JUST LOOK THESE OVER.

YOU

must read this article over carefully, tell
it to your friends, mark and send it to
your wife's cousin in Dakota. Why? Be-
cause it tells about the City of Holland,
and contains some good advice for you.
Holland has about 4,000 inhabitants;
and is the natural market town for
the townships of Salem, Overisel,
Fillmore, Manlius, Saugatuck and Lake-
town in Allegan County, and Holland
Zeeland, Jamestown, Georgetown, Blen-
don, Olive, Robinson and Allendale in
Ottawa County, which townships contain
22,000 people. Holland

SHOULD

and will be the county seat of Ottawa
county, within a few years.

In addition to being surrounded by a
fine farming country and in the centre of
the famous fruit belt of Michigan, Hol-
land is well located for manufacturing in-
dustries; and already has the following
establishments, which now employ over
500 men:

The Cappon and Bertsch Tanneries, the
largest in the Northwest.

Standard Roller Mills, having a daily
capacity of 400 barrels of flour.

Werkman Manufacturing Company, one of
the finest factory buildings in the state.

The Fixter Stave and Coopers factory.

The Waverly Stone Company, working
extensive sandstone quarries.

Keystone Planing Mill and sash and
door factory.

The Phoenix Planing Mill and lumber
yards.

Huntley Manufacturing Works and
planing mill.

Vindicator Fanning Mill Company.

Crystal Creamery, which made more
butter in 1887 than any creamery in Mich-
igan.

Van Putten Tub and Pail Factory.

Wilms Champion Harrow Works.

Holland Wagon Works.

Fileman Wagon and Sleigh Factory.

City Flouring Mills.

Huntley Machine Shops.

Scott's Foundry.

Schoon and Son's Tannery.

Van Dyke's Saw Mill.

Holland Wind Mill Company.

All of which establishments are extend-
ing their business and increasing the
number of their employees.

There are also about 100 employees of
the Chicago and West Michigan Railway
Company residing at Holland. Thus hav-
ing both the agricultural and manufactur-
ing resources Holland has a solid basis for
mercantile business.

Business is not, however, all of life.
Holland is also especially desirable as a
place of residence. It is located near the
shores of Macatawa Bay, a beautiful body
of water having its outlet in Lake Mich-
igan, six miles distant. Holland has a
fine harbor and direct railway connections
with Chicago, Grand Rapids, Muskegon
and Detroit. The famous Macatawa Park
and Ottawa Beach resorts are here; and
bring thousands of visitors to Holland
each summer. Hope College and an ex-
cellent system of public schools provide
superior educational advantages; and eight
churches look after the religious welfare
of its inhabitants. Holland has ten miles
of graveled streets, with good sidewalks,
a first-class system of water works owned
by the city, two beautiful public parks
and many handsome private residences
and substantial business blocks. Have you

so far and ask why tell you these facts?

Because, having all these advantages you
should know and tell everybody else, that
Holland is sure to continue to have a
steady, substantial growth; and that the
present low prices of real estate will not
continue. An increase of its population
to 5,000 which will take place within two
years, will cause an advance of from
twenty-five to fifty per cent in all desirable
city property. If you do not own your
own home now, after, or before, you read

THIS,

you should lose no time in either buying
a house, or a lot on which to build a
home, and stop the disagreeable features
of "moving around." I still have a
number of bargains in city and farm
property located in and near Holland,
which will be sold on easy terms of pay-
ment. If you want to buy, sell or ex-
change real estate call on or address

J. C. Post, Manager.

years old last week. It is a bright and
newly local paper.

THE improvements made by our citizens
about town are so numerous that it is
difficult for us to keep track of them all,
even if our space would allow us to
mention them in detail.

E. J. HARRINGTON, JR., has bought,
sold, and exchanged, seventy-three head of
horses this spring. Mr. Harrington has
one of the finest and best kept barns in
this city and is doing a good business.

In spite of all the agitation and labor
used to clear Macatawa Bay of nets, we
understand that there was a large trap net
set in the river this week which extended
nearly, if not quite, across the stream.

TOMMY MORAN drove "Turk" last
Wednesday afternoon a half mile in 1:13
and the horse passed the quarter pole in
38 seconds. Tom thinks his pet is coming
on finely and he has good reason for
thinking so.

REPORTS say that the wheat and other
growing cereals are in very poor con-
dition about here, while the prospect for
a large and abundant yield of all kinds of
fruits is very promising, in fact, was
never better.

A MAN by the name of Boone, employed
in building a cottage at Ottawa Beach,
fell through the joist of the second to the
first floor of the building last week Friday
afternoon and broke his left arm. Dr. H.
Kremers reduced the fracture.

