**AUTO FIRM LOOTED** — Shirley Shappee, secretary at Vandenberg Buick-Rambler Inc., shows the hole burned into the firm's safe early today by thieves who stole \$380.93 from two cash boxes in the safe. The burglars entered a store room adjacent to the main

office and cut through the back of the safe which is built into the wall between the store room and the office. The thieves, using a cutting torch from the firm's service department, cut into the safe at the exact spot where the two cash boxes were kept. (Sentinel photo)

## Drug Store Going Out Of Business

Doesburg Drug store, in operation in Holland for nearly a century, is going out of business.

Fred Meppelink, owner and operator of the store since the death of Harry Doesburg in 1937, has disposed of his stock to Bunte's Pharmacy and has sold the building at 32 East Eighth St. to A. Patsy Fabiano. Fabiano plans to move the Peanut store at 208 River Ave. to the Doesburg location. The River Ave. store is owned by Mary Peiper and leased to Fabiano.

Doesburg Drug Co. was started shortly after the Civil War in the 1860's. The building, at that time a little west of the present site, was destroyed in the big Holland fire of 1871 (same time as the Chicago fire) and later was rebuilt.

The original store was founded by the J. O. Doesburg who was later joined by his son, Harry, who took over the business when his father died. Meppelink went to work at the Doesburg Drug store in 1935 and he took over the business when Harry died in 1937. The building was modernized about five years ago.

For 10 years, Meppelink's son, Fred, Jr., was associated with the business but he is now teaching science at West Ottawa High School. Both Meppelinks are registered pharmacists.

The elder Meppelink, who is retiring, has worked in the present block of Eighth St. between College and Central Aves. ever since 1908 with the exception of one year spent with the armed forces during World War II. He worked in two other stores nearby starting work at the drug store in 1915.

A hole about six inches in diameter was cut through the safe's two layers of metal and fire resistant packing at the exact spot where the two cash boxes were kept.

With the only door to the store room closed, the burglars could have worked for several hours without being detected, police said.

A second safe in the office was not touched. Officials of the auto firm said that the contents of the burglarized safe were not insured, but that the second safe, often used to store large sums of money for brief periods, was covered by insurance.

Some records and valuable papers in the safe were slightly damaged by heat from the cutting torch, but none apparently were destroyed, officials said.

The Western Michigan Branch, Michigan Chapter, National Multiple Sclerosis Society, will hold its annual meeting and public meeting tonight at 7:30 at the Grand Rapids Rehabilitation League, 941 Wealthy, S.E., Grand Rapids.

The decision to accredit Holland Christian for a two-year period follows a visit by two members of the bureau of school services on May 3.

## Auto Firm's Safe Hit by Burglars

A breakin early today netted thieves \$380.93 from a safe in the office of Vandenberg Buick-Rambler Inc. at 1191 South Washington Ave.

The burglars used an acetylene cutting torch from the auto firm's service department to cut a hole through the back of the safe to get at two cash boxes containing the money.

The breakin was discovered at 5:15 a.m. by patrolman Keith Houting while making a check of doors and windows in the area. Houting said he noticed a window on the east side of the building had been broken out. A check of the building revealed the burglary.

Holland detectives placed the time of the breakin between 12:30 a.m. and 5 a.m. They said an employee in the firm's service department had been working until after midnight.

The burglars apparently were well acquainted with the office setup. After entering the building through the east-side window, the thieves took the cutting torch into a store room adjacent to the main office where they had access to the back of the safe. The safe is built into the wall separating the office and store room.

A hole about six inches in diameter was cut through the safe's two layers of metal and fire resistant packing at the exact spot where the two cash boxes were kept.

With the only door to the store room closed, the burglars could have worked for several hours without being detected, police said.

## New Election Probable for Harrington

Harrington school district was well represented at a public meeting in the school gymnasium Wednesday afternoon called by Mrs. Claire Allen, board president, to "clear the air" on school reorganization status.

Both Saugatuck and Hamilton districts were represented as well as Ottawa and Allegan counties. No representative was present from West Ottawa.

Hamilton district said it might take ninth graders on tuition next year but could not commit itself further. Saugatuck district was agreeable to taking some students in the fall and would make room for more students in years to come.

Next year's seniors from Harrington district will continue at Holland High School, the last year the public school system is accepting students from outside the city.

