Reigns Over Latin American Fiesta

Lydia Anaya Named Latin Fiesta Queen

Lydia Anaya, 17, a Holland High student and daughter of Mr. and Mrs. Paul Anaya, 206 West 14th St., was named queen of the tenth annual Latin American Fiesta at the contest Saturday in the Holland Armory.

She will reign over the Latin American Fiesta May 31 in Holland Civic Center.

Miss Anaya was crowned by the 1974 fiesta queen, Elsa Ramirez, who is a freshman at Hope College.

Named first runnerup was Mary Ann Murillo, daughter of Mr. and Mrs. Juan Murillo and a senior at Holland Central Michigan University in the fall.

Second runner up was Maria Corral, 18, daughter of Mr. and Mrs. Jose Corral of Saugatuck. Third runner up was Anna Maria Nava, 16, daughter of Mr. and Mrs. Ramon Nava and a ninth grade student at E. E. Fell Junior High School. Fourth runner up was Ida Galvan, 18, daughter of Mr. and Mrs. Gilbert Galvan of Holland and a Holland High student.

Trophies donated by the Kiwanis Club were presented to the girls by Mrs. Olga Cadena. The queen and her court received a bouquet of roses from the First Michigan Bank & Trust Co.

The contest winners also received gift certificates from several downtown merchants.

Miss Anaya and her court were honored with a coronation ball following the judging. Manny Rodriguez and his band from Chicago provided the music.

Two folkloric dances were presented by a group directed by Raul Ramos. They were the "Chiapas" and "La Redova." The group will appear in the Latin American Fiesta May 31. The 1975 Fiesta queen and her court will appear on the Tulip Time float sponsored by L. A. U. P.

Chairman for the queen contest was Mrs. Molly Delgado. Judges for the contest were Dr. Lamont Dirks, Dr. Maria Castillo, Patrick Donnelly, Don Oosterbaan and Stan Boersema.

Just Need Warm Days, Warm Nights

Tulips Slow, But They're Coming

Yes, tulips are slow this year, but with some reasonably warm weather this week, there should be plenty of color for Holland's 46th Tulip Time festival May 14-17.

That was the opinion of Park Supt. Jacob De Graaf who said it was entirely possible this year to have all the flowering shrubs and tulips blooming at the same time, a phenomenon which has occurred only a few times in the past. Magnolias and Japanese cherry blossoms usually bloom earlier.

"We've had plenty of moisture this year. Now all we need is some warm days and warm nights, and the tulips will burst into bloom," De Graaf said. He added that many early varieties already are in bloom.

Tulip Time this year promises to attract more visitors than ever before.

For example, one tour group of 700 senior citizens traveling in 16 buses and staying one night is coming from Mankanda, Ill. This Presley tour group has made reservations for several events as well as bleacher seats for the parade.

Bleacher seats for all parades have been sold out as are reserved seats to most evening events.

Because the Barbershop Quartet program Friday night is pretty much a sellout, the Tulip Time board has arranged for a patriotic program by the Living End Singers Friday night in Holland High School. Titled "Spirit of '76," the program is Tulip Time innovation under the direction of Birt Hilson. Tickets are \$3.

Meal reservations for bus groups are far ahead of other years with over 8,000 meals reserved, mostly for senior citizens groups.

In 1974 more than 3,700 visitors were accommodated in

motels and hotels and 1,400 were placed in local homes. More home listings are being sought by the housing bureau in Civic Center. Persons willing to open their homes for Tulip Time guests are asked to call the Tulip Time Housing Bureau, two numbers listed in the telephone book.

West Ottawa School Board Drops Millage

Recognizing the depressed economic conditions of the Holland area, the West Ottawa Board of Education took action at a special meeting Monday night to reduce the tax burden of its citizens.

The board voted to reduce the debt retirement levy from 7.2 mills to 6.2 mills. Such a reduction is accomplished by board action and does not require a vote of the citizens.

The board also determined that the basic special operational millage to be requested from the citizens for 1975-76 on June 9, 1975, will be 18.4 mills which is one-half mill less than is currently being levied.

In a third action the board voted to place a second proposal on the ballot. This proposal will be for one-half mill to provide counseling and administrative enrichment in the form of additional personnel throughout the district's programs.

The actions of the Board were based upon its recognition of the district's increased valuation, a concern for the economic welfare of the local property owners, and an anticipated improved state aid act for 1975-76 which has not been approved by the Michigan legislature at

BPW Funds For Council Set Monthly

City Council adopted a joint resolution with the Board of Public Works Wednesday whereby the BPW will pay \$275,000 in electrical revenues to the general fund in monthly installments during the 1975-76 fiscal year. The vote was unanimous.

