## Industry Week Set at Zeeland For May 15-20

### Special Recognition To Feature Displays Of Finished Products

Zeeland—Zeeland's first Industry Week May 15-20 will be highlighted by 29 window displays of finished products from local factories and institutions, and a dinner meeting of the industrial and merchant divisions of the Chamber of Commerce May 16.

Chamber Secretary George Van Peursem emphasized that the aim of Industry Week will be to acquaint townspeople, employees and visitors with finished products from Zeeland's plants.

"Here's an example of what we're trying to correct," Van Peursem said. "A local merchant looked all over the country for some cherry furniture. Why, right here at home we have one of the outstanding makers of cherry furniture in the country. This plant specializes in cherry furniture. And the merchant didn't even know it was made here."

The dinner meeting is set for 6:30 p.m. in the dining room at Bosch's restaurant. Van Peursem said that 75 persons are expected.

Robert Sneden of the Davenport-McLaughlin Business School, Grand Rapids, will be speaker. The Harmonians quartet from Holland will provide music.

Warren Townsend is chairman of the industrial committee, and August Kasten is chairman of the merchants committee.

Zeeland Christian and Public schools will display handwork in two windows each. Other plants exhibiting are:

Trend Clock, Summer Chemical, Komejan Box and Lumber, Zeeland Wood Turning, Wichers Lumber, Sligh-Lowry Furniture, Gory Casket, Footlite Hosiery, H. L. Hubbell Mfg. Herman Miller Furniture, Colonial Mfg., Townsend Mfg., Bennett Lumber and Mfg., Howard Miller Clock, Mulder Art Craft and Novelty, Keeler Brass, Zeeland Lumber and Supply, Northern Fibre Products, H. J. Heins, Zeeland Poultry Process, Big Dutchman Mfg., Frens Upholstery, Tinschick Upholstery and Zeeland Record Co.

## Riverview Park Improvements Set By City Council

### \$1,300 To Be Spent On Scoreboard, Paint And Baseball Dugouts

Added improvements estimated at \$1,300 were approved for Riverview Park by Common Council Wednesday night.

Included on the schedule will be new paint on the grandstands, erection of a baseball scoreboard, and enlarging baseball dugouts.

Expenditure will be made from the Riverview Park fund. Ald. John Van Eerden of the Playground commission suggested the improvements for his group.

Also approved was an expenditure of \$15,098 by the Board of Public Works for purchase of six, eight and 12 inch cast iron pipe to be used in construction of water mains. The pipe will be purchased from the Glamorgan Pipe and Foundry Co.

Ald. Bert Huizenga of the Sidewalks committee reported that his group had studied petitions for sidewalk construction on West 21st St., between Van Raite and Washington Aves., and on Central Ave., between 28th and 29th, and 30th and 31st Sts., and had approved the petitions. The city engineer was instructed to send the proper notices prior to sidewalk construction.

A letter from George E. Smith, 114 West 22nd St., protesting the dusty conditions of roads in the 22nd and Pine section was referred to the Street committee and the city engineer.

The Public Safety commission reported that a request from the Ben Lieveson bowling alleys to change from angle to parallel parking on East Ninth St., just east of Central Ave., would require building a curb. It was therefore referred to the Street committee.

Ald. John Beltman reminded the council that sidewalks were needed in the 28th and Michigan section, and suggested action by the Sidewalk committee.

A request from Melvin Van Tatenhove requesting rezoning of property on the northeast corner of 17th St. and Cleveland, 44 by 132 feet, from class B residential to Class C commercial, was referred for study to the Board of Appeals and the Planning commission.

Van Tatenhove is planning construction of a wholesale candy business at that address.

A letter from the W. E. Dunn Mfg. Co. requesting that the ditch paralleling plant property on Ottawa Ave. be tiled and filled in was referred to the Sewer committee and city engineer.

The letter also said that the company intends to convert the western part of the property into a parking area if the request is granted.

A petition from William C. De Roo, requesting closing of the alley between 31st and 32nd Sts. from Pine to Maple Aves., was referred to the Street committee and the city engineer.

Charles Nivison requested permission from council to remodel a garage house at 319 East 14th St. into a larger home, and move the house to the front of the lot. Petition was referred to a special committee of Aids. Anthony Peerbolt, Lloyd Maatman and Bertal Slagh.

Council was informed that it would be two or three weeks before rebate is made to the city on the resurfacing job on East Eighth St., from the railroad tracks to Fairbanks Ave. The city engineer had invoiced the State Highway department, and a follow-up letter had brought the added information. The city pays for the resurfacing, and the state refunds the money.

City Attorney O. S. Cross presented an opinion on a petition for lease or purchase of city-owned land for a junk yard by Becker Iron and Metal Co. Cross' opinion was that the ordinance expressly forbids storage or baling of scrap paper and iron in an industrial district, and that property should not be sold or leased for this purpose. The petitioning company was ordered informed of the city's opinion.

## 2 Hope Students Hauled From Lake As Boat Capsizes

The first rescue of the infant boating season was effected late Monday afternoon when two employees of Campbell's Boat company answered a call for help and hauled two floundering Hope college students out of icy Lake Macatawa.

The rescuers were Cornelius De Jonge and Eldred Sincok. The rescued were Corwin Otte and Kep Cloetingh, both of 111 East 19th St.

Otte and Cloetingh had gone sailing in a rigged-up canoe with a sail attached at about 4 p.m. Monday. In the middle of the lake off Campbell's, the canoe capsized and the be-dunked students began yelling for help.

De Jonge and Sincok, who were outside painting boats, heard the cries, and jumped into a row boat and answered the call.

Meanwhile, someone had notified the Coast Guard station. When the sailors arrived, Otte and Cloetingh already were safe. The Coast Guard recovered the canoe.

