MONTCAIM MAN THINKS HIS RECORD OF SERVICE BEATS ANY IN MICHIGAN

M. A. Berridge, 78-year-old farmer living near Greenville, is believed to hold the record in Michigan of farming the same farm for the longest number of years.

His record is 72 years, dating from the time when, as a lad of six years, he came with his parents to help on what has become one of the best dairy farms in Montcalm county, out of the forest.

From that day, Mr. Berridge has been on the job with brain and muscle almost constantly.

Although his son, Ashley M. Berridge, is now in active charge of the farm, the pioneer still takes a part in the operation.

HOLLAND MISSION CAST ARE TO GO TO VRIESLAND

PLAYLET "WHEN THE LITTLE OLD LADY SPOKE" PART OF PROGRAM

Next week Wednesday evening will find a motordade of automobiles leaving Holland for Vriesland. Some fifty young ladies from the Ninth Street Christian Reformed church mission circle are to leave for the neighboring village, and will stage a miscellaneous program in Vriesland town hall.

The program is to include a mission play entitled "When the Little Old Lady Spoke." The background of this playlet are the jungles of Africa, and the offering will portray what our missionaries have to contend with in the dark continent.

Included in the cast are: Gertrude Holkeboer, Elise and Marjolien Kluken, Josephine Knoll, Christine Holkeboer, Minnie Kalmink, Anna Stramsa, Anna Holkeboer, Bertha and Rena Vos, Agnes and Jessie Dogger, Anna De Groot, Willemine Beukema, Jennie Kalkman and Theda Van Oterloo, Katherine Brat and Cora Belon. Besides the playlet there will be a miscellaneous program of music and readings, the offering are given by Miss Cora and Hattie Slenk, who will give a duet and Miss Ruth Ter Beek, vocal solo. Readings by Agnes Dogger and Christine Holkeboer and also a few ukelele duets.

The entertainment is to be held on Wednesday, May 25th at 7:45, at the time, and the place is Vriesland town hall. Tickets can be secured at the door. The admission is twenty-five cents and the revenues go to the mission cause.

SINGLE STANDARD IS NOT ADOPTED BY THE COUNCIL

On recommendation of the streets and crosswalks committee, the common council Wednesday night decided to use lake asphalt for the wearing course in this year's paving and oil asphalt in the base and binder. "Black base" is to be used. The decision of the council means that the aldermen have faith in both lake and oil asphalt and have not adopted the so-called "single standard" as some of the asphalt men who spoke to the aldermen a few weeks ago suggested.

All the asphalt, whether lake or oil, will have to meet well defined specifications. Each carload will be subjected to rigid tests to make sure that the quality of the asphalt is what the city of Holland demands. The contractor has given a \$50,000 maintenance bond and is as much interested in getting a high quality of asphalt as are the people of Holland.

By decision of the council the block from Van Raalte to Harrison avenues on 19th street, left uncompleted last year, will be built according to this year's specifications. This will mean a saving of several cents per square yard for the property owners.

41 CHILDREN ARE BRUTE'S VICTIMS OTHERS INJURED

DISGRUNTLED TOWNSHIP SCHOOL TREASURER MAKES BUILDING A SHAMBLES

Sets Off Charges of Dynamite While Pupils Are At Their Lessons

One of the most diabolical plots ever conceived in a human brain resulted in the death of 41 school children Wednesday in the small town of Bath, near Lansing, when Andrew Kehoe, expert electrician and a farmer, touched off nearly 100 pounds of dynamite that he had planted in the basement of the school. The touching off of the explosive occurred during school hours, resulting in a terrific explosion that wrecked one large wing of the school, killing 41 children and seriously injuring 44 more.

Kehoe had become disgruntled while he was school trustee of that school and constantly quarreled with the superintendent and other members of the school board. He opposed construction of a new building and the consolidation of the township schools. The school taxes, he had contended, were so heavy they were ruining him. A heavy mortgage on his farm was about to be foreclosed. His wife had been ill for months which, neighbors said, had added to his despondency.

It appears that this led to the diabolical plot and he used this method to get even with the officials of the school and to destroy the cause of his financial ruin, as he regarded it.

The school in which the explosion took place is one having enrollment of over 500. It is a consolidated school house recently erected in Bath, Clinton county, eight miles northeast of Lansing.

The explosion completely wrecked the north wing of the building, and had it not been for a defect in the wiring, causing a short circuit, the entire school building would have been blown up and the tragedy would have been still more appalling. Because of this defect, however, a large part of the dynamite distributed in different parts of the basement of the school was not ignited.

The terrific blasts of dynamite and gunpowder planted in the partitions of the basement and in other parts of the building wrecked the schoolhouse as students and teachers were at work.

The first blast, which lifted the floors and burst the walls of the building, hurled the children through windows and crashing walls. A second, and heavier explosion, demolished the frame addition, burying children.

COUNCIL AGAIN REJECTS THE 11 O'CLOCK CLOSING

POOL ROOMS MUST CONTINUE TO CLOSE AT 10 AM BEFORE

But They May Now Operate On The Second Floor

The proposal to allow bowling alleys, billiard tables, pool tables and other gaming tables to be operated on the second floor instead of having them confined to the first floor, as has been the law in Holland until now, was won in the common council Wednesday evening when the ordinance covering such activities was amended to that effect.

But the proposal to allow such places to remain open until eleven o'clock was lost by a decisive vote. Eleven o'clock is the closing hour in every city in Michigan and the ordinance committee proposed to put Holland in line with the other towns. It was pointed out that frequently outsiders, in connection with saloons, men's schools and so on, come to the bowling or playing billiards in about the only means they have of passing the long evenings. The ten o'clock law is very unpopular with them, it was pointed out. Moreover, it was argued that the ten o'clock law practically prevents bowling tournaments with teams from other cities as there is no time to finish the games. But the council refused to change the hour and the proposal was lost.

The only other change in the ordinance was providing that there shall be no curtains or screens in front of exits of such places of business.

The proposal to allow such places of business on the second floor has more than once been before the council in recent years. Petitions for permits have more than once been made but the council never would grant them because of the ordinance restrictions. After this it will be possible to grant such petitions provided all the other conditions are favorable. The council still has the right to reject such petitions if in its opinion the place would be a nuisance.

CAT IS HANGED AFTER BITING A CHILD TO DEATH

UNIQUE PENALTIES FOR ANIMALS ARE DISCOVERED BY YOUNG STUDENT

Death penalties for animals is the subject selected by an Amsterdam, Netherlands, University graduate as his thesis for the degree of doctor of philosophy.

Among instances, he found that a steer was publicly executed in Medford, N. J. in 1871 for goring a woman, and the judge ordered its head displayed on a pole "as a warning against future crimes of this nature." A cat was executed by hanging at Longueville in 1476 for biting an infant to death.

Death for attacking a little girl, the student found, was the case of a cat in London, England, in 1800.

In attending to the execution of the condemned animal was dressed in doublet, stockings, gloves and lace cuffs.

