## Council Grants 90-Day Option for US-31 Relocation

### Highway Department Meets City's Price Of \$325 Per Acre

Common Council Wednesday night authorized Mayor Harry Harrington and City Manager H. C. McClintock to proceed with plans granting a 90-day option to the Michigan State Highway department for 12½ acres of city owned land at 16th St. and Waverly road at a price of \$325 per acre, to allow relocation for the new highway which will be-pass Holland.

The state department previously had offered Holland city \$200 an acre, but in an adjourned meeting April 9 Council concluded it should ask \$325 an acre, the price paid for that particular plot in 1928. The entire 80 acres there had cost the city \$25,000.

Council approved many applications to local places selling soft drinks, also to local places applying for restaurant licenses, four hotels and two junk places. The latter are Becker Iron and Metal Co., 181 Columbia Ave., and Padnos Iron and Metal Co., 190 East Eighth St. and at Fifth and Central Aves.

Sidewalk licenses were okayed for Albert De Weerd and sons, M. P. Witteveen, Ben Lubbers, Witteveen Brothers, Five Star Lumber Co., Peter Dryer, John Israels, Elzinga and Volkers, Cornie Koetsier and L. J. Mannes.

An application from John Vander Kolk, doing business at Holland City Bus Lines, for a license to operate motor buses, was referred to the city manager and city attorney for report. The clerk also presented a copy of a notice from Vander Kolk to John Brinkman who operates Lakeshore Bus Lines discontinuing an agreement which has been in effect since Aug. 18, 1948.

Council granted permission to the Navy Club of the U. S. A., to show a mobile exhibit in Holland for a short period within the next 60 days.

City Manager McClintock reviewed provisions of an agreement with Gerrit Vander Hooning pertaining to re-zoning. He said Vander Hooning had promised to contact contractors about getting his parking lot resurfaced. He also reported investigating parking in front of Maple Grove dairy and had found pedestrian traffic very light, but arranged for the police department to paint yellow lines to designate the sidewalk area.

Announcement was made that the Minnie Jones property just west of the City Hall now belonged to the city and it was recommended that the building be torn down. With a May 31 deadline on gas furnace installations coming up, the city had obtained several bids for a gas conversion burner for the boiler at the Netherlands Museum and clinic building, but could arrive at no decision on the four bids. Mayor Harrington did not break the 44 tie, suggesting that specifications be advertised again and revised bids sought.

## Gasoline Dealers Join Association

The meeting adjourned after the group agreed to meet soon to complete formation of the chapter, elect permanent officers and set up plans for betterment of the local market and service to the public.

Tom Spouse of Beulah, association field representative for Western Michigan, will be in Holland for several days to call on dealers and explain aims and purposes of the organization. Any dealer wishing more information is asked to contact Spouse through Abe Sybesma or Gary Stam.

The next meeting of the local group is planned for Monday, June 23.

## Holland Christian Trustees Hire Two New Teachers

Two new teachers were appointed to the Holland Christian school system at a meeting of the board of trustees held this week. The appointments cut to six, the number of new teachers still required by the schools.

Named to teach in the junior high school is Gerard Akkerhuis, who will be graduated from Calvin college this June. Miss Coble Bos was also appointed to teach in grade five. She formerly taught in Holland and more recently in Ripon, Calif.

In his report, Supt. Bert P. Bos announced receipt of a letter explaining a memorial fund which was to be established in the school. The fund, called the Sieds J. Vander Ploeg Memorial fund, is to be used for purchasing books for the high school library. The letter stipulated that the books are to be in the field of religion or philosophy, those dealing with Dutch emigration, particularly since 1800 and for religious freedom. The fund would consist of an initial deposit of \$150 and subsequent annual deposits of \$50 for 10 years for a total of \$650.

Bos also reported that 103 freshmen and 42 sophomores were registered at the high school pre-enrollment conference held recently. It was also announced that the pre school clinic for kindergarten pupils will be held May 23 in all schools. Bos reported that a child shall be allowed to enter the kindergarten if he is five years of age or before Nov. 15 of the school year during which he enrolled, and that to enter the first grade a child must be six years of age or before Nov. 15.

Commencement exercises will be held June 10 in the First Christian Reformed church of Zeeland, due to the razing of the local Central Ave. church, Bos said.

## Hopkins School On Approved List

Hopkins (Special)—School Superintendent Gaylord Caszatt said today that Hopkins high school made another gain in its bid for recognition when it was placed on the two-year approval list by the University of Michigan.

School officials feel this, in addition to a recent favorable letter of approval from the state department of public instruction, is evidence that the school is making satisfactory progress in its effort to improve the educational program.

Favorable reports are the result of new and improved plant facilities and a greatly enlarged curriculum.

The adoption of a tests and measurement program for the entire school together with improved and reorganized library facilities were enthusiastically received by University officials.

## Cancer Society Exceeds Its Goal In Ottawa County

The Ottawa county unit of the American Cancer society has exceeded its 1952 fund raising campaign by \$61, according to a report submitted today by John H. Van Dyke, Holland, drive chairman.

A total of \$7,211 has been collected against a goal of \$7,150. Returns from Coopersville and Hudsonville were instrumental in putting the campaign over the top. Mrs. Hy Laug, Coopersville, reported collections of \$452 against a quota of \$242, and Mrs. Jake DeWeerd of Hudsonville reported receipts of \$197.50 with a quota of \$137.

It is expected that total collections will be boosted higher when a few scattered returns are made. Mrs. J. D. Jencks, county commander, was well pleased with results and expressed her thanks to all those who participated in the campaign.