THE last lecture of the Fraternal Society
Lecture Course was delivered by Hon.
T. W. Ferry, of Grand Haven, last
Wednesday evening at the Opera House.
There was a large attendance and the lec-
ture gave universal satisfaction.

AMONG other specialties the programme
of the "musical social" next Friday even-
ing will contain an orchestral overture,
a guitar solo, a violin duette by A. Good-
rich and one of his small pupils, and also
a grand march by seven Spanish guitarists.

THE ladies of the Y. W. C. A. will ren-
der, some evening shortly, the beautiful
cantata, composed by Geo. F. Root, en-
titled "Under the Palms." The enter-
tainment is to be given for the benefit of
their organization and as the cantata is
very popular it cannot help but please.

Mrs. A. MARTIN and Miss Della Matti-
son, of Middleville, Mich., have moved
to this city and opened dressmaking
rooms in the Post building opposite the
Post Office. The ladies come highly
recommended as good and first-class
dressmakers. See "ad" on fourth page.

ON the call of one of our livery stable
keepers Officer Alcott arrested two young
men from the country who refused to pay
their feed bill at the stable, and who were
indulging in boisterous conduct. They
were taken before Justice Post and re-
leased after paying \$6.50 each for their
fun.

As the summer season arrives people
look about for conveniences for the heated
term. With this knowledge Kanter
Bros., advertise in this paper the "Quick
Meal Gasoline Stoves," which is next to
perfection. They also keep the famous
Leonard Refrigerators. Call and see
them.

A FANCY Dress Carnival, under the di-
rection of Miss Edith Hopkins will be
given at the Opera House on Friday even-
ing, June 8, by the little folks who at-
tended the dancing school of the past
spring. The carnival will in every way
merit the patronage of parents and friends
and should be well attended.

THOSE who saw the wonderful electri-
cal display in the heavens last Sunday
night say they never saw anything like it
before. There was a streak of phosphores-
cent light extending from the extreme east
to the far west in the form of a rainbow
and was apparently directly in the path of
the sun. The sight is said to have been
grand.

THROUGH the kindness of Supervisor
Van Duren we are enabled to give our
readers the following facts as collected by
him while making his assessment roll.
The Real Estate of the city foots up \$674,
905, the personal property \$279,300.
There were 92 births and 43 deaths during
the past year. There are 40 Ex-Soldiers,
156 horses, 93 cows and 74 dogs in the
city.

THE season of rain and cold which has
been upon this section for so long a time
was broken last Sunday by the commence-
ment of a period of fine weather suited to
the month of May. The change upon
vegetation was remarkable. The blos-
soms on the fruit trees came forth, the
trees were decked in their full garb of
green, and all nature responded to its ut-
most in its approbation of the change.

WE have received a letter from Mr. G.
I. Nash, of Marcellus, Mich., who was
Lieutenant of the Loomis Battery and
who had control of the old cannon, which
we now have as a city charge, during the
old dumb hero's palmest days. Mr. Nash
saw the little item which we had in our
last issue concerning the gun and wrote
us to identify the cannon for him. He
promises to give us for publication a lit-
tle history of the Loomis battery.

SUNDAY evening last Officers Vaupell
and Alcott commenced a crusade against
the numerous chronic church steps loafers
which infest this community. By means
of a "corral" of the fifty or sixty of these
offenders at the Christian Reformed
Church they captured five whom they
marched off to the "lock-up" where they
remained until the following morning
when they were taken before Justice Post
and each paid a fine of \$6.50 and were
released.

SOME twenty of the young Republicans
attended the meeting at De Grandt office
last Wednesday evening for the purpose
of organizing a Young Men's Republican
Club. A temporary organization was per-

fecting with Hon. G. J. Diekema chair-
man, and Cornelius Steffens as secretary.
A meeting will be held on Wednesday
evening, June 6, to complete the organiza-
tion. We understand that some forty of
the young men have signified their will-
ingness to join the Club.

THE date of the concert to be given un-
der the direction of Prof. R. A. Wellen-
stein for the benefit of Eagle Hose Com-
pany, has been changed to Thursday
evening, June 7. Owing to some of the
people not being able to take part the
second act from the opera "Martha" will
not be a part of the program. Mrs. Ella J.
Campau, Soprano; Miss Mary Uley, Alto;
Mr. A. H. Morehead, Tenor; Mr. L. P.
Eddy, Bass; Mr. W. Force, Violin
Soloist; Prof. R. A. Wellenstein, Pianist
and Conductor, are the people who will
take part in the entertainment.

