

## GEORGE KELLY, BLIND RESIDENT OF CITY, IS DEAD

Funeral Services Will Be Conducted Thursday in Dykstra Chapel

Man, Ill Three Years, Lost His Sight in Hunting Accident

George Kelly, 75, blind, of 178 East 16th St. died Monday at 9:30 p.m. in Holland hospital where he had been taken earlier in the day. He became ill about three years ago and although he partially recovered he was never in the best of health. He became worse in January and had been seriously ill since that time.

He was born Jan. 18, 1866, in New York city and his father, a Civil war veteran, died shortly afterward. When George was four years old he and his mother went to Ionia where the mother placed some orphans in Ionia homes and his mother died of tuberculosis a short time later.

George was taken into the family of Pete Hatchett, a merchant in Ionia, who succeeded in placing him in a home near Orleans, about eight miles west of Ionia. Here he adopted the name of his foster parents, Kelly, and became known as "Pat" Kelly. He was taken for an Irishman although his racial descent was unknown.

A lover of hunting, fishing and all kinds of sports, he became blind through a hunting accident when he was about 30 years old. He was shot full in the face by a No. 6 shot and both eyes were rendered hopelessly blind. Later he attended the School for the Blind in Lansing and learned the Braille system although he never became very proficient in the practice. He also learned to make brooms, fly nets, hammocks and other articles.

He made brooms in Saginaw for many years and frequently displayed this art at county fairs. In 1927 he came to Holland, married and built a small home on East 16th St. where he and his wife, who also is blind, have since lived. They were married by the Rev. G. Visser, pastor of the Wesleyan Methodist church. For several years he sold brushes and brooms in a little nook near the corner of Eighth St. and River Ave. The widow is the only survivor.

Funeral services will be held Thursday at 2 p.m. from the Dykstra funeral home, with the Rev. John Vanderbeek officiating. Burial will be in Graafschap cemetery. Friends may view the body Wednesday afternoon and evening at the Dykstra funeral home.

## SEVEN HURT AS CAR AND TRUCK COLLIDE HERE

Muskegon Driver and G.R. Party Hurt in Crash on North Side

Two Are Taken to Holland Hospital; Investigation Is Made

Six Grand Rapids residents and a Muskegon truck driver were injured in a truck-auto collision which occurred at 10 p.m. Friday at the junction of US-31 and North shore drive.

The truck was driven by John Schoonbeck, 23, 1151 West Dane Ave., Muskegon, and the car was driven by John De Groot, 17, 1349 Portland Ave., Grand Rapids.

De Groot had contusions to his left thigh, but no broken bones. Schoonbeck's wrist was fractured and was placed in a cast at Holland hospital. He is a driver for the Wolverine Express Co.

Most severely injured were Miss Lois Jellema, 16, 330 Scott Ave., Grand Rapids, who suffered cuts and a double fracture of the pelvis; and Marvin Blid, 16, 1210 Eastern Ave., who received a severe head injury and possible shoulder fracture. The two were occupants of De Groot's car.

Also in De Groot's car were Donald E. Sweet, 15, 708 Logan St., abrasions to right ear and contusion to chest; William De Groot, 15, John's brother, laceration above right eye; and Robert Pew, 16, 1059 1/2 Jefferson Ave., laceration to right temple.

The truck was being driven south on US-31. John De Groot was driving east on the North side road and was crossing the highway to reach the short cut road to M-21.

The accident occurred when the Grand Rapids car was driven into the path of the truck, an investigation by Sheriff William Boeve, Chief Deputy Edward Brouwer and Deputy Sheriff Tony Steinfort showed. Holland police aided sheriff's officers by directing traffic when the accident attracted a large crowd.

De Groot and occupants of his car told Deputy Brouwer that he stopped his car before driving on to the highway. A driver of a car, following De Groot's vehicle, also told the officer De Groot had stopped. Deputy Brouwer was investigating this angle.

The Grand Rapids group is associated with the Wealthy St. Baptist church and was en route home after attending an outing of the church choir at Lake Michigan. Miss Jellema was riding in the rear seat with two of the boys.

Two ambulances took the injured person to the hospital. Notified of the accident, relatives of the injured came to Holland last night. De Groot's father told officers that this was the first time his son has been permitted to take the family car out alone.

The truck crashed into and caved in the side of the Grand Rapids car near the driver's side. The force of the impact turned the De Groot car completely around and shoved it backwards for some distance before it crashed into the car of Harold Van Slooten, route 4, Holland, which was parked in the yard adjoining the James Schuiling gasoline filling station on the southeast corner of the intersection.

Van Slooten's car had been parked near a 15-foot embankment and officials expressed belief that if this car had not been parked there the Grand Rapids vehicle with its occupants would have plunged over the embankment. The front of Van Slooten's car was caved in.

(Citizens and friends. Hear ye! Hear ye! By order of the mayor and common council of the city of Holland, I announce that the Tulip Festival for the year 1941 now shall open.)

