By 1 p.m. today, judges had completed judging two of the seven sections of the second annual flower festival in the armory which opened at 2:30 p.m. and will remain open Friday and Saturday from 10 a.m. to 10 p.m.

Grand prize in section one for "arrangements on tables with tulips predominating—some foliage and other flowers permitted" went to the Spar division of Hope church. Woman's Aid society entered by Mrs. Phillips Brooks for its golden wedding anniversary entry.

Two grand prizes were named in section two for the informal section, one for the buffet arrangement entered by the Waco division of Hope church, Mrs. F. H. Ault, chairman, and the other for the terrace table entered by division 4 of Hope church, Mrs. Jay Peter leader.

Other prizes in section two included: Children's party, Waves division, Hope church, entered by Mrs. C. C. Wood; Dutch table, Mrs. B. H. Weller, Sr.; patriotic table, Mrs. Kenneth Campbell; breakfast table, Gleaners' class, Third Reformed church.

Judges were Mrs. James J. Nicholson, Atlanta, Ga., Mrs. Victor Watkins, Fort Wayne, Ind., and George Minnema of Holland.

The local committee consists of Mrs. Chester Van Tongeren, chairman, Mrs. L. G. Stallkamp, Mrs. R. W. Everett, Mrs. J. W. Hoebbeck, Mrs. A. A. Visscher, Mrs. Henry Carley, Mrs. John Mikula and Mrs. C. Selby.

Description of the armory which has been transformed into a beautiful garden setting defines more words, more than one person said in viewing the colorful display. Work began there on Tuesday.

Huge evergreens line the armory walls and serve as backdrops for numerous shadow boxes with special displays artistically lighted. At the south end the park department under the direction of Supt. Dick Smallegang has arranged a special garden scene centered about a large windmill. Large fuchsia trees, ferns of all types, palms, hydrangeas, calla lilies, Bella perona, achemines and tulips are included in the display.

In the center of the building is a large flower bed containing hundreds of cinerarias, arranged by Ebelinks. Of special interest are the terrarium entries which are submerged bouquets in chemically enriched water.

Lubbers Home Damaged As Fire Starts in Attic

Firemen made an early morning run about 4:30 a.m. yesterday in the OGD truck, commonly called "the mustard wagon," to the Gradus Lubbers home on the old Zeeland road near Restlawn cemetery and extinguished an attic fire.

Fire Chief Andrew Klompars said the fire was of undetermined origin and he estimated damage at \$25 to \$30. The fire was put out with the booster pump. Fire fighters remained on the scene about an hour.

The upstairs was occupied by Mr. and Mrs. Joseph Bruno and their four children. Mr. and Mrs. Lubbers also occupied a bedroom on the second floor. The fire was first noticed by Mrs. Bruno who woke and at that time the rooms already were filled with smoke. Mr. Bruno who had been working on the night shift in a defense plant had retired at 2 a.m. The children were taken to the home of a neighbor.

The fire started in an attic which adjoined one of the bedrooms.

Spends Three Weeks on Arctic Glacier

Headquarters, European Theater of Operations, May 18—S/Sgt. Jack N. Cobb, 26, 75 East Ninth St., Holland, Mich., is one of 30 American officers and enlisted men of the Northern Ireland base section who have returned to their organizations after spending three weeks on an Arctic glacier.

Purposely supplied with imperfect equipment and selected because most of them had previously lived in warm southern states, the men underwent one of the toughest experimental training courses in United States army history. Back with their units, they now teach the things they learned during their isolation in a series of "winter warfare tactics" classes.

During operations in snow and extreme cold, they learned that production and conservation of heat are of primary importance. This requires proper food, clothing, shelter and discipline. Blankets were insufficiently warm for extremely cold weather. Sleeping bags were better, but they found that in a properly made, down-filled bag a soldier can sleep in the open in any temperature. The diet included more fat and sugar than ordinary rations to help produce body heat.

To the isolated men the endless procession of pony pack trains bringing their supplies meant their very existence and the animals received thoughtful care. Bits were warmed before

they were placed in the horses' mouth. The ponies were crowded together under canvas covers at night to help keep them warm.

Although there were no routine personal inspections at this outpost, the men soon learned to shave regularly at least every three or four days for the moisture of their breaths would freeze on beards.

The men slept in large tents so that the body heat of a number of men sleeping together would raise the inside temperature.

