## John Essebagger Cited for Heroic One-Man Stand

Wife Receives Word  
On Highest Honor;  
Citation Received

Washington (U. S. —) Corp. John Essebagger, Jr., Holland, Mich., has been awarded the Congressional Medal of Honor for giving his life in a heroic one-man stand on a Korean battlefield, the Army announced Wednesday.

The 22-year-old reservist walked into murderous gunfire to stall an attack by Communist troops and permit his buddies to withdraw in comparative safety.

Corp. Essebagger was credited with single-handedly inflicting heavy losses on the enemy and disrupting their advance before he fell mortally wounded near Popsu-Dong, Korea, on April 25, 1951.

Capt. Holger H. Thompson, Salinas, Calif., Essebagger's company commander, said the young hero "accounted for an estimated 14 enemy killed and an untold number of wounded."

Corp. Essebagger's wife who is the former Mary Bell of Holland, received notice of the Medal of Honor award early Saturday. She received a call at 6:10 a.m. from a secretary representing the Adjutant General of the United States. The call came from the Detroit Arsenal Communications center, at 6:10 a.m. Mrs. Essebagger was told "The medal of honor has been awarded posthumously by a grateful nation to your heroic husband, the late Corp. John Essebagger, Jr., for conspicuous gallantry in action above and beyond the call of duty, near Popsu-Dong Korea, on 25 April, 1951. Public announcement of this award has been withheld in order that you may be the first to be privileged to have the information. However, such release will be given to news media within the next few days. Since you will be vitally interested in the details of your husband's heroic action, the citation will be forwarded by air mail this date. You will be advised later of the details of the presentation ceremony."

The citation reads: "Corporal John Essebagger, Jr., (Service No. ER 16 269 463 Infantry United States Army, a member of Company A, 7th Infantry Regiment 3rd Infantry division distinguished himself by conspicuous gallantry and outstanding courage above and beyond the call of duty in action against the enemy near Popsu-Dong Korea, on 25 April 1951.

"Committed to effect a delaying action to cover the 3rd Battalion's withdrawal through Company A, Corp. Essebagger, a member of one of two squads maintaining defensive positions in key terrain and defending the company's right flank had participated in repulsing numerous attacks. In frenzied hand-to-hand combat, he single-handedly repulsed the numerically superior enemy, seriously threatened the security of the planned route of withdrawal and isolation of the small force. Badly shaken and grossly outnumbered detachment started to fall back and Corp. Essebagger, realizing the impending danger voluntarily remained to provide security for the withdrawal.

"Gallantly maintaining a one-man stand, Corp. Essebagger raked the menacing hordes with crippling fire and with the foe closing on the position left the comparative safety of his shelter and advanced in the face of overwhelming odds firing his weapon and hurling grenades to disconcert the enemy and afford time for displacement of friendly elements to more tenable positions. Scorning the withering fire and bursting shells Corp. Essebagger continued to move forward, inflicting upon the fanatical foe until he was mortally wounded. Corp. Essebagger's intrepid action and supreme sacrifice exacted a heavy toll in enemy dead and wounded, stemmed the onslaught and enabled the retreating squads to reach safety. His valorous conduct and devotion to duty reflected lasting glory upon himself and was in keeping with the noblest traditions of the Infantry and the United States Army."

Mrs. Essebagger, who lives at 63 West Ninth St., said she is "terribly proud" of her husband, whom she married in July 21, 1950. In September of that same year, he was recalled into the Army. He had previously served for 18 months. He was sent overseas soon after the beginning of 1951.

Corp. Essebagger was the son of John Essebagger, Sr., of Holland. The senior Essebaggers live at 326 West 13th St.

The hero's wife will be presented with the medal. Arrangements for the presentation have not yet been made, but the nation's highest military decoration is usually presented by top defense officials or President Truman. Although Mrs. Essebagger has not received notification, she probably will go to Washington to accept the award.

It was the 63rd Medal of Honor awarded in the Korean war and the 48th by the Army. The Army had awarded Medals of Honor to 13 heroes who survived their valiant actions, two listed as missing.

in action and 33 who were killed. The Navy and Air Force have awarded one each. The Navy decorated a living pilot of a combat plane, the Air Force's award was posthumous. The Marine Corps had awarded 13—seven posthumously, one to a missing hero and five to living Leathernecks.

Corp. Essebagger was a graduate of Holland high school and attended Hope college for one year. He was a member of Third Reformed church. Mrs. Essebagger, who also is a graduate of Holland high and of Hope college, is employed at Holland Furnace Co. Her parents are Mr. and Mrs. Alonzo Bell now living at Turin, Italy, where Mr. Bell is associated with Standard Oil Co. Mrs. Essebagger has been making plans to visit her family in Italy in August.

## Red Cross Makes Urgent Appeal For More Nurses

An urgent appeal for registered nurses to work in the American Red Cross Blood program was made today by Peter Van Domelen, chairman of the Ottawa County Red Cross chapter. At least 25 nurses are needed at once in the Midwest.

Blood for military use, as well as for civilian hospitals participating in the Red Cross Blood program, has stepped up blood collection quotas for regional and defense blood centers, Van Domelen said. Immediate registered nurse vacancies exist in Michigan, Kansas, Missouri and Iowa. Other openings are available, and registered nurses are urged to contact their local Red Cross chapter for information.

Red Cross officials at Midwestern area office in St. Louis particularly urged inactive registered nurses to respond, Van Domelen said. Nurses employed for full-time work in the blood program receive pay comparable to local salaries in the sections where they are assigned. In addition, paid vacations, sick leave benefits, travel and maintenance expenses when on overnight mobile unit operations are paid.

"It is not our intention to draw nurses in our community from duty in which they are vitally needed," the Red Cross chairman added. "But, blood is part of our nation's defense strength, and there are registered nurses not active in their profession, or who are unable to serve with the armed forces. These nurses can perform an essential duty through the Red Cross Blood program."

Van Domelen explained that Red Cross regional and defense centers are established in center locations where the greatest population concentrations exist. From the blood centers one or more mobile units operate into adjacent communities within a radius of about 150 miles. Registered nurses accompany mobile units, setting up efficient blood collection stations for one to five days operation in each community where voluntary blood donors have previously been recruited by local Red Cross chapters.

In the Midwest, regional blood centers are located in Wichita, Kan.; Omaha, Neb.; St. Louis and Springfield, Mo.; Peoria, Ill.; Lansing and Detroit, Mich.; Madison, Wis.; St. Paul, Minn.; and Waco, Texas. Defense blood centers are located in Little Rock, Ark.; Chicago, Ill.; Des Moines, Iowa; Kansas City, Mo.; Fort Worth and Beaumont, Texas; and Oklahoma City, Okla. In all, Red Cross has established 45 regional and defense blood collection centers in the nation.

Registered nurses are urged to contact their local Red Cross chapter for details of blood program employment.

## Holland High Ends Search for Coach Of Football Team

Dale Shearer Named  
As Dutch Grid Boss  
For Coming Season

Dale Shearer, head athletic coach at Quincy high school since 1940, has been offered a contract as head football and track coach at Holland high school beginning next fall.

The 41-year-old Michigan State college graduate is a veteran of 17 years in the high school coaching field in Illinois and Michigan. His appointment ends a long screening process by local school authorities during which about 60 applicants for the job were considered.

Shearer will replace Robert W. Stupka, coach at Holland high for the past five seasons, who resigned his position early this year.

Personable Shearer will be advancing from class C Quincy high school to class A Holland high. He started at Quincy in 1940, and in 1941 entered the Army as a private, rising to the rank of major at the time of his discharge in 1945. He then returned to Quincy where he took up head coaching reins again.

Shearer is a native of Lansing, where he attended old Central high school. He graduated in 1928 after playing varsity football and basketball.

He attended Michigan State college, graduating with a bachelor of science degree in 1934. For the next two years he was football coach at Blue Island, Ill., moving to Roscommon, Mich., in 1937 as football and basketball coach. Shearer stayed there three years before moving to Quincy in 1940. During his 41 years in the Army tank corps, the new Holland coach toured all of Europe.

Shearer received his master of arts degree from Michigan State in 1950. He also served as summer playground director in Lansing from 1936-40.

During his coaching days, Shearer also has served as classroom teacher of chemistry, biology or health education. At Holland, present plans call for him to be physical education instructor, and to coach the track team.

Present Coach Austin Buchanan is giving up the coaching job after this year.

Shearer compiled a strong football record at Quincy. In his eight years there, his team won 38 games, lost 17 and tied seven. He coached one conference champion team and finished second three times.

His basketball teams at Quincy also built enviable records. Quincy was district champion in 1951, but lost in the regional. In three years at Roscommon, Shearer-coached cage teams won 50 games, lost 10, won three district and two regional championships.

Shearer did not play varsity football at Michigan State, but was on the squad under Coaches Jim Crowley and Charley Bachman.

Shearer and his wife, Lucille, plan to move to Holland later this summer. They have no children. Both are originally from Lansing, and have spent many vacations camping at Holland State park and other Lake Michigan camps. In Quincy, they are members of the Union church.

Both have been active in civic work in Quincy. Shearer is past president of Rotary club and a member of the Masonic order. He has served on Red Cross and Community Chest committees and in the Handicapped Children's program. Mrs. Shearer has headed Red Cross drive committees, and is completing training under the Red Cross nurse's aid program.

Seven members of the Holland school system served on a screening committee for selection of a new football coach. They were Supt. Walter W. Scott, Principals J. J. Riemersma and Miss Bernice Bishop, Miss Gladys Wiskamp, Austin Buchanan, Carol Norlin and Joseph Moran.