GRACE Church Choir will hold their
"Musical Social" next Friday evening,
June 1st, at the Opera House, and, as-
sisted by some of their musical friends,
will give a full programme of musical
specialties. The Ladies' Guild of that
church will arrange a refreshment stand
for the sale of ice cream, etc., before and
after the music. The programme, which
will occupy over one hour, will be begun
about 8:30. An admission fee of ten
cents will be charged. The receipts are
to be used to fund to purchase an
organ for the new church, their former
instrument being destroyed at the time
the church burned.

AN old man, 80 years of age, by name
A. Van Dam, residing just north of the
city, while in town last Saturday after-
noon and standing on the corner of Eighth
and River streets, dropped to the sidewalk
in a fainting fit. He was carried into the
store of E. Van der Veen and Drs. Yates
and Van Putten immediately summoned.
The physicians tried in every way to re-
vive him, but without effect, and he ex-
pired. The body was taken home and on
Tuesday he was buried, the funeral ser-
vices being held in the First Reformed
Church. Mr. Van Dam was one of the
first settlers in this section and was well
known to the old residents of the city.

Memorial Day.

Next Wednesday the graves of the
union soldiers throughout the land will be
decorated by a grateful people in com-
memoration of their devotion to country
and the sacrifices which they made. The
custom has become a part of the duty of
this nation and as the years roll along
millions wend their way to the cities of
the dead and strew over the little mounds
bright flowers to the valor and patriotism
of the silent heroes. Holland, as has been
the custom in years past, will do her duty
in this respect and the various committees
are now actively engaged in the work of
preparation. The G. A. R. Post and the
Sons of Veterans will assist the citizens'
committee in the loving labor to those
who sleep in peace. Let the friends of
the deceased come and help pay respect
by going to the grave of brother, father,
or husband. Let the day be a holiday
and generally observed as such. Business
should be suspended in order that those
who desire to participate in the exercises
may do so. Everyone should endeavor to
make the occasion of decorating the
graves worthy of the object. The Com-
mittee of Arrangements have appointed
sub-committees and as their work has
been just begun we are unable to give
program in full. The exercises, however,
will be up to the usual high standard of
this community. The vocal music will
be furnished by Van Lente's Choir, the
veteran musical organization of this sec-
tion. Col. L. M. Ward, of Benton Har-
bor, Mich., will be the orator of the occa-
sion. Mayor De Roo will act as President
of the Day; Capt. C. W. Bennett, Mar-
shal; and Rev. H. D. Jordan, Chaplain.
The procession will form, as in former
years, at the corner of Eighth and River
streets and take such line of march as the
marshal may select. The exercises at the
cemetery will be made as impressive as
possible.

Our Old Soldiers.

For the purpose of publishing a record
of all the "old boys who wore the blue,"
our last Legislature passed a law requir-
ing the Supervisors of the various town-
ships and cities, to collect the names of
all who served the United States in the
war of the Rebellion and were residents
of the territory canvassed by them. We
are able to publish the list of the "boys,"

who now live in "the colony," through
the kindness of the officials of the various

SATURDAY, MAY 26, 1888.

SOME men are good because goodness pays best, and then again some are good for nothing.

THE Michigan Press Association will hold its 21st annual meeting at Detroit, May 29, 30 and 31. As usual the pocket-book will not warrant the News man in attending.

By reference to another column it will be seen that George Ballard appears in a new role, that of a musical manager. We learn that three singers have already made application for the position, and will meet to test their voices at the social next Friday evening.

A COMPANY here next week in the interest of art and progress will exhibit for a nominal price of admission and offer for sale a collection of ancient and modern works of art, some very rare and others very costly. A promise has been received guaranteeing that the display will be at the "musical social" at the Opera House on Friday evening where they will be exhibited, a small sum being charged therefor, which will all be donated to the organ fund. By an exchange we notice that of one of the steel engravings of the collection, thirteen hundred and fifty copies have been sold in New York City alone.

OUT AROUND.

Lake Shore.

May 24.

The boys working for the Hedge Company are setting hedge near Coopersville this week.

N. W. Ogden has purchased that "rotting mare" of Wm. Ogden and is fitting her for the fall races, etc.

Norman Cochran has been working for a pension for nearly fifteen years which has resulted at last in an allowance of two dollars per month. His back pension amounts to about \$550.

About two months ago Mr. West's family had a letter from their son-in-law, Wm. Gibbs, stating that his wife, Ada, was in very poor health and wanting her mother to come out and stay with her for a time. So Mrs. West went to Indiana as soon as possible. She found Ada slowly recovering from lung fever, since which she has had a very bad cough which seems to have settled on her lungs. On Tuesday of this week Mr. West received a dispatch stating that his daughter was dead and that the body would be brought here for interment on Thursday at 2 o'clock p. m.

