## FRIDAY'S MUSIC FESTIVAL LISTS FULL PROGRAM

**MSC Band, Klompen Girls,  
Zouaves and Others  
to Perform**

**Three Hour Presentation  
Will Be Climaxed by  
Fireworks**

A 45-minute concert by the 100-piece Michigan State College band at the second annual Festival of Music in Riverview park will feature Friday's program of the Tulip Time festival.

The concert, to start at 8 p.m. and continue until 8:45 p.m., will open a three-hour presentation of musical thrills.

Also included on the program will be maneuvers by 500 middle-western bandsmen and the Jackson Zouaves, two numbers by the massed bands, klompen dancing and a \$400 fireworks display.

Holland still has a stirring part of her Tulip Time program before her although the early tulips are dropping their petals and the starched petticoats of the wooden shoe dancers are wilting a bit.

The stimulation of "music and marching" men is reserved for the climactic Friday night Festival of Music and Saturday afternoon's band review in Riverview park and the band parade.

The Michigan State College band will be under the direction of Director Leonard Falcone. The band will play "Sentimental Dawn," a symphonic march by R. Fasoli; "Cowboy Rhapsody" by Morton Gould; "Flirtations" by Herbert L. Clarke, a cornet trio by John Iuele, Theodore Bowman and Robert Dunn; "The Pines of the Appian Way," from the "Pines of Rome" by Ottorino Respighi; "The Merry Widow" waltz by Franz Lehár; finale from "The New World Symphony" by Antonin Dvorak.

With Clyde H. Geerlings as conductor and Mrs. W. Curtis Snow as organist, a community sing will be held from 8:50 to 9 p.m. The wooden shoe dancers, under direction of Miss Mabel Apel and with Mrs. Snow as organist, will present their dance from 9 to 9:15 p.m.

At 9:15 p.m., the Grandville High School band will take the field and will be followed at 9:25 by Eastern High School band of Lansing; 9:35 p.m., historical pageant, "Uncle Sam in Review," by a cast and the Central High School band of Kalamazoo; 9:45 p.m., Elkhart High School band of Elkhart, Ind.

The Jackson Zouaves will perform at 10 p.m. and at 10:20 p.m., 12 Benton Harbor band members will give their burlesque of the Zouaves. At 10:30 p.m., the visiting bands will be massed in front of the grandstand for the playing of "God Bless America," to be directed by David Hughes, director of the Elkhart band, and "Star Spangled Banner," under direction of Leonard Falcone. The fireworks display will conclude the program.

The Jackson Zouaves first appeared here at the 1939 festival. They drill at an unbelievably fast cadence of 320 steps per minute. The final showing of the Dutch costume show will be given Friday at 2:30 p.m. in the Woman's Literary club building, 10th St. and Central Ave.

The "Silver Skates" production is scheduled for 4 and 6:30 a.m. in the same building. Daily features, including the Little Netherlands, Netherlands museum and photo salon will open at 9 a.m. with the boats at Montello park open at 10 a.m. for visitors.

## Boats That Sell Rides on Sunday Can't Use Slips

**Council Also Decides That  
Tannery Lot Parking  
Shall Be Free**

Common council Wednesday afternoon clamped down on Sunday activities at Holland's Tulip Time festival by voting, 7 to 5, to prohibit the use of the municipal boat slips at Kollen park this coming Sunday by all boats selling rides.

At the same time, council revoked fee arrangements made by the committee on public buildings and grounds and voted that free parking will be in effect Saturday and Sunday on the recently acquired tannery property.

A motion to deny speedboats the use of the boat slips was made by Ald. Albert V. Faasen, supported by Ald. Herman Mooi. Faasen reported he had received complaints about last Sunday's speedboat rides at the park.

City Attorney Clarence A. Lokker pointed out that a boat operator who desired to carry passengers could have them wade three feet into the water to enter his boats. He asked why the restrictions should be limited to speedboats. Then the motion was changed to include all boats.

It was not determined whether council's action would be amended to include all Sundays.

"They are public docks and I don't know how you will control them, but you can do what you please," Lokker advised council.

Those voting favorably on the motion were Bernard Arendshorst, Ben Steffens, Henry Ketel, Faasen, Frank Smith, Mooi and John Menken. Those against it were Ald. Cornelius Kalkman, Sr., Bertal H. Slagh, George Damson, Bruce Raymond and Elmer J. Scheepers.

Slagh said he could see no reason why council should prevent persons from seeing Holland at Tulip Time from a boat if they wanted to.

Kalkman declared, "No one can keep me from going to church on Sunday four times a day if I want to. Why should I tell people they can't do this, but they must go to church? We are going to keep on driving people away. It's soon going to require a fence about Holland to keep everybody from going to Grand Haven, Grand Rapids and Saugatuck on Sunday, instead of going to church."

Arendshorst suggested that the city clerk advise S. H. Houtman, general festival manager, of council's action.

It was Mayor Henry Geerlings who asked for a motion for free parking on the tannery property. The motion was made by Smith.

Mooi, chairman of the public building and ground committee, said arrangements already had been made to operate the property as a parking lot Saturday for which admission would be charged, the city to receive 50 per cent of the revenue.

He said the committee felt this would be a good way to raise money to be used in cleaning off the property. He estimated the city would receive about \$25.

