## Holland Should Have Outlet And Own Water Front

CITY ENDEAVORING TO  
ACQUIRE GOODRICH DOCKS  
FOOT OF EIGHTH STREET

The harbor committee appointed by the common council were in Chicago yesterday and saw nine Goodrich ships sold for \$7,500, appraised for over \$10,000. The ships to go were the City of Grand Rapids, the City of Benton Harbor, the City of Saugatuck, the City of Holland, the City of St. Joseph, the Alabama, the Carolina and the Christopher Columbus.

The Holland men were not so interested in boats as they were in acquiring the Goodrich docks and warehouses as a marine outlet for the city of Holland in the way of a municipal dock. The dock would more than pay for itself if it can be acquired at the proper figure for loading, unloading and storing much along the line carried on at South Haven. Today South Haven's largest industry is ocean going boats, laden with wood pulp, paper, iron, coal, etc. As many as a half dozen are docked at one time.

With docking facilities Holland can easily acquire a large portion of this business and it surely would be diversified and would lead to other boating and possibly a car ferry—who knows?

South Haven and Grand Haven are active constantly and are getting somewhere. It is hoped that Holland will take the initiative on this dock proposal and have it become city property. It would prevent us from being locked from our own waterfront. The shipping and storing would more than pay for the investment and at the same time we would have a yacht landing place nearer to Holland's business center than Kollen Park.

The council committee, comprising Mayor Bosch, City Attorney Clarence Lokker, Andrew Klompars, Earnest Brooks and Captain Austin Harrington were in Chicago Wednesday and conferred with our old friend, Receiver George F. Getz, who surely wants to see Holland get that dock.

## FORMER SUPERVISOR, GEORGE VAN LANDEGEND, DIES AT 65 YEARS

George Arthur Van Landegend, who has been identified with the plumbing business in Holland for nearly a half century, died at midnight Wednesday morning at his home, 86 West Ninth street, at the age of 65. He was born in this city June 22, 1867.

Mr. Van Landegend was the son of the late John Van Landegend.

GEORGE VAN LANDEGEND

one of Holland's first mayors, and was identified in the plumbing, tinning and roofing business.

Mr. Van Landegend, who has been ill for several months, succumbed to a complicated illness, not having left his home since last fall.

When the Holland martial band was organized by the late Charles Doesburg and your editor, Mr. Van Landegend, together with Captain Peter Moes, the drill master, was drum major of this band of 60 pieces and his tall, erect figure at the head of this organization in white and blue added to the dignity and the attractiveness of this large body of marching men.

During the "Bull Moose" campaign, when "Teddy Roosevelt" bolted the Republican party, defeating William Howard Taft, Mr. Van Landegend was placed on the "Bull Moose" ticket as legislator from Ottawa county.

Later Mr. Van Landegend was elected as supervisor from Holland and was named chairman of the Ottawa county organization at Grand Haven.

For a time Mr. Van Landegend was associated in the plumbing business with his brother John on West Eighth street, but this partnership was dissolved when John Van Landegend moved to Muskegon to enter the plumbing business there. From that time Mr. George Van Landegend was the sole proprietor of the business here, covering a period of 35 years.

This was Mr. Van Landegend's birthplace and he spent his life in this community. He has been a member of Hope church for some time and from time to time served in an official capacity. He was a member of the Masonic Order of Holland, a Knight Templar and a Shriner, and has been active in Masonic work for a great many years.

Funeral services are to be held today, Friday, at 1:30 o'clock from the Nibbelink-Notter Funeral home and in the absence of his pastor, Rev. Thomas W. Davidson, who is ill at Holland hospital, Rev. Paul Hinkamp of Hope college is to officiate.

The pallbearers are Louis Tyner, Burk Taylor, Charles Dulyes, Frank Smith, Bert Golds and Henry Kraker.

Interment will be in Holland Township cemetery in the Van

## Tulip Festival Notes

Girls from Holland High school dressed in Dutch costume, will meet trains arriving in Holland during Tulip Week and will pass through the parlor and deluxe coaches, giving each passenger a tulip and a festival program.

Local Boy Scouts will be called upon to assist in handling crowds during the various Tulip Time parades, according to Peter H. Norg, area executive. They will be on duty during the parade that will be a part of the scouring of Eighth street Saturday morning, the parade of adults and children in Dutch costume Monday afternoon and the band contest and parade Saturday afternoon, May 20. Troops of the city will meet tonight, Friday, at 7 o'clock in Froebel school for an inspection of uniforms and badges. Scouts without uniforms are asked to appear in the clothing they expect to wear when on duty.

Mrs. J. E. Telling, general chairman of the tulip festival, Friday announced as a special feature for the event a parade and drill by the Shrine band of Grand Rapids on May 16. The band, accompanied by chanters and drill patrol, will form a parade at 3 o'clock at the Pere Marquette station and mass at Centennial park for a concert.

Veterans Day will be observed here Saturday, May 20, at which about 24 posts from western Michigan will be represented by 1,500 veterans. The event is being sponsored by Henry Walters post, Veterans of Foreign Wars; American Legion Spanish-American veterans and G. A. R. The veterans will be placed in calcade to view the tulip display throughout the city and at 4 o'clock will mass for a parade headed by 15 drum corps. A party will be given at Virginia Park in the evening. The Walters post is headed by John Homfield, American Legion; by Louis B. Dalman, and the Spanish-Americans by Fred Kolmar. The G. A. R. will be represented by John R. Douma, one of two surviving veterans of the Civil war.

Holland is again receiving a great deal of publicity in the national press on its Tulip Festival. The Detroit and Grand Rapids papers have been most liberal. The South Bend Tribune of South Bend, Indiana, has devoted a column to Tulip Time and also a column to Lakewood Farm. The Grand Haven Tribune gave a double column story on all Tulip Time activities. The Kalamazoo Gazette and the Muskegon Chronicle have also been liberal with space. The neighborhood papers of Allegan and Ottawa counties have not forgotten Holland's tulips. Undoubtedly thousands of papers throughout the United States are using Tulip Time publicity taken from the larger papers for this celebration is so unique and so fitting that every newspaperman feels it is "good copy."

## BIG BAND FROM GRAND RAPIDS TO COME HERE

May 6, 1933  
Holland, Michigan.

Dear Noble Dick:  
Arrangements have been completed for a pilgrimage of our Divan and Uniformed Units to Muskegon, Michigan, Tuesday, May 16.

The caravan will arrive at Holland by special train at 2:50 p. m. and will leave Holland at 3:40 p. m. During this 50-minute interim we are planning to parade with the band and patrol from the Pere Marquette station to Centennial park and if time permits the band will give a short concert. This event will take place during "Tulip Time in Holland" and will add a touch of color to the celebration. Please see the editor of your local papers and arrange for some publicity in announcing the feature as a new item. Any of our nobles in Holland who wish to accompany our party to Muskegon and have dinner with us there at 6:30 p. m. are cordially invited to do so.

With kind regards and best wishes, I am  
Very truly yours,  
BERTAN A. SPRING,  
Potentate.

The Tulip Festival is being broadcast every Wednesday night until after the show through the National Broadcasting company. In addition the festival will be announced next week from stations WENR, Chicago; WTMJ, Milwaukee, and WJR, Detroit.

The Tulip Time committee today suggested that local churches use tulips for church decorations during the two Sundays of the festival.

Members of Boy Scout troop No. 9 and Sea Scout ship No. 19 of Hope Reformed church are making plans to erect information booths at each of the four entrances to the city. They will be on duty from Monday, May 15, until Saturday, May 20, for the accommodation of visiting motorists.

Landegend family plot and the services there will be under the auspices of the Masonic order. Friends are privileged to view the remains until 12:30 Friday, noon.