All are convinced that they have recommended a top-flight man to take over Holland football fortunes. Shearer comes to Holland with extremely high recommendations from Ralph Young, athletic director at Michigan State, as well as all his former school superiors.

Hundreds of visitors inspected the big gray Naval training vessel which tied up at Kollen park dock in Holland during the weekend. Working out of Chicago, the ship is taking part in two weeks of sea-going maneuvers on Lake Michigan along with six other similar vessels from around the lake. She arrived in Holland Saturday morning, gave week-end liberty to the 46 reserves aboard, welcomed the hundreds of tourists and left again for duty at 8 a.m. Monday. The ship is 183 feet long and weighs about 800 tons. Holland will serve as week-end port of a second training vessel which is scheduled to dock here on June 7-8. (Sentinel photo)

## 20-Month-Old Girl From Flint Victim Of Noon Tragedy

The first drowning of the season occurred at noon Friday in Lake Macatawa, claiming the life of 20-month-old Charlene Joyce Bixby, daughter of Mr. and Mrs. Clyde N. Bixby of Flint. Officers worked on resuscitation 45 minutes before the child was declared dead.

The drowning occurred near Lakeshore Cabins where the Bixbys and their two young children were vacationing a few days. Bixby had just recovered from two operations and the family was having a brief vacation before he returned to work. The family arrived Tuesday and had planned to stay until Saturday.

The father had been fishing from a dock at the resort and keeping an eye on Charlene and her older brother, Terry, 4½, who were playing in the sandbox. Workmen nearby were fixing sandbags for shoreline protection. As the noon whistle blew, workmen retired to their quarters for lunch and Bixby went to his cabin to check on lunch preparation.

When he returned almost immediately to call the children only 4½-year-old Terry was present.

A search started immediately and it was Mrs. Bixby who found the child floating face up in the lake. She screamed to her husband who reached out from the embankment and grabbed the child. He handed the child to another cottager, Al C. Paulauskas of Chicago, also vacationing at the resort. Paulauskas carried the little blonde girl wearing a blue snowsuit into the Bixby cabin and started artificial respiration.

Deputies Clayton Forry and Nelson Lucas of the sheriff's department and City Policemen Leonard Stokette and Isaac De Kraker reported within minutes, the city officers bringing a resuscitator. A physician also was present. Resuscitation started at 12:15 p.m. and officers abandoned efforts at 1 p.m. when the physician declared the child dead.

It was recalled that the first drowning last year occurred on the Sunday before Tulip Time on the north shore of Lake Macatawa.

**Holland Woman Dies After Extended Illness**

Mrs. Henry Zwerger, 55, of 122 East 25th St. died early last Tuesday at Holland hospital after an extended illness.

Mrs. Zwerger was born in Holland to the late Mr. and Mrs. Albert McClellan and was educated in Holland public schools. She was graduated from the Conservatory of Music at Michigan Normal, Ypsilanti.

Before her marriage on Oct. 4, 1921, she taught school in Flint for two years and in Holland for two years. The couple lived in Lansing for 10 years before returning to Holland in 1943.

She was a member of Central Methodist church of Lansing, but was active in First Methodist church of Holland, having served as past president of the Philathea Sunday school class. She also was a member of the Women's Society for Christian Service, Woman's Literary club and a volunteer for the American Red Cross.

Surviving are the husband; a son, Hugh Earl of Lansing; two grandchildren; two sisters, Mrs. Albert Winstrom and Miss Clara McClellan, both of Holland; a brother-in-law, Henry Te Roller of Holland, and a sister-in-law, Mrs. Hazel Petersbacker of Grand Rapids.

Town crier Hans Suzenaar officially opened Holland's 1952 Tulip Time Wednesday afternoon with the historic chant of the town crier that proclaimed that the streets of Holland were dirty and needed scrubbing. Then followed the colorful folk parade, with the enthusiastic street scrubbers as its main feature. The scrubbers washed Holland's streets along the seven-block parade route, to the evident enjoyment of the first day crowd estimated at 35,000 persons. (Sentinel photo)

## Tulip Time Highlights

Quite a few native Dutchmen objected to the Sentinel's "Dutch" headline in the special edition Wednesday. It seems one of the words has a neuter gender when it ought to be something else, and that maybe "op het" would have been better than "naar" and maybe "tulpen feest" should be one word.

Uh huh, we batted it all around long before the festival and consulted a lot of authorities who consulted a lot of dictionaries. It seems there always is a question about any simple Dutch translation—probably due in part to 12 provinces and the ensuing conglomerate tongue spoken in Holland, Mich.

Our final authority first objected to the "naar" then consulted a couple of big dictionaries and decided it was okay. It came pretty close to the simple little expression in Dutch which maybe an American could figure out all by himself. Certainly much simpler than last year's "vreemde delingen."

Earnest C. Brooks of Holland, state corrections commissioner, acted as baby sitter for Gov. Williams while Michigan's chief executive was marching in the folk parade. Seated with Brooks on the reviewing stand were 10-year-old Gery Williams and Wendy, 6. The governor's wife was unable to attend Tulip Time festivities this year. Also in the Brooks party were Mrs. Brooks and her sister, Mrs. Ransom Everett.

Several members of the Tulip Time board of directors also were on the reviewing stand. These included John H. Van Dyke, Miss Gertrude Stokette, J. J. Riemersma, E. H. Moss and Robert J. Kouw.

## New Trophy Given For Conservation

A new trophy is being awarded this year for the outstanding conservation exhibit at the Tulip Time flower show in Holland armory.

The award comes from the Holland Sentinel and W. A. Butler, publisher, and former commissioner of the state Conservation department.

The name of Mrs. R. B. Champion, who arranged the forest setting of native plants, wild flowers and native animals, will appear on the tall trophy this year. It will remain in her possession for the year. Any person winning the trophy three successive years will retain it permanently.

The conservation display banked by cedars covers the entire south wall of the armory. It contains trees native to Michigan, shrubs, plants and flowers. Stuffed animals and trees are carefully labeled. One corner is devoted to wild flowers protected under state law.

**Boats Co-Operate In Lake Mission**

Maritime co-operation was exercised in Lake Macatawa in the wee hours of the morning today when the big luxury cruiser South American became stuck on a sand bar just off her Montello Park dock.

The South was scheduled to leave about midnight for a lake cruise carrying a load of high school students on a senior trip. But as the big boat swung out into the lake, she became stuck on the bar.

After working for several hours, the cement boat J. B. John, which just had unloaded some cement at the Medusa Co., along with Chambers fish tugs and other smaller vessels, finally freed the South.

She finally cleared the channel at 6:05 a.m., followed at 6:09 a.m. by the John and at 6:35 a.m. by her sister ship, the North American.

Mrs. Joyce Brieve of Holland, a graduate of Holland high and Hope college, will teach elementary school. She taught second grade two years at Grand Ledge, Mich. She is married and her husband is scheduled to go into service July 1.

Miss Anita Rynbrandt of Grand Rapids, a graduate of Zeeland high school and Hope college, also will teach elementary school. She taught one year in Kensington school in Grand Rapids.

The last informal meeting of the board will be held May 26, according to Trustee Margaret De Pree. The final meeting will be in the nature of a wind-up in charge of President E. V. Hartman.

Hartman appointed Trustees Vernon D. Ten Cate and De Pree as the board's representatives to a committee of the sending districts which are co-operating with school officials in working out plans which will benefit both city students and those of the sending districts on the high school level.

It also was reported that the mental health series at Longfellow school were particularly successful. State leaders have said Holland is so well advanced on the study of such subjects that it might be well to institute classes on leadership next year for certain projects.

Supt. Scott reported having received a check for \$50,000 from Western Theological seminary for the Froebel-East Junior high school site where the seminary plans to develop a new campus.

Scott also announced that Herold Hunt, superintendent of Chicago schools and a native of Holland, will be the speaker for the Holland high commencement exercises this year.

The board approved a recommendation of a special committee headed by Mrs. J. K. Winter to redecorate and refurbish the superintendent's office in the administration building at 14th and Pine.

Claims and accounts totaled \$67,153.49 of which \$39,407.86 went for teacher's salaries. All trustees were present with the exception of Jay De Koning. Mrs. Winter gave the invocation. The meeting lasted three hours.

**Two Autos Involved In Crash at Corner**

Cars driven by Willard Beelen, 30, of 131 Lakewood Blvd., and Marvin Israels, 17, of 30 East 16th St., collided at the corner of Sixth St. and River Ave. at 11:30 p.m. Wednesday.

Mrs. Irene Beelen, riding with her husband, was slightly injured. She was taken to Holland hospital for observation and x-rays, and then released.

Beelen was headed north on River Ave. Israels, headed south on River Ave., was turning left at the time of the crash. Damage of \$200 each was estimated to Beelen's 1951 model car and Israels' 1946 model car.

City police issued two tickets after the crash. Israels was cited for cutting a corner, and Beelen for speeding.

**Allegan County Agent Discusses Fire Hazards**

Allegan (Special) — Fire losses in the United States during 1951 reached an all-time high.

Allegan can have plenty of fires. One occurred on DeLano St. at 3:30 a.m. on Friday, May 2. No one knew how it started in the leaves at the side of the street. Luckily there was no building in its path. One guess is that someone flipped a cigarette stub into the dry leaves from a passing car.

"This is a warning as to what might happen during dry periods if people are not careful. Use the ash trays in the car, that is what they were put there for," stated county agricultural agent, A. D. Morley in discussing the fire hazard situation.

Miss Nella Pyle, junior from Zeeland, was crowned Hope college May Day Queen in coronation ceremonies Friday evening. The queen was escorted to the royal throne by Gordon De Pree of Zeeland, Student Council president.

