City Council Holds Brief, Calm Session

Paving Bids, Safety Measures Take Up Most of Meeting

Wednesday night's official meeting of City Council proved to be a rather calm gathering and although three weeks had elapsed since the last meeting, business at hand was accomplished in short order and the meeting adjourned at 8:25 p.m., less than an hour after it was called to order by Mayor Nelson Bosman.

Technical difficulties and some misunderstanding caused some confusion when radio station WHTC failed to "receive" for tapping or direct broadcast. This difficulty was finally resolved about 8:10 p.m. when Mayor Bosman, a part owner of the station, left the podium to adjust some wires.

New lights over the council dais were noted, improving the lighting in that area of the room from the previous fluorescent tubes. Mayor Bosman welcomed representatives from student councils of Holland High School and Christian High School.

Council awarded paving contracts to West Shore Construction Co., listing \$27,504.30 for paving and resurfacing and \$19,647.96 for seal coating. Michigan Colprovia had entered a \$27,483.07 bid on the first tabulations but did not enter a bid on seal coat.

Contract for two all-purpose play areas at Montello Park and Apple Avenue Schools was awarded to A. R. De Weerd and Son for its bid of \$5,940.20, lowest of five bids entered.

Contract for concrete pipe went to low bidder, Midwest Concrete Pipe Co., at \$15,118.16.

Contract for 225 sets of scraper blades for the street department went to Gregward Equipment Co. at \$2,021.

Council acted on several Traffic and Safety Commission recommendations. One reduced the speed limit on 24th and 32nd Sts. between Lincoln Ave. and the US-31 bypass from 35 to 25 miles per hour.

Four of five recommendations submitted on improving the intersection at 16th St. and Columbia Ave. were approved, eliminating bushes, raising stop signs to seven-foot heights, relocating a postage storage box and removing a large tree. A fifth recommendation to eliminate parking for 60 feet on the north side of 16th St. was not approved.

Council approved recommendations on parking in the vicinity of Trinity Church. Parking will be eliminated on the north side of 20th St. from the east edge of the parking lot to Central Ave. and on the east side of Central Ave. from the north edge of the parking lot to 20th St., and also eliminating angle parking on the south side of 20th St. from State St. to east limits of the church property.

Parking also will be eliminated on the east side of State St. from 19th to 21st Sts.

A fire alarm's report on the city was postponed until next meeting.

A report from the city manager revealed that application for a liquor license on behalf of Arvid and Malinda Larson refers to a tavern in Newwaygo county, not in Holland City. Mrs. Larson currently resides at 554 West 20th St.

Council accepted with thanks the following gifts for Holland Hospital as reported by the Hospital Board: an electro-surgical unit and hydraulic cast cutter from the medical staff in memory of Mrs. Warren Westrate and from the Tuesday Service League valued at \$806.90, and an alternating pressure pad from the Abraham Leenhouts guild valued at \$200.13.

A petition for a water main in Timberwood Lane and in Harvard Dr. was referred to the city manager for report.

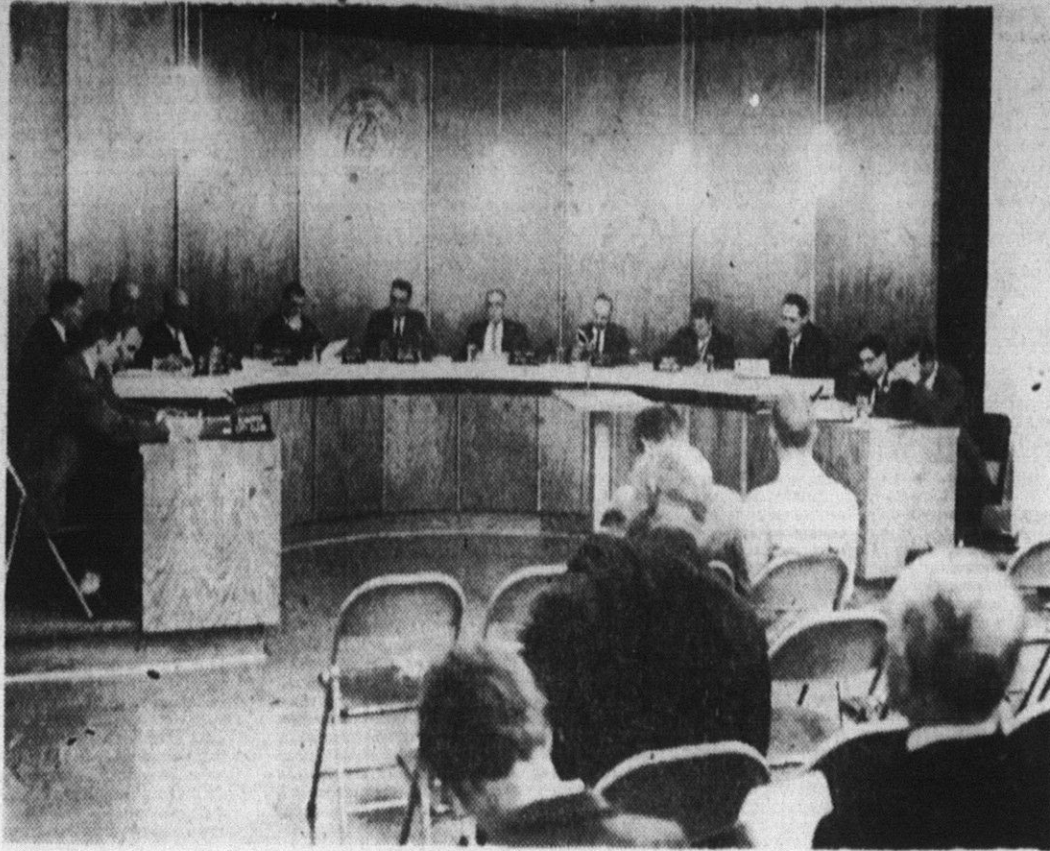

A communication from Herman Bos of the Memorial Day committee called attention to Memorial Day activities on Sunday, May 28, and Memorial Day, May 30. An application from Pyramid Oil Co. to construct an addition to a service station at 777 Columbia Ave. was referred to the city manager for study and report, as was an application for a permit from Naph-Sol Refining Co. to erect a new gas station at 73-77 South River Ave. This would replace three old homes.

A letter from Ronald J. Kuck, proposing that corners of streets around Hope College be painted with yellow paint was referred to the city manager for action. The Hope College student added he had paid a \$1 fine for parking too close to a corner which was unmarked.

