterday afternoon when two fire alarms were sent in in quick succession from different parts of the city about 3:30 o'clock.

Both fire teams answered the first call of fire. The fire was in a lumber pile in the rear of the Buss Machine Works, and was caused by the sparks from the chimney. This fire was scarcely extinguished and the teams started for the fire engine house when another alarm came in this time from the corner of 27th St. and Central avenue.

The number 2 wagon was in front of the No. 1 house at the time when one of the men ran in to see what number had been blown and 113 was registered on the dial. The number 2 team then went to the Holland Sugar factory, where box 113 is located. The wrong number had been registered on the dial and from the Sugar factory the team was driven to 27th street and Central Avenue. Here some small boys playing in a tent had started a dangerous grass fire. Number 1 team had already arrived and extinguished the fire.

The horses on both wagons were exhausted from their run and had there been another call to a distant part of the city it is certain that the teams never could have run the distance and it no doubt would have taken considerable time for the firemen to get the fire apparatus to another fire thus jeopardizing the entire city.

T. BOVEN KEEPS TRACK OF THE WEATHER

Holland Man Gives Facts On Spring Frosts

The thing that is interesting to the farmer, the fruit grower and the city gardener these days is whether Jack frost is still in the neighborhood.

Owing to the extreme heat and summery atmosphere of April the soil cultivators feel a little timid about the weather. Past experiences have shown that dame nature has a way of evening up weather conditions. The statistics of Tom Boven dating back to 1907 shows that every thing was not always rosy and the soft balmy breezes did not always prevail in the month of May. A resume of Mr. Boven's weather report follows:

1907
May 10—Hall and snow.
May 11—Freezing, ice on water.
May 14—Temperature 80 degrees.
May 15—Temperature 40 degrees.
May 20—Frost.
May 21—Frost.
May 27—Snowing in the morning.
1908
May 2—Snow storm, 33 degrees.
1909
May 1—Snow storm.
May 10—Frost.
1910
May 4—Frost.
May 5—Frost.
May 12—Frost, ice on water.
May 14—Frost, ice on water.
1911
May 1—Rain and snow.
May 2—Frost, ice on water.
May 3—White frost.
May 4—White frost.
May 5—White frost.
May 13—Light frost.
May 19—Temperature 90 degrees.
May 20—Temperature 90 degrees.

The highest price ever paid in Michigan for a Holstein animal of any age or sex was that given for Johanna McKinley Segis 3d, a young bull bred and owned by John M. Tobin of Allegan, which was sold Tuesday in Grand Rapids at a consignment sale for \$1,050. Benj. S. Hanchett president of the Grand Rapids street railway company, bought the bull. Competent judges declared that by breeding and other tests the animal is worth all that was paid for him.

HOLLAND TOWN

While Dowe Huizenga, age 20, a son of John Y. Huizenga, was plowing his father's farm Saturday a short distance east of the city, a large bear came stalking by along the interurban track, according to Huizenga's story Saturday noon. The young man denies that he could have been mistaken. He says he had opportunity to get a full view of the bear. The horses became frightened when they first saw the animal and the driver did not realize at first what it was. He stopped the horses and sicked his dog on the bear; but evidently the dog had suspicions as to the possibilities of danger in an attack because he refused to go.

The bear finally stood up on his hind legs only a short distance from young Huizenga and he had a clear view of it. He declares it was a monstrous bear of a brownish black color. The young man had difficulty in controlling his team, but the animals became calm when the bear stalked away along the railroad track towards Waverly.

Later young Huizenga tracked the animal for a considerable distance when he made an effort to find out where it had gone. Saturday afternoon Deputy Sheriff C. Dornbos went to Waverly to make an effort to track the bear.

Where it comes from seems a mystery. At least no one had any explanation for the presence of the bear in these parts.

The Holland bear, which has appeared about this time every spring is even more elusive this year than in other years, and the only one who has had the honor of seeing Mr. Bruin, as far as can be learned, is Dowe Huizenga, who says the animal came into his field while he was plowing Saturday.

Since then the bear has not been seen, and altho Mr. Huizenga says he could not have been mistaken many of the people of Holland say they will have to take a look at the bear or else have the bear walk up Eighth street on a Saturday night before they will be absolutely convinced.

