Hope College Would Like City Park West of Gas Company

HOLLAND WILL TAKE STEEPLE FROM ENGINE HOUSE

City Appropriates \$2,000 for
Summer Concert
Music

Wednesday night the city fathers appropriated \$2,000 to the American Legion Band for ten concerts in Centennial Park. These concerts have become very popular and are listened to by thousands of citizens and resorters as well. The appropriation was voted for some three years ago under the mill tax allowed by the state. This will give the band \$200 a concert. Engine house No. 2 will soon have a bobbed tail appearance. The high steeple and weather vane are to be torn down since the spire is very much in need of repair and the cost will be too high. The building was erected in 1883 and people are still wondering why a church spire was put on an engine house. Possibly because there were so many other spires in Holland to pattern after. Anyway the building was not always an engine house, but in reality was Holland's first city hall and library and contained the man drawn hose cart on the ground floor.

The Associated Truck Line wants to pay the City of Holland \$500 for a strip of land on Pine avenue east of their warehouse at West 8th and Pine avenue. The city owns this strip twenty feet wide along that street and the matter was referred to the Ways and Means Committee. Some time ago there was a talk to use this in building a loop from 8th street over Pine avenue out 7th street to River avenue to alleviate traffic conditions. No doubt the freight company may be given relief.

Hope college is anxious to acquire what was formerly known as Fish Market Park on Columbia avenue directly west of Holland Gas Co. plant. The park is diagonally across from Hope College Campus at 12th street and Columbia avenue and the local institution is planning for the future since the present campus is becoming rather crowded with new buildings. Doctor A. C. Van Raalte, who donated Centennial Park to the city, who gave the college campus to the college also donated this park to the city. It would be fitting and proper for the mayor and common council to do this to Hope College, an institution that has meant so much to this city. Holland has enough parks and to spare and Hope College authorities would simply beautify the park, making it even better than a park. Hope College officials have never been stingy in allowing citizens to roam through the college campus, which after all is a veritable park, as this park would be if it became the property of Hope College, a Holland institution. Alderman Van den Berg did well in bringing this matter up.

COUNCIL NOTES

Rev. Ed. H. Tainis of Van Raalte avenue church opened the council meeting with prayer.

Property owners along 23rd street asked that the city take care of the boulevard in that block and it was decided that the park board take care of the lawn and also requested them to take care of the lawn around the old hospital site.

Property owners on 26th street, between Columbia and State, made a request to have that street paved. Many beautiful new residences are being erected by prominent citizens there and it is stated that every property owner signed the petition.

Garrett Kragt was again named city scavenger at the same old price. There were no other bidders. The city will ask for bids for the winter supply of coal for the city hall, greenhouses and fire department.

Geo. Francis Pardee was denied his petition for a gas pump in front of his garage on Central avenue. The committee in charge first granted his request but it was found later that no pump could be installed within 300 feet of a public building under the new ordinance and the petition was unanimously rescinded.

Abe Baldwin was denied a license to build cement sidewalks in Holland.

The request of Wm. Van Appleton to build a culvert on 22nd and Cherry streets was denied. City officials stated that they will not build culverts on private property. However, Mr. Van Appleton may build it at his own expense.

"Tulip Time in Holland" received the encouragement of the common council and Mayor Brooks was delegated to act for the council with other committees on arrangement and the city will work with the civic clubs to put it over big.

The hospital board asks that the hospital grounds which are not yet in shape, be put in shape and automatic sprinklers added.

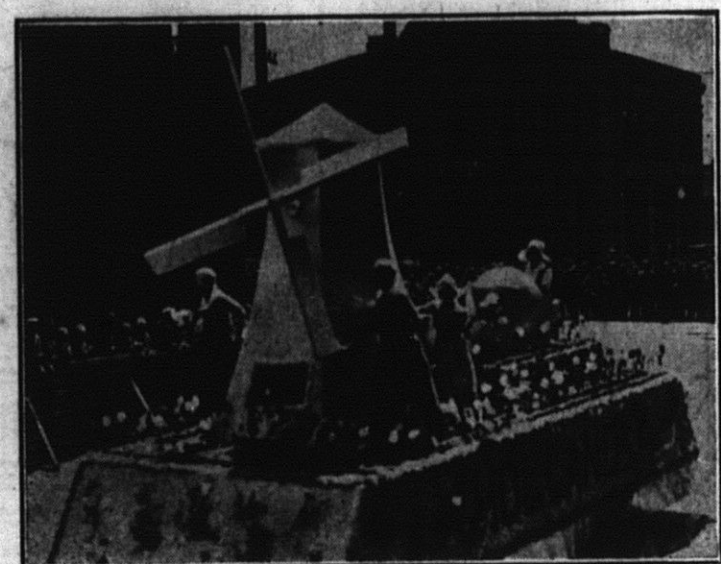

Alderman Brieve, is again smelling the sewage disposal plant in his neighborhood and is kicking about it. He doesn't want it to drown out the aroma of his wonderful cookies.

The Ottawa Furniture Co. sign to which complaint was made, is not in violation with the ordinance. The committee, however, will see the company and no doubt a compromise will be made to set it back a few feet further.

Not hearing from the police board relative to three traffic lights requested in the "hill district" in the south part of the city, the council asked that the police board report as to how they are proceeding with this communication.

HOLLAND'S WINDMILL FLOAT A WINNER AT BENTON HARBOR

Above is the picture of Holland's windmill float that appeared in the Blossom Parade at Benton Harbor last Saturday, and was winner in the civic division, comprising eighty other floats. Holland's float cost \$250.00 and surpassed in beauty several that cost twice that much. Holland's windmill, tulip beds and Dutch lads and lassies meant something. They gave a historic background that immediately appeals to Americans even more so than to Hollanders. Anyway, the Holland float was hailed with delight by 200,000 visitors who attended the great festivities at Benton Harbor and St. Joseph. The Holland high school band, picture of which is found below, also did themselves proud. They were not stingy in their music, but really gave a continual performance, with Francis Van Hartesveld putting on the finishing touches as a drum major. Francis was surely there with the goods with all the stunts that experienced band leaders know so well how to perform.

On the Holland Float are Miss "Kay" Vos, Miss Aneta and Selma Cherwin, Roy Klomprens, and Johnny Van Tatenhove. One of them is behind the mill. Who is it?

The group of Exchange Club members, a score or more of them, in their wooden shoes and blouses and pantaloons with their large buttons made a hit with the crowd on the side lines and it was immediately evident that Holland would be somewhere in the prize winning. There were also plenty of Holland people present to cheer on the Holland spectacle as this division passed.

BORCULO ROAD PLANS AIRED ONCE AGAIN

HOFFMAN OF HOLLAND IS OPPOSED TO PROJECT

Sentiment at Zeeland Favorable
to Borculo Project
is Finding

Grand Haven Tribune:
A meeting was held at Zeeland Tuesday in the City Hall at 12:30 p. m. by the Ottawa County Road Commission to get an expression from the business men there as to their opinion of the proposed Borculo road from Zeeland north four and one-half miles.

The sentiment there, said William M. Connelly today, is strongly in favor of the project and the percentage of aid given by the county is considered a fair one indeed.

It was shown that Holland will profit to the extent of a \$37,000 project for which they will pay \$13,500 but the old fight over payment of improvement on an old time tollroad is evident from the number of signers of the petition asking the project be abandoned, it was said.

The opposition is being led by Nich Hoffman of Holland, who has been active securing signers. It is a case, said Mr. Connelly, of none wanting to pay for an improvement. These expenditures must always entail some sacrifice, he continued, but the commission is trying in every way to get the opinion of residents in that section.

