## THIRTY MEN DIGGING MACATAWA SEWER

EXCAVATION IN MANY PLACES  
TEN AND FIFTEEN FEET  
DEEP

The Holland Resorts have been the source of a great deal of business for Holland working men each year.

We have often wondered whether the city fully realizes and appreciates just what these resorts mean to us.

It is stated that at least 25 or 30 cottages have been erected the past year on and in close proximity of Macatawa lake and Lake Michigan.

What the repair bills have been can only be conjectured and the paint up and clean up part of the job will also run into a snug figure.

Last year the painting of the hotels alone cost the proprietors more than \$3,000. This year Swan Miller of the Macatawa Resort Co. is having a large number of decorators fixing up the interior of The Grand and Hotel Macatawa. Hotel Ottawa is also making some extensive improvements.

Another large job given a Holland firm employing Holland labor is the building of a large sewer along the Lake Front that will be at least 4,000 feet long.

Yonker Pumping Co. has 30 men on the job and even more will be employed if they can be gotten.

The work is very difficult on the Macatawa lake front because of the shifting sand and in many instances the sewers must be laid ten feet deep and even deeper.

Mr. Linderink of Kalamazoo is the consulting engineer who has been recommended by the state board of health and this man will see to it that nothing but the best and most sanitary engineering plans are followed which has been especially demanded by Swan Miller, president of the Macatawa Resort company.

The contractor, the cottage owners association and Mr. Miller are doing everything possible to have this job finished by July 1st and when it is completed it will be an A1 job commensurate with a health resort.

The big sewer when completed will cost at least \$10,000.

All this building activity cannot help but reflect favorably upon Holland's business condition.

Add to these things the trade derived from thousands of resorters in the summer, and we say that Holland has something to be thankful for, for it makes a busy season during July and August which in other cities, not blessed with resort surroundings, are the two dullest months in the entire year.

Advertising solicitors are around getting ads for the Holland fair book. This being a worthy cause, Holland merchants are helping to boost the exhibition by contributing ads to the premium list. Mr. and Mrs. Raymond Knooihuizen are doing the soliciting.

Mrs. Margaret Steggenga and daughter Alma are spending a few days in Grand Rapids.

## RECEIVES CALLS FROM TWO PULPITS; PASTOR TO DECIDE

Rev. H. Mollema, pastor of the Reformed church at Spring Lake, has received a call to the pulpit of the Third Reformed church of Muskegon. Rev. Mollema has also received a second call from the First Reformed church at Lodi, N. J. The first call came to the Spring Lake pastor from the church at Lodi several months ago and was declined. Mr. Mollema has both calls under consideration and will give his decision later. He has been pastor of the Spring Lake Reformed church for the last 5 years and is very well liked both in Spring Lake and at Grand Haven.

## FORMER ALLEGAN RESIDENT DIVIDES FORTUNE OF QUARTER MILLION

The will of the late Mrs. Horace B. Peck of Kalamazoo, formerly of Allegan, disposed of an estate estimated at about \$250,000, most of which was given to her two daughters, Mrs. Frances Peck Connable and Mrs. Luella Peck Hawkins. Bequests of \$1,000 each were made to several church organizations and less amounts to various charities, \$500 to Boy Scouts, and \$1,000 to Bronson hospital. To her second cousin, Mrs. Ruth Bowles Parker of Otsego, was left \$1,000, and her half sister, Miss Lizzie Eager of Allegan and her two cousins, Misses Laura and Julia Stoughton of Otsego, were given \$25 per month each during their lifetimes.

## OTTAWA COUNTY WOMAN DIES IN BERRY PATCH

Mrs. Anna Houtman, 64 years of age, died very suddenly Wednesday morning at her home in Robinson township. Mrs. Houtman went out into her berry patch in the morning and was found at about 6:30. She was then past help of physicians and the box half filled with strawberries which she held in her hand indicated that death had come almost without warning. Coroner H. J. Boer did not consider an inquest necessary. She had lived in Robinson for the last fifteen years. Her husband Mat Houtman, and relatives in Austria survive her.

## CITY SHOULD HAVE A REST ROOM FOR MANY TOURISTS

HARMON BUILDING IS BEING  
CONSIDERED AS AN IDEAL  
PLACE

Holland is way behind the times when it comes to a rest room for strangers. That this city with all its resorts and its rapidly increasing tourist trade does not have a rest room where strangers can make themselves comfortable after an extended travel, is inconceivable.

It is unfair to take everything and give nothing and it is about time that someone "takes the bull by the horns" and goes to it.

The Woman's Literary club has already brought this matter up time and again, and these public spirited women are willing to furnish such a room provided others maintain it and pay the rent.

The Exchange Club is also taking this matter up thru a committee consisting of George Lage and Andrew Klomparsens. These men in their report state that the maintenance of such a room during the summer months would be approximately \$300 and they point out that the Harmon building on West 8th street might be secured.

No definite action was taken at Wednesday's meeting, but the matter was referred back to the committee to see what further could be done.

It seems that no temporary arrangement should be made, but that something permanent should be gone into and this should be done quickly.

It seems that Holland could not advertise its hospitality better than to provide means that would give to the tourists and strangers within our gates the very first step toward their comfort.

## SIDE LIGHTS ON THE OLD G. A. R. BOYS

ONLY 17 CIVIL WAR VETS LEFT  
IN A. C. VAN RAALTE POST

Decoration day again called to mind especially strong the fact that the Boys in Blue are fast leaving us.

Not long ago the number in the ranks was quite a concourse of men. But within the last fifteen years tap have been sounded for many of them and it may be interesting to know that there are only 17 left to answer roll call and G. Van Schelven who is nearly four score is the commander of this small company.

It was quite pathetic to see on Sunday morning this fading troop of brave men leave the city hall for church services. Eight of the men were bound to still do the "hay foot, straw foot" and negotiated the distance to Trinity church.

Peter De Kraker, the veteran butcher who still carves meat on the chopping block every day had to march and he is 83 years old.

G. Van Schelven, Peter De Kraker, Peter Gunst, Frank Hiler, Henry Van Lente, and Peter De Vries simply couldn't keep their feet still and went with martial tread to the church edifice on Sabbath morn to listen to the services arranged for their special edification.

The local post was organized approximately 40 years ago, and the 17 members who still survive their comrades, and so bravely defended the union during the civil strife of '61 to '65 are G. Van Schelven, Louis De Kraker, John Wise, Peter De Feyter, Melgert Van Regemorter, John Van Dyke, Gerrit S. Doesburg, John Douma, Peter De Vries, John Harrington, Peter Gunst, George W. Egler, Henry Van Lente sr., B. G. Scott, D. H. Clark, M. Notier and Frank Hiler.

## SUPT. OF G. H. SCHOOLS SPEAKS AT EXCHANGE CLUB

EVERY SUPERINTENDENT RE-  
CEIVES KICKS ON METHOD  
OF STUDY

The members of the Exchange club were given an unusual treat Wednesday noon when Mr. Vanden Berg, superintendent of the Grand Haven schools spoke to them on method of teaching.

Mr. Vanden Berg brought out the fact that there is a common criticism going about, that the methods of yesteryear were better than the methods of today.

Mr. Vanden Berg exploded this fact however in demonstrating that he personally has conducted examinations for experimental purposes between pupils of today and the parents of these pupils, and the result was that the later pupils excelled in reading, writing, spelling, history and in fact, in most any subject except possibly mathematics in which case they were well up with their sires who made arithmetic an every day use in their business, and it was unfair naturally to bring this knowledge in competition with pupils who are not so well versed.

Said Mr. Vanden Berg, "In former years history was studied by heart. Today history is brought down in story form, shorn of details and dry figures."

Mr. Vanden Berg pointed out a very interesting comparison. He stated that as bible history the students were given the story of Joseph with the coat of many colors. The story was given the pupils in the simplest way and in order to ascertain what part of the story impressed the pupils most he had 33 pupils draw pictures of the story of Joseph and his brethren. Of these 33 pictures there were 18 different impressions received. Some had Joseph being put into the well. Others had the coat of colors colored red brought to the father indicating that Joseph had been slain. Others had Benjamin the youngest son in knee breeches in order to indicate that this was the boy of the family. It however showed that each pupil had a different conception of the Joseph story or rather looked at it from a different viewpoint. But taking it as a whole the 18 different pictures studied side by side brought out the complete story of Joseph without a detail missing as this has been pictured to us in the Bible.

Another interesting fact brought out was in the study of physiology. Our fathers studied the technical names by heart, but paid no attention to their teeth. Our mothers knew how many bones there were in a body but were not taught to keep bedroom windows open for fresh air at night. Today the pupil is taught hygiene and teaching them how to live brings with it the teaching of moral lessons which goes hand in hand with right living.

A moral young man or a young lady also has a clean mind and an upright heart and these things combined cannot help but aid in his or her spiritual development.

Mr. Vanden Berg's discourse threw a great deal of new light upon present day methods of teaching that was a revelation to a great many present.

## EXCHANGE CLUB WANTS TO KEEP PROF. WICHERS

MAYOR STEPHAN BRINGS OUT  
THIS POINT AT LUNCHEON

Professor Wynand Wichers of Hope College recently received a flattering offer from the Western State Normal College of Kalamazoo, asking him to be a member of the faculty.

Mr. Wichers had nearly made up his mind to go to the State College, but so much pressure has been brought to bear upon him that he hardly knows what to do.

The climax came when Mayor Stephan at the Exchange Club luncheon unexpectedly brought out the fact that we could not afford to allow men like Dr. Wichers to leave our city and that pressure should be brought to bear upon the college authorities to find out whether Mr. Wichers could not be induced to stay.

So spontaneous was the response that every member of the Exchange Club present was upon his feet in an instant without even being called and gave his vote to appoint a committee whose duty it will be to call upon the college authorities to find out what possibly could be done to retain Mr. Wichers.

