VETERANS OF FIVE WARS IN PILGRIM HOME

SOLDIERS FROM NAPOLEONIC,
MEXICAN, CIVIL, SPANISH
AND PRESENT WARS LAY
BURIED HERE.

G. Van Schelven Gives Data Relative
to Men Identified With Former
and Present Conflicts.

It is very timely, because of the nearness of Memorial Day and also owing to the terrible world wide conflict that is now raging and in which America has thrown her giant power and resources in the cause of liberty, democracy and justice, that the following data, collected by G. Van Schelven should be published at this time.

Mr. Van Schelven finds that the veterans of five wars lay buried in Pilgrims Home cemetery and that the graves of these men can be found there and are decorated from year to year.

Some may be found where the sod has recently been turned and where the tears of loved ones have just been shed, while others mounds there are where the mark of time has left its touch and where the last resting place of a brave soldier is one that can only be traced by family tradition and the spot recollected only by a few of the oldest gray heads still remaining in Holland.

The information is very interesting not alone from the standpoint of good reading but also as information to save as a keep-sake for future reference.

Mr. Van Schelven has the data arranged in the following order:

Napoleonic Wars

Cornelius De Wit. He served 15 years during the Napoleonic period, a part of the time under Napoleon and a part of the time with the Allies. Went half way on the fatal expedition to Moscow. Was the first sexton in the old log church. Died in 1872, and at his dying request was buried on the spot once covered by this humble edifice.

Geert Albers, who served in the French army, after Holland was annexed to the French empire.—2.

Mexican War

Harm G. (Jan) Knol.
Christopher Miller.—2.

SALARIES ARE BOOSTED BY THE COUNCIL

ALDERMEN GIVE SUBSTANTIAL IN-
CREASES TO ALL CITY
EMPLOYEES

Salary Ordinance Passes With One Dis-
senting Vote Against Each
Item.

Old High Cost of Living has hit the city government and the common council at its salary fixing session last evening found that it costs more now to have the various offices administered than it did a few years ago. Nearly all the salaries of city officials were raised. The salary ordinance was tinkered into shape in the committee of the whole which met in a committee room during a recess of the council and later the recommendations of this committee were passed by the council.

The council was unanimous in deciding on the various increases in salary with the single exception of Ald. De Witt of the second ward, who each time, both in the committee of the whole and in open session of the council registered a vote against each item.

Only once was he in accord with his colleagues and that was when it was proposed to pay the janitor of the city hall for having the windows washed.

The following salaries were increased last night:

City Clerk from \$1700 to \$1800 a year.
City Assessor from \$1500 to \$1600.
City Treasurer from \$1000 to \$1100.
City Attorney from \$650 to \$800.
City Health Officer from \$400 to \$625.

City Physician from \$300 to \$400.
The salary of the Director of the Poor and City Inspector remained at \$780. This however was in effect a substantial increase. This official was holding down three jobs, city collector being the third. He was relieved of the latter without cutting down his salary.

CHICAGO LADS HIT HOLLAND IN KISSEL CAR

TAKES CAR OF CATHOLIC PRIEST
AND GO JOY RIDING

Try to Sell Tires for \$2.00 and Are
Pinched.

The local police picked up two young suspects in the form of two wayward boys from Chicago. They were racing around town in a big Kissel Six, until their gas and money ran out and they tried to sell one of the tires of the machine for \$2 contemplating to run home on the rim. But in this they failed because the minions of the law interfered just about that time.

The local officers at first thought the car had been stolen and the police in Chicago were notified. They in turn stated that the boys would be called for on the next train as persons of authority were already on the way.

The names of the boys are Ed Hughes and Frances Blake and the officers who stepped from the Chicago train when it arrived were no other than Papa Hughes and Papa Blake of Sheridan Road, considered the most exclusive part of Chicago's residence district. The two papas had dealings with the two boys privately after they arrived in the city, which was considered a substitute for fines and costs by the local authorities.

It seems that the young chaps had appropriated the auto belonging to Father Dennis of Chicago, a priest who is an uncle of young Hughes.

It is said the boys filled the tank with gas and started north not knowing where but singing as they went "I don't know where I'm going, but I'm on my way."

They got as far as Holland when the gas ran out and they were without funds and were handicapped with empty stomachs. Not knowing what to do under these circumstances they tried to sell one of the tires of the machine costing at least \$25 for \$2 in order to get enough money for food and gasoline enabling them to get back to Chicago, even if they had to go on the rim.

This attempt was their downfall, however and led to their being held by the local police.

After the curtain lecture and some other trimmings in which the boys were given much food for thought from the parental mind and hand the daddies filled them up with something more substantial at a local cafe. The two papas and their namesakes took the first Kissel car out of Holland for "Chi" the boys being sadder and wiser lads.

SPRAY KILLS VANDER
BEE'S BEES

If you spray your trees while they are in blossom you are subjected to a fine of \$25. Spraying during blossom time poisons the bees and there is plenty of time to spray while there are no blossoms on the trees. C. M. Vander Bee owned 26 swarms of bees, now he has but six left, because of the carelessness of farmers spraying out of season. Luke Knoll of Laketown had 12 swarms and these have all been killed.

AUTO BREAKS
MAN'S LEGS AND
BRUISES HEAD

CHRIS HANSEN WAS DRAGGED
TWENTY FEET BY THE
MACHINE

A young lad from Chicago who is in the employ of Louis Padnos the junk dealer, took the truck and went joy riding without the permission of his boss and the results have proven very serious. When the boy tried to turn the truck at the street intersection, near the Grand Haven bridge, he lost control of the car and it proceeded to climb the cement steps of the North Side Grocery on the corner.

Chris Hansen had been making some purchases in the grocery and was just leaving the place when the impact came. Mr. Hansen was thrown about 20 feet and when he was picked up it was found that one of his legs was broken above the ankle, his arm was severely bruised, he was badly cut about the head and his clothing was practically torn from his body. He was taken to his home on the North Side and will be laid up for at least eight weeks. Dr. Fisher was quickly called and reduced the fractured leg.

WENT JOY RIDING
WITH LAMB'S
TIN LIZZIE

Six young lads who were overcome with the beautiful summer evening and the delightful full-moon, appropriated the auto of Leonard Lamb, 189 West 13th street. They joy rode for two hours and returned the machine about 11 o'clock at night. They tried to push the machine into the Lamb lot very quietly, but Officers Meeuwse and O'Connor were laying in wait and caught the youngsters red handed.

They were taken before Justice G. Van Schelven and Wm. Elferdink, Mar- tinus Visser, H. Hiddink, Jerral Slagh, E. Van Lente and George Golds each paid a fine of \$2.50 to the judge who also gave them a severe lecture, stating that apparently they did not appreciate the seriousness of their doings and that the state deals very severely with those who appropriate automobiles not belonging to them. Under the law the boys could have been fined \$250 and be sent to jail for two years besides a maximum sentence.

COMMITTEES ARE NAMED BY MAYOR

DEFERRED APPOINTMENTS ARE
MADE AT COUNCIL
SESSION

Two New Standing Committees Are
Still Not Filled, But Will Be
Named Later.

Mayor Bosch last evening announced his committee appointments. The making of the appointments was delayed for several weeks because the amending of the rules of the council to include two new standing committees, a hospital committee and an industrial committee, was hanging fire.

When this matter had finally been settled last night the mayor appointed the following standing committees:

Ways and Means—Prins, Dobben and Vanderlist; Streets and Crosswalks—Congleton, Blue and Dykstra; Claims and Accounts—Lawrence, Vanderlist and Wiersema; Poor—Briewe, Brink and Dykstra; Public Buildings and Property—Dobben, De Vries and Briewe; Public Lighting—Blue, Brink and Congleton; Sewers, Drains and Water Courses—De Witt, De Vries and Blue; Sidewalks—Dykstra, Congleton and DeVries; Licenses—Vander List, Lawrence and Dykstra; Bridges and Culverts—Brink, DeWitt and Briewe; Ordinances—Wiersema, DeVries and Lawrence.

The two new committees have not yet been filled. The names of the aldermen appointed on them will be announced by the mayor at the next meeting of the council.

Until last night the committees of the old council have been functioning, but from now on the business in the various departments will be taken over by the new bodies.

COMES UP TO
FIGURES OF
POUNDMASTER

PETER VER WY IS AGAIN NAMED
TO THIS IMPORTANT
OFFICE

Tells Aldermen He Wants Sixty Dol-
lars a Year And He Gets
It.

Holland today once more has a pound master, after having struggled along without that official for several months. Peter Ver Wy was on the job today and was after the untagged canines bright and early this morning. Ver Wy was appointed by the council at last night's session of the council at a salary of \$60 a year. Technically his salary was fixed at \$50, but \$10 was added for added service. Sixty dollars was Ver Wy's figure and the council considered him so necessary to the city's welfare that they came up to his figures.

Ver Wy received the biggest percentage of increase of any city official whose salary was raised. When he served before his pay was \$24 a year. Mayor Bosch proposed that it be placed at \$36 a year. Alderman Lawrence amended that by proposing \$50 a year. Ver Wy arose and issued the ultimatum that the council could take him or leave him at \$60 but that he refused to work for a cent less than that. He declared that at one time the fees for capturing dogs were considerable but that where once he caught twenty dogs there was not more than one to catch.

After his figures had been met Ver Wy made an eloquent address to the council. "Now I give you thanks," he said, "that you have so much courage and think I'll do my work well." It was suggested that Ver Wy should also catch cats because of the increase in salary. But Ver Wy shook his head vigorously and said, "If you want me to catch the cats and put license tags on them, I might just as well try to catch the devil."

TO REFUND LECTURE
COURSE MONEY

LAST NUMBER IS CANCELLED
AND PATRONS WILL RE-
CEIVE A REBATE

The Hope College Lecture Course management offers to refund holders of course tickets the proportionate share covering the last number of the course, the Helena Stone-Torgerson Artists. This is 20 cents due. Owing to friendship and the fact that Mrs. Torgerson had an open date in January, the management secured her at one-third her usual price. Those that hold no course tickets, but only Torgerson tickets, will have the full price of the single ticket rebated. The management is sorry not to be able to secure Mrs. Torgerson this season. Call at Huizenga's during the present week for your money.

CENTRAL PARK NEWS

The Willing Workers of Central Park met at the home of Mrs. Harry Hendrop on Thursday last, the next meeting will be held at the home of Mrs. Dick Miles.

Mr. and Mrs. Carl Erickson and little daughter of Holland spent a few days at the home of Mr. and Mrs. St. John.

The infant daughter of Mr. and Mrs. Henry Karsten is very ill with Bronchial pneumonia.

Little Gene Helmink who has been quite sick has slowly improved.

Mrs. Henry Vredend and children spent the day with Mrs. Paul Van Vulp.

Clarence Wilson of Flint was a caller at the home of Mr. and Mrs. Francis St. John.

Peter Pfanstiehl of Holland was a caller at Central Park Sunday.

Mrs. Standly Elferdink and children are visiting her sister Mrs. Henry Karsten.

Mrs. Hamburg has returned home after spending a few days with her children Mr. and Mrs. George Hamburg.

A very enjoyable program will be presented in the Gibson school house, Laketown, District 2, on the evening of May 24 and will be repeated at the Lugers, alias Lakeview school, southeast from Central Park on the evening of May 25 at 8 P. M. The entertainment consists of a short negro comedy with a laugh at every turn and a play, "A Box of Monkeys" in which the mischievous deceptions of a Western girl lead to several very amusing situations. Admission 15c o all. The young people have worked hard on this entertainment and deserve encouragement for the proceeds are for War Relief Work. Come and make your money do double duty! Amuse yourself and help win the war at the same time.

DRENTHE

Miss Jennie Lanning is very ill at her home with pneumonia.

The Drenthe school has been closed for an indefinite time on account of a breaking out of small pox. The state health authorities are very strict in quarantining the various contagious diseases, in order to prevent epidemics among our soldiers in the cantonments. No case, however mild, must let go unchecked if we are patriotic and do our bit. One mild case of scarlet fever or small pox can jeopardize a whole camp. Born to Mr. and Mrs. L. Compagner—a girl, to Mr. and Mrs. G. Wolters—a boy.

Mrs. John Ver Hage and daughters Mary and Lena from Zeeland spent a short time at the home of E. Van Spuyker the past Friday.

