Keep Cool

GIBSON REFRIGERATORS

Hot Weather is near at hand. Let us supply you with a

Gibson Refrigerator

from our mammoth stock

A large variety to select from, different styles, different kinds, and prices ranging from \$6.50 up to \$50

Our Refrigerators are built with Double Walls, perfectly insulated, and a positive dead air space is formed in all the walls with specially prepared non-conducting felt or charcoal sheathing on either side of it, so that it is impossible for the outer air to penetrate the box.

The corners also are solid, making our refrigerators much stronger than others.

The inner case is made of tasteless and odorless lumber and there is no wood exposed in any part of the inside of our refrigerators.

Our refrigerators are filled with the best quality of filler that can be obtained, and have two coats of varnish.

"The Barn Will Help Build the House"

but the house will never help build the barn," is a common saying amongst farmers. It's good business when making the first permanent improvements on the farm, to put up first the buildings that help most to make money.

Every dollar put into a good modern barn is returned many-fold to the farmer. Cow comfort and horse comfort mean man profit. Live stock kept well and vigorous pays handsome dividends.

There is no need to argue the case for the modern barn. Most farmers admit the necessity of it. Anything that we can do to help you obtain the right sort of barn for your farm, we will gladly do. Let us get together on it.

We can furnish you with the building material for either house or your barn at the most reasonable prices.

CENSOR BOARD WILL GO BACK TO WORK CONDITIONALLY

CONTEMPLATES PAVING PART OF LINCOLN AVENUE

Bonus Committee Make Their Semi-Annual Report to the Council.

Among the important business happenings at the meeting of the Common Council last night was the consideration of a strike that has been declared among the men employed by the city in sewer digging; the referring of the request of the Board of Education for a loan of \$5,000 to the committee on Ways and Means instead of instantly granting it, as was done formerly; the hearing of the semi-annual report of the trustees of the Holland Bonus Fund; the reading of a communication from the Board of Moving Picture Censors and the passing of a resolution by the Council relative to the matted.

Billiard Hall Licenses Applied For.
C. Karose and Lee Cummings, the proprietors of the local billiard halls, petitioned for licenses, the former naming C. Blom and H. Van Tongeren as his securities and the latter Nick Hoffsteen and Dave Blom. Both applications were referred to the License Committee.

J. H. Purchase asked to be placed under the compulsory sewer ordinance, the amount of the work to be about \$128.75. This was granted.

The Lawrence Bros., now occupying the drug store formerly owned by C. D. Smith submitted their bonds, C. Blom and W. A. Van Syckle being named as the sureties. The bonds were approved.

Van Eyck Again Resigns
For the second time, the resignation of W. O. Van Eyck, the present postmaster, as member of the Board of Bonus Trustees was read, he thanking them for the fact that they refused the first one in honor of his appreciated fine work on that committee, where he acted as secretary. This time the resignation was accepted.

Council Accepts Memorial Day Invite.

An invitation to the members of the Council to take part in the parade and ceremonies of Memorial day as an official body was accepted and commented upon as the smallest mark of the respect due to the old soldiers that could be done by the body. They are unanimously in favor of doing anything possible to show their appreciation for the old veterans still living, and those who have already answered the last taps. The \$150 appropriated in the annual bill for the Memorial Day celebration had not been applied for previous to last night's meeting, and therefore, that the committee in charge of the finances of the day might use the fund, the treasurer was instructed to offer them the \$150.

The bonds of C. Stam as constable of the First Ward were approved, Fred Beeuwkes and A. H. Meyer being his sureties.

A petition from the property owners along Lincoln Avenue between 12th and 11th streets and on Eleventh street east to Lincoln to have the street sprinkled was referred to the Committee on Streets and Crosswalks with power to act.

The Van Voorst brothers asked for permission to move a barn from 13th street and Columbia avenue to Nineteenth street and Columbia avenue. The Committee on Streets and Crosswalks was requested to investigate and report to the Council.

Henry Dorr, the contractor on the building of the new Klassen Printing House on Tenth street, back of the W. L. C. rooms, petitioned for permission to place building materials on the sidewalk. It was granted.

Alderman Wiersema brought up the matter of placing a surface drain from the basement of the Maple Avenue Christian Reformed church to the street drain. The permission was given, subject to the approval of the City Engineer.

POLITICAL SITUATION IN OTTAWA COUNTY

SEVERAL CANDIDATES ARE OUT FOR DIFFERENT OFFICES

Only One Candidate For Prosecuting, Thomas N. Robinson, of Holland.

The political pots are beginning to sizzle a little in Ottawa county and some have already come to a boil as far as the Republican County ticket is concerned.

Jacob Glerum, the present incumbent of the office of county clerk, now serving a third term which is evidence enough of his popularity with the voters will have opposition in the person of Orrie Sluiter, the gentlemanly probate register, who has become familiar with court house conditions through a long period of service in the building. Mr. Sluiter is already out making an active campaign in the county.

A multitude of candidates, including the present incumbent, John F. VanAntony, who is also serving a third term, are out for the office of Register of Deeds. Among these are Mr. Chamberlain of Hudsonville, John S. Brouwers of Holland Township, John Arendshorst and Herman Vanden Brink of Holland. The fight for this nomination will be watched with much interest.

For drain commissioner Henry Sierma has no opposition having made a very efficient officer.

Fred Gordon of Wright township is present serving his first term as county treasurer, is a candidate for another term and will very likely not be opposed in the primaries.

The race for sheriff will be red hot. Among those mentioned for this office, some of whom are already making an active campaign are the following: Frank Salisbury, Marshal Welch and Delbert Fortney of Grand Haven; Otto Bajamea of Georgetown; Cornelius Dornbos and Jacob Zuidema of Holland. All of these men with one exception have had extensive experience as officers and have acquitted themselves creditably as sleuths. It appears to be a question of "take your pick from this excellent field of candidates and the man who works the hardest and rallies the most friends to his standard will no doubt be returned the winner.

James J. Danhoff, who ran for the nomination as probate judge four years ago against Edward P. Kirby, the present incumbent of that office, is out again for the nomination. Opposed to him is Cornelius Roosenraad of Zeeland, the county agent.

Rumors has also connected the name of Charles H. McBride with a candidacy for this nomination but thus far there has been no confirmation of these.

For Prosecuting Attorney, Thos. N. Robinson of Holland is assured of a clear field as his candidacy has been favored by all of the leading attorneys of the county who have either promised support to the man from Holland or declared themselves not in the race.

DR. C. J. FISHER TO BUILD \$7,000 RESIDENCE
PURCHASES THE TEN HAGEN PROPERTY AND WILL BUILD AT ONCE.

Dr. C. J. Fisher has purchased the William Ten Hagen Property on the corner of Maple Avenue and Fourteenth street for \$2,000. The house standing on the lot will be torn down and will be replaced by a beautiful \$7,000 residence when completed.

Frank Essenburg, the contractor, has the contract.

SOCIAL SERVICE DOES EXCELLENT SERVICE

THEIR MEDIUM OF AID TO HOLLAND POOR HAS BEEN EFFECTIVE FOR GOOD.

The Social Service Society of this city has been the means of alleviating the stress of poverty in a great many instances in Holland during the past four months. Thru this organization the needy have been given 604 garments, 42 pairs of shoes, 10 pairs of rubbers, 7 comforters, 1 bedtick, 1 bed blanket, 1 couch, 1 rocker, 2 bedsteads, 2 springs, and 2 mattresses.

This is fine work and the officers should be given every possible assistance by those who are blessed with more than some of their fellows.

Remember too, that the officers of this society work without pay. Your aid goes entirely and directly to the poor. It is not as a whole or in part eaten up by salaried officers and assistants. Besides it is purely a local organization that has for years taken upon themselves to give aid where aid was most needed.

The officers of this worthy society are Mrs. A. C. V. Gilmore, president; Mrs. G. W. Browning, vice president; Mrs. John Dinkeloo, 2nd vice-president; Mrs. L. M. Thurber, secretary; Henry Geerlings, treasurer.

Remember too that this is the original charity society started in Holland several years ago; that the officers work for nothing and that their "charity begins at home," and ends there; and that the name is "Social Service Society" with three big S's.

Miss Marie Kaiser, Famous Soprano Who Gave Concert at Woman's Literary Club Last Evening

HAD TO LOCK DOORS FOR KAISER CONCERT

MORE SPECTATORS APPLIED THAN THE HALL COULD ACCOMMODATE

The Work of Miss Kaiser is Simply Beautiful and the Flutist, Mr. Lyman Performed Excellently

An unusual musical affair was heard last night at the Literary Club rooms when Miss Marie Kaiser, the well known young soprano was heard in a private hearing to which a number of musicians and music lovers of this city had received cards of introduction in fact so great was the gathering that the hall would not begin to accommodate them and for that reason the doors were locked in order to not disturb the singer in her work.

When the program opened, Prof. J. B. Nykerk of Hope College, in his usual excellent way, introduced Miss Kaiser and Mr. Lyman and commenting on the numbers to be given.

Miss Kaiser performed a very unusual and novel program, inasmuch as on a number of occasions she literally sang duets with herself. This was made possible through the aid of Mr. Thomas A. Edison's new musical instrument, the Diamond Disc Phonograph, Miss Kaiser had previously made records for Mr. Edison, which were re-created last night, and she stood beside the instrument and sang a counter melody to the selections originally recorded by her. The effect was delightfully unique, and under no other conditions could two voices be found which would be so nearly alike in quality, nor could any two artists ever be in such perfect accord as to enunciation and expression. This criticism would not be justified in the case of an ordinary talking such as we have been familiar with hitherto, but Mr. Edison has spent a number of years and a large sum of money in the endeavor to gratify his own ambition to perfect a sound Re-Creating instrument which would Re-Creat music with exactly the same tone quality as it had in the original performance. Last night's hearing illustrated that Mr. Edison has succeeded perfectly in realizing his ideal. On a number of occasions Miss Kaiser stood beside the instrument and sung in unison with the Re-Creation made by her and except by watching her lips it was quite impossible to tell which was her, Miss Kaiser herself, or the Re-Creation of her own voice.

Miss Kaiser was assisted by Mr. Lyman, a clever young flutist from the Edison Laboratory, who conducting the hearing and several interesting explanations regarding what was being done. He also played his solo with Re-Creations of flute solos.

DORNBOS SHOTS, BUT FISHERMAN GETS AWAY

NETS CONFISCATED AND DESTROYED BY THE STATE DEPUTY

For sometime Deputy Game Warden Dornbos has been laying in wait for an illegal fisherman who was netting in the river near the Van Slooten place southeast of the city. The moon was too bright and high however, for the deputy to get close to the offender, and no sooner did he make his approach when Mr. Fisherman made strides for the south and all one could hear was the ripping at pantaloons going over wire fences.