The Coast Guard listed Monday's action as the first assistance call of the season.

## United Fund Over Top in Allegan

Allegan (Special)—Allegan county's United Health and Welfare fund went over the top with \$4,183.83 collected, Probate Judge Harold Weston, drive chairman, announced today.

Fund treasurer E. W. DeLano said the county scored 100 per cent plus, as a whole, with Monterey township scoring highest among the units with 301 per cent of its goal.

Allegan city, under leadership of James Snow, went over its \$2,000 goal. Judge Weston explained that this year 52 per cent of the county's potential quota was campaigned for, and that he and his committee are working toward a completely inclusive drive next year to include all the major money campaigns.

Collects by units include: Saugatuck and Douglas, Frank Sewers, chairman, \$350; Hamilton, John Ter Avest, \$299; Otsego gave \$500 from its Community Chest fund; and townships going over their quotas were Laketown, Heath, Hopkins, and Trowbridge.

That is the signal for a hustle and bustle, and men, women and children join in march down Eighth St., scrubbing as they go.

The Tulip Time committee is doing the usual promotion for getting scrubbers through service clubs and local organizations including the Woman's Literary club, but they emphasize invitations and contacts are not needed for those who can join in the event.

Put on a costume, grab a broom and be there at 2:15 p.m.

## Boeve Seeks Office As State Legislator

Petitions are being circulated for William E. Boeve, sheriff of Ottawa county from 1941 to 1949, as a Republican candidate in the September primaries for the office of state representative.

Boeve has been in the drainage contracting and general excavating business with his sons since leaving office. He lives on a farm on route 4, north of Holland in Holland township.

Only opposition, so far is Robert J. Kouw of Holland who announced his candidacy on the Republican ticket April 15.

Incumbent Henry Geerlings who served as Ottawa county's representative on the state legislature three terms announced April 24 that he would not seek another term.

People of all ages join in the colorful street scrubbing which launches the Tulip Time festival each year. And this year, the scrubbing committee headed by Robert Kouw wants 500 costumed burghers participating in the big event next Wednesday.

## 500 Street Scrubbers Sought for Wednesday

Get ready now for street scrubbing!

In fact, get the whole family ready to participate in the colorful event.

The opening day of Tulip Time next Wednesday will find hundreds of local burghers scrubbing downtown streets, a novel event characteristic of the traditional cleanliness of the Dutch housewife.

Robert Kouw, chairman of the scrubbing activities, and Carroll C. Crawford, Tulip Time chairman, hope to have 500 costumed folk participate in the scrubbing ceremonies.

But people need not wait for an official invitation to scrub the streets on opening day. Everybody who has a costume or who can beg or borrow one is asked to meet in the Lincoln park vicinity at Ninth St. and Cloumbia Ave. at 2:15 p.m. Wednesday, May 17, to join in the event. Those who can be asked to bring their own brooms.

The colorful event follows an official inspection by the town burgemeester and his council who declare the street too dirty to carry on a celebration, and order them scrubbed.

That is the signal for a hustle and bustle, and men, women and children join in march down Eighth St., scrubbing as they go.

The Tulip Time committee is doing the usual promotion for getting scrubbers through service clubs and local organizations including the Woman's Literary club, but they emphasize invitations and contacts are not needed for those who can join in the event.

Put on a costume, grab a broom and be there at 2:15 p.m.

The natural gas pipeline is inching towards Holland. As of Monday, the digger was crossing State St. on the Zealand Rd.—half the distance from the pumping station at Bennekom to Holland. Sections of pipeline are welded together almost into Holland. Workers said that five or six more days of ideal weather would allow them to complete laying the line. Present plans call for natural gas to start flowing into Holland shortly after Tulip Time. After the line is laid it must be

tested and checked before the gas starts to flow. Each section of pipe is brushed and covered with glassine enamel. Then the pipes are wrapped with a spun glass wrapper and recoated with glassine and tested. If the pipe passes inspection, it is lowered into the ground and covered up. The above curved section of pipe was the first to be laid in the direction of Holland from the Bennekom station. Somerville Construction Co. of Ada is doing the work. (Penna-Sas photo)

Vandals Break Up One Picnic Table At Holland Park

Vandals smashed a picnic table at Holland state park sometime Wednesday night. The table cannot be repaired, according to park superintendent Clare Broad.

In the wake of the needless destruction, Broad announced that the park will be closed nightly at 8 p.m.

A few refinished tables and stoves were set out last week for the benefit of Boy Scout troops and Camp Fire units that often picnic at the park this time of the year.

"This only means that someone will be shy a table this summer when things get crowded out here," Broad said.

At the peak of the summer season, there are 200 tables in the park. Broad points out that after all tables are in use one time during the summer and persons have to wait for spaces.

Meanwhile, park personnel is readying the park for Tulip Time. Mechanical equipment will be moved in next week to clear sand and other debris from the roadways. It's the first time mechanical means will be used for the job.

Buildings at the park are being cleaned and readied to open for Tulip Time, Broad said. A foundation has to be built for a Pine Court unit that was moved to the site to house rangers.

Carl Althoff, has been transferred to Holland State park from Sterling to assist Broad.

Reshuffling Gets Maroons Net Win

A shuffled lineup and superior depth paid off for Coach Louis Damstra and his Holland Christian netters Monday afternoon on the 21st St. courts. The Hollanders won their first match of the season disposing of Allegan 4-3.

Surprisingly enough, the usual Christian stalwarts faltered while the "depth" boys came through with the victories. Both doubles combinations notched wins, as did the fourth and fifth singles players. Both David Schreuer and Bruce Bouman, the two dependables, dropped their matches. It was Bouman's first defeat in five matches.

Damstra also shifted his No. 1 singles player, Ed Roels to No. 2 doubles and moved Roger Boer, a doubles man to the No. 3 singles. Roels teamed with Ben Bouwman to whitewash the Allegan duo in love sets.

