OUTDOOR CLUB RATES PERCH AS GAME FISH

TRI-COUNTY SPORTSMEN FAVOR
OTHER MEASURES AT AN-
NUAL SESSION.

The annual meeting of the Tri-County Sportsmen's club, comprising Iosco, Alcona and Osceola counties, was held Thursday night and the following resolutions were passed:

That perch be declared a "game" fish and its sale made illegal.

That there be an absolute closed season on ruffed grouse for a period of three years.

That a distinctive uniform dress should be provided for district deputy conservation officers.

That this club commend the declaration of Director Leigh J. Young that all employees of the department will be given consideration on fitness and without regard to personal or partisan politics.

That, whereas, it has been common talk that many deer were killed in this state during the last open season, by reason of irresponsible hunters taking a chance that one of a group of observed deer might be a "spike-horn," though its horns were not visible this club petitions the department of conservation to endeavor to provide that only deer with spreading antlers may be killed in open season.

GIRL DROPS FROM SIGHT SEARCH MADE

MARY WILLIAMS LEFT HOME TWO
WEEKS AGO BUT DID NOT
SHOW UP

Mary Williams, a daughter of Mrs. Minnie Williams of R. F. D. No. 1, Grand Haven, has disappeared from her home and place of employment. She was last seen on May 21, two weeks ago Tuesday and her family and friends are becoming very worried lest something serious has happened to her.

Mary is 15 years old and when last seen was wearing a felt hat and black silk dress trimmed with braid. She has been employed at the home of Major and Mrs. George L. Olsen of Grand Haven. On Tuesday, two weeks ago, she asked to go to her home in the county and left the house at 12:30 p. m. It is said she had a quarrel with her mother and came back to Grand Haven with two cousins about 7:30 p. m. the same day. They left her at the corner of Seventh and Fulton streets in that city and supposed she went into I. Valenti's store. Later someone was sure they had seen her walking toward Spring Lake.

Her clothes are still at the Olsen home and evidently when the girl left she had every intention of returning. She was a faithful worker and her disappearance was entirely unexpected. Her mother, a widow, is greatly disturbed over the situation and has asked the city officers and sheriff to assist in finding her. She has three brothers.

Major and Mrs. Olsen have been certain she would return, but have been doing all they could with the mother to get in touch with the girl. For a time it was thought she was working in Grand Rapids and it may be a bit of time before she is found, causing much anxiety to her family and friends.

Tomorrow, June 3rd, Mr. and Mrs. Johannes Mulder of Zeeland will celebrate the fiftieth anniversary of their marriage at their home on South Centennial street. On their golden wedding day the following children are to be present, Mr. and Mrs. Benj. A. Mulder of Herps, Mr. and Mrs. Theo Solter of Cincinnati, Ohio; Mr. and Mrs. John A. Mulder, Mr. and Mrs. Henry B. Mulder, Mr. and Mrs. Jack A. Mulder of Grand Rapids; and two grandchildren.

SLOW PROGRESS MADE IN \$85,000 DAMAGE SUIT

FIRST WITNESS MR. VANDER VEN
WAS ON STAND FOR FIVE
HOURS

Bolhuis and Essenburg Suit Will
Take Up Most of Week at Grand
Haven

The \$85,000 damage suit brought by the Bolhuis Lumber and Manufacturing company, against the Essenburg Building and Supply company, is progressing slowly in circuit court at Grand Haven.

Fred T. Miles of Holland and the law firm of Dilley, Souter and Dilley of Grand Rapids are representing the Bolhuis company and attorneys Lokker and Den Herder and the firm of Diekmann, Kollen and Ten Cate are the legal advisors for the Essenburg company.

Judge John Vander Werp of Muskegon circuit court is presiding in this case in place of Judge Orie S. Cross. Wm. Vander Ven who was the first witness called yesterday was questioned for five hours, first in direct examination and later in cross examination.

There were several pages of typewritten deposition read relating to this case and from these sources alone there were several hundred pages of testimony.

Vander Ven who was former construction man of the Bolhuis Lumber & Manufacturing company, was one of the men who helped to organize the Essenburg company, but retired from the firm and moved to Detroit shortly after it was organized.

The allegations are that the new firm was organized to wreck the old firm, and that an attempt was made to hire the principal men in all departments from the Bolhuis Lumber & Manufacturing company, and in many instances this was successful it is claimed.

Other witnesses called late in the afternoon were John Van Dyke, at present the construction man at the Bolhuis Lumber & Manufacturing company, who took the place of Mr. Vander Ven after the latter left.

Following Mr. Van Dyke's testimony, Miss Martha Veltkamp, stenographer of the Bolhuis Lumber & Manufacturing company, was questioned for a short time relative to correspondence and other matters having a bearing upon the case.

Some of the testimony is a repetition of that given during the damage suit that was brought by Don Lack of Grand Rapids who sued Frank Essenburg for alleged damages in a stock deal, which also involved the Bolhuis Lumber & Manufacturing company stock, which Mr. Lack had purchased from Mr. Essenburg before Mr. Essenburg had severed his connection with the Bolhuis company. The principal parts of this testimony were published at the time of the trial. In this suit the jury is asked to find from a large number of witnesses will continue the case up to and possibly thru Saturday at least. Many Holland people interested in motoring to Grand Haven daily to either take part in the proceedings or to listen to the case in the Ottawa county court house.

"SERVICE IS THE WATCH WORD OF MODERN BUSINESS"

THAT IS THE MESSAGE OF MR.
VIVIAN TO THE MEMBERS OF
THE EXCHANGE CLUB

Our Successful Inventions of Today
Were the Laughing Stock of
Yesterday

The Exchange club entertained an illustrious guest yesterday during the luncheon hour at Warm Friend Tavern in the person of W. S. Vivian, director of public relations of the Middle West Utilities company.

Former mayor Stephen had heard Mr. Vivian as had other members of the club and so well was he received at other gatherings that an invitation was sent to him to meet the exchange club here, and the members yesterday were not disappointed after the Chicago man had finished his discourse.

In the morning Mr. Vivian spoke before the pupils at Holland high school and he complimented Holland on its school system and its attentive student body.

Mr. Vivian spoke again last night at the city hall to the city officials, employees and officials of the Holland Gas company, to employees and officials of the Board of Public Works, and to employees and officials of the Michigan Bell Telephone company.

Mr. Dick Boter, president of the Exchange club, asked Mr. Vivian to introduce the guest of the day, which he fittingly did, and Mr. Vivian spoke on the subject, "Service is the Watchword of Modern Business."

He said in part as follows:

"Greater progress has been made since the birth of this nation 150 years ago, than in all preceding ages. 150 years ago the total wealth of the world was 100 billions of dollars, today it is 1000 billions of dollars. Of this 1000 billion, 350 billion is in the hands of the United States. This represents five per cent of the population of the world, has more than one-third of the world's wealth.

"In 1900 we had one billion dollars in gold and silver, today we have 117 millions of people, located throughout an area of 3,700,000 square miles.

"We have more than one-half of the railroad mileage of the world. Two-thirds of all the telephones; 85 per cent of all the automobiles; and use more electrical energy than all the other countries combined.

"Wages have been increased 300 per cent since 1900 and we pay our labor more than twice as much as labor received for like effort anywhere else in the world.

"So we see our living standards are higher than in any other land. Our people enjoy greater comfort, convenience, and opportunity.

"Let us pause and consider why this is so. Why is America the wealthiest, strongest, most progressive and happiest nation in all the world today?

"When the Pilgrim Fathers came to these shores in the early days, they came not only for religious freedom, but for freedom of thought and expression. The years passed and it became evident where this new found freedom would lead. Whereas the old world considered their discomforts and inconveniences as something to be endured, here it was something to be overcome and improved. While the old world prided themselves on their history, tradition and customs, the new world was looking ahead, charting a new course that gradually there came to be a 'watchword' for business. It stood for the daring, the initiative, the resourcefulness, the love of achievement and fair play—those qualities we proudly refer to as being characteristically American.

"The American loves to accomplish—to do things that are worth while—to do that which will be helpful to his neighbor and his fellow man. So the typical American boy or girl, man or woman are looking for their opportunity to serve and become of that fact 'Service' has become the watchword of modern business. There is evidence of great wealth and power didn't just happen. They are the result of service.

"A young man in Germany looking for his opportunity to render service, a bit more than a century ago, noticed that the only artificial light known was a tallow-dip candle or a burning fagot. He realized that if he could do something to improve that condition, he would be doing something worth while. So he began to experiment with coal and by putting it through certain processes a gas was formed which when ignited would produce a light more brilliant than anything the world had ever known. He went the other way to London, gathered a group of business men around him and described what he could do in lighting their homes, and places of business, and streets. When he finished his discourse...

THE SELECTION OF OFFICERS DICTATED FROM THE GRAVE

Holland's Memorial day Monday was an unusual one. More Holland citizens gathered together at Centennial park than in many years. All available seats were occupied and at least 1000 more remained standing while the program was being given at the band stand.

Although the weather had predicted showers, only one materialized early in the morning and rain did not interfere with the day's activities.

The Memorial parade was the largest in local history and there was no mishap. Judging from the orderly way and the speed that the line of march was formed, it was evident that the marshals of the day and the parade committee had their work well in hand.

With but one or two exceptions, the exercises of the day, the formation of the parade, the ceremonies at the cemetery were followed out according to the official program.

Mayor Kammeraad, who was president of the day, was in charge of the program at Centennial Park, and Rev. J. H. Bruggers, chaplain, dressed in his overseas uniform, offered prayer.

Miss Tillie Masselink read the proclamation of Gov. Green and then Mayor Kammeraad called upon G. J. Diekema of Holland, who was president of the Holland Veterans' association, to introduce the speaker of the day, Commander Gerrit Van Schelven.

Mr. Van Schelven, who was introduced by Mr. Diekema, was a former member of the Holland Veterans' association and he was now introducing the dear friend of one of Holland's late foremost citizens, Mr. G. J. Diekema. He then fittingly presented Mr. Ketcham to the audience.

Mr. Ketcham gave a brief review of the friendship that had sprung up between Mr. Van Schelven and himself and he stated that of all national holidays Mr. Van Schelven was interested most in Memorial day, and this absence no doubt was felt by every person present.

Memorial day, said Mr. Ketcham, is rapidly becoming a great national holiday. For on this day this nation is at its best. Memorial day became some years ago, only in a small way, a day of local celebration.

But this has all changed. In our difficulties with Spain, whether the great southern general, commander in chief of the army of the north and south, who went and fought for a united country and brought the two sections closer together.

In 1918, in the great world strife, the southern and northern boys again marched side by side to fight for the American democracy and the graves of both northern and southern soldiers were today being decorated in the national cemetery in France, boys from all sections who fell in Flanders field.

"Today the sun does not set on the graves of American soldiers. They are being decorated from Maine to California, in Hawaii, in the Philippines, in China and in France. On this day America shows her real heart and soul. We remember the loyalty, the sacrifice, the thought of others, the thought of nation and flag. We are glad to thank them who carry the little bronze button on the lapel of their coat and who are still with us sitting on this platform. In honor of those who have gone before, we on this day place garlands on their resting places."