FINDS NO WAY OF LETTING GO OF A WARM POKER

COUNCIL FAILS TO FIND A SOLUTION IN THE HEIMENGA CASE

Tries To Avoid Law Suit But The Method Is Not Forthcoming

A fruitless attempt was made by some of the aldermen Wednesday night to let go of the hot poker that they grasped some weeks ago when it was decided to refer the much-debated Pieter Heimga cleaning establishment case to the courts for decision. Alderman Van Zanten asked that the council should let go of the hot poker that they grasped some weeks ago when it was decided to refer the much-debated Pieter Heimga cleaning establishment case to the courts for decision. Paul Kieft, a celery farmer living near Grand Haven reported picking up a boy about 16 years of age, very poorly clad, who wanted a ride to Holland. Mr. Kieft became suspicious that he might be a run-away and notified the police.

DROKEN DRIVER IS SENTENCED IN COURT ON FRIDAY

Arthur Pickering of Holland was tried before Justice Charles K. Van Duren Friday in the court room at the city hall, charged with driving his automobile while drunk. There were nine witnesses from Grand Haven, secured by prosecutor Loker in behalf of the people. The defense brought in several witnesses and the case called for ten o'clock in the morning, lasted until 5:45 o'clock at night. The jury then took the case and an hour later brought in a verdict of guilty.

The matter was a collision on M11 two miles south of Agnew on Saturday, April 23. Arthur Pickering, 151 River Avenue, while intoxicated, drove his car into the machine of John Dugas of Grand Haven. After striking the Dugas machine, Pickering's car swerved to one side, striking another car, a Ford sedan, directly behind the Dugas car.

The sedan was owned and driven by George Brown. Louis Dugas, aged 14, was seriously cut about the head. Anna Dugas, riding in the back seat, was cut. The remainder of the party were shaken and bruised. Dugas claimed the driver of the Chevrolet was intoxicated and ran directly into him at a great rate of speed. He found a pint bottle of "moon" in the car which was about half filled and turned this over to the state police.

The touring car was completely demolished and the sedan badly damaged, with one wheel off, running board gone and glass broken. The Chevrolet also was damaged badly. The jury brought in a verdict of guilty. Justice Van Duren sentenced and fined Pickering \$100 and costs of \$54.90. His driver's license was revoked for three months and he must also spend ten days in the county jail.

Mr. Van Duren stated that, due to the high costs of the case, he only made the jail sentence ten days, otherwise he would have prolonged the sentence. The jury was: Jake Lieveens, Ben Lanning, Henry Steinfort, John Van Vyren, George Wolring, George Brink.

Harold Van Klink, who was a passenger in the Pickering car and was arrested for being drunk, also was asked for a trial and this matter was to be taken up by Justice Van Duren immediately after the Pickering case. After Van Klink pleaded his plea of not guilty to guilty and was sentenced to pay a fine of \$25.00 and costs of \$5.45, or 30 days in the county jail, Van Klink paid.

A great deal of interest was taken in this case, more than 200 attending the trial, many motoring in from Grand Haven.

SEVEN APPLY IN ALLEGAN TO BE AMERICAN CITIZENS

Seven applicants for citizenship papers were examined in Allegan county Monday by Michael Corcoran, U. S. naturalization examiner, and will appear before Judge O'Brien S. Cross in December for final examination.

Those appearing Monday were Lambert Meulenbelt, Hamilton Mrs. Bertha Meulenbelt, Hamilton; John J. Hannes, Brower; Shelbyville, John Frederic, Brower; Osgood; Alexander Wolback, Bloomingdale; John Kudjel, Wayland; Derk Jaeger, East Saugatuck.

SENTENCE HELD SOME YOUTH CAN WORK ON FARM

Judge Cross opened court in Allegan county Monday and besides the Macatwa arson cases, many matters were listed on the docket.

Criminal cases will occupy the jury two weeks, it is estimated, and 15 civil cases are listed to be heard during the term, making a long jury session.

Sentencing of Charles Andres, Marion Porter and Raymond Porter, South Haven youths, was deferred by the court on plea of parents that services of their sons were needed on farms during summer months. Good behavior of the boys was made a condition for postponement of sentence until the October session.

The young men pleaded guilty some time past to entering and looting a summer cottage.

Clare E. Hoffman, attorney for Arch Van Order held on for a change, stated that a motion for dismissal would be filed. No arraignment was made in this case Monday. The case against Eli Thompson listed for retrial on liquor violation charge will be dismissed by the prosecutor, it is estimated.

Robert Smith, Negro, charged with liquor law violation; Lee Moore, with larceny, and William Goucher, with larceny, will be tried next week. A motion to dismiss the case against Goucher was made by his attorney, Perle L. Fouch, was denied by Judge Cross after evidence presented by Prosecutor Harry Pell was heard.

Earl Marcy and Joseph Hoffman, Kalamazoo, were slated for trial Tuesday on liquor law violation charges following denial of motion for dismissal made by their attorney, George Gould of Kalamazoo. Gould claimed the search and arrest were illegal and the court's ruling an exception to the decision was taken.

The trial of Lanny Warner and his wife, Evelyn, on the second count against them for sale of intoxicating liquor, was set for Monday, April 25. Judge O'Brien S. Cross will be the first criminal case before the jury which reports Monday, May 23.

In this case the Warners are charged with selling a pint of moonshine whiskey to Raymond Malone on the night of May 7, when Raymond Bush was killed in a motor accident near Hopkins following drinking by a group of boys in a car with Malone.

The first charge against the Warners for violation of the prohibition law will be heard later. Both stood mute when arraigned and pleas of not guilty were ordered entered by the judge.

Mr. and Mrs. J. J. Cappon and Mr. and Mrs. A. L. Cappon returned to Holland after the trip, from San Diego. They made the return trip by automobile, leaving San Diego, California, two weeks ago Thursday, traveling 3,688 miles. The last day of the trip was the annual May party at Cedar Rapids, Ia., Thursday morning at eight o'clock and arrived in Holland at 11 o'clock last night, standard time, having traveled 433 miles in one day.

The first lap of the trip, from San Diego to Trinidad, was over the Santa Fe Trail, thence north to Denver, then across Nebraska to Cedar Rapids, then to Dubuque, Chicago, and home. The party made short trips to the Grand Canyon, the petrified forest and the painted desert. They also spent a day in Denver and a day in Cedar Rapids.

PORTAL OF DEATH HOUSE SHOT UP MRS. SNYDER, GRAY

The gates of Sing Sing prison swung open Monday to admit Mrs. Ruth Snyder and Henry J. Gray and clanged shut behind them. Barring successful appeal, the Queens village housewife and her co-sister paramour, jointly convicted of murdering their husbands, will never pass through those gates again alive.

The trip from Queens county jail in Long Island City was made at breakfast speed with a heavy escort. As the motorcade of the guarded prisoners swung away from the jail, half a dozen armed motorcycles led the way through traffic held up at every intersection to let the party through. A dozen full of reporters brought up the rear and were hard put to keep the pace.

Gray was in the first car, with four deputy sheriffs. In a car immediately behind was Mrs. Snyder. She sat between two prison guards, one on each side, and was chatting with the scenes she had once viewed with Gray as they toured on their illicit "honeymoon" fished by.

Warden Lawes of Sing Sing prison announced that Mrs. Snyder's visiting days would be Monday, Wednesday and Friday, while Judd Gray's would be the regular visiting days, Tuesday, Thursday and Saturday. This change was made, he said, to prevent conflict and embarrassment.

The condemned men in the left wing of the death house, where Mrs. Snyder will be confined, will be taken to the yard for exercise when she receives visitors.