Mrs. Allen said today she was calling a special board meeting Friday night at which time it is expected another date for an annexation vote to Saugatuck district will be set, presumably within 10 or 15 days. Should annexation become effective in the new vote, Harrington residents then would be able to vote in the June 13 Saugatuck school election. There is a possibility a Harrington resident could be elected on write-in votes.

Miss Jennie Kaufman, Ottawa school superintendent, made the opening presentation and William Sexton, Allegan County superintendent, summarized important points at the close. Saugatuck school district was represented by Carl Walters, Henry Hopper, and Supt. Bert Aldrich. Hamilton board had four representatives.

## Mrs. John Alofs Dies At Home of Her Sister

Mrs. John Alofs, 78, of 300 West 16th St., died unexpectedly this morning at the home of her sister, Mrs. John Schaap of East 24th St.

Surviving are one daughter, Mrs. Henry Zyman; one son, Warner; one son-in-law, John Jacobs, all of Holland; 11 grandchildren; 19 great grandchildren; one sister, Mrs. Schaap; two brothers, Martin and Gratus Den Bleyker; one sister-in-law, Mrs. John Den Bleyker; one brother-in-law, Gerrit Schreienboer, all of Holland.

## City Council, Board Air Detachment

City Council and the Board of Education met jointly Monday night to discuss various aspects of the detachment election June 13 which affects a good share of the Maplewood area.

No definite action was taken but resolutions are being drafted for consideration later by both bodies.

The detachment (often called disannexation) affects all area in Maplewood lying south of 40th St. and a small area in the northwestern part which lies north of 40th St. The 40th St. boundary lies midway between 32nd St. and the Howard Johnson restaurant.

It was explained that detachments proceedings are annexation in reverse. The area in question (comprising over three square miles) must vote affirmatively. Then votes cast in Fillmore Township and in the remainder of Holland city (16 precincts) must be counted together, and also have an affirmative vote to carry. City Attorney James E. Townsend pointed out, however, that from that point on there is no clear-cut procedure on settling up processes, whereas in annexation votes this section is carefully spelled out.

In general, both Council and school board were concerned with orderly development and in providing the best education possible for the boys and girls in the area, as well as providing needed municipal services in an expanding area.

It was pointed out that the proponents of detachment have not as yet offered any solution to a knotty school reorganization problem which has been up several times at both county and state levels. Attempts to have city and school boundaries co-terminus by assigning tag ends to the Hamilton district have been thwarted repeatedly by persons who have stated they want to send their children to Holland High School.

Less than 10 per cent of the assessed valuation lies outside the city boundaries and less than 10 per cent of the children attend Maplewood school.

Since Maplewood area annexed to Holland city in 1958, the city has provided a number of services including professional appraisals, engineering studies on water and sanitary and storm sewers, and street department services.

It also was pointed out that the area slated for detachment is not all farm land as is popularly believed but also has commercial and industrial areas as well as some residential areas. Several of these owners have requested city water service. Under city zoning, those living in agriculturally zoned areas have all the rights of farming. It was reported that several farmers were pleased with adjustments under professional appraisers since values were equalized more equitably. An illustration was cited that in some cases, a farm with a market value of \$10,000 was assessed at \$8,000 whereas a \$40,000 house sometimes was assessed a low as \$2,000.

The Maplewood detachment proceeding is one of three issues on the June 13 ballot. There will be an election of one board member to the Holland Board of Education. Incumbent Bernard Arentshorst is unopposed. This election is for the Holland school district which comprises the original city plus Apple Ave. and Montello Park school districts. The other issue is for property owners in Holland city to decide on bonding the city for \$1,600,000 for sewage treatment improvements.

Mothers of World War II are asked to meet at Third Reformed Church Sunday at 6:45 p.m. to attend the Memorial Day service.

## Holland Nine Takes 8-5, 2-0 Wins Over Muskegon Heights

Ron Ten Brink pitched 12 scoreless innings to give Holland High's baseball team 8-5 and 2-0 victories over Muskegon Heights in a doubleheader Tuesday afternoon at Riverview Park.

The senior righthander relieved first-game starter Steve Groeters in the third inning and pitched all the way in the nightcap to boost his mark to five wins against three defeats. Holland now has an 8-5 record this season.