A communication from the Michigan Municipal League gave notice of the annual meeting of the league to be held Sept. 14 to 16 at Mackinac Island.

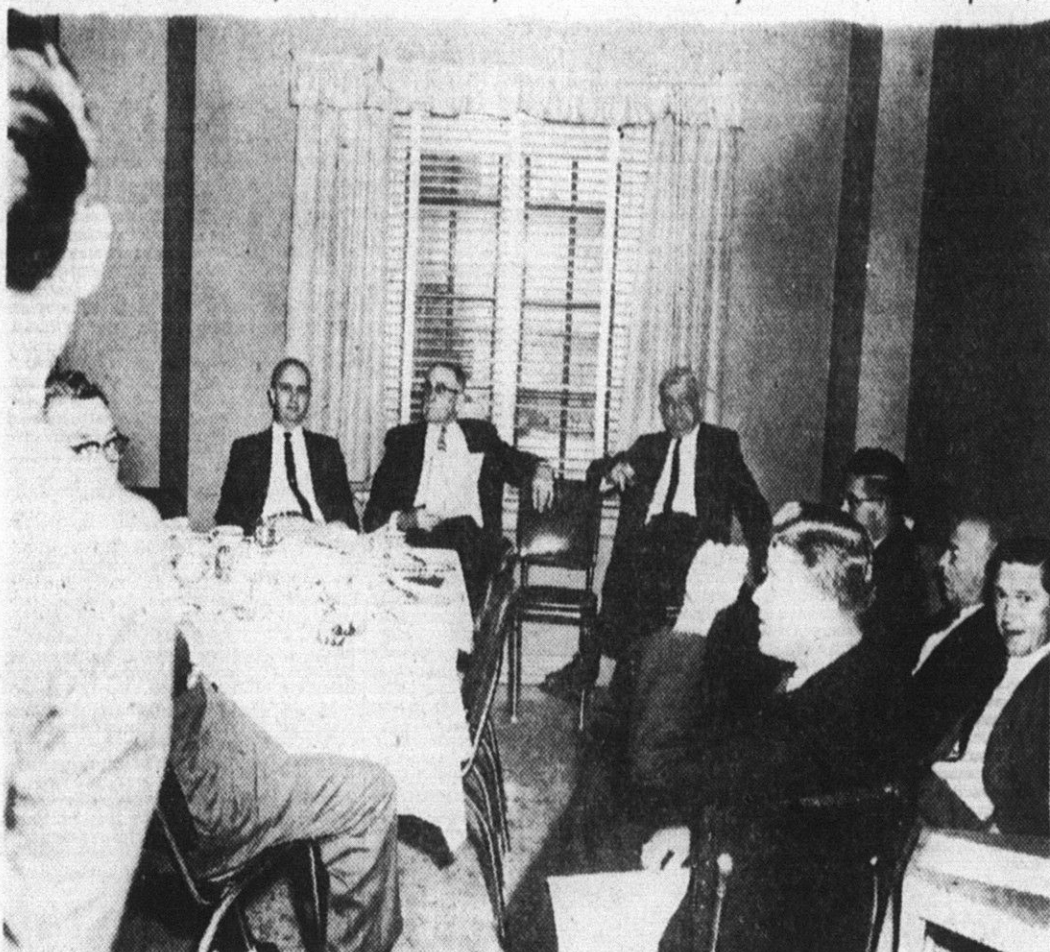

Council approved a permit for William Mokma to move a one-story garage from 1316 West End Dr. to 187 East 27th St. by prescribed route.

All Councilmen were present. The Rev. Anthony Ludens gave the invocation.

OPEN TO PRESS, PUBLIC — This session of City Council Wednesday was open to the press and public as they always have been in the past. Mayor Nelson Bosman is seated in the center surrounded by councilmen and city

officials. Only routine business was handled at the meeting which lasted less than an hour. The session followed a closed door informal meeting which was closed to the press for the first time in six years. (Sentinel photo)

Geerlings Gets Letters

LANSING — State Sen. Clyde Geerlings of Holland Tuesday answered critics of the State Legislature, who, he said, have deluged him with letters complaining about the Legislature's cuts into the budgets for state-supported colleges and universities.

Geerlings, a Republican, is chairman of the Senate Taxation Committee.

He said he had received so many bushels of letters the last six weeks that he has been unable to acknowledge them. "I believe the legislature has been more than fair with education, and it is highly unlikely the people will favor an income tax on top of the extra one-cent sales tax they just voted," Geerlings added.

He explained that two years ago in anticipation of the sales tax increase, the legislature raised the grant per pupil in primary and secondary schools from \$190 per pupil to \$205. It expected an increase of 49,000 new pupils for another increase of \$10,000,000. Subsequently, an increase of 45,000 new pupils in 1960 and another 45,000 the coming year lists an additional increase in the new budget of \$18,000,000 for a total of \$48,000,000, all to be realized from the \$120,000,000 which the one-cent increase in sales tax can reasonably be expected.

"This is only part of the education picture. . . education has received \$75,000,000 out of the \$120,000,000 expected or nearly two-thirds of the additional revenue pledged by citizens of Michigan to maintain government agencies," Geerlings said.

Insanity Plea To Be Entered

Holland attorney Gordon Cunningham today said he will enter a defense plea of insanity for James Scott Stephen, 16, of 2026 Ottagan St., who is charged with murder in the April 29 rifle slaying of Carol Gee, 11, in the Macatawa Hills.

Stephen has admitted shooting Carol Gee and Margaret Chambers, 12, but has insisted the slayings were accidental. The youth is charged specifically with the Gee murder.

Cunningham said he will file a formal notice of the insanity plea with Prosecuting Attorney Ervin Andrews. Under Michigan law a notice must be filed 10 days after arraignment if the defense is to be based on insanity.

Stephen was arraigned in Allegan County Circuit Court at which time a plea of innocent was entered.

The youth has been examined by Dr. Douglas Blocksmas, Grand Rapids psychologist. Cunningham said additional detailed examinations will be made by Dr. Blocksmas early next week plus examinations by a psychiatrist.

Hit by Auto, Holland Boy Listed Fair

James Paul, five-year-old son of Mr. and Mrs. Daniel Paul of 234 West 10th St., was listed in fair condition today at St. Mary's Hospital in Grand Rapids with head injuries suffered when he was struck by a car in Holland Wednesday afternoon.