Surviving besides the widow are a son, James; a daughter, Miss Hope Van Landegend, teacher in Caro, Michigan; three brothers, Tyler of Holland, John of Muskegon, and Edward of St. Louis, Missouri; and two sisters, Mrs. Ben A. Mulder and Mrs. James De Jonge, both of Holland.

## Tulip Festival Will Not Be Postponed

TULIPS ARE A LITTLE LATE  
BUT IT IS HOPED MORE  
WARMTH WILL BRING  
THE BLOOMS

Although those in charge of the Tulip Festival are rather disappointed because of the constant rains and cold weather, the festival will not be postponed, according to the official program given in the Holland City News last week. This paper devoted more than a page to Tulip Time and sent out many extra copies of the issue to aid publicity. The local press, state and national press have been filled with cuts and Tulip Time write-ups. The dates have been firmly set in the minds of everyone and a postponement, according to the rumors on the street, would be unthinkable, and was never contemplated.

A hurried meeting of the executive committee of the Tulip Time festival quickly decided that question, "No Postponement!"

It is hoped by Saturday that a large number of the 3,000,000 tulips will be in bloom, wagging their dainty heads in the breezes. The buds are nearly ready to open and "just a little sunshine and just a little less rain" will do the trick.

John Van Bragt and the florists of Holland have been busy all week in the Armory, arranging the beautiful flower display and landscape gardening with many new designs, including rock gardens and water falls. It is going to be magnificent.

The sod that will be a part of the pattern comes from that portion of Kollen park where a gravel road is to be constructed soon.

The conservation and nature exhibit in Masonic temple by biology classes in Holland High school under direction of Miss Lida Rogers and the Dutch garden exhibit in the Woman's Literary club house will be completed in time for the festival opening.

The Dutch atmosphere will permeate the festival on a larger scale than in former years. More Dutch costumes will be worn by children and adults and wooden shoes will be more in evidence.

## Ten Graduate From Our Local Seminary

Last evening marked the graduating exercises of Western Theological seminary at Holland. It was the fifty-seventh annual event and at least 800 gathered to listen to the impressive exercises in charge of the president, S. C. Nettinga.

Henry Bast of Fennville delivered the class oration, "The Preacher and the Word of God," and Rev. Henry Colenbrander of Orange City, Iowa, delivered the address for the board of superintendents on "A Dynamic Ministry."

President Nettinga presented presidential certificates to the ten students who are now ordained ministers.

At a meeting of the board they voted to continue Rev. Winfield Burggraaf as rector of systematic theology for another year owing to postponement of general synod and reduced attendance of members.

Acknowledgment of donations of permanent funds approximating \$2,000 was made. One was a gift of \$1,000, the interest of which is to be awarded annually to the two best preachers in the senior class.

Favorable comment was expressed on the work during the year. Plans were submitted for the engagement of a secretary for raising funds for the institution and referred to the executive committee.

Three new students were enrolled for the next school year to open September 20.

The program as rendered follows:  
Organ, "Chorale Preludes," J. Sebastian Bach; anthem "Shadows Falling" (Rheinberger); Hope College Chapel Choir; devotions; hymn No. 437; address, "The Preacher and the Word of God," Henry Bast, representing the graduating class; anthem, "Beautiful Saviour" (Christiansen); Hope College Chapel Choir; address, "A Dynamic Ministry," Rev. H. Colenbrander, representing board of superintendents; anthem, "Hosanna" (Soderman); Hope College Chapel Choir; presentation of professional certificates, President S. C. Nettinga; announcement of special degrees; doxology; benediction, chorale amen; organ postlude, "Thou Art the Rock" (Mulet).

The class role follows:

Koopman, A.B., Cleveland, Ohio; Theodore Albert Hansen, A.B., Orange City, Iowa; Lambert Olgers, A.B., Holland, Michigan; Clarence H. Schipper, A.B., Zeeland, Michigan; Howard Bliss Scollen, A.B., Holland, Michigan; Anthony Tinklenberg, A.B., Edgerton, Minnesota; Charles Wisnisk, A.B., Orange City, Iowa.

Rev. John Kuite, pastor of Gano Reformed church, Chicago, was elected president of the board of superintendents of Western Theological seminary, succeeding Rev. G. J. Hekhuis, Grandville. Other officers are vice president, Rev. John Van Peursen, First Reformed church, Zeeland; temporary clerk, Rev. Richard Van Den Berg, Second Reformed church, Zeeland; and Rev. John Bovenkirk, First Reformed church, Muskegon, re-elected stated clerk.

## News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

### FIFTY YEARS AGO TODAY

Lately some of our citizens, but more especially ladies, have been in a terrible flurry about an object that has been walking our streets on dark evenings. Upon investigation by the editor of the News we found it to be a man examining front yard gates, with a view of introducing a self-greasing patent hinge, for summer use, and we tender this information for the benefit of the 1-1-fri-frightened parties. Note: How well we remember those gates and picket fences, and the ropes fastening the gates so the babies couldn't stray away. Fences all around the lot were then all the go and many were ornate and then others not so beautiful. With the coming of the concrete walk and an ordinance against cows roaming the streets at will, the expensive fences and wooden sidewalks disappeared. A fine picket fence meant another paint job every two years and what variegated colors sometimes.

The council of Hope College at its recent session, named the main building situated on the elevation in the center of the campus, Van Vleck Hall, in honor of the first principal of the Holland academy.

The C. & W. M. railroad presented their flagman at Eighth street crossing with a house. It is located on the southwest corner of the street and track. It is 6x6 square. Note: This playhouse stood until a few years ago when the automatic "wig wag" lights were installed.

Willard Harrington shot a large horned owl, a rare species of the owl family. He passed it on to "Bill" Baumgartel, the barber, who will have the bird stuffed. Note: We have just discovered where a son, Arthur Baumgartel, today a noted sportsman, acquired the art of a taxidermist. Mr. Baumgartel has mounted more birds and animals possibly than anyone in Western Michigan. A large number of his mountings are now in Hope College museum. Arthur Baumgartel started the first "Fish and Game Club" in Holland and planted in this vicinity. The state press carries many of his articles from time to time. The Holland City News gave a two-column article on the propagation of pheasants in an issue of April 27 from the pen of Mr. Baumgartel.

The gay serenaders "went the rounds" last Tuesday evening and called at our humble home at about midnight. Editor and Mrs. Rogers enjoyed their efforts in spite of the lateness of the hour. Note: Serenading by band or "singing school" was quite the thing in the "olden days" and such refreshments, "3 point 2"—light stuff.

### TWENTY-FIVE YEARS AGO TODAY

The residence of Isaac Marsilje on Land St. was entered by burglars Sunday evening while the family was at church. A lady's gold watch and a small amount of money was taken. Note: Land St. is now Lincoln Ave. and the home was located on the northeast corner of 10th and Lincoln.

Rural carrier John Brinkman was presented with a marine relic in the shape of a post from the beautiful stairway of the ill-fated steamer Alpena that foundered three miles north of Holland harbor. The post was picked up by Richard Lyons the day after the steamer was lost. The post is of black walnut and in the body are eight panels. Mr. Lyons has lived near what is now Alpena Beach for years and has picked up many relics from the steamer, among them the sign over the wheel house and a case of shoes. Note: The News has in its possession one of the ventilators to the main salon of the steamer. George Getz is in possession of the grand old three-legged piano, cast right-side up on the beach no one seems to know. No, the stool was not in front of

Mrs. Grace Marguerite Browning, only daughter of Mrs. George Browning of Holland, passed away at her temporary home at Minneapolis, Minn. The News devoted at least a half column in giving the details of her death. Among other things it was stated that, "In the death of Miss Browning an irretrievable loss was sustained by the musical interests of Holland. She was a musician of unusual talent and her work held out promise of a brilliant career. She was given a fine musical education by her parents, including a year in Europe studying under the direction of some of the world famed masters. Her services were not only in great demand in Holland and Grand Rapids, but in Western Michigan."