To say that Mr. Wichers was surprised at the ovation received by the members of the Exchange club is putting it mild. It was difficult for him to express his appreciation for the vote of confidence received and he stated that if there was any one thing that deferred his decision it was these numerous expressions desiring that he remain in Holland, the city that he so dearly loved.

## ROBBERS ENTER ZEELAND GARAGE

THEY STEAL OXYGEN TANK,  
NOTHING ELSE; ENTER  
THROUGH WINDOW

Robbers broke into the garage of Vredevelt Brothers, located at the corner of Main street and Maple in Zeeland, and stole an oxygen tank. So far as a rough inventory of the stock could reveal it, nothing else was taken and the proprietor of the garage are at a loss to know what the tank was taken for unless in the preparation for some other job in which oxygen was needed.

The robbers entered thru a side window, which they pried open. The window was secured by nails but these were forced out by the robbers.

Frank J. Whelan of the Holland Shoe Co. has purchased the large home of Dr. A. Leenhouts on Pine avenue and 12th street. Mr. Whelan will have the home remodeled thru-out.

## STRAND THEATRE

Today, Will Rogers in, "The Guide of Women." The inimitable Will Rogers in another of his delightful true to life comedies. The kind of picture the whole family will enjoy and remember for some time to come. Simply bubbling over with laughs. Special Two Reel Sunshine comedy, The Book Agent.

Friday, June 2, Herbert Rawlinson in "The Scrapper." A soul stirring drama of romance and mystery whose thrills will hold any audience spellbound. One of fast action. Also "Winners of the West" the last episode. Star comedy, "Both Booths."

Saturday, June 3, Pauline Frederick in "The Sting of the Lash." The greatest dramatic role of her career. A soul reclaimed. A story of undying love. A woman swings the lash and a climax arrives which you will never forget. Also "The Adventures of Tarzan." The 3rd chapter of that thrilling wild animal story. Special Comedy and International News Reel of Current Events.

## GIVES ADVICE ABOUT CARE OF MILK

The following bulletin has been issued by the health board:

"It is expressly forbidden for the milk producers to take or receive milk from premises placarded or quarantined for a contagious or infectious disease, or to take bottles from such place until quarantine has been removed.

"Every milk bottle should be thoroughly washed in the house before its return to the milkman. Every woman can help to teach cleanliness in the handling of milk.

"Never let milk stand on the porch or in sunshine, but put the bottles in a refrigerator or in a cool place immediately after it is delivered. This will add greatly to its keeping quality.

"If everyone from the farmer to the consumer would be particular and conscientiously neat in the handling of milk, much more would be used, as it is one of the most wholesome foods and the cheapest food obtainable."

## STUDENTS WANT TO RAISE THEIR OWN TUITION

A very unusual petition is going the rounds of the campus and is being liberally signed by students asking that the tuition be raised next year from \$40 to \$50 a year for each student. The purpose of the movement is to devote the apportioned amount of \$5000 thus realized into the college for enlarged work in the departments.

An effort also is being made to secure the required number of pledges before commencement week to insure the establishment of an alumni chair in philosophy. About 150 alumni have pledged \$10 annually and 40 additional pledges are required to secure the amount of \$2,000 for the salary of the instructor. At present the chair of Bible and philosophy is held by Rev. Paul E. Hinkamp. The Reformed churches of this city recently guaranteed the salary for the chair of Bible on condition that the two departments be separated and it is hoped that the alumni movement will provide the salary for the new chair in philosophy before the new school year opens in September.

## G. AND M. FREIGHT AGENT APPOINTED AT SAUGATUCK

Robt. Dempster has taken up the duties as freight agent for the G. & M. Trans. Co. at Saugatuck. He will have charge of the warehouse and docks there and is now looking after the moving of the warehouse to its permanent position and putting the dock property in shape to be ready for the first trip of the City of Saugatuck. The company says positively direct steamboat service will begin the latter part of June. The work of paving Main-st. is to be rushed and the boat people will pave with brick the Water-st. front of their holdings so that the teamsters and truck men will encounter no soft trackage in getting to and around the docks to transfer their loads. A passenger ticket agent also will be on hand when the season opens.

## PROMINENT LAKE CAPTAIN DIES AT SAUGATUCK

A prominent old lake captain died at Saugatuck at the age of 71 years. Capt. Charles Blanchard Costes, was one of the most prominent Great Lake sailors in these waters. At one time he sailed the old steamer "City of Holland" that was built at Saugatuck just before the World's fair at Chicago, 29 years ago.

Capt. Costes commanded many other boats since 1872. Among them were O. R. Johnson, W. B. Minter, Rob Roy, H. D. Moore, White Cloud, J. C. Stuit, Douglas, Crosby, Mc Vea and Frank Woods. In 1870 on the schooner Johnson he was caught in a great gale when more than fifty vessels were lost. In 1880 with the schooner White Cloud he weathered the terrific gale in which the Alpena foundered, although he was out two days and two nights before he made Manitou harbor.

He took the steamer Frank Woods to dry dock at Sturgeon Bay, Wis., a few weeks ago and while there was stricken with heart disease and was taken to Saugatuck. He piloted the steamer Frank Woods for 22 years.

Capt. Costes was born on the lake shore and spent practically his entire life in the vicinity of Saugatuck. He had been a member of the Saugatuck F. & A. M. for 45 years and was honored some time ago with a certificate of life membership.

## BE A TRIFLE SKINNY, JUST TRY G. R. FLOUR

Mike Hirdes, erstwhile Zeeland baker, who had the reputation of being the fattest as well as the best natured of the 100 visitors who came to Grand Rapids with a recent inbound trade tour, obtained his avoirdupois in an unique way, so the story goes.

Mr. Hirdes wasn't always as heavy as he now is, his friends say. When he entered the baking business he got into the habit of consuming large quantities of his own product. Like other retailers of that section he purchased all of his flour from Grand Rapids millers. Now he is an object of particular pride to these tradesmen, who point to the beneficial effects of the Grand Rapids product.—G. R. Herald.

City Clerk Richard Overweg was in Grand Rapids on business Friday.

## TEACHERS ENGAGED FOR THE ZEELAND SCHOOLS

The Board of education for the Zeeland public schools has secured a full complement of teachers in both grade schools and the high school. W. L. Fuehrer, who has so successfully superintended the public schools for several years will leave as will also H. A. Sayer, principal. The teaching staff engaged for the coming year are:

Superintendent, Paul V. Sandgren; principal, Newell P. Hall, H. J. Langue, Dora Van Loo, French and English; Language, Ada De Pree, English and Latin; Social Science, Harriet Burrell, Political Economy and Algebra; Science, Herman A. Andrews, Physics and Chemistry; Science, Helen James, Botany and Zoology; Mathematics, John Walko, Jr., geometry and advanced Algebra; Music-art, Louise Schlutt; 8th Grade, Mrs. Martha Barens; 8th grade, Mabelle Mulder; 7th grade, Nela Ver Hage; 7th grade, Stella Eadie; 6th Grade, Marian Vanden Bosch; 5th Grade, Elizabeth Nykamp; 4th Grade, Henrietta Nykamp; 3rd grade, Louise Wierenga; 2nd grade, Marie Van Eenanaam; Kindergarten, Lena Visser.

## NEW CHURCH TO BE ERECTED IN ZEELAND

The Third Chr. Reformed church congregation of Zeeland has practically unanimously decided to erect a new church edifice on their property on the corner of State street and Central avenue.

The building to be erected will measure over all about 50x110 feet which exceeds that of the First Reformed church of Zeeland by about 10 ft. in length. The structure will face Central Ave. with its main entrance and will also open on South State street. The main floor of the auditorium it is planned, is to seat 500, while the annex and the gallery are each expected to accommodate the several needs of the church.

The finance committee is now evolving plans for raising the necessary \$30,000 which it is expected will be required for the work. Much enthusiasm is displayed and it is expected not less than \$20,000 will be voluntarily subscribed within a few weeks.

## ZEELAND BUSINESS MEN TO HOLD OUTINGS

The Zeeland business men have decided to hold holiday every Wednesday afternoon during June, July and August. Also it was decided to spend one afternoon in each month while the season permits, among their friends in neighboring burgs.

These outings will be a community affair. They are held with the purpose of promoting community good will and to become better acquainted with everyone living within a ten-mile radius from Zeeland. Hundreds of people within only a few miles from Zeeland do not know each other by name, not mentioning Christian names. The first outing will be held at Drenthe on June 6 in the evening, when a short program will be given and a general good time enjoyed.

## LOCAL GIRL WEDS BANGOR MAN ON WEDNESDAY NOON

Miss Cynthia H. Siersma, of Holland and Mr. E. Brewster Ferguson, of Bangor, were united in marriage at high noon Wednesday at the home of the bride's parents, Mr. and Mrs. Peter Siersma, Maple Ave. The bridesmaid was Miss Gertrude Wanrooy of Holland, and the groom was attended by Mr. Arthur Sherod of Bangor. The ceremony was performed by Rev. C. P. Dame, of Trinity church, in the presence of the immediate relatives and friends. A wedding breakfast was served, after which the young couple left for Chicago where they will spend their honeymoon. They will make their home in Bangor.

## SEVERAL DISEASES ARE SPREAD BY MILK

In connection with the present survey of the milk situation in Holland the health department is giving the following advice:

The diseases most commonly spread by milk are: tuberculosis, typhoid fever, diphtheria, scarlet fever, summer complaints of children and the diarrheal and the dysenteric diseases of adults, which are often referable to milk that has become infected sometimes on the farm, sometimes in the dairy and often in the household. Sometimes the milk becomes infected as a result of diseases of the cow, as in tuberculosis, inflammation of the cow's udder, as in garget, and frequently streptococci, producing streptococcal sore throat, etc.

In Holland there are approximately 3800 school children, nearly all depending more or less on food products of the cow, principally milk. No food of any kind so nearly contains all the elements necessary to the growth of the child as milk. The necessity of pure milk is evident.

