CITY AND VICINITY.
Holland with a real chief of police and six cops will be putting on metropolitan airs. It is conceded that Marshal Kamferbeek will be the city's first chief. Grand Haven Tribune.
The four-weeks old daughter of Mr. and Mrs. Edward Heeringa, 351 Central avenue, died last Thursday. The funeral was held Saturday afternoon at 2 o'clock from the home, Rev. D. R. Drukker officiating.
Ottawa county has 1,098 miles of public roads, and of this number 180 are graveled, the expenditure on roads for the year 1904 being \$58,076.47. The county stands eighth among western Michigan counties for total mileage, and fifth for the number of miles of gravel road.
Seeing an immense eagle swoop down on his hens, Henry Myers, a Fruitport township farmer, engaged the bird in battle in an attempt to save a chicken from its talons. Myers, armed with a club, struck at the eagle. The eagle let go its prey and began a fierce attack on Myers, who beat a hasty retreat. Myers went in the house and secured a shot gun. He found the eagle devouring the bird and just about to fly away. The eagle was shot. It measured six feet from tip to tip.

G. Zaalmink has sold two lots and a cottage at Central Park to Rev. J. J. Banninga.
Rev. Wm. Wolvius, pastor of the Fourth Reformed church of this city, has received a call from the Reformed church at Fulton, Ill.
Miss Mary Van Regenmorter has been appointed postmaster at Macatawa, Ottawa county, vice John Van Regenmorter, resigned.
Miss Phila Ederle, who for the past two years has been teaching school at Portland, Ind., has been re-engaged for the ensuing year.
The big 44-foot awning on the Lokker Rutgers store was blown down by the wind Monday morning.
L. C. Bradford and Dr. F. M. Gillespie returned from Baldwin, where they spent a week trout fishing. They had fine luck.
By the distribution of primary school money made by the state last week at the rate of \$1 per capita, Ottawa county will receive \$13,972. Of this sum Holland will receive about \$1,200.
The next meeting of the Ottawa County Sunday School association will be held in Zeeland some time in June. The county rally will be held in Grand Haven this year, probably during the month of July.
The citizens of Allendale will have a grand celebration June 12 when the historic cannon secured for the village by Senator Smith, will be mounted and appropriate services held. The senator will be present, and it is proposed to make the day one long to be remembered.

The board of review will meet Monday, May 27.
H. TenBroek has started building a new house for Peter Elhart on West Fifteenth street.
James Westveer and D. A. Van Oort are taking the school census this year. They started Tuesday and are expected to complete the work within 20 days.
The paving of Central avenue is now being agitated.
The Holland High School will play the Independents on the Nineteenth street grounds, Saturday.
Secretary Taft has promised to be a speaker at the Lincoln Club banquet at Grand Rapids.
Contractor A. Postma will build two houses for R. H. Post on West Seventeenth and Nineteenth streets.
The trustees of Pelgrim Home cemetery will hold their annual meeting next Monday evening.
The Rev. Martin Flipse, of Passaic, N. J., has declined the call tendered him by Bethany Reformed church, Grand Rapids.
At the meeting of the board of education Monday evening the contract for the new school building to be built on VanRaalte avenue was awarded to Rotschafer Bros., their bid being \$19,432. Bos & Bolhuis had a bid in, which was for exactly \$40 more than the estimate of the successful bidder. The contract requires that the school be completed by August 20. The building will be of brick with Waverly stone trimmings and the roof will be slate.
The friends of Egbert Winter, of Shelbyville, Ill., who is a candidate for principal of the Grand Haven high school, and who is a graduate from the Holland high school and from Hope college, say that the story is being started that Mr. Winter is not an enthusiast in school athletics, to hurt his candidacy. He played base ball and foot ball himself. He takes a deep interest still and only last Saturday was in Sullivan, Ill., to arrange for an athletic meet for his school. Mr. Winter's brother John is one of the faculty of the University of Michigan.
While the son of John Pessink was playing on the lawn at the residence of George Williams East of the Hope church property, he unearthed a human skull, which physicians say is that of a white person. The state of decomposition shows that it has been there perhaps for half a century. No theory has been advanced as to the reason of burying a white person there. No other bones were found. The skull is that of a person perhaps 25 years of age and is in a fairly good state of preservation.
The recent tax sale reveals the fact that people are paying their taxes much more promptly than in former years and this certainly shows a very prosperous condition, especially among the farmers. In some cities a few years ago you could almost buy property by paying back taxes, but not so today. Some of the buyers at the recent Ottawa County sale were M. A. Sooy, Albert Wells, Frank Hedges, A. VanDuren, G. W. Kooyers and G. Van Kampen, Richard Post, Ben Corwin and Louis H. Blanchard.
The dredge Farquhar, in command of Capt. Butler, which left for up the river a few days ago, is at work about two miles above Grandville. The pile driver with scows carrying the suction pipe will be taken up the river today by the Gen. Gilmore in command of Capt. Kendrick, and the U. S. Dredge Ludlow will probably join the river fleet tomorrow. The derrick Saginaw is to be converted in to a clam dredge, and as soon as this is done it too will be used in the Grand River work. And with all these in use great results will be looked for in deepening the channel this year.
Last Saturday afternoon Hope College was defeated by the Grand Rapids Central High School. The previous visit of this same team was a defeat for Grand Rapids, and now the tables were turned on Hope to the tune of 7 to 2. In spite of the big margin between the scores, the college boys played good ball. They had some rather hard luck and every error made was a costly one. Roggen pitched the first three innings and Rigaud the rest. Collins pitched for Grand Rapids. Van Schelven umpired the game and Weston from Grand Rapids umpired bases.

Rural Carriers Get More Money
All the letter carriers on rural routes, especially from Holland, are happy. Beginning July 1, their yearly pay will be advanced from \$710 to \$900, as a result of the new ruling of the department which provides that sum for routes 24 miles in length.
Carrier No. 7, P. A. Steggenga, is a half mile under the requirement, but it is expected he will be allowed the full pay, although positive assurance of this has not been received. Carrier No. 12, S. DeBoer, who has a relay route of 14 1/2 miles, and whose salary has been \$540, is not certain whether the raise will apply to his case, but it is believed he will be raised proportionately.
The carriers and their routes with pay and raise is given as follows:

	mi.	rate	Raise
No. 1 G. A. Pessink	25 1/2	\$720	\$900
No. 2-D. H. Oosting	25	720	900
No. 3-R. W. Wolters	25 1/2	720	900
No. 4 A. Rosbach	24 1/2	720	900
No. 5 A. P. Kleis	24 1/2	720	900
No. 6-G. Rutgers	24 1/2	720	900
No. 7 P. Steggenga	23 1/2	720	—
No. 8-A. Kuite	25	720	900
No. 9-A. A. Paris	25 1/2	720	900
No. 10-L. Tinkholt	24 1/2	720	900
No. 11-J. Brinkman	24 1/2	720	900
No. 12-S. DeBoer	14 1/2	540	—

(relay)
For the eleven carriers exclusive of the relay route the advance means an additional salary expenditure in this office of \$1,980. The advance in salary is deserved, and when it is remembered that the carriers must keep two good horses and a good vehicle to handle the mails, the salary is not too large.
Will Run by Electricity
The Beach Milling company will after this run the flour mill by electric motor on East Eighth street with electric power obtained from the municipal lighting plant. Three motors equal to too horse power are being installed.
Besides the motors, additional feed grinding and cob grinding machinery capable of grinding 100 bags of feed an hour will be installed. The capacity of the mill has been 25 bags, therefore no farmer need wait after the machines are in running order which will be in about two weeks.
The Beach mill has a daily capacity of 80 barrels.
Formerly three mills were in operation here, the Holland City mills having been destroyed by fire several years ago and the Walsh-De Roo Milling company, which went to the wall. The former will be replaced by a three story concrete mill soon to be constructed by R. Weurding & Sons.

