Piano Practice Causes Disease

Declares Dr. Waelzhold in an Article on "Music and Nerves."

Chlorosis, Neurosis and Other Nervous Disorders From Which So Many Girls Suffer said to be the result of "Hammering the Keyboard."

In the British Medical Journal is discussed Dr. Waelzhold's article on "Music and Nerves," in which he claims that the alarming increase in nervous disorders in young girls is due to the "deadly custom" of hammering the keyboard.

Whether or not the cause is due to piano lessons may remain a question, but there is no denying the fact that there is an enormous increase of nervous diseases among young girls at the critical age of twelve to sixteen, when they are just crossing the threshold of womanhood. Their nervous systems are put to a severe strain by excessive study at school, practice of music and anxiety of examinations. It is during this trying time that girls become pale, weak and nervous, and suffer the results of irregularities of the delicate feminine organs.

As a restorative for pale, weak girls, and women suffering with the illa peculiar to their sex, there is no treatment to be compared with Dr. A. W. Chase's Nerve and Blood Pills, the great private prescription of Dr. A. W. Chase, whose portrait and signature is on every box of the genuine.

Dr. A. W. Chase's Nerve and Blood Pills restore and revitalize the wasted blood and nerve cells, bring back the color to the cheeks and the roundness to the form. 50 cents a box, at all dealers, or Dr. A. W. Chase Med. Co., Buffalo, N. Y.

FRIDAY, June 1.

Gubernatorial Talk.

It makes us tired to see Republican papers, and some of them old stagers, too, who favor Mr. Stearns' candidacy for governor, speak in such fine terms of the "new methods" and "business like manner" in which Mr. S. is filling the office of Secretary of state. To read these papers those who are set cognizant of the past history of that office would think that Mr. S. had been preceded by a series of robbers and rouses on him had depended the redemption and re-incarnation of principles long dead. Rats! Washington Gardner went out of that office leaving an honorable record behind him and a routine of business in the hands which the J. S. could not nor has not improved in the

least. Only one secretary to our knowledge has left in any wise short of Stearns in running that office, and he was Dan Soper, a democrat, who thrived under the Winans administration.—Scottsville Enterprise.

A gentleman who enjoys a wide state acquaintance, and who has been about the state a great deal of late, himself being a candidate for a state office, said to the writer the other day, "I tell you I find Bliss sentiment growing every day about the state, and I believe Col. Bliss will be nominated. Judging from what I learn in my travels about the state Col. Bliss is 40,000 votes stronger than any of the other candidates. Nearly every Pingree appointee in the state, especially those who desire to hold their present positions for another four years, are supporting Stearns for governor. The people of the state of Michigan have had enough of Pingreeism and they will not care to have it continued four years more."

In one of the strong republican townships of this county an enthusiastic republican recently made a canvass of upwards of 100 of his republican friends regarding their choice for governor. He found fully two-thirds of those he interviewed to be in favor of Col. Bliss, a few for Mr. Perry and the balance for Mr. Stearns. In every

instance when he found an ardent Pingree supporter he found an enthusiastic Stearns man. The people of the state want Col. Bliss for governor.—Allegan Chronicle.

The irresistible, immortal, overpowering fact that is Col. Bliss is in the gubernatorial race, that he is in the lead, that he is gaining strength every day and more than that he is conducting an honorable and a decent canvass.—Saginaw Courier-Herald.

Lake and Marine.

The Japanese in launching ships use no wine, but hang over the ship's prow a large pastboard cage full of birds. The moment the ship is afloat a man pulls a string, when the cage opens and the birds fly away, making the air alive with music and the whirl of wings.—New York Post.

The novel spectacle of a telephone aboard a boat may be seen on the tug Sport. A line run out to the old Lumber Company's salt dock renders it an easy matter for the crew to make the necessary connection while the tug is lying at the dock, giving a telephone service to any part of the city. The unique arrangement is found to be highly convenient.—Ludington Record.

Capt. Turnbull will command the strmr. Chas. McVea this season. The boat will go on the Saugatuck-Chicago route whenever the condition of the harbor and passenger traffic demands.

The painting and fitting out of the steamer Saugatuck is completed. The date for the first trip to Chicago cannot be decided on till the channel is open enough for the boat to reach the waters of Lake Michigan.

Graafschap.

A very pretty wedding occurred last Wednesday when Gerrit Rutgers, of Graafschap and Miss Dina Heckman, of East Saugatuck were united in marriage at the home of Mr. Rutgers. The ceremony was performed by Rev. A. Keizer and was witnessed by the relatives and intimate friends. A host of friends unite in good wishes for the newly married couple.

Smoked glasses were in order Monday morning and most of our people viewed the sun eclipse. It was a fine sight.

Rev. Keizer received word from the family in the Netherlands that his nephew, G. Keizer, is an adjutant in the army of Gen. Crouge and is now imprisoned with that noble general and his followers on the Island of St. Helena.

Since the death of Prof. Becker, his daughter Mrs. Dr. Roberts, her husband and family, have been staying at the home of Dr. Becker.

Rev. Jacob Van der Meulen, son of Rev. Van der Meulen, of this village, will be married to Miss Anna Brinkman next Thursday afternoon at the home of the bride. Both young people are prominent and popular. They will reside in Grand Haven where Rev. Van der Meulen has accepted a call.

Mrs. J. Busker is seriously ill.
John Mulder transacted business in Crip Monday.

H. Beckman lost a cow Sunday of brain fever. This is hard luck for Mr. Beckman as he lost another one some time ago.

Several of our young men are taking fishing trips these days and are meeting with success.

The Misses Joe and Anna Harkema have returned from their trip to New Mexico where they went on account of Anna's ill health. We are glad to see them back as Graafschap needs all its pretty girls. We have some to spare especially fitted for a farmer, artist and musician and we should like to have our West Olive correspondent come here and look around.

The entertainment given at Filmore school district No. 2 last Friday evening was a grand success, but they should begin a little earlier in the future as we did not have a chance to hear all of the watermelon case. All who took part in the program did very well and the banjo music furnished by Eugene Fairbanks was fine.

For a good warranted Deering binder call on Bert Tinholt and get the best. Then don't forget to subscribe for the News.

Ottawa County.

Prof. C. E. Kelley, of Herrington, has been secured as principal of the Coopersville high school for next year. Miss Georgian M. Donald, of Nunica, will also teach there next year in place of Miss Cooney.

The Spring Lake township assessment roll contains the names of 597 taxpayers.

Among the recent acquisitions to the medical profession of Coopersville, is Dr. N. H. Kassaban, a native Armenian. He is a graduate of the Northwestern university school, formerly Chicago Medical college, and is a very pleasant gentleman to meet. The doctor was educated at the Harpoot college, 1882 to 1886. This school together with its mission buildings, were destroyed by the Turks in 1896.

Filmora.

The beets that are drilled have done well even if it was very hot and dry. The soaking rain of Tuesday was very beneficial to the crops. At present there is nothing on the farm that promises to be a better crop than the clover.

Our sick friends are not improving very much. We would be well pleased if they would soon regain their health and strength.

Mr. S. Diephuis of Muskegon, called on his grandson, Clarence Boeve, and at the same time attended the funeral of Prof. H. Becker at Graafschap.

Mr. and Mrs. H. Strabbing, of Graafschap, passed through our town to visit their parents in Overisel.

Mr. Geo. De Witt has purchased a new cream separator which gives him good satisfaction. Now he can keep his milk at home. He separates the cream from the milk as it comes from the cows, and the calves get the fresh sweet milk. This is one of the latest improvements on the farm. The butter made in this way can be sold for a better price and the young calves do very much better than on milk from our creameries.

Mrs. H. E. Pas, one of the early settlers, died at her home Tuesday night, at the age of 75 years. The funeral took place at 1 o'clock from the house and at 2 o'clock in the Ebenezer church Rev. J. Vander Meulen, officiating.

