BONTEKOE SPIES MAN DRINK-

WINDOW

Two Others Pass the Bottle on the
Street to Their Friends

While Officer Bontekoe was standing
in the window of the offices of Cornel-
ius De Keyser, real estate dealer in
the Holland City State Bank Block, he
chanced to look down into the alley
below and he noticed Fred Wendel
passing a bottle to a friend.

The officer quickly gobbled his man
and took him to police headquarters
where he was bound over to circuit
court in \$200 bail, levied by Justice
Van Schelven.

Minard Casarwe and Walter Pittman
were arrested by Officer O'Connor,
caught in the act of passing a half
pint of whiskey forth and back be-
tween them.

The two men were pretty well stew-
ed, having just left a "Dead soldier"
in the entry way of John Karreman's
jewelry store.

These two men were also taken be-
fore Justice Van Schelven, and each
gave \$200 bail for their appearance in
circuit court later.

EX-MAYOR VANDER- SLUIS ASKED TO LEAD SINGING IN FLINT

BOYS CONFERENCE ASKED TO
HAVE HOLLAND DIRECTOR

During the State Sunday School
convention two years ago Ex-Mayor
John Vandersluis of this city made
quite a name for himself as director of
choruses.

Repeatedly he has been asked to di-
rect singing organizations in other
cities besides Holland.

Now comes a message from the
young boys of the state, who will hold
a conference in Flint in August where
thousands of boys will be represented.

Rev. F. S. Goodrich of Albion, sec-
retary of the Michigan State Sunday
School association, sends Mr. Vander-
sluis the following invitation which he
has naturally accepted.

My dear brother:—
Are you planning to be at Flint? If
so, the Boys' Conference would like to
have you lead their singing August 21-
22. Their conference opens Thursday
evening, August 21. I hope you can
be there.

Yours as ever,
Goodrich.

Auto-motive Engineers Make Big
Plans For Holland
Meet

It is scarcely possible that Holland
realizes what the auto-motive engi-
neers' convulse is going to mean for
this city and the resorts. The gather-
ing which will come to this vicinity
June 23, 24, 25, 26, and 27 are experts
in their line coming from four dis-
tricts. One district is in the east with
New York City as headquarters. An-
other district has Cleveland as its cen-
ter, a third district is the automobile
center of the world, namely Detroit,
and fourth is the city of Chicago.

A committee headed by Herbert
Chase of New York City called on Mr.
Morgan of the Holland interurban
and a representative of this paper and
together they made plans for their
coming in June. Arrangements were
made to have seaplanes take mail
from Holland to Chicago and return
twice daily during the five days' meet.
The farm land of Mr. Hubert
Harrington at Virginia Park has
also been rented and tractor tryouts
with the latest inventions attached
will there be put to work, and the en-
gineers will make comparisons and
suggestions that will be beneficial to
the organization.

Visitors are naturally invited to this
exhibition as well as to other doings
of a public nature. There's going to
be a large band here all week, and
possibly more than one. The big Ford
band of Detroit is surely expected,
and one from Chicago is also being ne-
gotiated for.

To show that money is no object to
these men is evidenced when one of
the committee suggested that a talent-
ed singer of fame be secured. One of
the members suggested that it would
cost \$1000 a day. "All right, put that
down, for we must have one," said an-
other one of the committee.

No doubt next month Holland will
see more automobiles, tractors, air and
sea planes than it has ever seen be-
fore, and here is no doubt that it will
have in its midst several thousand of
the most wide-awake people that this
country can boast of.

To the society of Auto-motive En-
gineers of the United States can be
given the credit for the wonderful de-
velopment of our motive power,
whether it be used in a tractor, auto-
mobile, or aeroplane.

This society is composed of "up-to-
the-minute" men and Holland should
give them an "up-to-the-minute"
welcome.

SCOW TIPS OVER ON A TUG AT OTTAWA BEACH

ONE HUNDRED AND SIXTY-FIVE
YARDS OF GRAVEL LOST,
VALUED AT \$2,300

Damage to Tug "John Albers," About
\$1,000.00; Captain Is
Hurt

A peculiar accident happened at
Ottawa Beach yesterday when a load-
ed gravel scow turned turtle at Otta-
wa Beach docks and in tipping struck
the tug "John Albers" of Saugatuck
which was lying alongside.

Captain Kelley and his tug for the
past two years has been hauling gravel
by scow from Grand Haven to Sauga-
tuck, to be used for the road building
operations now going on in Allegan
county.

Yesterday the filled gravel scow
sprang a leak off Holland Harbor. The
captain quickly ran into this port and
tied up at the Ottawa Beach docks,
preparatory to making repairs this
morning.

The tug tied up alongside of the
scow, but at 4:30 a. m. without warn-
ing the big gravel scow turned turtle,
nearly smothering the little tug as it
were, and doing \$1,000 worth of dam-
age to the craft.

One hundred and sixty-five yards
of gravel for which \$160 a yard is being
paid, is now at the bottom of Black
Lake and of course is a total loss as
far as the boat owners are concerned.

The tug, "John Albers" is a sorry
looking sight. The bulwarks, stens-
ions, and one side of the boat are
very much crushed.

Captain Kelley who was nearly
caught under one end of the tipping
scow had a leg quite severely hurt,
and it is said to be a miracle that more
of the crew who were working on
that side of the boat were not hurt or
killed, as the collapse came without
warning and was unexpected.

Bill Van Anrooy and his wrecking
outfit was on the job today attempt-
ing to right the scow.

The tug will be taken to Saugatuck
for necessary repairs and when com-
pleted will again begin to operate be-
tween Grand Haven and Saugatuck.

SPEAKERS NAMED FOR MEMORIAL EXERCISES

DR. S. M. ZWEMER TO DELIVER
SERMON; DR. J. E. KUIZENGA
MEMORIAL ORATION

Memorial Sunday Exercises To Be
Held In Third Reformed
Church

Dr. Samuel M. Zwemer will this year
deliver the sermon to the veterans on
Memorial Sunday, May 25, and Dr. J.
E. Kuizenga will deliver the Memorial
Day address on May 30. That much
has been decided in regard to Mem-
orial celebration in Holland the present
year.

Memorial Sunday plans are being
made by the A. C. Van Raalte Post G.
A. R. But for the first time in half
a century this post will not take
charge of the plans for Memorial Day
itself. There are only a very few of
the Post members left and they want
this year to deliver the work into
younger hands. The suggestion has
been made that the War Board should
take it in charge.

The services on Memorial Sunday
will this year be held in the Third
Reformed church. In the absence of
the pastor, Rev. M. Fipse, from the
city on that day Dr. Zwemer has been
secured to deliver the sermon. A cor-
onation is hereby extended to the
Woman's Relief Corps, to the
Spanish War Veterans and to the
World War Veterans to attend these
services in a body.

The A. C. Van Raalte Post explain-
ed today that the reason why the Mem-
orial Sunday services were always
held in one of the five churches in
Holland that have extended invitations
to the Post. The five churches are
the First Reformed, Hope, Third Re-
formed, Trinity and the M. E. church.
Each of these churches has the honor
of entertaining the veterans once in
five years.

Except for the appointment of the
speaker, no definite plans for Mem-
orial Day have been made. But because
of the return of many soldiers to Hol-
land, it is expected that the exercises
this year will be unusually impressive.

LOCALS

The committee on ordinances of the
common council gave notice last night
of the introduction at the next meet-
ing of two ordinances, one relative to
traffic violations and one relative to
the city hospital.

The Ways and Means committee of
the Common Council last night report-
ed the banks offered 2 1/2% on daily
deposits for city deposits and recom-
mended accepting it, which the council
did. This is the same arrangement
that has been in force so far.

Mrs. Susan Murine of this city
has returned from Fremont, Mich.,
where she was the guest of Rev. and
Mrs. James Esveid.

Jessick Brothers, Jenison Park, are
building a fine new boat house 30x83
feet. This new building will adjoin
the large one which was found alto-
gether too small for the rapid growth
of the business. The new boat house
will be ready for the opening of the
resort season.

SOLDIER WILL BE PRINCIPAL OF HIGH SCHOOL

LIEUT. J. J. RIEMERSMA CABLES
ACCEPTANCE OF OFFER OF
BOARD OF EDUCATION

Was Popular Member of the Faculty
Before He Entered U. S.
Service

A cablegram was received by Supt.
E. E. Fell from Lieut. J. J. Riemersma
in France announcing that he accepts
the offer of the Board of Education to
serve as principal of Holland High
school the coming year. The cable
was naturally very brief, merely stat-
ing the fact of the acceptance, but
Supt. Fell explained that the accept-
ance is doubtless subject to the con-
dition that Lieut. Riemersma will have
been released from the service by next
September. At present it does not
seem quite certain that he will be
mustered out by that time.

Mr. Riemersma is considered an
ideal successor to Principal C. E. Drew.
He was on the faculty of Holland high
school for more than two years during
the time of Mr. Drew's principality
and is thoroughly familiar with con-
ditions at the school and with the sys-
tem of things that have been developed
during the past few years. He was
moreover very active in athletics at
the high school and in high school ac-
tivities in general. He was very pop-
ular during the years that he taught
mathematics and will not come to the
local institution as a stranger.

Mr. Riemersma, whose home is in
Iowa, came to Holland several years
ago to attend Hope College, from
which institution he is a graduate. On
graduating he was awarded a fellow-
ship at the University of Michigan, at
which institution he spent one year,
coming back to Holland to teach mathe-
matics at Holland high school. Early
in the war he entered the service and
has been in France for a considerable
while. He took training at the
famous Saumur Artillery school and
obtained the rank of Lieutenant, and
has taken an active part in the fight-
ing.

Mr. Riemersma's acceptance of the
offer will be formally presented to the
Board of Education at its regular meet-
ing Monday night, when it will be ac-
ted on.