There is a class, or sect of religious people here, as well as elsewhere, that do not see the need of an education in order to be able to teach or preach the scriptures. An elder of the above description, at a funeral service a short time ago, in speaking of the fitness of people to enter through the "pearly gates," said "that it was only by the skin of the teeth that the righteous would enter Heaven." This same sect seems to believe that if the heart is right that the All-Wise Ruler will fill their mouths to overflowing with words suitable for all occasions and circumstances. They also believe that God has called them from among the people to preach. Now we believe that some get what is called, to use a slang term, "the big head" and are mistaken in their calling and would be as much benefit to the community, and certainly more to their families, if they would return to the plow, hoe, etc., and let men occupy the pulpit that are fitted for the place. Then instead of empty seats to preach to, the people would attend church, for they would expect to hear something which they had not heard before.

Most people go to church to learn and expect to hear some new ideas advanced once in a while at least. "JAKE."

May 23.

Fine growing weather now.

Mrs. C. M. Shearer is visiting in Muskegon this week.

This week will about finish corn planting around here.

Harvey Austin has got his new house done so as to move into it.

Mrs. R. A. Robinson started yesterday for Coldwater where we understand she expects to spend the summer.

W. Gossett has bought back his old farm north-east of here and moved onto it. He likes the farm better than the city.

Lee F. H. Marble has got a new cook stove and all the fixtures except the cook, a very necessary article. When can we look for the cock, eh, Fred?

"Grumbler" your kindness is appreciated very much in helping us out when we were so busy, but now we have our peach trees out and breathe easy again. I think you rather overestimated our running capacity, however, we manage to keep enough to do so our nose is not in other people's business all the time. What a treat the folks "Out Around" must have had reading the slugs of dirt you relieved yourself of in those items. Your excuse for the blacksmith going was very good and we would not blame Gokey if that were true, but I thought that story about Brundage leaving his family and eloping with the colored barber's wife from Otsego, about three years ago, had something to do with his going. He seemed to like it here and be contented until that got out, but you and the parties you name probably know more about it than I do for "Birds of a feather, etc." "OLIVE."

Miss Amanda Mulberry, a dressmaker of Grand Rapids, has returned to her home after working here four weeks.

Last week Saturday J. Den Herder received a new time lock burglar proof safe, weighing two and a half tons.

Mr. G. Wabeke, one of our suburban capitalists, is about to move into the village to make things "boom."

A special class of the Reformed Church was held here on Wednesday for the examination of the Theological Student Hekhuis. "TIM."

May 23.

Our peaches are all right so far, not even damaged. We expect a boom in consequence.

Rev. W. W. Rork has completed his residence and has rented it to Mr. C. L. Stillman. Mr. Rork returned to his charge in Homer, Mich.

Mr. Phil Dushane, long a resident of this section, sold or rather traded his farm, for property in Grand Haven and has moved to that city.

Some time ago Emma Rlenholdt had Peter Bush arrested for scandal. The trial was postponed until the 19th when Mr. Bush was acquitted.

Mrs. Peter Boyle, of Holland, is visiting her parents here. Mr. Boyle has gone to Canada to attend the funeral of his father who has lately died.

"The Tariff" will be the subject of a discussion in the Agnew Debating Club in the near future. We hope Mr. Mills will be present to get a few pointers.

Mr. S. P. Barnhard, who owns what is called the "Dushane" farm, has been here during the past few weeks looking after the interest of his place. Mr. B's home is in Fremont, where he went last Saturday, but returned Wednesday.

Mr. Alexander Hamilton has been supplying parties in this section with fruit trees and a great number have been put out. The season has been especially favorable to the growth of young trees. We are glad to notice that farmers are not "tied" to one variety of fruit, nor do they intend to rely solely upon peaches. A goodly supply of apples, pears, plums, quinces, cherries, and apricots are being set out and all report young trees doing well.

According to the correspondent "Grumbler" West Olive contains some very bad people. We hope it is not so bad as he tries to make out and are inclined to think it is not. There is too much spite mingled in his ink to sound like a writer who regards the truth as a strictly important factor. Where a correspondent refers to a person three times in a spiteful and ill-natured manner in such a short conglomeration of confused ideas, it looks fishy; yes, most decidedly fishy, considering the fact that the correspondent and his friends have had, and are about to have, an excellent taste of *Jus Crevé*. of course their spleen must be great and when the public knows this they can extend to them charity, the great balm which will help heal their wounded feelings. We are afraid, very much so, that it is an aggravated case of very "sour grapes." "TUG BUTTON."

May 23.

Charley Pierce, of Antrim county, visited parents, friends, and old neighbors, here over Sunday.

Hiely Fletcher had a "plowing bee" Tuesday afternoon, after which the participants partook of a good supper and wended their way homeward.

