Supervisors Cool to New Hospital Plan

ALLEGAN — Allegan county Supervisors Tuesday apparently cold-shouldered a proposal from trustees of the Allegan Health Center to build and operate a 65-bed long-term care addition to the Allegan hospital without cost to the county if the county in turn agreed not to construct and operate duplicate facilities.

By a vote of 16 to 4, the board defeated a motion which would have allowed the Health Center 45 days in which to come up with plans and specifications for carrying out its proposal.

Allegan Health Center Administrator Charles Yeates told supervisors the board of trustees has "indicated a willingness to".

1. Construct a 65-bed long-term care addition without cost to the county, and to operate the facility within the reimbursement formulas under Medicare and Medicaid at no additional cost to the county, and
2. Construct and operate a "controlled domiciliary care unit" for those who need supervised care, but not at the skilled nursing level.

Yeates emphasized that the proposals were based "on the understanding that the County Board of Supervisors would not duplicate any of the facilities in question and would not operate these types of facilities."

Yeates said the offer had grown from the board of trustees' concern over the proposed location of the medical care facility now being planned by the county, stating that "we believe it vital in the interests of economy of construction, economy of operation and economy of medical services that the facility should be attached to an existing general hospital."

The county board of supervisors has been planning to construct the facility on the present county farm site five miles north of Allegan.

Construction will be financed by a special sinking fund approved by voters in April, 1965. The special 1-mill levy — with one more year to go — will raise nearly \$1 million for the county hospital.

The county project already is well along in the planning stage. Final preliminary plans have been approved and it was reported that the architects, Davenport Associates of Grand Rapids, are nearly finished with plans and specifications so that bids may be sought. It is expected that construction will start this year.

Youths Escape Serious Injury

Two Holland youths escaped serious injury when the car they were in went out of control at a curve at Butternut Dr. and Riley St. and hit a power pole at 11:34 p.m. Tuesday.

Driver Vaughn Allen Lubbers, 19, of 980 Columbia Ave., and his passenger Dale Kardux, 18, of 3760 Lakeshore Dr., were both taken to Holland Hospital and released after treatment.

Lubbers received a bruised wrist and complained of neck pain. Kardux had a cut on the forehead and complained of a headache.

Ottawa county sheriff's deputies said Lubbers was driving northwest on Butternut when the car went out of control on the curve and struck the power pole, causing electric and telephone lines to come down across the road.

The impact caused the car to roll over and it came to rest on its top. The 1968 car was a total loss.

Lubbers was cited by deputies for careless driving.

Plaintiff claims she was seriously injured in the accident. Cnossen was driving a 1962 car west on 16th Street and the plaintiff was driving a 1964 car, which was struck from behind by the Cnossen car.

Deputies reported Brink was driving west on South Shore Dr. and lost control of the car going around the curve at First Ave. Brink was cited for speeding too fast for conditions.

Tulip Time Seeking More Guest Homes

If advance reservations mean anything, Holland's 40th Tulip Time festival May 14-17 is bound to be a smashing success.

The housing bureau in the Tulip Time office in Civic Center has been swamped with requests and already is seeking more guest homes in the area to place visitors. Such pleas usually come a great deal later.

And visitors have been showering down money for Tulip Time attractions. Local residents could well look to obtaining tickets now for good seats.

The official Tulip Time programs have been out less than a couple of weeks, and the stampede is on.

One travel agency in the Chicago area has sent funds for a complete stay for 76 visitors covering a night's lodging, four meals, a program in Civic Center, and bleacher seats for the parade May 14.

This group from Clarendon Hills, Ill., requested guest homes, not motels, and Mrs. Henry Buursma and Mrs. Gary Kruit-hof were able to place them in homes in a given area on 16th and 17th Sts., making it easy for the chartered bus to drop off the guests.

Another group of 39 of Oswego, N.Y., has requested guest homes for Thursday, Friday and Saturday.

Many groups have reserved tickets for Windmill Island too. Last year, the housing bureau placed over 1,500 visitors in guest homes and considerably greater numbers in hotels and motels. Yet, there seems to be a trend toward guest homes, particularly among the groups of senior citizens who come to the festivals in increas-

West Ottawa Students Have Glory Day

In an awesome display of "Panther Power," the student body of West High School held a Glory Day Monday to mark West Ottawa's capture of the Class B swimming championship on Saturday.

Following a sheriff's escort to town the West Ottawa high school students drove cars with horns blowing to Holland High and Holland Christian High Schools where they chanted: "We're number one!"

The Glory Day celebration included a pep assembly at the school after which the high school students were dismissed for the day.

A spokesman at Holland Christian High School said the march was carried out in an orderly fashion and "everyone had a good time."

The Glory Days air was a little more spirited at Holland High where, according to a spokesman, the words "West Ottawa" were spelled out in mustard on a section of green cement in front of the field-house on the Holland High Campus.

Art Tuls Wins 6th Regional Title

Art Tuls, Michigan's prep coach of the year, won his sixth regional basketball championship with the Holland Christian Maroons Staturday.

It was Christian's second straight regional. The Maroons won a regional crown last year on the way to the state Class B runner-up spot.

Tuls' teams also won regionals in 1954, 1957, 1958 and 1961. His '54 and '61 teams were also state runners-up. It was the 17th regional crown for the Maroons, more than any other Class B team in Michigan.

West Ottawa Mulls Plans For School

A preliminary report by the subcommittee on size and location of the West Ottawa School building committee submitted to the Board of Education at its monthly meeting Monday night included a recommendation that the proposed new building should be designed for 1,300 students in grades 6-8.