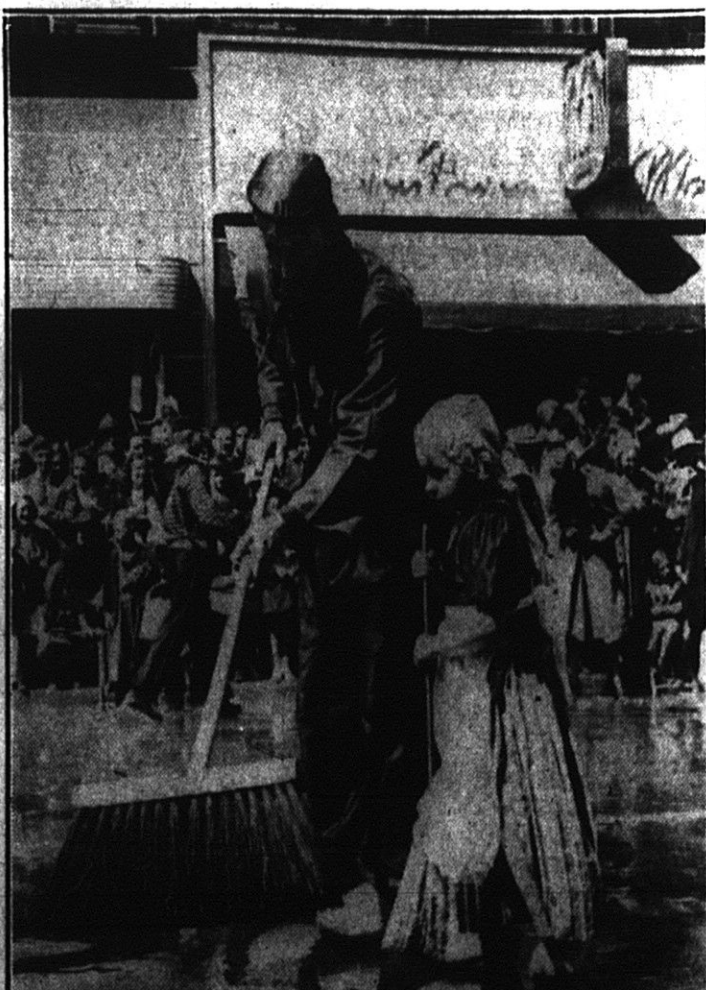

Ketel contended the revenue would be so small that he did not feel it would be good policy to charge for parking on city-owned property.

City Attorney Lokker pointed out that if the city leased the property it would be a subject in a transaction and would be liable for any act of negligence of the persons placed in charge of the premises.

Mooi, in reply to a question, said no charge was made last week-end for parking cars. Slagh pointed out that already a "free parking" sign is advertising the property "so why change it?"

This motion carried by a vote of 9-3, the favorable vote being cast by Kalkman, Arendshorst, Steffens, Ketel, Smith, Damson, Scheepers, Raymond and Menken. The negative vote was cast by Faasen, Slagh and Mooi. Faasen then suggested the vote be made unanimous.

## This Is The Way to Scrub a Street

"It's done this way," Scrubber John Koopman tells the little girl who has her own broom to help chase the dirt from Eighth St. in Saturday's opening of the Tulip Time festival.

## 1,100 PRESENT AT PSALM SING

**Capacity Crowd Attends  
Union Service in  
Hope Church**

A total of 1,100 local psalm lovers and visitors gathered in Hope Memorial chapel Sunday afternoon for the annual "Zingen van Psalmen" vesper service in charge of Voorzinger William J. Brouwer.

Among the visitors were a few Dutch Pennsylvanians who joined in the singing. Many states were represented including Ohio, Illinois and New York. The service started with a carillon recital on the McLean Memorial chimes played by Mrs. W. Curtis Snow who also provided organ accompaniment for the Dutch psalms.

Mrs. H. L. Dunwoody, guest soloist, sang "Er Ruisch Langs De Wolven" (One Name Is Off Sounded) and "Wilhelmus." Mr. Brouwer described the latter number as one dear to the hearts of people of Netherlands descent. It was William of Nassau or William The Silent, Prince of Orange, an ancestor of Queen Wilhelmina, who took the lead in the revolt and struggle against the tyranny of Spain, culminating in the independence of The Netherlands 80 years later.

Three of his brothers died in battle for the liberation of the country. His elder brother John wrote the Dutch declaration of independence and William himself fell by an assassin's bullet. The song was composed by his friend, Marnix van St. Aldegrede in 1581, then mayor of Antwerp. The audience rose for the number.

The Rev. Paul E. Hinkamp read scripture and led in prayer.

Hope church was filled to capacity last night by members of the congregations of Hope and First Methodist churches and many Tulip Time guests in the city, for the union service arranged by the two churches. This was the second annual union service of this nature.

Special musical numbers were presented by the Holland High school orchestra and a cappella choir. Rev. Marion de Velder of the church presided, with Rev. W. G. Flowerday of the Methodist church, preaching the sermon.

## PLAN CAMPAIGN TO RAISE FUNDS AS SOLDIER AID

**Twenty Five Hundred Set  
As Holland's Quota  
for U.S.O.**

**Drive Will Be Launched  
in Local Area on  
June 3**

A campaign to raise a goal of \$2,500 as Holland's share of a \$10,765,000 nation-wide campaign of service to soldiers, sailors and defense personnel will be launched here Tuesday, June 3.

Representatives of the Community chest and the Council of Social Agencies met last week to work out the necessary details.