American Citizenship was the subject considered at the W. C. T. U. meeting on Friday afternoon at the home of Mrs. Pessink, 209 W. 12th street. Mrs. N. Prakken told of our present immigration laws, and the kind of citizens that our county needs was brought out in the prize essays of Holland High school, the winners of the first and second prizes being present to read their work. Mr. James Wayer told of the new clean up program in the state of Michigan. Miss Dorothy Slagh gave two readings; the devotions were in charge of Mrs. H. W. Smith.

Tea and cakes were served by Mrs. J. Zuidewind, Mrs. J. DuMez and Mrs. J. Knutson. The next meeting at the home of Mrs. A. H. Meyer will be the closing meeting for the summer vacation.

## FIRST IT'S STRAW-BERRY WEEVILS, NOW GRAPES ARE AFFECTED

Along with the reports of the depredations of the strawberry weevil in Ottawa county come reports of another insect pest, the rose chafer which is attacking the grapes in the vicinity of Spring Lake. The importance of the grape crop has increased greatly here in the past few years and everything that can be done to increase and better it has been done.

The rose chafer attacks the grapes in their early growth. It eats the flowers of the embryo grapes and when the clusters are young it attacks and causes their disintegration. About the only way to combat it is to spray the plants or to pick the chafer off by hand which is almost an endless job.

According to one prominent Spring Lake grower, over ten thousand dollars worth of damage was done by the pests last year which could have been averted by about \$100 worth of spraying. One grower in Spring Lake is known to have suffered a \$200 loss. As Spring Lake is the main part of the growing district it is only natural that it would suffer worst from the pest.

In combating the rose chafer, the grape plants are sprayed with a solution of arsenate of lead or of calcium arsenate. Five pounds of the arsenate are put in solution with fifty gallons of water and one gallon of molasses is added and the plant sprayed. The solution of the molasses, is the result of the ineffectual work of the old method.

In spraying with the solution minus the molasses, the parts of the plant which were protected by the leaves was not sprayed with the result that the insects ate around the poison and destroyed the plant as usual. Insects seem to have quite a penchant for sweets and it was found that when the molasses was added that the pests would go for the molasses and would get the poison in that way which would prove their undoing. The use of molasses in spray solutions has become quite general and will undoubtedly come into common use as soon as its efficacy is wholly established.

The Holland Interurban is doing a thriving business in early resort trade incident to Decoration day.

Mrs. Fred Mulfinger, who has been visiting in Holland for three weeks, left Saturday noon for her home in San Antonio, Texas.

## PASTOR AND QUARET T FIGURE IN ACCIDENT

Friday evening Rev. G. B. Fleming and members of a quartet that was to have taken part in a program at Mt. Pleasant, figured in an automobile accident in Grand Rapids, and as a result the quartet did not fill the date. Mr. Fleming had volunteered to take the quartet to Mt. Pleasant in his car, and on the Grandville Avenue road, in passing another car two of the wheels of his car went off the paving.

The paving being about four inches above the "shoulder" of the road, it was almost impossible to get back on. In getting back on the car shot ahead and swung across the road. As a result the Fleming car was turned over. The occupants escaped with slight cuts but the car was badly damaged.

The Pere Marquette R'y sends to the newspapers each week bulletins referring to road conditions, increases or decreases of passenger or freight business as the case may be and such other news as may be interesting both to the road and the community it serves.

Holland is mentioned often in these bulletins and this week it has the following:

Michigan's luscious strawberries will start moving about June 1 with a heavy crop in prospect. Already the P. M. R'y has received orders for refrigerator cars for the handling of this crop. The state's strawberry patch along the railway extends from Holland as far as Michigan City, which is just across the state line border—a distance of 100 miles. From Hartford to New Buffalo—a distance of 46 miles—there is an intense cultivation of this fruit. This is also the country of the Michigan Fruit belt with its varied orchards and strawberries in many cases are intercropped. While the strawberry is an important one, from a railroad traffic standpoint it does not prove relatively as important as many other crops, as the movement is made for the most part by boat, express or truck. A considerable amount, too, goes to the canneries direct.

Holland shows a like increase in grain, grain products, vinegar, pickles, iron and steel products, and forest products. Benton Harbor is forwarding rasting, brick, oil, lumber, Pig Iron. St. Joseph has a like increase. Ionia shows an increased forward movement of furniture and steel.

## CHRISTIAN HIGH SCHOOL PUPILS ARE ENTERTAINED

The hospitality of the Junior class of the Christian High school was evidenced Friday evening when members were hosts at an elaborate banquet given in honor of the graduating seniors. The banquet was held in the parlors of the 14th St. Christian Reformed church and covers were laid for an even hundred.

Besides an elaborate menu in which creamed chicken played an important part, a varied program was also a feature.

The program follows: piano solo, Gertrude Haveman; reading, Tunis Prins; vocal solo, Gertrude Huizinga; Pantomime, Sophomore boys; quartet, Junior girls; Return of Rip Van Winkle, Junior class; violin duet, Teachers.

The committee on arrangements were Nellie Schaap, Gertrude Huizinga, Gerry Joldersma and Clarence De Waard.

The members of the graduating class for 1922 follow. Krynne Baarman, Jeanette Brink, Benjamin Brinkhuis, Albertus Derks, B. J. Fynerwever, Marie Klomprens, Russell Nykamp, John Sharpe, Jeanette Vander Ploeg, Anthony Westerhof.

## GASOLINE AND KEROSENE MAY NOT BE MIXED UNDER THE LAW

Fire Chief Napoleon Belfy of Muskegon has asked the state department of public safety to send representatives to Muskegon to investigate what is believed to have been a violation of the state law in regard to the proper care of gasoline. Mrs. Clarence Perkins told the chief that gasoline was mixed with kerosene she bought at local grocery. Tests convinced the chief she was right. Customers of the grocery were warned.

## PREP. SOCIETY WILL TAKE OFF PROFESSOR

The Melphone Literary society of the Preparatory department at Hope, which is to give its annual program Friday evening, June 16, will have something entirely new to offer the public in the way of an entertainment this year. Together with their coach Teunis Baker, who is to help them in their efforts, the Melphonians have originated and dramatized a brand new play entitled "The Freshman." This comic little sketch is full of original humor and fun, and it is expected will eclipse anything the society has ever given before. The scene is laid upon the local campus and pictures one of the anomalous positions to which Freshmen are sometimes subjected, and innocently involves one of the prominent faculty members. This free treat to the public can hardly be missed by any who can come. Other numbers will also contribute to the evening's program.

The Melphone society started in 1857 and has been in the habit of presenting their annual programs for many years, which programs have always attracted large audiences. The society is in a flourishing condition and is composed of men who are interested in developing their literary taste and talents. Dwight Yntema is the president.

## SOCIETY HOLDS 32ND ANNUAL BANQUET

Empowered in what had all the appearance of a woodland scene, constructed in the basement of the W. L. C. rooms, the Cosmopolitan society of Hope College Friday night enjoyed its thirty-second annual banquet. The decorations were most beautiful and elaborate, one feature being a large fountain.

About 75 were present at the banquet and it was a most enjoyable affair. Before the feast a short program was given in the auditorium of the building, containing the following numbers: reading, Longfellow's "King Robert of Sicily" by Morris Steggerda; instrumental quartet, "Alita," by F. H. Losey; and an impersonation, "Horse-sense," by Winfield Burggraaf.

The banquet was an elaborate and a delightful one. The following program was given, the subjects of the toasts being the names of famous paintings: "Hope" (Wats) Jacob Prins; "Aurora" (Guido Reni) Gerrit Wessink; "Guiding Angel" (Melampre.) R. John Hager; "Autumn Oaks" (Inness) Theodore Tritenback; "Sir Galahad" (Watts) Mike Schuurmans; "Hunger" (Hamsun), Arnold Mulder.

## WEST. THEOLOGICAL SEM. STUDENT TO SAIL FOR JAPAN

John Ter Borg of Ferrysburg, a graduate of the Western Theological Seminary passed with credit his final examination for ordination as a minister, before a special meeting of the Grand River classis of the Reformed church, held in Grand Rapids. He will be ordained at services held at the 1st Reformed church Friday night, June 2, at 7:30. Rev. H. Mollema will preside and read the formula. Dr. S. C. Nettinga of Holland will preach the sermon and Rev. J. G. Brower of Emanuel church of Grand Rapids will give the address to the newly ordained minister. The Emanuel church of which Rev. Brower is pastor will support Mr. Ter Borg in his mission work in Japan. He expects to sail for Japan to begin his work about Sept. 6. Mr. Ter Borg has been a member of the Reformed church of Spring Lake for many years.

## SALVATION ARMY QUOTA IS OVER SUBSCRIBED HERE

Holland oversubscribed its quota for the Salvation Army drive by several hundred dollars. This announcement was made Saturday in the final report of the recent drive in this city. The quota for Holland was \$900, while the total sum raised here was \$1,256.75.

The city drive was in charge of Mrs. George Albers and Mrs. Gertrude Boer. They made all the arrangements and it was due to their organization that the drive was so splendidly successful. The committee Saturday expressed their deep appreciation for the work of all the teams and thanked all the workers most heartily.

START CONCRETE POURING ON THE ROAD TO DENNISON

The Ottawa County road commission reports greatly reduced traffic over the detour laid for the convenience of those who formerly used the Spring Lake-Dennison road. The bad rains the past week or two greatly aggravated conditions and made the road much worse than under ordinary circumstances. Clark Cook & Lange, the contractors for the work started pouring concrete and the work was well started.

## COUNTY REVENUE FIGURES GIVEN OUT WITH SPENDING

In figures made public at the Ottawa County Clerk's office it is shown that the total receipts of the county in April were \$36,548.25 and that against this \$95,822.28 was paid out. This figure last named includes all expenditures by the different departments upon the roads and other improvements. Quite a goodly number of dollars was paid out in bounties also, to different pest catchers in the county. For crows, \$12.75 was paid out at 25c per crow. Rats were caught in great numbers \$896 being paid out for them at ten cents a rat. \$2.25 was paid out for woodchucks and in mothers' pensions, \$1830 was paid out.

