MACHEN ARRESTED.

Superintendent of Free Delivery Service Is Charged with Receiving Bribes from Contractors.

Washington, May 27.—A. W. Machen, superintendent of the free delivery, who was relieved of duty some time ago, was arrested at the instigation of the post office department, charged with receiving bribes from contractors. These bribes are supposed to aggregate \$20,000.
Mr. Machen was taken before United States Commissioner Taylor, and, through his attorneys, demanded an immediate hearing. The district attorney said he was not ready to proceed and asked for postponement for ten days. The preliminary hearing was set for Friday, June 6. Bond was fixed in the sum of \$20,000, which Mr. Machen secured. He declined to make any statement, but his attorneys stated that they felt confident that they would be able to show conclusively, at the proper time, that their client had been guilty of no wrong doing.
The arrest of Mr. Machen was the concluding act of an examination of him, which was conducted for three hours by Fourth Assistant Postmaster General Bristow, Inspector Fosnes, who relieved Mr. Machen as chief of the free delivery system, and Post Office Inspector Myer. At the conclusion of the examination Deputy United States Marshal Springman was called into Gen. Bristow's office and made the arrest. Postmaster General Payne has dismissed Mr. Machen in the following order:
"A. W. Machen is this day removed from the position of general superintendent of the free delivery service. His removal is made by reason of malfeasance on his part in the discharge of the duties of his office."

SERIOUS OUTBREAK.

Striking Miners and Guards Clash in West Virginia and One Man Is Killed.

Thurmond, W. Va., May 27.—The first serious outbreak since the late strike order was issued occurred at the Big Q mines on Laurel creek, not far from here. For several days the strikers at that point have been making an effort to induce the non-union men to join their ranks. Finally the strikers began marching in a body toward the mines. The guards on duty, half a dozen in number, at sight of the marching body, opened fire. The strikers quickly returned the fire, but as they were yet at long range the shooting was not effective and only one person, Marshall Brown, a guard, was killed in the battle. Several received minor injuries. More than 100 shots were fired before the strikers retreated. More trouble is anticipated.

Fatal Collision.

Birmingham, Ala., May 27.—Two freights on the Southern railway, one of them a double-header, collided near Bryan, Ala. Engineer Action was killed and Engineer Chester and three firemen are missing. Engineer Johnson and brakeman J. D. Hill were fatally injured. Both trains were destroyed by fire.

Such application shall be in writing and shall be accompanied by a bond in the penal sum of One Thousand Dollars (\$1,000) conditioned for the faithful observance of all rules, regulations and ordinances imposed by said city relating to such business and occupation, and to hold the City of Holland free from all loss, injury or damages by reason of the moving of any building through the public streets of said city.
Sec. 2. In addition to the application for the license above provided for, such person so licensed shall apply to the Mayor of said city for a permit for each and every building to be moved, specifying the location from and to which such building is to be moved and the route over which it is proposed to move such building; and such application must be made at least ten days before the same has been made for the temporary removal of all wires and cables, if any, mentioned in section 4 of this ordinance.
Sec. 3. It shall be the duty of the person so licensed and permitted to move the route so prescribed and to observe all rules, regulations and ordinances now in force and which may be hereafter passed for the protection of paved streets and regulating such business or occupation; and to move such building with all possible dispatch and in a manner least calculated to obstruct public travel of said streets so occupied. No person shall leave any building, while in progress of removal, standing over any street crossing at any time, and if it shall be necessary for such building to stand over night in any street or public place, the person having charge thereof shall place good and sufficient lights, shining a bright red light, upon the same as a warning to persons passing over such street, or in the situation thereof, and such light or lights shall be kept burning during the night.
Sec. 4. If it shall be found that in moving any building, said building will come in contact with the wires or cables of the city or that the lines, wires or cables of any person, firm or corporation holding franchise rights within the city limits or having authority to string such wires or cables in connection therewith, such licensee shall forthwith notify the proper municipal officer or the principal local officer or agent of such person, firm or corporation holding such franchise rights, or both, as the case may be, that the moving of said building will interfere with such wires or cables. It shall also be the duty of such licensee to thereupon pay or arrange for the payment to such officer or agent the actual expense of removing and replacing such equipment or wires or cables, as the case may be, to a municipal officer, the same shall be deposited with the City Treasurer and credited to the proper fund. And if it shall be found that in moving any buildings the overhead equipment or the operation of cars of the street railway system shall be interfered with, such building shall be moved, if possible or practicable, across or along the tracks of said railway between the hours of 12 o'clock midnight and 5 o'clock of the next morning.
Sec. 5. Any person who shall violate any of the provisions of this ordinance, upon conviction thereof, shall be punished by a fine not exceeding \$100 and costs of prosecution, or by imprisonment in the city jail or county jail of the County of Ottawa for a period not exceeding 90 days; and in case a fine and costs only shall be imposed, the offender may be sentenced to be imprisoned in the city or county jail of the County of Ottawa for a term not exceeding 90 days.

Dr. Miles' Nervine Gave
Me New Life.

"This is to certify that I have used Dr. Miles' Remedies quite extensively, especially the Restorative Nervine, which has done wonders for me. Six years ago I had nervous prostration and again three years ago, at which time I began taking Dr. Miles' Restorative Nervine. I kept taking it for six months and have taken an occasional dose during the last two years. I am practically a new man and feel that I have been given a new lease of life. I used to have very bad attacks of stomach trouble but since using the Nervine I can eat most anything I want with impunity. I was examined in Omaha by a noted German doctor three years ago. He told me I was liable to a paralytic stroke any moment; that my whole left side was badly affected. That was just before I began taking Dr. Miles' Restorative Nervine. My work for two years and a half has been very trying on my nerves. I am a presiding elder, traveling my districts at the rate of ten thousand miles a year, besides many business meetings, and the multitudinous cares of my work in general. Thanks to Dr. Miles' Restorative Nervine I have been gaining in flesh despite this hard work until now I weigh a hundred and ninety-six pounds, nearly twenty pounds more than in all my life. I preach Nervine wherever I go to those afflicted with nerve, heart or stomach trouble."—Rev. M. D. Myers, Presiding Elder, Free Methodist Church, Corvallis, Ind.

Indicted Man Said to Be Ready to Tell
of Plot Which Resulted in Killing
of Marcum—Situation at Jackson
Considered Critical—Soldiers Go
After Indicted Men.