"The workers in areas not served by the local Community Chest deserve an extra vote of thanks, because their part in the campaign requires a great deal more work than is necessary in communities where the Cancer society is an agency of the Chest," Mrs. Jencks said.

Mrs. Jencks pointed out that 50 per cent of funds collected remain in the county for service and education programs. Forty per cent go to the national organization, the greater part of which is used to carry on its tremendous research program to find the cause and cure for cancer. The remaining 10 per cent goes to the administration and education program of the Michigan division, which co-ordinates activities of the local county units.

A report from the Michigan division headquarters in Grand Rapids, dated May 21, indicates that 80 per cent of the \$320,000 campaign goal has been raised.

The Cancer society received \$3,120 from the Holland Community Chest, \$650 from Zeeland Community Chest and \$2,275 from Grand Haven Community Chest. The Cancer society is an agency of the Community Chest. Workers in many industries contribute to the Community Chest through payroll deductions under the Single Solicitation Plan.

## Zeeland—A three-day dedication program is in full swing at the new Second Reformed church in Zeeland. The new building was formally dedicated at ceremonies Wednesday night. Tonight's program will be a "Service of Music" presented by the pastor, the Rev. Harold N. Englund, and the church choir, and Friday night's meeting is listed as a "Service of Fellowship."

The new church is of colonial design constructed of red brick with white columns and trim and a 110-foot spire. In appearance, it is somewhat similar to Beechwood Reformed church built a few years ago north of Holland. The Zeeland church is larger, seating between 500 and 550 persons. It was built at a cost of \$165,000 which included a rebuilt organ.

The old church, built around 1911, is scheduled to have the auditorium torn down this summer. The rear part will be retained and will be connected to the new church in an L-formation. The new church is in a park-like setting adjoining the small city park where a memorial fountain with colored lights was put up a year ago. The church facade and spire are flood lighted at night.

The church has new white pulpit furniture, built in keeping with colonial architecture. There are new pews in white and mahogany. The organ has been enlarged and now has a set of chimes which can be heard with the organ all over the city through four large speakers mounted inside the steeple. Hours are tolled, along with quarter hours during the traditional Westminster melody.

Wednesday's dedication was conducted by Rev. Englund. Greetings were given by former pastors, the Rev. Benjamin Hoffman, now retired and living in Overisel; Dr. R. J. Vanderberg of New York City, secretary of the Board of Domestic Missions; and the Rev. William J. Hilmer, at present studying in Chicago before assuming new duties next fall as professor at Hope college. The sermon was given by the Rev. John den Ouden of First church.

Tonight's program on "The Story of Our Music" will be presented by the pastor and senior and junior choirs. Greetings will be given by former missionaries, Mrs. Henry P. De Free of China and Dr. William Moerdijk of Arabia. Howard Miller will give the story of the building.

Friday's fellowship program will feature greetings from William Van Eenam of First Reformed church, the Rev. John Guichelaar of North Street Christian Reformed church, the Rev. Herbert Vander Lugt of First Baptist church, the Rev. Peter Muyskens of Hamilton and Dr. J. R. Mulder of Western seminary.

Tours of the new building follow the program each night.

The church raised about \$135,000 in cash and pledges for the new building and organ, leaving about \$30,000 in indebtedness.

## Turkeys Destroyed By Fire in Barn

Twelve hundred six-week-old turkeys were destroyed by a fire that swept the turkey barn at the Alvin Laarman farm, route 2, at 10:10 a.m. today. The Laarman farm is located on the Bee Line Rd., a half-mile north of the North Holland cemetery.

The 1,200 young turkeys were on the second floor of the barn where the fire started, apparently from a short-circuited wire leading to a heating bulb, according to Holland township Fire Chief John Van Den Burg of station No. 1.

However, 500 more young turkeys on the first floor were saved. Although damage to the building was considerable, firemen saved the structure. Most of the fire was confined to the east end of the second story. The building is about 40 feet by 60 feet in size. Chief Van Den Burg estimated damage at between \$3,500 and \$4,000.

Three weeks ago, the same Laarman barn was the scene of another but less disastrous fire. Two years ago, the Laarman house was the scene of a fire.

## Visser of Hope Hits Hole-in-One

Muskegon (Special)—A hole-in-one by Hope college's No. 4 golfer Bob Visser wasn't enough to prevent defeat at the hands of Muskegon Junior college Monday afternoon as the Dutchmen bowed in a dual golf match 9-6.

Visser, who also carded medalist honors for Hope with an 85, aed the No. 12 hole at Muskegon Country club. He used a nine iron to drive the 100-yard up-the-hill hole, and the ball went in on the fly. It was the third hole-in-one by members of this year's Hope squad. Dick Huff aed the No. 8 hole at Saugatuck two years ago, and Dick Kruizenga did the same on a 222-yard hole at Spring Lake last year.

Dick Valuck of Muskegon took three points from Kruisenga with a 79, also good for the day's medalist honors. Kruisenga shot 81 for three points from Bill Kloote of Hope who hit 97. ## Senate Group Approves Watered-Down Controls

Washington (Special)—Senate Democratic leader Ernest W. McFarland promised today to press for quick passage of a watered-down controls bill despite the threat of another labor walkout from the stabilization program.

The wage-price-rent control extension bill was approved yesterday by the Senate Banking committee. It would extend wage and price controls until March 1, and rent controls until June 30, 1953. President Truman wanted a two-year extension.

Stirring labor's anger was a provision which would overhaul the Wage Stabilization Board and set up a new board composed of just six public members without power to recommend settlements of wage disputes.