Mr. Dornbos shot several times at the fleeing figures but the more he popped, the faster went Mr. Man towards Drenthe.

The deputy however found the net in the river which he cut up and destroyed.

Holland justices have promised heavy sentences to illegal fishers and no doubt when caught they will get the limit of the law which is \$100 and costs or ninety days.

Rodus Lippie of Park township was hauled to court yesterday by Deputy Dornbos in charges brought by his wife in which it is alleged that he knocked her down. He was taken before Justice Miles and his trial was set for Friday afternoon.

FIRE BURNS DOWN NORTH SIDE HOME

MAYOR TILMA'S SISTERS' HOME IS DESTROYED BY MOLLOCH

At six o'clock this morning, while Mrs. Jacob Boonstra and child were at the breakfast table, the crackling of fire was heard upstairs and in a short time the little home on the North Side on the Grand Haven road was untenable.

The contents of the ground was saved but everything on the second floor was destroyed.

The house is what is better known as the Geo. Tackberry place and has been occupied for some time by the Boonstra's. Mrs. Boonstra is the sister of Mayor George Tilma of Grand Rapids.

In connection with this fire it might be mentioned that the citizens are talking that it would be a good thing for our chemical truck to assist in these fires that are in close proximity to Holland. In a great many cases the chemicals will do the work where water and hose are not available.

ENTERTAIN THE HARMONY CLUB

MR. AND MRS. JAMES TILT ACT HOST AND HOSTESS TO ABOUT TWENTY-FIVE

Last evening at their home on West Thirteenth street Mr. and Mrs. James Tilt entertained about twenty-five members and friends of the Harmony club at Progressive Pedro and other amusements.

After playing ten sets of four games each, elaborate refreshments were served and social hour was enjoyed during which Mr. A. M. Galentine in behalf of the club presented Mr. and Mrs. Tilt with a beautiful remembrance of the happy occasion.

First prizes were awarded to Mrs. Nicholas Hoffsteen of West Fourteenth street and Mr. C. N. Pipple of West Twelfth street. Booby prizes were also awarded Mrs. Edward Van Tak of East Ninth street and Mr. Frank Oosting of West Eighth street.

GEORGE W. MCBRIDE IS HOPEFUL OF BENEFIT

Captain Mc Mride Taking Treatment for His Eyes, Is Much Encouraged By Results Thus Far.

Captain George W. McBride of Grand Haven, who is at present in Chicago taking treatment for an affliction of the eyes, writes to friends here that his condition is considerably improved, according to the reports of the attending physicians. Capt. McBride is under treatment by Dr. Heff, who informs him that the pupils of his eyes are in much improved condition after fifteen treatments.

Capt. McBride states that while he himself has not as yet noticed any marked change in his condition that dark weather conditions have had something to do with it. With the treatment now being given him, he has every reason to believe that his sight will be partially or completely recovered.

His friends here are greatly pleased to hear encouraging news from one of Grand Haven's original boosters. Within the last 25 years Capt. McBride has been identified with all the movements for the advancement of the city, and his friends here will always give him credit for the great amount of work he did.

Mrs. Jennie Cramer entertained last evening in honor of Nellie Bruer who will become a June bride, with a miscellaneous shower. The evening was pleasantly spent and the bride-to-be received many useful gifts. Those present were Mrs. Peter De Young, Mrs. J. Essenberg, Mr. and Mrs. Marine Cauwe, Mr. and Mrs. Peter Dirkse, Mr. and Mrs. Fred Zigterman, Mrs. John Serier, Mrs. Vissers, Vina Cramer, Cora Vissers, Margaret Essenburg, Anna Cramer, Rena Cramer, Helen De Young, Barney De Young, Gennis Zigterman, Peter Cramer, John Zigterman and Lester Serier.

WAR AND TARIFF

HELP HOLLAND-ST. LOUIS SUGAR CO.

MICHIGAN INVESTOR STATES WHAT JOHN BURNHAM & CO. HAVE TO SAY ABOUT HOLLAND FACTORY

John Burnham & Co., Chicago say: "The repeal of the free sugar bill removes the cloud which has been hanging over the sugar industry ever since 1912 and places it upon a solid basis. When the peculiarly successful records of the Holland Sugar Company and the St. Louis Sugar Company up to 1912 are taken into consideration the present market price would possibly be justified even based upon a ten-year average selling price of sugar. The abnormally high prices at which sugar is now selling, however, and which are likely to prevail as long as the war lasts have permitted the company to make unusually large earnings this year. Should earnings continue for several years more upon the present or an even greater basis, Holland-St. Louis common might eventually and legitimately sell at between \$15 and \$20 per share. That this would not be beyond the bounds of a reasonable possibility is shown by the fact that German-American Sugar common (par value \$10) has already sold at \$20 this year while Great Western Sugar common (par value \$100) is now \$250 bid, with none offered. On the other hand, although we have no official expression of opinion upon this point, we are inclined to the view that stockholders should neither expect nor ask for a cash dividend until next season, as it would be to the best interest of the company and therefore of the stockholders to apply present earnings to the building up of a substantial surplus. Conservative action of this sort should strengthen rather than weaken the market position of the stock. There have been some rumors of a stock dividend but we have no reliable information in this connection."—Michigan Investor.

FILLMORE BONDING

OF \$10,000 CARRIES

GOOD ROADS PROPOSITION WON WITH ONLY 15 OPPOSED; SHOWS INCREASE IN MOVEMENT.

Thursday in Fillmore township an important election was held. The proposition of bonding the township for \$10,000 for good roads came before the people. An intelligent lot they proved themselves, for the proposition carried with a majority so large that the opposition was left out of sight.

With a polling of 112 votes, 97 declared themselves in favor of the good roads and only 15 were opposed. This again shows the growing demand for good roads everywhere.

A COMPLETE STONE ROAD TO SAUGATUCK

NEW RICHMOND DIRECTLY SOUTH OF HOLLAND GETTING STONE ROAD FEVER.

Work on the stone road at Saugatuck toward Holland was begun in earnest as the roller has arrived and is now busy night and day. The contractor Mr. Allen tells us that he believes the work on the road north of Saugatuck will be completed before Sunday.

Engineers of the company are here and the work on the road south of Douglas has been started. The operations will be pushed rapidly as they have a contract for building a piece of road in Wisconsin that will have to be started soon. When Laketown has completed its six mile stretch this will practically give a complete stone road into Saugatuck.

New Richmond, directly south of Holland has also got the good road fever as will be noticed by the following good roads call:

There will be a meeting at the Town Hall at New Richmond May 23, at 7:30 p. m. to consider the matter of bonding for the building of a stone road. Everybody interested is urged to attend. Manlius Grange Community Center, S. M. Thomas, president.

ZEELAND HIGH WINS DISTRICT CONTEST

ANNA DE HAAN TAKES FIRST AT ST. JOSEPH; HASTINGS WINS ORATORY.

Another district honor came to Zeeland High school Friday evening when Anna De Haan won first place in declamations in the District Oratorical and Declamatory contest held at St. Joseph. Seven schools were represented in the contest, three in declamations and four in orations. Those in declamations were Horton, Ionia, and Zeeland; in orations, Portland, Hastings, St. Joseph, and Centerville.

Miss Aimie Benkes of Hastings, with the oration "Tragedy of War," won first place in orations. Zeeland and Hastings are tie for the district honors, each winning first in the sub-district and also the district contest.

The contest at St. Joseph covered about one-fifth of the score. The subject of Miss De Haan's declamation was "Toussaint l'Ouverture." Toussaint l'Ouverture was one of the liberators of Haiti, born a slave and later became chief of the army of Santo Domingo. The Zeeland School has a record that they can well be proud of as the Zeeland representatives in orations last year won first in the sub-district contest and third in the district contest. Miss Ruth Vanden Burg, a high school teacher, accompanied Miss De Haan to St. Joseph.

ZEELAND HIGH IN GREAT CELEBRATION

VICTORY IN DISTRICT CONTEST CAUSE OF DAY OFF; PARADE AND SPEECHES

Monday was honor day at Zeeland, the whole city joined the High school students in celebrating the victory that Miss Anna De Haan brot to Zeeland High school when she won first place in declamations at the district contest held in St. Joseph Friday evening.

After parading lock-step over the school grounds and thru the school buildings the students finally settled down at 8:45 Monday morning to attend chapel exercises. Here several yells were given for Miss De Haan, Miss Vanden Berg, who accompanied her to St. Joseph and other members of the high school faculty. Then a brief report of the contest was given by Miss Ruth Vanden Berg and Miss De Haan gave her declamation.

Superintendent A. H. Washburn addressed the students. He spoke of the double honor which had come to the sub-District High school by having both their representatives win out, one in declamations and one in orations. Several other members of the faculty made appropriate remarks. Then came the announcement that there was to be no school. Miss De Haan was seized and placed in a buggy which awaited her outside and a parade lasting an hour followed. Speeches were made by several members of the school board and business men. Enthusiasm ran high when it was announced that there would be a baseball game to be played later at the baseball diamond.

The baseball game which was played later in the day between the Seniors and the Juniors was won by the latter. The affairs of the day were wound up at night when all the High school students turned out to a roast at the brickyard. There, too, the same enthusiasm was displayed. Speeches were made, and an all around good time was enjoyed by all. The students retired confident that they had displayed more enthusiasm in one day than was shown in the twenty years of the High schools existence.

STOLEN WAS THE LITTLE FORD; THE THIEF NOT ARRESTED

When Hadley Buss, a resident of the Park road, returned to the Jackson garage Thursday night at 9 o'clock for his Ford roadster to make the home trip, he found it not. As the immediate vicinity bore no marks of the presence of the flivver, he at once notified the police.

A bustle and scurry followed. A description of the car was sent to Grand Rapids, Zeeland and surrounding towns and villages. The police were determined to have the offender punished. Holland was searched in every back street and alley. No results.

Late at night Buss gave up the search and took his other car, a Dodge out of the garage and started for home. A half-mile from his residence he was surprised to see an abandoned auto in the middle of the road. Examination proved it to be his lost Ford, and also that it was out of "gas," the cause of the abandonment. Joyfully he attached it to his touring car and towed it home.

Met by his wife in the doorway, he began to recount his adventures of the evening. She interrupted him with her story.

"Why, I took the Ford, Hadley, when I missed the car. I have the key for the switch-lock, you know, and I knew you could drive the Dodge home, so I started. You weren't worried were you?"