The youngster was transferred to St. Mary's from Holland Hospital.

Holland police said the boy and a girl playmate, six-year-old Spring Bussies of 94 West 13th St., were struck by a car driven by 74-year-old Clara E. McClellan of 681 South Shore Dr. at the intersection of 11th St. and Washington Blvd., at 3:40 p.m. Wednesday.

The Bussies girl suffered bruises of the left arm and ran home after the mishap, police said.

According to police, the children were playing in a wagon and had crossed 11th St. from south to north and turned to go back across the street when they were hit by the automobile.

The driver told police she did not see the children. Police said the boy was lying 24 feet from the point of impact.

Driver Dies When Auto Rams House

Paul Q. Burchfield, 25, Dies Instantly; House Suffers Major Damage

BORCULO—A 25-year-old Grand Rapids man, father of two small children, died instantly when the car he was driving crashed into a house at the intersection of Port Sheldon St. and 96th Ave. at 8:55 p.m. Monday.

Paul Q. Burchfield of 604 Chatham St., N. W., was pronounced dead at the scene of the crash by Dr. A. J. Vande Waa of Zeeland.

A passenger in Burchfield's car, 14-year-old Jerry Brooks of 7850 112th Ave., Holland, Burchfield's brother-in-law, was injured in the crash. Brooks was reported in fair condition Tuesday at Zeeland Hospital.

Officials at the hospital said x-rays were being taken today to determine the extent of Brooks' injuries. They said he apparently suffered a dislocated shoulder and possible fractured jaw.

Ottawa County Sheriff's deputies said no one in the house, owned by Blendon Township Fire Chief George Overweg, was injured. The Overweg house is located at 6506 96th Ave., at the end of Port Sheldon St., in Borculo.

Deputies said Burchfield, who was headed east on Port Sheldon St., failed to stop at the dead-end street and crashed into the house.

Skid marks at the scene measured 139 feet, deputies said. They said Burchfield apparently tried to turn south on 96th Ave. and skidded sideways into the house, striking the house almost broadside.

Burchfield was pinned in his car, deputies said. The drivers side of the vehicle struck the house. Deputies said the house is located 41 feet from the eastern edge of 96th Ave.

The front porch steps of the house were ripped off in the crash, and about a 10-foot section of the foundation was caved in. Deputies said the kitchen floor, toward the rear of the house, was buckled.

Overweg told deputies a group of girls from a church club had been at a meeting at his home earlier and left minutes before the crash. Overweg also said two cars had been parked in front of his home and that Burchfield's car skidded between the two parked vehicles.

Deputies said it was possible that Burchfield may have been racing with a second automobile. Witnesses said they saw another car turn south on 96th Ave. a short time before Burchfield's car slammed into the house.

Deputies said Burchfield's wife, Donna, was expecting a third child this month. The couple's other children are Donna, 2, and Paul, 14 months.

Driver Escapes Injury As Small Car Overturns

Howard Custer Van Raalte, 21, of 646 Pleasant St., escaped injury when his car was forced into the median strip and rolled over on M-21 just east of Zeeland at 5 p.m. Tuesday.

Van Raalte told sheriff's officers he was attempting to pass a red pickup truck and as he was about to come abreast the truck made an illegal left turn, causing Van Raalte to lose control. His foreign car skidded 265 feet before rolling over, coming to rest on its top.

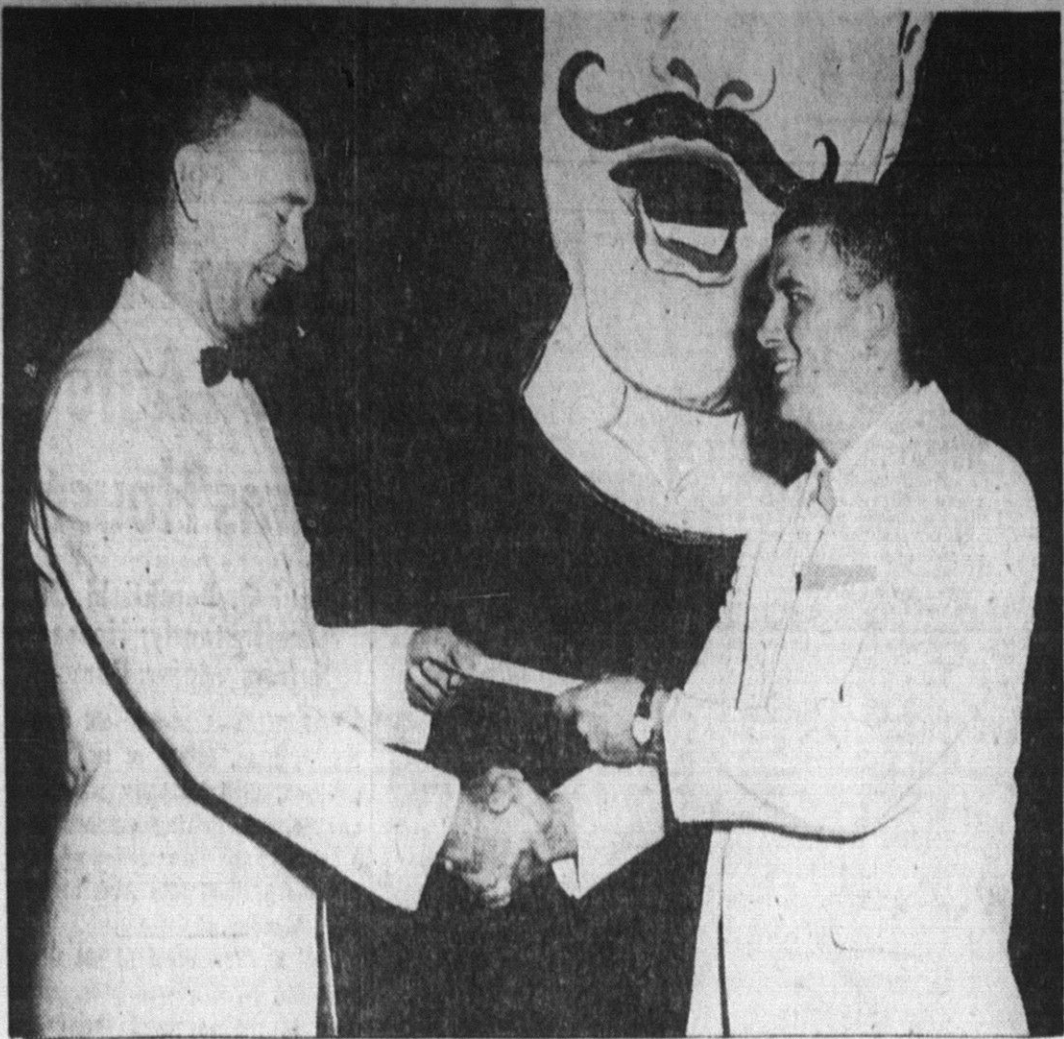

Officers immediately set up a road block in various areas, but no trace was found of the truck. Van Raalte was riding alone.