"I wish to pay tribute to Holland for this wonderful outpouring of people. It is an unusual sight and speaks volumes for the American spirit that prevails here. Your company I, a few of whom still remain, marched from Holland to obey the call of the great emancipator, Lincoln."

"Up to a few months ago, this American spirit was exemplified often in the city of Washington. One of the show places was the great Lincoln monument, and at times the great monument would halt the visitors as an old gentleman walked past in soldierly fashion until he came to this great monument. He stood at attention, then bowed in solemn prayer to the wonderment of the visitors until the guard told them that this was Robert T. Lincoln, who came often during the year, paying honor to his great father."

"But what have all these sacrifices of blood meant to this country. Of what use was the sacrifice of these millions of men in the south, in Cuba, and in France?"

"It meant our material welfare, for today America is the world's leader and the wealthiest nation on the globe. But wealth in itself is nothing if we do not utilize it properly. This is what we are doing with it. Thirty years ago there were 200,000 high school students enrolled in the nation. Today there are 2,000,000 enrolled. Today there are 26,000,000 children between the ages of five and eighteen who are receiving an education and thus preparing themselves for the struggles of life."

"Not alone has America the wealth, the education, but religious activities and moral standards are also high here too does America lead. Let not our wealth turn our heads but let us utilize our resources for the upbuilding of a united nation, an educated nation, a God fearing nation, and above all, let us pay tribute to the men on this day who made these things possible."

Mr. Ketcham closed his remarks by reading the following poem, Edgar A. Guest, entitled "Memorial Day". Some lived the battle through, And left to me and you Their stirring tales to tell. Long rows the noble roll, On history's cherished scroll.

Not to the evil thing From which our heroes rose Today our flowers we bring. We come, remembering those Who dared to fight and die Our liberty to buy.

There was no glimmer there Amid the thundering guns, War's fire is never fair, All these our glorious sons Learned long before they fell What peace a hero's tale.

These are our heroes' graves Where life in glory sleeps Above them all these waves The flag they died to keep. And in the joy now ours We come with memory's flowers Not to the roar of guns.

ALLEGAN BANKERS ARE FORMING COUNTY GROUP

An organization to be known as the Allegan County Bankers' association has been organized. Officers are: President, E. W. Stone of Allegan; vice president, W. R. Taken of Saugatuck; secretary and treasurer, Hubert Peckham of Plainwell. The organization will be completed June 10.

ATTEND SCHOOL PICNIC; FINDS HOME BURNED

While the family of Tony Wolfe of Robinson township were attending a school picnic celebrating the close of the school year, their home and all its contents was burned to the ground Wednesday at 3:30 p. m. No cause has been found. On returning to their home in the late afternoon they found it a blackened and charred mass of smoldering embers.

The other farm building were not burned due to the activities of neighbors who saw the blaze after it had gotten a good start. The loss is a hard one as the house was only partly covered by insurance. Mr. Wolfe is employed as a drill pressman at the Challenge Machinery Co. Officers are five children, three below 11 years of age. At present they are living with relatives and neighbors, some of the older boys sleeping in the granary.

The house was a modest one, built by Mr. Wolfe outside his regular employment hours and the loss is keenly felt by the whole family. He will rebuild as soon as possible.

MANY FROM HERE PLAN TO ATTEND WOMEN'S MEET

Grand Rapids is to be the meeting place of the biennial council of the general federation of women's clubs from May 30 to June 4 and many plans are being made for the entertainment of the 2000 women from all parts of the United States, who are expected to be present.

This council meeting is second in importance to the biennial meetings of the general federation and are held on alternate years at those cities selected at these meetings but much important business is to be transacted and many prominent speakers will make the meetings very interesting and profitable to all those interested in the work of the federation. The meetings will be held in the armory and the Holland W. L. C. is very desirous of having as large a representation of members as possible attend this very worthwhile convention.

A detailed schedule of the meetings and speakers will be printed later and it is hoped that many Holland women will plan to spend some time in Grand Rapids next week and be present at these meetings.

Saturday, June 4th, the last day of the convention, is known as "Play Day" and Holland, Grand Haven, and Muskegon are to entertain the delegates at a "Dune Party". The delegates who will come to Holland will leave Grand Rapids at 9:30 A. M. in cars provided by the Grand Rapids chamber of commerce. During the morning they will be driven to Cassie Park and then to Lakewood Farm by way of Waukegan, so that they will see the way in which the sand wastes have been reclaimed and made productive. At one o'clock they will be served a luncheon in the Woman's club by the past presidents and the old and new boards of directors, and at two o'clock an informal reception will be held, when all the Holland club women are urged to come and meet the guests.

VETERAN PASSES AWAY AT AGE OF NINETY-ONE

Word has come to Holland that the Civil war veteran, Grant Scott, died at Grand Rapids on Memorial Sunday, at the age of 91 years. Most of his life had been spent in Holland and for many years he was employed at the Scott-Lugers Lumber company in this city.

When the first martial band was organized in Holland more than 40 years ago, Grant Scott taught the members of this organization of more than fifty how to fight and drum army style. There are only a few members of this organization of fifers and drummers left in Holland who can still beat the drum and blow the fife according to the teachings of the general Grant Scott who spent night after night drumming martial music into the heads of his young pupils.

Mr. Scott served all through the Civil war, enlisting in the 32nd Iowa infantry. For many years he was a member of the G. A. R., A. C. Van Raalte post, in Holland.

Mr. Scott was born in Ohio. His wife, Mrs. Scott, passed away two years ago, came from the state of Virginia. The funeral services were held in this chapel at 1:45 Tuesday afternoon and interment was in the family plot in the Holland Home cemetery. Rev. J. C. Willis officiated.

Mr. Scott is survived by two sons, Grant and Bert of Grand Rapids, and two daughters, Mrs. Wm. Laeppe and Mrs. Carl Hastings of Muskegon.

Due to the increased interest and activity in debating at the high school, arrangements have been made to add a course in debate and argumentation to the school schedule of studies. This subject will be taught by Mr. Roland Mayhew, the present debate coach, who is responsible for the many recent successes of Holland high debate teams. This year's team has just received the bronze wall-plaque awarded them by the Detroit Press for entrance into the elimination debates.

The start of the new course in debate is to prepare and train a large squad from which teams may be picked for the interscholastic contests. The school officer will probably be selected and trained from this group for the national oratorical contest of high schools. In several ways this new course of study will prove valuable to the students and to the school.

Or sabel's cut and swing. But to our hero's sons May blossoms now we bring. God grant that never more Need cannon flash and roar.

SACRIFICE THEME OF MINISTER IN SOLDIER SERMON

Sunday morning found the Sixth Reformed church taxed to capacity with the soldiers of all wars, their friends and other patriotic citizens. Soldiers and auxiliaries marched from the city hall to the church in a body, and at 9:30 the exercises began.

A huge floral flag greeted the eyes of veterans as they entered the church and it played an important part in all Decoration day ceremonies Sunday and Monday, until finally it was laid on the soldiers' plot in commemoration of the veterans of all wars.

There was appropriate music by the choir, and one feature was especially impressive, when several young ladies stepped forward and pinned bouquets to the lapels of the veterans as they entered the church.

Rev. J. H. Bruggers chose as his sermon subject, "The Spirit of Sacrifice." He said in part:

"Veterans of the various wars and members of the auxiliary of the Sixth Reformed church extend to you a most hearty welcome. We are always glad to have you with us, but especially so on this Memorial Sunday. We honor ourselves by opening our doors to you. Altho we cannot adequately express our thoughts and our feelings, we desire in this humble way to pay tribute to you and your departed comrades. Our words will not be long remembered, neither will they add to nor detract from your marvelous achievements, but he can never forget what you have done and the wonderful heritage that has come to us through your sacrifice."

"During the past year some of your members have responded to the last roll call. The lines of the Grand Army of the Republic are fast thinning; your heads are becoming white; your step slower. How we admire your devotion, loyalty and courage. You of the Spanish American war are fast taking the place of the Grand Army as our oldest surviving veterans, while already nine frosty winters have passed over the heads of the members of the American Expeditionary forces. All is history, but it has not been forgotten. Your achievements have not gone into decay. They are living monuments, a testimony to your noble and unselfish sacrifice. When one after another of our veterans to the final roll call, that spirit which you have manifested, lives on in the hearts of your noble countrymen."

"As our thoughts go back over these notable accomplishments of boundless courage and patriotic sacrifice, our hearts cry out, 'At what a cost!' Most truly can it be said that we have arrived at our present camp of peace through an aisle of graves, representing the best blood of our race. How fitting then the words of the writer to the Hebrews when he says, 'Without shedding of blood there is no remission,' for before we have the altar, and behind us we have the tomb. As we turn to the altar to lay upon the altar of our remembrance, it calls to mind the fact that without the shedding of blood there is not only no remission, but there is no country, no civilization and no Christianity. All these marvelous institutions have been procured at the price of blood. We want, therefore to call your attention to the larger meaning of the text, that redemption, both for nations and for individuals, lies in the spirit of sacrifice."

"Sacrifice or the necessity for sacrifice is a bold and stubborn fact. It lies at the base of all life. Nothing really great or worthwhile has ever come into the world, excepting men and women who have sacrificed and died. The principle of sacrifice is evident in every phase of life. We see the principle of it in the faller leaf that catches the soil for the fading lily and the flower. The withering grass decays to produce elements for the soil and the beast of the field procures provender. Animals feast upon each other and man feasts upon animals. On every hand and in every sphere we read the embossed letters, sacrifice. The inanimate world reveals transformation through sacrifice, while the animate world reveals transformation plus life. Thus we are constantly and invariably giving life for life."

"Jesus Christ emphasized this great principle when he said, 'Except a grain of wheat fall into the earth and die, it abideth by itself alone; but if it die it beareth much fruit.' Thus the higher and lovelier sacrifice embodies the eternal principle of the spiritual good. It fulfills two great conditions, a noble purpose and a boundless love. We behold it when the captain of a ship loses his life directing others to safety. It is manifest whenever a great confusion occurs and firemen, without thought of self, battle the hot flames and dangerous walls to save a city with its occupants. It is manifested in the physician with his helpful nurse, who unselfishly and tirelessly restores to a patient. All is an evidence of the great fact of sacrifice and the thought of Christ when he says, 'Greater love hath no man than this, that a man lay down his life for his friends.'"

"But perhaps nowhere do we see greater evidence of this fact of sacrifice than in the various wars of untold carnage and bloodshed. Each war has yielded its awful harvest of maimed and mangled and those broken in health; countless numbers broken in character; young men, the pride of the nation, old beyond years. Then there is the vast number that sleep beneath the sod on every battlefield. They never come back. Altho having seen many soldier cemeteries, I was never more impressed with this fact of sacrifice than, when two years ago, I visited Arlington and noted the thousands of silent gravestones, arrayed in order and marshaled as battalions for review. A silent army, yet bespeaking untold sacrifice. To the headstones, dimmed by the weathering of years, were added others more glistening of the War with Spain and the World War. When there is the monument of the Unknown Dead, representing over two thousand nameless soldiers, all placed in one huge grave. Besides this there is that wonderful Memorial Amphitheater which overlooks the Potomac, with the tomb of the Unknown Soldier before it. But this is not all. Almost every cemetery throughout the Union and in various parts of the foreign countries is filled with crosses and grave stones which tell the story of the sad fact of sacrifice."