Christian's season record now stands at three defeats, one win and one tie. They play host to Grand Haven on Wednesday.

Final results of the match are: Singles—Max Hale (A) def. Dave Schreuer (HC) 6-2, 9-7; Jim Bender (A) def. Bruce Bouman (HC) 6-4, 10-8; Bob Rewalt (A) def. Roger Boer (HC) 6-3, 6-3; Joe Kramer (HC) def. Glenn Santee (A) 2-6, 6-4, 6-2; Earl Schipper (HC) def. Calvin Lane (A) 6-3, 6-1.

Doubles — James Kok-Frank Beltman (HC) def. S. Sanders-Martin (A) 8-6, 2-6, 6-2; Ed Roels-Ben Bouwman (HC) def. J. Schoonard-P. Conroy (A) 6-0, 6-0.

## 2 Suits Pending Against Allegan; Seeking Damages

### Woman Claims Fall On Faulty Sidewalk Caused Severe Hurts

Allegan, (Special) — Allegan City Council had a stormy session Monday night.

Council heard, (1) witnesses for Mrs. Grace Barker, in an examination regarding a pending suit against the city for a street accident; (2) turned down the request of John Rudawski to transfer his tavern license to the location of the Vet's club on Locust St.; (3) was informed that another liability suit against the city in the offing; (4) gave the green light to the National Utilities company to turn on natural gas in city mains May 8; (5) and issued an order for sidewalk repair.

In the Barker liability case, three witnesses were called by her attorney in support of a claim that a fall on an unrepaired sidewalk ramp caused her severe injury. She now is a patient in a nursing home where city officials plan to interview her before making a settlement or taking the case to court.

A fourth witness appeared in the doorway of the council room, but refused to testify unless subpoenaed. Since no one was empowered for that action in such a hearing, he was dismissed.

Despite a plea of the VFW commander that the decision on transfer of the Bowers tavern license to the Vet's club meant financial rescue or bankruptcy to the organization, the council turned down the request on the basis of public opinion against a public tavern on the city's main street.

The VFW officer said sale of the building would permit the organization to pay its debts and establish a new club outside the city limits. The council suggested it seek another buyer whose business would be acceptable in that location.

With a second liability suit for a sidewalk fall near the Penney store threatening, the council invoked its sidewalk ordinance notifying the owner of the Franz building to repair a broken section of its walk on Locust St. By that action, the city saves itself from further liability if another mishap occurs.

## Delightful Concert Given By HHS Choral Groups

A choral program of stellar quality delighted an audience of about 350 persons Thursday night in Holland high school, put on by the a cappella choir, the mixed chorus and the girls' glee club. The program will be given again tonight at 8 p.m.

Director Robert E. Moore displayed considerable showmanship when the program opened with the lilted "It's a Grand Night for Singing" by the mixed chorus with curtain slowly opening and colored lights used on the chorus. All girls in the mixed chorus and glee club wore pastel formal. The choir wore robes.

The chorus sang a group of four selections and the glee club seven selections, demonstrating a certain sweet lyric quality found only in young feminine voices.

The main part of the program was carried by the more experienced a cappella choir which felt quite at home on the stage, perhaps because of the many personal appearance the past year. Particularly evident was the development of a fine tonal quality in concert singing.

Moore, who was on the stage for almost all of the hour and a half concert, displayed a fine control and a certain informal attitude which reflected on his choral groups. His between-selection humor brought smiles to the

faces of the singers, resulting in a certain ease and happiness in singing.

Particularly well received were the old-time religious favorites, "Now Let Every Tongue Adore Thee," Bach, and "O God Our Help in Ages Past," Croft. The lilted happy music of Bach's Peasant cantata was a happy addition to the program. The choir will join the Christian high choir and the Community Chorus in performing this work at the Wednesday night Tulip Time program at Riverview park, accompanied by the University of Michigan Symphony orchestra.

Favorites of the choir seemed to be the boys' selection "Veni Jesu," Cherubini-Marsh, and the choir's "Monotone," Lockwood, and "To Music," Schubert.

Two selections were sung by soprano Delene Baar whose clear voice showed good control and definite promise. A baritone selection was played by Bruce Van Voort, a horn student of Leonard Falcone at Michigan State.

Unseasonably warm weather took its toll as the choir sang under the bright lights on the stage. One member fainted and a few others left to get fresh air. Moore said fans were being installed today to aid ventilation, and if the weather was too warm, the choir might perform without robes tonight.

day night with a dinner at the American Legion club house. Attending the event were their children, grandchildren, brothers and sisters.

The Konings anniversary occurred on April 19 but a celebration was not held at the time.

They have four children, Mrs. Herm Remtma of Grand Rapids, Joe Konig, Mrs. Ray Elferdink and Mrs. Larry Hofmeyer, all of Holland; also 12 grandchildren and one great grandchild.

## Mrs. Donnelly Tells Club Of Pilgrimage to Rome

Our Lady of Fatima Study club of St. Francis De Sales church held its regular meeting Thursday evening at the home of Mrs. Joseph Lang. Guest speakers for the evening were Mrs. Bernard P. Donnelly, Jr., who recently returned from a trip to Europe, and Mrs. Edward Heuvelhorst, who reported on the second regional congress of the Confraternity of Christian Doctrine.

The Congress was held April 28, 29, and 30 at the Clive auditorium in Grand Rapids; its purpose being to "spread the Light of Faith through teaching and conversation thus helping to dispel the fog of ignorance and misunderstanding." Sponsored by Edward Cardinal Mooney of Detroit, and the bishops of Michigan, its participants included prelates from the provinces of Detroit, a representative of the National center of the Confraternity from Washington, D. C., and clergy, religious and lay leaders from Indiana, Illinois, Ohio, Wisconsin and Michigan.