## FOUR CASES OF DIPHTHERIA IN PARK TOWNSHIP

Health Director Al Timmer of Park township reports four cases of diphtheria in the homes of residents on the Alpena road. Mr. Timmer has quarantined the homes and has tacked up large red signs instructing folks to keep away.

All the schools in the neighborhood have been fumigated.

## HOLLAD TOWNSHIP PIONEER PASSES AWAY

Mr. J. P. Hartgerink, aged 68 years, died Wednesday afternoon at his home northwest of Zeeland after an illness of about three weeks. The funeral was held on Monday afternoon at 2:30 at the home, Rev. Beni Hoffman, pastor of the Second Reformed church of Zeeland officiating.

Mr. Hartgerink was born at Noordeloos May 19, 1854. His father, Alexander Hartgerink, came to America in 1845 served as a soldier in the Mexican War, after which he settled on a farm in Noordeloos.

Mr. Hartgerink was a carpenter by trade and he lived on his farm north of the Zeeland Brick yards for 43 years. He served as member of the new Groningen school board for 22 years, and at the time of his death he was a member of the board of review of Holland township.

He is survived by his wife and six children: John A., and Mrs. Martin Verplanke, of Zeeland, Anton A., of Chicago, Bert M., of Manistee, Josephine at home, and Mrs. Wm. Van Huizen, of Waverly; also by nine grandchildren, and one brother, James, of Rapid City, So. Dakota.

## WANT TO NAME GRAND HAVEN'S NEW SCHOOL AFTER PIONEER GIRL

Grand Haven is seeking for a name for its beautiful new High school, costing more than \$200,000.

The most appropriate name that could possibly be given this school is Mary A. White school, in honor of Grand Haven's first school ma'am.

Mary A. White hailed from the Grand Haven district long before the countyseat ever was a countyseat, and before Grand Haven ever amounted to anything.

In connection with the subject, it might be interesting to know that Mary A. White contributed to early education in Grand Haven in four distinct ways. Upon her arrival at this settlement, she saw the need for education of the children of the early settlers. Courageously, she opened the first school. Later when Grand Haven began to show signs of being a part of considerable importance she opened the first night school for the benefit of the sailor boys and other youths, whose daily employment made it impossible for them to attend school even in the winter months.

Her third line of activity was the organization of the first Sunday School. Rev. William M. Ferry, founder of the settlement, of whose family Miss White was a member, was a Presbyterian minister before he took charge of the trading interests. It was then that the church and Sunday school which has become the First Presbyterian church had its beginning. There are but very few left of Miss White's original school pupils or members of her Sunday school class, but they understand better than any one else the difficulties she encountered and the sacrifices she made in the name of education.

The fourth activity in the way of education in Grand Haven was the donation of her library to the use and benefit of the people of that community. This was the beginning of the public library in Grand Haven.

Miss White was but 22 years of age when she came from her home in the east to cast her lot in the wilderness of the then unknown territory of Michigan. She had been well educated at some of the best schools of her time and her home was among comfort and culture.

Yet she came bravely to this frontier of civilization, where the majority of the inhabitants were Indians and French frontiersmen. There were several families of cultured white folks among the settlers and Miss White saw her duties among the children. She gave herself to the task of being the first teacher and far away from the seats of learning of the east, she taught many the fundamentals, which were to form the basis of later achievement.

It is not known what her compensation was but it was not in proportion to the service rendered by this young woman set down like a delicate flower in the midst of the wild forest. She lived until she reached the age of 87 years and more than half a century of her life was devoted to education in some one of its channels.

## COUNTY TREASURER PUTS DOG LIMIT AS JUNE 15TH

After June 15th all dogs in Ottawa county not licensed under the state dog law of 1919 will be taken when found and done away with by county officials. Upon receiving the names of owners of dogs not licensed in accordance with the law the county treasurer, John Den Herder will inform prosecutor F. T. Miles whose duty it will be to investigate proceedings against the owner of such dog. The dog, under the law, becomes a public nuisance and all county, state or city officers will proceed in a policy of extermination.

Many such dogs are listed in Holland and vicinity and it behooves their owners to take steps to make "Rover" or "Fido" legally in possession of his right to life and the pursuit of happiness and cats. Many local people in both the city and county were cited and fined last year for failure to comply with the state law.

For the benefit of those who have not read the law when published before we give extracts of it here: The law provides that any dog 4 months old or over shall be licensed and said license tag shall be attached to the dog's collar except under certain conditions among which are in the case of a hunting dog when it is accompanied by its owner in the pursuit of its work. It is also declared unlawful for dogs to stray beyond their owners' premises unless under the immediate control of some person, except when bearing license tags. Another important provision is that every dog shall remain on his owner's premises between sunset and sunrise unless under the immediate control of some custodian.

License tags are not transferable. Lost license tags will be replaced without charge by the county treasurer if a sworn statement regarding the loss of the tag is made by the owners.

**THE MAGIC POWER WITHIN**

If you break your arm there is a "power within" the body that mends the broken bone.

If you lacerate the flesh, there is a "power within" that heals the wound.

What is true of a broken bone or of a flesh wound, is also true of burns, scalds and bruises.

Chiropractic teaches that this "power within" is the only power on earth that heals, cures, or mends, and that what that power cannot or will not heal, cure or mend is beyond the power of anything on earth.

Chiropractic teaches that the power within moves the body, regulates the heat of the body, converts common food into living flesh and blood, develops the body from a single cell to an adult organism and reproduces the species.

It teaches that this power performs these physical functions by means of impulses sent over the nerves, and that when a nerve is impaired the impulses are interfered with and produce disease.

To cure disease the tissue interfering with the nerve must be adjusted to normal.

This is what the Chiropractor does. See your Chiropractor Consultation and Spinal Analysis Free.

Memorial Day marked the opening of a new store in Holland, located near the corner of College avenue and 14th street. The new concern is an ice cream parlor and confectionery store, and is being operated by J. Van Ry. The new store has been built onto the Newhouse shoe store and is uniform with it in structure and size. These two, together with the Van Ry grocery store, form a business block of considerable size in that section.

A new fountain has been installed in the confectionery store, and all the equipment is new and up to date.

An automobile owned by Roy Achenbach an employee of the Brunswick-Balke-Collender Co., was blown to pieces at Muskegon late Tuesday night while Achenbach was in the home of a young woman he had taken riding. The car was standing in front of the young lady's home at Hughest-st. and Forest ave. when a terrific explosion shook the neighborhood, breaking panes in windows for a distance of a half block and damaging telephone and telegraph wires overhead.

Police are investigating. They advanced the theory that another man, acquaintance of Achenbach's companion, prompted possibly by jealousy, placed a stick of dynamite in the car.

## LOCAL MUSICIAN WINS HIGH PRAISE FROM NOTED JUDGE

The recent high school music contest held at Mt. Pleasant, in which John Lloyd Kollen brought honor to the local high school by winning first prize in the piano solo, is that third annual contest arranged by the Central Michigan Normal School and is held in connection with their annual May Festival. This is the seventeenth year that Mt. Pleasant has been privileged to have artists of renown, the entertainers of the year being Margery Maxwell, soprano, of the Chicago Opera; Edna S. Ver Haar, contralto; James Hamilton, tenor; Charles N. Granville, baritone and Vera Poppe, cellist, all musicians of extraordinary charm and ability. The Normal School of 150 voices under the direction of J. Harold Powers also took part in the festival, presenting "The Death of Minnehaha," by S. Coleridge-Taylor.

In the music contest which followed the festival and in which over 200 took part, any high school in the state is eligible to compete and the following events are put on: a mixed double quartet, girls' double trio, male quartet, soprano solo, contralto solo, tenor solo, baritone solo, piano solo, violin solo, and orchestra. For all group numbers a silver cup was awarded winners of first place, and a collapsible baton to those taking second honors. In all solo events, a gold pin was awarded the individual winning first place and a silver pin of similar design was given to those taking second place. In each event the contestants were obliged to give one required number, and as an encore, one of their own selection. In order to eliminate people of mediocre ability, the required numbers are being made more difficult each year.

To the high school winning the greatest number of points, the Music Championship Trophy is awarded. This is a silver loving cup and is retained by the school for one year, becoming the property of the school if won again the following year. Lansing won the cup in 1920, Saginaw in 1921, and this year, Lansing again captured the trophy and bore it proudly home.

Prof. P. W. Dykema of the University of Wisconsin, a man of national reputation in musical circles, was the judge this year. In order to insure perfect fairness, each contestant went by a number and the judge was unaware of the school he represented. In announcing the winners of the various prizes, Mr. Dykema showed himself to be a man of remarkable mentality in that he remembered the playing or the singing of each individual or group and told each one where the strong points had been or where they had failed. When awarding the gold pin to John Lloyd Kollen, Mr. Dykema said that he had judged the piano contest keeping in mind the following points, interpretation, tone, speed, rhythm and dynamic.

He further said that "it was very rare, indeed, to find such superbly finished work in a person of high school age, and that the playing of the young man had been one of the high spots in the entire contest." Great praise is due Mrs. Martha Robbins under whose instruction John Lloyd Kollen is at present receiving his musical training. There were 12 who took part in the piano contest.

Last year the first prize in piano was won by Miss Schonmuller, of Cheshing, a senior in the high school there. Miss Schonmuller won second prize this year.

It is very unfortunate that the high school quartet with whom Miss Cogdal, the supervisor of music, had been tirelessly working, met with an automobile accident and were unable to participate in the

## LET NOT YOUR CHANCE OF GETTING A HOME TAKE WINGS.

## HOME and MONEY.

Without money there can be no home. Without a home, money means little.

Love and affection lay the foundation for a home but money must complete it.

Money is the reward of effort and toil. It is a token we have striven for. Through it we may enjoy the fruits of our labor.

When we check our desires and spend less than we earn, there results a difference. If this sum is laid away it becomes a saving.