It also was recommended to the Council of Social Agencies that this project be included in the Community chest program when its drive for funds for 1942 is held later this year.

The campaign will be conducted here on behalf of the United States Service organizations for National Defense, Inc. of which Walter Hoving is president and its agencies are the Y. M. C. A., National Catholic Community service, Salvation army, the Y. W. C. A., Jewish Welfare board and National Travelers Aid association.

The U. S. O. is planning service facilities in 339 places adjacent to camps, naval stations and defense centers throughout the United States and its overseas bases. The government will provide necessary buildings while the U. S. O. will provide funds for their operation and the accompanying program of welfare, education and religious activities.

## EX-OFFICIAL OF OTTAWA DEAD

**Blakeney Funeral Rites to  
Be Held on Sunday in  
Grand Haven**

Grand Haven, May 22 (Special)—Benona A. Blakeney, 81, county treasurer 50 years ago and former member of the cemetery board and school board of Grand Haven, died at 2:30 p.m. Friday in the home of his daughter, Mrs. Ralph G. Wilson, with whom he had made his home since the death of his wife last Jan. 7.

He was born in Lamont Oct. 7, 1859, attended the former Michigan Agricultural college, now Michigan State college, at East Lansing, then a business college in Grand Rapids and operated a ranch in South Dakota for about 30 years.

In 1884, he married Mabel Lynn of Lamont. In 1890, he was elected county treasurer and served one term after which he was connected with a match factory in Grand Haven, traveled for a shirt company and later associated himself with John M. Pfaff in the Pfaff and Blakeney Insurance agency. He retired about 70 years ago.

Survivors are two daughters, Mrs. Wilson and Mrs. Ralph Murphy of Syracuse, N. Y., and three grandchildren.

## MANY ARE PRESENT AT COSTUME SHOW

Seats were at a premium yesterday afternoon in the Woman's Literary club as visitors to the city joined with interested Holland residents to see the Dutch costume show, presented for the second time this work. This unusual and particularly appropriate feature of the festival program will be repeated Friday at 2:30 p.m. The auditorium was filled for both Monday and Tuesday evenings, making a total of nearly 500 persons who have witnessed the show.

Costumes of 11 provinces were displayed, modeled by local citizens and their children, with Mrs. W. J. Olive serving as narrator. Preceding the costume parade, Willard C. Wichers of the Netherlands museum, chairman of the event, gave a bit of local history. Mrs. Clyde Geerlings served as accompanist.

As a closing feature of the program Clarence Jalving, president of the Chamber of Commerce, appearing in costume as Town Crier, struck his gong, assembling the costumed villagers to "sing school," and led them in the singing of Psalm 112.

## No Damage Caused by Blaze Under Pile of Tin

Holland firemen were called to the Holland Furnace Co. Tuesday night when a fire was discovered burning under a pile of waste tin at the south end of the building near 22nd St. and Columbia Ave.

The fire was believed to have been caused from spontaneous combustion. The tin had been piled against the side of the building.

Firemen laid a line of hose, connecting it to the pumper to provide additional pressure.

## Record Is Set by Festival Throng

**TWO CLUB GROUPS  
ATTEND FESTIVAL**

Two groups of county home economics clubs visited Holland's Tulip Time festival Wednesday and today.

The group of 140 members was from Carmel, Ind. Traveling in four chartered buses, they left Carmel early Wednesday, stopped in Battle Creek for lunch and arrived in time for the school parade. They attended the Tulip Tales pageant Wednesday night. The women remained aboard one of the boats at Montello park Wednesday night. They were scheduled to attend the "Silver Skates" production today before returning home.

The second group of 40 members came from Charleston, Ill. Wednesday and will return home today. The women obtained overnight reservations from the Tulip Time bureau in private homes.

Surpassing all expectations of festival officials, the largest opening week-end crowd in the 13 years of Tulip Time poured into Holland Saturday and Sunday.

Conservative estimates of S. H. Houtman, general Tulip Time manager, placed the week-end attendance at 270,000. This includes an opening day crowd of 130,000 and 140,000 persons for Sunday.

By adding the 100,000 pre-festival visitors of last week to this figure, this makes 370,000 persons who have seen the city's 3,000,000 tulips since they began blooming early in May.

Last year's opening week-end attendance was estimated at 220,000, including 120,000 for the first Saturday and 100,000 for the first Sunday. Until that time, that crowd was the largest which had ever been in Holland on the two opening days of the festival.

From early morning until late night, cars traveled along the eight miles of tulip lanes almost bumper to bumper.

Traffic on Saturday required the direction of 70 officers, including regular police officers. This was 15 more officers than were on duty last year, Police Officer Jerry Vanderbeek, who was in charge of the traffic force, reported today.

Fifty-five police officers directed traffic in Holland throughout Sunday. This included regular police officers. Only 40 officers were required last year to handle the first Sunday's traffic.

The sheriff's department reported 25 deputies supervised Saturday's traffic in the vicinity of the tulip farms. Sunday's force included 27 officers. Two officers were stationed as far away as Hudsonville and another was at Zeeland to direct incoming cars.

State police assigned a six-man motorcycle detail to assist Holland officers in handling the heavy week-end influx.

The sheriff's department reported having received many complaints from motorists in the way in which the traffic was handled. Officers paid tribute to motorists for their cooperation.

Only one failure of cooperation was reported. John Rottman, 25, route 1, Fremont, faces arraignment before Municipal Judge Raymond L. Smith on a charge of reckless driving. A possible charge of resisting an officer may be filed.