The final hearing on apportionments will be tomorrow at Borculo at 1:30 p. m. Developments at that meeting largely will influence the commission as to their future action, he said.

The road project is stirring up a lot of animosity and petty politics. The commissioners, acting in good faith, are determined to arrive at the real opinion of taxpayers, there, they say.

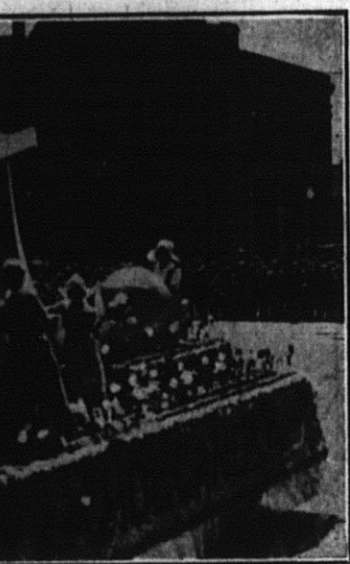

The French Cloak Co. of Holland, owned by John Van Tatenhove, will open a branch store in the VanBree building, Zeeland, Saturday. Building alterations have been completed.

HOLLAND WINDMILL PARTLY WRECKED IN PARADE

Rather an unfortunate accident happened to Holland's windmill float at Benton Harbor during the Blossom parade when one of the whirling fans struck an obstacle and broke off. As luck would have it, the float had already passed the judge's stand and the mishap occurred nearly toward the close of the parade. The committee in charge states that on going to Benton Harbor and returning, Holland's windmill attracted no end of attention and the driver was compelled to stop often so citizens in different towns might give it the once over. The Chamber of Commerce surely spent money wisely from the viewpoint of advertising when they entered this float at the festivities put on by our neighboring cities. It pictures Holland as a wide awake town and cannot help but stimulate a lasting friendship between the twin cities and Holland.

On the Holland Float are Miss "Kay" Vos, Miss Aneta and Selma Cherwin, Roy Klomprens, and Johnny Van Tatenhove. One of them is behind the mill. Who is it?

The group of Exchange Club members, a score or more of them, in their wooden shoes and blouses and pantaloons with their large buttons made a hit with the crowd on the side lines and it was immediately evident that Holland would be somewhere in the prize winning. There were also plenty of Holland people present to cheer on the Holland spectacle as this division passed.

TO CELEBRATE SATURDAY

Mr. and Mrs. H. Niewisma of 47 E. 14th street, expect to celebrate their sixtieth wedding anniversary on Saturday, May 26, at their home. The home will be open to neighbors and friends from 2 to 4 in the afternoon.

Max E. Bruhn was arrested by Grand Haven police for driving while intoxicated. He crashed into a car parked in the 1200 block on Penney avenue owned by Henry Huttenga, and nicked another belonging to Peter Van Zyl. This is his second offense. When arraigned he demanded an examination which was set by D. F. Pagelson for Thursday. Walker Bruhn, who accompanied his brother, was fined \$10 and costs before Justice C. E. Burr of Grand Haven.

William Lyndon of Grand Haven was arrested by county seat police for taking a car belonging to Edward Van Hall without intent to steal and was found in the car on the Oval sound asleep. He was arraigned before D. F. Pagelson and examination was set for Thursday. He is in the county jail awaiting funds for bonds.

Deputy Edward Bussies brought in Henry Polhamus from Coopersville when he found his car in the ditch with a bottle of wet goods aboard. He was charged with possession of liquor before the circuit court commissioner, D. F. Pagelson. He waived examination and was placed on a bond of \$300. He will be arraigned before Judge O. S. Cross.

State workmen Monday began repairing the little iron bridge over an arm of the Kalamazoo river on the north side at Allegan. New plankings is being done first and new steel work will follow. A fire truck was moved to the north side to be used in case of need while the bridge is closed.

Home visitation campaigns launched in approximately 50 churches have resulted in material gains in memberships in the Reformed church in America the past year. Figures based upon statistics already at hand show net gains approximating 5,000 members will be added to last year's enrollment of 151,281 communicants.

FIFTY YEARS AGO TODAY

Among the dispatches from Kalamazoo we notice the marriage of Lieut. C. Gardiner, U. S. A. to Mrs. Lillie Burleigh. We are wondering where the gallant Holland Lieut. got ambushed since we noticed his leave of absence but this dispatch explains it satisfactorily. Note—Mr. Gardner was a graduate of Hope College and also from West Point. He did considerable indian fighting in the earlier days, and was a guest of honor here when Holland celebrated its semi-centennial.

Holland was quite a lake-port fifty years ago. Within one week Seventeen schooners arrived and cleared this port. Among them were the "Spray" from Racine; "Mary Groh," Chicago; "Hope" Pentwater; "Tri Color," Holland; "Wollin," Holland; "Fortune's Trial," Pentwater; "Reindeer," Chicago.

Albert Rozenboom age 14 was killed in the Planstreh-Griswold Shingle mill. The lad stood near a shaft when a belt caught him and whirled him to the ceiling. Death was almost instantaneous. He was the son of Mr. and Mrs. Wm. Rozenboom. An inquest was held before Justice H. W. Post.

P. Planstreh purchased the timber on the land of H. W. Post on the north shore of Black Lake east of Pine Creek. Logging will begin soon. The track contains some fine timber in many cases five feet thru.

It is settled that Holland is to have a boat line to Chicago. Capt. Snyder will put on his propeller Mary Groh. Round trip to Chicago and return will be \$3.00. We hail him with joy and wish him abundant success. Note—The joy was short lived for the boat was pulled off after a two months run and Holland's first boat line was a thing of the past.

OIL FIELD NOTES

The second oil well to be drilled in Ottawa County will be started near Waverly one mile from the Pere Marquette station in Holland in a short time by the Ottawa Development Co. with the Daley Oil Co. the contractors, in the face of the discouragements met at the Ottawa Center drilling.

Mr. Connelly and H. A. Brink visited the operations Tuesday. Foundation timbers and machinery are being moved there, the first drilling having been entirely abandoned. The pioneering in this country is an expensive one. The last well cost \$8,000 but the promoters are determined to go on as the first promoters of the Muskegon fields did.

Says the Grand Haven Tribune of 15 years ago—Prof. J. E. Kurzenza of Hope College has been elected a member of the Holland police board. He is an ordained minister of the Reformed Church and is one of the few gentlemen of the clergy to occupy a place on a police board in any city of the nation.

The police Board is investigating "Madame X" and "Three Weeks" now playing at the Knickerbocker. The board said that if anything lewd or immoral is shown the curtain will be run down. Manager Simons said the show was clean and nothing materialized when the plays were presented. So they must have been O. K.

Joseph Boske and George Meeng, the lighthouse keeper and the assistant lighthouse keeper at Macatawa Park, had an experience Saturday afternoon that they will not very soon forget. Boske and Meeng started out from Macatawa in a launch to look after the light on the buoy opposite Virginia Park. The men tied up their boat to the buoy as usual and climbed out to do their work. The thing to which the boat was tied was rather wet and when the wind storm came up it broke loose.

The boat went on a beach before the men Grand Haven was wrong (adv.) were stranded on the beach with no one in sight and no way to do but wait. They cut out their lung capacity in shouting but for an hour or more they shouted to no avail. Meanwhile a stiff breeze began to blow and the men feared that the storm might increase and make their perch on the buoy decidedly uncomfortable and finally succeeded in attracting the attention of two women at Virginia Park. Mrs. D. Burdland and Mrs. Maude Howard immediately upon discovering the plight of the men got a row boat and went to the rescue. The men were brought safely to shore, grateful that their adventure did not turn out any worse. They have since recovered their boat.

