## WHEN MOB RULE NEARLY PREVAILED IN HOLLAND

### DEATH OF FORMER SHERIFF BRINGS REMINISCENCES IN OFFICIAL LIFE

The death of former sheriff John Vaupell, of Seattle, Washington, brings to mind many reminiscences of the life of the two sheriff brothers, John and Ed Vaupell of Holland. John was sheriff in 1880 and Ed was sheriff in 1881 and 1882. It was during the time that he was sheriff, and his brother Ed was marshal, that mob rule nearly prevailed in this small provincial town of 3,000. Farmers near East Saugatuck hastened to the city stating that a negro and one white were killing sheep in the neighborhood and were staging a tramp's barbecue. Ed Vaupell, then marshal, with horse and buggy and some deputies, hastened to the place but was surprised to see that the negro was armed. The Holland marshal did not show the white feather, but went for his man, but as he approached, a bullet from the black man pierced his neck. Before a second shot could be fired the marshal and his men had the negro handcuffed and he was taken to the Holland jail, a very crude frame building located back of the fire engine house in Centennial Park, just across from the present post-office.

There were all sorts of rumors that the marshal had been killed and by the afternoon a mob had gathered and by night part of Centennial Park was crowded, and the young bloods of the town, many of them who were afterward prominent citizens and public officials, were led in their lynch talk and late at night the south side of the frame building was completely torn out and it was then the sheriff's department took hand and the retiring sheriff, John Vaupell and the incoming sheriff, Aric Waltman with guns drawn, held the mob back. During the lull, after being awed by the display of fire arms, a gang of young Holland sprouts at that time pulled out the hand pump and attempted to drown the coon out, hanging the hose through a long, narrow, barred window, several feet up from the ground. In the meantime, Mr. Negro was pleading for his life, crouching the corner of one of the two cells. The sheriff then held a council of war and a closed hatch, which was quietly pulled in the park to which were hitched the fastest steeds in Boone's livery, and between a lane of level-headed citizens and marshals, sheriffs and deputies with drawn guns, a much bedraggled, crouching and shivering negro was hurried to the waiting carriage and was raced south over River street to Allegan county jail and later was taken by train to Grand Haven, where he was tried and convicted and was sent to prison for a period of time.

The funeral of John Vaupell was held in Seattle Monday. This was the advice received by Ed Vaupell, a brother, who is still living in Holland. Another brother is Herman Vaupell, also of Holland. There is a sister living in California and also one in New York. The late Mrs. B. Steketee of Holland, who passed away during the winter, also was a sister. The late sheriff is also survived by a son and a daughter, both living in Seattle. Mr. Vaupell never came back to Holland to live, after being sheriff. He became associated with the Nylands, all of Holland, establishing the Eagle Tannery, now one of the largest tanning plants in the country, managed by Wm. Hutton, also having a plant at White Hall. Interment of the remains of Mr. Vaupell was at Seattle, it being de-

## SOPHOMORE WINS IN HOPE'S ORATORICAL CONTEST FOR WOMEN

In a hotly contested battle, Miss Alice Brunson, sophomore, won the women's Adelaide oratorical contest this afternoon at Winant's chapel. The oration carried the vote of the three judges by a narrow margin. She will receive the \$15 prize, besides representing Hope college in next year's M. O. T. The unusual feature of the victory was the fact that a sophomore came through ahead. The orator is usually chosen from the junior class.

Miss Gladys Huisinga, also of Holland, took second place, winning the second prize of \$10. Miss Bernice VanOs was third.

The judges were: Mrs. G. J. Diekema, Prof. Harry P. Hager and Miss M. J. Gibson.

Miss Gertrude Van Kampen, Holland High, has been operated on for appendicitis, at the Holland hospital.

It was decided that the body would not be removed to Holland. The father of Mr. Vaupell was a Holland pioneer, conducted a harness making shop on east 8th St. in the earlier days. The sons followed this trade until the time they became interested in politics, but after their official career Ed Vaupell conducted a harness and trunk shop in the Vaupell building on West 8th St.

Egypt Cairo

Egypt, Cairo: Egypt contains more wonders than any land and is pre-eminent above all the countries in the world.

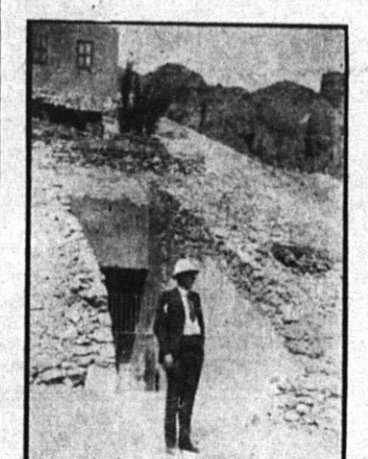

The Nile is just wonderful and the riches of its boundaries beyond description. Just producing crops perpetually during all the seasons, and the way the Arabs labor with donkeys, cows, oxen, water buffaloes, camels and primitive tools is a show in itself. The city has a population of about 800,000. Its largest city in Egypt, its a military city under British control very modern in many respects, a real nice place to live. Peoples of all tongues and nations live here.

Principal sights. The Pyramids, Mosques, Bazaars, The Museum most wonderful in the world. The Heliopolis is the One of the Bible where Joseph found the daughter of the High Priest (Gen. 41) from here came the Obelisk of Central Park, N. Y., and its mate in London. I saw both of them several times.

They were built in the home of Abraham at least 4000 years ago. Plato, Jeremiah, and Moses read its inscriptions like you and I may try today. The Pyramids were built by slaves 100,000 and more labored many years and all they received is an onion and a loaf of bread a day so we are told. Sahara Desert just immense. The natives are very indolent and shiftless. Like one has said. Their attitude seems to be expressed in these words.

## NO LOCAL DEMOCRATS TO ATTEND CONVENTION

Grand Haven Tribune.—There will be no Grand Haven Democrats at the state convention to be held in Port Huron tomorrow. In fact one loyal one, Charles E. Misner, remarked, "I declare if I know who are Democrats any more," when asked by some of the state leaders who wished to go from here to the national convention. Democratic interest has each year grown less and less, the sturdy pioneers of the party passing with little new blood to take their places, he continued.