Muskegon Heights jumped off to an early 4-0 lead in the first inning of the first game on doubles by Ron Veihl and Doug Murray, singles by Gord McIntyre and Harrington and an error.

### Holland to Play Friday in LMAC Baseball Meet

Holland High's baseball team will play in the southern division of the Lake Michigan Athletic Conference tournament at Grand Haven Friday afternoon.

At 4 p.m. the Dutch will play the winner of the Grand Haven-Benton Harbor contest scheduled at 2 p.m. The tourney was originally scheduled at Benton Harbor but was changed to Grand Haven.

Klaver and Ron Maat were safe on errors, leading the bases, and Vic Jones singled, scoring Arendsen and Klaver.

Muskegon Heights added their fifth run in the second inning on a walk, a hit-batsman and Bill Strickler's double, making the score 5-3.

Holland coach Con Eckstrom sent Ten Brink in to replace Groeters in the third after Groeters allowed hits to the first two batters he faced. Ten Brink, who was scheduled to start the second game, retired the side without allowing a run to score.

The Dutch jumped into a 6-5 lead in the fourth inning. Arendsen, who struck out, was safe after the catcher dropped the ball and overthrew to first. Groeters followed with a single, putting runners on first and second.

An error on the right fielder on Maat's high fly ball loaded the bases setting up Jones' three-run double.

Leftfielder Jim Tencinck made what Eckstrom called the "play of the day" to prevent Muskegon Heights from breaking up the game in the fifth inning.

A walk and an error put runners on first and second and Ron Wade lined a single down the left field line. Tencinck ran over, scooped up the ball over the foul line and threw a perfect strike to Klaver at the plate to nab baserunner Jim Calpin on a close play.

Holland ended its first game scoring in the sixth inning. Maat, who was safe on an error, scored on Jones' double to left-center, and Jones scored the eighth run on Glenn Van Wieren's single.

Jones led Holland's hitters with two doubles, a single and six runs batted in. Adams singled three times and Groeters, Van Wieren and Arendsen each had one base hit.

## GRANDSTANDING . . . LMCA All-Sports Trophy

By Randy Vande Water  
Action has started with a big bang in the Lake Michigan Athletic Conference and the six competing schools seem to be especially happy with the new league.

Conference championships have been decided in four sports and four different schools have taken home the league trophies. The fifth crown, baseball, will be decided next week.

Muskegon won the cross-country title last fall while Muskegon Heights grabbed the track title. Benton Harbor is the golf king and Traverse City won the tennis crown. Holland and Grand Haven are the other league members.

With the fine response to the first year of competition and with league basketball scheduled next season and football in 1961, a full-fledged conference program will be in effect. Possibly wrestling will be added in the future.

We would like to start early with a pitch for an all-sports trophy. The MIAA has an all-sports trophy and this honor provides an extra incentive each year.

Taking a look at how the teams have done in the four sports this year, shows that quite a race has developed for all-sports honors.

We took a table of 10 points for first, eight for second, six for third, four for fourth, two for fifth and zero for sixth in figuring how the teams would rate in the four sports.

Muskegon is presently leading

with 28 points while Traverse City follows with 24 and Holland is third with 22. Benton Harbor is fourth with 18 while Grand Haven is fifth with 16 and Muskegon Heights is sixth with 10.

The Big Reds have a first in cross-country, seconds in tennis and track and fifth in golf. Traverse City took first in tennis, second in golf and third in track. They didn't participate in cross-country.

Holland had a second in cross-country, thirds in golf and tennis and fifth in track. Benton Harbor won the golf, took fifth in tennis, third in cross-country and sixth in track.

Grand Haven took fourth in golf, track, tennis and cross-country while Muskegon Heights finished first in track and sixth in tennis and golf and didn't participate in cross-country.

Had the league been operating in basketball, the Heights would have been first with Muskegon second and Holland third. Benton Harbor would have been fourth, Traverse City fifth and Grand Haven sixth. These standings were based on games played against league foes. Traverse City played only one league team two games and lost both times.

We think an all-sports trophy would be a fine innovation when the league starts its second year. We hope the league officials will vote for an all-sports trophy at the next league meeting.

## Folk Music Featured At AAUW May Dinner

Approximately 60 members of the Holland Branch of the American Association of University Women attended the May dinner meeting Thursday evening in Durfee Hall.