The steamer Puritan left her docks at Benton Harbor amid the tooting of whistles and waving of flags. The Holland steamer was commandeered by Uncle Sam for transport duty during the war.

Grand Haven is conducting a "Sunday movie" fight. Both theatres were open last Sabbath and the managers were arrested. The fight was continued for weeks and weeks, arrest followed arrest and fine after fine was paid. This was 15 years ago and the "Movies" are still moving on Sunday at Grand Haven only now they talk also.

Good for "Tommy"! Justice Robinson had before him a tramp brought in from the railroad yards and this young "bo" sure received a scoring from the young judge when he said: "Here you are, a young, able-bodied man, claiming to be an American citizen. Our country needs men, and more men. There is work to do everywhere and more than can be done and you are tramping it with your country at war, needing your services. Here you should be aiding the fighting men. You are not worthy to be called an American citizen. Twenty days at solitary confinement at the county jail for reflection." Note: During the war the jails were practically empty—a "hobo" was a rare sight and those who ventured out were given rough treatment for there was work for everybody, young or old, at practically their own price.

The rushing of the West Michigan Pike through Saugatuck will soon connect that neighbor with Holland by way of a real good road. Note: This good road is now US-31.

Mr. Seth Nibbelink Thursday, while conducting the funeral of Mrs. Gerrit J. Hekhuis at First Reformed Church, was informed of the death of his mother, Mrs. S. H. Nibbelink, who was 72 years old.

Edward Nederveld, bookkeeper at the Star Auto Co., was on his way to enlist in the U. S. Marine Corps for war duty when he was attacked with a severe case of appendicitis. His enlistment was delayed.

## Nature Exhibit Opens Saturday Masonic Temple

AN ADDED ATTRACTION NOT  
SEEN DURING TULIP  
FESTIVAL OTHER  
YEARS

This week, Saturday, at 11:30 a. m. the opening of the conservation and nature exhibit at the Masonic temple is going to be a real feature and will be one of the attractions during Tulip Week. This is a tremendous undertaking but fits in so appropriately with Tulip Time and things in nature that it is real gratifying to feel that Miss Lida Rogers so thoughtfully ar-

ranged to stage this nature show when so many visitors from abroad could also enjoy this feature together with our townfolk.

The exhibition is sponsored by the biology department of Holland Senior high school of which Miss Rogers is the head.

The exhibition will be open daily except Sundays from 9:30 a. m. to 9 p. m. The elementary schools of the city, under the supervision of Miss Carolyn Hawes, and the rural schools in the vicinity, under the direction of Mr. Raymond Lamb, are co-operating in staging the exhibit. Bird house and poster contests will be features of the exhibit and a collection of scenic photographs by Walter Hastings will be displayed during the week.

Admission will be free. The state of Michigan has always aided materially in giving some exhibits in animal and bird life and undoubtedly this will be the case again.

At the Masonic temple eight booths will be arranged to show various phases of conservation and nature projects worked out in the elementary and rural schools and in the biology classes of high school:

1. Forestry—Various collections and exhibits of trees, wood, seeds, etc. Model of school forest.

2. Landscaping—Landscaping plans by students and model of a properly landscaped lawn.

3. Common Michigan birds.

4. Water and game birds (with mounted specimens arranged in natural surroundings).

5. Hawks and owls (with mounted specimens arranged in natural surroundings).

6. Wild Flowers—Pictures, pressers, specimens. Wild flower preservation the purpose of this booth.

7. Health—Food, exercise, etc.

8. Rural Schools—Agriculture and 4-H club projects displayed.

### Welkom Vreemdelingen

Editorial in Grand Rapids Press  
—One of the reasons the city of Holland has become known as one of the most enterprising and forward looking western Michigan resort cities is that it rarely misses an opportunity to capitalize on its natural assets, not the least of which is its Dutch heritage. Its annual Tulip festival has been built around this characteristic with marked success.

The idea has been further carried out this spring by the Holland Chamber of Commerce through distribution of one of the most original and attractive resort booklets ever issued in the resort area. Shaped in the form of a wooden shoe the leaflet attracts immediate attention, carrying out the Dutch atmosphere with its caption: "Welkom vreemdelingen" — Welcome visitors.

Holland has retained the charm of its old country traditions without any sacrifice of the progressive spirit which has stamped it as one of the most aggressive of cities. Its example of making the most of its opportunities is one that may well be copied by others. Too often communities seek to import attractions that are less desirable than those on their own doorsteps. Holland has not made such a mistake. It has demonstrated that it is possible to exploit in a favorable manner the advantages at hand, and thus it has created a reputation that is unique—all its own.

### Noon Broadcast to the Farmers

Most Michigan residents will be interested in the series of talks on farm credits, refinancing farm mortgages, taxes, prices, and the farm relief act to be given by members of the economics department at Michigan State College over WKAP beginning Monday noon, May 15, and continuing through the next four days. The speakers will be C. L. Nash, Dr. H. S. Patton, R. V. Gunn and Assistant Professor O. Ulrey. Two of the men are on the teaching staff of the college and two are specialists in the college extension division. The college radio station broadcasts twice daily. The noon program is a weather and market reporting service combined with short, timely talks on farm problems. The afternoon program is more general and includes a homemakers section.

## Why A Sales Tax Is Necessary In Michigan

REPRESENTATIVE BROUWER TELLS HOLLAND, ZEELAND AND GRAND HAVEN MERCHANTS OF TAX LEVIES ABOUT TO BE IMPOSED.

Many folks feel and believe that the tremendous cutting going on in all governmental departments, city, county and state, will immediately reflect materially in the amount of taxes we have to pay. There would have been a tremendous cut if it was not for welfare needs and fixed charges. This was brought out by Rep. Edward Brouwer of Holland when he spoke before the Holland Merchants' association, also at a meeting at Zeeland and a proposed meeting at Grand Haven.

Mr. Brouwer stated that no one likes to pay taxes but there is nothing surer to come than "death and taxes." He gave the history of taxation clear from Bible times down through the ages.

Relative to Michigan, he said that our state this year is facing the most serious crisis in its history. He said we were down in the well financially with water up to our necks. He stated that it is not a matter as to how we got

ourselves in this position at this time, but how are we going to climb out of our financial predicament.

You ask "Why a sales tax?" The fact is up to this time taxes have always been levied on roof property, on real estate, until that source has been "bled white," and is already carrying more than it can bear.

The 15-mill tax was supposed to alleviate this burden and undoubtedly will do so in time, but immediately it has cut our tax resources down until there is not enough money to pay running expenses, fixed charges, debt service and to cap the climax, the support of 600,000 in Michigan, who are on the welfare list and are receiving total or partial aid.

Another drawback has been that much of the taxation has gone delinquent, tremendously cutting down the money resources that are otherwise available. These delinquencies run all the way from 30 to 50 per cent.

Not having the old resources available, taxes must be derived from somewhere. The proposed sales tax, Mr. Brouwer said, is grouped in four divisions. By the provisions of the plan, a general sales tax of 3 per cent would be made effective. The output of the abstractive industry, such as mining, would be taxed 2-10 of 1 per cent, and professional service would be taxed 3 per cent after an exemption of the first \$4,800. A manufacturer's tax of 3-10 of 1 per cent would be included. The bill would make it illegal for dealers to absorb the tax, he stated.