Jennie Brouwer is ill at her home with smallpox. This is the first case in our vicinity, although the epidemic had traveled in other small places.

Henry Bredeweg, a former citizen from Drenthe, now doing a real estate business in Holland was seen driving thru the country with a Dort automobile this week.

Henry Beukel from Oakland spent Sunday at the home of M. Brandt.

Henry Nyenhuis from Hamilton was home over Sunday with his parents.

Henry Waneott was home from Camp Custer over Sunday.

Benjamin Lanning is taking up wireless telegraphy at Grand Rapids.

Alice Arendsen from Oakland was taken to the Holland Hospital Monday, and was operated upon Tuesday by Dr. Brower from this place and Dr. Nichols from Holland.

Much damage was done here last Thursday night when a tornado swept the country uprooting trees, wrecking many small buildings, taking the roofs from barns, etc. This roused much enthusiasm among our people who have now insured their valuable buildings in the Wind Insurance Company.

E. Van Spryker is repairing certain parts of the blacksmith shop, the entire front of the building being torn apart last Thursday night. He expects to finish the job this week, although thus far no one has taken up the blacksmith trade while Art Bredeweg is absent doing his bit for our country at Columbus, O. barracks. The latter's father from Holland is superintending the business at present and is looking for an eligible man to fill his sons' vacancy.

JENISON PARK

Master Hanley Easter, the Park newsboy, motored with Jessicks' family to Port Sheldon last Sunday.

Miss Ruby Hughes visited a few days with her father.

Mrs. Bueckling entertained friends from abroad. She owns the pretty resort home formerly known as the Cunningham place.

Mrs. Coy and husband have arrived from the west.

The new concrete road from Virginia Park to Macatawa will soon be made and if reports are correct will be finished by the last of June.

Miss Iradell Burt was operated on at her home last Monday morning for a serious case of rupture from which she has been suffering for some time. So far the operation has proved to be very successful which her friends are pleased to learn.

Miss Cora Easter was completely surprised last Wednesday evening, May 8, her 15th birthday when nineteen of her first avenue friends gathered at her home. Cake, coffee and ice cream were served. She was remembered with gifts, one a pear necklace from Miss Iradell Burt and family.

The last P. T. club meeting was held last Friday evening. The echo house was filled and all seem to enjoy the program as usual. If all the changes are made before next winter that are expected, many more interesting meetings will be held.

AGED ZEELAND PIONEER PASSES

After a long life, Gerrit John Van Zoeren passed away at the home of his daughter, Mrs. C. Ver Hage, in Zeeland. Mr. Van Zoeren came to this country in 1848 and settled in Vriesland where he served the Vriesland Reformed church as deacon for twenty-five years and taught Sunday school for several years. About twenty-one years ago Mrs. Van Zoeren died and a few years later Mr. Van Zoeren moved to Zeeland where he served the First Reformed church as elder for several years.

The deceased is survived by five children: Mrs. Herman Vande Bunte of Jamestown, J. G. J. Van Zoeren, and Marinus Van Zoeren of Vriesland, Mrs. Henry Vande Bunte of Allegan; and Mrs. M. C. Ver Hage of Zeeland; besides 29 grandchildren and 17 great-grand children.

Funeral services were held Saturday afternoon, at one o'clock at the home and 1:30 o'clock at the First Reformed church. Rev. P. P. Cheff officiated.

SCHOOL TEACHERS INVEST IN LIBERTY BONDS

The teachers in the public schools in Holland have so far invested a total of \$11,550 in Liberty bonds in the three issues, according to figures collected yesterday by Principal Drew. The local schools are patriotic not only in theory but also in practice, as the investment in Liberty bonds shows. The students also have invested considerable in the bonds, but no figures are available on that point.

HOLLAND SCOUTS, ATTENTION!

Scarcity of black walnut for making gun stocks and aeroplane propellers has resulted in President Wilson addressing an appeal to the 350,000 Boy Scouts of America asking them to contribute to the war department the location throughout the country of black walnut trees, their sizes, names of the owners and the price at which they can be purchased. This includes all the Holland scouts.

SAUGATUCK BOY SCOUTS TO BUILD A HOME

Impressed by the prompt action and efficiency of the Boy-Scouts on the occasion of a recent fire in the Forward Movement park at Saugatuck, Supt. S. C. Adams has offered to donate a site for their permanent headquarters.

The offer has been accepted by the boys, who are already planning the details of a suitable building. They expect to construct with their own labor, and would appreciate any material they could use in the work.

The boys are now occupying one of the cottages of which they have been given the use without charge until June 1.

ROAD WORK DELAYED BY LACK OF MATERIAL

Work on the stone road at Saugatuck was delayed several days by lack of material. The road is completed as far as the top of Holland street hill and the enforced waiting time was utilized to do the grading to the corner of Francis and Butler streets. The arrival of the barge Hennepin with a cargo of crushed stone enabled work to be resumed.

In attempting to make the harbor in the fog the Hennepin got slightly off its course and ran on a bar north of the harbor. Quite a bit of much wanted stone had to be dumped overboard before the boat was released.

SAUGATUCK SCHOOL PRESIDENT RESIGNS

The school board at Saugatuck at its last meeting regretfully accepted the resignation of W. R. Takken as president and member of the board. The resignation had been presented previously but action was deferred in the hope that Mr. Takken might be induced to reconsider it. He said, however, that the pressure of other duties was such that he could not continue in the office. L. R. Brady will succeed Mr. Takken as member of the board. No president will be chosen before the annual school meeting in July.

FIREMEN PRESENTED WITH WRIST WATCHES

The No. 2 fire department members Thursday evening gathered at Engine House No. 2 and held a farewell reception for two of their members Jack Knoll and James Cook, who have enlisted and who will soon leave for camp. Cook has been a fireman for only a comparatively short time but he has proved very efficient, and Knoll holds the remarkable record of having passed the nights at Engine House No. 2 for a period of ten years.

Both the young men were presented with wrist watches, Chief Blom making the presentation speech. Prayer was offered by Assistant Chief Ter Vree. Mr. Knoll, on behalf of both the young men, made a brief response, thanking the comrades for their generosity. A reception was held and refreshments were served.

STEALS SHEETS AND PILLOW CASES AND MAKES HIS WIFE A PRESENT

Alvin Slentz was fined \$5 and \$3.90 costs in Justice Robinson's court when he pleaded guilty to stealing two sheets and two pillow cases from the Stenmer City of Grand Rapids. Slentz is a fireman on the boat and says he took the bed clothing and sent them to his wife at Grand Junction as a present. Slentz has always borne a good reputation and his friends were surprised at his actions at this time.

NOTICE

The River Nome No. 1 of the Knights of Pyramids, Fraternal Organization, has disbanded.

HEAVY WIND DOES DAMAGE IN ZEELAND

The heavy wind storm that passed over Holland Thursday evening at about 11 o'clock developed into a cyclone before it reached Zeeland. Or if it was not a genuine cyclone it was so nearly one that it would be hard to distinguish between the two.

The storm demolished a building belonging to the Isaac VanDyke Company. This was a warehouse back of the main building on Church street. The wind took the roof of this building and slammed it against the main building, causing considerable damage to it. As a result of the taking away of the roof the walls fell in, and so the whole building is as complete a wreck as the it had been deliberately torn down. The warehouse was filled with farm machinery and considerable damage was done to that.

The loss is estimated at between \$250 and \$350 and is not covered by insurance, since the company, while being fully protected against fire, carried no cyclone insurance.

The strong wind also smashed a plate glass window in the front of the A. La Huis store.

A few miles on the other side of Zeeland the storm tore parts of the roofs off the barns of Dick Elenbaas and Tom Scholten. In the city of Zeeland, besides the destruction of the warehouse, considerable damage of a minor nature, such as the blowing down of trees was caused by the wind.

In other sections beyond Zeeland reports kept dribbling in Friday of silos blown down, fences demolished and other property destroyed.

Considerable damage was done in Grand Rapids, and reports from Illinois and Iowa tell of heavy wind storms there accompanied by destruction of property.

The storm that played havoc in Zeeland also did a good deal of harm in Fillmore township south of Holland where some twenty-five barns had parts taken off the roofs and where many silos were blown down.

LANDS BIG FISH IN THE RIVER

Fishing is beginning to come into its own again although it is still very poor in Black Lake. But the fish are beginning to bite pretty well in the river again. Yesterday Joe Howard, Chas. Sirrine and M. C. Van Doorne caught nineteen white bass near the Waverly round house. Mr. Van Doorne also caught and landed a sixteen pound catfish.

COUNTY TRIES TO END SEED FAMINE

H. J. Wilder from the Department of Agriculture at Washington, Messrs. C. H. Graves and J. W. Nicholson, of Michigan Agricultural college, with Allegan County Agricultural Agent Bentall inspected a car of seed corn which has just arrived at Fennville. In connection with this seed corn the farm bureau calls further attention to some phases of the situation which may not have been sufficiently considered.

In the face of an enormous shortage many car loads of seed corn have been brought into the state and are being distributed at cost. But for this movement there would have been practically no limit to the price of seed corn. Indeed, much corn has been sold at exorbitant prices, and very much that has been sold thru the usual channels has been of exceedingly poor quality.

Withing the last few days the Allegan county agent was asked to look over the germination test of a large lot of seed corn which had been purchased for delivery in Allegan county thru the ordinary channels, and the germination was so very poor that he strongly advised this corn be refused by the dealer in question. The carload consignment to Fennville by the Michigan War Board has arrived and is being distributed. This will be \$5 per bushel, and is on the ear, so farmers can test it for themselves, which they are strongly advised to do.

Similar attempts are being made by County Agricultural Agent Hage-man of Ottawa for farmers here, but at best the seed corn situation is serious.

JOHN VANDERSLUIS CHORUS GOES TO HAMILTON

Friday evening six auto loads left Holland for Hamilton to participate in a Red Cross entertainment held in the First Reformed church of that place.

The chorus made a hit as did Wm. Vander Hart with his readings. Miss Bloemendal was on the program for musical numbers, the rendition of which was a credit to this able soloist. The male and ladies' quartets both rendered some very pleasant numbers and were called back repeatedly.

A silver collection of \$60 was taken up after which the Holland folks retired to the home of Rev. and Mrs. Walvoord, pastor of the church. Here an elaborate spread was served with Rev. and Mrs. Walvoord and Rev. and Mrs. Meengs acting as the hosts and hostesses.

Ex-Mayor Vandersluis came in for a great deal of praise because of his excellent musical organization and the Hamiltonians gave the Holland musicians a vote of thanks.

Card of Thanks

We wish to express our thanks to our friends and neighbors for kindness shown us during our recent bereavement and to those who donated automobiles for the funeral.

TRIED TO USE NAME OF SCHOOL COMMISSIONER

A book agent whose name has not been learned has been trying to victimize the Co. School Commissioner, according to Mr. Stanton Tuesday, who protested against the use of his name made by the agent. The book man is said to have represented Mr. Stanton to prospective buyers of a reference work as endorsing the work and recommending them to purchase it. In view of the fact that the prospective buyers were high school graduates who place much reliance in the word of Mr. Stanton, the agent was trying to reap advantage from the use of the school commissioner's name.

Mr. Stanton declared today that he does not recommend the work in question nor that of any other book agent. He even makes it a practice to refuse to give book agents the names of graduates because anything like that is contrary to the professional ethics of his position. He wishes to make this public statement so that persons approached by book agents who use his name may know that the representations are fraudulent.

TRIP TO GENERAL ASSEMBLY TO BE BY AUTOMOBILE

Grand Haven Tribune—Rev. James T. Veneklasen, pastor of the First Presbyterian church and S. B. Ardis left Tuesday morning for Columbus, O., where they will attend the general assembly of the Presbyterian church, which is to be held there, from May 16 to May 24. They will represent the Grand Haven church. Mr. Veneklasen and Mr. Ardis will make the trip by automobile.

CALLED FROM HIS BOOKS BY UNCLE SAM

Monday morning Harvey J. Ramaker, president of the Senior class of Hope College and leading actor in the recent class play, received orders to report at the United States School of Military Aeronautics at Champaign, Ill., on Thursday of this week. Mr. Ramaker left for Champaign on Wednesday.