BOARD ADDS \$30,000 TO THE VICTORY LOAN

BOARD OF PUBLIC WORKS NOW
OWNS \$50,000.00 WORTH
OF BONDS

Council Unanimously Approves of the
Action Taken to Swell The
Victory Fund

As a result of action taken by the
Board of Public Works and concurred
in heartily by the common council at
its session last evening the sum of
\$30,000 has been added to the sub-
scription of this city to the Victory
Liberty Loan. The Board of Public
works previously subscribed \$20,000 to
previous Liberty Loans and with the
\$30,000 added last night, that board
will have \$50,000 in government bonds.
The council unanimously approved the
action of the board, with the only
conditions that all the bonds should
be registered. The board's reason for
making the subscription was given in
the following communication:
To the Honorable, the Mayor and
Common Council of the City of
Holland.

Gentlemen:—At a meeting of the
Board of Public Works held April
25th, 1919, the Board, by a unanimous
vote, decided to purchase \$30,000.00
worth of Victory Bonds. The reason
for the above action of the Board was
that in 1923 they will have \$57,000.00
worth of bonds on the bonded indebt-
edness falling due. In view of the
fact that the Victory Bonds come due
about the same time and that the
banks only pay 3 1/2% on daily bal-
ances whereas the Victory Bonds pay
4 1/2% interest, the Board would be
saving approximately \$675 per year.
The reason that the Board has kept
such a large surplus on hand was to
meet the bonds when they
became due and also to meet any
emergency that may come up. There-
fore, the Board respectfully asks that
you approve of their action.
Respectfully,

Wm. Winstrom,
Clerk of Board.

DRENTHE

Harm Van Spyker has returned home from overseas. He was mustered out at Camp Ouster the past week.

Mrs. R. Snowdon and two children, Mrs. Harry De Vries have returned to Chicago after spending a week at the home of their parents, Mr. and Mrs. E. Van Spyker.

Misses Lizzie and Johanna Van Hattama gave a shower in honor of Hattie Vredevelde at their home the past Saturday afternoon. Many useful gifts were received and a pleasant time was spent by all.

Miss Margaret De Vries is spending a three weeks' visit with friends in Battle Creek, Union City and Kalamazoo.

Mr. and Mrs. Harm Van Spyker spent last week Wednesday in Grand Rapids with relatives.

Last week Monday morning a thunder shower arose and lightning struck the church tower, this being the second time during storms it has been struck. It was slightly damaged.

Miss Myrtle Brower attended a banquet at Forest Grove the past week.

Miss Grace Doezeman and Gerrit E. Brouwer were united in marriage at the home of the bride's parents the past week Wednesday. The ceremony was performed by Rev. W. Van der Werp. Immediate relatives and friends only witnessed the same.

The home of Mr. and Mrs. Wm. Paddling first detected it. The fire in the rear of the house when Mrs. Paddling first detected it. The fire department from Forest Grove and with the assistance of near neighbors put the fire out, but not until the a woodshed had burned to the ground. This was an exciting event, as the young couple had just settled in their home a few weeks ago.

Miss Hattie Vredevelde and Henry Bos from Forest Grove were united in marriage at the home of the bride's parents last Thursday afternoon. The ceremony was performed by the Rev. W. Vander Werp in the presence of relative and friends of both bride and groom. A beautiful supper (Tablue) was served after which games were played and music furnished by the waiters.

Tuesday evening a miscellaneous shower was given in honor of Miss Maggie Tiesinga at the home of A. P. Kleis. The evening was spent in games and music after which a three course luncheon was served by Misses Effie Tiesinga and Marie Ter Vree. Those present were Maggie Teerman, Blanche Herley, Helen Zaren, Angie Dogger, Jean Klomper, Evelyn Burgh, Gertrude Tiesinga, Katherine Van Nall, Viola Sirer, Jeanette and Clara Tiesinga, Nella Karsten, Irene and Margaret Van Alsburg.

PARK TWP. GETS FINE BOOST IN THE 'V' LOAN

Park township Monday received a considerable boost in raising its Victory Liberty Loan quota. Park for some days has been practically stationary at about one-third of its required amount. Its quota is \$30,000 and for some time past the township has been hovering around the \$10,000 mark.

But Monday three summer residents of Park township came across with one thousand dollars each. The incentive that this will be to other summer residents is expected to help materially to bring Park up to the figure expected of it.

Dr. D. T. Vail of Cincinnati, who owns summer resort property at Waukazoo, subscribed \$1000 for the Victory Loan through the Holland City State Bank, the amount to be credited to Park township. Dr. Vail has lived at Waukazoo for many summers and has always taken a deep interest in its affairs. He wants to help Park township make a good showing, and while his major interests are in his home city of Cincinnati, he reserved a portion of his Victory Loan subscriptions for the place where he spends his summer.

Another Park township resident who subscribed \$1000 toward the quota of that community is H. L. Williams who owns summer resort property near Tennessee Beach. Mr. Williams in the winter time is a resident of Chicago but he was anxious to help the township where so many of his interests lie to reach its quota.

A third resident of that township who came across with a thousand dollar subscription Monday was J. E. Crate whose summer home is on the side of the lake. Mr. Crate is a resident of Chicago. When he was at Park township was lagging at Liberty Loan headquarters. He had all the required three hundred dollars increased that to five hundred dollars.

Time will be given until 1st of Oct. 1919 on good approved notes over \$5, below \$5 cash. 4% discount for cash over \$5.

\$400.00 WORTH STOLEN AT THE WAVERLY YARDS

John Glass, who with his wife and two children live two miles north of Waverly, was arrested Saturday for stealing freight from cars in the Waverly yards. The goods were found in his home north of the city.

Glass who has been an employee of the Pere Marquette at Waverly for the past three years was caught by A. McNabb stealing two planks from the railroad yards. McNabb had seen other peculiarities about Glass and he sent word to the company's detectives of Grand Rapids stating that an investigation might clear up several other cases of petty thieving that had been going on at Waverly for some time.

George Hoffman, one of the company's men, and deputy sheriff Dick Homkes were detailed on the case, and they watched Glass going from the Waverly yards to his home.

Armed with a search warrant they made a thorough search of his premises, and found between three and four hundred dollars' worth of stolen articles, that had been taken either from cars, office or the Waverly yards.

Glass at first denied that he had taken anything, and stated much of the stuff which was brought to light, was ordered from a mail order house. A roll of sole leather worth \$75 belonging to the Cappon-Bertsch Leather Company he claimed to have found among the weeds in the swamps nearby.

The officers gave the man a thorough grilling and at last he confessed that every article had been stolen from the Pere Marquette railroad, while he was at work at Waverly.

Among the goods stolen was a roll of fancy shoe leather, hoe, axe, crowbar, saw, a couple dozen boxes of matches a dozen and a half boxes of tooth-picks, several dozen socks, two dozen pairs of ladies' stockings, a bundle of canvas gloves, three panes of glass, several carpenters' tools, a large roll of sole leather, a big canvas top twenty feet square, used for covering automobiles in transit, a dozen boxes of shotgun shells, a half dozen meat hooks, two rolls of sand paper, several window brushes, a carton of camel cigarettes, several boxes of Fatima cigarettes, one half dozen boxes of coffee extract, a box of leather soles and rubber heels said to belong to the Holland Shoe Company, which was taken from the express office, and a score of minor objects that cannot be directly traced were also found on the premises.

Glass was taken before Justice Van Schelven Saturday afternoon, where he pleaded guilty and paid back to the Pere Marquette R'y Co. \$300 and the goods stolen, and paid a fine and costs of \$50.

This clears the man as far as the Pere Marquette R'y is concerned. His case with the express company is a different matter and the local agent and headquarters of Grand Rapids are now making an investigation in order to find out how much further the thieving has been going on. They are trying to establish a clue upon which to get a direct charge against the man. Monday morning Detective Hoffman took from police headquarters a drayload of stolen goods.

WANTED—Young man by the month for the summer, must be a milker. I buy and sell pork, fat cows. Handle condemned cow on commission or in the lump. Also handle eggs at market prices. TO MANUFACTURE BANJOS AT SAUGATUCK

Thomas Carey, a banjo manufacturer will establish his plant at Saugatuck. It is understood he has practically closed a deal for the purchase of a site. Mr. Carey is now in the government service, from which he expects to be released in a couple of weeks. The family are at Saugatuck and have leased for a year from W. R. Gardner the residence formerly occupied by him, and a car of household goods and machinery came this week. Mr. Carey manufactures the banjos handled by Lyon & Healy, and is himself said to be one of the best banjo players in the United States.

BEAVERDAM WOMEN HELP HOLLAND R. C.

Mrs. Van Duren of the Red Cross Friday received a call from the Zeeland branch asking for some yarn. The Zeeland Red Cross officials said that there were six ladies in Beaverdam who had read in the paper that Holland still had yarn on hand for sixty pairs of stockings and these ladies were anxious to help in the work and thus help Holland to finish before demobilization the latter part of this month.

The yarn was gladly furnished to the Beaverdam women, all the more so because Holland women have not so far shown an undue eagerness to call for yarn to finish this last job of all. The local Red Cross is still asking for women volunteers to help in the work.

HOLLAND GIRL WEDS ILLINOIS MAN

A quiet wedding took place in Grand Haven Monday in which Miss Dora Kraai and Claude Quickel were the participants. Miss Kraai is the daughter of Mr. and Mrs. Albert Kraai of 30 East 16th St. Mr. Quickel's home is in Decatur, Ill., where they will make their home. Miss Kraai is widely known and very popular among the young folks of the city. Mr. Quickel also has made many friends here as he has resorted at Virginia Park for the last four years. The couple left for Chicago Tuesday night where they will spend a few days. They will then go to Decatur where Mr. Quickel will take up his duties with the Wabash Railway.

This "Velvet" Comes in Mighty Handy

Yep, collected my Liberty Bond interest today. Seems like finding money to clip off the old coupon and shove it in the window like a certified check. That "velvet" will sure come in handy. Some way or another, I never felt so set up and idly rich in my life as I do now, with Liberty Bonds drawing interest regularly.

Victory Liberty Loan? I'm going to subscribe all I can. I like this business of being a bondholder—it's a great feeling.

NO SCRAP FOR ANY APPOINTMENT IS DEVELOPED

Mayor Bosch has a side partner as a mayor pro tem in a man who measures in his stocking feet well up with the head of the city government. Holland's chief executive and his "vice" are the two tallest city officials we have and it is a stand-off who takes the palm Mr. Bosch or his newly elected mayor pro tem, Wm. Lawrence. Anyway we now have two that are way in the air and can have general supervision of everything going on about them, which should aid materially in transacting city business.