Objections have arisen over the involved system that would be necessary to collect the tax and over the way in which taxes would be pyramided, it was pointed out. What is meant by pyramiding of taxes would mean first, that the manufacturer would have to pay a tax, next that the merchant would have to pay a tax and third, that the consumer would have to pay a tax. Mr. Brouwer pointed out several other ways in which taxes could be pyramided. However, he said, some source must be devised—for taxes on shelter and property have become so heavy that the foundation is crumbling.

Michigan's financial condition is such that the Reconstruction Finance committee has "thumbs down" on this, our wonderful state, until we match dollar with dollar with the federal government and, therefore, the sales tax. It is either that or no funds for welfare. Rigid economy and no more borrowing should be the watchword. The more we borrow—the deeper we dig ourselves under.

It is rather surprising to note that townships and counties were not worse offenders in contracting debts, according to Mr. Brouwer. Counties were only owing \$13,000,000 and the townships only \$5,000,000, while the state and cities owed more than \$1,000,000,000.

Our debt is so heavy it would seem that our children and our grandchildren will not see the day that it is paid, but that is an after consideration. We are in that position and the responsibility can be placed afterwards, but now it is a matter of providing for immediate needs and to devise a plan for the future paying of our debts for Michigan must not default.

Mr. Brouwer pointed out that besides the 3 per cent straight, there was also a selective list of tax levies in another bill in which tobaccos, cigars, cigarettes were taxed up to \$8,000,000. Of course, that would only take care of a part of the \$80,000,000 needed. However, there are a great many other selective commodities mentioned by Mr. Brouwer, which were being considered in this selective list.

Mr. Brouwer pointed out also that in some quarters it was felt that we should go to 1913 level of taxation which is approximately \$8,000,000, while now it is \$23,000,000. Mr. Brouwer stated that it would be impossible to do this because of debt service in the way of interest on bonds and other financial obligations, sanctioned by a vote of the people themselves. He pointed one obligation out of

several, for instance, \$50,000,000 for good roads, for which bonds and interest are now being paid. There are scores of such items that the state must meet or partially meet each year.

He explained that the direct 3 per cent sales tax was on all cash sales, that the merchant sent these in to headquarters and checkers came at will to see whether the merchants' sales compilation came out correctly with the taxes paid. It is figured that the selective tax thus far compiled would bring in about \$50,000,000 and it was immediately apparent that the Holland merchants favored the selective tax bill rather than the direct 3 per cent sales tax bill.

On a motion of William J. Brouwer, former president of the Merchants' association, it was the unanimous vote of the merchants present that Mr. Brouwer foster the selective tax rather than the 3 per cent straight sales tax.

Mr. Mulder questioned Mr. Brouwer if the tax could be absorbed by the merchant in making a sale. As an example he brought out that a \$100 refrigerator would have to be sold for \$103. Mr. Brouwer pointed out that there would be a penalty provided for in the bill that the merchant could not absorb the \$3 tax, but had to charge it.

The whole matter is rather intricate but it is evident that it is about the only source left to Michigan from which a revenue can be derived. Real estate is overloaded and should be relieved, but the great relief must come in lowering the expenses of government.

Jacob Lokker, vice president of the Merchants' association, presided over the meeting held at the city hall Monday night in place of Charles Van Zyl, president, who was unavoidably detained.

### BIOLOGY DEPARTMENT TO SPONSOR EXHIBIT

During Tulip Week, May 13 to 22, a conservation and nature exhibit, sponsored by the biology department of Holland High school under the direction of Miss Lida Rogers, will be held in the Masonic Temple.

This exhibit will be open every day except Sundays from 9:30 a. m. to 9:00 p. m. No admission will be charged.

Scenic and wild life photographs by Walter Hastings, birdhouse and poster contests, and motion pictures which will be shown by Hastings on Friday, are some special features of the week. Also, Professor H. O. Whittemore of the department of landscape engineering of the University of Michigan will give two illustrated lectures. On Tuesday he will speak on "Landscaping the Home Grounds," and on Wednesday he will talk on "Pernials for the Amateur Gardener."

There will be eight booths depicting the different phases of nature and conservation; one of them on Michigan forests will stress reforestation, another on landscaping will show an attractive arrangement of flowers and shrubs, and another will deal with health and recreation. There will be a section on common Michigan birds, in which methods of feeding them and of protecting them from their enemies will be displayed. Hawks, owls, water and game birds will also be part of the presentation.

Rural schools will have a booth in which agriculture, nature study, 4-H club work, and handicraft will be exhibited.

At a special council meeting on Monday evening, in which heated discussions were engaged in by Zeeland citizens, the city council voted 4 to 2 against issuing licenses to any merchant who had made application for the selling of beer in Zeeland. Six merchants had made application.

The retail merchants met Monday evening to vote on the question of the sale of beer in Zeeland. Thirteen merchants favored, four opposing, urging the council to consider favorable applications for the sale of beer in the city.

### MRS. JOHN HELDER DIES SUDDENLY AT HOLLAND

Mrs. John Helder, 70, died late Tuesday evening at her home three miles southeast of Holland on the Bee Line road.

Mrs. Helder was born in East Holland on August 23, 1862, and has lived in that vicinity all her life. On March 28 she and her husband celebrated their fifty-second wedding anniversary. She was a member of the Netherland Christian Reformed church.

Surviving are the husband; two daughters, Mrs. Gerrit Bosch of East Holland and Mrs. Arie Ter Haar of Holland, and four sons, Gerrit and John of Holland, Jacob of Norderloos, and Edward of East Holland; twenty-four grandchildren; one great-grandchild; three brothers, Henry, Jacob and Gerrit Boeve, all of East Holland, and two sisters, Mrs. E. Brandt of East Holland, and Mrs. Marinus Brandt of Holland.

Funeral services will be held today, Friday, at 1 o'clock at the home and at 1:45 o'clock at Netherland Christian Reformed church. Rev. M. Bolt will officiate. Burial will take place in Pilgrim Home cemetery.

### ALLEGAN TILLERS TO LEARN IRRIGATION

A method of supplying water on large or small areas at a cost which gives the farmer a good profit from the increased production per acre will be demonstrated next week, Friday, at 10 a. m. at the George Miller farm, four miles west of Pearle, by members of the agricultural engineering department of Michigan State college.

County Agricultural Agent A. D. Morley arranged the demonstration which will be supervised by George Amundsen, engineering specialist. Two types of pumps for lifting water will be shown. The water is distributed through canals hose.

The normal rainfall in Michigan during the plant growing season is not enough to keep crops growing rapidly, and frequently the growth of crops is stopped for periods of several days by the lack of water. Irrigation methods in common use before the development of the canvas hose system were too expensive for use on ordinary field crops and were of such character that could not be moved readily from place to place.

Cost records kept on irrigation projects where the canvas hose was used last year showed that in some cases the cost of applying one inch of water to an acre of soil was as low as 50 cents. The cost will depend, of course, upon the distance the water has to be lifted and the type of equipment needed to do the pumping. Michigan has an ample supply of water in streams, lakes or shallow wells which can be utilized in most localities.

### STRANGE BAPTISMAL SERVICE

Allegan Gazette.—Mr. and Mrs. William Sperto of Allegan with relatives from Kalamazoo motored to Detroit a short time ago with their youngest child, a son, born the tenth of last September, where, according to the rites of the Greek orthodox church the baby was christened and given the name John Basil. The service differs little from baptismal rites in other churches except that the infant is unclothed and the priest covers his body with palm oil, pouring what remains into the font with the water. The body is then immersed three times as the service is read after which the priest passed the child to the godfather and he, in turn to his mother. Lighted candles also add to the beauty of the ceremony. An elaborate baptismal dinner followed in the home of an uncle of Mrs. Sperto, Mr. Nicholas Antetris, in which relatives and friends joined. A whole lamb, which the Spertos took with them from Allegan was a part of the family feast.