John Wyman is building a fine new barn and there have several new residences gone up in this vicinity this spring, which speaks well for our lake shore land.

Fred T. Miles, who is attending Hope college in Holland spent Saturday and Sunday with his parents, Mr. and Mrs. Charles Miles.

We had the most severe thunder storm of the season this afternoon and evening. The rain came down in torrents.

Miss Lena Walker has gone to North Holland for a short visit with her aunt, Mrs. Bertha Horton.

The Aid society of the M. E. church met in connection with a birthday party to celebrate the sixty-second birthday of Mrs. Richard Smith at her home last Tuesday.

Bert Reimersma has commenced work on his farm of 20 acres surrounding the Dutch church formerly owned by John Tea Hagen.

Burnips Corners.

The reason because the B. C. correspondent has been silent for some time is that the grip had hold of him.

The entertainment given at the Burnips Corners High School was well attended and proved a success.

There will be nine graduates at Burnips this year.

Prof. Osmer does not intend to stay another year.

G. A. Bachman is home on a short visit.

How is it that Guy Wise comes to Hamilton so often, can it be that there are more attractions here than in Holland.

Miss Jennie Kronmeyer has been quite ill but is recovering fast and we hope to soon see her back at her old place. We can't get along without Jennie.

A school picnic was held at Campy's island on Saturday last and a fine time was enjoyed by all. Ice cream was served and the way it disappeared before these children was a caution. Mrs. Sprague, their teacher is deserving of a great deal of credit for the kindness she has shown toward her scholars. The day was fine and the grounds delightful, being pleasantly situated on the river, with a fine spring of cold running water within a few rods of the tables.

We notice that the farmers are asking each other if we are going to pull through with a frost—looks that way.

We notice that Abel Bolhuis is putting new shingles on his building, a much needed and decided improvement. He is also making other improvements. We are glad to see changes of that kind in our village.

Our new doctor, Mr. Rigterink, is now fully installed in his new quarters and we all give him a hearty welcome, and wish him success.

We are having fine spring rains and every thing looks fine. The farmers wear a smile and all is lovely in Hamilton.

West Olive.

Planting is about done around here for this season.

That meeting Thursday night was a success to them that believe in eternal salvation, but a number of the gang outside would rather believe in having a good time as they call it by getting drunk using profane language and disturbing the meeting. They act as though they would like to die like a dog amid rejoicing.

Dr. Geo. Baker made Eli Sankey another professional call Friday. He is improving very slowly.

Mrs. Wm. Marble was taken with a stroke of paralysis suddenly last Saturday which it seemed would immediately end her life, as her heart nearly ceased beating and if it had not been for her sister she would probably have died. Dr. L. N. Tuttle, of Holland was sent for and he pronounced it a case of heart disease. She is at present able to be around but heart disease is dangerous.

Then, Schilling has got the best house and lot in Olive township I think because he has built a picket fence and sidewalk along the roads of Main street and that good Johnny-cake avenue.

Mrs. Flora Kelly arrived Saturday from Lake Harbor, near Muskegon in response to a telegraph message announcing her mother's serious illness.

Sunday school was well attended again. Following are the officers at present: H. Wood, superintendent; Frank Garbrecht, treasurer; Miss Sena Shearer, secretary; Chas. Shearer, teacher of the Bible class. Mrs. Shearer, Garnett, Norton, Sankey and Frank Binn are the teachers of the smaller classes.

The Democrats are now trying to bowl at the administration for not putting an end to the South African war, even when they know that the result would be war between our country and England. I thought the Bryanites did not want war, by the way they argued against so many of our nice young soldiers getting killed in the Philippines. We sympathize with the Boers but to aid them would surely mean war.

Mrs. Flora Kelly returned to her business in Lake Harbor hotel Monday. Her mother is about well again.

Joseph Goodman and his mother, who has been visiting his brother, H. Goodman returned to their home Saturday. Henry accompanied them to Holland.

Mr. William Lent and family removed to this place from Battle Creek Monday. He is a carpenter by trade and has rented a room in the Gokey

block. I hope he will stay with us and help repair the town.

Amos Barnes made Holland a call Monday.

Frank Binn lost a calf during that wind storm Sunday at Port Sheldon. It was struck by a falling tree and instantly killed. A calf was killed in the same manner some years ago, so it does not seem safe to keep stock in the pasture during a storm among trees.

Most farmers around here are against sugar beets. Their motto is: Hard labor in raising them and small profits in selling them.

IS GROWING WORSE.

The Strike Situation in St. Louis Increases in Gravity.

SEVERAL RIOTS OCCURRED TUESDAY.

Eleven Persons, Among Them a Schoolgirl, Are Shot—Three Will Probably Die—A List of the Victims.

St. Louis, May 30.—In a rioting sense Tuesday's developments were the worst experienced since the strike on the lines of the St. Louis Transit company was inaugurated, over three weeks ago. The rioting was confined entirely to three places in the southern section of the city, and by nightfall the police records showed that fully a dozen persons had either received bullet wounds or been hurt by flying missiles. Three of those hit by bullets received what are presumably mortal wounds, and that no one was killed outright seems miraculous, considering the great number of shots exchanged indiscriminately on the part of employees of the company, the strike sympathizers and the strikers themselves.

The Victims.

The following is the list of those wounded during the day:

Herman Peschke, shot in the back, fatal; John T. Rice, shot through the chest, fatal; R. H. Stilson, Cleveland, O., shot through the chest, fatal; John McCalley, shot in left knee; Dolly Mitchell, shot in right arm; William Grannemann, shot in left leg; George Lacostan, shot in left arm; Albert Wackwitz, shot in right arm; John Decker, shot in left thigh; Frank Yeager, shot in hand; Martin Burke, shot in left hip.

A number of others suffered injury from missiles thrown and in other ways incidental to the riotous developments of the day.

Fired Into the Crowd.

Two of the riots occurred on South Broadway, as a result of the attempt of the Transit company to run its cars. The first disturbance occurred at the intersection of Broadway and Miller street. Bonfires had been started during the night, and the tracks were found encumbered with the debris by the crew of the first car out. A big crowd composed of men, women and children gathered at the corner, and they hooted and gaped the crew as it attempted to remove the obstructions. Almost immediately shooting commenced from the car. First a single shot rang out and then a perfect fusillade. The crowd scattered in every direction in the greatest confusion.

School Girl Shot.

A schoolgirl named Dollie Mitchell screamed and fell to the sidewalk. She was borne to a place of safety and on examination it was found that she was shot through the arm and was not seriously hurt. William Grannemann, who was standing some distance from the scene of the shooting, was struck in the left knee and seriously hurt. James McCalley, who was also some distance from the crowd when the firing began, received a ball in the left leg, just above the knee. Both Grannemann's and McCalla's injuries may necessitate the amputation of their limbs. There is some doubt as to the number of shots fired, but from the appearance of things surrounding the scene of its occurrence there must have been 30 or 40 shots. Windows are smashed, boards splintered, and numerous indentations of bullets are to be found on the walls of the buildings in the vicinity.

Boy Is the Victim.

The second riot occurred at Broadway and Pestalozzi street. At the time a large crowd was gathered at the alley through which the railroad switch to the Anheuser-Busch brewery runs. As a car passed the point the crowd first commenced to jeer at the crew, and then began to pelt the car with rocks and other missiles. As soon as the car was thus assaulted the firing began. In all 25 or 30 shots were fired. The crowd began to run up the alley just as soon as the firing started. Herman Peschke, a boy employed in the bottling department of the Anheuser-Busch brewery, was the first to fall, with a bullet in the small of the back. His spine is injured, causing total paralysis below the point of injury, and his recovery is thought impossible.

