## The Detroit Weekly TRIBUNE

FOR 1873.

RECEIVED AND IMPROVED

THE DETROIT WEEKLY TRIBUNE, one of the oldest and most firmly established Republican newspapers of the country, has been enlarged by the addition of one column to each of its pages, and is now a Fifty-six Column newspaper, and one of the largest weeklies published in the North West.

This marked increase in its size, and therefore, in the amount and variety of its contents, is not accompanied with any increase in its subscription price; which remains at the old figures of \$3.00 for single subscriptions, or \$1.50 for subscriptions in clubs of twenty or more, or five papers for \$9.00, or ten for \$18.00.

the famous "farm ballad" poet is a regular contributor to its columns, and during 1873 will furnish a new series of "Farm Ballads," written especially for the Tribune. This fact will be learned with pleasure by the thousands who have read with such rare delight his "Betsey and I are Out," "Out of the Old House Nancy," etc.

The Detroit weekly Tribune is also a carefully edited Journal, which publishes in compact form all the news of the day, Foreign and Domestic; which is especially attentive to all matters pertaining to Michigan interest; which gives full and accurate Commercial Reports; and which presents to its readers a large range of choice literary and miscellaneous selections. Its Agricultural department is under the charge of an experienced and practical editor, and furnishes an increasingly popular medium for the interchange of opinions and facts among its subscribers.

The present circulation of the Weekly Tribune exceeds that of the combined weekly editions of all the other Detroit political journals, and will undoubtedly be greatly increased during the coming year.

It is published on the new four-column rotary press of the Tribune establishment, which is the only one of the kind in Michigan.

## Mary's Call.

BY JERRY JUSTICE.

Mary had a little lamb,

It died a long time ago,

And with its wool she bought a calf,

As I'm about to show,

The calf it was of Jersey breed,

And it was thick and nice;

And Mary thought to feed it well

She took it off to Washington,

(But that was on a sly),

And she let it to the Congressmen.

To see if they would buy.

She told them when it was a cow

'Twould be so very nice,

The milk would be so good and nice

'Twould bring them a good price.

Some of them thought 'twas very fine,

And bought a share or two,

And when they thought they were all right,

The cow began to moo.

It scared them all so terribly

They all began to shout,

And said they did not know what 'twas,

And hollered turn her out.

Some swore, some cried, and all grew pale,

Said Mary was to blame;

But Mary said she'd tell the truth

So Mary had a little book,

And there she said she thought

Would be recorded all the names

That in the calf had bought,

They said they never saw the cow,

But yet her milk they drank,

They said 'twas freely given them

Without so much as a thank.

Some then tried to pick a fuss,

But soon they gave it o'er;

They said if they should search that out

They'd find a hundred more!

Poor M. C.'s, now hang down your heads

And blush for very shame,

For in buying Mary's calf

You've lost all your good name!

Then take advice ye wise men all,

Let truth your motto be,

Do nothing that would make you blush

To have the whole world see!

## Populational Meters.

Nebraska's Increase in Two Years, 50,935; Total in 1873, 191,923.

BY PROF. J. D. BUTLER.

LINCOLN, 1873.

Hume speaks of a Roman Emperor,

Who, wishing to learn something about

the population of his metropolis, issued

an edict requiring everybody to bring

to his palace all the cobwebs they could

find. There were enough to prove

Rome a very large city. When Arthur

Young wished to compare the different

French departments, he could devise

no better method than to cut them out,

one by one, from a map, and then ascertain their comparative weights in a scale.

One of the earliest modern examples

of accurate enumeration throughout a

wide country, was the United States

census of 1791. With each new decade

some new specifications have been added

to those before made.

The prosperity of a State is now

measured, by all political economists,

by its populational growth. Hence, all

States are prone to over-estimate their

increase, and so at every census are

mortified that numbers prove so few.

So chagrined were several cities in 1870

that they paid for taking a second

census in hopes to show that their inhabitants

had not been all included in the

governments returns.