The best place to put it by—a place where the temptation to spend it will be less—where it will be safe—where it will not be stolen—where it will not be lost—where it will earn interest—where it may be had immediately in case of urgent need—where it will be ready when the opportunity comes to invest wisely—the best place for it is the First State Bank.

A home must begin with a Savings Bank account.

And after the home is established and there are payments to be made, a systematic laying away in the Savings Account of a sum sufficient to take care of them, makes the payments prompt and easier.

Every home owner should have three things this Bank offers—

A Savings Account—

A Checking Account—

And a Box in the Vaults in which to keep valuable papers.

contest or Holland might have been further honored.

It is to be hoped that Holland's young musicians will bear this annual contest in mind so that another year we will be represented in more, if not in all of the events and that we will be "on the map" in musical as well as in oratorical and athletic contests.

## CELEBRATE THEIR FIFTH WEDDING ANNIVERSARY

Mr. and Mrs. A. Vos celebrated their fifth wedding anniversary on Memorial Day at their home at 136 W. 19th street. About 40 relatives gathered at the Vos home and tables were placed in the back yard where a delicious dinner was served. There were several guests from Grand Rapids present, as well as several from Holland and vicinity. During dinner an orchestra played. The day was spent in playing ball games and engaging in other sports of various kinds.

A telegram received Tuesday by Austin Harrington of this city, from the Dixie Highway association, that is holding its annual meeting in Jacksonville, Fla., announces that the new route of the highway from the Indiana line north, will be via Niles, Benton Harbor, South Haven, Holland and Grand Haven to Mus-

kegon to connect with the present route in the latter city. This new routing of the Dixie will mean thousands of additional tourists for west Michigan resort towns. Michigan directors of the association are Philip T. Colgrove of Hastings, and Frank Hamilton of Traverse City.

The men largely responsible for this diverting of southern travel over the West Michigan Pike are Austin Harrington, chairman of the Ottawa County Road commission; Wm. S. Loutit, former mayor of Grand Haven and "Concrete" Connelly of Spring Lake.

The "A" Meliphonians took their best girls out to Macatawa Park last Thursday. The time was spent in playing tennis and fishing and ended up in a steak roast.

The rain drove the couples home again.

Miss Yntema and Mr. Burggraaf were the chaperones.

## ONE HUNDRED SEVENTEEN LEGIONNAIRES IN LINEUP SUNDAY

Memorial Sunday morning could not have been more ideal. Nature in full bloom of spring, the beautiful sunshine together with the temperate weather conditions, all contributed in making it a Sabbath day that could not be excelled. Taking all in all this Memorial Sunday will remain one long to be remembered.

Promptly at 9:30 o'clock the different soldier bodies lined up in parade formation and the march to Trinity church began. The procession was headed by a few of the "Boys in Blue," eight in number, to be exact. With them marched veterans of the Spanish-American war and Sons of Veterans.

The Willard Leenhouts Post, American Legion made a wonderful showing which speaks well for the boys of the late World War.

A representative of this paper counted exactly 117 ex-service men in the lineup with Commander Raymond Visscher, Adjutant Marshall Irving and former Commander H. Geerts in charge.

A body of the Women's Auxiliary of the American Legion, and not a few of the Woman's Relief corps, braved the march from the City Hall to Trinity Church.

The conveyance committee had several automobiles on hand and these, filled with G. A. R. boys and W. R. C. Girls, brought up the rear of the procession.

A section of the church had been reserved for the soldiers and the ladies and these together with the rest of the audience taxed Trinity church to overflowing.

In his introduction Rev. C. P. Dame welcomed the veterans as follows: "It is with keen delight that I greet our visitors this morning and I welcome you most heartily to this church. It is a solemn occasion that brings us in this House of God. Recollections come to us this morning. We think of by-gone days and of past events and of the great occasions that meant much to our beloved land. We think of the struggles and conflicts and great crises through which the nation passed. Blessed be God who kept us intact as a nation and who has thus far preserved us and given us a mission. May we ever be faithful to the God-given mission. This morning your attention is asked to a passage from the word of God, a passage that gives us a vivid view of a hero of past days. Think this hour upon this fact:

"The motives and chief qualities of an ideal soldier of ancient and modern times are highly venerable and most useful in time of peace."

I. The Chief qualities of an Ancient War Hero.

Rev. Dame used as his theme, the "Soldiers of Yesterday and the Soldiers of Today. Abraham and Isaac were men of peace, but Abraham was an ideal warrior. It relates in Scripture how Abraham with a small band of men routed a combined force of five cities and quelled a rebellion which had arisen. Abraham may be called an ideal warrior for the motives that roused him to action. "He was not actuated by any lust for conquest—he went out to fight for his brother's freedom". He fought a justifiable war and showed the qualities of the true soldier—idealism, courage and the spirit of self-sacrifice, and implicit faith in God.

II. The Spirit of America and War.

The Civil war was fought to preserve the Union and to keep the nation intact. The Spanish-American war was fought to maintain the freedom of Cuba. The World Wars were fought for the purpose of subduing the military autocracy of Germany. The United States does not enter a war with a desire for conquest and this nation showed the characteristics of Abraham in all three wars.

We spent a huge sum of money and it cost lives for the war, and because of our conviction.

"God grant that this idealism may ever live amongst us. It is unnecessary to speak of the courage of

the American soldier, Vicksburg, Gettysburg, Santiago and Chateau Thierry are names that will ever bring to mind the courage of the American soldiers. And the nation always in the great crisis shows its trust and faith in God. Deep in the American heart are written the Puritan principles and of these the sovereign of God is supremely held."

Lincoln was a splendid example of this and the night before the battle of Chancellorsville, may be rightly termed "Lincoln's Vigil."

Faith in God should also be shown in times of peace. Many citizens and soldiers who learned to pray during times of war paid little attention to Him in ordinary times. These qualities—idealism, courage, self-sacrifice and faith in God have marked our nation.

III. The Times Call for the Qualities of the Ideal Soldier.

Conditions are changed and idealism is needed and one must be on his guard to combat the forces of evil. The day of self-sacrifice is here: Rome says in early times—"Control thyself"; the Greek philosopher said "Control thyself." Jesus Christ said "Deny thyself."

The nation needs a deep trust in God. Faith in God is the bulwark of a nation and godly people a nation's strongest defense.

Appropriate music was sung by the choir, incidental solos being sung by Miss Helene Vander Linde, Mr. John TerVree and Mr. Morris Schepers.

**DECORATION DAY IS A MOST IDEAL ONE**

Decoration Day was one of the most ideal days from the viewpoint of weather that Holland has ever witnessed.

The intense heat so often prevalent on Memorial day was lacking and the mild temperate weather was a comfort to the participants, especially those who had to take part in the parade.

At 9 o'clock citizens began to gather at Centennial Park and the different musical organizations marched from their respective headquarters to the place where the exercises were to be held.

The Holland Martial band as usual escorted the boys in blue from G. A. R. hall to seats reserved for them in the parade.

The program was gone through as was officially published, Miss LaCaff ably and in a very clear voice reading the proclamation of Governor Groesbeck, while Rev. Clarence P. Dame pronounced the invocation after which Mayor E. P. Stephan in a very fitting short address told of our own townsman and what this man has meant for Holland.

What Mr. Stephan had to say follows below:

"Holland has always done itself proud in celebrating Memorial day. As far as my memory goes back it has always been properly observed, and our people have ever displayed a keen interest in the event, by attending in large numbers the programs of the day."

"It is a day when we are reminded of the struggles and sacrifices made by others, that makes it possible for us to enjoy the best government on the face of the globe."

"We have been favored in the past to listen to some of the best orators in the land, who would stir up within us our patriotism, and create a better and truer civic spirit than we had before. They have come from all parts of this country to address us, but today we have one of our own sons to speak to us."

"Lincoln, Nebraska may boast of its Bryan, Canton, O., is proud of the fact that William McKinley was one of its citizens. President Harding put Marion, O., on the map, but the speaker of the day has done as much relatively to advertise our city as either one of these three men did for theirs."

"Holland is more widely known on account of this citizen than anything else it can boast of."

"This city loves and respects him and he loves this city, and while he had many urgent requests and invitations to speak in other cities, the call from his home town was given first consideration."

"It gives me great pleasure therefore to present to you as the speaker of the day your friend and my friend, Holland's famous and brilliant orator, our own Gerrit John."

Mr. Diekema in his very able address pointed out the results of the three great wars. He stated that the civil war was fought to bring liberty to the black man and to preserve the Union from becoming disunited. This great nation was fighting for the freedom of the slaves.

In the Spanish-American war the country was again fighting for the freedom of Cuba, against Spanish oppression, and while the north and south were living together, the conquerors with the conquered, the spirit of hatred in a measure still existed. It took the Spanish War to again cement the spirit of friendship and brotherhood—the sons of the north fighting shoulder to shoulder with the sons of the south against the common enemy.

The World War, the most titanic of all wars, was a third battle for freedom in which the United States joined the scales in favor of justice, freedom and democracy.

Kings and potentates have been overthrown and the people now have a right in many of those foreign countries to govern themselves having a voice in the governing power of their respective countries.

The aftermath of this war has meant a peace conference at Washington, called by President Harding, resulting in a peace treaty between England, Japan, France and the United States.

Through this treaty our Pacific interests are safeguarded. China will be as a free country. Poisonous gas and liquid fire will no longer be weapons of offense or defense, but in the cause of humanity will be

relegated from all future warfare. Because of this conference big navies will be scrapped, thus lifting the burden of taxation from the shoulders of the people not alone, but the energies expended on these large projects meant for slaughter, these energies will be directed towards the peaceful pursuits of life.

In 1860 during the Civil War God saw the World War of 1914, and it was His all seeing eye and His wise providence that solidified this nation through the Spanish war in order that this country might be instrumental in turning the tide in favor of a freer and a better world.

This great World War has cost eight million lives, a tremendous cost, but through it we can see the Star of Hope, and the rainbow of promise in the eastern skies.