Deputy Sheriff Maurice Boeve who was handling traffic at US-31 and the north shore drive reported that Rottman twice sought to drive west on North shore drive Saturday after objecting to being directed to Lakewood Blvd.

On Sunday, Rottman tried to drive west on North shore drive. After he had made uncompromising remarks, Boeve stepped onto the running board of the car. Rottman sped away from the scene, throwing the officer to the pavement and causing him to tear his uniform and clothes under it.

Hailing a passing car, Deputy Blaine Timmer, who was aiding Boeve, started in pursuit and overtook Rottman about one-half mile north of Holland after the driver of a truck who had witnessed the incident had crowded Rottman's car to the shoulder of the road.

Rottman was given a summons to appear in Municipal Judge Raymond L. Smith's court.

Saturday's opening day crowd was the largest in the history of the fête. Visitors began arriving early in the forenoon and by 10 a.m. Saturday it was estimated that half of the 130,000 persons already had arrived.

## 32 NEW HOMES RISE THIS YEAR

Value of Permits in City  
Near Three Hundred  
Thousand

Home-conscious visitors to Holland's Tulip Time festival will be aware of the city's new homes and its numerous factory and industrial buildings as they drive about the eight miles of tulip lanes.

The extent of building activities in Holland for 1940 totaled \$450,208. Present indications are that the expenditure for 1941 will surpass that mark.

As of April 30, 1941, the unofficial figure was \$252,178.25. Due to a shortage of housing facilities in Holland, new home building has taken the lead in construction. During 1940, 88 applications for permits to build new homes were filed here.

Including Thursday, May 15, 32 new home applications had been filed since the first of the year, including two during the past week.

Value of the six applications which have been filed with City Clerk Peterson this week was \$5,731.40. This is \$6,063.60 less than the \$11,795 figure for the past week. Value of the permits for the previous week was \$14,036.50.

The list of applications follows: Jerrell Bos, build home at 243 West 23rd St., one and one-half stories, 30 by 24 feet, frame construction and asphalt roofing, \$2,800; George Vander Bie, contractor.

Harvard Jekel, build home on East 11th St., 24 by 30 feet, one and one-half stories, one family, frame construction and asphalt roofing, \$2,500; M. Van Hakken, contractor.

## Brooms Swish as Street Is Scoured Again

## Ministerial Group Adopts Anti-Liquor Resolution

A resolution signed by the more than 75 members of the Western Social conference meeting at Coopersville Monday is being sent to the House liquor control committee urging the passage of Senate bill No. 289, an anti-liquor advertising measure which has already passed the state senate.

The Rev. A. G. Van Zante presided at the meeting which was held in the Coopersville Reformed church and the pastor, Rev. John H. Bruggers, conducted the devotional exercises with the veteran John Vandersluis leading the singing.

The paper of the morning was read by Dr. Bernard J. Mulder on the subject, "Effective Methods of Propaganda for the Church." He treated the subject under two main aspects, the denominational church paper and church news in the local press. The heterogeneous group of people in the Reformed church whose interest in the church paper must be sustained was emphasized by the fact that the paper enters the homes of the worshippers in the churches on 5th avenue in New York city and that of the industrial workers in our western cities as well as the farmers and villagers across the country to California. The unifying influence of such a church paper was also stressed.

With regard to competition with other reading matter the speaker mentioned the fact that 50 million copies of the daily newspapers are published each day, 55 million copies of weekly magazines and periodicals appear every seven days and 95 million monthly magazines put in an appearance twelve times a year. Sixteen million so-called "horror" magazines and 15 million "sex" publications are offered for sale to the youth as well as adults of our land. Over against this about 13 million church papers appear each week representing nearly 1,000 different publications.

Dr. Mulder made a strong plea for greater co-operation on the part of the churches with the

local newspapers and religious editors. Display advertising has been proved far more effective for a group of churches of one denomination than where each congregation purchases a few inches of space. Those who bring articles for publication should remember that the religious editor of a paper is interested in gospel news rather than views.

A chicken dinner was served by the ladies of the entertaining church and Rev. Bert Brower of Muskegon expressed the appreciation of the gathering to them. In the afternoon Dr. Simon Blocker of the seminary gave an inspiring talk on the theme, "The Practical Influence of the Holy Spirit" in which he paid tribute to the new emphasis on the necessity of accepting the supernatural which is being made by many of our present day leaders in religious thinking. Karl Barth, Emil Brunner, E. G. Homrighausen, and Harrison S. Eliot were among those mentioned.

## Challenge Is Issued to Graduates of Seminary

### Pointers Given Class by Weeldreyer; Awards Are Presented

"Put on the holy armor of God for you shall have to meet all the dangers and sorrows of wickedness in this world, but meet that challenge in His name and in His name you shall be successful," the Rev. Martin Weeldreyer of Clara City, Minn., told members of the 1941 graduating class of Western Theological seminary at the 56th annual commencement exercises in Hope Memorial Chapel Wednesday May 14.

The retiring president of the seminary's board of trustees pointed out that like the saints and faithful brethren of old "we, too, find ourselves in a world of confusion, for Christian living today it is necessary to put off the old man and to put on the new man."