Mr. Ramaker is one of the most prominent students at Hope. He has achieved considerable distinction in the fields of athletics and dramatics. He has also been active in the Y. M. C. A. and other religious activities of the institution. Some weeks ago he was chosen as one of the Commencement Day orators. It is not known as yet whether he will be able to be present for the exercises or not.

The Hope Senior Class now has two men in the aviation section of the Service, Bernard D. Hakken having been a cadet at Champaign for some time.

HAVE BEEN MARRIED FIFTY-FIVE YEARS

Mr. and Mrs. J. D. Maxted Monday celebrated the fifty-fifth anniversary of their marriage at their home, 233 West Ninth street. They have lived about twelve years in Holland, coming here from Manistee. They have four children and six grandchildren. On account of Mrs. Maxted's health, no formal celebration was held, but friends and neighbors quietly came in during the day to wish the couple many more years of happiness.

PARTY HELD AT VOORHEES HALL

A very delightful party was held at Voorhees Hall Saturday evening when Mrs. Winifred H. Durfee and the girls of Voorhees hall were at home to their friends. Guests to the number of forty were present. Miss Eva Te Paske of Three Oaks and Sergeant Teunis W. Prins of Camp Custer won the prizes offered to the best conversationalists in the company.

MISS ALICE HUTTENGA WEDS BERNIE HIRDES IN GRAND HAVEN

Grand Haven Tribune—A very pretty wedding occurred at the home of Mr. and Mrs. Jacob Huttenga, Grand Haven, when their daughter, Miss Alice, was united in marriage with Mr. Bernie Hirdes of Zeeland. The ceremony was performed by the Rev. Jas. Mulder of Peekskill, N. Y. an uncle of the groom.

Miss Jane Romeyn of Holland played the wedding march. Miss Reka De Witt was bridesmaid and Edward Klotse of Grand Rapids officiated as best man.

Those from out of town who were present were Mr. and Mrs. M. Hirdes, James and Jennie Hirdes, B. Mulder, Mrs. H. De Witt and son David, from Zeeland; Mr. and Mrs. A. Romeyn, Bud, Henry, John and Jane Romeyn, and Miss Alida Schuurman of Holland.

Mr. and Mrs. Hirdes will be at home in Zeeland after June 5, where Mr. Hirdes is in business.

HAMILTON

Mr. and Mrs. Althuis from Holland visited friends and relatives in Hamilton a few days.

Tona Dannenberg was called to the colors last Friday.

Mrs. Jennie Bergsma and daughter are spending a few weeks with Mr. and Mrs. H. J. Fisher of Holland.

The windstorm did much damage in this vicinity last Thursday evening.

A number of children wrote the seven and eight grade examinations last Thursday and Friday.

Ten yard engines of the eight-wheel switcher type were recently placed in service by the Pere Marquette at a total cost of about \$390,000. They have been assigned to the various yards as follows: Three at Toledo; three at Detroit; three at Wyoming, Grand Rapids, and one at Saginaw.

ESSENKAY

"ENDS TIRE TROUBLES"

Some ESSENKAY Tests

The following tests of ESSENKAY showing its remarkable resistance to heat, cold and pressure, were made by Prof. G. F. Gebhardt of Armour Institute of Technology, Chicago, Ill.

Pieces of ESSENKAY were:

- Placed in a brass tube 3 1/4 inch inside diameter and loaded with a weight of 8,000 lbs. It compressed 13% and regained its original form.
- Afterwards loaded to 14,000 lbs., remained thus for one hour, showing a compression of 18% and a re-establishment to its normal dimensions to within 2% of its original state.
- Immersed in boiling water for 24 hours, removed and thoroughly dried, showing no loss of weight.
- Subjected to a temperature of 212 degrees F. dry heat for 24 hours, showing a decrease in weight of less than 1%.
- Frozen in a solid block of ice for 24 hours, after thawing out and drying found quite unaffected.

SUCCESS OR CHAMPION IS NAMED

At a meeting of the Board of Public Works held Monday evening, Carl T. Bowen, for several years city engineer of Holland, was appointed superintendent of the board to fill the vacancy caused by the resignation recently of R. B. Champion who is to fill a position in Chester, Pa. Mr. Bowen was engaged to assume the responsibilities of the office when Mr. Champion leaves the city, his salary being placed at \$2,000 while the salary of Mr. Champion was \$3000.

The board further decided to give an increase to all the employees of the board, making a clean sweep from top to bottom. William Winstrom for many years an employee of the board, was appointed to fill the position of clerk taking the place of Peter Brussee.

The resignation of Mr. Champion was accepted by the board with regret. Action had been deferred until the meeting of Monday evening, although the resignation was presented at an earlier meeting of the board. Mr. Champion has not decided on the exact time when he will leave Holland. He will first start out the new superintendent in his new work.

The appointment of Mr. Bowen as superintendent will mean a vacancy in the office of city engineer, which the common council will have to fill. This will probably be done at the next meeting of the council.

Mr. Bowen came to Holland from Iowa and he has served the city as engineer since the time when former city engineer Naberhuis resigned and the board of public works believes that he is the logical man for the position.

E. P. Stephan was again named chairman of the board.

ZEELAND MAN REJECTED FOR SEA SERVICE

Quartermaster Reece of the United States navy, recruiting service, met a group of men at the Court House in this county Monday morning, who were anxious to either enlist in the sea service of the United States or to secure further information concerning it. Of the group examined by the quartermaster, three were accepted for further examination and one was rejected.

Those who were passed by the quartermaster were Hugh Lillie of Grand Haven, Henry McKay also of Grand Haven and Edward A. Schaap. Henry A. Zuiverink of Zeeland, failed to pass the preliminary physical examination and had to be rejected.

Hugh Lillie is a well known practicing attorney associated in the legal profession with his father Walter I. Lillie. He is the third of his family to enter. One brother, First Lieutenant Leo C. Lillie, also a member of the law firm of Lillie, Lillie & Lillie is stationed at Camp Wadsworth preparing for overseas service. Another brother Dr. Ivan Lillie is an officer in the U. S. Medical corps and is at present in England.

Henry McKay, a son of Captain R. McKay, a well known local ship's officer, is the second of his family to enter the service in the war. His brother Robert McKay is a member of the machine gun company attached to the 25th Infantry formerly the 31st Michigan Infantry. The young man who entered the service today is a well known high school football star, and still has the record of being one of the greatest backfield men who ever wore a high school jersey. His brother Robert is a former high school star. He was captain of the Western Michigan Normal team, and was a member of the Colgate university squad.

NEW SWITCH WILL LAST TWENTY YEARS

The Holland Interurban company is making repairs in their usual substantial way. Last year Mr. Morgan, the superintendent and his men placed a curve construction at the intersection of River and Eighth street, that proved a great success altho at first the citizens and common council thought the company was appropriating part of the street. City Engineer Bowen and Mr. Morgan, who are experienced along these lines know better however, and both men explained the workings of the new curve to the satisfaction of the council.

Now that it has been completed for a year or more it is found that the construction engineers were right. There has been less danger of pedestrians being struck by the protruding ends of the long Interurban cars as they swing around the corner, and this fact has given general satisfaction.

Another improvement now being made permanent is the laying of a switch at the station that the constructing engineer, Louis Aseltine, claims will be good for twenty years. Heavy iron is being laid and the wearing parts are made of the hardest metal that it is possible to get. The switch at this point has given the company a great deal of trouble in the past and this they will try to obviate in the future by putting in lasting material. New paving brick is also being laid between the tracks wherever it has been torn away because of the new construction.

The Rev. Cornelius Muller, formerly of this city and now pastor of the Reformed church at West Sayville, L. I., New York, was in charge of the Y. M. C. A. meeting at Hope College Tuesday evening. Mr. Muller addressed the association on the subject "Loyalty."

Ernie, the three months old son of Mr. and Mrs. Arie DeFeyer, living three miles northwest of Holland, was found dead in bed Tuesday. Coroner Cook was called in but he decided a coroner's inquest was not necessary. The funeral was held this afternoon at 2 o'clock from the home, Rev. J. F. Bowerman officiating. Interment was in the Ventura cemetery.

DR. M. KOLYN DROPS DEAD IN MUSKEGON

Holland was shocked Monday noon by a telephone message from Muskegon, announcing the sudden death in that city shortly before noon of Dr. Matthew Kolyn, member of the faculty of the Western Theological Seminary. Full particulars have not yet been received at the time of going to press. Dr. Kolyn went to Muskegon Saturday to fill one of the pulpits in that city and he had intended to return to Holland on the noon P. M. train. According to the message he dropped dead, presumably of heart failure.

Dr. Kolyn, who was one of the best known leaders in the Reformed church, which denomination he served both as pastor and as an educator, was born June 23, 1856, in Franklin, Wisconsin. He received his education at Hope College, graduating from that institution in 1877. His theological course was taken at the New Brunswick Theological Seminary, from which institution he graduated in 1880. From 1880 to 1881 he served the Presbyterian Mission at Sault Ste. Marie, Mich. Then he was ordained into the gospel ministry by the Classis Geneva, New York, and he served the following churches: Marion, New York, Spring Lake, Mich., Kalamazoo First, Orange City, Ia., 1st. The three years following that he served as principal of the Northwestern Classical Academy at Orange City, Ia. This position he left to take up work as pastor of the Second Reformed church of Grand Rapids.

In 1910 he was elected professor of historical theology at the local seminary, which position he has occupied ever since.

Of a genial disposition, he was helpful in many lines of endeavor, showing a deep interest in many social and civic movements in Holland. His circle of friends was very large and the news of his death was a great shock to the city.

The arrangements for the funeral of Dr. Matthew Kolyn were completed Wednesday. They are as follows: Opportunity was given to view the remains at the home from ten to one o'clock Thursday. The services at the home began at 1:30 o'clock and they were in charge of Dr. J. E. Kuizenga and Dr. Henry Hoppers of the Seminary.

Rev. P. P. Cheff presided at the services at Hope church which was begun at 2 o'clock, and addresses were delivered by Dr. Ame Vennema and Dr. E. J. Blekkink. Music was furnished by a quartet. Interment took place at Zeeland. The services at the cemetery were in charge of Rev. Cheff.

OLD OFFICERS ARE RE-APPOINTED

At a meeting of the hospital board held Tuesday afternoon officers were elected for the coming year and plans were made for the continued success of that institution. Although Mr. C. M. McLean asked the board not to re-appoint him as chairman, the board felt that the hospital could not at this time dispense with Mr. McLean's services and hence he was named again by a unanimous vote. Mr. McLean accepted the position provisionally, reserving the right to lay down the burden later in the year. The position entails a great deal of hard work especially at this time when the hospital is young and when new questions have to be handled continually.

Henry Winter was re-elected secretary and Mrs. L. M. Thurber was again named treasurer, both by a unanimous vote.

SUFFRAGE CLUB CLOSES YEAR'S WORK

The last meeting for the year of the Holland Equal Suffrage club was held at the home of Mrs. A. Leenhouts. Reports of the year's work were read and suggestions for the program for next year were made. The committee in charge of the collection of old silver and gold reported that the fund had netted \$42.16. This amount has been turned over to the Y. W. C. A. fund.

The following officers were elected for next year:

President—Mrs. W. J. Golhke.
1st Vice-Pres.—Mrs. Etta Whitman.
2nd Vice-Pres.—Mrs. M. E. Dick.
Sec'y—Miss Anna Dehn
Treas.—Miss M. Geiger.
Cor. Sec.—Mrs. W. A. VanSyckle.

Mrs. G. T. Haan was appointed to plan Red Cross or Relief work for the members to do at their meeting for the next year.

SON OF LOCAL PASTOR DIES

After an illness of about three years with diabetes, Floyd Bowerman, the oldest son of Rev. and Mrs. J. F. Bowerman, died Sunday forenoon at about ten o'clock at his home in this city. Seeing that the end was approaching Rev. Bowerman had the night before telephoned Dr. Robt. H. Brady of Grand Rapids to conduct the services for him at the M. E. church, and he was at the bedside when the boy died. Every effort had been made during the past months to help him to regain his health, but they all proved fruitless.

The boy was seventeen years old. The funeral was held Wednesday afternoon at 2 o'clock from the M. E. church. Friends were requested to omit flowers. Dr. J. C. Floyd, district superintendent, assisted by Dr. Brady officiated.