And Hadley hastened to assure her that he had possessed a peaceful (he meant Ford-ful) frame of mind during the entire evening, and was so sorry that he had neglected to fill the tank, as now she had been forced to walk a half-mile and leave the roadster to the mercies of a black night.

SPRINGFIELDS ARRIVED SATURDAY MORNING

THREE THOUSAND ROUNDS OF AMMUNITION HAVE ALSO ARRIVED

The Members of the Holland Rifle Club Will Now Try to Become Sharpshooters.

Holland also believes in preparedness, the government having sent five of the latest Springfield Model 1898 rifles with three thousand rounds of ammunition. On the face it would look as if the government is rather stingy to send but five rifles to thirty members of the Holland Rifle club, but there is a method in all this. Several of these clubs are being formed all over the United States encouraged by the government. When a club is organized the government sends one rifle for every six members, each member to receive 120 rounds of ammunition free. These six members in their practice on the range use the same rifle; and here's where the government shows wise judgment. Uncle Sam sets a certain score as a standard for marksmanship. Any member attaining this score becomes a sharpshooter, and when he has attained this goal he then receives from the government an individual rifle of the latest make.

So it is plainly evident that the members of the club who are really ambitious to merit a gun, are taught to become an efficient marksman through his efforts of obtaining it. The government no doubt feels that if guns were distributed promiscuously, that after popping away for a time, the novelty would soon be worn off, and the member would not have become very proficient in the use of firearms.

The rifles received Saturday morning, and which are now being displayed in the widow of H. Van Tongeren's store can shoot 20,000 yards with telling effect. It also contains sights for shooting that distance besides having a wind gauge that can be used in telling what aim should be taken by the gunner in order to overcome the effect that the wind would have upon the bullet in traveling a certain distance. The members of the gun club are busy picking out a range and it is expected that one north of the city can be obtained. The range must be from 500 to 2,000 yards, with a hill or bluff for a background so as not to endanger life and property.

The officers of the Holland Rifle club are: president, R. B. Champion; vice president, Charles Vos; treasurer, J. Van Dyke; and secretary, Thos. N. Robinson. A meeting of the club will be held within ten days for the purpose of soliciting more members and also to form plans for the shooting matches.

P-T CLUB USES COIN FOR PLAYGROUND FUND

CENTRAL SCHOOL ORGANIZATION ELECTS WILLIAM VANDER HART PRESIDENT

A most enjoyable meeting of the Central Avenue P-T club was held Friday evening, with about ninety parents and teachers present. The fourth grade presented a group of songs after which the fifth grade entertained with two dramatizations of "Clean-Up Day" and "Birds of Killingworth."

The audience was then delighted with a reading by Mrs. George E. Kollen. Mr. Ray Nies and Dr. Waltz gave a representation in shadow pictures of a dentist's office that was very amusing. The election of officers was held, resulting in the following officials for the ensuing year: president, Wm. Vander Hart; first vice-president, P. Van Dommelen; second vice president, G. Van Landegard; secretary, Miss Elizabeth Wearne; treasurer, Mrs. John Schouten.

The collection was voted to be used as a play ground fund. Refreshments consisting of ice cream and cake were served by the men.

ZEELAND FACTORY RAISES ITS WAGES

WOLVERINE FURNITURE COMPANY TO INCREASE PAY 5 and 10 PER CENT DURING SUMMER MONTHS.

The Wolverine Furniture Company of Zeeland Tuesday issued notices to their employees which are causing a great deal of talk and comment among the furniture factories of this city. These notices state that commencing May 29, and continuing at least to October 1, all day workers and piece workers in the machine, veneer, cabinet and finishing departments and yard men, will receive an advance of five per cent over their present pay, this additional five per cent to be paid on each pay day. This will apply not only to those now employed by the company, but also to those entering the employ of the company between now and October 1.

In addition to the above five per cent advance, all present employees and all those entering the employ between now and July 1, who are still in the employ of the company on October 1, will receive an additional five per cent on their pay from May 29 to October 1, based on their present rate of pay.

In other words, those now in the employ of the company and who remain until October 1, will receive ten per cent above their present pay, and those who quit or are discharged between May 29 and Oct. 1, will receive but five per cent above their present rate of pay. Those who enter the employ of the company between now and July 1, will be in the same basis as those now working. Those entering the employ of the company after July 1, 1916, will receive the first five per cent only. These notices were handed the workmen by James Van Volkenburgh and no doubt definite results will follow. Since this factory employs a large number of men and since other factories may follow the example set by the Wolverine, it is evident that it will mean a great deal for the Zeeland workmen.

RESORT CITY CLUBS VISIT LOCAL W. L. C.

SAUGATUCK AND DOUGLAS LADIES ENTERTAINED TUESDAY; REPEAT OPERETTA

Very home-like did the hall of the Woman's Literary club appear as it was decorated for the reception of the club women from Saugatuck and Douglas. There were many bouquets of spring flowers, both wild and cultivated.

After the guests had been received by the officers and directors and shown to seats, the audience listened to the following program: vocal solos, Mrs. Arthur Visscher; addresses by Mrs. Kollen, the presidents of the visiting clubs, and Mrs. Calkins of Saugatuck; "Miss Doremifasolasi"; vocal solos, by Mrs. Pardee and Mrs. Hoffman, Miss Brown and Mrs. Van Verst accompanied the singers.

The cast of "Miss Doremifasolasi" was the same as before with the exception of Tiny, deceased, whose place was taken by a poodle belonging to Mrs. Fell. All of the numbers were enthusiastically applauded.

After the program, refreshments were served by the May committee, of which Mrs. Frederick Tilt is chairman.

Next week Miss Parks and the Girl Scouts will have charge of the program.

GLEE CLUBS OF HIGH IN MUSICAL PLAY

"BULBUL" IS NAME OF VEHICLE FOR H. S. STUDENTS' VOCAL TALENTS

The High school Boys and Girls' Glee clubs will present the musical comedy "Bulbul", tomorrow in 3w78jold- W High school auditorium.

The story of the operetta is very entrancing. The Princess Bulbul is betrothed to Prince Caspian, whom she has never seen. The Prince determines to see her before the betrothal, and disguises as a peddler, accomplishes his purpose. The princess falls in love with him and determines to marry the peddler. Her father recognizes the prince, in spite of his disguise and all ends happily.

The Princess Bulbul is Hazel Kuhl; her father, Harold Lage; Prince Caspian, Arthur Smith; Ida, court chaplain, Maybelle Mulder; Lilla, friend of Bulbul, Marion Sywassink; Albain, friend to Caspian, Norman Simpson; Dossy, keeper of the Royal Spectacles, Sylvester Paulus; Justo, Keeper of Royal Cash Box, Bert Posthumus. The Maids of Honor, Ladies of the Court and Housemaids will be members of the girls' glee club; the Lords and friends of Caspian by the Boys' Glee clubs.

Don't Take a Chance

HOLLAND PEOPLE SHOULD ACT IN TIME

If you suffer from backache; If you have headaches, dizzy spells; If the kidney secretions are irregular, Don't delay—likely your kidneys are sick.

Holland people recommend Doan's Kidney Pills.

Here's a Holland man's experience: Gerrit Doesburg, printer, 25 W. 4th street, Holland, says: "I have taken Doan's Kidney Pills off and on for years and have received satisfactory results. I first procured this medicine at Doesburg's Drug store, when I was afflicted with kidney trouble and pains in my back. Doan's Kidney Pills were certainly effective, living up to all the claims made for them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Doesburg had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv

THIEVES LEAVE AUTO ON HOLLAND STREET

CAB OF BISHOP FURNITURE CO.
OF GRAND RAPIDS TAKEN BY
UNKNOWN PERSONS.

Machine Stood on 14th Street All Day
Sunday; Returned to Owners
Monday

Officer Bontekoe Monday a. m. took charge of a Studebaker touring car found at the corner of 14th street and Van Raalte Avenue. It was found, by receipts for gasoline, that the car belonged to the Bishop Furniture Co. of Grand Rapids, and they were accordingly notified, one of their men driving it back this noon with Detective Mc Donald and his prisoner as passenger.

It was at first that the captured forger on parole from Jackson prison would be able to tell how the car was stolen and taken to this city from Grand Rapids Saturday night, but later evidence showed that the prisoner had reached Holland before the car had disappeared. Van Avery was seen in Holland at 8 o'clock Saturday evening, while the car was taken about 9:30.

An employee of the Bishop Co. happened to see the auto, which had been left in front of the building, just going around the corner into darkness on Ionia. He gave immediate chase, but the thieves eluded him by throwing the bright flash of the moveable searchlight attached to the car into his eyes.

Sunday morning the auto was seen on the corner of Van Raalte Avenue and 14th street of this city by the residents of that neighborhood, but nothing was shot of it till it had stood there all day. Monday a. m. the police were notified and a search of the machine showed it to be in perfect condition. Receipts for the purchase of gasoline, bearing the name of the Bishop Furniture Co., of Grand Rapids, revealed the identity of the owners.

MEN RETURN TO WORK AT CROSBY LINE DOCK

Company and Men Reach Agreement on
Wage Scale Question. Will Go to
Work at Once

The Crosby line employees and representatives of the company have come together in a settlement of the wage scale dispute, which has kept the local men away from the house for several days. It was stated Monday that the men and the company had reached a compromise on a scale of 30 cents an hour and the workers went back at once to work.

Since the strike developed, there has been but little excitement since the first day or two, when a number of Milwaukee men sent over to take the places of the strikers, joined the strikers and tied up the work for a day. For several days special officers were on duty at the wharves, but the local men as a rule kept away from the docks, and there were no upsets between the men and the company officers.

The settlement of the strike is satisfactory to both sides and of considerable gratification to the general public.—G. H. Tribune.

CHICAGO HOTEL MAN TAKES MAYWOOD PLACE

POPULAR RESORT ON NORTHSIDE
FORMERLY MANAGED BY MRS.
WALTERS, HAS NEW HEAD

The "Maywood" resort on the North Side of the bay, operated formerly by Mrs. Walters, is now in charge of Chas. R. Meyers of Chicago. Mr. Meyers is a hotel man of vast experience, recently leaving the Crescent hotel of Chicago, a sixty-room building, to take up the summer work here.

The patrons of the "Maywood" resort returning this summer will enjoy the same competent management and courteous treatment that characterized the place in past seasons.

WORK PLENTIFUL; LA- BORERS HARD TO GET

MEN WITHOUT WORK NEED ONLY
TO APPLY TO THE CHAIRMAN
OF CHAMBER OF COMMERCE

Several New Factories Have Been
Enlarged; Another Will
Enlarge.