A traditional town crier remembrance of the old days when communications in The Netherlands were less modern will herald the official opening of Holland's Tulip Time festival Saturday afternoon.

The part of the town crier will be played by Clarence L. Jalving, president of the Holland Chamber of Commerce. Dressed in a three-cornered hat, swallow tail coat, white vest, knee breeches and buckled slippers, he will march ahead of Mayor Henry Geerlings and common council.

During the line of march, he will stop at intervals, sound his authentic town crier's gong and proclaim in Dutch the festival's official opening.

## Special Trips to Fete Scheduled

Boats, buses, special trains and private automobiles will transport thousands of persons to Holland for the opening of the Tulip Time festival Saturday, it was announced today by the Tulip Time office.

Special excursions to Holland have been arranged by the Georgian Bay line and the Greyhound bus line. A special boat excursion from Chicago will arrive here Saturday, May 17, and a second one will come the following Saturday.

As a feature of the boat excursion, the Georgian Bay line will offer its guests an all-expense tour of Holland which will require the services of eight buses. The tour will commence Saturday at 8 a.m. from the Georgian Bay docks at Montello park and include visits to the Little Netherlands, Netherlands museum, tulip farms and other points of interest about Holland. Each bus will carry a costumed local announcer.

The Greyhound offices in Indiana, Illinois and Ohio have been booking special tours to Holland and has been forced to cancel further reservations because ad-

## ROOMS NEEDED FOR GUESTS AT TULIP FESTIVAL

Demand for Lodgings Is Keeping Special Fete Division Busy

Club and Church Groups to Help Meet Meal Problem

As the opening date for Holland's 1941 Tulip Time festival draws near—Saturday to be exact—the problem of housing the thousands of visitors threatened to become a "big headache" in this city of about 15,000.

Two hundred visitors are expected for each resident family during the eight-day festival.

However, the Tulip Time bureau is confident that unfrilled tempers and true Dutch hospitality will mark the greeting to the 600,000 guests who will swarm here to see the 3,000,000 tulips.

Mail reservations started arriving in the fall and by spring had reached such proportions that a special housing division was established at the festival office. This is under the direction of Mrs. Jean Den Bleyker, a typical second generation Dutch housewife who responds annually to the emergency call as the festival dates approach.

Overnight visitors will fill hotels and two large steamers of the Georgian Bay line at Montello park. The overflow will be absorbed by local residents who open their homes and summer cottages for Tulip Time guests.

Hundreds of homes were listed at the festival office and personal attention is given to placing various types of visitors in proper homes.

Restaurants will augment their help with Hope college students. The steamships North American and Alabama will serve meals. All available women's groups from churches also serve in the task of keeping the guests from going hungry. The Woman's Literary club will convert its tea rooms into one large Dutchman's house and serve meals typical of the Hollanders.

Towns within a radius of 50 miles of Holland expect the best hotel and restaurant business of the year at Tulip Time.

Yet, additional rooms in private homes are needed to meet the demands of the visitors. To facilitate this service, local persons who still have spare rooms to rent are requested to call the Tulip Time office, 4234.

Principal requests are for rooms over the first week-end. Listing of available rooms was started in the spring and Mrs. Den Bleyker reported that 650 rooms have been made available. She said 2,335 persons were accommodated in private homes at the 1940 festival.

Meanwhile, other preparations for the opening of the festival are going forward.

The Tulip Time office is in receipt of a letter from Bartel Jonkman, fifth district representative, who requested information on Tulip Time for distribution in Washington, D. C.

Program folders are being distributed at the tourist lodge of the Michigan highway department at New Buffalo. The distribution has averaged about 2,000 folders weekly during the past few weeks, it was reported.

Numerous newspapers, magazines and trade journals have carried stories and pictures about the festival.

Starting today, the ticket sales at the Tulip Time office will commence at 11 a.m. and continue through 6 p.m. until Friday when the office will be open at 9 a.m. and will remain open all day for the remainder of the festival.

Thousands of persons visited Holland and vicinity over the week-end to see the tulips which, although blooming early this year, likely will be at the peak of their beauty—thanks to recent rain and cool weather—when the Tulip Time festival opens Saturday.

Harry Nels of the Nels Nursery on Lakewood blvd. estimated that 50,000 persons visited the mass planting of tulips over the week-end. He said Sunday's attendance was much larger than Saturday's.

Motor traffic on local streets during Sunday afternoon, especially in the downtown district and along the eight miles of tulip lanes, was heavy. Four special police officers were required to direct the cars. Local police reported that traffic moved along without any serious traffic jams.

Chief Deputy Sheriff Edward Brouwer of Holland reported that 15 special officers were required to handle traffic and to police highways on the North side. He said steady traffic started on Lakewood blvd. about 10:30 a.m. Sunday and from 2:30 to 5 p.m., the cars traveled bumper to bumper.