The sacrificing of these lives in consecration to freedom and democracy has brought Heaven closer to earth than it has ever been before.

relegated from all future warfare. Because of this conference big navies will be scrapped, thus lifting the burden of taxation from the shoulders of the people not alone, but the energies expended on these large projects meant for slaughter, these energies will be directed towards the peaceful pursuits of life.

## INDEPENDENTS ARE KNOWN UNDER BY KALAMAZOO ELKS

Was Memorial day an eventful one for Holland? Surely so for the Holland Independents when the fast Kalamazoo Elks overwhelmingly defeated us 22 to 1. Disastrous, humiliating, disgusting (if words can describe) will partly convey the base ball played by the locals to those who did not see the orgy.

A colored gentleman in the bleachers remarked, "What you say, Holland had a ball team?" while another outside fan replied in answer to a criticism of a local fan, "You knocker, I have heard and seen a lot of this Holland team and they usually play good ball; don't the same thing happen to the best even in the big show; sit down you calamity howler and put away your hammer."

Well, anyway the local players presented a comedy of errors, 11 in all, to the 750 fans that crowded the bleachers, many of them from outside the city.

Holland started out well in their first turn at bat with 2 down, Shav took a base on balls and scored when "A" being slammed one for three sacks.

Kalamazoo came right back in the second. On an attempted steal Spriggs threw high to second the ball rolling to center. Hoover picked it up to head off the runner at 3rd, but heaved the pill into the bleachers the runner scoring. A clean steal of home by Mc Gregory of the visitors in this same inning gave them another run. Starting with the next inning to the finish everything went wrong with Holland and the jinx possibly in the form of a toad could not be found and chased away. Just before the third started a huge ugly toad hopped across the home plate. After three or four attempts Spriggs finally captured the innocent creature and put him to sleep in his hip pocket. The toad made another leap gaining his freedom and soon found a hiding place. The jinx was not found again until Wednesday morning when Spriggs spied him in the corner of his chicken coop and beheld him quickly. Today it will rain with the jinx away. Saturday's game coming with the Muskegon Squares should be a good example of the national pastime.

Poppen pitched for Holland due to Steggerda being unable to come at the last minute. "Jim" worked hard all thru the game but his support was discouraging although the hard hitting visitors secured 18 safe hits. Miller worked for the "Hello Boys" and had an easy time. Only five of the local swatters connected for safe hits.

Japping's hard catch of a fly ball left field and doubling a runner off first on a perfect peg, featured the game. By the way Japping and Woldring were the only ones getting by without an error.

Kazoo played errorless ball behind Miller.

A four-team baseball league was formed by Western Michigan semi-

pro nines in a recent meeting. The new circuit will play twice a week schedule and will embrace Holland, Beverly of Gr. Rapids, Allegan and South Haven.

The close rivalry which always has existed between Holland, Allegan and South Haven will be made a four cornered battle with the advent of one of Grand Rapids' most powerful aggregations — Beverly Grays, who last year played under the name of the Grandville-Jenisons.

Spriggs Te Roller, the catcher-manager of the local aggregation, is out to win a pennant for Holland this year. Games here will be played on Thursday and Saturday. The complete schedule will be announced later.

### VETERAN FISHER- MAN PRESENTED WITH ROD AND REEL

The choir of the Third Reformed church, with its director, John Vandersluis, motored to South Haven on Wednesday night and enjoyed a chicken dinner. The consistory of the church had planned this outing in appreciation of the services rendered by this organization. Fifty-seven sat down to the repast at 6:30 served in the rest room of the Chamber of Commerce building. Besides the chauffeurs and their wives the guests of the evening included T. W. Sawyer, secretary of the C. of C. of South Haven, and the Rev. Mr. Dierberger, pastor of the Congregational church. The piano brought in for the occasion was placed by the Cable Piano Co. The following program was greatly enjoyed: Welcome, Sec. T. W. Sawyer; anthem, "My Faith Looks up to Thee," the choir; incidental solos by Miss Nettie and Dr. Gilmore, violin obligato, Mr. De Weerd; piano duet, Misses Van Kersen and Zwemer; reading, Miss Hoffman; Budget, Miss A. R. Zwemer; vocal solo Miss Kuhl; talk, "The Trinity of Man's Powers," Rev. Mr. Dierberger; talk, Henry Geerlings.

The choir surprised Mr. Vandersluis by presenting him with a bamboo fly rod and a Warton automatic reel with this inscription: "To our kindly and faithful director from his appreciative choir members." Mr. Vandersluis responded feelingly as only he can, and promised a fish supper, if ever he caught enough of a me to feed the whole company.

### HOLLAND'S DELE- GATION AT DETROIT

Holland's delegation of Polar Bears left early Sunday morning for Detroit to attend the National Polar Bear convention there. The Holland boys went to Detroit via the Michigan Railway.

Some 2,000 Polar Bears stood in the bright sunshine of Detroit's downtown streets Sunday and heard taps sounded in tribute to their dead in Russia.

The memorial opened the first reunion of the Michigan veterans who served in Russia. Among the speakers were Sen. C. E. Townsend and Lieut. Col. J. Brooks Nichols.

The city was dressed in gala attire in honor of the occasion. Delegates, representing practically every state, but largely from Michigan, Indiana, Illinois and Wisconsin were there. Reunion of various fronts took place Sunday night. Monday was devoted to the memorial exercises. For three minutes all activity ceased in Detroit while the citizens offered silent tribute in memory of the Americans left behind in Russia.

The Polar Bears, many of them wearing the same uniform in which they fought the Red army will swing down Woodward ave. Tuesday as one of the most important units of the annual memorial day parade. Among the most notable figures at the reunion will be Gen. W. P. Richardson, retired, who was in command of all the American troops in Russia. Gov. Groesbeck gave a speech.

### Swine Feeders Day at M. A. C.

May 16th has been designated as Steer and Swine Feeding Day at M. A. C. At that time another year's work will have been concluded in the feeding of stover silage versus normal corn silage to fatten steers. Five trials have been concluded in feeding the common farm grains to pigs. Seven lots were fed as follows:

1. Corn, rye, barley and tankage.
2. Rye and tankage.
3. Barley and tankage.
4. Corn and tankage.
5. Rye, barley and tankage.
6. Barley, middlings and tankage.
7. Rye, middlings and tankage.

The results in gains, profits and loss will be available on this date. Farmers interested in feeding should take in the date at M. A. C. Figures will be available for publication later.

The Ottawa County Road Commission presided over by Austin Harrington of Holland completed the purchase of land in the village of Hudsonville and vicinity, which now completes the new proposed highway right of way from Beaverdam to Jenison, a distance of about ten miles. The county road commission's right of way follows the Pere Marquette R'y from Zeeland through to the Kent county line and cuts off a distance of about four and a half miles. The land acquired by the commission will be used for the direct highway into Grand Rapids from Holland and Zeeland. It does not follow the lines of the old roads, either the town lines or old trails, but follows an entirely new route, acquired for the purpose of building a better, shorter and safer road for the use of the public. One section of grading on the proposed highway has been completed, and contract for another about ready. No concrete will be laid this year, however.

In the Muskegon-Ottawa county district the present Republicanator Arthur Bolt and two Republican former senators, William M. Connolly of Grand Haven and Vincent J. Martin of Muskegon, are candidates for state senator. Another candidate is Tom F. Rogers, a former Republican representative from Muskegon county. Senator Bolt is a dentist, Mr. Connolly an electrical engineer. Mr. Martin a street car employee.—Detroit News.

### HOLLAND CANNING CO. FIRST IN STATE TO OPEN

A Michigan state canning inspector, while in the city Thursday to inspect the plant of Holland Canning Co., said that the local concern was the first one in Michigan to begin the season's pack. The first rhubarb was packed at the local plant on Wednesday, when approximately five tons of "pie-plant" were put into cans. This was of a fancy variety. On Thursday, the second day of the season, nearly twice as much was packed as on Wednesday. Like the big Michigan canning companies that are giving out optimistic predictions about the prospects for the coming season, the Holland Canning Company is also looking forward to a prosperous year.

### SCHOOL PUPILS WIN CASH IN ESSAY CONTEST

The Law Enforcement Essay contest which was put on some time ago in the schools of the city by W. C. T. U., has been completed and prizes have been won as follows: High School, subject, "The Underlying Causes of Lawlessness and their remedies," first prize, ten dollars, won by Harry Aldus; second, five dollars, Cora Prins; honorable mention, Sears Doan and Dorothy Dick, all Seniors. Judges, Mrs. R. N. De Merell, Miss M. J. Gibson, teacher of English at Hope College, and Att. F. T. Mill.

Junior High—Subject, "Why I Love America, Observe Its Constitution and Obey its Laws," first prize, \$5, Geneva Dogger; second prize, \$3, Evelyn Stekete; third prize, \$2, Russel Smith. Judges, Mrs. Etta Whitman, Mrs. S. M. Zwemer, Mrs. Harry Harrington.

Sixth Grades—Subject, "To Be a Good American one must obey the law. Why?" first prize, \$5, Elizabeth Arendshorst; second prize, Ruth Geerlings; third prize, \$2, Bill Telling. Judges, Mrs. E. J. Blekkink, Mrs. J. Weyer, Mrs. Marius Mulder.

School for Christian Instruction—same subject and judges as Junior High: first prize, \$3, Susanna Dees; second prize, \$2, Johanna Schreur; honorable mention, Grace Holkeboer of the sixth grade.

One school not in the city was also included in the contest, namely Beechwood, at which the prize, \$3, was won by Wilhelmina Knoll of the eighth grade.

The W. C. T. U. wishes to thank the judges for the time they have given and for their careful work; in some cases as many as 45 essays going to one group of judges meant considerable work. All the pupils wrote on these subjects and received the same credits as on their regular lessons. The teachers thru elimination, sent only a certain number, sending only the best ones to the judges. This has been done thruout the state of Michigan and cannot help but make for better future citizens, for having thought and written on these subjects.