Last Sunday noon the fire department was called out for a trifling fire on a small dock on the bay front. Station No. 2 responded to the call, and in the absence of the regular driver, Tom DeVries, a mere boy, drove the black team to the fire. While turning from Eighth upon River street he lost control over his team. The horses dashed upon the walk and one of the horses fell down the steps that lead to Konkright's barber shop. The horse sustained no injuries, which is remarkable considering what such a fall might have caused.
The four weeks summer normal to be held in Grand Haven from July 15 to August 9 will be an important one. L. H. Vandenberg will be conductor and the instructors will be Miss Louise Kilbourne and M. DeGraaf, commissioner of schools elect. The course of study will be both academical and pedagogical. The student may select from a third grade certificate or from a first or second. Music and drawing will also be taught. It is expected that the attendance will be the largest of any summer normal ever before held in the county.
Monday noon Martin Van Slooten died at his parent's home about two miles east of Holland on the Sixteenth street road. It will be remembered that Mr. Van Slooten was the victim of a sawmill accident which happened on Feb. 28. He received a dangerous cut in the skull and it was thought at the time that he would die. For a while he stood the injury splendidly and he seemed on the road to recovery, when suddenly a relapse came and he died unexpectedly. It is seventy one days ago that the accident occurred. Besides a mother, a sister and five brothers, Mr. Van Slooten is survived by a wife. He was a young man of considerable popularity in his circles and many friends mourn his loss.
Jenison Park will be ready for the season's amusement seekers and will be opened Sunday June 19th. The formal opening as usual will occur May 30, but next Sunday most of the attractions will be put into operation. The whole park has been cleaned and everything that needed it has been repaired so that it is more of a beauty spot now than it has ever been. The system of fire protection has been perfected so that the patrons of the park will be free from any danger or risks in that respect. The figure eight is in perfect condition, and the merry go-round is ready to accommodate its crowds of admiring children. A fine new hotel has been erected which will please the visitors who were used to The Pines. If the warm weather continues doubtless a large crowd will take advantage of the opening of the resort season.

Silas Sills, a colored man aged 75 years, died Sunday at the Van der Kolk farm north of Pine Creek school house. Sills came here from New York 37 years ago and for a number of years drove the bus for the City Hotel, later going to the country to work. So far as known he leaves no relatives. The funeral was held from the Van der Kolk home Tuesday, Rev. A. R. Merrill officiating.
On June 15 the employees of the West Michigan Furniture factory expect to take a day off to make a trip to Kalamazoo. An excursion will be run over the Pere Marquette, and opportunity will be given to the employees of other factories to enjoy the same low rates. The Citizens' band will accompany the picnickers to furnish the music.
One of the great events at Hope college in the line of oratory will occur May 31, in Carnegie Hall. The so called "Bust Contest" will then be held. The winner in this contest will receive a life size bust of Washington in bronze. The bust is by a French sculptor and is considered one of the best in existence. It is worth \$300 and nine contestants have entered to try for the prize. The money for the bust is the interest on steel bonds which are the gift of M. J. Ackerman Coles. L. L. D. of New York City. The contest occurs every three years.
The Muskegon Chronicle tells the following story in connection with the state oratorical contest held in that city last Friday night: A clever joke was played on the audience in the presentation of the medals. W. T. Bishop, superintendent of schools at Holland, and also secretary of the oratorical association, in coming here from Holland, forgot to bring the medals with him. In order that his part of the program might come off according to schedule he took two silver half dollars, polished them up to look something like medals, and then presented to the contestants, explaining the case in a hurried whisper. Each of the contestants will receive his medal from Holland soon.

CORRESPONDENCE

Saugatuck.

The members of Saugatuck High School Alumni Association: Banquet will be held May 25th. All members in good standing are entitled to one extra invitation only. All who desire tickets must hand their names in to the Treasurer, Mrs. R. E. Reed, Phone 29, Saugatuck, on or before Monday, May 20th. Positively no tickets sold after that date.

Mrs. E. R. Tyler has made friends with many birds in the last number of years by feeding them regularly. She says the same birds return each year, robins and sparrows coming in large numbers. She has fed one sparrow 16 years.

R. N. McLaughlin, pastor of the Park Cong'l Church will deliver a lecture for the benefit of the Cong'l Church tonight. Admission 25 and 15 cents. Rev. McLaughlin's father was stationed in Saugatuck many years ago and had a government position here. His grandmother was drowned near the swing bridge many years ago.

A convention of the Oddfellow and Rebekah lodges, comprising the counties of Ottawa, Allegan, VanBuren, Kent and Muskegon, was held in Saugatuck Thursday afternoon and evening, nearly 300 being present. The Holland delegation, numbering 72 went in a special car over the Holland interurban, and the staff team of the Rebekah Eutha lodge of this city won compliments upon the perfection of the work. The officers elected for the ensuing year are: President, Mrs. Tubbs, Grand Rapids; vice president, Mrs. Emily Metcalf, Holland; secretary, Mrs. Mattie VanBuren, Grand Rapids; treasurer, Mrs. Lizzie Ansley, Saugatuck.

Gibson.

Mr. and Mrs. Sigo are home from the South.

Everybody is busy making gardens and planting corn.

C. Hoadley has cut down the old peach orchard on Brady's farm and the land has been cleared and he will plant corn on the land, making quite a change in the looks of his place.

Mr. Bennett has been repairing his barn and making some other changes.

One more week of school closes this term. Miss Allen is planning a picnic for the pupils and their parents to be held near the lake the last day of school.

Messrs. Bush and Stratton have rented the Kingsley farm this season.

Mr. Berlin and family enjoy being here after spending the winter in Chicago. His friends are pleased to see him.

Mr. Barkel has commenced to run his meat wagon from Holland to Gibson again.

Mr. Van Dine claims to have some vegetables up while the most farmers are just planting them. We hope he will have success as an early gardener pays here.

Mrs. Goldflam and Mrs. Boeve have had fine success with the chickens they are raising for the benefit of the Bible School in Waukegan, Wis.

Some repairs have been made on the buildings of Model Farm formerly owned by Simpson. The general overseer has a house to live in south of its owners now. They are expected to spend the summer here.