The Hope-Alma doubleheader, scheduled for Wednesday at Riverview Athletic park, Holland, was called off on account of rain. The teams were tied at 500 in the M. I. Spouke De Zee, noted Friesian author and journalist, and a representative in America for nine leading newspapers of the Netherlands, was a guest of the local Friesian Society Wednesday evening.

A number of local men, acquainted with the history of Holland, have been interviewed.

He states that this is the beginning of more of such shipments from the Atlantic via the Welland Canal through the Great Lakes to this port.

HOLLAND HOSPITAL IS NOT A BURDEN

It is rather gratifying to look over the Holland hospital report for the past year, submitted to the common council. It was shown that the total disbursements were \$28,834.47 and total amount collected was \$27,895.09, leaving a deficit of only \$939.38 a year, where the city must foot the bill. Surely insignificant compared to the great good that is being done and the boon it proves to be to those who can ill afford to send their loved ones out of the city for necessary treatment and operations.

The report also shows that 750 patients were taken care of during the year, approximately twenty a day.

Nothing to Riemersma Complaint

OFFICIALS DID NOT NEGLECT WOMAN WHO DIED

The investigating committee who were appointed to look into the complaint of neighbors, who stated that Mrs. Riemersma had been neglected before her death which was a reflection upon certain officials, presented the following report to the common council, which is self-explanatory:

Official
To the Honorable Mayor, and Common Council,
Holland, Michigan.

Your committee who were appointed to look into the living conditions of one Mrs. Riemersma, lately deceased, of this City, held a meeting to which all of those who had requested the Council by petition to do this, were invited to be present, as well as a number of others who either in their official or private capacity were acquainted with the facts. At this meeting no information was offered or brought out which tends to make us believe that any City official was in anywise negligent in his duty in that he failed to recognize the necessity of making a City case out of one which was strictly private.

Further, that the entire facts surrounding this sad case were well known to the sisters of the deceased, representative members of her church, and to a number of the neighbors, none of whom saw fit or considered it necessary to ask for help from the City or City officials to handle it.

And we especially recommend to all of our citizens that should similar cases arise in their neighborhood that they immediately bring them to the attention of the Welfare Committee of the Common Council or any City official.

Respectfully submitted,
Gilbert Van De Water

"Tulip Time In Holland" Is Making a Hit

WILL BE MOST UNIQUE FEA- TURE FOR AN ANNUAL EVENT

Some localities have Blossom Days, others an annual homecoming, but Holland is to go all of them one better and will inaugurate a period when tulips can be seen to bloom in profusion everywhere in this city. If Holland and its citizens have success with bulbs that are to come from Netherlands, then "Tulip Time in Holland" will be a great success.

At a luncheon called at Warm Friend Tavern by Mayor Brooks Tuesday the project was launched. The common council of Holland will also take action and the public parks will be bursting with tulips during the tulip season. Private gardens, lawns and curb lawns will be dotted with tulips. If everything is carried out the way the committees hope, that being the case the campaign of advertising inviting the whole state, in fact even beyond the state, to Holland will be a matter to go into.

There is a tulip time in the Netherlands and it surely is very appropriate in Holland and cannot help but appeal to Americans everywhere. Tuesday's meeting was enthusiastic, and while the objections of the vast amount of work and the expense connected with it were considered it was decided to be a good move to advertise the city.

Earnest Brooks represented the Exchange club of which he is president. Others present were G. J. Diekema, president of the Rotary club, Dr. Otto Vande Velde of the Lions club, Wynand Wiebers of the chamber of commerce, John Van Braught of the park board, F. J. Geiger of the Boy Scouts, Al Joldersma of the American Legion and Ray Visscher, Charles H. McBride, Charles Bennett and E. L. Leiden.

OSTRACIZE RECKLESS DRIVERS

An authority on traffic problems says:

"Every traffic accident is a symptom of something wrong. Something wrong with the driver, the pedestrian, the street or highway, the control system, the vehicle, the ordinance, the police department, or the community. In cities, two-thirds of the victims of fatal motor vehicle accidents are pedestrians. Our greatest problem is to define clearly the proper use of streets by vehicles and by pedestrians and the obligations of each to the other."

He urges "an organized campaign of ostracism of the motorist who endangers self and every one through non-observance of traffic signals, boulevard stop signs and the like, and who is generally the same fellow that pulls across the crosswalk, makes elderly people jump out of his way, splashes mud on pedestrians and generally behaves himself like a hog."

He says public officials promote violation of traffic signals, when they put signals "at places where they are not needed, run them at times when they are not needed or run them on too long a cycle."

FARMERS FIGHT BLAZE AFTER THREE UNOCCUPIED HOUSES BURN

Farmers in the section about Round Lake, six miles southeast of Fennville, Saturday morning were fighting a rather serious forest and brush fire that was reported to have burned over about three square miles, including destruction of three cheap unoccupied houses.

It was believed the blaze would be under control before night and damage to valuable farm buildings or country schools would be averted. Farmers were plowing furrows about their buildings.

The burned section comprises fair farming country just east of the peppermint area. The soil is sandy, however, and everything is very dry. Residents of the section declare they may petition the state for forest and brush fire protection such as is given northern sections of the state.

Warm Friend Tavern

Office Cat by Junius

A definition for a golden wedding—A chorus girl's first marriage to a man with a million "bucks."

Mankind as a rule prefers something "soft." Ex.:—Not including tires and drinks possibly.

A child toddled from Holland to Montella park the other day, looking for a new city limits, no doubt.

Holland merchants are to have half holiday during July and August except 4th of July week, Fair week, etc. If there are no more exceptions they will have just three full days to fish, to hunt, to garden, to go to a baseball game, to go bathing, etc. With the balance they might plan a trip to the Wisconsin Dells.

We better call him Saint Clare after his receiving a clear bill at Whitewashing.

The common council doubled the salary of Mayor pro-tem Rieve. But you will notice he failed to give the city fathers a dinner at Warm Friend Tavern.

If a coward is a man who meets his enemy, 'phone to 'phone a hero must be the man who strikes a dead one and holds his temper.

Spring is here. Let's put up the wren house and the bluebird coop, for the English sparrows must have some place to build.

A Blind preacher has just graduated from the local seminary. His life work will be that others might see.

Mayor Brooks believes in an educational administration. The "city fathers" are never too old to learn.

HOLLAND MERCHANT VICTIM OF SWINDLE

A Holland merchant was the victim of a new swindle with the loss only nominal. This is the way it happened:

A man entered the store and asked for the change of a \$10 bill. Shortly afterward a woman appeared at the counter, bought a few small articles and presented \$1 in payment. When she received her change, she informed the clerk he must have made a mistake as she claimed to have given him a \$10 bill.

The clerk disagreed but the woman persisted she was right. To prove her statement she requested the clerk to examine his greenbacks and see whether there was not a marked \$10 bill in the register. She deftly described the mark. The clerk found the bill and the mark upon it corresponded with the description given by the woman, who then received the extra change.

When the clerk finally tumbled to the situation he was convinced he had been fleeced, but the woman had covered her tracks.

Bees and Chicks Come in for Farm Attention

MEETINGS IN HOLLAND, ZEELAND AND ELSEWHERE
IN COUNTY

By C. P. Milham,

County Farm Agent.