Deputy Sheriff and Game Warden Cornelius Dornbos, armed with a high power rifle, went in search of the bear as soon as he heard Mr. Huizenga's story Saturday. He traveled along the river, through the marshes and brush for a few hours without any results. Everyone he met he questioned and no one had seen the bear.

The tracks of what Mr. Huizenga's says was a bear, were found near the Huizenga farm. It was the consensus opinion that the tracks might have been made by a large black and brown Newfoundland or St. Bernard dog, but again they might have been made by something else, probably a bear. Anyway the bear has completely disappeared. It is now up to Grand Haven, Spring Lake or some other district in Ottawa county to come across with a bear story.

WEST OLIVE

Casper Rue, a farmer living near West Olive, reported to the police that a horse and wagon had been left at his farm by a peddler. The peddler put up the horse there saying he was going to take the train to Grand Rapids. The man went off across the fields and has not been heard from since.

It is thought by the police that the horse and wagon belonged to Michael Levenberg of Grand Rapids, who reported to Sheriff Berry of Kent county that he had lost a horse and wagon valued at \$140. According to the story told the sheriff, Levenberg loaned his rig to a man to do some peddling and that the rig had not been returned.

Several persons of East Drenthe were bitten a few weeks ago by a dog which was thought to have had the rabies. As soon as it was discovered that the dog acted queerly it was killed and the head was sent to Ann Arbor for inspection. Three days ago the answer came that the dog was affected with the rabies. The three persons bitten are Mrs. Geo. Dainling, K. Rynbrandt and Gerrit Hoeve. Dr. A. J. Brouwer of Drenthe took them to Ann Arbor Thursday morning in his automobile. GOVERNOR VETOES BILL REPEALING LAW REQUIRING FRUIT PACKAGES

Lansing, May 12—Gov. Ferris yesterday vetoed the Daigneau bill repealing the law passed in 1913 which required all packages of fruit to have the proper weight and measure stamped on the outside in plain figures. There is a federal act that is the same as the present Michigan law relative to marking such packages, and the governor desires that the law be tried out further before it is repealed.

The Rev. Dr. Tell of Albany, N. Y., former president of the General Synod of the Reformed church, conducted devotionals at Hope College Monday morning.

MANY GROWERS DECLARE THAT SUNDAY'S FROST WILL NOT BE A GREAT LOSS BUT

TAKE CARE OF SURPLUS STOCK

Many fruit growers hold the opinion that the frost of Sunday night through the fruit belt was a blessing in disguise.

They declare that the slight frost damage which resulted from the visitation in the end will not cause any loss to the fruit belt as a whole because the small percentage of the crop which was nipped would have been surplus stock in harvest time which might have caused a reduction of prices because of unprecedented yield.

Of course, those growers who suffered most will not be able to appreciate this point of view, but nevertheless, opinion is general that in the final reckoning the loss will be trifling.

ZEELAND OFFICIAL FINDS HIMSELF IN TROUBLE AS RESULT OF SHOOTING AFFAIR

Said to Have Fired Gun at Wife Twice; Declares He Did Not Mean to Harm Her

City Marshal Leonard Koostra of Zeeland was arrested Friday by Deputy Sheriff Dornbos on the charge of assault and battery on the person of his wife with intent to do great bodily harm. Koostra was arraigned before Justice J. N. Clark of Zeeland, pleaded not guilty to the charge and was released when he furnished bonds to the amount of \$1500.

Koostra is charged with having fired two shots at his wife in their home in Zeeland. One of the shots is said to have entered the ceiling and the other has been traced, but it took no effect. Koostra himself is alleged to make the claim that he did not mean to shoot his wife. Mrs. Koostra is said to have filed suit for divorce and that is said to have been the cause of the husband's coming home and firing the shots. Mrs. Koostra's mother was in the room with Mrs. Koostra when the shots are said to have been fired.

Mr. Koostra was one of the most energetic city marshals Zeeland has had for a long time. Last winter he took a prominent part in tracing the Zeeland gang of chicken thieves, and in various other ways he showed considerable energy in the discharge of his duties as marshal. The present difficulties he finds himself in are said to be the culmination of domestic trouble dating some little time back.

Saturday Mr. and Mrs. Koostra figured in a reconciliation and made up their domestic differences.

The charge against City Marshal Leonard Koostra of Zeeland of assault and battery on the person of his wife with intent to do great bodily harm has been dropped, and a reconciliation has been effected between the marshal and his wife so that they are living together in harmony again. Mrs. Koostra who had made the complaint against her husband withdrew it Saturday and the quarrel has been patched up. The domestic difficulties in which the Koostra's had become involved and which resulted in two shots being fired by the husband in their home last week are said to have grown out of inter-meddling to a large extent on the part of outsiders.