Monday night was the annual night when generally some hopes are high and other hopes are dashed to earth. This is the time when the Common Council has thirteen plums to hand around. Unlucky number, that is true, but lucky for some. Other years these offices brought scores of seekers and the members of the Common Council were besieged with and button-holed for weeks by those who would like a warm berth in the city hall with salary attached. This year all this was changed. The city fathers considered from the first that they had an efficient staff around them, men who had been faithful to their trust and they discouraged from the first all attempts to change this state of affairs.

The year 1919 will not find a change in the personnel among the list of appointees named Monday night. Some offices are honorary such as members of park and cemetery board, members of Board of Health, members of Harbor Board and members of Library Board. These men serve without pay and their efficient service is recognized by every one who can see efficiency and knows enough to give credit where credit is due.

The rest of the appointments are salaried officials and not alone were these men re-appointed but each received a boost in salary, even the dog-catcher coming for a raise.

The list of city officials appointed Monday evening were as follows: City Attorney—Chas. H. McBride. President Pro tem of the Common Council—Wm. Lawrence.

City Engineer—Jacob Zuidema. Health Officer—B. B. Godfrey. City Inspector—John Vanden Berg. Director of Poor—John VandenBerg. Poundmaster—Peter Ver Weij. Member of the Library Board—Rev. J. P. Battema. Cemetery Trustee—J. A. Kelley. Member of Board of Health—Dr. T. A. Boot. Two members of Harbor Board—G. J. Diekema, J. J. Cappon.

FOR SALE—Milk cows; small bull for service, \$35; seed oats 90c per bu.; young pullets white Leghorns and Plymouth Rocks. Zeeland phone 223 three rings. Henry A. Van Dyke, Holland R. No. 2. 21239

WASHINGTON HEARS OF OTTAWA'S TREE PLANTING SCHEME

Hundreds of trees have been planted along highways in Ottawa County during the past few weeks, and hundreds more are to be planted in the near future. County School Commissioner Nelson R. Stanton a month or two ago evolved a plan whereby each 8th grade graduate of the Ottawa Co. schools would become responsible for the planting of one tree somewhere along the highway as a memorial to the Ottawa County soldiers.

The plan met with instant favor. Mr. Stanton in visiting the schools of the county has been making talks to the classes that are to graduate in June and in not a single case has the plan been rejected by the pupils. All seem to be enthusiastic and many have already put the plan into execution. So enthusiastic are the pupils in some schools, that pupils of the seventh grade frequently ask permission to plant trees also, which permission is of course always given.

The trees will be cared for during the first few critical years by the Ottawa County Road Commission.

The plan has attained more than local fame, as was shown by a letter received by Mr. Stanton a short time ago from the "American Forestry Magazine" of Washington, D. C. That Magazine had evidently heard of it and wrote in part as follows:

"My dear Mr. Stanton: We wish to congratulate you on your plans for tree planting there. It is a great work indeed and we wish you every success. We are enclosing you some data which we hope will interest you in connection with it."

MEMORIAL OAKS ARE PLANTED IN HOLLAND PARKS

Some time ago the common council ordered the planting of a memorial oak in each one of the parks of Holland as a memorial to the soldiers from this city who fought for America in France and other countries. Park Commissioner Kooyers got busy and he announced Monday that all the oaks have now been planted.

They are what are called "pin oaks," and somewhat different from the usual variety planted here. There are six of them, one in each of Holland's six parks. Later on markers will be placed near each one of the memorial trees so that the public will be able to distinguish them. And it is expected that dedication exercises will be held later.

COLLEGE CLASSES IN A RUSH

Friday morning one of the college classes that had been observing a clean-up day at the college campus came parading down the street, dressed as farmers with big hats and overalls, while several had wisps of hay in their mouths. Some of the young men had placed several of the young lady students in a couple of old farm wagons and these they drew by means of ropes over River avenue and 8th St.

Other students had rakes, hoes, shovels and wheelbarrows to display, showing that they had been busy on the job of cleaning up things around Hope.

However this is not the only cleaning that was done. After several college yells under the town clock, the class proceeded to Centennial park, where several huskies of another class proceeded to rush them, trying to take away their banner.

The whole affair was soon a free-for-all, and in the melee several of the students were dumped into the fish pond in the park.

One of them not as fortunate as the others, who only got a wet skin, came out unconscious, and needed the brotherly assistance and sisterly nursing of the coeds from both classes. The rush was forgotten in the rush that followed to give first aid to the wounded.

ZEELAND ATTORNEY

BACK FROM WAR

Attorney J. N. Clark former Zeeland City Attorney, has recently returned from service overseas. He arrived at Hoboken in early March and has received his discharge and has returned to Zeeland. Attorney Clark has been in the service for twenty months.

He enlisted in the summer of 1917 and was recommended to the Second Officers Training School at Ft. Monroe, Va., where he received his commission as 1st Lieutenant in the Coast Artillery Corps. He left for overseas with the 66th Artillery last July landing in England. They were soon transported across the straits into France where his regiment was assigned to the heavy artillery, the eight-inch Howitzer gun. They had finished training and were going to the fighting line within a few days when armistice was signed.

Lieut. Clark was engaged in court martial work acting as judge advocate in the court cases. He is now back at the old stand and reopened his offices in the State Commercial & Savings Bank Building and ready for work.

Mrs. Clark and children will also return to Zeeland in a few weeks.

PECULIAR ACCIDENT SOUTH OF HOLLAND

O. Beerbower of New Richmond, met with an accident last Friday from which he was lucky to have escaped without more serious injuries. Beerbower was pulling stumps when the team started just as he was in the act of unhitching them from an unusually large stump. The team began to pull however before they were completely unhitched and pulled the stump over on the man. It seems a miracle that he was not killed. As it was Beerbower was badly bruised, but no bones were broken.

GLEE CLUB PLEASED LARGE AUDIENCE WITH PROGRAM

The high school auditorium was well filled with music lovers Friday evening when the Harmony Glee Club gave a public concert. This Glee club gave its last concert before this one five years ago, when the organization was still known as the Federation Chorus. It is planned after this to give a concert annually, and the large audience that heard the program Friday night will welcome this announcement as very good news, because the program was a most pleasing one.

The Glee club was assisted by J. J. Helder, tenor, by Dr. George F. Bolender, celloist, and Mrs. J. Jans Helder, served as accompanist for these special numbers. Herman Cook was the director of the Glee club and Miss Ruth Reidsma served as accompanist.

The Glee club is composed of the following: First Tenor—Albert Berkompas, Bernard Kammeraad, Gerrit Ter Beek, Fred Van Lente, Ralph Van Lente; Second Tenor, John Berkompas, Herman Cook, John Dykema, Elmer J. Scheepers; Baritone, Maurice H. Scheepers, John Ter Beek, Franklin F. Van Ry; Bass, G. Cook, John Ter Vree, Wm. E. Vander Hart.

All the numbers of the Glee club were very well rendered, and the Central Avenue orchestra contributed some splendid numbers. J. J. Helder who is an old favorite with Holland audiences won the audience especially with his number with cello obligato by Dr. Bolendar. Dr. Bolendar also contributed much to the success of the program.

The first annual convention of the Michigan Branch of the National Mothers' Congress and Parents-Teachers association, held in Holland Thursday and Friday was in every respect a success. Supt. E. E. Fell believes in spite of unfavorable weather he first day. The people of Holland made the convention a success and Mr. Fell Saturday expressed his sense of appreciation for the splendid way in which people took the delegates into their homes and made them feel welcome in the city. Mr. Fell further expressed his special appreciation to the automobile owners of the city who turned out in the procession, and it was one of the most pleasant features of the whole convention.

Four cities are making a bid for the convention next year—Detroit, Grand Rapids, Ann Arbor and Jackson. The decision will lie with the executive committee. The choice seems to lie between Ann Arbor and Jackson, with Ann Arbor having the preference, since that city has a strong organization.

The delegates also were loud in their expressions of appreciation for the treatment received here.

A. M. Galentine was a Grand Rapids visitor Sunday.

The Country that cleans up its War Cost first will have the jump on the World's Business.

The wheels of commerce can't turn freely while clogged with debt. A nation itself cannot seek the business of the world until it meets its own obligations.

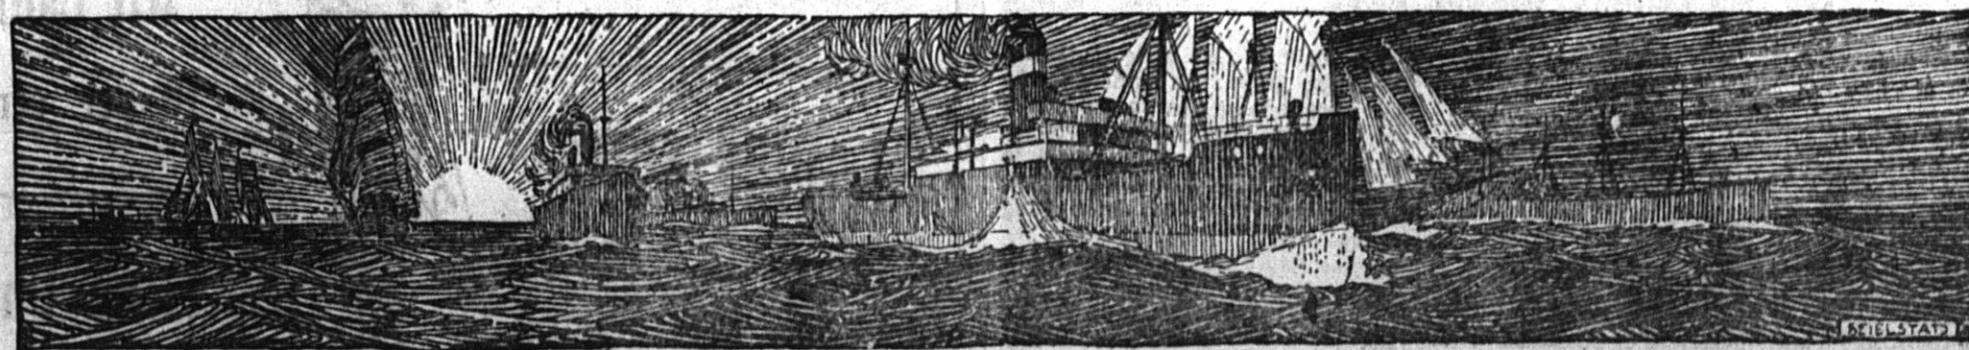

In the race for world prosperity the country that is unhampered by the dead-weight of unpaid millions will

be the nation first to reach the goal of commercial domination.