Jackson, Ky., May 27.—The capture of Tom White and the return of Curtiss Jett to Breathitt county were events of Tuesday on which chief interest focused. The question of whether more troops are needed is agitating the minds of many. While nothing has occurred to arouse apprehension, there have been suggestions that do not make all feel secure. The authorities feel that if more troops are needed they will be badly needed, and that any emergency will be abrupt. There is a well-defined belief that when Jett and White are put on trial there will be a confession and that a number of prominent men may be implicated. It is argued that an army of men could be quickly gotten together in the interior of Breathitt county. It could swoop down on Jackson and, under the pretext of lynching, secure the

prisoners, possibly kill some who possessed knowledge and apply the adage that "dead men tell no tales." It is true that this would be a desperate undertaking, but desperate things have been done in Breathitt county, and this view may not seem as intemperate there as it would seem improbable elsewhere.

At any rate, Mrs. J. B. Marcum, her friends and a number of citizens are urging that more troops be sent, believing that the men now here and scattered among various stations could not cope with a mob of mountain men. A consultation among officers was held Tuesday, but further than ordering another galling gun from Louisville there is no indication that reinforcements will be requested.

Arrest of White.
Tom White was arrested at the home of his mother 13 miles from here at daylight by a squad of soldiers under Deputy Sheriff Little, who made the arrest. The house was surrounded and White was called out. When he reached the fence the warrant was read and, accompanied by soldiers, he returned to the house and dressed. The party reached here shortly after noon, and White was remanded until this morning, when he and Jett will be arraigned together. At the advice of his attorney, Judge John Noble, he declined to make a statement. James Johnson, a nephew of the late J. B. Marcum, guided the soldiers to where White was found.

Killed in Self-Defense.
Marshfield, Wis., May 26.—Mrs. Matt Grossbeier shot and instantly killed her husband yesterday afternoon, the bullet penetrating the heart. They had not lived together for a month and it is claimed he broke into the house and assaulted her with a pocket knife.

Indicted.
Jackson, Ky., May 26.—After an all day's session of the special grand jury, to and from which the principal witness was escorted under protection of a guard of soldiers, Curtiss Jett and Tom White were indicted for the assassination of James B. Marcum.

Paris, May 26.—It is believed that automobile racing in France has received a death-blow in the running of the first stage of the Paris-Madrid race Sunday. The fatalities attending the contest have made a profound impression here and a number of senators and members of the chamber of deputies have announced their intention to prevent any further racing on French territory.

A complete list of the casualties resulting from Sunday's contest has been received here. It shows that six persons are dead, three dying, and ten seriously wounded. The Spanish government has prohibited the continuance of the race on Spanish territory.

New York, May 25.—An unknown man, sitting in an open car, crossing Brooklyn bridge, Sunday, suddenly alighted when the car was in the middle of the center span and, running to the side of the bridge, jumped into the river. He threw his hat in the face of a fireman who tried to seize him as he stood poised on the edge of the trestle work, and then dived head-first, holding a lighted cigar between his teeth. One bottle of Dr. King's New Discovery then cured me absolutely." It is infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Heber Walsh, druggist. Treat with scientific physicians and be cured. Avoid quacks. E. A. Sidney, of Toledo, says: "At the age of 31, I learned a bad habit and at 19 contracted a serious disease. I treated with a dozen doctors, who all promised to cure me. They got my money and I still had the disease. I had given up hope when a friend advised me to consult Drs. K. & K., who had cured him. Without any confidence I called on them, and Dr. Kennedy agreed to cure me or no pay. After taking the New Method Treatment for six weeks I felt like a new man. New Profits in Beet Sugar Industry

A new and remarkable discovery has been made that will have a very important and almost revolutionizing effect on the beet sugar industry. It is learned that a corporation has been formed in New York city consisting of some of the largest stockholders in beet sugar factories, including Michigan capitalists, for the purpose of manufacturing important and valuable by-products from beet pulp residue and refuse that now goes entirely to waste after the juice is extracted in sugar making.

Under the newly discovered process patents for which are now being taken out in the United States and all beet sugar making foreign countries, tests have been made which make it certain that four by-products can be extracted cheaply and easily from beet pulp, all of which are in commercial demand. These are as follows: Alcohol of a fine quality, an important acid much in demand for use in the arts and manufactures, the finest quality of glue, and from the residue an excellent grade of charcoal. Demonstrations and tests show that the by-products that can be extracted by this process will net a profit of about \$8 a ton for each ton of beet pulp consumed.

Most of the pulp of the local factory was shipped to Milwaukee, a little being taken by farmers, but all being considered as waste. It is estimated that the large sugar factories, among which is the factory in this city, produce in their campaigns about six hundred tons of pulp a day, which would mean about \$5000 additional profit per day for each factory over that by present methods.

Large C. E. Convention

The eyes of every Christian Endeavorer in Michigan are turned on Denver this summer and more than 200 delegates will attend the international convention of that body to be held there June 9-13. Arrangements for transportation have been made with the Wabash, the Chicago & North-western and the Union Pacific railways by Dr. Geo. H. Lau of Detroit, transportation manager for Michigan. A special train will leave Detroit via the Wabash the morning of July 7, arriving in Chicago the same evening and connecting with a through North-western special which will arrive in Denver the following day. A special round trip rate of \$25 from Chicago has been secured, with proportionate rates from points in Michigan. The return limit is August 31. Many western Michigan delegates will go direct to Chicago and will join the party there. Every large city in the state will send several delegates, and many of the smaller societies individual members, while in frequent cases village or country districts comprising several societies have combined and will send a single delegate. The program for the convention is announced as being the best for any similar convention in years.

Sunday's Memorial Services

Last Sunday morning the A. C. Van Raalte Post, consisting of little more than 40 grey headed veterans, followed by the Woman's Relief Corps, with the smoke stained stars and stripes at the head of the column, marched into the M. E. church where the Rev. Mr. A. Trott delivered the annual Memorial sermon. The church had been specially decorated for the occasion. Old Glory enveloped the pulpit in its folds, and fragrant flowers and potted plants added a fresh beauty to the scene.

The services were very impressive. An appropriate musical selection by the quartette, consisting of Mrs. Agard, the Misses Purchase, Elieman and Burke, preceded the sermon. As a subject for his address the pastor chose the words, "What mean ye by this service." He showed how this great nation united on Memorial day to commemorate the death of heroes by placing floral tributes on the graves of the honored dead. As is the custom of people [and nations] to remember great events by setting aside a certain day for special service so Memorial day has been set aside to the honor of the men that fell in the cause of the Union.