H. J. FISHER AND CLERK GEORGE FISHER ARRESTED WEDNESDAY AFTERNOON.

Charged With Selling Liquor to John Knop and Not Registering The Sale

H. J. Fisher, the East End Drug-gist, East Eighth street broke down and cried last week Wednesday afternoon when an officer served a warrant on him chasing him with selling liquor to J. Knapp two weeks ago last Sunday without registering the sale. George Smith, clerk at the Fisher drug store, was arrested on a similar warrant at the same time.

When arraigned before Justice Robinson Thursday morning Fisher and Smith demanded an examination which was set for this afternoon in the court room of the city hall. Bonds were furnished.

This is the third warrant served on Mr. Fisher charging him with violation of the state liquor laws a week ago last Sunday. One warrant was dropped.

The cases arose out of the holdup and robbery of John Knapp, bridge tender for the Interurban Co., by W. Brownhill, who is now serving time in Jackson State Reformatory and Frank Dawson, who was taken to Ft. Sheridan to answer a charge of army desertion. A few days after the affair Mr. Fisher was arrested on a charge of selling liquor to Brownhill on which charge he was bound over to circuit court for trial, and another charge of selling liquor to Dawson, a minor, which has been dropped. Developments now show that Knapp had also been drinking and it is alleged that Knapp confessed to the officers that he purchased liquor at Fisher's drug store. No such sale was registered on the books at the drug store.

According to later developments in the case, altho the holdup on John Knapp is of a decided serious nature, because he was supposed to be tending the interurban trestle, a new light has been shed on the affair. It is alleged that Knapp, with a few other interurban employees who were not working, cultivated the company of Brownhill and Dawson Sunday afternoon, that all enjoyed a social time and that drinks were passed freely. That night Brownhill and Dawson returned to take Knapp's money from him, while all were under the influence of liquor. Knapp and the other Interurban employees have lost their jobs with the company.

There are to be two clean-up days this week instead of only one as has been the custom for some weeks past. Saturday will be cleanup day as usual for all who are able to take advantage of it. But in addition to that Fire Chief Blom has set aside today as an extra cleanup day. Many of the city's business men had complained that Saturday being a specially busy day for them they found it impossible to do much in the line of cleaning up their premises. MAYOR BOSCH COMMENTS ON REPORT OF GAS COMMITTEE TO CHAMBER OF COMMERCE Asks for Opportunity To State His Side of the Matter At Issue There.

(Published by Request)
Declaring that G. Van Schelven who made a report to the Chamber of Commerce Monday evening in regard to securing gas for the Fifth ward had misrepresented him in that report, Mayor Bosch yesterday asked for an opportunity to state his side of the case.

"In his report to the Chamber of Commerce," writes the mayor, "Mr. Van Schelven said that he would not read my letter (inspite of the fact that a member of the Chamber had asked that it be read) because 'it brought in too many things foreign to the work conferred on the committee.' I do not presume to judge as to what was or what was not the work of the committee. But this I know, that I answered in writing a letter to Mr. Van Schelven, written on behalf of the committee. My opinion was asked for and I gave it in the best way I knew how. In his letter to me he stated that the committee was trying to secure gas for the Fifth and Sixth wards and whether the committee could rely on my co-operation. He further asked for a 'definite and direct reply.' There could in the nature of the case be but one definite and direct reply, namely, 'yes'. I am as anxious to secure gas for the Fifth and Sixth wards as the committee is. But a plain 'yes' would have been misleading and would not have been an honest reply to the committee, because while I want gas for these wards, it was possible that I might disagree with the committee as to the method of securing it and that I might not be able to co-operate with them along the line they wished to follow. For that reason I stated my position as clearly as I knew how, that there might be no misunderstanding. And I am perfectly willing to let the people of the Fifth and Sixth wards and of the whole city be the judge as to whether I answered Mr. Van Schelven's letter fairly and squarely, or whether I brought in a lot of foreign matter, as he insinuated to the Chamber of Commerce. To give all an opportunity to judge I am enclosing the letter of Mr. Van Schelven and my reply, requesting that you publish them as you published a report of Mr. Van Schelven's talk to the Chamber of Commerce."