Coronation rites, traditionally staged in the Pine Grove on Hope's campus, were moved into the Memorial chapel Friday because of rain. The chapel stage was set with spring garlands and the royal throne.

Freshman coeds, dressed in pastel formal gowns, formed the traditional daisy chain along the queen's aisle to the throne.

Elected to the queen's court were Miss Arlene Ritsema of Muncie, Ill., Miss Verlaine Siter of Berkeley Heights, N. J., Mrs. Connie Boersma Hinga of Holland, Miss Mary Schrier of Muskegon, Miss Anne Ver Meulen of Grand Rapids and Miss Joyce Van Drunen of South Holland, Ill.

A few minutes later, the Holland high golf squad came home with its best score of the season as the Dutch preppers walloped Benton Harbor in a non-counting Southwestern conference match 336-371, also played at Saugatuck.

All but one man on the Hope squad played in the 70's, and only one on the Hillsdale squad went as high as 80. No. 1 player Dick Kruizenga for Hope was low medalist with 73, including a 38 on the first nine and a one-under-par 35 on the back nine.

No. 5 player Dick Huff was just a step behind with a red hot 74. Huff also racked up a one-under-par on the last nine. Bill Kloote and Bill Kramer were other Hope golfers with pars to their credit, each scoring 36 on the last nine. Kloote ended up with 75 and Kramer with 76.

Only Bob Visser seemed to be having considerable trouble for the Dutch linksmen. Visser zoomed to his high score of the year, an 87.

Hillsdale, meanwhile, was almost as hot. Joe Savarino came home in 74 on two one-over-par rounds, Jim Sennett, D. King and C. Schlander each had 76, and D. Armstrong scored 80.

The rest of the Dutch golfers all shot in the 80's. Don Newhouse scored 88, Bob Holt 84 and Dave Jalving 88. The 336 team total was the lowest of the season for Holland high.

## Judge vander Meulen's Interview Heard by Dutch Woman in Poland

The voice of Holland, Mich., in the form of Dutch speaking Municipal Judge Cornelius vander Meulen has penetrated an Iron Curtain country—Poland—according to a letter written from a Netherlands national now living in Poland.

The letter, written in Dutch was received by the judge following a tape recording of an interview with vander Meulen broadcast over Radio Netherlands on April 30, Queen Juliana's birthday.

The woman said she was impressed by the fact that the judge spoke in Dutch after living in America so many years. Her letter told how she missed the Netherlands. That conditions in Poland offered "no comforts, no gas, no any playgrounds for the children."

She said "we can earn money but there is nothing to buy in Poland."

The woman, her two children and Polish born husband went to live in Poland early in 1950.

The woman and her two sons, 13 and 15 years old, are still Dutch nationals and listen to Radio Netherlands each night the letter said.

Let her said that the woman's father and older brother were killed by the Germans in the Netherlands during the war but her mother and older sister still live there.

The tape recording heard in Poland was recorded in Holland with the co-operation of WHTC and the Netherlands Information Service following a request of Radio Netherlands. Also recorded and broadcast in the Netherlands was a greeting from Mayor Harry Harrington on behalf of Holland, Mich., and a previously taped description of Queen Juliana's visit to Holland by WHTC.

Christian Netters Blank Buc Squad For Sixth Victory

Holland Christian netters made quick work of the Grand Haven tennis squad Thursday afternoon on the 21st St. courts, downing the Bucs, 7-0. It was Christian's sixth straight victory and their second over the Bucs this season.

The local netters met a vastly changed Grand Haven squad Tuesday, compared with the one played earlier this season. Coach Gene Roth kept his first two singles players intact, but otherwise practically rearranged the lineup in all other matches, in an effort to gain strength in doubles.

Although only one match went three sets, the Christian netters were extended in several sets.

In the No. 1 singles position, Dave Schreier scored his second victory of the season over Budge Sherwood, stopping the Buc ace 7-5, 6-3. Rich Sharda had a considerably easier time with Bob Clink in the No. 2 spot, 6-3, 6-3.

Jim Teerman played the only three set match of the day, coming from behind to stop Matt Pellgrum 5-7, 6-3, 6-3. Bill Brins took the fourth singles event by whipping Tom Otley 6-4, 6-4.

Norm Lokker and Paul Dykema captured the No. 1 doubles match by subduing Earl Willis and Duane Miles 6-1, 6-3. In No. 2 doubles, Roger Boer and Ken Volkema whipped Jerry Dillenger and Bob Brinkert 7-5, 6-2. The final doubles match went to Tim Kok and Frank Beltman over Don McBryant and Pete Manting 6-4, 6-3.

Christian fans' best week of the season next week, playing three matches. They journey to Allegan on Monday, entertain Wyoming Park on Tuesday and trek to Grand Rapids to meet Christian.

Two Drivers Ticketed As Result of Collision

Two of three drivers involved in a three-car crash at 5:30 p.m. Friday on River Ave., near Sixth St., were ticketed by city police following the crash.

Vehicles involved were cars driven by Marilyn Witteveen, 17, of route 4, and Lester Brower, 18, of route 4, and a pickup truck driven by Willis Kamphuis, 34, of route 2. Police said Kamphuis stopped to allow a car ahead of him to back into a parking place, and the other two drivers couldn't stop in time to avoid the bumper-to-bumper crash. All three vehicles were headed north on River Ave.

Damage to the front and back of the 1951 model Witteveen car was estimated at \$150, to the front of the 1942 model Brower car at \$100, and to the rear of the pickup truck at \$10.

Tickets were issued to Miss Witteveen and Brower for failure to observe assured clear distance.

From the standpoint of a Michigan State alumnus, only one thing marred the recent Chuck Davey-Chico Vejar fight. Former Spartan Davey appeared in top form to take the unanimous decision.

But after the bout, when Davey was receiving the attention accorded a winner, the Chicago Stadium organizer struck up "The Victors" to honor the "University of Michigan State" alumnus.

One State alum we know immediately sent off a letter of reproach to Tom King, Stadium publicist and State graduate.

A potluck supper was featured at the final seasonal meeting of the Maplewood Mother's club Monday evening at the school. In charge of the supper were Mrs. John Zylman, Mrs. John Tubergan, Mrs. G. Beekman, Mrs. Fred Van Naarden and Mrs. Herman Arens.

A business meeting was held. As the terms of the vice president and treasurer had expired, election of these officers resulted with Mrs. William De Haan as vice president and Mrs. Zylman, treasurer. J. Hungerink led prayer.

Miss Florence Vande Woude, Allegan county nurse, discussed tentative plans for a pre-school immunization clinic before the next term. She also announced that plans were being made for eye examinations at the school.

Mothers and teachers were thanked by Mrs. Jack Van Deusen, president, for their co-operation during the past year.

Miss Beth Marcus, head of the local chapter of Red Cross, gave a talk on her recent tour of Europe. She explained the living conditions and the attitudes of the people of various countries including England, the Netherlands, Germany, Denmark, Belgium, Switzerland, Italy and France.

The meeting was closed with a reminder from the president that the annual July meeting will be held the second Monday of that month.

## Man Is Drowned In Grand River

Grand Haven (Special) — Funeral services were held Monday afternoon for Herbert E. York, 50-year-old mess attendant on the U. S. dredge Hains, whose body was recovered by Coast Guardsmen from Grand river at 4:30 p.m. Saturday. He had been employed aboard the Hains since last August.

York failed to report to the Hains Thursday night when it went out to dredge in Grand Haven harbor. Later his jacket was found on the pier and the Coast Guard was called to drag for the body. Officials believe the man slipped and fell into the river when returning to the piers where the Hains was docked.

York was born in Fort Wayne, Ind., Sept. 24, 1901, and was a member of the Eagles lodge there. Surviving are two sisters, Mrs. Karl Klingler of Fort Wayne and Mrs. Elizabeth Crawford of Chicago.

Coroner Joseph E. Kammeraad rendered a verdict of accidental drowning. Services were scheduled in Kammeraad funeral home at 4 p.m. Monday with burial in Lake Forest cemetery.

## Deputies Locate Missing Child

Allegan (Special) — Mrs. Margaret Maturen, 22, is out of the hospital Monday and has her two-year-old son, who was missing for several hours early Saturday, back home with her.

However, her husband, Frank, 34, Reed City, still is in St. Mary's hospital in Grand Rapids where he is undergoing treatment for a possible skull fracture.

Mr. and Mrs. Maturen were riding in the back seat of a car driven by Walter Phillips, 24, Saranac. Phillips told Allegan Deputy Roy Priest that "something went wrong with the steering gear" after the car left the road a mile and a half south of Dorr at 5 a.m. Saturday on the Byron Center Rd. and struck a tree.

The parents told Priest after the accident that the baby was "at home, asleep." They both were taken to the Grand Rapids hospital. But an hour later, a frantic call from the hospital asked the sheriff's department to check again and indicated that Mrs. Maturen believed the baby had been asleep in the back seat of the car.

Another check at the accident scene didn't produce the son so officers started calling three different communities. Many of the homes involved had no telephones. Finally the child was located at the home of the paternal grandparents at route 2, Dorr, several hours later.

Phillips, and Derling Simpson, 21, route 2, Dorr, who was riding in the front seat, along with Mrs. Maturen, were released after treatment for injuries.

## Auto, Truck Collide

A car and a double-bottom truck collided at 10:30 p.m. Monday at the corner of 13th St. and River Ave. The car, driven by Arie W. Lemmen, 18, of route 1, East Saugatuck, was making a right turn off River Ave. onto 13th St., when the collision occurred. The truck was driven by Harold J. Plescher, 26, of Sparta, who was headed south on River Ave. The truck was undamaged, but the right side of the car received damage estimated at \$150. Lemmen was ticketed for an improper right turn.