The report also recommended that the new school be a single facility on one site, but that the building be divided so that there would be two functioning programs, both for students in all three grades. Such a facility would make the present junior-senior high school available for grades 9-12.

The report, presented by Supt. Lloyd Van Raalte, was based on materials collected and recommended by the subcommittee headed by Carl Simpson.

Attention also was called to the annual election in June to elect two board members for four-year terms and an operating millage issue, the amount yet to be determined. Members whose terms expire this year are James Corwin and Louis Van Slooten. Last year the district approved 10.5 operating millage for one year only.

Supt. Van Raalte also presented an analysis of receipts with total tax collections better than previously anticipated. Van Raalte said payment of past delinquencies plus normal collections put the amounts near the 100 per cent mark.

The board paid tribute to Henry Reest, swimming coach and the people who worked with him as well as the team which won the state class B swimming championship Saturday.

The board also met with Atty. Harvey Scholten and determined that any bonding election for new buildings would have to come after June, probably early fall.

WHOOO ARE YOUUU? — In ancient Greece, Athena the goddess of wisdom was associated with the nocturnal bird of prey and the owl became a symbol of wisdom. Today a little wisdom could be used to correctly identify the species of this white owl that was spotted around 7 a.m. Wed. perched atop the water storage tower near Riverview Park. The picture was taken using a telephoto lens. It's possible the 3-foot bird could be a snowy owl on a Midwest migratory mission as that species, a large diurnal Arctic owl enters the northern parts of the United States in the winter. It has no ear tufts and its plumage is sometimes nearly pure white but usually with dark brownish spots. Or maybe it's a white owl named Muriel! (Sentinel photo)

Do you have an authentic Dutch costume stored away in the attic?

The Tulip Time committee is trying to locate such costumes for use in the Dutch Heritage Show, a program of customs and costumes which has been unusually popular with Tulip Time visitors.

The gift of old costumes to Tulip Time would be greatly appreciated, Tulip Time Manager William H. Vande Water said today.

'No Cause' Ruled In Car Fire Case

GRAND HAVEN — Judge Raymond L. Smith filed an opinion of no cause for action Tuesday in a \$2,500 damage suit brought by State Farm Mutual Auto Insurance Co. against the Chrysler Motor Co.

Plaintiff claimed that on Dec. 17, 1965, Albertha Van Nul of Holland, insured by the plaintiff, purchased a 1966 Chrysler from Ver Hage of Holland and on April 10, 1966, with only a few miles on the speedometer, the car was damaged by a fire.

Plaintiff claimed a faulty manufacture and a suit was started in Ottawa circuit court in June of 1967. Judge Smith heard the case March 14 and ruled no cause for action in favor of the defendant. The fire was not caused by faulty manufacture, he ruled, but because there was a lack of coolant in the radiator.

Water Pollution Problems Told At Rotary Club

Three principal areas of responsibility that come under the administration of Holland's Department of Environmental Health were reviewed briefly for Holland Rotary Club Thursday noon at their regular weekly meeting.

Roger Stroh, head of the department, spoke on the city's continuing efforts in combating water pollution, substandard housing, and improper disposal of solid wastes.

Water pollution, particularly as it affects Lake Macatawa, was the subject of much of his talk. Since 1966, he said, the city has been taking water samples of Lake Macatawa at some 35 check points along the shore and at several additional check points in the watershed to the east.

From these samples, which are taken at intervals from Spring to Fall, technicians determine the source and type of pollution. Those responsible are then asked to correct the conditions responsible.

Stroh indicated that the department is meeting with cooperation in this effort against pollution. This is supported by his report of definite improvement of conditions at specific points where pollution has been detected and corrective measures requested.

Marinas, commonly blamed for pollution, were not found by his department to be significantly at fault in Lake Macatawa, he said.

Stroh also showed slides of poor housing and improper handling of garbage in the city. In these cases representatives of the department, which consists of five men and a secretary, work with the property owner or occupant in correcting the undesirable conditions.

Jack Westrate, substituting for Dr. George Buskirk, introduced the speaker.