## ZEELAND SCHOOL WINS FIRST IN GLEE CLUB MEET

On last Friday morning a choice number of the Girls' Glee Club and the Boys' Glee Club of Zeeland entered the district contest in which several other schools of Class C were competing for honors, with the high hope of gaining at least a good place in the scoring, but when the winners were announced at the close of the day, Zeeland was agreeably surprised to find they had been declared the winners in the girls' competition and that the boys had been awarded second place.

Each of the twenty-two schools represented entered their Girls' Glee Club, making the competition very keen; but the Zeeland Girls came out with flying colors, winning the first honor. Eight of the twenty-two schools entered their Boys' Club and Zeeland was placed second in that contest.

The girls who took part in the contest at Western State Normal last Friday are Mabel Lanning, Geneva Van Dyke, Winona Wells, Stella Karsten, Lois De Pree, Caroline Hendricks, Naomi Van Loo, Marjorie Van Koevring, Gertrude Post, Eileen Bridges, Alice Katte, Jennie Van Koevring, Arloa Van Peursem, Catherine Janssen and Helen Koelman.

## News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

### FIFTY YEARS AGO TODAY

We call the attention of our readers to the announcement of Harmony Lodge No. 12 of the United Sons of Industry. This Holland lodge seems to flourish in spite of the prejudicial opposition in this city.

The new tannery of Hummel & Co. is nearly completed.

Dr. D. Baert was named president of Zeeland village. The trustees named were, J. De Jonge, Wm. Westhoek, W. Wichers. The clerk is Q. Huizer, Treasurer, J. De Pree (P.); Assessor, J. De Pree; Marshall, A. Romeyn, Poundmaster, J. Dykwell.

Our beer brewer, E. T. Sitten on west 10th street is steadily improving his brewery, continually augmenting its capacity, and adding necessary labor saving machinery. The beer he has made during the past winter, he claims, will be offered in a few days and be of a better quality than ever before, equalling the celebrated Cincinnati lager so extensively imported to Holland. The proprietor states that the new beer will be so light and palatable that hardly any intoxicating parts are left in it. If his present brew proves to be as hinted above, it will take away one of the objectional features to its use, to say the least.

Prove. Near beer fifty years ago proving there is nothing new under the sun.

Six vessels arrived into port the past week and four of them cleared with stones, lumber, potatoes, flour, wood, railroad ties, etc. One steam barge made Holland harbor and was rather an attraction since most of the shipping from there is done by sailing vessels.

R. Kanters and Sons, of Holland, are busy putting in brushwork breakwater at Lincoln Park, Chicago.

### Twenty Five Years Ago

John Oostema has accepted a position in the office of the Holland Sugar Co.

In an interesting and timely sermon, Rev. Seth Vander Werf, of the First Ref. Church, defended our public schools. He pointed out how thru the influence of Calom Knox, Erasmus in the old country and the Puritans in the new, public schools succeeded parochial schools. He said Our schools have been founded by our God-fearing fore-fathers and from the beginning the purpose of our schools was to give the children of the land a moral education, teaching them to become men and women who should fear God and obey the laws of the land. If it is true that some of the schools have departed from this purpose it is the duty of every good citizen to use his influence to counteract the evil and to reinstate the glorious principles on which our schools were founded.

Note. This was when the parochial school question was rife in Holland. Little Lucile Chase, daughter of Dr. and Mrs. L. Chase, 215 west Twelfth Street, celebrated her fourth birthday. Many of her friends attended.

Abraham Muste of Hope, winner in the Michigan contest, won second at the National at Cleveland Friday. Judges gave him first on thought and style. Mr. Muste was decidedly at a disadvantage since he was the last speaker, starting at midnight.

In the school election B. Steketee was high man followed by Isaac Marsilje and W. H. Wing. The vote stood, Steketee, 156; Marsilje, 114; Wing 177. The other nominees polled votes as follows: P. M.

A large number of speckled bass are being caught in Black Lake. That was 25 years ago, don't get excited.

### FIFTEEN YEARS AGO

The Holland Interurban road was sold yesterday to the Commonwealth Railway Light and Power Co. Charles A. Floyd will remain with the system as general manager.

Wholesale liquor dealers under the law have been successful in getting liquor licenses and are already doing business on a wholesale scale. The fight first was "Saloon or no saloon." No saloon won but did not prevent wholesaling of liquor. Then there was a fight against drug stores of Holland, these because of the closed saloons did a "land office" business. The common council then allowed whole sale house to exist and now everybody has their liquor home or elsewhere.

Holland Public School must do away with drinking cups by order of the State Board of Health. Practical drinking fountains will be installed in every building.

Zeeland adopted a gas franchise and will soon be connected up with the Holland Plant by way of a high pressure system.

Born to Mr. and Mrs. M. Brandt, a daughter; to Mr. and Mrs. H. Hunderman, a daughter and Mr. and Mrs. G. Rits also a daughter. All these births were in Drenthe.

Frank Salisbury was appointed state game warden and he has been the Ottawa county warden ever since.

In lieu of a tail a five legged kitten was born at the home of C. Northouse, Hudsonville.

The extra limb, a front one, is fully developed and seems perfectly useful, possibly more so in a fight than the missing tail.

The death of George M. Pond a soldier of the Civil War took place. The Holland man was in the Soldiers' Home at Grand Rapids when death came.

It took 60 ballots to elect a member of the Board of Public Works and 63 to elect a member of the police board at the council meeting last night. Frank Pifer was named on the last ballot for board member. W. J. Garrod was named on the police board to fill the vacancy caused by the resignation of Wm. Orr. A fagged out council fled from the chamber at 2 o'clock P. M.

### FIND LOST CHILD

AT MONTELO PARK  
The three-year-old child of Mr. and Mrs. Henry Van Voort, 272 East 15th street caused consternation Tuesday afternoon when it was missing from home 3 o'clock until half-past six, when it was found and reported to police headquarters.

In the meantime the mother was nearly frantic and the father and police scoured the city without success. When found it had walked a distance of nearly two miles across town.

The Allegan county road commission has let the contract for building one mile of the Drenthend in Overisel township to John Yerrington, Watervliet, for \$7,228. The road will be 16 feet wide, of gravel construction.

Mr. and Mrs. Roy B. Champion drove to South Haven Wednesday.

Miss Olive Woldring is back from a trip to Sparta and Detroit.

## NO REPORT ON NEW HOLLAND CASE

Coroner Gilbert Vandewater of Holland, who is in charge of the case of Mrs. Kooyers whose body was exhumed for the purpose of finding out if the woman was poisoned four years ago, before going to press states that he has not received word from the Health Department at Lansing and the State chemist will not make a report until Saturday or Monday. In the meantime rumors are still flying which may prove groundless in the end.