## Judgment Sought

Grand Haven (Special)—Suit has been commenced in the Ottawa Circuit Court by Frederick De Young and Norman Utting, partners doing business as General Truck service of Kent county, against Ben Veneklaassen of Zeeland seeking judgment of \$581.80 plus interest and costs, representing the balance due for goods and services rendered during 1950 and 1951. The total amount of the bill was \$605.80 on which a \$25 payment had been made.

## Holland Plays Host to Newsmen, Photographers

Holland's third annual Press Day Tuesday has been pronounced a great success—both by visitors who traveled long distances and by local hosts who have been assured repeatedly that Press Day is one of the most accommodating features ever arranged for visiting writers and photographers.

Press Day was initiated two years ago, designed as a day of play and work for the visiting press. It was mainly a gesture of appreciation from the Chamber of Commerce for the widespread publicity given this Dutch-American city and its colorful Tulip Time festivals. It also served a convenient purpose for giving writers and photographers a head start on photographs and copy.

Visiting newsmen and women trickled into Holland throughout the morning and were taken on tours of tulip lanes, tulip fields, Little Netherlands and Museum. At noon the visitors joined local festival leaders and ate Dutch food at a luncheon in Durfee hall, new women's dormitory on Hope college campus. All were guests of W. A. Butler, editor-publisher of The Sentinel and president of Holland Tulip Time Festival, Inc.

Visitors were fascinated by the Dutch menu (with convenient English translation) with such intriguing foods as groene erwtensoep met saucizebroodjes, koud ham en kalkoen, aardappel salad, etc. There was no speech-making, something visitors appreciated. Jean Hill, wearing a Dutch costume, sang a few songs, accompanied by Mrs. Clyde Geerlings. Dutch honey cakes were distributed as souvenirs.

Robert Greenhoe served as master of ceremonies for the Tulip Time preview in the afternoon in the post office block which featured a small parade, street scrubbing, klompen dancing and official welcomes. It was here that photographers had a field day taking shots of little tots in costumes, scrubbers and dancers.

A picnic supper and general mixer for some 300 guests followed at the Holland Furnace Co. picnic grounds with the Holland Furnace

Co. P. T. Cheff, president, as host. Professional talent provided a program.

The Press day committee consisted of Marvin C. Lindeman, Al Dyk, E. H. Moss, Vern Norquist, Sandy Meek, W. A. Butler and W. H. Vande Water.

Among Tuesday's guests were Fred Burns, Cincinnati Times-Star; H. J. Kurtz, Sparta Sentinel-Leader; Frances Jerries, Lowell Ledger; Jack Knowles, and Russell Barnes, Cedar Springs Clipper; Knight McKessen, Lansing State Journal; C. D. ## MANUFACTURING CAMPAIGN

Michigan's Republican spellbinders have been working overtime trying to pin the responsibility for the Jackson prison riot on the Democratic administration. The campaign speakers, no matter what offices they are seeking, are making a lot of hay out of the issue. From their point of view it is a godsend, throwing their political foes off balance.

Quite naturally the Democratic administration forces, from the governor on down the line, are bitterly resenting the accusations of the Republicans. They in turn have been desperately trying to pin the blame on the Republicans, but their attacks have been so obviously defensive that they did not get very far. The counter-attacks sound hollow, but the bitterness of their defense is sincere enough.

But what else could they expect? The Republican use of this unexpected windfall is of course political, but there is no reason why the administration forces should imagine that their opposition would not try to make political capital out of it. For that is the very nature of politics. The Democrats—again from Governor Williams on down the line—have never hesitated to employ the same tactics. They are always ready to charge the Republicans with motivations that sensible people know are fantastically untrue and unreal. When they can make a political point they are quick to grab the opportunity.

That being the case, why should they squeal when they are on the receiving end of the great game of imputing blame? Everybody knows that they did not desire the prison riot—they would have been fools to feel that way. Most people also know that their sins of omission with which they are charged are no more than such sins would be if the opposite party had been in charge of the government. In other words, everybody, or nearly everybody, knows that the prison riot is merely a convenient issue in so far as the state political campaign is affected by it. But the Republicans are merely doing what the Democratic administration would love to do if it could get away with it.

This is always happening in politics. When the great depression broke in 1929 the Republican Hoover administration in Washington was charged by the Democrats with being the engineers of that debacle. Sensible people today, both Democrats and Republicans, know that that charge was purely political. But the Democrats would not have taken advantage of the situation. Just as "pigs are pigs," so "politics is politics."

## Sunday School Lesson

May 18, 1932  
Conserving Our Family Heritage  
Exodus 20:12; Mark 7:9-13  
John 19:25

By Henry Geerlings

It may be said that one never knows his duties toward his fellowmen until he has learned his duties toward God. It has been found that the two go together. Wherever God is known, loved and worshipped there the finest human relationships spring up. And they do not exist anywhere else. It is impossible for us to study the nature of God, His love, His mercy, and purity without imbibing more of these traits ourselves. The right thought of God will give us the right thought of man.

So comprehensive is the second table of the law that it is doubtful if there is any duty we owe our fellowmen which cannot be found in it. Our first duty is in the home, and then we move out to relate ourselves properly to all others. These commandments condemn what we call the lesser and the larger sins. We are not to do violence to a man's person, his name or his property. To do him harm is to touch the very apple of God's eye, and to injure the most sacred thing in the world.

Once right relations with God are established, right relations with our fellowmen will take shape. Incorrect thinking about the Lord can never lead to correct human attitudes and relations. When we love God we will love men. When we worship and reverence God we will respect and reverence the creatures He has made. Religion must lie back of morality. We must carry noble thoughts of the Creator into all our dealings with one another. God must be the spring of our moralities.

Duties to God come first. Duties to man follow inevitably. God is first in all things and everywhere. We cannot have the best things for man unless we give our best to God. The more God has of our hearts the more man will get of them. If God moves in there will be more room for man there. If God is compelled to move out man goes too. We should therefore think of our duties to man more deeply because we have acknowledged our allegiance to God.

Our first duty is to our parents. It seems well and good to begin there. The home is the institute of the affections. It is the training school of the heart. It is the place where eternity entwines with its golden strands and weaves the world to heaven. The family is basic to good social order. The child learns obedience and reverence in the home first of all and if it does not learn these fine and necessary traits here it often does not learn them at all.

Parents stand or should stand not only as the human carnation of love but as the symbol of authority and gracious power. Their word should be a law to their children. Their desires should be the child's objective. Their example should be the challenge to fine living. And if this be so then a child will do well to react generously to such a parental and home environment. All the time it is building a sound character for itself and it is making a large place of usefulness and worth and honor in the social order.

To cultivate obedience and reverence at home is to prepare for obedience to all authority and reverence for all that is worthy and beautiful and true. A child cannot be an anarchist at home and grow into a useful and trustworthy citizen in the community. The home is so fundamental that it makes for better and more beautiful relationships in all areas outside of its own. Obedience and reverential children in good homes are the joy of teachers' hearts, the jeweled possessions of the church, the hope and glory of the nation.

The nearest approach to God's relation to us is that of our parents to us. It is a love relationship that expresses itself in remarkable sacrificial service. God knew the terrible sting of being dishonored by His people. He wanted to save parents from that dreadful sting. So he told people to hold their parents in respect and love, to do nothing that would hurt or disgrace them, to strive to do well and thus bring pride to parents' hearts. Of course God expected parents to be worthy of honor from their children. This commandment exhorts parents to be the right kind, deserving to be loved, respected and honored, although its words are directed to sons and daughters.

So concerned was God about having this commandment obeyed that he offered a reward to all who kept it faithfully. That reward is ready for bestowal now on any one and all who honor their parents.

There is one thing in this commandment that is not usually referred to. That is, that the mother is to have equal honor paid to her. In view of the status of women at that time and for long centuries after, that was a piece of radical legislation. In ancient times women were mere chattels, bought and sold at the pleasure of men. Here they are given a place of honor and of equality in the home. In the beginning woman was made a helpmeet for man, and subsequent revelation confirmed and expanded this truth. In the Christian economy the women are on an equality with men in inheriting all the promises, gifts and graces of the Holy Spirit.

This honoring the mother with the father is, keeping with the nature of the home. The home is the oldest of human institutions.

## Mrs. Walvoord Named Local WCTU President

Mrs. Edith Walvoord was elected president of the Holland Women's Christian Temperance union at a meeting Friday afternoon in First Methodist church.

Mrs. John Van Oss was elected vice president; Mrs. Carl Dressel, corresponding secretary; Mrs. C. Kuylers, recording secretary, and Miss Gertrude Slaghuys, treasurer.

Mrs. A. Knipe, retiring president, conducted the meeting and Mrs. Margaret Markham led devotions.

Members of the tea committee were Mrs. B. Welton and Mrs. Fred Miles.

It began in Eden. It antedated the day of rest. Humanity is a duality, male and female. The home is a trinity. The child is the third member. It is on his account that the home was instituted. It is here where the child will receive the first and most lasting impressions, just as it is here where his first moral responsibilities will be taught and felt.

The necessity of conserving our family inheritance is seen in that the homes set the character of the nation. As the home goes, so goes the nation. There are other agencies that shape the moral character of men, such as the schools, the church, the various social groups. But the home comes first.

## Officer and Family, Home From Austria, Visit Here

Major and Mrs. R. F. Cunningham and daughter, Frances Lynn, arrived in Holland Friday to spend several days with Major Cunningham's brother-in-law and sister, Mr. and Mrs. Arnold E. Teusink and children, Jack and Esther Jean, of Sunset Dr., Central Park.