Kellogg Camp to House Prisoners

Farmers Needing Six Or More Men May Sign Contracts for Labor

Allegan, Mich., May 18 — The W. K. Kellogg Pine Lake camp, the first German prisoner of war labor camp to be set up for Allegan county, likely will open about May 22, a few days earlier than was requested by the county labor committee.

The prisoners will be used first in the Gunn marsh muck crop area. When the work lets up there they may be used in other areas.

Farmers needing as many as six men or more on a job and unable to locate sufficient help are urged to sign labor contracts now. Agricultural Agent A. D. Morley said.

Farmers are warned that all local labor available should be used before the prisoners are requested. Other information may be obtained at the Allegan county emergency farm labor office, the county agricultural agent's office or members of the local farm labor advisory committee.

Calls for Sirens, Bells on D-Day

Kelly's Program for Observance Includes Prayers for Minute

Mayor Elmer J. Schepers said today he would confer with Capt. Donald S. Leonard, state director of civilian defense, this afternoon regarding Holland's plans for the universal observance of "D-Day" in Michigan, as announced today by Governor Kelly. Leonard was scheduled to arrive here at 3 p.m. and address a joint meeting of the four local service clubs tonight in the Warm Friend tavern.

The governor said the special observance will be initiated by the ringing of air raid sirens, ringing of church bells and blowing of factory whistles, and all Michigan residents will be asked to pause wherever they are and remain silent in prayer and reflection for one minute.

The governor said he plans to proclaim the observance immediately after official word of the invasion of western Europe is received. If possible, the time of observance will be fixed within two hours after the announcement.

The governor's proclamation will be distributed throughout the state by the Michigan office of civilian defense's air raid warning system.

Some Holland persons expressed opinions that the hubbub of factory whistles and sirens should be withheld until peace is declared. Local churches already have made arrangements to call special D-day prayer meetings at night.

Patrolman Charles Dulyea, 40, 198 West Ninth St., was the driver of the cruiser which was badly crushed in the front, although there was little apparent damage to the engine. Awaiting Further Information on Mosquito Threat

County Health Officer Planning Educational Movies in Program

The mosquito control committee, appointed at the May 3 meeting of common council, is awaiting further information on the malarial mosquito threat before launching a definite program in Holland. Chairman L. Philip Van Hartesveldt told common council at its regular meeting in the city hall Wednesday night.

Van Hartesveldt, who with Ald. Henry Te Roller, represented the council at a meeting with the board of health May 12 in the city hall, said Dr. Ralph Ten Have, Ottawa county health commissioner, is conferring with state and federal departments for latest information in dealing with the problem.

Van Hartesveldt said the group attending the meeting approached the problem from angles involving possible dangers to health, civic pride and the nuisance standpoint. He said research has shown that 50 per cent of the problem can be eliminated by individual householders who are urged to eliminate mosquitoes in receptacles filled with rain water, such as fish ponds and bird baths.

Dr. Ten Have also will arrange for distribution of educational movies on the subject, Van Hartesveldt said. Another meeting of the committee will be held as soon as the information is forthcoming. Those attending the May 12 meeting were Mayor Elmer J. Schepers, City Attorney Vernon D. Ten Cate, Clerk Oscar Peterson, Dr. Chester Van Apple, Dr. Ten Have, John Van Dyke, John Wyma, Ben Wiersma, Van Hartesveldt and Te Roller.

Referred to the ways and means committee for study was a suggestion by Mayor Schepers that consideration be given a plan whereby an outside appraiser come to Holland and assess residential property, possibly next year. The mayor said an outside appraiser had come in a few years ago to make assessments on industrial property and no objections were registered. He said he felt all members of the board of review would approve such a plan.

Summer Term At Hope College To Open June 19

Jellema to Augment Faculty With Course On Philosophy of Life

June 19 is the opening date for the third annual nine weeks' summer session at Hope college, according to announcement by President Wynand Wichers. The course, which enables college students or high school graduates to complete college work in less than four years and offers opportunities for renewal of teachers' certificates or pre-military training will conclude Aug. 18.

A staff of eight faculty members including Prof. Clarence De Graaf, Dr. Teunis Ver Geer, Dr. Walter Van Saun, Prof. Albert E. Lampen, Prof. Clarence Kleis, Dr. Bruce M. Raymond and Miss Melita J. Ross of the college will teach three periods in the morning beginning at 8:30 a.m. Various other classes and laboratory periods will be held in the afternoon.