## DR. BLEKKINK RETIRE FROM SEMINARY TEACHING STAFF

In The Rev Professor E. J. Blekkink, D. D., having reached the age under which the professors of the local seminary are retired from active service, the board of superintendents in its session on May 9th resolved that Dr. Blekkink be made professor emeritus of systematic theology. It is the desire of that board that Dr. Blekkink shall continue to do some teaching in the seminary for some time to come, according to arrangements to be made in consultation with the faculty.

Dr. Blekkink has served as professor of systematic theology since 1912, when he was called by general synod from the pastorate of the Third Reformed church here to assume the chair in the seminary.

The board nominated Pres. John E. Kuizenga to general synod to succeed Dr. Blekkink as professor of systematic theology. Dr. Kuizenga has served the Reformed church in various capacities; for three years, as teacher of English at the Northwestern Classical Academy at Orange City, Iowa; for two years as pastor of the Reformed church of Graafschap, Mich.; from 1906 to 1915 as professor of Bible and philosophy at Hope college; since 1915 as professor of practical theology in the seminary, and since 1924 a president of the institution. The election to the chair of theology will be the duty of the general synod in its session in New York next June.

The board appointed the Rev. John R. Mulder, of Bethany Reformed church, Chicago, to be lecturer for two years in practical theology, if the general synod elects Dr. Kuizenga to the chair of systematic theology. Mr. Mulder is a graduate of Hope college.

K. B. Olson, Holland's pavement contractor, is to lay sheet asphalt on US-10 and US-31 on East Ludington Ave. from Washington Ave. to the city limits. The state is to pave a strip 20 feet wide and additional pavement, curb and gutter are to be paid for by the city. The work will cost the state \$7,500 and the city \$10,000.

### LARGE FLOAT IS TO ADVERTISE HOLLAND

The large float, suggested by the Chamber of Commerce and fostered by the Holland Merchants' Association and other civic bodies, is ready to appear in the big parade at Benton Harbor. The committee in charge is John Van Tatenhove and Andrew Klompars and J. A. Johnson and they sure did a wonderful job. The float is in keeping with Holland's name and traditions with a large windmill surrounded by a bed of tulips. At the rear of the mill will be a gigantic wooden shoe. The entire float will carry out the Dutch motif of blue and white and a lady and two boys and two girls dressed in Dutch costumes will complete the picture. In addition to the float, which will be 20 feet long and seven feet wide, will be a group of 25 or 30 men dressed in Dutch costumes, even including wooden shoes. The high school band has also been secured to go along with the float, so Holland's part will be quite noticeable.

Those present were Anna Doctor, Ruth Meyer, Beatriet Wabeke, Leon Schaddeloe, Osborne, Jean and Leonard John Vos.

## LOCAL SEMINARY GRADUATES ITS FIFTIETH CLASS

Presentation of Bibles to Graduates Was One of the Features

Seventeen students graduated from the Western Theological Seminary Wednesday evening which marked the close of the school year for 1928, and is the fiftieth graduating class that has gone forth from this institution. ## HOW TO MEET UNEMPLOYMENT

Officials in executive positions in state, federal, city, county and local governments could help greatly in taking up business depression and unemployment during a presidential year by speeding up plans for public work. Private corporations could also improve the general situation by pushing needed improvement programs in times of slackness.

Such timing of development work by both private enterprise and government would tend to stabilize business and minimize unemployment in a presidential election year like the present. All sources of public employment should be tapped by those in authority against the tendency to hold back until after the November election, and thus prevent unnecessary unemployment.

Full prosperity depends on maintaining purchasing power of consumers, financed by maintaining good wages and a high standard of living. Unemployment means decline in consumption—more goods on the market than are being absorbed and unemployment.

Holland has already begun a program of public work in its street paving which is a good start for this vicinity at least. It might be well to add Tenth Street in the program, thus not only providing more work, but enabling the property holders to reap the benefits of a lower paving rate of 65 cents a running foot under the price of last year's contracts.

## HOLLAND GIRL TAKES TO SPORTS AT STATE CAPITAL

Wilma Baker of Holland is one of the co-eds of Michigan State College who are taking advantage of the many branches of outdoor athletics offered during the spring months under the direction and sponsorship of the Women's Athletic Association of which she is a member. Athletic ability of the candidate determines membership in this organization, and it is only after careful observance of records that the new members are chosen. Archery, swimming, canoeing, baseball, and hiking are occupying the spare hours of the feminine sport fans following the advent of warm weather.

"Did you really?" she exclaimed.  
 "How did you manage it?"  
 It was plain she had no idea of how tablecloths came into being, so the farmer lowered his voice mysteriously as he replied, "If you promise not to give the secret away, I'll tell you."

The guest promised.

Seery, coming at intervals from Grand Haven to minister to them. He was present during the dedication of the first Catholic church, a small building, located near where the Dunn Mfg. Company now stands. He has been indirectly interested in the Holland parish for a number of years and always kept in touch with its development long after leaving this vicinity.

## APPLE SCAB FIGHT TO BE DECIDED ERE PETALS FALL

County Agent Ralph Helm of Allegan county gave out the following statement on spraying and orchard conditions Tuesday: "Apple buds are unrolling several new leaves each day. The apple scab fight will be won or lost before blossoms are off. Should leaves be wet 12 hours before blossoms are off only those who spray or dust each week it rains (not showers) will bring their orchards through safely. Rosy aphids and leaf worms are not hatching. Hold off aphids and poison spray until pink period. In view of the light scab development on pears last year and present stage of development of fungus and pear buds the application of a fungicide, preferably bordeaux mixture, is recommended for varieties like Flemish Beauty that are very subject to scab. Bartlett, Kieffer, Howell and other non-susceptible varieties will require no fungicide application before blossoming."

The Allegan County Sunday School Convention, better known as the Council of Religious Education was well attended at Allegan on May 3 and 4. He appeared for six sessions. Other prominent divines from here were Dr. John C. Willits who spoke on the subject "The Divine Challenge," Rev. ### HOLLAND DOCTOR VISITS KING TUT'S TOMB

(Continued from Page 1)

American school, also an American church right next to a Mohammedan School.