Mr. and Mrs. Sundberg have a very nice home now.

Mr. Tackleberry is making some improvements on the Nelson farm which he now owns.

Mrs. Mattie Ressigee is visiting her mother on the old Ressigee farm.

Mr. Minaker is advertising for a young lady clerk from 8 a. m. to 5 p. m. Only a quiet respectable one need apply so says the community. As much complaint was circulated in the past year on account of the immorality centered there which was not the fault of our storekeeper. Our children have to go there and we want them to be respectable.

Why such a practical business man as he is does not get married is a question, but some have wished that he had a real good wife like other men in business and we dare say many owe their success in life to this noble sex by their nobility and ability. God bless the good wives and mothers everywhere.

Mrs. W. H. Easter.

Jamestown.

Lahuis' bill forbidding saloons within 50 rods of a school house in rural districts and within 20 rods in unincorporated villages passed the house but so amended that the particular reason for which Mr. Lahuis wished to secure the bill is left out. It is said he was particularly anxious to reach a hotel in Jamestown, Ottawa county.

When the bill came up Jerry Anderson moved to amend by excepting hotels now in operation. Lahuis opposed this and lost, but a moment later he offered one himself to exempt hotels in the upper peninsula.

"This is offered merely to get votes" shouted Anderson. "This bill ought to be called a bill to wipe out a poor little hotel in Jamestown." Benton moved to amend the amendment by striking out the words upper peninsula, which carried, leaving Lahuis' bill with just such an amendment as Anderson tried to tack on in the first place, in which shape the bill passed.

WOULDN'T MARRY; GIRL IS SHOT.

North Dakota Business Man Kills Sweetheart When She Declines.

Grand Forks, N. D., May 15.—Alfred Thoreson, a prominent business man of Epping, Ward county, and known throughout the northwestern section of North Dakota, shot and instantly killed his sweetheart, Amy Willard. Thoreson then turned the weapon on himself and died instantly. Miss Willard was 17 years old and an exceedingly pretty girl.

Thoreson was well-to-do and 32 years old. He had been infatuated with Miss Willard for some time and had paid her devoted attentions. Monday when he met her there was a stormy scene. He insisted that she be married to him, and when she positively declined he fired the pistol shots.

\$5,000,000 for Roads in Cuba.

Washington, May 15.—Information has been received at the war department that Gov. Magoon is making plans for extensive road improvements in Cuba. The Cuban congress passed a bill authorizing the expenditure of \$5,000,000 for this work. Gov. Magoon has reduced this sum to \$4,000,000 and will begin the work in the province of Pinar del Rio, the principal tobacco region. There is about \$16,000,000 now lying idle in the Cuban treasury. The government income is now about \$500,000 in excess of expenditures.

A Unique Record

Not Another like it in our Broad Republic

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A Holland citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine.

John Lockhart, living at 15 Twenty-eighth St., Holland, Mich., says: "Doan's Kidney Pills have done me a world of good and I am glad to again recommend them. I gave a statement recommending them some years ago and since taking them have been free from kidney or bladder trouble. At that time I suffered with backache and seemed to be getting worse all the time. The pains across my back were terrible and I was restless at night because of the too frequent action of the kidneys. Doan's Kidney Pills completely cured me and I am now as well as ever. Whenever feeling slight symptoms of return, Doan's Kidney Pills always give the desired relief. I have recommended them to all sufferers of this disease and will always continue to do so."

Roosevelt's Visit.

Only a few of the more than two and a half million citizens of Michigan who would be glad to personally welcome President Roosevelt to Michigan, on the occasion of the presidents forthcoming visit to Lansing in connection with an anniversary celebration of the establishment of the Agricultural College, will be privileged to have any part in that pleasing function. But Governor Warner can be assured in advance that in no action or incident of his official career has he more truly represented his state and its people than in the assurance he may give to President Roosevelt of confidence in his purposes, satisfaction over his accomplishments, and willingness to cordially support and assist him in his further efforts in directions that may seem to him worthy and necessary.

Not Asking Favors.

Michigan railroads are not asking for sympathy or favor just now so far as their earnings are concerned. Their receipts for the month of March were almost four hundred thousand dollars greater than for the same month last year. For the three months of this year the railroad earnings were \$952,663 beyond the earnings of the same period last year. The people of Michigan will be glad to note the prosperity and progress of the railroads within our state as to note the advancement of any other state industry. If this interest and sympathy has not always existed it has not been entirely the fault of the people of Michigan.

Is Not Practical

The recent failure of a farmer's union store-keeping organization in Saginaw county calls attention again to the usual termination of such efforts. Most schemes to combine lines of operation and business which have no legitimate relations, especially where inexperience is also an important factor, finally find lodgment with the receiver. Not only will the farmers who have been connected with the Saginaw store-keeping affair lose their expected profits, but they have been made defendants in a suit for \$23,000. Their cooperative ideas can be fully utilized, evidently, in providing for the debt created through their original efforts in that direction.

A Cannon for Holland.

There is a great deal of agitation lately, especially since Holland will celebrate the Fourth, of getting a cannon. Not an ornament to decorate the park and cannot be put to any other use, but a real live cannon, like the one Holland had fifteen years ago, when it burst by being overloaded with sand, leather and other things for the purpose of making the heaviest report possible.

The incident relative to its destruction was the drowning of Prof. Anderson of Hope college, and in order to recover the body which was not found until 10 days afterwards, this means was used, as heavy cannonading would bring the body to the surface. The business men intend interesting Congressman Diekema and Senator Smith on the subject to see what can be done in this particular. But if we get one, give us a live one.

Holland Will Hold Special Election

The proposition of bonding the city for \$30,000 for the purpose of doubling the capacity of the municipal electric light plant will be submitted to the voters at a special election to be held on June 10. A proposition is also pending with the Muskegon & Grand Rapids Power company for furnishing of the additional light and power, but the officials have not yet submitted the estimates. The latter proposition is in disfavor, as it would invoke serious competition between the two corporations.

The council has appointed a special committee, consisting of Alderman E. P. Stephan, W. H. Beach and A. Vischer to use its influence with the state legislature in favor of a special act whereby the city is given authority to regulate the business of power companies.

The committee on sewers, drains and water courses reported recommending the construction of a sewer on W. 15th st., and that the matter of preparing plans, specifications, etc. be referred to the board of public works. Adopted.

Said committee reported recommending the construction of a sewer on W. 14th st., and that the matter of preparing plans, specifications, etc. be referred to the board of public works. Adopted.

Said committee recommended that the petition of Post and Spyker for water main on Cherry st. be referred to the board of public works. Adopted.

The committee on sidewalks reported recommending the construction of certain sidewalks. The report of the committee was adopted.

Said committee recommended the construction of sidewalks on 17th street where there have been no sidewalks constructed heretofore between Columbia avenue and Van Raalte avenue, and also on south side of 12th st. between Van Raalte and Harrison avenues. The report of the committee was adopted.