None Injured as Two Gas Barrels Explode

GRAND HAVEN — Kenneth Wallinga, 13, of 5901 Lake Michigan Dr., escaped injury at 9:22 p.m. Tuesday when two 50-gallon barrels of gasoline exploded at the home of a neighbor, Simon Knoper, of 5903 Lake Michigan Dr.

The youth was soaking a wick in a can at the Knoper home. He lit the wick with a match and as the fire crept along the ground to the barrels he ran from the area and the two barrels exploded almost immediately.

The Knoper home caught fire but there was only slight damage. The Alameda Fire Department was called. Deputy C. Vanden Bosch investigated.

BARBERSHOPPER OF THE YEAR — Jack Essenburg (left), longtime quartet singing enthusiast, receives a \$100 savings bond and other awards from Marty Hardenberg, member of the Chord Counts, in a surprise presentation at the

15th annual Parade of Quartets Friday in Civic Center. On backdrop is sketched one of the four oldtime barbershoppers which accented the setting for the annual program.

Two Presentations Made At Parade of Quartets

Two presentations, one a scholarship to be awarded to a music student next year at Hope College and the other for the "Barbershopper of the Year," highlighted the 15th annual Parade of Quartets which jammed Civic Center Friday Night.

The "Barbershopper of the Year" award consisting of a \$100 savings bond and several awards of a commercial nature, went to Jack Essenburg, longtime barbershopper and Sentinel employee who has sung baritone in several quartets which were organized and reorganized through the years. He has been a member of the Holland chapter since its inception and a member of the Windmill Chorus.

The musical scholarship was presented to Dr. Robert Cavanaugh of the Hope music faculty to be awarded to a student when the fall term opens. Marty Hardenberg made the barbershopper award and Clarence Jalving, past international president, made the scholarship award.

Friday's popular program highlighted the return of the Schmitt Brothers of Two Rivers, Wis., who have headlined local quartet parades almost constantly in the last 10 years, and the zany foursome, "The Mid-States Four," of Chicago, long a crowd favorite here.

Along with the Schmitts came genial Joe Schmitt, the top tenor, who again served as master of ceremonies. Joe's easy patter of home anecdotes laced together a show in fine shape. And, although the Schmitts retired last year after 10 years of hitting the quartet circuits, their harmonies were as good as ever demonstrating full voice, lyric quality, sweet Irish songs, or ditties with graduated scales.

Despite Marty Mendro's introduction which kidded the Schmitts' retirement, Joe explained that the quartet had made only four appearances in a period of almost a year whereas they had made 124 in the same period last year.

The Mid-States Four concluded Friday's program on a lively, fun-loving note with scads of byplay perpetrated by baritone Forrest Haynes whose talents for comedy match his musical abilities. Aided by a big bass viol, a guitar and lots of other trick instruments, the foursome sang a variety of numbers, at times demonstrating prowess in quartet harmonies but mostly cutting up.

Holland was well represented in the parade lineup, opening with the Windmill Chorus under the direction of Don Lucas. The chorus appeared in slick white coats — likely the coats which arrived too late last year when members wore loud sports shirts. Their selections included "Keep Your Sunny Side Up" and "When I Lost You."

Making their second appearance at a local parade were the Flying Dutchmen, college freshmen who scored a hit in "I'm a Coming Courtin' Corabelle" and a take-off of last year's Hut Four in "I'm Positive" with phonograph gimmicks.

The other Holland group was the Chord Counts, local favorites, who did their usual fine work in "If You Knew Susie," "The Littlest Angel," "The Ballad of Rodger Young" and the local favorite, "Ballade of the Three Bells," the latter featuring tenor Marty Hardenberg.

The Merri-Men of Lansing put on a spirited presentation which included "September Song," "Muskat Ramble," "Umbrella Song" and Arthur Godfrey's "Dance Me Loose."

A change in the vocal pace was provided by the Banjo Tainers of Muskegon, three men with guitars that almost talked and a girl at the piano. Black light and other effects added to the professionalism of the group.

The program concluded with the chorus and all visitors joining in the barbershop theme song, "Keep America Singing," directed by Willis A. Diekema, composer of the song and long-time director and arranger.

Mrs. Schuitema Feted at Dinner

Mrs. Edwin Schuitema

A testimonial dinner honoring Mrs. Edwin Schuitema, president of the Department of Michigan American Legion Auxiliary, and members of the Zeeland Unit was given last Saturday evening by the Gilbert D. Karsten Post No. 33 and Auxiliary.

More than 100 Legion and Auxiliary department and district officers and friends from throughout the state and local members attended the dinner held at Van Raalte's Restaurant in Zeeland. Wendell Miles, former Judge Advocate of the Department of Michigan American Legion, was introduced by Ervin Smith, Zeeland Post Commander. Distinguished guests included Michigan Department Commander Wilson H. Morrison and Mrs. Morrison from Detroit.

Robert Kinsman of Davenport Institute of Grand Rapids spoke on "Void If Detached." A girls' trio, Sally Plewes, Jane Kamps and Diane Munro, accompanied by Linda Busscher, sang. The evening's festivities concluded with a dance at the Holland American Legion Memorial Park Club.

Olive Center

Plans are in the making for the annual Memorial Day Services to be held at the local cemetery at 10 a.m. Rev. Roozeboom will be the speaker and special music will be provided by local talent.

Mr. and Mrs. Harry C. Schamper are the grandparents of a son, born to Mr. and Mrs. Robert Fiekema at Standale. He has been named Shaun Layne.

Mrs. Fred Veneberg has been appointed to take the school census. This includes all the children of the former Ottawa, Owens and Olive Center school districts.

The annual clean-up at the cemetery will be held next Monday evening, May 22 at 6:30 p.m. In case of rain it will be held a week later, on the 29th. Following the clean-up, lunch will be served at the school.