The biennial census which was long

taken by the State of Iowa, furnished

to every Iowa editor an exhaustive

treasury of items—never in the way,

and never out of the way.

In the absence of an oft repeated

census, there is an infinity of unchecked

guessing and gassing, especially in

new States where growth is most

wondered at, being a transition from

something to nothing.

Accordingly, on the Atlantic slope,

there is great distrust of all reports

concerning western progress, till they

are confirmed by an official census. The

Nebraska Superintendent of Immigration

has estimated the influx into that

State at 40,000 persons a year. His estimate

has been much ridiculed as a

wild exaggeration, of a piece with

Yankee Doodle's reckoning of the

continental host, when his father and he

went down to camp.

"And there was Captain Washington

Upon a strapping steed,

Giving orders to his men

I guess there was a million."

But it can be proved mathematically

that Mr. Noteware's estimate is very

nearly correct. Thus, in 1870, the

school children numbered 32,762, and

the population 132,003. But in 1872

the school children had increased to

51,123. Therefore, as all these scholars

who have reached the Rule of Three

can demonstrate, the Nebraska population

in 1862 amounted to 191,923, showing

a gain of 68,935 within two years.

The lists of school children, besides

showing the growth of the State at

large, are a meter of local progress.

Look for instance, along the main

line of the Burlington & Missouri

River Railroad. It runs through eight

counties, Adams, Cass, Clay, Fillmore,

Kearney, Lancaster, Saline, and Saunders.

Their school children in 1870,

were 5,912, and their population 24,947.

## PUBLIC PARK.

About a year ago we thought it important to agitate the question of improving our park, but as no marked increase of public sentiment favoring our ideas manifested itself, we dropped the subject, and the ground calculated for a park still remains untouched, and for aught we can learn is destined forever to remain so.

That such non-action is creditable, or even judicious, we are not going to argue, for we are but one of the many who form public opinion, and if the majority say we shall have no public park we shall submit; but we would like to see public sentiment so clearly expressed as not to be mistaken, favoring such improvement. To our mind it is one of the first important measures to be considered by our Common Council. We have too long allowed the ground to lay as an eye-sore to those who have an inclination for improving it.

## FRUIT PROSPECTS.

We have this week been investigating to some extent, the peach orchards in this vicinity, and find that the prospects for that kind of fruit is not entirely a failure. In nearly every orchard we visited, we found fruit buds opening on many trees, sufficient for the good of the trees; on others, but few buds appear, but few of the trees are winter-killed.

From investigations made, we are inclined to place our peach crop as now indicating, at from one-fourth to one third of a crop. Apples, pears, plums, and all small fruits were never looking better than now. Grapes are especially promising well.

Altogether the fruit prospect for this vicinity is encouraging, and horticulturists may well claim that our location is well adapted to the cultivation of all kinds of fruit, with climatic influences unparalleled on this shore.

The old theory that peaches cannot survive a temperature lower than 14 deg. below zero, is now entirely exploded, and our peach philosophers will have to study out some other theory for the occasional failure of the crop; perhaps the condition of the tree when it goes into winter quarters, has more to do with such failures than the temperature.

## JUSTLING THE DECATERS.

Under the above caption the Allegan Journal gives a detailed account of a temperance meeting held at that place a few evenings since. Rev. John Sailer was made President, who thanked the Society for the honor conferred upon him, and said:

That if he was a minister he was a man, and as such he felt his duty toward his fellows be to labor for their welfare. A living dog is better than a dead lion—he was thankful for being at least a living dog. We were bound to fight every species of evil, and none will need battling more than this. We must not flinch. It required four years to conquer the rebellion, but the efforts of the Union soldiers were at last crowned with success—so we, though it may take one, two, or four months, or four years, will ultimately succeed. We have men in our executive committee who will fight the battle on to the bitter end. Never be discouraged—defeat will only bring wisdom, and discomfiture experience. He had been many years a temperance man, and should always be one. We have with us the conscience, the wisdom, the virtue, and the backbone of the community. No money is ever made and retained by the liquor dealers—it goes as surely as it comes. Every man engaged in the liquor traffic is placing under himself a magazine that will ultimately blow him to atoms. For as surely as "curses come home to roost," do transgressors of the law bring down just punishment on the offenders.

