New Parking Is A Foolish Arrangement

PRESENT METHOD MAKES
THE BLOOD OF OUR CITY
FATHERS BOIL

The question of the parallel parking was discussed in full measure at the Common Council meeting Wednesday afternoon at the 5 o'clock meeting. The question of the parallel parking on the trunk line was brought out when the proposed widening of the 7th, 8th and 10th streets as a previous council gathering had expressed its approval was brought up by Alderman Bultman.

Alderman Prins stated that he wished that the city would have a show-down and find out just what could be done in the matter, if the parallel parking was mandatory or not. Alderman Kleis, co-alderman with Prins, expressed his wish that the council would go further and change the parallel parking at once and that by Monday morning give the public a chance to park on the angle on 8th St. Some discussion followed, as Alderman Prins stated that it made his "Blood Boil", "let's have a show-down." Alderman Oudemolen voiced his opinion when he said, "I visited all the merchants and they are all opposed to the new parking plan on the business streets." Alderman Ben Steffens in question stated that the Merchants Association had a petition ready to present to the council in regard to the matter.

City Attorney, Elbert Parsons, stated that he was not consulted when the present parking system went into effect; that he only noted it when the marking took place. Kleis again insisted on the fact, if the order was mandatory or not and no one was able to give a correct answer.

The matter was approved to be given to the members of the street committee with the police committee and the City Attorney to take action, after Alderman Prins had wanted to know who was running Holland; the state or the Holland mayor and council members.

All the members of the Common Council are with the local citizens and want to return to the angle parking it was brought out. The matter is to be considered by the new committee before next Monday.

The council approved of the communication read by Mayor Henry Geerlings in regard to the sale of beer in Holland on May 16, the first Sunday in Tulip Time. The message is "The Mayor and some members of the Common Council have been criticized by some of our citizens for allowing places where beer is being dispensed to be open last Sunday. It was a violation of the mandate of the people at the fall election prohibiting the sale of beer on Sunday. This is readily admitted. The sole reason for permitting the sale of beer in these places on Sunday was that additional eating houses would be promised for the thousands upon thousands of visitors who would come to our city. It was considered justified on the ground that Holland had sent the invitation broadcast to come to our city to enjoy the tulip festival. From now on however, the mandate will be strictly enforced and no beer will be dispensed on the next Sunday or any Sunday thereafter."

Following the reading of the Mayor's message, Alderman Oudemolen stated that they were not considered in the matter; then Alderman Bultman stated that he had not been notified. Alderman Prins replied with the answer that the aldermen had been contacted Saturday morning and, while more than a quorum responded, some of

Tulip Notes

This copy of the Holland City News is replete with Tulip Time news and Tulip Time pictures. There is something of interest on every page. The copy is worth filing away.

Mr. George Speet has returned from Chicago on the Coast Guard cutter Escanaba, and the ship docked at Kollen dock for the balance of the "Tulip Festival."

Charles Van Zyl of the Holland Vulcanizing Co., River Ave., succeeded in getting some fine "Tulip Festival" publicity in the "Good-year News" of May. This trade paper goes to 50,000 dealers, and not only is there a story of our flower annual, but a picture of our windmill and other decorative art relating to the Dutch and Holland-Michigan. Augmenting this picture, Charles's Holland store is also pictured, and Dutch costumes as well as tires are in evidence.

On page one, section two, the Holland City News' rural poet, Ralph Scheepers, comes through with a "Tulip Time" poem. It is mighty interesting reading and good poetry. The poem is sort of a "March of Time," harking back from William of Orange, De Ruyter, and other historic highlights, which blend into our "Tulip Time" complex. Mr. Scheepers has given the Holland City News some fine poetry and this poetical effort is worth reading and saving. See it in this issue.

Those wishing to purchase tickets in order to obtain the best of the reserve seats, at the band review Saturday afternoon, are requested to make early purchases. All seats are reserved and are on sale at the information desk of the Chamber of Commerce in the lobby of the Warm Friend Tavern. John Arendsborst, in charge of the ticket sales, reported that one of the largest advance sales of tickets is being handled here this week.

The number of copies of Tulip Time official programs printed by the Chamber of Commerce was 100,000. More had to be printed to take care of festival crowds.

An overflow exhibit from the Made-in-Holland exhibition is the Michigan State Police exhibition at the Ford garage, corner 7th and River.

The Escanaba was out of town Monday to pick up Captain R. J. Mauserman in Chicago, but returned immediately thereafter.

Sheriff Fred W. Miller of Allegan county has served warning that Tulip Time visitors caught speeding along the highways in that county toward Holland will face arrest and court prosecution. The sheriff said that he and his son, Deputy Sheriff Bernard Miller, checked traffic in Hamilton, Sunday 16 miles northwest of Allegan and arrested 10 speeders. He said that strict control of traffic will be carried out during the remainder of the festival.

At least twenty-seven planes flew in from different parts of the state, many of them unexpected, and took part in the sky sports and the dedication. You can be assured there was a "rip roaring" time in the air over Holland and sea gulls flew to safer quarters. Among the airmen here is George Hulderman, who is now head of Federal Bureau of Aeronautics for Michigan. Hulderman, it will be remembered, flew across the At-

A Windmill in Holland, Europe

This windmill is on a sea dyke at Aringen, Netherlands, and shows exactly what a Dutch windmill looks like. It is also interesting to note the Dutch architecture, and it is evident that all the little houses are built on the level with the lowlands and seem squatly, because the dyke is almost even with the

eaves of the houses. Little steps lead to the home and the garden below. It is evident that cleanliness is the watchword.

There is a society in The Netherlands that is preserving the windmills, which were being torn down to make room for later and more improved machinery. This society says that if a stop was not put to

CONSCIENCE MONEY COMES TO CONSER- VATION DEPARTMENT

The state conscience fund has received another contribution. A Huron county resident who dug a pine tree a foot high from Huron state park two years ago, writes to Lansing that the act has caused a troublesome conscience and asks forgiveness of the state. A dollar bill was enclosed to cover cost of the tree. The money will be placed in the state general fund.

Remember, the one big day this week will be the band review Saturday, with seventeen bands at Riverview Park. Never before was the sale of tickets so heavy. Advance reservations can be secured at the Warm Friend Tavern and from John Arendsborst, who heads the ticket committee.

Although there were several rains this week there was not one to mar a parade or a public function. These were staged timely and "between the drops." All the tulips in the city and at the Neils Farm are now well open and the sight is a gorgeous one. The tulips, it would seem, will last long after the curtain has been run down on the "Tulip Festival" Sunday evening. Visitors who want quiet can still have a "Tulip Feast" next week.

Mayor Henry Geerlings took his first ride in an airplane, but despite the swift going he didn't lose his Burgemeester pantaloons. The Mayor didn't say whether he had that "elevator feeling" or not. The Mayor's bodyguards were Al Joliderman, W. A. Butler and Major D. H. Young.

It is estimated that 420,000 people came to Holland the first four days. 50,000 were here on Gov. Murphy Day.

During "Tulip Time" the Masonic Temple, where the Made-in-Holland display is, 33,000 people entered up to this time. In the museum, 4,300 paid admission. It is estimated that at the Neils Farm 120,000 people gathered, up to Thursday night. The Dutch Village showed 4,500 admissions, while 5,200 visited the North and South American.

At 3:00 o'clock the motored cars of automobiles, going to the airport to see the airshow, was so great it was difficult to get within a half mile of the field itself.

The West Shore Festival Chorus comprising the schools of Western Michigan along the shore of Lake Michigan will give a music festival at Hope Memorial Chapel, tonight, Friday at 8:30 p. m. The chorus comprises some 250 voices. Don't forget to take in this wonderful entertainment, which is one of the highlights of Tulip Week.

The major feature of the program which closes Tulip Time will be the Grand Band Review on Saturday. This is the greatest band review ever staged in this city, with 80 bands in the final parade, Saturday afternoon.

QUEEN WILHELMINA OF THE NETHERLANDS

Her Majesty, the Queen of Holland, sends greetings to Holland, Michigan through her ambassador, William G. Bryant, Consul for The Netherlands at Detroit, who presented these greetings at the Gov. Murphy banquet and also to the five thousand who gathered at Centennial Park later in the evening. The greetings were short, nevertheless, a warm tribute to the Hollanders in America, and especially those in Holland, Michigan. It is rather flattering that even royalty recognizes our "Tulip Festival."

Mr. and Mrs. Thomas Kraai and the Misses Dora, Sina, and Esther Kraai spent Sunday with Mr. and Mrs. Joe Koning and family at Holland.

Mr. and Mrs. Wynn R. Pemberton and two sons of Huntington, W. Va., former Holland residents, left Wednesday morning for their home after visiting for several days at the home of Mr. and Mrs. E. L. Fish, 190 West 26th St. Mr. and Mrs. Pemberton, Mr. and Mrs. Miles Baskett and Mr. and Mrs. Fish were dinner guests Tuesday night at the home of Mr. and Mrs. Dan Buckle in Grand Rapids, also former residents here.

PUBLIC SCHOOL PARADE IN- SPIRING AND HAPPY PAGEANT

Preceded by an escort of State Police on motorcycles, the Grand School Parade ran off on schedule last Wednesday afternoon at 3:00 P. M. While thousands of on-lookers lined the streets, hundreds of little Dutchmen from the Holland schools paraded through the streets.

Each school presented some trade or industry of The Netherlands. The Holland High School Band led the procession, after which came the Longfellow School division, which represented gardening in the "old country." Children in Dutch costume carried rakes, hoes, spades, sprinklers, and seeds. There was also a large representation of wheelbarrows. A poster and windmill division followed, after which came the flower girls, and a scene depicting the "horn of plenty."