Council also approved revisions in fees for the Bouws Recreational Pool in Smallenburg Park the coming summer. The non-resident differential will be eliminated. The fee will be 25 cents for children and 50 cents for adults. The pool will open June 6.

The Ottawa County Fair Association was granted permission to erect two directional signs in the city during the fair. One will be placed at Seventh and River and the other at M-40 and US-31 bypass.

A preliminary field inspection for a sidewalk on the west side of Washington Ave. from 32nd St. to the entrance of Meadowlark Apartments is physically practical and would be in the interest of safety to pedestrians and bicycle riding. While Council was receptive to furthering safety, it also was pointed out that many such requests come from persons other than property owners who must pay the bill. The report was tabled.

Accepted for first reading was an ordinance amendment to rezone property of Joe Wiersma, 1174 South Shore Dr. from A-one family residential to C-1 neighborhood commercial. The recommendation came from the Planning Commission.

A communication from the Human Relations Commission commended City Manager Bopf for cooperation and assistance he gave to the commission during his tenure as city manager. Council confirmed a certification from Councilman Vande Poel for recent purchases totaling \$682 by the recreation department from Superior Sport Store.

Council concurred with Councilman John Bloemendaal's opposition to House Bill 4826 which would place Michigan's Municipal Employees Retirement System under the Secretary of the Treasury. Protests will be sent to appropriate legislators.

Petitions Filed For John Amaya For School Board

Petitions have been filed for John Amaya as a candidate for a four-year term on the Holland Board of Education.

Amaya, plant manager at Parke-Davis, is seeking reelection after serving a four-year term. A native of Pueblo, Colo., he is a graduate of the University of Colorado with a B.S. in pharmacy. He joined Parke-Davis in 1952 in the quality control division, was transferred to production supervision in 1956 and transferred to San Juan, Puerto Rico, in 1962 as plant manager.

He came to Holland in 1969 as plant manager. He is married and has three children.

Deadline for filing petitions is Friday, May 9.

this time.

These board actions guarantee that property owners in the West Ottawa district will pay at least one mill less in school taxes and could pay one and one-half mills less than they have paid in previous years.

Plans for Memorial Day observances in Holland were made at a meeting of the Memorial Day Committee Monday night in City Hall, following the established format of a Sunday evening service and a Monday parade, followed by a program in Monument Square in Pilgrim Home cemetery.

A communication from Carl Dephouse, Holland High band director, suggesting an evening parade and cemetery program on May 30 instead of the declared holiday, in view of the growing desire of families to take three-day vacations on the legal holiday. The rearrangement of holidays has resulted in growing absenteeism for marching bands and other units, Dephouse stated.

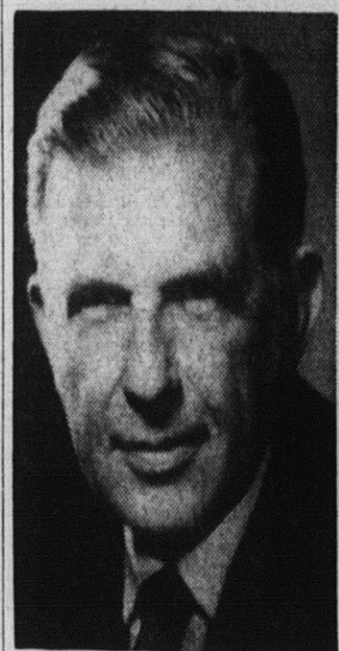

There was considerable agreement among some of those present. Mayor Hallacy said the suggestion could be considered another year, and he would appoint a committee later.

In case of rain on May 26, Memorial Day services will be held at 10 a.m. in Civic Center.

GRAND HAVEN — Agreement was reached on the true cash value of the Consumers Power Co. Campbell generating plant at Port Sheldon at a hearing before the State Tax Tribunal Monday but appeals on factors in the 1974 equalization were delayed at the request of the county.

The true cash value of the power plant, one of the stumbling blocks in setting assessments in Port Sheldon township, was agreed to at \$86,112,795.

But county equalization department director Fritz Guls-wog asked for an adjournment in the hearing on factors in Port Sheldon and Wright townships because evidence submitted was received Friday by the county.

The hearing was adjourned until June 23 at 1:30 p.m. in the County Building.

Port Sheldon is appealing a 1974 factor of 1.35 and Wright township a factor of 1.26.