Mrs. Jerome Counihan, branch president, introduced the new board members, Mrs. John Bender, vice president; Miss Adelaide Dykhuizen, treasurer and Mrs. William Hakken.

At a short business meeting committee chairmen gave final reports. Miss Barbara Lampen, retiring vice president, summarized the year's program and introduced the speaker, Dr. Niel Snorrum, professor of English in the College of Engineering at the University of Michigan.

Dr. Snorrum illustrated his program on "Types of World Folk Music" by singing representative songs. He provided his own guitar accompaniment. He divided folk songs into two categories. In one group, the songs typify a particular nation and in the other group, the songs represent a universal theme, he said.

In the national category, he described American folk songs as basically "blues"; Spanish and Mexican songs with a theme of mourning and German songs with a topic of farewell.

In the second group he illustrated the universal themes of work songs, sea chants, dialog songs, animal songs and lullabies with folk tunes from various countries.

Arrangements for the dinner were by new members Mrs. Frank Brieve, Mrs. Paul McIlwain, Mrs. William Hakken and Mrs. George Pelgrim.

## ENJOY FARM LIFE

Most of us balk when we see or  
hear any kind of list of do's and  
don'ts regarding our daily lives.  
We consider our beliefs about liv-  
ing our personal property and we  
resent outsiders telling us how to  
live. "It's none of their business!"  
we complain.

Yet consider for a moment the  
number of strangers whose advice  
we listen to each day; bankers,  
doctors, machinery experts, news-  
paper columnists, lawyers, radio-  
announcers - the list could go  
on forever. We're bombarded by  
advice all day long from a variety  
of experts.

According to President Eisen-  
hower, who proclaimed July 24-30  
as National Farm Safety Week,  
accidents, in addition to draining  
our nation's financial resources,  
"bring death, disability, suffering  
and hardship to thousands of farm  
people annually." Safety habits,  
therefore, are vitally needed if  
there are to be fewer deaths and  
injuries, less expense, grief and  
suffering on the farm and a pros-  
perous national economy.

Experts from the National  
Safety Council, which is co-spon-  
soring Farm Safety Week with the  
U.S. Department of Agriculture,  
tell us we can enjoy life by prac-  
ticing safety each day. They ask  
us to check our home electric and  
heating systems, to check and re-  
pair equipment, to keep our chil-  
dren away from machinery and  
livestock. They warn us against  
falls resulting from hurry and un-  
safe ladders. They remind us that  
courtesy is the key to highway  
safety, and they suggest we do our  
best to improve roadway visibility.

They tell us to make sure all  
farm equipment is operating safely  
and to stop machines before un-  
clogging, oiling or adjusting them.  
They urge us to be careful using  
potentially dangerous chemicals  
and to keep them out of reach  
of children.

"These experts don't understand  
us," we say. "Besides, it's none  
of their business!" Maybe we're  
partially right.

But we do have a moral re-  
sponsibility - we, our family and  
the people we deal with daily - to  
stay safe to enjoy life.

Not a bad thought to keep in  
mind during National Farm Safety  
Week - and the rest of the year  
- is it?

Sunday, May 29  
Treasures in Heaven  
Matthew 6:19-21; 6:24-34  
By C. P. Dame

It is often said that this gen-  
eration has many anxieties and it  
is also stated often that many  
people are looking for security.  
This lesson is very fitting for our  
times and for modern people. If  
every one would practice the  
teachings of this lesson there  
would be far more happiness in  
our world.

I. There are two kinds of treas-  
ures. What are treasures? Your  
treasure is that which you love  
most, that which is so dear to  
you that you will fight for it.  
People do not all have the same  
treasures. There are two kinds -  
the earthly and the heavenly. Most  
people are interested much more  
in the earthly than in the heav-  
enly.

We are living in a time when  
things play a big role in life.  
There are so many things to get  
and possess. We were born with  
a passion to possess. There is  
nothing wrong with the desire to  
get - the trouble is that many peo-  
ple want the things of this earth.  
Jesus told His disciples not to  
lay up treasures upon this earth.  
Jesus gave a reason why they  
should not do that. Earthly pos-  
sessions are insecure - they are  
endangered by moth, rust or  
thieves. Riches seem to have  
wings.