"Mrs. Snyder and Judd Gray will be here under sentence of the court and people. They are entitled to peace and consideration, but will be treated no better than the other 13 condemned men here," said Warden Lawes.

For dinner Monday, Mrs. Snyder had pork, beans, bread and tea. For supper she had fried eggs, potatoes, prunes and milk.

Long Island City, N. Y., May 17—Rev. George Murphy, prison chaplain here, said Mrs. Ruth Snyder soon will become a Catholic. She has embraced religion as she nears death in the electric chair, he said. Her husband for illicit love with her co-sister paramour also must forfeit his life for murder.

Mrs. Snyder took a pair of Gray books to the Sing Sing prison. The books to the prison were of his daughter, took the prayer book of his daughter, 17 years old. His mother brought it to him.

Jamaica, N. Y., May 17—An attorney for Warren Schneider, brother of Albert Snyder, filed a petition for custody of 9-year-old Lorraine Snyder. (Snyder had changed the spelling of the family name). A similar petition was filed yesterday in behalf of Mrs. Josephine Brown, mother of the Ruth Snyder who, with Judd Gray, her admirer, is condemned to die for Snyder's murder. Both petitions will be argued in Surrogate's Court May 31.

CORN BORER CAMPAIGN BLAMED FOR SECOND SUICIDE IN MICHIGAN

The body of Floyd Cameron, 35, believed to have been the second person to commit suicide because of worry over the drastic orders issued by the state relative to the cleanup of the corn borer, was found near his home in Livingston county Monday with his throat cut. Relatives declared he had worried constantly since receiving the order to clean up his farm.

A woman living in Ingham county took her life recently supposedly because of fear that the expense incurred by cleaning up her farm would cause her financial ruin.

GIVES RULES FOR STUDY OF BIBLE AT MEN'S MEET

Nearly 200 members of the federation of men's adult Bible classes representing the different Reformed churches of Holland, were the guests of the adult Bible class of Hope church Monday evening. The meeting opened promptly at 7:45, when Dr. A. Leenhouts, president of the federation, welcomed the men present. He introduced Rev. Thomas W. Davidson, D. D., pastor of Hope church, who read the scripture and offered prayer. Then followed a song service led by Dr. A. C. V. R. Gilmore, and this was followed by an excellent musical program rendered by Mrs. H. L. Dunwoody and Mr. Gerrit Ter Beek, with Mr. George Dok presiding at the piano.

The principal speaker of the evening was Rev. J. DeHaan, pastor of the Ninth Street Christian Reformed church. His theme was "How to Study the Word of God." Mr. DeHaan stated that he knew very little of the workings of the federation of Holland's Men's Bible classes which had principally to do with Bible study and the imparting of their findings to others.

He stated that he felt that a men's Bible class should hold a subordinate position in the church.

A Men's Bible class, he said, should be a class of students, who instantly study the Bible. Mr. DeHaan, in three applications, told how the Bible should be studied. He said first one should study the plans of the Bible. One should endeavor to find out what the author of this great book intends to bring out. The student should study the Bible as a whole, not a part. He must look at the Bible as an architect would plan and supervise a beautiful structure. An architect does not begin his buildings with small details, windows, staircase and other minor matters, but he plans his edifice from the foundation up, and when completed surveys his handiwork as a whole. The Bible should be likened unto a beautiful structure and should be studied not with an idea of criticizing part and accepting part. Picking flaws should have no part in Bible study.

"I fear that of late the lack of Bible study is pronounced," Mr. DeHaan continued.

His second point was that in studying the Bible it should be done with prayerful attention and spiritual digestion. He stated there was such a thing as spiritual dyspepsia or indigestion.

One can study the Bible and overload on it. Some merely take the word of God and swallow it without digesting the contents. Others keep their knowledge unto themselves when they should impart their findings to others. "The Bible should be studied in such a way that it can be practically applied in our lives. This calls for our attention our moral responsibility to our fellow man and to ourselves."

The next speaker was G. J. Diekema, the teacher of the men's Bible class of Hope church, whose entrance upon the program came as a surprise.

Mr. Diekema has been indisposed for nearly a week and cancelled all his appointments. However, he could not refrain from meeting with the Bible class on Monday evening and his presence naturally called for a short discourse when President Leenhouts asked him for a few words.

Mr. Diekema said theology is a knotty problem. Studying theology in the right sense is the greatest study that the human mind can do. It is a study of the history of the human mind during pioneer days when discussing theology was a daily occurrence and not altogether an agreeable discussion. Biblical theories and the application of Bible precepts were seldom discussed calmly and dispassionately, but were often indulged in heatedly and often followed by anger and malice.

He related an incident that happened in Overisel that brought a smile from his listeners. It appears that one of these heated Biblical discussions was going on at one home that soon went beyond the realm of reason. In making excuses for her husband, John, the good Dutch wife said: "I must excuse John, for when he talks of heavenly things he sometimes comes so hellish."

Mr. Diekema related many incidents in his career as an attorney, where the supposedly good might apply their religious principles to better advantage and then their thoroughly bad often might result. He said the supposedly good might emulate.

In closing he said, "If the church fails it will not be because of our ministry. I sincerely believe that in America the ministry today is made up of fine upstanding conscientious men who sincerely and earnestly give their best. If the church fails it will not be on account of the teachings of our women. They as a whole have been worthy exponents of God's word and earnest teachers in helping and spreading this word. If the church fails it will be because of the fault of the laymen, because some of them who do not always practice what they preach and apply in every day life what the Bible teaches they should."

"I do not believe we should have too much quarrelling over certain theological theories and church dogmas. The murderer on the cross did not discuss the theology with Christ but asked Christ to remember him when he entered his Kingdom."

"If men are to do good with Bible teaching, if humanity is to be saved then the Bible must be taught, shorn of all religious dogmas, for after all, it is not half-splitting theology that counts most but the blood of Jesus Christ that saves."

After the program in the church had been completed the men present adjourned to the church parlors where the ladies served abundant refreshments and a social hour was spent.

A kitchen shower was given Friday evening at the home of Mr. and Mrs. J. Van Kampen in honor of Miss Marie Terpstra who will soon become a bride. Games were played and a dainty two-course luncheon was served. A delightful time was reported by all.

Those present were: the Misses Aggie Baas, Henrietta Bos, Kathryn Bos, Anna De Graaf, Henrietta Dykstra, Wilma Dykstra, Jennie Hogenbrink, Anna Oeman, Gertrude Lohuis, Gertrude Poppema, Johanna Scheur, Jennie Terpstra, Marie Terpstra, Anna Kampen, Mary Van Kampen, Elsie Van Langen, and Lucy Van Langen.

BRIDE AND GROOM BEGIN WEDDING TRIP IN OX CART

Pioneer history was re-enacted Thursday at Gibson when Mr. and Mrs. John High Noyes, immediately after being united in marriage at the Gibson church, drove away on the first lap of their wedding journey in an ox cart. In the early days when wilderness was king in Michigan, the ox cart was the usual vehicle in which the sons and daughters of the pioneers drove away from the church, but the custom had fallen into disuse until Thursday when the newly married couple began their wedding trip in an ox cart drawn by two large black oxen, of the Shore Acres farm.

