Garden Therapy Display Ends Busy Season for Committee

Entries in the Tulip Time Flower Show climaxed a busy season for the 115 children in the special education classes of the Holland Public Schools with special ribbons awarded to them in the Garden Therapy section "A Bird in the Hat."

The Garden Therapy Committee of the Holland Garden Club consisting of 20 members including the co-chairmen Mrs. Ronald Boven and Mrs. Edward Mott made monthly visits to 115 mentally, physically and emotionally handicapped children.

These children are attended by 13 teachers and five aides in Jefferson, Maplewood, Harrington and Washington Schools. The Garden Therapy committee divides with some going to three schools and most remaining at Jefferson School where most of the children are. Garden Therapy, a continuing program, was started in 1955.

Monthly program for the year 1970 up to and including the Flower Show began last April 1970 with a nature film on the life of a pond. Putting ivy plants in the 1970 flower show was the May 1970 project.

In September when school resumed, the children planted 150 hyacinth bulbs in the garden outside Jefferson School. Two projects in October included a trip to the Nature Center when Robert Semeyn, the coordinator explained the center and pointed out the special trees, frogs, and insects. The second event was the annual pumpkin decorating project with children putting gumdrop faces on the pumpkins where were taken to Grand Haven and used as centerpieces for the convention of oral-deaf teachers. The pumpkins were later taken home by each child.

November's project was an arrangement of weeds and seeds on colored paper which was sprayed with paint. After seeds and weeds were removed it created a shadow box picture.

Book Review Highlights Luncheon

A review of the book, "The Git-Away Box," by Hilary Milton, provided a pleasant program for the annual spring luncheon of the Holland Hospital Auxiliary Wednesday in the hospital Heritage Room.

The reviewer, Mrs. Bastian Kruihof, gave a moving account of a sensitive story in which a rather illiterate grandfather of Alabama and his orphaned 10-year-old grandson made a journey from "the Washington D of C" to Bucks-Ville, Ala., pulling a git-away box on wheels, designed with seven compartments for clothing, bedding, fishing equipment, food and necessities.

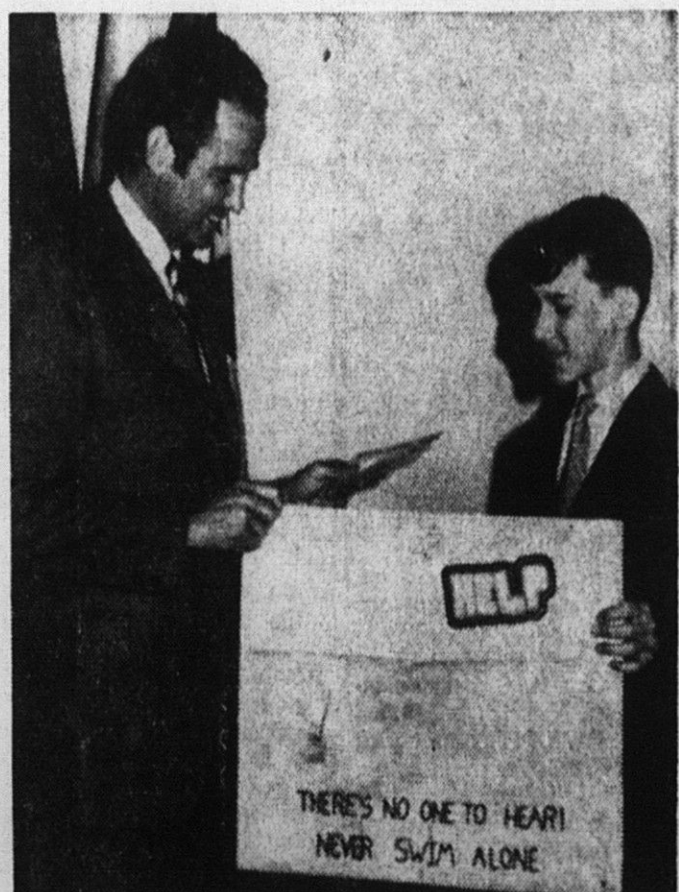

Adventures along the way in this heart-warming tale provided fun, education and an awareness of love and appreciation for a heart-broken lad whose parents had been killed in a vacation accident. The down-to-earth philosophy of the grandfather based on religion and an "eternal rightness of living" led to new horizons for the lad in becoming mature, resourceful and responsible.