Ottawa beekeepers are holding two meetings Monday, May 21st, to hear Prof. Edwin Ewell, bee specialist from M. S. C. Meetings are scheduled by agricultural agent Milham at the Ottawa County Infirmary at Eastmanville at 9 A. M. and Zeeland City Hall at 2 P. M.

Handling of dead and weak colonies or colonies with weak queens, uniting colonies, preventing diseases as well as beekeepers organizations will be explained by Mr. Ewell.

Landscape planting demonstrations scheduled for May 22-23 in Ottawa County will be supervised by O. I. Gregg, landscape specialist in cooperation with agricultural agent Milham. Yards will be planted May 22nd at 9 A. M. at Hilbert Smallegan's, Forest Grove, and at 1:30 P. M. at John Shoemaker's in Jamestown. May 23rd at John Knowlton's home, Coopersville at 9 A. M. and Luman Stark's place near Bauer at 2 P. M.

The third meeting in Grow Better Chicks Campaign will be held at the County Infirmary, May 24th, at 8:30 A. M. and Zeeland City Hall at 2 P. M. Local leaders report that the College recommended rations are having excellent success. Many poultrymen report that hatcherymen are preventing them from cooperating in this Grow Better Chicks campaign. The hatcherymen who sell commercial feeds are telling their flock owners that they must feed the commercial feed they are selling or the hatchery will not take their eggs. This is greatly to be regretted as the College recommended ration will give as good or better results at less cost when good quality ingredients are fed.

Ottawa County hatcheries made almost a clean sweep in prizes at the Baby Chick Show at the State College May 9-10. The first eight places in White Leghorns, the first six in Brown Leghorns, the first six in Anconas, the first three, sixth and tenth in Barred Rocks, first each in Buff Orpingtons and Black Minorcas, 2nd, 4th and 9th in Rhode Island Reds, 4th each in Buff Leghorn, White Wyandottes and White Rocks constituted the ribbon winners. Four of the six silver cups were won by Lakeview Farm, Holland, on Orpington displays. American Chick Farm at Zeeland in the Mediterranean Breeds. Silverward Hatchery in Barred Rocks. Other winners were Pine Bay Poultry Farm, Holland Hatchery, Brummer Frederickson, Knolls Hatchery and Hillview Hatchery from Holland, Townline Poultry Farm, Grandview Poultry Farm, Riverview Poultry Farm, Wyngarden Poultry Farm, Hinderman Bros., Fairview Hatchery and Rural Poultry Farm from Zeeland. Ottawa County exhibited 64 out of the 146 exhibits and 26 out of the 56 exhibitors.

REV. MARTIN'S CHURCH PUTS IN NEW PIPE ORGAN

Work was started Monday in raising the pipe organ in Third Reformed church of which Rev. J. M. Martin is pastor, to make room for the installation of a new \$15,000 Austin organ which is expected to be ready for service by July 1. The new organ will be equipped with chimes, echo and all modern attachments and will be the finest in Holland.

The present instrument was installed about 40 years ago at a cost of about \$1,500. It was sold to a dealer in secondhand musical instruments and probably will be placed in some smaller church.

The music committee already has made arrangements with Prof. Olie D. Zuidema of Detroit, a former Holland musician, for an organ recital some time this summer.

Mr. and Mrs. John Hyma are the guests of Mr. and Mrs. Andrew Hyma. They came here from Atlanta, Georgia, where Mr. Hyma filled a vaudeville engagement. He is to appear in vaudeville in Grand Rapids for several days next week. Since his visit to Holland last year Mr. Hyma has appeared in his act in a great many places from coast to coast.

HOPE VICTOR IN TRACK AND BASEBALL

Hope's Field Day program with Olivet was a great success Saturday as far as final outcome was concerned. The track meet held early in the afternoon was an overwhelming victory for the Orange and Blue. The final score was 104-27. Moser, Klay, and De Volder were outstanding in victory for Hope, Moser being high scorer of the day with three firsts.

Hope was strong in the sprints and field events, but Olivet came to the fore in the distance runs. However, Olivet offered some keen competition in the sprints and middle distances. Hope's greatest asset was her good reserve material. Olivet had good men but lacked the proper class of reserve material to gather the points.

The second part of the Field Day program was carried out at Riverview Park. After a hard-fought and evenly contested game Hope defeated the Congregationalists 7-5. Van Lente and R. Japinga formed the Hope battery. Van Lente found going hard at times, but he steadied in the latter innings to pull through to victory by means of timely hits by his teammates.

Hope made its hits when they counted and earned all of its runs. Vander Hill again connected for a three-base hit. Although Hope made more hits than Olivet, the South Stars took full advantage of Hope's errors and kept the score quite even through the game.

This is the first Field Day that we have had at this school. It certainly has been a huge success. In the future we would like to see more of them. Hope spirit certainly runs high on such a day, and for that reason alone, we would like to see the idea of Field Day continued.

Hope was defeated by Albion 7-1 at Albion last Tuesday. Cole and R. Japinga formed the battery for Hope; Collins and Nutt formed Albion's battery. Costly errors behind Cole's pitching and the lack of ability to hit in the pinches were the cause of Hope's downfall.

Collins pitched good ball for Albion and received good support both in the field and at bat. Vander Hill of Hope and Grey of Albion each were credited with triples. Collins won his own game by bringing in two runs.

Hope's record was given a setback by this defeat, and it will be necessary for Hope to win all the remaining games in order to raise any stir in M.I.A.A. baseball circles. With any kind of luck, however, Hope should be able, at least, to take part in Field Day activities at Albion this year.

TENNIS TEAM MEETS DEFEAT

In its initial appearance of the season the tennis team was defeated at Kazzoo Saturday 4-3. The lack of proper facilities for training was evident in the playing of the Hope squad. With a court for training purposes, we could have a real tennis team here.

Damstra, Vander Poel, and Klaasen won their single matches, while Bovenkerk and O. Maddaus, in the singles, and Damstra, Maddaus, Klaasen, and Vander Poel in the doubles lost their matches. We have fine material out on the tennis squad and with the proper facilities for practicing a steady winner could be developed.

The May Festival held at the Longfellow school Tuesday night was witnessed by approximately a thousand people. Over three hundred pupils took part in the program. The program was as follows: orchestra selections; a series of stunts, Miss Strowenjan's boy; Rmyllus, Miss Berry's kindergarten boys' band; setting-up exercises, Miss Barendregt's children; rhythms, Miss Judd's room; a pageant, "The Spirit of Progress," Miss Strowenjan's boys and girls; marionette solos, Donald Kramer; interpretation of Herbert's "Badinage," Miss Berry's kindergarten girls; flag drill, Miss Spoelstra's boys and girls; folk game, "Did You Ever See a Laddie," Miss Maffoey's boys and girls; exercise songs, Miss Vanderpoel's children; folk games, Miss Carlson's children; orchestra selections; health play, Miss Strowenjan's and Miss Spoelstra's children.