The Froebel School group was preceded by the Holland Elementary Grade School Band, and depicted the dairy industry. Dog-carts, butter and milk utensils, and a cheese division composed this section of the line of march.

Brandt's Combined Bands of Beechwood, Borculo, Hudsonville, Jamestown, Montello Park and North Holland, led Lincoln School's fishing division. A float in the form of the S. S. Lakewood was included here.

Brandt's Juniors, consisting of more advanced players in the villages mentioned above, led the Virginia Park display, which depicted a windmill scene and tulips.

Washington School's exhibit was brought on by the Zeeland High School Band, and demonstrated a Dutch commerce festival. Tricycles and skis composed this group, while a later division carried banners displaying names of all the products of The Netherlands such as coffee, pottery, cheese, etc. Bicycles decorated in a variety of color schemes of crepe paper completed the division.

Hudsonville High School Band announced the Beechwood windmill float, under the direction of Ray Lamb, and the balloon division of the same school. Also included in this group was the Van Raalte School representation, which depicted the Delft and Gouda pottery industries. Waukegan's School float followed.

Christian High School led the "Christyke School" group, and advertised "Viech Te Koop" in no uncertain terms. The Christian Recreation Club also entered a float.

DUTCH AMBASSADOR COMES
WITH GREETINGS FROM
QUEEN WILHELMINA

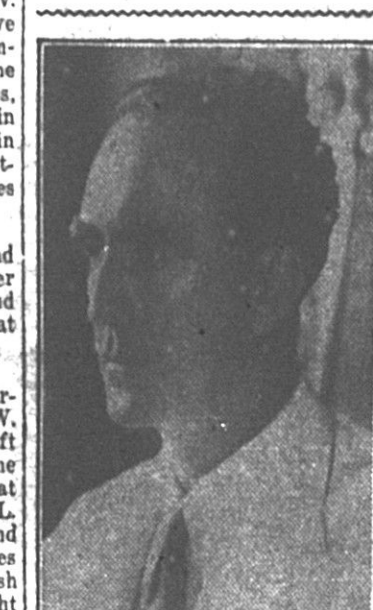

Gov. Murphy Introduced by Senator Brooks, Says Religious Awakening Will Help Preserve the Nation

Michigan's Governor, Frank Murphy, was feted at an aero-banquet at the Warm Friend Tavern on Wednesday, May 19, at 6:30 P. M. Since the governor had been detained in Lansing in an attempt to mediate in labor troubles in the state, he arrived somewhat late at the Governor's Day celebration. He did, however, tour the Tulip Lanes previous to his attendance at the banquet.

Cedar sprays, ferns, and flowers decked the tables in the candle-light dining room of the Tavern. Special favors and placecards were provided for special guests. The United States flag was draped over the wall at one end of the dining hall, while the flag of The Netherlands hung opposite it. Directly across the room hung a tapestry of tulips, containing more than a thousand blooms, and bearing the name "Murphy" emblazoned on it by means of colored electric light bulbs.

The guests were already seated when the governor's party entered, but arose and applauded for at least a minute while the party seated itself.

Dr. Wynand Wichers, president of Hope College, was called upon by Chairman Cornelius Vander Meulen to open with prayer. The audience then "fell to" a chicken dinner, which had been provided by Landlord Lillard and staff. The

GOVERNOR FRANK MURPHY

"Tulip Time" theme was carried throughout the program and menu, the tomato salad and radishes being so prepared as to give a tulip effect, and the individual cakes being decorated with tulip designs.

After the sumptuous repast, a pair of wooden shoes was presented to the governor by two small boys in Dutch costumes. Formal presentation was made by Mayor Henry Geerlings, who expressed his desire that the shoes be worn "every day in the year," and described the shoes, which were designed by Dennis O'Meara and decorated by Marjorie Vander Velde, to the audience.

One "klomp" bore the coat of arms of The Netherlands, while the other bore the coat of arms of the Murphy family, "where Dutch and Irish meet," as it were.

Governor Murphy responded, asserting that he would attempt to keep the House of Orange and the House of Murphy functioning smoothly, side by side in "perfect rhythm and swing-time." The governor expressed his pleasure at being able to be present, and commended the "sense of stability, thrift, and cleanliness, and participation in the choice things of life" of the people of this community. He introduced representatives of the state government, and the attorney-general and members of his staff. In conclusion, the governor expressed his hope that he would be allowed to return to Holland's Tulip Festival next year, as "the shoes will be worn out by then."

The Hon. Hughes-Hallett, Dean of the Detroit Consular Corps, presented members of his corps, after which the audience sang, "My Country 'Tis of Thee," and then adjourned to Centennial Park, with the Governor and his staff marching along with the mobbing but cheerful crowd. Here the speakers ascended to the platform, which was well-lighted, and there was also a thorough distribution of amplifiers in order that the program might be heard everywhere.

Here the American Legion Band rendered several selections. A "klomp dance" was then performed on the Village Green for the benefit of the governor and his party, after which Hon. Wm. G. Bryant, Netherlands Consul, conveyed the greetings of Her Majesty, Queen Wilhelmina, to the people of Holland.

This is my fifth trip to Holland's Tulip Time," he asserted. "Formerly my only excuse in coming here was the general reason that Holland is the best-governed small city in the state, and that Tulip Time was unique to Holland. But this year I have a more specific reason." With this, he produced a message from Her Majesty to the people of Holland, the first message of its type ever to be received here. It conveyed her regret

Grand-son Of The Founder Of Zeeland Dies

WAS AT ONE TIME INSTRUCTOR
IN THE RURAL SCHOOLS
WHERE HIS DAUGHTER
TAUGHT

Relatives and many friends were shocked to hear of the sudden death of John Vande Luyster, who died Friday, May 14, after being stricken with apoplexy at his home on Fairview Road near Zeeland.

It is interesting to note that Mr. Vande Luyster was born in Holland, Michigan, in a house on the present site of the Grandview building, River Avenue and 7th Street. When a child the family moved to Milwaukee, where Rev. Vande Luyster had a charge. He lived in Milwaukee until 18 years of age, and then the family returned to Vriesland, Michigan where they lived for a considerable time.

His birth was on March 14, 1858 and death came on Friday, May 14, 1937. It is quite a coincidence that the days of the months are the same. On Sunday, the week of his death, he was seized with a stroke of apoplexy and went into a coma state, was taken to Holland's Zeeland Memorial Hospital, where he remained unconscious until Friday, when death occurred.

Mr. Vande Luyster, who was 79 years old, was in the habit of making the gathering of the eggs his daily task, and it was while doing this work that he was stricken. Mr. Vande Luyster was always in good health, despite the fact that his eyesight and hearing were somewhat impaired.

He was the son of Rev. Janne Vande Luyster and the grandson of Janne Vande Luyster, the founder of Zeeland. The News has repeatedly given stories of this founder that were indeed interesting and portrayed the hardships and sacrifices that pioneer life brings.

The grandson graduated from Hope College Preparatory School in 1879, and also attended this same institution for higher learning. He taught several rural schools in Ottawa County. However, in later years he settled on a farm on Fairview Road, two miles north and east of Zeeland, where he lived until the time of his death, occupying this farm for approximately 45 years.

Mr. Vande Luyster, being an instructor in schools, his children, too, in a measure followed that aim in life. Nelson Vande Luyster for several years was instructor in German at the University of Michigan, and at present is instructor in German at Michigan State College at East Lansing. A daughter, Miss Della Vande Luyster, ten years ago taught in the very same school that her father taught in.

A Windmill in Holland, Michigan, U. S. A.

The above windmill is our own at "Windmolen Park." The windmill was built some three years ago and is the replica of one imported from The Netherlands and placed in the beautiful Kellogg estate on Gull Lake, next to the Kellogg Bird Sanctuary. The windmill was taken piece by piece, wrapped, boxed, and sent by boat to New York and shipped to Gull Lake under the direction of Mr. Kellogg of Battle Creek.

Hearing of this mill, Mr. William Connelly appointed a committee to take observations, and the men who went on April 3, 1934 were: Mr. Connelly, Vande VandenBerg, Henry "Dutch" Vander Schel and Ben Mulder. John Harnsen, a local contractor, who built several mills in The Netherlands, was also present. He made drawings and took measurements, and the local Dutch mill was his creation. The ed roof made of Dutch reeds grown only in The Netherlands. These could not be secured in building the mill, so the committee felt that those long strips of tan bark at the Armour Co. tannery would be an excellent substitute—which proved true. Through the generosity of Mr. Cahagan at the time, bark to fit properly was secured from the tannery and have made a wonderful substitution.

Discovery

MISS LIDA ROGERS

She "sowed the seed" through her suggestion several years ago in a paper given before a woman's club, suggesting that the Tulip be made Holland's official flower, and that a day be set aside to celebrate and propagate the Tulip, which is so closely related with the Dutch in Europe. "It would

not alone be unique, but eminently appropriate to be made the official flower of Holland, Michigan," she contended. This suggestion was followed out a few years later, but on such a gigantic scale never dreamed of by Miss Rogers. Last year the Holland City News gave the entire history of how "Tulip Time" came about.

LOCAL NEWS

Dr. and Mrs. Eugene Damstra and daughter, Norma Lou, of Dayton, O., arrived here Wednesday to spend the remainder of Tulip Time with their parents, Mr. and Mrs. David Damstra, and other relatives. Miss Vera Damstra, teacher in Cassopolis, and the three guests will spend Thursday at the family home.