On May 25 all the school children will have an outing with their teachers. They plan to visit a pet shop in Grand Rapids and have a picnic dinner at a park in that area.

Four Persons Slightly Hurt in Head-On Crash

SAUGATUCK — Four persons escaped serious injury in a head-on collision on US-31, a mile north of Saugatuck at 10:45 p.m. Friday.

Released from Holland Hospital after treatment for minor injuries were Thomas R. Albin, 21, of 99 East 14th St., Holland, driver of one of the cars involved in the crash, and a passenger Dorsey Tackitt, 32, of 175 East Eighth St., Holland; Evert Pease, 24, Hudsonville, driver of the second car and his passenger, Robert Veenstra, 26, also of Hudsonville.

State police said Albin made a U-turn in front of the Pease car and went into the wrong lane of the highway after completing his turn, striking the Pease car head-on. Troopers said Albin was being held on possible reckless driving charges.

Michigan has more than 70 winter sports centers — more than any state east of the Rocky mountains.

UNUSUAL QUARTET — This French Horn quartet of Hope College performed the rarely heard Concerto for Four Solo French Horns and orchestra by Robert Schumann at a Tulip Time concert Thursday night in Dimment Memorial Chapel. Left to right are Roy Schaberg, William Kuyper, David Waanders and Rae Hoogerhyde.

1,000 Hear Guest Violinist And French Horn Quartet

An enthusiastic audience of 1,000 persons applauded a stirring performance of the Beethoven violin concerto Thursday evening by Gerard Kantarjian, soloist with the Hope College Symphony Orchestra, in its fourth and final concert of the season in Dimment Memorial Chapel.

Mr. Kantarjian, a young Middle Eastern born violinist, came to this country in 1953 to study with Ivan Galamian at the Curtis Institute of Music in Philadelphia. He was a finalist in two international competitions, the Leventritt in this country and the Queen Elizabeth in Belgium and has appeared with the Cairo, Israel, Philadelphia and San Francisco symphony orchestras in recent years.

The soloist displayed flawless intonation, a beautiful liquid tone of great power and dynamic contrast, and a thorough technical command of his instrument in performing what is often considered the most difficult concerto of the entire violin repertoire. Mr. Kantarjian achieved with distinction the satisfying blend of classic and romantic style demanded by the concerto.

The orchestra under the baton of Dr. Mbrrette Rider provided an accompaniment of flexibility and contrast worthy of a professional orchestra and was described by

Mr. Kantarjian as "a truly excellent orchestra of great ability." The many string and wind solo passages of the work provide a real test for the performers, but were played in a manner which incorporated the soloist as a part of the larger ensemble.

The second portion of the program included the rarely heard Concerto for Four Solo French Horns and orchestra by Robert Schumann. Solo parts were played by Roy Schaberg, William Kuyper, David Waanders and Kay Hoogerhyde. Other portions of the program included the melodious and complex "Polka and Fugue" from "Schwanda the Bagpiper" by Weinberger, a "Dance Overture" by Irving Schlein, and a stirring performance of Beethoven's "Egmont" overture in which the brass sections showed their power and flexibility.

It was Niparko's second visit to Holland. In 1941 as a student of Eastern Michigan University at Ypsilanti, he represented his college at a speech contest on Hope College campus. He remembers having lost the contest to the Hope College entry at the time.

"So here I am, 20 years later and 20 pounds heavier!" he quipped. He was attending college at the same time Virginia Dykhus Borgman was a student there. Since then, Mrs. Borgman directed Klompen Dancing for several years for the public schools.

Niparko, a teacher of social studies in Ferndale High School, represented Hazel Park at Mayor Exchange Day in Zeeland last year, and recalled a pleasant visit there. Hazel Park was incorporated in 1941 with 15,000 residents. Today it has 26,000, Niparko said. It has 140 full time city employees and currently is starting a \$1.8 million urban renewal public housing program in which the federal government is providing \$1.5 million. It is the home of the well known Hazel Park raceway, one of two tracks in the Detroit area. It has 184 small industries.

The Virtue of Self-Discipline
Proverbs 7:1-5; 14:30; 16:32;
Proverbs 17:27; 20:1; 23:19-21

By C. P. Dame

The word "self-discipline" ought to become more popular in American life. Many people have forgotten all about the importance of this virtue in the home, at work, and in the church and school. It is high time that this virtue be restored again in our land.

1. Keeping God's commandments is important. The lesson portrays a Father teaching His beloved son. The Father, in Proverbs, represents God. This Father had the conviction that His teachings were as precious as the apple or pupil of the eye. Note the words, "keep My words," "keep My commandments and live," "Bind them upon thy fingers, write them upon the table of thine heart." Even in those days words of wisdom were ignored and God's commandments were neglected just as they are today.

Have you ever noted how often the word "wisdom" is used in Proverbs? In our lesson the writer urges young men to regard wisdom as a sister. A pure sister often influences a young man for good. Wisdom qualifies the young to refuse to yield to sin. In Hebrew life wisdom was looked upon as something practical—not philosophical.

The young man who looks upon wisdom as his sister and understanding as his kinswoman will shun the evil woman. There is much sexual looseness today. By many immorality is merely indiscretion if the person gets caught or an experience which is natural or a passing affair but God says it is a sin. This age needs to learn the meaning of sex control. God demands personal purity in the sexual life. Self-discipline in this realm of life costs effort and a total commitment to Christ.

II. Our emotional life and tongue must be controlled. In the Bible the word "heart" signifies the whole personality—mind, will and heart. As a man thinketh in his heart, so is he. Some people would feel much better if they would mend their thinking habits and determine that they shall be governed by their minds and not by their emotions. Too many people permit envy and anger to dominate their lives. Usually when a person does not control himself he cannot control others. How readily some church members "fly off the handle" and let little things upset them.

The art of getting angry and not sinning all have not learned. The angry person is apt to say things which he later on regrets. The words, "he that ruleth his spirit" is better "than he that taketh a city" deserve to be remembered, and "He that hath knowledge spareth his words" are always good. The Bible says that even a fool appears to be wise if he keeps his mouth shut.

III. "Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise." These words are just as true now as when they were written. The liquor problem is a serious one. Social drinking is very prevalent. Many alcoholics are what they are because they began as social drinkers. Liquor often leads to divorce. Many accidents on the highways take place because of drunken drivers. Liquor causes much absenteeism in factories and shops. The man who drinks thinks only of himself—he is anti-social, selfish and makes his family suffer.