After telling us what not to do,  
the Lord tells us what to do.  
"But lay up for yourselves treas-  
ures in heaven." How can we do  
that? By using our treasures, our  
money, to advance God's kingdom.  
No one can take the earthly  
treasures along with him to the  
other world. We can take our in-  
terest in the spiritual along with  
us.

Treasures are important too.  
They influence us for good or  
evil. "For where your treasure is,  
there will your heart be also."  
Some people think only about  
their money, property, stocks and  
bonds - their treasure is here. On  
the other hand there are also  
people whose treasure is in heaven  
and their hearts are fixed upon  
the eternal things of life.

II. No one can serve two mas-  
ters. We either serve God or  
Mammon, that is wealth. Some  
people think they can serve God  
and money. Jesus contradicts this  
notion. We can however serve  
God with money. Seeing that we  
cannot serve God and money we  
are called upon to make a choice.  
The worship of money does not  
make for happiness. Money has  
ruined many lives and brought  
much misery into this world. It  
is love of money that keeps peo-  
ple out of heaven. God wants  
complete loyalty to Him.

III. Jesus forbids worry but  
commends trust. The words, "Take  
no thought for your life" found in  
the King James Version are trans-  
lated in the Revised Standard  
Version: "do not be anxious  
about your life." Many people  
worry about food, drink, clothes  
and shelter. Some people by their  
excessive buying and spending  
create situations that cause  
worry. This is wrong. Jesus for-  
bids worrying about things.

Rarely do we hear about peo-  
ple worrying about their souls.  
The Lord tells us why not to  
worry. The Lord Who gave us  
life will also sustain life. Jesus  
gives simple illustrations to drive  
home the truth that Christians  
should not worry. God takes care  
of the birds and feeds them -  
why then should God's children  
who are closer to him be anxious  
about food?

Jesus points disciples to the  
lilies - "even Solomon in all his  
glory was not arrayed like one  
of these." "If God so clothes the  
lilies of the field He will surely  
not be indifferent to His children.  
Disciples who are anxious about  
things at, like pagans who have  
no knowledge of a loving Father  
who cares.

If all modern Christians would  
heed the words, "But seek ye first  
the kingdom of God, and his  
righteousness; and all these things  
shall be added unto you" the  
Christian Church would experience  
a great revival. To many church  
members seek things first and God  
last. God is pleased with all who  
honor the word of Jesus.

## Rozeboom Sets MIAA Record; Zeeland Hope Finishes in 3rd Place

KALAMAZOO (Special) — Jim Rozeboom, Hope College junior, set a new MIAA half mile record of 1:58.9 here in the rain Saturday afternoon as Hope finished third behind Calvin and Kalamazoo in the annual MIAA track meet at Angell Field.

Rozeboom led all the way in the 800-yard grind. Coach Gord Brewer had outlined that the race for Rozeboom, who was assigned the outside lane.

Starting out like a sprinter, Rozeboom dashed ahead of the pack and cut for the inside after rounding the first turn. He then continued to increase his lead.

He was leading by about 12 yards at the completion of the first lap and then really turned on his kick and won the race by about 25 yards. A sudden downpour just before the meet forced all of the runners to have to slosh through puddles all around the quarter-mile track.

It was the best race Rozeboom has ever run and he reported that he felt stronger starting the second lap than any time this season.

The record smashed the mark of 1:59.7 set last year by Jim Krieder of Albion, who finished fourth in this year's race. Rozeboom's mark also is a new Hope record. He set the old mark of 2:00.2 a couple weeks ago against Kalamazoo.

Dave Peters of Alma took first in both hurdles, tied for third in the high jump and took third in the broad jump to be the top pointgetter in the meet. Hillsdale's Jim Drake won both dashes to be the other double winner.

Calvin was led by its fine distance runners, Jim De Bie, who won the mile, and Barry Koops, who won the two mile. Koops was second in the mile and De Bie second in the two-mile. Calvin's Dave Allena of Holland had a second in the discus and third in the shot while Wayne De Young of Holland was second in the 440 for the Knights.

Three scholarships to Interlochen and perhaps a fourth one were assured from the proceeds of the evening's entertainment of music Thursday night in the Holland High School auditorium when the vocal departments of E. E. Fell Junior High and Holland High School performed for a full house.