Among those who are conspicuous in this good work, we notice the names of Rev. John Sailer, Rev. James Hamilton, N. B. West, Dr. E. Amadea, A. J. Kellogg, M. T. Ryan, of the Democrat, Geo. Oliver, Gen. B. D. Pritchard, the capturer of Jeff. Davis, H. H. Pope, J. R. Rockwell, and others; all men of influence and energy, and who always mean what they say.

A committee have visited all the saloons and notified them to quit the traffic or suffer prosecution; some of them promising to quit the business, others would do as they pleased. We

shall watch the progress of this whisky war with interest, and hope for its abolition in that beautiful village.

While our neighbors at Allegan are striving to subdue this evil, may it not prove a gentle reminder that there is a chance for improvement in our own city?

## THE NEW DOG LAW.

Section 1 provides, "that every person who shall own or keep a dog, shall procure a license therefor, from the clerk of the city or township where he may reside;" that the license fee for each male dog shall be one dollar; for each female dog three dollars; that the license shall run from its date to the first day of April next thereafter, and that every licensed dog shall wear a collar, upon which shall be stamped or marked, the owner's name and the registered number of the license.

Section 2 prescribes the manner in which the license shall be made out and what it shall contain; that the clerk shall keep a register of all licenses issued, with a description of each dog licensed and the amount paid; that the clerk may retain twenty cents for each license issued by him, the remainder of the license fee to be paid into the township or city treasury, to constitute a fund for the payment of damages sustained by the killing or wounding of sheep by dogs within the city or township during the year.

Section 3 provides that whenever any person shall be damaged by the killing or wounding of his sheep by dogs, a disinterested Justice of the Peace may be called to view the sheep so killed or wounded, and to appraise the amount of such damages; that he shall certify the same in writing to the township clerk, who shall file and record the certificate; the Justice to be entitled to a fee of two dollars, and ten cents for each mile traveled, to be allowed by the Township Board or City Council, and paid out of the aforesaid fund.

Section 4 provides that in March or April of each year, the certificates of damage on file with the clerk, shall be examined by the Township Board or City Council as the case may be; and if any of the damages as certified be considered excessive, they may reduce them to what may be deemed just and proper, and order payment of the claims from the fund aforesaid if it be sufficient—if not sufficient, then a proportionate payment of each claim. If any sum remains after such payments it shall be apportioned among the school districts of the township or city in proportion to the number of scholars in each. Provided, that no payment shall be made, as provided for in this section, unless the party applying for the same shall show that he has made due effort, and has not been able to obtain satisfaction from the owner or owners (if known) of the dogs doing the damage.

Section 5 provides that whoever shall keep a dog contrary to the provisions of this act, shall forfeit the sum of ten dollars, with the costs of suit for the recovery thereof.

Section 6 provides, "that any person may, and it shall be the duty of every police officer and constable of any township or city, to kill any and all dogs going at large, and not licensed and collared according to the provisions of this act;" and such officers shall receive from the township or city treasury fifty cents for each dog so killed by them.

Section 7 provides that in cities having no clerk, the officer having custody of the records of the Common Council, shall perform the duties required of township and city clerks by this act.

Section 8 repeals all laws in conflict with the provisions of this act.

The act was not given immediate effect, hence it will not be in force till the 31st day of July next.

## OUR RAILROAD.

From the Lake Shore Commercial.