The Victory Liberty Loan will wipe the slate clean—will put America on her toes, unhandicapped—will insure prosperity for all businesses.

But, to do this, the Loan *must* be floated!

James Shannon and family of Gan- ges moved to Holland where they will reside the coming summer.

Friday night at 10:30 a beautiful display of northern lights was visible in Holland and was admired by a large number of citizens.

George W. De Witt, retired farmer who has been living in Filmore, has built a new bungalow at 45 E. 17th Street.

Mrs. R. Ames of Saugatuck is seriously ill and her daughter, Mrs. Wm. Byron of Central Ave., is there taking care of her.

There are only two cases of contagious diseases in Holland, one a case of measles and one a case of pneumonia, according to Health Officer Godfrey.

Mr. and Mrs. E. E. Strang of 244 Lincoln Avenue received word that their son Chester has arrived safely in New York from overseas.

Mr. and Mrs. A. S. Gabe have moved from their home on 12th St. and have opened Pelham Lodge at Wauka-zoo for the summer.

Mr. and Mrs. John Slagh and baby of Boston are visiting at the home of Mr. and Mrs. Peter Slagh. Mr. Slagh has been honorably discharged from the service.

Bird and Perkins of Saugatuck have completed a river boat that will ply between Saugatuck and New Richmond. A trip up river is one that can hardly be beaten for river scenery and is well worth a day's outing.

President Dimment believes in clean-up day and so do the students of Hope. The three fraternity halls on the campus needed a coat of paint. The president purchased the paint, and the student body is daubing it on, and they are making a good job of it.

Marriage at the parsonage by Rev. M. Van Vessem of Zeeland Wednesday April 30, Miss Lenora Van Welt of Zeeland to Martin Wyngarden of Vriesland. They will make their home on the farm of Peter Wyngarden in Vriesland.

Several Allegan county townships are behind on their Victory Loan subscriptions. Laketown, Filmore and Overisel are especially behind in their subscriptions which is unusual considering these rich townships and judging from the way other loans went over. Laketown quota is \$84,000 subscribed thus far \$7100. Overisel's quota \$23,500 subscribed \$20,000; Filmore's quota \$27,350, subscribed \$12,050; Manlius' quota \$15,400, subscribed \$7,850; Saugatuck Township's quota \$23,800, subscribed \$14,100.

The P-T delegates to Holland publicly thanked the Holland Boy Scouts for their kindly aid extended during their stay in this city. As the delegates in a resolution stated, they seldom saw more accommodating and a more gentlemanly lot of boys. The wants of the delegates were looked after to the last detail.

It was reported a few days ago that Russel Beekman, who returned to this country, had been gassed. This report is now found to have been erroneous. Mr. Beekman did not return as a casualty but came with the rest of his division. He was wounded during the war but that wound has healed long ago. He is now in the hospital however with rheumatism.

The Woman's Exchange opened for the first time Saturday on the second floor of the Van Ark Furniture Store. Women are invited to put baked goods and other articles up for sale and others are invited to come and buy. The exchange will be open all on Saturday.

The next session of western social conference is scheduled for Monday, May 19, in Semelink family hall. The speakers and subjects are: Rev. B. Hoffman of Zeeland on "The Zionist Movement," and Rev. S. Vander Werf of Holland on "The Significance of Principles Revealed in the Great War."

The spirit of boosting salaries was rampant in the council chamber Monday night after the alderman had given every one in sight a raise. They found, when the council already had adjourned, that the venerable janitor had been forgotten. The mayor quickly re-opened the session and Mr. Boerma was given \$100 a month instead of \$87. The old gentleman is the most tickled man around the city hall today.

The regular May meeting of the Elizabeth Schuyler Hamilton Chapter D. A. R. is to be postponed from Thursday to Friday. The meeting will be held at 3 o'clock at the home of Mrs. J. P. Oggel, 126 E. 12th St. The hostess will be assisted by Mrs. Waltz. As it is the annual meeting a large attendance is desired.

Ex-Alderman Drinkwater who was alderman for two meetings is "ex" again. Quoting the old song, "He came right in and turned around and walked right out again." But upon leaving, he left behind him a fine box of Havanas and the city fathers were puffing smoke all evening on ex-alderman Drinkwater.

The teachers of the Washington School will entertain the Mothers of the school Friday afternoon at 2:30 in honor of Mothers' Day. All are cordially invited.

At least 2,000 Seventh Day Adventists are expected to meet at Allegan on June 12 to 22. Several members from Holland are expected to attend. The Fourth Reformed church is still without a pastor. Rev. J. M. Lumkes of Chicago declined the call to the Holland church.

Wm. Arendshorst and John Van Tatenhove motored to Muskegon Wednesday.

Wm. J. Olive and R. N. DeMerrill were in Grand Rapids on business Wednesday.

A number of friends gathered at the home of Mr. and Mrs. A. Van Anrooy Monday evening to remind them that it was their 10th wedding anniversary. A dainty lunch was served and all spent an enjoyable evening.

Ray Nies and family and John Nies of Holland were Sunday dinner guests of Mr. and Mrs. Fred Wade. The party also included Mrs. A. D. Moore of Seattle, Wash., who was formerly Miss Kate Nies.—Saugatuck Commercial Record.

Mrs. John Broekema of Evanston, Ill., is at her country home for the season.

Mrs. W. G. Sanders of near Greenville is visiting her daughter, Mrs. A. M. Galentine, West Fifteenth street.

Miss Ruth Walsh and Miss Beatrice Steketee were the guests of friends in Grand Rapids Monday.

Rev. Henneveld of Muskegon is the guest of his parents, Mr. and Mrs. Luke Lugers, at Lugers Crossings.

Congressman Carl Mapes was in Holland Saturday calling on friends. He will return to Washington, D. C. on Thursday.

The Bosworth family have left for Chicago to be present at a parade of the Rainbow Division Wednesday. A nephew of Mr. Bosworth is a member of the division.

WILL HAVE NO CITY PHYSICIAN THIS YEAR

It was the unanimous opinion of the Common Council that a city physician was a very unsatisfactory office to have, and for that reason no appointment was made to fill this place, and this office will be abolished at least for a time.

The mayor and common council state that they have had more trouble with city physicians alone, than with all the rest of the offices taken together.

Mayor Bosch stated that in most instances the persons on the poor list received scant attention, and the service, that the ones who really needed help, received was anything but satisfactory.

"A poor patient," said the mayor "seemed to get last consideration, and we want this thing stopped."

For that reason the council decided that anyone in need of medical aid and recommended as o. k. by the poor committee, can call in their own physician, regardless of who it may be.

The physician will send in his bill to the city clerk in the regular way, and these bills will be passed on by the auditing committee, and vouchers will be issued the doctors in the same way that the city pays the rest of the obligations.

The council feels that a physician is then receiving direct pay for his services, and of course he could not get this pay unless he would prescribe to a patient.

With a city physician this is different. This office pays a certain salary each year, and the physician appointed to it is supposed to look after the needs of the city poor whenever he is called.

The claim is that while the salary was being drawn, the services to the poor seemed to be a secondary consideration to the physician. None of the doctors either in the city seemed to be very anxious to hold down the job, as the salary connected is anything but flattering.

In the future all the doctors in the city will be city physicians and their services will be paid for at the regular rate.

Peter Notier transacted business in Grand Rapids Monday.

Otto Cohen who has just returned from France is visiting in the city.

SUNDAY, MAY 11, IS DESIGNATED MOTHER'S DAY

Holland no doubt will celebrate the event in the usual way.

SPRING FESTIVAL AT CHURCH WAS WELL ATTENDED

Ninth Street Christian Reformed church was well filled with an interested audience Tuesday evening to listen to a well balanced program given by the Y. M. S. A., it being the fifth number of the second annual lecture course.

A chorus of one hundred voices under the direction of Mr. Wm. Brouwer, gave several selections very creditably. One of the features of the evening's program was the rendition of a reading entitled "The Soul of the Violin" (Fargaret M. Merrill) by Miss Dena Rinck, in which the following scene was depicted. Scene—A dingy attic room in a wretched tenement. A bit of candle stuck in an old bottle gives a faint, gloomy light; a rickety chair, a table, a pile of straw for a bed. A man stands by the table lifting a vio-

lin from a case. He touches it as men touch the thing they love most. He holds it against his hunger-wasted face, and talks to it as if it lived and understood all he said. The program follows:

(a) March, (b) Selection..... Central Ave. Orchestra
Star Spangled Banner.....Audience
Invocation.....Pres. Y. M. S. A.
O Give Thanks Unto the Lord.....Smart Chorus—Sop. Solo, Miss Ella Slagh
Violin Solo.....Prof. B. Meisnecke
Praise the Lord, O my Soul.....Smart Chorus
Saxophone Solo.....Mr. John Van Vyven
I Will Magnify Thee, O God.....Churchill Chorus—Solo, Gerrit Ter Beek
(a) Selection, (b) Meditation,
(c) Overture.....Orchestra
Reading—"The Other Wise Man".....Miss Tena Holkeboer
Lift up your heads.....Ashford Chorus—Sop. Solo, Miss J. Brouwer
Come at Times a Stillness as of Ever (Smith).....Chorus

Reading—"The Soul of the Violin" Miss Dena Rinck
(a) The Battle Call of Alliance, [DeKover], (b) Laddie in Khaki, [Ivor Novello].....Chorus
Closing.....

HOLLAND WOMAN RECOGNIZED BY THE U. S. GOVERNMENT

(Continued from First Page)

for services rendered, in fact are some times considered as government employees under government pay.

Mrs. John F. Dryden, 93 West 13th street, we consider as one of these women. It may not be generally known that Mrs. Dryden has for the past 18 months devoted nearly all her time daily to government service.