### ASSAULTED AN AGED WOMAN

Sheriff Miller is following clues in the case of Mrs. Rachel McClelland, a feeble woman of eighty-two years, who lives alone in a small shack on her farm in Cheshire about nine miles west of Allegan. Mrs. McClelland was mistreated by three or possibly four masked men who entered her premises Sunday night and injured her in a probable attempt to rob the place. She was found unconscious by a neighbor, badly bruised, with one eye blackened and swollen shut, and other evidences of having been a victim of very rough treatment. She was taken to a neighbor's home where she remains semi-conscious, vaguely sensing that she was grabbed and struck on the head but not being able to tell much of what happened afterward. A physician has been ministering to her. The sheriff found that her home had been ransacked but at present no one can determine just what or how much was taken away. The place has been robbed before as Mrs. McClelland is reported to have some means which she is supposed to keep about the home.

### Ignored Trees Are Valuable Now

"Many hundreds of old tree stumps, which have stood desolate in the forests northeast of Holland since the days of the lumber boom, are now passing through with their saws and axes years ago, are now proving to have a very high value," says the Christian Science Monitor. The stumps are those of mountain ash, which in favorable circumstances grows to a height of 300 feet in Australia. For from eight to 20 feet above the ground, however, the trunks of these trees are irregularly shaped and heavily buttressed and within this section the grain of the timber is not straight. For this reason sawyers felling the trees years ago made the saw cut at the top of the buttressed section and left the stump standing.

Recent examination of some of the old stumps has revealed that when properly cut the grain of the timber was unusually beautiful, and now the stumps are being purchased by local manufacturers and for export. The wood is especially desirable because it has become well-seasoned during its long years

### DINING GETS JUST DESSERT!

In a world turned topsy-turvy, what could be more appropriate than an upside down cake! And if it's made with luscious discs of canned pineapple, set in a caramel goodness, browned to a golden whole, it's enough to right the appetites of any family.

And the pineapple upside down cake has much more than its mere golden goodness and simplicity of preparation to recommend it. Now that nutritional studies have found canned pineapple to be a valuable source of essential vitamins and minerals, an important aid to digestion, housewives and hostesses are seeking new ways of including pineapple in some way daily on the menu.

**PINEAPPLE UPSIDE DOWN CAKE**  
1 cupful of butter  
1 cupful of brown sugar  
1 slice of canned pineapple  
1 maraschino cherries  
1 cupful of chopped dates  
1 cupful of pecans (in perfect halves, if possible)

### CLARENCE JALVING SPEAKS TO CIVIC CLUB

Clarence Jalving, receiver of the Peoples State Bank, spoke on banking before fifty members of the Holland Civic club at the city hall last Friday evening. In spite of the torrential rainstorm, quite a number gathered to hear Mr. Jalving.

He stated that cheaper dollars, through inflation, may exchange hoarded money for other commodities since the money hoarded after the inflation will not be worth as much. He said, however, that inflation would stimulate business, but after all it was artificial and should not be covered too far.

Mr. Jalving pointed out periods of economic stress clear from Bible times, but that these periods during the last century have become more severe with every cycle. He stated that the pyramiding of business activity, causing artificial valuation, cannot help but bring about a crumbling at the foundation of the economic structure and that is just what happened in 1929 when the whole business structure became "top heavy," causing collapse.

Coming back to banking Mr. Jalving stated that he believed unified system of banking, under federal supervision with a strict limit in chartering of banks, as a solution to present banking difficulties. His viewpoint was brought out during a question period that followed an address on depressions, their causes and plans concocted as remedies. "Now we have systems in forty-eight states and on top of those is the federal reserve system," he said.

Only by injection of federal aid has the country been able to get along during the past year, Mr. Jalving stated, expressing the impression that economic collapse never has been nearer.

Rev. Jonker, pastor of Sixteenth Street Christian Reformed church, opened the meeting with prayer and John Muller, president of the club, presided. Many questions were asked on banking on the effect of the war, the gold and silver standard, which were all clearly explained by Mr. Jalving. It was a very educational discourse.

### PLAYS TO BE PRESENTED BY ATTIC PLAYERS

The Attic Players, an organization formed last fall and consisting of about 100 members, will present a group of one-act plays in the Holland high school auditorium on Wednesday and Thursday evenings of last week. This will be their second public appearance, the first occurring several weeks ago when they presented "She Stoops to Conquer."

The program next week will include "The Traveling Man," by Lady Gregory; "My Ladies-Lace," by Edward Knoblock, and "The Girl," by Richard Pepple.

Music for the evening will be furnished by the Holland Civic orchestra.

### Apple Growers Have Competition

The dormant spray is now being given our fruit trees in North Allegan county district and, with the exception of peaches, fruit prospects are good, apples being specially promising. However, unless a better grade of fruit can be grown and then marketed at a much better price, the profit in apple orchards will be a thing of the past. Many orchards are not finding their net sales enough to pay cost of production and the income from the older apple trees makes them a losing proposition. Even right here in the leading apple section of Michigan western boxed apples are crowding our fruit out of the market. Many do not realize that where the total apple movement the past season for the United States will be about 80,000,000, the Wenatchee and Yakima districts of the state of Washington will be about 30,000. Soon the states of Washington, Oregon, and Idaho will be marketing more apples than all of the rest of our country. Too many of our eastern states have quit selling apples and been shunted into the vinegar business.

### HOLLAND FACTORY IS WORKING EXTRA SHIFTS

Two shifts of employees, each working eleven hours, are being kept busy in one of the most active periods in the history of the Karr company here, according to Charles D. Karr, president. An order for 2,500 mattresses has just been received to be added to other

orders from all parts of the country.

A notification has been received by Mr. Karr that a patent on one of several designs in mattress spring construction has been issued. Patents are sought on several other spring inventions as well as on parts for machinery used in construction of products at the local factory.

The barn-raising bee held at the farm of Lester Mulder one mile south of this city on State street road was a great success. The structure is a large hip-roof frame that went into place perfectly under the supervision of Contractor Mast, and the 125 men on the job made quick work of it.

Fifteen of the neighborhood ladies were on hand to prepare a bounteous dinner that was relished by all at the completion of the job.

This is a feature of neighborhood sport that is not met with frequently and men for several miles around participated in the merry time. The old Mulder homestead has been occupied by the families of Bouke Mulder, the aged gentleman, who was present at this event and is still enjoying good health, and now by his son, Lester, and has not been out of their possession since they acquired it from the state in pioneer days, although it was at one time the victim of a tax title shark. During the more than eighty years the Mulders saw their one new barn fall into old age so that replacement became necessary.

## Allegan County News

Who is to supply the Fennville demand for "3.2"? Not that there seems to be any very great demand for the stuff. Those who really want something with a kick are likely to find their comfort in the home brew and there is no great profit in sight for the handlers of the new brew, in view of licenses, taxes, and high prices. Up to the present time there has not been a single application made to the council for a license to sell and some of the council are opposed to issuing any licenses in this village.

The Congregational Ladies' Aid Society of Saugatuck has been sewing for the Douglas hospital, making bed gowns and binders. This help is very much appreciated.

About the usual acreage of mint will be grown in the vicinity of Fennville, most of the growers setting about what they can care for, as they cannot afford to hire much help. The Indiana mint district reports a shortage of mint roots, due to rot following warm rains. There is no great carry-over of oil and, with Indiana short this season, prospects for local growers are more favorable.

The application blanks sent out by the U. S. Department of Labor for emergency conservation work, are now in the hands of Supervisor F. E. Wiley.

George Burleigh, accompanied by Mr. Miller of the Chicago office of M. Steffens Co., made a trip the first of the week to Saginaw, Flint, Bay City, Grand Rapids and other cities, taking orders for vinegar in barrels and bottles. Mr. Burleigh, who is manager of the Fennville plant, says that they are busier at the present time than for several years past.