5-Month Probe Ends In Arrests

\$185,000 Worth Of Heroin Recovered During Investigation

Four persons were taken into custody Tuesday in what police say was a major heroin bust in the Holland area that climaxed a 5½ month investigation by Holland police and State Police. Officers said they confiscated a half pound of heroin which carries a street value estimated at \$150,000 depending on how the heroin was "cut" by those selling the product to users.

Arrested were Robert Leos, 24, of 283 East Ninth St.; Juan Murillo, 43, of 965 Graafschap Rd.; Maria Hernandez Leal, 26, of 120 Juidith St., and Ramon Pena, 34, no address given.

All demanded examination to charges of delivery of a controlled substance, heroin. Bonds were set at \$2,000 for Leos, \$10,000 each for Murillo and Leal and \$15,000 for each of three counts against Pena.

Some 20 officers, including Holland police and troopers from the State Police post at Grand Haven, took part in the arrests which were conducted at various homes and business locations in the Holland area between 6 p.m. and 8 p.m. Tuesday.

Officers said the half pound of heroin was confiscated with the arrest of one man. A loaded, large caliber revolver also was recovered. There was no resistance, police said.

Investigation by Holland police and narcotics officers from the State Police in East Lansing was launched in December. "Buys" of heroin were made during the investigation and the total value of heroin purchased and seized carried a total street value of \$185,000, officers said.

Holland police said the confiscation of the half pound of heroin was the biggest recovery in Holland's history. Previous large amounts were in the range of a single ounce, deputy police chief Gene Geib and Det. Lt. Marty Hardenberg said.

EGG DRAWER — A family of grackles made their way through a vent pipe in the travel trailer of the Jack Essenburg family, 637 West 20th St., and laid five eggs in a towel drawer between the refrigerator and heater. Essenburg was in the 17-foot trailer preparing it for summer use when he heard noises, opened one of the drawers and found a pile of feathers. Straw, string and other debris were found packed in the space behind the refrigerator and heater. The birds were prevented from entering the trailer as long as the drawers remained closed. Looking at the towel drawer nest is Mrs. Essenburg. (Sentinel photo)

HISTORICAL JOURNEY — With their American history teacher, George Heerema (left) these students visited the site of "the shot heard 'round the world," part of a ten-day tour of historical sites in Pennsylvania, New York and the Boston area.

They are (left to right) seated, Mary Van Haitsma, Sue Lubbers, Linda Hertz and Laurie Barense and standing with Heerema, Mark Timmer, Ken Boerman, David Boes and Jon Geerlings. All are eighth grade students in the Zeeland Christian schools.

Zeeland Students Visit Revolution's Birthplace

ZEELAND — Eight Zeeland Christian School eighth graders have just returned from a ten-day visit to historical American sites, climaxed by the Bicentennial ceremonies in the Boston area on April 18 and 19.

George Heerema, instructor of American history, drove the eight students for the 2,500 mile trip which included stops at Valley Forge, Independence Hall in Philadelphia and the old homesteads and covered bridges in Bucks County, Pa., the U.S. Military Academy at West Point, N. Y.; the United Nations, the Statue of Liberty, St. Patrick's Cathedral and the Empire State Building in New York City.

As they headed north, they visited Mystic Seaport, Conn., a restored whaling and clipper ship port and Old Sturbridge Village, a recreated New England farming village of 150 years ago.

In Boston, the group walked the Freedom Trail which includes the Bunker Hill Monument, Old North Church and the Boston Tea Party ship, plus Old Ironsides docked in the Boston Navy Yard. Touring the State House, they were greeted by the Governor of Massachu-

setts. The climax of the tour was the Lexington-Concord area, where the Revolutionary War began. The dramatic re-enactment of the events on Lexington Green, the Old North Bridge at Concord and the sounding of the alarm in Sudbury, were visited by shuttle bus as companies of minutemen, with muskets, powder horns and authentic farmer's dress of the day marched and re-enacted battles to the music of ancient fife and drum corps. The only disappointment was the fact that they were unable to glimpse President Gerald R. Ford as he took part in the ceremonies.

The students who made the trip included Laurie Barense, daughter of Mr. and Mrs. Roger Barense, Linda Hertz, daughter of Mr. and Mrs. Ron Hertz; Sue Lubbers, daughter of Mr. and Mrs. Russ Lubbers; David Boes Boes, son of Mr. and Mrs. Jay Boes; Ken Boerman, son of Mr. and Mrs. Jack Boerman, John Geerlings, son of Mr. and Mrs. Harvey Geerlings; Mark Timmer, son of Mr. and Mrs. Gerald Timmer and Mary Van Haitsma, daughter of Mr. and Mrs. Roger Van Haitsma.