"Add then to this if you can the agony, the suffering the silent grief of orphans and widows, to say nothing of the pitiless mangled and the destitution of other life and property. Those also sacrifice who stand and wait. But hardly can we say that they stood and waited, for their hands were busy while their hearts were torn, and their tears were falling. No one can estimate the sacrifice of hopes blasted, homes broken, years of hardships and pain. All this and vastly more than we can enumerate speaks of the sad fact of sacrifice. Our forefathers believed in a re-

ligion with a cross and sacrificed as their lofty standards were infringed upon. The cross to them was the meaning of the deeper things of life, and it is to us the answering note in our sacrifices this solemn hour brings us. It is the cross that takes us to the heart of the mystery of sacrifice, and gives us a larger conception of the love of God. Love therefore, is the actuating principle in it all. Our fathers and the great armies of brave men that fought, so loved our nation and the principles for which it stood, that they offered themselves for those principles. The home, the church, the school, the state was most dear to them. May they ever stand as a noble tribute and monument to those brave hearts."

"It is just this principle that has made the United States the greatest nation materially and that has placed it in a position of leadership among the nations of the world. It is just this principle that makes our nation outstanding in fundamental moral and spiritual forces for good. Our nation has good will for all people and charity without limit. If it were not for these principles our nation could not long endure. Nations become great and endure only in respect to their religious and moral strength. We have but to look at the nations of the past, Greece, Rome, Spain, and a host of others. All had their glory day but they did not endure. It is because Germany departed from these principles that she went down in defeat, after bringing the greatest catastrophe on the world the world has ever seen. The same is written on all the pages of the history of Israel. And it will ever be."

In conclusion Mr. Bruggers said: "And finally, we need be mindful of God. We often speak of our land as God's country, and so it is. He gave us this country. He gave us the men that advanced and maintained it. He has given us prosperity in it. Thus we stand committed to him and his Gospel. It is true that we need render to Caesar the things that are Caesar's, but let us not forget that we need render to God the things that are God's. Without the shedding of blood there is no remission. Without sacrifice there is no country, no civilization, no Christianity. If then so much depends upon what he is and did for us, how necessary do we honor him and draw strength from him for the great task that is before us. Then truly those who have died will not have died in vain."

"Tomorrow will be Memorial day. In inspiring us now and then will be seen our veterans marching through the streets. Year by year the ranks are thinning. One after another they respond to the final roll call. As we see them passing, shall we forget to carry on their kindly service? Shall we become so absorbed in self that we forget the men whose loving sacrifice made all our blessings possible? No! We cannot. So long as men believe that duty, so long as men believe that duty and conscience do not mock men; so long as men believe that God lives and that he bowed to the law of sacrifice in Christ; just so long will we hold our country in remembrance and honor them for their brave sacrifices."

"May the God of our fathers, who inspired strength and courage to rear our fortress of freedom, guide and inspire us now and in the days to come, that we may never unlearn the lesson of sacrifice."

MARRIAGE KNOT WAS WELL TIED FIFTY YEARS AGO

Mr. and Mrs. Henne Buurman celebrated their golden wedding anniversary on Saturday, May 28, at their home on East 10th St. A family reunion was held at which their eight children, 31 grandchildren and 100 great-grandchildren were present. Four generations were represented in Mrs. Buurman. Mrs. Edw. Hietje, Mrs. John Boeve, and son Ted Edgar. The couple received many gifts in gold, including a goldpiece from G. De Roo. Mr. Buurman's first employer in Holland, for whom he helped to build the De Roo mill. De Roo is now in California.

Among the out-of-town guests were Mr. and Mrs. Claude Gruber and children of Sparta, Mrs. J. Dreher and children of Grand Rapids, Mr. and Mrs. H. Miller and children of Benton Harbor, Miss J. Hyma of Grand Rapids. About 70 were present.

The program consisted of the following: prayer, Rev. J. De Haan; singing of Dutch psalm; duet, Evelyn and Eleanor Hietje; "Silver Threads Among the Gold;" and "When They Ring the Golden Bells for You and Me"; three readings, Henry Buurman, Esther May Buurman and Donna Ruth Hietje; congratulations in Dutch verse, Mr. and Mrs. Newsma.

Mr. and Mrs. Buurman were united in marriage in Vriesland, The Netherlands in 1893. They were first married according to the civil law form in the city hall on a Saturday and next day the religious ceremony took place in church. Three couples were married at the same time. The other two couples have died.

MARKET HAS A TRIBUTE TO SOLDIERS

Each year as Memorial day comes, a local business firm pays tribute to the soldiers who paid with their lives for this country's right to live. The historic Memorial can be found in the show window of Huyser's market, 228 River Ave.

The scene represents a sodded field with four guns stacked at arm and a pole with the United States flag at half staff. Each of the 98 graves contains a facsimile of the markers which are being placed on the graves of the American boys in France.

Each marker bears the name of the dead, printed in black and a cross is placed near the top of each. The flag waves over the plot by means of an electrical device and is illuminated at night by red and green colored lights. The words "Lest We Forget," are glided upon the window. The memorial is the work of Maurice Huyser, who served overseas.

George Humm, 12, son of Mrs. Lena Humm, of Allegan, suffered severe injuries but escaped without bone fracture or internal injuries when he was knocked off his bicycle by an automobile on a city street Friday.

Witnesses declare the driver, Mrs. William Grable, was operating her car on the wrong side of the street. The lad was pulled out from underneath the machine.

The Lake Shore Brass company, a new industry for Holland that will fill one of the few remaining empty factories and that will give skilled and highly paid labor to about 25 men, has been organized and it will officially begin its career here next Tuesday morning. The assembling of the necessary machinery will start then. It is expected that the actual manufacturing operations will begin not later than July first.

The new firm has been organized by a group of local business men who saw a good opportunity for such a business here. Many brass, bronze and aluminum castings are used in Holland in connection with the city's iron working industries. In future, it is expected, that these will be manufactured in Holland, giving the new concern a substantial business to start on.

The capital stock of the company is \$40,000, all of which has been subscribed. The factory will be located in the building formerly occupied by the Steel-clad Auto-bow company, which will be equipped with the latest types of machinery for this kind of industry.

The officers are A. W. Wrieden, president; W. E. Dunn, vice president; Ernest Sulkers, secretary-treasurer; John C. Quist of Grand Rapids, general manager. The board of directors is composed of the officers and Thos. Olinger.

Mr. Quist, the manager, has made a reputation for himself in this line of work. He has been serving as the superintendent of the Wolverine Metal Specialty company of Grand Rapids and has been a distinct success in that concern. The men to be employed in the new factory are all to be skilled men.

The promotion work that resulted in the location of the new company here was conducted by Carl Swift who, since leaving the Holland Malt Company, is devoting all his time to activities of that kind, giving his energies to securing new industries for Holland and bringing Holland's advantages to the attention of manufacturers elsewhere. The legal work connected with the organization of the firm was done by Attorney Charles K. Van Duren.

GRAND HAVEN PASTOR SUSPENDED IN COOPERSVILLE

At a meeting of the Muskegon classes held in Coopersville, Wednesday, Rev. W. S. Bloom, pastor of the Second Reformed church of Grand Haven, was suspended from preaching the gospel in the Reformed churches in their particular jurisdiction for getting a divorce on grounds not recognized as based on Scripture. The decree was granted in 1925 for cruelty and the custody of two little children was given to him.

The suspension will take effect June 10, which will give Rev. Bloom just two more Sundays to be heard by the people of his congregation, who have stood loyally behind him during the hearings.

The matter, which has been hanging fire for many months, was referred from the classes to the particular synod which met in Holland a few weeks ago. They refused to bar Rev. Bloom and referred the matter back again to the classes. The action taken Thursday will close the matter, said Rev. Bloom today, and he will remain there to preach the remainder of his time. He will not carry the verdict to a higher tribunal, neither will he announce his plans at this time.

The sympathy of the congregation has been with Rev. Bloom during the trying time and the entire consistory accompanied him to Holland, when he appeared to plead his case before the synod. They regret that this will force Rev. Bloom to seek other fields and that they will be forced to find a new man for their pulpit. Rev. Bloom is considered one of the most brilliant of the Reformed ministers in that district.

FORMER NORTH HOLLAND MAN DIES IN FREMONT

Word was received in Holland today announcing the death in Fremont of Peter G. Van Tongeren. Mr. Van Tongeren is well known here. For many years he was a resident of North Holland. He was a member of the A. C. Van Raalte post, G. A. R. He was born Sept. 3, 1840. Besides his wife, five daughters and two sons survive. The funeral was held on Saturday at two o'clock at the home in Fremont.

THE SCHOOL BAND PLEASES AUDIENCE

The Holland high school band presented its first concert to a highly pleased audience on Wednesday night in the school auditorium. The band has a program of spirited selections and the audience expressed its appreciation repeatedly. There are fifty-six students from both junior and senior high in this organization. They wear the school colors in their uniforms of maroon and orange.

The concert will be repeated tonight at 7:30 and each admission fee helps to support this peppy group of boys who have worked under the direction of Mr. John Van Vyven. Xylophone duets, a ladies' double trio, and saxophone duets vary the evening's pleasure. The public has no more opportunity to hear this program when tonight's concert is given.

Local meetings to explain the plan and purposes of the new Co-operative Poultry and Egg Marketing Association, which is being organized in Ottawa and Allegan counties, will be continued in the following communities for next week: Jamestown, May 31st; Forest Grove, Y. M. C. A. hall, Wednesday evening, June 1; Zutphen School, Thursday evening, June 2nd; Pine Creek school, Friday evening, June 3.

The series of 24 local educational meetings, originally scheduled for the organization campaign, is nearing its close. It is the plan of the directors of the association immediately to follow up these meetings by a personal house to house canvass to secure signatures to the membership contracts. Altho but very little individual soliciting has been done up to this date between 50 and 60 postmen, largely voluntary signers secured at local meetings, have already signed contracts. This is almost one-fifth of the estimated number needed to secure operation of the association.

EVERETT GUILTY OF BURNING HOMES AT MACATAWA

Earl Childs having made a confession and James Eckert of Grand Rapids having been found guilty of arson late Thursday afternoon by an Allegan county jury, leaves but one more case to be tried, that has to do with the burning of \$350,000 in summer homes at Macatawa on the night of April 15. The last man to be tried is George Everett, also of Grand Rapids, who at one time was owner of the cottage where the fire was started laying in ashes 33 other cottages soon afterwards.

It was at first thought the fire, which originated in a cottage owned by George Everett of Grand Rapids, was started by a party of high school students at a week-end party. Investigation by the United District court resulted in the arrest of Eckert and Earl Childs, who both confessed. Eckert later repudiated his confession and pleaded not guilty when arraigned in court at Allegan.

Everett, cottage owner whom Eckert charged in his original confession with hiring him to secure someone to burn the cottage, is out on bail of \$13,000 and will be tried later.

M. E. Shanteau and H. R. Sarles of the United District agency, who conducted the investigation leading to the arrest of the pair, and Ralph Randall and Harry Burch, Grand Rapids police officers, testified that they found a blackjack on Eckert, and that he said he'd have taken the blackjack for "a buggy ride" if he hadn't been picked up.