Our citizens have been anxiously "waiting for the verdict" in the railroad matter. At last the suspense is over, and we breathe freer. We know what communication with the outer world will cost. Mr. Brayton, the engineer who made the surveys, arrived in town Wednesday, and informed the railroad committee the result of his surveys. We understand that he estimates the cost of grading and tying the most feasible route to East Saugatuck at \$30,000. He also reports that the location of the depot at the east end of the Douglas bridge will cost but \$3,300 more than at the foot of Main street. This will be good news to our friends in Douglas, who will cheerfully raise the amount for the convenience this excellent location will prove to them.

The estimated cost of the road to East Saugatuck is perhaps a trifle more than was generally conceded; but it is not enough to deter the energetic committee from making the effort to carry out the project. The road can be built. If the township of Saugatuck could raise \$48,000 to build a railroad three years ago they certainly can subscribe and pay \$30,000 now. With the enterprising and generous-hearted Moore, the indefatigable Wallis, and our "liberal" Supervisor, as a committee there be no such word as fail. Let no one falter in the good work! "A long pull, a strong pull, and a pull altogether," will lift us out of the depths, and place Saugatuck and Douglas in the field of civilization, progress and prosperity.

## Statement from the School Board of District No. 1 of the Township of Holland.

For the Holland City News.

Some time in March last, it was reported to the School Board, that a petition had gone to Lansing for the incorporation of Holland City, under the "Howell Charter," and the inquiry was raised, whether remonstrance should not be forwarded against its adoption, especially of its chapter on "education." The Moderator replied that, so far as he could judge from reliable information, said Howell Charter could not pass the Legislature without great modifications, and perhaps not at all; and there the matter rested.

Very unexpectedly, in April, came the rumor, that the Howell bill had become the amended Charter of Holland, by special Act; and then, that the Governor had signed or approved the same on April 4th. At the annual election, three School Inspectors were chosen, and it was supposed that in May the new "Board of Education" would be fully organized, and would separate the city from the former school district No. 1, of the township of Holland.

In doubt as to their duty, the Board appointed a committee to obtain legal counsel, wrote to the Secretary of State for a certified copy of the new Charter, and one of the members applied to the Superintendent of Public Instruction, for his advice. The only reply from the two latter, was the following from Senator Clubb:

"A letter addressed to Hon. Oramel Hosford has reached me by the hand of Supt. of Public Instruction, Prof. Briggs. I was surprised to learn that you had been 'trying to get a copy of the act so as to obtain legal advice. We can get no copy from Lansing and know not what to do.' If you had written to me I would have had you supplied with one at once. I sent a copy to Mayor Harrington, and requested him to furnish the School Board, or anyone else desiring it, as he had duplicates that by amendment could be made to correspond with the original."

Meantime, the committee had applied to Judge F. J. Littlejohn for his written opinion and obtained it, in substance, as follows:

1. Even if the Governor signed the bill on the 4th, the election for new officers on the 7th of April, could not be sustained.

2. The School Inspector, elected in April, 1872, for two years, could not be displaced, except by express provisions for that purpose.

3. School District No. 1, of the township of Holland, has not been annulled, and remained with its trustees, and all its legal rights.

4. It was the duty of said trustees to go on with the school, and fulfill all contracts with the teachers etc., until they had successors, and a legal separation and settlement of the property had been effected.

The Board being censured for simply discharging their duty, they called the special meeting of May 13th, in order to ascertain the wishes of the people, and also obtained further information from Mr. Clubb, as follows:

"Mayor Harrington wrote me officially, as to what was desired, and I had no intimation of any opposition to the new Charter from any one. I followed the directions of the Mayor in the preparation of the bill, and was not informed by him or Dr. Morris that your school district extended beyond the city limits. Dr. Morris was here and stated that the school district provisions of the Howell bill were just what were wanted in Holland."