More Tulip Time Home Listings Needed for Fete

More home listings are needed to accommodate Tulip Time visitors, particularly on Friday and Saturday evenings, the housing bureau in Civic Center said today. The Tulip Time festival is May 14-17.

Harriet Kruthof and Mattie Buursma, who have headed the housing department for several years, said the greater share of home listings have been taken, and they would like to have a backlog for applications that are still coming in. They expect requests will continue.

The two women said an increasing number of citizens have been opening fine homes, some on the lakefront, to visitors as an accommodation to Tulip Time. Others make a game of hospitality by having children sleep in sleeping bags in the recreation room, and using proceeds for the vacation or college funds.

Persons interested are asked to call Tulip Time Housing (two numbers listed in the telephone book). In inspecting the rooms, the chairmen suggest fair rates.

Home-Siegler To Phase Out Illinois Plant

The Home - Siegler Division of Lear Siegler, Inc., headquartered in Holland, has announced plans to phase out operations of its 200,000-square-foot facility in Centralia, Ill. by mid-Summer.

Heating products being manufactured in Centralia will be consolidated with other Home - Siegler operations in Holland. The Division manufactures a complete line of heaters, furnaces, and air conditioners for mobile, modular, and residential applications.

The Centralia facility presently employs 173 persons. Robert A. Loebl, President of Home - Siegler, said that a number of these people would transfer to the Holland facility. Loebl said the current recession and the long-term decline in housing had resulted in sharply reduced sales and profits of climate control equipment. Consolidation of Centralia production with Holland operations will more effectively utilize the Division's resources, he said.

Lear Siegler, headquartered in Santa Monica, Calif., has operations in four market areas: electronics and communications, vehicle components, construction and housing products, and industrial equipment.

Mother Geegh Nursery Benefits From Trinity Tea

Devotions were given by Miss Esther De Weerd, a former member of Trinity and also a retired missionary to India. West Ottawa students who provided special music were Joni Dekker and Renee Cramer who sang a duet and Dan Weller who sang a solo, all accompanied by Mrs. Don Lam.

WATER: PROBLEM TO DEAL WITH

A short time ago the United States Water Resources Council sponsored a conference, the first of its kind in 15 years or so. Delegates considered how water supply relates, often in the most crucially important ways, to almost every aspect of our lives.

Much of what was said reinforces the view that only through a sound, well coordinated policy of allocation will our society be able to avert serious water problems not many years hence. We are going to have to put behind us our traditional habits of use, which in essence were based on the assumption that water was not only abundant but virtually inexhaustible.

It has been evident for some time that these assumptions are no longer valid, given rising population and increasing industrial and agricultural demand. In some places it is already true, and in many places it will be true before long, that there is not enough water available to permit unrestricted use.

South Dakota's Gov. Richard F. Kneip touched upon one aspect of this, the competition between industry and agriculture for limited supplies of water. "If we don't do something," he said, "I think you can look down the road about 20 years and see marketing of water-pricing—something like we see in natural gas today."

Unthinkable? Rogers C. B. Morton, still wearing his secretary of interior hat before his recent switch to heading the Department of Commerce, apparently does not think so. Referring to the water problem in general, he told the conference delegates that "if we don't act, the next generation may well face a water crisis of even greater consequences than our current energy situation." The people and their Congress should heed this warning, and act accordingly.

"Moral Imperatives"
Leviticus 19: 2, 9-18, 35-37
By C. P. Dame

Many church people know little about the book of Leviticus. This lesson will give them a chance to find it, read a part of it and discover truths recorded centuries ago that need practicing today. A holy God wants His people to be holy—this fact keep before you.

I. God is holy. The word "holy" appears 73 times in Leviticus. The message of the book in one word is "Holiness." God says to His people, "I am the Lord and the words, 'For the Lord your God is holy' describe God's character, while the title 'Lord' reveals His authority over His people who are called, 'the congregation of the children of Israel.' He calls upon them to be holy—to live as a separate people in a wayward world.

In chapter 19 are several laws which God's people should keep. Because Israel was a chosen nation it needed direction and correction and a goal. The text shows that some people had things, others did not. The have and the have-nots have always been around. Those who have are commanded to use lovingly what they have and heed the words, "Thou shalt love thy neighbor as thyself." This love incites and restrains.