Holland is facing a period of scarcity in labor. In fact anybody out of a job need only to apply to A. H. Landwehr, chairman of the Chamber of Commerce, and he will be directed to a place where labor is to be found.

There are several causes for all this. In the first place the factories are all working full time, with full crew and some over-time and there is a great deal of out-door work to be had with the opening of spring, the city is putting in a great deal of sewer work and several of our shops are enlarging.

The De Pree Chemical company has practically finished with its four-story addition and has added considerable to its force. The same can be said of the Holland Canning Company, and the Brown-Wall Engine company, each having more than doubled its capacity. The Superior Foundry Company will be completed by June 1st and will need a great many men, especially, moulders. The Holland Furnace Company will shortly build a new machine shop for their casting machines. This will require extra labor. The new Pigskin factory across the bay, is nearly completed, and this will require a great deal of added labor. The local press within the past week carried labor want ads. of the Poole Printing Co., H. J. Heniz Co., South Side Tannery and the P. M. Railroad. So it is plainly evident that when all these projects are running full blast and with the resort season coming on, good roads building in every direction out of Holland, and work incident to all these things, will make labor extremely scarce in the city, judging that today there is no one in the city who really wants to work, who is without a job.

DRUMMER SAVES CHILD FROM DROWNING

TRAVELING MAN HEARS SPLASH
AND SCREAM; RESCUES THREE-
YEAR-OLD BOY

Unable to Swim, Did Not Hesitate; An-
xious Mother Searching for
Child.

The three-year-old son of Mr. and Mrs. Frank Hartin of 20 River Avenue narrowly escaped death by drowning Friday morning. The child was playing along the bank of the river near the Grand Haven bridge and fell in with a splash, and but for the presence of George Bailey, a traveling man of the Chicago Portrait Co., the youngster would have met his death without anyone knowing where he had disappeared.

At about ten o'clock Bailey, who was walking along north River Avenue, heard a splash and a scream from the water east of the bridge. Leaving the road he ran down the bank and saw a little child rising to the surface. Bailey, the unable to swim a stroke, at once waded in, and with a grip on the weeds along the bank, he reached his leg out towards the child and lifted the youngster toward him on his foot. He then grasped him by the hand and waded ashore.

While engaged in rolling the unconscious child over and working on him, Nick Hoffstein passed in his touring car and stopped. The child was taken in and rushed uptown for medical assistance. On the way they met the mother in search of the child, who said he had left the house but five minutes before, having found the gate open.

Dr. Nichols was found and the three-year-old resuscitated. Securing some dry clothes, the child and much-relieved mother were taken home. The modest traveling-man hero withdrew at once when he found he could be of no more assistance.

ANDREW LANGUIS IS FOUND GUILTY

APPEALS CASE TO CIRCUIT COURT
AFTER HE RECEIVES SENTENCE
OF SIXTY DAYS.

Andrew Languis who was charged with using indecent language in the presence of women and children was found guilty Thursday by a jury consisting of Al Miles, Chas. Hacker, Henry Wickerink, John Van Zanten, Thos. White and Bert VanderPool. The jury recommended clemency and therefore Judge Robinson gave him a sentence of \$35.00 and \$9.24 costs or sixty days in the county jail.

Apparently Languis was not satisfied as he appealed the case to circuit court with his brother-in-law T. Vanden Bosch going his bonds.

FIRE CAUSES \$400.00 DAMAGE TO STORE

YONKER SHOE STORE SCENE OF
NIGHT FIRE; TIMELY CHEM-
ICALS AVERT SERIOUS
BLAZE

A fire at 10:45 Saturday night caused damage estimated at about \$400 in the shoe store of Nick Yonker, on the corner of Central Avenue and 17th St. and in the grocery store of H. J. Klompars in the same building. The cause of the blaze is not known, but it is thought to have started from a discarded cigar butt.

John Den Herder, passing the building after it had been locked for some time, discovered the flames. He spread the alarm and box 35 was pulled. On arriving, the fire laddies found their work cut out for them. Dense clouds of smoke issued from the shoe store. Chemicals only were used in controlling the flames, and to this fact it is due that the loss is no greater.

The light single partition in the rear of the shoe store was furnishing fine food for the blaze, steadily creeping towards the ceiling and the rooms on the second floor. Shoe boxes on the shelves were attacked and charred foot wear was found by the firemen. Large sacks of flour and sugar in the rear, a storeroom for the grocery adjoining were dampened by the chemical. After working for three-quarters of an hour, the firemen were satisfied that the fire was entirely out. The loss is covered by insurance.

DETROIT TRUST CO. BUYS BOND
WITH 4½ PER CENT INTEREST
IMPROVEMENTS START SOON

The recent election in Laketown township on the \$36,000 bond for good roads was carried in favor of the proposition, and now from the township clerk Alferink comes the news that the bond has been sold to the Detroit Trust Co. at 4½% interest. The improvements on the roads of Laketown will be started in the near future. This election is the one where the influence of the equal suffrage condition was so strongly felt.

HAGERMAN ADDRESSES SO. OTTAWA TEACHERS

ZEELAND ENTERTAINS SCHOOL
MA'AMS SATURDAY; PAR-
ENTS ALSO ATTEND

The meeting of the South Ottawa Co. Teachers' association held in Zeeland was largely attended. The audience consisted not only of teachers, but also members of the P-T club of this city, and also parents having children who attend the district schools.

The address by Mr. D. Hagerman, the county farm expert, was the most interesting number on the program. His address was "The School as a Social Center."

This, together with the address by Miss Blanche E. Post, county nurse, gave the program of the South Ottawa Teachers' association more variety than usual and it proved to be one of the most interesting meetings of the year.

OFFICER'S SHOT STOPS ACCUSED FORGER

FAY VAN AVERY, 25, ON PAROLE
FROM JACKSON, USES ASSUM-
ED NAME HERE.

Breaks Away From Officer on Way to
Lockup; Awaits Trial in Grand
Rapids

Fay Van Avery, aged 25, on parole from Jackson prison, was arrested with difficulty Monday morning by Officer Jack Wagner and held till the Grand Rapids authorities came for him. He is now in Grand Rapids awaiting trial on the charge of stealing \$50.

Van Avery, it is charged, was the thief of that sum of money from a transfer baggage line of Grand Rapids about two weeks ago. The Holland Police were notified at that time and a watch kept for him. Nothing was seen or heard till Monday morning when the police were told that a man at the Hotel Holland, who had been there since last Wednesday, was registered under an assumed name, but that his real name was VanAvery. The name was recognized and Officer Wagner sent for the man.

Routing him out of his room at about 8:30 a. m. Monday, Wagner marched down the street with his man and at River and Eighth streets turned south towards Police Headquarters. The prisoner at that moment broke away and ran north on River avenue, turning the corner at 7th street toward the swamp. Wagner followed and at the corner fired a shot at the ground. A pebble was kicked up and struck the fleeing criminal in the heel. He stopped short, thinking himself shot, and was captured and locked up. A large crowd of interested citizens witnessed this exciting encounter.

The evidence shows that Saturday Van Avery went to Grand Rapids and mailed a special delivery letter to a R. C. Baker at Hotel Holland. He then returned to the Hotel and asked for the letter addressed to Baker, the name under which he was registered. Before the clerk he then took out of the envelope a check issued to R. C. Baker from J. C. Halloran of the Halloran & Stone Detective Agency of Grand Rapids, for \$16.75. This check he attempted to pass on the clerk but was refused.

An important witness in the case is a young lady from Grand Rapids who at present is visiting at the home of Mr. and Mrs. John Van Til, 47 East 7th street. This girl Van Avery had known in Grand Rapids and wished to spend most of his time here in the presence. She had been warned by her friends to keep away from him, as he was accused of having taken the \$50 from the Transfer company. When she met Van Avery Saturday, she states, he confessed to her that he took the money. She tried to avoid him, but he lingered in the neighborhood of the Van Til home all day and again appeared in the evening, when he was chased away by several young men.

Detective MacDonald of the Grand Rapids Police force took the prisoner to that city Monday a. m. to stand trial. Van Avery will also have to finish a sentence of four more years in Jackson for breaking his parole, after being sent there on a charge of forgery.

VanAvery is a Grand Rapids man, whose parents formerly lived in this city on Seventh street. His father was a well-known painter.

WORKMAN HURT BY HEAVY 22-FT. TIMBER

HENRY SERIER, FIRST THOUGHT
SUSTAINED BROKEN BACK, HAS
FRACTURED HIP.

Razing of King Basket Factory, the
Scene of Serious Accident; Victim
At Edgewater

At about 3 o'clock this afternoon an accident occurred at the scene of the razing of the old King factory, the result of which was at first thought to have been fatal to one of the workers, Henry Serier, living at 50 West 7th St.

Forty men are busily engaged in tearing down the old structure that was once the King basket factory, and this afternoon the last of one of the buildings was wrecked. Fred Lemcke, superintendent of the Grand Rapids Salvage Co., in charge of the razing, saw Henry Serier and his partner, Leonard De Witt, tearing the braces from an upright 8x8 timber, in turn supporting two other 8x8 pieces. Hurrying over he warned them to be cautious.

Just then the wind caught the swaying timber and it tottered and fell. Superintendent Lemcke dodged and escaped, as did De Witt, but before Serier could free himself the heavy upright hit him, after describing an arc of about 22 feet. Serier was pinned between the heavy timber and other lumber on the ground.

Spectators rushing to his assistance were certain that his back was broken. The ambulance was summoned and Dr. Mersen and Dr. Winter accompanied the victim to the North Side hospital, where an examination was made of his injuries. The right hip was found to be fractured and other heavy bruises about his legs, but no more serious results were ascertained. Serier will be laid up at the Edgewater hospital for several weeks.

Superintendent Lemcke is very much effected by the accident stating that it is the worst his company has experienced in the many years he has been connected with the work. So far the razing had taken place without a mishap.

The Standard of Value and Quality

The
Fairfield
"Six-46"

"The Proof of the Pudding"

After all is said and done, sales are "the Proof of the Pudding"—so far as automobiles or any other manufactured products are concerned.

Therefore, please consider the significance of these figures—

During the month of March, the American people bought 1800 Paige "Fairfields" and paid for them one million, five hundred and fifty four thousand dollars.

When you remember that March was distinctly a winter month in most sections of the country, these figures are truly remarkable.

Could there be any stronger argument for the actual net worth of the Paige Fairfield "Six-46"?

Could there be any stronger proof that this model has taken the nation by storm and won for itself a place of undisputed leadership?

Think it over—and then remember to act while we can still make "immediate deliveries".