"We always make do," the grandfather said. "It's not so much what you got but what you do with it." On arrival at the destination, the grandfather described it as "a trip that takes the sting out of a hurt like butter takes the sting out of a burn."

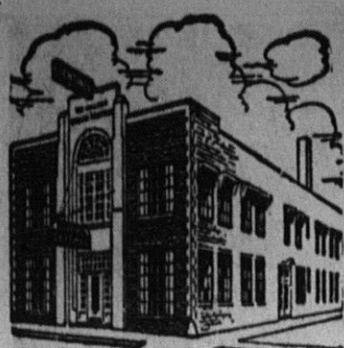

Mrs. Robert De Nooyer, auxiliary vice-president, presided in the absence of Mrs. S. Walter Kuipers who was recovering from surgery. Mrs. John K. Winter assisted Mrs. De Nooyer with luncheon arrangements.

Hospital Director Frederick S. Burd thanked the women for their many hours of service to the hospital and its patients as well as the large sums of money each year for hospital equipment. He also spoke of pending legislation on national health insurance and possible changes in hospital administration leading to charter changes, two subjects which the auxiliary may be asked to support in the future.

UNFAMILIAR BIT OF HISTORY

Slowly, momentum is building up for celebration, in 1976, of the 200th anniversary of the Declaration of Independence. There is particular activity in Philadelphia, which has been chosen as the main site for the festivities.

The great thrust of America's history as an independent nation will naturally be the central element in the celebration. Various sidelights of history, some not familiar to many of us, also will receive attention.

Visitors to the Philadelphia area will, for example, view Fort Mifflin nearby on the Delaware River. Its significant history for us began in 1775, when Gen. Thomas Mifflin captured the stronghold from the British.

At Fort Mifflin a handful of raw Colonial soldiers stood off much larger British sea and land forces, thereby blocking the Royal Navy's efforts to get up the Delaware with supplies for British troops. This action can be seen as having saved the Revolution in October and November 1777.

This was accomplished by delaying the British long enough to allow George Washington and his army, already beaten in a succession of engagements, to escape to the bleak and almost impossible winter camp at Valley Forge. The hardships of Valley Forge are still well remembered, as is the fact that the Revolutionary army lived through it and kept going until final victory. The events at Fort Mifflin that made Valley Forge and its aftermath possible are less well known — but will become familiar to many Americans as a result of the forthcoming celebration.

God, the Lord of History
Isaiah 10:5-7, 15; 14:24-27
By C. P. Dame

On this Memorial Day we will study a passage of Scripture that is most fitting for our times and our nation. It is also good for the day of Pentecost which happens to be on the same day—so the day speaks to us of the nation and the church and both deserve our thought and prayers.

I. God uses different kinds of nations. "O Assyrian, the rod of mine anger, and the staff in their hand is mine indignation"—these words are from God, written by Isaiah, God's spokesman. Isaiah was a prophet and a statesman who lived in trying times. Assyria was growing in power and influence and had carried Israel into exile in 722 B. C. Prophets had warned the nation in vain. The threatened judgment finally came. Judah had seen what happened but paid no attention to the event nor to the warnings of the prophets.

God was angry with His disobedient people. His anger is ever due to His holiness. Pagan Assyria became God's rod and staff with which He expressed His anger. God used Assyria, not to destroy the nation but to punish and purify it. Assyria did not know God was using it for His purpose. The nation wanted riches and God allowed the nation to plunder and thus punish His idolatrous people. Does God use any modern nation?