A few moments later George Lacostan, a man employed at the brewery, and Albert Wackwitz, a painter, fell to the ground, the former being hit by a bullet in the left arm, and the latter receiving one in the head, above the right temple, the ball ranging upward between the scalp and skull, and passing out at the top of the head. It is the opinion of the physicians that neither man is seriously injured.

Riot Call Sent In.

As soon as the trouble began a riot call was sent to the chief of police and 25 men were hurried to the scene. Edward J. Bresner, the conductor of the car, was arrested and locked up charged with shooting Peschke. Bresner stated that he had shot when the others in the car commenced firing, after the crowd attacked the car. He said he did not know whether he had hit anyone or not. The three wounded men denied they had taken any part in the attack on the car.

Riot No. 3.

The worst of the riotous disturbances occurred near the intersection of California avenue and Keokuk street. In this affray a nonunion motorman and another employee on a car of the Transit company were probably fatally shot. The battle while it raged was fierce and, in view of the large number of shots fired, estimated at 200, it is remarkable that there were not more injured. If there were they were

removed before the police could get to the scene of the trouble.

As the car approached the intersection named, Motorman R. H. Stilson, a man imported from Cleveland, O., and Emergency Policeman Lofton, who were on the front platform, saw that some obstructions had been piled high and that the tracks were impassable. A big crowd of people were gathered to witness the removal of the obstructions. They began to hoot and jeer and to apply epithets to the crew of the car, daring anyone to get off the car to remove the obstructions from the track. As Stilson started to step from the car his action was the signal for firing to begin from the crowd. Almost at the first shot Stilson threw up his hands and fell to the front platform with a bullet through his body. In the fusillade that followed John T. Rice, a road agent, who was on the car, was shot down as he got from his seat inside, receiving a ball through the chest. The police bodyguard on the car opened fire on the mob, at least 200 shots being exchanged. The mob scattered and ran down side streets to get away. Officer Lofton said when the shooting began it seemed to him that 50 men had pistols pointed at the car, and that each one of them was blazing out fire.

Still Another Riot.

The fourth affair took place at the intersection of Gravois avenue and Victor street, and during its progress Martin Burke, a striker, was shot in the left hip. Elmer Simmons was acting as guard on a Cherokee line car, and as it was passing the corner Burke began calling those upon it vile names. Leaving the car, Simmons drew his revolver and advanced on Burke. Burke grappled with him, and in the struggle for possession of the weapon two shots were fired, one taking effect in Burke's left hip. A crowd of strike sympathizers at once surrounded Simmons and gave him an unmerciful beating, which might have terminated fatally had not a detachment of police arrived on the scene at this juncture and rescued him.

BROKE UP IN A ROW.

Chicago, May 30.—At Tattersall's Kid McCoy was given a decision over Syracuse Tommy Ryan Tuesday night at the end of one of the prettiest six-round fights ever seen here. But over the decision and what Referee Hogan claims was a misapprehension a free-for-all fight resulted, and but for the presence of a large force of police, who hustled the men out of the ring and cleared the hall in a hurry, it is probable that the McCoy-Ryan fight would not have been the most interesting thing on the evening's programme.

One clause of the agreement was that a draw should be declared were both men on their feet at the end of the sixth round. Referee Hogan said after the contest that he had no such understanding, and rendered a decision as he thought just. As the bell rang at the end of the sixth round, Ryan, bleeding from ear and nose from the Kid's fierce left jabs, but comparatively fresh, started toward his corner. "McCoy wins," shouted Referee Hogan. In an instant the hall was a pandemonium.

"What do you mean?" said Ryan, in amazement.

Hogan said nothing, but climbed through the ropes.

"You're a robber!" shouted Ryan.

Hogan turned around, and just as he did so Ryan swung his left to Hogan's face. Quick as a flash Hogan returned the compliment with a blow on Tommy's nose. But before they could go further the police were between them.

The Tattersalls management admitted after the fight that the draw agreement was correct, but said Hogan's decision would stand.

So far as the fight was concerned, McCoy, in the opinion of a large majority, had a long shade the better of it. Ryan carried the fight to his man continually, but the elusive Kid was generally out of the way, and his lightning jabs had Tommy bleeding slightly early in the fight.

Ryan shook the Kid up badly, however, a number of times with right and left hooks to the stomach and jaw, and was apparently fully as fresh as his unmarked opponent at the finish.

Fear a Massacre.

London, May 30.—The Daily Express has the following telegram from Shanghai, dated Tuesday: The rebellion continues to grow in intensity, and the gravest fears are entertained of its ultimate extent. The foreign envoys at Peking, fearing a massacre within the capital, have decided to bring up the guards of the legations. The rebels are now massing outside of Peking, and their numbers are reported to be constantly augmenting. Fresh contingents of armed malcontents are coming up almost hourly from the north. The imperial troops who were sent to disperse the rebels found themselves hopelessly outnumbered. Several hundreds were killed and two guns and many rifles were captured, after which the most of the remaining troops went over to the rebels. They are now marching side by side.

Webster Davis' Eloquent Appeal.

The Webster Davis' mass meeting held last Monday evening in the Central Avenue Christian Reformed church was one of the most magnificent demonstrations in favor of the Boers that ever took place in this city.

Dr. J. W. Beardslee of the seminary opened the meeting with an impressive prayer. The Hope College Glee Club led by Prof. J. B. Nykerk sang "The Battle Hymn of the Republic." Prof. Vegte furnished the music on the pipe organ recently installed. Prof. J. T. Bergen was chairman of the meeting. He introduced the speaker of the evening in a few eloquent words closing as follows: "No matter what may be the outcome of this struggle the cause for which the Boers are fighting will still be dear to us and as the Dutch have fought for decades and centuries in the past and finally won so I believe, will the republics of South Africa.

"In this great republic we have brought forth many noble characters whose names will live as long as liberty is held dear among men. And in this present struggle there have been some of the truest Americans who have cast their lot with the Boers. One of these men will address us tonight. (Applause.) He was on the rising wave of political success, but he sacrificed his own interests for the cause of freedom, and Holland gives him a hearty welcome. Whatever his future may be Holland will stand by him to the end. With pleasure I introduce to you Webster Davis."

No sooner had Mr. Davis uttered a dozen words than the immense audience knew that he was a speaker of unusual ability. Never did an audience listen to a more inspiring address on the Boer cause. Webster Davis is one of the foremost orators of the country. His commanding presence, his magnetic voice, his expressive face, his forcible yet pleasing delivery, his keen sarcasm blended with pathos and humor, all contributed to make his address impressive and brilliant in the extreme.

At the beginning of his speech he paid a hearty tribute to Congressman William Alden Smith saying that no district in the United States had a more popular representative than the Fifth, and that he stood faithfully for the Boer cause.

He then described in interesting detail his trip to Pretoria, his reception by the officials of the Transvaal government and his impressions of the people. He described President Kruger, characterizing him as the greatest man he had ever met, combining all of the qualities of a great warrior, statesman and orator.

In the course of his speech Mr. Davis said in part: "The great masses of our people do sympathize with the Boers today. They stand for liberty, for civilization, for self-government and for peace. And every effort possible should be put forth by them to bring the unholy war in South Africa to a close. As Americans we are opposed to having our Republic held up as a menace to foreign countries whose sympathies go out to the struggling Boers."

"Today, many foreign countries are slow to act in any cause in which they are led to believe, by the British press and the British officials, that this country is supporting Great Britain in any of her greedy, selfish schemes. In foreign countries, today, the representatives and sympathizers of the British Government are striving to create the impression that there is a secret understanding, or a secret alliance between our Government and the British Government. This I do not believe."