Prof. Clarence Kiles of Hope college gave an address in high school assembly at Martin Tuesday afternoon, April 18. Several very pleasing solos were rendered by Miss Jeanette Herman who was accompanied by Miss Van Oas. Both are students in Hope college.

Mrs. R. L. Kortkamp of Saugatuck has returned home from the Presbyterian hospital, Chicago, where she went for treatment, and is somewhat improved.

At the annual meeting of Saugatuck high school alumni, held at Hotel Butler Saturday evening, plans were made for the 40th annual banquet to be held June 2 and the following officers were elected: President, Mrs. Mary Nyhoff; vice president, Mrs. Bessie Edgcomb; secretary, Mrs. D. Heath; treasurer, Fred J. Metzger.

A house car of most modern design is being constructed by James VanBols for future trips. It is large, light, and most convenient, it having room for four persons, the open wardroom doors forming two rooms.

There was a public meeting of the Youth's Forum Sunday night at the M.E. church at Ganges. Hope

College Gospel team was in charge of the service. There were a speaker, soloist, violinist, trumpeter and pianist in the party. An excellent program was given.

Extremely high water has rendered many basements unless. The basement of the Methodist church of Fennville is filled to the level of the fuel door of the furnace. Many streams are up to the banks and even overflowing. Mann's creek, a good trout stream flowing from the Kalamazoo river, four miles north of here, can't be fished. Kalamazoo river is very high.

Michigan Fruit Canners, Inc., has been taking string bean contracts in this section for several weeks. M. Steffen & Co., local pickle firm, is busy writing pickle acreage here. The Fennville Farm Bureau is taking sugar beet contracts for a western Michigan sugar beet factory.

## To Mothers

God bless mothers  
And keep them in His care—  
Your mother—my mother—  
Mothers everywhere.

Show them special blessings,  
For the task assigned  
Surely needs more courage  
Than one heart can find.

Never man can vision,  
Only God can say  
What the crown of motherhood  
Calls for day by day.

Sacrifice and giving,  
Patience, tender care,  
Love beyond all telling,  
Faith and hope and prayer.

God bless mothers  
And keep them in His care—  
Your mother—my mother—  
Mothers everywhere.

## Mothers

God made mothers before He made ministers; the progress of Christ's kingdom depends more upon the influence of faithful, wise and pious mothers than upon any other human agency. My mother's discipline was loving but thorough. She never bribed me to good conduct with sugar plums; she praised every commendable deed heartily, for she held that an ounce of honest praise is often worth more than many pounds of punishment.—Theodore Cuyler.

## Flags on Mother's Day

In 1914, Senator J. Thomas Hefflin, at the request of the founder of Mother's Day, Miss Anna Jarvis, introduced the joint resolution which was agreed to whereby the President should designate by annual proclamation the display of the American flag on all government buildings, homes and other suitable places. The United States is the first nation in the world to give such a national, patriotic honor and tribute to the mothers of the nation.

## Thoughts of Mother

The mother's heart is the child's schoolroom.—Beecher.  
Children are the anchors that hold a mother to life.—Sophocles.  
Hearts grow fit for heaven molded by childish hands.  
The Lord could not be everywhere so He made mothers.—Lewis Wallace.

## Wilson's Proclamation

On May 10, 1918, President Wilson issued a proclamation making the second Sunday in May a national holiday, "dedicated to the memory of the best mother in the world—your mother."

## WANT WELFARE TO WORK IN BETT FIELDS

A number of our farmers have taken acreage for sugar beets to be supplied to the Holland factory, the reports from the eastern part of the state being that the co-operative contract work will last year. The farmers feel that it is only fair that they take part of the risk when it costs so much to reopen the sugar factory.

much. They always seem to want  
that which they cannot get.

## MAYOR ISSUES MEMORIAL DAY PROCLAMATION

With the opening of spring and  
with the budding of the flowers in  
May we become mindful of the fact  
that Memorial Day is close at  
hand. This annual event is not in-  
tended for recreational purposes  
of any kind but rather it is a day  
of deep meditation and one in  
which we commemorate and re-  
call the valor of our soldiers on the  
field of battle. This glorious coun-  
try of ours has waged every bat-  
tle either for the freedom of our  
own people or for the freedom of  
weaker nations who were op-  
pressed. Never did we lift the  
sword for conquest.

Decoration Day in 1933, it would  
seem, has greater significance than  
usual. This nation is confronted  
by an enemy not subdued with the  
ordinary weapons of warfare. It  
is an economic strife in which the  
enemy is unseen, but nevertheless  
an enemy that destroys and threat-  
ens our entire economic structure.

I feel that Memorial Day has a  
special significance this year inso-  
far that we can, in reviewing the  
past, note the courage, confidence  
and valor of our soldiers living  
and soldiers dead, and can apply  
these attributes in fighting the  
enemy that brings want, distress  
and stagnation.

What we need today is as much  
confidence, as much courage and as  
much heroism as has been dis-  
played at Valley Forge, at Gettys-  
burg, at San Juan Hill or on the  
Marne. With such courage the  
enemy of economic stress will soon  
be driven from our borders.

I am called a meeting to be held  
on Monday evening, May 15, at the  
G. A. R. room in the city hall for  
the purpose of making arrange-  
ments to suitably celebrate Mem-  
orial Day on Tuesday, May 30.  
This invitation is extended to all  
those who have the welfare of the  
nation and this community at  
heart.

Signed,  
NICODEMUS BOSCH,  
Mayor.

## BEER DEVOTEE MAY YET WIN FIGHT WITH ZEELAND BEER FANS

Zeeland conservatives, rallying  
around the banner, "The Need Is  
Beer, Not Beer," won the first  
skirmish when the Zeeland council  
voted 4 to 2 against issuing li-  
censes to serve beer, but the liberal  
faction was heartened today by a  
ruling from the attorney general's  
office.

In an opinion issued at the re-  
quest of Reed City folk, M. Thomas  
Ward, assistant attorney general,  
ruled that any municipal body must  
have "reasonable grounds" for not  
issuing beer licenses and cannot be  
motivated by personal whims. He  
asserted mandamus action could  
be started in court to compel issu-  
ance of such licenses.

Zeeland liberals now are draft-  
ing plans to carry their fight to  
court.

## TEN HOLLAND CHURCHES REPRESENT 11,916 TOTAL

Eight Reformed and six Chris-  
tian Reformed churches in Hol-  
land represent a total of 11,916 per-  
sons, according to official statistics  
for the two denominations.

The Reformed group numbers  
1,645 families, 4,183 communicants  
and 2,089 baptized noncommuni-  
cants. The Christian Reformed  
group numbers 1,272 families, 3,  
131 communicants, and total mem-  
bership of 5,674.

All the churches have their regu-  
lar pastors. First Reformed and  
Ninth Street Christian Reformed  
are the two pioneer churches,  
founded as one church in 1847, but  
became divided in 1882. Based on  
a population of 15,000, the denomi-  
nations represent a combined total  
of nearly 80 per cent of Holland's  
census.

## SURE WILL BE SOME RELIEF TO MOTORISTS

A bill containing the recommen-  
dations of Secretary of State Frank  
D. Fitzgerald that automobile  
weight tax fees be reduced to three,  
six and nine dollars, is being drawn  
up for presentation to the legisla-  
ture in the near future. Since the  
recommendation was made public  
10 days ago, state-wide approval  
of the idea has been shown by the  
large volume of letters reaching the  
department of State, expressing  
the writers' endorsements of the  
plan. That there already exists in  
the legislature a strong sentiment  
for reduction of weight tax fees is  
known as several other measures  
calling for reductions in license  
fees have been introduced. The bill  
now being prepared sets the tax  
for light automobiles at \$3; for  
medium-weight cars at \$6; and for  
heavy cars at \$9. It is estimated  
that the reduction in weight tax  
fees would lower weight tax reve-  
nues about 66 per cent under pre-  
sent levels, but no accurate estimate  
is possible. By lowering the fees, a  
large number of automobiles, now  
not being used, would be returned  
to the roads.