The committee on ordinances reported for introduction an ordinance entitled "An ordinance to license and regulate the moving of buildings through the public streets of the city of Holland," and an ordinance entitled "An ordinance relative to the prevention of fires in the city of Holland."

The ordinances were read a first and second time by their titles, referred to the committee of the whole and placed on the general order of the day.

COMMUNICATIONS FROM BOARDS AND CITY OFFICERS
Justice VanDuren reported the collection of \$6 penal fines and \$3 for violation of the ordinance and presented receipts of the treasurer for the amount. Accepted and the treasurer ordered charged with the amount.

Justices VanDuren and Miles presented their reports for the month of April, 1907. Filed.

City Attorney McBride reported relative to bill for keeping chickens of Mrs. Smit. Referred to city marshal for collection.

The annual report of Fire Chief Klooster showed that there were 33 fires during the year. The loss was \$6,401 and the insurance \$6,800.

The clerk reported the following oaths of office—Jacob G. VanPutten, Henry Brusse and Arend Visscher members of the board of police and fire commissioners; Arend Visscher, member of the board of public works; Harry R. Doesburg, member of the board of park trustees; Wm. H. Beach, member of

The mayor appointed as such committee Arend Vissers, Wm. H. Beach and Ald. Stephan.

On motion of Ald. Vissers, the matter of grading and graveling Pine street, Maple street and First avenue between 16th and 17th streets was referred to the committee on streets and crosswalks with instructions to report at the next meeting of the council.

Health Officer Leenhouts, at the close of the meeting of the common council last night, had a heart to heart talk with the alderman on sanitation.

The health officer first thanked the council for the appointment, expressing the hope that the acquaintance might be pleasant and profitable, and that the conduct of the office by him might justify the confidence they had shown in appointing him.

"The question of public sanitation is an important one," said the doctor, "and the duties of the health officer therefore become serious. The present tendency of sentiment is in the direction of prevent

Diekema Meets President

Two Dutchmen have met. As a result Congressman-elect Diekema is happy all the way through, while President Roosevelt is just as happy as ever. Diekema said after his first visit to the White House following his election, that the president greeted him with a whirlwind salutation. He had just an hour's conference with Secretary Taft and was rejoicing over the political turn in Ohio. "My dear fellow Dutchman and congressman," said the president when Diekema tried to fill the place vacated by the big war secretary, "I am perfectly delighted to see you. I watched your contest with the greatest personal interest and am mighty well pleased with the outcome. I know that you will make a good and strong congressman and I congratulate the people of your district, as well as yourself, upon your election."

Vincent C. Stanley, the well known street railway man and formerly connected with the Holland Interurban, has received a handsome promotion from the Gamewell Auxiliary Fire Alarm Co.

Mr. Stanley goes to New York to become manager of the company's office in that city. For some time past he has been manager of the Detroit, Grand Rapids & Cleveland branches, which comprise the Michigan and Ohio divisions, and it is because of his success in these states that Mr. Stanley has been advanced.

The Gamewell Auxiliary Fire Alarm Co. is a subsidiary branch of the Gamewell Fire Alarm Telegram Co., which concern has installed 93 per cent of the fire alarm systems of the world. The system is also in vogue in Holland.

Tickets Selling Fast.

Miss Catherine Conloof of Grand Rapids, the well known violinist and instructor in violin in the Hope college music department, has been engaged by the committee in charge of the VanderMeulen lecture of May 24th, to play on that occasion. Miss Conloof is one of the best violinists in the state and her playing alone would be worth the admission to the entertainment, which is only 25 cents. Mrs. G. J. Diekema will also sing.

The committee has also arranged to have an interpretive reading as one of the numbers on the program. The reader will be Wm. Van der Hart of this city, who has already gained quite a local reputation with his serio-comic renderings of familiar selections of literature.

Tickets for the entertainment have been placed on the market only a couple of days ago and they are already selling fast. The price is 25 cents, and they can be obtained from the college students or at Hardies. Reserved seats are 10 cents extra.

Diekema Praised by Roosevelt.

Washington, May 15.—Gerrit J. Diekema, who resigned his position as a member of the Spanish war claims commission to accept the office of congressman from the Fifth district of Michigan, has received the following letter from President Roosevelt.

May 14, 1907.

"My Dear Mr. Diekema—I am in receipt of your letter of the 14th instant, tendering your resignation as a member of the Spanish treaty claims commission. Marriage Licenses.

John Teusink of Holland and Gertrude Hoffman of Overisel.

Breuer-Zigterman.

The marriage of Miss Maude Breuer and Frel Zigterman was solemnized last Thursday afternoon at 3 o'clock at the home of the bride's parents, Mr. and Mrs. G. Breuer, 356 West 20th street. The ceremony was performed by Rev. Wm. Wolvius in the presence of about 100 guests.

The bride was dressed in a handsome white gown with lace trimmings and carried carnations. She was attended by her sister, Miss Rena Breuer, who was also dressed in white and Henry Dieters acted as best man. The wedding march was played by Miss Nellie Reidsma and the wedding supper was served by eight young ladies, who were each presented with a gold initial pin.

The young couple received many costly and useful presents. They will make their home at 212 West Fourteenth street.

Hope College News.

The Rev. Dr. W. I. Chamberlin, a missionary from India, has been secured to deliver the baccalaureate address to the graduating class of Hope college Sunday evening, June 16, in Hope college.

Dr. Chamberlin is the son of a man who has become a veteran in missionary work in India, and is well known for his work and his writings. He was born in India.

The senior class numbers 19 and is one of the largest ever graduated from the institution. Among them are two young ladies, Miss Mae L. Brusse of this city and Miss Martha C. DeYoung of Zeeland, the latter having been selected as valedictorian.

The Rev. Willis G. Hoekje, who graduated from the Theological seminary last week, will represent his alma mater in south Japan, having been appointed a missionary by the board of foreign missions. He expects to leave for his field of labor next fall.

After acquiring the language Mr. Hoekje will engage in evangelistic work for a term of seven years. The territory assigned to him will be adjacent to the field in which the Rev. Albertus Pieters, Anthony Walvoord and the Rev. and Mrs. G. Hondelink are stationed. Mr. Walvoord is a former Hope college classmate and Mrs. G. Hondelink is his sister who left about three years ago.

The young missionary is a son of the Rev. John Hoekje of Fremont and was one of the orators on the occasion of the commencement exercises of the seminary held last Wednesday evening.

More than 50 per cent of the Hope college alumni have entered the ministry and are representing their alma mater in Reformed churches in 25 states of the Union, besides the Netherlands, Egypt, Japan, India, China and Arabian missionary fields. The total number of graduates since 1866 is 354, of which 19 are young women. Three of the class of 1866, are still active in the ministry, and are the Revs. G. Danglemond of Newark, N. J.; P. Moredyke of Chicago, and William Moredyke of Zeeland. The first class numbered eight.

In the preparatory department 750 have received diplomas of graduation, of which number 110 are young women.

The largest class to graduate from the college was in 1899 and numbered 22. The smallest class was in 1872, when Attorney A. Vischer of this city was its only member.