Fire Levels Barn, Shed

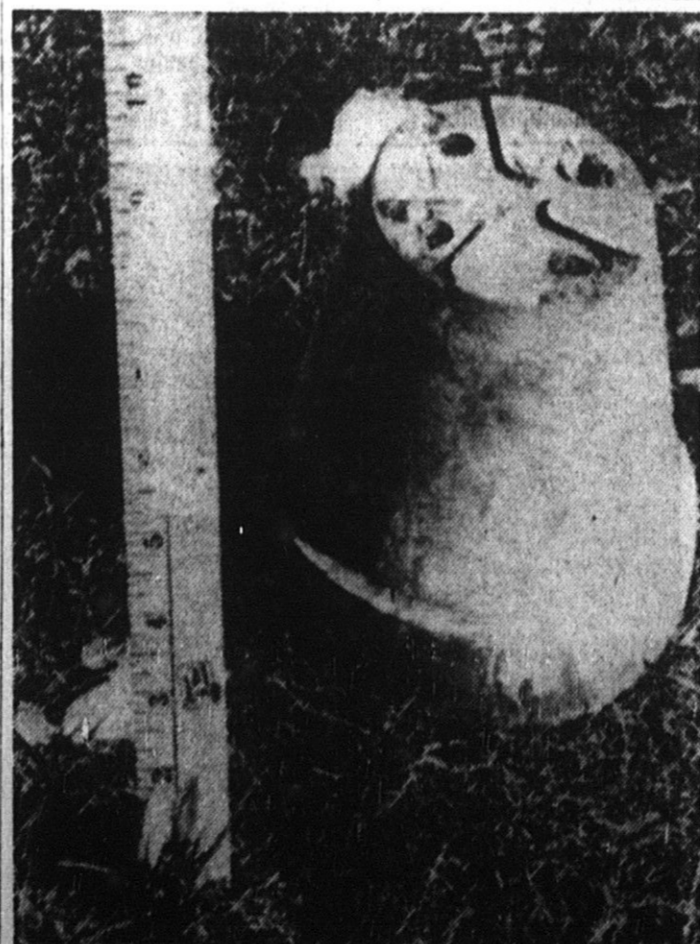

FILLMORE — Fire of undetermined origin levelled a barn and adjacent toolshed on the farm of Bernard Timmerman, 4070 M-40, Friday, killing dozens of hogs and causing an undetermined amount of damage.

Timmerman said almost all of the stock in the barn, 60 large hogs and around 100 smaller ones, was lost in the blaze. A few of the animals that managed to run from the barn were saved.

The fire broke out shortly after 11 a.m. Friday and was noticed by Timmerman's wife when she looked out the kitchen window and saw smoke coming from the barn.

The wood-frame barn with a steel roof was totally destroyed as was the wood toolshed. Timmerman said they were able to pull all of the machinery from the shed. Saved was a tractor, two wagons and a grain drill.

Firemen from Overisel, Hamilton and Graafschap were at the scene until shortly after 2 p.m. Friday. They were able to keep the flames from spreading to the house and another storage building containing corn. These two buildings were not damaged. No one was reported injured.

SIGNS OF THE SPRING—In spite of the recent snowfalls and chilly air spring seems to be making a valiant attempt at the Harry Jaarsma home, 30 East 21st St. These crocuses first came up March 8 and are already two inches high. The flowers are planted all over the yard and at present three others are showing their colors, undaunted by the winter which refuses to give way. An overturned flower pot protects the blooms from squirrels. (Sentinel photo)

PREPARE FOR SLOPES—Rick Van Tongeren, (left) shows his brother, Steve, how to file the edge on a pair of skis while their brother, Tim, (right) cleans files. Rick, 16, left Saturday to compete in the Junior National Championships of the United States

Ski Association at Mount Alyeska, Alaska. The other two boys Tim, 12, and Steve, 10, are also top-flight ski racers. The boys are the sons of Mr. and Mrs. Del Van Tongeren of 702 Park Ave.

GRANDSTANDING. . . The Schuss Master

By John Hill
"This is the big payoff—what I've been working for for five years."

That's how 16-year old Rick Van Tongeren, a sophomore at Holland High School, describes the thrill of qualifying for the junior national team of the United States Ski Association (USSA).

Rick, the son of Mr. and Mrs. Del Van Tongeren of 702 Park Ave., left Saturday with ten other boys and seven girls from the Central Division of the USSA to compete in the USSA Junior National Championships at Mount Alyeska near Anchorage, Alaska, next week.

Only 80 skiers from the nine divisions of the USSA and Canada qualify to race in the Junior National Championships. More than 20,000 youngsters compete in USSA races in their regions.

Van Tongeren, along with three other Michigan qualifiers, Dan Kipley from Traverse City, Cary Adgate from Boyne City and Blair Holder from Midland, will leave from the Kent County Airport Saturday morning, and join the rest of the Central Division team in Minneapolis, Minn. From there the team flies to Anchorage.

Rick made the junior national team with his performance in the USSA Alpine Central Division championships at Lutsen, Minn., two weeks ago. He finished sixth in the downhill, eighth in the slalom and 11th in the giant slalom at Lutsen.

Qualifies by Hair
It was a fine performance in his fourth and final slalom run, his worst of the three Alpine events, that qualified Van Tongeren for the team and the right to compete in the championships. Rick edged out his nearest competitor by seven-hundredths of a second (far less time than it takes to say slalom) to qualify. He missed making the junior national team by about as small a margin last year.

The skiers face a hectic schedule when they reach Mount Alyeska. There will be inspection and practice on the two-mile downhill run Sunday. Also scheduled for Sunday is an opening ceremony similar to the opening of the Winter Olympics, and team picture taking.

More practice on the grueling downhill course is slated Monday, and downhill training and runs under race conditions Tuesday. The downhill races will be held Wednesday. Slalom practice opens Thursday. Giant slalom competition will be held Friday and slalom races on Saturday. Winding up the week is an awards banquet Saturday evening.

While snow is something that spins tires and must be shoveled off walks for many of us, it is beautiful stuff to the whole Van Tongeren family. Mr. and Mrs. Van Tongeren are "pleasure skiers" while their other sons, Tim, 12, and Steve, 10, already are top-flight racers in their classes and improving all the time.

Brother Wins Title
Tim, a seventh grader at E. E. Fell Junior High, won the championship of the prep division of the Michigan Jaycees ski meet at Ironwood this winter. In the national Jaycee meet at Iron Mountain, he took a third in the slalom and a fifth in the giant slalom. He started out this season as a Class C racer, and has now worked up to the top of Class B, Class A (the one Rick competes in) along with B and C are levels of racing ability for skiers over 12 years old. Skiers race in these divisions until they're 19, when they're no longer considered junior skiers. Tim has also competed in Class D races of the USSA. This class is for youngsters 11 years and younger.