Miss Della Hoppers, daughter of Dr. Henry Hoppers of Western Theological Seminary, has accepted a position as instructor of Spanish and French in the High school at Grand Haven. Miss Hoppers will graduate from Hope College in June, after which she will take up special work in the University of Chicago.

DECORATION DAY PLANS ARE ALTERED

The war committee in Holland up to a few days ago had been making elaborate plans to celebrate Memorial Day in Holland. In fact preparations were already under way to pull off one of the greatest patriotic demonstrations ever held in this city.

These plans and preparations were suddenly halted and abandoned when President Wilson sent a message to all citizens of the United States asking them to make May 30, Decoration Day a day of prayer and fasting. An elaborate demonstration under these conditions would be very much out of place and out of harmony with the spirit that the nation's chief executive wishes to bring about.

Mr. Wilson is following the example of Abraham Lincoln during the civil war when he asked in '61, that Independence day be made not a day of pleasure and celebration, but that the people might bow down in humble supplication that the Northern cause might be successful and that these United States might be one and inseparable.

Today the South is sending its sons to France as freely, as enthusiastically and as willingly as does the North, and the stars and stripes floats over "Dixie Land" just as proudly as it does over "Yankee Land".

At a joint meeting held Tuesday evening comprising the war board and Decoration Day committee it was the unanimous opinion that the request of the president of the United States should be respected and followed and for that reason instead of an elaborate demonstration consisting of a large parade only a modest line-up is contemplated.

First there will be a program of music and speaking in Centennial Park, after which the parade consisting of the concert band, the Holland band, the G. A. R. veterans, the Spanish war veterans, W. R. C., D. A. B., the boy scouts, and the high school flower girls and the speakers will march down River avenue and Eighth street to Columbia avenue where automobiles will be in waiting to take them to the cemetery where the decorating and the usual exercises connected therewith will take place.

The churches in Holland are also taking an active part and thus conforming with the president's request. Some are planning a morning fast with a sun rise prayer meeting. Others are contemplating services in the morning. It is doubtful if there is a congregation in the city that is not forming some plan of religious worship in prayer services, in order that the nation and the needs of its soldiers and our allies may be uppermost in the minds of the people.

It was the sense of the meeting that all sports and games at least this year be discouraged as much as possible. A committee was also selected to call upon the heads of the different churches asking them to take up a silver collection on that day, the proceeds to go to the war fund. The war committee is already taking care of several local families here when husband and father is fighting for us in France. There is much money needed and no doubt the response in the different churches will be spontaneous on decoration day.

At a meeting of the local War Board the matter of proper observance of Decoration Day, May 30, in this city was taken up and after due consideration it was decided to follow along the lines of last year's celebration with this in view the following committee appointments were made:

Executive—John J. Cappon, E. P. Davis, Jacob Lokker, C. E. Drew, Carl T. Bowen.

Finance—Jacob Lokker, Ben Brower, J. Arendshorst, Henry Pelgrim, Jr., Fred Beuwkes, E. P. Stephan.

Invitation and Program, B. A. Mulder, Thos. N. Robinson, W. O. VanEyck, Flowers—John A. Koyers, Fred T. Miles, E. E. Fell, G. W. Kooyers, A. J. Westveer.

Decorating and Grounds—A. Smeenge, J. Van Tatenhove, Will Olive, Will Van Anrooy, Sears R. McLean.

Music—George Moomey, J. A. Kelley, J. Van Vyven.

Conveyance—John Boone, Roy Klompars, Austin Harrington, A. Barnum, G. Henkle.

John Homfield was appointed Chief Marshal with authority to select his assistants.

WAR BOARD REQUISITION OF AUTOS

At a meeting of the War Board of the city of Holland it was decided a necessary to requisition all passenger automobiles in the city for patriotic uses, such as military funerals, Decoration Day, and the various "drives" that come under the jurisdiction of the board.

The object is to divide and distribute automobile use, so that the burden may not fall too heavily on some few. Under this system cars will be requisitioned or "commandeered" in numerical succession.

Owners of autos are requested to report by post card to Chairman J. J. Cappon of the board, giving the name of car and the passenger capacity; also address and telephone number of the owner. It is asked by the board that responses be made to this request before May 22, after which date the names of all those offering cars will be published.

It is pointed out by one of the members of the board that this is an extremely small thing to ask but that it is rather important and that it is very necessary for the success of the public demonstrations. Nothing adds more to the effectiveness of a parade than a long line of automobiles. By this

You Do Not Have To Buy Substitutes With Rowena Rye Flour!

Many women are prejudiced against Rye Flour because they have purchased inferior qualities; Rye Flour with most of the bran and middlings left in; very dark in color and coarse.

They cannot be blamed for not wanting that kind; they do not like that sort of wheat flour.

Rowena Rye Flour

is of exceptionally fine quality; white in color and deliciously flavored.

The housewife can use it to excellent advantage for cakes and pie-crusts; in fact, for practically all ordinary pastry baking, as well as for bread making.

It does not require a substitute, and its use saves wheat flour.

Here is a splendid recipe for bread—Try it and insist on having Rowena Rye Flour.

TWO LOAVES RYE BREAD

5 cups Rowena Rye Flour
2 cups Lily White Flour
2 cups lukewarm water
¼ cup molasses
4 tablespoons fat
1 cake compressed yeast
¼ cup lukewarm water
Extra Rye or Lily White Flour for kneading.

In making rye bread the dough must be considerably thicker than for all-wheat bread. Stir with a spoon until the flour is mixed with the liquid. Do not try to knead it as you do white bread, else the dough becomes too smooth and sticky. Keep flour on the board and work your bread by folding it over rather than kneading it.

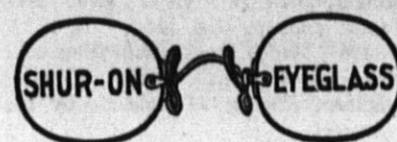

If you use dry or liquid yeast, set your sponge with white flour as you have been accustomed. The proportion of rye kneaded in will vary according to the taste, but it is not necessary to use any more white flour.

Thoroughly practical and proven recipes will be furnished upon request, the entire service being rendered without charge.

We Furnish Comfortable Glasses

GLASSES that fit perfectly, that rest easily and gently but firmly on your nose, that are adapted to your individual vision and face contour, are the kind we guarantee you'll receive if you favor us with your patronage.

No two noses are alike. The clip or frame just right for one nose might, and probably would be, just wrong for another.

It is our business to study the face and expression of each and every customer in order to provide the glasses or spectacles that will be least conspicuous—that will enhance, not mar, their personal appearance.

We Positively Guarantee Right Glasses and Frames

Individual eye defects vary and naturally necessitate individual attention. We are extremely careful in this respect. Correctly focused glasses—the kind a painstaking and scientific examination proves should be worn, are the only kind we furnish.

Come to us With Every Confidence, as we are too proud of our reputation to do other than what we claim.

method each car owner will be called upon only occasionally but the parades will not suffer from lack of autos. There is probably no one in Holland so lacking in public spirit that he would not be glad to offer his car for this service, but the danger is that many car owners will not out of registering their machines. So the wise thing to do is to write the necessary postal card immediately on reading this story.

HOLLAND RECEIVES ITS HONOR FLAG

Holland Wednesday morning received its "Honor Flag" from Washington. This banner was conferred upon this city because it more than filled its Liberty Loan quota during the third Liberty Loan campaign. It was proudly hoisted on the flag staff at Liberty Loan headquarters, East Eighth street, and unfurled to the breeze Wednesday morning.

The Honor Flag is a good sized one, measuring three feet by five feet. It is the regulation design, a field of white with three blue bars running up and down across it, the whole field surrounded by a border of red.

There is no way of showing the degree of oversubscribing a Liberty Loan quota, otherwise Holland would be still

further honored. Every city that oversubscribed gets an Honor Flag, whether the oversubscription was ten per cent or sixty per cent. Holland went so far over that the original quota was almost lost sight of, since instead of subscribing \$223,000 it reached a grand total of \$380,000.

The Honor flag received will fly over headquarters until Holland wins another Honor flag in the fourth Liberty Loan. It will proclaim to all visitors to the city that Holland is patriotic to the core and that its people are willing to back their money against Kaiser Bill's claims.

TO HOLD OPEN MEETING

Thursday evening at 6:30 the Star of Bethlehem will start an evening of enjoyment by partaking of a "pot-luck" supper, to which all members, their wives and husbands are invited. During the luncheon there will be talks given by those who will have something to say that will interest everyone present—not one dull moment is promised. After the luncheon a program consisting of musical selections and games will be indulged in. It is the intention of those having the preparations for this event to make a sort of a May party of the occasion, and desire all members especially to be present.

There will also be something unusual

occurring at this party of which we are unable to make mention at this time.

IS CHOSEN FOR TRAINING SCHOOL

John C. Post, the youngest son of Mrs. J. C. Post, was one of forty University men to be chosen for the fourth officers' training school at Camp Custer which opened Wednesday. Mr. Post has been taking military training at Ann Arbor the last year as a member of the Reserve Officers' Training Corps from which these men are selected.

GAME WARDENS FIND FISHING FOR ILLEGAL FISHERS IS FRUITFUL

Deputy Game Wardens A. J. Titus of Grand Rapids and George Wellhamer of Muskegon arrested Ed Zager and John Bresker of Sherman township and Garrit Warmelink of Zeeland for fishing in Robinson lake with a seine 80 feet long. They happened to have not bagged any game fish but had a bag full of suckers. The first named was fined \$15 and the last two \$10 each and each paid costs of \$5.35. Justice of the Peace Adelbert French ordered the seine to be sent to Lansing. The wardens also arrested Al Trochel of Chicago for fishing in Robinson lake with a non-resident license. He was fined \$5 and costs of \$4.95.

HOLLAND NOW BOASTS GREAT PUGILIST

Holland may soon boast of a champion pugilist. For many years Holland has had some very clever boxers but none as yet shows the promise of the young southern boy "Kid Burman" who is now a resident of this city. Kid Burman is without a doubt one of the cleverest feather-weights before the public today, altho only about eighteen years of age he has to date been in 22 battles with boys of national reputation and has yet to lose a match. Some of the well known boys Burman has defeated are such boys as Earl Fisher, Young Attel, Young Goldman and the wonderful little eastern fighter Johnny Creely, who recently fought Johnny Kilbane, a sensational ten round draw.

Kid Burman looks more like a young college chap than the aggressive pugilist that he is and shows not a mark of all the fights that he has been in. Burman was born and raised in Atlanta Georgia, and is known throughout the states as the "Atlanta Flash," owing to his great speed in the ring. He has been claimed by leading fight critics as the nearest duplicate of Abe Attel since that wonderful Jew boy was the featherweight champion of the world.

Burman was formerly under the management of Al Flippel and was a stable mate of the great Mexican lightweight, Joe Rivers.

Kid Burman is a son of Mr. Vernon Tucker an employe of the Superior Foundry. While in Holland Kid Burman will be under the management of Will Blom and will be handled by Tommy Dougherty. Mr. Blom has already issued a challenge to any featherweight in the world.

GRAND HAVEN CUTTING DOWN EXPENSES

Grand Haven Tribune—Two cute little sentry houses have arrived at the Grand Trunk station, one for use in Grand Haven and the other for the Milwaukee car ferry slip. The little buildings are intended to furnish shelter for guards and are also designed to give the persons wishing a good lookout of the territory under restriction.

Just where the guard house will be located has not been definitely decided on as yet, but it is possible that it may be set at the foot of Washington street, in a position which will command a view of both the Grand Trunk and Robbins property.

The sentry house at Milwaukee will be placed at the entrance of the car ferry slip zone, and may also be used as a ticket booth for passengers boarding the car ferries.

The police department for the past year has been very busy as the various duties besides the regular work consists of testing and adjusting scales, inspecting plumbing, selling coal, registering alien enemies, collecting dog licenses, and many other details which are not in line with the regular police work.

As many other cities have increased their police departments at this time it is hoped that this change will not prove a mistake on the part of the city.

The street cleaning department has been reduced two men and the streets are being cleaned three times a week instead of every day which will affect a saving in the Street cleaning department of more than \$1200.

COMMITTEE FORMED TO SAVE BABIES

"Better Babies' Day" was observed at the Woman's Literary Club Tuesday with a program by the Civic Health Committee under the chairmanship of Mrs. A. Leenhouts. The speakers of the afternoon were Mrs. Harry Rindge of Grand Rapids and Mr. Oakley, assistant secretary of the State Board of Health.