It is said by some that alcoholism is a disease—it is not that but a sin which brings suffering to him who drinks and to the family and society. "Be not among winebibbers; among riotous eaters of the flesh: For the drunkard and the glutton shall come to poverty; and drowsiness shall clothe a man with rags." These words are daily verified.

Quality Teaching Defined By President of NEA

Some profound convictions on a quality school, a quality curriculum and a quality teacher were voiced by Miss Clarice Kline, president of the National Education Association, at a banquet for about 250 persons Thursday night in Phelps Hall on Hope College Campus, sponsored by the Holland district of the Michigan Education Association.

Miss Kline, a classroom teacher in social studies at Waukesha, Wis., was an honored guest of Tulip Time on school day Thursday. She visited the new high school site and various schools today before leaving for St. Mary's Lake near Battle Creek.

"Quality teachers are not nearly so scarce as some magazines and periodicals seem to assume," Miss Kline told local educators. "A quality teacher in addition to being well educated, must have a professional preparation for the knowledge of child growth and development, and skill in working with either children or young people. Teachers are not born that way. They need education in the specialized art that is creative and imaginative teaching. The quality teacher likes to work with youth and enjoys teaching," she said.

Miss Kline, who has visited many fine schools all over America, said it is unfortunate that in the minds of some people a building cannot be functional and beautiful without being associated with extravagance and waste. And since public education is integrally tied to the tax dollar, that brought up some profound observations on taxes.

"Taxes must be secured from the nation's wealth wherever it is. Unfortunately, too often most children do not live where the

most wealth is. This is why local taxes are supplemented by state aid, and state aid by federal support," the speaker said. She quoted Judge Harold Kissinger who said, "Some today talk about local money, state money and federal money. It is all our money, it all comes out of our pockets, all for our children, all for our country, all for its future." She said all the issues that tend to complicate the problem of finance can be resolved if we will keep this simple truth in mind — to appropriate enough American money (secured by any and all levels of government) to educate American children.

In helping every child to develop to his full potential, the nearly impossible task of educating all the children of all the people (48 million this year) can be successful only if both teachers and public recognize the immensity of the responsibility and insist on its accomplishment, Miss Kline said.

Miss Dorothy Bradish, local president and Alvern Kapenga, president-elect for next year, gave the invocation. Music was provided by the Holland High School Orchestra under the direction of Arthur C. Hills. Selections from "My Fair Lady" were sung by Larrie Clark and Elaine Van Tongeren.

Recognition for two teachers retiring this year were given with Carroll Norlin speaking for Mrs. Dena Schutmaat and Joseph Moran speaking for Richard Martin.

Mayor Pro Tem Henry Steffens who has just returned from a European trip presented Miss Kline with a pair of wooden shoes, Holland's traditional gesture to distinguished visitors.

YOUNGSTERS IN DUTCH COSTUME CLING TO LONG POLES TO KEEP THEIR LINES STRAIGHT IN FRIDAY'S SCHOOL PARADE

Tulip Festival Labeled 'Successful'

The city of Holland rang down the curtain Monday on another successful Tulip Time festival.

Festival Director Dwight Ferris, almost back to normal after an extremely busy week, paused today in his office in Civic Center to thank the thousands of Holland people who helped make the festival a happy success.

"It's almost impossible to single out the people who had some share in the festival, and so we give a blanket thank-you to everybody. We are most grateful," he said.

Best of all, tulips were in peak condition for the four-day festival and the visitors on tulip lane and to tulip farms reached proportions hard to estimate.

The festival climax occurred on Saturday for the big parade of bands. Saturday crowds were estimated by some at 200,000, and certainly with the traffic jams afterwards, Holland really could accommodate no more. Huge crowds also converged on Holland Sunday, but there were fewer traffic troubles.

The parade route was jammed with people up to 12 deep for Saturday's parade of bands which listed 45 visiting bands in the 115 entries lined up by Grand Marshal Paul Van Valkenburgh in weeks of preliminary work. It took an hour and 25 minutes to pass a given point, and it was color and music all the way.

The lineup was enhanced with several prize winning floats which previously had been entered in the Blossom Time parade in Benton Harbor two weeks ago. Besides the bands, from five states, there were many baton twirling corps, some of them coming from Pennsylvania and Ohio. Klompen dancers who danced earlier in the afternoon on the parade route all rode in white convertibles.

Other big attractions Saturday were the afternoon band review in Riverview Park featuring 15 marching bands, and the Tulip

Varieties Saturday night in Civic Center. Both events were in charge of Harold Karsten.

The Varieties program started out with a fine drill presentation by the Alpinettes of Mercer, Pa., which won the corps competition at Civic Center earlier in the day. This fine group in Alpine outfits was directed by Maynard Velier, presumably the same Maynard Velier who was the original flag thrower at Tulip Time festivals here more than 20 years ago.

Other entries at the Varieties listed a fine marching performance by the Rae-Vents of Pontiac in black outfits with big white plumes; selections by the Anchord Chorus of Muskegon, a women's Sweet Adeline group; the klompen dancers with 100 on the main floor dancing in stocking feet while a group on the stage danced in wooden shoes.

A fine performance by Two Maestros and a Miss of Grand Rapids consisted of music on the electric organ and accordion by Eric and Bill Wendlandt with Nancy Wendlandt as a baton twirler. Her last appearance in a jungle setting involved a knife trick in both twirling and slashing a pineapple.

Laughs were provided by the Amstrongs as the Acro-Nuts. Art Hills led community singing and also directed the Holland High concert band in the Varieties finale. Unfortunately, the band presentation ran too long and a large part of the audience left before the final number.

Festival leaders were fairly pleased with the weather. Threatening showers postponed one parade, and a light rain Saturday morning caused consternation for a time. But the sun shone brightly for the remainder of the day. Sunday's weather, though cool, was bright and sunny too.

Tulip Time Horse Show Slated Saturday

A new hunter and jumper horse show will be featured Saturday at the 32nd annual Tulip Time Charity Horse Show at the Pine Creek Showgrounds, on Ottawa Beach Rd., across from the Park Township Airport.

The course has been completely refinished and two new jumps have been constructed for the show. Proceeds of the event will go to the Ottawa County Humane Society.

One of the new fences is made out of wooden pulley wheels from the old grist mill in Jenison while the other fence has wheels from a logger's wagon similar to the wagons used in Northern Michigan. The contestants will have to jump over the logs between the wheels.