They declared that Eckert said: "I'm caught cold; you've got me, all right; and that 'this cottage would be out of style before he got through with it'."

A signed statement made by Eckert following his arrest April 17 was introduced. In it he tells of being approached by Everett, of securing Childs to do the job and of showing him how to make for, and that he had "pulled out" because he knew other "things would catch on and it was a bad job."

Earl Childs, who confessed that he specially started the fire, and who was charged with the burning of Eckert's cottage to pay him \$500, was the state's principal witness.

He maintained on the stand Thursday that all his dealings had been with Eckert, that he never talked with Everett, "no way," and that after the fire Eckert tried to get in touch with Everett and get the money. He described in detail the events leading up to the fire.

The only witness offered by the defense was Mrs. Margaret Schmitt, from whom Eckert rented a room at 1502 Wealthy st., Grand Rapids.

She said she had seen Eckert and Childs making a deal, but didn't know what it was for, and that she had destroyed one wick. Childs came to see Eckert the morning after the fire, she declared, and she overheard him say, "It's done." Eckert told Childs he was foolish to have done it, she testified, and Childs said he "hold the old man up for plenty."

Childs appeared nervous and expressed regret for his act. Eckert was cool and self-posessed. His voice broke slightly once when he said: "If I'm sent up, it will be no use to me. It will be all over for me."

Childs has been held in the Allegan county jail for sentence, pending Eckert's trial.

Closing arguments for the state were made by Prosecutor General Waples, who has conducted the main part of the state's case. Roman S. Glochick, Grand Rapids attorney, was counsel for Eckert.

Mrs. Mabel Veitch, the only woman on the jury, was foreman.

A jury after short deliberation found him guilty on two counts: of burning a cottage and of procuring someone to burn a cottage.

Both even will be sentenced by Judge Cross at the conclusion of this term of circuit court in Allegan county.

The trial of George Everett, retired farmer and business man of Grand Rapids, who is accused of being the instigator of the arson, is not to held until the October term of court. Insurance policies totaling \$4,500 on a cottage which real estate men consider would be a bad bargain

TWO JOBS ARE LET AT THE POSTOFFICE

The postoffice department has let the contract for building an extension to the driveway at the Holland post office to S. and B. Haring. They will also remove the pipe fence on the north side of the lot to the east side. The contract for placing the water on the east side of the building has been let to Wm. D. Modder.

CONTRIBUTE \$60 TO THE LEPERS

The young ladies Bible class of the Fourth Reformed church has donated the sum of \$60 to the leper missionary work that is being conducted at Inhambane, Africa, a work in which many in Holland are interested and to which Holland women are systematically contributing. The money donated by the Bible class was collected at a meeting in the Fourth Reformed church recently to which the general public was invited. A large audience gathered. The address was given by Prof. Harry Hager of Hope college on the subject, "Evangelism From a Calvinistic Viewpoint."

CITY'S W. C. T. U. FIFTY YEARS OLD; CELEBRATE EVENT

This month of May is the fiftieth anniversary of the W. C. T. U. in Holland.

It was very appropriate that Mrs. J. C. Post, the meeting Friday afternoon, should give reminiscences of those early days, when she as a young girl became interested in the temperance reform; she has been more or less active in the W. C. T. U. ever since.

Grand Haven had the first organization in Ottawa county, then Holland and Spring Lake, May 5, 1877, a union was organized, with Mrs. Annis, the wife of a local physician, as first president.

A men's temperance organization, called Red Ribbon club, was also formed about that time. The Hope college faculty was largely interested and other leading families were supporting it, so it did much for Holland. Mrs. Van O'Land was an active worker and Mr. P. H. McBride was president in those early years. Mesdames De Meril, Marsh, St. Clair, Hazen, Dutton and Van Ark the speaker mentioned as having been presidents, while she was for many years corresponding secretary and the first to teach the children the harmful effects of alcohol. Scientific temperance instruction in the lower grades of the school, the speaker said, has advanced the temperance cause greatly and helped to bring about prohibition.

A red letter day for the local union was when they entertained the district convention in 1916. Three national officers were present, Mrs. Benjamin, the state president, and hundreds of boys and girls of the Loyal Temperance Legion paraded the streets and took part in the program. The union has grown in strength and a drive for membership is on at present.

Miss Helen Zander entertained with two readings, Mrs. J. W. Vischer led devotions and a social hour was enjoyed in the tea room. The meetings of the year will close next Friday, June 3, with a pot-luck luncheon at the W. L. C. Each member is invited to come bringing some lunch.

A cablegram was received by friends in Holland announcing the safe arrival at Buenos Aires, Argentina, of E. P. Davis and family. The cable stated they were all well and enjoying the journey to their new home in South America.

at \$1,500 for house and lot, are contended by the state to have been the motive in the case. The cottage no longer was owned by Everett.

FISH NURSERY TO BE ESTABLISHED IN HOLLAND SOON

At a smoker held Thursday night in the court room of the city hall and attended by more than one hundred members, the Holland Game & Fish Protective Ass'n decided to take upon themselves the responsibility of stocking nearby waters with thousands of black bass and blue gills annually.

By the purchase of five acres of suitable ground a number of nursery ponds can be constructed. The newly hatched fish, or fry as they are called, are placed in these ponds during June. Here they live and grow, protected from their enemies until late fall, when they have attained a length of three to four inches. They are now large enough to forage for themselves, in lake and river, and are taken from the ponds and liberated when conditions are best for their growth.

The state conservation commission furnishes the fry without charge, and supervises the construction and maintenance of these nursery ponds. Experts from the state department also superintend the planting of the fingerlings. From start to finish the work is carried out under scientific guidance, and it is estimated that this method of stocking assures three times as many fish reaching maturity as by planting the fry directly in waters to be fished.

Options have been taken on suitable sites, and pledges secured from those attending Thursday night's meeting assure the success of the proposition. Additional funds will be needed and the sportsmen of the city will be seen just as rapidly as committees can call on them for donations. The following men are serving in this work: Frank Dyke, general chairman, with two committees headed by Henry Geerts and Henry Kraker. Mr. Geerts' committee is as follows: Walter Mattison, H. Venhuizen, Ben Hamm, Spriggs Te Roller. Working with Mr. Kraker are George Vender, Frank Pifer, Art Wiltverver, Neil De Waard, and Larry Vander Belt.

This movement to obtain a steady supply of game fish for Holland, has the sanction of the chamber of commerce, Rotary club, Exchange club and the Lions club, and talks were made endorsing the proposition by Wynand Wichers, Tom Robinson, Ernie Brooks and Fr. Douglas, representing these organizations. Presenting a minority report on the legal aspect of the matter and boosted the proposition, as did the other speakers, by declaring it a real asset to the community and when completed will be an added show place for this city.

State engineers are expected in Holland on Saturday to look over sites and make surveys so that actual construction work can begin next week. It is hoped to place the first pond in the first completed pond by June 15th. Joe Rhea, president of the Holland Game & Fish Protective Association, was in charge of the meeting and gave some ideas as to what kind of a location is necessary to make fish ponds suitable and to raise fish.

He said that without doubt Holland will soon be co-operating with the state fish hatcheries and fishing in the water of Black Lake and the streams in the vicinity would be ideal fishing grounds for citizens and visitors as well.

He married a daughter of the late Rev. S. B. Bolks, one of the pioneers of this community. His wife survives him; also the following children: Dr. S. B. De Pree of Holland, Mrs. Gerrit Boeyink of Sioux Center, Rev. James De Pree, Jr., of Paola, Kansas, Cornelius De Pree, Jr., of Holland, and Albert of Sioux Center.

PARTY GIVEN ON THIRTEENTH BIRTHDAY

A most delightful and entertaining party was given last evening at the Topp residence in honor of Miss Ella Topp, who has just reached her thirteenth birthday. This number thirteen may mean "hoodoo" for some people but it certainly had no effect upon the party, as it was a huge success.

A solo was sung by "Swede" Gustavson. "Pa" Topp acted as toastmaster and kept the guests in constant laughter, with his wit and humor. Other numbers on the program consisted of a reading by Ray Schuman, and various games. During the entertainment the little hostess was called upon to make a speech.

A delicious luncheon was served by Mrs. Topp, the mother of the hostess. Those present were: Ella Topp, Margaret Topp, Mary Jacobs, Lucile Eastwind, Ruth Overweg, Vera Little, Virginia Coster, Daise De Pree, Yvonne Carolon, Donald Topp, Billy Topp, Malcolm McDonald, "Swede" Gustavson, Raymond Schurman, Jack Reynolds, Bernard Coster, Warren Harding, Gerald Willing, Jack Topp, and Mr. and Mrs. Wm Topp.

ALLEGAN PHONES PART OF BIG COMBINATION

Incorporation papers for phone companies of Cass, Van Buren and Allegan counties were filed Thursday, the merger exceeding a million dollars in value of the property. The Buren County Telephone Co., the Dowagiac Telephone Co. and property of the Michigan Bell Telephone Co. including the Allegan exchange and connecting toll lines were included.

The final date for reinstatement and convention of government insurance is July 2, 1927, and the Detroit office of the U. S. Veterans Bureau is conducting a campaign to interest veterans of the World War in reinstating. A considerable number of applications are being received and during the first half of May \$900,000 was reinstated by Michigan veterans.

The government offers veterans of the World War standard life insurance policies at a rate from 15% to 25% less than the same policy can be secured elsewhere. In order to secure a policy from the government it is only necessary that the veteran pass a physical examination and pay one month's back premium. A veteran has a choice of a total of seven policies, which are: 5 year level premium convertible term policy, Ordinary Life, 20 and 30 Payment Life, 20 and 30 Year Endowment and Endowment at age 62, and the premium rates on these policies range in the order named from 76 cents per month per thousand to \$3.41 per month per thousand at age 35.

In order to insure that arrangements will be made for the issuance of a policy, veterans should take prompt action inasmuch as there are approximately only 30 more days in which reinstatement can be effected.

Full information and the necessary application blanks can be secured from Mrs. G. J. Van Duren.

The New Era Christian Reformed church has extended a call to Rev. H. Keegstra of Holland.

DIES AT HOSPITAL AFTER OPERATION

Jacob Morren, who for many years lived on a farm one mile east of Zeeland, died at Holland hospital Wednesday at 3:00 p. m. following an operation for appendicitis one week ago. The funeral service was held at the home, 175 W. 17th St., Holland at 12:30 o'clock Saturday, and at the First Christian Reformed church of Zeeland at 2:00 o'clock.

LITTLE GIRL IS STRUCK BY TRAIN

Little eleven year old Coby Johnson, whose home is near the Home Furnace company, was struck by a freight train Thursday noon at about twelve o'clock near the P. M. depot. She was immediately rushed to Holland hospital where she was given treatment. Her condition is not believed to be serious and she did not lose consciousness. She was taken to the hospital in the Nibbelink-Notier ambulance.

There were no eye witnesses of the accident. It is supposed that the little girl either walked on the track or was too near the track on the platform.