## Collision Injures Muskegon Couple

Both vehicles were demolished and two persons hospitalized as result of an intersection crash between a car and a coal truck at the corner of 120th Ave. and Gordon St. at 10:05 a.m. today.

Injured were Mr. and Mrs. W. Calvin Seaver, age unknown, of 1820 Merriam St., Muskegon Heights, who were riding in the car. After examination at Holland hospital, the couple was taken to Mercy hospital in Muskegon by Dykstra ambulance.

Seaver received a broken knee cap and other possible leg injuries. Mrs. Seaver is being treated for a head wound. Their son, Larry, 4, also was an occupant of the car but was not injured.

Driver of the truck was Lloyd Kraak, about 22, of 145 Clover St. He was to undergo a physician's examination to determine possible injuries. The truck was owned by the Kraak Coal and Trucking Co. of Zeeland.

Seaver was driving a 1951 model car south on 120th Ave. at the time of the crash, and Kraak was driving east on Gordon St. Point of impact was on the left side of the truck. The two vehicles were turned around by the impact of the collision, and the truck crashed sideways into a tree with the car coming to rest against the truck. ## Hearing Held on New US-31 Right-of-Way

Grand Haven (Special)—A necessity hearing was held in the court house today on property to be acquired by the state for relocating US-31 from West Olive to Grand Haven city.

Today's hearing had no bearing on damages and was only to determine the necessity of obtaining the property for highway purposes. Property holders involved were August H. Hoerich, route 1, West Olive; Doris G. Olson of West Olive; Ottawa Savings and Loan Co. of Holland, and John Duncan McDonald, who holds two mortgages on the Olson property.

The hearing was called after the state and parties involved were unable to agree on price. Assistant Attorney General Victor Meier conducted the proceedings and Edward J. Kremer, legal aide of the Michigan highway department, was deputized to hear the proceedings. Today's action does not foreclose or shut out property owners from negotiating or settling, and the amount of the offer has no bearing on testimony of the value of the property.

## Street Vacated For Development Of New School

### Only Part of Building To Be Erected at First For Van Raalte School

Common Council voted unanimously Wednesday night to vacate 25th St. between Van Raalte and Harrison Aves. to allow development of a new Van Raalte elementary school. The street, in the midst of undeveloped property, had never been opened.

The vote followed a public hearing in which no objections were filed. Atty. Peter S. Boter, counsel for the Board of Education, explained that the board plans to build only a kindergarten and first grade room together with a boiler room at first on the new site, and the rest of the school will be developed later when funds are available.

Alderman John Beltman asked if the board expects to abandon the present Van Raalte school on 20th St. and Boter replied that it will be a long time before the board would have no use for those facilities and has made no plans for disposing of it. Beltman said the 20th St. site should be retained for a playground.

W. A. Butler, president of Holland Tulip Time Festival, Inc., thanked the council and all others for their fine co-operation during the 1952 Tulip time festival. "The only way we can keep these things running is to have everybody work," he said.

Mayor Harry Harrington informed Council of the Canadian flag presented to the city by the Wallaceburg, Ontario, Klitie band which played two concerts at the Tulip time festival last week, and turned the flag over to City Clerk Clarence Greengood for safekeeping.

The first reading of a new ordinance to make Pine Ave. a through street from 23rd St. to Madison place except at intersections with 17th and Eighth Sts. was read. If passed, the ordinance will take effect 21 days after passage.

Council approved Mayor Harrington's appointment of Adrian Klaassen as a member of the Board of Public Works. Klaassen has served as a member of the board several years.

City Engineer Jacob Zuidema also was reappointed administrative official to the planning commission.

John Gallen, one of Holland's five members on the county Board of Supervisors, was reappointed a member of the Board of Review for a term ending Jan. 1, 1955. Under the new charter it is not mandatory that a supervisor serve on the Board of Review.

Oaths of office were filed for Laverne Rudolph, mayor pro tem; Clarence Greengood, city clerk; William Koop, city assessor; Alden J. Stoner, city treasurer; John W. Fonger, city auditor; Jacob Zuidema, city engineer; Greengood, acting city manager; Jacob Van Hoff, police chief; Andrew Klomparsen, fire chief; Robert Vlascher, planning commission; Adrian Westenbroek and Robert Wilson, hearing ordinance board; Anthony Mienhuis, Dutch Bulb Growers association.

Aldermen discussed the legality of the operations of the appeal board since it is not provided for in the new charter which allows only for the Hospital board, Library board and Board of Public Works.

The meeting lasted one hour and 25 minutes. Mayor Harrington presided and Alderman Rudolph gave the invocation.

Wooden shoes can also be used for something besides walking. Steven Jacobusse, 3, of 852 Columbia Ave. finds this to be true by floating his shoe in a bucket of water as he contentedly pulls on his pipe. Watching Steven is his six-year-old sister, Carol. (Sentinel photo)

## Large Festival Audience Attends Concert at Hope

A large Tulip Time audience nearly filled Hope Memorial chapel Friday night to hear a concert arranged by Hope college and featuring two of the popular college music organizations. Prof. Robert W. Cavanaugh directed his 70-voice chapel choir in several groups and the college orchestra assisted under the direction of Prof. Morrette Rider.

Highlight of the program was easily the Beethoven Piano Concerto No. 3 in C minor by Prof. Anthony Kooker, head of the college piano department, and the orchestra, Mr. Rider directing.

The concerto proved to be a good vehicle for display of Mr. Kooker's many talents as a concert pianist. His brilliant tone and technique were clearly evident in this very lovely work of the great master. Mr. Kooker was using his new studio Mason and Hamlin grand piano and his legato in the second movement was especially pleasing. It was a professional performance throughout.