Her reward was the satisfaction of knowing that she had done her full share to aid her country and her flag, and our soldiers in times of stress.

Mrs. Dryden has had not a little to do with the food regulations in this city.

It was her duty to send in two reports to Washington weekly in which she kept tab on food prices in Holland.

It was her duty to investigate all merchants who sold food stuffs, and to find out whether food was being sold at a higher price than what the federal law provided after congress had passed this war measure.

Mrs. Dryden states that a few of the merchants had to be reported and were compelled to pay a fine, but that on the whole Holland business men followed the dictations of the law very strictly, and the city should be congratulated upon the patriotic spirit of the merchants and their willingness to aid in performing and following the food regulations laid down in the law.

Mrs. Dryden was also assigned to the gigantic duty of taking the census of every male and female employee in the city. The government asked for a detailed statement as to how many auto trucks the city had, and how many dry horses would be available if they were needed hurriedly.

After weeks of diligent work visiting factories and stores Mrs. Dryden sent in her report that there 3363 male employees in this city, and that the females numbered 602, and while a few years ago an auto truck was a thing we only read about in the paper as an experiment Holland today had 72 of them.

The list of horses available was not as large however as might be expected, 101 comprising the whole lot. This no doubt is caused from the fact that "Old Dobbin's" has been substituted by the automobile.

Mrs. Dryden has done this work conscientiously, faithfully and without pay, and in recognition of her services to Uncle Sam, Herbert Hoover, government food administrator sends her the following diploma which she prizes very highly.

The United States Food Administration,

Presents this testimonial to Mrs. John F. Dryden in recognition of the appreciation and esteem in which it holds the valuable services which she rendered voluntarily and with fidelity as a retail price reporter.

Herbert Hoover, Food Administrator, Washington, 1919. Raymond Pearl, Chief Statistical Division.

SALARY QUESTION AGAIN BOBS UP AT MEETING

BOARD OF PUBLIC WORKS ASKS COUNCIL FOR A DEFINITE REPLY

Tense Moment in the Council Room Dissolves in Soft Words and Smiles

The question regarding the raise of salary of Superintendent of Public Works Bowen is still a live one, as was shown at the meeting of the council last evening. A representation of the members of the board was present at the meeting, headed by Walter

Lane, president of the board. The other two members on the delegation were Simon Kiehn and Frank Bolhuis.

Mr. Lane requested a chance to speak and he was invited by Mayor Bosch to occupy the mayor's place on the rostrum. There was a tense moment and for a little while the situation seemed full of possibilities. But the members of the board and the council members treated one another with the utmost courtesy and a liberal use of smiles and the soft answer that turneth away wrath helped to make things pleasant.

Mr. Lane calmly stated to the council that some weeks ago the board of public works sent a recommendation to the council to the effect that the salary of the superintendent be raised but that no official reply had been received from the council by the board. He declared that, so far as the board knew, there was no contention that the superintendent was not worth the money, but that common street talk, the board's only means of information in the absence of an official reply, had it that it was a matter of personal ill-feeling toward the superintendent on the part of some. He declared that if the superintendent was not worth the money the council should not pay him. The council's business to say so; that the board was conscientious in the matter and had taken the action because they honestly believed it was for the best interest of the city. He said the board had a right to expect an answer from the council in an official way.

The mayor and aldermen assured the president of the board that the intention had been to take up the matter last evening, but that it had been overlooked. To remedy the matter it was decided then and there to refer the matter to a committee which will confer with the Board of Public Works.

WHEN CLOCKS GO AHEAD LESS LIGHT USED

It may not be known by many citizens that the new day light law, while it aids the rank and file of the people in saving current, and consequently electric light bills, the Holland Electric and Light Plant, because of the changing of the clock one hour ahead, sells less current, and consequently gets less revenue.

During the war too, a few of our factories took up a great deal of the surplus current in war work, which also meant considerable revenue pouring into the coffers of the board of public works.

The war work ceasing with the end of the war, also curtailed the use of current, and the revenue from that source was also greatly reduced.

"This slack must be taken up," said the board of public works, and "Bill" Winstrom, clerk of the board took it upon himself to pull in this slack.

The method he used was a common sense one of hustling and getting more business, and one would think that nearly every home in the city would be lighted with electricity by this time. But in Mr. Winstrom's combing of the city, he found that several homes were still illuminated by the old fashioned oil lamps, and John D. was still getting his tribute from these people by virtue of the kerosene sold.

By hustling evenings, Mr. Winstrom connected up some fifty odd customers that he had solicited for current.

The city is in business, not alone to sell light at night but it is especially anxious to sell current during the day time, when there is an overabundance of it, and anything sold from this surplus can be considered pure velvet.

Another way to take up the slack Mr. Winstrom thought would be to bustle the selling of devices that used current during the day time. So the clerk of the board gets busy, and has sold since January first, more than 50 flat irons, 3 dozen vacuum cleaners, a score of electric toasters and chafing dishes, a few electric stoves, a couple

dozen washing machines, and other devices that tend to the selling of day current.

While the city in a way is a competitor of our electric shops in Holland, it is co-operating in every way with the local electricians.

The main object is to get these labor-saving and economical devices in the homes, first for the convenience of the public and second, that the city will be enabled to sell more of its day current of which it has a great deal to sell.

Most of the slack is taken up, caused by the one hour earlier law, and at the rate the city is going in the making of new connections for light, and the installing of devices in which day current is used, the board of public works will soon be turning out more current than at any other time in its history.

TO HAVE RURAL BOXES ON RIGHT SIDE OF ROAD

ALL THE RURAL CARRIERS ARE APPARENTLY RIGHT-HANDED

Postmaster Wm. O. Van Eyck is in receipt of the following instructions as to the location of rural route boxes:

Each box (of rural patrons) shall, if practicable, be erected on the right hand side of the road regularly traveled by the rural carrier and in such position as to be easily and safely accessible for the delivery and collection of mail by the carrier without leaving his conveyance.

It is required by the Department when, because of traffic conditions to travel from side to side of the road would endanger the life of the carrier and the safety of the mails, or would be in violation of the local ordinances in respect to the use of the highways, that all boxes be erected on the right hand side of the road regularly traveled by the carrier. It is expected that postmasters will endeavor to have all boxes placed in conformity with this requirement, full report to be made to the Division of Rural Mails of instances in which patrons fail or refuse to comply with reasonable requests for re-location of boxes.

Government apparently believes that all Rural carriers are right-handed.

MAYOR BOSCH WANTS CHEAPER ELECTRIC LIGHT

Claiming that the Board of Public Works has several thousand dollars in net profits in the city's strong box, Mayor Bosch wants some of this distributed in the way of cheaper light for the consumers.

The Mayor in a message to the common council sets forth his reasons for making such a demand and these will be found in the message below. The message was approved by a unanimous vote of the Common Council:

May 6, 1919. To the Honorable, Common Council of the City of Holland, Gentlemen:—

In spite of the fact that last year the city, like every other concern, labored under abnormal conditions due to the war, and in spite of the fact that by reason of that the municipal light and power plant incurred a heavy load in adverse conditions, including an abnormal rate of depreciation—in spite of all that, the plant cleared several thousand dollars in net profits.

That being the case, I would recommend to your honorable body that a committee of aldermen be appointed whose duty it shall be to confer with the Board of Public Works to consider the matter of the reduction of the electric light rates charged the consuming public who are the owners of the plant. In my judgment the light rates should be reduced to some extent because of the conditions I have stated.

I would further recommend that this same committee, together with the members of the Board of Public Works go into the matter of a re-arrangement of the power rates. I emphasize the fact that I do not necessarily mean a reduction of the power rates, but I believe that the rates should be re-arranged and re-adjusted.

Respectfully submitted, Nicodemus Bosch, Mayor.

THE HOLLAND GAS PLANT HAS BEEN SOLD

The Holland City Gas Plant was sold Tuesday morning by the trustee in bankruptcy, the Grand Rapids Trust Co., to Charles W. McGuire of Chicago for \$5,000. The property, however, is subject to the company's outstanding bonds, which amount to \$303,000 and past due interest thereon of about \$22,000, which makes the selling price of the property approximately \$330,000.00.

The sale took place in the office of the referee in bankruptcy, Benn M. Corwin. Mr. McGuire was the only bidder. He is interested in public utility properties in several cities.

As soon as the sale is confirmed, the situation will be about as follows. The plant will have to be closed, or the city of Holland will have to give the company a new franchise at an increased rate, so it can earn the interest on its bonds, or the question of rates can be submitted to the new public utilities commission, under the law which goes into effect May 15.

There were several Holland City officials present at the sale but they were not in a position to bid as far as the city is concerned for the reason that the matter, if Holland were to buy a plant must first be elected by the vote of the citizens of this city.

McGuire, after he had acquired the plant came over to the Holland public officials and had quite a chat with them stating that he was coming over in about ten days and was going to go over the whole situation with the common council and the other city officials. He thought that after Holland understood the conditions more thoroughly the new company and Holland could come to some amicable understanding on some basis and matters would go along swimmingly.

McGuire is some talker and seems to understand Holland Gas matters thoroughly.

As one alderman put it, "He talks so fast that you can't hardly get a word in edgewise."

Those who attended the sale from Holland were Mayor Bosch, City Attorney McBride, Assessor Chris Nibbelink, City Clerk Overweg Aldermen DeVries and Brieve.

CHILD WELFARE PROGRAM GIVEN BY W. L. C.

"Babies' Welfare Day" was observed at the Woman's Literary Club Tuesday afternoon, the program being arranged by the Civic Health Committee under the chairmanship of Mrs. A. Leenhouts. In the absence of Mrs. Leenhouts, Mrs. E. J. Bledsirk presided.

The speakers for the afternoon were Miss Margaret Roche, Supt. of the Clinic for Infant Feeding, of the City of Grand Rapids, and Miss Alma Koertge, city nurse, of Holland. Miss Roche told of the rapid growth of the Grand Rapids clinics during the past few years, the increase in the number of babies cared for and the marked lowering of the death rate.

Miss Koertge made a plea for more help from the women and mothers of Holland, to raise funds for the clinic. She said 63 children had been examined thus far, 12 operations performed and 38 had dental attention.