II. A holy God makes demands. Leviticus contains ceremonial laws which Christ's coming has abolished but in it are also a number of moral precepts which are valid today and much disregarded and disobeyed. In our text are the positive rules and the negative. Note the positive rule concerning the poor, what to do for them. Stealing, lying, swearing falsely, taking God's name in vain, defrauding the neighbor, withholding wages, mistreating the handicapped, being partial, talebearing, hating, rebuking, taking revenge, bearing a grudge, cheating — all that hurts another are wrong and violate the law of love. The negatives imply the positives. All the sins cited in Leviticus are committed today.

III. God has the right to give rules. Recall that God gave the Ten Commandments to Israel at Mt. Sinai after He had delivered them from Egypt. The New Testament tells us that God through Christ brought about deliverance from sin. God's rules are meant for the individual's and for society's welfare. Obedience to God pays. Jesus summed up the whole law in Matthew 22:37-40. The law drives us to Christ and becomes a guide for godly living.

Accidents Injure Two Motorcyclists

Two motorcyclists were injured in separate accidents Wednesday night, Ottawa County deputies reported.

Roger Beukema, 19, of 1456 Ottawa Beach Rd., suffered lacerations of the left leg when the cycle he was operating along James St. a half mile east of 152nd Ave. went out of control at 7:16 p.m. and flipped over. He was treated in Holland Hospital and released.

Craig Miller, 17, of 108 Jefferson St., riding a trail bike along railroad tracks at Madison and Douglas in Holland townships, sustained a broken left leg when the cycle hit a rut and flipped over at 9 p.m. Wednesday. He was admitted to Holland Hospital where his condition today was "good."

Accidents

Cars operated by Steven Alan John, 22, of 376 West 19th St., and David John Rietema, 16, of 26 Holly Court, collided Wednesday at 5:57 p.m. at Harrison Ave. and 21st St. Police said the John car was southbound on Harrison while the Rietema car was heading east on 21st St.

Bopf Given Sendoff By Council

A resolution acknowledging achievements of William L. Bopf as city manager of Holland for more than five years, expressing heartfelt appreciation, was adopted by City Council Wednesday night. Bopf is leaving Holland for Tustin, Calif., to become city administrator, effective May 15.

Mayor Lou Hallacy cited the goals that had been outlined for Bopf on his arrival and the challenges he had met. The resolution was signed by all Councilmen. Bopf responded, stating he would miss Holland, its fine citizens and a great group of dedicated city employees. It was his opinion that most Holland people do not fully recognize what an outstanding city they live in.

In other business, Council approved establishment of an industrial development district for Prince Corp. for property along Windcrest Dr. north of 32nd St. in Holland's southside industrial park. No objections were voiced at a public hearing.

Council approved a request of the Library Board for "borrowing" \$15,000 from the capital improvement fund until February to purchase property at 54 West 12th St.

It was decided no Council action was needed on a request for using certain city parking areas for charter buses during Tulip Time.

The city also is entering into a lease agreement for \$1 with Baker Furniture Co. for using the Baker parking lot on Sixth St. for Windmill Island parking Friday and Saturday of Tulip Time. Shuttle bus service is used on these days.

A "very preliminary" report by the city manager revealed an estimate of \$212,000 for installing laterals for the Maplewood drain, and Bopf pointed out that several projects must be completed before such laterals could be of value, perhaps a minimum of three years, and until such time the drainage pattern will require the use of holding ponds. Councilman Ken Beelen expressed the hope that citizens would support a bond issue for such work in the future.

Council approved adding a few resurfacing projects to the 1975 resurfacing program. It was felt the summer program should be of sufficient magnitude to attract bidders.

Transfer of sufficient funds from the capital improvement fund to initiate the Brookline paving project was approved. These funds will be repaid when monies become available. They are needed at present to proceed with soliciting bids.

Council approved a contract with the State Highway Department for South Shore Dr. improvements, using federal funds to defray approximately \$400,000 of the cost.

Administrators were given the go-ahead to continue contacts with the city of Zeeland and the townships of Holland, Park, Fillmore and Laketown for plumbing inspection.

Also approved was a resolution on local assurances for a contained spoil disposal facility with the Waterways Division of the Department of Natural Resources.

Council acknowledged anonymous donations of \$50 from a group of Christ Memorial Reformed Church for the Community Service Unit of the police department.

Plans to seek bids for a telescopic ladder for Civic Center were approved.

Council set June 18 as date for a public hearing on vacating portion of a cul-de-sac on Timberwood Lane and set June 4 as date for public hearing on zoning licenses and permits. A hearing also was scheduled

June 21 on an ordered demolition of a house at 11 North River Ave.
Council reaffirmed action taken in January and February on the Schrotenboer subdivision. A point in question was water service to a lot designated as a parking area for Birchwood Manor.