It is no more than 50 years ago that excavations were begun. Many of the immense ruins were then completely covered with earth and debris for centuries. The temple of Luxor is not far from the Temples of Karnak on same side of Nile. The two are connected by means of a street of ram headed sphinxes built 1500 B. C. These monuments are as big as elephants and stand about 20 feet apart, hundreds of them. In the temple at Karnak we were shown the altars where the animals were sacrificed. The troughs where the blood found its way outside, just as it was used at that time. We all rode donkeys to this place. My guide kept saying to me, "You healthy, you healthy, donkey walk slow." He meant I was heavy, donkey had a big load carrying me, hence I should not trot the animal. After a very short distance, guide asked for 50 cents as donkey was thirsty, a little later, another 50 cents he wanted, as donkey was hungry, still later he wanted some for himself. They have all kinds of schemes to hold one up.

King Ramses I and II constitutes much of what guides talk about. Here we saw the Great Hall of Columns, a perfect wonder of Egyptian constructive art. This magnificent hall contains over 130 pillars, beautiful sculpture and marvelous colouring, roofed over not with glass, but with alabaster stone windows. Alabaster stone or marble is very translucent. Interior space large enough to accommodate St. Paul's Cathedral at London. Several massive obelisks are seen here which to all appearances will stand there forever, or as long as this earth lasts. These obelisks are nearly a hundred feet high, all in one solid block. That is the beauty of them everywhere. Not like Washington's monument at Washington, built up but instead just one solid piece of stone or granite. They were hewn out of granite quarries of Assuan, a short distance from this place.

One of these is the finest and largest in the world. Those of Paris, New York, London and Rome all very much inferior, I saw all of them. They were all from Egypt. There is a great temple here called Temple of Amen. It is surrounded by a thick Roman wall made of Nile mud-brick. The Sacred Lake we read about is here. It was a dirty stagnant pool as I saw it. This lake was used for the ablutions of the priests who lived in this Temple. Near this lake I saw the recently discovered pink granite pillar on which rests an artists granite scarab. This scarab is the sacred beetle, emblem of eternal life among the Arabs or Egyptians, found with mummies and ruins and old buildings alongside the Nile. I received several reprimands for carelessly or purposely stepping on such bugs. Bugs and flies were so thick that we were compelled to carry swatters with us all the time.

The temple of King Tut is now in ruins. On the west side of the Nile we go to King Tut's tomb on donkeys, a distance of about 12 miles one way. Awfully dry and hot, not a bit of vegetation to be seen anywhere, just sand, dust and mountains. How the Pharaohs picked out such a fine resting place is more than I can understand. We must carry water or something else for thirst. I paid 60 cents for a bottle of water here, next time I bought a bottle of beer, this also cost me 60 cents. Between the two I chose the latter, as this was Amstel beer made in Amsterdam Netherlands. Where the water in bottles came from I don't know, but one taste told me I did not want any more water, at least not here.

These famous royal tombs were hewn out of limestone rock about 1600 B. C. The insides are now all lit with electric light. There are a great number of these underground tombs. It is just marvelous to see the beautifully coloured walls in many of them. One sarcophagus of granite, another of alabaster and so on, many of gold and silver mixed with marble. The mummy of Tut is kept in the tomb at Thebes. His beautiful sarcophagus or outside casket, as we call it, is in the Museum at Cairo. Many mummies were in these tombs. It was quite a sight to see these dead bodies all around you. Tut is kept here to make tourists travel there. There are 35 boxes of various things yet unopened in this tomb. In the Museum of Cairo we find thousands of various kinds of things taken out of this tomb. Beautiful, yes, everything very very pretty, that was stored there. What the big idea must have been I do not know. Saw the mummy of the King's mother,

and his father-in-law almost in perfect preservation, and cork dry. If Tut could come back I feel sure he would be able to recognize their faces in some cases. We were shown mummies 4,000 years old.

To physicians, mummies are of special interest since the pathological examination of these remnants of a prehistoric age throws much light on important problems of medical history. The ancient Egyptians believed that the soul leaves the body at death but later returns, hence every possible way to keep the remains in a state of permanent preservation was made. The internal organs were usually taken out and embalmed separately, quite a job to do this right. Human skeletons in perfect condition and not disarticulated. The tombs were dug a long way into the sides of bluffs or mountains, walls, solid blocks of stone, all jointed with stone pins, no possible chance of sagging or getting out of place. Corners all angle stones, blocks 10 feet long, 6 feet high, 3 feet thick on each side of the corner. Practically a sample of every article in use at that time was found in said tomb. No doubt, this is the land of the Pharaohs, the land of wonder, the land of historical interest.

Henry Swindels describes Thebes beautifully in these words: "In days of old when knights were bold,

A great city was Thebes.

Today you'll find if you are inclined,

A squalid village is Thebes.

In temples great and real estate

The priest did live in Thebes.

But now the poor with little store

In mud huts, live in Thebes.

Their mighty names with wonder-

ful pains

In stone they carved in Thebes.

In sand and mud today they grub,

Those patient folk in Thebes.

So shall we all what'er befall

This lesson learn from Thebes

Deeds wise and just will be the dust

Smell sweet and bloom like

Thebes.

When we were taken on a Sunday

Morning across the Nile from

Luxor to Thebes in a small row

boat manned by three Arabs, we

trusted our lives to them, they

could not speak our language nor

could any of us Arabian. These

men were rowing and keeping per-

fect time with their oars and all

the time singing in a peculiar

monotone.

It made many of us laugh, some

remarked, what is that funny noise

they are making anyway. Some

said, I guess it's Home Sweet Home

or Swane Ribber, another said

something else. We began to sing

like they did. We thought we were

smart and had lots of fun mocking

the poor fellows.

Later on we found out the people

were praying for us that we

might be safely rowed across.

This is just one verse they sang.

(Try it in a monotone and hear how

it sounds).

"Min nadah el kerim lam yindam

la il aba illa Allah Mohamed

Rasulallah."

(He who calls upon the Merciful

will succeed. There is no god but

God and Mohammed his prophet).

Next week we continue on to Rome,

Naples and Nice.

However, they came out from the first encounter heads down and looking sorry indeed. The Service Oil Co. team hailing from East Holland, sent them back to Hamilton last Tuesday, badly beaten. Score 8 to 2. They will play again Friday evening when the score will show more practice and less confidence.

Through some oversight the Hamilton correspondence of last week was mislaid, but is found on some other page of this issue, this week. We are sorry, and it will not happen again.