The two letters follow:—
Holland, Mich., April 27, 1915
Hon. Nicodemus Bosch, Mayor.
Dear Sir:—
Referring to the recent conference between yourself and the committee of the Chamber of Commerce, to whom was referred the proposition of securing gas to the people of the 5th and 6th wards—whether or not the committee could at this time rely upon your co-operation, or that any efforts in that direction would meet with continued opposition, I would respectfully remind you that up to this date we have not been favored with any response thereto.
A meeting of the C. of C. having been called for next Monday, the committee earnestly desires then and there to make a report, and, if possible with your co-operation, a favorable one.
Kindly favor us at your earliest with a definite and direct reply.
For the Committee,
G. VAN SCHELVEN,
May 1, 1915.
Mr. G. Van Schelven,
For Committee of Chamber of Commerce, City.

Dear Sir:—
I have your communication of the 27th, ult. with reference to the matter of the work of your committee to endeavor to secure gas for the people of the Fifth and Sixth Wards of the City of Holland, and ask whether you can rely upon my co-operation in your efforts, or whether it

is to be met with my continued opposition. In the first place I want to give to the people of all parts of the city every comfort and convenience that it is possible to give, and I am ready and anxious to give to the people of the Fifth and Sixth Wards the convenience of gas, if it is in my power to do anything towards that end, and I have never opposed the same.

If you refer to my opposition to an amendment of the Franchise of the Gas Co., not for the benefit of the Fifth and Sixth wards, but to the disadvantage of the entire city, then I am now, as I have been in the past, opposed to any such movement.

This question has been twice before the people in the space of less than four years, and both times rejected, and I know of no reason why the people have at this time changed their minds on this question, and I am certain that I personally and officially have not, because no good reason has been given me why I should do so. The gas franchise has been well and carefully drawn, and the city and its citizens have been fully protected, and it would seem to me to be the most unwise to begin any franchise tinkering at this or any other time. Rarely are municipalities protected in the drawing of public utility franchises, and when a city is protected, it should guard itself against surrendering any of its protective features.

We all know what happened in the amendment of the telephone franchise in this city, and what the outcome has been, and it would certainly seem that no citizen who has the interest of the city of Holland at heart would want to even take the chance of a repetition of what happened in that matter.

At the time the present franchise was granted the terms were all in the same form as at present, and the only part not completed was the question of rates for gas, and that was left open for bids. No other change was considered by the city or by the bidders. At that time there were other bidders besides Mr. Parker, to whom the franchise was awarded, and their rates were very close to those accepted by Mr. Parker and his assignees.

If the bids presented at that time were good business judgment, and I am satisfied they were, then no complaint on the question of rates should be made now, and the company should do what its franchise requires, as it has agreed to do. If they are made to live up to the franchise, the Fifth and Sixth Wards will be accommodated as fully as by any amended franchise, which seeks only to raise the price of gas.

If it is your intention to aid the Fifth and Sixth Wards in securing gas service by means of a municipal gas plant, to be constructed, laid, and maintained by the city, then I am heartily in sympathy with your efforts.

The city has made an unqualified success of its light plant, and I see no reason why it cannot do as well with a gas plant. The city has been engaged in other lines of municipal works, and has made a success of that both in cost and results obtained. I know that there is opposition to a municipal gas plant, and that there always has been and probably always will be such opposition, but nevertheless I am confident that the time is coming that all public utilities will have to be municipally owned, and the city has taken the right course in the past with reference to other utilities. The people have had good service, and a low rate, and an abundance of free service for the general public besides. If this can be done with other utilities, why not with gas? I am informed that a plant could be built and equipped, and gas furnished at the present price, viz.: 90 cents per thousand cubic feet, net, and the entire cost of the plant paid out of the earnings. If that can be done why not have our own plant and pay for it, out of its earnings, at a price no greater than we now pay, and then later on have gas at cost? I do not say that the time is ripe for a municipal plant, that is a question for the people, but I do say that it is desirable, and that we should not bind ourselves now or at any other time by a change in a franchise once granted by which we surrender our rights and privileges, and get nothing in return, except the empty promise of some extensions of service.

This was proposed in the first amendments, but there was no provision for the enforcement of it, different from that contained in the present franchise, and there is nothing more than even an amendment would add nothing and surrender much. From my experience with the Gas Co., I do not think that any good will be accomplished by another election to grant additional rights

and powers to the Gas Company, and as a citizen of the city of Holland, I shall feel that I am not only justified, but that I owe it as a duty to the people of the city, to oppose any such movement.