When traffic became its heaviest, between 3:30 and 5:30 p.m., one way traffic was established. Cars to the tulip farms traveled west on Lakewood blvd. and returned by way of the short cut road to Ottawa beach road.

## O'Brien to Head Festival Troupe

Festival Group Takes Expensive Taxi Ride

Four tulip time visitors took a \$35 taxi ride Tuesday but paid the driver \$45 for driving them from Holland to Toledo, O.

Having arrived here Monday to see the tulips, the group was unable to make connections for the return trip to Toledo. To solve the problem, they hired a Yellow Cab Co. taxi and left here at 1 p.m. Tuesday with "Red" Bennett as the driver.

He returned to Holland at 2:45 a.m. today. The cab company reported it was the longest trip and the biggest fair in the history of its business.

## Doubts Guards to Return Until Peace Is Declared

### Schouten Stresses Home Units in Address to Local Group

Col. John H. Schouten of Grand Rapids, district commander of the Michigan home guard troops, told members of the Holland company at a dinner-dance last Thursday in Holland army that he did not expect the return of national guard companies to their homes until permanent peace is established in Europe.

He expressed a desire that when the troops do return home each city have a company of national guards as well as a unit of home guards. He pointed out that men and women of England who are too old to enter the armed forces have been formed into home guard units, have been drilling for the past year and have been assigned places of defense in case of invasion.

He said he concurred with President Roosevelt's program of providing aid to England as it will eventually help this country. He reminded his audience that those who are condemning the president for his program should remember that he is that nation's chief executive and that "we should pray to God that he won't make any mistakes that will imperil the safety of this nation."

It was his belief that it will require 500 years to wipe out the hatreds which are now being formed in Europe.

Colonel Schouten informed the company that as soon as it is federally recognized, each man will receive a complete uniform of blouse, trousers, shirt, tie, overcoat, cap, overcoat, blankets, 50 Springfield 30-06 rifles, eight pistols and ammunition. He urged the unit to complete its roster in order that requisitions for materials may be filed.

Approximately 70 persons, including home guard members, their wives and friends attended the party. Capt. Henry Rowan spoke briefly on the activities of the organization and introduced Colonel Schouten, who by mistake came here Wednesday night, as the "man who was so interested in the Holland company that he arrived 24 hours ahead of time for the party." Mr. Schouten accompanied her husband to Holland.

The banquet was served at 7 p.m. and dancing followed from 9 p.m. to midnight with music being furnished by Arthur Rumber's orchestra, Clyde Woltmann having been taken ill and could not be present.

Sgt. Clarence Kuhlman who is home on furlough from Camp Livingston was a guest.

## CHICAGO EDUCATOR ALSO BELIEVES U.S. TULIPS ARE AT TOP

Chicago, Ill., May 14 — Dr. Ezra J. Kraus, University of Chicago professor, believes domestic tulip bulbs, cultivated by modern machine methods, are replacing bulb supplies formerly imported from The Netherlands.

American-raised tulips and narcissus plants are the equal of Dutch bulbs "in quality, quantity of flowering and freedom from disease," Kraus said.

American growers utilize "the most modern machine methods with excellent results," he said. (This a verification of what southwestern Michigan bulb growers have long contended. Festival Manager S. H. Houtman said.)

American-raised tulips and narcissus plants are the equal of Dutch bulbs "in quality, quantity of flowering and freedom from disease," Kraus said.

American growers utilize "the most modern machine methods with excellent results," he said. (This a verification of what southwestern Michigan bulb growers have long contended. Festival Manager S. H. Houtman said.)

## PLANS OF FETE SALON SHAPED

Plans formulated a year ago will be realized by the Holland Camera club when the West Michigan Photo salon is opened in the Chamber of Commerce building as one of the features of the Tulip Time festival.

When at last year's festival the club arranged its initial display of 40 photographs taken by its members, it decided in 1941 the exhibit would be expanded to include camera groups of neighboring cities.

Five clubs — from Kalamazoo, Grand Rapids Y.M.C.A., Allegan, Muskegon Heights and Holland — thus far are listed for participation in the salon which will include about 60 photographs. In addition, the Holland High School Camera club will have a distinct exhibit.

Plaques and "wooden shoe" ribbons will be awarded first, second and third place winners in the competition.

Under the judging system, each club will judge its own prints before they are brought to Holland. The first, second and third place pictures of each club will then be judged in Holland by a jury of one member from each club to determine the salon winners. Honorable mention will be given the other photographs that compete in the final judging.

Judges and others of the visiting clubs will come to Holland Thursday night when the pictures will be judged and arranged in the Chamber of Commerce building. The judging will be preceded by a supper in Red Brick Tea rooms.

The display quarters will be headquarters for amateur photographers during the festival. An information desk for amateurs will be set up at the salon.

Arrangements for the exhibit are being handled by a committee composed of Chairman Ernest F. Penna, Clyde H. Geerlings, J. A. Underhill and Henry J. Eggelsman.