Once again was clearly told to the veterans of the Civil war the cause of the awful struggle. Their virtue of volunteering to fight for the nation, and their heroic achievements were again extolled in words, though the existence of this nation which is the result of their efforts will be a monument commemorating their services as long as the world lasts. Mr. Trott closed his sermon by exhorting all to be true to the principles of our fathers so that not through sin and wickedness we would fall from our position at the head of all the nations.

The decorating committee has had considerable trouble to procure sufficient flowers to decorate the graves. The greenhouses of Charles S. Dutton, Jones and Ebelink have been nearly drained and many requests have been made of citizens having gardens to contribute to the floral equipment. This afternoon a number of the committee went to the woods and plains around New Richmond in search of

It is reported that A. J. Ward formerly of this city, extracted a No. 4 shot from his arm. Some forty-two years ago he shot himself, part of the shot remaining in his arm. Recently his arm gave him pain. Upon applying poultice the bullet, still bright, was drawn out.

During the lightning storm last Saturday afternoon two valuable horses belonging to C. B. Slagh, of New Holland, were killed. Mr. Slagh was at work in the field and while passing a wire fence a lightning bolt struck and killed the team. Mr. Slagh received a severe shock being unconscious for some time. The team was a very good one. Some time ago Mr. Slagh refused to sell them at \$325.

Mr. and Mrs. W. H. Johnson have adopted John Taylor, a lad of 14 years, who since his father suddenly left had been making his home with a family named Ludlow of West Olive. John was unkindly treated at Ludlows who forced him to work in the factory at \$2 a week and made him work at home besides. Through the influence of people who pitied the boy a new home was found for him at Mr. Johnson.

The triumphal entry of the first car of the Muskegon Interurban into Grand Haven will be made the occasion for a jubilee which will be participated in by all the prominent business men of that city. Simultaneously it is expected to honor the first appearance of the new car ferry of the Crosby Transportation company, which will ply between that port and Milwaukee. Both these events so notable in the history of Grand Haven will probably occur about June 15, on the evening of which it is expected to tender a big banquet at the Cutler house to over 200 guests.

Major F. A. Mansfield who has gone over the county records in Van Buren county, says that the grape has given the farms of that section their great value. Improved farms sell readily for \$200 per acre. Paw Paw last year shipped out \$50,000 worth of grapes. One man alone cleared \$1100 from a nine acre place and another \$5000 from a 55 acre place and all in all, the grape is making Van Buren farmers wealthy and independent. The Major believes that Ottawa farmers could well follow in their footsteps and make the light sand of this locality just as valuable. Our soil he says is fully as good, and we have advantages which they do not share.

There is some chance that Saugatuck harbor may also be dredged this year. It is expected that in a short time a dredge will begin work on the old channel in order to let the boats out and in until the new cut can be open. There is at present some controversy between the government and the dredge owners. A few years ago the government decided that it was cheaper to have the dredging of our harbors and waterways done by private concerns rather than to do it with their own dredges, but of late the bids that have been received are all so high that there is no doubt but that the private concerns have entered into a combination and are now charging more for their services than the government could do the work for itself.

The origin of Memorial day, as a public observance, was an order from General John A. Logan, 35 years ago, who was then national commander of the grand army of the republic and living in the city of Washington, to have the G. A. R. Posts of the country decorate the graves of dead comrades on the 30th day of May. Tradition states that he was led to do this incidentally seeing an army hospital nurse strewing flowers on the graves of soldiers who had died in the hospital she was in, and had nursed in their last hours; and he had asked the question: "Why not strew flowers on all the graves of our soldier dead?" Later the day was made a legal holiday. In the Compiled Laws of Michigan of 1897 is a statement placing Decoration day on the same footing with New Year's day, the Fourth of July and all other legal holidays.

LOST--

A LADY'S POCKETBOOK

BY WALTER BROWNE.

Copyright, 1907, By Daily Story Publishing Co.

"HA! HA! HA! The drinks are on you this time," roared Jack Rollins to his old friend and former college mate, Will Walton, as they stood at the bar of the club, just as I entered. Jack was in famous good humor, and laughed heartily as he called me over to tell me what he declared to be the best and most laughable thing he had ever heard in his whole life.

And Jack's life had been almost one round of good and laughable things. One surfeit of what the world, or at least that portion of the world to which Jack belongs, calls fun and pleasure. He had always been well supplied with wealth, which he had used prodigally in pursuit of what a young and handsome fellows regard as "a good time." Even although he had married the reigning beauty of a couple of seasons ago, on his return from a prolonged honeymoon, spent in Europe, he had plunged into much the same sort of life as had earned for him the nickname of "Jack the Lady Killer" in his bachelor days.

His bosom friend and constant companion, Will Walton, was of a much quieter disposition. Of late he had often remonstrated with Jack for his conduct, especially when he had such a sweet young wife awaiting him at home.

This time Jack had got back at Will. Caught the saint red-handed, as he expressed it, and it was with much mirth that he related the cause of his companion's evident discomfort.

"Greatest joke in the world, old man," said he to me. But I noticed that Will Walton did not seem to enjoy the situation at all. Indeed, he abruptly turned as if about to leave the bar, but Jack took him by the arm and made him listen while he told me the following story:

"I dropped in to see little Dolly Dimples, the pretty girl in the theater chorus, this afternoon," he said, "and I found her bubbling over with delight because she had just found on the sidewalk a well-filled pocketbook. There was just thirty-nine dollars and thirty-nine cents in it. Odd sum, wasn't it! Maybe more than ample to pay Dolly's salary for two weeks at the theater. But that's not where the laugh comes in. The

was Mrs. Jack Rollins. Seeing me, she bowed and stopped, as it seemed, in some embarrassment. Then approaching, after a timid greeting, during which I found myself wondering how a man with so fair a wife could waste his time with such a Dolly Dimples, she flatteringly said:

"Would it be too great a favor to ask you to render me a little assistance? I want to put an advertisement in the newspaper, and I don't quite know how to word it."

"The fact is, I lost my pocketbook

SHE WAS MRS. JACK ROLLINS.

this morning. It contained just thirty-nine dollars and thirty-nine cents. I don't care so much about the money as for some—some scraps of paper which—were in the purse. They are merely little odds and ends, of no value to any one but me, but I am most anxious to get them back again," she said with a bewitching smile.