Mrs. Donnelly spoke at length on her pilgrimage to Rome, Italy, where she was privileged to have an audience with Pope Pius XII at the Vatican.

"It is awe inspiring to be received by Our Holy Father, who is constantly surrounded by the Noble and Swiss guards in colorful costumes, sworn to protect His Holiness with their lives. Kindly his smile be, but his dignity and his bearing are overwhelming impressive," she said.

She described St. Peter's Basilica which is the largest Christian church in the world, where 100,000 people can worship at once. St. Peter's is located above ancient burial grounds, and one of the focal points in the cathedral is

the view down into the crypt where the supposed tomb of St. Peter lies. Mrs. Donnelly said the Pope will announce to the world during Holy Year whether the true remains of Saint Peter have been discovered in the excavations now taking place under the church. Outstanding among sacred relics for veneration during the Holy Year witnessed by Mrs. Donnelly were the veil of Veronica showing the imprint of the Saviour's face, a nail from the true cross, and the spear which pierced the side of Christ. These were described as all true relics and enclosed in glass cases.

No visit to the Holy City would be complete without exploring the treasures of museums, libraries, architectural wonders of Michelangelo and masterpieces of Raphael, Mrs. Donnelly said. The Pinacoteca galleries house the work of hundred of artists, some of the outstanding being Leonardo da Vinci, Botticelli, Giotto and Fra Angelico she said. The speaker described as one of the most outstanding works of art, the Sistine chapel, which is all art; one end wall is thousands of square feet of vigorous and moving Michelangelo, portraying the Last Judgment. Michelangelo painted the magnificent ceiling of the Sistine Chapel—the entire ceiling was and is a daring artistic concept using all available space showing the Creation of Man, the Flood and the Fall of Man, she said.

Mrs. Donnelly concluded her talk by saying that days and days can be spent at the Vatican with "profit to the eyes and heart."

There was a general discussion by group members, followed by social period and refreshments. The next meeting will be held at the home of Mrs. John Zych.

Holland In 1916

Both the second and third floors of the old First State bank building were now unoccupied and A. Peters, the new owner of this building, has a force of carpenters busy remodeling, began a story in the Friday, July 14, issue of the Holland Sentinel published in 1916.

Three foreign missionaries, four outgoing missionaries, Mayor George P. Tilma of Grand Rapids, a chorus of 200 voices and an orchestra have been engaged for some of the leading features of the first Grand Rapids mission festival of the Reformed church in America to be held all day Thursday, July 27, at North Park.

The board of education of the Douglas school has re-engaged Wilbur J. Greer as superintendent. The other teachers are Miss Maude Turnbull, assistant; Mrs. Estella McVee, grammar school; Miss Mabel Zeitsch, intermediate, and Miss Della Thaw, primary.

"Gerrit J. Diekema for governor," will be the slogan of western Michigan Republicans during the primary campaign, which will end in August. This step was practically decided at a recent dinner party in Grand Rapids when many of the prominent men in the party in Grand Rapids gathered at this dinner given as a compliment to the man from Holland and pledged their undivided support to him.

The annual school meeting held Monday evening resulted in the re-election of E. H. House as member of the board for another term of three years. It was decided to extend the school year to 38 weeks, two weeks longer than formerly. The Primary building has already been placed on its foundation and is ready now for the carpenters to put it in proper shape for a model primary school. It has surprised many people to see how easily this large building has been moved by Plagge-mar Bros. of Holland, nearly two miles over rough roads and around corners and placed in position in less than five days without cracking the plaster. Schools will open Sept. 5. Mr. Ellis is attending the summer school at the University—Saugateck Commercial Record.

Close to 200 boosters, including business men, professional men, manufacturers and laborers unanimously voted that it was the sense of the public mass meeting held Friday night in the court room of the City Hall, that the common council pass a resolution submitting to the vote of the people the question, whether or not the city be bonded for a definite sum (\$50,000) was suggested as being sufficient), to be used for a certain length of time to bonus factories in order to get them to locate in this city. This news story appeared in the Saturday, July 15, issue.

The Holland Furnace company, a concern which has grown from babyhood to one of the largest in Holland during the past nine years, is now building another addition. The new addition is 50 x 100 feet, built of brick and of saw-tooth or open air construction.

As a part of their honeymoon trip Mr. and Mrs. Homer V. Venhuizen of Holland were guests Thursday of Miss Mary and Miss Nellie Grooters en route to Chicago. Mr. and Mrs. Venhuizen were married in Holland July 12, the Rev. H. Veldman officiating. Mrs. Venhuizen was Miss Bertha M. Smith of Holland.

Mrs. Fred Rauser and son of Chicago, Ill., and Mrs. Victor Stevens and son, Arthur, of St. Paul, Minn., are visiting their parents, Mr. and Mrs. Robert Kimpton, this city.

More than 350 poor children of this city attended the annual Sunday school picnic, given by the City Mission, at Macatawa Park last week, according to a story appearing in the Monday, July 17, issue. Through the efforts of Miss

Nellie Churchford and the other mission workers, money was raised and food secured.

Herman Stegeman, a former Hope college athletic star, has accepted a position as director of athletics at Monmouth college, Ill. Monmouth college is in the Little Five conference with Beloit college, Wis., where Stegeman was coach in athletics during the last school year. Since Stegeman left Hope he has played on football, basketball and track teams at Chicago university and captured a trophy in track work at the San Francisco exposition.

## Savings Offered On Life Insurance

Ben L. Van Lente and son are local agents for State Farm Mutual. They also represent two non-assessable fire insurance companies which offer sound fire insurance coverage with discounts up to 20 per cent off the established rate. The Michigan Adjustment Bureau is called for any losses and prompt and satisfactory service is given. Van Lente says this is not bargain insurance but quality insurance at bargain rates.