The youngest Van Tongeren, Steve, a fourth grader at Harrington School, competed in the Class D events in the Central Division Alpine championships

at Lutsen, Minn., this year. He took a fifth in the downhill, sixth in the slalom and tenth in the giant slalom.

Although they're mainly weekend skiers, Mr. and Mrs. Van Tongeren bubble with enthusiasm for the sport. The family took up skiing as a family activity about seven years ago and have gotten many weekends of enjoyment from it.

Rick began skiing when he was nine-years old, and two years later was competing in races. He's competed in many USSA regional meets as well as taking part in USSA training camps. He worked out with Olympic skiers at the training camp at Mount Bachelor near Bend, Ore. last June. Tim has been racing since he was seven years old, and Steve has been competing since he was eight.

Breaks Leg
Tim also took part in the training camp at Mount Bachelor, and suffered the family's only major skiing injury, a broken leg. He was in a cast for two months during the summer, but was gamely back winning races again this winter.

Coming from a family of gun-ho Schussers has undoubtedly helped Rick, but it has taken long and hard hours of work to make the junior national team. Besides the training camps and special sessions with Gaylord High School ski coach, Lynn Meade, Rick has spent many hours working on his techniques and keeping in shape on his own. Most of the work has been done at Carousell Mountain, a convenient half mile from the Van Tongeren home.

Rick can be found on the Carousel slopes almost every day they are open. He spends about three hours every night going down Carousell's new slope, Paleface, and then climbing back up under his own power. When Carousell is closed he runs to stay in shape.

Rick also keeps in shape playing football and baseball for the high school.

"You have to be in shape both physically and mentally," he explained. This involves staying in shape year-round.

Mental Side Important
The mental side of the sport is as important as the conditioning, Rick said. Imagine yourself hurtling down a slope at average speeds of 55 to 60 miles per hour, and you can see why concentration is vital.

The skier has to learn to read the course much as a golfer reads a putting green. The difference being that a downhill course covering two miles is a much more arduous thing to calculate. Then the skier has to memorize what he learned, and center his attention on performing just as he planned in each section of the course.

The champion skier, Rick says, has the concentration of a yoga expert. Moreover, the ski racer has to prepare his skis for the particular conditions he will find in his run. This involves figuring out the temperature and condition of the snow, and taking appropriate measures to prepare the skis.

It takes Rick two hours to prepare the skis. The procedure includes cleaning the bottom of the skis with steel wool and paint thinner, applying the appropriate type of wax with a hot iron and scraping the wax off with a putty knife. The edges of the skis must be filed to meet snow conditions.

The whole procedure may seem like a lot of malarkey to the uninitiated, but it makes a big difference when races are determined by one-hundredths of a second.

Although he'd like to finish near the top at the Junior National Championships, Rick realizes that competition will be plenty tough at Mount Alyeska. He and the family agree that a finish in the top 30 or 40 would be a real achievement.

And, there's always next year, and the year after. If he qualifies, Rick can compete for two more years in the Junior National Championships. That leaves plenty of time for even more hard work and improvement.

Dutch Publisher Visiting Holland

The assistant publisher of Holland Herald, a Dutch news-magazine, was in Holland, Mich., last week exploring possibilities of featuring this Dutch-American town in a forthcoming issue.

Vernon Leonard of Kent, England, who maintains his home office on Fleet St. in London, would like to present this city in much the same manner as the magazine featured New York City as New Amsterdam in its September, 1968, issue.

At that time, the magazine staff writers, none of them Dutch, traced Mayor John V. Lindsay's family tree back to 1612. It was a surprise to the mayor that the Vliet in his name (his mother's name) dated back nine generations to a Dirckes Jans van der Vliet who was born in Rylevelt in Holland, 1612, and died in Flatbush, N.Y., in 1696. The research was done by the Holland Society of New York.

Vernon explained that the magazine staff has no Dutch writers because the magazine aims to present the interesting things not generally recognized by natives. The magazine is designed to promote good will for the Netherlands through independent information. Published in English, the monthly is pitched mainly at the English-speaking traveler—the tourist and, better yet, the English speaking businessman who visits European centers.

The first issue came out in January, 1966, put together mainly by Leonard and the editor—publisher, 37-year-old Jean-Jacques van Belle, whom Leonard describes as a real dynamo. The two men had been in Copenhagen and dreamed up the Dutch magazine one which would present the other side of the Dutch brochure. Instead of windmills, the Dutch boy with a finger in the dike, tulips and cheese, the lively new magazine would present modern Holland—what's happening in commerce, culture, industry, science and tourism.

The first copy had 56 pages, and 32 of them were put together by the two men in a restaurant at the London airport and in a hotel room, working feverishly toward a deadline. Six issues were published the first year. Now, it is published every month.

Leonard said most publications aside from travel brochures usually relate the big reclamation program of the Netherlands, its industries, its harbors, etc. The Holland Herald spices its publication with such information as how much it costs to recover your car if it falls into a canal . . . night life . . . mod fashions . . . a story in depth about Audrey Hepburn the actress (she spent the war years with her grandmother and other relatives near Arnhem and later moved to Amsterdam to study ballet under Sonia Gaskell.)

The magazine received most of its initial support from Dutch tourist associations and the KLM airlines which Leonard describes as the fourth-largest international carrier but coming from one of the smallest countries in Europe. Leonard started his journalistic career at 17 as a copy boy for the Leicester Evening Mail (50,000 circulation) more recently he was on Fleet St. as assistant night editor of the Daily Sketch (1,000,000 circulation).