Acknowledgement was given for gifts for the hospital, the library and a gift of \$116.33 to the fire department for 2,000 Sparky coloring comic books.

Claims against the city from Mrs. Arthur Damsgaard, Gertrude Kunnen and Donald De Koster were referred to the insurance carrier and the city attorney.

Council approved low bid of \$2,720 of Houting and Meusen for demolishing Reed Tire building at 50 West Seventh St., and referred a companion bid for tearing down the City Sign Co. nearby to the Ottawa County Board of Commission which owns the property.

Clarissa Yager Is Decoupage State President

Mrs. Kenneth R. Yager, the former Clarissa Poppen, of 1992 South Shore Dr., was recently elected the first president of the newly formed Michigan Chapter of the National Guild of Decoupeurs.

Mrs. Yager was recognized for her new post of the Michigan Chapter while attending the Guild's National Convention in Deerfield, Fla., last week. She also exhibited objects of decoupage in a national exhibition.

The new president of the Michigan Chapter, who has taught decoupage in the Detroit area, will open her own studio, the Multiple Art Studio in Holland this fall. She is expert in many categories of decoupage.

Kathy Aardsma Participates In Teacher Program

Kathy Aardsma, daughter of Mr. and Mrs. Richard Aardsma of 117 East 34th St., was one of several Michigan State University students and youngsters from Lansing area schools who spent a recent weekend at Yankee Springs Recreation Area near Hastings as part of a new approach in training teachers.

The Secondary Education pilot program conducted by the College of Education has been offered to a limited number of freshman students for the past two years. All participants are students with a desire to teach and the outing gives prospective teachers a chance to get acquainted with a cross section of middle schools and high school youngsters.

Miss Aardsma is a freshman majoring in art education and a 1974 graduate of Holland High School.

Children's Mission Rally Is Held Here

The Holland Christian auditorium was filled with children, their parents and teachers for the annual Children's Mission Rally Sunday afternoon.

The theme "Christians in Action" was emphasized by Mrs. Martin Essenburg who used children from the audience to demonstrate how children can be witnesses each day wherever they are. The musical group "Christians in Actions" sang and spoke and led the audience in group singing.

Mrs. John Blacquire had the roll call during which children from the Holland area Christian Reformed churches carried the banners and banks of their church on stage. Offering taken in the various churches during the past month totalled \$1,173.42 and this will be used toward the purchase of a tractor for the Rehoboth, N.M., mission field.

School Districts Lack Candidates

School districts in West Ottawa, Zeeland, Hamilton and Saugatuck Tuesday lacked enough candidates to fill vacancies on their boards of education in the June 9 election with the deadline for filing petitions on Monday at 4 p.m.

But most of the school districts expressed confidence that enough candidates would file before the deadline.

In Holland, where the deadline for filing is Friday, four persons have submitted petitions for the two vacancies on the board. They are incumbent John Amaya, Marilyn Feininger, David Myers and Carroll Norlin. Incumbent James O. Lamb is not seeking reelection.

Holland school district voters June 9 will be asked to renew a .5 mill levy for three years of operation of the community swimming pool. No school operating millage will appear on the ballot. Last year voters approved a three-year millage levy.

No nominating petitions have been filed in the West Ottawa school district for the single vacancy on the board. The term of Wesley Waldron expires. The West Ottawa board is

asking approval of an 18.4 mill operating levy for one year, a half mill decrease, but is asking approval of a half mill levy to provide counseling and administrative enrichment.

In Zeeland, two vacancies exist on the board. Terms of Bruce De Pree and Harold Maat expire. Voters will be asked to approve renewal of a 5.205 operating mill levy for five years.

In Hamilton, terms of board members Gene Immink and Gene Lynema expire and the board is seeking renewal of a 15.91 mill operations levy for one year.

In Saugatuck, Bonnie Lowe has filed nominating petitions for one of two vacancies on the board. Terms of Tom Phelps and Robert Brackenridge expire. The board is seeking renewal of 11 mills operating funds for two years.

In Fennville, Lee Ver Hoeven has filed petitions for the single vacancy on the school board. Robert Johnson's term is expiring. The board is asking voter renewal of a 14 mill levy plus three additional mills for operations. The same 17-mill levy was defeated by voters in April.

Early Birds Told of CETA Operations

Operations of the Comprehensive Employment and Training Act (CETA) were explained at an Early Bird breakfast of the Chamber of Commerce Wednesday morning in Warm Friend Motor Inn by Gary Scholten, Ottawa County director.