"We can not, as American freemen, whose ancestors shed their blood on Lexington Green, suffered with Washington amid the snows of Valley Forge and on many battlefields gave their lives for liberty and independence withhold our sympathies from the farmers of the Transvaal and Orange Free State as they chastise those who in mockery of Britain's great principles and in disgrace of her great fame seek to exterminate a civilized people and to destroy their precious liberties."

"We should be ready to hear the cry for help from the struggling people of the two little South Africa Republics. For Chamberlain has attempted to dominate and dictate in their internal affairs just as George III interfered in the affairs of the Colonies. Indeed England has trodden truth under foot and trampled honor and good faith in the dust. And were she to conquer the Boers, there is no doubt in the world that they would be compelled to suffer as the people of Ireland have suffered for centuries. There the country was given over to fire and sword, old and young, men and women were murdered indiscriminately."

Memorial Day.

Another Memorial Day has come and gone and as usual the citizens of Holland vied with the surviving members of the G. A. R. in paying tribute to the memory of their honored dead, who offered up their lives that liberty might triumph.

Every part of the exercises in this city was impressive and beautiful. The parade began at 10 o'clock. Headed by the Holland Light Guards, and by the West Michigan Band it was an inspiring sight. First came the flower girls, looking beautiful in white, and bearing garlands to deck the soldiers' tombs. They were followed by the Public school chorus, 200 strong, the Hope college marching clubs and societies. In the second division were the members of the fire department, resplendent in their bright uniforms, the veterans of the Spanish war, youthful and brave, the woman's relief corps, dignified and silent, the A. C. Van Raalte Post, G. A. R. veterans, their steps somewhat halting but their military ardor burning as brightly as ever, the city officials and citizens in carriages.

The exercises at College Grove were opened by the song "Red, White and Blue" sung by the Public school chorus. Never did the pupils of the pub-

Webster Davis' Interview.

In an interview with a representative of the News, Mr. Davis took occasion to correct the statement made in some circles regarding the attitude of Congressman William Alden Smith on the Boer question.

"Mr. Smith, he said, is one of the most consistent Boer sympathizers in Washington. In fact he is recognized as one of the leaders in every movement looking towards the advancement of the interests of the South African Republic. Mr. Smith's attitude is just exactly like mine. He believes as I do, and it is the height of folly to say that he is not on the right side of this question. He is faithful to the trust reposed in him by the Hollanders of this district and will always be found doing the right thing at the right time for the success of the movement in this country. This was shown at the dinner he gave in honor of the peace envoys from the Transvaal. He had the tact to arrange that they should meet and be brought in touch with the representative and most influential statesmen in this country, and by that one act he did more for the cause the envoys represent than any other public official, for he made it possible for them to meet a class of statesmen who can and will do them good."

"Boer sympathizers at the national capitol say that Mr. Smith has done more to help the peace envoys present their cause to the people in the right light than any man in Washington, and you can say for me that I know he is in entire accord with those who aim to render to the Boers all assistance that is possible under the circumstances."

Dedication of M. E. Church.

The M. E. Church will be dedicated next Sunday. For two and a half years this society has been struggling towards this end. They were comparatively poor financially and few in numbers, when under the pastorate of Rev. Adam Clarke, which began four years ago next September, they began to grow rapidly and finding the old church too small they were encouraged to build. Much credit is due the society and their pastor, that they have struggled through so great an undertaking and will be able to report the debt on the church all provided for at the dedication.

Rev. Clarke has secured the services of Rev. H. Potts D. D. of Detroit, editor of the Michigan Christian Advocate and one of the ablest writers and preachers in the country, to assist him. Dr. Potts will preach morning and evening. Special preparations are being made to make the occasion a success. All are invited to the services of the day.

Mr. Seaboeck who will take part in the grand musicale at Winants Chapel Monday evening, June 18 was born in Vienna, Austria, in 1860 of a musical family, his mother being an accomplished singer and one of Marchesi's best pupils. When very young he showed a decided talent for music, and beginning his studies on the piano under Leo Grill continued them with the masters Epstein and Hermann Graedener. His teachers in harmony and composition were Nottebohm, Graedener and Brahms. While pursuing his musical studies he took a college course at the Theresianum, one of Vienna's most exclusive institutions, after which he went to St. Petersburg, Russia, and studied under Anton Rubinstein for nearly two years.

Hon. G. J. Diekema, was in Grand Rapids the greater part of the week, attending the meeting of the state central committee, of which he is chairman. It was decided that the state nominating convention be held at Grand Rapids, Wednesday, June 27. Chairman Diekema informed the members of the committee of the appointment of D. E. Alward, as secretary. Now that the nominating convention has been called for June 27, the gubernatorial candidates will be very busy until that time when the Republicans of Ottawa county will go on record in favor of Col. Bliss, their favorite at the last convention.

The warmest June was that of 1873 when the average temperature was 69 degrees, and the coldest was June 1889 when the average temperature was 59 degrees. The highest ever recorded in the month was June 3, 1895 when it went to 90 degrees. The lowest temperature was 37 degrees on June 1, 1897.

C. H. WESSELS. A. D. WOLMARANS. ABRAHAM FISCHER. BOER'S ENVOYS TO UNITED STATES.

The peace envoys from South Africa to the United States have been received here and have found much sympathy for the cause of the Boers among our countrymen. The envoys are A. D. W. Wolmarans, Abraham Fischer and C. H. Wessels.

"Then why should we not sympathize with them? Why should we not, the greatest Republic in the world assist the smallest of Republics? Is the word 'liberty' to become obsolete in our national lexicon? Must this greatest Republic in the world's history chain its destiny to the chariot wheels of the British Empire in her mad race for land and gold? Shall the fair name of this great Republic whose progress on land and sea has been the marvel of the century, be used in Europe, by British officials and the British press, as a menace to other European Powers who are anxious to assist the Boers in their brave struggle for freedom and independence?"

Let us not drift away from the principles and doctrines of our fathers. Let us listen to the cry for help from all who struggle for liberty and justice. Let it not be said by future historians that this great Republic arose in splendor and grandeur that made the world stare, but it hated justice and liberty, it halted on its bright and shining march, it fell, and as it was going down, the despots of earth grinning from the tops of bloody thrones shouted, "We told you so, we told you so!" Oh may the eighty millions of American freemen see to it that the world may know that their sympathies are not with Great Britain but with the struggling Boers, and let it be known that they believe the cruel war waged in South Africa should stop and stop at once.

Oh spirit of freedom on;
Oh, pause not in thy flight;
Until South Africa is won
To worship in thy light.
Still onward be thy way
And wake the sleeping lands,
Thousands are waiting for thy ray
And lift to thee their hands:
Still onward be thy cry
Thy banner on the blast
And as thou rustlest by
Despotic Britain shall shrink agast.
On till thy name is known
Throughout the peopled earth,
On till thou reignest alone
Man's heritage by birth,
On till from every Orange Free State, Vaal,
And where the Transvaal Mountains rise,
The beacon lights of liberty
Shall kindle to the skies.

Long live liberty! Long live the Boer Republics.

lic schools make a better showing than that made Wednesday.

They were grouped on the hillside back of the speakers stand and as their fresh, youthful and sweet voices trained to keep perfect time, sang the familiar strains of that patriotic anthem, the immense crowd enthusiastically applauded. Another selection was given, then another, the whole closing with "The Star Spangled Banner." As the last sound died away strong manifestations of approval were made by the audience, testifying plainly to the fact that they appreciated the work of the pupils.

The work of the chorus was a personal triumph for Miss Grace Ballantine, the musical instructor of the Holland High School, for she has labored with ability, tact and patience to make the chorus a success. The accompanists were Mrs. Mills, pianist, and Mr. Thomas, cornetist. The chaplain of the day Rev. J. T. Bergen, made the opening prayer. Mayor Wm. Brusse, the president of the day, then introduced William Alden Smith in a few appropriate remarks.