The bride at the beautiful wedding was Miss Dorothy Felt, daughter of Mr. and Mrs. D. E. Felt, of Shore Acres, one of the most beautiful estates on the shore of Lake Michigan, near Gibson. The groom, of Chicago, is connected with the Griffith Car Works and the couple will make their home in Chicago.

The little Gibson church had been especially renovated for the beautiful wedding and it was furnished with beautiful white apple blossoms and lilacs. The wedding was solemnized at twelve o'clock by the Rev. Dr. Phillips, rector of the Episcopal church at Grand Haven. The single ring ceremony was used and the complete Episcopal service was employed.

The bride and the maid of honor were gowned in period dresses. The maid of honor was Florence Nodt of Chicago, the bridesmaid, Florence Noyes, sister of the groom, the best man, John Rutter of Chicago, and the ushers, J. Rogers and R. J. Koch of Winnetka, Ill. The flower girls were Mary Elizabeth Koch of Chicago and Elizabeth Bittens of Grand Rapids and the maid of honor.

The ceremony was witnessed by many relatives and friends from Chicago and a number of Michigan cities. A wedding breakfast was served at the Shore Acres farm. The bride and groom have left on a wedding trip to Detroit.

Sowing and Reaping

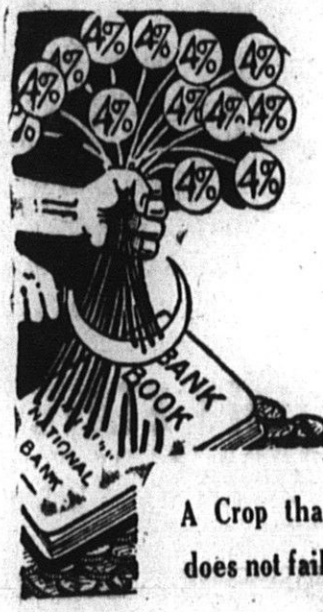

Sowing in the rural districts is about finished, and within a short time reaping begins. The crops are many and varied:

HAY	RYE
OATS	CORN
WHEAT	BARLEY
SUGAR-BEETS	VEGETABLES

These are but a few of the local crops and it all depends upon the thrift and farm knowledge of the farmer whether these crops are to thrive and yield.

There is another crop however, that one should not lose sight of. It yields winter and summer and grows day and night. It is the savings crop that a thrifty thoughtful saver plants in this well regulated bank.

TRY IT AND WATCH IT GROW!

It is a Crop that cannot fail to bear Fruit Rain or Shine.

The first two May recitals of the college school of music took place on May 9th and May 16th respectively. On May 9th the first graduating recital of the Holland college conservatory of music was given by Miss Cornelia Nettinga, mezzo soprano, assisted by Miss Sarah Lacey, pianist, Kenneth Mook, violinist, and Mrs. Edward De Pree, accompanist. Miss Nettinga gave a varied and different program, ranging from Italian opera through oratorio, German and Russian songs, and ending with some beautiful American lyrics. She handled her voice with skill and gave especially good interpretation of "Over the Sea" and the Gretchenlied number, and her Schumann and Wolf songs. Her voice is rich in color and shows marked improvement in the past year. Miss Nettinga received both her degrees, the Bachelor of Music, in June. She goes next fall to teach music in Berea college, Kentucky.

She received most satisfactory support at the piano, being accompanied by Mrs. De Pree. Miss Lacey and the success of the program by their piano and violin numbers and were enthusiastically received by an audience which, in spite of the storm, was large and appreciative.

Last night, May 16, the spring recital of the school of music was given at Winants chapel, a large and appreciative audience being present. All did very well, considering that most of them had their debut at this recital.

Mrs. E. D. De Pree and Miss Ardene Van Arendonk played helpful and sympathetic accompaniments to the voice and violin numbers. On Wednesday, May 25, the last recital will take place.

GRAAFSCHAP MAN WINS SUIT IN THE ZEELAND COURT

A jury in the court of Justice Huxtable in Zeeland Friday afternoon returned a judgment of \$104 plus interest and costs in favor of C. H. Meyering of Graafschap against A. Vander Vliet of Holland. Meyering sued Vander Vliet for \$150 which he claimed was due him on a deal he made in 1924 when the fall of the 1924 wheat crop caused the fall of the price of wheat. Meyering claimed a consignment of over 700 bushels of pears from the Saugatuck Fruit Exchange. Meyering disposed of his half of the pears and claimed that after Vander Vliet had sold 26 bushels he neglected the rest so that they rotted and had to be dumped by the Exchange. Meyering paid the whole bill on the exchange and came back on Vander Vliet for his share.

J. W. Prentice, secretary and manager of the fruit exchange, was Meyering's chief witness, while Vander Vliet appeared in his own behalf. J. N. Clark of Zeeland appeared for Meyering and F. T. Miles of Holland for Vander Vliet. Justice Huxtable presided and the jury was composed of four men, John Holleman, D. F. Boonstra, George Hamburg, and John Donia.

HOLLAND'S NEEDS ARE DISCUSSED

Miss Nellie Churchford was the speaker of the afternoon at the W. C. T. U. meeting Friday. Her subject was "Holland's Needs," which she said could be remedied by a revival of religiousness. There are still some poor people in Holland, she said, but they are fast becoming a thing of the past. She urged an educational campaign for prohibition.

Mrs. A. E. McClellan led the devotions and Hope college girl trumpeters entertained with music.

The largest poultry meeting ever held in the city of Holland was the gathering of Friday night when Lyman Peck, noted poultry disease specialist, came to Holland to hold a poultry clinic.

An autopsy was held on many birds, as before, and the discourse, as poultry was being operated on, showed step by step what all the big business was also outlined by Mr. Peck.

The meeting lasted until 1:30, and the court room remained packed until that time.

Mr. Earnest Eelman of Grand Haven township died Saturday at the age of 68. The funeral was Tuesday afternoon. Rev. Mr. Meyers officiating. Burial was in Grand Haven township cemetery.

THE HEART of the HOME

If home is to have that gripping influence that holds us secure in life's most treacherous storms, it must be cozy. Some folks live in homes—others in houses. And it is not difficult to tell to which class a person does belong, is it?

The person whose life is strengthened by a happy, cozy home is one that we all admire.

He is one that can smile in the face of any struggle. He is a person who fills the rest of us with confidence. That is the kind of character that we all want to have.

So let's strengthen our home influence all we can. Let's start with the HEART OF THE HOME.

Son of Former Zeeland Doctor Presents Hospital Building To His Native City As A Memorial

A fine community hospital became assured for the city of Zeeland Thursday when George F. Hulsenga purchased the Van Zytzema home on which the Exchange club of Zeeland had an option for some time for hospital purposes and presented it to the club. The Exchange club in turn will formally present the home to the city of Zeeland for use as a community hospital.

Mr. Hulsenga purchased the place for the sum of \$7,500 and is giving it to his native city as a memorial to his father, the late Dr. T. G. Hulsenga, for about half a century one of the most prominent physicians in this part of the state and who devoted his life to the welfare of the sick of that community.

Mr. Hulsenga, in making the gift, told the Exchange club that he felt it a great privilege to be able to pay this mark of respect to his father and to help in advancing the welfare of his native city.