Quite an improvement in social interests is noticeable just now. A large attendance at Sunday School last Sunday morning and a fair congregation at prayer meeting on Sunday evening leads us to make the assertion.

The Grangers held forth all day last Saturday at their hall" doing some business and enjoying a picnic dinner. All connected seemed to feel confident of success in all their undertakings in the future.

Did you see the strange light streak in the heavens Sunday evening, extending from east to west, somewhere from 9:30 to 10:30? Will some astronomer or other scientific man and good guesser tell us what was the cause, and meaning thereof? "CRANK."

May 24.

A young daughter of Hile Fletcher's sprained her ankle severely on Tuesday.

Peach bloom is abundant wherever there is any live wood, and of sufficient growth.

James Bush and his sister Emma are home from Sullivan to see Cynthia Taylor's new baby.

The frost-here last Saturday night was severe enough to kill the buds on grape vines.

Mrs. Baldwin Hendly still remains very low without any flattering symptoms of improvement.

Professor Bolt made another failure on Wednesday evening to meet his singing school appointment.

Boon:—On Thursday, May 17, to Fred and Cynthia Taylor, a boy. Fred is now a happy father.

Corn planting with the farmers is a prominent industry just at the present time. Some pieces planted early are coming up, while we hear complaint that some pieces planted on low ground are rotting.

Olive Centre Grange held a meeting on Saturday for the purpose of conferring degrees and enjoying a grange feast. Twelve new members were admitted to full membership, after which members of the order and invited friends present regaled themselves with a dinner of the farmers best; prepared in picnic form for the occasion. "ANDREW."

EXPLANATION.

People will express their opinions, so did the reporter in regard to the recording secretary of the W. C. T. U., of Ottawa Station. She had attended every meeting of the Union since her election and never failed to furnish a report, all of which had been duly accepted by the society. Still, after a time, a little dissatisfaction arose, and some of the members suggested that the minutes kept by the recording secretary were not authority for the business done by this society. Thus, after repeated efforts, finding themselves unable to break the chain of record, a little more than one-third of the members, including the treasurer, withdrew from the society, and began anew at a date immediately preceding the adjournment, but their secretary and a vice president still remaining in the original organization. At the next regular meeting a treasurer *pro tem* was elected, and the business moved on after the usual order to the close of the fiscal year. At this time the record was submitted to, and approved by, the highest authority in the county. Had the seceding members remained with the society to the end of the year, and the recording secretary been granted a settlement with the treasurer, and her record still accepted as a whole, she would cheerfully have delivered up the book to a legally elected successor. But under the existing circumstances it belongs to the members of the original W. C. T. U. and it would be their pleasure to have the new society provide themselves with a book in which to keep their record. "EUNICE."

From the above it will be seen that Holland City's proportion of this money is larger than that of the township. We believe this is the first year that the city's school census has been larger than that of the township. It is but another evidence of the rapid growth of this community and of the necessity for an extension of the city limits.

Gifts of Poison.

It is time that respectable merchants combined with consumers for the suppression of all gift, prize and lottery schemes in connection with the sale of articles of merchandise. These schemes are not only demoralizing to legitimate business and to the morals of the community, but in the extent in which they are being carried in the sale of articles of food have become a source of great danger to the public health. They are, no matter in what form they appear, nothing more or less than devices to swindle honest and unsuspecting people.

It is gratifying to learn that in some instances the officers of the law have taken hold of the matter. In New York, and also in Chicago, parties who in this way offered gifts to purchasers of their packages have recently been arrested upon indictments for lottery swindling. The latest candidates, both for public excretion and criminal prosecution, are the manufacturers of the alum baking powders, who are both, by means of gifts and lottery tickets, disposing of large quantities of their corrosively poisonous compounds, which are so well known to be detrimental to health that no housekeeper will admit them to her kitchen knowingly. This form of swindle is not only being peddled from house to house, but under the promise of large profits to be realized, the manufacturers are entrencing themselves behind the counters of many grocers by getting them to offer the alum goods with the gifts or lottery tickets attached, thereby shifting the liability to prosecution, in part, upon other, and perhaps innocent parties. Every grocer or dealer, for instance, who sells or offers for sale any of the prize or lottery baking powders is a criminal in the eye of the law, and liable, upon conviction, to fine and imprisonment, while those who sell the gift goods are, morally, as responsible, for they are offering an inducement, or prize, to housekeepers to use a food that contains a corrosive poison. This is a predicament in which it is not possible our grocers will care to place themselves when they come to think seriously of the matter.