As the able congressman from the Fifth arose to address the throng he was interrupted by the Hope College students, who gave a lusty college yell in honor of their favorite.

Mr. Smith's appearance was in the nature of an ovation. One of the largest outdoor audiences ever gathered in Holland had assembled to greet him, and their presence in such large numbers was a strong testimonial of the good will they bear their representative. He was greeted with spontaneous and hearty applause and every word of his masterly address was listened to intently.

Though he spoke to about six thousand people, clustered under the spreading trees, every word was heard distinctly and the patriotic utterances of the orator awakened enthusiasm and elicited outbursts of applause.

After the address of Mr. Smith, the parade re-formed and marched to Pilgrim Home cemetery where the following program was carried out:

Decoration of graves by lady decorators.
Decoration of grave of Rev. A. C. Van Raalte, D. D., by G. A. R. and veterans.
Decoration of monument in memory of the absent dead.
Music—"Rest, Comrades, Rest," (Parks)—Hope College Quartet.
Firing Salute.
Benediction.

One of the decidedly pretty features of the Memorial Day parade was the delegation of children bearing flowers. The success of this feature was due to the untiring efforts of the committee having this part of the parade in charge and to George Souter, who kindly and generously contributed many beautiful flowers.

Several of the prominent families of this city have inaugurated the custom of taking Sunday dinner at Hotel Holland and the management has decided to make special arrangements for their entertainment on that day. The meal hour is from 1 to 2 o'clock and special rates are given to residents of Holland.

In the Morton house lobby yesterday afternoon, says the G. R. Democrat some of the Ferry crowd were "joshing" Chairman Diekema of Holland on his lack of pro-English sympathy. Turning to the fine large painting on the north wall one of them said: "That's a fine picture of a lion isn't it? Only there is one thing I don't like about it." "What's that?" asked Diekema. "It's the Oom Paul whiskers around his face." "Oh, they're all right," said Diekema. "It's not the first time Oom Paul's whiskers have bearded the lion."

A terrific thunder storm visited Ludington and vicinity last Saturday night, doing considerable damage. George Robinson, a life saver, was on duty in the lookout tower when lightning struck the building. The bolt entered through one window and passed out another, breaking the glass and tearing the leather covering from a huge telescope. Robinson was instantly struck down and remained unconscious half an hour. His cap and clothes were torn in many places and blood flowed from a deep gash in his forehead. That such a terrific electrical shock did not prove fatal is considered a miracle. The injured man was in a critical condition for some time but his complete recovery from the shock is assured. Mr. Robinson was a member of the Holland Life Saving crew for a number of years and was transferred to Ludington a couple of years ago. His former shipmates were deeply concerned to learn of the accident that had befallen him, but were unanimous in saying that if any man can survive a lightning shock it is George Robinson, for he is a man of magnificent physique, weighing over 200 pounds, well proportioned and possessing great physical strength.

The boiled cocoon will be there and the wonderful process of making the silk will be shown in all its details.

Sir John Steketee.

Sir John Steketee, vice-consul of the Netherlands is dead. His brother, Andrew Steketee, received word that he passed away at 2 o'clock this morning at the family home in Grand Rapids.

He had been ill about 5 weeks, being a sufferer from Bright's disease, but his death was not expected except by a few of his nearest relatives, who realized the seriousness of his condition.

This is the third one of the brothers to pass away within a year, Paul having died in Grand Rapids, and Cornelius in Muskegon but a few months ago.

Sir John Steketee was one of the most prominent men of Holland nationally in Michigan. He was the official representative of the Netherlands in this state and was one of the few who has been honored with the degree of knighthood for valiant and faithful service performed in behalf of his countrymen.

The last year he has been closely identified with the Boer movement in this country and has been conspicuously successful in all of his undertakings for the Boer cause. Taking hold of the relief work at the outbreak of the war, he has handled every cent of over \$7,000 which has been raised and nothing gave him greater pleasure than the forwarding of this money for the aid of his countrymen in the Transvaal.

John Steketee was born in the Netherlands about 67 years ago. He was a member of one of the little bands of sturdy immigrants which blazed the way for the present Dutch civilization in Ottawa and Kent counties.

He was 14 years of age when he arrived here 53 years ago. He came here with a party of immigrants headed by his father, John Steketee, arriving here a short time after the Van Raalte party located here.

The party of which he was a member left Rotterdam April 16, 1847, arriving in New York the following June. This party came by way of Albany and Buffalo to Detroit. They had to come from Buffalo by a propeller steamer and were in peril all the time because of danger from fire. They came around by water from Detroit to Mackinaw and down Lake Michigan going first to Chicago. Coming from Chicago in a lumber vessel they landed at the point where the channel now runs from Black Lake into the big lake at Ottawa Beach and Macatawa Park.

They remained on the lake shore long enough to secure lumber from Saugatuck. With this they made great rafts and transported their belongings up Black Lake to the site of this city, where the Van Raalte party had been established but a few weeks. They were received with much enthusiasm but did not linger long.

The Steketee family with other men of the party went on to the site of the present city of Zeeland and here with the assistance of the Indians they managed to build their first cabin. They sent back to this place for the women, and the Steketee family was the first to sleep where Zeeland now stands. Then came two years of most trying experiences, hard enough to break the strongest spirit, but the brave hearted settlers did not falter and though sickness decimated their ranks and danger threatened them they persevered and succeeded in wresting their settlement from the wilderness.

Sir John Steketee left Zeeland and went to Grand Rapids in 1850. Soon he was at work and began to prosper. On Dec. 19, 1852 he was married to Catherine Van der Boegh in Grand Rapids township by Henry Tobias, a justice of the peace. He was the first Hollander to be married by a Yankee justice, but he had to be married by him or no one as none of his own clergymen were in Grand Rapids then.

Mr. Steketee's entire life is a history of interesting experiences. He was a consistent christian gentleman, beloved by all, and his entire life was successfully spent in laboring for the maintenance of noble principles.

He is survived by a wife, two sons and 4 daughters. In Grand Rapids, two brothers, George and Peter, survive him. In Grandville he leaves a sister and in this city he leaves two brothers, Andrew and Bastian and one sister, Mrs. Hoffman, besides a large number of other relatives. Definite arrangements for the funeral have not as yet been made, but it is expected to take place Sunday or Monday and a large number from this city will attend.

A DAY IN OLD VIRGINIA.

President, Cabinet and Army Officers Take Part in Memorial Services at Fredericksburg.

Fredericksburg, Va., May 26.—On the very ground over which the old Fifth corps charged at Fredericksburg President McKinley, his cabinet and Gen. Miles on Friday witnessed the laying of the corner stone in a shaft which will perpetuate in bronze and granite the heroism of the army of the Potomac. It was an impressive ceremony and rendered the more so by the fact that among the hundreds who witnessed the event were noted leaders of both the federal and the confederate forces. The monument was the personal gift of Gen. Daniel Butterfield to the National Memorial association. This in itself was a unique feature, as the battlefield monuments heretofore have been mostly the gifts of corporated societies or furnished by popular subscriptions. Gen. Butterfield himself was present and assisted in the ceremony, but owing to ill health the committal of the monument to the secretary of war was made by Col. Hill, one of the veterans of the Fifth corps. The ceremony was with due masonic rites and at its completion the secretary of war accepted the gift in the name of the American people.

The visit of the president to Fredericksburg was primarily in honor of the annual reunion of the Army of the Potomac. The town was in gala dress, and turned out en masse to receive its distinguished visitors. The president and his cabinet were welcomed at the courthouse, which was decorated with the national colors and the various corps flags of the Army of the Potomac. Welcoming speeches were made by prominent veterans from both sides of the civil war, and afterward the president held an informal reception at the home of St. George R. Fitzhugh, where he was welcomed by hundreds of the town folk, both white and colored.