This has been the week for gathering mushrooms, the porous, spongy variety that appears only in the spring. Many people have enjoyed the rich flavor of these peculiar growths and more should do so. There is no danger about the morels, or rather no danger of mistaking them for there are no other mushrooms growing at this season that at all resemble them. In grassy places they grow up quickly without any grit, and when boiled a few minutes and then fried in butter they are enough to rouse the appetite of even the dyspeptics. Of course there will always be those timid folk who would like to eat mushrooms but who would rather go without. Of course the advice is too always be careful.

Allegan people with others are exasperated by the prevailing price of hard coal, at least those who prefer it to soft coal and there are some who will not permit a bit of "that dirty stuff" Pocahontas coal, on their premises. The winter price on hard coal is still in effect, due to trouble between miners and mine operators. Those who fill their bins before house cleaning is done must pay \$7.75 and \$8 per ton for anthracite. Pocahontas can be bought as usual for \$5 per ton. The dealers are having trouble too, getting coal. There is a scarcity of cars on all lines. The millers, lumber men, and others know this. The great activity in some lines is the principal reason for the shortage. For example, the automobile makers have standing orders for hundreds of cars every day. A man buying autos in a Toledo factory recently drove the cars to West Virginia rather than wait for box-cars in which to ship them.—Allegan Gazette.

printing had been opened and that the Holland City News was the lowest bidder. This firm was accordingly awarded the city's printing for the year 1916-17.

The bonds of \$20,000 from each of the City's banks to the city of Holland were submitted, as they hold the city's money, and were approved.

City Hall Insurance Increased
The Committee on Ways and Means also reported that the insurance on the City Hall was increased from \$40,000 to \$50,000. The policy formerly held expired since the last meeting and was renewed.

Ald. Congleton informed the council that the city engineer had plans for the paving with brick of the street stretching from Seventh to Eighth on Lincoln avenue to the Pere Marquette depot. The cost was estimated at \$4,599. The plans were approved and a hearing set for protests for the second meeting in June, on the 21st.

Storm Sewers are necessary on Ninth street between River and Central, on 17th between Central and three blocks west, and on 14th between Maple and First Avenues. The committee on streets and Crosswalks was given power to act.

The Committee on Claims and Accounts reported the amount of certified claims to be \$5,138.16. The payment was ordered.

The Poor Committee, in the past two weeks, has spent \$90 for temporary aid.

Ald. Drinkwater informed the council that he had been approached by the property owners near the Brownwall Gas Engine Works with the complaint that the smoke was a bother. He, Ald. Drinkwater, had no complaint himself, but he recommended that a committee be appointed to investigate. The mayor expressed himself as being just tickled to see the smoke coming out of those stacks, but the committee was appointed as follows: Ald. Dobben, Ver Schure and Wiersema. A recess of ten minutes was then enjoyed with consultations in the committee room.

Workingmen Strike

A communication from the workers on the sewers being constructed by the city on West Eighteenth street and other places was in the possession of Ald. Congleton. He said the men "desired to have their wages adjusted." The street committee, with the City Engineer, was given power to act.

Censors Want Support

A message from the Board of Censors was read by the City Attorney as follows:

To His Honor the Mayor and the Common Council of the City of Holland: We, the undersigned, members of your committee on Moving Pictures, in view of your approval of our work and actions as expressed in a meeting between your body and a committee of the undersigned, herewith assent to the withdrawal of our resignations as submitted to your body recently, provided we are assured for the future by a yea and nay vote of your body, that we will have your approval and support and that all violations of your ordinance will be punished and that if any moving picture operator or theater manager shall refuse or neglect to comply with the orders of your committee or any one of said committee and such refusal is reported to your body, the license of said operator or manager will be immediately revoked and that all licenses to be granted heretofore to such managers or operators shall contain this provision.

Respectfully submitted,
Mrs. George E. Kollen, C. E. Drew, Mrs. M. A. Sooy, Mrs. G. W. Van Verst, Emily L. McBride, E. E. Fell, Mrs. W. J. Garrod, Mrs. G. T. Haan, Louise M. Thurber, G. B. McCreary, F. Bolhuis, Edward D. Dimment, A. H. Landwehr, H. H. Holt,
Censor Committee.

May 17, 1916.
The resolution as follows was then adopted by the council:

Whereas, the Board of Censors of the City have the approval and appreciation of the Common Council in their hard efforts, industrially, and as a body, therefore

Resolved, That we hereby assure the Board of our hearty cooperation and support in the performance of their duties, and hereby respectfully request the Board of Police and Fire Commissioners and the members of the Police Department to extend all assistance necessary to effectually enforce the provisions of the City Ordinance and the recommendation and orders of said Board and the acting members thereof.

"Censors have the power to arrest as well as any City Officer," declared Ald. Drinkwater. They should do it in case of a refractory movie manager. They have as much authority as we have, but they leave the action to us."

Protests Against Action of Board of Health.

A complaint was read from J. A. Vander Veen that he had received a bill for the withdrawal of ashes from his yard, that he had arranged with another man for the disposal and the majority of it had been taken away when the Health Board took a hand by

removing it without giving him a notice. The matter was referred to the Health Board to report back to the Common Council.

Moneys Received by City

The Board of Public Works reported the collection of \$9,004.91, the treasurer \$364.75, \$2,012.17 from the county treasurer for liquor tax, and Justice Robinson \$9.10 in officers' fees. A \$1,000 city bond was presented for payment, the treasurer being authorized to do so.

Board of Education Asks Loan.

A request from the Board of Education for the loan of \$5,000 was first moved to be granted, but the city fathers were informed that already \$25,000 had been loaned, the amount of the resolution. The Committee on Ways and Means was instructed to investigate.

Built for the Business Farmer

The Dort was built for the business farmer. For 30 years Dort had been building farm vehicles. He knew what the farmer wanted for vehicles and what he needed in an automobile.

If an automobile is going to be a business asset to the farmer he must be able to use it every day in the year; when the roads are deep with snow; when the temperature is far below zero; and again in the spring when the frost is coming out of the ground and the mud is so deep and thick that the average car will sink to the hubs and be hopelessly mired.

The Dort is built for these conditions. It is a real farmer's automobile. The price, \$665, puts it within the reach of every business farmer. Its light weight insures low cost of operation.

From every standpoint of mechanical excellence and appearance the Dort merits a careful investigation of the Business Farmer.

LATIN CLASS WILL STAGE STRANGE PLAY

HIGH SCHOOL STUDENTS TO WITNESS "WHEN THE FATES DECREE."

The Latin students presented a play before the high school this morning called "When the Fates Decree." The plot is based on Virgil's Aeneid, the scene being laid in the Underworld. It was written by Grant H. Code a student of Peabody High school and was given by that school as a Senior class play.

Norman Simpson took the part of Aeneas; Mary Geegh of Dido, Queen of Carthage; Anna Whelan of Dido's sister Anna; Pluto and Proserpina, the King and Queen of the Underworld, was John Chervensky and Elsie Gowdy. Other characters were the judges of the Underworld, Anchises, father of Aeneas, and his friend Ilioneus Achates, armor-bearer of Aeneas, Parca, Dido's nurse, three judges of the Underworld, and the shades.

ANGLERS MAY SHIP GAME TO FAR TOWNS

RULING OF STATE GAME WARDEN OATES MEETS WITH APPROVAL

The question arose among local fishermen as to the legality of shipping the trout they may catch in the northern rivers of the state to their friends here. Some claimed it was forbidden by law, while others said they could be shipped in legal numbers and size.

F. E. Dulyea wrote to the State Game Warden W. R. Oates and received an answer that confirmed the latter view of the matter. He said that the fish could be sent to other towns if they were of legal size and no more than 50 in number. No money may be taken for them. Entirely a gift, remember.

HOLLAND HIGH HAS TWO MEN IN MEET

PAULUS AND HUNTLEY GO TO STATE TRACK MEET AT KALAMAZOO

Sylvester Paulus and Jud Huntley will represent the Holland High school at the track meet, which will be held at Kalamazoo on Saturday. The leading High schools in the state will be represented. Paulus and Huntley are two all around athletes and should be able to compete successfully with any high school students in the state.

The High School Inter-class track meet will be held Thursday, the weather permitting. It was postponed last week on that account.

WALKOVERS DEFEATED BY CITY "Y" TEAM

SCORE OF 6-2 GIVES VICTORY TO "Y" TEAM IN FIRST GAME OF SEASON

The city "Y" baseball team, recently organized, Thursday defeated the Walkover team of this city in the first game of the season, 6-2. Material was shown that will bring some close contests later in the season. The battery for the victors was Jappinga and Rank and for the Walkovers was Kramer and Beekman.

LAPORTE MAN TAKES BRIDE BY PROXY

BRIDE IN FAR AWAY NETHER- LANDS TO LIVE IN INDIANA CITY.

In the old city of Rotterdam in far away Holland, the picturesque land of tulips and windmills, Miss Wilhelmina Elizabeth Van Baggum was married last Thursday morning, but the man who became her husband, Johannes H. M. Vanden Elshout did not attend the wedding. She has not seen him for months and it will be a month or more before she sees him again. Mr. Vanden Elshout is in Laporte, Ind., and the wedding was by proxy, performed by a priest in a Roman Catholic church with Miss Van Baggum's brother taking the place of the groom at the ceremony.

Last winter when the papers were prepared at Laporte the fact that a wedding by proxy, something rare in this country, was to take place, attracted considerable attention. This was nearly four months ago. At last all the papers and all the detailed arrangements were made and at 10 o'clock last Thursday morning, Holland time, the ceremony was performed. Ten o'clock in Holland would be considerably earlier in Laporte, about seven hours, and Mr. Vanden Elshout became a bridegroom at about 3 a. m.

Mrs. Vanden Elshout will sail for the United States from Rotterdam on the Holland-American liner Ryndam, May 27, and should arrive in the United States probably in ten days after that and Mr. Vanden Elshout expects to meet his bride. Another ceremony may be performed on her arrival, though the ceremony by proxy is perfectly legal.

Holland does not recognize a marriage performed in the United States, where property interests are involved, and both the bride and groom being from Holland they desired the ceremony to be performed under the laws of that country. Mr. Vanden Elshout, who soon will be counting the days until his bride's arrival, is employed in the office of the U. S. Slicing Machine Co., in Laporte and has been in this country something over a year.

SUIT FOR COMMISSION DROPPED BY DE KEYZER

CLAIMED FEE FOR SELLING THE FARM; DEFENDANT CLAIMS ACT OF SALE.