### HOLLAND LEGION PLANS MEMORIAL OBSERVANCES

The American Legion Monday evening prepared plans for the observance of Memorial day. Rev. C. P. Dame will preach the memorial sermon on Sunday, May 27, in Trinity Reformed church. Memorial day exercises will be held in Centennial park. Mayor E. C. Brooks will be president of the day and Rev. C. P. Dame has been named chaplain.

### Local Lumber Company Makes Preparation for Development

INCREASES CAPITAL STOCK TO \$100,000

The Scott-Lugers Lumber Co. this week increased its capital stock from \$50,000 to \$100,000. The firm has been very successful under the management of John Kooiker, and it was found that there was room for development in a good going concern and consequently the increase in capitalization.

The company is an old one, established more than a half-century ago. Sixty years ago it was named the Phoenix Planing Mills, located on the site now occupied by the post office. It was then managed by Rynder Workman. About 45 years ago the plant was purchased by B. L. Scott, Luke Lugers, and G. Schuurman.

Mr. Kooiker entered in the firm as a young man, in the office, and as time went on he became the manager and has shown rare talent in building up the business. Some 15 years ago a new plant was built on River Ave., on Black Lake where the output was considerably increased and a more commodious, convenient, brick structure was erected.

The planing mill also does interior finishing work, with about 20 men regularly employed in the mill and yard. The new capitalization will partly go to enlarge the capacity of the mill and allow the employment of several more men.

The company also maintains a large branch office at Wyoming Park, a suburb of Grand Rapids. The present officers of the company are William Brusse, president; D. B. K. Van Raalte, vice president, and G. John Kooiker, secretary and treasurer and manager.

### Unique Banquet Staged by Sunday School Teacher

FESTIVE BOARD TAKES FORM OF LARGE SHIP ANCHOR

Mrs. Martha Kollen left yesterday for New York from where she will sail for Europe on the steamer Majestic, where she will visit her son John Lloyd Kollen, who is studying in Germany. As a farewell to the members of her Hope Church Sunday School Class and their husbands were invited to an informal reception held at Hope Church parlors. A rather unique feature is the fact that the parlors were temporarily transformed into the deck of a large ship. The guests entered over a gang plank and for the evening at least they could imagine themselves passengers on the "briny deep." There were pursers, cabin boys and all the attaches generally found in a ship's crew. The exception was that the bell boys were young ladies, dressed in the attire of the real thing. There was a ticket window where the imaginary passengers checked in and were assigned dining room reservations, and incidentally a partner was secured. At six bells, 60 guests, ladies and gentlemen, sat down at the festive board arranged in the form of an anchor. It was an elegant ship's dinner and enjoyed by a most happy gathering.

The gangplank in question was provided by Mr. Johnson of the Goodrich Co.

Just before the last course was served radiograms were delivered to each passenger, informing them of after-dinner ship entertainment: Bon Voyage, Captain Ruth Everett (president of the class); response, Star Passenger Martha Kollen; sea songs, Able Seamen Willis Diekema; mental treatment for Mal de Mer, Talented Passenger Ethelyn Metz; parting advice, Chaplain T. D. Davidson; salt airs, Assembly singing led by Keyqueen Alice De Pree.

### MISSIONARIES FROM CYPRUS WILL SEE CHILDREN GRADUATE

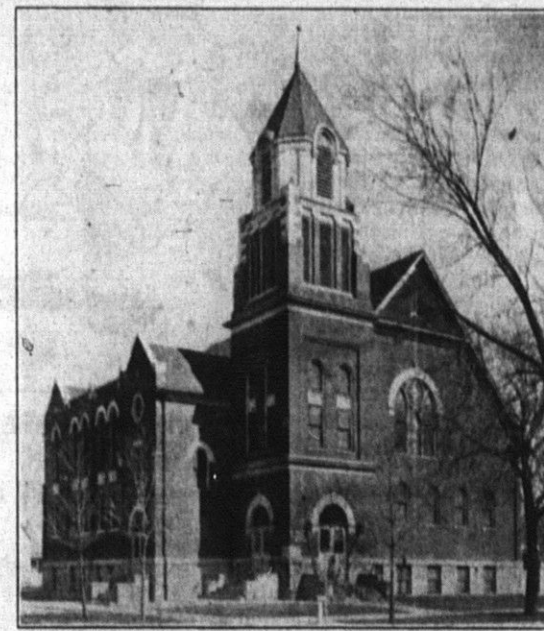

Dr. and Mrs. Calvin McCarroll, medical missionaries in Cyprus, and the parents of the McCarroll trio at Hope, are returning to America for a furlough of a year on a ship expected to arrive in Boston May 16. After spending the time of Commencement here in Holland, they expect to go to Detroit where they will be during the larger part of their year's vacation.

Dr. McCarroll, originally of Birmingham, Michigan, is a graduate of the University of Michigan and of the Detroit School of Medicine. He and Mrs. McCarroll have been in the work at Cyprus since 1904. He is the "Senior Missionary," or head of all the missionaries which are in the field, and is also the chief director and treasurer of the two schools located there. These schools, one for boys and one for girls, are sponsored by the Presbyterian Church. Besides all this, he has his regular medical practice, treating from seven to eight thousand patients a year.

Cyprus is a beautiful tropical island, ninety miles long, and at one place fifty miles wide, owned by Great Britain. Two thirds of its inhabitants are Greek and the other third are Turkish. It is very near Egypt and Palestine, and from its shores can be seen in the distance the beautiful Lebanon and Taurus Mountains.

President Coolidge nominated Adrian Westveer to be postmaster at Holland for four more years. This is the advice received by Mr. Westveer.

The nomination was sent to the senate for confirmation, which was done.

The new Trinity Reformed Church after all remodeling had been completed. This church has as its pastor the Rev. Clarence P. Dame, who, has not only been a great force for good in the church, but in the community as well. Details of the building and the history of the church have appeared in this paper before.

### DEER FAWN IN MAY

Deer give birth to their young this month, which weigh about 4½ pounds. The fawns are left in a covert for the first month and their rich brown coats set off with pure white spots make a color scheme that is protective as they crouch in the leaves and are exquisitely beautiful when later on they bound by their mother's side.

### WHO OWNS FUNERAL WREATHS?

A large box containing two large funeral wreaths of waxed and artificial flowers was found on US-16 just east of Spring Lake addressed to Mrs. John Botroff, general delivery, which has evidently been dropped from a car. The wreaths had been sent from Palm Garden of East Lansing. The sheriff's office is holding the flowers until the owner is found.