While Mr. Hulsenga paid \$7,500 for the building, the price stated by Mrs. D. Van Zytzema in the opinion of the committee soliciting funds made public the information today that Mrs. Van Zytzema practically donated \$2,500 to the cause of a community hospital. Her price for the house was \$10,000 and this was not considered too high by those who are acquainted with the building, but when she understood that the place was wanted for a community hospital she made the price \$7,500.

With the building assured, the members of the canvassing committee resumed their work of soliciting funds with renewed zest. They will raise \$10,000 for equipment, changes in the building, an elevator and for an operating fund with which to begin work.

Mrs. Zytzema will have three months to vacate the house. Soon after the new hospital will be put into operation.

Mr. and Mrs. Gerrit Eriksen and son Allen, Margaret Eriksen, and Mrs. Sena Smeenge motored to Lansing Sunday to visit the latter's son Raymond in the St. Lawrence hospital. He is to be operated on for goiter some time this week.

MAN IS SAVED FROM ENGINE BY HIS BELT

Fred Bramer narrowly escaped death in a spectacular accident Friday afternoon when an eastbound Grand Trunk passenger train struck and demolished his sedan at the Ferryburg crossing near Grand Haven.

He was picked up by the side of the engine, his leg being dragged 75 feet, with his only injury a four-inch cut on his head.

The car was cut in two. Bramer's belt caught in the frame of the car, preventing him from rolling under the engine.

Bramer lives 2 miles north of Ferryburg. He has a wife and six children. He says he did not see or hear the train. The engineer stopped the train as quickly as possible.

Rev. James M. Martin, pastor of Third Reformed church, left Tuesday to attend the annual commencement of New Brunswick Theological seminary and the annual collation. Mr. Martin will attend the general synod of the Reformed Church in America at Asbury Park, N. J., of which he is permanent clerk.

The drive put on Saturday afternoon by the Allegan Business and Professional Women's club to aid in raising funds for Mississippi flood sufferers, resulted in raising \$217.

HUDSONVILLE HAS INCORPORATED AS REGULAR VILLAGE

The village of Hudsonville has now become an incorporated village under the laws of Michigan. Its charter was adopted the last day of January, 1927, by the people of Hudsonville, and the state approved of its action by the signature of Governor Fred W. Green on the 30th day of March, 1927.

Hudsonville is the first village in this section of the state to adopt the commission form of government. The village consists of some one hundred and ten families, besides the usual business houses, churches, etc.

The organization of the village was conducted by a charter commission composed of five citizens of which Fred F. McEachron, state representative, was chairman. Eugene Hubbard, postmaster at Hudsonville, secretary, and Dr. Henry Moes, Orin Edson, and Clyde Cory.

The charter provides that the territory covered by the village shall include: all of the southwest quarter of Section 28; all of the southeast quarter of Section 29; all of the north east quarter of Section 32; and all of the northwest quarter of Section 33; all in town six north of range thirteen west known as the township of Georgetown. This gives the village exactly one square mile of territory within its boundaries.

The charter has been put up in pamphlet form, containing two pages, 6x8 inches, some of which will probably be distributed among the freeholders. The first charter election is scheduled to be held on Saturday, May 14th, when officers will be elected to hold office until the first regular election to be held next November.

Candidates for office are placed on the ticket by petition from twenty-five to sixty electors, after which they are elected in the usual manner. The ticket for Saturday's election contains the following candidates from whom one president, one clerk, and four commissioners are to be elected: For president, Henry Moes and Henry P. Stegema; for clerk, Alfred De Weerd and George M. Hubbard; for commissioners, Edward Hall, Guy Elson, John Grit, Julius Dykstra, Henry Yonker, Gerrit J. Hamberg and Henry Ver Hage. The office of treasurer, marshal, street commissioner, etc., are appointive.

Nominating thirty-five of their number to offices in the student government, the people at Holland high held their annual caucus on Thursday afternoon at 2:30 P. M. in the school auditorium. Mayor Harold Boone presided at the meeting while the school clerk Miss Margaret Westveer read the minutes of last year's caucus. Holland high was among the first in the United States to permit student government and much fame has come to the city and school because of the interest attending this now wide-spread type of school activity. The student officers of Holland have received much credit on their efficient direction of the school affairs. The next election on May 27th determines the leaders for next year. Many townspeople attended Thursday's caucus and more are expected for the exciting event next week.

The students have one week to campaign and expense account limits, placards, electric signs, party platforms, etc., all mark the election as being a genuine thing in the school.

The nomination by wards and for the major offices are as follows: 1st Ward—Ollie Van Raalte, John T. Donnelly, Alida Spyker, Edward Bittner, Howard Dalman.

2nd Ward—Louis DeMastra, Marion Paulus, Evelyn Wierda.

3rd Ward—James Tyse, Loretta Schulling, Bruce Van Leeuwen, Leslie Hofsteen, and Alice Boter.

4th Ward—Winona Peterson, Jeanette Herman, Clarence J. Tyse, Ruth Smeenge, Willard Ripley.

After many months of failing health John Timmer, a former Holland resident, died at the home of his daughter, Mrs. Harry Elgersma in Hudsonville, at the age of eighty-five years and ten months. Death was due to apoplexy.

Mr. Timmer had been a resident of Zeeland for more than forty-six years and since the death of his wife, twenty-one years ago he has been living with his children, much of which time he remained in Zeeland. For several years Timmer lived with his daughters, Mrs. Harry Elgersma, West 2nd St., and moved with them to Hudsonville.

Although Mr. Timmer was in declining health, due to his advanced age, he was about as usual when he suddenly collapsed and died within ten minutes time.

He is survived by two sons and two daughters, Harm Timmer of Ellsboro and Jacob Timmer of Zeeland. Mrs. Peter Saal of Zeeland and Mrs. Harry Elgersma of Hudsonville. There are also sixteen grandchildren and nine great-grandchildren.

The funeral services were held Thursday afternoon at 1:30 o'clock at the home of Mr. and Mrs. Peter Saal on Lincoln st., Zeeland, and interment took place in Zeeland cemetery.

Mrs. Eva Ickes, 25 years old, passed away at the home of her mother, Mrs. Roy Ickes of Ferryburg, early on Friday morning. Mrs. Ickes, who has been in failing health for two years and lived in Nunica, was removed to the home of her mother when it became certain the end was not far off. The death is particularly very sad as she leaves a husband, Norman Ickes, and five children all under seven years of age. They are Robert, 6, John, 5, Ivan, 3, Frank, 2 and Ada two months. Her mother, Mrs. Ickes, and a number of brothers, sisters living in Ferryburg, also survive.

GEORGE EVERETT TO STAND TRIAL IN CIRCUIT COURT

On testimony of James Eckert, George Everett, Grand Rapids, was bound over to circuit court on a charge of conspiracy in the Macatawa fire case at a preliminary hearing before Justice Fides E. Fish Friday afternoon.

His bail was set at \$13,000. James Eckert, waiting trial on an arson charge in the same case, was the only witness. He testified that Everett had approached him and offered \$500 for burning the cottage. He said he had told Everett he thought Earl Childs would do the work.

Childs is slated for sentence for actually burning the cottage, following his confession and plea of guilty. Everett stated that he did own the cottage at one time but that now it is owned by his son. He claimed to know nothing about a conversation with Eckert, a former Grand Rapids restaurant man. All matters relative to this \$500 cottage fire at Macatawa will come up in this term of circuit court in Allegan county beginning Monday.