VETERAN PASTOR DIES IN IOWA AT THE AGE OF 81

One of the two oldest graduates of Hope college, Rev. Jas. De Pree, D. D. died Thursday evening at eight o'clock at his home in Sioux Center, Ia. A telegram to that effect was received by his son, Dr. S. B. De Pree, of Holland, Rev. Mr. De Pree and Mr. Erik Bolks, the two oldest graduates of the local institution. Mr. Bolks, now the oldest graduate, lives in Orange City, Ia.

Rev. Mr. De Pree was the guest of Hope college last June when the council of that institution conferred on him the degree of Doctor of Divinity in recognition of his long years of faithful service in the gospel ministry. Although 80 years old, he made the long trip from Sioux Center, Ia. to Holland to receive the degree. He was the subject of glowing eulogies by college and church authorities. The degree was conferred on him 80 years after he first took his A. B. degree at the local institution.

Rev. Mr. De Pree was also a graduate of the Western Theological seminary. His first charge was in Spring Lake. Then he accepted a call from the Reformed church at Sioux Center, Ia., and he served that congregation for 30 years. He was beloved by all in that section of the country and counted among his friends a great many who had no connection with his church. During the war he made his business to take an interest in all the service men from that section whether of his church or not, writing many letters to them and doing all he could for them. All affectionately called him "Father De Pree."

He married a daughter of the late Rev. S. B. Bolks, one of the pioneers of this community. His wife survives him; also the following children: Dr. S. B. De Pree of Holland, Mrs. Gerrit Boeyink of Sioux Center, Rev. James De Pree, Jr., of Paola, Kansas, Cornelius De Pree, Jr., of Holland, and Albert of Sioux Center.

DECIDES REOPEN DRAIN TO LITTLE BLACK LAKE

At a meeting held on the banks of Little Black Lake by the interested owners of that section, the drain commissioners of Muskegon and Ottawa counties and the state drain commissioner decided that the need for cleaning out the old drain to Lake Michigan was most apparent and a dam would be built to regulate the flow into Lake Michigan and maintain Little Black Lake at a certain level.

The cost of this work will be about \$4,000 to be divided between the two counties. The drain commissioner, Henry Sierma, is now preparing assessments to cover the expense. The matter has caused considerable debate as the farmers wished to drain the lake and the resort owners were afraid it would lower the level of the lake thus decreasing their value. This equitable agreement will fill the demands of both, it is hoped.

ROTARY CLUB GETS PRAISE FOR ITS WORK

The Holland Rotary club, which sponsors the sea scouts here, received the following letter of commendation from Thomas J. Keane, of New York City, national sea scout director:

My dear Mr. Robinson: I have just received a copy of the Annual Report of the Sea Scout committee of the city of Holland. It was so splendid that I felt that I should express to you in the highest terms my commendation of the work that is being done by the sea scout committee of the Rotary club under the direction of its officers.

I know of no city in the country that has accomplished a finer piece of work in sea scout in such a short time as has the City of Holland.

I am fully aware of the generous support that has been given by the Rotary club to the Sea Scout Movement, and I can assure you with all my heart that any time, or thought, or money, that the members of your club are giving to this work will be amply rewarded by the results in the improvement of the character and type of citizenship of the young men of your city.

Some day I hope it will be my pleasure to have an opportunity to tell the members of your club something of the psychological, social, commercial and historical reasons for the existence of the sea scout program, and I feel quite sure that when they know of these reasons they will feel that what they have done for this Movement has been very well worthwhile.

Very sincerely yours, BOY SCOUTS OF AMERICA, Thomas J. Keane, National Sea Scout Director

3 SUDDEN DEATHS ARE RECORDED IN OTTAWA COUNTY

There were three sudden deaths in Ottawa county Thursday and Friday, not as a result of accident but from natural causes. All three were women and all were within ten years of the same age.

HOPE GIRLS WIN HONORS IN CONTEST

Once more Hope college leads the state. This time it is the girls' glee club who made fame for their Alma Mater in their recent eastern trip, and who Friday night at Hillsdale College swept the stakes in a contest in which eight colleges participated. The following three institutions ranked in the afternoon contest: Hope, 1st, Detroit City College, 2nd, and Kalamazoo Normal, 3rd place. The single expert judge was a teacher in the Cincinnati conservatory of music.

In the evening men's contest with eight entrants, the following scored: Ypsilanti Normal, 1st, Albion College second, and Calvin College, 3rd place. Hope's men lost their nerve somewhat in their third number, the contest number sharpened slightly, and lost place having to content themselves with fourth.

Mrs. W. J. Penton, the coach of both teams, deserves great credit for her work, the clubs being in absolutely first class form, with quality of tone attack, diction and stance.

Dr. Nyherk, the manager of the school of music, was unable to be present at the contest, due to faculty and committee meetings.

THIS IS GIBSON WEEK

The federation of ladies' adult Bible classes met Friday evening in the Ninth St. Christian Reformed church. The president, Mrs. Slagbush, presided. Devotions were led by Rev. Mr. De Haan. Mrs. Japinga, president of the entertaining class, welcomed the federation. The Misses Ter Beek and Voss sang "Abide With Me." The reports of secretary and treasurer were read.

Dr. T. W. Davidson gave a very inspiring address on "The Value of Bible Reading and Its Application to Private Life." He said the essentials for the religion of the adult Bible class should be evangelical, which sprang from the word of God as Martin Luther transmitted it, showing God as a seeking God. It should be ethical and stress conduct in private life, not taking everything possible from life without putting in returns.

"To have our reward from the Master," he said, "we must travel the second mile. Our religion ought to be democratic. People are influenced by personality and words. The Bible makes wives better wives, husbands better husbands, daughters better daughters. Study the Bible to learn how to live and how to die, not as scientists or historians but to find Christ, that because of our life others may love our Master. Our religion should be charitable, that our belief may show in works as well as words, excluding bigotry and enlarging our vision. The Bible is a source of peace and strength and controls our thoughts. Therefore whatever things are lovely and of good report, think on these things."

The meeting closed with prayer by Dr. Davidson. Refreshments were served by the ladies of the entertaining church.

The board of directors of the St. Cecilia club of Grand Rapids gave a beautiful luncheon in honor of their capable and well beloved secretary, Mrs. Wendell R. Buss of Holland. The luncheon was held at the Woman's city club and the tables were charmingly decorated with great bunches of spring flowers.

There were twenty-two guests present—the board members and members of the social committee. After the luncheon there were several tables of bridge. Mrs. Buss was presented with a beautiful silver salad dish by her co-workers in the St. Cecilia club.

The Young Men's Bible class of the Maple Avenue Christian Reformed church was invited to a supper at the home of their leader, Mr. Alex. Hager, on Friday evening.

The purpose of this supper was to create a closer fellowship between the young men of the church. After the meal a few moments were given those present to match wits. Following that games were played and prizes won by Edward Zagers and Jerry Hofmeyer.

As a token of appreciation for the time spent with the class and all the things he has accomplished for them, the young men presented Mr. Van Zanten with a complete set of Matthew Henry's Commentaries.

Mr. Peter Otte, of Sheboygan, Wis., Moody Bible school evangelist, will hold another open air meeting at the tower corner at 7:30 this evening.

Mr. and Mrs. John S. Dykstra and Mr. and Mrs. Richard Vander Haar of Holland were in the city on Wednesday, visiting friends and on business.—Grand Haven Tribune.

HOLLAND'S SCHOOL PAPER SURRENDERS TROPHY TO HASTINGS

The trophy awarded Holland high school by the Central Interscholastic Press association for first place among the weekly publications of class B high schools in Michigan has been turned over to Hastings high school.

The fortnight, issued by Hastings, and the Maroon and Orange, published at Holland, were close rivals for the honor, but the award first went to Holland. An error was discovered in the final tabulation and it was found one item on the score had not been credited to the Fortnight. This gave Hastings the lead.

When the staff of the Maroon and Orange was apprised of the error, the trophy was promptly sent to Hastings, with congratulations on its victory.

SLIM GETS OFFER OF \$10,000.00 A DAY

Dr. C. J. Addison of Grand Haven, had his car stolen Saturday. When he returned the car was not to be found. The state police, who happened to be within easy call, came out but no traces of the thief could be found. The car is a Studebaker, light six with a weather top.

This is hard straits for a doctor and for a few days at least Dr. Addison is dependent on taxis and friends.

GIRLS INJURED IN AN ACCIDENT SATURDAY NIGHT

Reka Mass and Vera Risto were injured Saturday night on the Saugatuck road near the old interurban track when a car tried to pass the Cleveland sedan in which they and Jake and John Bontekoe were returning from Saugatuck and ran into them from the back. The Cleveland car almost immediately burst into flame and was completely destroyed.

What was left of it was hardly recognizable as an automobile.

Miss Risto suffered severe injury to her head. She is now confined to her home and her condition is still uncertain. Miss Mass was injured about the head, the side of her head and neck being bruised and her nose broken.

The injured were taken to a farm house for first aid and later were taken to Holland where they were given adequate medical treatment.

JOHN KONING DIES WHILE TALKING WITH BROTHERS

John Koning, born in Holland 69 years ago and a resident of Saugatuck for more than a half century, died suddenly Thursday evening at his home in that village.

His two brothers, Albert Koning of Lake Wood Farm, and James Koning, who conducts a restaurant at Saugatuck, had called on him and were sitting down quietly talking over some business matters when suddenly Mr. Koning was seen to sink in his chair. It was apparent that he had been taken with a heart attack to which he was subject, and a physician was hurried in but found that Mr. Koning had died almost immediately.

Mr. Koning was one of the most prominent men in Allegan county. When he was 17 years old he left his family home at Holland to try his fortunes in the fruit belt. He accepted a clerkship with the John Nies Hardware store at Saugatuck, and after two years, Mr. Nies gave the young man a chance and took him into the business.

Shortly afterwards Mr. Nies retired and Mr. Koning continued the hardware business at Saugatuck and did so for 31 years, making a great success of it. Today the largest hardware firm in Western Allegan county is conducted by two sons, James and Ira Koning.

Mr. Koning has held nearly every office of importance in Saugatuck. He has served as alderman, president of the school board, and has recently been elected as president of the village.

He did much in the way of church work and was a trustee in the Congregational church there and a teacher in the Sunday school. He has been a director of the Fruit Growers bank of Saugatuck for a number of years.

Those who survive are a widow and two sons, James and Ira, two daughters, Corneila and Celis, also one sister, Mrs. Nellie Dryden, West 13th street, Holland; two brothers, James of Saugatuck and Albert of Lakewood Farm. A brother, Gerrit Koning, of Grand Rapids, died three weeks ago.

The funeral of John Koning, of Saugatuck, whose death was reported Thursday was held Sunday at Saugatuck, at 1:40 at the home and at two o'clock at the Congregational church, standard time. Rev. Mr. Seidmore officiated. Interment was in the Pilgrim Home Cemetery.

MARRIED AT BRIDE'S HOME

The wedding of Miss Ida Mae Vanderwood and Irwin Charles Dulyea took place at the home of the bride's parents, Mr. and Mrs. Joe Vanderwood, 61 West 13th street, at 8:30 o'clock Saturday evening. Miss Frances Vanderwood, sister of the bride, was maid of honor, and the groom was attended by his brother, Edward Dulyea. Rev. W. J. Van Kersen performed the ceremony. Only immediate relatives were present. The couple left on a short wedding trip and will be at home at 200 West Ninth street after June 15th.