## THE MILLS OF THE GODS

The triumphal return of Haile Selassie to his kingdom in Ethiopia is one of those minor episodes in the present universal conflict that satisfy the imagination. It is of the stuff that romance is made, and in the years to come many a novel will doubtless be written with that episode as its background. It comes as near to being a case of poetic justice as can be expected in a highly imperfect world. In spite of the evidence of history against it, most people are romantic enough to crave poetic justice; and here for once they have it.

The mills of the gods have been grinding with their proverbial slowness. Five long years had to pass before the villain of this international melodrama was punished, and the hero of the piece was restored to his ancestral estates. In stories the thing would have been done much more quickly, but history is seldom as comfortable a story teller as the novelists are.

Haile Selassie, "emperor of Ethiopia and Lion of Judah," is doubtless not any better than he should be. He is certainly not an angel of light, and the people over whom he rules are far from being the shining knights that the story tellers are likely to make them when they get around to telling their stories. If reports are to be credited, they are hardly more than a horde of somewhat uncouth and blood-thirsty semi-savages. Ethiopia is not a "modern civilized state," and the Italians did not slander them much in portraying them to the world as uncivilized.

But—and that "but" is a big one: Five years ago Mussolini and his cohorts took it into their heads that they were in a better position to make those "savages" happy than were the "savages" themselves. So they forthwith began to "persuade" them with bombs and guns. Mussolini's own son wrote a piece for a magazine in which he described gleefully how he had tossed bombs on hordes of those "savages" and had wiped them out wholesale.

At last the wheel of fortune has turned, as it always does in a story but not always in history. Ethiopia is only an episode in a larger story, and the British would never have bothered with the restoration of the "Lion of Judah" if it had not fitted neatly into British plans. But that is something that the "Lion" need not worry about. He has come back in triumph, and to the imaginations of his people it doubtless looks like a case of real poetic justice. There is in the episode the material for legend that will probably reverberate through the centuries.

Saul's Conversion  
Acts 9:1-16

By Henry Geerlings

There is but one character in the New Testament of greater historical and religious interest than Paul and that is Jesus. Paul has left a more profound impression on the human race than any other man known to the world. He was born more or less in obscurity, but was possessed of such industry and talent that he actually changed the course of human history and placed at the disposal of mankind a body of truth whose power will never pass away.

He was born of Jewish parents in the city of Tarsus, a long distance from Jerusalem. He was trained in the Jewish faith. He accepted that faith with all his heart. His parents took such a deep interest in his preparation for life that they gave him a thorough education, sending him to Jerusalem for his later training where he sat at the feet of one of the greatest of all Jewish teachers.

He had no other thought than that he wanted to give his life to the spread of his religion. In course of time he became one of the foremost leaders of Judaism. It is commonly believed that he became a member of the Sanhedrin which was the highest Jewish body in the nation.

We do not know so much about this young man until we find him giving all the strength and power he had to the persecution of the Christian church which was then not more than a few years old. It may be well for us to remember that he was about the age of Jesus though we are not told that they ever met.

He developed a bitter hatred toward the Christians because he believed they were not loyal to Judaism, the faith which he had inherited from his parents. No one who knows anything about this young man need be told that when he undertook a thing he gave it all the strength he had. He was probably the bitterest enemy of the Christians the world has ever known, and he did more than anyone to persecute and destroy the young church.

There was probably no one who believed, when he saw Saul giving himself to a life of persecution, that he would ever become a follower of Jesus, and yet that was what was to happen. Of his conversion to Christianity we have two or three records in the Acts of the Apostles. One of them is found in the chapter which has been chosen as our lesson.

Saul's conversion is considered one of the most important experiences recorded in the New Testament. Throughout the years of the history of Christianity, this experience has been held up to men as that desirable for all. It is certainly true that all of us must turn to God and to His message, regardless of the manner and form of that turning.

Conversion or regeneration, in the strict sense of the term, is the work of divine grace and power, by which man, born of the flesh and void of all power to think, to will, or to do any good thing, and dead in sin, is through means of grace, translated from a state of sin and wrath and spiritual death into a state of spiritual life of faith and grace, rendered able to will and do what is spiritually good and, especially made actually to accept the benefits of the redemption which is Jesus Christ.

Regarded from the divine side, the change which takes place in man when he is brought to faith is called the new birth because it is the implanting of a new spiritual life in him by the Holy Spirit. Regarded from the human side, the change is called conversion, because it is a converting or turning away from sin and self to the righteousness of God.

It is always a matter of debate as to man's part in his own conversion. It is true that God is always seeking man, but it is also true that there is a part for man to play. He must answer to the loving grace of God as the Father bids him to the kingdom.

In the case of Saul we have a new individual as the result of his conversion experience. Saul became Paul. The persecutor of Christians became the missionary statesman. The result of this conversion can best be expressed in the words, "Paul in Christ and Christ in Paul." He was a new creature as the result of his unusual experience.