The case of C. De Keyzer, the local real estate man, against B. Magnusen, Chicago, came up for trial Monday a. m. before Justice Miles. C. De Keyzer, through his attorney, M. A. Sooy, asked for a postponement of the trial because of his inability to secure his witnesses. This was not granted, as the defendant had come from Chicago for the trial with two witnesses.

De Keyzer then decided to drop the case. He had contended that a commission was due him for selling a certain farm, located north of this city. The Chicago party, for whom he had the agency, claims he sold the property without De Keyzer ever seeing the buyer.

GRAND HAVEN CLUB TO VISIT HOLLAND

BOSCH HOME WILL BE SCENE OF BANQUET AND ENTERTAINING BY SOCIAL PROGRESS CLUB

The Holland Social Progress club will next week Tuesday entertain the Grand Haven Social Progress club at the home of Ex-Mayor Nicodemus Bosch. The guests will motor down in the afternoon and will enjoy a banquet at the Bosch home. A fine program of speakers and entertainers in other ways has been arranged.

Superintendent John C. Hoekje of Grand Haven, president of the visiting club, will answer the welcome extended by Prof. Wynand Wichers of this city, acting as president in the absence of Dr. A. Leenhouts.

JEWELRY FACTORY HAS HEADQUARTERS

Holland's new jewelry concern, the Hardie & Ekeblad Co., is now moving into the new headquarters over the Sentinel office, occupying the second floor. The machinery is being installed and a few changes made in the fitting of the interior, and then the manufacturing of jewelry will begin in earnest. About a half dozen persons will be employed there at the start.

The third floor of the Sentinel building is being occupied by the Knights of the Modern Macabees, who are moving from the former location in the building that will soon be the Peters' department store, the First State Bank building.

P-T CLUB HOLDS ITS ANNUAL ELECTION

The Maple Grove Parent-Teachers' club closed a very successful year with their last meeting Friday evening. A very large and enthusiastic crowd was present. After a short musical program consisting of several selections by the orchestra and a whistling solo by Mrs. Dan Bertsch, the various committees reported for the year.

In the election of officers the following were elected: president, Mr. Ericson; first vice-president, Mr. Ericson; second vice-president, Mr. D. B. Bort; secretary, Mrs. C. Dykstra; treasurer, Mr. J. Luidens.

The school exhibit was thoroughly appreciated by the parents. Ice cream and cake was sold.

BABY STUNNED BY LIGHTNING BOLT

STRUCK WITHIN TWO FEET OF WHERE LITTLE TOT WAS SLEEPING.

At about 9:15 Sunday evening, a bolt of lightning struck the home of John Rockefeller on West Twentieth street doing a great deal of damage.

The crash was something terrific said Mr. Rockefeller this morning, and struck the chimney, razing it to the ground. Traveling along the flue it knocked the plaster completely from the kitchen and blew out all of the windows.

The lightning traveled within a few feet of where the baby was sleeping and after the shock it was found that the little tot was completely stunned. It took considerable time to resuscitate the child and today from all appearances, it is as well as ever before.

LANES' DO MUCH TOWARDS INSTALL- ING PIPE ORGAN

GRACE CHURCH MUST STILL RAISE \$600 AND BUSINESS MEN OF CITY WILL BE ASKED

The ladies of the Episcopal church are bending every energy toward the raising of funds to pay for the new \$2,000 pipe organ that has just been installed. Walter Lane has donated \$750 toward the instrument and has also donated his services while the organ was being installed. Miss Elsie Lane, the daughter, has also taken a hand in the raising of money toward the organ fund. It is said that she single handed and alone has raised \$450 towards the fund and was largely instrumental in putting on Carnation Day Saturday which netted the fund \$60 in cash.

The Guild is also indebted to Mr. Roy Newman of the Apollo who on three different occasions loaned them the theater which brought them a revenue of \$150. Mr. Newman has also signified his intention of doing still more for the Guild.

\$600 is still to be raised and Miss Lane has taken it upon herself to solicit funds from the businessmen of the city to practically pay for the indebtedness still due on the organ.

Other young ladies of the Guild who have done a great deal towards the pipe organ fund are the Misses Anna Dehn, Anna and Florence Kruisenga and Irene and Mabel Hicks.

M. E. CHURCH HOLDS A SUNDAY SCHOOL RALLY

REPORTS OF DELEGATES TO G. E. INSTITUTE READ; 150 PRESENT.

A Sunday school rally was held Friday evening at the M. E. church about 150 attending. Reports from delegates to the Grand Rapids Institute were given. Miss Calla Elferdink reported on "Our responsibility to the little child"; Mr. Walter Gumsen on "The Challenge of the Sunday-School to the adult life of the church." Rev. J. W. Esveland on "Organizing for efficiency and the graded lesson."

The meeting was also favored with a solo by Mrs. D. Bertsch. The Sunday school orchestra furnished music. Refreshments were served by the Adult Ladies Bible Class.

MEN TOLD HOW TO WIN STATE VOTE

COMING PROHIBITION CAMPAIGN SUBJECT AMONG ADULT BI- BLE CLASSES

The Federation of Men's Adult Bible Classes of the city Monday evening held their quarterly meeting in the 4th Reformed church, about three hundred being present. Dr. J. A. Mabbs presided. Music by the Trinity church orchestra was enjoyed by the company.

Rev. Broekstra of the Fourth Reformed church was in charge of the devotional exercises that began the interesting program. Rev. W. A. Waltman of Grand Rapids gave a short talk on the need of men in the state campaign. L. Lugers addressed the men on "Responsibility."

Henry Geerlings then introduced the speaker of the evening, emphasizing co-operation and organization. Grant M. Hudson of Lansing then delivered an inspiring address on redeeming Michigan from drink, and the methods to be pursued in so doing. He told how necessary it is to save the boys, as they are the future men of the country, and described the awful waste now going on as a result of the liquor traffic. He closed his talk by urging all Christian men to enter this campaign to win.

The members of the class of the 4th Reformed church then served refreshments. During the social hour short talks were given by Rev. Blekkink, P. Schoon and Mayor John Vandersluys.

ELECT DELEGATES TO STATE MEET

W. C. T. U. IS GUEST OF MRS. S. HABING; HEAR INTEREST- ING PROGRAM.

A most interesting meeting of the W. C. T. U. was held Friday afternoon at the home of Mrs. S. Habing, 244 W. 12th street. About fifty ladies were present including several guests. The subject considered was "Anti-Narcotics." The program, in charge of Mrs. John Weersing, was as follows:

Duet, Mrs. Kooiker and Mrs. Champion; Clippings, "Harmfulness of Cigarette"; story, Mrs. Hyma; reading, Miss Hyma, "Two Offerings"; solo, Laverne Essenberg; Clipping, "Injury to the Non-Smoker," Mrs. Van Dyke.

Three delegates were elected to attend the state convention to be held in Grand Rapids June 6-9. They are Mrs. Dutton, Mrs. Whitman and Mrs. C. St. Clair. During the social hour the hostesses and her assistants served delightful refreshments.

CAPTURED A MONSTER STURGEON IN POND NET

MARTIN JENSON AND C. MIERAS MADE VALUABLE CATCH LAST WEEK; HUGE STURGEON

Grand Haven Tribune—Martin Jenson and C. Mieras, fishing in their pond nets off this port last week, made a haul which should pay them for all the trouble it caused them for a few minutes. Going out to the nets they found a monster sturgeon in them. There haven't been many sturgeon caught near here lately and the fishermen were without the maul they usually carry. In order to stun the fish they hit it on the head with an oar until it became tranquil enough to roll into the boat.

Once in the boat the trouble began anew. Reviving, the big sturgeon began to thrash about until Mr. Jenson was compelled to fall flat over it to save it from flopping out of the boat into the lake. The sturgeon finally became exhausted and was brought to port safely.

The big sturgeon weighed 80 pounds dressed and its roe weighed 35 pounds. As this sells in New York for nearly \$2.50 a pound, it will be seen that the efforts to bring it to port were worth while. The eggs were shipped to New York to be made into caviar and the flesh was shipped to Chicago for smoking. The fish was the first big sturgeon to be caught here in some time.

HOPE DELPHI SOCIETY BANQUETS WITH GUESTS

YELLOW AND WHITE COLOR SCHEME FOLLOWED; SOCIETY SONG CLOSING EVENT

The Annual celebration of the Delphi society of Hope College and their guests was held Friday evening in the Ladies Literary Club rooms. The Banqueters assembled at eight o'clock in the reception room and after the social hour, guests and society listened to the following program:

Instrumental Music, Cornelia Leenhouts, Hermie Ihrman; "The Lion and the Mouse" (C. Kleine) Gertrude Schurmanns; "June" (Dawning) Henrietta Van Zee; Scenes from Literature, "Lady of Shalott" (Tennysen) "The Birds" Christmas Carol" (Wiggins) "The Masque of the Red Deaths" "Little Maid from Tokio," Delphi Quartet; "The Burglar" a comedy in one act.

The grand march to the banquet tables was led by the president, Miss Catherine Hekhuis, and guest to the strains of the High school orchestra. The color scheme of the banquet hall was yellow and white, the tables being decorated with candles and tiny white baskets containing yellow pansies. The delicious banquet was a distinct success. The program of toasts followed the banqueting: "Introductory Remarks," Toastmistress Catherine Hekhuis; "Circumstances," Olive Bertsch, "The Other Half" Sara Winter; "Foot Prints," Agnes Kramer; solo—"My Heart Goes Singing," Cynthia Pennings; "What's What," Helena Ponker; "And Then" Bernice Jones; Delphi Song, Guests and Members.

The song was sung to the new tune set by Sara Winter of this year's graduating class. The birds had already started singing when the merry party dispersed, each one being thankful that it was Saturday and not a school day.

HOLLAND IS BOOSTED IN COMMERCIAL WAY

CITY GIVES BEST ACCOUNT OF SALES ITS SIZE IN WHOLE UNITED STATES

A conversation that took place recently between a Holland merchant and a business man of another city will be of interest to the many boosters of Holland. Very complimentary to the welfare of the city, it shows what kind of a mark it is making in opinions of outsiders.

C. E. Lincoln of the Lincoln Office Supply House, while talking with the manager of the Macey Company of Grand Rapids, an important concern of the Furniture City, manufacturing steel and wood office supplies only, was told that "Holland gives the best account for itself of any city in the U. S. of its size in the sale of office fixtures. Holland is to be complimented on its progressiveness."

COST OF TENNIS COURT IS \$175.00

HIGH SCHOOL STUDENTS RAISE \$33 TO COVER DIFFERENCE IN ESTIMATE

After figuring up the cost of the High school tennis court, now in process of construction, it was found that the sum exceeded the fund set aside by the school board for that purpose. The cost was at first estimated at \$100, but it is found to be nearer \$175.