Chicago, May 28.—There was an uproar at the morning session of the Methodist general conference Saturday during the controversy over the amusement question, the result being that the conference voted to make no change whatever in paragraph 248 of the discipline relating to amusements of all sorts by adopting the minority report.

Chicago, May 29.—The Methodist general conference yesterday voted to take no action on the amusement question, and after a lively debate opposed the sale of liquor to soldiers.

Can there be any stronger proof offered than the evidence of Holland residents? After you have read the following quietly answer the question Mrs. F. Andree, of 243 West Twelfth street says: "For a year or more I had a constant aching pain through my loins in the side and also a soreness of the stomach. I could hardly stoop to lift anything without suffering severely. I did not rest comfortably at night and became so lame and sore from lying in one position that in the morning I arose feeling tired and unfreshed. I was bothered a great deal with headaches, spells of dizziness, and the kidney secretions became affected, were irregular, two frequent and unnatural. I doctored a great deal and took many kinds of medicines, but without getting better. I believe I would still be suffering if I had not heard about Doan's Kidney Pills and procured them from J. O. Doernburg's drug store. I felt better after taking a few doses and continued their use until cured."

SOLE HOPE OF FILIPINOS.

Gen. Schwan Says They Rely Upon Rainy Season for Revival of the Insurrection.

COMPLETE REVIEW OF STATE OF AFFAIRS

American Troops in Pursuit of Aguinaldo—Follow a Trail Through the Mountains of Luzon—Daughter of the President of San Mateo Rescued—Peace in Manila.

Washington, May 24.—The war department has received an interesting report from Brig. Gen. Theodore Schwan, U. S. V., dated on the transport Thomas at sea, May 12, 1900, in which he submits a thorough review of the state of affairs in the Philippines up to the time of his departure from Manila April 16 last, making particular reference to what he believes to be the irretrievable collapse of the Filipino insurrection as a whole, and expressing the conviction that, if left alone, the Filipinos would soon demonstrate their absolute inability to govern themselves. He says:

"The principal islands are now, as never before, held with an iron grip by the military. In Luzon all the interior, as well as all the coast towns of importance, are occupied by American troops. The sole hope entertained by the insurgents for a revival of the insurrection lies in the supposition that the United States troops will be obliged to abandon many of their present positions at the opening of the wet season, owing to inability to secure supplies during that period."

"With the exception of the savage mountain tribes and the numerous bands of brigands the great majority of both the educated and peasant classes in the Philippines heartily desire a restoration of peace and order under American rule."

"The operations of troops and the pacification of the towns not yet subdued will be carried on regardless of the rainy season."

"The most serious obstacle in the way of the complete pacification of the islands now lies in the mutual distrust between the troops and the inhabitants. This, I believe, will disappear after each class becomes more thoroughly acquainted with the other and the benefits to be derived from an intimate relationship with the military become appreciated by the natives. On the other hand, the work cut out for the troops will be greatly facilitated when they gain the confidence of the well-disposed natives. When the latter find the troops have come to stay they undoubtedly will resist the exactions of the robber bands and turn about and assist the American troops in ferreting out their haunts and plans, and the days of this guerrilla rebellion will be numbered."

Pursuing Aguinaldo.

Manila, May 26.—Maj. Peyton C. March, with a battalion of the Thirty-third infantry, and Col. Luther R. Hare, with another part of the Thirty-third regiment, while scouring the country northeast of Benguet, report that they have struck the trail of a party of Filipinos, traveling in the mountains, and believe they are escorting Aguinaldo. Maj. March is continuing the pursuit across an exceedingly difficult country, beyond the telegraph lines.

President's Daughter Rescued.

Sergt. Barry and four privates of company B, of the Twenty-seventh regiment, have rescued the daughter of the president of San Mateo from some ladrones who abducted her. Afterward 12 ladrones ambushed them, killing the sergeant. Three privates stood off the band, while the other secured reinforcements. Seven ladrones were killed.

Minor Engagements.

Manila, May 28.—Scouting, small engagements and the capture of arms and prisoners continue daily in northern Luzon. Last week's operations by the Ninth, Twelfth, Thirty-third, Thirty-fourth and Thirty-sixth regiments resulted in the killing of 46 of the enemy, the taking of 150 prisoners and the capture of 300 rifles and a quantity of ammunition.

Peace in Manila.

Peace reigns and no trouble is expected in Manila, although the city is crowded with people from the provinces who are leaving the unprotected hamlets in order to avoid the conscription which the insurgent leaders are enforcing, as well as robbery and outrages at the hands of roving insurgents and bandits.

Volunteers to Come Home.

Washington, May 28.—Adj. Gen. Corbin says that it has been decided to begin to return the volunteer soldiers to the United States from the Philippines in December. There are about 40,000 volunteers scattered throughout the archipelago. It is proposed to begin the work of bringing them home in good time, as by law the terms of enlistment expire in July, 1901.

Filipinos Surrender.

Washington, May 29.—The war department has received the following cablegram from Gen. MacArthur, at Manila, dated Monday:

"Three officers, 56 men, with 46 rifles, surrendered unconditionally at Guayap yesterday. Three officers, 46 men with 55 rifles surrendered unconditionally to-day at Tarlac. These spontaneous surrenders are very encouraging."

Illinois Taxes.

Springfield, Ill., May 26.—A compilation of all taxes charged against the assessment of 1899 in Illinois shows a total of \$49,289,137.48, of which Cook county is charged \$24,872,117.55. Cook county pays two-fifths of the state tax.

A Princely Wedding Gift.

New York, May 29.—Upon her wedding to Dr. Lewis R. Morris, Ex-Senator W. A. Clark, of Montana, gave his daughter Catherine \$400,000 in stock and \$10,000,000 in cash.

Supreme Court Adjourns.

Washington, May 29.—The United States supreme court adjourned for the term Monday and will not sit again until next October.

CURRENT EVENTS.

Mrs. Gladstone is growing gradually weaker.

A plan to unite the First and Union national banks of Chicago is under consideration.

Crops in the northwest, most of the lake region, Ohio valley and middle Atlantic states need rain.

Prominent Americans in Paris attended the Decoration day banquet of the American University club.

Lord Salisbury in a speech definitely announced that it is Great Britain's purpose to annex the South African republics.

Survivors of first Illinois republican convention celebrated the forty-fourth anniversary of the party's birth at Bloomington.

Among the nominations sent to the senate was that of Brig. Gen. Elwell S. Otis to be made major general, vice Merritt, who is soon to retire.

American marines from the Newark are on the way to Tien-Tsin. The authorities at Washington regard the situation in China as critical.

The government has brought suit in Indiana to attach C. F. W. Neely's property in that state. The inspector general's affidavit charges an embezzlement of \$45,000.

Charges are made that American exhibitors at the Paris exposition are blackmailed by employees of the United States. It is said that Director General Peck may be forced to resign. Mr. Peck is said to be at odds with other members of the commission.

IN THE PHILIPPINES.

Dispatches Briefly Outline a Number of Recent Minor Engagements with Insurgents.

Manila, May 30.—Maj. Henry T. Allen, of the Forty-third infantry, while scouting from Catbalogan, island of Samar, May 9 drove a party of insurgents from the valleys. Four Americans were killed, including Lieut. John H. Evans, who was slain while gallantly leading a charge against the insurgents. Eleven of the enemy were killed and four wounded. The town of Caterman, island of Samar, was attacked at midnight April 30 by a thousand rebels, who intrenched themselves near the town over night. Capt. John Colle, of the Forty-third regiment, fought the Philippines for six hours and afterwards buried 150 of the enemy. One American was killed and one was wounded.

The hamlet of Pawin, in the province of Laguna, island of Luzon, the headquarters of Gen. Cailles, was surrounded May 26 by three detachments of the Forty-second regiment, Thirty-seventh regiment and Eleventh cavalry. Only a few of the enemy were encountered, Cailles having departed the day before. Pawin, which was manifestly a rebel stronghold, was burned to the ground.