It must be borne in mind that every one of these gift or prize baking powders are alum baking powders. These powders cost less than four cents a pound to produce; the gift or prize cost but a few cents more. They are sold at the price of a first-class baking powder, so that the swindle, in a commercial sense, is enormous. But the chief iniquity of the business consists in selling, as presumably wholesome, an article of a positively injurious character, and by means of gifts or bribes inducing servants or unsuspecting housekeepers to purchase and use it in our daily food.

There should be some prompt method of reaching these dangerous practices and punishing the parties engaged in their promotion. If the present laws are not ample, we commend the matter to the consideration of our State Board of Health for recommendation of such additional legislation as shall be effective for the protection of the public.

"Decoration Day."

The years that have elapsed since the close of the civil war have served to obliterate all sectional feeling, and a united and prosperous nation joins in keeping green the graves of all its beloved dead. It is in this spirit that the publisher of the *New York Family Story Paper* has had written a thrilling and pathetic romance, peculiarly appropriate to this national holiday, entitled "Faithful Leonore; or, His Grave Kept Green." In the same paper will also be found a weekly installment of the "Life and Adventures as a Showman of P. T. Barnum," written by himself, and equally interesting to the young folks as well as heads of families. These are rare literary treats, and those of our readers who are not already enjoying them will do well to obtain No. 768

of the *New York Family Story Paper* of their newdealer or send direct to the publisher, Munro's Publishing House, Nos. 24 and 26 Vandewater Street, New York, and receive the paper four months for one dollar, postage free.

To the Women of Michigan.

Six reasons why the Women's Christian Temperance Union should support the *Detroit Journal*:

1. The *Journal* is the only daily paper published in the city that advocates the proper observance of the Sabbath, and by a noble example aids all lovers of the day of rest in obeying God's law in reference to that day.

2. Every Saturday a large double paper is issued and one column devoted to announcements of religious services to be held on the Sabbath. The church-going people are therefore left without an excuse for purchasing a Sunday morning paper.

3. The moral tone of the paper is such that it can be safely admitted to all members of the household. The children can be informed of the general news of the day without also being presented with the demoralizing accounts of crimes, etc., published in detail and under glaring headings, by other city papers.

Communications from all sources are treated with respect, whether they emanate from the pen of men of wealth and position, or those in the humblest occupation.

Any information desired upon any subject, queries in regard to local interests, are all promptly answered, and investigations made to satisfy the desires of their subscribers.

4. It is about as good an advocate for the interests of all our work in the various departments as the state possesses. In view of all these facts, dear readers, you will agree with the idea that the *Detroit Journal* deserves the patronage of all enlisted in battle for "God and Home and Native Land."

Take Your Local Paper.

Every year every local paper gives from \$100 to \$5,000 in free lines for the sole benefit of the vicinity in which it is located. No other agency can or will do this. The local editor, in proportion to his means, does more for his town than any other ten men, and in all fairness, man with man, he ought to be supported, not because you may happen to like him or admire his writing, but because a local paper is the best investment a community can make. It may not be brilliant or crowded with great thoughts, but financially it is more of a benefit to a community than the preacher or teacher. Understand us now, we do not mean morally or intellectually, but financially, and yet on the moral question you will find the majority of the local papers are on the right side of the question. To-day the editors of the local papers do the most work for the least money of any men on earth. Subscribe for your local paper, not as a charity, but as an investment.—*Judge Davis.*

Worth Knowing.

Mr. W. H. Morgan, merchant, Lake City, Fla., was taken with a severe cold, attended with a distressing cough and running into consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. No other remedy can show so grand a record of cures, as Dr. King's New Discovery for Consumption. Guaranteed to do just what is claimed for it. Trial bottle free at Yates & Kane's, Holland, and A. STREETER FOR PRESIDENT.

The Illinois Man Nominated for President by the Union Labor Party.

Charles E. Cunningham, of Arkansas, Named for the Vice-Presidency.

The United Labor Party Excluded—The Resolutions Adopted by the Convention.

The Union Labor National Convention completed its permanent organization at Cincinnati on Wednesday, May 16. John Seltz of Ohio, on taking the chair, declared that the salvation of the country depended on the success of the labor movement. He counseled but little platform-making, and the avoidance of everything but national issues. L. H. Weller of Iowa tried to pass a resolution against union with the Republican or Democratic party, but failed, and it was referred to the Committee on Resolutions. Mr. Evans reported a proposition from the United Labor section of the joint Committee of Conference, which was an explanation of their single land-tax idea. It was referred to the Committee on Resolutions. A communication was read from the National Temperance Society, suggesting a prohibition plank in the platform and the nomination of candidates favorable to prohibition. It was referred to the Committee on Resolutions.