Polio season is here again and a special polio policy is needed to cover all expenses of polio. Included in this is the coverage of seven other specific diseases. This policy pays for each disease up to \$5,000 for each member of the family. It gives a broad coverage for the low premium of \$10 a year for the entire family.

State Farm offers one of the finest insurances available in its 80-20 policy. This policy pays 80 per cent of any collision damage to your car regardless of how it happens or who is at fault. The rate on this 80-20 policy is reasonable. For instance, the rate on a certain 1950 sedan is \$37.50 every six months and includes 10-20 liability, \$5,000 property damage, comprehensive (fire, wind, theft, glass breakage, etc.) 80-20 collision, \$500 medical coverage and emergency road coverage. ## State Tax Men Will Re-equalize Allegan Valuation

Allegan (Special) — A crew of a half-dozen officials of the state tax commission started out Monday on a two-months job of interviewing several thousand Allegan county tax payers.

They will be beginning the task of re-equalizing the county's valuations, an action resulting from the petition filed by eight supervisors in protest of the 48 million dollar equalization approved by the supervisors board in April.

The equalized valuation undoubtedly will go much higher, but probably won't be doubled as in Barry county, said I. H. Dintaman, field supervisor in charge of the work. He said he couldn't estimate what his group's final report to the board will be. But some persons interested in county government have guessed the equalized valuation may go to 70 million or more.

The tax experts will conduct interviews, measure buildings, and otherwise do a thorough valuation analysis on 15 per cent of the county tax description, including personal property units. Heaviest survey will fall to Allegan, Otsego and Plainwell, with perhaps less than 100 checks made in a rural township.

By the spot check, the group will form a ratio for equalizing the entire county in proportion. Dintaman said it was most unlikely that any areas would get a decrease, however.

When the county approved its equalized valuation, it used the face of the roll, or the assessed value, Dintaman explained. His group cannot change the assessed valuation upon which millage is set, but it can raise millage in proportion to the change in equalization.

The tax group had a good start on its new job because Dintaman and his assistant, Ray Bennett, have been here since February classifying the rolls. They have nearly completed putting each tax description into such categories as farm, vacant land, industrial, and other types. This has been for state equalization, he said, but will be used in the county project.

(From Wednesday's Sentinel)

Last Sunday was a memorable day for the Hamilton Reformed church, as services were held for the last time in the old church building which has served the congregation since its organization. Large audiences filled the church at the usual morning and evening services, and a large number were present at a special service in the afternoon, conducted entirely in the Holland language, which was the language originally used and continued for many years. The pastor presided at this special meeting and the Rev. A. H. Strabbing, who is nearing 94 years of age, and the first regular pastor of the church, addressed the congregation and offered prayer. He has twice served the local pastorate and is now spending his retiring years as a member of the church. The Rev. N. Rozeboom of Kalamazoo, also a former pastor, gave the concluding message. Rev. Muyskens used the text "The glory of the old and of the New." The adult choir sang "Seek Ye The Lord." The dedication services of the new edifice are being held tonight and Thursday evening at 7:30, and the first regular service in the new sanctuary on Sunday, May 14. Mr. and Mrs. Ernest Bartels and young son, Michael of Ohio were recent visitors in the home of their parents, Mr. and Mrs. John Bartels, and Mr. and Mrs. Ivan Borton and baby, Linda, of Lansing visited for a week-end with their parents, Mr. and Mrs. Jesse Borton.

The Senior Christian Endeavor service was in charge of Eugene Huisman and Kenneth Bolks last Sunday with the topic "Whatever He Would Have Me Do" for discussion. The Junior high group considered the topic, "God's Plan for My Life" with Rodney Overbeek and Phyllis Brink as leaders. The local postmaster, Herman Nyhof, spoke to the upper grades of the school at a Friday morning program about the postal service. Joe Moran

## Moran Appointed Recreation Head

Joe Moran, long-time physical education instructor in the public schools, will become Holland's first full-time recreation director.

The Board of Education by a vote of 7 to 2 decided Monday night to release him from his teaching duties to the new city position as well as continuing as director of physical education and athletics for the schools.

The Playground commission will contribute \$2,000 toward his salary which will be computed on a 12-month basis instead of the current 10 months. Moran will continue his work with the schools, serving as athletic director and tennis coach. He recently was named athletic director, succeeding Leon N. Moody.

In his new position, Moran will be able to work out a city recreation program in conjunction with school activities. He will operate the summer playground program, winter sports, summer baseball, basketball, supervise tennis activities and horse shoe courts, and work closely with both the Playground commission and school authorities in working out a program of recreation of most benefit to the city and the schools.

Dissenting votes were cast by Trustees Vernon D. Ten Cate and Jay L. De Koning. Both made it clear they had no objection to Moran's appointment, but felt the arrangement at the present time will be inconvenient in view of the fact that Moran's school duties were quite heavy, and the new program would require a part-time physical education instructor on the faculty.

Trustees Harry Wieskamp and E. V. Hartman represent the school board on the City Recreation commission.

## Librarian Cites Needs in County

Forty-eight per cent of the population of Ottawa county lives in areas not served by any local library, according to Mrs. Loleta D. Fyan, state librarian.

Mrs. Fyan today released the results of an annual survey made of the libraries in Michigan. The survey, conducted by the Michigan state library's extension division, was under the supervision of Eudocia Stratton, extension head.

The statewide picture shows many library deserts—places completely without any library service. Of the total 83 counties in Michigan, 58 have these so-called library deserts.

For the entire state, 750,000 persons live in library-less areas. Mrs. Fyan suggests creation of more and regional libraries with local and state funds. At the present time, the state allows \$15,000 for each new county library. Small continuing grants also are given annually.