President Kollen was a member of the class of 1868. The present faculty numbers 16, ten of whom received their degrees of A. B. and A. M. at Hope. Of the 27 members of the college council, 24 have graduated from the institution.

A dozen friends of Benjamin Wynveen, of the Freshman class in Hope college, paid him an unexpected visit Saturday evening at his boarding place, 186 East Ninth street. The occasion was his 24th birthday. The evening was very pleasantly spent with games and music, and dainty refreshments were served. The guests presented Mr. Wynveen with a beautiful souvenir of the occasion, and departed at a late hour, wishing him many happy returns of the day.

Martin J. Stormzand, a former Hope College student, at one time editor of the Anchor and for a while on the Herald staff has received two valuable prizes in Princeton Theological seminary. The prizes are an alumni fellowship in New Testament Literature and the Archibald Robertson scholarship for the prosecution of advanced studies. The prizes are worth \$600.

Will and Bernard Rottschaffer of the seminary left last night for their respective fields of labor. The former goes to Litchville, North Dakota, and the latter to Edgerton, Minn.

The Senior class will tonight be entertained at Zeeland at the home of Miss Martha DeJong, one of the class.

Seldom if ever has the public been known to enter the market in such a reckless manner.

To what extent this speculative craze will be carried no one can tell. The public has become thoroughly incited with the fever of wheat speculation, board of trade men say.

New York, May 14.—"Dollar wheat" on the Chicago board of trade Monday was reflected in a violent advance on the produce exchange here, where trading assumed tremendous proportions, attended with much excitement. The entrance of the public in the local grain market was a feature of the day only was his oration marked first by the judges on thought and composition but his delivery was given second place thus making him winner by a good margin.

A Unique Record

Not Another like it in our Broad Republic

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A Holland citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine.

John Lockhart, living at 15 Twenty-eighth St., Holland, Mich., says: "Doan's Kidney Pills have done me a world of good and I am glad to again recommend them. I gave a statement recommending them some years ago and since taking them have been free from kidney or bladder trouble. At that time I suffered with backache and seemed to be getting worse all the time. The pains across my back were terrible and I was restless at night because of the too frequent action of the kidneys. Doan's Kidney Pills completely cured me and I am now as well as ever. Whenever feeling slight symptoms of return, Doan's Kidney Pills always give the desired relief. I have recommended them to all sufferers of this disease and will always continue to do so."

EXAMINE TALESMEN IN HAYWOOD TRIAL

PROGRESS MADE TOWARDS EM-PANELING OF JURY IN FA-MOUS MURDER CASE.

COURT SUSTAINS THREE CHALLENGES

Counsel for Both State and Defense Probing Deep Into Mental Attitude of Prospective Jurors—Defendant Shows Little Interest.

Boise, Idaho, May 15.—The line of preliminary progress toward the empaneling of a jury to try William D. Haywood for the alleged murder of Frank Steunenberg has crossed the front row of the jury box and passed into the rear line. The fifth talesman—Allen Pride, a young farmer—was passed shortly after 11 o'clock Tuesday morning, and when court rose for the noon recess the effort to fill the sixth chair was in progress. The defense must still examine the entire sixth row before peremptory challenging can commence.

Darrow Examines Talesmen.

Mr. Darrow, who Tuesday for the first time took up the examination of talesmen, gave a tone of solemnity to the conclusion of his examination of Talesman Pride. Advancing to a point where he immediately faced the talesman he leaned forward and in an impressive voice asked him if he were on trial for his life if he would be prepared to be tried by 12 men in his frame of mind. Pride first said that he "hated to contemplate such a thing" and that the defendant "could do worse" in jurors than he was. Pride said he did not want to serve on the jury, but would do his duty fairly.

J. L. Waggoner, the member of the original panel who figured as the complainant in the Yost case, was challenged by the defense on the general ground that his experience in this case unfitted him for service in the case, a contention which he admitted was well founded, and Judge Wood sustained the challenge. Two talesmen from the special venire developed irreconcilable prejudice against circumstantial evidence and went down before challenges from the state.

The free circulation of socialistic papers throughout Ada county was shown again, this time during the examination of Talesman Pride.

Examination is Thorough. Seldom has either prosecution or defense been permitted by any court to search so deeply into the history or the present mental attitude of a prospective juror as in this case. E. E. Richardson, who Monday conducted the examination, among other things invariably goes into the relations of the talesmen under examination with union labor, and with what is known as the Citizens' alliance, an organization of the citizens of Boise opposed to union labor.

It is very evident that the defense proposes to lay much stress throughout the case on what they allege to have been an interference on the part of President Roosevelt and of Secretary Taft. The line of questioning invariably goes into President Roosevelt's "undesirable citizens" letter, and into the speeches delivered by Secretary Taft at Pocatello and Boise during the last gubernatorial election in which Mr. Taft supported Gov. Gooding and commended his attitude on what was then known as the "Moyer, Haywood, Pettibone case." Up to the present not a single juror examined has admitted that the expressions of either the president or the secretary of the supposed attitude of Gov. Gooding would have any effect on his decision.

Their Range of Reading Narrow.

It is made plain that the range of reading of the talesmen is not wide. Most of them take one or the other of the local papers and admit that they have read all about the case in these papers. Some of them say they have been impressed to a certain extent, but outside of the newspapers of Boise few of the men have read any papers.

Haywood showed less interest in the proceedings than anyone around him. Upward of 40 newspaper men from every part of the United States are here to report a case in which he is the central figure. Cameras are trained on him from all angles. His every move is recorded. But Haywood shows no sign that he realizes his position. His youngest daughter sits beside him and generally has her arm on the big man's shoulder. Now and then he turns to her and smiles. She seems delighted at the attention, and in turn will look at her mother, in an invalid's chair, and laugh. Once or twice the tension has been relieved by a laugh from the older girl, who sits beside the mother.

Big Mortgage Filed.

Minneapolis, Minn., May 15.—A blanket mortgage for \$3,500,000, covering all the real estate holdings of the J. I. Case Threshing Machine company in the United States was filed here Tuesday, running to the First Trust & Savings bank of Chicago. It is announced that the instrument is to secure a bond issue which shall be used for developing and extending the company's trade, with special reference to the Canadian and foreign fields. Properties covered are in Minneapolis, Racine, Wis.; Des Moines, Ia.; Fargo, N. D.; Kansas City, Mo.; Dallas, Tex.; Lincoln, Neb., and in Oklahoma City.

JAMES B. PORTER and his unknown heirs at law, Defendants.

At a session of said Court held at the Court House in the City of Grand Haven, in said county, on the 22nd day of April, A. D. 1907.
Present, the Honorable Philip Padgham, Circuit Judge.

