Tells 'em Over Chicago Radio Station

BROADCASTS TO THE NATION
THE HISTORY OF THE TULIP
AND THE CELEBRATION
TO BE IN HOLLAND

We all know that our own Dick Borer as well his vivacious daughter, Miss Alice Borer has a gift for oratory, but we find now that he is a second Graham McNamee as a radio announcer.

At 1:45 this afternoon not only Holland and the entire countryside heard the president of the Chamber of Commerce tell of "Tulip Time in Holland" beginning next week Friday but this nation as well as Canada were privileged to tune in over W. L. S., Prairie Farmer Station at 1:45 this afternoon where our own Dick was given ten minutes to tell about Holland and the million and a half tulips that will be nodding in the wind welcoming the tourists from far and near. The radio announcement was made possible through the courtesy of Swift & Co. of Chicago.

Mr. Borer told of the history of tulips which had its origin in the Netherlands. The land of dikes also had its Burbanks. Mr. Borer stated, and the tulip was improved and developed until it was considered one of the most beautiful of flowers. And what is more, prices for these Dutch varieties went "sky high" There was much money to be made in the early days in tulip raising and Holland folks left their regular vocations and business activities to go into the propagation of tulips. Mr. Borer stated, "Tulip raising was overdone, however, and there was a collapse in the market."

Mr. Borer said that the tulip idea in Holland, Michigan, was grounded on a solid foundation. It was not inflated nor was it "fly-by-night" propaganda. It contained no properties of commercialization but rather an invitation for everyone to visit Holland in a quiet way and see its large flower garden, for at Tulip Time, Holland collectively is a veritable garden spot.

Mr. Borer stated that this tulip idea has gone even beyond the borders of the city and its neighbor, Zeeland is vying with Holland in also putting over a Tulip Week on the same dates.

Mr. Borer continued "Tulip Time in Holland has made Holland folks flower garden minded. It is a well known fact that since the Tulip Time idea has gained in popularity, hundreds of flower gardens have been created, not for tulips alone, but for varieties of flowers that bloom throughout the year."

In closing his broadcast Mr. Borer extended a hearty welcome to all listeners to visit Holland May 15 to 23rd, saying that the display was so unique and so beautiful that it would be worth one's time to travel far to see Holland on that occasion. The announcer fittingly introduced Mr. Borer to the radio audience, stating that pressing city business prevented Mayor Brooks from coming. The announcer also mentioned last year's broadcast made by Secretary Charles Gross.

BODY OF MISSING MAN FOUND IN GRAND RIVER

The body of Zeleus Yountz who was lost when his rowboat turned over in Grand River near the Bass River channel in Ottawa county, on April 22, was recovered about 8 p. m. yesterday. Warren White, son of Andrew White, who owns the store at Bass River where Yountz went to make his grocery purchases just before crossing the wind-swept river, found the body. State police, sheriff's officers and Coroner Govert Van Zantwijk were notified. The body was taken to Grand Rapids where Yountz has relatives. He was married and had one child. He had been making his home with his grandparents three and a half miles west of Eastmanville at the time of his death.

Holland and Zeeland Cars Wreck in Crash

STEAM CLOUD OBSTRUCTS
VIEW ON HIGHWAY
RESULTING IN NEAR
FATAL CRASH

Zeeland Record—Peter Ver Hage, Zeeland miller, narrowly escaped when he met with a head-on collision on East Main street road opposite Mead Johnson factory, east of Zeeland.

The accident was primarily due to steam from the Mead Johnson engine room which was carried down from above and along the side of the building across the highway by the wind, causing a cloud that obstructed all view ahead for the car drivers.

As Mr. Ver Hage entered the cloud of steam going west, Arrie Tjalma, driving a truck belonging to Louis Padnos of Holland, just entered it driving east. Ver Hage was driving at about forty miles, it is said, when his car collided with the Padnos truck, the left front fenders coming into contact. This threw Ver Hage's car out of control and it careened along the highway, a distance of more than a hundred feet, until it came to rest, totally wrecked, against two large poles directly opposite the receiving door of the factory.

Mr. Ver Hage was badly injured and was assisted to the hospital where he will remain a few days before he recovers sufficiently to be about again. His principal injuries are a badly cut nose and face, a fractured rib and a gash in his left leg.

Mr. Tjalma was not injured and his truck was only slightly damaged.

COMMITTEE MAKES FINE SELECTION OF TULIP DATES

It possibly was more luck than wisdom that played in the hands of the Tulip Day Committee in selecting the dates for Tulip week which had to be done some time in advance. Had the warm weather of April continued the tulips would have been through blossoming by the time the festivities began. As it turned out, there has been a cool week with a little sunshine and from all appearances the buds will be well open and not too soon—by the 15th of May, the opening date, and the tulips will remain in full bloom during the entire festival.

The News has printed the program for Tulip Week several times, and in the next issue it will appear officially.

WERE WED 57 YEARS TUESDAY LIVED AT SAME HOME HALF CENTURY

Mr. and Mrs. Peter Hamelink, living on West 14th Street, near River quietly celebrated their 57th wedding anniversary on Tuesday. Mr. Hamelink is 80 years and Mrs. Hamelink 77 years. The couple have reared a family of 14 children, 10 are living. They have lived in the same dwelling for a half century. Mr. Hamelink for many years was a stone mason and aided to erect many of Holland's beautiful buildings.

ZEELAND STAGES TULIP WEEK WITH HOLLAND

A special two-day cleanup will be staged by the city of Zeeland Thursday and Friday to prepare for tulip time here, held in conjunction with the Holland celebration. A special force of men will be employed by the city to care for the cleanup.

OTTAWA COUNTY GETS \$24,000 WEIGHT TAX

The share of the weight tax collections of \$2,000,000 for the first quarter of the year returned to west Michigan counties follow: Barry, \$10,566.99; Berrien, \$33,087.93; Ionia, \$13,642.13; Kent, \$101,078.90; Mason, \$8,578.81; Muskegon, \$29,496.75; Ottawa, \$24,229.25; Wexford, \$6,597.93; Oceana, \$6,625.58; Newaygo, \$8,262.49; Clare, \$4,779.11.

A JUVENILE MIN- STREL FAMILY IS TO VISIT HOLLAND

We have had our ladies' minstrels and our black faced comedians of the Honeyboy Evans' type, home talent and professional, but Holland has never been visited by a Juvenile Minstrel show. There is a whole family of them, nine in all. The cutest kids you ever saw. They are called the Rucker Family, and their home happens to be in Battle Creek. The youngsters in minstrel trappings compose an entire circle with "end men" and interlocutor. They have wonderful stage settings, play all the modern instruments of music, interspersing their minstrel acts, followed by an excellent olio.

If the pictures placed in the show windows of Holland are any indication as to the ability of the youngsters, Holland is surely in for a real treat with children as performers.

Rather an interesting sidelight showing that they come from the pure food town is evident in their daily menu which is strictly followed. They eat no meat, drink no coffee or tea and naturally receive plenty of cereals, lots of fruits and vegetables with "two oranges a day keeping the doctor away".

The family took first prize at the Battle Creek Sanitarium as being the healthiest family thus far examined by this institution.

The family consists of nine children ranging from 18 months to 16 years and in all their offerings in their minstrel programs, a lovely mother plays the accompaniments. An added feature is Herbert, Co. of Battle Creek, who is a wizard on the banjo, guitar and uke.

It is a happy aggregation of Juvenile Minstrel singers, two of them being girls and the rest boys. These young minstrels are to be at Carnegie Hall next week Tuesday, May 12. There is to be a matinee in the afternoon for children, beginning at 4 o'clock sharp, the admission being 10 cents. Also in the evening of Tuesday at 8 o'clock for the general public. Admission 35 cents. Tickets are on sale at Perry Nichols Radio store, DeVries & Dornbos Furniture store, Brouwer's Furniture store, Du Mez Bros. and Wade's Drug store.

The proceeds go for a most worthy cause and Holland and vicinity will be privileged not only to spend a very pleasant evening but to help along a young ladies' class in Holland as well.

Remember the minstrels will be here next week Tuesday afternoon and evening at Carnegie Hall.

HOPE COLLEGE NAMED IN THE WILL OF

C. M. McLEAN
The will of Charles M. McLean aged 75, who died April 29, was announced recently and a bequest of \$10,000 to be held in trust with the interest to be given students to aid them in college was provided for Hope College.

In addition to this amount, the sum of \$10,000 is to be added to the endowment fund of the college. The remainder of the estate was left to members of the family.

The Michigan Trust company of Grand Rapids, is executor of the estate.

Mr. McLean was elected as a member of the board of trustees of Hope College in 1921, and in 1923 he was named vice-president of this organization. He was made president in 1930.

Mrs. Eva West of Spring Lake was arrested yesterday for speeding in Coopersville, by Michigan State police.

Kidnaper Goes Up For Long Term of Years

FRANK WALANIN REPEATS
PLEA OF GUILTY; MANY
ADMIT BREAKING, EN-
TERRING CHARGES

Many Others Are Given Sentences
By Judge Fred T. Miles
Wednesday

The heavy criminal calendar for May in Ottawa county circuit court was shortened considerably on Monday afternoon, when about two-thirds of the respondents pleaded guilty as charged before Judge Fred T. Miles on the opening day of the term. Since that time not a few have been sentenced by the judge.

Several Holland men were included in the arraignments, most of whom pleaded guilty. A case which has created much interest was that of Frank Walanin of Grand Rapids, who was arraigned for the abduction of an officer, Peter Bontoeke of the Holland police force, and who has been in the county jail awaiting trial for several weeks. He repeated his plea of guilty which he entered in justice court and was sentenced to Ionia Reformatory from 12 to 25 years. His associates in the abduction have already been sentenced to 20 years in state's prison at Jackson from Grand Rapids courts for breaking and entering.

Lawrence Cleveringa of Grand Haven, charged with breaking and entering, pleaded guilty, second offense, and William Rice and George Schippers, who were arrested at the same time, pleaded guilty to receiving, buying, and concealing stolen goods.