The new fences add to the picturesque setting of the showgrounds. The hunter and jumper show features the type of horses hunting the fox and the course during the show will take on the appearance of a fox hunt.

A total of 14 events will be staged in the show. The morning events begin at 10 a.m. and will

feature the junior riders in horse-manship and equitation events. The afternoon show begins at 2 p.m. and some of the events will be the knock down and out, horse-manship over fences, working and conformation hunters.

The hunters over the outside course will climax the show and annually is a show highlight. John F. Miller of Indianapolis and a member of the Trader's Hunt Club will be the judge.

The show is sanctioned by the Michigan Horse Show Association. Allison Cram, 14-year Birmingham rider, will compete in this show. She captured five championships in the Michigan Horse Show Association last year and was also a winner at the Holland, Tulip Time and Castle Park shows.

Entries have been received from throughout Michigan, including several from the Holland area, Ohio, Indiana, Illinois and Kentucky.

Besides the new fences at the showgrounds, the barns and stables have been painted and several good spots for spectators have been set up.

WINDMILL AND TULIPS — Holland's most photographed landmark remains the windmill at Windmill Park at the northern approach to Holland on Black River. And when you put some pretty klompen dancers at a bed of colorful tulips in

a setting which includes flowering shrubs and trees in bud, it makes a fine picture. Left to right are Nancy Van Leuwen, Mary Van Zanden, Nancy Denig and Liz Meyer.

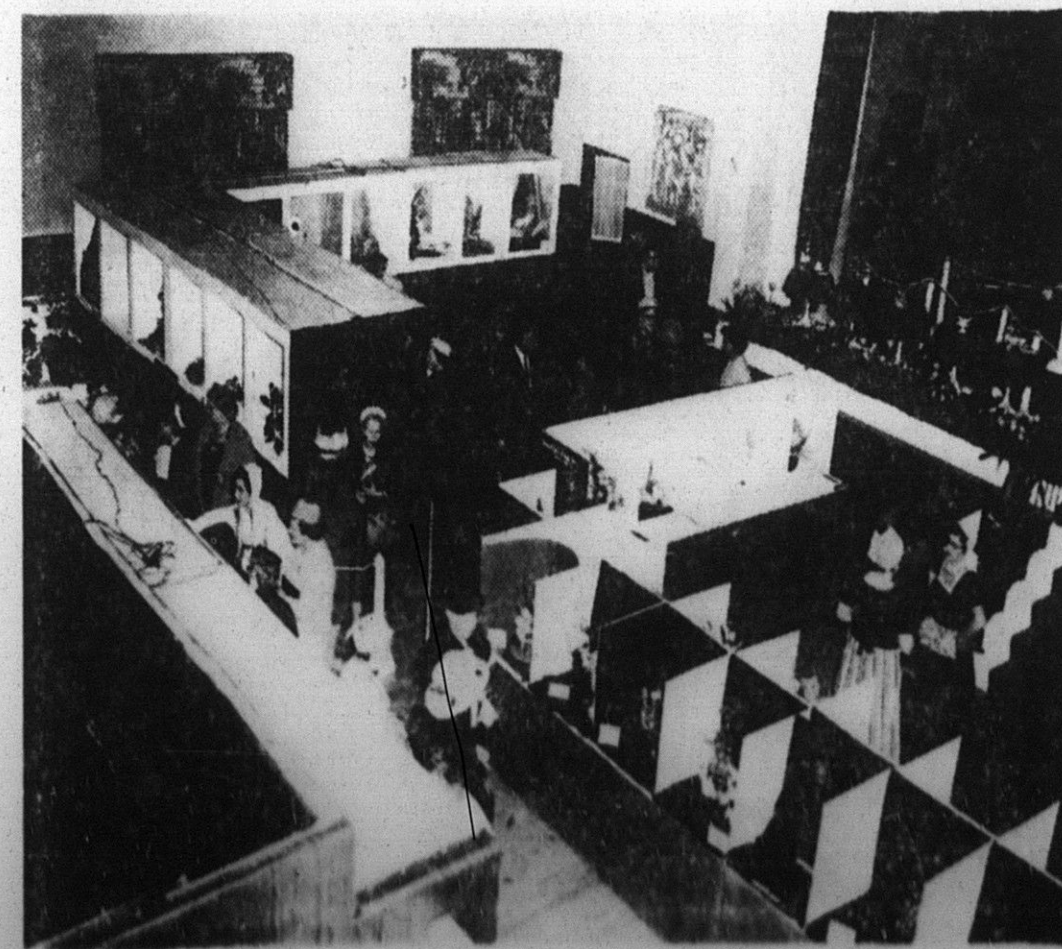

SIDEWALK SCRUBBING — Sidewalk scrubbing always attracts crowds at Tulip Time. Each morning during the festival, downtown merchants wearing Dutch costumes go outside in midmorning to scrub the walks as a

variation of the oldtime street scrubbing which traditionally opens all Tulip Time festivals. Such scenes are eagerly sought by visiting photographers.

LEFT! RIGHT! LEFT! — Looking for all the world like a trained drill team, these youngsters kept their eyes straight ahead and their lines neat and orderly, as they paraded before thousands of parents and local and visiting

HOME IS WHERE THEY ARE — Mr. and Mrs. Donald E. Christie, of Carmel, Ind., travel with ease practically anywhere. The couple came to Holland for the Tulip Festival last week, with the truck-trailer rig they used recently on a trip through Africa from Capetown to Cairo, and then throughout southern and Western Europe. The scooter, with room for two, can take them on the narrow roads where the truck and trailer can not go, and fits onto its own rack on the truck's front bumper. The truck has four-wheel drive, with eight forward speeds. The trailer is fully equipped with electricity, water and gas. Christie is a retired vice-president of the Merchants National Bank and Trust Co. of Indianapolis, Ind. (Sentinel photo)

Retired Banking Executive, Wife, Disdain Roads, Parks

A couple of well-traveled visitors, whose home is wherever they are at the time, were among the thousands in Holland for the Tulip Time festival.

Mr. and Mrs. Donald E. Christie hail from Carmel, Indiana, when they're not on the road. But ever since Christie retired after 43 years as vice-president of the Merchants National Bank and Trust Co. of Indianapolis, they've spent most of their time seeing the world.

The Christies take their travel in big chunks. Early in 1960, they joined a 41-unit caravan of travelers at Capetown, South Africa for an overland trek to Cairo, using trucks and trailers.