I advised her not to advertise, and, above all, not to let her husband know of her loss. She looked at me a long time, in silence. Then she murmured, "Thank you. I think perhaps you are right," and went back to her cab.

And I thought—well I thought that perhaps the drinks were not on Will Walton, after all.

APPEAL FOR THE BIRDS.

Women in Europe Urged Not to Encourage the Slaughter of the Crested Heron.

The League of Women for the Protection of Birds in Europe is now more active than ever in its campaign against the fashion of wearing plumage on hats. Berries and flowers are decorations all sufficient for the members.

This league is spreading with surprising rapidity, reports the New York Sun. It was founded in 1899. It has branches now in England, France, Switzerland, Germany, Austria, Russia and Holland. The Geneva branch of the league has just issued an appeal to women asking them not to encourage the slaughter of birds for millinery purposes. The appeal says:

"One of the most fashionable ornaments of hats is a light and delicate plume called an aigrette or crest, taken from the white heron of North America. Some naturalists in the United States have made known to the entire world the barbarous manner in which this ornament is obtained, and our appeal is addressed to women in the hope that those who read it may cease to wear adornments which are obtained by such cruel tortures.

"The aigrette is the nuptial ornament of the species of heron in question. It grows only during the mating or nest-building season. Hunters all over the world spare the lives of birds during that season, but rapacious and pitiless fashion does not spare them. Bright feathers must be procured at all costs.

"The poor herons gather together in flocks in the marshes. They build their nests in willows and other trees of the same nature, and while they are occupied in feeding their young birds, unable to fly, the dealers come upon them.

"The massacre is easy; the creatures are almost tame. They never fly far from their nests and they fall by hundreds, victims of the instinct which impels them to protect their young.

"At the close of the slaughter the hunters go away happy in the possession of the crests torn from the heads of the unfortunate birds whose bleeding little bodies lie in heaps on the ground around the tree. And the young herons, after having called their parents in vain, at last die of inanition.

"Let us hope that women may be horror-stricken at the thought that an abominable fashion threatens the total destruction of the immense mass of charming little winged creatures which constitute the most brilliant and the most delightful adornment of nature in the two worlds."

Unlike a Woman.

"Yes," said Henpeck, "the thing that impressed me most in Egypt was the mummy of one of the ancient queens."

"What was remarkable about it?"

"The fact that they could make her dry up and stay that way."—Philadelphia Press.

VICTIMS OF TORNADOES.

Violent Storms Cause Loss of Many Lives in Portions of Iowa and Elsewhere.

OTHERS ARE INJURED, SOME FATALY.

Property Loss Is Heavy, Some Towns Losing Churches, Public Buildings and Residences—Floods in Other Localities Drive People from Their Homes and Do Other Damage.

Des Moines, Ia., May 27.—Iowa has been storm swept for the past 24 hours. Three tornadoes, two Monday night and one Tuesday night resulted in the loss of six lives, the fatal injury of three and the serious injury of a score of people beside great property loss.

The Dead.
The following are known to have been killed:

At Glenwood—Maggie Bietner and Hazel Wright, both of Agaza, Ia.

Near Buxton—Georgia Buckley and Herbert Rhodes.

At South Des Moines—Russell A. Knauf, aged 30 years, and Floyd Knauf, his baby.

The Injured.
The injured at Glenwood are: Mary Eckert, Anna Delaney, Myrtle Dickinson, Etta Newton, Harrison Johnson, Rolla Rathbun.

Near Buxton—Molietus Rhodes, fatal; Mollie Rhodes, fatal; Eliza Blakley, fatal; Amphy and Minnie Blakley, Seward, Lucy, George and Addison Rhodes; Buddie Reasby, Mary Walker.

At South Des Moines—Mrs. Knauf, bruised and cut; Mrs. Margaret Boston, skull injured by falling brick; Charles McNutt, hurt by flying tree limbs; Mrs. John McCoy, breast and head cut by flying glass.

Charitable Institution Damaged.

The victims at Glenwood were all inmates of the school for the feeble minded, where the storm struck at 9:30 p. m. The tornado struck the girls' dormitory, commonly known as the old building, first. The roof was torn off and with a terrible crash fell back again upon the wrecked building. All of the buildings of the group, including the hospital, dormitory, boys' building, custodian's building, farm college and the boiler room, were more or less damaged by the storm. The superintendent estimates that the loss will be at least \$75,000.

Near Buxton.

The tornado near Buxton struck at about 9:30 p. m., near what is known as Number 10 Junction, a mining settlement. All the victims were colored. The storm came from the southwest and the destructive wind seemed to descend suddenly from a great bank of clouds which was sweeping toward the northwest. The houses occupied by the Rhodes and Blakley families were smashed to kindling wood. A string of half a dozen box cars was smashed into unrecognizable debris and scattered over the surrounding country.

At South Des Moines.

The tornado struck South Des Moines at six o'clock Tuesday night. It came from the south, but after the greatest part of the destruction was wrought veered to the northwest as it approached the junction of the Des Moines and Raccoon rivers. The property damage in South Des Moines and vicinity will reach \$50,000. The Knauf home and the Christian church were completely wrecked and about 40 other buildings were badly injured.

Another Death.

Des Moines, Ia., May 27.—Another death is reported as a result of the tornado in South Des Moines. The home of Richard Wallace, a carpenter, was destroyed and in a fire that resulted from a kitchen stove being overturned a three-year-old daughter was burned to death, being buried under the debris.

Soldiers' Hospital Damaged.

Marshalltown, Ia., May 27.—A severe storm damaged the hospital of the Iowa soldiers' home. A large brick smoke stack was blown down, crashing through the roof, the inmates narrowly escaping injury. Trees in all parts of the city were blown down and many telegraph and telephone wires broken. Heavy rains caused the Iowa river to leave its banks and much damage is threatened in the lowlands.

Losses Increase.

Des Moines, Ia., May 27.—When wire communication with interior towns was opened up Wednesday, it became apparent that Tuesday's tornado caused far greater loss than was at first reported. A report from Botna, in Shelby county, says that the town was completely demolished, and that many farmhouses near that place were wrecked.

At Creston ten dwellings were blown off their foundations, and Mrs. S. E. Throop and daughter were injured in the wreckage of their home.