Delbert Benway, charged with breaking and entering a cottage on Grand River, pleaded guilty; Joe Appel of Robinson pleaded guilty to breaking and entering in the daytime. Orval Fenell, charged with breaking and entering a Grand Haven Chevrolet garage, waived the reading of the information and pleaded guilty. Appel was placed on probation for three years and he is in charge of Sheriff Sketeket.

Orvan Fennell, M. Clemens, was placed on probation for three years, the same as the Chevrolet garage owners \$275 and pay costs of \$100 and a fine of \$100.

William Dreese, Grand Haven man, pleaded guilty to two counts, driving while intoxicated and leaving the scene of an accident. This case grew out of an accident of Seventh street, in which Mrs. Frank Weiss and her son were severely injured in an automobile accident. Dreese of Ferrysburg was sentenced to the Jackson prison for five years.

Francis Beagle and Arthur W. Tams of Holland pleaded guilty to burglary from Kuite's Market when they were caught in the alley back of the market by Officer Lievenen.

Oliver Gilford pleaded guilty to grand larceny. Arthur McGarry, after reading the information pleaded guilty to the unlawful use of an automobile. Ralph Baas of Holland pleaded guilty to liquor law violation. He was sentenced to Jackson for from 2 to 10 years.

A motion was made by Attorney J. N. Clark to dismiss the case of the People vs. Nicholas Danhof, of Zeeland, claiming the arrest in Zeeland was illegal and as such could not be tried. Officer Rynga made the arrest when he claimed he found Danhof in a restaurant in Zeeland drunk and later searched him at police headquarters and found a bottle of alleged moonshine. This was argued by John R. Dethmers and Judge Miles decided the case should stand.

Edwin Doyle, charged with breaking and entering was returned to the justice for examination as was the case of Joe Ripma, charged with leaving the scene of an accident in Lamont. The lad is a juvenile but was returned to circuit court by the probate court and the necessary justice action was not taken. It is expected he will enter a plea of not guilty.

Dr. S. L. DeWitt and Dr. C. J. Addison were appointed as a commission to examine the sanity of Jesse Edge of Marne charged with arson. Edge is charged with setting fire to a large barn near Marne to which he confessed to the fire marshal at the time of his arrest.

Antonia Fricano of Grand Haven will fight the charge of liquor law violation and stood mute before the judge. Willis Gillette, Holland, will stand trial for violation of the liquor law; James Sinke, Holland, will be tried for indecent exposure having pleaded not guilty to the charge.

Marion Tinsword, charged with using a dangerous weapon in an assault to do great bodily harm less than the crime of murder, stood

mute and will fight the charge which arose out of a quarrel in which he is alleged to have slashed William Wilford. The case was turned over to circuit court by Justice Burr just previous to the circuit court arraignment.

May Regelin and Peter Olman, Grand Haven, pleaded guilty to lewd and lascivious cohabitation.

A long list of civil cases promises to hold the court session for several weeks. Among the cases are two returned from the supreme court for trial: one Peter Flickema vs. Henry Kraker Co. of Holland, for recovery of wages which he claims due him as manager of the Kraker hotel, and Benjamin Bowmaster vs. William H. DePree and Peter Van Ark of Zeeland and Holland, relative to damages sustained in an automobile accident.

A motion to dismiss the case of Mildred Cherrymann vs. Nicholas Danhof was granted. Coral Gables, Inc. vs. Chester J. Lahuis, attachment, was ordered dismissed. The case of Leonard Regnerus vs. Jacob Essenburg may be settled out of court.

In chancery the divorce case of Jay R. Hawkins vs. Helen M. Hawkins was dismissed. Anna Cochran vs. Charles F. Cochran were reported living together and the case was dismissed.

The case of George B. Maatman vs. Edward Brouwer was changed from the non-jury list to jury list as were the cases of Bernice Borgeson vs. Henry Wilber; Wm. Westrate vs. Henry Maatman; Adrian Koolman vs. Cornelius Sketeket.

There has been quite an excitement at the Ottawa County jail last Saturday and Sunday. On Saturday afternoon it was discovered that an attempt had been made by prisoners to escape. Sheriff John Vaupell of Holland assisted by Marshal Arie Wolman made an investigation and it was found that the prisoners had broken loose one of the iron plates in the jail and had cut away the three inch hemlock backing and were working at the brick wall. On search, a case knife, it was found, had been converted into a saw and a cold chisel was also found hidden. While the work was going on, the prisoners would sing loudly, so the noise would not attract the officers. Sunday another attempt was made to break thru. The sheriff found that the hinges had been taken off, wrenched from the cell doors and many of the bars were badly bent. Note:—Ottawa County did have a bad jail in those days, as well as a bad looking court house. These were rebuilt more than 35 years ago.

There has been quite an excitement at the Ottawa County jail last Saturday and Sunday. On Saturday afternoon it was discovered that an attempt had been made by prisoners to escape. Sheriff John Vaupell of Holland assisted by Marshal Arie Wolman made an investigation and it was found that the prisoners had broken loose one of the iron plates in the jail and had cut away the three inch hemlock backing and were working at the brick wall. On search, a case knife, it was found, had been converted into a saw and a cold chisel was also found hidden. While the work was going on, the prisoners would sing loudly, so the noise would not attract the officers. Sunday another attempt was made to break thru. The sheriff found that the hinges had been taken off, wrenched from the cell doors and many of the bars were badly bent. Note:—Ottawa County did have a bad jail in those days, as well as a bad looking court house. These were rebuilt more than 35 years ago.

HOLLAND, MICHIGAN
(Established 1872)

B. A. MULDER, Editor
Published every Thursday evening

Entered as Second Class Matter
at the post office at Holland, Mich.,
under the act of Congress, March
3rd, 1879.

Qualities High, Prices Low

You have been urged to spend
money as you can afford it, to bring
back better times. Business men in
Holland point out a more personal
reason why you should spend now:
Prices on all classes of merchandise
are lower now than they have been
in many years, WHILE QUALI-
TIES ARE QUITE GENERALLY
HIGHER.

This peculiar combination is the
direct result of the business "de-
pression." With demand slackening,
manufacturers have redoubled their
efforts in the past year to produce
the finest possible goods. An indif-
ferent public had to be tempted, in
order to induce it to buy at all,
with EXTRA quality.

Therefore you will find stores
well supplied with beautiful, useful
and luxurious things that you have
always wanted. You will find many
of them priced lower than you ever
dreamed they would be. If you
want them, NOW is the time to
buy. Holland merchants welcome
you to this opportunity of buying
the best in a rock-bottom market.

No. 3764 AN ORDINANCE

To Provide for the Payment of Sal-
aries of Certain City Officers for

The City of Holland Ordains:
Sec. 1.—That the City Clerk shall
receive a salary of \$2880.00 per
year.

The City Treasurer shall receive
a salary of \$2160.00 per year.
The Assessor shall receive a sal-
ary of \$2250.00 per year.

The City Attorney shall receive a
salary of \$1080.00 per year.
The Health Officer shall receive a
salary of \$1530.00 per year.

The Director of the Poor and City
Inspector shall receive a salary of
\$1530.00 per year.

The City Engineer shall receive a
salary of \$3240.00 per year.
The Building Inspector shall re-
ceive a salary of \$450.00 per year.

Sec. 2.—That the salaries of the
various officers hereinbefore men-
tioned shall be computed from the
present time or as of May 1st, 1931.
This Ordinance shall take imme-
diate effect.

EARNEST C. BROOKS,
Mayor.

Passed: May 4, 1931.
Approved: May 6th, 1931.
Attest:
Oscar Peterson,
City Clerk.

The George Bender Boat Livy at
Waukasoo is now fully equipped
to take care of your fishing wants.
Minnows, rods and new boats ready
for the catch.

A Real Airship Gambling Promoted Laws Hampering Business Mr. Rockefeller's Plan

Gen. William Mitchell, head of
our flying forces in the war, tells
you that the United States shows
signs of striking out on its own
account in aviation. He writes,
after a visit to Akron:

"I have looked over the airship
being built for the Navy depart-
ment at Akron. This ship is the
greatest attempt of man to con-
quer the air. It will be able to
cross the Atlantic four times with-
out refueling. At reduced speed,
it will be able to circle the globe,
at the latitude of New York.

"In its front part there is a hang-
ar which will accommodate from
four to seven airplanes, which can
take off or land on the ship at
will, and all of its works are in-
side it.

"Compare a ship of this size,
costing five and a half million dol-
lars, with a surface airplane car-
rier that costs from fifty to eighty
millions. The airship, also, with
its airplanes, can destroy a whole
fleet of sea vessels, and a group
of them can defend itself against
selves very well against all at-
tack, with the assistance of their
own airplanes, their power of con-
tainment and their maneuverabil-
ity."

The French government, to pro-
mote its part-mutual system of
race track betting, arranges to
take bets not only at the race
course, but anywhere in France.
Bets can be sent by telegraph or
mail. You deposit money in ad-
vance, not less than \$500 francs
(\$200), and the smallest bet by
wire or mail is 50 francs (\$2).

All profit goes to the government
except purses actually won by the
owners of racing horses.

In this country we bet on the
races at least \$10 for every one bet
in France, and all the profit goes
to bookmakers, race track tout-
s, etc.

Business men plan to fight to
change, in a common-sense way,
some of the laws that hamper
business, and it is none too soon.

Under the obsolete Sherman act,
made in the days of rampant capi-
talism, half a century ago, any
group of men that should now
"conspire" to stop criminal waste,
in the oil industry, or to regulate
any industrial production to pre-
vent slumps or depressions, could
be put in jail.

John D. Rockefeller, Jr., serves
his city by rebuilding and trans-
forming an undeveloped section in
the heart of New York at an ex-
pense of about \$250,000,000.

This undertaking guarantees,
over a long period, a very large and
permanent income for Columbia
college.

It shows what can be done, with
imagination, energy and money, to
improve a great city in a short
time.

Most important, Mr. Rockefel-
ler's enterprise will give employ-
ment to thousands of men now out
of work in the highly paid building
trades.

Mary Pickford, in New York on
her way to London, says her will
will compel the burning of all films
of moving pictures in which she has
appeared.