This is not to oppose the giving of gas service to the Fifth and Sixth Wards, as you seek to term it, but to protect the entire city against the selfishness of a corporation operating a public utility under a good and valid franchise.

Very truly yours,
NICODEMUS BOSCH,
Mayor

AMERICAN PATRIOTISM.

Considerable feeling has been stirred up all over the United States owing to the blowing up of the Countess liner Lusitania, by German torpedo boats, resulting in the killing of over a thousand men, women and children, all of them non-combatants, and nearly 150 of them being American citizens. There is no doubt but that if the German nation could undo their bloody work of Friday, May 7th and if it could eliminate that page from its history it would quickly and gladly be done; and while the German nation in a half-hearted way claims the sinking of this great ship as a victory they have found out long before this that they have lost the respect of the entire civilized world, and while the sinking of the Lusitania may be recorded in German history as a victory there is no doubt in the minds of the nations of the globe and in the hearts of broad-minded Germans that it will prove to be the greatest defeat that has yet come to the German government.

What this nation and President Wilson will do in the matter has not been fully made public, but there is no doubt but that the president will handle this grave situation sanely, honestly, firmly and justly and in such a way that the American people will be able to hold up their heads and retain their self-respect. What ever the president does the American people will stand back of him the same as they did in the days of Washington, Lincoln and McKinley.

The opinions of two ex-presidents on the German-American situation brought about by the Lusitania catastrophe are found below:

The News is in accord with the expression of ex-President Taft, an expression which breathes forth the broadest spirit of American patriotism.

LET US STAND BY THE PRESIDENT—FORMER PRESIDENT TAFT.

William H. Taft Says:

Haste will avail nothing. If the United States has been outraged the wrong does not need to be avenged immediately.

There will be time enough when by sound deliberation the President, through the people of the whole country, has made up his mind what should be done.

I agree that the inhumanity of the circumstances in the case now presses us on, but in the heat of even just indignation is not the best time to act, when action involves such momentous consequences and means untold loss of life and treasure. There are things worse than war, but delay due to calm deliberation cannot minimize the effect of what we finally conclude to do.

We must bear in mind that if we have a war it is the people, the men and women, fathers and mothers, brothers and sisters who must pay with lives and money the cost of it.

It is the people's case, not the President's alone, and he does well, when quick action is of no critical importance, to allow excitement and to await the regular and studied action of the people's representatives.

Let us stand by him in this juncture. Our honor is safe with him. I give you the toast, "The President of the United States."

(From a speech by former President Taft at Philadelphia Tuesday.)

NOT WITH IMMEDIATE VIGOR—EX-PRESIDENT ROOSEVELT.

Theodore Roosevelt Says:

In the teeth of these things, we learn as a nation measureless scorn and contempt if we follow the lead of those who exalt peace above righteousness, if we heed the voices of those feeble folk who bleat to high heaven that there is peace when there is no peace.

For many months our government has preserved right and wrong, a "neutrality" which would have excited the emulous admiration of Pontius Pilate—the arch typical neutral of all time.

Unless we act with immediate decision and vigor we shall have failed the duty demanded by humanity at large and demanded even more clearly by self-respect of the American republic.—From an article by Colonel Roosevelt in the June Metropolitan Magazine.

Without twenty-four hours' delay this country could and should take effective action by declaring that, in view of Germany's murderous offenses against the right of neutrals, all commerce with Germany shall forthwith be forbidden and all commerce of every kind be permitted and encouraged with France, England, and the rest of the civilized world.—From a signed statement by Colonel Roosevelt yesterday.

The Grand Haven Tribune publishes the notice in bankruptcy of Arend J. Nyland formerly a resident of Holland. The notice says that the courts adjudged Mr. Nyland a bankrupt on the seventh day of May 1915.

Friends of this city of the Rev. and Mrs. J. A. Beattie, Reformed church missionaries stationed at Arnot Mission, India, fear the former is a victim of the Lusitania tragedy. Mrs. Beattie's name appears among the list of the lost while Mrs. Beattie is listed among the survivors. They were bound for Scotland after a furlough in this country.