II. God hates the proud—both nations and leaders. "Shall the ax boast?" How foolish the question! A tool is only useful when it is in the hands of someone. It is stupid for the Assyrian to boast seeing it was used by God for His purpose. God gave the power. God deals with nations today and uses them as He sees fit. "Surely as I have thought, so shall it come to pass; and as I have purposed so shall it stand." The words, "thought" and "purposed" rule out fatalism and humanism.

Assyria finally fell in 612 B.C. when Nineveh was conquered by the Babylonians, and later on the Persians took over and then the Greeks and then the Romans. God is in control. Nations, as well as individuals, owe Him worship and recognition. We are glad that prayers are offered at legislative bodies and that we have a national thanksgiving day but those deeds do not make the nation godly.

We as a nation have received an unusually large number of blessings and God expects that we use what He has given for His glory which will bring benefits to mankind. Our nation needs a spiritual awakening for our dangers are many. Communism, humanism, secularism, pride and prosperity are dangers we face.

Dr. Kuyper Named Interim President

At the May 17 and 18 meeting of the Board of Trustees of the Seminaries, Dr. Lester J. Kuyper, member of the faculty at Western, was named the interim president of the seminaries of the Reformed Church for one year. Dr. Kuyper is currently serving as President of the General Synod of the RCA.

The board also named a presidential screening committee to begin the search for a new president to succeed retiring president Herman J. Ridder. The new committee will be comprised of four board members, two faculty members and two students.

Named to chair the committee

Dr. Lester J. Kuyper

was John De Wild of Rock Rapids, Iowa. Serving with him are John E. Damon of Grand Rapids, the Rev. Vernon L. Dethmers of Glen Rock, N.J., and the Rev. Harold J. Schut of Scotia, N.Y. Faculty members listed by the respective faculties as their representatives were Dr. Richard C. Oudersluis of Western and Dr. Vernon H. Kooy of New Brunswick. Students nominated to the committee from each campus were Perry L. Raak from New Brunswick and Gerald Dykstra from Western.

An enthusiastic endorsement was given the report by Dean Eenigenburg regarding the design for the second level of the new bivelev multisite program to be carried on at Western, in which a major emphasis has

been put on the student's ability to knowingly perform skills required for ministry. De-emphasized in the new design is the necessity to take courses or achieve a stipulated number of credit hours. A student will continue to take work at the seminary until he can satisfactorily do what is required for ministry rather than complete a required number of courses.

Dr. Robert F. De Haan was elected as the new chairman of the board to succeed Dr. Lars I. Granberg. Serving with him will be the Rev. Harold J. Schut as vice president, Dr. Sylvio Scorza as secretary, and Ekdal Buys as treasurer. In addition, the Rev. Vernon L. Dethmers, Joseph Fowler and the Rev. Frederic C. Dolfin were elected, along with the officers, to comprise the executive committee of the board.