Mary Pickford is still very young;
her will, probably, will not be read
for 60 or 70 years at the earliest,
and everybody hopes it will be much
nearer 100 years. Perhaps, in that
interval, she will realize that to de-
stroy pictures, which are a most im-
portant part of a great American
industry, and illustrate a forward
step in civilization, would be a
crime. She made her pictures, she
says, to give happiness in her life-
time. She should leave them to give
inspiration and information.

C. J. Starkey, lawyer, of Holly-
wood, and accustomed to big fig-
ures, says Queen Isabella got a
poor return when she invested
\$6,000 worth of jewelry in Colum-
bus' trip to America.

If she then had invested \$6,000
at 5 per cent, compounded twice a
year, it would amount now to \$1,
000,000,000,000, and that, says Mr.
Starkey, is "eleven and one-half
times the value of the United
States and all its possessions." The
figures are impressive, but anyone
who would sell the United States
now for four and one-half trillion
would make a bad margin.

Cyrus H. K. Curtis thinks and says
in an editorial: "A man who ran
for office in America today with a
straight anti-race record and a
convincing threat against it would
come nearer to getting votes than
many another candidate."

That is sound, but to fight crime
you would have to fight the bootleg-
ging that finances it, and to fight
bootlegging you would have to op-
pose prohibition, and that might
cost more votes than it would
bring.

The former kaiser, now known
to Germans as William Hohenzol-
lern, has sued a German courier of
deeds because he refused to re-
cord a deed signed "William I &
The I. R. stands for 'Imperial, Re-
sponsible, King."

Dante, in the infernal regions,
found men that he left alive in
Florence. Virgil explained that
some particularly bad individuals
walk around the earth thinking they
are alive, when their souls really
are in hell.

Many human beings, as far as
anything useful is concerned, have
died and don't know it.

BLACK ALDER—MICHIGAN HOLLY

The black alder, known also as
the winterberry or Michigan holly,
is one of the most beautiful wild
shrubs of Michigan at this season.
The bright berries of this shrub
are gathered in large quantities for
sale in winter bouquets, and, ac-
cording to conservationists, some
protection from commercial gather-
ing should be given it. However, it
does not appear to suffer greatly
from the cutting or breaking off of
its branches, and in some cases,
even seems to grow thicker and
bear heavier crops of fruit as a
result.

A MARKER IN ALLEGAN UNSEEN BY PUBLIC

An old stone on the Allegan
cemetery lawn, weather-beaten,
worn and marred by passing gen-
erations, marks the elevation of
Allegan. This rectangular marker,
its base anchored in the mound on
which it rests, was constructed to
mark the average elevation of the
city and still remains in an out-of-
the-way position.

To those unaware of its exist-
ence, the stone, located opposite the
Episcopal parish house, is approx-
imately 24 by 15 inches at the top
and four feet in height. It has
sides and top that are chipped and
scratched. Its color is black.

On its uppermost surface is a
convex brass plate and on the sur-
face are inscribed these words:
"U. S. Geological Survey, coopera-
tion with the state Mich. 1900.
Elevation above sea, 658 feet, 1929.
\$250 fine for disturbing this
marker."

Located beneath the outstretched
branches of a big tree hundreds of
people pass it every week without
pausing to examine this historical
relic.

GRAND HAVEN IS ALL "HOT" UP—23 FIRES IN 1 MONTH

April has been a record month
for fires in Grand Haven, with 23
calls made by the local department.
Out of this number only one owner
reported considerable damage and
that was at the garage, corner of
Eighth and Washington where two
cars were burned and the interior
damaged. The total loss was about
\$200.

The other fires were confined to
roofs and small blazes which were
put out with chemicals. A new
chemical apparatus is being tried
out at Grand Haven which it is be-
lieved the Chief will recommend
to the city council as an improve-
ment on the present one and urge
the purchase of it.

NOT ALL BIRDS ARE SHOT BY THE HUNTER

Most of the wild birds of Michi-
gan get away from the hunters. In
last fall's season, as shown by
cards hunters fill out, 265 hunters
flushed nearly 11,000 grouse but
killed only 1,248 of them or one
out of nine. The average kill was
five or just one half of the legal
limit.

SPRING LAKE GRAPE CROP SEEMS HURT

John Bottema, one of the leading
grape growers of the Grand River
valley with headquarters at Spring
Lake, estimates that about three
quarters of this year's grape crop
were damaged by the recent frosts
including a very heavy frost on the
night of April 29. He thought the
damage might be placed at about
\$30,000 in this section. Mr. Botte-
ma stated that the loss would run
much higher but for the probable
low value of grapes this year. Last
summer jumbo baskets that a few
years ago sold for as high as \$1,
could be purchased for 15 cents.

In addition to grape losses, Mr.
Bottema thought that cherries were
injured by the frosts but that ap-
ples were unharmed so far. C. C.
Whistler of this city who has daily
contacts with farm people and fruit
growers, said that as far as he
could learn, the damage in this
section was only in spots and would
not run high. Grapes, he said, are
not far enough along to be injured
except in certain localities. He had
not received reports of great injury
to other crops. The heavy frost of
last week left ice half an inch thick
in some of the lower land localities.

The recommendation from the
Common Council asking that a 10%
cut in wages be also made in the
police department did not go over
at Monday's meeting. The matter
was put over for further considera-
tion. The matter of reinstating
Officer Bontekoe who was recently
demoted to night duty was also re-
jected. Chief VanRy made the re-
quest since Bontekoe was an expert
fingerprint artist and his services
were not available so quickly when
working nights.

The much fought fishing rod tax
passed in the Michigan House of
Representatives by a vote of 59 to
30.

While the bill carries a general
rod license provision of \$1 for per-
sons 18 years and older the house
did accept an amendment proposed
of Paw Paw that after June 1, 1933,
by Representative Earl L. Burhans,
this provision is repealed. Non-res-
idents would pay a license fee of
\$3.00.

It is hoped that the senate will
kill the bill as it deserves. The Hol-
land Fish and Game Club has op-
posed this bill from the beginning.

MERCHANTS THANK POLICE BOARD

The Holland Merchants Association went
on record at their last meeting of the
season, thanking the Holland Police Board and
the local police for the thorough way in
which the principal streets are marked for
parking and traffic regulations. It has
been a thorough job and no one can go
wrong if these marks are followed. They
also appreciate the special effort for night
duty which has already brought excellent
results with the catching of two burglars.

The "melling pot" program at the Saug-
stock Women's Club was very gratifying as
the bank books of the eight committees
showed a total sum of \$4,935. Then Mrs. G.
T. Arnold gave the \$5 necessary to make
the fund an even \$5,000. This was consid-
ered good work for a small town in three
years. The club numbers 169 members. Its
goal is a new library and a club house in
the near future. It has the site.

DUTCH PRINCESS JULIANA IS 22 YEARS OLD

The group represents the Queen's mother, Princess Julianne, Prince
Hendrich and Queen Wilhelmina.

Netherlands gave over May 1st
to the celebration of the twenty-
second birthday of Crown Princess
Juliana. Flares flew over the pub-
lic buildings throughout the coun-
try, but the festivities centered at
The Hague. The Royal family

spent most of the day in the palace,
and at night they saw the fireworks
at the Parade ground. There was
choral singing in the streets Fri-
day morning and the carillon played
from the steeple of the great
church.

HAMILTON MEN CLEAN SIL- VER LAKE OF DOG FISH

The Grand Rapids Herald of
Sunday pictures Andrew Lowman,
Fred Wentzel and Jesse Kool of
Hamilton, together with conserva-
tion officer Harry Plotts with their
catch of 87 large dog fish, speared
in three hours in Silver Lake, Al-
legan County. The fish are hung up
on the side of a bungalow and
completely cover it. Real fish will
have a chance in Silver Lake now
since this useless variety are taken
out. The dog fish, however, will help
fertilize some Hamilton farm and
be converted into good sweet corn,
cabbage or potatoes.

TELLS OF SCHOONER BUILT IN HOLLAND IN 1867

The Grand Haven Tribune in its
"20 years ago" column gives an
interesting item:
"The schooner Kate Howard
turned turtle in a storm on Lake
Michigan off Port Washington and
it was with difficulty that the crew
was rescued by a passing lake
freighter. The Kate Howard was
built in Holland in 1867 and was
named after Mrs. Kate Van der
Veen, wife of Dr. A. Van der Veen."

Note:—The News might add the
"Kate Howard" was owned by the
late Manly D. Howard who lived on
the North Side, now Beechwood.
He was the founder of Grace Epis-
copal Church and Mrs. Van der
Veen was his oldest daughter who
was born in Holland.

BARBERS USE FISTS —NOT RAZORS

Clarence Bouck, Nunica, Ottawa
County, barber, and George Mason,
part owner of the barber shop, ap-
peared in Justice Burr's court yester-
day to pay a fine and costs of
\$10.40 each for disorderly conduct.
The two went to the mat over some
difference and put on a stiff battle
before Deputy Sheriff Nelson Bal-
dus arrested them.

ALLEGAN'S C. OF C. IS GROWING

Allegan is organizing a new
Chamber of Commerce. The presi-
dent, T. R. Ward, stated that there
were 102 paid memberships and
twenty-four others who had signi-
fied their intention to join. There
were thirty-five present at the
meeting and a good spirit of inter-
est prevailed.

30 BOYS LEARN TO COOK THIS YEAR IN GRAND HAVEN SCHOOL

Wednesdays and Thursdays after
school, a group of Grand Haven
Junior High school boys in white
aprons and chef's caps are busily
engaged in learning cooking in the
high school kitchen. The Cooking
club, formed a year ago under the
direction of Miss Avis Towers is
one of the most favored of extra
curricular activities and the boys
all consider themselves budding
chefs, lunch counter proprietors or
bakers. In fact, so great is the in-
terest, that the Cooking Club, formed
as an experiment, has become a
permanent institution.

There are 30 boys from the sev-
enth and eighth grades who are
members of the club. The seventh
grade club meets Wednesday after
school under the direction of Miss
Towers to learn the rudiments of
cooking and splendid progress is
made. The eighth graders who take
up advanced work, are under the
direction of Miss Reba Anderson,
high school domestic science teacher
and dietitian. There are 16 in
the seventh grade class and 14 in
the eighth grade class.