The Cunningham family has just returned to the United States from Austria, where they lived for the last three years. Major Cunningham was connected with the Fourth Reconnaissance outfit, a tank division, in Austria. They lived at Linz, on the Danube river, directly across from the Russian zone. Frances Lynn, who is 17, attended an American school in Austria.

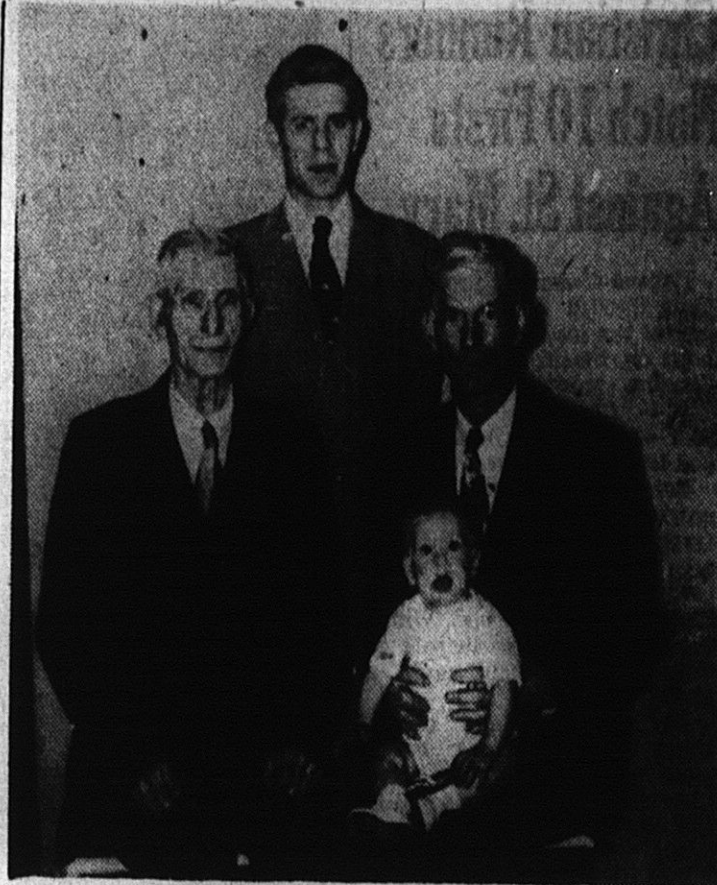

During their three years there, the Cunninghams had opportunity to tour Germany, France and Italy. They consider Italy the worst of all countries. Communism is rampant and the Italians hate the Americans, they said. Although they enjoyed the experience of living in Europe, the Cunninghams missed the "conveniences of home" and good American food. Fruits and vegetables are especially bad there and the people live so entirely differently than they do in America, they said.

Major Cunningham, now on a 30-day leave, and his family left Holland Tuesday for Junction City, Kan., and Oklahoma City, where they will visit their parents. He will report at Fort Knox, Ky., at the end of his leave.

## VOLLEYS FROM AMBUSH

The visit of the 16 klompen dancers to New York last week to appear on the Arthur Godfrey TV show is still the talk of the younger set in the high school.

To all but two or three, it was a first visit to the big city, of New York and to all but one girl flying was a first experience.

And the girls were treated royally in New York with everybody warm in their praise of the Holland Furnace Co. which anticipated all needs for their comfort . . . plus.

If one must look for rough spots the delay of the first bus seemed to be the worst, and the girls waited somewhat impatiently at the high school Monday morning before a bus was re-routed for their convenience. But they arrived at Willow Run airport 45 minutes early and still had time for lunch at the airport. The only other unfortunate development was that two girls got sick on the plane on the trip down to New York. On the return trip no one got sick.

The girls were so full of chatter about their TV appearance that everybody on the plane soon learned about it and promised to watch. The girls kept picking up a larger following as their trip progressed.

After putting up in the Waldorf Astoria after an 18-mile trip from Idlewild airport, the girls were entertained the first night at a show in Radio City Music Hall thrilled by all the glitter of the big theater, the big organ and, of course, the Rockettes, world famous precision dancers. After seeing that act, the klompen dancers decided to call themselves the Klompettes.

One of the biggest never-to-be forgotten thrills was calling room service in the Waldorf and signing a check for \$1.10 for two lemonades.

On Tuesday morning the girls took a tour of New York visiting lower New York to see the bums in the gutters in the Bowery and to visit Chinatown. The tour also took them to the riverfront where they saw the Queen Elizabeth, and all the other leading attractions of America's largest city. They had lunch at Rockefeller Plaza, scene of skating in the wintertime. Waiters there conversed in five different languages, or so the girls were led to believe.

Tuesday afternoon saw their first brief rehearsal with the Godfrey cast. All members turned out to be particularly friendly and co-operative. It was soon established that this was the first time outside amateur talent of such a type was put on the program, and it was the first time that the program ever honored a city.

On Tuesday night, the girls saw "South Pacific" still the best show on Broadway—many believe. Only one girl had seen the show before.

Wednesday morning was devoted to shopping on Fifth Ave. and a visit to Rockefeller Center with a trip to the observation roof. At 4 p.m. the girls joined the Godfrey cast and from then until 8 p.m. it was one solid rehearsal. Some said Godfrey at times was as critical during the rehearsal as he was complimentary afterwards. All in all, it was "quite an experience," all agreed.

One dancer, Louise Kleis, was selected early after the girls' arrival, for a special part in the program which turned out to be Godfrey's partner in one of the introductory numbers, "I Love Louisa." His brief chat with her at the end of the program was unrehearsed.

Despite a hard workout, it was only 35 minutes before show time that the klompen dancers actually rehearsed with orchestral accompaniment. Godfrey cut short some of his own numbers in order to give the dancers a better break during the second half of the program.

One other highlight of the New York trip was supper at the Roosevelt hotel where Guy Lombardo's orchestra played "Tiptoe Through the Tulips" and "Little Dutch Mill" for the local girls.

Each girl brought home a souvenir from the Stork club, although they did not visit it. It's a Stork club lamp containing a bottle of French perfume.

Our cover girl this year is 17-year-old Norma Palmboos, daughter of Mr. and Mrs. Henry Palmboos of 96 West 21st St. Norma is a senior at Christian high school. The picture was taken at a tulip bed in Kollen park. Her outfit is an authentic copy of the picturesque Zeeland costume.

More than 50 police officers will be on duty in the city today and Thursday to assist visitors, handle traffic and control crowds. Sgt. Ernie Bear of the Holland department is co-ordinator of traffic control for Tulip Time. Lt. Verne C. Dagen of the Rockford state

police post is in Holland with 16 troopers to assist, along with Sgt. Carl Kamhout of the Grand Haven post and Corp. James McDonald of Mt. Pleasant. In addition, 17 regular and special officers from the Holland force will be on duty along with 20 other part-time special officers including National Guardsmen and others. Sheriff Jerry Vanderbeek and his county force assist in the city and handle crowds and traffic at the tulip farms and other spots outside the city.

At an early hour today, police were putting up cinder blocks and planks on the parade route for people watching Tulip Time parades. The seats are a great convenience to visitors and also serve as a deterrent in keeping the crowds out of the streets.

Among visitors to Holland Tuesday was J. Virgil Stauffer who operates the International Friendship Gardens at Michigan City, Ind., where "Tulips on Parade" are featured this week. The tulip exhibition at the 100-acre garden is one of the highlights of the year. Much of the display was provided by the Associated Bulb Growers of the Netherlands which also has made several gifts of bulbs to Holland, Mich. The Friendship Gardens boast a half million tulips, a nice big splash but not so many as bloom in Holland.

Godfrey's cast was much less experienced on wooden shoe techniques than the local girls. Unfortunately, all had ordered sizes too small, allowing room for only one pair of heavy socks instead of the six to eight pairs the Holland girls wear. That's where Fred Oldemulders, the wooden shoe carver, came in handy. He started hollowing out Jeanette Davis' wooden shoes to make them a trifle larger, and ended up doing the same for the whole cast.

Service of all kinds almost "spoiled" the girls in New York. They received special attention—or so it seemed—all the time at the Waldorf. At the studio they were given the use of Godfrey's private dressing room with a couple of maids to press their costumes. But room service was the biggest thrill of all.

Godfrey's rehearsals are hectic, as one familiar with such endeavor may well imagine. Yet with everybody running in circles there always are a few things that don't get rehearsed. Such was the case of Fred Oldemulders, the wooden shoe carver, who never quite got around to practice any routine with Godfrey. Sometime before curtain time Godfrey said "Put your costume on, I'll get you in somewhere." When Fred went on in that five-minute shoe carving sequence, nobody dreamed he hadn't practiced before the lights. It was one of the hits of the show.

## Hudsonville High Band Presents 23rd Concert

The Hudsonville high school band, under the direction of Bert Brandt of Holland, presented its 23rd annual spring concert to a packed house in Hudsonville auditorium Friday evening.

Band trophies for outstanding service were presented to Esther Plumert, oboist, and Arlen Huyser, cornetist. Each had been members of the band for five years. Miss Plumert has received a music scholarship at Hope college for the coming year. Seventeen seniors played their last concert with the organization which during the period they were band members won four consecutive first division ratings in state contests.

The band narrowly missed a fifth top rating at the state contest May 3 when judges gave the band two firsts and two seconds. The band's choice of a selected number was not a wise one for the huge MSC auditorium. Both judges who gave a second rating said, "Had you played your selected number as well as the required one, we could have used the highest rating."

Hudsonville band, however, is still champion in class C with four consecutive firsts. Charlievoix is second with three.

Six class C bands received first division ratings, 19 received second and six received third out of 31 entered. Hudsonville received highest rating of the 19 bands that placed in the second division.