Another enjoyable feature of the program was several musical numbers furnished by children. Vernon Ten Cate sang two solos, accompanied by Cathleen Mersen and Rutherford Huizenga on the violin and John Lloyd Kollen, at the piano, and two piano numbers were given one by Miss Harriet Vanden Bosch and the other by John Lloyd Kollen.

DR. LEENHOUTS IS NAMED HEAD OF MILITARY POST

Although it is as yet nameless, the military post for the World War Veterans of Holland and surrounding community is now an accomplished fact. At a meeting held in the city hall Tuesday evening an organization was effected and a temporary constitution was adopted.

Against his will and with strenuous protest on his part, Dr. A. Leenhouts was elected president of the temporary organization. Dr. Leenhouts wanted an overseas man to take the position, but he was forced to accept the honor thrust upon him. Other officers elected were: Harold Golds, vice president; Raymond Visscher, secretary; and Henry Geerts, treasurer. These officers will hold office until such time as a permanent organization shall have been effected and a charter secured from the national post.

There were sixty veterans present at the meeting and the gathering was an enthusiastic one. The committee organization submitted a very brief constitution which is designed to serve until such time as the permanent organization shall come into being, and this constitution was adopted after minor changes had been made.

A committee was appointed to find a name for the local post. The committee will report at a later meeting when its findings will be voted on by the members. The executive committee was instructed to keep in touch with the American Legion.

The dues of membership are only 25 cents. Various committees were appointed by the president. The appointments will be announced through the News. The next meeting will be called by the executive committee.

A committee is to be appointed to see to it that all ex-service men from Holland and surrounding community are made aware of the new organization and are given a chance to become members. The Post again calls attention of ex-service men to the desirability of affiliating with this organization now as charter members. Any man with an honorable discharge is eligible to membership, the only exception being S. A. T. C. men, who may be admitted later in case the national organization permits it.

GLASS MAKES APPEAL FOR VICTORY LOAN

Secretary of the Treasury Carter Glass sent the News the following telegram Monday:

"The Victory Loan campaign is two thirds over but subscriptions have been reported for little more than one-third of the loan.

"Is it conceivable that the American people who with heart and soul waged the fight for freedom will permit this loan of Victory and Thanks giving to fail?

"Our sons gave of their health, of their strength and of their lives that freedom might not perish. There are one and a half million American boys in France and Germany.

"Now that the war is ended it will be as reasonable for them to dishonor the nation by deserting the flag as for the nation to dishonor itself by deserting them. Is it a large thing that we are now asked to lend our money to pay the cost of Victory? Is American money less willing than American manhood?

"Let every one of the millions who have bought liberty bonds buy Victory notes and success is sure.

"Carter Glass, Sec'y. of the Treasury."

BOARD OF REVIEW
OPENED SESSION
TUESDAY MORNING

The Board of Review opened its annual session Tuesday morning in the Common Council Rooms of the city of Holland.

At these meetings the tax payers can ascertain the amount of their taxes and if too high can register a kick if that does any good. If too low they can also make a holler and no doubt there will be a ready response on the part of the Board Members: to straighten matters out to the satisfaction of the "kicker."

"There are many of the former and the latter, well they don't show up," say members of the Board. The Board of Review will be in session from now on for 4 days and the meetings will be called daily at 9 o'clock and continue in session for six hours each

ED HAAN IS
IN A RUSSIAN
PRISON CAMP

Edward Haan, son of Mr. and Mrs. Gilbert T. Haan of Holland, is now in a Russian prison camp and it is needless to say that his experiences are of great interest. In his letter below he depicts life among a horde of Russians who have been cooped up for four years. The letter follows:

Dear Mother and Father—

My traveling is over for the time being at least. I am now at the Quadenbury Russian prison camp, where I will probably remain for some months and as you may imagine life in a prison camp is not rosy but the interesting things that happen among these people, their modes of living and their peculiar traits make the time pass rapidly. I have taken some pictures in camp and am sending those which are finished to you. They will give you a small idea of the type of people who are here and their life in camp.

In all there are twenty-six American soldiers and five officers stationed here. The duties are to see that the prisoners are given good treatment, to give out the supplies sent from inter-allies' commission and to see that these supplies are given to the Russian prisoners.

The Russians are a strange people—different entirely from any other people I have met in Europe. For the most part they are sluggish and indifferent to things that are happening. They spend their time wandering around, hands in their pockets or setting in groups looking out over the road. Their chief worry is their stomachs. When those are filled they are content to lie around until the next meal. They take a bath when they are forced to and the smell inside their barracks would indicate that they are not forced to bathe any more than necessary. Their clothing for the most part is rags. A great deal of it is made from paper. Their shoes are also paper with wooden soles. It is surprising what the Germans have been able to do with paper. Two meals are served daily, one at 10 a. m. and supper at 4 p. m. Both are much the same, they are usually stew—everything is thrown together, meat, potatoes, carrots and anything else they may have. Their desert is hard biscuits boiled in water with sugar or jam to sweeten. To look at it all mixed up together creates any thing but an appetite. For amusement they have their theaters. I went to one of the plays the other evening. The acting was very good the men playing the parts of women were as good as any I have seen in the States. One of the interesting things was the scenery, all made and painted by the prisoners. They have few sports, in fact I have never seen them play any game. They are for the most part an easy going and good natured people, tho at times easily disturbed. They may best be described as childish. For example, we issued underwear some ago. It was very fine stuff sent by the American Red Cross. We were unable to give all of the men underwear and had to resort to pajamas. Much to our surprise a day later we had several complaints, they said that we were partial to one part of the camp—that we had given them tight fitting suits while we had given the others suits with pockets in and pretty red crosses on them. When we want work done on them. When we want work done on them. When we want work done on them. When we want work done on them.

Naturally they want to go home—and it is hard for them to understand why they are not sent home. I can readily see this for most of them have been here for four years and their treatment during most of this time has not been good.

As a whole the prisoners are healthy, there are not many in the hospital. There are some T. B., but they have no epidemics.

As far as work goes for us there is little to do. We would all like it better if there were more. We are able to go to Quadenbury quite often, but that gets rather tiresome. I will be glad to get home again. I haven't had a letter for months and prospects seem far from bright in getting any. I suppose the Unit is home. Lowie can tell you most of the excitement we have seen. I'll have some new stories when I get there.

Your boy,
Edward Haan.

CITY EMPLOYEES
GET MORE PAY

All city officials elective or appointive are wearing "the smile that won't come off" this morning. The Common Council apparently believes in paying for efficient service in many instances and for that reason boosted the salaries of city officials at a meeting held Monday night.

The first to get a raise was City Clerk Overweg who formerly received \$1800 and now will be getting \$2000 a year.

City Treasurer Gerrit Appledorn receives \$100 a year more, his salary now being \$1200 annually.

City Assessor Chris Nibbelink was boosted \$200 from \$1600 to \$1800 a year.

City Attorney Charles H. McBride who was getting \$800 now gets \$900.

Health Officer Godfrey also received a small raise of \$25 annually. The doctor now receives \$650.

The director of the poor, John Vandenberg gets two salaries one for being poor director and the other for being city inspector. For the former he receives \$375 and the latter position brings him \$525, or a total of \$900. He formerly received \$800.

City Engineer Jacob Zuidema was raised from \$1500 to \$1700 per year.

The Board of Public Works asked to have the salary of Wm. Winstrom set at \$1500 per year. This request was made by a unanimous decision of the Board. The Common council took no action on this matter, however, but filed the communication sent in by the Board of Public Works.

'WIZARD OF OZ'
AUTHOR, DIES
IN CALIFORNIA

A dispatch from Los Angeles, California gives the information that L. Frank Baum, author of "The Wizard of Oz," died at his home there after an illness of some time with heart disease. Death came to Mr. Baum Tuesday night. He was born in 1856 and is survived by a widow and four children.

The announcement is of more than ordinary interest here because the Baum family numbers many friends among the people of Holland. For many years the Baums occupied each summer the cottage known as "The Sign of the Goose" on the Lake Michigan front at Macatawa. In this way the family came into contact with many Holland families that also made Macatawa their summer home.

During recent years the Baums have not been here, spending their summers at other resorts. Interest in the family however continued among those who knew them. A few years ago came the news that the author had suffered financial reverses.

Another reason why this community is interested in Mr. Baum is due to the fact that he wrote a book about Macatawa, or rather chose that as the scene of a story, with the name thinly disguised. It was called "Tamawaca Folks," the "Tamawaca" being nothing else than a re-arrangement of the syllables of the word "Macatawa." The book came out about 10 years ago and was published anonymously. The authorship however was an open secret and it was soon known that Baum was the writer. Some people from Macatawa and this city figured in it, also under thinly disguised names.

Mr. Baum, while never attaining the rank of a major writer, won fame with his "Wizard of Oz" books and it was in this class of work that he was most successful.

ANOTHER ELECTION
IS ABOUT TO BE
PULLED OFF

Even though the general public may not be aware of it, Holland is on the eve of another election. A hot campaign is in prospect, with a full supply of campaign speeches, electioneering, political gumshoeing and all the usual frills that make an election interesting.

This election is to be held in Holland High school for the purpose of choosing officers for the student government for the coming year. Today Mayor Herold Hunt of the high school government, issued the following notice for a caucus in accordance with the provisions of the constitution of that government:

According to Article VI of Section 1 of the Constitution of the Holland High School Association of Government, there shall be held on the second Friday of May, a general caucus called by the Mayor at which nominations for Mayor, Clerk, Treasurer, Prosecuting Attorney, and two councilmen from each ward for the next school year shall be made. There shall be at least two nominations for each office and the nominations of aldermen shall be made by wards.

Therefore, I, Herold Hunt, mayor of the Holland High school do hereby call a general caucus of the student body for 2:48 P. M., May 9, 1919.

Herold Hunt, Mayor.
C. E. Drew, Principal.

Such a caucus has been held every year since the establishment of the Student Government in the high school. The most interesting feature of the caucus is the nomination for mayor, as the mayorality nominating speeches are delivered by the school's ablest speakers as a rule. The prospective nominees for this year are very popular and an exciting caucus is expected.