The big items of the business of synod will be:

1. Preparation for the tricentenary celebration of the founding of the denomination, which will take place next year.

2. Arranging for the completion of the million dollar pension fund.

3. Planning for a new drive for missionary extension.

4. Possibly the taking of steps towards a more intense evangelistic program.

The Holland Independents played a better brand of baseball Memorial Day afternoon and downed the Hayes-Ionia company, Western Michigan champions of last year, to the tune of 6 to 2.

In the first inning Corsiglia lifted the ball over the right field fence for the first run of the game. Then in the second frame Jappings cleaned the decks with a double sending in three more runners. In fact Jappings' bat was very active and much responsible for victory as he made four hits out of as many trips to the plate. Ganzel pitched a much better game than last week and had the champs eating out of his hand most of the way.

Holland's fielding was gilt edge. Several long flies were pulled down in the outfield and the infield worked nearly perfect. The visitors played good base ball but nothing like that which should become a championship team. Sequin settled down after the 4th frame and got better as the game progressed. His mates could not produce the necessary runs. The threatening weather held down the attendance and for a holiday crowd it was very poor. Thursday Holland plays Jesse Elskaters at Beverly at 6 o'clock and Saturday the Tegen-Stiles of G. R. appear on the local diamond. Temple who pitched against Hope college will twirl again Saturday.

The ball game played on the Hamilton diamond last night between the Tigers of Hamilton and the 67 team of Holland was close and full of spirit. The Hamilton team lost to Heinz boys by a score of 5 and 6, the first game the Tigers have lost this season after a series of victories. The return game to be played. Holland will be a real battle and will be announced in the near future.

The Wolverine Stars and the Graafschap Independents battled to a 2-2 tie last night at Graafschap when darkness halted the game. The game was scheduled to be a seven inning affair and Graafschap came out for their last chance to tie the 2-1 away, but with two out and no one on, the villagers managed to squeeze in a run on two clean bingles. Two more innings were played with both teams threatening but no scoring. The rainstorm on the local diamond the night before, had snuffed out the Wolverines 10-6, but two snappy double plays by the Stars cut off runs. In the sixth inning first baseman, Garvelink of Graafschap, fractured his nose when Norlin's fast hit took a bad bound.

The tie game will be played out at 19th street on June 8. Decoration day at 10 o'clock the Wolverine Stars will go up against Hamilton in a holiday tilt. Monday the Hamiltonians moved out the locals 5-4 so they are eager for revenge.

A real good game of baseball was staged Friday night at 6 o'clock when the Hope regulars crossed bats with the Holland Independents at Riverview Park. A fair sized crowd attended, the weather being not very favorable, because of the cold, for fans to sit down on the benches.

Hope had its regular crowd of rooters and Holland fans naturally lined up for the Independents. Nine innings were played, ending in a score of 3 to 1 in favor of the Independents.

Temple and Spriggs were the battery for the locals and Van Lente and Howard for Hope. There will be no game this afternoon, but there will be a game Decoration day afternoon at 3:15 at Riverview park when the strong Hayes-Ionia team will be here to play the Independents.

HOPE'S TRACK TEAM BEATS OLIVET, 60-40

Hope trackmen triumphed over Olivet at Olivet Saturday, 60 to 40. Hope men scored first place in every Grand Haven except the 440 event with the exception of the 440 yard dash and the broad jump. Hope entered 15 men in the meet.

The Holland Cardinals have won 5 games in a row. Friday they defeated the East End Giants 23-16. Jansen seems to have a lucky jinx in 13. He made that many strikeouts again Saturday. Giants-Kamphuis, Boss and Kamphuis; Cards-Jansen, Timmer and Beckman.

The Cardinals are an indoor baseball team.

The Allegan Cubs took the Tegen-Stiles of Grand Rapids into camp in its first game of the season at Allegan Sunday afternoon, 5 to 2. Lohrbach pitched an excellent game for Allegan boys.

Fourteen wins and three forfeits was the record hung up by Coach John Damoth's Allegan High school baseball team for the season of 1927. Field day, June 4, will see the last game this season. Consistent pitching of Gibson and the development of Pitchers Brewer and Dyer from junior ranks were the outstanding features of the spring season. The batting averages of five leading players follow: Gibson, .563; Maenz, .555; Sisson, .545; Boyer, .476; Tripp, .437.

The world's fastest woman sprinter, Miss Fumiko Terao, the Japanese girl athlete who has broken the 100 meters world record in competition in Tokyo.

In one of the queerest games ever played in Holland, the Wolverine Stars of Holland went down to defeat to the Sipe's Tigers of Hamilton. The final score was 9-2, all nine runs being scored in the first inning. Hamilton started the fireworks when, with one down, Ryan hit a triple and Ten Brink singled him in. Then a batting rampage started and Ed Wolters, the Wolverines' star slab artist, was called in and Sakers, a portlander, was sent in his place. Sakers soon got the third man out and then held Hamilton through the remaining eight frames to four scattered hits. Wolters held the Tigers down to a 5-4 count last week but it seemed that his slow curves were not working properly. However, great credit must be given to Wentzel, the Hamilton

SEWAGE PLANT TO TAKE CARE OF A CITY OF 22,500

This year's report of the board of public works, recently issued in pamphlet form, copies of which may be obtained now, is of special interest because in addition to the usual information about the water and light department it contains for the first time two good cuts of Holland's new sewage treatment works. One of the cuts is the sewage pumping station and Inhoff tanks, the other is a picture of the sludge beds.

A description of the Holland's sewage treatment plant is printed in the report. It was written by Kenneth V. Hill, resident engineer. It read as follows:

Beginning the year of 1927 with a newly completed sewage treatment plant, Holland joins the ranks of Michigan cities that have undertaken to clean the state's waterways of pollution in accordance with the state law passed in 1926. This law, one of the most comprehensive yet passed in the campaign to alleviate stream pollution, provides that all communities emptying sewage into the waterways shall, within six months from the date of hearing develop plans for treatment plant construction.

Construction on Holland's plant began in November, 1925, and work was carried through the winter season without difficulty. At no time during construction was any trouble experienced with freezing concrete, a construction accomplishment due principally to the precautions taken to insure successful winter handling of concrete. Aggregates and the mixing water were heated with steam and all concrete was housed as the work progressed. The interior of the temporary housings was heated with salamanders.

Holland's new plant is composed of a battery of four Inhoff tanks, each of which is a separate unit, eight sludge drying beds having a total area of 0.37 acres of 0.72 square feet per capita, and a pumping station which also houses the screen chamber, laboratory, office chlorinating equipment and contact tank. Each Inhoff tank is 56 feet long, 27 feet wide and 30 feet deep with a sludge storage capacity of 15,000 cubic feet. Reversal of the flow of sewage in the tanks is provided for by a conduit with inlet piping on three sides of the tanks.

The newly constructed intercepting sewer brings the sewage to the plant. The sewage flows by gravity through the screen chamber into the wet well of the pumping station. Automatic flow switches control the pumps that lift the sewage through a venturi tube to the tanks. By building the tanks at a higher elevation return of the settled sewage is taken care of by gravity.

The settled sewage in the contact tank is treated with liquid chlorine before it is allowed to flow by gravity through the submerged outfall to final disposal in Black Lake. The sludge is removed from the digestion chambers of the tanks by a difference in static head of 11.5 feet.

The location of the plant is such that the ground water level is 7 feet above the bottom concrete line. The ground water was lowered by means of well points and the water kept down until the concrete for the tank foundations which were in sand was placed. In the more difficult construction of the pumping house excavation steel sheeting had to be used in addition to the well points to keep the water level below working operations.

Many unusual construction problems were worked out in connection with this plant. One of the most interesting was the method used to construct the thin baffle walls in the sedimentation chambers of the tanks. These walls are sloping and are only four inches thick. In constructing the walls only one form, the outside one, was used. The customary inside form was omitted. The concrete was placed upon the outside wall and plastered into place. The surface was then floated, trowled and brushed when nearly dry with a fine hair brush. A mix of 1:2:4 was used with 3/4-inch gravel. Wooden trusses were used to support the deflector beams and baffle walls during construction and setting.

The Holland plant was designed to handle the sewage for a population of 22,500 and can be enlarged if demand warrants. Pearce, Greeley & Hansen of Chicago were the designers, and the Hay-Weaver Company of South Bend, Indiana, were the general contractors. The plant was completed in December, 1926, making the time required for construction just 13 months.

LOCAL GIRL MAKES COMPLAINT AT GRAND HAVEN

Grand Haven Tribune—Chester Kohloff of this city was arrested Monday at about 9:30 p. m. by Chief Anthony Pippel on a charge of assault and battery. The complaint was made by Miss Esther Ripley, who was visiting at the home of Mr. and Mrs. Edward Moberg and who is employed as a beauty parlor operator in Holland.

Miss Ripley said Mr. Kohloff made threats that greatly frightened her and she called the police. The affair started over a quarrel which took place in front of the Van Zantwick Funeral Home. Miss Ripley was so disturbed that she fainted when she re-entered the home of the Mobergs, calling for help.

Mr. Kohloff was picked up at a garage and offered no explanation of the affair. Rumors were afoot as to a more serious offense, but the arrest was made for assault and battery.

Arraignment was made this morning, before Justice D. F. Pagelson and Kohloff demanded an examination which was set for Thursday at 10:00 a. m. in the office of the justice.

Miss Ripley is said to have gone into hysterics later and a physician was called. The parties are both well known young people.

LOCAL ADVERTISING MAN TO GO WEST

F. A. Hemphill, advertising and sales promotion manager of the Vac-A-Tap company, has resigned his position there to make his home on the Pacific coast. Mr. Hemphill came with the old Holland Mail company about 4 1/2 years ago. He intends to make an extended vacation trip to his former home at Ballston, New York, before going west.

THEFT AND BURGLARY REPORTED ON HOLIDAY

Adolph Wegner, Route 2, Grand Haven reported the theft of \$35.00 some food and two caps from his home on Monday afternoon while the family were away from the house. This occurred about 3:00 p. m. No clues were found.

The cottage of John J. Remus on Spring Lake was also reported to have been broken into and a number of depredations committed.

MUSKEGON JUDGE COMES TO OTTAWA CO. TO PRESIDE

Three divorces were granted in circuit court at Muskegon Tuesday. Hildred Timmer won a decree from J. Timmer on a cruelty charge, and was given permission to resume her maiden name, Hildred Macintosh. Edgar R. Thorne was granted a decree from Iva M. Thorne, pleading cruelty, but the defendant was given custody of two children. A plea of cruelty and non-support won a decree for Gladys Stephenson from Earl Stephenson.

Circuit Judge John Vanderwerp Tuesday morning denied two defense motions in the case of Herman O'Connor against the Marsh Automatic Irrigator company. The defense asked for a directed verdict notwithstanding the jury verdict of \$1,987 for the plaintiff, or a new trial. The court did grant a 30-day stay to give the defendant time to prepare an appeal. Judge Vanderwerp went to Grand Haven Wednesday to hold court in Ottawa county for an indefinite period, during the absence of Judge Orlen S. Cross. The jury in the Muskegon court has been discharged, and after Judge Vanderwerp's return non-jury cases will be continued, lasting probably until July 15.