The boys prepare salads, bake
cookies and cakes and learn to pre-
pare well balanced meals of plain,
wholesome cooking. Food values
and the desirability of a balanced
ration are taught, something that
will prove of value if only used in
ordering meals from a la carte res-
taurant menus. Some of the boys
are eager to try their hands at
keeping "bachelor hall" and declare
that they can manage to feed them-
selves properly even if their par-
ents decided to be absent for a
time.

When the club started, the boys
did not have their chef's clothing
but this year the caps and aprons
were purchased and the kitchen
presided over the young chefs pre-
sents a very business-like appear-
ance. Those who have been favored
with samples of the club members'
culinary creations declare that the
tables are gradually being turned
on the girls and that instead of the
feminist attack on male strongholds
continuing, the boys have launched
a counter assault.

Mrs. James Spartan of Chicago is
spending the week at the home of
her parents, Mr. and Mrs. John
Homfeld.

Common Council

Holland, Michigan, May 4, 1931
The Common Council met pur-
suant to Charter provisions for the
purpose of filling the several ap-
pointive offices.

Present: Mayor Brooks, Aids,
Prins, Kleis, Wolman, Brieve, Van-
denberg, Hyma, Habing, Steffens,
Jonkman, Huyser, Thomson, Velt-
man, and the Clerk.

Devotions were led by Ald. A. P.
Kleis, Chaplain.

Committee on Ways and Means
reported for introduction an ordi-
nance entitled "An Ordinance to Pro-
vide for the Payment of Salaries of
certain City Officers for the year A.
D. 1931," and recommended its pas-
sage. The Ordinance was read a
first and second time by its title, and

On motion of Ald. Kleis, 2nd by
Vandenberg.

The Ordinance was referred to the
Committee of the Whole and placed
on the General Order of the Day.

General Order of the Day
On motion of Ald. Kleis, 2nd by
Vandenberg.

The Council went into the Com-
mittee of the Whole on the General
Order, where upon the Mayor called
Ald. Kleis to the Chair.

After some time spent therein,
the Committee arose and through
its Chairman reported having had
under consideration an ordinance
entitled "An Ordinance to Provide
for the Payment of Salaries of Cer-
tain City Officers for the Year A. D.
1931," asked concurrence therein
and recommended its passage.

On motion of Ald. Vandenberg,
2nd by Prins,

The report of the Committee was
adopted and the Ordinance placed
on the order of "Third Reading of
Bills."

Third Reading of Bills
An Ordinance entitled "An Ord-
inance to Provide for the Payment
of Salaries of Certain City Officers
for the Year A. D. 1931," was read
a third time, and on motion of Ald.
Kleis, seconded by Vandenberg,
RESOLVED that said Ordinance
do now pass.

Carried by Ayes and Nays as
follows:

BIRDS AND HATCHING TIME

Most Michigan birds do not hatch
their eggs before warm weather is
established, but not so the horned
owls—the big brown fellows. Their
young were hatched in February
and are now nearly able or quite
able to shift for themselves. Fox
squirrels are not birds but they
produce their young at about the
same time.

OTTAWA HEALTH DOCTOR TELLS OF MOTHERS' DAY

There is a matter in connection
with Mothers' day which is to be
observed on May 10, that should be
brought to the attention of the
public, says Dr. Ten Have, Ottawa
County Health Commissioner.

Deaths following childbirth in
this country are far more frequent
than in many other countries. The
death rate in U. S. is about seven
mothers to every 1000 births.

Many of these deaths are preventa-
ble as has been proven by studies
made by the Metropolitan Life Ins.
Co. and other organizations. There
have been 584 deaths in Michigan
in 1930 from causes connected with
childbirth. In various ways the
Michigan Department of Health is
attempting to improve conditions
among prospective mothers. For
this reason the nurses in the Ot-
tawa County Health Unit are an-
xious to call on mothers. They urge
proper medical supervision. They
are acquainted with the dangers to
which expectant mothers are sub-
ject and are in a position to warn
them when necessary. In most

CENTRAL CLOTHING HOUSE, GRAND HAVEN, TO GO OUT OF BUSINESS, SAY OWNERS

Announcement is being made to-
day by the proprietors of the Cen-
tral Clothing House, Grand Haven,
that the firm will close its doors
permanently and as soon as the
present stock has been disposed of.
This completes the service of a
prominent Washington street firm
that has been in business under the
present name for the past 25
years. Formerly Peter Van Lopik
conducted a men's clothing estab-
lishment in the same block. He
sold his interests to Wm. Byl and
Henry Van Woerkom four years
ago. Bastian Van Woerkom did not
join the enterprise until later, and
a short time ago the Van Woer-
koms acquired Byl's share in the
firm.

Business conditions have been
such, the owners state, that a con-
tinuation of the Central Clothing
House is out of the question. The
Van Woerkoms are well known in
Holland, having many friends and
relatives here.

HOW TO KNOW SAVING GRACE

How can we know what is true
saving grace for one preaches this
and another that? We often hear
this question asked. Everything of
real value has its counterfeits and
imitations. This is especially so in
regard to the saving power of
Christ. How may we discriminate
between the true and the false?

This subject will be freely and
frankly discussed in a sermon by
Rev. J. Vanderbeek in the church on
Lincoln Ave. and 12th St. next Sun-
day evening. The evening worship
begins at 7:30 o'clock. The subject
for the morning worship will be
"Motherhood." Special music will
be rendered at both services.

There is only expense and waste
of time in baking with flour that
results in failure. I-H flour is not the
lowest price flour but it is the most
economical and satisfactory because
of its quality.

Millers cannot cheapen flour to
sell at "cut" prices and still satisfy
people who are used to the best
bread, biscuits and cakes. Wise buy-
ers pay slightly more and get I-H
flour.

For a few cents more a month
you use I-H flour, the brand that is
pure, delicious and nourishing.

A petition to the Police Board from the Parent-Teacher association of Longfellow school that a stop-and-go signal be placed at the intersection of 24th and State streets and College avenue was rejected. However, it was decided that adequate signs and markings be placed at the point to warn the motorists of the vicinity of the school. The board also considered that there is only a few weeks of the school year left and possibly this fall the matter may be taken up again.

The thermometer in Holland reached 76 degrees on Tuesday afternoon the warmest day of the year. The warmth however, is nowhere near a record, which stands at 85 degrees in 1895.

Holland policemen will each have their little whistle just like the police in larger cities. Night patrolman Lieveens will also be provided with a whistle as well as a key to the police station.

Japan was the theme of the Mubesharat meeting held at the 2nd Reformed Church parlors on Tuesday evening at Zeeland. The Girls' Glee Club sang "Veni Creator Spiritus" and "Salutation," and Mrs. H. Miller conducted devotionals. Mrs. A. Pieters of Holland, who has spent many years of missionary service in Japan, spoke about conditions in that country. She stressed the changes—especially in education and occupation—which greatly affects the women of Japan and urged continued interest in missionary activities there. Some of the occupations of the women are in paper mills, cotton factories and the silk industry.

Last Wednesday afternoon the entire Girl Reserved Club of the Zeeland High school met after school for its regular meeting. An invitation had been extended to all the girls in high school and many attended. The meeting was opened by the singing of some of the Girl Reserve songs, led by Margorie Van Koeveering. Following this they were led in devotionals by Genevieve Bouwens. The speaker for the afternoon was Mrs. M. D. Kollen of Holland who spoke concerning the Passion Play at Ober Ammergau, Germany. Mrs. Kollen attended the play last summer and has visited the city twice. She told many things about the town, the people and the actions of the play. The play has been given almost without exception every tenth year for the last three hundred years. Long ago when the village of Ober Ammergau was stricken with a very severe plague, the inhabitants pledged themselves to this presentation if God would stay the destruction. Today the people of the village live for this spending years in its preparation. Mrs. Kollen also dramatized parts of the play by reading it. Her talk gave us a really vivid picture of part of Christ's life, and was greatly enjoyed by everyone present.—Zeeland Record.

OIL MEN BEGIN DRILLING FOR OIL IN ALLEGAN

Allegan is again experiencing the thrill of the possibility of a new work was started Monday on a well at Pingree park, where Allegan plays ball. The casings were sunk and drilling has begun. The well is being sunk by G. C. Irvine and Nicholas De Vries of Muskegon. Irvine is an experienced oil man. He was born near the Pennsylvania oil fields and has been in the game all his life. De Vries has been interested in Muskegon wells. Both are confident they will bring in a well at Pingree park that will pay out. A 15-barrel well pays. If the well now being sunk is profitable other wells will be sunk.

Yesterday the crew ran into water which gushed up the hole. This is a good sign Irvine says. A meeting was held Tuesday night to interest a few Allegan men in the well.

Oil has been found in and around Allegan for the last 40 years, but never in paying quantities. About 25 years ago much Holland and Allegan money went into "dry holes" in oil ventures there.

MANY MUSHROOMS FOUND IN ALLEGAN COUNTY

Quantities of morel mushrooms were marketed in Allegan late last week coming from near Bravo, Allegan County, on the Pere Marquette main line, where they have been gathered by the bushel and many bushels of them. They found ready sale. Though not of quite so toothsome quality as the autumn kind they are very good eating; and no other "toadstool" sort of thing can be mistaken for them. The present cool and moist season is highly favorable to them. Last spring was pretty dry and therefore few specimens appeared.—Allegan Gazette.

ZEELAND MAN GETS FINE APPOINTMENT

Appointment of J. C. Dykwell of Zeeland as manager of the Grand Rapids Milk Producers association was announced Friday by B. F. Beach of Detroit, secretary-manager of the Michigan Milk Producers association.

New Christian Science Publishing House

BOSTON, Mass.—Continued growth of the activities of The Christian Science Publishing Society has necessitated expanded facilities. To meet this condition The Christian Science Board of Directors of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, will erect, as soon as plans and arrangements are completed, a new Publishing House.

Here provision will be made for the needs of The Christian Science Monitor, The Christian Science Journal, The Christian Science Sentinel and all other literature published by the Society.