In this cause, it appearing to the satisfaction of the court now here, from the affidavit of Jacob Steketee, complainant's solicitor, that he has made and caused to be made inquiry as to the residence and whereabouts of the defendant herein, James B. Porter, among such persons as might be apt to know the same, but that he has been unable to obtain any information regarding him whatsoever, that it cannot be ascertained that the said defendant was ever a resident of Michigan, or that he is now living, nor can it be ascertained in what state or country he now resides if living; and that after making like search and inquiry it cannot be ascertained who the heirs at law of the said James B. Porter are, nor in what state or country any of them reside; and that the said James B. Porter together with his unknown heirs at law are necessary parties to this suit; on motion of Jacob Steketee, solicitor for complainant, it is ordered that the appearance of the said defendant, James B. Porter, and each and every of his unknown heirs at law be entered in this cause within six months from the date of this order, and, in case of their appearance, or the appearance of any of them, they respectively cause their answer, or the answer of such of them as shall have appeared to the bill of complaint in this cause, to be filed and a copy thereof to be served on complainant's solicitor within fifteen days after service on them, or on such of them as shall have appeared, of a copy of said bill and notice of this order, and in default thereof that the said bill be taken as confessed by the said defendants and each and every of them. And it is further ordered that within twenty days from the date of this order, the said complainant cause a copy thereof to be published in the Holland City News, a newspaper printed, published and circulated in said county, and that such publication be continued therein once in each week for at least six successive weeks, or that he cause a copy of this order to be personally served on the said defendant and his respective heirs at law at least twenty days before the time prescribed for said appearance.

KANSAS PROFESSOR FIGHTS GREEN BUG

TELLS GOVERNMENT OF WARFARE ON ENEMY OF THE WHEAT CROP.

SENDS PARASITE BEES TO FARMERS

Unable to Fill All Orders Because of Limited Means—Government Says That Pest Has Been Nearly Exterminated.

Lawrence, Kan., May 15.—Prof. S. J. Hunter, of the entomological department of the state university, who, for the past month has been collecting and sending free to the farmers of the southwest parasite bees to kill the green bugs that have been destroying wheat, received a telegram Tuesday from Secretary of Agriculture Wilson at Washington asking for full particulars of his work. Prof. Hunter replied that he had distributed 2,000 boxes containing the parasites to Kansas farmers with uniform good results, but that a larger fund was needed to make the work comprehensive and decisive.

Prof. Hunter said that he is still unable to fill all orders for the bees, but is sending out boxes as fast as possible with the limited means at his command. Whatever delay the farmers have in receiving the boxes has been caused by a lack of funds to push the work, which is being done gratis by Prof. Hunter and the students in his department of the university.

A report received from Hutchinson, central Kansas, stated that the green bugs have begun to attack the newly sprouted corn.

Green Bug Practically Exterminated.
Washington, May 15.—It was announced by the agricultural department Tuesday that the green bug, or spring grain aphid, which has done so much damage to wheat and other small grains in Texas, Oklahoma and in a few of the southern counties of Kansas, already is practically exterminated by its natural parasite, a very minute black fly. In Texas and Oklahoma the bug practically has disappeared through the action of the parasite and a report from southern Kansas received by the department Tuesday stated that at least 50 per cent. of the bugs now are parasitized in all the infested fields in that section. The report adds that if the favorable weather continues through the present week the bug will have been absolutely exterminated.

"Millions of parasites," continues the report, "are coming out in every wheat field, and the green bug has been overtaken and controlled by its natural enemy, and there seems to be little, if any, fear of further damage."

The bureau of entomology, of the agricultural department, has aided the work by sending hundreds of thousands of the parasites from Oklahoma and Texas into Kansas. Three agents of the bureau now are in the field directing the onslaught on the bug. The weather conditions this spring have been favorable to the multiplication of the bug, which becomes a serious pest only under such conditions. The parasites, too, multiply only under favorable weather conditions, but they soon exterminate their enemy.

"The green bug was noticed first in this country in 1884. While more or less common every year, the conditions which favor its destructive abundance only occur at comparatively long intervals. It caused great damage in 1890 and again in 1900, ten years later, and a third outbreak is now coming to a close. Every year, however, a few of the bugs are present in wheat fields, especially in the southern wheat districts, but not sufficient to cause damage."

Convicts Must Hang.
Jefferson City, Mo., May 15.—The supreme court Tuesday affirmed the death sentences imposed by the circuit court on Convicts George Ryan, Harry Vaughan and Edward Raymond, who broke out of the penitentiary Nov. 24, 1905, and killed Guard John Clay in resisting recapture. The three are now sentenced to be hanged on June 27. The supreme court also sentenced John King, of St. Louis, to hang on that date for having killed his sweet heart.

No Choice Yet for Senator.
Madison, Wis., May 15.—Tuesday's joint ballot for United States senator resulted in no choice, the deadlock still existing. The leading Republican candidates received votes as follows: Stephenson, 31; Hatten, 25; McGreegor, 23; Esch, 20.

Reichstag Passes Trade Pact.
Berlin, May 15.—The reichstag Tuesday, without any further discussion, passed the third reading of the commercial modus vivendi between the United States and Germany. The bill will now go to the emperor for his signature.

Heavy Loss by Fire.
Marion, Ill., May 15.—The village of Goreville, south of here, was swept by fire, entailing a loss of \$75,000. Sixteen buildings were destroyed. No loss of life is reported. It is believed the fire was started by incendiaries.

TREE FRUIT CROP DEAD IN SOUTH WEST

BUSH FRUITS, STRAWBERRIES AND GRAPES ALMOST DESTROYED.

Result of the Late Killing Frosts—Conditions in Michigan and Indiana Are Not So Bad As Had Been Feared.

Kansas City, Mo., May 13.—Reports from all parts of Kansas, western Missouri, Oklahoma and Indian Territory indicate almost complete destruction by frost of tree fruit crops, and serious injury to bush fruits, grapes and strawberries.

Michigan Fruit Not Killed.
Detroit, May 13.—Although the unusual cold which has prevailed in Michigan thus far this spring has put fruit and vegetables a month behind their normal condition at this time, reports agree that the fruit crop will be far from a total failure. Opinions differ as to the amount of actual damage caused by the unusual cold. The most pessimistic prediction is made in the state crop report for April, issued last week. It says that fruit correspondents throughout the state generally complain of trees being damaged by the freeze of last October, followed by the severe frosts and cold of April, which came after a mild period late in March which softened the buds somewhat. The report says that these frosts, coupled with the damage done by San Jose scale and other pests make the prospects for the fruit crop rather discouraging.

On the other hand, inquiry among the fruit growers and commission men about Grand Rapids, which is in the center of the Michigan fruit belt, indicates that they look for an average crop of peaches, pears, plums and apples, with a generous crop of berries. It is the opinion there that the state's vegetable crop will be very late, as comparatively few farmers have been able to plant as yet.

Not So Bad in Indiana.
Indianapolis, Ind., May 13.—Reports received from every county in the state show that there was undue alarm for the fruit, grain and vegetable crops in Indiana on account of unseasonable April weather. With the warm weather now arrived more careful estimates can be made. The fruit crop has been seriously damaged, but has not been killed. New buds have appeared on the trees, bushes and vines, and there will be a fair crop of Indiana strawberries, blackberries, raspberries, peaches, pears, plums and cherries. Vegetables are three or four weeks behind their usual development at this time. Good weather from now on will, it is believed, mature a fair crop, though the general estimate is a loss of from 30 to 40 per cent. There will be a 75 per cent. wheat crop as compared with last year.