PETE DULYEA CATCHES A ELEVEN POUND STEEL HEAD TROUT

Peter Dulyea returned last evening from Edgett's (Michigan), where he has been trout fishing in Pine River. Mr. Dulyea reports satisfactory catches of brook trout, on an average of about a dozen a day from 11 to 14 inches long.

While fishing for brook trout Dulyea had an adventure with a steel head trout that has made him famous in the Edgett's region. The Holland man

had caught a good sized brook trout and was playing him to get him ready for the net, when he saw a few feet away from him an enormous steel head. Continuing to hang on to the brook trout he took his landing net in the other hand and scooped in the steelhead. The powerful fish made a tremendous struggle but Dulyea hugged him to his breast in the net and managed to get him ashore, although in its struggle it broke the net. As soon as the steelhead was safe Dulyea landed the trout.

The Holland man was naturally wet from top to toe and when he regained his wind after the terrific struggle he saw two men standing on the bank. They had seen the fight and in a short time Dulyea's fame had spread miles. The steelhead weighed 11 pounds and was three feet long.

ALABAMA PASSENGER IS FOUND A SUICIDE

Muskegon Man Who Purchased Ticket to Grand Haven on December 12, Is Found by Girls in Claybank Township

CLEARS UP DISAPPEARANCE.

Positive identification of the body of Christopher M. Wright, former president of the Wright, Cooler & Hood company, who disappeared from Muskegon Saturday afternoon, December 12, when he boarded the Goodrich Transit company steamer Alabama, for Grand Haven, was made at Shelby last night by Coroner James F. Balbirnie. The body was found on the beach of Lake Michigan in Claybanks township, Oceana county, Sunday evening at 7 o'clock by Anna and Edith Johnson.

The identification marks found on the dead man's wearing apparel were the initials in laundry ink, "38-C. W. R." on the collar, a patch on the drawers and the overcoat, shoes and suit, of which Mr. Balbirnie had a description. The distinguishing marks on the body were, a false front tooth in the upper jaw, finger nails on little fingers worn long and pointed, and a scar on the bridge of the nose.

With the lake steamer in Chicago Sheriff Fred J. Collins wired for information of the captain of the boat relative to Mr. Wright. The purser on the boat, who was slightly acquainted with Mr. Wright, at first declared that the missing man had disembarked at Grand Haven.

Search was instituted here among the hospitals in Grand Rapids and everywhere in fact where it was believed that Mr. Wright might be found. Further inquiry from the purser shook his certainty as to Mr. Wright's disembarking at Grand Haven, and then it was that the theory was advanced that Mr. Wright had jumped overboard in mid-lake somewhere between Muskegon and Grand Haven. This theory seems to have been the correct one.

When the ice in the lake began to break up this spring and Mrs. Wright, ill from anxiety concerning her husband, caused to be published in the press of the city an advertisement that a reward of \$200 would be paid for his remains.

Drawn by the attractiveness of the reward, searching parties were organized but without result. No word of Mr. Wright had been received in Muskegon until this week although it was reported that he was alive and in Chicago.

CHAMBER OF COMMERCE ACTION TEMPORARILY HURT WORK OF THE REV. G. H. DANIELS.

But He Receives the Endorsement of the Committee; They Declare His Cause Is a Worthy One

Rev. G. H. Daniel, president of the Enterprise Institute, an institution for colored people in Chicago, is in the city soliciting funds here for his work in that place. Although Mr. Daniel has been in the habit of coming here regularly each spring the past seven or eight years, he ran up against a snag this time because of action taken by the Chamber of Commerce at one of its meetings some months ago. At that particular meeting the question of the treatment of solicitors came up, and the Chamber of Commerce decided on a policy of furnishing recommendation cards to such persons as were found worthy of support. Reference was made at that meeting to a certain solicitor for a school of negroes in Chicago, although no names were mentioned. The proceedings of the Chamber of Commerce meeting were reported in the usual way in the newspapers, and many people seemed to have jumped to the conclusion that it was Mr. Daniel's school to which reference was made. Although it is now said that the reference was not made to his school. As a result he met rather a cool reception when he came to this city for more funds.

He expected to speak in a number of churches last Sunday but as a result of the sentiment against him, his schedule was seriously interfered with and he appeared in only two churches. Mr. Daniels has received the endorsement of the Chamber of Commerce and carries their card by which the committee of that organization vouches for the fact that he is reliable and his institution worthy of the support of the people of Holland.