The new building, which will cost in the neighborhood of \$3,000,000, will occupy approximately 55,000 square feet of ground bounded by Massachusetts Avenue, Norway, Falmouth and Clearway Street, Back Bay, Opera-

tions are to be hastened in accord with the public and private building program which Mayor James M. Curley of Boston has been urging in conjunction with President Hoover's recommendations for relief of unemployment.

The structure will have a varying height. The Massachusetts Avenue end of the building which will be used for offices, will be nine stories in height, while that part which is opposite The Mother Church edifice will be three and four stories in height and in scale with its edifice.

The publishing building will be related in architectural style to The Mother Church, and its design has been influenced by the fact that in the future it probably will become one of a group of buildings which will surround and form a fitting architectural setting for the Church. It will be an all-stone building of the Italian Renaissance type, the lower story to be of granite and the upper stories of limestone.

Special attention will be given to the installation of modern heating and ventilating devices. The central plant will be housed in a building adapted to it, with an ornamental tower inclosing the stack, the tower to be of brick and stone conforming with the beauty and symmetry of the main building.

The building now occupied by The Christian Science Publishing Society, completed in 1903, will be used for the administration offices of The Mother Church.

The architect is Chester Lindsay Churchill, and with him is associated Lockwood-Greene Engineers, Inc., of Boston, which will have charge of the plant layout.

At Least 4,000 Go To See Zeeland's Egg Exhibition

OUR NEIGHBORS' EGG SHOW TURNS OUT SUCCESSFUL—IS SECOND ANNUAL

The second annual egg exhibition at Zeeland went over very successfully. The large show rooms of the De Pree Hardware was a busy place during the three days of the show. The town was decorated for the occasion, every merchant having a beautiful show window fixed up embellished largely with "hen fruit."

Prizes were awarded for the best show window displayed and it appears that the following merchants won the prizes. The first prize of \$5.00 in cash went to the Style Hat Shop, operated by Miss Minnie Ver Howe with 107 votes; second prize of \$2.50 went to M. C. Ver Hage, hardware, with 29 votes; and the third prize of \$1.00 went to the Style Shop operated by Sam Knoor with 27 votes. Other stores receiving ten votes or more were G. J. Boone & Co., 22; Henry Looker, 22; Wm. De Pree Co. 13; A. De Kruif 11; Hietfs Market 11; Friszaar 10; and the remainder of the votes were split between John Shoemaker, Ted & Ed. Clothing Co., Frank Dionise, Post Office, Peter D. De Pree, The De Bruyn Co., J. H. Kole Co., J. Lokers, The A. & P. Co., Zeeland State Bank, A. Van Hoven, Mrs. G. Warren, Buikema Restaurant, City Market, Kroger Store, Consumers Power Co., Enterprise Market, Wm. Bareman, Roy Keppel, B. Post, Holland Gas Co., M. De Haan, Ed. Dykema, Wellings Restaurant, Central Market and Nies Shoe Store.

The following are the awards made by the judges on eggs at the second annual egg show. The grand sweepstakes trophy for the best entry in the entire show went to Edward Caball, local high school pupil, who exhibited the first prize white eggs in the students class. In winning this award, Edward defeated his father, George Caball, veteran poultryman and general manager of the Grandview Poultry farms, who exhibited the first prize white eggs in the open class.

Hunderman Bros. of Drenthe won the sweepstakes trophy for the best entry of brown eggs. Other winners in the various classes placed in the following order: Farmers Class—White eggs: Bert TerHaar, John Smith, Harvey Blauwkamp, H. E. VanDam. Brown eggs: Mrs. John Heemstra, Mrs. William Paddig, Mrs. Arie VanDyke and David VanderKool. Open Class—White eggs: Grandview Poultry farms, Townline Poultry farm, Gait, Ansink. Brown eggs: Hunderman Bros., Grandview Poultry farms, Village View Poultry farm.

Students Class—White eggs: Edward Caball, Henry E. Geerlings, Alidia J. Geerlings and Earl Boonstra. Brown eggs: Gilbert Plasman, Albert VanderKool and Eugene Relofs. The show was sponsored by the business interests of Zeeland, who offered more than \$200 worth of merchandise as prizes. Entries were much larger than a year ago. About 4,000 persons inspected the exhibits.

William DePree Co. donated exhibit space for the show. The committee in charge comprised George Caball, J. P. Garlough, John Baar, Robert Pool, L. G. Stalkamp, Harry Derks, Edward Den Herder and Henry P. Wiersma.

The District Commercial contest was held at the Muskegon Senior High School Saturday and two students from Holland High were awarded honors. Miss Helen White was awarded first place with 98 per cent accuracy. Miss Hazel Verhey was the winner of second place with 97.7 per cent accuracy.

Miss Hazel Verhey also won second place in the third semester typewriting event. A student from Muskegon High was awarded first place. In the team typing event Holland won fourth place.

Miss White and Miss Verhey will represent Hollan High school at the state commercial contest which will be held in Kalamazoo, May 23. Eighty contestants competed in the contest Saturday representing eight schools. Holland was rated third in the contest. Thirteen local students took part in various events. Miss Davidson and Miss Linnea Nelson, commercial teachers, accompanied the group to Muskegon.

CHICAGO PASTOR SELECTED—HOLLAND; REPORTS HEARD

Rev. Harry J. Hager, pastor of Bethany Reformed church, Chicago, and former professor of Biblical literature at Hope College, was elected president of the particular synod of Chicago, which convened Wednesday afternoon in Hope Memorial chapel.

Other officers elected are: Vice-president, Rev. G. VanderLinden of Fulton, Ill.; temporary clerks, Rev. O. G. Droppers of Cleveland, O., and Rev. John J. Fryling, pastor Aberdeen church, Grand Rapids. Rev. Thomas E. Welmers of Hope college continues as stated clerk.

Rev. J. J. Hollebrands of Detroit retiring president, delivered the synodical sermon at the evening session in First Reformed church. Thursday's sessions covered reports on the state of religion classical reports, statistics, missions and education. Possibly 60 delegates from Michigan, Illinois and Wisconsin attended. Speakers at this classes meeting were Rev. J. J. Hollenbrander, Detroit; Rev. B. C. Moore, missionary from Japan and others.

Mrs. Jane W. Goozen, lifelong resident of Zeeland, celebrated her ninety-second birthday anniversary Sunday. Open house was held in her honor at the home of her daughter, Mrs. Gerrit Veneklassen of Zeeland. Mrs. Goozen, who knits, can walk up and down stairs without aid and sees very well without the use of glasses, came to America from The Netherlands when a small girl.

Muskegon Chronicle:—Mrs. Gerrit-Diekema, widow of the former United States ambassador to Holland, will be the speaker at the next meeting of the Muskegon chapter American Association of University Women, which is to be held May 16 at the home of Mrs. J. O. Matteson, 1385 Lakeside drive.

This meeting, the first purely social affair of the A.A.U.W. since its inception last winter, will be under the charge of the newly appointed social chairman, Mrs. F. G. Renkenberger.

GOLD STAR MOTHER LEAVES FOR FRANCE

Mrs. Charles Chellman, one of Fennville's Gold Star mothers, will leave here Saturday for a trip to the battlefields of France. She will leave on the S. S. America next Wednesday. Mrs. Chellman in 1920 visited the cemetery at Romagnes where her son Fred is buried.

NOTED TENOR HERE FOR TULIP WEEK EVENT

The Holland Musicians club is bringing to Holland William Miller, tenor, as its contribution to tulip week. The concert will be staged in Carnegie hall May 21 at 8 o'clock and will be free to the public. Mr. Miller is a nationally known artist.

MERCHANTS WANT TO BACK LOCAL BOAT LINE

The Holland merchants at their meeting Monday night took very seriously the possibility of Holland's boat line being taken away from this city because of lack of business.

Wm. Brouwer, who is chairman of the committee to write to the receivers of the company, stated that he had received a letter from Geo. Getz stating that they would meet with members of the association and the Chamber of Commerce for further conference. He also stated that he had investigated the tonnage from here and it was very light. He also contends that much Grand Rapids freight should take the short haul to Holland instead of the long hauls to the Grand Haven boats.

Charles French of the Sentinel gave a very earnest talk stating that we should begin now and not wait to send freight by Goodrich line and thus show our good will and make an impression and iron out this vexing problem. He stated that we could hardly expect harbor appropriations to be continued when shipping in this port did not warrant it.

Capt. Harrington gave some harbor history and the difficulties that go with securing it and he said that Holland must make a showing in order to have this continued.

Mr. B. A. Mulder of the News urged that all retail merchants when sending in orders, not only ask that part of their orders be sent by Goodrich boat, but other orders going to this vicinity as well. He stated that all merchants should write to Grand Rapids wholesalers asking them to divert at least part of their wholesale business for Western Michigan over the Holland boat line, thus making a fair division in the freight sent out.

Jake Lokker, Ray Nies, Chairman, Cornelius Dornbos, Alex Van Zanten and others also spoke in behalf of the local boat line, urging that local merchants and Holland give it their support.

LOCAL CHURCH SHOWS GRATIFYING GROWTH

Probably no other religious organization in Holland has made such a rapid growth as that experienced by Trinity Reformed church, which has celebrated its twentieth anniversary. Beginning with 45 families at the time of its organization, May 1, 1911, the number has topped the 300 mark and the Sunday school enrollment has increased from 77 to more than 900. Trinity church worshipped in its new home within 15 months of its organization and a large addition was annexed a few years ago.

Trinity has been served by three pastors including Rev. H. D. Ter Keurst, who came here from Bethany church, Grand Rapids, Rev. John Van Peursem, now of Zeeland, was its first pastor, and Rev. C. P. Dame of Muskegon served the pastorate for 11 years.

CASE AGAINST BROUWER OF ZEELAND DROPPED

Charges of negligent homicide against Albert Brouwer, 20, of Zeeland township in the death of Jennie Witteveen several weeks ago were dismissed Wednesday by Justice Elborn Parsons. Parsons ruled the evidence did not sustain the charges.