The high school students have been appealed to for aid, and \$33 have been promised by the student body. This was raised in a collection yesterday morning.

PLAYGROUND IS POSSIBLE FOR C. A. SCHOOL

PROCEEDS OF "ROSE DREAM" GO TOWARD BUYING MATERIAL.

\$135.00 Was Taken In to See This Very Excellent Children's Cantata.

When the cantata, "Rose Dream" was contemplated about two weeks ago, there was a very definite purpose in view and one that was very commendable to the parents of this otherwise obscure ward school at the extreme east end of this city.

Columbia Avenue school is not heard of very often. This may be because the little institution of learning is overshadowed by large Hope college, just across the way. But let us say that the parents of Columbia Avenue school are doing things and have done things for sometime past. They have set an example which the rest of us might emulate to quite an extent.

The parents of the pupils of Columbia school are made up largely of citizens in moderate circumstances but they have shown by their efforts in the past that they believe in a modern school system, plenty of fresh air, sanitary conditions and recreation for the children.

A short time ago at a Parent-Teachers' club meeting it was found that a rest room was highly necessary and to the surprise of all something over \$50 was raised at the meeting for that purpose and besides the fathers of the children donated their services after hours to have it installed.

Some progress has been made in the school play ground and this can be attributed largely to Mrs. Landwehr and Mrs. Nystrom who donated liberally for some equipment and this equipment was installed by the working men who donated their services after they came home from work.

But while this was a good start still it was found wholly inadequate for the large number of children who attend this school and simply made the larger number envious of the few who could be accommodated on the teeter-totters and other devices for children sport, by getting there first. "There must be plenty for all," said the parents and thereupon the parents, headed by Mrs. Landwehr and Mrs. Nystrom and the teachers of Columbia Avenue school consisting of Clara McClellan, Edythe Bogard, Anna W. Boot, Zora Barnaby, Mabel Curtis, Mattie Dekker, Verna Baines, Dureth M. Mouma, got their heads together to provide ways and means to get extra equipment for a bigger and better playground. At last they decided upon the plan of presenting this cantata "Rose Dream" given by the pupils of Columbia Ave. school.

That the little Operetta was a success from every standpoint has been shown by the two crowded houses accorded the little playlet and by the \$135 taken in at the box office at 5c and 15c per. This money will be used to buy the material with which to make the things needed to build playground apparatus, but the work of building it will be done by the parents themselves each putting in from two to three hours a day until the whole is complete.

Rose Dream which attracted so many Holland people was opened with a short, but to the point speech by Supt. Fell, who said that he is continually getting letters from different parts of the United States, in fact from coast to coast and from Canada to the Gulf, asking why everyone of school age, was taking such an interest in attending school so regularly. Mr. Fell said that the doings of Columbia Avenue is the answer. This school is one happy family where people attend school from 8 to 10, either as pupils or as interested parents. This interest is being felt to a greater or lesser extent in every school in the city and that is one of the great things that makes an efficient system more efficient. After Mr. Fell's instructive talk, it was time for the Columbia Avenue School Fairies to appear. Just before the curtain rose, Miss Grace Neschaffer in a very clear expressive voice gave a short synopsis of the fairy story. And after that things began to happen. Fairies all in white and silver came flitting before the footlights and sang appropriately, a beautiful little ballad pertaining to fairies and fairy queens. The fairies were followed by a beautiful bunch of roses. The biggest American Beauties of them all being Donna Landwehr and Leona Nystrom. Both of these little maidens sang very artistically, a sweet rose song and "watched their steps" like veterans of the stage. The Rose drill, by all the roses, was exceptionally well executed as was the singing.

The little Elves that next put in their appearance were the most carefree, happy little brownies you ever saw. The giants were big men with even bigger hats like one reads of in "Gulliver's Travels." However these were giants big in body but small in voice. All at once there was a roar in the audience and no wonder as from every conceivable nook and corner of the stage, large frogs croaking lustily, came hopping along. They kept the audience laughing as long as they were at large but finally they leap-frogged over one another making their exit as hurriedly as they came.

Then came the poppies, consisting of little kindergarten girls all wearing a headgear with a beaming little face peeping from under it and looking all the world like the original article fresh from the garden. Each poppy handed the fairy queen another poppy until she was supplied with a large bouquet of them.

The caterpillars too made a hit being large boys with their heads covered with gray cloth looking very much as if the whole contingent had the mumps, but the contagion that this company of boys brought about was only the laughter engendered by their antics. No quarantine was necessary.

The Dandelions looked very much as if they had just been picked from the lawns in the immediate neighborhood of the school, so fresh, bright and

yellow were the heads of these little lassies.

The birds were of large variety with gaudy plumage and variegated songs. Each bird had a large beak projecting from a bonnet but from under the bonnet and bonnet a smiling face of one of the older members of the school was plainly discernable. There was a whole flock of these birds and their singing and drill made a hit with the audience.

But those beautiful butterflies that were last but not least of the fairy-world to appear were objects of beauty. The young ladies were veritable butterflies indeed with gauzy wings of variegated colors and crests that had the appearance of these winged creatures. Both birds and butterflies took part in a fancy drill. This was an innovation aside from the play itself and originated entirely with Miss Anna Boot, who not only planned the drill but taught the birds and butterflies how to execute it gracefully. That the work was appreciated was demonstrated by the liberal applause given them by the audience.

All the principals in the cantata and especially the cast of characters given below did exceptionally fine work. The children have had but two weeks in which to prepare and it took yeoman's work to train and dress and make costumes for these 200 odd juveniles. The credit for this can be given partially to the parents but mostly to the teachers of Columbia Avenue school and Mrs. A. H. Landwehr and Mrs. Oscar Nystrom.

More than one thousand persons attended last evening and these were ushered to their seats by parents of the children of Columbia Avenue school.

AUTOISTS MUST DIM HEADLIGHTS AND SPEED

ACCIDENTS HAVE BEEN NARROWLY AVERTED; WILL ARREST OFFENDERS.

Speed Should Be Slacked at Crossings; Bicyclists Off The Sidewalks.

Chief of Police VanRy Tuesday said that speeders were again relapsing into carelessness, altho the toll of fines this year does not equal that of last. The presence of the auto cop on the city's streets at all hours of the day serves to keep the throttle down, but any violators are most certainly captured and face the justice next morning.

Dimmers on the auto lights are often missing, and are most necessary, besides being ordered by law. Several accidents have been narrowly averted lately because of blinding rays of light in the faces of pedestrians and other drivers.

Street crossings present a problem that is ever causing trouble to the police department and shekels in the pockets of the repair man. Drivers who speed past an intersection of streets without slowing up and looking sharply for bicyclists or pedestrians are guilty of crime and will be punished on repeated offenses. Several crossings in Holland are marked by local drivers as most dangerous spots; and have often been the scene of serious accidents. Chief Van Ry wishes to impress upon the auto owners of the city the necessity of using the brake at the end of the block, not only for their own safety but also for the welfare of the pedestrians in the vicinity.

Bicyclists are warned that no leniency is shown toward those caught riding on the sidewalks. Three offenders have already deposited their contributions to the justices, and unless a renaissance in public morals takes place, the justices will be forced to inflict similar sentences on myriads of others.

COMMITTEES APPOINTED BY BOARD OF PUBLIC WORKS

REGULAR SESSION RESULTS IN APPOINTMENT OF BODIES FOR THE NEW YEAR

The Board of Public Works met in regular session Monday night and appointed the following standing committees for the ensuing year:

VANDER WOUDE AND POPPEN OUT FOR MAYOR

HIGH SCHOOL CAUCUS FRIDAY EMPHASIZED EQUAL SUFFRAGE BY INTRODUCTIONS

Three Candidates For Clerk, Two For Treasurer and Three for Prosecuting Attorney

The High School was the scene of excitement Friday afternoon. The occasion was the annual caucus in the city government in force in the school. The nominations made for mayor were of the most moment and were first on the program.

The presence of Equal Suffrage in the business of the afternoon was very much in evidence, the two nomination speeches being made by two girls, Miss Mary Geegh, in a forceful plea to the students to remember the many good deeds of her nominee and rally to his colors, placed the name of John Vander Woude on the ballot amid applause. Miss Elsie Gowdy, no less enthusiastic and determined, lauded another man for the high position, and the name of Clarence Poppen was placed in opposition. Now for the fight has begun, and a merry one it will be. Both boys are popular in school and leaders among the many activities of the institution.

For clerk the names of Ada Whitman, Nella Meyer and Fern White were placed on the ballot. The position of treasurer is sought for by James Yonkman, and Ruth Bauhahn. The Prosecuting Attorney will be either Gerald Slaght or William Vanden Berg or Arthur Van Duren.

For aldermen the nominations were as follows:
First Ward—Dyke Van Putten, Beulah DuSar, P. Van Dommelen and R. Vander Meulen. Second Ward—Marion Tilt, Frances Mills, Grace Mersen, Mabelle Mulder. Third Ward—Esther Ming, Harold Hunt, Katherine Me Bide, Lottie Simpson, Marshal Irving, Fourth Ward—Katherine Prakken, Lillian Price, Harold White, James Klomparsen, Alice McAllister and James Nibbelink. Fifth Ward—Ben Rutgers, George Van Lente, Lucy Moody, Leona Link, Gerrit De Weerd. Sixth Ward—W. Masten, Edith Diekmann, Margaret Raak, Minnie Ray, Russel Rutgers.

The election will take place tomorrow.

MAY FESTIVAL

WELL ATTENDED

STORY IS BASED ON INCIDENT IN ENGLISH HISTORY

The auditorium of the First Reformed church was crowded to the doors, last evening when the May Music Festival was given by the High school students. The delightful poem "Curfew must not ring tonight," by Rosa Thorpe, had been arranged into a beautiful lyrical setting, "The Curfew Bell" by F. Lynes and was sung at this time by a chorus of 125 voices.

The story is based on an incident in English History. Basie Underwood, a young soldier is condemned to die at the curfew's ringing. English history tells the story of the ringing of the curfew the tolling of which meant that the inhabitants were compelled to bank their fires put out their lights, and retire to rest at nightfall, at which hour the bell was rung.

Friends had interceded for him in vain. His betrothed had gone to the stern judge and asked that her lover be spared until she could see Cromwell, but her efforts were futile. She even attempted to bribe the deaf old sexton, but he also denied her pleadings, and the hour of her lover's approaching death drew near the stern executioner listened for the signal from curfew, listened in vain—"Curfew did not ring that night" and so the song tells its own story.