As an innovation this year the Hope faculty will be augmented by Dr. W. H. Jellema, head of the department of philosophy at the University of Indiana, who will offer the course, "Building a Philosophy of Life." This course, as far as possible, will be required of all summer school students as an experiment in building a more integrated and purposeful college program.

The experiment, it was explained by Prof. De Graaf, is in line with the present day demand to give an approach to college study that will permit the student to evaluate the whole of life. Under the elective system education has been divided into numerous little sections and students have lost their perspective on life as a whole. Because each course is built up by itself no attempt is made to relate the course to each other and to the whole question of living.

The criticism directed at the liberal arts college has been that it no longer gives the graduate the free range of the whole field of learning. Dr. Robert M. Hutchins of the University of Chicago has attempted to make the philosophy of Thomas Aquinas the central core around which to build an approach to all education. The course taught at Chicago by Dr. Mortimer Adler has already shown how important it is to get some basis for an understanding of life. Dr. Jellema believes that Calvinism can furnish the basis for a complete understanding of life as well as the Thomism of Dr. Hutchins. His series of lectures will aim to show how the Greek mind, the medieval mind and the modern scientific mind are all inadequate for an understanding of the Christian conception of life. He will develop this thesis through a study of the philosophy, the religion, the science and the art that were produced in these various periods of history.

The philosophy class will meet three days a week and the remaining two days will be devoted to discussion groups in various fields relating to the general subject. Dr. Ver Geer will lead the discussion section in discussion, Dr. Van Saun the social studies and Prof. De Graaf, the literature and art section. Credit for the new course may be counted in philosophy, Bible, social studies, science or literature, according to the discussion section for which the student registers.

Dr. Jellema, guest instructor on the campus, is a graduate of the University of Michigan where he received his doctor of philosophy degree. He served as head of the philosophy department at Calvin college, Grand Rapids, for some time before accepting his present position at the University of Indiana.

Other standard subjects offered during summer school include courses in mathematics, anatomy, meteorology, history, sociology, composition, biology, physics, politics, philosophy and literature.

Students may earn a maximum of nine hours credit and all registration must be completed on Monday, June 19. If six students apply for a course not listed in the summer school bulletin, arrangements will be made for that class. However, no course will be given unless six students enroll for it.

Prof. Thomas E. Welmers is serving as registrar for the summer session.

Students will be housed in Voorhees hall and private homes.

Clean-up Week Past, Don't Dump Debris on Curbs

City Engineer Jacob Zuidema today warned local residents that clean-up week in Holland is past and there will be no more pick-up by city trucks along city streets. He suggested those persons who have dumped lawn rakings and grass cuttings on the curbs remove the debris since the street sweeper is not equipped to remove it. Rakings and cuttings if allowed to stay on curbs are carried into catch basins and then clog the storm sewers, he said.

He said prosecution of uncooperative persons will follow if this offense is not corrected. Holland is proud of its clean streets and he said, and local residents should help to keep them so.

Total indebtedness of local governments in 1945 amounted to \$1.5 billion, as compared with \$1 billion during 1942 and \$2 billion in 1922.

Dr. Terkeurst Is WCTU Speaker

A short Mother's Day program, with devotions in charge of Mrs. Bastian Kruthof, preceded the annual election of officers at the May meeting of the Women's Christian Temperance union in the home of Mrs. Albertus Pieters Friday afternoon.

Mrs. Kruthof's theme, in keeping with Mother's day, was "a courageous and virtuous woman," as described in Proverbs 31. Mrs. Peter Veltman, accompanied by Miss Marie Meisens, sang "The Blind Ploughman" and "The Time for Making Sons Has Come," by James H. Rogers.

Mrs. Edith Walvoord, as program chairman for the afternoon, introduced Dr. H. D. Terkeurst, who stated that he had been sustained by the prayers of "those who cared" during his 16 months' experience as chaplain in the U. S. navy.

A chaplain is also a part time liaison officer and one of his tasks is censoring mail, he said, and so he learns what is in the hearts of the boys. Most touching are the questions asked about the loved one left behind.

The speaker drew a word picture of the absolute desolation of the Aleutians where he spent some time, the inclement climate, the depressive influence of howling winds and driven aloft. Still, the morale of the men is fully as high as that of their officers in this place that the men themselves have called "the highway to victory," he declared.