### JUNE BRIDES AND GROOMS—MANY FORMER HOPEITES

"June Brings the Roses"—and also the brides,—and this June, from all reports, will be no exception to the staid and hard-fast rule. Of the Seminary Seniors no less than seven,—and perhaps many more—are to embark upon the sea of matrimony this bridal season. The seven that Cupid has reported are: Jerry Veldman, to marry Miss Adelaide Borgman, June 28, and Jack Peelen who graduated from the Seminary last year, will marry this spring Miss Ruth Miller '24. Gordon Van Eenam, now practicing law in Muskegon, will marry Isla Prium '24. Frieda Boone and "Cappy" Buys will be married June 26; and on June 27, Colombe Bosche, who attended Hope College for three years, is to marry Gunar Hienberger of Stockholm, Sweden, where they expect to live.

Besides these, Miss Harriet Heneveld '27 and Mr. Bert Kemper; and Miss Janet Albers '25 and Mr. Fred Vonkman '25 expect to be married this spring. The former couple will live in Des Moines, Iowa, while the latter after their marriage on June 23, will live in Iowa City.

Jack Peelen who graduated from the Seminary last year, will marry this spring Miss Ruth Miller '24. Gordon Van Eenam, now practicing law in Muskegon, will marry Isla Prium '24. Frieda Boone and "Cappy" Buys will be married June 26; and on June 27, Colombe Bosche, who attended Hope College for three years, is to marry Gunar Hienberger of Stockholm, Sweden, where they expect to live.

### Tree Planting in Holland a Success

CAMP FIRE GIRLS AID TO FINANCE PROJECT

Tag Day was inaugurated Saturday by a committee of Camp Fire girls to defray part of the expenses of American Legion Tree Planting. The local order has done considerable planting in the past, on the main highways leading to the city, and many a well-started tree will soon shade the concrete at intervals in the rural districts. Clumps of trees have also been planted in the so-called Chamber of Commerce addition southwest of Holland, and many of them have been planted along Alpena road and other places. In all, more than 2,000 trees have been planted. The Legion is going to be more active even than it has been, Dr. Leenhouts, chairman of the committee says, and will interest others besides Legionnaires.

The young ladies who so faithfully canvassed Holland last Saturday for funds during Tree Tag Day were Gladys Morris, Ruth Van Oss, Lucile Ver Schure, Loretta Schilling, Elvina Slagh, Nancy Ann Hale, Carol Thompson, Anna Bursma, Dorothy Mae Kiles and Marian De Neut.

### HAPPY COUPLE CELEBRATES GOLDEN WEDDING

Monday marked the fiftieth anniversary of the marriage of Mr. and Mrs. H. Roseboom, living at 14 east Sixth street, Holland. They were surrounded by their children and children's children, and the golden wedding featured again for this happy couple. The home was a profusion of flowers and potted plants. A program was arranged, old time stories were told, Rev. H. Vander Ploeg of Zeeland who is soon to resume his work as a pastor in Chicago, gave a poem of his own composition which was especially appropriate as this relates to the couple whose anniversary was being celebrated. Rev. John Brink of Portage, a son-in-law, gave an earnest discourse having to do with this happy occasion. Mr. John Vandenberg, Sr., brother of Mrs. Roseboom, conveyed to the happy couple a heartfelt message of congratulation and at the close presented them with a substantial offering, as coming from the brothers and sisters. A postal card shower from many friends also was a feature. And it goes without saying, that there were plenty of refreshments provided. Mr. and Mrs. Roseboom were married by Rev. A. Peters of the First Church on May 7, 1878. Rev. Peters was the pastor who took up the work of Dr. Van Raalte, and therefore was the second pastor of the church founded by him.

## HOLLAND IS SECOND BEST IN TRACK TEAM WORK

Grand Rapids South took permanent possession of the Vandenberg cup, emblematic of a three-time victory over track teams of Holland and Grand Haven High schools, at Holland Saturday afternoon. The well balanced track and field outfit coached by Pop Churm amassed a total of 75 points in this triangular meet while Holland came second with 39 points and Grand Haven trailed with 11 points.

South's aggregation of track men cleaned up the bulk of points in the runs. The Red and Blue athletes won every one of the track events and for good measure Nelson, the feet-dash man of Churm, easily took the broad jump and Diederle surprised by tying with Tyse for first place in the high jump. Then Figg, a tenth grader who just joined the South track squad recently, went out and won the pole vault leaping 9 feet 6 inches, nosing out Schulte of Holland and Dalman of Grand Haven.

Sweeps Hurdles South made a clean sweep of points in both the hurdle events, Eberhard, totaling most of the points. In the high hurdles Chamberlain and Ackershook were second and third respectively, while in the low event Hubbard tied with Eberhard and Caspar took third place. The hurdles were run against time because there was only one lane of hurdles available.

Nelson was high point man of the meet because he won first place in the 100, 220 and broad jump. He tried to place in the javelin throw but could not. Churm lost his javelin tosser, Weeks, by illness Friday. Reeves managed to gain third place in this event.

Tanis Is Star Holland collected the bulk of its points through the work of Tanis, its weight man. This red-headed youth won the shotput by a seven-foot margin, heaving the weight 44 feet, 7 inches. He tossed the discus 106 feet and his javelin hurl was more than 134 feet. Tyse, however, managed to approach 136 feet with one of his tries with the ancient weapon and thereupon took first place. Tanis appears to be one of the best shotputters developed in this part of the state in some time. He probably will compete at Ann Arbor Saturday in the annual University of Michigan interscholastic affair.

The Grand Haven track team found the competition too tough to gain many points but Coach Gus Cohrs had men in almost every event. Johnson, a sprinter, did the best work, taking third in the 100-yard, second in the 220 and broad jump. Johnson was bothered with a strained leg, which slowed him up somewhat. His broad jumping was good and Nelson's best leap of 20 feet, 4 inches was less than a foot better than Johnson's best mark. Johnson will probably develop and with a little more training should make all the sprinters around this section look to their laurels.

Relay Time Good The Barclay twins of south did good work in their event. Marvin won second place in the 440, coming in close behind Tenkinck, the winner, after a hard sprint on the last few yards. Melvin won the half mile in nice style, passing Ensfeld of Holland on the home stretch.