With another quota for the flood relief confidently expected by officials of the Red Cross here, Holland is ready to respond immediately. The new quota, it is expected by officials, will be announced early next week. When the last amount was announced about a week ago, the suggestion was made by Red Cross headquarters in St. Louis that an additional amount might be expected in case the floods continued to spread. Since then many thousands of persons have been made homeless and so it is practically a certainty that more money will be asked for from Ottawa county, as from all other districts not devastated by the floods.

The total amount collected for flood relief by the three Holland banks so far, up to and including Friday night, is \$2,609.62. This is more than double the amount asked for from southern Ottawa and means that this community is well on the way to providing the next quota that may be asked for.

One substantial check, included in the above total, has been sent to Red Cross headquarters at St. Louis and an acknowledgment has been received by the Ottawa county headquarters. If another check is called for Ottawa county will have enough money on hand to respond immediately.

North Ottawa has made an even better record, according to reports published on Friday. The total amount collected there is \$2,738.18. The fund there was considerably swelled Friday by the donation of \$328.78 collected by the First Reformed church of Grand Haven.

Several of the Holland churches are scheduled to take up collections for this cause tomorrow and it is likely that the fund here will be materially increased as a result.

The total for Ottawa county so far is \$5,367.80. That this is a good record as compared with neighboring counties is shown by the fact that Muskegon county Friday reported a total of \$2,223.14. The population of Muskegon county is about twice that of Ottawa.

The following has been taken from the official minutes of the particular synod of Chicago, a Synodical Church in America relative to the case of Rev. Walter S. Bloom of Grand Haven, at a meeting held at Holland recently.

"After a final vote of 22 yeas and 5 nays, the following resolution was carried:

"Resolved, That Synod confirm the action of the Classis of Muskegon, thus refusing to sustain the appeal.

"The Particular Synod of Chicago, does not recognize cruelty as a Scriptural basis for divorce.

"Resolved, That Synod refer the appeal of Rev. W. S. Bloom, relative to sentence pronounced upon him by the Classis of Muskegon back to Classis with instruction that Classis change the sentence from 'deposition' to 'suspension'."

Achievement day for the rural women of Ottawa county will be held in the Grand Haven armory, May 24. Four hundred women are expected.

An all-day session will include exhibits, luncheon, and a program of speakers from the State college, including John D. Willard, head of continuation education at M. S. C.

Mrs. Katie Metz and daughter Miss Ethelyn Metz have returned to Holland after spending six months in California. They report a very enjoyable half year in the west. Miss Metz was frequently called on to give public entertainments, according to California newspapers that came through from time to time during the winter, sent to Holland by persons in the Holland colony in Los Angeles.

Friday the 13th was not an unlucky combination for the Beechwood school P-T club. On the evening of that hoodoo day the club staged the best P-T meeting in its history. So many tried to get into the schoolhouse that there was not an inch of floor space left and there was hardly enough room for the performers to do their stuff.

Gerrit De Haan of Hope college charmed the audience with impersonations of women. The girl scouts of Zeeland gave a 45 minute program. Van In's brothers, the Ukulele Kings, gave some very pleasing numbers, and John V. Vyven closed the program with his characteristic stunts. Ice cream and cookies were served by a committee of men. There will be one more meeting before the close of the school year.

Henry Mol, aged 56, died Friday after a long illness. Mr. Mol has been an employee of the city for about six years. He served for number of years as elder of the Seventh Reformed church. He is survived by his wife, One sister, living in the Netherlands, also survives. Mr. Mol had lived in Holland for 35 years.

Funeral services were held Monday afternoon at 1:30 at the home, 360 West 21st street, and at two o'clock at the Seventh Reformed church, Rev. P. Van Eerden officiating. Interment was in the Holland cemetery.

At the armory of the Seventh Reformed church Saturday evening, May 14, a quiet wedding was solemnized when Mrs. W. Vuurens, nee Kate Visbren, of this city, was united in marriage to Mr. Daniel Hulzer of Clifton, N. Y. Rev. P. Van Eerden, pastor of the church, performed the ceremony. The couple was accompanied by Mr. and Mrs. E. Roeda of this city.

The local Pythians wish to announce that if it is cool next Friday night the big pavilion at Saugatuck will be comfortably heated. A good movie will start running at 8 and dancing from 9 to 12:30 fast time. This is going to be the biggest May party the Pythians have ever put on.

NEW POSTOFFICE BUILD- ING FOR SAUGATUCK

D. A. Heath of Saugatuck received word from Washington last Thursday that his bid for the new post office had been accepted. The new building will be located just north of Hull's hardware store. It will be a new modern one-story and basement building with entirely new equipment at a cost of about \$10,000. Excavating for the foundation of the building began this week and as soon as the plans for the building arrive work will be started and building completed as soon as possible.

GOODRICH LINE ADDS A TRIP PER WEEK

The Goodrich line has added an extra trip per week between Holland and Chicago. This boat will leave the Holland dock every Saturday morning at 9:30, fast time, making four trips per week instead of the usual three. The other three trips are on Tuesday, Thursday and Sunday night, leaving the local dock at eight o'clock.

A very pretty wedding took place at the home of Mr. and Mrs. William Byron, 129 Central avenue, Saturday afternoon, May 13, at 2 o'clock when their daughter, Della Eleanor Byron, was united in marriage to Dr. Roy E. Goldner of Lansing, Michigan. Dr. J. C. Willets of the First M. E. church officiated at the ceremony and Miss Shirley Hamlin, a niece of the bride, was ring bearer, carrying the ring in a calla lily. The living room was prettily decorated with palms and bouquets of gorgeous tulips.

The bride is a well known Holland girl, a graduate of Holland high school, also of Blodgett Memorial hospital of Grand Rapids. For the past two years she has been supervisor of one of the floors of the Sparrow hospital at Lansing. The groom is a graduate of the Bloomington Medical school of Bloomington, Indiana, and is now located at Lansing. After a short wedding trip they will be at home at Lansing, Michigan.

The out of town guests were: Mr. and Mrs. Goldner, Mr. and Mrs. Meyer of Preble, Indiana, Mr. and Mrs. Levan of Ames of Detroit, Miss Rena Ames of Hammond, Indiana, Mr. and Mrs. Peter Hamlin, Miss Shirley Hamlin, Miss Vivian Bigger of Lansing, and Mrs. Della Pride of Saugatuck.

Many Hope students have entered contests for six prizes of \$25 each for the best essays on various subjects. These prizes are part of several funds, which have been deposited with the college. The contests are limited to specific subjects, and include:

The George Birkhoff, Jr., English prize, "John Ruskin"; the George Birkhoff, Jr., Dutch prize, "Biography of Dr. A. Kuypers"; the Mrs. Samuel Sloan foreign mission prize, "The Educational Work of the Reformed Church in America on Foreign Soil"; the Van Zwailenburg domestic mission prize, "The Education of the Colored Population of the Southern States"; the Daniel Steketee Bible prize, "The Testimony of History to the Truth of Christianity"; the Coopersville Men's Adult Bible class prize, "The Apostle Peter in History and Tradition."

Prizes also will be awarded at the June commencement in oratory, debate, examination, chemistry, music and scholarship.