Miss Witteveen was killed when the car in which she was riding on Alpena Beach road with Reuben De Weerd, returning to her home in Waukazoo from the Harderwyk church, was forced from the road to avoid colliding with that of young Brouwer and crashed into a tree.

Brouwer's father, Edward J. Brouwer, and DeWeerd's father, Bert DeWeerd, have been named defendants in a suit for \$35,000 damages by parents of the girl victim.

HOLLAND STUDENTS' NAMES APPEAR IN THE MICHIGAN STATE COLLEGE HONOR ROLL

Evelyn Zwemer, a senior in the Home Economics Division at Michigan State College, Winona, Minn., a junior in the same division, and Clyde Coster, a senior engineer, all of whom are from Holland, are among the 250 students whose names appear on the honor roll here for spring term of 1931. To gain this distinction they have maintained a 'B' average or better for the last two terms, and in addition to the recent citation for scholarship, they win unlimited cut privileges for the remainder of the year. These privileges are granted only to juniors and seniors having the necessary average and leave the initiative of attending classes to the individual. They do not relieve the student of responsibility of making up work missed during absence, however. These three Holland students have consistently won high grades during their past years at Michigan State.

CALVIN MALE CHORUS TO COME TO HOLLAND AGAIN

On Tuesday evening, April 21, the Calvin College Men's Glee club came to this city and gave an unusual program at the Ninth Street Christian Reformed Church. The offering took so well that the club is to be here again on Monday evening, May 11, at Prospect Park Christian Reformed Church at 8 o'clock.

The club is composed of 20 male voices all artists who come under the direction of Prof. Seymour Swets of Calvin College with Neal Spanninga as accompanist. He is an organist of rare ability and as to the Glee Club a music critic of Harvard University, who heads the male singers at Whitville, Mass., while they were on their recent tour, said, "The Calvin Glee Club is the best I have heard during the past year."

Four Holland members are included in the club. They are John L. Van Appeldoorn, Chester Van Appeldoorn, Henry Dobben and James VanderHoop.

The Glee Club during its Eastern tour, gave fifteen concerts. Included in these were Cleveland, O., where three concerts were given, Rochester, N. J., Paterson, Passaic, and Lodi, N. J. They also sang in cities in Massachusetts and Long Island. Near home they gave a program at Detroit.

The Calvin Glee club comes under the auspices of the Eunice Society. The public is cordially invited next Monday evening. A silver collection will be taken.

CONKLIN GIRL BURNED WHEN DRESS IS FIRED DIES IN MUSKEGON

Severe burns suffered at the family home, 2 miles north of Conklin, Ottawa County, cost the life today in Mercy hospital of Bernice Borgman, 9, daughter of Mr. and Mrs. John Borgman.

The girl was burned Saturday when her dress caught fire when it touched a hot stove as she attempted to turn a damper. Before help could arrive most of her clothing had been burned from her body. She was taken to the hospital yesterday.

She leaves her parents and four brothers and sisters.

CENTRAL PARK

Mr. L. H. Van Huis, whose funeral was held in the Central Park church last week, held the unique distinction of having been born and baptized in this church when it was located at Grafschap eighty years ago. He united as a member full communion in 1877 and has continued in unbroken fellowship ever since.

Mrs. F. S. Bertsch has returned after spending a week in Chicago where she has been under the observation and care of the surgeon at whose hand she underwent a serious operation some weeks ago.

The foundation work is completed and the carpenters have begun laying the floor of the splendid new home which Mr. Oscar Nystrom is having erected at Central Park.

The Central Park church was presented with a splendid new electric clock the gift of Mr. B. H. Williams.

Mothers' Day will be celebrated at Central Park with appropriate services next Sunday morning. The minister, Rev. F. J. Van Dyk, will preach a sermon on "Loyalty to Mother and Home," the fifth in a "Loyalty Series." There will also be a Junior Sermon of special interest to the children. The choir anthem will be "God Bless Our Mothers" by Lane and organ numbers by Mr. D.

Holy Land Trip
Bears Out Many
Bible Truths

IT AGAIN SHOWS THAT THERE IS NOTHING "NEW UNDER THE SUN"

Dr. A. J. Brower, Holland's much traveled physician, who—not only visited the Holy Land in his travels but who did research work while there—parallels his observations with Biblical chronology and states that because of this visit to Palestine he is even more convinced that the Bible is true. From time to time the doctor will write more about the "Bible lands" tying up events of yesterday with conditions today.

By Dr. A. J. Brower

The purpose of this article is to give an illustrative description of the various places visited and some of the many events that occurred there, together with Bible citations to substantiate statements made and to prove the truth of the Bible.

Article No. 1.

The Rev. J. Wibur Chapman, D.D., has written these suggestive words: "That man is to be envied who still has in prospect a journey to the Holy Land." That is exactly the way I feel about it.

After carefully weighing the natural discomforts of travel in such land, I do not know of anything that would give me greater satisfaction than to go again.

"The Bible has become a new book to me."

A trip to the Holy Land confirms the testimony of the Bible. It has been predicted that Palestine would become desolate and a land of ruins, and the tourist who has eyes to see can verify this everywhere. All the Holy Land is interesting. At every turn it vibrates with some suggestion, or a beautiful passage of the Word of God.

We entered Palestine at Haifa and went by train to Jerusalem, a journey of about 4 1/2 hours, through the Judean Mountains. Views were all Bible landscapes, among people clad in Biblical garments, turbaned men, village sheiks, peasants, sandaled or bare-footed women, shepherd herds and sheep, camel or donkey caravans. Straggling lines of camels with their leaders. The tall beasts in front, homely and ungainly, yet with an air of nobility. To this day the camel surely has held an honorable place since the earliest ages; for we read in Gen. 24, verse 10, that Abraham the Patriarch had camels. "And the servant took ten camels of the camels of his master." Verse 11, "and he made his camels to kneel down without the city by a well of water at the time of the evening, even at the time women go out to draw water." Today this is a very familiar sight, especially at Mary's well in Nazareth. Gen. 30, verse 48, we read, "And the man increased exceedingly, and had much cattle and maid-servants and men-servants and camels and asses." The camel is pictured on ancient monuments in Egypt, long before Abraham's time. The birth of Abraham was in 1996 B.C. He was out of the generation of Shem, a son of Noah. Abraham, if his father, and his grand-children, traveled in this caravan style, like it's done today. So did the prophets in their journeys through the land of Israel. Caravan routes are seen everywhere. It has always been the Palestinian mode of travel and transportation. Balaam rode an ass. Numbers 22, verse 21, "And Balaam rose up in the morning and saddled his ass, and went up with the princess of Moab."

Sameel 11, verse, "And when Ahithophel saw that his counsel was not followed he saddled his ass and arose, and got him home to his house, to his city and put his household in order and hanged himself, and died, and was buried in the sepulchre of his father."

I saw a lot of mules there. Born on a farm I always was of the impression that the mule was an animal of recent years, a cross between a mare and an ass or a donkey, but in Second Samuel, chapter 18, verse 9, we read, "And Absolon rode upon a mule." Note the old book even speaks about mules. Ezekiel 27, verse 14, "They of the house of Togarmah traded in thy fairs with horses and horsemen and asses." 11 Samuel, verse 29, "And the servants of Absolon did unto Amnon as Absolon had commanded. Then all the kings sons to him, and every man got him up upon his mule and bed." The ass is more common, but there are also a great number of mules in Palestine today. Many a time we saw a woman leading a donkey with a man riding it. The women surely are doing more than their share of the work. The saying, "Everybody works but father" seems very true here.

Mules started in the time of David, not before mentioned. "And Absolon rode upon a mule, and the mule went under the thick boughs of a great oak and he was taken up between the heaven and the earth, and the mule that was under him went away." Some have this definition. "The name mule is applied to any animal produced by a mixture of different species, but specifically denoting the hybrid, generated between an ass and a mare. In Ecclesiastes 1, verses 9 and 10 we read, "The thing that hath been, is that which shall be; and that which is done is that which shall be done and there is no new thing under the sun." Verse 10, "Is there anything whereof it may be said, See this is new? It has been already of old time, which was before us." Really as one goes through the Bible lands, the above saying becomes very true. "Nothing new under the sun." Everywhere you go the Bible is absolutely confirmed. This is one of the most picturesque journeys of the world. On our way to Jerusalem we saw Beduins camp on the sides of mountains where scarcely goats can climb, cliff dwellers.

We saw great numbers of shepherds guarding or leading their sheep and goats, staff in hand and playing a flute. The same kind of flute that David played. Large flocks of sheep we saw everywhere roaming over the hills. It seemed new to us, but that was done even before the time of Abraham. Their wool is still spun and woven by the Palestine women. Lamb and mutton are favorite foods in that country today as of ancient days. The sheep are always led, not driven, like we read in Psalm 23, verse 2, "He maketh me to lie down in green pastures; he leadeth me beside the still waters." On these same hills shepherds still lead their sheep hither and thither as David did while a boy three thousand years ago.

The scene is unchanged. Some Arabs we saw plowing. Instead of a metal point and board, they have a crooked stick. This is primitive but it is the best plow in the world for Palestine, because of the rocks. The story is told that when God created Palestine, He placed all the rocks which He intended to put on earth, into two bags, giving a bag to each of two angels, and as they were traveling over Palestine, or at least in the region of the Judean hills, the bottom fell out of one bag and let all the rocks fall on Palestine, or at least in the region of the Judean Hills. One might easily believe it, for of all the rocky countries of the world I never saw a place where there were so many stones. No wonder that stoning to death was one of the means of capital punishment. It could be done on the spur of the moment and at most any place. Stones were plentiful everywhere. Great ridges, 5 to 15 feet high and about that at least in the region of the Judean hills, the bottom fell out of one bag and let all the rocks fall on Palestine, or at least in the region of the Judean Hills. Refreshments were served at the close of the meeting. Miss Dana Kuiper, president of the Holland League, presided.