Ten miles north of Gray, in Audubon county, two children are reported killed in the wreckage of a farmhouse, and five others injured seriously. All were occupants of one house.

Nine Killed in Missouri.
Blanchard, Ia., May 27.—A tornado struck the town of Elmo, eight miles west of Blanchard and just across the Missouri line, Tuesday, destroying the town. Nine persons are known to have been killed and a number of others injured. The storm struck a three-story brick hotel, which was entirely destroyed. Nine bodies have been removed from the ruins of the building, and others are believed to be buried in the debris.

Farms Under Water.

La Crosse, Wis., May 27.—Ten miles

of farming country south of here is inundated and the loss is heavy. Several clam diggers' houses have been swept away. Landslides and washouts are reported on all railroads and traffic is practically blocked.

Driven from Their Homes.

Salina, Kan., May 27.—This city is the scene of the worst flood in its history, fully a hundred families having been driven from their homes, and the extent of the damage is estimated to be hundreds of thousands of dollars. The northwestern portion of the city is entirely submerged, and women and children were rescued from their homes in boats. The Missouri Pacific grade on the west is holding back a large and threatening body of water.

PRESIDENT IN MONTANA.

Greeted by an Immense Crowd at Helena and Speaks from Grand Stairway in Capitol.

Helena, Mont., May 27.—President Roosevelt's special train arrived here over the Northern Pacific at 8:30 Wednesday morning. An immense crowd was at the station to greet the president. Around the station a cordon of soldiers had been stationed. Battery A, national guard, commenced firing a presidential salute on the arrival of the train.

Among the delegation at the station were many old-time western friends of President Roosevelt. One of the first persons he inquired about was John Willis, hunter and trapper. Of Thompson, Mont., with whom he had camped years ago in this state.

After an informal reception at the station, President Roosevelt and Secretary Loeb, accompanied by Gov. Toole and Mayor Edwards, entered carriages, and the parade moved to the capitol. On the way the procession passed several thousand school children massed in front of the high school building. The main audience was at the capitol, where the president made a 30 minutes' address from the grand stairway. After the address the president was escorted into the state house, where took place an informal reception, in which Former Senator Thomas H. Carter, and members of the Montana legislature, took part.

After a short drive over the city, the president and party boarded the special train, which had been transferred to the Great Northern tracks, and at 12:30 the train left for Butte.

FOR ARID LANDS.

The Sum of \$7,530,338 Will Be Expended on Irrigation in Western States and Territories.

Washington, May 27.—Commissioner Richards, of the general land office, has had prepared a statement giving the exact amount of the fund set apart for the reclamation of arid lands under the irrigation act of 1902. It shows a total of \$7,530,338 for the fiscal years 1901 and 1902, distributed among the states and territories as follows:

Arizona, \$81,773; California, \$503,270; Colorado, \$628,995; Idaho, \$507,448; Kansas, \$49,135; Montana, \$772,377; Nebraska, \$235,194; Nevada, \$23,414; New Mexico, \$147,237; North Dakota, \$1,227,496; Oklahoma, \$1,008,795; Oregon, \$910,961; South Dakota, \$307,562; Utah, \$146,324; Washington, \$794,088; Wyoming, \$385,762.

Hearing Postponed.

Louisville, Ky., May 27.—A special to the Post from Jackson, Ky., says: The hearing of the cases of Curtis Jett and Tom White, under indictment on the charge of murdering Lawyer J. B. Marcum, has been postponed until Thursday. Their cases may be again reset to the next term of court, which begins next week. The delay is the result of the non-arrival of witnesses. The town is quiet.

Will Bring Negroes North.

Boston, May 27.—Plans have been completed by a secret organization with headquarters here for a great negro exodus from the south. The plan of the society, which numbers 500 members, is to depopulate the entire south and southwest of negroes, who will be brought north to Boston and thence distributed throughout the west in agricultural and mining communities.

Wages Increased.

Milwaukee, May 27.—General Superintendent E. F. Potter, of the Wisconsin Central road, has announced that beginning June 1 all the trainmen employed on that system will receive a rise of from 12 to 15 per cent. in wages. The larger increase applies to the freight men, and the smaller to the passenger employees.

Death Quashes Indictment.

Tiffin, O., May 27.—Col. Albert Brewer, Tiffin's millionaire, aged 43 years, died of heart disease. He was in bed with a severe attack of rheumatism. Brewer was under indictment for manslaughter, being charged with killing Luther A. Hershey, in a saloon row. His trial, which was put off from time to time, was set for June 15.

Ten Thousand Homeless.

Berlin, May 27.—The German-Jewish relief society, which is seeking to relieve the Kishineff sufferers, has sent an agent to Kishineff, who reports that 700 houses were destroyed, that 600 shops were sacked, and that about 10,000 persons, or 2,000 families, are homeless as a result of the massacre of last month.

Four Suffocated.

New York, May 27.—Mrs. Julia Wandling and her three children were suffocated and two other persons were so badly burned that it is feared they will die by a fire in the five-story apartment house at 306 West One Hundred and Thirty-fifth street. The fire is said to have been of incendiary origin.

A Fatal Mistake

IS OFTEN MADE BY THE WISEST OF HOLLAND PEOPLE

It's a fatal mistake to neglect backache. Backache is the first symptom of kidney ills. Serious complications follow. Doan's Kidney Pills cure them promptly. Don't delay until too late. Until it becomes diabetes-Bright's disease. Read what a Holland citizen says:

"Mrs. D. Van Houten, of 287 West Thirteenth street, says: 'I had constant heavy aching pains through the loins, in the muscles of my back and under the shoulder blades. My back tired easily from exertion and if I stooped or lifted anything heavy, sharp twinges caught me in the region of my kidneys. I could not rest comfortably in any position and when I first got up morning I felt as tired and worn out as I was the night previous. I tried a great many remedies, but if any of them benefited me it was very temporary. I was advised to use Doan's Kidney Pills and went to J. O. Doesburg's drug store and got a box. It did not take them long before I noticed an improvement which steadily continued until I was in good health.'

HANNA CHANGES HIS MIND

Withdraws His Opposition to Indorsing President Roosevelt in the Ohio Convention.

GIVES OUT A STATEMENT TO THE PRESS

Says the President Sent Him a Telegram Indicating a Desire to Have His Candidacy Sanctioned—Senator's Original Position Not Intended to Be Antagonistic.