Mr. Daniel will remain in Holland and other places in this vicinity for about two weeks. Next Sunday he will speak in the churches of Zeeland and later he expects to explain his work in the various churches in Holland.

Mr. Daniel carries with him a number of endorsements from Chicago pastors of high standing. Moreover on the advisory board of his school there are ministers who serve Reformed and Christian Reformed churches.

CORNELIUS BONTEKOE PAYS \$13 FOR ACCOSTING WOMAN

Cornelius Bontekoe was assessed a fine of \$10 and costs of \$3 when arraigned before Justice Miles Tuesday on a charge of accosting Carrie Robinson on the street pretending that he knew her. Bontekoe pleaded guilty to the charge although he claimed he was very "gentlemanly" in mashing, not having used any abusive or insulting language.

Although Bontekoe was given a medium fine, others arrested for a similar charge can expect to be dealt with more harshly. The police are determined to put a stop to all the mashing on the streets and those arrested will be severely dealt with. Loafing on the street corners will not be tolerated by the police and the usual loafers will be kept moving.

FINE ARBOR DAY PROGRAM WAS GIVEN.

The Arbor Day program held in Holland Friday was easily the best ever held here. In the morning, Mr. Ketchum of Hastings, president of the State Grange gave an address in the High school auditorium. Other numbers on the program were readings by Mrs. G. E. Kollen and selections by the High school quartet and orchestra.

For the best essay on birds first prize of a camera was given to Lottie Bosch, second prize of a fountain pen to Lottie Simpson.

Dr. Leenhouts and Miss Rodgers were in charge of the exercises. Trees were planted in each of the school wards of the city.

E. P. Davis will have charge of the barbecue at Jenison Park, Jake Lokker of the Sports and Chris Becker of the automobile parade, in connection with the West Michigan Editors' convention.

This picture shows the patient entirely helpless due to paralysis of lower limbs, right arm and neck. She was in this condition several years before spinal adjustments were taken.

This picture shows the same patient holding a child weighing 34½ pounds after a course of spinal adjustment which relieved the paralysis and all other troubles.

ZEELAND, MICH., APRIL 21, 1915

DR. JOHN DE JONGE, Dear Doctor:—

I am sending you the following affidavit and state that you may use the same as you see fit, if the same will be of any use to suffering humanity you may use it. I give it freely and unhesitatingly.

H. B. LAMAR.

State of Michigan, County of Ottawa, ss.

Henry B. Lamar, of Borculo, Ottawa Co., Michigan, first being duly sworn says, knowing that there are still some people who do not realize the great benefit to be had from Chiropractic spinal adjustment, after all hope seems gone, I must say that my daughter, Katie, was taken sick in 1907 with a serious illness called "Cerebro spinal meningitis." She would get a severe pain in the back of the head and down the spine, would get unconscious, and every muscle along the spine would contract, thus drawing the head between the shoulder blades and drawing the spine backwards into a curve. The pains were so severe that she was kept under morphine continually. This spell would last from five to seven weeks, then go away for two or three weeks and then return the same as before, and this continued until spinal adjustments were taken.

Her feet were paralyzed from the start, then the right arm and neck also became paralyzed, finally her suffering became so severe that she needed an attendant night and day for two years, during which time she was not taken from bed for fear it would kill her. Twelve physicians were consulted and not one of them gave us any hope for her recovery, but said she was dying limb by limb. No words can describe the terrible agony she suffered.

At this time friends strongly advised us to try Dr. De Jonge's method of spinal adjustment and we finally decided to give his method a trial. He found her suffering was caused by displacement of a few bones in her spine which pressed on important nerve trunks which lead to important organs of the body and explained why she could not recover until this pressure was removed by adjustment and the bones replaced.

The first adjustment of these bones was given and strange as it may seem this caused her to sleep normally for the first time in weeks. This was surely encouraging. By continued adjustments she regained the complete use of her paralyzed right arm in two months time. Still continuing the adjustment she recovered the complete use of her neck and lower limbs and can now walk so good that you cannot tell that she was ever a helpless invalid for eight long years. Her kidney and digestive troubles are all relieved and words cannot express our praise for Dr. De Jonge's method of spinal adjustment which is the only thing that gave her complete relief.

H. B. LAMAR.

Subscribed and sworn to before me this 28th day of April, 1915.

J. N. CLARK, Notary Public in and for Ottawa Co. My Commission expires Nov. 13, 1917.