HOPE Y HOLD INTEREST MEET

The weekly meeting of the Hope College Y. M. C. A. was held Tuesday evening. The meeting this week was led by one of Holland's business men, Mr. Henry Geerlings. He spoke on the subject "Leadership."

Mr. Roy Natress, ex-president of the "Y," took charge of the preliminaries of the meeting. After a few hymns had been sung and three men had led in prayer, he introduced Mr. Geerlings. The leader's first statement was that God works through persons. God picks men to do great things. He gave many examples of these among which were the cases of Moses, Luther, Wesley and Lincoln. It is often thought, said Mr. Geerlings, that leaders are born not made. But he said "Leaders come not from the clouds but from the crowds."

There are several factors in the making of a good leader. The first of these is the home. This is a very important factor in the making of a leader for great good can be accomplished by the parents in training their children in the right way. The second factor in making leader in the teacher. Teachers, like parents, do much toward developing good leaders. Furthermore to become a great leader it is necessary to work and to have a good morale. Mr. Geerlings concluding idea was that to be a leader a man must be religious.

FORECAST ABOUT A COOL SUMMER STOPS RESORTERS

Whether Herbert Janvryn Browne, long distant weather forecaster, is right or he is wrong, his prediction that this is to be a year without a summer, is having its effect on the tourist and resort business in Michigan. As a result steps are being taken to convince people that the United States weather bureau, the greatest organization of its kind in the world, is right and that Mr. Browne is wrong, and that the sun will shine in 1927 as it has in previous years.

Much publicity has been given to his prediction that we would have the most severe winter in history. Mr. Browne was wrong about the summerless summer than he was about the winter. It is time to prepare for one of the hottest summers on record. Michigan, at least never encountered as favorable a winter as the one just past, despite the predictions of Mr. Browne based on the sun spots.

However, folks read and believe, just as in the olden days they used to look at the corn husk and declare that a hard winter was in store for us all. And it is because folks read and believe that Mr. Browne's prediction is hurting the tourist and resort business for 1927.

Recently, after publicity had been given to Mr. Browne's summerless summer prediction, a Grand Haven resort owner received cancellation of reservations for summer cottages.

"We do not desire to go to the lake if we are not going to have any summer, that is, according to Mr. Browne. We are going to have killing frosts, hail, winds and floods."

And if you want to see how near Mr. Browne is right without waiting too long here is one of his predictions. "A severe cold will start in the Northwest June 2, sweep across the Corn Belt as far as the Ohio and the Potomac and reach the Atlantic seaboard by June 6. It will be accompanied by freezing temperatures and over a considerable portion of this area it will be accompanied by snow."

If Mr. Browne is as near correct as he has been about the cold winter it is time to prepare for hot weather and put the ice card in the window. The United States weather bureau says Mr. Browne is wrong, and that he cannot tell about the weather of the future.

HOLLAND MAN WINS CONTEST AT HOPE COLLEGE

Jacob Pelon, of Holland, a member of the sophomore class, was the winner in the Raven oratorical contest held Tuesday evening in Winant's chapel. As a result of taking first place he will be Hope's representative at the Michigan state oratorical contest that will be held next March in one of the Michigan colleges.

The winner of second place was Oscar Holkeboer of Holland, a member of the junior class. Third honors went to Leonard Hogenboom, of Clymer, New York, a freshman. This is the first time in several years that a freshman has won a place among the three highest.

The other contestants were: Raymond Steketee, of Holland, Lester Bosard, of Livonia, N. J., Gerrit De Koning, of Holland, and Lawrence Vredevoogd, of Grandville.

The contest was one of the most interesting held at Hope college in recent years. The chapel was nearly full, the attendance at the local contest being larger than at the state contest at Olivet last March.

The closing luncheon of the year of the W. C. T. U. will be held on Friday afternoon. The meeting will begin at 5:30 in the W. L. C. tea room. It will be in the nature of a pot-luck luncheon. Each member is to bring sandwiches and one other article. Coffee and lemonade will be served by a committee in charge of Mrs. I. C. Cappon.

The general arrangements are in charge of Mrs. Frank Dyke and committee. All the juniors members will be guests. Part of the program will consist of musical numbers by the girls club of the high school and by the trumpeeters of Hope college.

"The Feast of the Red Corn," and Indian Opera written by Paul Bliss will be presented June 3rd by a large cast of junior high girls. The main roles will be taken by Helen Deagon, Martha Slowinski, Helene Steketee, Crystal Van Anrooy, Ruth Van Oss, Helen Jean Pelgrim and Lois Ketel. These have been coached by Miss Moore, while the choruses have been under the direction of Miss Sanford who also is the pianist for the production. Tim Selby will play the drums and all concerned are making a big effort to make this the best junior high entertainment ever offered to the Holland public.

The musical numbers are: ACT I Overture—Instrumental. Opening Chorus—Dead Leaves Amid the Corn Somebody's Been up to Something—Old Squaw and Chorus. She is a Regular Indian—Indian Maiden and Chorus. Burn Her at the Stake—Chorus. O Star of the Farthest North—Queen Weeda Wanda. What Did Impee Light Do—Fudge. I've Inherited a Most Peculiar Failing—Impee Light. HOLLAND MAN WAS RE-ELECTED SECRETARY OF POSTAL CLERKS

Higher pay or shorter hours for night work in postoffice and optional retirement after 30 years' service is demanded in resolutions adopted by the Michigan department of the National Association of Postal Clerks in session at Muskegon.

All officials of the Michigan department were re-elected. They are: President, E. A. Reed of Lansing; vice president, Floyd Curtis, Lansing; secretary, Owen Smith of Pontiac; treasurer, A. A. Nienhuis of Holland, and treasurer, A. E. Kruger of Muskegon. Hugh Gibbs of Grand Rapids was elected chairman of the finance committee. Alma was chosen for the next state convention.

LOCAL POST GETS CITATION FOR ITS COMMUNITY WORK

The Willard G. Leenhouts Post, American Legion, today received national recognition for its community service. Everybody in Holland knows that the Legion has done a lot of work for this community and is always ready to shoulder its share and more than its share of any public burden, but it was not known that the local post was attracting the attention of national headquarters.

Today Dan Sowers, national director of the community service division of the American Legion, sent a formal citation from headquarters at Indianapolis in which attention is called to the local post's activities. It is here that local post has in a few words:

"Willard G. Leenhouts Post No. 6, Holland, Michigan.—S. C. Knoll, commander—For planting 300 trees in its community; for co-operating with the Red Cross, and for assisting the chamber of commerce in securing a new factory, a citation of appreciation is hereby given by National Headquarters of the American Legion."

There are nine other similar citations but Holland is the only one from Michigan. The others are Hadjionfield, N. J., New Rochelle, N. Y., Watstown, Conn., Roselle, Kansas, Ft. Lauderdale, Fla., Sheldale, N. Dakota, Clarendon Pa., Quincy, Mass., and Mount Union, Pa.

The three items for which the Holland Legion post is cited are not the only things that the Legion has done for the community but evidently they are regarded as the principal ones by the national headquarters. The planting of trees has been a service of the Legion for several years. The work is done by the service men and the project is financed by holding entertainments. The coming 4th of July celebration is one of the means the Legion has of raising money for such things. The help to the Red Cross consists in each year canvassing the city for memberships. Bringing a new factory to Holland refers to the Lawrence Box factory. The Legion took an active hand in this.

1,500 VIGILANTES GUARD THE BANKS AGAINST ROBBERS

More vigilantes than would form a battalion and a half of infantry have been enlisted in 37 of the 83 counties of Michigan to protect banks from bandit robberies. Paul J. Ulrich, Pontiac, secretary, A. A. Nienhuis of Holland, and treasurer, A. E. Kruger of Muskegon. Hugh Gibbs of Grand Rapids was elected chairman of the finance committee. Alma was chosen for the next state convention.

More than 1,500 men, especially selected for their fitness, have been divided into units of three men each and distributed over the counties at strategic points. Mr. Ulrich's report sets forth although the standard equipment of the vigilantes consists of a rifle, a 45 calibre revolver and ammunition, many counties, he said, are supplementing their arms equipment with riot guns and shotguns.

"We are putting the vigilantes on war footing as rapidly as possible," said Mr. Ulrich. "Rifle and pistol practice will be the rule within a very short time. Former army officers are being selected to head the county committees and surveys of the country surrounding each banking community have been made."

"In Grand Rapids and Hastings, we have stationed two aeroplanes manned by experienced pilots who will be able to fly on short notice to any part of the state where a bank robbery is reported. These planes are equipped with machine guns and the pilots, flying low, will be able to halt sets forth as well as to survey obscure places where a hiding might be attempted."

More than \$40,000 in rewards has been posted over the state for information or apprehension of bandits connected with robberies, according to a report by Joseph Ryland, director of the bankers' organization. Organized counties are offering rewards for "tips" that a raid will be made, as well as for apprehension of the persons committing the robberies. Mr. Ryland's report stated.

Organization meetings for the remainder of May have been scheduled for Van Buren, Allegan, Ionia, Oceana, Mecosta, Newaygo, Lake, Manistee, Antrim and Kalkaska counties.

BRINK'S HOME IN NO. OTTAWA IS BURNED

An unfortunate fire occurred on Monday night, when the partially constructed home of Henry A. Brink of Grand Rapids, being built near the Hathaway home on Spring Lake, was destroyed by fire at 9:30 p. m.

The cause of the fire is unknown. The walls and the roof were completed but no wiring had been done. People are said to have been in and out of the property all day and it is thought a stray match or ignited cigarette thrown in some rubbish might have caused the fire.

This home was to have been a permanent one costing about \$20,000. The fire consumed all building materials, but due to the rains did not spread to the surrounding trees and shrubs. The blaze lit up the sky and for a time it was feared one of the large homes on the east side of the lake was the scene of the fire.

Mr. and Mrs. Brink came to Grand Haven Tuesday morning and with Sheriff Kammeraad went over the evidence that the fire was set. Mr. Brink is offering a reward of \$500 to the person furnishing information leading to the arrest and conviction of any individual or individuals responsible.

The loss is a great disappointment to Mr. and Mrs. Brink as they had expected to occupy the home shortly.

"SHOOTING" OF OIL WELL A DISAPPOINTMENT TO MUSKEGON CROWD

Muskegon's first oil well was "shot" at 3 Tuesday afternoon by the Independent Torpedo company crew of Saginaw but will be less than three days before indication as to the volume of oil in the well can be determined.

Approximately 120 quarts of nitroglycerine were exploded in the well 1,933 feet below ground level. The "shooting" was a disappointment to hundreds of spectators who had gathered, expecting a great explosion followed by a column of water, oil and mud rising from the test hole. A slight tremor of the earth lasting for only a fraction of a second, followed by a low "boom," scarcely audible, was the only indication of the explosion.

Well workers in the afternoon began an exacting task of sinking 1930 feet of 6-inch pipe before the water can be pumped out to the well's bottom. Sinking the pipe will take at least two days, and pumping or bailing the water another day.