Cleveland, O., May 27.—Senator Hanna has decided to offer no further opposition to a proposed resolution in the coming republican state convention indorsing the candidacy of President Roosevelt for another term. This action was decided upon late Tuesday afternoon. When asked if he had heard from President Roosevelt with reference to the discussion concerning his attitude in connection with the resolution, Senator Hanna made the following statement to the press representative: "I am in receipt of a telegram from President Roosevelt which indicates to me his desire to have the indorsement of the Ohio republican state convention of his administration and candidacy. In view of this I shall not oppose such action by the convention, and I have telegraphed the president to that effect."

No Personal Antagonism.

Senator Hanna positively declined to further discuss the subject, insisting that the brief statement, above quoted, fully covered the situation. It is the general belief, however, among those close to the senator that he still doubts the advisability of the adoption of a resolution indorsing President Roosevelt's candidacy by this year's convention. But, it is pointed out, that in deferring to the president's judgment and expressed wishes, Mr. Hanna demonstrates that his original position in the matter was at no time prompted by personal antagonism to President Roosevelt.

Foraker Pleased.

Washington, May 27.—When the dispatch announcing that Senator Hanna would not oppose an indorsement of President Roosevelt at the coming Ohio state convention was shown to Senator Foraker Tuesday night, he dictated the following statement: "I am very much gratified to learn that Senator Hanna has withdrawn his opposition to the indorsement of President Roosevelt's candidacy in 1904." The senator added that the vote of Ohio, added to the states that have declared heretofore for President Roosevelt, gives the president a majority of the votes in the next republican national convention.

Pennsylvania for Roosevelt.

Harrisburg, Pa., May 27.—The republican state convention indorsed President Roosevelt for renomination and declared against any change in the present tariff schedules.

United States Senator Quay declined to accept reelection as chairman of the state convention, and his colleague, Senator Boies Penrose, was chosen his successor.

IN GREAT FEAR.

Prophecy of a Negress That a Cyclone Will Destroy Pine Bluff, Ark., Causes an Exodus.

St. Louis, May 27.—A special to the Republic from Pine Bluff, Ark., says: The prophecy of Ellen Jefferson, a negress in the county jail here and thought to be insane, that Pine Bluff will be destroyed by a cyclone next Friday has caused such an exodus of negroes and white persons who are inclined to be superstitious that many sawmills in the surrounding country and smaller shops of every kind in the town have had to close because there is no help. Many persons from the country have come into town and withdrawn their bank accounts until after Friday.

Sentenced.

Kiel, May 27.—Naval Ensign Hussner, who killed his boyhood friend because the latter failed to salute him when both were on leave of absence, has been sentenced to degradation and four years' imprisonment. Hussner killed Artilleryman Hartmann, and seems to think he did not do wrong, as he felt called upon to preserve his "honor" as an officer.

Murderer Lynched.

Newcastle, Wyo., May 27.—W. C. Clifton, murderer of Mr. and Mrs. John W. Church, was lynched by a mob from Gillette. The mob battered down the jail door and hung Clifton to a bridge west of town. Clifton's head was cut off by the fall of 40 feet.

Has Big Plurality.

Wichita, Kan., May 27.—Congressman-elect Victor Murdock (rep.) estimates his plurality over Clynne (dem.) at 12,000. The republican plurality in the district last fall was 7,823. Returns from the cities indicated that the socialist vote is larger than the populist.

Appointed Assistant Attorney.

Washington, May 27.—Edwin W. Lawrence, of Rutland, Vt., has been appointed assistant attorney in the office of the assistant attorney general for the post office department, to succeed Daniel V. Miller, recently removed.

Dragged to Death.

Rome, N. Y., May 27.—With a halter rope tied around her waist and a frightened colt running at top speed, Rena Webster, aged 20, of Northwest, was dragged a half mile over a rough highway and killed.

Had Not Slept for Two Weeks

OWING TO NERVOUS TROUBLE, YET MALTA PURA CURED HER AND NOW SLEEP IS REGULAR AND HEALTHFUL.

A well known lady residing southwest of this city, says she owes her life to Malta Pura, the great tonic and invigorator manufactured by the Battle Creek Health Beverage Co., Ltd. Although this lady is 72 years of age, she is now enjoying very good health. Here is what she says unselfishly:

"All the folks out here know that I have been a sufferer from a nervous trouble for years. I do not know the cause of the nervousness unless it was stomach trouble, but I do know that Malta Pura cured me, and I only used four bottles. About three or four months ago, I was compelled to take to my bed owing to my condition, but I could not sleep. It seemed impossible for me to get any rest. I took a number of medicines but none of them did me any good. My husband had three different doctors consider my case, but they did not help me. It was after two weeks of sleepless nights during which time I tossed about until I felt I would never get better, that I was told by a friend of my sister that Malta Pura would help me. Well, we bought a bottle and after I had used half of it, seemed somewhat improved for I could get little rest. I kept on taking it and after using four bottles in all, am as well as anyone could expect, my age considered. If I know of any person suffering from nervousness I shall feel it my duty to let them know what Malta Pura has done for me. I firmly believe it to be the savior of my life. I sleep well, without any after distress and consider myself as healthy as any woman of my age."

The name furnished on application to the Battle-Creek Health Beverage Co., Ltd., Battle Creek, Michigan. Malta Pura is for sale at Druggists.

APPLIED THE AX.

Pennsylvania Company Obeys Order of Court and Chops Down Western Union Poles.

Philadelphia, Pa., May 22.—The right of way of the Pennsylvania railroad is marked by hundreds of miles of demolished telegraph poles and thousands of miles of tangled and twisted wire. Pursuant to permission from the United States circuit court, signed Thursday, the railroad company began the work of removing the Western Union Telegraph company's lines from its entire system east of Pittsburgh. The order of the court involves the destruction of 25,000 miles of telegraph wire and 20,000 poles. Hundreds of towns are without telegraphic service.

The wholesale work of destruction marks the end of a bitterly contested legal battle between the Pennsylvania and the Western Union. The railroad company made a contract with the Postal Telegraph company and ordered the Western Union to remove its poles and wires. That company appealed to the courts and lost, Judge Buffington on Thursday signing the formal order permitting the Pennsylvania to remove the obstructing telegraph property from its right of way.

CUBAN TREATY SIGNED.

Permanent Convention with United States Ratified by Officials in Havana.