Mrs. Loretta Stewart and children, Gladys, Walter and Owen, of Paris, Ill., and Mrs. George Dunlap and son, Junior, of Tulare, Calif., left Sunday for Paris, Ill., after spending two days with Mr. and Mrs. Earl Price, 22 Cherry St. Mrs. Dunlap plans to return to Holland next month for another visit.

Mrs. Ronald Rosie and two sons, Ronald and Rogers, of South Manitou Island, are visiting with relatives and friends in Holland.

Miss Helen Johnson, who will be a bride in the near future, was the honored guest at a shower given last Thursday evening in the home of Mrs. Henry L. Van Huis, on rural route No. 1. Mrs. Louis L. Van Huis, Mrs. Lena R. Cramer and Miss Susanna Gruppen assisted the hostess. Games were played and a two-course lunch was served.

The Accounts Receivable department of the Holland Furnace Co. entertained at the Copper Lantern Tea Room Friday evening complimenting Miss Marian Paulus, who will become the bride of Joe Nellis in June. The group presented Miss Paulus with a lamp. Games which furnished the evening's entertainment, were in charge of Miss Marie Veldheer and Miss Margaret Knaesen.

Miss Coral Bremer of Detroit, who recently underwent an operation, arrived here Sunday for a week's visit with her parents, Mr. and Mrs. S. Bremer, 403 College Ave.

barrased her parents when she posed for a photograph for Tulip Time visitors. Joan had been taught to shake hands when anyone said good-bye. When the photographer said, "Good-bye," Joan held out her hand. The visitor misunderstood the gesture and dropped a dime in her hand.

A large, appreciative audience gathered at the Holland High School Auditorium, Monday evening, May 17, at 8 o'clock, the event being the Annual Tulip Time Concert of the American Legion band. Eugene F. Heeler conducted the band in its program. Soloists were John Perkosi, Gordon Berkel, and Gerard Hanchett. The band is composed of 44 members. Herbert Harrington is drum major of the organization. Officers are: Harold J. Karsten, president; Martin Langhuis, vice president; Ray Knoohuizen, secretary-treasurer; and Bert Jacobs, librarian.

The vesper recital and psalm singing, Sunday afternoon in Hope Memorial chapel, was attended by approximately 700 persons. William J. Brouwer was vooringer and Kenneth Osborne, head of the organ department of Hope college, presided at the console. The program was opened with a carillon recital on the McLean Memorial chimes. Dr. Wynand Wichers, president of Hope college, read scripture and led in prayer. Special selections were sung by the Hosanna chorus of Holland.

Lindy, the familiar police dog that has drawn the famous milk cart in almost every Tulip Time parade since the beginning of the festivals nine years ago, again appeared in parades during the present festival. Lindy, who is always sought because he is an excellent parader, has been filmed and photographed many times. He is the property of Roy White, son of Mr. and Mrs. Harry White of rural route No. 3. The News carried the picture in last week's issue.

Carrying official greetings from Queen Wilhelmina of The Netherlands to the residents of Holland, William G. Bryant, Netherlands representative at Detroit, visited the Tulip Time festival Wednesday along with other members of the Detroit Consular Corps. Consul Bryant has received the queen's official greetings from Dr. A. C. de Graeff, minister of foreign affairs at The Hague and from Count van Rechteren Limpurg, acting Netherlands minister at Washington, D. C. The consul delivered the greetings at the aero banquet given in honor of Gov. Frank Murphy at the Warm Friend tavern and at the public reception held for the honored guests afterward at Centennial park.

From the Chamber of Commerce office comes the following news item. It was approximately time for the parade to start last Saturday. Burgemeester Geerlings and his court were about to get dressed in Dutch costumes for the parade, as is the duty of each "city father" in the Netherlands. It seems that all the members of the court had

Publicity

WILLIAM M. CONNELLY

He has been the dynamo behind the publicity that Holland is receiving through its "Tulip Festival" annually. It is needless mention the publicity of thousands of columns in thousands of newspapers, magazines and trade papers, augmented by the radio and the screen. "Tulip Time" copy is anxiously taken up by all avenues

of advertising. There is nothing quite so unique and so fitting as "Tulip Time in Holland" with an American public. In short, a private enterprise would give "a million a year" could they transfer the publicity that Holland gets into their own business and product they produce. The Holland City News will give more of that later.

been successfully garbed. However, the Burgemeester had lost his pants, and it was five minutes' worth of worry and scurry by our good mayor before his pants were located.

Gov. Frank Murphy, who was Holland's guest Wednesday at the Tulip Time festival, was given additional honors when a new variety of tulip was dedicated to him and named "The Governor Murphy." Announcement of the tulip dedication was withheld until the eve of the festival. Mayor Henry Geerlings was interviewed by Announcer Vic Linfoote from a specially equipped radio truck at the rear of the Warm Friend tavern. It was broadcast by short wave from Holland and picked up by a Detroit station for a rebroadcast as part of a 30-minute program. Mayor Geerlings greeted the radio listeners in the language of the fatherland, "Natuur Liefhebbers van ons land, Wy groeten U." (Nature lovers of our land, we greet you.)

Holland's new airport was christened by its first big ship Friday night at 7:38 p.m. when the Detroit News "Early Bird" landed at the airport after making the trip from Detroit to Holland, a distance of

160 miles, in 48 minutes. The plane is a Lockheed-Orion and is equipped with the latest word in automatic camera apparatus. It is a complete flying newspaper office. The pilot is Donald H. Walker, the only pilot to fly an auto-gyro plane 1,000 hours without a mishap. The "Early Bird," valued at \$50,000, flew over Holland this afternoon, taking pictures of the Tulip Time festival activities and tulip plantings and then on to Detroit, arriving there in time with pictures for Sunday editions of the newspaper. A large delegation was at the airport to greet the plane on its arrival. The delegation included the radio crew from Detroit, here to make a number of broadcasts over the week-end.

Miss Donna Severance, daughter of Mrs. Donald Severance, celebrated her fifth birthday anniversary, Monday afternoon with a party at her home at 517 West 14th St. The little guests wore Dutch costumes. Decorations, games and refreshments were in keeping with "Tulip Time."

this city. He feels enthused even though, as an Englishman, he gingerly walked home in a wet Dutch mantle after participating in the scrubbing of the streets. He tells all about it in the Exchange Club article on page four of this section.

Dignity

MRS. JOHN E. TELLING

She is the "reigning queen" of "Tulip Time"—not selected through a popularity contest, however. Mrs. Telling reigns with a kindly, but firm hand. She lends dignity to the "Tulip Festival" and she demands, above all else, that everything connected with "Tulip Time" be dignified. She abhors anything of a tawdry nature and stresses the fact that nothing must be in the celebration, in parade or activity, that is foreign to the thought expressed in this festivity. She is

open to reason; her large committee listens attentively to what she has to say, and by the same token, she listens attentively to the reasoning of her committee members. She has a unique way of asking them individually as to their thought on any question, and from these deliberations constructive work is performed. Mrs. Telling is an able executive, a fine lady of dignity, loved and respected by all her co-workers.

In The Netherlands. They banded together and came to Michigan, and it is understood that they came in three groups. The first group was destined to find the proper location and after this location was found the other groups promised to abide by this decision. One of these groups was headed by James Vande Luyster, grandfather of the man who just passed away. In spite of the fact that the ship, upon which James Vande Luyster sailed, was delayed two weeks because of an unseaworthy condition, he arrived in America first despite these handicaps. The name of the ship was "Kroon Prins Van Hover."

considered "somebody" in their respective province. In fact, Mr. Vande Luyster was a man of means, and he took with him and paid the passage of most of the fifty-six followers in their voyage on sailing vessels, the crossing taking a greater part of two months.

Nelson Vande Luyster, a great grandson, while taking a trip to The Netherlands a few years ago when he toured Europe, visited the old farm of James Vande Luyster and found the farm practically in the same condition as when the original owner, who came to pioneer America, had left it. In fact, those living there remembered the pioneer days that the owner of that farm had experienced.

These interesting pioneer stories—and there were many of them—were often related by John Vande Luyster. He took an intense interest in historic detail as this relates to Western Michigan, and he was able to give an authentic account of the settlement of the Hollanders in this vicinity, which included many amusing and interesting happenings.

HOLLAND PUBLIC SCHOOLS

A Complete School System Organized on 6-3-3 Plan

The Gateway to Education

FIVE ELEMENTARY SCHOOLS, each with kindergarten and grades one to six; two Junior High Schools, grades seven to nine; and Senior High School, grades ten, eleven and twelve. The buildings are so located that every child in the city is in easy walking distance of school.

In all grades of the school system particular attention is given to character and personality development, through the study and activity program. Initiative and self-discipline is encouraged in the children of all grades from kindergarten through high school. The students and teachers of the junior and senior high schools are organized into systems of student-teacher co-operative government. The Junior High School government is organized on the Federal Plan, and the Senior High School is organized as a city government. The students as well as the teachers take the responsibility for the government of the schools. The school is a laboratory for citizenship training.

Opportunities are offered for children of all types of intellectual ability. They may attain high school scholarship and prepare for college or university; they

may take woodshop, mechanical drawing, metal working, molding, upholstering, printing, home economics, fine arts, music. There are regular classes daily in vocal and instrumental music, several excellent musical organizations, both vocal and instrumental. A course is given in Journalism, the classes preparing all the copy for the "Holland High Herald" which is printed in the High School print shop by high school boys. The Bible is read in opening assembly every morning in all grades, kindergarten through high school.

There are special departments for crippled children, the deaf and hard-of-hearing, children of low vitality, and mentally handicapped children. Through instruction by specially trained teachers, treatment by physician and physiotherapist, and occupational activities suited to their abilities, these children are trained to be useful and happy citizens.