EIGHT HURT IN MOB ATTACK FLORIDA JAIL

State militia were ordered to patrol the jail district by Gov. John W. Martin at Tallahassee.

Vander Beek gave the baccalaureate sermon Sunday evening.

SERIOUS ACCIDENT AT GRAND HAVEN DECORATION DAY

An accident was reported at the corner of Washington and Third streets, Grand Haven, when two cars collided about 8:30 a. m. Memorial Day and the occupants of both were bruised and shaken up.

A Chevrolet driven by Stanley K. Frisbit, owned by Carl Diephouse of Tulpport and occupied by two children and a lady, was coming north on Third. The driver attempted to make a left hand turn, when he was struck on the rear wheel by a Paige owned by Fred Tinius of Illinois who was driving south on Third. The force of the blow bowled the Chevrolet over and considerable damage was done to it.

Harold Diephouse, 12 years old, had a tooth knocked out and his sister sprained an arm. The others were not hurt. The Paige was slightly damaged and the occupants, Fred Tinius and a lady, were jarred.

The little boy was taken to the hospital where he was cleaned up and discharged in time to see the parade, the object of the trip. Mr. Frisbit borrowed the Diephouse car to take the family to see the parade and exercises in the city.

A LESSON IN THRIFT

The cartoon below was published in this paper during thrift week in 1922, by consent of the Chicago Tribune.

This offering from the pen of cartoonist McCutcheon is so convincing that the union in the thrifty dollar family is republished.

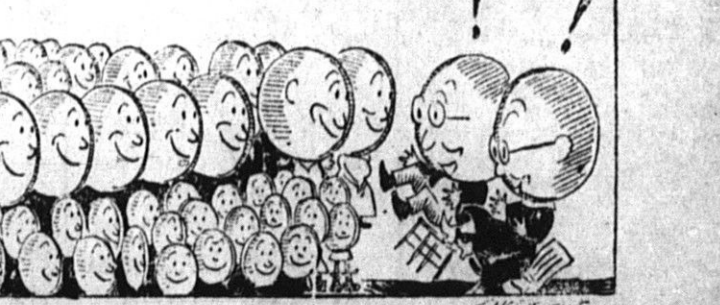

"Mr. and Mrs. Dollar were united yesterday by Minister Thrift."

(One year later) "Mr. and Mrs. Dollar announce the addition of six interesting little ones to their family."

(Still later) "Grandpa and Grandma Dollar entertained their six children and thirty-six grandchildren yesterday."

(And still later) "Great-grandpa and Great-grandma Dollar entertained their six children, thirty-six grandchildren, and two hundred and sixteen great-grandchildren yesterday."

This picture conveys a convincing example of what a thrifty person depositing two thrifty dollars in a well regulated bank can expect.

FAMILY ROW BRINGS POLICE INTERFERENCE

William Vanden Berg, local painter who resides with two sons and a daughter on East 8th street over the Holland Shoe hospital, was thrown in jail with his son Harry, better known as "Hap," because they were the cause of a great disturbance in the neighborhood that ended in a free-for-all fight.

The screaming of Clara Vanden Berg, the daughter, brought a large crowd to the scene and it was with difficulty that the police restrained the crowd from man-handling "Happy" Vanden Berg who had given his sister a terrible beating.

Father and son had been drinking heavily and officer Peter Bontekoe hustled them to the city jail Sunday evening when the affair happened.

Dr. Thomas, whose offices are located nearby, attended to the daughter who was seriously injured when struck by her brother.

Tuesday morning both father and son appeared before Justice Charles E. Van Duren, pleaded guilty and Harry Vanden Berg was fined \$25.00 and \$4.70 costs.

The judge intended sending the young man to jail for 30 days but on the plea of the sister, who had been beaten up, this part of the sentence was not imposed.

Wm. Vanden Berg, the father, was fined \$10.00 and \$4.70 costs and was also given a sentence of 30 days in the county jail, but this sentence was suspended, with the provision that he sign a pledge not to drink for one year. Any violation of that pledge means that the sentence can be imposed.

The police have been having considerable trouble with this family. They were constantly on the move from one part of the city to the other. Wherever they were located, whole neighborhoods, otherwise peaceful, were disturbed by their carryings on. Beating one another up was a common occurrence and drunkenness was still more common.

"SERVICE IS THE WATCH WORD OF MODERN BUSINESS"

(Continued from First Page)

ished a thing happened that has happened many a time in history—namely they laughed him to scorn. Sir Walter Scott wrote at that time in terms of greatest ridicule. "There's a man in London who proposes to light our city by means of smoke." But that was the beginning of what we know today as the gas industry.

"We no longer think of it as a lighting medium but as the greatest heating medium the world has known with some 5000 distinct separate uses in our industrial life and with an investment of about 4 billion dollars in this country alone. Truly this man rendered a great service.

"It was the same kind of a desire to render service to mankind, with all of its imagination and daring that led Dr. Alexander Graham Bell to invent the telephone, resulting in the greatest communication system in the world with 18 million telephones connected together by 46 million miles of wire over which was carried 22 billion conversations last year and representing an investment of three billions of dollars.

"And again, it was the same spirit of service that caused Thomas A. Edison to invent the incandescent lamp and develop the fine electric light plant in New York in 1879 and 1882 respectively. A service, which, perhaps more than any other is responsible for the marvelous industrial development of this country. The uses of electrical energy are legion. It is used in the home, office, professions, in the air, through the air, on the land and under the sea, and has an investment at this time of 8½ billions of dollars.

"The electrical industry today has 29 million horsepower installed and at work. This is equal to 290 million man power.

"The public utilities exclusive of the steam railroad have about 20 billion dollars invested which are devoted to public service. When it is realized that only slightly more than one billion minutes have passed since the dawn of the Christian era we get a fair understanding of what 20 billion dollars amounts to. This capital came from the people. Every man in this room is individually or financially interested in our business.

"In this country there are about six million individual security holders. There are 29,000 banks representing 27 million depositors who have invested billions of dollars in our business and the life insurance companies have invested hundreds of millions of dollars in our business. So each man here is entrusted either through direct ownership of securities through a bank or through their interest in a life insurance policy on themselves or some member or members of their family. In the final analysis the public utility business is your business. Its success is your success and your success is the success of the country.

"Back of it all and through it all is the spirit of service. 'Service is the delivery of the commodity plus the sum total of every individual in the organization.' This is a trade definition which is applicable to every man in the exchange club. The words 'plus the sum total' simply means that each one of us are obligated to bring to bear on our tasks all of our mental abilities—all of our physical energies and all of our spiritual qualities, so that by studying, thinking, planning and striving, we will take the powers we individually possess and draw them out and use them and develop them to the end that we may do a bigger and a better job tomorrow than today. Therefore service becomes a life of growth, of development, of progress, of helpfulness to those around and about us.

"The best definition of service I have ever heard was given by a young woman in one of our offices down in an Indiana town, when she said, 'Service consists largely in doing the things you don't have to do, the things you are not paid to do.'

"It is through the delivery of service that success comes and the greater thing life has to offer is realized—happiness. Is it any wonder that service has become the watchword of modern business?"

NEW HOLLAND HOSPITAL WILL OPEN BY NEW YEARS

Grand Rapids Press—Work on Holland's new municipal hospital is progressing and it is planned to have the new structure in readiness for use before the close of the year.

The hospital is ideally located on a hill overlooking the city in every direction. The street leading to the grounds has been paved, making the building easily accessible from all parts of the city. The hospital is built of brick and presents a most imposing structure.

The building is being financed by the board of public works and will represent an investment of approximately \$150,000. It is so arranged that units can be added when increased accommodations are needed.

The present hospital, formerly the home of Dr. Henry Kremers, has rendered excellent service, although the building has repeatedly been far too small to meet demands.

MUSKEGON COUNTY JAIL HARBORED 77 PRISONERS AT ONE TIME

Crowded conditions at the county jail were somewhat relieved Monday after officers had arraigned prisoners taken over the week-end holiday period.

Before arraignments began at 9 o'clock 77 prisoners, one less than the all-time record, were housed in the jail.

Three drunk drivers entered guilty pleas, Fred Ellis and John David drawing 10-day jail terms and \$70 fines when arraigned before Justice Gale in Muskegon. Amos Wabindate drew a 30-day straight sentence from Justice Ogleby at North Muskegon.

ERECT A MONUMENT TO A LIVING HERO

While the world paid tribute to the memory of war heroes Memorial day, Allendale, Ottawa Co., paid tribute to their living hero, Hiram P. Knowlton, 83, Civil war veteran, in whose honor a memorial plaque bearing a bronze plate commemorating his public spirit, was unveiled. The entire community turned out to attend the ceremony. Mr. Knowlton is the only living ex-soldier in Allendale.

After his three years in the war, Mr. Knowlton was glad to return to his friends and his old home in Michigan. He lived in Ottawa county the greater part of his life and has devoted his entire life to farming. Mr. and Mrs. Knowlton have made their home in Allendale during the last 16 years, and this fall they will celebrate their sixty-first wedding anniversary.

Memorial day brought back memories of weeks in Libby prison, Richmond, Va., when small portions of stale johnnycake and pea soup made up the two daily rations and many of the boys were sick with hunger, while others of his regiment already had died in action.

HAMILTON

The high school pupils are busy preparing for semester examinations. Memorial Day was observed in this village last Monday and in spite of the threatening weather a good crowd was in attendance. A short program was rendered at the school after which the crowd motored to the cemetery where also a short service was held and flags and flowers were placed on the soldiers graves. Mr. Brower, chairman, read the names of the dead which proved to be a long one. Mr. Le Barge, the only surviving member of the Civil War veterans, led the procession. A ball game was played at 10 o'clock, in which Sipe's Tigers swamped the Wolverine Stars of Holland by the score of 10 to 2.

The Tigers started to play the game on ice in the first inning driving Wolters from the box and bringing in the 10 scores. However, it was not the fault of the pitcher alone, for the team gave him ragged support. After the first inning the battle was more even. The Tigers proceeded to take things easy but the Stars showed their stuff and the locals were not only held scoreless for the rest of the game but were also compelled to be on their toes to hold the opponents. R. Wentzel pitched a fine game and team work was better than preceding games.

last week Wednesday evening. The young couple will locate on a farm about 2 miles north of Overisel. Congratulations.

Hamilton seems to be a favorite place for holiday visitors. The village was a busy place Memorial day and it seemed as if we were pulling on an all day celebration. Not a few came with fish poles and lunch baskets. However, fishing was a failure as a result of the heavy shower early Sunday morning. We have some excellent picnic grounds in and around the village.

Mr. John Ver Hage, one of our oldest pioneer settlers, quietly celebrated her 85th birthday anniversary at her home on South Maple street last Sunday, in remarkable good health. During the day her children, nearly all of whom live in that city, called on her to wish her health and happiness and many more returns of the day. Mrs. Ver Hage came to Michigan when all was yet a wilderness and located on a farm two miles east of Zeeland known as Meengs crossing. Here, together with her husband, she raised a large family as well as turning a wilderness into a prosperous homestead and laying out a competence for her old age, which she now enjoys. Mrs. Ver Hage is one of Zeeland's respected citizens and we extend the hope of Zeeland people that she may live to see the return of this happy occasion many more times.—Zeeland Record.