"Infant Welfare Work in Wartime" was Mrs. Rindge's subject. She told of the successful campaign being waged in Grand Rapids by the Child Welfare organization; emphasizing the registration and weighing and measuring methods, also the rapid decrease in death rate since this organization has become active.

Mr. Oakley spoke on "Conservation of Human Life", illustrating his talk with charts prepared by the State Board of Health. It is the plan of the Children's Bureau to save one hundred thousand lives this year, and each state will be asked to save its quota. Michigan's quota of lives to be saved is 2,808.

Mrs. Kollen announced that a Child Welfare Committee had been formed in this city and expects to begin the "Better Babies Campaign" in the near future. Another feature of the afternoon was a most interesting programme furnished by the children; Songs in Rhythm by the children of Froebel school Winding of the May Pole by the 1st grade Froebel school; piano duet by Leona Nystrom and John Lloyd Kollen. Mrs. Waltz accompanied by Gertrude Kramer sang two solos.

THE MYSTERY OF "MR. BOB" TO BE REVEALED

May 24, the Hope College Dramatic Club will present the fascinating play "Mr. Bob" in the Carnegie Hall. The proceeds are to be used for patriotic purposes. The play is overflowing with clever and smiling intricacies. "Mr. Bob" is a mystery. He lives in the play and yet he does not. He is everywhere and yet nowhere. Miss Becky Luke, a maiden lady, as a member of the Humane Society becomes a fanatic in her sympathy for dumb animals. She takes in every starving cat and finally goes to the extreme of planning to build a home for destitute cats in the upper part of her own house. She keeps her plan a secret because her niece and nephew Katherine and Philip, who are living with her, object strenuously to her ridiculous ideas. Miss Becky sends for her architect, Mr. Brown, to fix the rooms for the cats, and instructs Jenkins, the butler, and Patty, the maid, to keep Mr. Brown's visit a secret and to keep his name "in the dark." Philip is about to sail in a yacht race. Aunt Becky, feeling sure Philip will be drowned, pleads with him to give up the race. He agrees to give up the race if she will give up the cats. She promises to do so to save Philip's life. Here begins a "roaring" complication. In the meantime Mr. Brown, a clerk of the Benson & Benson law firm, comes to settle an old-will. Katherine expects her friend Bob at any time, and Mr. Saunders is coming for the yacht race; Katherine and her friend Marion, tells Philip to treat him royally. Philip mistakes Mr. Brown for Mr. Bob, whom he thinks is madly in love with Katherine. Mr. Brown becomes so confused he the clerk, to be the architect Mr. Brown. So the plot thickens and entangles, while Mr. Brown becomes so confused he scarcely knows who he is himself. In the climax of exciting complexities and breathless suspense, the mystery is suddenly and happily solved and "Mr. Bob" is revealed.

The Dramatic Club is working mighty hard to make the play a pleasing success. It hopes sincerely to have the co-operation of every student and Holland citizen on the night of May 24. An admission of 25c will be charged.

Letters From the Front

Dear Folks:

Just got through washing a few pair of leggings and as I've a few minutes spare time will again write to you. Sunday we went to a French church, but could not understand the language but the French people are very nice people, and as a rule very poor. About 75 per cent of them wear wooden shoes and I haven't seen a house built of wood since we came here, not even in Paris. All houses are made of rough stone with walls about a foot thick and stone floors. We are located in one of them. I am writing this in front of a large fire place. There are four boys besides myself staying in this house. We were very glad to get settled for a few days and get some real straw to sleep on and room enough to lie out straight. We traveled from one end of France to the other. We landed in Sunny France and traveled for three days in 3rd class cars. They look like old fashioned stage coaches, and just about as high with wheels the size of wagon wheels. You could get about three of these coaches in one of our Gr. Rapids cars. We arrived in a part of France where they had snow. The comparison is like the north and south in the U. S. A. The people in this country believe in doing things as their fore-fathers did. Most of the houses are centuries old. They have public hydrants and public washing houses where people gather to wash all their clothing. They have many wine shops here, and wine costs 1 franc and 9 centimes a quart. A bar of Hershey's costs here 510c. equaling about 25 cents in your money and 200c for a box of toilet talcum powder, 60c in American money and cigarettes are very poor here. We have to pay a big price for what they call Home Runs at home (no good). When we first got here we fooled ourselves by giving every French soldier and French kid an American cigaret that asked us for one. All children above five years old smoke cigarettes here. The streets in small towns are so narrow that a fellow can take a run and jump across them. They call the American soldier the rich soldier as he is only one that can buy any sweet stuff, such as gum, candy, etc. I was lucky enough this morning to buy a pk. of Spearmint gum at our Y. M. C. A. We have a building the size 10x12, but are sure glad to have that. We sure get treated fine here and good things to eat. For Easter we had 2 eggs apiece for breakfast, a chicken dinner and our regular canned Willy for supper. I went to church and heard a fine sermon on "Resurrection" by the Red Cross chaplain. He sure is wonderful man, and does much good. Yesterday a young man called the chaplain and Red Cross Nurses and thanked them all for the good they had done to him and died less than an hour afterwards. It is surely hard to see such young men die, but then we see so much of such things in the hospital that we seem to get used to it and we all have to go sooner or later. If we may not meet again on this side, dear mother, may it be on the other side. That sermon I heard was preached in a church that was built years before Columbus discovered America. I am glad this war is being fought over here instead of in the U. S. A. and that you are all there instead of here, as you cannot realize how terrible it is till you get over here. It thunders here all the time, not like at home but the kind that costs money, and aeroplanes are as common as birds in the states. It was my 22nd birthday last week. A bit different than the one of last year which you and I, Mother, spent in Grand Haven. I have the pictures with me now which we had taken but a good deal can happen in a year, and I expect a good deal more will happen this year. I hardly can realize that I am so far from home, until I think of that long trip across the ocean, but I think I would be glad to again make the trip if this terrible war was over and we had gained that victory, as I would be at the other end of my long journey. There are a lot of things I would like to tell you, but am not allowed, but will have a lot to tell in that good old bye and bye, we read American Cablegram papers that are printed in Paris, and now and then a Grand Rapids Press of one of the G. R. boys that are here, but will be so tickled that I will get a Holland C. N. or Sentinel, no matter how old they are. I stayed in for two days already and that is because I am broke. Tomorrow is Army day (or pay day) and I draw the big monthly paw of \$11.75 or in our money 79 francs and 50 centimes and that goes quick enough as everything costs double or triple here. I hope that by this time you have received my allotment and insurance policy. Now I must close and do as you promised. Don't worry, it is all

WHAT YOU SAW IN THIS PAPER

THIRTY-FIVE YEARS AGO

Daniel McDonald was drowned in the Muskegon river at Big Rapids.

A sad and serious accident happened a few miles north of Zeeland on Monday morning last. A daughter of Mr. G. T. Te Winkle, aged 13 years was playing near a burning stump when her clothes caught fire; before she could reach the house, a short distance, her garments were all consumed and the flesh was so badly burned that she died in the evening. Dr. McBest was called and did all that was possible to alleviate her sufferings.

DECLINES CHURCH CALLS TO GO TO FRANCE

John Bruggers of the Senior class of Western Theological Seminary has received an appointment from the International Y. M. C. A. as worker in France under the auspices of the association. Mr. Bruggers, whose home is in Cawker City, Kas., will be examined and ordained by the classes of Iowa of the Reformed church next week, and will leave for France soon thereafter. He graduated from Hope College as a member of the class of 1915. While at Hope he was prominent in the prohibition work and the religious activities of the institution. Mr. Bruggers recently declined calls from the Reformed churches at Platte, South Dakota, and Danforth, Ill.

TELEPHONE NO LONGER TO GIVE THE TIME

From now on, at least until the end of the war, the winding of the clock at night is going to be more important than it has been heretofore, because the Michigan State Telephone Company has found it necessary to discontinue giving the time of day.

Mr. Miller, Manager of the company in Holland said, "There are thousands of calls a day for the time and the handling of these calls requires for the entire state a large corps of operators. With the demand and need for workers increasing so rapidly, nonessential features that have heretofore been permitted over the telephone, now become waste and there can be no justification for continuing any such feature that requires a large number of people. If the calls for the time are discontinued, more operators are available to handle the bonafide connections and furthermore, the percentage of workers required by the Telephone Company will be reduced proportionately so that all other lines of endeavor requiring the same class of help are benefited to a certain extent. The individual is being called upon to carry his bundles home and do a number of little things that heretofore have been done for him. Looking at his clock is one of those little services that he can perform himself and thereby help the situation greatly."

Tuesday afternoon and evening the Senior class of Hope College held a party at the Beach cottage, Castle Park, in honor of Henry J. Ramaker, president of the class. Mr. Ramaker left today for Cedar Grove, Wisconsin, where he will spend a few days prior to taking up his work in the School of Military Aeronautics at Champaign, Ill.

SCHOOLS ADOPT MILITARY TRAINING

At an important session of the board of education it was decided by a unanimous vote to adopt military training for the boys of the high school and physical culture for the girls, beginning with the new school year next September. Also by a unanimous vote the board decided against "supervised social dancing."

These three projects were brought to the attention of the board by the Students' Council that body being represented at the meeting by a committee composed of the following: Judson Staplecamp, Franklin Cappon, Ruby Spears, Ruth Walsh and Beatrice Osborne. They presented a formal document in which reasons for the three requests were given.

For the introduction of military training they gave the following reasons: that it will give necessary training for future possible soldiers, that the drill is beneficial as physical exercise, that it teaches obedience and discipline that through it scholarship will be bettered because it will teach power of concentration, that a better spirit will be developed through the cooperation of the boys in military drill, that many high schools have adopted it with good results.

As argument for the supervised dancing the following reasons were given: that it would eliminate undesirable "rough house" parties, that many schools had adopted it with good results, that banquets were wasteful and expensive and that the substitution of dancing would be in the interest of conservation, that the supervised dance would keep boys and girls from unsupervised dance halls, that the Students' Council and students favored it by a big majority.

Their reasons for physical culture for girls were that women these days need physical training because many must take men's places in war time, that basketball does not provide enough exercise for them, that many schools have tried it with good results, that by physical training all girls will get exercise instead of only a few.

The board decided to adopt military training for the boys and physical culture for the girls but decided that it would not be wise to adopt the plan of supervised dancing.

Plans have already been made to secure a teacher for military training and steps to put the plans into operation will be made immediately.

AUDIENCE WAS THERE BUT NO SPEAKER

An audience which packed Hope church to capacity was keenly disappointed Monday evening when the Hon. G. J. Diekema, chairman of the Red Cross committee for Ottawa county, announced: "We're all here except Dr. Hardin." Mr. Diekema read a telegram and a letter from Mark T. McKee, director of the second Red Cross War Fund drive for Michigan, both of which stated that the noted Chicago preacher, for whose services every county in the state has been clamoring, would be in Holland on Monday, May 13, but for some reason unknown at this time, Dr. Hardin did not appear. An attempt will be made to secure him for an address in Holland at some later date.

In the absence of Dr. Hardin, Mr. Diekema, with his usual resourcefulness, took entire charge of the meeting and delivered an eloquent extemporaneous address on the Red Cross. He reviewed the work of the organization in San Francisco at the time of the earthquake in 1906, in Northern Michigan during the great forest fires and in Europe at the present time, and asserted that next to the Church of Christ the Red Cross organization most nearly reflects the Man of Galilee. In passing Mr. Diekema paid a well deserved tribute to Mrs. G. J. Van Duren, director of the Red Cross work in Holland.

The speaker then rapidly sketched the German system of government and showed how it was possible for the Kaiser to maintain his "one-man power" and keep up a real autocracy. He referred to Germany as "the bully of the nations" and asserted that the more we give of men, of money, of treasure, the sooner the process of "cutting off the dog's tail right behind the ears" will be over.

A quartet consisting of Miss Mabel Anthony, Miss Evelyn Keppel, Frank Kleinhessel and R. A. Page, rendered the selections, "May Gentle Sleep Come Over Thee," and Miss Evelyn Keppel sang "Ave Maria," accompanied by H. P. Pettit, together with a violin obligato by Miss Ruth Keppel. The invocation was offered by the Rev. M. E. Broekstra of the Fourth Reformed church.