The orchestra, though a student organization, gave good support to the soloist. In addition to the piano concerto, the orchestra appeared with the choir in the closing numbers of the program.

The concert opened with three chorale selections, "Built on a Rock," by F. Melius Christiansen; "Hear My Prayer," and "Almighty God of Our Fathers," both by Will James. A second group included "Hail, Gladdening Light," Wood; "Brother James' Air," Jacob; and "A Whilowky arrangement of 'Battle Hymn of the Republic.'"

Closing numbers were the familiar "Prayer of Thanksgiving," arranged by Kremsler, and "America, My Wondrous Land," Peery. These were directed by Mr. Cavanaugh with orchestra accompaniment. Mrs. W. Curtis Snow of the college faculty was at the organ. Choir accompanists were Jane Vander Velde and Betty Schepers.

Discharged Tuesday were Mrs. Kenneth Douma and baby, 607 Washington Ave.; Mrs. Duane Emmons and baby, 595 Howard Ave.; Erwin Essenburg, 430 Maple Ave.; William Rauch, 656 Butternut drive; Zenas Gras, 105 West 10th St.; Mr. Arnold Lemhart and baby, route 1, Dorr.

Admitted Wednesday were Betty Lou Stille, 135 Spruce Ave.; Thomas Aye, 355 West 32nd St.; Kryn Dees, Washington Blvd.; Jerri Palmer, route 4; Mrs. John Brinkman, 711 Central Ave.; Mrs. Roger Meurer, 569 West 21st St.; Robert Cole, 1688 South Shore drive; Viola Kline, route 1, West Olive.

Discharged Wednesday were Mrs. Homer Bolka, route 2, Hamilton; Mrs. Jack Van Ommen and baby, 1064 East Seventh St.; Mrs. Minnie Lokers, 200 North Elm St.; Zealand; Mrs. William H. Boer, 575 Lawndale St.; Lee Solomon, 147 Scotts drive; Mrs. Roger Van Huis, 468 West 32nd St.; Patrick and Angela Donnelly, 80 West 24th St.; Beverly Wolters, 456 West 22nd St.; Mrs. Floyd Todd and baby, 119 Cambridge; Mrs. Gerrit Overway and baby, Wilson St., Zealand.

## Tulip Time Highlights

Pea shooters and water pistols in the hands of small and not so small boys are something of a hazzard at parades this year. One policeman was seen talking to a group of boys at a certain vantage point and departed with a handful of pea shooters. A couple of merchants offered to pay the police extra to patrol the roofs to keep naughty boys away.

One visiting lady wanted something to stand on so that she could see the parade better and she made a pilgrimage into one of the alleys for a box—or something—that would help. On her return she said, "The alleys are as clean as the streets. This is all I could find." And she displayed a single little brick.

For the children's parade Thursday, members of the Board of Education were given seats on the reviewing stand at the Warm Friend Tavern. Among them was Russell Welch, principal of Lincoln school and parade chairman. "This is the first parade I've been able to enjoy," he said.

Chairman Welch said the children's parades are practically a year-round project. About a week from now the committee will meet to discuss faults and shortcomings of Thursday's parade. A record will be made, and then the teachers will relax on that subject until after Christmas. First meetings will be held soon after Christmas. The bulk of the work will be done during the six-week period before Tulip Time with concentrated work the last two weeks. All subjects are somewhat correlated with Tulip Time. Art classes make such objects as big tulips, province shields, colored fish for fishing unit, and cheese for the cheese carriers. Bicycles are decorated the last two days. "Maybe we suffer a bit academically the last few days, but it's a great thing for the youngsters," Welch said.

Welch's committee this year consisted of Elinore Ryan, Wilhelm Haberland and Helen Kuite of the public schools, Corine Kass of the Christian schools, Mrs. Marguerite De Haan of Junior high and Albert Luurtman of the suburban schools.

A scramble for pennies for youngsters waiting for the parade both Wednesday and Thursday provided a pre-parade diversion. A few fingers were stepped on but nobody really got hurt.

The Holland high band looked right snappy with snazzy yellow spats to match the gold of the blue and gold uniforms.

A Holland student at Michigan State college, Verne C. Hohl, Jr., who is employed at Kellogg Center, East Lansing, was General MacArthur's personal bellhop, and elevator operator during the general's stay there.

There were only a few casualties among klompen dancers Thursday night. About three girls broke a shoe—a common casualty for klompen dancers—but they nonchalantly finished the dance in stockinged feet. One dancer almost lost a petticoat, but that's okay. It only adds to the fun.

Many people have remarked at the excellent traffic system and the ease with which they are able to avoid tie-ups in trying to get around the Tulip Time crowds. Just thank Sgt. Ernie Bear of the police department. He's the man in charge, assisted by state police and sheriff's officers.

Chicagoans Take Trees  
Grand Haven (Special)—It cost two Chicago couples \$24 for eight small pine trees which they took from the property of Harold West at Sunset beach on the Lake Shore Rd. Sunday afternoon. Rather than make an arrest officers effected a settlement with the parties involved.

## Hope Racket Men Add Two Victories To MIAA Record

The Hope college tennis squad settled down to work again today in preparation for MIAA field day events later this week after capturing victories over Hillsdale and Adrian on a two-day trip Friday and Saturday.

The Dutchmen shut out their opponents in each match, topping the Dales 6-0 and the Bulldogs 5-0. Both matches were shortened because of rain, but Hope had enough victories for each decision when the rains came. It was the third time this season that Hope won interrupted matches; the story was the same in Hope's victory over Lawrence Tech on May 9.