Albert De Jonge, 63 E. 15th street, who is 80 years old, does not easily forget the passing of the Holland interurban. And there's a reason. De Jonge had been employed by the company for 25 years and never had lost a day's wage. Now he's too old to seek other work.

Nearly every day De Jonge takes a stroll to the subway, which was one of the places where he cleaned and greased the switches. The roadbed looks different now, with the rails and ties removed, but this does not keep De Jonge from strolling down alongside the old roadbed for an hour or more each day, viewing with displeasure the changes made since the cars ceased running.

Clubdom in Holland is beginning to lean back, ready to take its annual summer rest. A number of the city's clubs have already ended the season's work, while others are about to close of the year's activities. Election of officers for the coming year has been the main item of business at recent meetings of the various organizations.

Most of the Parents-Teachers clubs of the local schools are winding up their affairs for the year and are finishing their work preparatory to taking the usual summer recess. The big union meeting, which is to be held in the new Washington school building on Tuesday night of this week, will mean the windup in this kind of work for several of the clubs. Many of them have already chosen their officers for the coming year.

One of the important clubs of the city that will not take a vacation during the summer months is the Rotary. It is a characteristic of the Rotary club that it never quite business. Like its emblem, the wheel, it makes the circle of the year without a break. The Rotary club has a provision in its constitution that members can attend a Rotary meeting anywhere in America, wherever they happen to be, and get credit for attendance. Because of the fact that Holland is a summer resort town, its summer meetings are usually very interesting as many visitors from far-distant places, often men of national reputation, attend as regular members.

Some of the other noon luncheon clubs, however, will soon discontinue for the season. The Holland Merchants association has already discontinued work. So has the Century club, the Woman's Literary club, and Tuesday night will mark the final meeting of the Social Progress club.

The college and high school associations are also beginning to wind up the work for the year and many fraternal organizations are doing likewise.

He is survived by his wife, One sister, living in the Netherlands, also survives. Mr. Mol had lived in Holland for 35 years.

41 CHILDREN ARE BRUTE'S VICTIMS OTHERS INJURED

(Continued from Page 1)

gren and their teachers under tons of debris.

Not content with the destruction, the demented farmer caused the death of Emory E. Huyck, principal of the school, and two bystanders by firing a shot from an army rifle into a box of dynamite in the rear end of his automobile. The explosion tore Kehoe's body into pieces, instantly killing Huyck, tore the legs from Glenn Smith, postmaster of Bath, and killed Nelson McFarren. Smith died on the way to a Lansing hospital.

The possibility existed that Kehoe may have burned his invalid wife to death. He fired his farm home and outbuildings before he dynamited the school. These were burned to the ground.

State police made efforts to check reports that Kehoe's wife, who had been in a Lansing hospital, was removed to Jackson or Howell without avail. Neighbors were inclined to the belief Kehoe may have taken her to a hospital and then transferred her to his home. Smoldering ruins of the house were too hot to permit a thorough search for bodies.

Investigations revealed that except for a short circuit the entire village of Bath, with about 250 residents, as well as the school, with about 300 pupils, might have been wiped out. More than 500 pounds of dynamite and several sacks of gunpowder were found under a portion of the building that rendered useless. A short circuit prevented the detonation of this huge charge.

Hurried calls for help sent to Michigan state police at East Lansing and for nurses and doctors brought immediate response with the result that by late afternoon the ruins of the building had been torn away. The bodies of the children, few of whom were older than 12 years, were stretched in a row on the ground covered by blankets, hurried to the scene by neighbors.

As body after body was handed out the screams of mothers could be heard above the noise of the workers tearing madly at the bricks and timbers which obstructed entrance to the center of the building.

One young boy sat weeping on a timber. He had been hurried through a window by the blast. The body of his ten-year-old sister had just been brought from the ruins.

Automobiles rapidly spread the news throughout the township and automobiles brought terrified mothers and fathers to the school. Little groups gathered in the school yard, largely women, weeping.

As each small body was brought and one woman would break into wild and one woman would break into wild tears.

One farmer bearing the marks of the soil on his clothes sat by the side of the bodies of two of his sons and wept. He refused to stir and he would not allow the moving of his sons' bodies.

The body of Miss Hazel Weatherbee of Howard City, teacher of the third and fourth grades, was found

pinned under timbers which held many of her little pupils prisoners. Miss Nina Matson of St. Ignace, high school teacher, suffered internal injuries and a double fracture of one leg.

Eva Dubbins, grade school teacher, also was injured. Miss Louise Sterling and Evelyn Paul, both grade school teachers, were hurled into the air and bruised, but escaped without apparent injury other than shock.

Floyd Huggitt, superintendent of the school, was not in the building at the time of the explosion. An ax and shovel applied in the basement in the school building disclosed a network of wires and hidden charges of dynamite and gunpowder. The wires had been cunningly concealed in the partitions and run through pieces of pipe and bamboo poles.

Kehoe also had strung wires through his farmhouse and outbuildings and even extended them in tables and cupboards. The fire in the house was discovered about the same time the explosion destroyed the school building. State police believed the demented man had a time device of some kind which started the fire in the home simultaneously with the setting off of the dynamite in the school building.

The crazed man of 48 had laid his plans with careful cunning. He placed heavy charges of dynamite in the basement of the Consolidated school, which is occupied daily by nearly 500 children. A device of some kind, probably a rude homemade contrivance, was placed to set the charge. At the appointed hour Kehoe drove to the schoolhouse to watch the culmination of his fiendish plans.

He sat in his car and watched the blast erupt. The bodies of children into the air. Then he drove around the block and came back to complete his work by blowing himself and three others into eternity.

Kehoe did not confine himself to the taking of human lives. Realizing that he would no longer need his farm, he refused even to let the fruit trees live. Every tree was girdled. Neighbors asserted Kehoe had teen apparently been demented some time. He was shunned more because of his surly disposition rather than because the natives of the little village feared his resentment at everyone and everything, would turn to violence.

Tonight little groups of the villagers stood around and discussed in low tones the catastrophe. Occasionally a voice would break into a fierce, white hot anger. It was a good thing for Kehoe that he took his own life with the others. The helpless despair of the farmer mothers and fathers whose children were killed was pitiful.

Gov. and Mrs. Fred W. Green visited the scene of death late yesterday afternoon. The governor threw aside his coat and assisted the crews busy pulling on long cables attached to the shattered walls. Mrs. Green assisted the nurses working over the less seriously injured and offered her sympathy to the grief-stricken mothers.

LOT DRAWING TO TAKE PLACE ON THURSDAY NIGHT

President Wynand Wichers of the Holland chamber of commerce, in a communication to the purchasers of lots states that a meeting will be held at six-thirty o'clock sharp on Thursday evening, May 19, at the Warm Friend Tavern and earnestly requests all lot purchasers to be present, not forgetting to take with them the price of the dinner.

After the dinner the drawing of the lots is to take place and immediately following there is to be a discussion on building restrictions in the plat that is to be opened. Mr. Wichers advises those members who cannot attend to have a representative present to do the drawing of the lot.

The principal object of placing this new plat upon the market was to get enough money to move the Lawrence Box factory from Chicago to Holland. This company has purchased one of the large pigskin tanneries on the northside and expect to employ 150 people when the plant starts up shortly. This money has now been secured thru the lots sold and the coming of the new plant is assured.