Ottawa county operates three programs for CETA, Title I, Title II and Title VI, Scholten said. Title I is designed to provide work experience and educational training in three programs, career orientation, adult basic education and vocational education. It is a 12-week program.

Title II is public service employment for public and private nonprofit agencies. These jobs are considered temporary, and clients may not replace regular personnel.

Title VI is a new work relief program necessitated by current increases in unemployment rates. The program is designed especially for those people not receiving unemployment insurance. It is not designed for those who lack work experience, but rather for those who have worked in the past year and cannot receive unemployment insurance benefits.

Scholten said the office has a staff of 18, eight in administration and 10 in program operations. He described CETA as sort of a revenue sharing program, but one in which the agency is responsible to the Department of Labor which requires considerable paper work, something quite difficult in view of changing guidelines which are amended often.

He said the "poverty level" figures are being amended as of July 1, 1975, to single persons receiving less than \$2,500 and to a family of four, \$5,000.

There was some intimation that Washington bureaucracy often judges a program on how much money is spent, and because of innate Dutch conservatism Scholten's program is "underspent." He said CETA does not provide for equipment and is unlike the WPA of PWA of the depression days in the 1930s.

He said the general program in Holland is geared to the Latinos and poor whites, whereas in Grand Haven the emphasis is on career education. As the economy improves, Titles II and VI will be phased out. He said, ideally, the program calls for Title I to provide job training with the clients to be absorbed in industry. Unfortunately, with 11.1 per cent unemployment in Ottawa county, not many jobs are available.

Council on Spanish Meet in Holland

Ciro Cadena is Holland's representative on the state council.

Plumbing Code Set By Council

After spending 50 minutes in discussion, City Council Wednesday night approved a new state plumbing code, some local amendments, a plumbing fee schedule and a sign ordinance, all passed on an emergency basis to coincide with the state code which becomes effective May 19. Included in the discussion was an electrical permit fee schedule, but a public hearing was set on this matter May 28.

In general, differences were best expressed by Mayor Lou Hallacy and Councilman Ken Beelen. Beelen, who is in the building trades, objected to doubling (and tripling) fees for inspections, expressing the belief that many city departments cannot be self-supporting and the citizen struggling to build a house was worthy of certain services supported by tax dollars.

Mayor Hallacy was more sympathetic to senior citizens on fixed incomes and felt they should not be penalized for services they do not use. He felt the person using the service should pay for the service.

Most of the new ordinances carried by 8-1 or 7-2 votes, but one amendment that would have cut out mandatory hookup to sanitary sewer service in three years brought a 5-4 vote. The three-year limitation will remain. If it had been wiped out, all persons on sewer lines could conceivably be ordered to hook up when the state code becomes effective May 19.

As increasing fees were discussed at different times in the meeting, it became evident that Council was torn by added burdens on citizens. These extended to a 15 per cent boost on cemetery rates, the 33 per cent (plus) boost on electrical rates, and boosting the sanitary sewer installation cost for a single family house from \$1,000 to \$1,200. It was suggested that there be a periodic review of rates so that increases should not be so large. Others diplomatically commented that some increases had been requested but not granted. It appeared that the subject would be discussed at a study session in the future.

Roger Stroh represented the Department of Environmental Health in most of the discussion on revised codes. Peter Van Putten, electrical inspector for the Board of Public Works, was the resource man on the electrical permit fee schedule.

Under communications from the audience, Jason Roels, 322 West 33rd St., criticized Council for money spent on remodeling Council chambers, the City Hall coffee lounge, expenditure of federal funds on Lincoln Park, Maplewood rezoning, Civic Center parking, cement sidewalks, ordinances, conditions of roads, drains, and then asked that the street where he lives be resurfaced.

Later in the meeting, it was stated that West 33rd St. was scheduled for improvements but failure to get easements for the Lela drain plus a court injunction brought delays.

In more routine business, Council approved licenses for Community Action House for Tulip Time participation at the Woman's Literary Club May 14-17; VFW and American Legion solicitation of funds May 23-24; Ed's Bar, Von Ins Pizza Wagon, and Golden Eightball, pool tables; James Van Huis, rubbish collector, and Holiday Inn, dance hall.

Several communications supported Council's policy against abortion on demand at the hospital, one of them bearing 30 signatures.

Council accepted Tulip Time's invitation for mayor and council to participate in Wednesday and Saturday parades.

A request of Clarence I. Priebe, 608 Crescent Dr., for city water at his cottage at 623 Crescent Dr., was referred to the city manager for study.