The schools maintain well-equipped playgrounds, and gymnasiums, and have a fine system of health and physical education. A school nurse carefully looks after the health of the children.

BEN KALKMAN GETS DESERVED PROMOTION

Ben Kalkman, of 44 West 22nd St., a member of the Holland police force for the past eight years was promoted to the rank of lieutenant by the board of police and fire commissioners at its regular meeting, Monday. The motion, for his advancement, made by Commissioner John Donnelly and supported by Commissioner Cornelius Stekete, passed unanimously. The board in showing its appreciation for his efficient work in handling the "Tulip Time" traffic for the past several years also voted him an increase in salary amounting to \$100 per year. Lieutenant Kalkman, in his thirties, is one of the youngest officers of the police force. The board was generous in its praise of the work of the officer and his force of policemen who successfully handled Sunday's motor traffic in which more than 50,000 cars poured into Holland.

City Clerk Oscar Peterson read a letter addressed to the board written by R. E. Heffron, acting traffic manager, in regard to a report from W. J. Schwoebel of Kalamazoo concerning the installation of a traffic light at the intersection of M-40 and US-31. The letter advised that further action will be withheld until a traffic count be made of peak conditions during the coming tourist season. The letter also advised that the signal flasher at River Ave. and Eighth St. had been called to his attention to the effect that it causes confusion among motorists and he requested the board to take action to rectify this defect to motor travel. The board voted to install "slow" signs at the intersection of Eighth

St. and Pine Ave. and ordered Police Chief Van Ry to purchase the necessary signs.

In considering the request of Clarence Jalving of the Peoples State bank that a time limit of 15 minutes be adopted for the parking of automobile in front of the bank, the board not only acted favorably on the request but also voted to adopt a similar ruling for the parking of automobiles in front of the Holland State bank.

The request of Fire Chief Cornelius Blom, Jr., for permission for the purchase of 250 feet of chemical hose at 35 cents per foot was acted on favorably by the board on motion of Commissioner Kamferbeek.

Fire Chief Blom also was given permission by the board to purchase a new hose nozzle at a cost of \$43 to be used in fighting oil fires. The motion was presented by Commissioner Hyma and supported by Commissioner Kamferbeek. On motion of Commissioner Stekete and seconded by Commissioner Kamferbeek it was voted to retain school traffic officers for the balance of the school term of five weeks.

Justice of Peace John Gallen reported officers' collections for April amounted to \$28.80. Commissioner Huizenga appointed himself and Commissioner Hyma to go to Lansing with City Attorney Elbert Parsons for a conference with the state highway department in regard to the installation of traffic lights along River Ave. Two members of the police and fire board and City Attorney Parsons were named at a recent meeting of the council to make this trip.

Exchange Club Entertains Men From Out-State

REV. FLOWERYDAY TALKS ON JOY, EXCELLENT MUSIC FURNISHED

In celebration of the Tulip Festival, the Holland Exchange club held a dinner meeting Monday noon in the Warm Friend tavern. Guests were present from various exchange clubs in the vicinity, since members had been invited from Grand Rapids, Muskegon, Grand Haven, Kalamazoo, and officers of all exchange clubs in the state.

The meeting was opened with prayer by the Reverend Paul E. Hinkamp, Hope College pastor. Attorney Vernon Ten Cate made a plea for "unity for service," and commended the club on its cooperation in the street scrubbing event last Saturday.

Guests were introduced, among whom were past president of the Grand Rapids Exchange club, Grant Eilers, W. E. Kellogg of Grand Rapids, and Grant H. Longbecker of Lansing.

Music for the occasion was furnished by Mrs. Charlie Miller and Mrs. Van Muir, who, dressed in picturesque Dutch costumes, sang several Dutch songs. Their first number was dedicated to Joe Geerts, Exchange club president, and G. G. Wood, vice-president. Their excellent rendition was rewarded by continued applause. In return for which they presented several encores. They sang "Jonge Meisjes," "Hollandsche Vrouw," "Pete Hein," and "Medellijend."

The second musical number was a marimba solo by Don Kramer, who has just returned from the national solo contest at Columbus, Ohio, where he placed in the first division in competition. Accompanied by Gerard Hanchett on the piano, he played "Second Hungarian Rhapsody," his championship number. The roar of applause by the audience showed that this number, arranged especially for marimba-piano duet by Gerard Hanchett, was well-appreciated. As an encore, Don rendered "The Flight of the Bumble Bee" by Liszt, one of the collection played by him on his tour with Major Bowes.

Don's dad was next called before the club to give his version of how he sustained his "chinner," which was in his possession at the time. For this, Mr. Kramer maintained, he had two versions—the truth, and the version which he told his wife. Neither one did he relate to the club. Rev. Wm. G. Flowerday, Exchangeite, and pastor of the First Methodist Episcopal church, presented the major address of the day. His address was entitled, "Ringing the Joybells of Life."

He was introduced as "the inherited member from Lansing." "Holland," during Tulip Time, does more than any section of the United States," Rev. Flowerday asserted. "Perhaps some don't agree with me, but this is nevertheless the truth."

While the radio broadcast figure of Tulip Time participants in the parade was 15,000, the speaker maintained that there was exactly 14,350. He also exposed a plot, of which he was the author, whereby he plans next year literally to dampen the spirits of his fellows in the street scrubbing event. Referring to his wet costume on last Saturday, he maintained: "It was really a disgrace to my Dutch pants to have an Englishman walking home in them in the way I did." The speaker commended the idea of a Killing of Blue-Monday Club, as it has been established in a New Hampshire town.

"It's a grand thing to be an American," he asserted. "It's the highest honor in the world today."

New Parking Is A Foolish Arrangement

(Continued from Page One)

The aldermen could not be reached. Ald. Huyser stated that "the council could not do business that way; it was not the mandate of the people but the mandate of the council."

The widening of the city streets, seventh and ninth from River to Columbia, and tenth from River to College, was approved as a WPA project combined with funds to be taken from the County Road Treasury fund that was received as a rebate on the gasoline tax from the county which Holland received \$18,812.82.

The fund received from the council will be placed in a special fund and not used for any other purpose.

No action was taken by the Ways and Means Committee in regard to the request of Fire Chief Blom to establish a new fire station at the south end of the city, the purchase of a new truck or the hiring of extra drivers to relieve and shorten the hours of the present drivers. Alderman Prins brought up the question of relief drivers and wanted the council to take some action in regard to this measure.

Mayor Geerlings brought up the fact that the police board is considering this matter and will have the situation taken care of inside of the next few weeks. On motion of Alderman Prins and seconded by Kleis, the council went on record as approving the action of additional drivers for the fire department.

Mr. Prins stated that he was wholeheartedly for all the improvements that Mr. Blom demanded, but he stated, "the paramount need now is the 24 hours off and 24 hours on of the drivers." He stated that sometimes they were there 75 hours without a respite, and that was unfair. He contended that the Holland Fire Department is second to none, and over all these years the men have been diligent, loyal, unselfish and worked cheap. He says our Fire Department is our best insurance against destruction of life and property by flame, and that, at least, ought to be the first step taken of all the proposals suggested. And the Holland City News says, "Amen."

Mr. and Mrs. T. Talsma of Ludington were week end guests of Mr. and Mrs. A. R. Tibbe, 281 East 13th St.

COUNCIL NOTES

After much hurrying through the City Hall Clerk Oscar Peterson found all the aldermen to that a meeting could be held Wednesday evening. All were present with the exception of the two big "little" members of the second ward. It was thought the ward would not be represented but, after several minutes of session, Alderman Kalkman came in, all out of breath but smiling—he did not state why he was late.

Alderman Henry Prins is a "chip off the old block," as the saying goes. Prins is not one to waste words in the council meeting nor take time to do a lot of expostulating, but Wednesday when the parking discussion came up Prins was ready to defend the merchants, the city and every one in his action to make the state Highway Department find out that they were not the governing body of the city of Holland. The young first ward representative spoke often but every time he opened his mouth he spoke with telling effect. Henry is surely among the fool parking system now in existence on our principal business streets.

Alderman Huyser in his quiet way asked that a special fund be created for the monies that were received from the Ottawa County Road Commission for the back gasoline tax. Let us call it road tax or something just so we have a special fund. This won the approval of the council.

City Engineer Jacob Zuidema was called upon several times Wednesday evening in regard to street matters, even to the parking in regard to angle or parallel. He always seems to explain things to the satisfaction of the council. We have to hand it to Jake—he really knows his stuff and Holland is to be congratulated on having a chief engineer of his caliber and an assistant that is also "right on the job" at all times.

The bonds of C. Kalkman, and Mr. John Bontjeke as sidewalk contractors were approved and the bonds of Gerrit Kraat as city scavenger were approved.

There was no time for the many little side council meetings Wednesday. All the members of the governing body of the city seemed ready to leave at the close of the meeting, some to hurry home and others, including the Mayor, to hurry to the Warm Friend Tavern to attend the Governor's Aero-Banquet which was in charge of our friend Neill Vander Meulen, who is an expert in running an affair of that type.

It was the calm attitude of City Engineer Zuidema that quieted the ruffled emotions of some of the residents on West 12th street when the subject of closing the alley at the Crampston property was brought up. When called upon, Zuidema's explanation of how the city would not allow it to be closed and were receiving footage for an opening, the storm was cleared away and both the council and the residents had a real picture of the situation.