"It is not expected of anyone in the service of the Master to meet every demand made upon him and God does not unreasonably expect his servant to be a 'jack-of-all-trades,'" he added. Pointing out that regular church attendance, giving of alms, maintenance of churches and schools, and preaching in his own sphere are the requirements for all followers of Christ, he stated, "Prayer is not only a privilege but a duty. Our pulpits shall remain places of power if we in our preaching adhere to the word of God and preach that word in His name."

Speaking as a representative of the graduating class, Valetorian Kenneth Hesselink of Oostburg, Wis., chose as his subject "Prophecy of Certainty."

"Certainty," he said, "is man's deepest need in answering all the questions that arise in life, it is necessary for effective Christian living and progress, and it is the keynote of peace and harmony. Today it is to Christian theism that we must turn for absolute certainty and we as young ministers are prophets of certainty."

Special music was furnished by the Holland high school a cappella choir under the direction of Miss Trixie Moore. They sang "Cherubim Song" by Muzichski and "Send Forth the Light" by Schuetky. The Hope college trombone quartet composed of Henry Voogd, John Kleis, Gordon Van Wyk, and Robert Swart played "Chorale" by Clapp.

Dr. Jacob Vander Meulen, seminary president, addressed the graduates briefly and presented professorial certificates and degrees, assisted by Dr. John R. Mulder. "You as ambassadors of Christ whose mission it is to preach the gospel must have a Christlike spirit to succeed in the ministerial profession," Dr. Vander Meulen said.

Professorial certificates and B. D. degrees were presented to Henry J. Beukema of Blue Island, Ill.; Morris G. Folkert of Overisel, Kenneth H. Hesselink, of Oostburg, Wis.; Willard G. Meengs of Holland, Ralph M. Menning of Pella, Ia.; Adrian J. Newhouse of Plainwell, M. Eugene Osterhaven of Grand Rapids, J. Robert Steegstra of Grand Rapids, Henry Van de Brake of Sioux, Ia.; and Benjamin Ver Staeg of Orange City, Ia. Albert Van Dyk, special student of Gardena, Calif., was presented a special certificate from the General Synod with a license to preach after one year's work at the local seminary.

The entire class was remarkable in that it had maintained an average of more than 85 per cent in the course of study. Dr. Vander Meulen announced, B. D. degrees were presented in absentia to the Rev. Frank Snuttjer, a graduate of several years ago, and members of last year's graduating class.

## PHONE REFUND SCHEDULE SET

Lansing, May 22—Judge Leland W. Carr, of the Ingham circuit court, today entered a decree setting forth the methods to be applied by the Michigan Bell Telephone Co. in refunding approximately \$1,500,000 to long distance subscribers as a result of the recent state supreme court decision with respect to intrastate toll rates.

The decree authorizes the company to make the refunds in the form of credits, on unpaid or current bills, or by check, or by a combination of both these methods. If a refund due is greater than a present unpaid account, a portion of the refund may be applied to clear the account and a check be given for the balance. Credits will not be applied on future billings.

The decree provides that a person not receiving by July 1 any refund due shall be awarded interest at the rate of one half of one per cent a month from that date until the particular refund is paid or credited. Interests will apply from July 1 on refunds due on toll calls made from public pay telephones only if claims for such refunds are presented by that date. On a claim for a refund on such calls presented after July 1, interest will apply from the date of the claim.

The company has a record of toll calls made from customers' telephones but there is no record of individuals who made calls from public pay telephones. Slips were provided at such stations for customers to fill out as claims to be presented to the company. Other subscribers need not file claims.

Any balance remaining in the impounded funds available for the refunds shall be turned over to the company a year from now, according to the decree. Thereafter, the company will continue to credit or pay any unpaid refunds from its own general funds. The decree points out that that provision contains no element of profit to the company as the cost of making the refund probably will exceed the amount of the unpaid refunds.

Ingham circuit court is empowered by the decree to settle any dispute arising out of individual refunds. The company must file formal reports with the court and the Michigan public service commission every three months, beginning Nov. 1, on the progress of the refunds.

George M. Welch, president of the company, said the refunds or credits probably will start within 30 days. Due to the enormous task of checking 65,000,000 records of individual calls and apply the refunds of about 700,000 accounts, he said the job will require a number of months to complete.

## Van Lente and Weller Get High Posts in School Vote

### Recount Is Called in Race for Clerk of Holland Senior High

Dale Van Lente was elected mayor of Holland senior high school and Clayton Weller was elected president of Holland junior high school in Friday's two elections which had all the earmarks of a city campaign, even to a recount in the race for senior high clerk.

In the senior high contests, James Mooi was elected treasurer and Vernon Kraai was chosen chief of police. Joyce Bender and Vera Zietlow apparently held the lead for clerk over Patricia Haskin and Phyllis J. Boven. The votes in this race were disputed and was recounted Monday.

Mayor John Terkstra of Holland high school announced at chapel on Tuesday that Joyce Bender was elected clerk by the high school student body following a canvass of the votes by the election board. The results were Miss Bender, 160; Vera Zietlow, 157; Phyllis Boven, 137; Patricia Haskin, 103. The election was held Friday afternoon.

Junior high students elected Jack Tirrell vice-president; Nona Ver Meulen, secretary; Eleanor Reed, treasurer; and Ned Othoff, chief of police.