A letter from Gerald Klein, requesting vacating of a 33-foot street known as Homestead Ave. near 30th St. was referred to the Planning Commission for recommendation.

The oath of office of Terry L. Hofmeyer as member of the Holland Building Authority was filed. Hofmeyer, assistant city manager, also was appointed acting city manager.

A letter from E. H. Phillips for a sign in the front yard of his business at 177 College Ave. was referred to the city manager for study and report.

Council approved a request from Holland Downtown Merchants to use the car parking area on the north side of Eighth St. between River and Central Aves. Monday, May 19, from 4 to 8 p.m. The area is to be used as a promotion for the Holland Kennel Club.

Mayor Hallacy presided at the lengthy meeting. All councilmen were present. The invocation was given by the Rev. Harvey Baas of Bethany Christian Reformed Church.

A season's total under 60 inches is considered extremely light for Holland, Mich., which lies in the snow belt on the lea side of Lake Michigan.

Total precipitation for April totaled 4.16 inches. Heaviest precipitation fell on April 3, the day of the big snow, totaling 1.33 inches. Another heavy rainstorm totaling 1.06 inches fell April 28.

A visit with Paul Revere's family, the Boston Tea Party, and plans for Revere's famous ride, were also a part of the drama.

All of the children in Mrs. Van Dyke's room participated in the program. Reformed Church Women Give Centennial Pageant

All across America women in the Reformed Church are gathering for celebrations to proclaim the 100th anniversary of women's work 1875-1975.

For its centennial celebration, the women's classical union of Holland presented a pageant Thursday evening in the chapel at Western Seminary entitled "Reveal Christ Anew."

Mrs. Marten Boer, Mrs. John Hempel and Mrs. Gordon Van Putten traced the growth of the women's missionary society from its inception to present day activities by means of flashbacks which staged and spotlighted authentically costumed women influential in the movement to make Christ known throughout the world.

Mrs. William Dow, Mrs. John Dwyer, Miss Geraldine Dykhui-zen, Mrs. Carl Miller, Mrs. Peter Nordstrom and Mrs. George Ralph characterized these women who were responsible for sending missionaries to India, Japan, Arabia and China.

It was largely through women's efforts that support was given to new churches developing in the West — Michigan, Indiana. They began work among the Indians of Oklahoma and among the hill people in Kentucky as well as providing social centers for migrant laborers and working with immigrating Italians.

Filmstrips, effective lighting, and flashbacks were interwoven effectively to capsize 100 years of work by Reformed Church women whose monetary contribution on a national level in its first years was \$3,000 and whose contributions for benevolent programs during the past five years averaged \$450,000 a year.

Co-ordinator for the evening's events and director of the pageant was Mrs. James Cook as-

sisted by Mrs. Melvin Van Tatenhoeve and Mrs. Cornelius Stoketee. Also on the committee were Mrs. Eugene Osterhaven and Mrs. David Kempker.

Mrs. Darrell Franken, president of Holland Classical Union, presided and introduced Mrs. Herbert Van Wyck, president of National Board of Reformed Church, who brought greetings. A fellowship hour with refreshments in the seminary commons preceded the pageant.

Community Chorale All Set for Festival Concert

The Holland Community Chorale, under the direction of Calvin P. Langejans, is hard at work preparing for the "Festival Musicale" to be presented the opening night of Tulip Time, Wednesday, May 14, in Holland Civic Center.

As is customary, the program will be an extremely varied one. Leading off the first part of the program will be the moving hymn of supplication "O Lord God," by Tschesnokoff. Special two-choir selections, "Come Let Us Sing A Song of Joy," Gabrieli, and "Lord Thou Hast Been Our Refuge" Williams, and separate numbers by the women and the men, will be followed by several spirituals.

A fast-moving, tongue-twisting novelty number "Geographical Fugue" has a tendency to break everyone up with its lightning-fast lyrics.

The second half of the pro-

gram presents a distinct change of pace. Popular ballads, old and new, country western, and show tunes, follow in quick succession. These will include "Can't Help Falling In Love," "One of Those Songs," "There Goes My Everything," "Take Me Home, Country Roads," "Song Sung Blue" and others.

The program will conclude with selections from the musical "Carousel" by Rodgers and Hammerstein, including "A Real Nice Clambake," "You'll Never Walk Alone," "Blow High, Blow Low," "If I Loved You" and "June is Bustin' Out All Over."

A group of fine instrumentalists will provide the accompaniment. Strings, brasses and piano will be used. Mary Vander Linde and Ken Bos are the regular accompanists for the group.