Mentioning it was odd to be at the other end of an interview, he said publisher van Belle would make far better copy. He described Brussels born van Belle as a dynamo who left Holland at 20 years old to be a salesman for Heinekens beer in New York, tulips in California, one who operated a restaurant on Market St. in San Francisco for Uioimijters (Dutch omelet) and a salesman for agricultural machinery in Guatemala.

HOW WILL WE FIND OUT?

James Earl Ray has pleaded guilty to the slaying of Dr. Martin Luther King Jr. and has already begun to serve his 99-year sentence. It was a rather surprising development in a case that promised to give to American citizen one of the most interesting and important courtroom dramas of the decade. Now the whole matter seems to have been simply settled by a guilty plea.

It seems to have been settled, but there is great concern among many in this country that perhaps this handling of the case leaves something to be desired. There has been a large bloc of opinion which held that Ray could not have committed this crime and taken off on his long and expensive escape, complicated as it was with passports and other matters, without some very efficient, well-heeled and wide-spread assistance. The complexities of his escape from the immediate vicinity of the crime was unusual enough to raise the suspicion of conspiracy on a broad scale.

Now that Ray has pleaded guilty, although with some apparent reservations, the American public will, it seems never find out whether or not a wide-spread conspiracy was behind the man who pulled the trigger. Particularly the black community and the family of the late Dr. King are interested in discovering exactly what were the circumstances responsible for his assassination.

If, in fact, there was a conspiracy to murder the Negro leader, there should be some way for the American citizen to discover this fact and take appropriate steps. If there was no conspiracy, the American citizen should have means of convincing himself of this situation also.

How, in our legal set-up do we go about allaying our fears and suspicions? Is there a proper way of bringing suit so that these facts or suspicions can be ascertained? Must we depend, if there are no such means, on the random interest of some journalist or author who makes this his business? Must we depend on another federal commission, as we did in the assassination of President Kennedy, to get the facts for us?

It is important, however, that the American people find out the truth in this instance. If they do not, lingering suspicions and doubts will weaken the faith of the American citizen in the law enforcement agencies which he supports and in the legal institutions which he depends on. Someone must provide us with the truth.

Jesus Prepares for His Death
Mark 14:22-26, 32-41
By C. P. Dame

We should always remember that Jesus came here to die and He knew it. This lesson tells about two important events, the institution of the Lord's Supper and how the Lord prayed in Gethsemane and thus prepared Himself for the death that would bring salvation to mankind. Our salvation costs.

I. The Lord instituted the Holy Supper for our benefit. "And as they were eating, He took bread, and blessed, and broke it and gave it to them." Jesus and His disciples had observed the Passover in the house of a friend and thus commemorated the deliverance of the nation from the bondage of Egypt. It was after celebrating the Old Testament sacrament that Jesus instituted the New Testament sacrament which has been observed by Christians ever since, all over the world.

The bread represented the body of Jesus which was to be torn with scourges and nailed to the cross the next day and the wine His blood which would be "poured out for many." Jesus said that the new covenant which was superior to the old was being ratified. In the Old Testament times the worshippers sacrificed animals as offerings for sin but the New Testament teaches that Christ once and for all made atonement for man's sin. Although dark events were on hand Jesus looked beyond the cross and death to the glories that were to come. The supper ended singing a hymn, very likely Psalms 113 - 118, which were sung by all Jewish families at the observance of Passover.

II. The Lord prayed in the garden of Gethsemane. The name means "oil press." The garden belonged to a friend and Jesus often went there. Jesus placed eight of the apostles just outside of the garden and took three, Peter, James and John along inside and then walked a little farther Himself. Great agony came upon Jesus there, not because of fear of death but because He was made sin for us.

Jesus prayed that He might be spared drinking the cup—dying on the cross as "the bearer of sin." Jesus asked the Father whether there was another way to bring about man's redemption. The words, "not what I will, but what Thou wilt" reveal the Lord's willingness to obey the Father whom He trusted. Observe that the petition of Jesus was not granted and neither are all of ours.

III. Some disciples fail Jesus. The Lord asked the three apostles to watch and pray but they fell asleep. Jesus asked Peter who had been boasting a short time before, "Simon, sleepest thou? couldest not thou watch one hour?" When Jesus needed companionship and understanding His friends failed Him. Why? Physical weakness sometimes is the cause, and sometimes it is mental dullness and at other times spiritual sloth. What keeps us from failing? Obeying the words of Jesus—watch and pray.

New American Legion Stamp Goes on Sale

A new six-cent commemorative postage stamp saluting the 50th anniversary of the American Legion went on sale Monday at the Holland post office.

The Willard G. Leenhouts post No. 6 of Holland was one of the early posts as the number would indicate. It was named after the first Holland soldier to be killed in France in World War I.

It was March 15-17, 1919, that the American Legion was founded in Paris, France, with Teddy Roosevelt Jr. helping in the organization. Through the years the Legion took in those who served in World Wars I and II, the Korean War and the Vietnam War.

Dr. Abraham Leenhouts, father of the first local man killed in World War I, was the first post commander in Holland. In the early days, the Legion planted trees along all highways leading into the city and the trees that now cover Holland State Park at Ottawa Beach.

During World War II, the post purchased the Holland Country Club as its home. The clubhouse has been remodeled and the beautiful 18-hole golf course on 143 acres of rolling terrain on the banks of Black River is considered one of the most beautiful courses in Western Michigan.

Every Fourth of July, the Legion sponsors a public program with fireworks. It also sponsors Junior League Baseball every year and sends its quota of boys to Boys' State. The post today has some 400 members.