Following the reading of the rezoning petition by Clerk Oscar Peterson, and as no one voiced opposition to same, the Chamber of Commerce subdivision, better known as lots on 28th and Washington blvd. were rezoned to become a commercial district. This was done to allow the board of public works a place to put the new water tank. The motion was made by Alderman Prins and seconded by Alderman Kleis. On motion of Alderman Jacob Bultman the closing of the dead end of Lawndale court was approved with the motion seconded by Alderman Prins.

The granting of the Globe Construction Company of Kalamazoo \$3,452.52 for their work on the Van Raalte Avenue paving was approved.

In order to save time Alderman Prins moved that all building permits issued between May 3 and the present council date be approved subject to the fire chief and the city engineer. This included 18 permits.

The Board of Public Works had a banner collection for the first 14 days of May when the report turned in to the council revealed that \$29,047.71 had been collected.

The expenses for the various boards were approved as follows: Hospital, \$1,087.75; Library, \$363.83; Parks and Cemetery, \$916.40; and the Police and Fire Commissioners, \$287.03.

The placing of the city printing with the Holland City News was approved.

The City Engineer was instructed to make plans and figure estimates on the paving in the blocks of 20th and 21st streets between Maple and Washington Aves. This is to be considered in connection with a WPA application. The matter was referred to the committee on streets and cross walks. It was also placed with committee to confer with the engineer in regard to the cost of repaving the block between River and Pine Avenues on 3th St. which is in very bad condition.

Gerrit John Hulsman, 66, died at his home, 200 West Eighth St. following a lingering illness. Born Dec. 12, 1870 in Overisel, he came here 12 years ago. He has been employed at the H. J. Heinz Co. He was a member of the First Reformed church, and the Meek Ault Bible class. Surviving are the widow; two daughters, Mrs. Gus Peters of Overisel, and Homer Bolks of Hamilton; one son, Harry Hulsman of Hamilton; nine grandchildren; a brother, Herman Hulsman of Overisel; and a sister, Mrs. Herman Walters of Holland.

Funeral services were Tuesday at 1:30 p. m. at the Dykstra funeral home, and at 2 o'clock in the First Reformed church, with the Rev. James Weyer officiating. Burial was in Spring Home cemetery. Friends were privileged to view the remains at the home Sunday from 2 to 4 p. m. and Monday from 7 to 9 p. m.

HARBOR JOB GOES FROM FATHER TO SON

Austin Harrington has been Harbor Master of this port as long as we can remember. He has been on the Harbor Board and does harbor work for nearly two score years. This year he felt that he had occupied that position long enough, and made a request that he would be pleased if the council would appoint his son, Harry, to the position. Harry has taken a deep interest in this port and has piloted many a boat of tremendous proportions into this harbor, down the bay to the docks at the foot of 8th St.

The Harrington brothers, Harry and Carl, practically "live on the water." They tended to the light boats down the bay when these were very crude affairs. Lighted with oil. Every night they would jump into a launch and see that the lights were properly taken care of.

Captain Austin Harrington undoubtedly has been more closely connected with this harbor than any man since this port was established. Even as a boy he sailed on tugs and pleasure steamers and for a good many years he was busier on the old "Macatawa."

He also was captain of several ferry boats for many years. Captain Harrington undoubtedly has more data on Holland harbor today than has any other man outside of the U. S. Government.

CAPT. AUSTIN HARRINGTON

He has the average tonnage annually, covering a period of a half century. He knows the action of the currents, the depth of the water, the harbor in storm and in calm; he knows the effect of the Chicago Drainage Canal on this and other ports; he remembers the time when Coats, Roost and the Kanter's family helped to build our piers. He will tell you that Rokus Kanter and his sons built the first piers with brush as they did in the old country, a method they later followed at Lincoln Park, Cleveland, and Galveston, Texas.

Austin Harrington never failed to attend a harbor meeting, whether on a junket, on a trip to Washington or to Milwaukee, where the largest engineering office is located on the Great Lakes. There have been considerable opposition recently to the methods used in dumping the silt from dredging within the body of the lake. Many are opposed to that and the Harbor Board has been blamed for a great deal of this. Undoubtedly, as the writer sees it, it would have been better to haul the silt out in Lake Michigan provided it is hauled out for enough to prevent contaminating our bathing beach, and at the same time would have been the riley water in the inner bay that is stirred up by fishermen, and of course, dirty water, but on the other hand, harbor builders are under instructions to build harbors from headquarters, whether they be dredging or otherwise. Getting a hearing is the most difficult thing in governmental affairs, for they have their plans made and laid.

Without going into the details of the harm certain methods have done to fishing, or the good it has done to deepen the channel, we feel that right or wrong, Captain Austin Harrington deserves a meed of praise for years of unselfish service on and in behalf of this port. Being a member of the Harbor Board, the writer assures that there is no salary connected and Mr. Harrington's efforts for more than forty years have been gratuitous and sacrificial.

HOLLAND BOY SCOUT SELECTED TO BE DELEGATE TO THE NETHERLANDS

The Ottawa-Allegan council of Boy Scouts has selected Harvey Hop, 19, 321 Central Ave., to attend the world jamboree of Boy Scouts to be held July 29 to Aug. 12 at Vorel-rang-Bloemendaal, The Netherlands, according to Joe Kramer, chairman of the committee which made the selection. Richard De Ridder, 246 East Ninth St., a member of Troop No. 6, was named as alternate by the committee of three. Scout Hop is assistant scoutmaster of Troop No. 9, sponsored by the Hope Reformed church. He joined Troop No. 10 of the First Methodist Episcopal church in October, 1930, and served as junior and senior patrol leader.

When only 16 years old, Hop served as scoutmaster of the troop for two years and then as assistant scoutmaster. In March, 1936, he became assistant scoutmaster of Troop No. 9 but he has carried out the duties of scoutmaster. Hop has earned 29 merit badges and has had three years of summer camping, one year being in charge of two troops.

He will make the trip abroad as a member of the U. S. Grant council of Boy Scouts, Freeport, Ill.

Along with other scouts, he will sail from New York City on July 18, arriving in Southampton, England. The great trip will spend five days in London, make an overnight crossing of the English channel, and spend four days in Paris, after which he will arrive in Brussels, 14 days at the world jamboree. The troop will spend the afternoon of August 13 at Cologne, three days in Berlin, three days in Copenhagen, and will sail from Hamburg August 26, arriving in New York City Sept. 3.

Present plans call for Hop to leave Holland with the jamboree train which will attend the national jamboree in Washington, D. C., in June.

Gov. Murphy, Too Gets "Klompfen" Irish And Dutch

ings for prosperity and success for Holland. The text of the message is produced elsewhere in this issue. State Senator, Ernest Brooks, was called upon to introduce Governor Murphy. "Here the Tulip and the Shamrock intertwine," stated the senator, after which he introduced the governor as "the great conciliator and peace-maker of the present day."

By an elaborate ceremony, a new variety of tulip, the Governor Frank Murphy, was dedicated to the governor's honor, while he, in turn, dedicated the Dorothy Van Otterloo tulip to the lovely lady of that name, who has played such a large part in Holland's Tulip Time.

"The governor is beset by a number of problems," he asserted in his address over the loudspeaking system, "but no part is more important than taking part in Holland's Tulip Festival. This festival is not only a floral display, but demonstrates the character of the people of this community above all else. If the character of these Holland citizens were exhibited throughout the state, there would be little trouble in the state."

The governor stressed the "good will, tolerance, orderliness, and stability" of the Holland people, and stated that, in keeping Tulip Time, the people of this community are building the America of the future.

"It is the duty of every American to secure his fellow-American from every injustice. We are facing a new social and economic order. Practicing the Golden Rule, I feel, will end our troubles. Our government is human and understanding. But, it is necessary that one group understand the other, and that we be helpful to one another. Our government is fragile, and can easily be destroyed," concluded the governor, "and only something spiritual, I feel, will keep it from crashing. There is a passage in the Good Book, which I believe, we may remember with profit. I refer to St. Paul's discourse in Corinthian, where he encourages the strong to aid in bearing the infirmities of the weak."

The ceremony was concluded by the playing of the National Anthem, after which the governor and party adjourned to the home of Senator and Mrs. Brooks, where a public reception was given in the governor's honor.

The following were the honored guests at the Governor's Day celebration Wednesday:

Hon. L. C. Hughes-Hallett, Consul for Great Britain, Dean of the Detroit Consular Corps; and Mrs. Hallett.

Hon. Wm. G. Bryant, Consul for The Netherlands, vice Dean of the Detroit Consular Corps.

QUAINT DUTCH CEREMONIES TO GREET VISITOR

(South Bend News-Times)

Dressed in quaint Dutch array, Holland Friday was prepared for annual Tulip festival to start at 10 a.m. Saturday with opening of the "Made in Holland" exhibition.

The festival is to continue until May 23.

Highlight of Saturday's program will be the street scrubbing spectacle and great Volks parade, featuring the Klompen dance. Wearing costumes of true Hollanders, hundreds of residents are to take part in this event to be broadcast over a nation-wide hookup.

Tours through Holland's vast tulip fields will be conducted each day of the festival. The tulips now are just starting to bloom, and are expected to continue in bloom during the entire festival.

An outstanding attraction will be the "1937 Dutch Village," being staged with meticulous care for accuracy in portraying traditional scenes of the Netherlands.

In this there will be the ever-present canal, on which will ply a full-sized boat—with a patched sail, and the street bordering the canal and its continuous procession of dog carts, pigs and monkeys. The cycle of the program will be from early morn, when the town crier arouses villagers, through the day, to night, when the rising moon reveals two lovers in a boat on the canal.

Two of the members, dressed in costumes and carrying an oxen yoke to which were attached baskets of tulips, presented Mrs. Elio Emery, worthy matron, with a beautiful bouquet of tulips. They presented Clarence Hall, worthy patron, with a pair of wooden shoes. After the program refreshments were served in the dining room.