Havana, May 23.—The permanent treaty between the United States and Cuba in which is incorporated all the provisions of the Platt amendment was signed yesterday afternoon. The provisions are as follows:

Cuba is never to enter into any treaty or other compact with any foreign power which will impair or tend to impair its independence. The government is not to assume nor contract any public debt to pay the interest upon which and to make reasonable sinking fund provision for the ultimate payment or delivery of revenues of the island after paying the government expenses shall be inadequate. Cuba consents that the United States may intervene for the preservation of Cuban independence. Cuba ratifies all acts of the United States in Cuba done during the military occupation. Cuba will make provision for the sanitation of the cities of the island to the end that a recurrence of epidemic and infectious diseases may be prevented.

SHOWS BIG DEFICIT.

Postmaster General Payne Criticizes Subordinate for Shortage in the Free Delivery System.

Washington, May 22.—Congress will be asked at the opening of its next session to make an appropriation to cover deficiencies in both the regular free delivery and the rural free delivery service of the post office department. Postmaster General Payne Thursday announced that this deficiency now aggregates exactly \$227,467, of which \$105,000 is in the free delivery branch, and \$121,000 in the rural free delivery service. The postmaster general said he very much regretted the existence of the deficit, and for the first time publicly criticised the administration of A. W. Machen, the general superintendent of the free delivery system.

AN UNLUCKY NUMBER.

Elevator Containing Thirteen Persons Falls—Four of the Occupants Are Killed.

Pittsburg, May 23.—One man and three women were killed and five or six injured Friday night at 1026 Fifth avenue, the building occupied by a dancing academy. The cause of the fatalities was the snapping of the elevator ropes, allowing the cage to drop 50 feet. The dead are so badly mangled that identification has been impossible up to midnight. The only one whose name may be correct is Catherine Curtin. On her body was found a railroad ticket with the name on it.

Left \$60,000,000.

Pittsburg, Pa., May 26.—The will of Benjamin F. Jones, founder of the house of Jones & McLaughlin, has been filed for probate before Registrar George H. Stengel. No estimate is made of the value of the estate, but it is said on good authority to be not less than \$60,000,000. The widow is to get the income from the bulk of the estate, the balance going to the four children.

Tragedy in Wisconsin.

Florence, Wis., May 27.—Oscar Fredrickson was shot and instantly killed at Homestead, this county, by Louis Nelson, who was arrested and brought to this city, where he is now in confinement, awaiting the verdict of the coroner's jury. The gun was discharged during a scuffle. Nelson claims the deed was an accident.

Former Congressman Dies.

Ionia at Holland

A comfortable lot of fans, rosters and other people gathered at the Holland Baseball park to witness Ionia and Holland play off the "rubber." Each team had won two games and there was considerable excitement as to who would win three out of five. Ball pitched for Holland while Rathbun did the twirling for Ionia. The wind, which in the beginning was blowing a gale, somewhat interfered with the pitchers to put on some fancy curves or unexpected drops.

The first inning was a wild one. Harris went out but Vizzard received base on balls, passed to third on a sacrifice and passed home on a pitch to the back stop. After that the "Mayor" settled down and showed "he could pitch if he wanted to." In the second, Holland tied. Root was hit and went to base. Shippy hit and aided by an error, placed Root at second. Sebastian hit to short who threw to second and second to first making a double. McKinnon, however, hit, bringing in Root.

At no time did the famous "Two Is" look dangerous, except in the seventh. Then it really seemed that something was to happen. Two men were out when a single, an error and a hunt filled the bases. Joe Ganzel, the man that isn't known to strike out, came to bat. Cap. smiled, shook his head and let fly the ball. Ganzel had his eye on it and struck it a trifle too far at the end of his bat. According to the umpire and the audience the ball struck 3 ft. outside the foul mark. Joe was mad and with a few growls and scowling face walked back from second to do or lose. He lost for a small bunt to Ball put him out.

The last of the ninth had come and still the score stood 1 and 1. Ganzel thrived for revenge, and a triumphant grin was on his face when Sebastian and McKinnon were easy outs. DeFree came up to bat. Ganzel's "two gone, two gone" didn't bother him. He landed one to right field and safely anchored at first. Then Smith who had been playing the bench and, at times, amusing the crowd and rattling the pitcher had a burning ache to hit the ball. An ovation greeted him as he stepped up to the plate. The "Two Is" looked rather sullen especially when finding the first ball he drove it to the fence. Then Andrews came to bat. It was his chance to win the game. A single would score DeFree who had reached third. The crowd yelled mad for a while. Once Andrews sliced air. Hope dropped a little, but the next minute it rose as high and as far as went the ball. Duggie's hit was good for two bags, scoring DeFree and at least leaving Smith on third. After Jim crossed the plate, however, the crowd broke loose, tramped on the diamonds and the dejected lot of "Two Is" pulled in from the field.

Defeated the Giants

Last Saturday afternoon the black clouds which during the morning and afternoon had sent down copious showers, broke apart and permitted the sun to dry the diamonds and smile on a victorious bunch of ball players and an enthusiastic lot of rooters. A large crowd had gathered in anticipation of seeing the black giants of Chicago play ball. The pavilion showed a bright mass of ladies' faces while the bleachers were jammed, there being a knee against every back and an elbow on every hip.

The team of Ethiopians looked black and fast. Their faces resembled miniature thunder clouds, brightening at a good play as if the sun shone on them, and growing intensely black as if to break loose in a terrible storm when the Holland men found the ball and began crossing the plate.

Holland's younger generation, with here and there a grey headed pioneer, was in an ecstasy of joy at having the real darkies of Africa on the diamonds and greeted them with as unearthy grunts as can ever be imagined to have been uttered in the darkest corner of Africa.

For three innings there was not much time for rooting, all of them going by so fast. In the fourth, however, there was a chance to get hoarse. Root was hit, Shippy received free transportation and McKinnon rose the bleachers some three feet in the air with a drive over centre's head, scoring Root. By this time the coon pitcher's head began to turn, his eyes rolled but he steadied in time to resume his box work. DeFree was at the bat. He unostentatiously selected one that could be hit and drove it hard to short. The yelling of the crowd and the contortions of Smith, unequalled by the limberiest of the negro race, unsettled the coon shortstop. He made an error, leaving DeFree on base and Shippy home. That was to be the end of the scoring, however. A double play and three strikes ended the inning.