U. of M. SPEAKS HIGHLY OF ZEELAND SCHOOLS

The Zeeland High School is to be congratulated for again being chosen as an accredited school by the University of Michigan, according to a letter received by Superintendent M. B. Rogers from George E. Carrothers, Secretary of the University Committee on Accredited Schools. The letter reads as follows:

"At a recent meeting of the University Committee on Accredited Schools, the report of your high school was submitted. The Secretary was instructed to notify you that the Committee voted to continue your school on the accredited list of the University for the three-year period ending June 30, 1934. "The Secretary wishes to commend you and the Board of Education for maintaining a school which satisfies the requirements for this highest recognition extended by the University Committee on Accredited Schools."

New Dredge is Ready for Work on This Shore

DERRICK-BOAT "TOMPKINS" ARRIVES IN THIS PORT FROM STURGEON BAY

The dredge-boat, "Tompkins," new \$125,000 U. S. dredge, which has just been completed at Sturgeon Bay, made her maiden trip across Lake Michigan in tow of the tug Cumberland and is lying at the government dock at Grand Haven where she is being fitted out for work on Grand Haven and Holland Harbors and other places on the Great Lakes.

A beautiful dredge sounds paradoxical, yet anyone interested in machinery, boats and quarters of this kind can find no more perfect job than that exhibited by the new dredge which is declared by engineers to be the finest dredge of the kind in the United States.

The "Tompkins" has a capacity of 25 tons equipped with a three cubic yard clam shell bucket and a 2 1/2 orange peel digger than can dig at a rapid rate. She is 114 feet and nine inches over all and 34 feet and nine inches wide. She draws about three feet, eight inches of water.

A steel stiff-leg derrick, the boom of which extends 80 feet, is mounted upon two A frames of supporting steel and turns upon a bull-wheel, correspondingly large and heavy. Sheaves stand 17 feet 6 inches long and five feet high on deck to support the swinging line guides.

The dredge is equipped with one swivel hook of 25 tons capacity and two smaller hooks capable of holding 10 tons each.

The machinery of this dredge is all manipulated from the deck house situated forward just behind the A supports. Levers are worked by one man. The deck house and quarters are built of 5 1/2 foot plate with steel covers for all the windows of 7 1/2 plate which will give protection when crossing the lake in stormy weather.

There is room for a crew of 19 men, including the master's room, office, mess quarters, sleeping bunks, lavatories, showers and galleys and recreation room.

State rooms are fitted with two bunks, running water and two steel lockers and have outside ventilation and light, affording most comfortable quarters. Four shower baths are nearby. Three mess tables will serve the crew and one heavy oak recreation table occupies the center of the main room.

The bunks are equipped with hair mattresses, camels hair blankets and linen, everything A-1 quality. Dishes, cooking utensils and a galley that would do credit to a pretentious yacht, include cast aluminum cooking utensils, the coffee pot alone costing \$13 and a boiler costing \$15.

Refrigerator room, linen closets, provision closets and every facility possible has been provided for the galley chef. Vitreous china is used in all the plumbing fixtures and heavy nickel plated accessories.

The decks are covered with 1 1/2 inch "Mastic" and cork linoleum of pleasing design is used in the recreation room. Fire fighting apparatus is aboard and 10 extinguishers. Three Seth Thomas clocks are installed.

Ottawa April Weather Above Normal, Report

RAINFALL BELOW AVERAGE AND SUNSHINE PREDOMINANT DURING MONTH

The average temperature for April in Ottawa county according to the local Weather Bureau, showed .5 of a degree above normal for 44.2 degrees for the month. Rainfall was below normal as was wind and sunshine was considerably above normal.

There was considerable variation in the temperature, the warmest day being 15 degrees above normal and the coldest 12 degrees below normal. The weather was mostly warm from the 8th to the 20th, but from the 21st to the 30th the temperature was continually below normal. Up to the 21st the temperature averaged nearly 5 degrees above normal but the cold weather during the balance of the month nearly wiped out this excess. The highest temperature of the month was 72 on the 15th and the lowest was 24 on the 31st. The greatest daily range was 31 on the 12th and the least daily range was 7 on the 27th. Frost occurred frequently during the month but was not of much concern except to the celery growers.

The total precipitation for the month was 1.08 inches or 1.59 inches below normal. The only precipitation of consequence was on the 20th and 21st. The greatest precipitation in 24 hours was 0.96 inches on the 20th-21st. One-tenth inch of snow fell compared to the normal 1.3. Measurable amounts of precipitation were recorded on 8 days of the month. It was the driest April since 1915. Thunderstorms occurred on 2 days of the month.

Wind movement was below normal. The total movement was 7012 miles, or an average of 9.7 miles per hour compared to the normal of 11.9. The maximum velocity was 3 miles per hour from the northwest on the 26th.

Sunshine averaged 67 per cent of the possible amount or about 13 percent above normal. There were only three days that the sun did not shine at all and there were 13 days with 90 per cent or more. There were 11 clear days, six partly cloudy, and 13 cloudy.

WHAT GRAND HAVEN HAS TO SAY ABOUT SATURDAY'S TRACK MEET

Grand Haven Short Pants Brigade Defeats Holland, Coopersville, Holland Christian High

Grand Haven Tribune—Two new school marks were established on Saturday afternoon at Ferry Field as Coach Gus Cohrs' Blue and Gold track squad made its local debut overwhelming Holland, Coopersville and Holland Christian High schools, taking the Ottawa county track championship from Holland who won it last year. Grand Haven scored 82 points, to 44 for Holland 25 1/2 for Coopersville and two for Holland Christian.

Otto Heckel of Grand Haven whirled out the discus 123 feet, one inch, to better his own record made against South last week. Heckel also broke the shot put record, heaving the heavy ball 44 feet to smash Mart Van Schelven's record made in 1929. Van Schelven's record heave was 41 feet, six inches.

The Cohrsmen proved weak in the track events, weak in the event scoring grand slams in the high jump and javelin, taking three places in shot-put and discus and winning the relay. Grand Haven took 10 out of a possible 14 first places, Holland and Coopersville each getting two and Holland Christian High managing to place third in the mile.

Peterson of Grand Haven was the shining light in point getting. He placed first in the high jump and second in the broad jump, and third in the discus and shot for a grand total of 17 points. Heckel garnered 13 points. Babcock walked away with the honors in the 440 yard dash, running the distance on a slow track in 54 seconds. Husted did the 880 in two minutes, 18 seconds while Bugielski spent 5:05 minutes in the mile run to place first.

Young of Grand Haven placed first in the broad jump, going through space for 18 feet, 2 1/2 inches. On the field Peterson heaved the javelin for first place, getting a mark of 135 feet, one inch and Grand Haven won the relay in 1:47 time. Lester Hanson took first in the high hurdles in 18.5 seconds.

Next Saturday afternoon Muskegon Heights comes to Grand Haven to meet the local team. Coach Okie Hamilton reports he has lost several good track men due to graduation last June, among whom is Johnie Regezi, who took five first places in a dual meet last year. Grand Haven will thus have a good opportunity to beat the Heights for the first time during the three years the local school has engaged in track with the Tigers.

Summary—100 yard dash: Murphy, H.; McLure, H.; Way, C.; Brown, C.; Time: 16.9. 220 yard dash: Way, C.; Murphy, H.; Time: 35.2. 440 yard dash: Babcock, G.H.; Rowan, H.; Van Tatenhoven, H.; Merkins, C.; Time: 1:47. 880 yard dash: Husted, G.H.; Sauter, H.; Van Lente, H.; Vandewater, H.; Time: 2:18. Mile: Bugielski, G.H.; Scott, C.; Assink, H.; Otterbein, C.; Time: 5:05. High jump: Peterson, G.H.; Runk, G.H.; Babcock, G.H.; Botje, G.H.; Height, 5 ft. 5 inches. Broad jump: Young, G.H.; Peterson, G.H.; Holmes, C.; Sluka, G.H.; Distance, 18 ft. 2 1/2 inches. 120 yard high hurdles: Holmes, C.; McLure, H.; Middag, G.H.; Powl, G.H.; Time, 1:55. 120 yard high hurdles: Hanson, G.H.; Swartz, H.; Wheaton, H.; O'Brien, C.; Time, 1:47. Pole vault: DeLidder, H.; Granson, H.; and Gillespie, C.; tied; H. Granson, H.; Height, 12 ft. 6 in. Shot-put: Heckel, G.H.; Tyse, H.; Peterson, G.H.; Distance, 44 ft. Discus: Heckel, G.H.; Distance, 123 ft. 1 in. Javelin: Peterson, G.H.; Height, 122 ft. 1 in. Relay: Won by Grand Haven (Babcock, Sluka, Young and Powl); Holland, Coopersville. Time: 1:47.

Frank P. Smith, 60, for 25 years proprietor of the City hotel at Allegan died Saturday morning after a four-month illness. Prior to coming to Allegan he operated a saw-mill at Snell's mill pond, west of Allegan. The funeral was held Monday.

HOLLAND FOLKS FIGURE IN AUTOMOBILE WRECK

Earl Alexander is in the hospital suffering from injuries received in an automobile accident on the river road near Pottowattomie bayou at Grand Haven. It is not known how the accident occurred but it is considered fortunate for the occupants of the car that the willow trees there are close to the edge of the road or they would have gone into the river. The car evidently hit the guard railing post and overturned. Govert Van Herwynen and Miss Gertrude Van Pernis of Holland were with Alexander. They were seriously injured and left for their home in Holland soon afterwards.

FARMER OF ALLEGAN COUNTY IS FOUND DEAD IN FIELD

Florence Sullivan, aged 72, Monterey, Allegan county farmer was found dead in a field by a neighbor, Elmer Keel, about ten o'clock Friday morning. He was last seen about 4 o'clock Thursday afternoon. Sheriff Teed and Coroner Benson declared death due to over-exertion of strength while at work.

MUSKEGON HEIGHTS TO MAINTAIN SAME SALARY SCHEDULE

Michigan Educational Journal, April, 1931. The Muskegon Heights Board of Education has decided to maintain its present salary schedule for teachers. It is the belief of this board that "what it does with its teachers is a good index to the citizens in this state as to what the community does for its boys and girls." It also believes that "the only way the community could keep its faith with the teachers was to maintain their salary schedule."