And again: "The bill sent by Mr. Post, was introduced by me, but required numerous amendments to make it in proper form for passing the Legislature. Not desiring to assume any amending power, without further instructions, I wrote to Mayor Harrington that I wished the Council to appoint a committee to correspond with me or to visit Lansing and instruct me as to what was desired by the city. In reply Mayor Harrington informed me that the Howell Charter was approved, and, if adapted to Holland, by stating boundaries, changing Supervisors to what was already law, and including the Board of Review, that would be all that was required and would be satisfactory, no committee being needed. Nothing was said about the boundary of the school district, and therefore, the city limits only were included."

Hon. Garvelink, of Filmore, having stated that the bill in question was not signed on the 4th, and the Journal of the Senate showing that it was sent to the Governor on the 5th of April, the Board sent to the Secretary of State for the facts of the case, and received a telegram as follows:

"LANSING, Mich., May 13, 1873. "Holland Charter endorsed: received at the executive office, April ninth, eighteen seventy-three."

"JOHN J. BAGLEY, Governor."

"G. M. HASTY, "Dep'y Sec'y of State." This statement is made in order to assure the public that the School Board have acted in this whole affair as a unit—that, instead of resisting law and order, they were defending the same—and that so far from desiring to abridge the rights of any man or body of men, they were simply acting on the defensive, and protecting the franchises of the school district, as well in the country as in the city; for the mutual interests of all demand that the union and harmony which have so long existed between the two sections should continue and be maintained.

Ca. DORNBURG, Director. In behalf of the Board. Holland, Mich., May 19, 1873.

Harper's Magazine for June.

The June number of Harper's Magazine opens the forty-seventh volume under most brilliant auspices. The number contains sixty-seven engravings, and all its illustrated articles, with one exception, relate to our own country.

The May number contained a pleasant sketch of a yachting trip among the Azores. The current number a beautifully illustrated article, by H. D. Jarvis, on "Cheap Yachting," gives pen and pencil pictures of the interesting localities about Buzzard's Bay.

Through Mr. Lossing's pen, and the kindness of Dr. Thomas Addis Emmet of New York, who has placed in the artist's hands his rare pictures from the celebrated Lord Rawdon collection, we have a very interesting paper entitled "The Marquis of Hastings in America."

Miss Constance Woolson contributes a very interesting paper, excellently illustrated, on the "Wine Islands of Lake Erie." Among other things, she tells the thrilling story of Beall's privateering expedition.

A very characteristic article, giving the details of a tour in the Hartz mountains, or "Toy-country of North Germany, with nearly thirty novel illustrations of character and scenery, is contributed by Henry Blackburn, formerly editor of London Society.

Charles Nordhoff answers the question, "What shall we do with Scroggs?" by advocating the conversion of Alaska into a penal colony, under military rule.

Another installment is given of "Recollections of an Old Stager," in which further instances are given of the prevalence of gambling in former times among Congressmen and other prominent men in Washington.

Miss H. R. Hudson contributes another excellent poem, "To-morrow." Poems are also given by Bayard Taylor, Wm. C. Richards, and Carl Spencer.

The Editor's Easy Chair, though not yet resumed by Mr. Curtis, contains some very graceful and useful reflections, suggested by the four-hundredth birthday of Copernicus.

The Editor's Literary Record is a valuable critical summary of recent literature.

The Scientific Record, besides a comprehensive summary of scientific progress, brought down to the latest date, contains thirty separate articles of great value and suggestiveness.

The Historical Record gives a complete political summary, and important information relating to the issue between the Western farmers and the railroads. It also contains a comprehensive view of the Indian Question.

In the Drawer "Our London Scrapbook" is continued, with pen and pencil sketches of the London Haymarket.

We learn that the Coldwater Republican, one of our most valued exchanges, has changed hands. W. J. Bowen & Co. retiring, and A. J. Aldrich & Co. assuming control. The Republican has ever been a staunch exponent of Republican principles, and fully alive to local interests, and if it shall hold the same influence under the new management as it has under the old, proud may the citizens of Coldwater be in giving it a cordial support. The present number indicates no falling off of editorial and local matter, which averages No. 1, with the local press of the State.