## BEER MAY ENTER U. S. WITH TOURIST FROM CANADA BUT—

New customs regulations will al-  
low tourists to bring back a case  
or two of beer from Canada, duty  
free, under the \$100 exemption  
clause, Walter S. Petty, assistant  
collector of customs, said Saturday,  
but there are a lot of IF's in the  
regulations.

IF you may bring in the beer:  
IF your name and address are  
on every bottle and on the case;  
IF you leave the beer at the cus-  
toms — probably overnight, Mr.  
Petty said—to have a sample test-  
ed, showing that it is not over 3.2  
per cent in alcoholic content;

IF you convince the customs  
agents that you are a bona fide  
tourist and did not go across the  
border just to get the beer, and  
IF you wait until retail sales are  
authorized in Michigan, because,  
Mr. Petty pointed out, the Federal  
Government bows to the ruling of  
the states in such matters.

A number of Canadian breweries  
are planning to produce a brew  
that will meet American specifica-  
tions and they expect to ship from  
5,000 to 10,000 cases daily into this  
country through Detroit, according  
to Mr. Petty.

Wholesale shipment will involve  
a duty of \$1 a gallon, or something  
like \$2.17 a case. At the rate of  
10,000 cases, Uncle Sam would be  
enriched each day by more than  
\$20,000.

### Old Man Jumps From Boat Deck In "Big Lake"

SEARCH IS MADE BUT BODY NOT FOUND—HAPPENS 25 MILES OFF HOLLAND HARBOR

It was learned Tuesday that an old man who registered with the purser of the steamer Missouri had jumped overboard on Thursday when about 25 miles off Holland harbor. Harvey Lyon, deck watch, saw the man jump and made a futile leap to grasp him. He cried "man overboard." Captain Bud Richardson stopped the ship and sent out a life boat manned by four sailors. They cruised about in the darkness for nearly an hour without finding the man.

The man boarded the vessel here and went to his stateroom. Shortly before 2 a. m. he arose and complained to Lyon that he was feeling seasick. He asked to be taken on deck. Lyon helped him into a deck chair and the two talked. According to Lyon, the man told him that his home was in Milwaukee.

Lyon said he went forward to the bow of the boat but before he got to his post he turned around and saw Owen climbing to the top of the rail. Lyon ran back but just as he reached out to grasp Owen jumped. After the Grand Haven boat had docked in Milwaukee authorities were notified. Search was made of the man's stateroom and an overcoat was found that bore the label of a Grand Rapids clothier. In the pockets were found \$4.31 and a pair of eye glasses. A cane, the memento of an American Legion convention, was also taken in charge by the coroner. The Grand Rapids police were notified.

Friends and county authorities were positive that the man who leaped from the Steamer Missouri en route to Milwaukee Thursday must have been a citizen of Casnovia. They based this identification on conversations with Capt. Frank Richardson and the ship's purser, who both told they had observed the aged man who was afflicted with a nervous twitching of the mouth during talks with him earlier on the trip across Lake Michigan.

The Casnovia man is still missing, a telephone call to that place states.

Mr. and Mrs. F. J. Leroy of Ann Arbor spent the week-end in Holland with Mr. Leroy's parents, Mr. and Mrs. F. J. Leroy, Sr., of West Twelfth street.

### A Mother's Heart Poetically Speaks of "Her Boy"

May 1, 1933.

Holland City News: "May I contribute this bit of a poem to your paper to show my appreciation of its weekly visit?"

"Ten years ago you printed an account of this little boy's accidental death in the waters of Black lake."

Respectfully,  
MRS. HARRY MEAD.

Editor's Note: You surely can, God bless you.

MY BOY

I kneel beside an empty bed,  
The pillow holds no little head,  
Under the spread no little form,  
Oh! God, how my heart is torn.

I wander 'round the rooms all day,  
Where my baby used to play,  
Here and there I find a toy  
That speaks so loudly of my boy.

There on a shelf he piled his books,  
That's his cap hangs on the hook;  
In that drawer I've packed his toys,  
Toys that mean so much to boys.

In one end a little gun  
That shot a cork and made such  
fun;  
There the balls of red and black,  
And colored marbles in a sack.

In this box a telephone  
That called his Daddy to come  
home;  
In this trunk I've packed his clothes  
And shoes with prints of little toes.

All these things and many more  
He could not take to the other  
shore,  
So I've packed them all away  
And sprinkle them with tears each  
day.

Although my heart is robbed of joy,  
I know God loved my little boy,  
And took him from a world man  
spoiled.  
Before his little soul was soiled.  
A.B.M.

### Grand Haven Man Found Injured In Back Yard

STRANGE MISHAP CANNOT BE SOLVED; FOUND UNCONSCIOUS

John Montgomery of Grand Haven was taken to Hatton hospital in a serious condition with possible skull fracture. Montgomery was picked up by the city officers from the back yard of Mr. and Mrs. F. Skinner at midnight. He was unconscious and had a bad wound in the back of his head.

Mrs. Skinner reported today that she heard some men in the yard and looked out around the chicken coop where they found the young man lying.

Monday morning Charles Shaw was arrested and pleaded guilty to an assault and battery charge on complaint of Michael Hrometz of Grand Haven. He was sent to the county jail for thirty days. According to Hrometz, he and his wife were coming home when Shaw stepped up and hit him. Shaw claimed the fight originated over a dog. Montgomery is reported to have tried to defend Hrometz, but the officers could say but little about Montgomery's share in the fight. He will be questioned when his condition permits.

Joe Feher, Muskegon Heights, pleaded guilty to driving while intoxicated before Justice John Easterly today. He is in the county jail and will serve there for 60 days unless he can raise the fine of \$50 and costs. Rose Golsoski, Muskegon Heights, his companion, paid a fine of \$5.00 and costs of \$5.15 for being intoxicated. The arrest was made by city officers on Sunday evening.

Harry Plagemars, local road contractor, received cuts and bruises in an automobile accident near Benton Harbor. The accident occurred Saturday night when Mr. Plagemars and Capt. Bonnette were en route from Benton Harbor to St. Joseph to make arrangements for a boat shipment of gravel to St. Joseph. The car left the road and was damaged extensively. Captain Bonnette died in Benton Harbor Sunday as a result of injuries received in the accident. Mr. Plagemars is recovering from injuries received.

Edward Vander Bie, son of Mr. and Mrs. George Vander Bie, 156 West Nineteenth street, underwent an operation for appendicitis at Holland hospital recently. He is improving rapidly.

### BIRD HOUSE BUILDING CONTEST STAGED HERE

In connection with the conservation and nature exhibit which is to be held in the Masonic temple during Tulip Time, a bird house building contest is being staged.

Any boy who attends the sixth grade or the junior and senior high schools of this city is eligible to enter this contest. Any boy who is a student in a rural school in the vicinity of Holland may enter the rural class.

Entries may consist of bird houses or feeding devices. The entry must be the student's own work and must have been made during this school year. The dimensions of the bird houses must conform to the standards of the United States department of agriculture.

All work was required to be in by May 10. The bird houses will be judged upon originality, dimensions, design, workmanship and correctness of detail. First, second and third prizes will be awarded to entries in each grade.

### BOARD OF EDUCATION MAKES SUBSTANTIAL CUT IN SALARY BUDGET

The board of education held a special meeting Thursday evening to consider the annual budget. The committee on ways and means, after careful consideration, recommended that \$150,000 be spread upon the taxable property of the city of Holland. The figure represents a reduction of \$18,876.