Capt. Nordon's scouts and two companies of the Eighteenth regiment, while scouting May 12 in western Panay, surprised a number of the enemy near Valderama and killed 35 of them. There were no casualties among the Americans, but some of them suffered from sunstroke.

The official reports announce scouting and small engagements in Panay and Cebu islands and Tayabas, Laguna, Zambales, Benguet and Pangasinan provinces, resulting in 14 of the enemy being killed and many wounded. The Americans also captured 60 rifles, a Nordenfeldt gun and supplies of ammunition and destroyed a powder factory.

A rebel major who surrendered at Liscum last week has been persuading others to follow his example. He has effected the surrender of 46 men with 55 rifles at Tarlac and hopes to influence more of his countrymen to do the same.

Religious Gathering.

Auburn, Ind., May 30.—One of the most important church gatherings that has been held in northern Indiana for years will be the meeting at Pleasant Lake, north of this city, on June 6 and 7, of the Northeastern Baptist church. Representatives of all the great denominational benevolent enterprises will be in attendance, besides delegates and pastors of the churches of the association from many states.

Has Resigned.

Paris, May 30.—Gen. the marquis de Gallifet, minister of war, has resigned. It is officially announced that his successor is Gen. Andre.

In his letter to M. Waldeck-Rousseau, the premier, asking him to place the resignation in the hands of the president of the republic, Gen. de Gallifet pleads ill health as a reason for his decision.

Closing Session of Baptists.

Supreme Court's Work.

Washington, May 30.—When the United States supreme court adjourned Monday for the term it left 304 cases on the docket undisposed of, which is just the number left upon adjournment in May, 1899. During the term 370 new cases were filed and in exactly that number were arguments heard or briefs submitted during the term. MULDER BROS. & WHELAN Holland, Mich

Holland Twenty-Eight Years Ago.

[From Our Files of 1872.]
DECORATION DAY NOT OBSERVED THEN.

As Decoration day approaches preparations are being made quite generally throughout the State to properly celebrate it. We do not hear that any steps have been taken in our city for that purpose. Are we to forget the dead heroes who sacrificed their lives, that our country might live? Who will take the initiative and see that the day May 30th is properly observed?

The first Decoration day observed in this city was in 1875, three years after the above was written. The affair was in charge of Geo. W. McBride, Joe Verplanke and John D. Everhard. The procession, was arranged as follows: Band, Fire Department, School Children, Students of Hope College, Mayor and Common Council, young ladies, persons on foot, carriages. This procession as it passed down the street attracted the attention of many strangers, who united in praising Hollands' first Decoration Day. There were fully five hundred persons in line.

Upon the arrival at the cemetery the exercises were opened by a few introductory remarks from Mr. J. O. Baker, President of the Association. The Rev. Dr. Van Raalte offered a most fervent prayer. The oration was delivered by Rev. A. T. Stewart which was appreciated by all who heard it.

Then followed Rev. J. Van der Meulen of Muskegon who delivered an excellent address in the Holland language.

Dr. Van Raalte gave a closing address. The address gave full assurance that he spoke from the depths of his heart. The occasion was indeed a gratifying one to him, and his words were those of the true patriot and the Christian. At one time when he pointed to his two sons, D. B. K. and Ben, who had fought for the country of their adoption the hearty cheers showed how perfectly the assembled hundreds were imbued with his spirit.

Geo. W. McBride, Prof. G. J. Kollen, and Hon. M. D. Howard responded to calls and made brief and appropriate remarks.

The labor of love came next. Twenty-five of our young ladies had volunteered to

"Cover them over with beautiful flowers." The following list comprises the flower girls: Misses Kate Garrod, Laura Heald, Mary Post, Lizzie Cappon, Jessie Lauder, Helen Thompson, Hendrika Roost, Eva Storing, Harriet Heald, Kate Minderhout, Alice Wiersma, Florence Potter, Helen Cappon, Libbie Allen, Alice Boyce, Georgie Geary, Minnie Plummer, Myrtle Merrick, Fanny Garrod, Gertrude Scott, Lily Fleming, Della Cropley, Hendrika Slenk, Kate Plummer and Antonia Koning. This sad duty was performed upon the graves of the following soldiers:

William G. Ledeboer, Co. I, Twenty-Fifth Mich. Infantry.

Robert Thompson, Co. I, Twenty-Fifth Mich. Infantry.

Peter Ellen, Co. I, Twenty-Fifth Mich. Infantry.

Andrew Thompson, Co. C, Twenty-First Mich. Inf.

Christian Thiel, Co. D, Second Mich. Cavalry.

Hendrik Dykema, Co. C, Third Mich. Infantry.

Frank Van Rijn, Co. D, Eighth Mich. Infantry.

Levi Meyrick, Missouri Cavalry.

(At that time there were only these eight soldier graves to decorate. At present there are twenty eight boys in blue resting there.)

MAY 25 1872.—John Rutgers of Graafschap broke his leg just above the ankle on Thursday last while logging.

Hope College News.

Excitement was never so intense as it was Tuesday afternoon when the High school boys were defeated by the Preparatory team of the college. Never was a local game so hard to win; the score was tied 5 times and only in the last part of the ninth inning did victory lean over to the college side. When the college came up for their last bat the score stood 9 to 8 against them, but two long drives by Kelder and Langeland and a wild pitch by Anderson scored two runs, and the college retired, with jubilant shouts for its first victory. Appeldorn is steadily doing nicely in the box, allowing only seven hits against the twelve made off Anderson. Naberhuis did some remarkably brilliant fielding, besides being at the big end of two hard double plays.

Tuesday evening the regular weekly prayer meeting was conducted by A. De Jong, of the Senior class. The topic for the evening was "The Christian's Joy."

On Memorial Day the college exercises were suspended and in the afternoon the boys turned out in full force to hear the grand address of Hon. William Alden Smith. Our congressman is a friend of the boys and he was warmly greeted with the good old college yell and by another especially provided for the occasion:

Hallabalo, kankak, kankak, Heike, heike, upido, Popogapetti, Rip Buzz Teary, William Alden always there.

Yesterday evening the Y. M. C. A. was addressed by the Rev. G. J. Hekhuis, of Chicago, on the subject: "Personal Christian Work." He spoke more particularly of the great present need, indicated by the lack of personal interest, of the basis for the work, a personal knowledge of Christ and a Christian character; of the methods, using great tact, the Word of God, the

guidance of the spirit, and righteousness in the cross.

Mrs. Marie White Longman, who sang at the commencement exercises of the Holland High school last year will take part in the program to be rendered at Winants Chapel Monday evening June 18. So pleased were the people of this city with her singing that the mere announcement of her coming will be sufficient to insure a large sale of tickets for the musical. The tenor for the occasion is Henry W. Newton. Concerning his ability the Chicago Musical Times says: "Mr. Newton's singing of the Serenade won him instant appreciation. His work characterized by an evident carelessness of diction which always commends itself to hearers. He has a charming voice. Mr. Newton has a splendid future before him if he seeks it in the right direction, and the ovation accorded him upon this public appearance must have been gratifying to the gentleman."

Transvaal League Organized.

At a meeting held in the Y. M. C. A. rooms last Friday evening a local branch of the American Transvaal league was organized. Mayor Brusse was temporary chairman of the meeting and Henry Van der Ploeg, secretary. Myron H. Walker, of Grand Rapids, chairman of the executive committee of the league in that city, and George Roelofs, secretary, were present, and took part in the organization of the league which will be conducted along the lines laid out by the Grand Rapids branch.

Prof. J. T. Bergen was elected chairman of the league, Henry Van der Ploeg, secretary, and A. C. Rinck, treasurer. William O. Van Eyck, A. J. Van Lummel, A. Toppen, G. W. Mokma, and three additional members to be chosen by the executive board, compose the executive committee.