In the last inning, having the short end of a 5 to 4 score, they not only sent the ball but also the opposing team up into the air and in record time five runners crossed the plate. Wentzel pitched a fine game, and will no doubt stop a good many teams this summer. The Tigers will play a return game with the Holland Service Oil team. News Condensed

The Holland Game and Fish Protective association went on record unanimously last evening, for a game warden for Ottawa county, to be stationed in this city. There is no game warden for the county now, and it was pointed out that the district warden at Grand Haven cannot properly cover this territory and prevent alleged violation such as were mentioned at the meeting last night. The meeting was called by petition to consider the closing of Black lake and probable closing of Black river. There was considerable discussion pro and con, but it was pointed out that unless game fish are given a term of protection Michigan cannot retain a position as a place for good fishing. Italy, Naples: Population more than 600,000, largest city in Italy. Occupies one of the most beautiful sites in the world. Mountains in back ground. Vesuvius continually active, smoking and beautiful to see at night. Stromboli not far from there, saw in eruption or rather spitting fire. We sailed around it by night, a rare experience. Heard many Italian singers, mostly tenors. Museum and Aquarium just immense, the latter the best in the world, mostly because the Mediterranean is prolific with marine life. Feeding an Octopus is a wonderful sight.

Pompeii: Volcanoes could be written on this ancient city. Saw charred human bodies, burnt leaves of bread, potatoes and most anything, all preserved and taken from ruins of ancient Pompeii, now on display in the museum. One marvels how it is possible! It must have been a most wonderful and beautiful city; its ruins are an in-

dication as to what the real place once was.

When I studied Ancient history in college I just hated to read such old events, even had doubts if it was true. Now since I visited these places I just enjoy reading these places' accounts and look at his pictures. He states in his works the streets were found in perfect condition after the excavations. I saw this and it is true. Public fountains, and in working order today. We can look down long streets where the chariot wheels have worn deep ruts in the solid stone pavement, see beautiful paintings on walls, bakers shops with charred bread still in the ovens, many cooking utensils scattered around much on the same order we use today. Their wine cellars and big jars and vats could be used today, beautiful place for starting a private distillery.

Mill stones, still in position, exactly as you see pictures in your books on ancient history and to all appearances in working order.

The theater, the concert hall, the gladiators arena, the rooms of gladiators where they were patched up after combat, many or most of them left the stage dead, for it was a fight to death. It was amusing to see how the stone steps to the (Nigger Heaven) the third or highest gallery was worn out. These stairs were very narrow and winding and constructed of solid stone. They certainly must have been very well patronized from all indications. We often hear the world is fast becoming worse than ever. Terrible condition exist in gray Paris and some other places that I know; but if the writings and inscriptions on the walls of Pompeii and the hieroglyphics and symbols in solid stone at Karnak and Luxor in Africa, made centuries before Christ are indications of their existing conditions one will hesitate and form individual opinions. Understand, these places are not exhibited as public show-places, but to destroy them would ruin most valuable works of ancient art, priceless if something could be altered.

Rome: The Vatican and its galleries and library are the best in the world. Four weeks would not be long enough to spend there. It's just amazing to witness the enormous volumes of books, paintings, statues, etc.

Words cannot describe it, in fact it's just stupendous. I went all through however and saw many of the high spots and I am very grateful to my Catholic friends that they succeeded in getting me in to have an audience with the Pope. It all came about in this manner. Soon after we embarked in New York we had a get acquainted meeting on the steamer. Many of my very best friends happened to be Catholics and they certainly proved to be good loyal pals and we stuck like glue the entire trip. Many a one had made an arrangement for this audience long before they sailed and carried the necessary credentials for this coming event. See what a slim chance I had, however much my friends wished my success in this endeavor.

Thru my friends I was introduced to Father Van Derm of Oklahoma and I found him to be a real gentleman. I suspected from his "Van" that he might be a Hollander, or a Belgian, so one time when he was all alone, I saw my chance, I greeted him thus: "Goeden morgen, vader Van Derm. Hoe is het met u?" Wel, mijnheer Dokter, kunt u Hollandsch spreken?" was his reply. I said: yes, upside down, sideways and from any angle. From then on our friendship

CHANGING OF NAME OF HIGHWAY BRINGS TO MIND MARINE HISTORY

Ottawa County Road Commission have decided to change the name of the Alpena Beach Road to Lake-wood boulevard, in honor of George F. Gets who through his wonderful gardens and zoo made this road famous. The Alpena road was named shortly after the big side-wheel steamer had been wrecked near this port. After the steamer had gone down much of the wreckage came on this shore. Among the articles was part of the wheel house, the signs Alpena, ventilator windows, one of them now in possession of the Holland City News, and a three legged piano which was found right side up on Alpena Beach. Chief Van Ry who was then cabin boy on the R. K. Katers and his father who was captain, with the light-keeper, were the last to see the steamer and wave good-bye to Captain Napier who stood on the bridge as the big passenger ship plowed through the channel into a dead calm Lake Michigan, but it was a calm before a storm, one of the worst ever seen on the Great Lakes, coming down suddenly two hours after the ship had cleared port.

grew warmer than ever and I received a great deal more information and knowledge from visiting cathedrals and mosques, and which were in most countries the leading places of interest. Even in Palestine nearly every sacred historic place has a Roman or Greek cathedral or a Mohammedan mosque erected over it.

I am glad to state that thru Van Derm I had the pleasure to meet the Pope and saw all the pomp and glory of the occasion. He appeared to be a very fine gentleman. I am very proud of and highly grateful for this privilege granted me, which not many a one gets. St. Peter's Cathedral, the biggest and most marvelous church on the face of this earth, originally was built by Constantine on the burial place of St. Peter. The interior is impressive to the last degree. Interior height of dome 440 ft. I could go on and say a lot more, but there is so much connected with this church that it would take one week to read it. The catacombs, just stupendous, where the early Christians were buried, 14 miles and more all underground. Coliseum, the Forum aqueduct, all remind us of ancient history. The different hills of Rome we read about.

Villefrance. Here we left the boat to travel across Europe. Monte Carlo: The world's greatest gambling house. Shortly before we arrived the famous Dolly sisters (actresses) broke the banks of Monte Carlo by their winnings at the tables. Millions are made and millions are lost here. When one has lost all his possessions he is furnished a ticket and meals to get home, as they want no more suicides at this place. Only place on this whole earth where no individual or personal taxes are paid.

Mars Hill

The gambling house pays all taxes out of its earnings for everyone that lives there. No one can get inside the place unless dressed to the minute and just so.

Nice: Florida of Europe, a paradise. Beaches of Atlantic City not to be compared with beaches of this city. No shoe-shining parlors in this beautiful city nor in Paris. Shine your own or do without. The Louvre, the Chuncy, Fontainebleau, Eiffel tower, Arch of Triumph, Castle at Versailles, Battle Fields, all in and around Paris, I just mention. Takes too much time and space to touch upon it.

The Almani drive, again the most beautiful drive in the world, 100 miles all along the Mediterranean sea, around the mountains and over, through tunnels and over gorges. The panorama is indescribable. Nowhere can such a drive be duplicated with such grandeur and beauty. People tell me, we have been everywhere, but this is the best. Painters from all over the world come here to get nature's colors direct from the glorious colors of the waters of the Mediterranean sea. It all depends how the sun strikes the water. Some places all shades of blue, blue as bluing or green as Paris green or yellow as an orange. Here is where seeing is believing. If one does not actually see this, one cannot comprehend what I am trying to make you understand. I came to this conclusion, that I do not care how one mixes colors, get all the shades and mix them any way you desire, somewhere, yes, some place you will find it in nature.

Brussels: Population over 1,000,000. Beautiful city. Battle field of Waterloo. Painting of this battle, most wonderful piece of art in the whole world. In the Hague a painting of Scheveningen is perhaps second to this.

Rotterdam, Scheveningen, Liverpool and London, all very interesting. Towers of London and Gevangenispoor at The Hague, where all manner of warfare is exhibited. The gallows, axes for beheading people and all kinds of torturing devices are kept as relics of earlier days. The prison ship Success that exhibited in our harbor some time ago is very time along what I saw how it was done in some of these countries.