FIRE VICTIM'S BODY FOUND.
Miss Wittebert's Remains Taken From Kansas City Ruins.

Kansas City, May 11.—The body of Miss Aurora Wittebert, the artist, who lost her life in the destruction by fire of the University building, was recovered from the ruins Friday afternoon. Miss Wittebert had been suffocated, and her body was badly burned. No other bodies were found. The condition of Countess Alexandra Blumberg is still considered serious, but she may recover.

The Corey-Gilman Wedding.
New York, May 14.—In order to escape the unlucky thirteenth of the month, William Ellis Corey, president of the United States Steel corporation, and Mabelle Gilman, the former actress, were married until after midnight Tuesday morning. The ceremony took place in the Royal suite at the Hotel Gotham, Fifth avenue and Fifty-fifth street, in the presence of a small party of friends of the contracting couple.

Illinois State Senator Dies.
Dixon, Ill., May 13.—State Senator Charles H. Hughes died Sunday afternoon at Excelsior Springs, Mo. He was thrown from his horse two weeks ago, and sustained the injury which caused his death. Mr. Hughes was just entering on his third term as state senator. He was a Mason and an Elk. He was cashier of the Dixon National bank.

Mexico City, May 13.—According to a special dispatch which was received from the city of Torreon, Coahuila, at a late hour Sunday, 90 lives were lost in a fire which occurred in the Cornethas shaft of the Ternera group of mines in the town of Velardena, state of Durango.

The fire started early Friday night in an abandoned shaft. At the time there was 107 men working in another part of the mine and but 17 of them escaped. Thirty-five bodies have been recovered.

Scores Die in Mexican Mine.
City of Mexico, May 14.—Ninety men are supposed to have lost their lives in a fire which started in Guggenheimer's Tenares copper mine at Velardena, Durango, last Friday night, when one of the miners threw a cigarette into a bucket of oil. The fire is still beyond control. Thirty-five bodies have been recovered. Seventeen men are known to have escaped.

Builder of U. S. Navy Dead.
New York, May 14.—Charles Haines Haswell, one of the best-known civil and marine engineers in the country, is dead at his home here. He was 98 years old. In the building of the early ships for the United States navy many of Mr. Haswell's constructive plans, improvements and inventions were used. He was engineer in chief in the navy from 1836 to 1851.

WHEAT REACHES \$1 MARK

HEAVY BUYING ORDERS SENDS UP PRICE OF CEREAL.

Cause of a Wild Day on Chicago Board of Trade—Crop Shortage Given as Reason.

Chicago, May 14.—Wheat hit the dollar-mark Monday with apparently the board of trade "brain-storm."

The even figure was reached by both September and December lines, with the trade spreading wider and wider. Foreign buying orders swelled the demand.

September opened at 95c. to 99c. Soon it sold at \$1, and while the bulls were throwing up their headgear the price toppled to 99c. and 98c. A return in the pits before the closing was predicted; also that the next time it would keep its balance.

July wheat opened at 93 to 95c. Next it sold at 96c. and 97c. Saturday it closed at 91½c., while September halted at 93½c.

The arrival at the dollar mark was the climax of the bull stampede. A week ago dollar wheat was spoken of in the same vague way in which reference was made to real spring weather.

The opening trade in wheat was the wildest in the history of the board of trade. Brokers who have been on 'change for 20 or 30 years say they never have witnessed anything equal to the excitement of the first 15 minutes of trading. There is no way of estimating the volume of business transacted within that period.

Leading houses traded millions and millions of bushels. Orders to buy at the market were filled without regard to price. Opening sales ranged from 93 to 97 cents for July, 95 cents to \$1.00½ for September, and 96½ cents to \$1.03 for December delivery. These figures tell the story of the market.

There was no leadership to the trade. The operations of big speculators were lost sight of in the turmoil occasioned by the tremendous influx of outside buying. Seldom if ever has the public been known to enter the market in such a reckless manner.

To what extent this speculative craze will be carried no one can tell. The public has become thoroughly incited with the fever of wheat speculation, board of trade men say.

New York, May 14.—"Dollar wheat" on the Chicago board of trade Monday was reflected in a violent advance on the produce exchange here, where trading assumed tremendous proportions, attended with much excitement. The entrance of the public in the local grain market was a feature of the day's trading. July wheat opened at \$1.00½ to 1.03½, an advance of four cents over Saturday's close, while September wheat opened at \$1.01 and \$1.03½, an advance of four cents over the close of Saturday. December jumped from \$1.04 to \$1.05½ at the opening, having closed Saturday at \$1.01½.

NINETY MINERS ARE KILLED.
Fire in Mexican Mine Causes Terrible Loss of Life.

Mexico City, May 13.—According to a special dispatch which was received from the city of Torreon, Coahuila, at a late hour Sunday, 90 lives were lost in a fire which occurred in the Cornethas shaft of the Ternera group of mines in the town of Velardena, state of Durango.

The fire started early Friday night in an abandoned shaft. At the time there was 107 men working in another part of the mine and but 17 of them escaped. Thirty-five bodies have been recovered.

GREAT CELEBRATION AT JAMESTOWN FAIR

TERCENTENARY OF FOUNDING OF CITY MARKED BY SA-LUTES AND BIG PARADE.

Great Fleet of Warships in Hampton Roads Reviewed—Festivities Conclude With Dinner Given on Italian Warship.

Norfolk, Va., May 14.—A salute of 17 guns from Fortress Monroe ushered in the tercentenary celebration of the founding of Jamestown on May 13, 1607. Gen. Baron Kuroki was the guest of honor of the day, and was accorded every possible honor. He was escorted to the exposition grounds by Gen. O. E. Wood, Gen. Grant and Maj. Strong.

All honors were accorded the noted Japanese and after breakfast Gen. Kuroki and party proceeded by special boat to review the great fleet of American and foreign warships in Hampton Roads, after which they landed at the Jamestown exposition grounds for the exercises of the day, which included an address by President H. St. George Tucker of the Jamestown Exposition company and a parade and review of the federal troops on the camp at the exposition, together with several thousand sailors landed from the American and foreign warships in Hampton Roads.

Naval Dignitaries See Parade. All were reviewed by Gen. Kuroki, the Japanese vice admiral; Sir Gero Ijima, the Italian Duke d'Abruzzi, Gens. Grant and Wood, Admiral Evans and other American and foreign army and naval dignitaries.

At noon a salute of 300 guns was fired in Hampton Roads commemorative of the nation's birth on May 13, 1607. The remainder of the day was taken up in informal exercises of various kinds, among the features being international races in Hampton Roads between crews from the American and foreign warships.

The exercises on the island were directly under the auspices of the Society for the Preservation of Virginia Antiquities. Joseph Bryan of Richmond, Va., presided and the invocation was offered by Bishop Randolph of the diocese of southern Virginia.