The band presented the director with a traveling bag.

## School Board Seeking Change In Legal Status

### Change to Third Class District Would Reduce Board to 7 Members

The Board of Education took steps at its monthly meeting Monday night to make Holland a third class school district instead of a special district operating under an antiquated charter which dates back many years. The new charter the city adopted a year or two ago has no section for education, since most school districts normally come under a third class district.

Such action will require a petition with at least 100 signatures to be submitted at least 30 days before a school election. Since Holland's annual school election is scheduled July 14, this margin would allow final action by the board at its next meeting June 9.

The main change such action would entail would result in a seven-member board instead of one of nine members. The method of reduction would rest with the Board of Education which is studying the situation.

Peter S. Boter, who is serving as legal counsel for the board, explained phases of the legal change to a third class district. He said such a status would simplify many legal questions, particularly such complicated ones as bond issues.

In other business, the board okayed a recommendation of the ways and means committee for an allocation of 10 mills on the county equalized valuation and a 4.75 mill levy on equalized valuation for debt service. These figures will be presented to the County Tax Allocation board.

The committee also presented an abstract of the budget calling for a grant total of \$815,783. The

complete and final budget will be ready for presentation at the June meeting.

The board approved a recommendation of the superintendent to accept seven pupils from the East 24th St. school from seventh and eighth grades next year. This will be possible since Maplewood school expects to retain its seventh graders next year. The board could give no assurance, however, about accepting the 24th St. school seventh graders in 1953-54.

Supt. Walter W. Scott reported that faculty committees have been appointed to begin study on the Ralph Wierich report on the vocational and practical arts program. Serving on the committee which already has made certain recommendations are Gerrit H. Wierich, Austin Buchanan, J. J. Riemersma and Bernice Bishop.

A revision of the in-service education committee report also was submitted, dropping the request for a salary increment of \$50 for teachers having 15 semester hours over their master's degree. In place of that report, hope was expressed that a greater differential than \$100 be made between the bachelor's and master's degrees.

## Agent Watched Company Grow

Ben L. Van Lente has represented State Farm Mutual Insurance companies for the last 25 years. During that period of time he has seen State Farm Mutual grow to be one of the largest auto insurance companies in the United States.

State Farm's 80-20 collision insurance is one of the finest policies available for your automobile. It will pay 80 percent of any collision damages to your car, regardless of how it happens or who is at fault.

The policyholder pays only 20 percent of the damage, but never more than \$50. For example, State Farm Co. will pay \$40 on the first \$50 loss. On any claim over \$50 the balance of damage in full. Why not be protected on intersection accidents with this 80-20 policy?

Van Lente says the cost of this policy is reasonable and it would be worth your while to inquire about it. He also states that during 1951 the local office paid 1,074 claims.

"Life insurance is something you must buy when you don't need it in order to have it when you do need it," Van Lente says. State Farm Life offers a wide variety of policies either for investment or for protection. The Mortgage Cancellation policy is a new low-cost policy that is designed to provide a mortgage-free home for the wife in event of her husband's death. Inquire today about this plan. Van Lente's office is located at 177 College Ave.

Van Lente also represents three reliable fire insurance companies that offer a substantial discount up to 20 percent off the board rate. These are old reliable companies and they use the Michigan Adjustment bureau to handle any losses. The new feature of State Farm Fire is that they now will write 20 percent off on annual premium rates.

### Three Autos Involved In Mishap at Corner

Damage to the front of Mulder's car was estimated at \$100, to the left and right sides of Broersma's car at \$250 and to the front of Host's car at \$250. Mulder's car apparently struck the Broersma car on the side, forcing it around and into the front of Host's car, police said.

## Harry Koop Sells Lennox Equipment

According to Harry Koop of Koop Heating, the Lennox Furnace company has developed a new Micro-Mix combustion head for its burners that produces amazing performance.

This new Lennox Micro-Mix oil burner does such a good job of mixing oil and air in the right way that this burner fires cat oil perfectly.

The nozzle of this burner is shielded by two tubes and cones — this protects the nozzle from heat radiated back from the hot refractory pot. The inner tube confines Micro-Mix air around the nozzle.

Koop Heating has a demonstrator who will be glad to show this equipment to prospective buyers at any time. Stop in at the modernized office of Harry Koop Heating, 120 River Ave., and see the Lennox equipment on display.

All Lennox equipment complies with the national safety regulations and is approved by the American Gas association.

Lennox Furnace company has factories at Marshalltown, Iowa; Syracuse, N.Y.; Columbus, Ohio; Decatur, Ga.; Salt Lake City, Utah; Pasadena, Calif., and Ft. Worth, Tex.

## School Calendar Set for New Year

The following tentative calendar for the 1952-53 school year was approved by the Board of Education Monday night:

## First Game Goes 10 Innings Before Only Run Scores

Hillsdale (Special) — Hope college wound up its MIAA baseball season here Saturday afternoon by dropping one heartbreaking decision to Hillsdale college, and then coming back to break even with a victory in the nightcap. The Dales took the first contest 1-0 in 10 innings, while Hope won the second game 4-2.

The split gives Hope an MIAA record of two wins and four defeats for the season. The Dutch lost two games to Alma and split with Hillsdale and Albion. The Dales so far have won two and lost two.

Senior southpaw Bob Dennison deserved better fate than a 1-0 loss in the opening contest. The bespectacled hurler allowed only three hits—two of them coming on bunts in the 10th frame. Leroy Dorow was the winning pitcher, giving Hope only two singles along the way.

Hillsdale scored the game's only run on a contested decision in the last of the 10th. John Swain opened the frame with a walk, and Tom Walsh laid down a sacrifice bunt. But Hope third sacker Morrie Witteveen slipped and fell while fielding the bunt and it went as a hit.

Ron Appledorn fled to left for one out, but Don Lamb laid down another bunt that was good to load the sacks. Dick Gettings bounced one to shortstop and Hope's Don Piersma rifled a perfect peg to the plate for the force out. But the umpire said catcher Jim Harvey's foot was off home plate and the only run of the ball game scored.

Dennison pitched near-perfect ball. Bob Messinger singled to center for Hillsdale's only legitimate base knock in the first frame, but was erased a moment later on a double play. In the first nine innings, Dennison faced only 29 batters—two over par for the nine innings. He walked three men altogether, allowed only one to get as far as second before the 10th frame and struck out five. The Dale batters were almost helpless, hitting only four balls out of the infield.

Dorow was almost as effective against Hope, but the Dutchmen helped out by leaving nine men on base. Ken Bauman and Witteveen got the only Hope hits, both solid knocks. But it was a case of Hope not hitting in the pinches.

The second contest with Hillsdale's Al Ziebart weakening in the final stages. Hillsdale was ahead 2-1 going into the last of the eighth when the roof fell in on Ziebart.

Piersma led off with a triple and scored on Jerry Jacobson's single. Harvey followed with another single and both runners scored as Bauman lashed out a three-bagger. Hope's first run had scored in the third on a walk and single by Piersma.

Meanwhile, Hope freshman righthander Willie Rink had Hillsdale eating out of his gloved hand. He held the home team hitless for the first six frames, but in the seventh the Dales bunched two of their three hits for two runs. Don Lamb singled and two Hope errors set the stage for a two-run triple by Bob Burand. And that concluded Hillsdale's scoring for the day.

Rink walked four and struck out six. Ziebart issued four free passes and whiffed five.

## NIS Division Office Located In Holland, Mich.

**Netherlands Agency  
Aims for Closer Ties;  
Serves Twenty States**

The Midwestern Division office of the Netherlands Information Service, located in Holland, is an agency of the Netherlands government. Its function is to supply the people of 20 Midwestern states with information regarding the life and culture of the Netherlands in an effort to promote better understanding and to achieve closer ties between the peoples of the two countries.

Willard C. Wichers was appointed its director when the Midwestern division office was established in 1942. The office was located in Holland, because this city was the first of the Dutch settlements in Western Michigan, and still maintains its position as an active center of Dutch-American activities.

In the course of its regular functions, the Netherlands Information Service has made a number of important contributions to the city of Holland. The fact that it is recognized by the citizens of the Midwest as a reliable source for all phases of Dutch life has helped to strengthen Holland's eminence as an outstanding center of Dutch culture throughout the United States.

Since the war, many important international figures from the Netherlands have visited Holland, either as guests of the Netherlands Information Service or through its activities. The latest and most important persons were Queen Juliana and Prince Bernhard, who came to Holland during their official tour last month. This visit was reported by national and international press, thus adding further prestige to Holland.

The city has also had the privilege of being host to leaders in the Dutch government, the diplomatic corps and in business, as well as, artists, musicians and many others. Its reputation for hospitality and friendliness is such that every important Dutch citizen from the Netherlands who visits the United States considers a trip to Holland, Mich., a "must".

It was through the office of the Netherlands Information Service that the Netherlands government became interested in the Netherlands Museum. This interest has taken the very practical form of many valuable gifts which could not have been secured in any other way. Included are the exhibits prepared in the Netherlands for showing in the World Fairs of New York and San Francisco, exhibits collected from Dutch museums and many gifts from private organizations and individuals throughout the Netherlands.

Holland's famous Tulip Festival is recognized as being a valuable factor in creating interest in Dutch culture, and is assisted indirectly by the Netherlands Government. Wichers, Director of the Netherlands Information Service, was given permission to manage the festival upon its renewal in 1946, and, although Wichers resigned as festival manager in 1950, the local office manager to assist the committee in charge by making its files available to its members. These files have proved to be a ready source for authentic details relative to many of the traditional features of the festival. The director of the klompen dancers, people interested in making authentic copies of Dutch costumes and many others are constantly consulting them.