WAR BOARD PASSES VOTE OF THANKS

The War Board at its meeting held Tuesday evening unanimously passed resolutions extending a vote of thanks to Mr. Diekema for signal service rendered by him at the Red Cross meeting held Monday evening in Hope church. The speaker, Dr. Hardin, of Chicago, billed for the occasion, failed for some reason to appear and Mr. Diekema was pressed into service in Dr. Hardin's place, speaking for an hour and a half to a crowded house and holding his audience's attention to such an extent that the absence of Dr. Hardin was hardly felt. Mr. Diekema's discussion of Prussianism served to enlighten the majority of the large assembly, an assembly representative of Holland and surrounding towns. The fact is that at the close of the address no one was heard to express regret at the absence of Dr. Hardin.

WILL BOOST FOOD SAVING THRU FAIRS

The message of food conservation will be carried to Michigan this fall thru the medium of the county fairs. The outstanding feature of the campaign will be use of substitutes.

Emphasis will also be laid upon the use of home supplies for no phase of the conservation campaign is of more importance than that of using home-grown products. This has the double advantage of releasing wheat and other exportable food commodities and at the same time relieving transportation.

Arrangements for the county fair campaign are being made by Geo. A. Prescott, Federal Food Administrator for Michigan, who purposes to correlate all agencies in the state to the conservation campaign. The Holland fair will be one of those using this new feature.

Exhibit booths will be maintained at all the county fairs. Actual demonstrations on the preparations of substitute products will be shown and lectures emphasizing the importance of substitutes and the many different uses to which they can be put will be given.

"These county fairs will prove an unusually effective vehicle to carry the conservation message," says Mr. Prescott. "Every section of the state will be available and we can get in communication with practically all of Michigan rural population."

"The exhibit booths, will be in charge of capable directors whose aim it will be to explain intelligently the purpose of the Food administration and to give real information, which may be used advantageously."

"We will emphasize the use of substitutes and the consumption of home-grown products. Both are of tremendous importance in the conservation campaign and are as vital as the production of food."

"Food production, and intelligent use, supplemented by economic distribution, constitute the food campaign."

CITY PASTORS WILL BE THE PALL BEARERS

The funeral of Rev. Matthew Kolyn D. D., of the Western Theological Seminary who died suddenly on the streets of Muskegon Monday morning after having filled the pulpit of one of the Reformed churches the day before, took place this afternoon at 1:30 o'clock from the home, 66 West Thirteenth street, and at 2 o'clock from Hope church.

The services were in charge of the Rev. P. P. Cheff, Rev. Ame Vennema, president of Hope College, and Rev. H. E. Dosker of Louisville, Ky., who were classmates of the deceased, will also take part in these services. The pallbearers have been selected from the clergy of the Reformed church of Holland. Interment will take place in the Zeeland cemetery.

Cards announcing the death have been sent abroad to friends but these were not sent to friends in the city of Holland. The family of the deceased wish this paper to state that all friends from Holland are welcome to attend the services, regardless of the printed announcements that have been sent. Nearly the entire city knows and holds dear Dr. Kolyn and it would be impossible to send each and every one an invitation and for that reason the general invitation is extended to the Holland friends.

Besides his widow, three children survive, Attorney A. Judson Kolyn, of Orange City, Ia.; Capt Marion D. Kolyn of the 7th U. S. Engineers in France and Miss Adriana S. Kolyn of this city.

DR. COOK NAMED BOARD PRESIDENT

Dr. M. J. Cook for a number of years a member of the Board of Police and Fire Commissioners, was Monday evening elected president of the board when that body held its meeting of organization. He took the place of B. A. Mulder who served in that capacity before this but who refused renomination and re-election. At the meeting Monday Fred Kamferbeek, the newly elected member took his seat for the first time.

Little business was done at the meeting with the exception that the board ratified the recent action of the council providing compensation for the employees of the board in case of accident while in the service of the city.

MARRIED MEN ARE ORDERED RE-CLASSIFIED

The chances are that most of the young men in the second district of Ottawa county who were married since June 5, 1917, which was national registration day, will be placed in Class 1. This information came to the local draft board Wednesday morning when they were ordered to return to the district board the questionnaires of all such newly married men for reconsideration. According to Chairman Van Ry of the Board there are some forty young men in the second Ottawa district who have assumed the responsibilities of marriage since last June.

Most of these men have been placed in Class Two and some of them have been put lower down still. But the experience so far in the reclassification of married men has been that about 95 per cent of them are put back in class one, according to Mr. Van Ry. If the same proportion is maintained in this district it will mean the addition of more than thirty men to Class One here. When the next ninety-three men are sent to camp from here, the district's Class One will be very near being exhausted, but if the newly married men are added to the class the board will again have a considerable number to draw on for any future draft.

COLLECTS NINETY DOLLARS FOR PLAYGROUNDS

The Longfellow School P-T club has collected during the year the sum of \$90 for playgrounds. The club has also decided to hold a benefit entertainment for the dental clinic. This entertainment is to take place on May 29 and a good program is promised by the club. An unusual feature of it will be a play, "The Scientific Country School," the cast of characters of which will be made up of the parents in the club. Usually the plays at these meetings are given by the children, but this time the parents will shoulder the burden of entertaining the audience.

The club has elected the following officers: President, George Schuiling; vice presidents, Dick Steketee and Dick Boter; secretary, Mrs. Van Faasen; treasurer, Mrs. Clark.

WILL RECEIVE SUGAR FOR CANNING

Housewives need not worry that they will not have sugar in canning time, local food administrator William Brusse announced today. Arrangements will be made whereby the housewives can obtain slips from Mr. Brusse that will entitle each to at least twenty-five pounds of sugar.

These slips cannot be obtained as yet, but they will be on hand in plenty of time before the canning days come along. Then time and place will be designated for securing the slips that will entitle the holder to the quantity of sugar stated.

It is likely that if 25 pounds should not be enough arrangements will be made for further allowances. Mr. Brusse made the announcement about the sugar today to set at rest the minds of people who may fear that the sugar will not be forthcoming.

COMMON COUNCIL

Holland, Mich., May 6, 1918
The Common Council met pursuant to adjournment and pursuant to the provisions of the city charter to fill the several appointive offices, and was called to order by the Mayor.

If Swift & Company Made No Profit

The cattle raiser would receive only 1/8 cent a pound more for his cattle

So small is Swift & Company's profit on any single transaction that if it were turned over to the cattle raisers of the country, they would receive only 1/8 cent a pound more for cattle than they receive now.

Swift & Company pays for live cattle about 90% of the amount received for dressed meat and by-products. The remaining 10% pays for packing-house expense, freight to market, operation of distributing houses and profit. Swift & Company's actual figures per head for 1917 on over two million cattle were as follows:

Receipts		Payments	
From By-products	\$24.09 26%	Paid for Live Cattle	\$84.45 91%
From Meat	\$68.97 74%		
Total	\$93.06	Total	\$93.06

* This net profit of \$1.29 per head averages 1/8 cent a pound live weight.

And out of this small net profit dividends must be paid to shareholders.

**AGED FARMER
ENDS HIS LIFE
BY HANGING**

Gerrit Janssens, despondent because of continued ill-health, took his own life Thursday at his home on Beech Tree road half a mile south of the corner of Beech Tree street and Pennoyer avenue at Grand Haven. His body was found hanging in the barn by his wife, and Sheriff Dornbos and Coroner Presley were notified at once of the tragedy. They went to the scene as soon as possible and upon investigation decided that an inquest was not necessary.

Mr. Janssens was 75 years of age, and had made his home on the farm just south of Grand Haven. For a number of years he conducted a dairy and had a milk route in Grand Haven. His long residence in the community had given him a very wide acquaintance, both in Grand Haven and the country immediately surrounding it.

In his earlier life, Mr. Janssens had been a salt water sailor. When a mere boy he made his first voyage, in a salt water sailing craft and before he retired from the seafaring service, he had sailed on every ocean, and visited many countries. To his friends, he sometimes related his experiences which were filled with most interesting events.

Many years ago, however he tired of life afloat, and resolved to settle down ashore. He was a hardworking man, always, and in spite of his advancing years he continued to toil early and late on his farm, almost up to the time of his death.

His health had been failing for some time, but Mr. Janssens, with his son Louis continued to work the farm near Grand Haven. Of late it is said that he has been growing despondent over the continued poor health.

Thursday morning his wife arose and looked about for him. Noticing shafts of light shining from within the barn she hurried out there and discovered Mr. Janssens' body. He was dead when discovered and local officers were notified.

It is rather an odd fact that Mr. Janssens' death is the second of the kind within a week in the country immediately surrounding Grand Haven.

**COLLEGE SOCIETY
ABANDONS BANQUET**

At its regular meeting Thursday evening the Fraternal Society of Hope College unanimously voted not to hold its annual banquet this year. In normal times this event was the most important of the society year, but the consensus of opinion in the society is that it should be abandoned this year on account of the situation in which the country finds itself.

The society also decided to contribute the sum of \$20 per year for ten years to the Hope High School Endowment Fund of \$10,000 now being raised by the Association Union of the college.

**OTTAWA CO. DOES
NOT QUARREL WITH
ROAD COMMISSION**

The Muskegon board of supervisors and the Muskegon county road commission are at swords points over recent action of the commission in which the supervisors claim to have been double crossed. The fight on the board of supervisors is led by Tom J. G. Bolt, of Moorland township, former state senator from Ottawa and Muskegon county. The Kent County commissioners are also engaged in a battle with the supervisors led by Supervisor Jake-way.

The Ottawa county commission is working harmoniously with the Board of Supervisors and the result is better and cheaper road work than in the counties where dissension exists.

**LOCAL D. A. R.
CHAPTER ELECTS
NEW OFFICERS**

The annual business meeting of the Elizabeth Schuyler Hamilton chapter, D. A. R. was held at the home of Mrs. Merrick Hanchett Thursday afternoon. Officers for the coming year were elected and interesting annual reports were read.

Mrs. J. Van Putten, jr., the regent of the past year who is now in Washington, D. C., attended the national congress held there in April, and sent an exhaustive report to the chapter which was read by Mrs. Oggle. The keynote of the congress was patriotism, shown by pledging of \$100,000 to Liberty bonds, and the Elizabeth Schuyler Hamilton chapter had a share with all loyal daughters in America in making this possible.

The local chapter elected the following officers for 1918: Regent—Mrs. W. J. Garrod; Vice Regent, Mrs. C. M. McLean; Recording Sec.—Mrs. Otto Kramer; Cor. Sec.—Mrs. Martha Robbins; Registrar—Mrs. F. J. Congleton; Historian—Miss Florence Cotten; Chanlain—Miss Yntema; Directors—Mrs. C. H. McBride, Mrs. Frank Hadden.

**HOLLAND BOY CHARGED
WITH DESERTION**

A Pere Marquette railroad detective at Grand Rapids arrested George E. Verburg, a member of the 310th engineers' corps at Camp Custer, who federal authorities allege is a deserter. Verburg admitted having been absent from the cantonment since April 27, and told officers that he had been in the guard house nine times before taking French leave. He is held in jail pending the arrival of a guard from camp.

Verburg was arrested by the Holland police a few days ago on the request of the Camp Custer authorities. The camp officials however were willing to give him a chance and he was allowed to go to camp unattended. But he did not get any further than Grand Rapids.

**LOCAL RUSK COMPAN-
IES ARE EXEMPTED**

Two Holland firms engaged the attention of United States Food Administrator Herbert Hoover this week when representatives of the firms appeared before him in regard to the use of substitutes for wheat flour. The Holland firms succeeded in showing Hoover that his flour rules should be modified so far as they were concerned. The story is told in the following item with a Washington date line:

Washington, D. C., May 11—Among the few baking firms exempted by the food administration from the rule requiring use of substitutes for wheat flour are the Holland Rusk company and the Michigan Tea Rusk company of Holland, Mich. These concerns manufacture rusk which is an article of food of Dutch origin differing from all other baked goods. J. H. Rowan and E. Heeringa, representing the firms together with Congressman Carl E. Mapes explained to Food Administrator Hoover that if an attempt were made to use one-third substitutes for wheat in rusk it would not hold together. As a result they were given a permit to continue manufacture of rusk in the usual way, while making experiments to ascertain what savings could be made. These two firms are the only ones in the United States manufacturing rusk for commercial use.