As one gives his heart to God, he assumes a new outlook on life. All things have become new. Turning to God gives us a new goal by which to live and by which to guide our conduct and behavior.

As one realizes that he has a new heart toward God, he immediately experiences the forgiveness of sins and this lays the foundation for a new life. It is not so important that we be able to give the time and place of our conversion, as good as that may be, but that we are living in a converted state.

Later the group was divided into four small groups, each under the direction of some older member, and competitive games were played, the groups moving from one game to another. In the final score Donna Klomparsen came out first for the girls and Franklin Oudemolen for the boys. The group in charge of Mrs. Harold Van Dyke had the largest score.

Prizes were awarded to the group who during the year had the largest number of points for attendance, participation, etc., during the past year. The group headed by Joyce Hill was ahead. The rest of the children were also given a present for their active part during the year.

The group went to a local ice cream parlor for refreshments. Mrs. Theresa Baumann, Mrs. Joe Dozeman, Mrs. Harold Van Dyke, Mrs. Andy Knoll and Miss Nelia De Groot supervised the affair.

I owe to my mother's loving wisdom all that was bright and good in my long night.—Helen Keller.

## SKATE SCENES IN TULIP PLAY

**Clare Tree Major Drama at Fete Sponsored by Junior League**

A clever plot, thrilling skating scenes and outstanding actors are scheduled to make the presentation of "Hans Brinker or the Silver Skates" one of the major attractions of this year's Tulip Time festival.

The dramatization by the Clare Tree Major players is sponsored by the Junior Welfare league. Mrs. Clyde H. Geerlings and Mrs. Ervin Hanson are co-chairmen of the league's committee on arrangements.

The play will be given daily in the Woman's Literary club building under the following schedule: Saturday, May 17—9 and 10:30 a.m., 1 and 6:30 p.m.; Monday May 19—4 p.m.; Tuesday, May 20—4 and 8 p.m.; Wednesday, May 21—1 and 4 p.m.; Thursday, May 22—4 p.m.; Friday, May 23—4 and 6:30 p.m.; Saturday, May 24—10 and 11:30 a.m., 5, 6:30 and 8:30 p.m.

Mrs. Major's dramatization of the Mary Mapes Dodge story presents several exciting skating scenes in one of which Hans and his sister, Gretel, compete for the prize of a pair of silver skates. The play includes six acts, the scenes being inside the Brinker cottage and on the ice.

No real ice is required for the stage production. The illusion of skating is cleverly created for all the world like ice covering the famous canals in Holland.

Dennis Allen, Gertrude Ogsbury and Virginia Maddocks take the leading roles. Mr. Allen plays Hans Brinker, Miss Ogsbury is Gretel Brinker and Miss Maddocks is Dame Brinker.

Others in the cast include Francis Forbes, Raff Brinker; Alfreda Wallace, Hilda von Gleeck; Robert Crawley, Dr. Boekman; Margie Meyers, Katrina; Dante Ferrante, Peter von Holp; David Millard, Jacob; Martin Carlton, Carl Schimmel; Ray Nelson, Voorst; Paul Harrison, Ben; Pamela Herbert, Madame von Holp.

Mr. Allen first became conscious of Mrs. Major's productions when "Peter Pan" played his hometown, Wichita Falls, Texas. Last season he toured the country with the "Rip Van Winkle" company. Following this season's tour as "Hans Brinker," he will join the Mohawk Drama Summer Festival Co.

Miss Ogsbury has been with Mrs. Major for three seasons. During the summer she helps her mother manage the summer theater at Erie, Pa., her home. Last season she played in "Under the Lilacs" and "Mrs. Moonlight."

Miss Maddocks' great-aunt was the famous English actress, Pamela Herbert, and Mrs. Major predicts that someday she will be one of America's great actresses. She has played parts in "Nobody's Boy," "Under the Lilacs" and "Mrs. Moonlight."

During their stay in Holland, the cast will be quartered aboard one of the Georgian Bay boats at Montello park.

Mrs. Clare Tree Major is to be in Holland to personally supervise the production.

Adopted.

Claims and Accounts Committee reported having examined claims in the sum of \$18,492.28 and recommended payment thereof.

Reports of Special Committees  
Mr. Plum appeared before the Council in the interest of securing a license to sell popcorn during the entire summer. Mr. Plum stated that he was informed by the License Committee that in accordance with action recently taken by the Council, he would not be permitted to sell popcorn after Tulip Time. Different aldermen expressed their views on the matter and it was brought out that if one person was given permission to sell popcorn from stands throughout the city, the Council would hardly be justified in refusing others who might apply.

Ald. Kalkman contended that anyone who wanted to sell popcorn and make an honest living and was willing to pay his license fee, should be given permission to do so.

It was also brought out in the discussion that popcorn and other confections sold from stands on Saturday nights, usually litters up the street and makes a bad appearance on Sundays.

After considerable discussion, it was moved by Ald. Mool, seconded by Damsen,

That this matter be referred back to the License Committee with power to act.