Van Lente won the senior high mayoralty contest over Dale Stoppeis and Franklin Essenburg. The vote was Van Lente, 289; Stoppeis, 132; and Essenburg, 130.

race, Weller defeated Don Jalving, Tirrell defeated Barbara Sticksels for vice-president, Miss Ver Meulen defeated Mary Jane Thurber for secretary, Miss Reed defeated Gertrude Chippell for treasurer, and Olthoff defeated Paul Klomprens for chief of police. Because of the unevenness of the results in some of the races, school officials did not reveal figures for publication.

Fourteen aldermen, two for each of the seven wards, were elected in senior high school. The two receiving the highest votes in each ward were elected as follows:

First ward—Clarence Maatman, 42; Elizabeth Mills, 38; Kenneth Weller, 30; Helen Firlit, 28; and Anne Beatty, 24.

Local residents who have relied on the "mocking bird" whistle in the past for time signals will be forced to depend upon their own clocks.

By action taken by common council Wednesday afternoon, all daily time signals will be eliminated and the new "mocking bird" will be used only for sounding fire alarms. In the past, time signals were sounded at 7 a.m., noon, 1 p.m., and 6 p.m. A curfew was blown at 7:55 p.m. in the summer and at 7:55 during the winter.

## TRAGEDY COMPOUNDED

As the war takes its tragic course most of us merely live on the catch phrases of slaughter. We feel "good" when the side we call "ours" (although we are not supposed to be in the war) wins a trick; we feel "bad" when the side we call "enemy" gets an advantage. Most of us seldom think simply in terms of human beings—of men who have wives and children and mothers, who believe in their God as we believe in ours, who are sure of the justice of their cause as we are of the right of ours.

The other day a story appeared in the papers to the effect that Italian transports had been sunk and that many thousands of bodies of Italian soldiers had been washed up on the shore of the Mediterranean. There were, one story said, as many as 30,000 corpses.

When that story appeared, it is certain that there were millions of people scattered all over this country who had an instinctive feeling of satisfaction. Those were the bodies of "enemies" and so it was a good thing. War and the threats of war have caloused us spiritually to such an extent that we have become incapable of thinking in terms of 30,000 human beings—with minds and souls and bodies like our own. Human beings who once were cuddled in mothers' arms, who grew up into charming boyhood, who were fired by the ambitions of adolescence, who dreamed dreams of fruitful lives, who fell in love and became the fathers of little children, who revered God in their own way, and who loved life after their own fashion.

Imagination breaks down, and we cannot think of any of these things. They are 30,000 "units" to us—like so many inanimate bits of mechanism. We read a Bible that is the record of a transcending love, we pray to a God who is the embodiment of the principle of love and mercy and tenderness. And in the same breath we thank God, consciously or unconsciously, that 30,000 of His children have been made corpses and that 30,000 homes have been wrecked, just because those corpses bear the label of "enemy." That is the queer sort of dual personalities into which the illogic of war converts us. Those 30,000 corpses, many of them doubtless the bodies of men who had no guilt for this war, are not the only casualties; in a war all men are casualties—men's souls are daily dying.

## THE CHURCH INVITES YOU

General Pershing says: "Only God can change human nature. When you decide to be governed by God, then the change comes. It's like joining the army. You decide there's something worth fighting for. You enlist. You put yourself under orders. Then you are given new equipment. You find new comradeship. Your way of living changes and your whole outlook on life changes."

"To be governed by God means to listen to a Wisdom beyond your own. And obey." The church is God's special institution to help men to be divinely guided. Why not accept the invitation and come to church next Sunday?

BOY'S CRATE VIEW  
TRADE AT EXHIBIT  
HALTED BY POLICE

An enterprising youth did a rushing business at the Little Netherlands exhibit Sunday before a special police officer halted him. The exhibit had been closed but numerous festival visitors crowded about it in an attempt to get a glimpse of this popular attraction. Realizing its possibilities, the youth obtained a crate and set it up near the exhibit's wall. From the crate he hung a pencilled sign which read:

"Get on box, Ten cents for pictures. Five cents for view. Children free. If you fall, don't blame me."

About 92 per cent of all retail stores are independent and they do 74.7 per cent of the total retail business in the U. S.

Peter's Vision  
Acts 11:5-18

By Henry Geerlings

An interesting study in itself would be that of God's education of Peter. He was the most impulsive impetuous, and wayward of Christ's disciples and yet he became a rock. Jesus' patient disciplining and training of him is an encouragement and comfort to every eager follower of the Master. Much like a boisterous and energetic child, Peter had with it the temperament of teachableness to a marked degree. He was quick to see new truths, and it was he who first gave utterance to the disciples' developing conviction that Jesus was the Christ, the Son of the living God. Jesus' answer on that occasion was significant, "Flesh and blood hath not revealed this to thee, but the Spirit." In every revelation and vision of life there are two parts, God's part and man's part. In the sanctification of the Christian life these two elements are always present. A close and careful reading of the tenth chapter will reveal the wonderful providence of God in guiding events and actions, in preparation for the reception and application of Peter's vision.

Cornelius, a devout man according to his light, but a Gentile, was guided to send for Peter, and be the means of Peter's complete realization of the situation. He had been exclusively the apostle to the Jews. He was a Hebrew of the Hebrews. A new revelation, a new vision of clearer service and of deeper principles is now given to him, but Peter had done well his part in the preparation for the vision. He had been living in close communion constantly with God. It was while he was praying that the vision came. It was after prayer that Jesus was transfigured and the disciples saw His glory. It was after prayer that he walked upon the water. Peter had prepared for the vision by works of mercy, also, by a life of well doing, exemplified in his recent help of Dorcas.