The pair of wins brought Hope's overall season mark to eight wins and three losses and MIAA record of four wins and one loss. The Dutchmen met Hillsdale Friday, stayed overnight in Hillsdale, played at Adrian Saturday and returned to Holland Saturday night.

Summary of the meets:  
Hillsdale: Singles—Warren Exo defeated Lloyd Murray 6-1, 6-1; Ron Bos defeated Jim Buck 6-3, 6-0; Dick Nieuwma defeated Bob Money 6-3, 6-0; Jack van der Velde defeated Bill McKonkey 6-0, 6-0; Bill Coventry defeated Fred Rigen 5-7, 6-4, 6-2. Doubles—Exo and Ron Schipper defeated Murray and Rigen 6-2, 6-2; Nieuwma and van der Velde were leading McKonkey and Buck when rain started.

Adrian: Singles—Bos defeated Bill Bateman 6-0, 6-0; Nieuwma defeated Jerry Bender 6-2, 6-3; van der Velde defeated Jim Bowden 8-6, 6-2; Coventry defeated Dick Lackie 6-3, 6-0; Schipper defeated Ron Willnow 6-0, 6-1. Doubles—Bos and Nieuwma were leading Bateman and Bender, and van der Velde and Coventry were leading Bowden and Lackie when rain began.

## Collegians Defeat Olivet for Second Time This Season

Olivet (Special)—It took Hope college's baseball team five innings to rack up a hit, but the Dutchmen came through in the late stages of the game to out-point Olivet college 5-2 here Friday afternoon.

Willie Rink of Hope and Reynolds of Olivet traded good mound performances, but Hope was the beneficiary of some mound wildness that overcame Reynolds in the latter part of the game. Although not at his best, Rink was not especially wild, and Olivet failed to capitalize on five Hope errors. Olivet played errorless ball.

Hope overcame an early Olivet lead with two runs in the fifth on an infield single by Ken Bauman, two walks and some wild pitching by Reynolds. Two more runs crossed in the seventh on successive singles by Morris Witteveen, Rink and Jim Van Hoeven. The final tally scored in the eighth on a single by Jerry Jacobson and some more Reynolds wildness.

Reynolds was the most effective Bulldog hitter with two of his teams four hits driving in two Olivet runs.

The victory was the second of the season for Hope over the Olivet crew.

## Fords, Skippers Score Decisions Over Hulst, Moose

Pitching took the limelight in the first night's activity in the Holland City Softball league which opened its summer-long schedule with a doubleheader under the lights at Van Tongeren field Monday night.

Barber Fords put together some hefty hitting with a one-hit pitching job by Norm Boeve to blank Hulst Brothers 5-0 in the opener, while Skippers made its debut in the city league with an 8-1 victory over Moose, behind Ike Cole's five-hit twirling.

A clean single by Van Die in the fifth inning was the only safe blow Hulst registered off Boeve, who fanned eight batters and walked only three. In only the sixth inning did Hulst have more than one man on base at the same time.

Ford teed off on Hulst hurler Bud Hulst for four runs in the first frame, but after that Hulst turned in a creditable mound performance. Al Piersma started the hitting spree with a long triple and scored on a passed ball. Bill Nison walked and came home as Chet Piersma drove out a home run. Al Doezman clouted a circuit blow a moment later for Ford's fourth run.

The other tally for the winners came in the third on a double by Chet Piersma and single by pitcher Boeve. Chet Piersma had three of Ford's eight safeties, and Don Sundin connected for two singles.

Skippers built up its winning margin in the first frame, hopping on Moose hurler Bob Stille for four counters in the opening stanza. A hit batsman, safe bunt by Lou Borgman, fielders choice and double by Lou Vande Bunte scored the first two runs. Then Bob Borgman, George Botis and Al Souder singled in succession for the other two Skipper runs.

Skippers came right back in the second with three more runs on two errors, a walk and double by Botis. A walk and double by Lou Borgman formed the winners' final tally in the third.

Only Moose score came in the seventh on a double by relief pitcher Bob Fortney and a single by Gil Vanden Berg, who had two of the five Moose hits.

Cole for Skippers struck out five batters while walking three. Moose left nine men on base as Cole lightened down in the pinches. Stille was the losing pitcher, giving way to Fortney in the fifth.

A fair-sized crowd turned out for the opening night's program, despite chilly weather and no bleachers. Not even players' benches were on hand because of their use during last week's tulip festival.

GETTING STATESMEN'S  
ATTENTION

The letters from congressmen  
and senators that you have been  
reading in the "Public Opinion"  
column on this page the past week  
or two show that the right techni-  
que will usually get results. They  
were in reply to a letter written  
by A. W. Hertel to Senator Blair  
Moody, protesting against further  
wage and price controls and fed-  
eral spending. By shrewdly appeal-  
ing to the self-interest of the state-  
men at Washington Mr. Hertel suc-  
ceeded in getting attention for his  
idea that was extremely satisfying  
to say the least.

Had he written a letter to Sen-  
ator Moody and let it go at that,  
the chances are that a secretary  
would have sent him a non-com-  
mittal reply. Public men do not  
like to stick their necks out, espe-  
cially when an election is in the off-  
ing. By publishing his letter to  
Moody in a newspaper and then  
sending clippings to the men in  
Washington the writer of the let-  
ter greatly increased its attention-  
creation qualities.

True, many of the answers were  
non-committal, but that is the na-  
ture of "statesmen." A fairly satis-  
fying number of replies were forth-  
right, and the replies as a group  
give some indication of Washing-  
ton congressional sentiment on the  
question at issue.