WANTS TO BE X-RAY TECHNICIAN

Alice Dalton has been named valedictorian of the class of 1931 of Grand Haven High school. Miss Dalton has been in high school for three and a half years and has received 28 grades all A rating, the highest possible. She is to attend school next year and her ambition is to become an X-ray laboratory technician. She is just seventeen and has filled nearly every office of importance in her class and school societies.

The honor of being salutatorian fell to Miss Isabelle Foster who is finishing high school in three years, is 16 years old and who devotes her entire time to her studies. Miss Foster has received 27 grades, all but one being an A, the other being a B.

The speaker for commencement on June 16 was announced today as Dr. Timothy Stone, president of Cyrus McCormick Theological Seminary of Chicago. His address is to be on "The Challenge of the Present."

JUSTICE FINES GRAND RAPIDS MEN \$19 EACH

Fines of \$19 each were meted out by Justice C. E. Burr of Grand Haven, Wednesday to six Grand Rapids men arrested by Frank Salisbury deputy game warden for spearing black bass in inland waters. They are John Belikus, 1104 Hamilton ave.; Frank Barry, 1310 Algonquin ave.; Carl Rasik, R.R. 9; G. Garnavich, Bernard Garnavich, 732 Sixth st., and M. T. Billings, 1018 Broadway, Grand Rapids. According to the statutes inland waters include bayous or bays. They were discovered spearing on Sterns bayou.

MRS. EMMA HEYBOER, HOLLAND U. S. A. HOME FOUNDER, SUCCEUMS

Mrs. Emma W. Heyboer, age 74, last of the founders of Holland U. S. A. home, Grand Rapids, a charitable institution for aged persons, died suddenly Saturday at the home of her son, Stuart Heyboer, with whom she had made her home since the death of her husband, John.

John M. Tobin, age 65, a resident of Allegan for 50 years and widely known cattleman, died at Allegan, Monday afternoon, after a long illness. Mr. Tobin, who several years ago was widely known as a breeder of Holstein cattle, owned a large stock farm three miles north of Allegan, and for more than 35 years bought and shipped cattle.

Mart Kaat, former owner of the East limits dairy at Zeeland has sold his interests to his brother, John, and to O. H. Bosma of Grand Rapids. The dairy will be operated at the old stand. Martin Kaat has returned with his family to Grand Rapids.

THE HOLLAND CITY NEWS SAYS, AMEN!

An Appeal

Dear Editor:—Feeling secure, as I do, in my own position of strength may I through your columns essay to plead the cause of one who is weak and helpless?

I speak in behalf of the wild flowers now trying to welcome the return of spring by adding their modest glory to each passing day. Why cannot most of us bear to see them blooming in their wooded environment without giving vent to a ruthless desire to yank them from the spot they beautify? Few, very few, wild flowers may be picked without exterminating the plants. Many such pillaging have only one single stock is forever gone when picked.

I well remember that as a boy I used to roam through wooded areas literally white and purple with flowers that now can boast hardly a single blossom. With shame I recall that as a boy I contributed to their extermination by gathering huge bouquets that soon wilted, and left nothing but barren hillsides as a record of my passing.

At the same time the birds were being exterminated by boys with air guns and by collecting eggs—although to the crimes I can plead in the only defense of the more helpless flower is its innocent appealing beauty. Why can't we let them alone?

A. L. KORTKAMP, Saugatuck, Michigan.

SAUGATUCK, DOUGLAS, PENNVILLE AND VICINITY

Fear of Frost which had prevailed through several days of coldness was dissipated Tuesday morning when it was found none, or practically none, had fallen. Fruit blossoms, except those of the cherry, will hardly appear in less than ten days.

Charles E. Bird of Saugatuck, passed his seventy-sixth birthday anniversary, with his three sons: John, Carl and Cary, with their families giving him a surprise banquet. Mr. Bird has lived in Saugatuck years and for 40 years has conducted a drug store on the same corner. He has retired from active management, being succeeded by his son, John.

Ganges Glee Club will have charge of the usual evening campfire program May 30 in the M. E. church. A play will be presented portraying the historical troubles with witchcraft in New England. The L. A. S. will have charge of the morning program and dinner.

Allegan County people will not have to journey to Washington this spring to see how Japanese cherry trees look when in bloom; rather, to see how one such tree looks instead of hundreds of them, for Mrs. E. W. DeLong of Allegan has one in her garden which will presently blossom fully. All of Allegan county will soon be a bower of beautiful flowers when the orchards are in bloom.

The Allegan Co. Rod and Gun Club have three more deer, a stag and two does, in their enclosures at Duley bayou from which they presently will be released into the woods. These three were received from the state reformatory park in Ionia.

The Home club entertained the Fennville Women's Club last Friday, about eighty persons being present. Mrs. P. H. Brown had charge of the program and engaged a speaker from Sunnyside School of Girls near Holland who gave an interesting address about their work. Fifteen of the girls were present and furnished music.

Sella Arink of Overisel went to Kalamazoo last week to assist in the home of her brother, Bert Arink, whose wife has suffered an operation recently. A letter received from her states that she had broken a bone in her foot and was unable to walk. The accident happened while sitting in a swing at her brother's home.

Honor pupils of the senior class of Saugatuck High School are Willard Prentice, Eleanor Koning, Roxie Mize and Lucille Kelly.

Willard Prentice, valedictorian, is a Douglas boy but took his high school work at Saugatuck. He is the son of Mr. and Mrs. Joseph Prentice. When he was graduated from the eighth grade it was with the highest standing in Allegan county.

In the high school he was manager of the school plays for three years, won his letter in basketball and was school notes editor in the local weekly paper one year, and one year was vice president of the Student Union. He has been interested in school music and helped to organize a school orchestra.

Solutarian honors go to Miss Eleanor Koning, daughter of Mr. and Mrs. Ira Koning, who were graduated in the class of 1931. Miss Koning was vice president of the class in her freshman and sophomore years. She was secretary-treasurer in her junior and senior years, was manager of the Televiser years, entered the local declamation contest two years and played on the girls basketball team.

She will enter Michigan State College in the fall, taking the home economics course.

HAMILTON

The race is on. The Hamilton teams—the Independents and Merchants—met in a fierce contest on the town square on the Community diamond Monday evening. The Merchants were on top at the finish by a count of 5 to 4, but the Independents seemed to improve with each inning and fortunately for the younger team, darkness stopped the fray just as the Merchants were about to put up a very creditable showing, however, and without a doubt a keen rivalry between the two teams is going to give baseball fans many exciting moments this summer. There seems to be a wealth of material among the youngsters especially, and though they lack experience they showed very plainly that they know baseball and willing to do their best. It is rumored that Roy Ashley will again be in the lineup of the Independents this year. The lineup Monday for the Merchants consisted of G. Vandyle, Glen Albers, and Harvey Lugten, pitchers; John Haakma, catcher; Howard Kronmeyer, 1st base; Julius Kemper, 2nd; Francis Irmann, ss.; Harold Rankens, 3rd; George Brower, lf.; John Kaper, cf.; Jerry Hagelkamp, rf. The Independents used Kallahan and R. Wentzel on the mound with John Brink, catcher; Kallahan, 1st.; Roy Ashley, 2nd.; Chet Voorhorst, ss.; Herman Nyhof, 3rd.; Duff Dargemond, lf.; Bud Ten Brink, cf.; Fred Wentzel, rf. A large crowd was in attendance and the game was a generous share of their encouragement.

Alta Eding was rushed to the Holland Hospital last night after suffering from an acute attack of appendicitis. The operation which was performed immediately was successful and the young lady is recovering nicely.

Grace Brink of Lawrence spent the week end with her parents, Mr. and Mrs. John Brink, sr.

The Bible Classes of the First Reformed church have finished their course of study and will enjoy a picnic next Saturday on the church grounds. The classes had an enrollment of 153 and have done splendid work.

Janet Potter of Holland was a guest at the John Brink home Sunday.

Mr. and Mrs. Wm. Ten Brink, Mr. and Mrs. Henry Ten Brink and family visited at the home of Mr. and Mrs. Peter Van Hous of Virginia Park Sunday evening.

Mr. and Mrs. Louis Van der Meer visited their children, George Nakken and family at Kalamazoo during the week-end.

Lavina Borgman was one of the Holland High students chosen to represent the school in the typing and shorthand contest at Muskegon.

Leonard Dargemond was quite seriously injured last Friday while playing.

Dorothy and Amy Voorhorst were in Holland during the week-end visiting with relatives and friends.

John Kaper of Olive Center spent last week Tuesday at the Jack Meboer home.

Mrs. Albert Oetman returned home from the Holland hospital having recovered from a serious illness.

Hamilton's carpenters are busy. John Brink is constructing a new and modern home on East Street. The Strabbing home is being entirely remodelled and is nearing completion.

The hostess of Hamilton fishermen who left for the happy fishing waters early Friday morning have been unusually quiet since their return. Jake Eding, however, boasts of a large catch. It is rumored that one of the men came back with a string of the beauties only to find out that they were home on East Street. We suspect, however, that the catch was too much for most of them and they simply "can't talk."

John Brink, Sr. is on the sick list, suffering from a cold.

Janet Karsten of Holland visited the Maxam home Saturday and Sunday.

Mr. and Mrs. Raymond Dargemond of Grand Rapids visited Mr. and Mrs. Harold Dargemond at Saugatuck.

Mrs. P. H. Fisher, Mrs. A. J. Klomparsen and Mrs. Donald Dargemond were in Holland Friday.

Mr. and Mrs. Everett Mason of Miler Lake visited with Mr. and Mrs. Robert Whitcomb of Allegan were guests of Mr. and Mrs. Fred Mason Sunday.

Mrs. Wm. Ten Brink returned after a two day stay at the home of Mr. and Mrs. Ted Koelker of Holland.

Fred Van Dyke and family of Holland were in town Sunday.

An auction sale was held last week Wednesday at the Wm. Snyder home.

A large number of Hamilton folks attended the Allegan County Sunday School convention. They report splendid meetings which were attended by large audiences.

Mrs. Donald Dargemond and son Norman from Allegan visited at the home of E. A. Dargemond Sunday.