Among its members are two past department officers, Past Department Commander Edwin

Seekers Desire, the Seven Crafts, and we had to have seven honors done in each craft. Lori Nyland and Robin Prins treated. Jane De Young, scribe.

The E Ha We (Laughing Maidens) Camp Fire group had a ceremonial on March 10. We each lit a candle for a purpose such as for the starving people of Biafra, then extinguished it. Mrs. Venhuizen presented each girl with their beads they earned. We also made plans for a meeting at Teusink's Farm for a hot-dog roast. We made picture frames. Jane Benter brought our treat of Ding Dongs. Laura Cooper, scribe.

Mystery Drama Chills Opening Night Crowd

The Zeeland Drama Club's presentation of the Agatha Christie thriller, "The Mousetrap," opened to a small but attentive and enthusiastic audience Thursday night in the Zeeland High School cafeteria.

Complete darkness and a blood-chilling scream at the beginning of the play set the mood of mystery and foreboding which the cast carried out successfully to the surprise ending. The actors seemed at one with their roles and were capable of bringing out the traits and personalities of the varied residents of Monkswell Manor, each of whom was suspect in the murder.

Members of the audience found themselves caught up in the suspicion and quiet terror of the plot and eventually found that the only thing of which they could be certain was that the butler didn't do it.

Jill Pikaart and David Sligh portrayed Mollie and Giles Balston, young owners of Monkswell Manor who found that even they had not been completely honest with each other; Scott Piers was effective and poised in the part of Christopher Wren, the juvenile, bogus architect; and Chris Den Herder was infuriating as the pompous Mrs. Boyle.

Jan Van Dussen was well cast as the mysterious, "slightly pink" Miss Caswell and Bill Verplank portrayed the genial, paunchy Major Metcalf effectively. Bruce De Graaf was

subtly sinister as Mr. Paravinci, the unexpected guest, and Don De Bruyn was surprising and efficient as Sergeant Trotter, the man sent to untangle the mystery.

Play committee members are Chris Ruch, Kathy Raterink, Jim Taylor, Peggy Van Huis, Amy Compagner and Karen Broekhuis, publicity; Brigitte Riedl, Bette Bos, Jo Wyngarden, Ruth Vredevelde, Deni Mehrtens, Lori Wiersma and Chris Ruch, make-up.

Properties and costumes are handled by Mavis Huyser, Sue Hietje, Barb Vredevelde, Kathy Raterink, Connie Newhouse and Anne Engelsman while sound is in charge of Steve Stegeman and Dave Zehner and lighting is in charge of Merle Mersman, Budd Brink and Dave Zehner.

Members of the stage crew are Steve Stegeman, Gord Bosch, Mike Ruch, John Walters, Bo Wessel, Russ Mersman, Jack Heuvelman, Craig Geerlings, Dave Zehner, Mavis Huyser, Jan Van Dussen, Jon Thurston, Barb Vredevelde, Connie Marlink, Eleanor Kramer, Sue Hietje, Bette Bos, Gilbert Mast and Paul Zehner.

Ushers are Bette Bos, Rose Wiersma, Phyllis Blaaukamp, Mary Van Dorp, Linda Kamps, Connie Marlink, Kathy Bos, Patti Bennett, Mary Schrotenboer, Eleanor Kramer, Peggy Bennett, Jan Ruffner, Deni Mehrtens, Chris De Vries, Sue Bazan, Linda Vander Velde and Mary Walters.

Christian Tops Godwin For B Regional Crown

GRAND RAPIDS — Holland Christian turned in one of its finest performances of the season to defeat Wyoming Godwin 81-69 and win the Class B regional basketball championship before a capacity crowd in Calvin College's Knollcrest Fieldhouse Saturday afternoon.

The Wolverines had won 17 straight games going into Saturday's contest and featured two of the finest players Christian has faced this season in guard Phil De Zwaan and center Dana Snoop.

The Maroons had to overcome a 19-15 first quarter deficit to record the win. With 6'8" Dan Brower playing the best game of his career, the Maroons slowly, but steadily, outscored Godwin in each of the last three quarters, 22-17, 20-15 and 24-16.

Brower proved more than Godwin could handle, as he ripped the nets for 14 baskets and connected on five of his six attempts at the free throw line, for a total of 33 points. He also led the Maroon rebounders with 11.

Despite Brower's performance, the win was a great team effort, as everyone who saw action played well. Credit

should be given to Bruce Klaasen, Art Tuls and Steve Vander Ploeg for the manner in which they broke the pressing defense of the Wolverines. Also to Bob Haven, Dick Frens and Steve Baker for their defensive work and rebounding, as the Maroons owned a 48-32 advantage on the backboards.

The one black mark on the Maroons' performance, was their foul shooting in the first half, as they missed eight of nine chances at the charity stripe, including all seven in the second quarter. This was remedied in the second half when they hit their first eight and ended with 10 of 13 in the second half and 11 of 22 for the game. Godwin was 15 for 30 at the free throw line.

Brower opened scoring for the Maroons, with Snoop countering seconds later for Godwin. The teams traded baskets with the score tied seven times until Godwin broke a 15-15 deadlock with baskets by De Zwaan and Snoop in the last 40 seconds, for a 19-15 first quarter Wolverine lead.

De Zwaan put Godwin ahead by six, 25-19 with 6:24 on the clock. Still trailing by six with three minutes left in the first

half, Brower, Frens and Vander Ploeg connected, knotting the count at 33-33. De Zwaan made good on a three-point play before Frens and Brower scored, giving Christian a 37-36 halftime edge.