Whatever your point of view on  
this particular question, you may  
very well profit by considering the  
technique employed. A single let-  
ter from a single citizen to a single  
congressman is perfectly good  
practice. In the long run congress-  
men and senators and even presi-  
dents are bound to pay some at-  
tention to such communication. At  
least in the mass they have their  
effect. But when a single letter by  
a single citizen to a public man can  
be duplicated several thousands of  
times by publication in a news-  
paper it still retains its personal  
flavor its effect is greatly increas-  
ed.

For congressmen and senators  
are thinking of votes. And when a  
letter has been brought to the at-  
tention of some thousands of vot-  
ers the public man is going to look  
at it more carefully to see what ef-  
fect it will have on his own fort-  
unes. Use of the "Public Opinion"  
column as a means of getting at-  
tention from Washington or from  
Lansing is both legitimate and ef-  
fective.

God's Estimate of Human Life  
Exodus 20:13; Matthew 5:21-26  
Matthew 18:5, 6; Luke 9:51-56

By Henry Geerlings

Our duties to man are many.  
They are stated under seven com-  
mandments, and it may be doubt-  
ed if there is any obligation we  
owe to others which is not found  
in one of these seven. These du-  
ties begin in the home and then  
reach out to include our relations  
to all others. These command-  
ments condemn what we call the  
larger and lesser sins. We are not  
to do violence to any man's per-  
son, his name or his property. To  
do him harm is to sin against God  
and to injure the most sacred  
thing in the world.

A lofty view of the sacredness  
of life is enjoined upon us in four  
words—Thou shalt not kill. The  
seeming disregard for human life  
at the present time, evidenced in  
the shockingly long list of suicides  
and murders, give this command-  
ment a modernness that startles  
us. We are made in the image  
and likeness of God, and that es-  
sential image remains our dearest  
possession, despite the fact of sin,  
and to destroy life strikes at God  
and blots out His noblest handi-  
work. The Hebrew word means  
treacherous or violent taking of  
life, without the sanction of law  
or established order.

It is no violation of the rules  
of interpretation to say that the  
commandment forbids the need-  
less jeopardizing of life, the culti-  
vating of habits that undermine  
health and shorten one's days, and  
the giving of encouragement to  
those who wilfully bring bodily  
injury upon another. Jesus ex-  
pands the commandment to in-  
clude illwill and hatred in the  
heart from which murder springs.

War has frequently degenerated  
into wholesale murder. The prop-  
aganda that stirs up hatred of  
one nation by another, that cir-  
culates improbable stories of  
cruelty for no other purpose than  
to inflame hearts with a passion  
to kill, tramples this command-  
ment under its feet. The more we  
come to respect the words "thou  
shalt not kill," the less likelihood  
there will be of nations resorting  
to arms to settle disputes.

Anger is murder. The first and  
most apparent meaning of this  
commandment is that we should  
commit no murder. Murder is us-  
ually interpreted in the mere  
sense of killing the body. But the  
body is not all there is to human  
life, for this embraces the life of  
the mind, high moral and spiritual  
aspirations, many ties of affection  
and love, and hundreds of joys  
and sorrows that have been wov-  
en into personality. To commit  
murder means to destroy a life  
with all that it contains and with  
all that it hopes for. But murder  
in its source comes from the  
heart before the hand acts. It is  
this that Jesus means when He  
says, "That whosoever is angry  
with his brother without a cause  
shall be in danger of the judge-  
ment." The purpose of this word  
of Jesus is to show us whence  
murder comes.

There can be no deed if there is  
no intention. The anger of which  
Christ speaks is not righteous in-  
dignation, but a deeply harbored  
feeling which has no just cause.  
As forgiveness should be our at-  
titude toward our brother, and as  
the sun should not go down upon  
our anger, it is always wrong to  
nurture anger which may break out  
into evil deed.

Life is a sacred thing. Whatever  
its mysteries as found in human  
beings it is still a sacred thing. It  
is a holy trust, a vital and grow-  
ing something, a sublime mystery  
killed with unmeasurable poten-  
tialities. Your life is sacred. The  
other person's life is sacred. You  
have no right to take his life.  
Murder is sin against God and  
man. When you kill a man you  
assault the precious property of  
God and you can cut short mer-  
cilessly and impiously a human pro-  
gram with which you have no  
right to interfere. When you  
murder you do to the human pic-  
ture what a vandal does to an art  
gallery when he slashes precious  
paintings with his unholy knife.

Society is complex. We can  
scarcely turn around without  
finding that we touch some one.  
Toward each we have obligations.  
We cannot stop with a few.  
Morning, noon and night we are  
taking an attitude toward some-  
body. If words do not pass be-  
tween us thoughts do, and they  
must be as correct as speech and  
actions. If we can keep ourselves  
from thinking wrong about a per-  
son we will never do him any  
harm.

The giver of this commandment  
is God Himself. He has the right  
to make known His commands.  
He is the creator of the universe.  
He is the source of life and He  
has the power of life and death  
in His hands. Every human being  
is subject to His power. No one  
can question His right to end a  
human life. It is an altogether  
different matter when one human  
being takes the life of another  
with evil intent. That is the sin  
of murder. It was first committed by  
Cain. It was a deliberate act and  
was committed with evil intent in  
spite of definite divine warning.  
Yet God was merciful and spared  
his life for the time being but the  
judgment hung over him the rest  
of his life.

In the centuries that followed  
the whole human race became so  
wicked that God sent the judge-  
ment of the flood. After the flood  
had passed and Noah and his fam-  
ily were once more ready to take  
their place upon the earth God  
gave a definite commandment to  
him concerning the crime of mur-  
der. He commanded that whoso  
sheddest man's blood by man  
shall his blood be shed. Thus he  
instituted capital punishment, and

the taking of life in judgement by  
due process of law for the crime  
of murder is altogether different.  
The same was true when God sent  
the Israelites to drive the Canaan-  
ites out of the land. But to take  
a human life at will and for per-  
sonal reasons is an altogether  
different matter.