Memorial Sunday In Hope Chapel

NO BALL GAMES TO MAR
THE DAY

Committees Are Appointed

A large gathering possibly the largest in history, came together in the G.A.R. rooms in the City Hall brought about because of the call sent out by Mayor Henry Geerlings, asking that those interested gather to make the necessary preparations for Memorial Day, despite the "Tulip Time" activities. The entire program was gone over, committees were appointed, Prof. Paul E. Hinkamp of Hope College being selected as speaker of the day at Centennial Park at 9:00 Decoration Day morning.

Last year, at the invitation of Dr. Wynand Wichers, the Sunday services were held in Hope Memorial Chapel. It has always been customary to give the different pastors of the city turns in conducting these services at their respective churches. This meant crowding the regular services and sometimes long walks to out-of-way churches. It was deemed best to select a centrally-located place, and conduct Memorial services during Sunday afternoon, when there are no other services. That is why 3:00 in the afternoon was selected.

Hope College also aids in pipe organ music and the choir also contribute on an occasion of this kind. The pastors of the different churches, however, are given their turn. This time Rev. James Weyer, pastor of the First Reformed Church, was selected.

There was no change in the line of march. Only the new Grade School Band is to be added with the several other bands, including the Holland Martial Band. The exercises at the grave will be in charge of Martinus Vande Water, Spanish-American War Veteran, who has been in charge for some time.

Dr. William Westrate will be Marshal of the Day and will have several assistants.

The proclamation of Gov. Frank Murphy will be read by a high school student, Edward Hindert, who won oratorical honors. This proclamation is read at the opening of the exercises at Centennial Park.

Lincoln's Gettysburg address will be read at the Soldiers' Monument in Pilgrim Home Cemetery by Miss Lucille Butler, who won oratorical honors at Hope College.

Officer Ben Kalkman, who was present, wanted to know if it would be necessary to clear the streets for the parade, since there is now a great deal more room for parking under the new system. The gathering felt that this year no changes should be made, but the streets should be cleared and that the line of march remain the same.

Al Van Lente, Chairman of the Flag Committee, asked that new flags be purchased for the markers on the soldiers graves and this was concurred in.

It was also decided that there would be no sports allowed or no baseball games at Riverview Park. Mayor Geerlings guaranteed that the park would not be open Monday, May 31, when Decoration Day will be celebrated.

Memorial Sunday will be observed on the real date of Decoration Day, since that falls due on a Sunday, but Memorial Day itself, will be observed the next day, on Monday.

Three thousand school children will be in Dutch costumes like this all week in Holland as that picturesque community celebrates tulip festival time. These children are shown at the Nellis tulip farm.

TULIPS AND TIME

Old songs are best—
Have stood the test:
Been sung for years and years with zest,
As witness "Auld Lang Syne";
We meet, we part,
This song we start,
And sweet emotions stir the heart,
Much more than vaunted wine.

Old blossoms too,
For me and you
Are hallowed by the years they grew,
As witness Tulip flowers:
We trace their spoor
From Asian shore
To Netherland at every door.
And now we call them Ours.

They are entwined
With things we love to call to mind
Before The Folks came West:
With garments which
Still hold the stitch
In ruffles and embroidery rich,
By hands now long at rest.

— With Days of Old
When men were bold,
And Hero tales of them were told:
De Ruiter and Piet Hein —
Who braved the Lees
Of Europe's seas
However strong the foe or breeze —
They kept their ships in line.

— With wooden shoes
And things in use
When Delft was famous for its Blues —
In "Tontor-pot en Vuurslag"—times;
— With Art combines:—
Red letters, lines
In books by noted Dutch Devines,
And Poets' famed Dutch Rhymes.

We live again
In what has been,—
At Tulip Time, from now to then,—
Recall historic hours;
Each scene appears
Through mists of years,
As though time lingers, drifts and veers
Upon this sea of flowers.

— Ralph Schepers, R. R. 6.

GRAND HAVEN MEN INJURED IN ODD ACCIDENT

Two Grand Haven men suffered minor injuries in an automobile accident north of Ferrysburg on U.S. 31 but because it was a rear end collision and one car was pushed into a ditch, both parties thought the other left the scene without reporting the accident until state Trooper William Gill investigated.

Harvey Miller, 32 years old, a machinist on the cutter Escanaba came into state police headquarters about 1 a. m. Friday to report striking a car in the rear. The machine, he thought drove away, immediately. Mr. Miller was removed to Hatton hospital for treatment of a broken nose, shock and minor cuts suffered when he was thrown against the steering wheel and windshield of his car.

He was dazed by the blow.

George Jones, 65 years old, chef at the Hotel Ferry, Grand Haven, was also dazed and his right arm injured by being thrown against the steering wheel. He remained in his ditched car about two hours until a passing motorist brought him home.

The Holland hospital reported the following births: Mr. and Mrs. Elzinga, 181 West 13th St., a son, born Sunday; Mr. and Mrs. John Wassink, 176 East 18th St., a son, born Monday; Mr. and Mrs. Gabriel Brower, 41 East 20th St., a son, Monday afternoon.

Kalkman and staff.

Flag—Albert E. Van Lente, Maurice Huyser, Earl Nivison, Gus De Vries, Ed Slioter, Jake Bultman and George Manting.

Mayor Henry Geerlings presided and Ben Mulder, secretary.

PROGRAM PREPARED FOR ACHIEVEMENT AT BEECH- WOOD SCHOOL MAY 25

Everyone interested in Home Economics Extension work is invited to attend the Ottawa County Achievement Day program which will be held at the Beechwood School, Holland, on May 25.

Exhibits or rugs made in the house furnishing project and posters and samples illustrating the points brought out in the clothing project, will be on display.

Prof. Robert Linton of the Educational Department, Michigan State College, will give the main address. Other features of the day will be the presentation of the certificate of achievement, a play presented by a Zeeland group of women and special music furnished by the Beechwood School.

Luncheon will be served at noon by the ladies of the Methodist Church in Holland. All reservations should either be made with the leader of a group or sent to Mrs. Arthur White, 552 College Ave., Holland.

It is planned to commence the program promptly at 10:30 but the exhibits will be ready at ten o'clock.

Beginning this week the postal savings and money-order windows at Holland post office open at 9 o'clock instead of 8:30. The change was made as a direct result of inspection of the local unit by postal inspectors recently. They asked that the windows not be opened until 9 o'clock to comply with the federal regulation concerning first-class post offices. The announcement was made by Postmaster L. J. Vanderburg.

How Others Like Klompen In Holland

"DETROIT TIMES" GIVES
THIS STORY AND A HALF
PAGE OF PICTURES

The Detroit Times sent a special correspondent to Holland who witnessed the opening of the "Tulip Festival" and writes as follows:

By John Kaufman

HOLLAND, MAY 15—Quaint old Holland took on its gayest mood today when the 1937 Tulip Festival formally opened to the resounding Klompen as the natives scrubbed the streets to a shiny brightness.

Under skies that indicated a week of gaiety as the sun beat its rays upon the city, Old Mother Nature waved her magic wand and 3,000,000 tulips asleep in their beds in city parks, lawns, the tulip farms and along the curbstones, spread their blooms to dazzle the eyes in a variety of colors.

Three hundred Hollanders, the men in puff breeches and the women in tight bodices and full skirts, the costumes of their fatherland, and all in wooden shoes (Klompen) took part in the street scrubbing ceremonies, mixing play with their work.

3,000 CHILDREN DANCE

Their wooden shoes, keeping time with the lifting tunes of Dutch street ditties, centuries old, in the costume of their native province in the Netherlands, joined their parents in the traditional Klompen dance that followed the street cleaning merrymaking.

On Saturday, the Dutch made merry. On Sunday, they go to church. No other people in Michigan observe the strict requirements of church attendance as do these Hollanders. Every business place, with exception of a few drug stores, will be closed. Visitors will find only tours of the tulip farms and the beautiful parks listed on the program for Sunday.

However, a special Dutch Psalm service will take place in Hope Memorial Chapel, on the Hope College campus, at 4 p.m. tomorrow, to present further a traditional service among the Hollanders.

OPEN DUTCH VILLAGE

Many visitors expect to see something portraying the quaint life of the people of the Netherlands. To meet this desire, a conception of a Dutch Village has been erected in the Holland Armory, designed by H. S. Houtman, to be opened each day, except Sunday, during the festival.

The vivid colors of the red and blue tiled roofs of the tiny brick or plaster houses, the maroon sails with orange patches reflecting in the waters of the canal, the bright hues of the costumes and freshly painted dog carts, give the exact impression every traveler receives at his first visit to the small towns of the Netherlands.

Tickets to the Dutch Village are obtained at an authentic reproduction of a Holland grain-grinding windmill. The slow turning wings seem to continually beckon the onlooker to come and spend 15 minutes to an hour in the atmosphere of the old world. Smiling maids in white caps and flowing skirts of many colors are waiting to show visitors to seats from which they may watch the Dutchmen at work and play.

In addition to the Dutch Village there is a "Made in Holland" exhibition and Netherlands Museum.

Monday's program includes a tour of the tulip farms, open house on the two Georgian Bay liners in dock to provide hotel accommodations, and a concert by the American Legion Band at the Holland High School at 8 p. m.

On Wednesday the 3,000 school children will again have their day when they stage their annual festival parade in a parade steeped with all the Dutch traditions and vivid colors of the Hollandish costumes.