Dr. Terkeurst also told of the devout interest of the men at divine worship, when large audiences would crowd in huts and recreation halls, seated on the floor, with a 110-mile gale blowing outside. The speaker explained how the men are protected against the hardships of the climate and gave a description of the frontier town of Kodiak.

In conclusion Dr. Terkeurst stated that the world is "travelling and groaning" for central government towards the coming of God's Kingdom on earth.

Mrs. W. F. Kendrick was elected president for the coming year. Other officers named are: vice-president, Mrs. Carl Dressel; corresponding secretary, Mrs. Margaret Markham; recording secretary, Mrs. B. Smith; treasurer, Miss Gertrude Slaghuik.

The social hour was in charge of Mrs. Pieters, Mrs. Walvoord and Mrs. Ellen Ruisard.

Betty Ranger in First Division Second Time At State-Wide Contest

Holland High school young people, participating in a state-wide contest for high school students Friday at Michigan State college in East Lansing, came home with satisfactory ratings, three of them being placed in first division. It was reported here by Miss Trixie Moore of the high school music faculty, who accompanied them to the contest. Ratings in the non-competitive event range from 1 to 4.

Placed in first division were Misses Betty Ranger and Betty Brinkman, sopranos, and Tim Harrison, baritone. Don Jalling, and Maurice Schepers, tenors, and Adele McAllister, contralto, were placed in second division, and George Zuidema in third division.

Miss Betty Ranger, senior, who plans to make music her career, was recommended for division 1 (plus), rating A in all subdivisions which are graded from A through E, and received several plusses for "noticeably good," indicating performance. This is the second time Miss Ranger has received first division rating at the contest, the first time in 1942. G. L. Woods, adjudicator, wrote regarding Miss Ranger's performance, "Splendid voice, best to date, very well taught, here is talent and ability and everything."

Miss Ranger who will be 18 this month is a daughter of Mr. and Mrs. George Ranger, 631 Michigan Ave. She will enter Sullins college, Wistful, Va., a voice school.

Shipwrecked in 'Worst Part of World'

Lt. (sg.) Henry Hopper, 461 State St., who has been stationed in the Aleutians for the past seven months and who spent four days on an uninhabited island after his ship was wrecked, today "plugged the Red Cross" for the fine work they are doing on the fighting fronts of the world.

Officers and men of the crew of the mine-sweeper of which Lt. Hopper was executive officer and second in command, spent "four damp and dizzy days on an island in the Aleutians," lived on hard-boiled eggs and canned meat and, after their rescue by a salvage vessel, were supplied with survivors kits by the Red Cross. These kits include a complete change of clothing, shoes, toothbrush, shaving equipment, comb, towels and cigarettes.

The Red Cross also maintains canteens on the base and on ships and, according to Lt. Hopper is the "place we go in time of need." Red Cross workers contact relatives at home, learn news of sickness, secure emergency leaves and "tell the proud papas whether it's a boy or a girl. It's a great organization," he added, "and every man in the service is for it 100 per cent."

The Aleutians are the dreariest, most dismal islands in the world, he said. The sun doesn't shine, it's either raining or snowing most of the time and the winds often reach a velocity of 110 miles an hour. Although there is a theater on the base from which his ship operated, most men prefer staying on the ship.

Movies are shown aboard the ship three or four times a week

Lt. (sg.) Henry Hopper

and records, purchased with profits from the ship service, are also played. Also bought with money from the service, which is put into a ship welfare fund, are magazines which are kept in the reading room. Books, selections of the book of the month club, are also sent each month.

Lt. Hopper, who formerly lived in Detroit, enlisted in the navy in October, 1942, and was stationed in Seattle, Wash., before being sent to the Aleutians. At present he is on a two-week emergency leave (this wife has been ill) upon completion of which he will command a mine-sweeper in the Pacific. His wife and nine-year old son, Tommy, make their home in Holland.

In all reports, extensive DAR activities in regard to the war effort were stressed.

Farm Recruiting Centers Selected In Ottawa County

County Agent Arnold Will Be Assisted by Lowing and De Kock

Grand Haven, May 18—Registration of boys and girls of Grand Haven, Ferrysburg and Spring Lake in the farm recruiting program will be conducted in the respective high schools the week of May 22, under the direct supervision of L. R. Arnold, county agricultural agent, with Roy Lowing of Jenison acting as assistant.

Registration for boys and girls of the southern half of the county in charge of Dr. Walter De Kock of the Holland Christian school system in Holland and Zeeland city halls starting May 22 was announced last week.