## Local News.

Ice Cream for sale at Kanter's & Co's.  
for 50 cents per quart.

HEMLOCK BARK.—The first load of new tan bark was shipped from Harrington's dock last week, and was delivered by Mr. Brashaw, of Johnsville.

We learn that a son of Mr. Kitteridge, of Pigeon River, was kicked in the face by a mule, on Thursday last, resulting in the loss of several teeth, and badly disfiguring him.

Pure Drugs and Medicines can always be had at H. Walsh's City Drug Store, and at very low prices. It will pay you to make your purchases there.

All persons belonging to Eagle Fire Company, are ordered to settle with the Treasurer of the company, and return to the engine house, all caps, shirts, and belts belonging to the company, on or before the first Monday in June next.

Lost.—A pocket-book, containing money, and two notes given by Jacob Miller, of Chicago, the payment on which has been stopped; and some papers of no value only to the owner. The finder will be liberally rewarded by leaving it with John Dykema, at Plugger Mills.

At the election of officers for the Young Men's Christian Association, the following named gentlemen were elected: For President, G. J. Kollen; Vice President, Elmer Annis; Recording Secretary, A. Visser; Corresponding Secretary, A. M. Kanter; Treasurer, H. Walsh.

Friday evening of last week the Chicago & Mich. Lake Shore Depot was robbed between six and seven o'clock, while the agent and employes were at supper. Entrance to the office was gained through the ticket window, or with false keys. The amount stolen was \$24.10. No clue to the thief has been obtained.

Mr. Heber Walsh, our enterprising Druggist, has succeeded in obtaining the sole agency for this State the sale of Ralf's Dermic Lotion. It is the only known article which will remove freckles, pimples, tan, sunburn, chaps, grub or black worms, ring-worms, salt rheum, etc. Don't fail to call and purchase a bottle, it will do all for which it is recommended.

HALF FARE.—Persons desiring to attend the Great Eastern Circus and Menagerie at Grand Rapids to-day, will be pleased to learn that arrangements have been made with Superintendent Morrison for half-fare tickets over the Chicago and Michigan Lake Shore Railroad. A special train will leave Grand Rapids at 11:30 p. m. for the accommodation of those who may wish to avail themselves of this opportunity.

L. T. Kanter & Co. have just fitted up one of the best restaurants on the west shore. Tuft's Arctic Soda Fountain near the door is ever ready to furnish a good glass of soda water to the thirsty. In the rear, on first floor, is a large room fitted up for the purpose of satisfying those who are fasting for the luxuries of ice cream, lemonade, and such other delicacies as the season may afford. On the second floor, is a large room, nicely furnished, where ladies may enjoy these beverages, where the jealous eye of a "liege lord" shall not assume the position of injured innocence, by seeing his wife or sitting in company with the "Lords of Creation" below. As the warm weather approaches we expect to see their magnificent parlors well patronized, as they deserve to be.

If there is any one thing the proprietor of the City Drug Store is particular about, it is his wines and liquors; these he purchases direct from the manufacturers or importers, and for fear they may be tampered with while on the road, he has all his best wines and liquors packed in boxes or casks, with sawdust. We are glad to see this great care taken to have pure liquors. Mr. Walsh sells these goods for medicinal purposes only.

On Thursday afternoon the firemen of this city were out on review. The company made a fine appearance with their engine and other apparatus. They marched through some of the streets, the Holland City Cornet Band, playing some of their choicest pieces, leading. The big gun was also brought into requisition, just to enliven the occasion. Altogether the effort was satisfactory to the citizens, and creditable to the company, and can but result in making more effective the organization.

THE FOURTH.—We notice, from our exchanges, that the question of celebrating the Fourth of July is being agitated. The glorious anniversary of our independence is fast approaching, and it becomes us to begin to agitate if we intend to celebrate. We know of no good reason why we should not accept it as a holiday to be improved. Surely there is plenty of patriotism in our citizens, and that is just the time to manifest it. We hope some effort will soon be made that will invite our neighbors to come and visit us in our holiday enjoyments. Shall we celebrate?