THE WORLD TO BE SHOWN IN MOTION PICTURES

TO BE SHOWN AT THE APOLLO THEATER FRIDAY MATINEE AND EVENING.

Coming on Friday, The World, in motion pictures. Dorsey Expedition of Japan and China, the original reels that ran at the Studebaker theater in Chicago at 50c and up price. There will also be a trip around the world. These are the most wonderful and beautiful travel pictures ever shown. Many places in India, Africa and China have been almost unknown to the white man before. Hostile natives and savages have made the taking of these pictures which are very educational, dangerous to the camera man and thousands of dollars have been spent and lives have been lost in making them.

The beauty spots of the world are pictured—scenes of the homes, customs and industries of the various countries are shown. They will live in your memory forever. These travelogues are not only interesting but instructive and you will realize as never before what a great, beautiful and wonderful place God has given us in "The World".

These pictures will be the Friday offering at the Apollo Matinee and Night at the usual prices, 5 and 10 cents.

ZEELAND

The entertainment which the young people of Farowe have been working on the past few months will be given Friday evening. An interesting program has been prepared and a large audience is expected.

Joe Kooiker of Holland was in Zeeland for special optics Wednesday.

The Sophomore-Freshman Baseball team of the local high school will play the Senior team Thursday evening.

Mrs. N. Rybrandt entertained the Ladies of Hudsonville Wednesday afternoon. The plan, which had been suggested of reading some good book for entertainment in the society was worked out. Only a short installment of the story will be read each time, according to the amount of business on hand. The members are pleased to adopt this arrangement. For the discussion of a meritorious book, results in the deeper and more lasting impressions than when read by one's self.

The Young Peoples' Alliance of the Christus Zeeland, Christian Reformed churches, were addressed by the Dr. H. Beets of Grand Rapids. He told about the missions and the work done by the missions. His lecture was very instructive and interesting. The Choral Union of the three churches added to the evening's program with several musical selections.

HOPE PAGEANT REQUIRES MANY COSTUMES

THREE WEEKS SPENT ON GARBS OF SYMBOLS, IN CHARGE OF MRS. OGGE AND MISS HUNT

Prof. Heusinkveld Composing Music To Accompany Movements of Interlude Characters

Preparations for the great semi-centennial pageant to be given at Hope College on June 17 and 19 are nearing completion after a long period of hard work. The different departments of the work necessary before the staging of the wonderful spectacle have been assigned to several committees, and the ways are smoothly passing the plans on to success.

The costuming of the various characters is as great a problem as any that confronts the promoters of the pageant. Miss Christine Van Raalte, who will take the role of Mrs. A. C. Van Raalte, and who really is a great-granddaughter of that pioneer, has charge of the robes of the characters of the episodes. This means a large amount of work, for which Miss Van Raalte receives due credit.

The costuming of the symbols, those who take part in the interludes, is in charge of Mrs. J. P. Ogge and Miss Elizabeth Hunt of the College faculty. Mrs. Ogge is well known for her exceptional ability in color schemes and decorating and the seniors are fortunate in having her aid in their semi-centennial plans. Miss Hunt has charge of the directing of the rehearsals of the symbols and is carrying the part to success.

For the past three weeks the costumes of the symbols have been in process of making and are now nearly completion. This fact affords a source of ascertaining the completeness and detail with which the robes are made. Sixteen symbols will represent water, and will be clothed in filmy green and white. The four winds of the heavens will be clothed in blue and silver. The Spirit of the Wilderness will be represented by sixteen girls in autumn leaves. The Cold will be present in six maiden garbed in white and tinsel. The Fire symbols will be clothed in flaming red garments with dart-shaped tails and ribbons.

The symbols are to show the hardships that the hardy pioneers met and conquered in settling on the spot that is now Holland. Music that will accompany the movements of these symbols Heusinkveld of the college. These characters are being composed by Prof. Artuur actors appear in the interludes and utter but a few words, their parts calling for movements that illustrate their character.

CHECK SWINDLE TRIED; MERCHANTS DON'T BITE

POLICE LOOKING FOR MAN BUT ARE UNABLE TO LOCATE HIM

A man who called himself Harry Veen, called at the Boston Restaurant to have a check cashed, signed by F. H. Mast. Nick Hoffman could not see it that way and turned the man down.

The man crossed the road to Notler, Van Ark & Winter, making the same request, but Peter told him he would go out and get the money from the bank. While the manager of the store was out the man made his exit and has not been heard from since.

The man is about 35 years old with dark brown suit, has dark raincoat, smooth florid face and is about five feet ten inches.

BEAUTIFUL ESTATE IS GIFT TO SPRING LAKE

Hugo Thum, Wealthy Spring Lake Summer Resident, Gives Magnificent Summer Place to Village; To Be Public Park

Exmoor, one of the most beautiful summer places on Spring Lake, has been given by its owner to the village of Spring Lake. The letter offering the gift to Spring Lake was read to the village council last Wednesday night, and there is no doubt but that steps will be taken immediately toward its formal acceptance. Because of the fact that the estate is located outside of the corporate limits of the village, some formalities will have to be disposed of before acceptance.

Exmoor is one of the best known and most beautiful Spring Lake summer places. It is located directly across the lake from Spring Lake village. It contains 40 acres, with several fine buildings and the fine launch, Lorna Doone, all of which are included in the gift. The property is worth fully \$50,000. The only provision in the proposed gift is that it be used for a public park for the benefit of the public.

Mr. Thum was one of the manufacturers of the famous sticky fly paper. For a number of years the handsome place was the week-end home of the employees of the big Thum plant in Grand Rapids. Mr. Thum is at present living in Southern California and he will probably never come back to Michigan to reside.

Included in Mr. Thum's handsome offer to the village of Spring Lake is a river frontage at the foot of Division street in the village which will make excellent dockage.

The Holland Christian Endeavor Union held a meeting of all the executive committees in Trinity church, where a most interesting program was rendered.

Following the devotional part of the program conducted by the president, George Schulling, a paper was read by Miss Hilda Stegeman on the work of the Look-Out Committee. A vocal solo was very pleasingly rendered by Miss Evelyn Keppel. Mr. Wm. Moerdyke gave a talk on the value of the local union after which reports of the various committees were heard and work for the ensuing quarter was discussed.

Following the session, a social hour was enjoyed by all present. Similar meetings will be held once every quarter.

CITIZENS TRANSFER HORSES HANGED

WHEEL BREAKS, TIPPING OVER WAGON, SUSPENDING THE HORSES IN AIR.

A most peculiar accident happened Tuesday afternoon, while the Citizens Transfer Co. was moving the heavy dies, several thousand in number, from the present headquarters of the Hardie & Ekebald Jewelry Co to the new quarters over the Sentinel office.

There were 12,000 pounds of dies on the dray, which was apparently too much for one of the rear wheels to hold up. All at once a crash came nearly tipping over the load. When one of the rear wheels gave way the load tipping in such a manner that the wagon tongue was hoisted in the air at an angle of about 40 degrees, and suspended from their harnesses were the horses with their feet clear of the ground. It took considerable maneuvering to approach the frightened kicking animals but after some difficulty they were cut loose from the harness. Another conveyance was substituted and after much difficulty the load was transferred and taken to its destination.

Another incident connected with the affair was when several men tried to lift, one of the boxes that had slid off of the broken wagon, onto another dray. The huskies attempted the feat, but failed when along came a large strapping farmer, who said he'd give a helping hand. He took the box alone and lifted it easily from the ground onto the wagon to the amazement of the bystanders.

REV. GRODEN IS ATTACKED BY A FANATIC

FIRES TWO REVOLVER SHOTS WITHOUT EFFECT AND WALKS CALMLY AWAY.

Declared He Was Offended Because He Was Refused Membership In The Church

Rev. Johannes Groen, 51 years old, for sixteen years pastor of the Eastern Avenue Christian Reformed church, narrowly escaped injury and possibly death, early Monday afternoon, when William Hoekstra, 952 Wealthy street, S. E., Grand Rapids, said to be a religious fanatic, attempted the life of the minister. Twice Hoekstra fired two revolver shots at Rev. Groen, when he met the latter on Wealthy street, near Eastern avenue, but neither shot struck its mark. The pastor retreated to a stairway in the Lindemulder building on Wealthy street and Hoekstra was arrested by officers a few minutes later as he was walking leisurely toward Union avenue.

Rev. Groen at his home, 524 Eastern Avenue, S. E., described the assault Monday afternoon: "I was walking on Wealthy street and when about 100 feet east of Eastern avenue, I was met by Hoekstra. He was not more than eight feet from me when he queried, 'is this Rev. Groen?'"

"I nodded and Hoekstra pulled a revolver from his right hand coat pocket and without another word, fired at me. I dodged and ran into the street. The second shot followed as quick as he could pull the trigger. Neither bullet struck me. I ran into the stairway of the Lindemulder building and Hoekstra walked down the street.

Declared Religious Fanatic "I believe Hoekstra is a religious fanatic. He wanted to become a member of our church, but we couldn't use him because of his fanaticism. He has not worked for three years and has compelled his wife and daughter, 20 years old, to support his family, all of whom are members of the church. We have offered several times to assist the family, but they have refused to accept help from us.

"Two years ago I visited Hoekstra at his home and implored him to go to work, pointing out the conditions of his family. He ordered me from the house and I have paid him little attention since."

Rev. Groen stated that he had been requested by the officers to visit police headquarters Tuesday morning. He said he did not know whether he would make a complaint against his assailant.

Hoekstra was arrested by Detectives Hammond, Dunn, Doyle and McDonald, near the scene of the shooting. His only response, according to the officers, to the question why he shot at the minister was "He wouldn't let me join the church." Hoekstra is a carpenter.

SUGAR COMPANY TO FIGHT RATE RULING

GET TEMPORARY INJUNCTION TO KEEP "FLOATING" POLICIES IN FORCE PENDING THE OUTCOME

Lansing, May 18—Judge Collingwood has granted the Michigan Sugar company a temporary injunction restraining the state anti-discrimination commission from putting into effect its opinion and order of April 25 in which the commission held ten insurance companies must discontinue the "floater" form of policy which it was claimed gave the Michigan Sugar Company and other large plants a more advantageous rate than smaller corporations.

The injunction will keep the "floater" policies in force pending the outcome of the appeal. The brief filed sets forth that the ruling of the commission is unconstitutional that it restrains the right of trade, that it establishes a monopoly in making higher insurance rates in the state contrary to public interest and welfare, that the Michigan Insurance Bureau of Grand Rapids which sets forth rates is an organization of the insurance companies themselves and that the termination of the "floater" form of policy will cost the Michigan Sugar company alone \$5,000 for the rest of this year.