Placements for youngsters of Grand Haven, Spring Lake and Ferrysburg will be made from Arnold's office in Grand Haven. Other placement centers in the county will be located at Cooper's high school with Mr. Dalglish, vocational agricultural teacher, in charge, and at Marne with Gerald Taggart in charge.

Lowing will have direct supervision of all placement centers and asks that any boys or girls in the county not contacted through the school and who wish to enroll as a Victory Farm Volunteer apply at any center listed for the county and offer their services in the Food for Freedom program.

Arnold said the farm labor shortage is even more acute this year than it was in 1943 and he expects that women of the county will be asked at a later date to enlist in the Women's Land army to be sponsored by Mrs. Grace Vander Kolk, home extension agent.

Fennville

(From Wednesday's Sentinel)
Miss Kathryn Burch and Mr. and Mrs. Fred Krauser and daughter, Erlu, of Detroit were Sunday guests of J. E. Burch. He had as another guest, from Friday night to Monday, Kenneth Hall who came as an escort for the body of his friend, Corp. Norman Herring from Camp Davis, N.C.

At the exceptionally large funeral in Pearl church Saturday afternoon, Corp. Warren Hoyt, boyhood friend of Norman, who had come to have arrived home on furlough Friday, was given the privilege of placing the gold star over the blue one on the community flag that hangs in the church. Also he assisted the escort in folding the flag on its presentation to the mother. This was the first gold star among the 28 on the flag, representing all the boys from that community who are in service, most of whom have been attendants of that church and Sunday School in their boyhood. Corp. Hoyt was to leave Tuesday to report again at Camp Edwards, Mass.

Mr. and Mrs. Ed Marek, who recently moved here from Chicago to reside permanently, were surprised one evening last week by a company of friends who came for a "house warming." They brought a large kettle of chili for lunch, and numerous gifts of canned fruits. This week, Mr. and Mrs. Marek are cleaning and getting their cottage at Hutchins lake in readiness for the opening of the fishing season.

Mrs. Frank Panuska and her son-in-law and daughter came from Chicago Sunday. Mrs. Panuska is to remain for the summer. The children are returning home now, but will spend many weekends here with the mother.

Miss Jane Dickinson, who has completed her work for Dr. Burdick, enjoyed the first week of her vacation in Holland, visiting Mr. and Mrs. Ben Scheerhorn and Mrs. Jane LeRoy. On Sunday her parents, Mr. and Mrs. Harold Dickinson, were dinner guests of Mrs. LeRoy and Jane returned home with them.

Last Friday, Mrs. Sophia Nelson and daughter, Priscilla, went to Detroit to pay a farewell visit to George Nelson, son and brother, who has been accepted as an entertainer for the armed forces overseas, and will leave soon. Following his hitch in the navy several years ago he was a magician for some years, but on our entry into the war gave it up to do defense work. Of late though he applied for entry into the navy again, but did not pass the examination. He then applied for entertainment work and in this was accepted and ordered to report soon. Priscilla will remain with her brother's wife and baby.

Wants to Quit Cast for Marriage

Corp. Edwin K. Butties, 21, route 2, Holland, 126th infantry veteran who was wounded Dec. 20, 1942, during the Buna campaign in New Guinea, is confined in Percy Jones hospital, Battle Creek, and is awaiting the day when he can get out of his body cast, receive a discharge and return here to marry Miss Vivian Allen, daughter of Mr. and Mrs. Charles Allen, 54 West Seventh St.

That day, however, may be quite some time off since he must remain in the present cast for about three months, according to his mother, Mrs. George Beukema, who with her husband and Miss Allen have visited the wounded soldier four times at Percy Jones hospital since his arrival there March 19.

Corp. Butties stopped a few Japanese machine gun bullets with his left knee during the Buna

campaign while he was on patrol. He dressed the wound himself and waited until stretcher bearers got to him.

He arrived on the west coast in April, 1943, and was confined in Letterman General hospital at San Francisco, Calif., before being transferred to Shick General hospital in Clinton, Ia., where his parents and fiancée visited him several times.

He has undergone extensive treatment for the knee which had become infected. His cast prevents the slightest movement of the knee. Shortly before he received the knee wounds, he was wounded in the elbow, but that is healed completely.

Corp. Butties left with Holland's Co. D, national guards, for service in October, 1940, not long after his graduation from Holland High school.