## Total Employment In Holland Area Is Up Slightly

Non-farm employment in the Holland area continued to edge upward through April 15, according to a report submitted by the Holland branch office of the Michigan Employment Security commission.

On April 15, total employment reached 13,600 compared with 13,550 in March and 13,400 in February.

Although a few plants in the area showed changes, manufacturing employment for the most part remained firm. Seasonal expansion in the construction industry accounted for most of the increase.

Claims for unemployment insurance benefits also showed a decline during the month ending April 17. A total of 363 claims were filed compared with 417 for the month ending March 13. Payments to unemployed workers dropped from \$42,990 in March to \$35,158 during April.

The overall demand for workers during the next 30 days probably will remain light, according to J. Barendse, branch manager. Some manufacturing firms may hire additional workers while others will cut their work force. The service industries and construction may expand staffs slightly, but most hiring will be for replacement of turnover.

The number of worker who voluntarily left their jobs in the area's major plants increased from 26 per thousand employed workers in February to 30 per thousand during March, Barendse said.

The volume of job applicants has declined since the close of March at the local office. On April 25, about 365 persons, including 182 women, were actively seeking jobs through the branch office.

### Tulip Time Highlights

While all the male aldermen of the city of Holland were attired in formal cutaways for the parade Wednesday, Holland's only woman alderman—Miss Bernice Bishop—once more appeared "out of uniform." But Miss Bishop was attired in a flowing lavender dress adding further color to the festive occasion.

During the entire Wednesday parade, traffic lights on Eighth St. were blinking right on schedule, although those on River Ave. were turned off during the parade.

Policemen and others charged with keeping the crowd under control were most co-operative in allowing camera enthusiasts all the leeway possible in photographing the various elements of the parade. Even one state police officer was seen with his camera getting into the act.

Some of those who are used to the shrill whistle used to punctuate orders for the usual marching band were taken aback somewhat by the silence with which the Kiltie band executed maneuvers Wednesday. Nary a whistle could be heard as the kilted bandmen and girls slowed down, speeded up, stopped and changed steps.

Gov. Williams, always the co-operating visitor, let himself in for something toward the end of the parade Wednesday. While watching the Klompen dance near the reviewing stand, three matronly visitors attacked the chief executive with a request. While one operated the camera, the other two flanked the governor while a never-to-be-forgotten

WED in North Blendon Church

Miss Janet Thelma Huttinga, daughter of Mr. and Mrs. Samuel Huttinga of route 3, Hudsonville, and Julius Banger, son of Mr. and Mrs. John Banger of route 2, Holland, were married Friday evening, May 16, in North Blendon Christian Reformed church. The Rev. C. William Flietstra of Rusk read the double ring rites at 8 p.m.

Palms, apple blossoms and candelabra formed a setting for the candlelight ceremony. Miss Dorothy Westvelt, organist, played the prelude and wedding marches. Alvin Schutter was soloist.

Mrs. William Gruppen attended the bride as matron of honor and Reynold Banger was best man. Gerald Ortmann and Elmer Huttinga were ushers. Flower girls were Sharon Lynn Gruppen and Bonnie Lynn Bosma.

The bride wore a gown of lace over taffeta and a veil of illusion held in place by a lace Dutch cap.

## Wed in North Blendon Church

Mr. and Mrs. Julius Banger

She carried a bouquet of gardenias, roses and lilies of the valley.

Mrs. Gruppen wore an orchid gown of flocked organza and carried a bouquet of red roses and white carnations. The flower girls were dressed in yellow dotted swiss over organza. They carried baskets of rose petals and apple blossoms.

A reception for 35 guests followed. Mr. and Mrs. William J. Bosma were master and mistress of ceremonies. Misses Donna Jeltema and Claire Van Der Werf served punch and also arranged the gifts.

After the reception, the newlyweds left on an eastern wedding trip. For traveling, the bride wore an orchid bolero suit, lime green topper and navy accessories. They will be at home after May 24 at route 2, Holland.

Mrs. Banger has been employed at Keeler Brass Corp. and Mr. Banger is employed by Arie De Visser and Sons.

snapshot was taken with Williams and the two women arm-in-arm. The women went away obviously pleased with their accomplishment. But before long, Williams was besieged with similar requests for personalized photos. As far as is known, the chief executive complied with all the requests.

When rain interfered with Wednesday night's Tulip Time program, Hope college stepped into the breach by offering Hope Memorial chapel as the site for the Kiltie band concert, replacing Riverview park.

"We're really thankful to Hope college for this service," Tulip Time Manager Larry Wade commented. "It's organizations such as the college and the local schools that keep Tulip Time going."

Estimating crowds at the festival always is a tough job. This year's opening day crowd estimate of 35,000 was arrived at like this:

Distance of the parade route is 3,558 feet, making about 7,100 on both sides of the street; figure some blocks of the parade route as six-deep in viewers, and other blocks not so populated; allow 18 inches per person along the crowded sections; then throw in a few hundred more that were someplace other than the parade; result—35,000 persons.

The estimate, of course, is flavored with comments on how this year's crowd compares with last year's from cab drivers, bus drivers, festival officials, merchants, police officers and others.