The assessed valuation of the city will be approximately \$11,500,000. This is a reduction of \$3,000,000. The rate for the past year was \$12 per \$1,000 valuation. The rate this year will be \$13.50, but the actual cost to the taxpayers will be about the same on account of the anticipated reduction in assessments. This will compensate for the higher rate. The electorate voted a new amendment to the constitution at the regular fall election in November. This provides for a 15 mill levy. Of this levy 4 mills forms the school minimum, 3 are allocated to the county, and 1-10 of the mill is for the city. This leaves 7 9-10 mills to be divided by the county commission between the school and the county. If the county appropriates an additional 2 mills an additional 5 9-10 mills will be available for the school. If this plan is agreed upon the schools can claim 9 and 9-10 mills.

This amount will be necessary to keep the schools at the present efficiency. The public school system has been tossed and battered and beaten by the financial and economic hurricane which has raged in our land. In the midst of the depression a minimum of thought has been given to the welfare of our public schools. If it is necessary to operate our schools the coming year on a 5-mill property tax basis much harm will result.

The training of the youth is of the utmost importance. The 30,000 teachers of Michigan are doing a great work. They are painstaking in their efforts to provide a good background for our boys and girls. In order to accomplish the task that is laid upon them there must be co-operation. The education of the young is not the concern of teachers alone. It is the common concern of all good and patriotic citizens. The schools of Holland rank very high. The teaching personnel is second to none in our state. They are deeply interested in the education of our youth. To keep this efficiency at the present high standard the citizens undoubtedly are willing to do their part.

Mrs. Frank VanDine of Laketown was brought to the Douglas hospital last Tuesday and under Dr. Walker's care has made such satisfactory improvement she was able to return to her home. Miss Nellie LaDick, who has been a patient in Douglas hospital for over two weeks, has returned to her work as teacher in the Holland schools. Dr. Walker did a minor operation for Peter Crock of Holland last Monday afternoon at the hospital at Douglas.

Valuations in Grand Haven have dropped \$285,831, according to Peter Ryenga, city assessor, the loss of which is mainly in personal property. The total valuation this year is \$7,212,641.

### WATER PUPPY EXHIBITED

AT DORNBOSS FISH MARKET  
Grand Haven Tribune—A water puppy was brought into the Dornbos Fish Market by two farmers from Spring Lake township yesterday, whose names were not learned. The specimen was placed in a bowl and is on exhibit there. The fish is of the alligator family and there is a strong resemblance to that species. It is said they are rare in these parts.

The fish is about a foot long, is black and has legs and a long pointed head. It is said to have no sight and to be very vicious. The bite is said to be poisonous and the dogs will attack with great viciousness. They are found in dirty water holes, under logs and lie in the mud, much as does the alligator family.

He also was employed in the bakers' trade for more than twenty years. Mr. and Mrs. Vander Schel are members of Central Avenue Christian Reformed church. They have three sons and four daughters, William, Henry and David Vander Schel; Mrs. Klaas Prins, Mrs. Martin Van Dyke and Mrs. John Vander Werf, all of Holland, and Mrs. Egbert Wiltedink of Grandville. TIRES WEAR LONGER  
IN CERTAIN REGIONS

Tire mileage varies considerably in different parts of the country on account of differences in road surfaces, differences in average temperatures, presence or absence of hills, proportion of open road and city driving and other factors which govern tread wear.

From a recent survey by an Akron, Ohio, rubber company, which involved actual measurements of tire mileage on 1,075 cars of a single model and make in 10 widely separated districts, the following data were obtained:

In the Detroit district the tires on 107 cars averaged 18,794 miles; 97 cars in Chicago district averaged 17,240 miles; 108 cars in Dallas averaged 16,911 miles; 124 cars in New York averaged 15,887 miles; 103 cars in St. Louis 14,887 miles; 112 cars in Boston 14,132 miles; 102 cars in New Orleans 13,169 miles; 110 cars in San Francisco 12,471 miles; 92 cars in Philadelphia 12,384 miles, and 121 cars in Pittsburgh 11,272 miles.

## Mother's Chair

The rockers are worn flat on mother's chair; but how soothing the motion! What a large chair it was—and strong! No burden was ever heaped upon it that it was unable to bear. Every wave of sorrow broke there. Every storm was stilled. Nor was it ever double-tongued. It was an oracle. That chair creaked when it rocked. It seemed to grow older quicker than father's chair; but then it was used more. Its creak was music that sang us to sleep. When sickness came, how wakeful it was; it never slumbered. The cry of a dream set it going.

The chair knew all the lullabies that only mothers know to sing and soothe their tired children. It is vacant now; but it sways and sings in memory still. It does not make so much difference who makes the laws at Washington; but it does make all the difference in the world who sings the lullabies at home. Napoleon might well say in his sententious style, "The need of France is mothers."

That chair was the first altar. It was just high enough for us to lay our heads in her lap and lose our worries. It was the first confessional. And we looked up through mother's face and saw God.

Mere wood and stone do not make a home. They are but quarry and forest to the feelings. Let them be wrought into perfect portals of the model home; let the appointments be sumptuous and the hangings surpassing; they are as meaningless as a warren.

But let father build the walls, erect the pillars and plant the hearthstone; let mother work her life into the furniture and tapestries and you be born there—now it is home. It may have no intrinsic worth to others; it is priceless to you. You cannot sell it; it is like bartering a wedding ring. It is the place where you drain your sorrows and tighten up your resolutions. It is the place you unstrap your burdens and freight your memories with the hallowed things of earth.

Home is where mother is. No cable tow is as strong to bind as mother's apron strings!

Boat-Buying Wave  
Wipes Out Seized  
Fleet Quickly

Reflecting in fact that a "Back to the Water" movement is thoroughly under way, several thousand Detroiters attended the Government auction sale of seized boats at the foot of Orleans street last week. The crowd was in great contrast to meager attendance at such sales in the past, according to Charles Holihan, U. S. Customs auctioneer, who said that crowds as small as 100 have patronized past auctions.

Holihan said the fleet, which included all types all the way from 40 to 16 feet in length, sold rapidly, the last boat being disposed of after an hour and 45 minutes of bidding.

The Government's explanation of the large crowd was the reawakened interest in boating as inexpensive recreation coupled with the publicizing of the unrivaled facilities Detroit offers the boat owner.

The minister replied in the affirmative. When the thief neared the door, he caught sight of the minister's face and fled minus the chickens.

OTTAWA COUNTY FARM NOTES

Raspberry growers and growers of small fruits are holding four meetings in Ottawa county to hear Dr. C. E. Muncey explain common diseases and their control and elimination. Dr. Muncey will conduct a demonstration of raspberry diseases at the following plantations on May 16:

Henry Derk's farm near Holland Center school at 8:30 a. m.; O. H. Snyder farm in Allendale at 10:30 a. m.; Henry Dinkel farm at Conklin at 1:30 p. m., and George Chittenden farm at Spring Lake at 4 p. m.

Only by learning how to identify diseased plants and removing them from the plantation can spread and greater loss from diseases be prevented, states Agricultural Agent Milham. By removing diseased plants one may keep a plantation many more years and produce a much better quality fruit which finds a ready market. Neglect in removing diseased plants causes an unnecessary loss to the grower.

The building is being completely remodeled and redecorated so that when finished Hamilton will have an up-to-date shop. Mr. Ten Brink has been in the barber business here for many years and has resisted temptations to go to larger cities. During the past years there have been in all

lines a good many fly-by-night business ventures. They came, made big promises, drew the trade from the loyal business men and when the picking was over they were gone. A community needs these business places and it is only right to stand by those who stand by the community.