It seemed for a time that the Giants would have no other marks behind their name on the south fence score board than those resembling the outline of the coon catcher's head. But in the seventh inning a battling really

struck the visitors. A few flying grounders passed between short and second filling the bases. One blacky received a pass, and more than one thought he had heart disease—a forced run was brought in. Ball was in a tight place. It was then that good work was precious. A swift stop, a strike out and a little grounder ended the inning, leaving Holland one to spare. In the ninth it again began to look dubious. One giant got to base. His successor lined one to Andrews who threw to McKinnon and he to De Free making a double. Everybody was standing by this time. There was still a little chance left to lose. Africa's best batters were up. Captain Ball knew his business. He let out the reserve kink in his arm and let fly the balls with frightful speed. The batter found one for a grounder, and reached first on one of the two errors of the game. The next coon raised a fly which looked all too much like a hit. But Gorton, who has fast shown an ability to pick out high flies much like a biologist scoops in beetles and butterflies with a landing net, got under it and made all the fans feel safe ground again. The game was over and was as fast and clean as could be wished for.

An old maid stood on the steamboat deck, whence all but her had fled; and calmly faced a kissing bug that circled overhead. The maidens shrieked and the matrons swooned, and the men all swore again, but the game old maid like a hero stayed and whispered "come again." There was a buzz—a thunder sound. The old maid—was she dead? Nay, still she stood and cried for more, but the kissing bug had fled.

Over one-third of the farmers in Kalamazoo county, says the Kalamazoo Telegraph, are raising tobacco, using anywhere from five acres down to half an acre apiece. Of course it is more or less an experiment, but some of them have been doing it for several years, and having better success each year. The product runs from 1,000 to 1,200 pounds per acre.

Hope College News.

The Senior class is in its social time. Last Friday they were royally entertained at the beautiful home of Dr. and Mrs. G. J. Kollen. At six o'clock the stately seniors made their appearance and in a short time were heartily partaking of a bountiful meal consisting of palatable dishes of which any proud American cook can boast. After the tables had been cleared for the last time the doctor gracefully acted as toastmaster, introducing the speakers in a pleasant and humorous manner. L. Boeye responded to "Kansas;" G. J. Stuart to "Iowa;" S. Zanstra to "Chicago and Illinois;" Thos. Welmers to "Grand Rapids;" W. H. Cooper to "Muskegon;" and A. Karremann to "Holland and Hope College." The remaining part of the happy evening was spent in the parlor where music, a few of Cooper's entertaining recitations, a native speech by N. E. Hennessey and a guessing contest afforded much amusement. Though these happy social times remind a graduating class that their college career is drawing to a close they nevertheless will linger in the memory and in after years recall the good feeling that exists between teacher and students.

A Normal School for Western Michigan

At last the much agitated state normal school in Western Michigan has become a law. The Lansing reporter to the Grand Rapids Herald speaks as follows of the passage of the bill and the governor's signature:

"The act of the governor's approval was witnessed by Senator Kelly and Representatives Vandercook and Whelan, who had been particularly active in securing the passage of the bill. This bill was known as the Kelly-Vandercook bill, and Representative Whelan led the fight on the floor of the house for its passage. As a moment of the action of executive approval Governor Bliss used three pens in attaching his signature and date, and then presented them to Kelly Vandercook and Whelan."

The next move is to secure a site in some town for the new institution. Grand Rapids is in the race and has advertised for a 20-acre lot. Allegan is also making efforts to land the school. Holland is in evidence, having as good a site as any town in this side of the state in 20 acres at Waukazoo Park. After the successful efforts of our Representative it is right that our citizens do all in their power to secure the school for this city.

The site for the building is to be selected by the state board of education and at least 20 acres is to be furnished for the sum of \$1. The official name is to be "Western State Normal School." The sum of \$37,000 is appropriated for the building, equipment and teachers' wages for 1904 and 1905. Of this amount \$25,000 is to be applied for the building, \$5,000 for the equipment, and the building is to be ready for occupancy September 1, 1904. The sum of \$7,000 is to be used for salaries and conduct of the school for the fiscal year ending June 30, 1905.

The two base ball games between Holland and Ionia, which were played at Ionia and Greenville resulted in a victory for each team. On Wednesday the game was played in the strong hold of the "Two Is." Smith was in the box and twirled a pretty game. Holland won with a score of 6 to 7. The feature was a sensational catch by Ball who clung to a line drive with his left hand. At Greenville the locals were worsted. Ball's home run brought in the only score, Ionia getting five. Wilson for Ionia is credited with pretty catches in right field. Tomorrow there will be two games with the Northwestern University on the local grounds. The schedule for next week has not been arranged but it is possible that games will be played at Ionia, Mt. Pleasant and Shelby or Marion. There will be a game on the local diamonds next week Saturday between Holland and the Union Giants of Chicago. There is some talk that Sunday ball will be permitted providing every Saturday is filled at home.

Opening of Jenison Amusement Park.

A grand opening of amusement at Jenison Park has been planned by the Grand Rapids, Holland & Lake Michigan Rapid Railway Co., to take place tomorrow. Though all the attractions have not been completed a sufficient number have been finished to interest the visitors and assure them a pleasant time.

Among the interesting sights will be "the caves of the winds," "the house of troubles" and "the carousel." A large company of laborers are busy at "the whirlpool," and have already begun the construction of the "light house." A visit to the resort will open one's eyes to see what immense undertakings have been taken by the electric company to invite people to this resort.

The Hon. G. J. Diekema, who, as chairman of the Republican state-central committee, can be relied upon to know the wishes of the Republican party throughout the state is decidedly in favor of a reform in primary election. He believes that the people expect some action on the part of the legislature in regard to the primary election law. After voices from different parts of the state and the Republican convention at Detroit have declared in favor of a reform, Mr. Diekema believes that nothing less than the nomination of governor by a direct vote of the people can be conceded. He has sent a message expressing his opinion to the speaker of the house and the president of the senate.

It Is a Mistaken Idea

To give too much time to the selection of a Piano; this time could better be spent in selecting a dealer. It should not be hard to size him up by the very appearance of things; for instance, if he be disposed to depreciate his competitor, his pretty strong evidence he hasn't much to offer for himself. One may well have reason to be suspicious of a dealer who promises very much more than is promised by other dealers in a like business. Select the dealer right and the good piano follows. Look up our record. Ask any of our customers how they like the Raymond. They all agree its the finest instrument they ever saw. We can suit you in price and style. \$300 to \$425.