It is important as well as interesting to note that the meaning of Peter's vision was not immediately comprehended by himself. Like the parables of Jesus the teaching was suggestive, and in the form of an allegory. It was just as repulsive to Peter to have anything to do with a Gentile, as it was for him to eat that which the law of Moses had declared ceremonially unclean. The vision brought to his soul the newer and wider meaning of God's plan of salvation. Three times the vision was repeated. Its teaching is clear to us now, but it was not immediately clear to Peter himself.

Just as God had done His part in preparing the way for the revelation, so now He presents the means for its understanding and practice. Even as he came down from the house itself there were men at his door with a call, and in following that call to service Peter found the significance of his dream. A vision in itself is never enough, and will soon die, unless it is crystallized in action. As Peter followed, accepting the situation before him, and applying his dream to the practical crisis that confronted him, its meaning and its importance came into brilliant clearness, and Peter never forgot. When the full brilliance and glory of this new idea shed its light into his soul, it must have shaken him to the very foundation. It was so utterly and diametrically opposed to his inherited conception of Jewish exclusiveness; to the idea that the Jews were God's favorites and deserved to be.

It is to Peter's credit that he so quickly learned his lesson, in spite of the fact that it reversed prejudices deep-seated in his very being. Henceforth he would view every Gentile in a new light—as a potential child of God. Henceforth every Jew would present to him as needy a soul as any Gentile's, indeed, a sadder situation because of the inherent racial pride that Jesus found so obstinate and adamant. Even after this occasion Peter continued as the apostle to the Jews, but we may be sure that it was with a deeper consecration, a new spirit of devotion, and with a new joy and freedom that he set about his appointed task. It is the American who sees beyond the confines of his own land. It is the preacher or congregation which sees the need in the foreign field, and takes full part therein, that becomes usually the most ardent and faithful servant of the immediate community.

It may also be noted that Peter did not and could not hoard the glories of his vision. It was shared by the people around him and the people glorified God.

FIRE AT DISTILLERY  
CAUSES HEAVY LOSS

Grand Haven, May 22 (Special)—Fire at the Western Drain Oil Service Co., located on an island northeast of the Grand Haven city limits, caused several thousand dollars in damage about 10:30 a.m. Monday, according to James J. McGarry of Grand Rapids, the owner.

The blaze was caused by a flash on top of one of the stills. The company has just started operations after refinancing and refitting.

Value of the plant which was a total loss is not exactly known, but the loss will be partly covered by insurance. Grand Haven firemen fought the flames for an hour.

Three tanks of oil exploded and sent a column of smoke and flames about 7,500 feet into the air. There were no nearby buildings.

## University President Is Speaker at Dinner

Following a rousing welcome by Dutch-costumed alumni as he alighted from the train Saturday afternoon, Dr. Franklin B. Snyder, president of Northwestern university, was taken to the tulip farms, and was later guest of honor and speaker at a dinner in Hope church parlors.

More than 100 persons, including Northwestern alumni from cities in Western Michigan, local alumni in costume, young people interested in the university and prominent school officials of the community, attended the affair.

Tables were decorated with bowls of purple lilacs and white candles, the university colors, and on the speaker's table was a bouquet of deep purple tulips, a new variety pronounced "Snyder tulips," in honor of the visiting president.

Henry Steffens, local alumni club president, presided, and prayer was offered by Mayor Henry Geerlings. Music was furnished by the Holland High school brass sextet, which played "La Fiesta," by Grentzel, "Castilla," by Holmes, and the college song, "Go U Northwestern."

Greetings in Dutch were extended by Mr. Steffens, who introduced Harry Brown of Grand Rapids, prominent Northwestern alumni of Western Michigan, who served as toastmaster, and introduced Dr. Snyder.

Explaining that his father's family was of Dutch origin 200 years back, Dr. Snyder, in commenting favorably on the Tulip festival, said that if one could choose his ancestry, he would be very foolish if he chose not to have a Dutch strain in it.

Following a brief report on the university to the alumni present, in which the speaker told of the obvious success and great promise of the new technological institute or engineering school, Dr. Snyder gave a number of educational aims with which any proper institution of higher education hopes to benefit the young people in its charge.

Several out-of-town guests were introduced by Mr. Brown, including J. George Mamer, president of the Benton Harbor alumni club; Harlan Greenfield, vice-president of the Alumni association in charge of clubs; Jay Gerber, traveling representative of the university; Jack Field, editor of the Alumni News, and Homer Wessling, president of the National Alumni association, who spoke briefly.

## HHS GROUP AIRS 5TH COLUMN AT ROTARY'S MEET

### Peril in America Greater Than in Europe, Club Is Told

Six Holland high school seniors at the meeting of the Holland Rotary club in the Warm Friend tavern last Thursday presented a lively round-table discussion on "The Fifth Column in America."

Selma Swift, Harlene Schutmaat, Lucille Dams, John Terkerst, Donald Morgenstern and William Wood took part. They were introduced by E. E. Fell, superintendent of schools, who had charge of the program.

Terkerst led off the discussion, saying, "We must preserve and defend democracy at all costs. The most efficient tool to wreck our social structure is the fifth column."

The fifth column was described as "an organized movement to overthrow a government from within. It affects industry, the administration and private life. It eats out of the nation, unity and strength."

It was recalled that the term originated in 1936 in the Spanish civil war when one of General Franco's generals informed him that while four columns were marching into the capital, the fifth column was already working in the city.