Individuals, too, have found the Netherlands Information Service of innumerable assistance in ascertaining the regulations pertaining to travel and tourism, or in arranging to have friends or relatives either emigrate to or visit in the United States. Counsel regarding such personal matters as legacies, trading of relatives and similar problems is constantly being supplied to persons calling at the office, or by mail.

Thus, the Netherlands Information Service, in carrying on its business for the Netherlands government, has contributed substantially to Holland, Michigan's reputation.

Presently, the staff of the Netherlands Information Service is composed of Mr. Wichers, director; George Cook, Louis Mulder, P. E. Moordyk, Marion Lindeman and Lillian Meppelink.

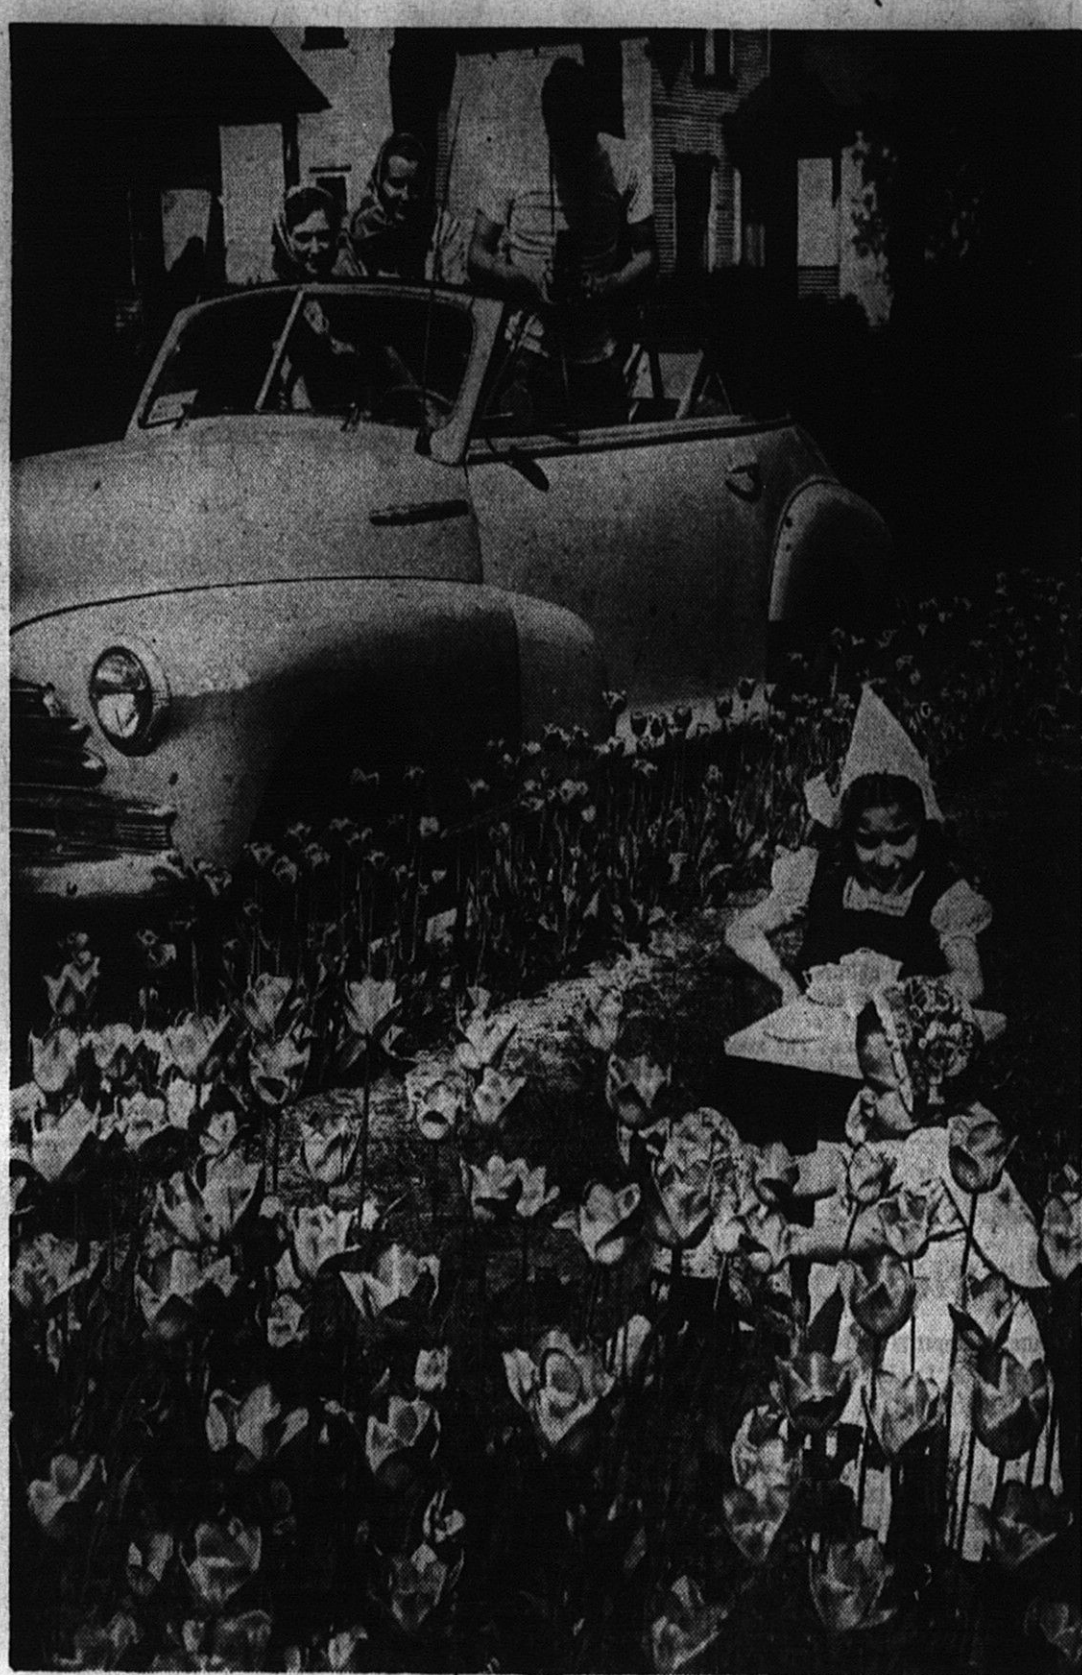

## Cub Pack Receives Flag From VFW Auxiliary

Cub Scouts of pack 8, St. Francis De Sales school, and their parents, den mothers and committee members, met at the school Friday evening for flag presentation ceremonies.

Mrs. A. Borowski, representing the Ladies Auxiliary of Henry Walters Post, Veterans of Foreign Wars, presented the pack with an American flag, which was accepted in behalf of the Cub Scouts by Cubmaster Robert Byrnes. Mrs. Borowski accompanied her presentation with appropriate remarks concerning the important part of Scouting plays in the development of Americanism in the younger generation.

Hugh Rowell presented the pack its new charter and gave registration cards and pins to den mothers and committeemen. Rowell reminded those present of the important part they play in youth development.

Pack 8 also got its new pack flag recently. It was purchased with funds raised through community activities. Plans were discussed for the pack's part in the tulip festival this week.

Little sister has mighty good pickin' amid the abundance of big, beautiful tulips. But big sister has to spoil the fun as she takes time out from her tea party to warn the little Dutch girl that the flowers must remain where they are for the benefit of all the festival visitors. And scenes like this along the miles of tulip lanes are perfect pickin's for the hordes of amateur and professional photographers who descend on the city during Tulip Time. The little youngsters in their colorful Dutch garb are a "natural" for the camera fan to record on film for the benefit of all his friends back home.

## Glass Blowers Appearing Here During Festival

A special Tulip Time attraction in Holland this week is glass blowing by the Myers family of Kent, Ohio, appearing in the display window of R. E. Barber, Inc., Seventh and River.

The Myers family came to Holland at the invitation of Mayor and Mrs. Harry Harrington who saw the family in action when they were vacationing in Florida last winter.

The father and head blower of the family is Henry Myers who has been making glass more than 50 years, ever since he was a small boy and learned the art from an old German in Cleveland. He taught his wife even before they were married. Their four daughters learned the art too and eventually their husbands.

The glass blowers make fragile, dainty bud vases, candle sticks, baskets, pitchers, bowls, bottles, full-rigged ships, miniature animals, gay plumed birds. Colored overlay decorates many of the creations, and there are lacy touches, flutings, appliqued flowers, bow knots and lattice work designs all in glass.

To make such a novelty, a long tube of glass is held over a hot flame until the glass is malleable. One end is put to the operator's mouth and he blows. The heat does not travel along the rod, so his lips are not burned. The tube expands and looks like a soap bubble. After deft twists and turns, this is pinched, and a lower part shaped. One end is tapered and closed so it will hold water. Before the onlooker is aware of it, a base is being formed so the vase will stand. And presto! The vase is completed.

Hollow glass rods are used for birds and animals while the solid tubes go into things like baskets and the sort of work called knitting.

The products of the Myers family are exclusively decorative, each piece different from every other. The Myers family which numbers nine travels around in couples, appearing at fairs, carnivals, flower shows, hobby clubs and at private parties.

Banks and other members of the cast were praised highly for their performance by Phoenix drama critics.

## Fisherman Saves Hamilton Child

Six-year-old Ervin Kimber of Hamilton is alive and well today, thanks to heroic action of a fisherman.

Ervin, son of Mr. and Mrs. Harley Kimber of Hamilton, was rescued from drowning in Rabbit river in Hamilton Tuesday afternoon by Lester Sale, also of Hamilton. The child and a playmate were playing on the big dam located off M-40 when Ervin slipped and fell into the water.