Two Holland Bands Receive Citations

In impressive ceremonies witnessed by more than 500 persons in Holland High school auditorium Wednesday night, N. E. Hager of Grand Rapids, state chairman of the Music War Council of America, presented distinguished service citations to the Holland High school and American Legion bands in recognition of their "patriotic and inspiring use of music to aid the national war effort."

Mr. Hager complimented the Holland school administration for being alert to the value of music in the curriculum. He stated that there are 13,000 high school bands in the United States, besides thousands of other fraternal and organization bands, and it is considered markedly unusual that two bands in this city should have qualified for citations of which less than 225 were awarded, with ten only, in Michigan.

Mr. Hager was introduced by Supt. E. E. Fell of the Holland public schools, who gave a brief history of the bands and their growth under the outstanding leadership of Eugene F. Heeter,

director of both bands, who came to Holland 16 years ago as director of instrumental music in local public schools. "Things like this do not just happen," he said.

The school band citation was accepted by J. J. Riemersma, Holland High school principal, "in behalf of the Holland High school band and the efficient and inspirational direction of Mr. Heeter."

Mr. Hager then presented President Harold J. Karsten of the Legion band with an identical citation. In accepting the award, Mr. Karsten declared that he felt the band had received a great honor, as he understood the local organization is the first American Legion band in the United States to receive the award. "When participating in the various Army-Navy E award presentations in recent months, work done gladly by the volunteer members of the band, we little dreamed what was in store for us," he said. With more than 50 members of the band now serving in the armed forces, it has been a difficult period, but cooperation of community and band personnel has been of the best, he pointed out.

Hutchinson. Her other guests were Mrs. Helen Stevens Reed of Saginaw, and Mrs. Ethel Duell Martin of Kingston Heights. These women started school together in the kindergarten here and continued all through until their graduation in 1922. They and two others of the class have corresponded via means of a "Round Robin" letter since graduating. The other two members of the circle are Mrs. Leone Westveld Olson of Milwaukee and Mrs. Olive Reynolds Cleary of Ypsilanti. They were invited but could not accept. Mrs. Olson since leaving here several years ago has written stories, which are published under her maiden name of Leone Westfield. It is said she now has a serial story running in a Milwaukee paper. She is the daughter of Jacob Westveldt and the late Mrs. Westveldt of this place.

Mrs. Gertrude Beek of Muskegon had been a guest of Mrs. Elver Bailey the past week. She accompanied Mr. and Mrs. Bailey to Kalamazoo last Saturday night where they attended a surprise birthday party arranged for the birthday of Mrs. Orland Brown, daughter of the Baileys.

Bethel chapter, O. E. S., was well represented Tuesday afternoon and evening when about 18 members attended the Allegan county association meeting in Wayland. Mrs. Margaret Sheard was elected chaplain and William Van Hartsveldt second vice-president. Fennville has not been represented among the county officers since Mrs. Marcia Arnold was president several years ago. There are nine chapters in the county and the officers are rotated. This is Bethel chapter's year to start a candidate for the presidency, the office of chaplain being the starting point. The second vice-president is always a brother, and has never succeeded to the presidency.

The attendance was 104 in the afternoon and more than 150 in the evening. The registrar announced that guests besides from the county chapters were from Petoskey, Central Lake, near Jackson, Grand Rapids, Holland, Chicago, with out-of-staters enrolled from North Dakota, Pennsylvania and Los Angeles, Calif. There were no grand officers present, but Mrs. Margaret Jones and Mrs. Florence Simpson of Otsego, Past Worthey Grand Matron, and Past Grand Adah were present. Mrs. Jones is also a past president of the county association. Mrs. Simpson installed the newly elected officers.

"
I'm sorry
I invented
the pocket!"

IF I had known that some Americans would be using pockets to hold all the extra money they're making these days, I never would have invented them.

POCKETS are good places to keep hands warm.
Pockets are good places to hold keys... and loose change for carfare and newspapers.

But pockets are no place for any kind of money except actual expense money these days.

The place—the only place—for money above living expenses is in War Bonds.

Bonds buy bullets for soldiers.

Bonds buy security for your old age.

Bonds buy education for your kids.

Bonds buy things you'll need later—that you can't buy now.

Bonds buy peace of mind—knowing that your money is in the fight.

Reach into the pocket I invented. Take out all that extra cash. Invest it in interest-bearing War Bonds.

You'll make me very happy if you do.

You'll be happy too.