### Citizens' Association.

Owing to the unfavorable weather, we presume, the last meeting of the Association was not very generally attended, and but little business was transacted. We had hoped the efforts of our citizens would result in something practicable, but fear a declining of interest before the goal is reached.

If some of our committees were ready to report upon the subjects referred to them, something practicable would be before the Association, and it would tend largely to keep up the interest heretofore manifested by our citizens, but without some such action, we fear our accustomed stupor will tend to depress the energy, and demoralize every effort which may have for its object the welfare of our city. The "slough of despond," and the "gulf of despair," must be avoided if we carry on the work so auspiciously begun.

Already much has been accomplished, but more remains to be done to insure a future for this city, which its natural advantages would seem to require.

"AN OLD ESTABLISHED FIRM.—The firm of S. M. Pettengill & Co. commenced their Advertising Agency in the old Journal building, No. 10 State street, Boston, nearly a quarter of a century ago (February 1849), where their agency is still located. They established a branch in New York City, May 1853, which has grown to be larger than the parent house,—increasing steadily, year by year, until now it has the agency of nearly every newspaper in the United States and British Provinces, and does a yearly business of hundreds of thousands of dollars.

S. M. Pettengill & Co. have recently opened another branch office at 701 Chestnut street, Philadelphia, where they are doing a successful increasing business. This firm is favorably known not only throughout this country, but in all parts of the world. They have established a reputation for honorable and fair dealing which any firm might envy; and but few have attained to us; we congratulate them upon their success. We would recommend all who want advertising done in any part of the country to call upon them. They can point to hundreds of business men who have followed their advice, and trusted to their sagacity, and availed themselves of their facilities, who have made fortunes for themselves, and they are daily assisting others in the same path."

—Boston Journal, May 8.

### Common Council.

CITY OF HOLLAND, May 21.

The Council met and was called to order by the Mayor. The roll was called by the Clerk.  
Present—Alders Schaeffer, Kanter, Alling, Dykema, Hoogesteren and Sipp.  
The minutes of the last meeting were read and approved.  
Petitions, none.  
Standing Committees, no report.  
The select committee, appointed to take legal counsel in regard to the late charter election, reported progress and asked for further time, which was granted.  
The fire wardens of the respective wards were instructed to be present at the next meeting of the Council and to present a written report of the condition of the chimneys and stove-pipes in their ward.

### UNFINISHED BUSINESS.

Ald. Sipp, chairman of the committee on fire department, reported an itemized statement of the required articles to put the Hook & Ladder Co. in efficient working order, the bill amounting to \$85.70. The subject was referred to the committee of the whole, where it was considered and reported back to the Council, with the recommendation that the Foreman of Hook & Ladder Co. be instructed to purchase the required articles on the credit of the city at 90 days.

The Council adopted the recommendation of the committee of the whole.  
The Chief Engineer of the Fire Department was requested to be present at the next meeting of the Council and to present a written report on matters connected with the Fire Co.  
Council adjourned until May 28th, 3 1/2 o'clock p. m.

ZELAND, Mich., May 22, 1873.

### Order of Publication.

STATE OF MICHIGAN:

The Circuit Court for the County of Ottawa in Chancery.

MARY ACKERMAN, Complainant.

ORISON S. ACKERMAN, Defendant.

At a session of said Court, held at the City of Grand Haven, in said county on the 6th day of May, A. D. 1873.

Present—Hon. John W. Stone, Circuit Judge.