The prizes will be awarded at the annual commencement exercises in June.

### PARK CLEANED UP; BOARD TO KEEP IT CLEAN NOW

From now on all dumping of rubbish on the premises of the George E. Kolien Memorial Park will be forbidden, except on written permit from the park board or Park Commissioner Van Braght. This announcement was made Friday as a result of a decision made at a meeting of the park board.

The dumping of ashes and other rubbish on the place was at one time encouraged because there were certain places that needed to be filled in. But as a result of this privilege some people have been throwing rubbish on the ground indiscriminately and have entirely ignored the signs as to where the material was to be dumped. This spring therefore the park board was up against a big job of cleaning the grounds at considerable expense. This has now been completed and the board wants to keep the place clean.

They still want rubbish dumped in the depressions but they want to be able to control it and have it dumped in the right places. Hence only a written permit will give people the right after this to use this as a dumping ground. Signs have been placed on the ground, and after this persons disregarding this regulation will be prosecuted.

### SOUTH DAKOTA MAN WINS RAVEN CONTEST

Mr. Simon Heemstra, of Monroe, South Dakota, a sophomore at Hope college, was the winner in the Raven Oratorical contest held at Winants Chapel Thursday evening. The title of his oration was "The Challenge of the Ideal." The winner also took first honors at the Northwestern Academy, where he pursued his academic course there. An intense interest was shown this year in the contest, which was well attended.

Harvey De Weerd, of Holland, ran a close second with the oration entitled "The Fallacy of Force." Two prizes of \$30 and \$20 are given for the first two places respectively. Other orations were "The New Slogan," by John Elbers; "The Supreme Menace," by Cornelius Baker; "The Moral Equipment for War," by Wm. Zoerner; "The Path to Peace," by William Hilmer; and "The Nation's Safety," by John Detmers.

The judges for the oratorical contest were Att. T. N. Robinson, Prof. Wm. Wichers, and Prof. Egbert Winter.

### SIGMA CHI SOCIETY HOLDS BANQUET

One of the pleasant pre-graduation events during the coming season was the banquet of the Sigma Chi society held at Mary Jane Inn. The young ladies of the society were hostesses to the young swains of Holland and covers were laid for at least 75 participants.

The chaperons on this occasion were Miss Metta Ross, Miss Jeanette Mulder and Mr. and Mrs. J. Riemersma. The repast was all that could be asked.

Following the dinner the program below was arranged for and as will be noticed a unique feature was worked out in which the first letter of each number on the program spells out the name of the society, giving the banquet, namely Sigma Chi.

### TEACHERS ENTERTAIN W. C. T. U. MEMBERS

The corridor on the third floor of the high school Thursday afternoon was transformed into a very attractive reception hall, when the teachers of the city entertained the members of the Women's Christian Temperance Union at an afternoon tea. The attendance was very large and gave the teachers the opportunity they have long desired of becoming better acquainted with the splendid women workers of Holland, especially the mothers.

A short but delightful program was given, consisting of a piano solo by Miss Helene Dyke, several readings of child interpretation by Miss Grace Spies of Hope College, and vocal selections by Miss Helen Smith accompanied by Miss Ruth Pelgrim, both of Hope College.

After the program tea was served and all spent a pleasant social hour.

### HOLLAND MAN WEDS A MANISTEE GIRL

Harvey J. Hansen and Miss Mary MacDonald were united in marriage Wednesday evening at 8 o'clock at the home of Mr. Hansen's parents, Mr. and Mrs. Chris Hansen on the North Side. The ceremony was performed in the presence of the families of the contracting parties by Rev. G. B. Fleming, of the Methodist church. The bride's home is in Manistee. The bridesmaid was Miss Lucy Moody, and the groom was attended by Harold MacDonald, a brother of the bride. The couple will make their home in this city.

A henpecked husband is one who isn't permitted to listen in on the radio until the sermons start.

M. Frenzenius has placed a new front in his grocery store on Central avenue.

### BASE BALL COMMITTEE DECIDES TO SUPPORT THE WHOLE TEAM

A policy of support to the whole team instead of singling out an individual player was adopted by the special base ball committee that met Thursday evening in the office of John Vander Veen in order to canvass the base ball situation in Holland. This committee was appointed some time ago at a public mass meeting in the city hall where the fans came together to see what could be done, to keep Holland's team together in view of offers made by outside teams for the services of local players.

The committee was composed of John Vander Veen, Con De Pree, George Woldring, B. D. Keppel, and John Vandersluis. All were present at Thursday night's meeting, and the situation in Holland was carefully investigated and analyzed.

A suggestion had been made to raise a certain amount of money for a single member of the team so that Holland could approximately meet the offer that has been made for him by an outside team. But after careful deliberation the committee came to the conclusion that this would be unwise. It would be easy enough to raise the money, but the committee deemed it unwise to do something for individuals in the team, which might be a source of discontent on the part of the others and might eventually stir up discord and destroy teamwork, which is more valuable than the work of any one player. The committee went on record as being in favor of doing all they can for the whole team as a team, backing up the players in all legitimate financial and other ways and assuring the team that everything will be done that can be done to give them the support of the people of Holland. Whatever can be done to make working conditions more attractive for individual players, will be done, but no subscriptions will be taken.

### DOUBLE HEADER DRAWS A VERY POOR CROWD

The two games Saturday afternoon drew one of the poorest crowds of the season, but yet some good ball was played.

Holland defeated the Junior College of G. R., while in the second game the Independents put the skids under the Grand Rapids Dry Good Co. and scored seven to their nothing. However the score is not a true indication of the class of play as the visitors presented a good lineup with possibly one or two exceptions. Harry Bissonette, who was one of the Holland boys last fall who did not win a gold watch was on the firing line for the Dry Goods. For six innings he breezed along in fairly good fashion, allowing one run each in the second, the fourth and sixth innings. The 7th was his Waterloo when the locals solved his shoos for four solid hits and four runs. In all eleven hits were made with Hoover's hitting featuring. He only hit safely four out of four.

Now what about Poppen, our Overisel farm lad? Some one said early in the season he sure could pitch hay but throwing the leather ball was a very different thing. The score board shows that the Dry Goods Co. hit safely just once and that by Harry Bissonette. Not half bad for an ordinary pitcher. Besides Steggerda wired this morning that he would be on hand to help put the game on ice. The game starts at 3:15 sharp.

The 293 fans that dared to come out to take a chance of seeing a good game were more than satisfied. Tomorrow afternoon the park should be filled to capacity to see the locals clash with the Kalamazoo Legions, formerly the Pythians. Believe us its a real ball team, but fans will be elated to know that Steggerda wired this morning that he would be on hand to help put the game on ice. The game starts at 3:15 sharp.

# The Power Unit Supreme

Discriminating engine users today are demanding light weight, surplus power, compactness and durability.

The Holland Auto-Type Engine was designed to fill this demand. It is a new and simplified type of engine and the ready reception given this motor justifies the belief that it is filling a long felt want.

The new Holland Engine is a self-contained, light weight engine. It has surplus power, perfect balance, durability, and is economical in operation.

It is the ideal power unit for spraying outfits, electric light plants, grain binders, potato diggers, concrete mixers, pumping and operating machinery of every kind about the farm or shop.

Investigate the Holland Auto-Type Engine when considering the purchase of an engine, before you make a choice. Write us for detailed information.

**PROPOSED LATERAL SEWER**  
Fourth Street between Central Avenue and River Avenue.  
City of Holland, Mich.

City Clerk's Office, May 15, 1922  
Notice is hereby given that the Common Council of the City of Holland at a session held, Wednesday, May 3, 1922, adopted the following resolutions:

Resolved, that a lateral sewer be constructed in Fourth street from the west end of the present sewer; 115 ft. west; that said lateral sewer be laid at the depth and grade and of its dimensions prescribed in the diagram plan and profile and in the manner required by the specifications for same provisionally adopted by the common council of the city of Holland, May 3, 1922, and now on file in the office of the clerk, and that the cost and expense of constructing such lateral sewer be paid partly from the general sewer fund of said city and partly by special assessment upon the lands, lots and premises of private property owners abutting upon said part of Fourth street and being adjacent to said lateral sewer, and such other lands, lots and premises as hereinafter required and specified, assessed according to the estimated benefits therefrom determined. In follow: Total estimated cost of lateral sewer \$200.00. Amount to be raised by special assessment on private property according to estimated benefits received \$172.52. Amount to be paid from the general sewer fund \$28.38.

That the lands, lots and premises upon which said special assessment shall be levied shall include all the private lands, lots and premises lying within the special assessment district designated by a red line in the diagram and plat of said district by the common council in connection with the construction of the sewer, all of which private lands, lots and premises are hereby designated and declared to constitute a special sewer district for the purpose of special assessment to defray that part of the cost and expense of constructing a lateral sewer in said part of Fourth street in the manner herebefore set forth and as heretofore determined by the Common Council, said district to be known as designated Fourth street special sewer assessment district.

Resolved further that the city clerk be instructed to give notice of the said proposed construction of said lateral sewer and of the special assessment to be made to defray part of the expense of constructing such sewer, according to diagram, plan and estimate on file in the office of the city clerk and of the district to be assessed therefore by publication in the Holland City News for two weeks and that Wednesday, June 7, 1922 at 7:30 o'clock p. m. be and is hereby determined as the time when the Common Council and the Board of Public Works will meet at the council rooms to consider any suggestions or objections that may be made to the construction of said sewer, to said assessment and assessment district, and to said designated sewer assessment district.