The South relay team tripped off the half mile in 1:38 1-5 which is about the best time it has made this season. A stiff breeze swept over the fair-ground track which hurt chances for exceptional fast time in the sprints and hurdles, since it faced the runners.

The summaries:  
120-yard High Hurdles—First, Eberhard, South; second, Chamberlain, South; third, Ackershook, South. Time: 17.6.  
100-yard Dash—First, Nelson, South; second, Heinzelman, South; third, Johnson, Grand Haven. Time: 10.8.

**DAR VRIESMAN QUILTS GRAND HAVEN CHAMBER**

Dar Vriesman, secretary of the Grand Haven chamber of commerce, tendered his resignation to become effective in 60 days, at a special meeting of the board of directors. No plans have been made as yet for filling the post. Vriesman came here from Chicago about a year ago. His home had been in Muskegon. He succeeded C. E. Gross of Grand Rapids as secretary of the local commerce chamber.

There will be an annual business meeting of the Ottawa County chapter of the American Red Cross at Holland Saturday afternoon, May 12. The meeting is for the purpose of receiving reports, electing trustees, and for other important business which confronts the county group. Mrs. G. J. Diekema is president and Mrs. G. J. ## PHILOSOPHICAL PHIL

## HOLLAND MAN GIVES REPORTS ON FRUIT CROP

Fruit prospects do not appear so favorable as early reports indicated several weeks ago, according to surveys made by Gerrit J. Deur, of Holland township.

Peaches and pears augur a 65 to 70 per cent crop. Peach trees are beginning to blossom and apparently have not suffered materially from the protracted cold spell of this spring.

Sour cherries will be very light; about 90 per cent of the buds having been frozen. Sweet cherries look better, with an estimate of about a 50 per cent crop.

The apple crop, both early and late, will be very light. The same estimate is placed on plums. Small fruits, blackberries, black caps and red raspberries, give indications of a fair crop. Strawberry plants have not developed sufficiently to make an estimate. Grape vines look good, but are backward, compared with average years.

## APPLES

Apple buds are unrolling several new leaves every few days. The apple scab fight will be won or lost before blossoms are off. Should leaves be wet 12 hours before blossoms are off only those who will spray or dust each week that rains (not showers) are predicted will come through safely.

Rosy aphids and leaf worms are not hatching. Hold off aphids and poison sprays until pink period.

## PEARS

In view of the light scab development on pears last year and present stage of development of fungus and of pear buds the application of a fungicide (preferably Bordeaux mixture) at this season is recommended only for varieties like Flemish Beauty that are very subject to scab. Bartlett, Kieffer, Howell and other non-susceptible varieties will require no fungicide application before blossoming.

A meeting of the officers and directors of the Holland, Zeeland and Grand Haven poultry associations was held Wednesday night at the city hall in an effort to combine the annual shows of each town. Not all were in favor of the movement during the open discussion, and no argument, and no agreement was reached to make the poultry show a part of the annual community fair here. It was unanimously voted to appoint a committee of three men from each organization to draft the ideas into form and to present it to each club for action. This committee will meet at Grand Haven Friday night.

The Parents and Teachers of Washington school met Tuesday evening in the school auditorium and thoroughly enjoyed the program arranged by Mrs. Benj. Vander Berg and the refreshments served by Mrs. Ralph Hayden's committee. After the singing of "America the Beautiful," and "Sweet and Low," led by Mr. Moody, Mrs. Ernest Hartman gave a five-minute talk on knowing the child. Mrs. Paul Hinkamp talked on "Character Training in the Home." A special tribute was paid to the work being done in Holland for handicapped children under the direction of Miss Selma Fox. Holland's crippled children's room was declared to be one of the finest in the state and the work done of the very highest grade. Mrs. Beulah Harper Dunwoody charmed her audience with a group of songs, accompanied by Miss Beach. As delegates to the Michigan Parent-Teachers Association, to meet in Battle Creek in May, Mrs. Wm. Tappan, Mrs. Thomas Olinger and Miss Selma Fox were chosen.

### Lesson for May 13

#### JESUS ENTERS JERUSALEM

LESSON TEXT—Mark 11:1-13. GOLDEN TEXT—Behold, thy King cometh unto thee; He is just, and having salvation. PRIMARY TOPIC—Hailing Jesus as King. JUNIOR TOPIC—Hailing Jesus as King. INTERMEDIATE AND SENIOR TOPIC—The Kingly Qualities of Jesus. YOUNG PEOPLE AND ADULT TOPIC—Jesus Asserts Messianic Authority.

I. Jesus Officially Presented to the Jewish Nation as King (vv. 1-11).

This should not be designated the triumphal entry, for it was so only in outward appearance. The shouts were empty and meaningless. It was the promised King publicly offered himself for the nation.

1. The preparation (vv. 1, 2).

(1) The disciples sent for the ass (vv. 1-3).

He told them just where to go to find it, and how to answer the owner's inquiry. The providing of the animal was the working out of the divine plan according to Christ's foreknowledge.

(2) Obedience of the disciples (vv. 4-6). Without asking why, they go at his bidding. The command may have seemed strange and unreasonable, but they rendered prompt obedience.

2. The entry into Jerusalem (vv. 7-10).

(1) The disciples put their garments upon the ass and set the Lord upon it (v. 7). This set showed their recognition of Him as their King (1 Kings 9:13).

(2) The multitude (v. 8, 9). Some spread their garments in the way; others who had no garments to spare cut down branches and strewed them in the way, which was just as acceptable unto Him. This entry was in fulfillment of a prophecy uttered some five hundred years before (Zech. 9:9). They uttered the very cry which the prophet foretold. This is a clue to enable one to understand the prophecies which are unfulfilled as yet. If the prediction of His first coming was thus literally fulfilled, we must believe that those of His second coming will likewise be literally fulfilled. The prediction of Zechariah 14:3-11 will be just as literally fulfilled as that of Zechariah 9:9.

(3) The Lord's action (v. 10).

Upon entering the temple, He looked around upon all things; but as it was evening He withdrew to Bethany with the twelve.

II. Jesus Exercising His Royal Authority (vv. 12-14).

1. The barren fig tree cursed (vv. 12-14).

The fig tree is typical of the Jewish nation. The fruit normally appears on the fig tree ahead of the leaves. The presence of the leaves is the assurance of fruit. This was an acted parable of the Lord's judgment on Israel for pretension of being the chosen people without the fruits thereof.