Mr. William J. Meengs appeared before the Council in the interest of securing permission to display their novelties in the curbing outside of their places of business. He stated that he and other operators of oil stations could derive a considerable amount of revenue from the sale of these novelties but if they are not permitted to display on the curb where they can be readily seen, that it would curtail their sales considerably. It was brought out in the discussion that if this were permitted for one business, the Council would not be justified in refusing others who might wish to display their wares such as stoves, bicycles and various other articles.

The City attorney also reported that under one of our city ordinances it does not permit any merchandise to be displayed in front of person's places of business. However, the city has been more or less lenient providing the merchants keep their merchandise on their own property. Mr. Lokker further stated that if merchandise were displayed outside the sidewalk line, they would become trespassers, and of course the Council would have no legal right to grant such a request.

After quite some discussion, it was moved by Ald. Raymond.

That the displaying of novelties be permitted until after Tulip Time only.

Adopted.

Mayor Geerlings reported that the government hearing on the extension of the harbor project had been held today at 10 o'clock in the forenoon and it appeared to him that everything was handled in a very efficient and business-like manner.

The mayor recommended that the Council extend a vote of thanks to City Attorney Lokker, Ald. Raymond and Mr. William Stribley of Grand Haven for the efficient work they had done in preparing a brief for this hearing.</

## LOCAL MEET IS SET IN PLAN TO HELP SOLDIERS

### Role of City in National Drive to Be Discussed on Wednesday

Cornelius Vander Meulen, president of the local community chest, has announced that a public meeting will be held Wednesday at 8 p.m. in the council chambers of the city hall to discuss the idea of conducting a drive in Holland on behalf of the United Service organizations.

Mr. Vander Meulen is inviting all donors to the Community chest, those interested in army camp problems, parents of boys who have been sent to camps, officers of service clubs and other interested persons to participate in the discussions.

The United Service organizations was formed during the last war and includes such organizations as the Salvation Army, Y.M.C.A., Y.W.C.A., Catholic Youth organization and the Travelers aid. It is being revived on a national basis with the drafting of young men into the army.

Recently, Mr. Vander Meulen, Mrs. Charles K. Van Duren, Prof. A. E. Lampen and Major Clare Edwards were in Lansing to attend a meeting which had been called for the purpose of conducting a nation-wide drive for funds, starting June 3.

Mr. Vander Meulen explained that the government is appropriating \$15,000,000 to erect buildings

in the vicinity of the various camps to be used to provide entertainment, religious services and social activities for the draftees. Maintenance of the buildings will be left up to representative organizations of the United Service organizations.

Cost of maintaining the buildings has been estimated at \$11,000,000 or 16 1/2 cents per individual draftee, he said, adding that the money has been prorated with Holland's share set at approximately \$2,500.

He explained that the conducting of the drive has been designated to community chests and to aid in cities where there are no community chests. The matter was discussed at a recent meeting of the board of directors and it was felt that there was an urgent need of increased social life at the camps.

However, the community chest in Holland has been organized for certain purposes, one of which was to hold only one drive each year to eliminate other drives for funds, Mr. Vander Meulen said. The board contacted the Council of Social Agencies and the two felt the matter of the drive should be discussed by a larger representation of persons, hence it was decided to call this forthcoming public meeting.

## PRINS STATION IS LONG ACTIVE

The Prins Service station at Eighth St. and Columbia Ave. has given service to the automobile owners of this community for more than 30 years.

Herman Prins, proprietor, opened a garage service at the Eighth and Columbia location in 1909 when automobiles were still in their infancy. In 1930 a super-service station was added to give more complete service for the auto owner. Texaco products were obtained and today a complete line of Texaco products are available.

The Prins service also includes tires, spark plugs, batteries, mufflers and other automotive accessories.

The station is now managed and operated by Herman Prins' son, E. L. (Bud) and Don Prins.

An internal motor cleaner machine is also available at the Prins station. This machine flushes crank cases and cleans rings and cylinder walls of sludge. For a smoother running motor, this cleaner machine should be used at least twice a year, preferably in the spring and fall when changing to heavier and lighter oils.

In the 11 years the Prins station has been operating and serving the public it has acquired many friends and has given continuous satisfied service to a great many automobile owners. Bud says, "Why not drop in today and let us show you what real service means."

## ON SHOE WORK HERE SINCE '92

Nick Unema, proprietor and manager of Unema's Shoe Service, has one of the oldest businesses in Holland. Mr. Unema was born in The Netherlands 72 years ago. At the age of 13 he became an apprentice in the shoe repair business, commonly known then as a cobbler.

He came to America, and settled in Holland in 1892. Here he worked at his trade in almost every shop in town. In 1926, he bought and operated his own business in the same location that he is in today, 230 River Ave. In 1931, Mr. Unema's two sons, Pete and Neil, joined their father in his business and since then the three Unemas have been serving Holland to the best of their knowledge.