**NOTICE TO CLOSE ALLEY**

Whereas, the West Eight (8) feet of Lot Eleven (11) in Block Thirty-one (31) (Original plat) of the City of Holland have been used upwards of twenty years without let or hindrance, by the public for alley purposes, and said described premises have never been dedicated to the public for such use, but are in possession of private owners, and

Whereas, said premises constitute an alley or passageway leading North of Eighth Street to another alley running East and West in said Block. And the owners of said described premises have opened an alley in the rear thereof, leading southward from Seventh street to the East and West Alley of said block, and

Whereas, all of the owners of the property in said Block, who are directly interested in said alley, have consented in writing over their signatures, to the closing of said described premises for alley purposes, and the general public has other convenient access, both from Seventh Street on the North, and Eighth street on the South, to the out-lot of said alley and it is deemed advisable by the Common Council of the City of Holland to close said described premises for alley purposes, in order that a building may be constructed thereon and the present unsightly opening closed thereby, therefore

Resolved that the Common Council of the City of Holland deems it advisable to vacate, discontinue and abolish the said alley, described as located on and along the West Eight (8) feet of Lot Eleven (11) in Block thirtyone (31) and the use thereof by general public for alley and passageway purposes, and the Common Council of the City of Holland hereby appoints Wednesday, the 7th day of June A. D. 1922 at 7:30 o'clock P. M. in the Council rooms in the city hall in the City of Holland as the time and place when they will meet to hear objections thereto.

The Ottawa County Farm Bureau picnic for this year is to be held at Jensen near Grand Rapids on Aug. 9. The picnic is to be held at the farm of Mr. Ohler, who is the owner of a splendid herd of Holstein cattle, a subject upon which the speakers will dwell during the picnic.

County Farm Agent Milham has arranged his schedule for June. On Friday, June 2 he will meet Holland and Park Twp. Farm bureau members at Holland township hall at 8 p. m. At Olive Center a meeting will be held on June 15 at the town hall at 8 p. m. At Harlem, Farmers' club at the home of Peter Bauman, on June 22 at 8 p. m. At Jamestown on June 27 at the town hall and at Allendale at the Farmers' club and farm bureau on June 1 at 8 P. M.

Floyd Richards of Allegan county has been arrested on the charge of assault and battery. An argument it is said occurred at the breakfast table when Richards claimed that his stepfather, Mr. Markham had insulted him accusing him of abusing the horses. This enraged the stepson to such an extent that he hit his stepfather, knocking him to the floor. The father then attempted to phone to the neighbors but the son knocked the telephone out of his hands. Markham then went to the barn and as he harnessed the horses the boy again attacked him, but he finally managed to get away to a neighbor's house where he telephoned to Sheriff Hare, who immediately went out. Taken into custody, the boy pleaded guilty in Justice C. Parker's court and was sentenced to serve 60 days in jail at hard labor and given a fine of \$40 with costs of \$4.35, which if not paid will add another 30 days to the sentence. Markham is a man sixty-nine years of age and not in good health.

Four "stewed" joy riders were arrested at Highland Park Grand Haven Wednesday morning by Undersheriff Spangler and Officer De Witt. The men were all from Grand Rapids and came to the park in a big car which they ran into a sand bank where they were taken into custody. Bond was furnished for them and they were arraigned in Judge Wach's court, each drawing a fine of \$20 and costs of \$4.70.

Ernest Winberg, charged with larceny from several cottages in Spring Lake during the winter was bound over to the August term of circuit court under \$500 bonds. Alex Patrick, arrested on a similar charge, is still in jail without bail.

6,000,000TH FORD  
BUILT MAY 18TH

## Four Out of Five Ford Cars and Trucks Sold Since 1908 Still in Operation

The six millionth Model "T" Ford Motor was produced May 18th in the Ford factory at Detroit. In other words, from the time back in 1908 when the Ford Motor Co. began marketing the now famous Model "T" Motor car until May 18, 1922, a total of six million Ford cars and trucks have been produced. Out of this total 5,617,956 were delivered to purchasers in the U. S. alone, and according to the latest statistics, 4,478,248 of these Ford cars and trucks are still in daily service.

Thus it will be seen that out of every five Ford cars and trucks sold to retail purchasers in the United States alone during the past 14 years, four are still in actual daily use, which is really remarkable when the hard service of commercial cars is taken into consideration. This seems to forcibly confirm the popular knowledge of the longevity of Ford cars.

That Ford products have been quite evenly distributed throughout the United States is borne out by the fact that thru the sparsely settled communities in the West to the densely populated cities in the East practically the same ratio of Ford cars and trucks to population exists. Ohio leads with a total of 290,769 Ford cars and trucks in daily use; Illinois comes second; Pennsylvania third; Texas fourth, and Michigan fifth, with a total of 234,031. New York, Iowa, and California follow in the order named, each showing more than 200,000.

An idea of the important part played by Ford Cars and Trucks in the daily transportation of goods and persons in the United States can be gained by realization of the fact that with the Ford cars now in operation, averaging a minimum of 5,000 miles per year each, they would pile up a total of Twenty-five billion transportation miles—equivalent to more than a million trips around the world.

## FIFTY YEARS AGO

A topic of quite general conversation in the city of late, is the beautiful (?) condition of River-st. An old settler informs us that the sand has never been dryer or deeper than at present. The prediction is that no effort will be made to make it better as long as a team can plow through. Our farmer friends to the north of us can still get into the city by leaving their load at the bridge and driving in light. Note—Wht a sarcastic editor.

## FORTY-FIVE YEARS AGO

Ex-Mayor John VanLandegend's new building on Eighth street is beginning to acquire a finished appearance, and will be an ornament to the city. Note—This building was the first three-story structure built in the city and is the building now occupied by the De Pree Hardware Co. It was also occupied by A. C. Rinck Furniture Co. John Van Landegend, the builder, conducted a hardware store and a tin smith shop in the building.

## FORTY YEARS AGO

The new milling company on River street has completed its building and has painted it a drab color. The mill will be named the Standard Roller Mill. Last Thursday a large engine and a large fly wheel arrived on a flat car and is being unloaded. Note—The mill has been out of commission for a number of years. The buildings are now occupied by the Standard Grocery Co.

Lane Visser was married to Miss Reka Hidding by Rev. K. VanGoor. Note—Mr. Visser is one of the partners of the clothing firm of Vander Linde & Visser on East 8th street.

The settling of the east wall of the saloon building of Peter Brown was the cause of a collision with the adjoining building, a barber shop, of Wm. Lamoreaux. Note—Both old structures have been torn down and are no more. The two men have gone to their rewards. The buildings were located on the sites now occupied by the Fabiano and Piepers buildings. Rather a coincidence that 25 years later a suit was recently filed by the Piepers charging that the erecting of the Fabiano building caused damage to the building to the east because of settlements.

A stranger purloined two pairs of socks at the dry goods emporium of John Vanderduin. John promptly informed the sheriff, B. D. Keppel

and two long boys soon had the culprit safely lodged in jail.

## TWENTY YEARS AGO

Mr. and Mrs. Richard Smith have returned from a six months visit with relatives in Bakersfield, Cal., and are again settled at their home in Port Sheldon. Mr. Smith states that a young man with \$500 in his pocket could amass a fortune in that country within a short time. Note—Richard's son "Bud" did just that thing and has the fortune spoken of and is still doing fine in Bakersfield.

Dick Hoffman of Holland and Bertha Vander Streek of Fremont; John Van Alsburg of Holland and Bessie Bolhouse of Polkton have secured marriage licenses.

Jimmy Verstay will be in Holland this afternoon pitching for the Bissells of Grand Rapids and his friends will be out in large numbers to find out whether he can stand in the light of Holland's new favorite, Neil Ball. Note—Verstay was at one time an imported pitcher from the Furniture City and did very well until the "wonderful" Neil Ball arrived. The baseball park was located at that time on the southwest corner of River avenue and 16th street. The grandstand was directly on the corner.

The advance in salary is deserved and when it is remembered that the carriers must keep two good horses and a vehicle to handle the mails the salary is not too large. Note—Not too large. We should say not! We are wondering what the horses had to live on after the carriers got thru getting theirs? Thank goodness this condition has changed somewhat and the pay is better.

## PROPOSED PAVING OF WEST NINETEENTH STREET

Notice is hereby given that at a meeting of the Common Council of the City of Holland held Wednesday, May 17, 1922, the following resolutions were adopted:

Resolved, That 19th street from the east line of Van Rensselaer avenue to the west line of Columbia avenue, be paved with two inches of sheet asphalt, said improvement being considered a necessary public improvement; that such paving be done in accordance with the plans, diagrams and profile of the work prepared by the City Engineer, and now on file in the office of the City Clerk; that the cost and expense of such improvement be paid partly from the General Street Fund of the

city and partly by special assessment upon the lands, lots and premises abutting upon that part of 19th street from the east line of Van Rensselaer avenue to the west line of Columbia avenue as follows:

Total estimated cost of improvement including cost of surveys, plans, assessment and cost of construction, \$28,235.50, and that the entire amount of \$28,235.50 be defrayed by special assessment upon the lots and lands or parts of lots and lands abutting upon said part of 19th street according to the provisions of the city charter; provided, however, that the cost of improving the street intersections where said part of 19th street intersects other streets be paid from the General Street Fund of the city; that the lands, lots and premises upon which said special assessment shall be levied, shall include all the lands, lots and premises abutting on said part of said street in the city of Holland; also the street intersections where said part of 19th street intersects other streets; all of which lots, lands and premises as herein set forth to be designated and declared to constitute a special assessment district to defray that part of the cost of paving part of 19th street in the manner hereinbefore set forth, said district to be known and designated as the "Nineteenth Street Paving Special Assessment District in the City of Holland."

Resolved, That the profile, diagram, plans, plans and estimate of cost of the proposed paving of 19th street from the east line of Van Rensselaer avenue to the west line of Columbia avenue, be deposited in the office of the Clerk for public examination and that the Clerk be instructed to give notice thereof of the proposed improvement and of the district to be assessed therefor, by publishing notice of the same for two weeks and that Wednesday, the 21st day of June, A. D. 1922, at 7:30 o'clock p. m., be and is hereby determined as the time when the council will meet at the council rooms to consider any suggestions or objections that may be made to said assessment district, improvement, diagram, profile and estimate of cost.