This was no summer vacation at a sun-drenched beach, where you park your trailer in a stall and plug into all the electrical power and running water you need. Sun there was plenty of, but few parks, beaches or even roads.

Instead, the caravanners used trailers equipped with their own electricity, plumbing and gas. The trucks were four-wheel-drive, with

heavy-duty transmissions with eight forward speeds.

The travelers also carried their own spare parts, including axles, springs and other suspension components, in addition to tires, bolts and tools. The trailers had water filters to make the foul African water drinkable.

Some 26 rigs completed the African tour out of 41 which embarked on it. The Christies were among the seven who insisted on doing things the hard way, and crossing the Nubian Desert.

The Christies added some of their own innovations to the trip. A small Italian-made scooter was purchased to take them over the roads that their heavy truck-trailer rig could not traverse.

They took the scooter with them into Europe after the African tour, and were able to enter some of the small, picturesque "post-card" countries and principalities where motor cars are never allowed.

Using some of his own ingenuity, Christie had the truck fitted with a bumper of his own design, made to double as a rack on which to carry the scooter.

COVERED WITH BEACH GRASS — Al De Ridder of route 1, West Olive, (right), points out to a Sentinel staffer the beach grass planting now being planted on the Old Baldy sand dune at Port Sheldon. The dune is located west and behind the new Consumers Power plant. Plans call for the planting of 56,000 beach grass plants on the dunes. Conserving the soil with beach grass is part of a longtime project in Ottawa County.

Planting of Beach Grass Helps in Control of Sand

Planting beach grass to control shifting sands in the Port Sheldon-West Olive area has resulted in reclaiming much of the land and now beach grass is being planted around the dunes of the Consumers Power plant at Port Sheldon.

The beach grass is planted in a diagonal pattern to serve as a windbreak and to hold the sand. Beach grass has been planted adjacent to all of the new roads in the Port Sheldon area.

For several years, much of the land north of Holland has been reclaimed with the beach grass. This type of grass thrives in the sand and quickly catches and begins to spread rapidly.

Since the grass spreads so fast it is effective in holding the sand and curtailing sand blows. A large sand dune, called Old Baldy, located on the lakeside of the Consumers plant is getting the present beach grass treatment.

Al De Ridder of route 1, West Olive has been planting beach grass for 40 years and he is presently planting 56,000 plants for Consumers on the Port Sheldon dunes.

The grass is easy to plant, De Ridder said, but each plant must have a hair root. About 6 to 7,000 plants can be planted in a day. An opening is made in the sand about half of the height of the spade blade and grass is slipped in and the roots are covered.

A charter member of the West Ottawa Soil Conservation club, De Ridder has planted and transplanted many acres of beach grass.

The beach grass being used in the Consumers project was raised by De Ridder on a 20-acre plot about a mile and a half north of 152nd Ave. and Butternut Dr. The beach grass is planted from early spring until June.

Christian Loses Game

GRAND RAPIDS—Holland Christian's baseball squad dropped another close one here Monday afternoon, bowing to Grand Rapids Christian, 4-3 in a five inning contest. In the first meeting between the two schools, the game ended in a 11-inning tie.

The Eagles scored first in the opening inning on a single and an error. Holland took a momentary lead in the fourth inning when they pushed three runs across on three hits. Singles by Mel Disselkoen, Jim Gerlings and Jon Mulder, along with a hit batsman and a wild pitch accounted for all of the damage.

Grand Rapids iced the win in their fourth, however with three tallies of their own on a single, a double, a walk and an error. Jim Geerlings went all the way on the mound for Christian giving up three hits while Rienstra hurled for the winners giving up four safeties.

Line Score:

Holland Chr. 000 30-3 4 2
G. R. Chr. 100 30-4 3 0

Batteries: Geerlings and Disselkoen; Rienstra and Verhey.

Dutch Split With Catholic

Holland High's baseball team lost to Muskegon Catholic, 7-1 in the first game and then captured the nightcap, 2-1 in action Monday at the 32nd St. diamond.

Sophomore Rusty Kemper was Holland's iron man in the doubleheader as he pitched 12 of the 14 innings. He came on in relief of Jim Borowski in the third inning of the first game and gave the Crusaders one run in the sixth inning.

Kemper toiled the entire contest and allowed Catholic one run and six hits. Manager Con Eckstrom reported Kemper had "fair control," had the Catholic hitters off balance and forced them to pop up.

Holland's run in the first game was scored when Jim Bowman's single drove home Paul Bast who had singled and stole second base. Catholic scored four in the first, two in the second and one in the sixth on eight hits.

Dave Stryker doubled for the Dutch and Jim Hosta, Bob Klaver, Chuck De Witt, and Bowman singled. Holland made three errors.

In the second game, Kemper singled in the first inning. Vic Jones and Klaver walked and De Witt hit a sacrifice fly and Kemper scored. Dan Koop singled in the second inning and Carter Beukema was safe on a fielder's choice and Hosta singled home Koop.

Catholic scored its run in the first. Catholic made six hits and Holland had three safeties.

Maroons Win Over East

Holland Christian's tennis squad powered its way to its 14th win against one defeat Monday afternoon on the 21st St. courts when it upset East Grand Rapids, the defending class B state champions, 4-2. East copped the Grand Rapids regional last Saturday while the Maroons won the Holland regional.

The third double match between the two outfits ended in a tie at a set apiece before it was called by mutual consent since Christian had already won four points to take the win. East was without the services of one of its No. 1 doubles players along with another double performer.

In the No. 1 singles, steady John Irwin of East downed Doug Windemuller of Christian, 6-4, 6-3, while Christian's Jerry Van Wyke finally bowed in the No. 2 match to Boyd Griswold, 3-6, 6-4. The Maroons won the third and fourth singles with ease as Tom Boursma whipped Dave Weiss, 6-1, 6-0 and Dave Boyd stopped John Wares, 6-1, 6-2.

The Maroons continued to look sharp in doubles as the No. 1 duo of Terry Pott and Jim Langland stopped the potent duo of George Maentz and John Ryan, 6-2, 4-6, 6-3. In the No. 2 doubles the Maroon freshman combination of Randy Nykamp and Don Kromeyer defeated Steve Idema and Dave Bryant, 8-6, 6-3. In the called match Holland's John Eltring and Paul Van Wyke defeated John Idema and Henry Fairchild, 6-3 and then lost the second set, 13-11.