High School Holds Its Regular Caucus Friday

NO GIRLS WERE NAMED FOR MAYOR THIS YEAR

Outgoing Mayor, Miss Beuwkes, Chairman of Convention

Under the student government the students of the high school held their annual caucus on Friday afternoon and there was considerable wrangling among the boys and girls to land their candidates to their respective place. It was a red hot speaking campaign, with many arguments brought forth by the many young ladies, and men alike. High school authorities never knew they had so many orators and embers born in their midst.

One young lady who advanced the candidacy of alderman let fly the mainpring of an alarm clock in order to indicate that the candidate was punctual and that the students should awaken to the fact that it was candidates like the one that she presented that would keep student government on the highest sort of a plane. She did not mean airplane plane either where her candidate could possibly take a tail spin from lofty ideas.

This is a non-partisan caucus and consequently a non-partisan election will be held this Friday afternoon in the high school auditorium. Miss Adelia Beuwkes, the outgoing mayor, handled the convention with tact and unusual ability. While the splendid mayor of 1927-1928 was a young lady it so happened that this year there were no woman candidates and a young man is to be the next mayor, either in the person of James Tyssie, John T. Donnelly or Marion McCoy. Miss Janet Karsten was secretary of the convention at the school.

The candidates' names are as follows: Mayor, James Tyssie, Marion McCoy, John T. Donnelly; Chief of Police, Harold Tantis, James Zwier, John Donnelly; Treasurer, Wilbur Ensfield, Bruce Van Leuven; Clerk, Helen Spritsma, Marian Paulus, Alice Beter.

Aldermen: First Ward, Laurence Olinger, Henry Van der Putten, Gerald Kooker, Alma Plakke, Edward Damson. Second Ward, Gertrude Smeenge, Frank Dykema, Robert Dorian, Alma Cook. Third Ward, Ruth Westveer, Louis Japinga, Georgiana Heneveld, Gerald Bonnett. Fourth Ward, Gordon Korstanje, Helen Johnson, Preston Van Kolken. Fifth Ward, Margaret Steketee, Alyda Spyker, James Nettinga, Marian Baker. Sixth Ward, George De Boer, Theresa Breen, Nella Westrate, Charles McLean, Evelyn Wierda, Willard Ripley. Seventh Ward, Leslie Hofsteen, Nancy Ann Hale, Hester Pellgrom, Louise Bosman, Helen Miles.

No Poison is Found in Body of Woman

EXCELLENT THING INVESTIGATION WAS MADE FOR ALL CONCERNED

State Chemist states that examination proved that Woman or Animals were not Poisoned

The entire countryside surrounding Holland is quiet again and the gossip will gossip no longer. About three weeks ago the body of Gertie M. Kooyers, who died four years before, was exhumed at the request of a petition signed by Mrs. Martha Mulder Kooyers, Rev. Arthur Maatman, Allen W. Kooyers, John W. Nienhuis and Garret Lievesee.

This request was made to Coroner Gilbert Vande Water and Prosecutor Lokker for the reason that for four years gossips have been busy putting around slanderous stories that Mrs. Kooyers must have been poisoned, as were animals on the Kooyers farm. Officials as well as level headed people around New Holland felt that there was nothing to it, but the talk had been rife for so long that persons signing the petition felt it to be the only way to clear the atmosphere.

State chemist was called and the services of Otto Van der Velde of Holland was secured, the body taken up, the organs were removed at the burying grounds under the supervision of a coroner's jury and taken to Lansing. After a two week's wait the State Chemist reported as follows:

"I have analyzed the stomach, liver and kidneys of Gertie Meenge Kooyers (Mrs. Wm. Kooyers, Sr.) which I obtained at a postmortem performed by Dr. O. Van der Velde and myself, at Olive Center Cemetery on May 2, 1928. I found no Paris green or other arsenic compound in any of these organs."

Prosecutor Lokker stated this ended the case as far as he was concerned and as a matter of form the coroner's jury would have to meet, bring in a verdict that Mrs. Kooyers came to her death from natural causes, as was set forth on the death certificate at the time, on January 28, 1924, signed by Dr. Boone of Zeeland. The jury consisting of Dick Beter, foreman, Andrew Klomparsen, John Sturing, John Van Tatenhoven, Milo De Vries and William Visser, brought in such a verdict and all doubt has been cleared away and all persons upon whom the slightest suspicion rested have been exonerated.

The citizens of New Holland took the proper steps to clean up a situation that has been brewing for nearly four years.

ST. JOE PAPER DESCRIBES HOLLAND FLOAT

The St. Joseph Herald - Press prints pictures of the winning floats in the blossom parade in Benton Harbor Saturday. Of the Holland float, which won in the city division, the paper says: "The Holland entry was first in the cities group with Berrien county second and the City of Benton Harbor third. The Holland float was in keeping with Holland's name and traditions. It was a large windmill surrounded by a bed of red tulips. At the rear was a large wooden shoe in which sat one of Holland's fair maidens. The float carried out a Dutch motif of blue and white. A woman, two boys and two girls dressed in Dutch costumes completed the picture which was loudly applauded. The float

LOCAL MINISTER HELPS BUILD FOUR CHURCHES

Rev. Herman Vanderploeg, who resigned the pastorate of the Reformed church at North Blendon a few months ago, plans to leave Holland this week for Chicago, to become missionary for the Illinois and Chicago classes in the Reformed church in America. Mr. Vanderploeg has just completed a ministerial career of 33 years and in that time has served 11 fields, including Michigan pastorates in New Era, Cooperville, East Overland, Detroit and North Blendon. Other pastorates served were in Kansas, Minnesota, Colorado, Illinois and Wisconsin. Mr. Vanderploeg helped build four churches and four parsonages. The fields covered represented largely new work with least remuneration. He was graduated from Hope college in 1892 and was ordained in his first charge at New Era in 1895. He was one of a class of nine to be graduated from Western Seminary in 1895.

Heemstra Was Hard Working Local Dominie

MEMBERS OF CONGREGATION PAY TRIBUTE TO THE PARTING PASTOR

In His Farewell Gives Resume of What His Duties Have Been

If the farewell address of Rev. J. F. Heemstra, pastor of the Fourth Reformed Church, is any indication of the duties of a minister, a pastor of any church surely has his hands full.

Sunday the man who will leave Holland for Hudsonville, stated briefly only part of his duties as follows: "It is not purpose to give any detailed account of my eight and a half years of our ministry with you, but I will mention that in that period I have preached 1,065 sermons, conducted 1,200 catechetical classes, 330 teachers' meetings, 200 prayer meetings, 305 men's meetings, made upwards of 3,500 calls, baptised 75 persons, conducted 65 funeral services, 33 wedding ceremonies, received 96 into the church by confession and 138 by certificate, a total of 234 additions to the church. In all I have conducted 3,165 meetings."

In conclusion Mr. Heemstra spoke a brief word to the whole congregation, then addressing the whole church he said: "I hope we shall meet again, if not here then hereafter. I am thinking just now of an old hymn that I believe might be appropriate under the circumstances. 'We shall know each other better when the mists have blown away.'"

Just before the benediction was pronounced W. Douma read the following statement: "Rev. Heemstra, in the name of your friends, I wish to thank you for the years of faithful and loving service you have rendered the Fourth Reformed church, for the preaching of the Word, backed up by a Christian character. Although we may not have seen the desired results, we may leave it to the Lord and hope that the Holy Spirit may continue to bless the truth to the hearts of the people."