Saugatuck Man Has Some
Relics of Colonial Days

William White of Saugatuck, has a couple of souvenirs of the colonial days of Virginia which are of increasing interest with the flight of time. They were picked up by Mr. White from among the papers scattered about the old Fairfax Court House when the Union Army occupied the place in 1863. Mr. White was then a member of Company I, Fifth Michigan cavalry.

The first in date of these mementoes of pre-natal times is a summons in an action to recover a debt of five pounds. It is dated Feb. 24, 1754, and is signed by Peter Wagoner in the name of "George the Second, by the Grace of God of Great Britain, France and Ireland King, Defender of the Faith." It commands the sheriff to "take Charles Broadwater, and him safely keep, so that you have his body before our justices in said county on the third Tuesday in March next."

The other paper was a bill of account against Esq. Thomas Palmer, dated at various times in 1763, and is for hauling wood and cider.

Both papers in spite of their age, are well preserved and perfectly legible. They were sent by Mr. White at the time to the late Thomas F. Wallin, on his death coming into the hands of his brother Frank, who afterwards returned them to Mr. White. Thomas Wallin had penciled upon Mr. White's letter to him the following memorandum: "White was a cavalryman who enlisted out of our shops at Saugatuck. He saw a great deal of hard service in battles and prison and came home an officer. No man in our employ is held in so high esteem and honor—a model soldier and citizen."

Women—
your influence Sells Bonds

The success of a campaign of this kind is only partially achieved outside the home, for an hour of talking and lecturing won't sway a man as quickly as will one minute of his wife's persuasion.

You realize the importance of the bonds—the necessity for insuring peace—the value of the investment. Make him see it, too.

NEW NEWSPAPER
MAKES APPEARANCE
SUDDENLY TODAY

The students of Miss Hannah Hoekje's English class, known as the "Forum English Class," sprang a big surprise on the high school Wednesday morning by coming out with a full-fledged newspaper. It was not a manuscript affair, but a regularly printed newspaper. The name is "The Screamer" and it is to appear semi-occasionally. It is expected that the paper will be issued two or three times more during the present school year.

"The Screamer" is a newspaper in every sense of the word. It is a four-page sheet, ten and a half by eight inches in size, and it is chock full of news. The policy of the paper will be not to print advertisements, but to devote all the space to news.

No one in the high school, outside of the class, knew that such a project was contemplated until the first copies were sold Wednesday at ten cents. They went like the proverbial hot-cakes.

The first issue contains stories on the following events: Principal C. E. Drew's resignation, proceedings of the Student Council, the poster contest, the Junior-Senior plays, Thursday programs, the industrial exhibit, Arbor Day, the Parent-Teachers' convention, the tennis tournament, society notes and locals. It also contains an editorial on the subject, "Don't Be Late." The articles are well written and the paper is a newsy sheet.

The business managers of the new newspaper are Harvey Berkel, Abraham Steketee, Chester Kammomad, Henry Glupker and George Steketee. The social editors are Martin Hoeksema, Dena Bouwman and George Shaw. Articles for the first number are contributed by the following: Justin Bussies, Leona Sithes, Richard Rossien, Paul Van Verst, Frances Mowlett, Janet Albers, Adelia Heneveld, Anita Zuidewind, Wilhelmina Rinek, John Forsten, Hand Knutson, Alfred Stevenson, Ella Harrington, Norma Kardux, Edith Harrington.

CHIEF OF POLICE'S
SON COMES HOME

After seven months in France Frank B. Van Ry has returned to his home in this city. Van Ry was a member of Pigeon company No. 1, comprising 100 racing pigeon men.

Four thousand birds, mostly English and Belgian had been trained for service. More than 1,000 of these birds have been returned to this country

and some 200 now are in Washington. The others have been divided among the men of the company, Van Ry having 15 in his possession. When the wireless and other means of communication failed the pigeons always were found reliable.

F. C. Hall of Grand Rapids was in Holland for a few days this week.

Rev. and Mrs. Albertus Pieters, missionaries in Japan for nearly 30 years expect to come to this city on furlough this year. Mr. Pieters has not been here in nine years. He is the youngest son of the late Rev. Roelof Pieters, second pastor of the old colonial church and received his education in the Holland schools, college and seminary.

230 DELEGATES ARE REGISTERED AT CONVENTION

The first annual convention of the Michigan Branch of the National Mothers' Council and Parent-Teachers' association came to a close Friday afternoon with an automobile tour thru the city and into the surrounding country. Scores of automobiles took part in the procession, the machines volunteered by the people of Holland, and nearly all the delegates were given a ride through the city streets and to the resorts.

The records of the secretary of the convention show that a total of 230 people registered at the convention, of whom 160 were guests from out of the city, the others home people who registered as members of the convention.

In spite of the rain Thursday, the audiences at the meetings were large, and the bad weather did not materially interfere with the success of the gatherings.

The meeting Friday forenoon was devoted to the general subject of health, and recreation. In the gradual evolution of public school work public health has come to be recognized as meriting a large place in the attention of educators. The school nurse has come to be an important member of the educational body of any well-organized school, and community health service very frequently centers in the school system. For that reason a whole session was given to the subject.

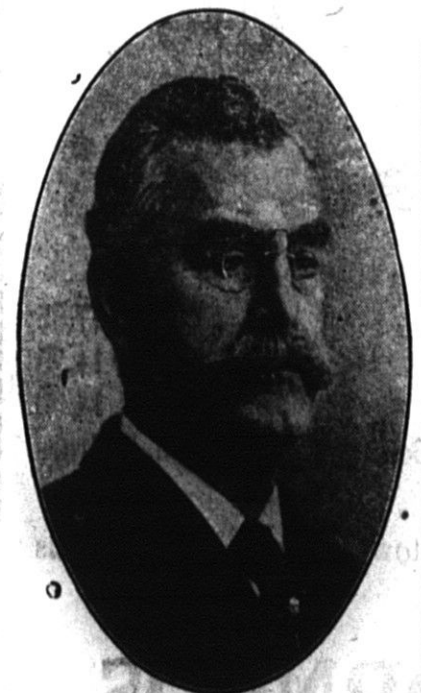

An address "Community Recreation," was given by Dr. E. W. Crampton of New York City, and Dr. Chas. Heald told "The Story of Life." Miss Alma Koertge, who has made a place for herself in the good opinion of the people of Holland as city nurse was on the program to tell of health work in Holland. A report of the State Nurses association convention was given by Mrs. Henry Heering of Grand Rapids.

The program Friday afternoon was: Invocation, Rev. C. P. Dame; vocal solo, "Rockin' Time," Vernon TenCate, accompanied by John Lloyd Kollen, piano, Cathleen Mersen and Rutherford Huizenga, violins; "The Awakening Apple Blossoms" (from Spring Cycle), High School Girls' Glee club; address, "Federated Government and Education," Dr. A. Leenhouts; report of the convention of the State Federation of Woman's clubs, Mrs. Thompson, secretary of the State Federation of Woman's clubs; address, "Our Opportunity," Dr. Caroline Geifel.

ELECTED PRESIDENT

EMERITUS OF HOPE

The council of Hope College has honored Rev. A. Vennema by electing him president-emeritus of the institution. Dr. Vennema is a graduate of Hope,

served the institution as president for seven years and resigned the office last year, preferring to go back into the ministry. Dr. Vennema now is pastor of the Reformed church in Mahwah, N. J. He addressed the students at chapel exercises here Thursday and was given a great welcome.

HOPE STUDENTS ARE GIVEN A DAY OFF

President E. D. Dimment of Hope College had a very agreeable surprise for the student and faculty Friday morning when he dismissed classes for the day to spend Arbor day as befitting the occasion. The Senior class appeared at chapel exercises in caps and gowns, and after Chapel, in the presence of the faculty and student, planted an Oakleaf Mountain Ash on northwest corner of the campus. After every Senior and faculty member of the college had put a spadeful of earth around the tree, Pres. Rud Hospers of the class of 1919 explained the symbol of the tree and then in the name of the class presented it to the college. Prof. Wynand Wichers responded for the administration in acceptance. The Prins Baker quartet sang, and the ceremony was closed by singing "Old Hope". The Seniors had dinner at Te Roller's cottage at the Park.

The Freshmen appeared in chapel a la overalls and straw hats Friday morning, and spent the day cleaning the campus. Sophomores and Juniors held parties at the Park.

A TREAT FOR THE PARENT-TEACHER CLUB DELEGATES

To say that two hundred State Parents-Teachers' club delegates and five hundred Holland citizens were pleased with the playlet put on Thursday evening entitled "The Little Dutch Garden" is putting it mildly.

The small play was unique, high classed, and smacked very much of the land of dykes, tulips and other things Netherlands.

The stage setting throughout was typical of the same, "A little Dutch Garden" through which frolicked little Dutch boys and little Dutch girls in their Dutch costumes.

The playlet was a semi-opera in so far that fifty little boys and girls arranged on an improvised stage, interpreted thru song what was being performed by other little folks in costume in the little Dutch garden proper.

The opening of the program was a collection of songs by children from the fifth and sixth grades, the children being under the direction of Miss Grace Mills. The groups of songs were as follows: Hearing or Shell Song, Daffodil Lady, Bob White, Trillium and Captain Jay.

Then opened the gates of the little Dutch garden and a dozen or more young folks in real Friesian costumes made their debut to the flowers in the garden and to the audience as well, making merry with their songs and fancy steps in which the wooden shoes played an important part.

These were followed by a group of pretty maids. Next came the shoemakers, twenty boys in shoemakers' togs, performing in unison the motions of a cobbler at work.

The Dutch couples came next who performed a sort of minuet which seemed rather unique taking the costumes in consideration.

There were dew-drops, flowers, balls, rain, snow, and a great many other fascinating scenes depicted by the little folks through costume and dance, which interpreted the different things to be portrayed in the playlet. All the children did admirable work, and as there were scores of them, and they acted collectively it is difficult to give them individual praise.

Miss Leona Nystrom, however, gave an interpretation of the butterfly dance that not alone was wonderfully executed but was a surprise to everyone in the audience.

Holland did not know that it possessed an esthetic dancer but it found out Thursday evening that in Miss Nystrom they have one of no mean ability.