In this cause it appearing from affidavit on file, that the defendant, Orison S. Ackerman, left his place of residence in the township of Ravenna, in the county of Muskegon, and State of Michigan, about the 14th day of February, A. D. 1871, and has not since returned, and that his whereabouts since the last named date has not been known; and that service of subpoena duly issued out of and under the seal of this Court, could not be personally made on the said Orison S. Ackerman by reason of his continual absence as aforesaid:

On motion of Lowing, Cross & Angel, complainant's solicitors, it is ordered that the appearance of said absent defendant be entered herein within three months from the date of this order, and in case of his appearance, he cause his answer to the bill of complaint to be filed, and a copy thereof to be served on the complainant's solicitors within fifteen days after service on him of a copy of said bill, and notice of this order; and in default thereof, said bill will be taken as confessed by said absent defendant. And it is further ordered that within twenty days the complainant cause a notice of this order to be published in THE HOLLAND CITY NEWS, a newspaper printed, published and circulating in said county, and that said publication be continued therein, once in each week, for six weeks in succession, or that she cause a copy of this order to be personally served on the said absent defendant at least twenty days before the time above prescribed for his appearance.

JOHN W. STONE, Circuit Judge.

LOWING, CROSS & ANGEL, Solicitors for Complainant.

A true copy. A. A. TRACY, Register in Chancery.

### Sheriff's Sale.

By virtue of a Writ of Execution, issued out of and under the seal of the Circuit Court for the County of Ottawa and tested on the Twenty-eighth day of April A. D. 1873, against the Goods and Chattels, and for want thereof, against the Lands and Tenements of William L. Hopkins and Joshua Myrick, and to me directed and delivered, I have levied on all the right, title and interest of the aforesaid William L. Hopkins and Joshua Myrick of in and to the following described lot:

The west half of lot number eleven (11), block forty-six (46), in the city of Holland, according to the recorded plat thereof, and shall offer the same for sale, or such portion of said property as may be necessary to satisfy said execution, with costs and collection fees, at public vendue, to the highest bidder therefor, at one o'clock, in the afternoon of the twenty-first day of June, A. D. 1873, at the front door of the Court House, in the City of Grand Haven, Ottawa County, Michigan.

ARIE WOLTMAN, Sheriff of Ottawa Co., Mich.

Dated—Grand Haven, April 28, A. D. 1873.

### Chancery Sale.

STATE OF MICHIGAN:

The Circuit Court for the County of Ottawa in Chancery.

Luman Jennison & Lucius Jennison, Complainants.

Daniel Marzec, Defendant.

In pursuance and by virtue of a decree of the Court made in the above cause on the 30th day of October, A. D. 1872, the subscriber, a Circuit Court Commissioner in and for Ottawa County, Michigan, shall sell at public auction, to the highest bidder on Wednesday, the 4th day of June, A. D. 1873, at one o'clock in the afternoon of that day, at the front door of the Court House of said Ottawa County, in the City of Grand Haven, in said County, of the piece or parcel of land, known as the north-east quarter of the north-west quarter of Section number thirty-three (33) in township number six (6) north of Range number thirteen (13) west, containing forty acres, more or less, being in the township of Georgetown, in the County of Ottawa and State of Michigan.

GEORGE W. MCBRIDE, Circuit Court Commissioner in and for Ottawa County, Michigan.

AKLEY & STEWART, Complainants' Solicitors.

Dated April 15th A. D. 1873.

**VINEGAR BITTERS**

**FREE FROM**

**WALKER'S CALIFORNIA**

**VINEGAR BITTERS**

No Person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

**Dyspepsia or Indigestion,** Headache, Pain in the Stomach, Gout, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Large Intestine, and a hundred other painful symptoms, are the omens of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

**For Female Complaints** in young or old, married or single, at the dawn of womanhood, or the turn of life, these Bitters display so decided an influence that a marked improvement is soon perceptible.

**For Inflammation and Obstructions** of the Liver, Gall Bladder, and Bowels, these Bitters have been most successful. Such Diseases, as caused by Vitiated Blood, which is produced by Impurities of the Blood, are cured by these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

**For Skin Diseases,** Eruptions, Itch, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever nature or cause, are literally cut up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.