The undermining of France by the fifth column was partly the fault of the French education sys-

tem because "students were not taught to think or taught to be a part of democracy," the students said.

Dies has found, it was stated, that the fifth column here is better organized and a greater menace than in Europe.

"Hitler's strategy is to conquer from within and make countries destroy themselves."

As to what Americans as individuals can do, it was stated that those planning to join any organization should be sure it has no affiliation with fifth column activities, should act as good citizens and preach the gospel of Americanism and should maintain their religion.

"As long as people are educated on what is going on, these subversive activities cannot take root," it was added.

Miss Dams closed the discussion by leading the club in the reading of the American Creed.

Terkerst, mayor of the high school, was introduced by Mr. Fell as Junior Rotarian for the year.

Announcement was made concerning the 151st district Rotary conference at Sault Ste. Marie, June 1, 2 and 3 by Randall Bosch.

## RESORTS BUSY WITH BUILDING

Local real estate agencies report that a great deal of activity in rentals and sales of resort property has already started for this season, it was pointed out by Isaac Kouw, whose real estate office is located at 29 West Eighth St.

At Ottawa beach and Chippewa resort, several sales have been reported and new homes are being built. At Eagle Crest and Idlewood beach, new homes have been built since a year ago. At Lakewood farm, four new homes—some for year-around occupancy—have been erected. Three of the original Lakewood homes that were sold last year have been remodeled and otherwise improved. Others who have purchased lots at Lakewood and other places are planning to build in the near future.

North of Lakewood through to Port Sheldon there has been a great deal of activity, both in building and remodeling. Some fine homes, both for summer and year-around use, have been erected along the shore of Lake Michigan by local as well as outside persons.

It is said that actual lake frontage is getting scarce and that the entire lake front from Ottawa beach to Port Sheldon will soon be utilized for homes. Mr. Kouw said in his review.

"It took the outside people to first appreciate the value and beauty of the lake frontage in this vicinity, both as to Lake Macatawa and Lake Michigan, after which the local people some years ago also began to buy frontage and build first summer homes and then, permanent homes."

"Roads have been improved by concrete and gravel and this, together with the modern automobile, has made transportation easy and brought what was otherwise considered far outlying districts comparatively close to Holland."

## Reliable Bicycle Shop Ready for Busy Season

The Reliable Bicycle shop is getting its rental bicycles in condition for another busy summer season in Holland and the resort sections.

Resorters have taken up bicycling as a major diversion as the photograph indicates. The picture was taken in Saugatuck last season. It shows six Chicago girls ready for rides on unusual three-wheeled vehicles called the "sociable" or "companion" bicycles. Edward Vos, owner and operator of the Reliable shop designed the bikes. They were welded by Fred Schiebach, who does this type of work for Mr. Vos.

The Reliable shop, located at 136 West 19th St., has been in business eight years. Mr. Vos said his shop is able to offer low prices as it buys bicycles and accessories in large quantities direct from the factory and as its location, off the main streets, helps keep overhead low.

The shop sells a complete line of Roadmaster and Arnold

Schwinn bicycles and all makes and sizes of velocipedes. Mr. Vos has a complete line of used equipment at all times.

A complete repair department is maintained and all work is guaranteed. The shop specializes in repainting and rebuilding old bikes.

Under the rental system, bicycles are distributed to agencies at the various beaches and resort towns. The vehicles are rented for 15 cents an hour. Special rates are provided for longer periods.

## Motor Express Still Growing

John Cooper

Perhaps one of the most outstanding examples of growth in the transportation business is the Holland Motor Express, Inc., operating daily overnight service from Holland, Grand Haven, Muskegon, Grand Rapids, Benton Harbor, and South Haven to Chicago, Indianapolis, Ft. Wayne, Kokomo, Anderson, South Bend, Marion and Muncie.

Starting from "nothing" in 1929 with one piece of equipment, the business has grown to an operation where more than 100 pieces of equipment are used and 135 men and women are employed with an annual payroll of \$175,000.

The home office in Holland has a terminal that is not excelled in Western Michigan. A contract was recently let for a modern terminal in Grand Rapids which will accommodate 20 trucks and will greatly speed up service in this section. This, along with other modern terminals in all cities serviced goes to make up an organization that cannot be excelled in service.

John Cooper, president of the organization, claims that the growth of the company is due

mostly to safety on the highways and courtesy to the public. Safety meetings with the drivers are held quarterly and a banquet for all the employees is held annually at which the wives and husbands are guests. Medals and prizes are awarded to the drivers who have completed the year without accident. For 1940, Jack Pisa, who has been with the company over eight years, was awarded the grand prize of \$200.

The transportation business has a great part in paying the nation's taxes, the Holland Motor Express having paid in 1940 alone over \$35,000 in taxes of which \$5,000 was paid to the local license bureau for license plates.

Approximately 500,000 gallons of gasoline were consumed in 1940 on which 3c per gallon was paid to the state of Michigan for tax and 1 1/2c per gallon was paid to the federal government.

The company carries ample insurance for the protection of the public and the public's merchandise on, which a premium of \$35,000 was paid.

Upwards of 15,000,000 pounds of freight are hauled monthly.

### Local Parsonage Is Scene of Wedding

Mr. and Mrs. Driy left immediately for a brief wedding trip and on their return will reside in Holland where the groom is employed at the Chris Craft corporation.