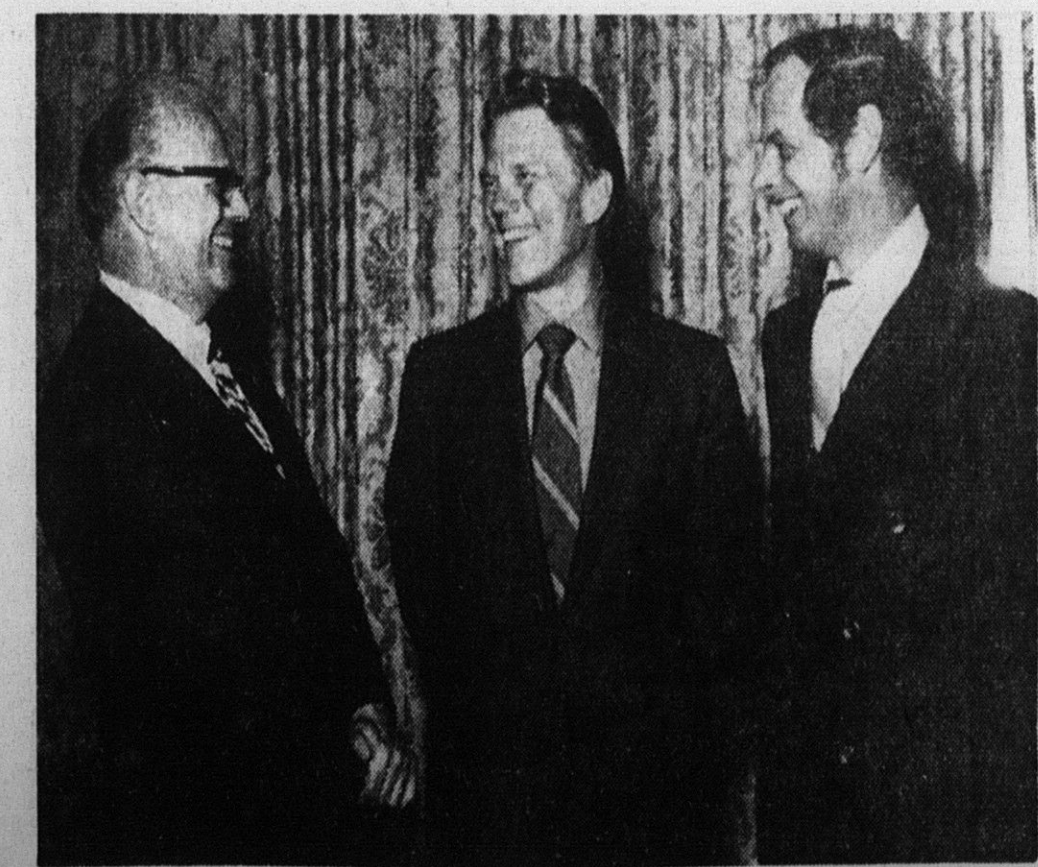

The resignation of President Ridder was accepted effective August 15, 1971. The board voted a three month's sabbatical for Dr. Ridder which was granted with the understanding that he serve as a consultant to the enterprise of theological education, RCA during the coming academic year.

The board also voted to refer the matter of a single site for theological education in the RCA to the executive committee for study.

Dr. Lester J. Kuyper has served on the Western faculty since 1939. A Hope College graduate of 1928, he was graduated from Western in 1932, received the Th.M. degree from Princeton in 1937 and was awarded the Th.D. degree by Union Theological Seminary in New York in 1939. Known affectionately to a number of student generations as a "Mr. Chips" in RCA theological education, Dr. Kuyper brings to his new assignment both a knowing concern for theological education as well as a commitment to a unified program of theological education.

Five Arrested In Zeeland Outbreak

ZEELAND — Five young people face charges in connection with a disturbance by youths Thursday night during which police said eggs were tossed at buildings and passing motorists in downtown Zeeland.

Police Chief Lawrence Veldheer said an estimated 75 persons, including some believed from Holland, congregated in front of a downtown sandwich shop shortly after 7:30 p.m. and harrassed passersby for about two hours until police ordered them to disperse.

Two youths were apprehended for failure to disperse, two for malicious destruction in connection with egg tossings and one for setting fire in a trash barrel. A screwdriver was confiscated from another youth.

Veldheer said nearby Zeeland high school, where school board members were in a meeting, was hit by eggs as were cars of the school board members.

The middle school on Roosevelt Rd. and a private home on 104th Ave. also were reported struck by eggs.

Veldheer said a window of an apartment across the street from the sandwich shop was reported broken by an egg and a motorist reported the windshield of his car was damaged.

Veldheer said 22 officers and reserves, including two units from the Ottawa County sheriff's

department, were summoned to control the disturbance.

The chief said he was informed youths were to have met in Zeeland the previous week but the gathering apparently had been delayed.