"It is our wish and prayer that the Lord may use you to the glory of His name in winning souls for Christ and His kingdom in the field of labor to which you are going. Heartily wishing you and yours God's speed." Mr. Douma then asked the congregation to sing "Blessed be the tie."

Local Attorney Orators Here Memorial Day

COMMITTEES MAKE FINAL ARRANGEMENTS FOR BIG DAY

Attorney Thomas N. Robinson has been selected as speaker of the day. Memorial morning Rev. Clarence Dame will deliver the Sunday morning sermon to the soldiers of all wars at Trinity church and ladies auxiliaries.

Different committees reported that their work for the big day of Decoration Day ever staged in Holland, was nearly complete. The chairman John Van Bragt of the flowers says that he will have plenty of flowers. The grounds, finances, executive, invitation and program, and music committees reported arrangements practically completed in their departments.

The program this year will follow much the same order as previous years, with the speaker addressing the crowd at Centennial park about 9 o'clock. Miss Alice Brunson, oratorical winner at Hope College, will read Governor Green's proclamation. Music will be furnished by either the high school or the American Legion band. The complete program will be announced later.

Dr. Westrate and John Homfield again have charge of the parade and their committee is working out plans to prevent congestion and confusion such as occurs sometimes. John Boone reported that there would be plenty

Attorney Thomas N. Robinson Speaker of the Day

of conveyances in front of the city hall for all old people who want to ride, not only in the parade but on Memorial Sunday, and also his committee will take care of any Gold Star mothers who wish to ride in the parade.

Old veterans and W. R. C. ladies and Gold Star mothers will also be taken care of Sunday morning (when memorial services are to be held at Trinity church). A telephone call to John Boone or Andrew Klomparsen will bring an auto to their homes.

The parade will have four bands, according to present plans, the Legion and high school brass bands, the Holland Martial Band and Brand's junior drum corps of young boys. Traffic will be re-routed from the line of march and places where sections of the parade are forming.

Arrangements at the cemetery will be much as in the past, but attention was called to some of the things not being carried off as planned and special precautions will be taken to see that no soldier's grave is slighted.

The boy scouts will again decorate the graves. Miss Margaret Steketee of Holland high school will read Lincoln's Gettysburg address at the cemetery and Miss Alice Brunson of Hope College will read Governor Green's proclamation at Centennial Park. Both girls are oratorical contest winners. There have been no deaths among Spanish-American or World war veterans during the past year, and but two deaths among Civil war veterans. They were John Doyen, age 98, of Holland, and Cornelius Van Loo, age 88, of Zeeland.

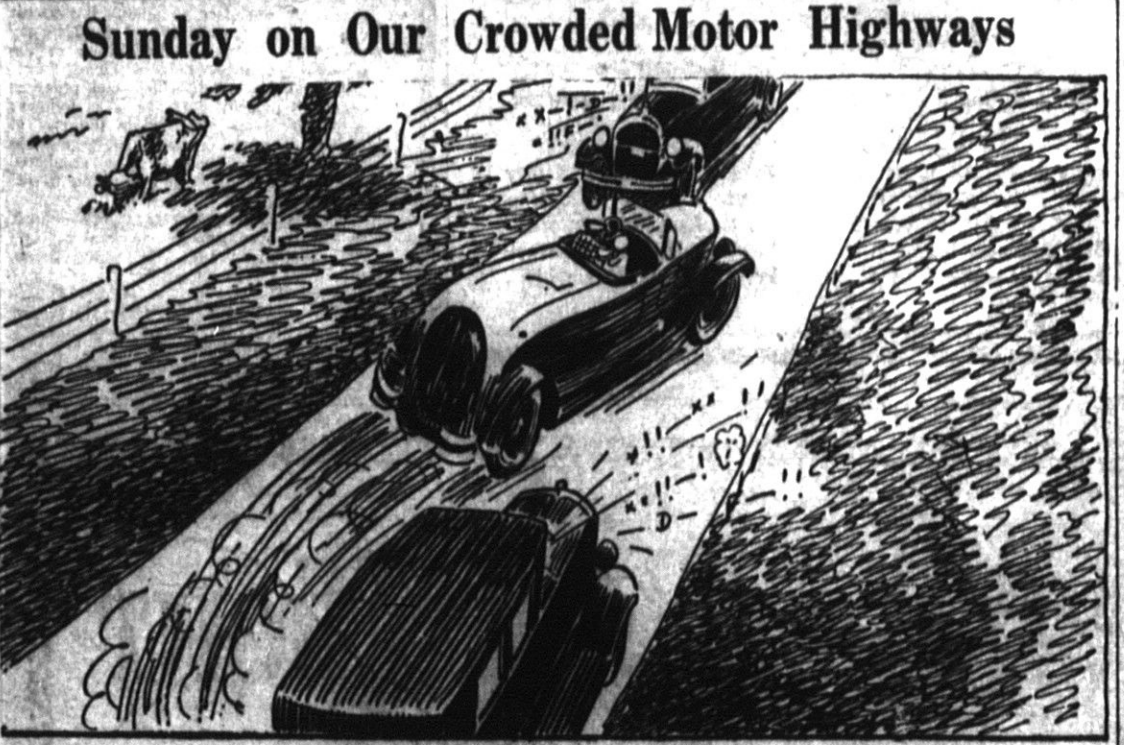

GRACE CHURCH PREPARES ANNIVERSARY PROGRAM

BRUSH FIRE DOES BIG DAMAGE AT ALLEGAN

Parts of three sections were burned over in a brush fire Friday and Saturday near Martin. Damage estimated at several thousand dollars was caused. The blaze is believed to have been started by trout fishermen. The burned over area is about eight miles southeast of Allegan.

The smoke from this area could easily be seen from Holland by motorists who drove beyond the city Sunday.

No buildings were reported burned, the fire being halted just before it reached the Fox farm property of C. J. Engle. Chicora and Pullman volunteers fought diligently to halt progress of the blaze and finally were successful.

CELEBRATE ANNIVERSARY

Mrs. William Kinck, well known in Holland and living at Norwood ave., Grand Rapids, celebrated her birthday anniversary at her home Wednesday. An informal luncheon was served to her sisters and her nieces were invited for tea. Guests included Mrs. Isaac VanderBelt and Mrs. John Balgooyen and daughters, Miss Ethelyn Balgooyen and Mrs. Ernest Felt of Grand Haven; Miss Sue Vandort, Mrs. David McFall, Mrs. Frank Nash and daughter, Mrs. Jack Dekker; Mrs. James Schurman and daughter, Miss Sylvia Schurman; Mrs. Fred Vandenberg and daughter, Mrs. Harold VanderBelt of Holland; Mrs. George VanderWeide of Zeeland; Mrs. Fred Vandenberg of Fremont; Mrs. Jack Brower, Mrs. Marion Winter and Mrs. Gerald Balgooyen of Grand Rapids.

50 CHILDREN ESCAPE WHEN CHURCH BURNS

Fire believed caused by a defective flue, completely destroyed the Methodist church at Martin, Allegan County, late Saturday afternoon, resulting in \$12,000 damage and routing 50 children who were enjoying an Epworth league party in the basement of the edifice. All escaped unhurt, being marshaled out under perfect discipline by Mrs. Clara Peschman, the Sunday school teacher. The flames were discovered in the roof near the chimney and volunteers succeeded in saving much of the furnishings. A hurry call was sent to Allegan and Plainwell and apparatus from those towns arrived in time to prevent possible destruction of a considerable portion of this village. Burning embers, carried on a brisk wind, at one time started fires in the roofs of six houses, but these were extinguished with small losses. Virtually the entire village and residents of surrounding communities turned out to fight the flames. The building, a two-story frame structure erected about 20 years ago, had a seating capacity of about 300, and its destruction is a severe blow to the congregation, although the monetary loss is fully covered by insurance.