According to Article II of the constitution the objects of the organization are:

First—To promote and procure peace for the united republics of South Africa, known as the Transvaal and Orange Free State.

Second—To spread information in the United States as to the cause and conduct of the war, with a view to creating a strong American sentiment against its continuance.

Third—To aid in preserving to the people of these republics, now and at all times, a republican form of government.

Fourth—To raise funds to aid the cause of liberty in South Africa; to aid the widows and orphans of the soldiers of these republics and to aid the Red Cross Society in its work among the wounded of both belligerents.

Fifth—To procure a tender of the kindly offices of the United States for the purpose of obtaining and securing a cessation of hostilities upon terms honorable to both belligerents.

At another meeting of the league held last Tuesday evening a resolution was passed to the effect that the executive committee should be instructed to request the three peace envoys from the Transvaal to visit Holland when they make their western trip.

Advices from Washington indicate that this invitation will be accepted and Holland may have an opportunity to greet the distinguished diplomats.

John Nies introduced strong resolutions in favor of the Boers, saying in substance: "We demand from our regularly constituted delegates both to the national and state convention to adopt a plank pledging to bring every possible pressure to bear upon Great Britain for the cessation of hostilities in South Africa." The league now has a membership of about 185 and is increasing rapidly.

OBITUARY

HENRY W. WESTVEER.

Henry W. Westveer, one of Holland's prominent and highly respected young men passed away last Saturday morning at his home on Seventh street.

He had been ill for three months and aided by the best of medical skill battled hard against the inevitable, but it was of no avail and death came from a complication of diseases resulting from chronic pneumonia, the original cause of his illness. His death was a severe shock to his relatives and a large circle of friends who hoped that youth would triumph over disease.

Mr. Westveer was born in this city about 32 years ago and spent his life here. Until compelled by sickness to retire from active work, he was foreman at the Walsh-De Roo mills, a position he filled faithfully and well for a number of years. The mills were closed Tuesday afternoon to give the owners and employees an opportunity to attend the funeral in a body.

Besides a wife and two children, he is survived by his parents, Mr. and Mrs. James Westveer, two sisters, Mrs. G. J. Hekhuis, of Chicago and Miss Jennie Westveer and three brothers, Ed and William of this city and A. W. Westveer of Lake City, Iowa.

WALTER BALLARD.

A message from the far west received in this city last Tuesday contained the sad news that Walter Ballard had died in Denver, Col. that morning. The news was received by Ed. K. Ballard, an uncle of the deceased, residing at 71 West Thirteenth street.

The young people of this city were shocked to hear of the death of their schoolmate, for Walter, whose age was about 21 years, spent his boyhood days in Holland and had a large circle of friends. For some years past he had been living with his parents, Mr. and Mrs. George Ballard, in Du Bois, Penn., but he spent the last few months in Denver, vainly hoping that the change of climate would aid him in the struggle to regain health and strength.

His father was at his bedside when he died and to him and Mrs. Ballard the entire community extends heartfelt sympathy. This is the second great bereavement they have met with in the year that has passed, for last July their daughter, Miss Blossom, died at their home in the east, and was brought to this city for burial. Walter was here at the time to attend the funeral and little did his friends think that before the year was over they would be called upon to perform the last sad rites for him.

Mrs. Ballard arrived from the east yesterday afternoon. The remains, accompanied by Mr. Ballard arrived here yesterday morning. The funeral will take place this afternoon at Grace Episcopal church, Rev. J. C. Gairdner officiating.

FREDERICK BOSCH.

The death of Frederick Bosch occurred last Wednesday morning at the home of his daughter on South Land street. His age was 89 years and he was numbered among the old residents of this vicinity. Mr. Bosch was a member of the G. A. R. and the funeral will be held under the auspices of that body. Deceased is survived by two sons and three daughters. The funeral will be held this afternoon at two o'clock at the home.

MRS. C. SCHAAP.

Word was received from Zeeland Wednesday morning of the death of Mrs. C. Schaap a respected resident of that village, well known to many people in Holland. Mrs. Schaap was 65 years of age and came to this section many years ago, first locating in Ebenzer, and moved to Zeeland seven years ago. She is survived by four sons and four daughters.

MRS. HENDRIK J. PAS.

Mrs. Hendrik J. Pas, died last Tuesday morning at her home east of the city at the age of 76 years. She was one of the pioneers of this section, and came here in 1848. She is survived by a husband and four children John Kooyers, of Muskegon, Jacob E. Pas and Mr. Henry J. Kooyers, of Holland and Samuel E. Pas, of Thule, South Dakota. The funeral was held yesterday afternoon at the home at 1 o'clock and at 2 o'clock at the Ebenzer church.

WILLIAM STELT.

News was received in this city announcing the death of William Stelt at Eaglewood Saturday. He formerly resided in this city where he was for many years employed in the tub factory. The remains were brought here for burial Monday morning and the funeral took place in the afternoon from the home of Harry Raffenaud, 127 West Twelfth street, Rev. J. T. Bergen officiating. Among those from out of the city who attended the funeral were: Mr. and Mrs. C. Hatfield, Mr. and Mrs. T. Poliskey and Miss Mamie Keger of Grand Rapids and Mr. and Mrs. Miller of Chicago.

This is what is heard every day, and the reason is want of correct diagnosis and proper treatment. For convenience of the afflicted Dr. McOmber has enumerated a few symptoms under different headings to enable those in need of treatment to determine exactly what their disease is. It is not expected that every case will have all the symptoms given below, but every afflicted person will quickly recognize those most prominent in his or her case:

Diseases of Head and Throat

Are either a form of Catarrh or diseases resulting from it. The Catarrh usually starts from a cold and, if not cured, soon becomes chronic and invades the mucous membrane, tissue and bone, until untold mischief is done. You spit up slime. Your nose is stopped up. Your breath is offensive. You ache all over. Dull pain across the eyes. Sometimes sore at night. Voice is not clear. Have itching in the throat, and sneeze frequently. Discharge from the nose. Loss of sense of taste and smell. Pain across the forehead. Nose is tender and sore. Crusts and scales form in nose. There is a dropping in throat. Nose bleeds easily. Frequent pain in back of neck.

Ear Diseases and Deafness

Diseases of ears—caused more frequently from catarrh than otherwise—usually result in deafness. Only one who has made a life study and that understands thoroughly the nature of ear diseases can, with any possible certainty, treat these delicate organs scientifically and intelligently, as well as with assurance of success. Dr. McOmber's experience and success in curing all manner of ear affections and deafness has been phenomenal. Read elsewhere where what has been said of him. Those approaching deafness in ears, all manner of their symptoms in the following: Buzzing and other noises in ears is certain approach of deafness. The hearing falls gradually. It is hard for you to understand. Ears discharge and smell disgustingly. They are often dry and scaly. Sometimes itches and burns. Itching and burning. Throbbing behind them. Hearing usually worse in cloudy weather and worse still when you have a cold. Catarrh of Stomach

Dyspepsia and other stomach diseases are frequently, but not suspected or even surmised to be a result of catarrh, but the constant dripping and swallowing of nauseous mucus from the posterior nares does, with mathematical certainty, poison and infect the mucous membrane of the stomach, deplete and impair its functions the same as it does the delicate membranous tissue of the Eustachian tubes that leads to destruction of the delicate structures of the ear. Dr. McOmber removes the cause with ease, and with his new improved and wonderful treatment, gives tone and strength, vitality and increased power of digestion. All

Catarrh of Liver and Kidneys

Often have distress, sometimes Pain after eating. No appetite for breakfast. Throat fills with slime and You have diarrhoea at times. Feel faint when stomach is empty, oppressed when it is full.