As the years went by, Mr. Unema has kept in step with progress by putting in the newest machinery and modernizing his shop in every possible way. "Our aim in business is to give the people new shoe appearance, with old shoe comfort," he said.

One style of repairing and one price is out of date, and not fair to the customer, he added. Today, with the wide price range of new shoes, and the range of different material used in rebuilding shoes, he offers many grades of work.

## In 51st Year of Married Life

Mr. and Mrs. Bert De Cator

Mr. and Mrs. Bert De Cator who reside on a farm on route 2, Hudsonville, a short distance south of the village, recently observed their golden wedding anniversary.

Both Mr. and Mrs. De Cator were born in Iowa. When Mr. De Cator and his parents arrived in Georgetown township, the country was covered with woods and full of wild game. The De Cator family chopped down trees and erected log houses like all the others at that time.

Mrs. De Cator is 75 and her husband will be 80 in September. They are members of the Congregational church of Hudsonville and Mrs. De Cator is a member of the Ladies Union of that church. One of the church's oldest members, Mrs. L. M. Wolf, 87, died in Grand Rapids Saturday.

The De Cators have three sons, James, Donald and Warren, and two daughters, Ila and Flora, both of whom are married. There are several grandchildren. Mr. and Mrs. De Cator are in good health.

## NO CHANGES ON CONDITIONS FOR BEET GROWERS

Hourly as Well as Piece Rates Are Provided in Wage Scale

Grand Haven, May 14 (Special)—Glenn E. Taylor, chairman of the Ottawa county agricultural conservation committee, announced today that farming practice requirements under the 1941 sugar program will be virtually the same as they were in 1940.

Sufficient farming practices to offset the sugar beet acreage, as well as compliance with the child labor, sugar beet allotments, and minimum wage provisions of the sugar act are conditions that must be met to qualify a farmer for his sugar beet payments, he said.

Farming practices which must be met for 1941 are as follows: For each acre of sugar beets planted, one or more of the following practices is required: One acre of legumes or grasses; one acre of new seeding of legumes or grasses (except alfalfa); one-half acre of new seeding of alfalfa; one acre of green manure crop plowed under; eight tons of animal manure applied; or 75 lbs. of plant food in the form of commercial fertilizer applied on the sugar beet ground.

Mr. Taylor cautioned against the use of child labor in the production of sugar beets in 1941. One of the conditions for payment is that no child under 14 years of age may be permitted to work in the beets, and no child between 14 and 16 may be permitted to work for a longer period than eight hours in any one day. Child labor provisions do not apply to the children of a producer who owns at least 40 per cent of the crop. A close check of compliance with labor provisions will be made in connection with the 1941 sugar program.

One important change from the 1940 wage determination has been made for 1941. Hourly, as well as piece rates, have been provided in determining "fair and reasonable" wage rates. For blocking, thinning, and hoeing, the 1941 rate is \$11 per acre, or 40 cents per hour for blocking and thinning, and 35 cents per hour for hoeing. For topping, the rate is 45 cents per hour, or on a piece-work basis, the rate is the same as for 1940, varying from \$1.50 per ton for a 3-ton yield or less, to 80 cents per ton for a 16-ton yield or over.

## TWO HOLLAND PERSONS HURT

## FIRE DAMAGES STORE AT G.H.

Thousand Dollar Loss Is Caused to Cooler and Warehouse

Grand Haven, May 14 (Special)—Damage estimated at \$1,000 was caused to the Johnson Grocery store, beer warehouse and cooler on Madison St. about 2:30 a.m. Monday by fire that originated from refuse in a wastepaper basket, according to Fire Chief Henry Hoback.

The fire was discovered by Charlotte Tysman and Helen Bauda who live above the grocery store and who heard noises caused by exploding bottles. They called the fire department and awakened Hiding Johnson, the proprietor, who lives next door.

Firemen, despite the handicap of sulphur fumes from the mechanical refrigerator, confined the fire to the warehouse and cooler. Smoke damaged the front of the grocery store.

## Editor of Pontiac Tells Rotarians About News

Harold A. Fitzgerald, editor of the Pontiac Daily Press, told Holland Rotary club members last Thursday about news.

He defined news as "happenings that interest people—irrespective of their importance."

"News," he informed the club at its meeting in the Warm Friend tavern, "is intangible and unpredictable." He described it as one of the most perishable items because it is destroyed by the ticking of a clock. "It is destroyed instantly," he added, "when it becomes apparent."

In answer to a self-put question, "What's the greatest news story you can conceive of?" he said: "The assassination of a president." He conceded that a declaration of war would be more important, but said it has the disadvantage of being forecast while an assassination is not.

To illustrate newspaper progress, Mr. Fitzgerald went back to 1787 when Cornwallis surrendered to George Washington in "one of the most important events in the world."

## G.H. PAIR FAVORED BY VERDICT OF JURY

Grand Rapids, May 14—A \$1,000 verdict was returned Tuesday by a superior court jury in favor of William J. and Mary M. Duga, both of Grand Haven, against John to recover \$1,000 they paid for stock in the General Refining Co. of Grand Haven.