**WILL MAKE RACE
FOR THIRD TERM**

G. W. Kooyers, who has served in the Michigan legislature for two terms Saturday announced his candidacy for another term. Mr. Kooyers had planned not to make the race again but circumstances have arisen that have influenced him to offer himself once more for the position.

According to information Mr. Kooyers has received from his colleagues, about three-fourths of the former members are planning to make the race again. Many of these are close personal friends of the Holland legislator, and they have persuaded him to come back and serve with them if the people of the district will nominate and elect him.

Mr. Kooyers will be a candidate for the Republican nomination. The primaries are to be held in August, and candidates all over the state are beginning to announce themselves for the positions.

During his two terms in the House Mr. Kooyers has held some important committee appointments, among them the following: Committee on Central Michigan Normal School, Judiciary, University of Michigan, State Library, City Corporations (chairman), Industrial School for Boys, Michigan Farm Colony for Epileptics, Private Corporations. He was also a House member of the famous "slush fund" committee on railroad investigation.

So far no other candidate has announced himself for the Republican nomination in this district, and it is not known whether any one else will make the race.

**CHILD WELFARE
WAS THE THEME**

The regular meeting of the W. C. T. U. was held Friday at the home of Mrs. Carl Shaw, 245 West 15th street. Mrs. Dutton, Mrs. Weersing and Mrs. Markham gave reports of the convention in Grand Rapids. The theme of the meeting was "White Ribbon Recruits," and much attention was given to the subject of what is being done for child life at the present time. Holland's room for undeveloped children in the schools received much praise.

Four little girls, Charlotte Kooiker, Helen Shaw, Isabel Van Ark and Virginia Kooiker, gave an exercise, "The Power of Example." A song was given by a quartet composed of Mrs. Van Ark, Mrs. Shaw, Miss Jennie Steketee and Mrs. John Kooiker. Mrs. St. Clair conducted the devotions.

**DATES FOR COUNTY
FARM SERVICES GIVEN**

President George L. Lage, of the Federation of Men's Adult Bible classes has assigned the dates for devotional services at the county farm as follows: First Reformed, May 19; Third Reformed, June 2; Fourth Reformed, June 16; Hope, June 30; Trinity, July 14; 14th St., August 4; Methodist, Aug. 18; Maple Ave., Sept. 1; Ninth St. Sept. 22.

**SHOWERS GIVEN FOR
TWO BRIDES-TO-BE**

Friday evening at the home of Mrs. Ralph Van Lente at Lugers crossing, the F. G. Class of the Third Reformed church Sunday school, gave a miscellaneous shower in honor of Miss Irene Van Ark who is to be a May bride.

On Thursday evening a double kitchen shower was given in honor of Miss Henrietta Plasman and Miss Irene Van Ark by the Misses Helene and Katherine Pelgrim.

**SALE OF CARNATIONS
WAS SUCCESSFUL**

LADIES OF GRACE CHURCH CLEAR BETWEEN \$55.00 AND \$60.00 SATURDAY.

The ladies of Grace Church made good use of their opportunities on the streets of Holland Saturday when some half dozen teams of flower sellers disposed of carnations to the people in honor of Mothers' Day that was celebrated on Sunday. For some years the ladies of this church have had a kind of monopoly on this services and Saturday they again disposed of a large number of flowers.

Although the actual number of flowers disposed of has not yet been determined it is roughly estimated that the flower sellers cleared between \$55 and \$60 for the church by this means.

**NOW TWO MORE
CANDIDATES FOR
LEGISLATURE**

A few days ago Hon. G. W. Kooyers who has served as representative from this district for two terms, announced himself as a candidate for re-nomination to that office on the republican ticket.

Monday petitions were circulated thru Ottawa county endorsing the candidacy of Simon Kleyn, one of the supervisors of this city. Mr. Kleyn has been more or less connected with legislative affairs, having been in the government employ for several years.

He has been a supervisor for a number of years and has been more or less in the public eye in a political way.

A third candidate from Ottawa county is Daniel F. Pagelsen of Grand Haven. Mr. Pagelsen makes as his claim that it has been a long time since the county seat has had a candidate for the legislature and at this time the turn should come to Grand Haven. Mr. Pagelsen served one term as prosecuting attorney and is counsel for the Swedish government in America. The First Legislative District comprises Holland City and Grand Haven City and the townships of Park Holland, two Olives and Grand Haven.

**ELECTION AT
HIGH SCHOOL
THIS WEEK**

There will be plenty of excitement at the high school during the coming week because the annual political campaign of the student government will be on. The election of high school city officers will be held next Friday. A mayor, aldermen and other officials will be chosen and the rivalry is keen.

It is an even harder matter to get into office in the high school than in the city. In the city government a candidate merely needs the votes, but in the still not be elected if he didn't pass in four studies. Every student who wishes even to vote must pass in four studies. The records of the students are now being looked up and there may be some disappointed candidates next week.

The annual caucuses were held Friday afternoon, when the following nominations were made:

Mayor—Earl Knutson and Russel Rutgers; clerk—Helen Thompson, Mabel Van Dyke and Gerard Hanchett; Treasurer—Ruth Brown, Wilma Meyer and Andrew Postma; Prosecuting Attorney—George Ten Hoor and Harold White; Aldermen, first ward—John Stalekamp, Virginia Van Verst and Elmer Collins; Second Ward—Katherine Van Duren, Roscoe Davis, Theodore Dubbink and Stewart Boyd; Third Ward—Maxine McBride, Harold Hunt, Chester Sukers, Marv Donnelly and George Irving; Fourth Ward—Mary Hunt, Ernest Van Lente, Henry Oudemulen and Russel Huntley; Fifth Ward—Harold Easing, Richard DeLoof, Etta Van Dornelen and Elizabeth Read; Sixth ward—Harry Bouwerman, Bernice Mouw; Leonard Lamb, George Hoek and Beuna Spears.

**TOM THUMB WEDDING
DRAWS BIG CROWD**

The entertainment given in the M. E. church Wednesday evening was well attended and very enjoyable. The Sunday School orchestra furnished several selections. Prof. Meinicke rendered violin solos. Readings were given by Mrs. E. B. Rich, and singing by Ruby, Ruth and Russel Smith, accompanied by their brother Raymond Smith.

At the matinee Tuesday afternoon, the large audience of children sang "America" and "The Star Spangled Banner." Eula Champion and Clarence Becker gave a Dutch song in costume. Marion Ingham sang two solos, and Eva Clarg rendered piano music.

The Ascension Day services were fully carried out in every detail, the ages of the children ranging from three to twelve years. Marion Ingham played the wedding march. Following is the list of children taking part: Minister, Hilliard Cobb; Bride, Ruby Smith; Groom, Wallace Cobb; Maid of Honor, Mabel Fairbanks; Groomsman, Charles Rich; Father, Raymond Smith; Mother, Martha Rich; Bridesmaids, Gwendolin Bowerman, Mary Brown, Dorothy Rief, Ruby Vick, Dorothy Kamerling, Ushers, Frederick Miles, Harvey Pierce, Floyd Martin, Alton Cobb; Guests, Marie Kuite, Juanita Cobb, Helen Miles, Russel Smith, Marshall Walker, Sylvia Vick; Flower Girls, Mary Ruth Fairbanks, Ruth Irene Winstrom, Margaret Wierda, Ruth Smith; Pages, Donald Te Roller, Marion Te Roller.

**MORE SERVICE
STARS FOR
HOLLAND FLAG**

At 8 o'clock Monday evening the army recruiting campaign at the Holland postoffice will come to a close. Sergeant Kent who has been here for nearly a week will return to Grand Rapids Tuesday forenoon. He hopes to be able to come back here later for another campaign.

A total of eight recruits were secured in Holland the past week by Sergeant Kent, six of whom have been examined and passed. The first one to enlist was Henry J. Poppen. He together with three others, George Reimshaer, Cornelius Klommoers and Orlo Shafer, will leave Tuesday morning on company by Sergeant Kent.

Two others, Chas. Zalsman and Edward Nederveld will leave on May 29. With them two others will go if they pass the necessary examinations. All these volunteers will go to Columbus.

Sergeant Kent gave a short talk at the Apollo Monday evening.

**DOMINIE GETS A
PIANO LAMP FROM
YOUNG FOLKS**

The young folks of the Ninth Street Christian Reformed church of which Rev. E. J. Tuuk is pastor, surprised the dominie Friday evening. They invited the pastor to the consistory rooms in some pretext and then shed the light upon the object of their hurried call by presenting him with a beautiful piano lamp.

There were at least 100 young people present with A. Timmer as the spokesman.

Mr. Tuuk responded in his usual witty way, stating that now he could start his courtship all over again but as his better half and he were more advanced they could now stand a light on the subject. After the presentation had been made an elaborate lunch was served, games were indulged in, and a musical program rendered.

**BANQUET IN HONOR OF
RETIRING PRESIDENT**

The annual alumni association banquet of the Alumni association of Hope College will this year be in honor of President Vennema in view of the fact that President Vennema has announced his decision to sever his connections with the college as president at the close of the present school year. The banquet will be held on Tuesday evening, June 4, at 7 o'clock in Voorhes hall. It is expected that there will be an unusually large number of members of the association present to do honor to the retiring president. A program is being prepared and it is promised that some very good speakers will be represented.

**SAYS HOPE WILL
HELP LICK KAISER**

Monday morning Second Seaman Lawrence H. J. Dornbos of Grand Haven addressed the students and faculty members of Hope College in Wiants Chapel. Dornbos was formerly a student of the class of 1919. He is at present stationed at Annapolis, Md., where he is a member of the U. S. N. Rifle Range.

Seaman Dornbos is now on furlough awaiting his appointment as Gunner's Mate, after which he expects to get into action overseas. He says that "when the Kaiser is licked Hope surely will have had a hand in it."

**YOUNG MINISTERS
RECEIVE CERTIFICATES**

A special meeting of the classis of Holland convened Tuesday morning at 9:30 o'clock for the purpose of examining H. D. Terkeurst and M. Stegenga for licensure. The classis met at the Fourth Reformed church and Rev. B. Hoffman of Zeeland presided as the president of the classis. The candidates were awarded their certificates that will entitle them to ordination. Mr. Stegenga will go to Palmyra, N. Y. to succeed Rev. G. Flikkema and Mr. Terkeurst to Milwaukee, Wis., to assume the pastorate left vacant by the Rev. H. M. Bruins who now serves the Second Reformed church of Pella. The new licentiates will begin their work in their respective fields by the first of July.

DEAFNESS IS BAD BUSINESS

(Dr. J. W. Shanks, nose and throat specialist, New Peck Bldg., 85 Monroe Avenue, Grand Rapids, Michigan, has prepared a series of education articles on adenoids, tonsils, catarrh, and deafness, extracts of which will appear in this column from time to time. Dr. Shanks is nose and throat surgeon at St. Mary's Hospital, St. John's Orphan Asylum, chief of the nose and throat clinic of the Grand Rapids Anti-Tuberculosis Dispensary, and chief surgeon of and deaths than do many other diseases.

One of the most annoying afflictions in life is deafness. One loses most of the joys of social life because of his inability to hear what is being said and to enter into the discussions going on around him. In business, many an important deal has gone wrong because one of the principals did not catch the full import of the transaction; and in other cases many deals have been abandoned because the man not afflicted would not do business with one at whom he had to shout.

Nearly all deafness is caused by the catarrhal condition of the middle ear, this condition being an extension of the catarrhal condition of the nose and throat, which disease the membrane of the eustachian tube. This process, extending into the ear, causes new tissues to form and deafness is the direct result.

To correct this condition and bring relief to the sufferer it is necessary to first cure the catarrhal condition of the nose and throat. None but a specialist can treat such condition. If there be no specialist in your city, write me for information. If you prefer a personal visit, call at my office and I will make an examination free of charge.—Educational Publicity.

Chick may be sent by parcel post according to a new postal ruling and many in Holland are availing themselves of the privilege. The time limit for any trip for chicks is 72 hours. Boxes of young ducks are also quacking their way thru the local mails.