THIEVES ARE FOILED IN THEIR BOLD ATTEMPT

At 2 o'clock Wednesday morning Chan Davenport, attendant at the Windmill filling station on M-11, was awakened by falling glass. Quietly working his way down stairs, Davenport spied two men trying to gain entrance into the station. One robber was picking the glass at a rear window while the other was wrecking the lock at the front entrance.

Davenport took a very advantageous position where he could capture either man as he came into the station. The nice bright moonlight which aided the oil station man, however, proved to be a tell-tale as it cast his shadow where one of the men saw it. Calling loudly to his mate, the man at the front entrance ran to a car parked on the road and was soon joined by the other would-be robber. They sped south on M-11 and Davenport soon lost sight of them.

A fine description of the men has been given to Deputy Beekman and he is working on the case. Davenport showed plenty of nerve in thwarting the robbers and might have captured at least one of them had not the shadow been seen. Manager B. Vandenberg said Wednesday that little money is kept in the station overnight but many other valuables could have been taken.

Bluffs, Iowa. The majority of the big companies continued selling at from 14 to 18 cents a gallon.

Rural letter carriers of the west Michigan district, comprising the counties of Ottawa, Kent, Muskegon, Oceana and Newaygo, will hold their eighth annual convention in Muskegon June 4, according to announcement made Tuesday by John Woldring of Holland, secretary and treasurer of the association.

Newton L. Coons of Lowell is president and R. O. Brevitts of Conkling is vice president.

A feature of the convention will be a banquet at which former Postmaster B. G. Oosterbaan of Muskegon, will officiate as toastmaster. The speakers will include Congressman J. McLaughlin of State President W. J. Armstrong, State Secretary J. T. Hoyt and former President John H. Batchelor, who just has returned from a southern tour. Mr. Batchelor will speak on carriers' conditions in the south.

It is believed about 200 carriers will attend the convention, which promises to be one of the largest ever held in the district. Members of the National Association of Post Office Clerks also are invited. The banquet will be held in Occidental hotel.

The Raven oratorical contest of Hope college will be held Tuesday evening, May 31, in Winants chapel. At this contest the orator who is to represent Hope in the M. O. L. next year will be chosen. Seven orators will compete. Eliminations of the different classes will be held. The freshmen elimination will take place on Thursday of this week. Five freshmen are competing and two will be chosen for the Raven contest. On Friday of this week the sophomore elimination will be held and of seven who are trying out two will be chosen. Twelve juniors are competing and their eliminations are to be held the first part of next week. Three will be chosen from this class to compete in the Raven contest. In addition to being Hope's orator next year, the winner of the contest receives a prize of \$30, while the one who places second receives \$20.

J. C. Johnson of Michigan City has been elected general manager of the Shore Line Motor Coach company. He will be in charge of the operation of the company's extensive motor coach service, which includes lines running between Chicago and Muskegon and Grand Rapids. In Michigan, several lines in northern Indiana and the motor coach lines in Hammond and other sections of the Calumet district.

The Goodrich Transit company boat line, the Safety Motor Coach lines of Muskegon, and the Greater Hart association of Hart, have a community service advisor for Oceana county.

The object is to promote co-operation between the people who are served and the management of the transportation lines, in the betterment of community service in the county. This has come about by the rapid development of Oceana county as the playground of the nation. Service to visitors in West Michigan has become the biggest business in Michigan. The automobile has brought the consumers to the producers and the roadside markets on central state trunk line U. S. 31, known as M-11, are reaping a harvest undreamed of by the West Michigan farmers. The farmers are beginning to realize that they are living by a stream of gold running through fields of corn. The roadside markets are setting out trees along the roadsides for the delight of visitors and to protect the songbirds that destroy insects and are cheerful neighbors in each community. Conservation of animal and plant life is now the watch word of the people in West Michigan where so many people come for rest, recreation, comfort and happiness. People from all the states are coming to West Michigan to enjoy the pure water to drink, the fruit to eat, the cool breezes in summer and the warm breezes in winter in this our Riviera.

A special appeal to owners of "corn patches" in cities and sub-divisions to destroy last year's stubble at once to prevent the spread of the European corn borer in Michigan was issued recently by Herbert E. Powell, Michigan state commissioner of Agriculture.

Although the combined efforts of state and federal forces have brought approximately 98 per cent of the infested 800,000 acres under preliminary control, the commissioner said, "unless the isolated gardens in cities and their suburbs are cleaned up, the entire control program faces the possibility of defeat."

There is "an immediate necessity" for the work, Powell said, as the borer larvae which have hibernated in the corn stocks during the winter will emerge within a few days in the pupa stage, and shortly develop into the moth form. Control operations then will be out of the question until next year.

As a second line of defense, the state agricultural department has agreed to permit a private inventor to erect a special apparatus in fields of Monroe County late this month in an effort to lure the borer moths to their deaths by the sense of smell. An apparatus which simulates the smell of growing corn is included in the out-

HOPE PROFESSOR NAMED PRESIDENT OF THE S. P. CLUB

Although he has been confined to his home with illness during the greater part of the present year's activities of the Social Progress club, Dr. F. N. Patterson was elected president of that organization Tuesday night at the annual business meeting held at the home of Mr. and Mrs. Charles E. Drew. Dr. Patterson has been a very active member and the club unanimously elected him president for next year—thereby expressing the wish that he will be fully recovered when the next club year opens.

C. Vander Meulen was elected first vice president, Henry Winter second vice president, Prof. Egbert Winter secretary-treasurer, and N. Bosch and R. B. Champion members of the executive committee.

Principal J. J. Riemersma, the retiring president, read the paper of the evening Tuesday night, his subject being "Community Solidarity." Instead of entering into a theoretical study of community solidarity, Mr. Riemersma adopted an interesting method of giving an outstanding example of it, perhaps the most outstanding case of it in America today.

He gave a full description of the Amana community, the greatest and so far the most successful experiment in communism in America, perhaps in the world. It originated in Germany in the 18th century and the people migrated to America about the middle of the 19th century, settling in New York state. When the city of Buffalo began to encroach upon it, the community migrated to Iowa where it occupies more than a complete township.

It practices communism outside the home, the people live simply and in accordance with primitive religious customs and practices. They have their own schools, operate factories and farms, use the most modern machinery in industry and agriculture but mentally live in the 18th century.

Mr. Riemersma gave a complete description of their manner of life and pointed to the community as a genuine example of community solidarity such as is not often met with in American life.

SEVERAL JOLTS READY FOR GRAND HAVEN TRAMPS

County officers and city police at Grand Haven report a number of hoboes about the railway yards who to date have had no trouble just whose presence is not desirable in a busy community. Three lodged in the county jail last night but the major part of them are sleeping in old box cars and huts near the yards.

Sheriff Kauterbeck is determined to drive out these men, most of whom do not intend to work in any event. The sheriff is not to get in touch with the judge and arrange a plan to make it uncomfortable for them.

Sometime ago the sheriff had a scheme whereby the men were arrested in a second charge of vagrancy and were then shipped to the Detroit House of Correction. News of two arrests spread like wild fire and that plan has worked in other parts of the country he said.

The report section is apt to be a haven in the summer and from the present indications, tramps are getting well acquainted with the community early this year. Hence plans to move them on at once.