Gov. Frank Murphy on Wednesday will pay his first official visit to Holland to pay his respects to "Tulip Time" and will be tendered an aero-banquet at Warm Friend Tavern. Later in the evening he will be honor guest at a public reception at Centennial Park.

On Thursday an air show will feature the dedication of the new Holland airport, and on Friday a concert will be given by the West Shore Festival Chorus of 250 voices in Hope College Chapel.

Next Saturday nearly 80 bands from high schools in western and southwestern Michigan will pass in review at Riverview Park, another colorful feature of the tulip festival.

Following the band review, a grand parade will be staged, with the bands and Dutch costumed units taking part as the grand finale to a week of Dutch gaiety.

OTTAWA SPORTSMEN WILL OPPOSE BILL

Ottawa county sportsmen are preparing petitions against a provision in a recent legislative bill, permitting farmers to shoot rabbits in any season of the year on the pretext preventing damage to crops.

The bill, as was reported by one hunting enthusiast, gives authority to the farmers or his employees or agents, which it is alleged, provides too much leeway. The petitions will be circulated and sent to State Rep. Nelson A. Miles with the request he vote against the bill.

Mr. and Mrs. Bert Rismink and daughter Phyllis of Holland spent Sunday here visiting their parents, Mr. and Mrs. Peter Bloemman, at their home on North Elm street.

THAT BUNCH IS STILL SITTING AND "COFFEEING" 365 DAYS LATER

—By Baumartel, Holland

Just a year ago "Vaudie," "Klomp," and "Boter" (not butter) sat down to a table in the "Koffee Kletz" to show off their Dutch extraction. A year later another "Tulip Time" has rolled

around and these "Three Musketeers" are a till glued to their chairs at the "Koffee Kletz" table. "Caffeine intoxication" they must have by this time, or shall we say, "a bilious fever" is bound to

be the result? But, you saw this picture last year, and now this year they are there still. Will their friends please drag them away, so they can sell furnaces, clothing and post up hand bills?

ALL BLACKBIRDS NOT BLACKBIRDS

Special caution should be exercised by anyone attempting to shoot blackbirds this year. At present there are but two of the dark-colored species of the blackbird family in Michigan which are not protected by the new federal migratory bird treaty between the United States and Mexico. These unprotected species are the bronzed grackle and rusty blackbird. The new covenant between the United States and Mexico protects red-winged blackbirds and cowbirds at all times of the year in both countries. The rusty blackbird is found in the state only during spring and fall migrations.

Donald Kramer, Holland High School senior and talented marimbist, was rated in the first or "highly superior" division at the National Band Festival held in Cleveland the first of the week. He received this rating in his solo performance. This highly coveted honor has been won for the first time by a Holland participant. Other local young people to place favorably in the festival were Gordon Berkel, clarinet soloist, who was rated "excellent" or third division, and the woodwind quintet, who also were given a rating in the third, or "excellent" division. Composing the latter group were Gordon Berkel, clarinet; Kenneth Vander Heuvel, oboe; Cecil Bacheller, flute; Bruce Mikula, bassoon, and Ted Evans, French horn. Two new varieties of tulips, developed at the Nelis Tulip Farm were dedicated Wednesday night, during the public reception at Centennial Park, given in honor of Gov. Frank Murphy. Cornelius Vander Meulen, chairman of the governor's day program, presented Gov. Murphy a bouquet of tulips which were named in his honor and he in turn presented Miss Dorothy Van Otterloo a bouquet of tulips, named in her honor. Miss Van Otterloo, of 51 West 12th St., has been pictured in numerous Tulip Time pictures. "The Gov. Frank Murphy" tulip is a large petaled Darwin, light scarlet inside changing to a blue black center. The outside shades from the scarlet edges to a bedewed orchid at the base of the petal. The "Dorothy Van Otterloo" is a double Triumph tulip with pointed petals of American Beauty red, shaded to a canary yellow center.

Statisticians of St. Petersburg, Fla., have pointed out that for every dollar spent by that city for advertising, \$700 is brought back in tourist business. One of the first American cities to appropriate tax funds for direct resort advertising, St. Petersburg has spent approximately \$1,000,000 in the past 25 years. City information bureau records over the same period disclose about 2,250,000 tourists visited there. Drum Corps Of City In Service Over 50 Years

HISTORY OF MARTIAL BAND IS RELATED BY ONE OF ORIGINAL PLAYERS

But Two of First Members Still Active; Play on Memorial Day

Printed in the Tulip Festival edition of the Holland Evening Sentinel. This story is republished through their courtesy.

By BEN MULDER

I have been repeatedly asked to write a story on the old Holland martial band, prominent in the line of march on every Decoration Day. This drum corps has been in existence for the past 51 years. Originally it was a political organization and was named the Republican martial band. It was organized in De Grondwet building on River Avenue and Seventh Street, where the Dutch paper is now located. At that time there was a place for public gatherings there called De Grondwet hall.

The late Charles Doesburg and myself started the movement going for a drum corps to be used in political campaigns. Immediately there was quite a response from the young chaps of the city, for in those days the sources of recreation were few—no movies, a stage show about once every two weeks and the lodge were about the only pastimes for Holland citizens.

There were several meetings before the band was finally organized. The original band was composed of 24 snare drummers, four bass drummers, 24 flutes, four buglers and two drum majors.

This body of young men was well drilled by Capt. Peter Moes, for many years an officer in the old National Guard. In fact the members of the corps, before their instruments were secured, were more of a drill squad than a band. It was evident soon that a place for drilling was necessary and the large skating rink on Seventh Street, now owned by the IXL Machine Shop, was leased by the Republican martial band and put in shape not only as a drill armory but also as a skating rink and a dance floor.

Yets Are Teachers

The instruments were then secured through great effort, partly through public subscription and partly through the meager funds that could be secured by the members of the band.

The young men received their instructions on the life from the late "Dad" Huff, living at Ventura, northwest of Holland. This old veteran went through many battles during the Civil war and carried bullets in his body all through life. He remained a member of the corps for over thirty years and up to the time of his death, which occurred on a Memorial Day.

The late Grant Scott taught the drummers how to drum army style and Grant surely knew how to handle the sticks. Every drummer knew the two-four, flam and double drag. Both Mr. Huff and Mr. Scott played these respective instruments through the entire Civil War and they were in the thick of it and thoroughly bullet-scarred.

I will never forget that my brother, the late Charles L. Mulder, was considered the best drummer in the corps. He led the first line of drummers, and "you're truly" the second line. It was my brother Charles who taught the drummers when the soldier-teachers could not be present, and he could handle an army drum nearly as well as could his teachers. Charles passed away in 1904, 33 years ago. Before that time he was associated with me in publishing the Holland City News.

Anyway, after spending an entire winter and spring with drilling and martial music practice the boys were raring to get engagements so they could do a little showing off in public.

The writer was the corresponding secretary, whose duty it was to write to officials in cities where celebrations were to be held. To the great delight of the young band, a letter to Muskegon brought results for a Fourth of July engagement. It was a tremendous affair and while the Holland band made a splendid appearance in white and blue, and were drilled to perfection, too often a neglected feature in other hands, they could really only "come across" with one tune and that was "Yankee Doodle." With this limited repertoire, the band decided to "bluff it through" and boarded the early C. and W. M. train for the "Sawdust City," the railroad company having decided to carry the band free provided enough patrons took the excursion to Muskegon to warrant this.

"Yankee Doodle"

Well, Holland was out in force and the crowd was so tremendous two extra coaches had to be shunted out of the yards to take care of the overflow. The train arrived at Muskegon shortly after seven and the music committee was on hand to take charge of the band. They were indeed surprised when the boys came to line up at the depot, the drum major at the head, topped in a tall white "chapeau." No military company knew "forward four right" better than did those band boys and naturally the committee was pleased.

The chairman of the committee then asked for a tune from the Holland aggregation and with a thunderous roll of nearly 30 drums and the shrill shriek of as many fifes, half of Muskegon heard the old familiar tune "Yankee Doodle." "It was marvelous," they said. "Give us another and we will march to the Occidental hotel," which was headquarters. Headed

COUNTY TAX GROUP MET RECENTLY

(Grand Haven Tribune)

Adrian Van Koeveering, Zeeland, appointed by Judge Cora Vande Water, as representative of a 12th grade school district, was chairman of the Ottawa County Tax Allocation commission at the organization meeting recently. Mr. Van Koeveering has headed the group since its inception three years ago.

Three allocations were made yesterday: Ottawa county, five mills, which is a half mill higher than last year; Holland city schools, 9.90 mills and Grand Haven city schools, 7.75 mills. Holland requested 11 mills and the Grand Haven schools requested the amount allocated.

The two largest school districts in the county were allocated at the first meeting to co-operate with the cities in preparing the tax bills for the summer collections. The remaining school districts collect in the fall.

The meeting this year was distinguished from other years by receiving reports from very nearly every supervisor and school district in the county. In the first years of the commission it was a task to get the reports in early.

The board adjourned to meet May 24, because the legislature which is expected to continue through May, might pass measures having an effect on taxation. Those present at the meeting were Mr. Van Koeveering, Nicholas Spruietama, county treasurer; Gerrit Groenewoud, school commissioner; Ben Mulder, Holland; Henry Slaughter, chairman of the finance committee of the board of supervisors, and William Wilds, clerk of the board.

Miss Marguerite L. Oudemool announced her engagement to David W. Louwenaar, a graduate of the 1937 class of the Western Theological seminary, at a party given in her honor recently, at her home, 47 West 15th St.

more than a week before the convention date and the glue was thoroughly hardened. A young chap by the name of George Vande Woude played the army drum, dressed in a continental, or George Washington, suit in order to picture the painting accurately. Rain, however, had not been figured into and as the parade swung into Western Avenue the shower came and to the surprise of the "Spirit of '76," first one hoop fell to the pavement, then the drum head and finally the shell of the old army drum. The glue had been dissolved by the water and the pieces of the instrument were soon trampled underfoot and were never seen again.