The annual Home Service camp of the Salvation Army was closed at Grand Haven today with \$2,500 raised on the \$4,000 quota. Capt. Glassbrook says he will be seriously handicapped in the work from lack of funds.

SAUGATUCK

Cats are traditionally home-bodies but Firpo, a beautiful Persian, owned by Russell Madden of Saugatuck, is typically modern. He is eager to go whenever the car goes and in this manner has traveled more than 6,000 miles in the past five years, usually sitting up on the seat as a dog but showing his feline sense of location by acting very restless and observing when the car passes through some town that has been a previous stopping place. What is more remarkable than Firpo's enjoyment of auto travel is his love for horseback riding. Whenever the family saddlehorse is brought outdoors, bridled and ready for a canter, the cat will spring to the pony's back and wait for some one to lead the animal around, as he positively refuses to share his mount with another rider. As he yields to what he evidently considers the poetry of motion, Firpo expresses his gratification by purring deep and loud. In addition to his uncatlike desire for transportation, Firpo has another peculiar quality shown by his passion for a warm bath. On several occasions he has even manipulated the faucets himself until the welcome drip drip somewhat satisfies his longing for cleanliness. As do many human beings, he "sings" his loudest while splashing in the tub. He further reveals his daintiness and also exposes his laziness by coaxing some one to clean his ears both inside and out every evening. Perhaps these unusual characteristics may be accounted for by the aristocratic strain in the pedigree of this whimsical pet; his sire, Sir Robin Adair, and his dam, Lady Joe, are blue ribbon winners and Firpo is registered as No. 5,999 in the American Cat association. He has to his credit a record of a blue ribbon and a silver cup, both won at the Berensford Cat club show in Chicago in 1924.

WOULD HAVE OTTAWA ROAD COMMISSION ELECTED

Petitions are being circulated here asking the board of supervisors of Ottawa county to rescind its action relative to the appointment of road commissioners, which for some time past have been selected by that body.

The purport of the petition is that road commissioners be selected by direct vote of the people. It is requested that immediate action be taken for the change.

BEECHWOOD

At the request of the classis of Holland, of the Reformed church, the faculty of Western Theological seminary have appointed Mr. Franklin Hinkamp, of Waupun, Wisconsin, to serve the Beechwood community as student pastor during the summer. The first regular Sunday evening service was held in the Beechwood school, May 13th, at 7:30 P. M. The service lasted for only one hour and featured a spirited song service. Mr. John Vander Sluis and Mr. John Fryling, a fine cornetist of Zuni, New Mexico, conducted the special song service. Miss Alma Plakke, of Beechwood, was the pianist. After the song service the sermon was delivered by Mr. Hinkamp, on the subject "Christ the Only Saviour."

HARLEM

The farm home of Henry Harrington, near Harlem station, was burned to the ground Saturday morning when the roof caught fire from a spark from the chimney. The family was at breakfast when the fire was discovered. Its progress was so rapid that practically nothing was saved. Neighbors succeeded in getting a little of the furniture out, however.

An invalid member of the family, Belle Harrington, was carried to safety. The house was a large one and although Mr. Harrington had a water system of his own it was of no avail against the flames. It will cost about \$7,000 or \$8,000 to replace the house. The loss is partially covered by insurance.

JESUS TEACHING IN THE TEMPLE

LESSON TEXT—Mark 12:13-14. GOLDEN TEXT—He taught them as one having authority.

PRIMARY TOPIC—Jesus Answers Some Hard Questions.

JUNIOR TOPIC—Jesus Teaches Great Duties.

INTERMEDIATE AND SENIOR TOPIC—Jesus Answers His Critics.

YOUNG PEOPLE AND ADULT TOPIC—Love, the Law of the Kingdom.

1. The Parable of the Husbandmen (vv. 1-12).

Having put the scribes, chief priests and elders to confusion by a skillful counter question when they demanded to know His authority, Jesus, by means of a story lays before them His claim of divine deity, and charges them with betrayal of trust and with plotting to murder the very Son of God. His teaching in this parable cut them to the quick, and they sought to lay hands upon Him, but desisted for fear of the people.

1. The vineyard (v. 1), represented Israel (See Ps. 80 and Isa. 5).

2. The husbandmen (v. 1) represented the rulers who were charged with responsibility of the spiritual interests of the people.

3. Messengers (vv. 2-5) represented the prophets whom God sent to Israel, even including John the Baptist.

4. The Son (vv. 6-8) represented Jesus Himself.

5. The judgment of the Lord of the vineyard (v. 9). This represented the time when the Jews shall be brought to account for their treatment of the servants of God and of Jesus Himself.

11. The Tribute Money (vv. 13-17).

They already would have gladly taken Him by violence and killed him, but they feared the people. In order to destroy Him they seek to discredit Him among the people (v. 13).

1. Their question (v. 14).

"Is it lawful to give tribute to Caesar, or not?" The Pharisees contended that since God was the real King of Israel, it was not obligatory, yes, it was even sinful to give tribute (taxes) to a heathen king. The Herodians were supporters of Herod; with sattery on their lips, they put their subtle question. For Him to answer "Yes" would have discredited him with the people, and to have said "No" would have made Him liable to arrest as an enemy of the government.

2. Jesus' reply (vv. 15-17).

He asks that a coin be brought and inquires whose image and superscription it bears, declaring that those who accept the coin of Caesar should pay taxes to Caesar. In this reply the Lord escapes their trap and enunciates a principle which applies to all time and conditions as to the Christian's responsibility to civil government.

But being a loyal citizen is not enough. There is a duty to God. Render unto Caesar the things that are Caesar's and unto God the things that are God's.

11. The Resurrection of the Dead (vv. 18-27).

The Pharisees and Herodians being silenced, the Sadducees came with a question which involved not only immortality but the resurrection of the body. They denied the reality of the resurrection, and believed not in angel nor spirit (Acts 23:8).

1. The case proposed (vv. 10-23).

The law of Moses made it not only legal but morally binding in the case of a man dying without children for his brother to take his wife (Deut. 22:5). They propose the case of a woman married successively to seven brothers. They ask whose wife she will be in the resurrection.

2. Jesus' reply (vv. 24-26).

By a quotation from the Mosaic law (Ex. 3:6) He proves the resurrection of the dead, and their continued existence after death as glorified beings. The immortal spirit clothed with a deathless body in His thought. He shows that marriage is only for the present life—does not belong to the resurrection life. He points out to them that their great error was due to two things.

(1) Ignorance of the Scriptures (v. 24). In the very Scriptures which they professed to believe was positive proof of the resurrection (Ex. 3:6).

(2) Ignorance of the power of God (v. 24). God is able to provide a life where there is no death, no births or marriages. In heaven life will be on a plane infinitely higher than the most blessed relationships of this life.

IV. The Great Commandment of the Law (vv. 28-34).

Christ's answer shows marvellous insight. He sums up man's whole duty in one word—love. The first and greatest commandment is supreme and undivided love of God. The second is like unto it in that love is its center, but love for our neighbor in the measure that we love ourselves. Having put His questioners to silence, Jesus now puts them a question which involves the central doctrine of the Christian faith—the person of Christ (vv. 35-40). Is He human or divine or both?