Pending the report of that committee five State reports were read. Illinois reported a full State ticket in the field and claimed that the arrest and conviction of the "boilers" in Chicago was due to the efforts of the Union Labor party. Indiana reported 18,000 to 20,000 votes last spring, a State ticket in the field, and preparations for a Congressman in every district. Iowa reported a partial organization in some cities and towns. Kansas reported a number of Union Labor or Greenback successes. Michigan reported the party distracted by fusion. Missouri reported a straight ticket in the field. Nebraska reported a strong anti-monopoly feeling.

The Committee on Resolutions presented its report. The preamble is quite long. It pictures a serious state of affairs in the land and lays down these principles:

"1. While we believe that the proper solution of the financial system will greatly relieve these necessities, we believe that the mortgage foreclosures and enable all industrious persons to secure a home as the highest result of civilization, we oppose land monopoly in every form, demand the forfeiture of unearned grants, the limitation of land ownership, and such other legislation as will stop speculation in land and holding it unused from those who need it. We believe the earth was made for the people, and not to enable an idle aristocracy to subsist through rents upon the toil of the industrious, and that 'corners' in land are as bad as corners in food, and that those who are not residents or citizens should not be allowed to own land in the United States. A homestead should be exempt to a limited extent from execution or taxation.

"2. The means of communication and transportation should be owned by the people, as in the United States postal system.

"3. The establishing of a national monetary system in the interest of the producers instead of the speculators and usurers, by which the circulating medium in necessary quantity and full legal tender should be issued directly to the people without the intervention of the banks, or loaned to citizens upon land security at a low rate of interest. To relieve them from extortion of usury and enable them to control the money supply, postal savings banks should be established. While we have free coinage of gold we should have free coinage of silver. We demand the immediate application of all the idle money in the United States Treasury to the payment of the bonded debt, and condemn the further issue of interest-bearing bonds either by the National Government or by States, Territories, or municipalities.

"4. Arbitration should take the place of strikes and other injurious methods of settling labor disputes. The letting of convict labor to contractors should be prohibited, the contract system be abolished in public works, the hours of labor in industrial establishments be reduced commensurate with the increased production by labor-saving machinery, employees be protected from bodily injury, equal pay given for equal work for both sexes, and labor, agricultural and co-operative associations be fostered and encouraged by law. The foundation of a republic is in the intelligence of its citizens, and children who are drawn into workshops, mines, and factories are deprived of the education which should be secured to all by proper legislation.

"5. We demand the passage of a service-pension bill to pension every honorably discharged soldier and sailor of the United States.

"6. A graduated income tax is the most equitable system of taxation, placing the burden of government upon those who are best able to pay, instead of laying it on the farmers and exempting millionaire bondholders and corporations.

"7. We demand a constitutional amendment naming United States Senators elective by a direct vote of the people.

"8. We demand a strict enforcement of laws prohibiting the importation of subjects of foreign countries under contracts.

"9. We demand the passage and enforcement of such legislation as will absolutely exclude the Chinese from the United States.

"10. The right to vote is inherent in citizenship, irrespective of sex, and is properly within the province of State legislation.

"11. The paramount issues to be solved in the interest of humanity are the abolition of usury, monopoly, and trusts; and we denounce the Democratic and Republican parties for creating and perpetrating these evils. After the adoption of the platform, the convention went into the work of selecting nominees for President and Vice President, Messrs. A. J. Streeter of Illinois, Weaver of Iowa, and De La Matyr were named, but the convention by acclamation nominated Mr. Streeter.

For Vice President, Messrs. Evans of Texas, Rynders of Pennsylvania, and Cunningham of Arkansas were named. The ballot resulted: Evans, 124; Rynders, 43; Cunningham, 32. Mr. Samuel Evans was declared the nominee, but in a long speech he declined the nomination, whereupon the convention nominated Charles E. Cunningham of Little Rock, who accepted the nomination. Mr. Weller's resolution opposing fusion with the Republican or Democratic party was unanimously adopted. A National Executive Committee was named, each State selecting its own member. The convention chose as its Chairman J. W. Goshorn of Charleston, W. Va. He was authorized to select a Secretary and Treasurer to be approved by the committee.

THE UNITED LABOR CONVENTION. The United Labor Convention met in the Grand Opera House, Cincinnati, with about one hundred delegates present, and the Committee on Resolutions made an informal report on two points, the eight-hour law for letter-carriers, and the redemption of Government bonds, but the report was tabled to allow Dr. McGilvray, from the conference committee, to make his report. The Doctor reported that the committee found the Union Labor Committee disposed to a union. He said he thought a union was feasible, so far at least as the two committees were concerned.

At the afternoon session nothing was done except to receive the report of Dr. McGilvray of the failure of the effort to unite the two conventions. He said the ultimatum of the United Labor party had been rejected by the Union Labor Committee on Platform, and the joint committee dissolved.