Settings of a backdrop of a gypsy wagon and special lighting were used for the concert, under the direction of Larrie Clark, assisted by Edna Hollander, Hope College student teacher.

## Children's Play Scores Hit With Young Audience

Throngs of delighted children jammed the Little Theatre in the Hope College Science building Friday afternoon for the first performance of "Peter, Peter, Pumpkin Eater," this year's Palette and Masque Children's Theatre production.

Bob Fisher and Judy Sietsma starred as Peter and Ellen, the young couple around whom the story revolves. Peter, the only boy in a family which includes his mother, grandmother and two sisters, wants a wife who will sing and dance with him and help him in his favorite pastime — raising pumpkins.

A giant pumpkin vine growing from a special seed Peter bought from a peddler for a large amount of money brings Ellen into his life just when he is loneliest. Then there is plenty of singing, dancing and games while Peter at the same time faces the problem of finding a house for his new bride.

Mother, played by Jane Herrema, Grandmother, Mary Ten Pas and Dahlia and Pruella, played by Nancy Schwarz and Mary Jane Veurink are Peter's possessive but devoted family.

Peter's best friend, Joe, and Joe's sensible wife, Rosie, are played by Bob Jaehning and Carol Rynland. Rosie is particularly helpful to Peter and Ellen when misunderstanding arises between the two.

Director Carol Buitendorp, a Hope senior, worked out the musical adaptations and other routines to fit the tiny Little Theatre stage. Linda Kloosterhouse served as student director.

## Holland Jaycees Open Drive To Promote 50-Star Flags

Members of the Holland Junior Chamber of Commerce opened a campaign today to get Holland downtown merchants to display the new 50-star American flag.

The new 50-star flag will be displayed for the first time on July 4, Independence Day, and the Jaycees will assume the responsibility of seeing that the flag is exhibited for a nominal charge to the merchant.

Under the project, which is being conducted through Michigan Jaycees organizations, the flag will be displayed from 7:30 a.m. to 5:30 p.m. on Independence Day, Labor Day, all national election days, Veterans' Day, Lincoln's Birthday, Washington's Birthday, Armed Forces Day, Memorial Day and Flag Day.

By the time the fray ended, 12 officers were present representing state police, Grand Haven city police and Zeeland city police.

## Election Date Challenged

Clarence Maatman, Harrington school board member, and the Harrington citizens committee Saturday publicly challenged the legality of the May 31 election on a proposal to annex Harrington school district.

Maatman charged "several Harrington school board members are trying to stampede the people of our district into a hasty election contrary to laws designed to give ample notice of elections to voters. Such law also prevents non-residents from deciding the future of our area by requiring that all voters be registered at their place of residence."

"I deplore this effort to ram through a hasty illegal election for the apparent purpose of gaining political advantage. If they persist in forcing an election on May 31, those of us who are concerned with protecting the basic rights of every voter will take appropriate legal action. An election should be held on this issue for determination by our people, but it should be held in full compliance with the law of this state," Maatman said.

## Claims Record For Marathon

Paul Genzink of Holland, a student at Calvin College, Saturday claimed the world's record for continuous organ playing.

The 21-year-old sophomore gave up his marathon concert at the Holland School of Music Friday night at 9 p.m. after 57 hours of continuous playing. He started his stint to earn tuition money at noon Wednesday, taking only a five-minute break from the keyboard every hour.

Genzink started to show signs of the strain Friday morning after friends had stayed up with him through the night. He also began taking deep breaths from an oxygen tank Friday to help keep him alert.

John J. Klicman, owner of the music school, had asked Holland residents to telephone Genzink in an effort to keep him awake. Klicman said that the young organist averaged over two phone calls per minute throughout the 57-hour stint.

Klicman said the school had agreed to pay Genzink on a prorated hourly basis—more money for each additional hour above 36 —plus a \$25 savings bond for each organ or piano sale during his marathon.

Genzink's marathon caused more than a little disturbance to two families living in apartments above the music school, Klicman said. They moved to motels for the duration. Motel bills and expenses for the families were paid by the school.

## Volleyballs

Another Tulip Time has come and gone and Holland has been most happy with the 1960 festival. Despite cold weather in the beginning, the entire festival was free of rain (although it seemed to rain everywhere else in Michigan) and by the time the last day arrived, the big Parade of Bands was staged on a sunny parade route in temperatures in the low 60's.