One of those freak accidents, which embodies all the elements of serious danger, with no one injured, occurred at the Bloomingdale creek in Allegan county, when an automobile driven by Mrs. John M. McDowell plunged down a 30-foot embankment into the water. She was not injured. The car was not damaged.

The purple Martins have appeared and are the surest signs that summer is here to stay and frosts, this year, at least are a thing of the past. Martins have occupied a place in the incompleteness of the Post block, over B. Steketee's store, at the entrance to the Interurban waiting station, for 30 years. Each year they return and no doubt several generations of Martins have occupied and raised families in this unique home of theirs. The noisy chatter of these birds contrasts strangely with the bustle in the street below.

C. Bush of Laketown was taken before Justice Brady, Allegan, on a charge of stealing forty feet of garden hose of Henry Baker of the same township. On his plea of guilty he was sentenced to 30 days in the county jail, but still subject to draft and to pay a fine of \$10 and costs of \$11.15 and to serve 30 more days in case payment is not made.

The common council last night received the oaths of office of the following: Dr. W. C. Kools, city physician; Dr. B. B. Godfrey, city health officer; Atty C. H. McBride, city attorney.

A large and valuable barn on the Wm. Germaine farm south of Allegan was blown down by the wind Thursday night. The silos belonging to Herbert Moore and William Rumery north of Allegan were destroyed and Rumery lost a cow. Lester Narnden of Millgrove lost a silo, or rather, it was blown over.—Allegan Gazette.

Louis Watermuller, an inhabitant of Dykstra's hotel, was in a hurry to go to a reception a few days ago. In his hurry he seized a bottle of embalming fluid instead of the toilet water which he meant to take and applied it to his face. In a few seconds he was running up the halls like a mad man, and thus lost the precious moments which he had hoped to gain. But you should see his face.

TWO STANDING COMMITTEES ARE ADDED

MAYOR BOSCH IN MESSAGE GIVES REASONS FOR THE INNOVATION

Aldermen Approve His Recommendation An Carry Out the Plan

Two standing committees, a hospital committee and an industrial committee, were added to the list in the common council last evening by a unanimous vote of the aldermen. The matter was brought to the attention of the council by Mayor Bosch in the following message, which document was accepted and carried out:

(Official)

Gentlemen:—

At a former meeting of the Council I brought informally, for your consideration and suggestion the advisability of appointing, in addition to the regular committees, two standing committees, to be composed of one or more members of the Council and one or more citizens of the city, outside of the Council.

Mature deliberation since then satisfies me that these committees, one to be known as the Hospital Committee and one as the Industrial Committee, and each to be composed of one alderman and two citizens outside of the council, should be established.

Due to the generosity and public-spiritedness of many of our citizens, a hospital has been established in our city, of which there was great and ever-increasing need. This institution has now been in operation for nearly a year and has justified the fondest hopes of the community, but questions are constantly coming up with regard to the operation and management of the hospital, questions of finance, questions of policy, in which the city is more or less interested, as for example, the question of caring for indigent persons and what the city should do with regard thereto, and what should be expected of the Hospital; questions of heating, the purchasing of coal, etc., the city having agreed to furnish the fuel for the operation of the hospital; methods of properly caring for contagious diseases, etc., in all of which matters the city and Board of Control of the Hospital are intimately involved, and it seems to me as it does to many citizens with whom I have conferred, that a Committee, such as I have already outlined, would be very efficient and helpful in connection with the harmonious management and operation of the hospital, and its development and future success.

So, also, with regard to the matter of securing additional industries in the city, or of giving aid and encouragement along proper and legal lines to those already here.

We have sufficient bonus fund trustees for the administering of Bonus Funds with no funds to administer, but in many ways a committee composed of citizens and aldermen can be of help and usefulness in regard to questions of policy and concessions to labor employing institutions already here located and to encourage and help bring other institutions to our Fair City.

It is not the intention or the purpose in recommending the establishment of these two committees to have said committees take the place in any way of the Board of Managers of the hospital or of the Bonus Fund Trustees, this is the farthest from my thoughts, but to act in conjunction and in harmony with said bodies and the Council, being a connecting link between the Council of the City and these governing bodies composed of citizens only.

I would, therefore, recommend that these two committees be added to the standing committees already existing in this city.

Nicodemus Bosch, Mayor.

WHO IS TO COLLECT CITY GARBAGE?

DIRK RAS APPOINTMENT HELD UP TO RECONSIDER THE MATTER

Discussion on the garbage and scavenger question rose to such a pitch of heat last night in the council that it almost smelted. But no solution was brewed out of the effervescence and the matter of who is to be garbage collector and scavenger is still unsettled. Dick Oosting and Dirk Raas are the two candidates for the position. Two weeks ago Ras was appointed by the council, but last night when Ras presented his bonds the aldermen voted to table the bonds for two weeks and decided to reconsider the appointment at the next meeting. In the meantime the aldermen will take the matter up with the health board again.

The two men had presented bids. On the collection of garbage they were the same, both five cents a can. On scavenger work Ras' bid was \$1 per barrel for single barrel lots and 75 cents per barrel when there are two or more barrels. Oosting's bid was 70c per barrel straight. In view of the fact that his bid was lower than Ras', Mr. Oosting asked the council to reconsider their action.

The council appointment, according to the aldermen, was made at the recommendation of the board of health and they declared that the advice of the board should govern the matter. However they were willing to go into the matter again so that both applicants for the position might have an even chance.

Mr. Oosting in an address to the council declared that he had made arrangements with a poultry dealer for the disposal of the garbage and that for that reason he was able to make the bid as low as he did. The question will be ironed out during the week and the appointment made at the next meeting.

CITY WANTS PHONES CONNECTED

HOLLAND ASKS STATE RAILROAD COMMISSION TO SO ORDER

The city of Holland has started formal action to secure physical connections of the two telephone systems in Holland. This announcement was made to the council by City Attorney McBride last evening. Some time ago the council asked Mr. McBride to begin proceedings to bring this about. Citizens who have Citizens' phones want to be able to reach on long distance calls, subscribers who have only Bell phones and vice versa.

So Mr. McBride has taken the necessary steps to bring this about in Holland. To bring the matter up formally it was necessary to have two citizens sign the necessary papers, one of whom had a Bell phone and one only a Citizens'. So Mr. McBride signed it himself as a citizen and also had Isaac Kourw sign it. The petition was sent to the State R'y Commission, at Lansing. That body will go into the matter and may order the physical connection if they see fit.

HOLLAND FIRM IS GIVEN ALPINE ROAD CONTRACT

To TerBeek & Bronkhorst of Holland has been awarded the contract for the construction of the road, district No. 11, by the Kent county road commissioners. The road begins near the Alpine station and runs west three miles. It is to be of gravel, 10 feet wide, and the road is built under the Covert law. The contractor's bid is \$15,980 and \$550 a mile will be paid by the state in reward. The improvement is to be completed by Jan. 1.

GRAND TRUNK HITS TRUCK; THROWS DRIVER 40 FEET

Muskegon, Mich., May 16—Edward Mulder, a commission house employee, narrowly escaped death Wednesday when the truck he was driving was struck by a Grand Trunk train. The machine was badly demolished and Mulder hurled some 40 feet. He is expected to recover, although serious internal injuries are feared.

AT THE KNICKERBOCKER

THE BATTLEFRONTS OF FRANCE

French Official War Pictures taken for the National Archives by the Army Staff will be shown as a Patriotic Feature at the Knickerbocker Theater on Monday and Tuesday.

This is what the Chicago Herald had to say about this picture. "If you have not seen The Battlefronts of France you do not know anything about the Germans even if you are one yourself. If you have seen this picture you know far too much about them for your own peace of mind and you will open your heart and pocketbook and get behind the man behind the gun for all you are worth. With all due respect to all the eloquence of the 'four-minute' men these war pictures will sell more Liberty Bonds than 400 four minute men talking for four hours at a stretch from now until the end of the world."—Chicago Herald.

"The Battlefronts of France" shows you in a quiet, impressive manner just what the German and Allied Armies are doing in France and Belgium and see the actual invasion of these French and Belgian cities with the arrogant Huns goosestepping down the street. Of course you will not see a

blood and atrocity spectacle but after seeing these scenes you will surely believe a whole lot that you did not believe before and what loyal patriot can fail to witness this most wonderful war feature in motion pictures and thus do honor and show appreciation to our heroic allies in their struggle for our common cause and to make the future for our children one of peace and happiness. We can never forget when Washington and Franklin appealed to France for assistance how willingly and joyfully she sent us money and men under the leadership of the great Lafayette and now France is appealing to you through the medium of these pictures to in a measure repay this debt of such long standing.

Soldiers are doing with the difference however that they know you are safe at home in this glorious country but unless the Hun is crushed this safety may not last.

These pictures are shown mainly to awaken "our conscience, arouse your patriotism and sympathy for our Allies, their sad and sorrowful women and children; so do not under any circumstances miss seeing them as they are taken at great risk of life and liberty as a message from those who are one with us in "our cause to insure freedom for the entire world.

GENERAL PERSHING and OUR BOYS IN FRANCE

FRENCH OFFICIAL PICTURES

The Battlefronts of France

YOU SEE—YOU SEE THE BATTLE OF VERDUN

Bombardment of Alost

Battle of the Yser and Marne

YOU SEE—Where your boys are going—what they will do—how they will live and die to save for us our freedom and Liberty.

YOU SEE—YOU SEE

The destruction of towns, of villages, and cities. The havoc wrought by the action of the big guns. Entire forests were mown down. Forts that were built of steel and concrete blown to pieces in a few minutes.

This remarkable picture consisting of scenes taken at the immediate front on the battle lines of France and Belgium will be a wonderful revelation to the American people, for whose benefit these motion pictures have been sent over here by the allied governments to present the true situation at the front today and during the past months.

Every phase of the great war is depicted in this absolutely authentic pictorial war

story of the western front from the Vosges Mountains to the sand dunes of Little Belgium, whose heroic army is still making a brave stand against a powerful enemy and just captured 30,000 German prisoners.

These pictures were sent to America to show the people just what France has got and how she is using it. They show actual conditions as they really exist on the battlefronts of France.

The heroic work of every department of the allied armies is clearly represented in scenes of action by their artillery, cavalry, aviation and engineering corps and the noble Red Cross workers. And then—the authentic scenes of the cruel German invasion taken at the time of their entry into Ghent, Louvain and Brussels, where the Huns came in vast hordes, devastating the country and devouring the food supplies and leaving the Belgian women and children to starve.

These scenes demonstrate the difference between this picture and all other so-called war pictures previously exhibited, as this is the only picture showing both the German and allied troops in action. It is an absolute fact that the scenes were taken at great risk of life and liberty by French and Belgian army cameramen some-

times stationed between two firing lines, many of them being injured and their cameras damaged by shell splinters.

During the German invasion of the cities and villages of France and Belgium the cameramen were frequently concealed in buildings which made it possible to get those scenes showing the Huns patrolling the streets and watching the every movement of unfortunate inhabitants left at their mercy by rie necessity.

What loyal heart will not revolt at the sight of these hordes invading a peaceful country and the scenes of horrible, wanton destruction in their wake that are shown in this remarkable picture. By watching every scene you will fully understand the true situation "over there," where our boys are so desperately fighting and bleeding and doing their very best to make the world safe and a place where liberty and happiness may reign in peace.

YOU SEE—YOU SEE Artillery, Cavalry, Infantry, Aeroplanes, Zeppelins in action

These pictures taken on the very ground where our boys

are now in action will give you a clear understanding of the conditions they are meeting every day.

This message from our Allies should be of supreme interest to all patriotic men, women and children, wives, fathers, mothers, brothers, sisters and sweethearts of our soldier boys so nobly fighting for our liberty and safety; surely nothing can surpass this interest. At this critical time none should turn a cold shoulder this appeal of our Allies in their supreme struggle for Liberty and Freedom of the World. You should do homage to these heroes by attending these performances.

This picture shows in person Field Marshal Joffre, King Albert of Belgium, the heroic King without a country; President Poincare, of France, who though a civilian, almost daily visits his troops at the front; Generals Foch and Haig and King George of England, with his son, the Prince of Wales, and last, but far from least, our own General Pershing, and who would not rather see these great men who are a part of a real history in the making, than to see some motion picture actors depicting the insipid heart interests of a few individuals when the fate of millions is at stake—and all other interests matter little at this time.