2. The temple cleansed (vv. 15-16).

For the various sacrifices in the temple, many oxen, sheep and doves were needed. Many persons came from the distant parts of the land; therefore it was impracticable for them to bring their sacrifices with them, so they brought money and bought the animals needed. This privilege the law had granted to them (Deut. 14:24-26), for the exchange was necessary. When evil men used it as an opportunity for gain it became an offense before God. It defiled His house. Jesus made Himself a scourge of cords and drove out the money changers, overthrowing their tables and pouring out their money. By this act He declared Himself to be the Lord of the temple and one with God. That which God intended to be a "house of prayer for all nations" was made a "den of thieves." This action symbolized the call of the nation to repentance. The scribes and chief priests grasped the meaning, for they were aroused to murderous hate, and sought to destroy Him. This act is further typical of a day when Jesus shall come in wrath and execute judgment upon all who profane His house and serve Him.

III. Jesus' Authority Challenged (vv. 27-33).

They challenged Him to show "what authority He accepted the honors of the Messiah, and who gave Him the authority to cast out the money changers. This seemed to place Jesus in a dilemma. He responded by a question which placed them in a counter dilemma. Since John was His forerunner, the divinity of his commission rested upon that of John. They were powerless to discredit John, because the people accepted him as God's prophet. If they had accepted John's message they would have been prepared to accept His. They weakly confessed they could not answer the question.

## BORCULO

Stegeman were also present besides Mrs. G. Elzinga, Mrs. H. J. Holsteg, Mrs. P. Stegeman, Mrs. Vander Beek, Mrs. G. H. Vrugink, Mrs. D. Ter Haar, Mrs. Zwaghuysen, Mrs. Nyhuis, Mrs. H. H. ## Womans' Literary Club Last Meeting Interesting One

REPORTS GIVEN BY DIFFERENT COMMITTEES VERY GRATIFYING

At the last meeting of the year, an unusually large attendance of the members of the W. L. C. clearly manifested the lively interest in the activities of the club.

Mrs. Clarence Lokker, recording secretary, after reading the minutes of the preceding meeting, gave her annual report.

Mrs. W. Winter, in the absence of Mrs. W. Westgar, treasurer, gave the treasurer's report and a most gratifying report it was. The financial condition is excellent. The balance at the close of the year 1926-27 was \$436.87. The balance on hand for 1927-28 is \$985.47.

Mrs. C. M. McLean gave Mrs. Browning's report of the hospital committee. A wonderful work has been done by this committee of twenty-five members, 1,700 finished articles of real necessities, with the most willing co-operation of the aid societies of many of the churches, was accomplished during the year.

Mrs. G. Albers, chairman of the civic health committee, gave her report, a report of which the members of the club, the citizens of Holland could be most proud. Enough cannot be said concerning the unusually beneficial efforts accomplished by this committee. The baby clinic, headed by Mrs. Bergen and Mrs. N. Robbins, is one branch of the work of this committee. Mrs. Bergen and Mrs. Robbins deserve much credit for the success of this clinic. And that it has been a success is well known throughout the state.

Other noteworthy accomplishments, sponsored by the civic health committee have been the pre-school clinic, psychopathic clinic, free chest clinic, benefiting many even of those in the rural districts.

Mrs. J. C. Post, chairman of the educational committee, gave her most interesting report. The sole purpose of this committee is to assist girls in getting an education. The report of the civics and citizenship committee was given by Mrs. James Wayer.

Mrs. A. Smeege, chairman of the house committee, gave a very interesting report concerning the rentals of the club. While the club house is rented at a stipulated price, often times the W. L. C. has given the use of the building, almost free of charge, to worthy organizations whose work is approved and commended by the club.

Other reports of interest to the members were as follows: auditor's report, Mrs. P. Notter; corresponding secretary, Miss E. Post; press and publicity, Mrs. O. Vande Velde; membership, Mrs. G. Vander Kiet; house furnishing, Mrs. A. Wrieden; reception, Mrs. Ogge; library, Mrs. G. Sprietsma; philanthropy, Mrs. Jacob De Pree; play ground, Mrs. H. Van Ark; book report, Mrs. G. J. Diekema; division chairman, Mrs. J. Rhea.

Mrs. S. R. McLean, the club president, concluded the reports with a few appropriate remarks and invited the club members to the tea room for a social cup of tea served by Mrs. W. Tappan and her committee.

The following item appeared in the Emmons County Press of Linton, N. D.: "Mrs. Henrietta Rooks, Linton's former general post-mistress, arrived in Linton last Monday for a few days' visit with her many friends in Linton and the Holland settlement. While here she will attend to some unfinished business matters."

"She is now located at Hamilton, Michigan, where she is in the millinery business."

"Mrs. Rooks, with her husband, Peter G. Rooks, came to this county in 1894 and their home in Hull and here in Linton will long be remembered as a genial place to visit. Mr. Rooks served the county as sheriff and also as clerk of court for several years."

"Mrs. Rooks reports her son, Garrett, engaged in an electrical business of his own at Zeeland, Michigan, and Edward in a position of motorman of a double-deck motorbus in the city of Detroit. She will visit with us for a few days before returning to her Michigan home. The Free Press wishes the best of success in her new business and a long, pleasant and happy life in her new surroundings."

On her return Mrs. Rooks stopped in St. Paul, Minn., and bought a full supply of ladies' and children's hats.

Mrs. Rooks calls the attention of the community to the reduction in the price of hats. For one week beginning Saturday, May 5, ladies' \$5.00 Hats will sell at \$3.98 and Children's Hats will be reduced greatly.

May 1 was a very quiet day in Hamilton. All the noise makers were out in the woods angling for trout. At this writing none have returned and we can make no report in regard to their success.

Wednesday, Henry Brower, of the village of Overisel, celebrated his 80th birthday. His four brothers, Herman, Hein, of Hamilton, Holland, and Ben of Overisel and Ben of Holland, planned to surprise him. They presented him with a cane in which some gold pieces had been hidden. The children of the family also came to surprise him so that Mr. Brower was well surprised. It was recalled by one of the brothers that a similar surprise was held at that home 30 years ago on the very day of the great victory at Manila during the Spanish War. Mr. Henry Brower has retired and is living in Overisel. Congratulations.

The baseball season in this community opens this week when the Tigers will take on the East Holland team. Rumors are that East Holland intends to come with several outside players to strengthen the team. Game will start at 6 o'clock sharp.