It was the second such outbreak reported in Zeeland this school year.

AAUW Elects Officers, Wraps Up Year's Study

The Holland Branch of the American Association of University Women held its final meeting for the year 1970-71 Thursday evening in Durfee Hall.

Mrs. Steven Van Grouw, retiring president, presided at the business meeting, at which time Mrs. William Rocker became the newly-installed president.

Retiring board members are Mrs. Stuart Padnos, Mrs. Harlan Sprik, Mrs. Fred Leaske, Mrs. Alfred Smith, Mrs. Roger McLeod, Mrs. Duane Perry, Mrs. Robert Bolte, Mrs. Harold Vande Bunte, Mrs. Donald Rohlek, Mrs. James Chamness, Mrs. Kenneth De Pree and Mrs. Jack De Roo.

Mrs. Delbert Michele, Mrs. Paul Van Faasen, Mrs. Robert Linn, Mrs. Van Grouw and Mrs. Rocker gave brief but interesting reports on the State AAUW Convention held recently at the Oakland University Campus in Rochester.

Mrs. Van Faasen, membership chairman, introduced the following new members: Mrs. James Smith, Mrs. Ken Sebeas and Mrs. Robert Hoeksema.

For the past two years, AAUW meetings have concentrated on the two topics "The Human Use of Urban Space" and "This Beleagured Earth." Members have studied the problems and have become involved in solutions related to these subjects.

Thursday night's program brought in focus how contemporary society is reflected in the arts. In view of this the following members displayed some of their own artwork: Mrs. Robert Saunders, Mrs. Roger McLeod, Mrs. Harry Vrorby, and Mrs. Willis Reed.

Mrs. Michel, Program Chairman for the 1971-72 biennium, showed a collection of slides to illustrate how painting and sculpture reflect our present society. Urban living, technology, commercialism and democratization are all major factors influencing the art world today.

"Ours is a sexy, sensational, saleable society, and the artist's view of contemporary man reflects a shift to urban existence," Mrs. Michel concluded.

Mrs. Walter Pancik continued the program by discussing today's literature. Mrs. Pancik stated that "contemporary literature reflects the loneliness and alienation of modern man. The individual self, as seen in both

author and character, is struggling for identification amidst the crush of urban life."

Miss Linda Detmar, a Hope College student from Boyden, Iowa, showed how music reflects modern man. She did this artistically by singing and playing the guitar. Miss Detmar emphasized the area of folksong particularly.

Folksongs tend to reflect a dichotomy of alienation on one hand and a call for new involvement on the other, both often intertwined with a basic desire to put trust in a supernatural being.

Mrs. Ron Rohlek, Fellowship Chairman, announced that used books are being collected for the Used-Book Sale in the fall. The public is asked to call Mrs. Norman Lunderberg for pickup service.

In charge of the social hour following the meeting were Mrs. Edwin Comstock and Mrs. Duncan Weaver.

Vriesland

A son, Darwin Jack, was born May 17 to Mr. and Mrs. Jack Ter Haar.

The choir from Vriesland and those from Drenthe, Oakland and Forest Grove gave a musical program in Forest Grove Reformed Church Sunday evening.

Jacob Morren, elder and Louis Beyer, deacon and the Rev. J.T. Eernisse will represent Vriesland Church at the special Classis meeting in Beaverdam Reformed Church to examine Seminary students Tuesday evening.

A special congregation meeting will be held Wednesday at 8 p.m. to decide on time for the evening service.

The Junior C.E. Convention will be held June 5 in Grandville. Vriesland Junior C.E. members and their sponsors plan to have a beach party on June 12.

Sue Bazan, Mark Boss, Elaine Brummel, Dennis Koeman, William Timmer, Esther Van Hattma, Barbara Vredevel, Ruth Vredevel and Marijo Wynyarden from here are among those graduating from Zeeland High School on June 10 at 8 p.m.