State aid for libraries comes under an appropriation from the legislature. This year's fund of \$362,085 is less than it was 12 years ago.

The state board for libraries is seeking an adjustment to take care of inflated costs and increase in population.

## Zeeland High Nips Holland Christian In Hurling Duel

A towering double to centerfield by Catcher Ray Wagner scoring first baseman Mickey Zuverink in the seventh inning gave the Zeeland Chix baseballers a 2-1 decision over the Holland Christian nine, Monday afternoon. The contest was played under ideal conditions at Riverview park.

Both clubs battled in a close ball game for six innings before the Zeelanders touched Jerry Schipper, Christian hurler, for three hits and one run. Jerry Klekover opened the Zeeland seventh with a single. Zuverink then got his third hit, but Klekover was nipped sliding into third base. Zuverink took second on the play. Wagner then walked a long hit drive to center scoring Zuverink with the winning tally. Schipper pitched his way out of further trouble.

Coach John Ham's Hollanders made it interesting up to the final out. After the first two batters fanned to open the final half inning, Pinchhitter Floyd Brouwer walked. Ralph Bowman then singled to right, and when the rightfielder bobbled the ball, both runners advanced. Wilbur Venema then struck out to end the ball game.

Christian drew first blood in the third inning. Schipper walked to start the inning but was forced at second by Ralph Bowman who was safe on the fielder's choice. Venema then smashed a line drive triple to deep centerfield, scoring Bowman with the lone Dutch tally.

Zeeland came right back in the fourth to knot the count. The Chix took advantage of three Holland errors and a bouncing single over the first baseman's head, to account for their one marker.

Ward Ver Hage and Tuuk Kroil did a good job in sharing the Zeeland pitching chores. Kroil replaced Ver Hage who tired in the fourth inning. Each pitcher allowed the locals just one hit. Meanwhile the Zeelanders collected six hits from the slants of Schipper.

Zuverink led all hitters with a double and two singles, while Venema and Bowman got the only Holland safeties.

## Defendants File Answer in Liquor Accounting Case

### VFW Operators Claim That Free Drinks And Treats Cut Profit

Allegan (Special) — Alleging that club members' "free drinks and treats" prevented an accurate accounting of liquor sales, three Reichenbach brothers have answered the demand for an accounting of the Otsego Vets club financial affairs four years ago.

The club, operated by the Veterans of Foreign Wars post, had started the proceedings in circuit court, asking Wesley, Carl and Forrest Reichenbach, Alonzo McNutt, Harvey Newman and Hudson Kelley to make an accounting of several thousands of dollars of liquor sales and of a \$7,000 loan received by the club.

The answers deny each of the three converted any liquor or money to their personal use, but that the club's policy of "over-pouring" and treats—approved by the membership—used up the liquor.

They further allege that the \$7,000 loan made by D. J. Devine of Saugatuck was to purchase land and buy materials to repair the club building. For consideration of the loan, Devine placed slot machines on the premises on a 50-50 basis, the Reichenbachs declare, which they believe paid off \$4,000 of the loan during a 10-month period. They declare the membership approved of this arrangement.

In the answer, concerning a sales tax audit, the Reichenbachs state it was the "consensus of the management that the revenue department was taxing the club for income from slot machines and that a protest would put an end to their operation which was proving highly profitable." They aver that the audit alleged the club disposed of \$4,000 not properly accounted for, and that the club paid the deficiency on it.

Carl and Wesley Reichenbach were said to have had complete control of club finances during the period they managed the place; the brothers insist control was by the board of trustees and they made full accounting before resigning.

## Tigers Claw Dutch In Late Innings For Lopsided Win

### Heights Maul Three Holland High Hurlers To Stay Undeclared

The Muskegon Heights Tigers clawed furiously in the last two innings Tuesday at Riverview park to hand Holland high its second southwestern conference defeat 13-7.

With the score knotted at seven-all, the Heights team broke through for six runs, more than enough to salt the game. They combed three Holland hurlers for a total of 15 hits, six for extra bases.

The Dutch played as if looking past the Tigers to Kalamazoo Central whom they tangle with Thursday. The Maroon Giants are riding the crest of 35 straight victories spanning four years of competition.

In keeping with saving his best pitcher for the big game, Bob Stupka opened with Merrill Hummer, who regularly plays the outfield. And it took the Tigers only two frames to chase him back to his familiar habitat.

They tallied two runs in the first on one hit and two costly Holland errors. And they routed the lefthanded Human in the wild second when they garnered five runs. The uprising brought another lefthander, portly Glenn Kamper on the scene.

Meanwhile the Dutch—up keeping with their early inning policy of scoring a lot of runs—took the lead by plastering Tiger Pitcher Bernie Winicki for four hits and six runs in the first.

Human, Third Baseman Max Doolittle, Rog Eggers, playing the outfield and First Baseman Arnie Klomprens all hit safely.

The Tigers tallied two in the first and with five in the second, tied the score. Winicki started the big rally by busting a terrific line drive over the right field fence for a home run with a man on.

After the second, both pitchers settled down with Kamper pitching hitless ball for the third, fourth, and fifth innings. But the fastballing Winicki kept the plate undented for the remainder of the ball game.

Kamper was breezing along, when with two out in the top of the sixth, the dormant cats finally bared their fangs. They crossed the plate twice on three hits. Roger Eggers had to be called to relief to strike out Tony Broutlet with the sacks jammed.

The hitless Heightsmen showed no partiality to Eggers in the seventh when they notched four runs. The big blow was Paul Gilberts blast to deep right which went for a triple with two on.

The Dutch could do nothing with Winicki after the second, getting only four hits over the remaining distance.

Human and Eggers each had two hits for Holland. Morris Witteveen, Bob Tasma, Klomprens, Doolittle, and Don Schutt each cashed one.