Godwin regained the lead on the opening second half basket by De Zwaan, and after two buckets by Brower, De Zwaan hit two more, for a 46-45 Godwin lead with 3:05 in the third period. This turned out to be the last time Christian trailed in the game, as Baker with five points led the Maroons to a 57-51 margin going into the final eight minutes. De Zwaan scored four of Godwin's five baskets in the third quarter.

The Wolverines came within four, 57-53, on two free throws, but could not get any closer as the Maroons continued to edge ahead, until with 4:50 remaining they had built up a 65-56 margin. At this point Godwin tried to work the ball in to Snoop, in an effort to get back into the ball game, and he scored seven of his 17 points in the fourth quarter, before fouling out with 1:15 to play. On defense the Wolverines tightened their press, but this only led to easy under the basket layups

for Brower, as the Christian guards did a great job breaking the press and spotting Brower near the basket. Brower scored 10 of the Maroons' last 12 points, all against the Wolverines' pressing defense.

The Maroons took 76 shots and made 35 for 46 per cent. Their quarters were 7-18, 11-23, 7-17 and 10-18. Godwin hit for 37 per cent on 27 baskets in 73 tries, on quarters of 9-21, 7-17, 5-15 and 6-20.

Godwin finished with a 19-2 record for the season.

SAUGATUCK — Saugatuck's basketball team finished strong winning seven straight, tying for second in the Al-Van League and capturing the school's third straight Class D district title.

The Indians, coached by Ron Venhuizen, lost seven of their first 12 games. Their win streak started with an 81-74 upset of Covert, Al-Van champions, and one of the top ten Class D schools in Michigan. Saugatuck went on to win four more regular season games, and then defeated Holland St. Augustine Seminary and Grand Rapids St. Joseph Seminary in the Class D district tournament at Grand Rapids Union High School. A tough Mendon quintet eliminated the Indians 50-45 in the opening of the regional tourney at Portage Central High School.

Saugatuck's overall record was 12-8, while the regular season mark was 10-7. The Indians compiled a 9-5 record in their league.

Saugatuck had balanced scoring as four men finished the regular season with double-figure averages. Joel Durham and Dan Stitt (the latter became eligible at the end of the first semester) paced the Indians' scoring with 14.4 points per game averages. Hope Drama Is Moving Experience

A full house in Snow Auditorium on Hope College campus had a moving experience Friday night at the opening of "The Sign of Jonah," a modern version of the Biblical Jonah and the Whale, featuring Jonah as the sole survivor of a trapped German submarine during World War II.

This play, first presented here some years ago by Palette and Masque of the college, was written by Guenter Rutenborn, a Lutheran pastor of Germany, after World War II. It probes the nature of man, of man's inhumanity to man, and man's relation to God. It is ageless, and its thought-provoking subjects span broad philosophies.

Robert Kieft as Jonah the Prophet was thoroughly at ease in his demanding role, and if his casual attire suggested a philosophical dockhand rather than the proud commander of a German submarine, his interpretation left no doubt of the timeless message.

Roles of the women in the play demanded particular interpretation. Deborah Noe as Queen of the South, regal in gorgeous attire, deftly posed the political power of the ages, balancing power with responsibility, and Linda Bartel as the Average Woman made the strong plea for the mothers of the world and their heartaches in the general social situation.

The action in the play could switch in a flash from a dramatic historic moment to the present with cast members calling in the stage manager about props on the two-level stage, or question the philosophies of the powerful message. A second flash could return the cast to the original position with added dramatic force.

Others in the cast were David Crothers as the judge; Dean Howd, William De Graaf and Richard Patmos as the three archangels; Louis Schakel as the average man, Kenneth Kulhavy as the merchant, and Diane Parker as the merchant.

The play moved easily under the direction of George Ralph, acting chairman of the college theatre department. Sets were simple and effective, the type easily transferred to a church chancel where "Sign of Jonah" has become a popular choice.

The son born to Mr. and Mrs. Laverne Sternberg, 6125 140th Ave., Holland, on Sunday in Zeeland Community Hospital, has been named Lamuel Jeffrey.

Really Trying." Assisting Mrs. Greenwood is Gordon Cunningham, who will also take part in the play.

Technical crews are arranging costumes, checking make-up supplies and building the set. Designing the set is Donald Battjes, Jr., who is also supervising the construction. Persons are invited to stop by the workshop any weekday evening.

The story of "Cat on a Hot Tin Roof," is that of a family gathered together in a piously hypocritical celebration of Big Daddy's 65th birthday. The conflicts within the family are exposed in an explosive series of climaxes that forces each of them to part with the half-truths that have shielded them from reality. Tennessee Williams wrote the play.

Brick, the alcoholic son, is tortured by the death of his best friend and his guilt about their relationship. Margaret, his wife, is tormented by her longing for the husband she cannot possess and her craving for security. Big Daddy, his father, unaware that he is dying of cancer, exults in his lust for life.

The play was a Broadway hit in 1955.

At 10 p.m. Tuesday, firemen received a call that a car was burning at Graves Place and Central Ave. The 1967 car belonged to Donald J. Vink of 585 Elmdeale Ct., firemen said, and the fire started when gasoline exploded in the carburetor. Damage was estimated at \$500.

Hackett Comes Back In 2nd Half

KALAMAZOO — Kalamazoo Hackett stormed from behind in the second half to catch Holland Christian, and then finished off the Maroons in overtime to win the Class B basketball quarter-finals 82-71 before a capacity crowd of 9,000 at Read Fieldhouse Wednesday night.