Miss Donna Landwehr who generally performs with Miss Nystrom is also said to be very proficient in the art of esthetic dancing, but because of illness, Miss Nystrom performed the butterfly dance alone. The plaudits of the audience demonstrated that this number was very much appreciated.

Miss Grace Mills, head of the Art department had charge of the music and stage decorations of The Little Dutch Garden. Full credit is due her for the way in which the stage settings and the music brought out the fine points of the play. Miss Lena Shore who was behind the scenes as stage director had charge of the children who performed the folks games that constituted part of the playlet of the children as they romped in the garden. Expressions of appreciation were heard on every side, and the playlet can be considered high class in every particular. The program follows:

Songs by Fifth and Sixth grades: 1.—Hearing; 2.—Daffodil Lady; Bob White; Trillium; Captain Jay.

The Little Dutch Garden—O List to the Song of the Wooden Shoon. Little Maids in Holland, Little Maid, Pretty Maid, 4th Grade, Washington School.

The Shoemaker, 2nd, 3rd, 4th Grades, Van Raalte School.

Dutch Couples, 4th, 5th, 6th Grades, Van Raalte School.

The Flowers' Ball, 5th and 6th Grades, Longfellow School.

Butterflies, Leona Nystrom, Donna Landwehr, Lincoln School.

I See You, 3rd Grade, Lincoln School.

Staff Game, 3rd Grade, Longfellow School.

Dew Drops, 5th Grade, Washington School.

Rain, 5th and 6th Grades, Lincoln School.

The Children's Polka, 6th Grade, Washington School.

Snowstorm, 6th Grade, Froebel school.

BATTLE CREEK DELEGATES ARE VERY GRATEFUL

The delegates of Battle Creek to the convention of the P.T. hereby express their gratitude for the hospitality extended to them at homes in Holland. We also wish to acknowledge the splendid help received from the willing boy scouts upon giving volunteer help making our stay in Holland most pleasant. We desire to express to the children our appreciation of their delightful numbers on the program. So it is with much pleasure we will remember Holland, her hospitality in entertaining and boy scouts.

DOUGH BOYS' RELIGION THEME TAKES WELL

Major John Emory of Grand Rapids, who spoke on the subject of the Dough Boys' religion at the M. E. church Sunday night was greeted by a crowded house.

The Major who has seen all the phases of fighting in France was only one of three of 75 officers who started in battle, and came out alive, and even the Major was wounded.

The Major said "There's no use of preaching hell-fire to the men who had to do the fighting and wear the gas masks, for they have seen things worse than hell over in France. There's no use of preaching to the boys, 'Save your own souls,' for while the text says, 'What shall it profit a man if he gain the whole world, and lose his own soul?' The dough boy has revised this text making it read, something like this: 'What shall it profit you if you save your own soul and lose the whole world?'"

The dough boys feel that by fighting for democracy and by laying down their lives in the interest of this great world fight they would have saved the world to the christian nations of the earth.

The dough boys' idea of sin too, has undergone a great change during their fighting days. At a "Y" meeting in France questionnaires were handed to thousands of soldiers asking them what are the worst sins a soldier could commit. When these questionnaires were returned it was shown that the soldiers considered cowardice the worst sin, in fact 90 per cent of the returned questionnaires placed this sin first. Selfishness came second and boastfulness third.

The minute men of the M. E. church also took a hand in the evening's deliberations speaking on the great centenary movement now going on in this church throughout the country.

JOHN SCHOLTEN PRESIDENT OF POLICE BOARD

At a meeting of the Board of Police and Fire Commissioners, held Saturday the board was organized for the ensuing year's business.

John Schouten was elected president of the board in the place of Dr. M. J. Cook who retires. John J. Rutgers took his seat as a new member and the regular business of the meeting was enacted.

The personnel of the Board now is John Schouten, president, members, Henry Brusse, Fred Kamferbeek, J. S. Dykstra and John Rutgers. The name of John is very well represented, the Board of Police and Fire Commissioner now having its "Three Johns."

WOULD HAVE GRADUATED THE COMING SPRING

Theodore A. Cook, son of Dr. and Mrs. D. G. Cook, 42 East 14th St., died Saturday evening at 9:45 after an illness of about a week's duration. Mr. Cook was taken ill on Monday morning with a cold which later in the week developed into pneumonia. "He disease took a critical turn on Saturday and ended in the young man's death in the evening.

Mr. Cook was a student of Hope College, Preparatory Department, for the past four years. He was to have graduated from the "A" Class in June. He was 17 years old.

The funeral was held on Tuesday afternoon at two o'clock from the home. Members of his class served as pallbearers.

CANNING DEMONSTRATIONS FOR OTTAWA COUNTY

During the winter many inquiries have come to the home demonstration agent with regard to spoilage of canned vegetables supposedly canned by the cold pack method. Too often these failures are due to wrong methods either because the housewife had not followed directions exactly or because she had not thoroughly understood the process of canning by this method.

For these reasons an effort will be made to have a number of canning demonstrations in Ottawa county this summer in order to correct present errors and to make sure that the women of Ottawa may all be able to put in a winter supply of vegetables without danger of loss.

It is quite possible and very probable that one of the winter deficiencies in diet is that of green foods such as spinach, dandelions, etc. Many of these may be had for the picking and are just as valuable to the body as any others. Rhubarb leaves should never be used.

The season for canning wild greens will be here very soon and women who desire to take advantage of these may secure demonstrations in their homes or communities by writing to Grace H. Hitchcock, home demonstration agent, Grand Haven. It is desired that demonstrations be scheduled as early as possible so that the method may be used during the rest of the season.

Reports state George E. Smith of Holland has arrived from overseas after fighting in France during the greater part of the war.

PROPOSED SANITARY SEWER

Twenty-Second Street between Central and Michigan Avenues

City Clerk's Office—

City of Holland, Mich., May 1, 1919

Notice is hereby given that the Common Council of the City of Holland at a session held Wednesday, April 10, 1919, adopted the following resolutions:

Resolved, that a Sanitary Sewer be constructed in Twenty-Second Street between Central and Michigan Avenues, that said sanitary sewer to be laid at the depth and grade and of the dimensions prescribed in the diagram, plan, and profile and in the manner required by the specifications for the same, provisionally adopted by the Common Council of the City of Holland, April 16, 1919, and now on file in the office of the clerk; that the cost and expense of constructing such Sanitary Sewer be paid partly from the general sewer fund of said city, and partly by special assessment upon the lands, lots and premises of private property owners abutting upon said part of said street and being adjacent to said Sanitary sewer, and such other lands, lots and premises as hereinafter required and specified, assessed according to the estimated benefits therefrom determined as follows: Total estimated cost of Sanitary Sewer \$816.67.

Amount to be raised by special assessment on private property according to estimated benefits received \$998.31.

Amount to be paid from the general sewer fund, \$118.36.

That the lands, lots and premises upon which said special assessment shall be levied shall include all private lands, lots and premises lying within the special assessment district designated by a red line in the diagram and plat of said district by the Common Council, in connection with the construction of the sewer, all of which private lands, lots and premises are hereby designated and declared to constitute a special sewer district, for the purpose of special assessment, to defray that part of the cost and expense of constructing a Sanitary Sewer in said part of said street in the manner hereinbefore set forth, and as heretofore determined by the Common Council, said district to be known and designated as "Twenty-Second Street Special Sewer Assessment District."

Resolved, Further, that the City Clerk be instructed to give notice of the proposed construction of said Sanitary Sewer, and of the special assessment to be made, to defray that part of the expense of constructing such sewer, according to diagram, plan and estimate on file in the office of the City Clerk, and of the district to be assessed therefore by publication in the Holland City News for two weeks and that Wednesday, May 21, 1919, at 7:30 o'clock p. m. be and is hereby determined as the time when the Common Council and the Board of Public Works will meet at the Council room to consider any suggestions or objections that may be made to the construction of said sewer, to said assessment district, and to said diagram, plan, plat and estimates.

ASKING DICK BOTER TO
RESIGN

The Common Council at its meeting last night came back to a resolution it passed five weeks ago requesting Dick Boter to resign as member of the Board of Public Works. Ald. Wiersema introduced a new resolution, which was adopted by a unanimous vote, two council members, Ald. Vandeen Brink and Ald. Kammeraad being excused from voting because the original matter came up when they were not yet members of the council. The resolution follows:

Whereas, The Common Council did on the second day of April, 1919, unanimously pass the following resolution: "Whereas, Mr. Dick Boter, who has recently publicly offered to tender his resignation as a member of the Board of Public Works of the City of Holland, if such was desired, and expressed himself as out of sympathy with the Common Council,

"Therefore, Resolved, that it be the sense of the Common Council, that the best interests of the city and of the Board will be served if Mr. Boter will to resign, and that his resignation is hereby requested for the best interests of the city and for harmony between the Board and the Common Council," and said resolution was duly transmitted to Mr. Boter, by the clerk of the Common Council, and

Whereas, Mr. Boter has not complied with said request, notwithstanding five weeks have elapsed and the same reasons which impelled this body to pass said resolution still prevail, and in order to avoid further misunderstanding between the Board and the Common Council, due to the presence of Mr. Boter on said Board, therefore,

It is deemed necessary that the clerk of the Common Council be directed to personally transmit a copy of the resolution to Mr. Dick Boter and respectfully request him to immediately comply with same and thereby forestall any further action on the part of the Common Council.

Frank Dyke and family have returned from Jackson, Michigan where they have been living for the past three years. Mr. Dyke is in charge of the Bush & Lane Piano Co. building operations. The Dykes are now occupying their own home on West 15th street.

IN MEMORIAM

Since God in His infinite wisdom and providence has removed from the circle of his family and from our midst, the class of '19, H. C. P.; our dear friend and fellow classmate,

THEODORE A. COOK

Therefore we the class of '19, express our sincere sympathy to the bereaved parents, brothers, and sisters, in this time of the deep sorrow. To all who knew him he was a true friend. He was a young man of ability and great promise. We knew him to be a zealous worker, of a generous disposition, and in every way worthy of our love and respect. His happy, good-natured character was ever a source of pleasure and inspiration to us. It is our earnest prayer that the afflicted family may be sustained by the comforts which Heaven only can give.

CLASS OF '19, H. C. P.
John Rulsard, Pres.
Mary E. Boer, Sec'y.