Every man in the Heights lineup collected at least one safety with Bill Barnhill, Broutlet, Fred Smith, Don Eaklesdafer, Ray Gouthier, and Gilbert getting two apiece.

The game which took two hours and thirty minutes to play does not enter into Southwestern standings. Muskegon Heights is undefeated this season.

## Holland Boatmen Suggest Licenses On Lake Macatawa

### Bert Robb, chairman of the Michigan Waterways commission, told local boatmen Monday night that they had better get together on regulations for boating on Lake Macatawa or the state will take over control.

Robb, speaking to members of the Tulip City Boat club, suggested that a committee made up of local boating organizations and other interested groups, get together and formulate safety rules.

The meeting, open to the public, was held in Haan Motor Sales showroom on West Ninth St. Fifty persons attended.

O. W. Lowry pointed out that there are enough clubs now to control boats on the lake and suggested licensing of boat operators.

Edwin Raphael seconded the licensing proposal and further proposed that local boat organizations enforce the licensing.

Robb said, "You've got to have local boatmen participating in regulation. The regulations you have today are from Milwaukee."

Earlier Robb had been asked to submit a preliminary draft of a harbor ordinance for Holland and other areas in Ottawa county. Bob Carley said he thought that preliminary draft went too far and suggested that it be toned down.

Robb answered by saying that he expected objections to the preliminary draft and added that it was merely a starting point for local authorities.

"I am a public servant working for you," he said.

W. H. Vandewater, secretary-manager of the Chamber of Commerce, told the meeting that the chamber is planning another public meeting on the proposal after Tulip Time.

Del Van Tongeren, president of the Tulip City club, presided.

## Celery Growers Shift Plantings To Green Types

### Experiment Tests Show Varieties Grow Well in Muck Soils of Michigan

Changing consumer preference in Michigan for green celery has resulted in a shifting of growers' plantings to more and more of the Pascal (green) types, say Michigan State college horticulturists and soil scientists.

Several varieties of green celery performed well in the experimental trials on the college muck farm in 1949, according to S. H. Wittwer, J. F. Davis, and A. N. Reath, reporting in a recent issue of the quarterly bulletin of the Michigan agricultural experiment station.

Varieties outstanding in yield, storage quality, and blight resistance were Utah 15 and a local selection distributed by Vande Bunte Brothers in Hudsonville.

Utah 10-B and a similar selection called Superior Pascal offered excellent keeping quality, gave high yields, and had the best stalk length and heart development of all varieties. However, both were very susceptible to leaf blight injuries. Summer Pascal types showed considerable resistance to blight, but had poor storage quality and short stalks.

Tests indicated that spacings between individual plants in the row should not exceed six inches. By spacing plants in the row nine inches apart, the percentage of marketable stalks was reduced 31 per cent, and many plants showed a flat bushy type of growth with no heart development.

The 1949 tests suggested that excellent green (Pascal type) celery, equal in quality and appearance to that shipped in from western states, could be grown on the muck soils in Michigan. For good quality, however, it is necessary that harvesting be delayed sufficiently long for the crop to be exposed to several weeks of cool night temperatures.

## Farm Land at MSC Used for Research

The "proving ground for Michigan's agriculture" is the term often applied to the farms of Michigan Agricultural Experiment station carry on their research. Byron H. Good, assistant supervisor of the MSC department of the college farm, states that 3,694 acres of land are now owned by the college, making it one of the most ideal college farms in the corn belt.

He explains that as land is acquired, it is cleaned, cleared, drained, fenced, and conditioned by the department of the college farm. It is then allotted to departments for research. At present, 2,656 acres are assigned to this work and 1,038 acres are used as the college campus.

Citing a brief history of the East Lansing land, Good said the original purchase was 676 acres of land in 1855. From 1900 to 1923, the college added 337 acres which made a total of 1,026 acres owned by the college. Additions of land have brought it to the present total of 3,694 acres.

The college farm land now includes 483 acres in permanent pasture and 375 acres in rotation pasture. Several departments co-operate in conducting pasture experiments. Many of the 1,026 animals owned by the animal husbandry and dairy departments are used in connection with pasture demonstrations.

Harvested crops occupy 1,183 acres and are used to help maintain the college herds. Woodlots take up 230 acres and are under the direction of the forestry department.

Tracts comprising 395 acres are devoted to research work in crops, soils, botany, entomology, forestry and horticulture.

## Know Vegetables, Garden Varieties, When Buying Seed

With spring in the air, many gardeners throughout the state are either breaking plots of ground or are smoothing out seed beds in anticipation of another vegetable growing season.

Michigan State college horticulturists point out that many factors must be considered in choosing varieties for commercial gardens or home consumption. Prospective growers should inquire into the source and strain of varieties before purchasing seed, they report.

Through years of trials at the Michigan Agricultural Experiment station at East Lansing some variety recommendations are available for Michigan growers. Among varieties recommended are:

Beans: (Snap Green) Early—Top Crop, Stringless Black Valentine, Contender; midseason and canning—Ranger, Rival, Tendergreen, Giant Stringless Greenpod. (Snap Wax) Pencil Pod, Cherokee, Round Pod Kidney or Brittle Wax, Puregold. (Pole Green) Kentucky Wonder. (Bush Lima) Peerless, Triumph, Fordhook 242.

Beet: Crosby Egyptian, Detroit Dark Red, Perfected Detroit. Carrots: Home garden and market—Nantes, Supreme Half Long, Danvers; canning—Red Cored Chantany.

Sweet Corn: Early—North Star, Seneca Dawn; second early—Marcross, Carmelcross; midseason—Golden Cross, Iona, Tendermost, Seneca Chief.

Lettuce (leaf): Grand Rapids, Simpson, Slobolt. Onion (sets): Ebenezer, Southport Yellow Globe, Silverskin, White Portugal.