Any Tulip Time festival spawns some choice stories. Here are a few that turned up at the housing bureau.

One letter from a couple said they were bringing a very old, tired dog that couldn't climb steps, couldn't jump on beds and was very quiet. The bureau has had lots of requests from people who can't climb stairs, but never dogs.

Some time ago the Chicago Sun-Times in its swap column had a request for a recipe on fat balls. The girls at the Tulip Time office were all set to send in a recipe but a Gary, Ind., woman beat them with a recipe she picked up at the Tulip Time festival. It was titled Oliebollen (fat balls).

Take three cups of potato water lukewarm, 1/2 cup sugar, 1 tsp. salt, 1/4 cup lard or butter, 1 egg, 2 cakes compressed yeast, 6 to 7 cups flour, 1 cup raisins, 1 cup currants. Mix all ingredients into soft dough. Let rise. Make small balls using a dessert spoonful of dough. Drop in deep hot fat about 365 degrees until brown. Serve with brown sugar.

Among groups visiting Tulip Time making reservations through the housing bureau were the Demon Majorities of Toledo, the Sharon Kaye twirlers of Germantown, Camera Club of Chicago, Garden Club of Normal, Ill., Young Peoples group of Winona Lake, Ind., group of retired people of Terre Haute, Ind., Women's Club of Peconica, Ill.

A woman from out of state called the Chamber of Commerce early this week to learn the name of the filled hard candies imported from the Netherlands which were sold at the tulip farms and various local stores. She believes they help her arthritis.

A lot of concern was shown for Debbie, the little lost four-year-old who turned up at Chamber of Commerce headquarters during Saturday's parade. Her plight was broadcast over the public address system several times. Finally, she fell asleep on a worker's lap and was put on two chairs for a nap.

Her parents called for her after 6 p.m. They had several other children with them. Meanwhile many persons stopped at the office to inquire about her welfare.

As usual, Tulip Time received a lot of coverage in many newspapers all over the country. Most popular with editors are scenes of street scrubbing, klompen dancing, and, of course, pretty girls in costume with tulips.

Rarely, Holland comes in for criticism. Some visitors expect to see miles of tulip fields like in the Netherlands. And there are recurring comments that Chicago and Kalamazoo have more tulips than Holland, Mich. They should; they're lots bigger.

But they don't plant 'em along the curbs like Holland does in a lane eight miles long. Or maybe the critics didn't bother to travel Holland's eight-mile tulip lane.

Seventy-one senior citizens from Norwalk, Ohio, visited Holland on the first day of Tulip Time, sponsored by the new Golden Age Club. The chartered buses left Norwalk at 5 a.m. in rain but the weatherman relented as the party approached Holland. In Holland they witnessed the street scrubbing and visited local parks. A four-column picture of some of the group gathered around a bed of tulips in Centennial Park appeared later in the week on the front page of the Norwalk newspaper.

As a result of the successful tour, 40 more members have joined the group. Plans already are underway for a trip to Cleveland next month for a baseball game.

The oldsters were accompanied by Mr. and Mrs. Eli Joyce. Joyce is recreation director of Norwalk.

Balken Brie is another Dutch dish even Dutchier than oliebollen, if possible.

Mrs. William Jellema received this recipe from a 93-year-old woman from Waupun, Wis. It follows:

To make genuine balken brie you have to live on a farm and kill a pig.

When you render the fat from the pig, save those crisp crunchy pieces that are left of the fat. This is your crackling, the important ingredient of balken brie.

Put a kettle of water on the stove to boil. The amount depends on the size and taste of your family. Add a handful of salt, more or less. If your man has high blood pressure, go light on the salt. Then put in one or two, maybe three saucers of cracklings.

With a wooden paddle, gradually stir in buckwheat flour. I stir clockwise but you prefer the other way. Cook until you have a pudding substance. It can be soft, medium or hard. You won't know until it gets cold. Empty it into a dish, basin, pan or casserole and set away to cool. Then comes a brisk cool day with nothing for supper.

Get out your balken brie, cut slices thick or thin, it doesn't matter. Fry in any kind of fat. Turn occasionally and serve piping hot with butter and syrup.

Your man will eat until he has to loosen his belt. Your 12-year-old