Whenever bad weather interferes with scheduled Tulip Time attractions, schools and colleges always come to the fore by offering their buildings. When the outdoor concert of the famed Kiltie band of Wallaceburg, Ont., was rained out Wednesday night, the band and ticket holders went to beautiful Hope Memorial chapel for the concert and everybody was happy. The band was able to give its second performance at Riverview park Thursday night, but those who gathered in Memorial chapel didn't miss a thing. This picture was taken from the balcony.

## Grand Haven Gets Winning Run Home After Two Outs

Grand Haven (Special) — After two were out in the last of the 13th inning, Grand Haven loaded the bases and then pushed one run home to score a 4-3 victory over Holland high in a non-counting conference baseball game here Tuesday afternoon.

The Dutchmen dispatched a two-run lead when the Bucs tied the count in the last of the seventh, the tying tally crossing on an outfield error. From then until the last of the 13th, Dick Berg for Grand Haven and Jerry Victor for Holland kept the batters pretty well handcuffed.

Holland took a two-run lead in the top of the second on singles by Bob Van Dyke and Ron Boeve and a double by Gordon Hulst. Grand Haven narrowed the gap with a single tally in the third on a single by Susterich and double by Rich Bethke. The next Dutch score came in the fourth without a hit when Ed Bredeweg walked, kicked himself around the bases and scored on a passed ball.

The tying runs crossed for Grand Haven in the seventh on an error, single by Braak and the outfield error.

The two teams battled on even terms until the 13th, with Buc hurler Berg appearing stronger all the while. In the last of the 13th, Victor got the first two men on fly balls. Then an error, walk and hit batsman loaded the sacks and Bethke drilled out his second of the day to chase home the victory.

Dean Vander Wal was the starting Holland hurler, and went six innings when Victor took over. Berg went the distance for the winners.

Jack Kemper with three hits and Ron Boeve with two set the hitting pace for Holland, while every man in the Buc lineup got at least one safety.

## Three Arraigned In Assault Case Involving Deputy

Grand Haven (Special) — Three persons were arraigned before Justice Howard W. Erwin of Coopersville Tuesday as the result of a fracas Sunday afternoon in front of the Catholic church in Wright township in which Deputy Dor Garter received a broken nose and facial injuries.

The deputy, still a patient in St. Mary's hospital, Grand Rapids, underwent surgery Monday morning. He was injured when hit in the face by a tire pump, allegedly wielded by Warren McQueen, 21, of DeWitt near Flint.

McQueen, who was paroled from Southern Michigan prison at Jackson last December, demanded examination when arraigned on a charge of felonious assault, and is being held in the county jail without bond awaiting examination May 29. He had been serving the prison term on a non-support charge. His parole was to have expired next November.

McQueen's sister, Monna Koepke, 28, route 1, Marne, waived examination on a charge of resisting and obstructing an officer in the discharge of duty. She was attempting to furnish \$300 bond for her appearance in Circuit Court June 9.

Her husband, George Koepke, 48, charged with driving with a revoked license was sentenced to pay \$10 fine, \$6.25 costs and serve two days in the county jail. His operator's license was revoked March 22, 1952, following a drunk driving conviction.

Statements which Prosecutor Wendell A. Miles took from the Koepkes Monday revealed that the three persons together with Mrs. Koepke's father, Gilford McQueen, and Mary Simpkins, had been drinking at a Grand Rapids tavern during the day. While the five were driving in the car, a quarrel developed among Gilford McQueen, Mrs. Simpkins and Mrs. Koepke, and the first two were let out of the car before the attempted arrest by Garter, who was accompanied by Robert Walcott and Ernest Sutton, both of Marne. The latter two men were not injured.

Grand Haven (Special) — Dor Garter, deputy sheriff from Marne, spent the night in St. Mary's hospital, Grand Rapids, where he was taken following an assault by a party he was trying to subdue during a fight on a side road near Marne about 5 p.m. Sunday.

Warren McQueen, 29, route 2, DeWitt, is being held in the county jail on a warrant charging him with felonious assault.

Garter received a complaint from a priest saying a fight was going on in front of the Catholic church near Marne. When the officer arrived with two young boys, and attempted to quiet the fracas, McQueen struck Garter in the face with a tire pump, breaking his nose and causing other injuries on the face. Before being taken to the hospital, Garter was treated by a physician at Marne. Garter was taken to the hospital officer's of the sheriff's department who went to his assistance. Garter also lost his upper dentures, which have not been found.

McQueen was later picked up at the trailer of his sister and her husband who were allegedly with him at the time of the fight. It is believed another woman was beaten, but officers haven't identified her. It is reported McQueen is a parolee from Genesee county.

All are members of the Junior Chamber of Commerce and its auxiliary. The Jaycees act as the governing body for the Youth Center, under sponsorship of the Community Chest.

# Parades, Dutch Costumes Highlight Tulip Time Festival

Dutch flags add a note of color to the children's parade in which all children march together in their own age groups. The tiny kindergarten folk from the city's elementary schools are the first in the parade right after the elementary band. The children's parade is

the biggest thing of the year for the youngsters and considerable time is devoted to preparation for the parade. Youngsters do not wear wooden shoes for this parade. Long distances are too rough on tiny feet.

Automobile dealers of Holland united this year to enter a large beautiful float in Tulip Time parades. Under the theme, "Horsepower Keeps the Wheels Turning," the float has a large revolving wheel as central attraction. Putting pretty girls in Dutch costume aboard was a good idea too.

Playing Dutch games in Kollen park is fun for children although the children's festival is not scheduled this year. In former years, they tripped merrily along in rhythm while going through their

paces on the green. Donning Dutch costumes and wooden shoes is the most exciting thing for youngsters every spring. In many ways, it's just as exciting as Christmas, and it lasts longer.