The fast current carried the boy 50 feet away by the time Sale, who was fishing nearby and spotted the accident, could doff his shoes and swim through the icy waters to make the rescue. He dragged him to shore and carried him to the Brink Lumber yard, located on the river. The boy was unhurt by the close scrape with tragedy.

Sale, "about 26" is employed as a truck driver for the Fillmore Creamery.

## Unearned Tallies Prove Downfall Of Holland Nine

Muskegon (Special)—Defending Southwestern conference champion Muskegon scored three unearned runs here Tuesday afternoon to defeat Holland high school 3-0 in a well-planned counting league contest.

Four errors fell so that the Big Reds pushed across the three gift tallies, one in the second and two in the fifth. Holland, meanwhile, was held to two meager singles by Muskegon hurler Ron McDonald. Both came in the sixth inning after the Dutch went hitless for five frames.

Dean Vander Wal of Holland hurled well enough to win most ball games. He allowed six safeties, struck out seven and walked two. In the third frame, two Muskegon hits and a walk loaded the bases with none out. But Vander Wal struck out the next two hitters and got the third out on a pop-up.

Holland will play its next conference game on Thursday at Muskegon Heights.

A toast for the mothers was given by Mrs. Thelma Huyser and a toast to the daughters by Mrs. Cy Huyser. Mrs. Alfred Bowman, the president, presided. While Holland's famed klompen dancers are always high school girls, some youngsters occasionally get an early start—boys as well as girls. The children's festival at Kollan park, although not scheduled this year, has been one of the most appealing presentations of festival. Children would sing Dutch songs and play Dutch games for the benefit of their parents and festival visitors. The inevitable highlight always was a klompen dance, imitating the grownups—and doing remarkably well.

## Grand Rapids Man Clears Up Mystery Of Fatal Mishap

Allegan (Special) — Because a young Grand Rapids man had a conscience that bothered him, Allegan county officers now have the key to a traffic accident mystery that has baffled them ever since June 10, 1951.

Nearly a year later, Bernard Shimmel, 30, 709 Broadway, N. W., stepped forward Saturday to make a voluntary statement of the incidents which led up to a car accident in which two Latvian DP's were killed, two miles north of Wayland, last June.

In a signed statement given to Prosecutor Dwight Cheever, Shimmel said he was riding in a car driven by Bill Wiltse, Grand Rapids, when the DP's car tried to pass. Shimmel is certain Wiltse drove over the centerline, forced the DP's car off the road. They lost control of their car on the shoulder and struck a tree, traveling at more than 80 miles an hour.

Shimmel said he warned Wiltse to stop, saying "someone might be hurt." In his statement he indicated that Wiltse replied he "didn't care if they were dead."

Shimmel stated they were towing a stock car owned by him from a racing program at the Allegan fairgrounds. Wiltse was his driver. Since the incident he said, he no longer is interested in racing.

Wiltse drove straight home, not stopping at the scene, according to the statement. En route, Shimmel said, he said that if anyone ever asked about the accident, they would say Wiltse had been about to pass a car in front of them when the DP's car tried to pass them.

It was either that same night or the next day, Shimmel recalled, that Wiltse suggested he repair his stock car "in case anyone remembered what it looked like."

Killed in the crash were Valdasius Corsvans, 35, the driver, and Antons Lipikis, 29, both former Latvians, who were employed in Grand Rapids as laborers.

The 11-month old accident report, filed by Deputy Walter Runkel, indicated that officers were mystified by the crash. "Only one car involved," it said, "and no witnesses." "Car was 60 feet from road on wrong side."

Shimmel, a body repair man, said the matter had been on his conscience "almost constantly" ever since the accident. Recently he made up his mind to talk it over with a minister, but hesitated until last week, when he told his brother the whole story. He said his brother talked with a Grand Rapids police officer who recommended he make a statement to Allegan county authorities.

Commemorative Stamps

A limited supply of the three-cent Betsy Ross and Baltimore and Ohio commemorative stamps have arrived at the Holland post office, according to Postmaster Harry Kramer.

The distinction of being the first church to pay its apportioned share in the Western Theological seminary building fund drive went to Forest Grove Reformed church when Abraham De Kleine, center, chairman of the Forest Grove drive, presented a check for the full amount to Dr. John R. Mulder, left, president of the seminary. The Rev. Jack Van Dyken, Forest Grove pastor, is pictured at right.

## Forest Grove Church First to Give To Seminary Building Fund Drive

Forest Grove Reformed church is the first church of the Reformed denomination to pay up its full apportioned share of the drive for building funds for Western Theological seminary.

Each congregation of the two Particular Synods of the West, those of Chicago and of Iowa, have been asked to accept an apportioned share of \$10 per communicant member. Each local consistory determines its own procedures to collect the money.

Last week, the Rev. and Mrs. Jack Van Dyken invited Dr. John R. Mulder, seminary president, to their home to meet the entire Forest Grove church consistory. At that time, Abraham De Kleine, chairman of the Forest Grove

drive, presented to Dr. Mulder the seminary check in full amount. Thus, the church won the honor of being the first of all churches to pay its full share toward the building fund for new seminary structures.

Although several churches have accepted their quotas for the drive and have expressed determination to raise their full share, they are postponing collections until a later date. Forest Grove, however, decided to canvass immediately for the promised money.

De Kleine was appointed chairman and Rev. Van Dyken informed the congregation of all the details. Several consistory committees canvassed membership of the church and the sum was raised in record time.

## Local DAR Chapter Has Annual Spring Luncheon

Annual reports and a report on the national Continental Congress were highlights at the annual spring luncheon of Elizabeth Schuyler Hamilton chapter, Daughters of the American Revolution, Thursday afternoon.

The meeting was held at the House by the Side of the Road, Saugatuck. The regular meeting opened with the pledge of allegiance to the flag and devotions by Mrs. C. C. Wood. Mrs. John Rozeboom, secretary, and Mrs. O. S. Cross, treasurer, gave their reports. Mrs. R. F. Keeler, regent, presided.

Annual reports were given by the registrar, Mrs. William Vandenberg; the treasurer, and by Mrs. Keeler.

Mrs. R. B. Champion, chairman of the nominating committee, presented the slate of officers, including Mrs. Cross for treasurer and Miss Katherine Post, publicity chairman.

Mrs. Cross introduced the local chapter's two Good Citizenship Pilgrims, Mary Ann Fril of Holland and Maxine Nyenhuis of Zeeland. Each told of her trip to the state conference and thanked the local chapter for making it possible.

Miss Annabelle Whitnell, who is in charge of the DAR Pilgrim contest at Zeeland high school, also was introduced.

Mrs. Milton L. Hinga, delegate to the Continental Congress in Washington, D.C., reported on many aspects of the national event, which this year followed the theme "Safeguarding Our Future." She quoted the national president, Mrs. James Patton, who assailed socialistic trends in our government as evidenced by

wasteful spending, overtaxation, economic controls, and centralization of powers in the chief executive. She also urged members to reaffirm their faith in God.

Mrs. Hinga also read a list of seven questions, drawn up by the DAR, for voters to ask themselves about their candidates:

1. Does this candidate believe that the government should be master of the individual, take over his personal responsibility, protect him from the cradle to the grave and socialize our republic or does he believe in individual responsibility, private enterprise and that the government should be the servant of the people?

2. Does the candidate advocate any form of world government?

3. Will his program increase the cost of government and therefore lessen the right of individuals to save for themselves and their families?

4. Does the candidate propose to take what one individual has earned and give it to another?

5. Does he appeal to prejudice of any kind to gain votes?

6. Do his record and associates prove that he will restore integrity to the government?

7. Is he an American or an internationalist who would continue to dissipate our wealth by handouts to foreign nations when our largess has already increased their productive powers to greater capacity than before World War II?

Mrs. Hinga said it was pointed out that party labels are not important if the candidates' ideas and thoughts are not right.

Members of the hostess committee were Mrs. A. H. Crawford, Mrs. Keeler, Miss L. E. Crawford and Mrs. H. D. Klomparsen.

## Zeeland Wraps Up League Triumphs On Diamond, Track

Zeeland (Special) — Zeeland high school wrapped up victories over Ken-New-Wa league foes in both baseball and track Thursday afternoon as the spring sports season neared its end.

Coach Bob Hoover's baseball squad moved into a first place tie with Hudsonville defeating the league-leaders 7-5, while Coach Joe Newell's track team wound up regular season's activity with its seventh dual track victory of the season by whipping Sparta 60-44.

The Chix baseballers overcame an early Hudsonville lead with a three-run outburst in the second inning. Two walks, a double by Howard Geerlings and single by pitcher Glenn Schotenboer figured in the scoring.

Then Zeeland put the game on ice with four more runs in the fourth. Another safety by Geerlings plus hits by John Vanden Bosch and Bob Berens coupled with three Hudsonville errors showed the way.

Hudsonville came back with one run in the fourth and two more in the sixth but couldn't catch the Chix, who racked up their fifth win of the season against one defeat.

Schotenboer, who went all the way on the mound for the Chix gave Hudsonville seven safeties. Brink started on the hill for the losers, but gave way to Huyser in the fourth.

Hoese of Hudsonville whacked a home run in the sixth frame, and Kunzi had two hits for Hudsonville. Terry Kraai and Geerlings, with two hits each, paced the Chix.

Both teams now are on top of the league heap with three wins and one loss in conference play.

At Sparta, Bob Myaard and John Walters wrapped up five first places between them to lead the Zeeland track squad to its impressive victory. Myaard racked up 16 points and Walters 144 for top honors for the day.