The opening address was delivered by Gov. Swanson of Virginia and British Ambassador Bryce followed with an address, the subject of which was "Greetings from the Old World to the New."

Italian Duke Is Host.
Gen. Kuroki and his party inspected Fortress Monroe and the festivities of the day concluded with a ball and dinner given by Duke d'Abruzzi on the Italian flagship Varese, the banquet being attended by all foreign and American dignitaries now in these waters. The function was one of the most elaborate ever given aboard a warship.

At night there was a great illumination of the warships in Hampton Roads with brilliant fireworks from floats off the exposition grounds and in close proximity to the warships.

OHIO CONFERENCE CALLED OFF.
Republican State Central Committee Did Not Meet.

Akron, O., May 14.—United States Senator Charles Dick, who is chairman of the Republican state central committee, Monday night issued a statement calling off the order for a conference at Columbus Wednesday of members of the state central committee, Republican members of congress, county chairmen, state officers and Republican leaders generally. The call for the conference was issued last week and gave for its object the discussion of means of reconciling clashing interests of political leaders in this state and maintaining harmony in the party.

Senator Dick, according to statements of his friends, feels that he has done all possible to bring about peace and, as chairman of the executive committee, now leaves the matter to the party.

Medical Bill Signed.
Albany, N. Y., May 14.—Gov. Hughes Monday night signed the bill of the assembly committee on public health, revolutionizing the system of state control of the practice of medicine, known as the "Medical Unification bill." It creates a new definition of the practice of medicine, more sweeping than the old and substitutes one board of medical examiners under the auspices of the board of regents in place of three boards now having jurisdiction and representing the allopathic, homeopathic, and eclectic state medical societies.

The syndicate operates 10 similar plants.

The Detroit News comments on G. J. Diekema in this wise: "Congressman Diekema set out more than 20 years ago with the intention to be congressman and neither adversity nor disappointment could make him alter his determination. What he may accomplish in office is written in the book of fate but the page is unturned. One may well wish that we had more Dutch pertinacity in the counsels of state and less trimming and shuffling."

Blaze at Waverley

Fire broke out in the lumber yards of the Pere Marquette railway company at Waverley Saturday afternoon and destroyed thousands of dollars worth of valuable piles, beams and lumber, most of which is used by Foreman McNabb in constructing bridges.

The blaze started in a shed filled with floorings and sidings and soon spread to adjoining piles.

Fire chief Kloster was appealed to for hose, but it was several hours before it was taken to the yards as the switch engine was crippled and the line had to be kept open for the fast train from Chicago, which was due to arrive.

After No. 5 had gone the Grand Haven passenger train was sent to Waverley with hose and the blaze was extinguished. The origin of the fire was sparks from a passing locomotive.

The fire at Waverley Saturday was an expensive one for the Pere Marquette Railway company, the loss on bridge timber amounting to \$2,500. Most of the lumber was hardwood. Water to extinguish the fire was procured at the round house, and the hose sent by the city used.

'Diek's' Place

The president has announced the appointment of Lawrence Y. Sherman of Illinois to succeed G. J. Diekema of Michigan as a member of the Spanish treaty claims commission.

Mr. Sherman is lieutenant governor of Illinois and will have to resign that office. Mr. Diekema, who was recently elected to congress from the Fifth Michigan district, resigned from the commission, a position paying \$5,000 a year.

Notes of Sport.

This is what the Wichita, Kan., Star says about Java VerSchure the Holland boy who is umpiring for the Western base ball association: "Java VerSchure, the umpire whom President Shively assigned to Wichita for the opening series, looks like the goods. He comes from far off Michigan, so that the cold weather did not interfere with his judgment, as it did with some of the players. His judgment on most things seem to be pretty good. Of course there are the usual "kicks" on balls and strikes and close plays, which players register regularly, whether they are right or wrong, but on the whole his work has been very satisfactory. VerSchure looks like an umpire, at least. He gets around fast and sees every play. He has the appearance of a gentleman off the field, and on the field he is master of the situation. Some fear was expressed by the fans after the first game, lest he should be too easy with the players. In that contest he let some of the kickers "get to him," and was disposed to argue a point with them. In Saturday's game there was none of this. Both teams were "scrappy" but the new indicator man would stand for no foolishness and the game was pulled off with no disgraceful episodes. The opinion of both players and fans is that VerSchure will do."

Holland will be represented on the diamond this year by one of the fastest amateur ball teams in its history. At a recent meeting of "base-ball hungry" fans a team was organized with Chris Knutson, Captain; Tom Robinson, Manager; and H. TeRoller, Secretary and Treasurer.

The following men are at present trying out for positions on the team Batema, Deto, Frederickson, Batema, Johnson, Knutson, Lievense, Rottschaefer, Shaw, Scheerhorn, TeRoller, VanPutten, Vander Hill and Woldering. The new organization seems to have taken a start in the right direction and to judge from the above list of players will go far towards producing a winning team.

The boys will meet the High School team Saturday afternoon at 3 o'clock on the Nineteenth street grounds and as this will be their first game it will be the first opportunity for local fans to see them "play ball."

Holland will be "in it" in base ball this year according to Captain Knutson of the newly organized team. The team is engaging in daily practice and the captain is sanguine about the winning qualities of the team. There is in general more base ball enthusiasm among local fans than there has been for a long time and the time seems to be at hand for a rousing season on the diamond. The local team has fighting qualities that seem to point to victory; besides they are diligent in practice which also counts for a great deal.

Bricklayers Organize.

Tuesday night the B. P. M. International Union was organized with the following officers:

President—G. A. Wantoo.

Vice president—Frank Smith.

Recorder and financial secretary—A. A. Finch.

Treasurer—D. Meengs.

Corresponding secretary—Bert Habing.

Deputy—S. Habing.

Alternate—Wm. Poppe.

The Union includes the bricklayers, plasterers and masons. The Union adopted the 9-hour day, instead of 10 hours as has been the custom in Holland. The wage rate of 45 cents per hour is not changed. The Union already has a membership of 35.

Bite the Hand that Feeds

While performing an act of the good Samaritan in feeding three weary travelers at her home near the Zeeland brickyards Saturday, Mrs. Henry DeYoung was robbed of a pocketbook containing \$14. She reported the theft to Officer Schaap and he notified the police force at Grand Rapids and Holland.

Marshal Kamferbeek discovered that the boys purchased tickets at this station yesterday for Muskegon and at once telephoned Sheriff Woodbury who intercepted them at Grand Haven.

The trio gave their names as Charles Clawson, Frank Mc Cabe and Otto Grumbs, with their homes in Muskegon, when arraigned in Justice Rozenraad's court at Zeeland, they pleaded guilty and were sentenced to pay a fine and costs of \$23 each or 65 days in the Detroit house of correction. All but \$2 of the stolen money was recovered.

It's too bad to see people who go from day to day suffering from physical weakness when Hollister's Rocky Mountain Tea would make them well. The greatest tonic known. 35 cents, Tea or Tablets. Haan Bros.