Peas: Garden and fresh—Little Marvel, Mores Progress, Greater Progress; canning—Surprise, Pride, Perfection; freezing—Thomas Laxton, Shasta, Glacier, Victory Freeze.

Radishes: Scarlet Globe, Cherry Belle.

Spinach: Long Standing Bloomsdale, Virginia Savoy, Nobel or Giant Thick Leaved.

## Beef Brings Most Profit to Farmer

Why does beef return to the farmer more of the consumer dollar than almost any other farm product?

Robert Kramer, Michigan State college agricultural economist, says farmers currently get less than half of the consumer dollar spent for all food, and the return ranges down to less than 25 per cent for some commodities. But for beef, he gets three-fourths of the consumer's dollar.

The wheat farmer, for example, gets less than one-fifth of the consumer dollar spent for white bread.

Does this mean, then, that beef farmers are making more money than wheat growers? Not necessarily.

"The farmer's share of the consumer dollar spent for each commodity is not an indication of farm income, but rather of the different amounts of processing, transportation, and other work and expense required to get the raw product to consumers in the form they want it," Kramer explains.

The hen, for example, does a good job of turning out eggs in the form we use them. A good grade beef steer supplies beef in edible form. The hog is not quite so accommodating. It does not cure or smoke its own sides and hams. White bread and canned peaches are examples of finished products with many marketing costs in them before they reach the consumer.

Beef, Kramer says, has only about a 10 per cent processing loss, with little spoilage and waste. By-products pay for the small "manufacturing" costs, cooling and transportation.

## Perjury Charge Lodged Against Larceny Witness

Gilbert Zuverink, 30, of 104 Spruce Ave., is free on bond after standing mute at his arraignment before Park township Justice C. C. Wood Sunday on a charge of perjury. The charge grew out of Zuverink's testimony in circuit court April 24 in the larceny trial of Ervin C. O'Connor.

Zuverink was arrested Saturday morning upon complaint of Prosecutor Wendall A. Miles. A property bond of \$2,000 was posted for his appearance at the June session of circuit court.

Prosecutor Miles said that Zuverink has signed a confession that his testimony in the O'Connor case April 24 was "a series of falsehoods, complete perjury and according to a pre-arranged plan between himself and O'Connor."

According to Miles, Zuverink made a statement March 12 incriminating O'Connor. At the trial, Zuverink repudiated his statement.

Zuverink said he made his original statement to Miles to get out of jail, the prosecutor said.

After questioning by Deputy Clayton Forry Saturday, Zuverink agreed to make another statement repudiating his repudiation. This statement was sworn to and signed before Justice Wood Sunday.

O'Connor was found guilty of larceny from a building. The specific charge was taking a power saw from Vogelzang hardware.

He is now free on reduced bond of \$500 pending hearing of a motion for a new trial.

## Planting of Oats Begun On More Sandy Soils

Oat planting started in Ottawa county last week on some of the more sandy soils states L. R. Arnold, county agricultural agent. It may be several days before farmers with heavier soil can get on the land, particularly so if we get more rain.

Arnold believes Lee DeNeff, Allendale, was the first one to plant oats in 1950. His field was seeded to oats April 17. De Neff applied about 400 pounds of fertilizer per acre.

This is a good practice where alfalfa is being seeded at this time.

## Don't Forget the Cabbage Family In Your Garden

Michigan State college vegetable gardening specialists caution home gardeners not to forget the cabbage family in planting their summer and fall gardens.

Broccoli is fast taking its place as a popular vegetable. It was introduced from Italy, and is high in mineral content and vitamins. Broccoli is able to withstand heat and drought. Young plants may be started in hotbeds for an early crop or plants may be purchased for planting. For a fall crop some six or eight seeds may be sown in hills 18 inches apart and in rows three feet apart. Recommended varieties are Italina Green Sprouting and DeCleco.

A relative of the cabbage is brussels sprouts. These plants may be set out in June. Frequently seed is planted directly in the garden. The lower leaves of the plant should be removed as they begin to grow. The top leaves should remain untouched. Gardening specialists recommended the Long Island Improved variety.

For best results, cabbage seed should be sown indoors in March. However, if plants are purchased later they may be set out in early May. Home gardeners should plant several early varieties so to lengthen the maturity season. To stop the cabbage heads from cracking horticulturists say twist the heads half way around so to disturb the root system just before the cabbage reaches maturity. Quality cabbage can be grown only in fertile soil.

The preferred early varieties are Copenhagen Market, Golden Acre, Yellow resistant strain, Jersey Queen, and Yellow resistant Midseason; Marion Market and yellow resistant. Late: Hollander and Penn. State Ballhead. Miscellaneous varieties: Chieftain Savoy and Red Acre.

Cauliflower plants set out the first of July will come out bearing the last of September. The plant does not do well in dry, hot atmosphere. It is generally more profitable to grow it as a fall crop. Cauliflower heads must be protected from the sun and rain and also for the blanching process.

The heads are blanched by tying the leaves over them. In hot dry weather three or four days will be enough to blanch the head, while in cold weather it often takes eight to 14 days. Recommended varieties are: Snowdrift, White Mountain or Snowball, and Early Snowball.

Tree planting has gone into high gear in Ottawa county according to reports from L. R. Arnold, county agricultural agent. A check with Frank Garbrecht, West Olive, manager of the West Ottawa Soil Conservation district nursery, revealed over 1,200,000 trees had been distributed to farmers by April 21. Several hundred thousand will still go out from the nursery.

Demand for trees has exceeded the present capacity of the nursery. Directors are considering an expansion during the next two or three years.

Requests for several hundred thousand seedlings have been received from outside the county. One of these for 30,000 seedlings was received from the governor and some other state officials. Directors have decided that local orders should receive preference. Therefore, all outside orders were refused.