At the time when the false Armistice was declared, at the close of the World War, I had stored in the Holland City News office five snare drums, one bass drum, some Continental suits and one large flag. A mob raided the office, appropriated the instruments as bedlam broke loose in the street below and up to this day not a drum, uniform or flag has been recovered. Those who remember that day in Holland and all over the nation will not wonder considering the rough handling this property must have received, for the enthusiasm sure was intense and at that, what did a few drums matter considering that this ended the most terrible strife of a bleeding world.

I could continue indefinitely with incidents as this relates to the Holland martial band but these at least are the highlights. The drum corps today is composed of Peter Steggerda, Peter DeKraaker, John Steketee, George Steketee, Edward Stephan, Anthony Van Dort, Jacob Steketee, George Dalman, Cornelius Dalman, Clifton Dalman and myself.

There are no dues, there is no practicing and we meet once each year on Decoration Day.

Two Now Active

Some 30 years ago there was a heavy down-pour as the parade swung into Columbia Ave., towards the cemetery. The marchers naturally were thoroughly soaked but the greater part of the program and the parade feature was over when the storm clouds came. After the drenching, the sun again appeared and the program was completed at the cemetery, witnessed by a rather bedragged and dwindled audience.

When the Holland martial band began to take part in Memorial Day exercises, there were more than 160 "boys in blue" still living and they generally were in line behind the band. Today only the fine old gentlemen, John Douma of Holland and Swan Miller of Macatawa Park, who always wants to be numbered with Holland's surviving soldiers, are the only ones to remain. Both are well in the 90's, and their marching days are over.

Cornelius Dalman and I are the only active members of the original corps and that activity crops out about once a year. The boys playing today are about the fifth or sixth crop of players since the original band was organized. Younger chaps get interested and join from time to time, starting as fill-ins.

There are still several members of the original corps left who have not been active in late years. Our captain Peter Moes, advanced in years, still has that soldier bearing and is seen on our streets nearly every day.

The members living that come to mind at this time are Joe Mertens, Henry Winter, Fred Kooyers, Al Baker, Benjamin F. Dalman, Dick Vander Haar, Cornelius Dalman, Henry De Kraker and Al Vanden Berg. Bill Vanden Berg, also a member, passed away this spring.

The late George Van Landegand was also a member of the original corps and often acted as drum major when Captain Moes was not present.

The End of a Drum

Rather an amusing incident took place when the band attended a convention at Muskegon. The special feature again was the "Spirit of '76." In order to make the tableau more realistic, "you're truly" "dug up" a large army drum. The drum was so worn and devoid of fastenings that we conceived the idea to glue it together. Anyway, the drum was in shape for use

Holland Martial Band when it went to Detroit in 1891 to the National G.A.R. Encampment. The entire personnel is not in this picture, since the cameraman's lens was not large enough to take it. Remember, this was 46 years ago.

THE farmer with a telephone has a big advantage when it comes to selling what he produces. And buying what he needs.

Is the price of wheat up today? What are they paying for fancy broilers? How are hogs doing? Will the cost of fertilizer go up or down? What are they quoting eggs at today?

The telephone can get you the answers — can get them quickly and cheaply. It can help you to buy when prices are low, and sell when prices are high.

In just one business deal, the telephone can save or make more money for you than the service costs for many months.

The Source of Holland's Electric Power

Electric Energy is a Boon to Mankind!

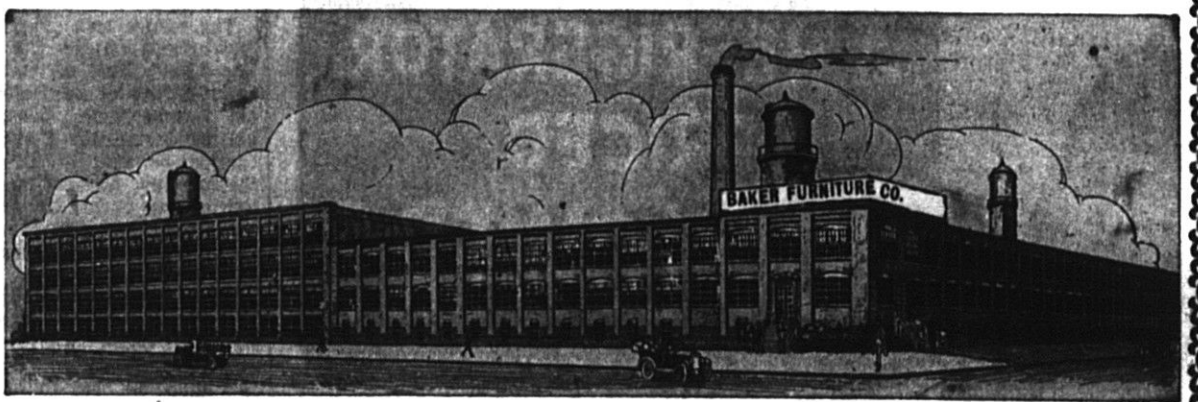

THE HOLLAND BOARD OF PUBLIC WORKS is not far from reaching the half century mark of its establishment, and while its services have been augmented with several other phases of public service, such as our water supply and our sewer disposal, stress can especially be laid upon the dispensing of Electric Energy. Electricity has been a boon to mankind from the time that Benjamin Franklin experimented with lightning and a kite during an electric storm. That story is known by every school child in the nation. Harking back from that day to this has brought wonderful development in the use of electricity.

The Board of Public Works of Holland can be of service to you through its electrical facilities, bringing modernization to commercial plants through electric power and operates the scores upon scores of electrical accessories that bring ease and comfort, and dispels home drudgery.

The Board of Public Works plays an important part in heating, lighting, power for radio, refrigerators, washing machines, ranges, flat irons, vacuum sweepers, electric clocks, culinary devices, and scores of other conveniences that play such an important part in home comforts.

The members of the Board of Public Works are also deeply interested in Holland's Tulip Festival, and feel that, not alone is it a real unique annual event, but, it also fits into the scheme of things as far as Holland is concerned. It is a celebration clothed in dignity, and while its success has long ago been assured, the Board of Public Works sincerely hopes that Tulip Time in Holland may continue indefinitely on the same high plane.

Motions and Resolutions

The Committee on Ways and Means reported having considered the matter of driving piles at Kolen Park in order to accommodate the Escanaba during Tulip Time.

Committee reported that at a small additional expense of approximately \$50.00, they could have the necessary dredging done to accommodate this steamer without adding to the present docking facilities, and recommended the adoption of this report.

It was so ordered.

Alderman Drinkwater recommended the reopening of 4th St. west of River Ave. In the discussion that followed, it was brought out that this is now City property and the Mayor ordered the matter referred to the City Engineer and the Street Committee.

Alderman Kleis recommending that the voting precinct in the First Ward be changed from its present location, which is on the second floor of Engine House No. 2, to the Lincoln School. Mr. Kleis stated that the present location is not satisfactory to a large number of the older voters in the First Ward since they are obliged to climb the stairs. He further stated that he had taken this matter up with members of the Board of Education and felt that it would be agreeable to fix up a room in the Lincoln School for such a voting precinct.

He further stated that it was his opinion that such change could be made at an expense of not to exceed \$50.00.

The matter referred to the Aldermen of the First Ward with the instructions to contact the Board of Education for the purpose of changing this voting precinct.

Alderman Brouwer brought up the matter relative to the inconvenient and hazardous condition in attempting to cross River Ave., which is Trunk Line US-31. Mr. Brouwer stated that it was very important that a stop light be placed on River Ave. in order to give east and west traffic and also pedestrians an opportunity to cross this trunk line highway. It was brought out in the discussion that the Board of Police and Fire Commissioners has repeatedly taken this matter up with the State Highway Department but up to this time has succeeded in getting promises only and no action from the State Highway Department.

After considerable discussion on this matter,

It was moved by Alderman Brouwer, seconded by Prins,

That the matter be referred to the City Attorney together with two members of the Police Board with the recommendation that they make a personal trip to Lansing to contact the proper officials in an effort to secure some relief from this dangerous condition which now exists.

Howard Lawrence, former state banking commissioner, and at present affiliated with the Michigan

Trust Co. of Grand Rapids, outlined the proposed new banking law in Michigan at the Exchange club luncheon in the Warm Friend Tavern recently. Beginning with a history of banking legislation in Michigan the speaker stated that the General Banking law of 1857 is the foundation upon which the present State Bank act was developed. He said that the theory of segregating savings and commercial assets was established in 1872 and in 1929 there was a general revision of the state banking laws. Mr. Lawrence said in emphasizing the merits of the proposed code that it was not intended that the impression should be given that our present laws are entirely inadequate. He said our present laws carefully and conscientiously

administered can continue to serve in adequate manner, but it is desirable to supervise and regulate our financial institutions more systematically and thoroughly. The financial institutions whose affairs are regulated by the code have an aggregate total of assets, he said, in excess of 800 million dollars.

WISH TO ENDORSE the work of the Holland Chamber of Commerce, the splendid "Tulip Time" committees and all those leaders who have been putting forth such grand efforts to make this "Tulip Festival" a success. When we came to Holland we felt that such an annual celebration was a splendid institution, and year by year we became more and more impressed with this "Tulip Time in May." There is nothing else quite like it. It just fits into Holland's scheme of things and we sincerely hope that its success may be indefinite.