Plaintiffs charged they had been induced to purchase the stock through misrepresentation on the part of the defendant whom they alleged, stated he had a refining plant at St. Louis that would move to Grand Haven and a list of customers who would take the product of the refinery. Ryan contended the Dugas were acquainted with all facts before they purchased the stock and said Duga became E. Ryan. The Dugas had filed suit disavowed when he failed to win reelection to the board of directors of the refinery.

Forty-nine days later, he pointed out, the news reached London where a newspaper expressed doubt as to the truth of the report because it was not sufficiently authenticated. When Charles Lindberghs silver monoplane landed in Paris, he contrasted, the news was in 49 different countries and in 21 different languages in only four minutes. And a few years later when a flying boat landed at Honolulu the news was in New York within 17 seconds and a telephoto had arrived within 17 minutes.

Pictures are of great importance, he said, and the business has taken a big upswing in America. Babies, animals and pretty girls are the three subjects of human interest, he stated.

In answer to another self-put question, "How much can you believe of European war news?" he explained that in the last World War the United States government lied for the first time and press associations actually believed that the Huns cut off the hands of little children. Now, he stated, associations are suspicious of any government.

"Anything correspondents see and report from their own sources you can believe 100 per cent, but what a government says through a communicative or an official, take with a grain of salt," he emphasized. "What the German government says, take with 27 grains. The boys over there have agreed that the British government is more honest."

Mr. Fitzgerald formerly spent his summers in Macatawa park where his father, Howard H. Fitzgerald, owned a cottage. You can't spend two out of 12 months in a community without deriving some affection for that community, he pointed out in his introduction, "especially if it is Holland."

Willis Diekema had charge of the meeting and introduced the speaker and his father, who was a guest of the club.

Washington, May 14, Swinging down Constitution Ave. with the United States Navy band in the lead, school patrol captains from lower Michigan joined patrols of 23 states in the tenth annual school patrol parade here Saturday.

Washington, bristling with defense activity, still found time to watch the parade in which more than 17,000 patrols took part, and the Michigan group in their natty uniforms received generous applause along the line of march. The flags and pennants identifying the boys' home towns, made a colorful sight as they fluttered in the brisk breeze.

The Michigan boys arrived in Washington Friday morning and

spent the day on a bus tour of the interesting historical points of the city, after an hour or so of picture-taking. In the evening they joined thousands of youngsters at the Uline arena for the annual patrol show, which featured band music, boxing bouts, novelty acrobatic acts and a thrilling military display by regulars from the 12th infantry at Arlington cantonment, exhibiting the latest weapons of war. The Redskins band, as well as half a dozen patrol bands played for the baton-twirling exhibition by several girl drum majors.

Saturday afternoon was devoted to a shopping tour and 90 per cent of the gifts were for mothers back home—even the excitement of seeing the sights of Washington and participating in the parade

failed to make the boys forget that Sunday was Mother's day. The boys returned to Detroit Sunday morning where they boarded buses for their home towns. Seventy Michigan cities were represented by the 120 patrol boys, who were awarded trips this year.

# Festival

Now is the season when "the tulip from the soil looks up," and from near and far thousands of welcome visitors come to see our gardens and our countryside, bright-patterned in all the varicolored bloom that means Holland.

More than these lovely fields in blossom greet our visitors. They see us in Festival mood, decked out in traditional Netherlands attire, Wilhelmina in a half-dozen petticoats, laced bodice and snowy cap, Peterkin in big-buttoned jacket and belled pants. The streets clatter to their wooden shoes. And on doorstep and pavements the scrubbing brushes fly.

In this quaint and unique setting, our guests discover, too, the warm-hearted hospitality of a thrifty people who combine a love of flowers with an admirable industry. Out of this industry they have fashioned this modern city from the hamlet they founded now nearly a hundred years ago. With a passion for orderliness, cleanliness and honest work, they unite a Dutch devotion to our cherished old American principles of peace and liberty.

We may hope, too, that all who share in

this Festival will note, besides our tulips, the first green of other and perhaps more substantial crops which Holland grows.

They are such food crops as Heinz welcomes to its Holland plant. There is, for example, the harvest of the luscious cucumbers, grown from seeds carefully selected and nurtured by Heinz, cultivated with Holland-Dutch care, and matured under favoring sun and shade.

In this spotless plant, our Holland kitchen workers convert these first-prize cucumbers into delectable pickles—some sweet with spices Heinz brings from the Dutch East Indies, some piquantly sour, some done up whole, some sliced into jade-green rounds. All precisely flavored with rich and fragrant vinegars by Heinz, and all put up in the same exacting, slow, old-fashioned way your grandmothers made their pickles.

From our Holland factory these unequalled condiments go out under the seal and guarantee of Heinz 57, to grace the tables and delight the palates of the nation. Holland is as proud of them as it is of the tulips themselves.