THE GREENBACKERS. The Greenbackers held another and final meeting, resolving to stand firmly by their doctrine and their name. Committee were appointed to confer with the two Labor conventions with reference to fusion, but it was understood that to effect a fusion the parties must agree to leave the nomination of a national ticket to some future convention. George O. Jones of New York was elected Chairman of the National Greenback Executive Committee to fill the vacancy caused by the resignation of Mr. Gillett. The chairman and secretary will name the time and place for the next convention.

A CRAZE for abnormally long waists is coming.

An Assurance of Health.

Among the assurances of health afforded us by the regular discharge of the bodily functions, none is more important and reliable than that which regularity of the bowels gives us. If there is any—even a temporary interruption of this—the liver and the stomach suffer conjointly with inactive organs, and still greater mischief ensues if relief is not speedily obtained. A laxative above all cavi, on the score of mineral composition or violent effect, is Hostetter's Stomach Bitters, approved by the medical profession and a most important item of the family materia medica of American households. It is botanic, painless in action, and it persisted in, effectual. The stomach and liver, in no less degree and no less promptly and thoroughly than the bowels, are regulated and toned by it, and it is an admirable defense against malarial and rheumatic ailments, and a benign remedy for kidney complaints, nervousness and debility.

"The Court Done Her Best."

Coweta County had a newly elected Justice named Johnson, full of wise saws and modern instances. Bill Jones was sued in his court. It was his first case. On trial day defendant appeared with his counsel, Col. Sims, and filed plea of payment, concluding: "Wherefore the defendant says he is now ready to verify, and prove," etc. This done, he moved for a continuance on the ground that his witness to prove the plea was absent, fully meeting all the requirements of the law.

The court listened patiently until he ended, then said to the lawyers: "Look here, squire, didn't your client jess file his plea and sword to hit. I'm gwine to read to yer. 'Wherefore he says I am now ready to verify, etc.' Now he swears he hain't ready. Squire, I am going to hold him to his first affidavit." In spite of the counsel's remonstrance he did, and entered judgment against the defendant. A certiorari was applied for, granted, and served. Having learned he had made a mistake, he answered, admitting the truth, but excusing himself in the conclusion, "That owing to the self-justification of the lawyer and the harangue of jurisprudence, the court done her best."—Atlanta Constitution.

Where the Shoe Pinches.

"You ought not to have punished the boy so severely," he said reprovingly to the woman. "The dog belongs to a neighbor; and, besides, tying a kettle to a dog's tail is not such a wicked thing for a boy to do." "The kettle belonged to me," said the woman, still mad.—New York Sun.

TESTIMONIALS WORTHY OF CONFIDENCE

My daughter Maud has used Hibbard's Rheumatic Syrup and Plasters, which you so strongly recommended her to try for inflammatory rheumatism. Her limbs were badly swollen and the poor girl was in terrible agony. In the midst of the pain we wound the Plasters about her limbs, and as a result the swelling was reduced, and she became quiet and rested. The syrup corrected her indigestion, cleansed the rheumatic poison from her blood, and she is now able to be around the house. Hibbard's Rheumatic Syrup and Plasters are remedies of great merit. REV. CONSUMPTION, which is Scrofula of the Lungs, is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power of restoring vitality, it is now being offered to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alternative, or blood-cleansing, and blood-purifying, and nutritive properties, is unequalled, not only as a remedy for Consumption, but for all Chronic Diseases of the

Liver, Blood, and Lungs. For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Sore Throat, and kindred affections, it is an efficient remedy. Sold by Druggists, at \$1.00, or Six Bottles for \$5.00.

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "grogginess" or emptiness of stomach in the morning; tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flashes, alternating with chilly sensations, sharp, biting, transient pain here and there, colic, constipation, indigestion, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies, known as Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery every acts powerfully upon the liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the kidneys, and other excretory organs, cleansing, strengthening, and healing their disease. As an appetizing, restorative tonic, it promotes digestion, nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Erysipelas has yielded its potency in curing Tetanus, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-Joint Disease, "White Swellings," Gout, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using Dr. Pierce's Golden Medical Discovery, and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is Scrofula of the Lungs, is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power of restoring vitality, it is now being offered to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alternative, or blood-cleansing, and blood-purifying, and nutritive properties, is unequalled, not only as a remedy for Consumption, but for all Chronic Diseases of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Sore Throat, and kindred affections, it is an efficient remedy. Sold by Druggists, at \$1.00, or Six Bottles for \$5.00.

GENTLEMEN:—Having tested "The Best Tonic" and observed its effects when used by my patients, I find it both invigorates and promotes digestion, giving a normal tone to the stomach and thereby increasing the appetite.