It was a heartbreaking loss for Christian which completely dominated the first half to take a 41-28 lead, and never trailed until the final 5½ minutes of action.

The victory sends the Irish to the semi-finals at Jenison Fieldhouse in East Lansing where they meet West Bloomfield at 2 p.m. Friday.

The third quarter was the turning point as Hackett Coach Don Jackson sent his charges out in a brutal 1-2-1 zone press which was too much for the Maroons to handle. The much quicker Hackett quintet repeatedly stole the ball or forced the hurried Christian players into turnovers. One Hackett statistician counted 15 turnovers for the Maroons, but it seemed as if they had even more than that.

Hackett's Amos Jones and Bob Callington with their great speed and moves zipped past the Maroons for close-in shots or fed off underneath to their teammates. Jones put in 34 points, 22 of them in the second half. Callington had a total of 15, nine in the second half.

Skip Schultz and reserve Dirk Bundle, other frequent tormentors of the Maroons in the Zone press, each put in eight of their 10 points in the second half. Bob Renaud also had 10 for Hackett.

Hackett hit 18 of 36 from the floor for 50 per cent in the third and fourth quarters. Jones also had three baskets in overtime as the Irish made three of four shots for 75 per cent.

Despite the explosive comeback by the Irish, the Maroons managed to hold on to their lead with several key baskets and red-hot foul shooting. Bob Haven and Dick Frens each made four from the line in the fourth quarter, and Bruce Klaasen had two baskets and two of two free throws to keep the Maroons alive. Christian's lead dropped to one-point during the third quarter blitz and the Maroons had only a 55-52 margin going into the final period.

The Irish went ahead for the first time 62-61 with 5:30 left to play, but Klaasen hit two free throws and a basket to put Christian ahead again 65-62. Hackett took the lead the second time 69-67 with 3:20 to go. Frens countered with two foul shots, and Haven followed with two more to put the Maroons on top once more 71-69 with 2:23 left. Callington sank a jump shot tying the game at 71-71.

With 1:44 the Irish regained the ball, after a time out came out in a deliberate pattern working for a high percentage shot. Coach Jackson said after the game that they were not stalling for one last shot, but they did manage to use up over one minute before being called for holding on to the ball for too long a time.

The infraction brought a center jump, which Christian controlled. The Maroons worked the ball around for one last shot, but Bundle stole the ball. After a Hackett time out with four seconds remaining Callington fired the last shot, but missed, and the game went into overtime.

Klaasen hit a free throw, the eleventh straight for his team, to make it 72-71, but Jones darted in for two baskets to put the Irish ahead 75-72 with 1:02 left in the overtime. Callington iced the victory with a pair of free throws with 30 seconds left. Bundle got two more foul shots and Jones a last-minute basket to complete the scoring.

Hackett's surge offset a fine first half by Christian, and particularly Dan Brower. Brower put in six of 10 from the floor and eight of nine from the foul line for 20 first half points. He also gathered in 10 rebounds to lead Christian's backboard domination.

The Maroons shot apart Hackett's zone in the first period to take an 18-12 advantage. Controlling the backboards, and working the ball in well they outscored the Irish 23-16 in the second stanza for their 13-point halftime margin.

"I was reluctant to press at first," Jackson said, "because they had been effective in breaking the press before." We had to do something to change the tempo of the game, however, and it paid off, he added. Coach Art Tuls' Maroons end their season with an 18-6 record. The victory raises Hackett's record to 18-5.

Brower finished with 24 points while Haven had 16 and Frens 11. The Maroons outscored Hackett by 15 points from the free throw line making 28 of 37 for 76 per cent. The Irish made only 13 of 23 for 57 per cent.

Holland Christian hit on 22 of 62 from the floor for 36 per cent while Hackett made 34 of 74 for 46 per cent.

The Maroons had a 38-27 edge in rebounding.

Centenarian Gets Special Greeting

A Holland native who is an avid Detroit Tiger baseball fan and whose grandfather came to Holland in 1847 as one of the first settlers, is celebrating his 100th birthday anniversary today.

Gerrit Van Anrooy, 372 Pine Ave., was presented a personal birthday greeting by Charles E. Doyle, field representative responsible for Social Security activities in the Holland area from Robert Ball, Social Security Commissioner. The Grand Rapids District Social Security office believes that Van Anrooy has been drawing Social Security longer than any living resident of Mich. gan.

He received his first benefits following his retirement in December, 1941, from Holland Fur- nace and his monthly benefit was \$25.48 based on an average monthly wage of less than \$100. Without returning to work his benefit currently is \$71.10 after a \$4 deduction for Medicare. The automatic increases over the years were due to Congressional action.

Van Anrooy's grandfather, John, came to Holland in 1847 as one of the first settlers and brought his family which included a 16-year-old son, Peter, Gerrit's father.

A spinning wheel and a chair from the farm south of Holland to which the family moved upon coming to Holland are on display at the Netherlands Museum. The farm was sold in November, 1956, after being in the family 109 years.

In 1902 Van Anrooy married Miss Johanna Slabbeboom, who had come to Zeeland as a young woman from Teolilo Ottoni, Brazil, South America. Following their marriage they moved to Grand Rapids and Florida and returned to Holland to stay in 1919. Mrs. Van Anrooy died in 1942.

Those attending from Holland were Mrs. Florence Mc Mullen, Mrs. Jack Decker and Sandy, Mr. and Mrs. Ed Bolka, Mr. and Mrs. Charles Zeiser, Mr. and Mrs. Mart Vander Vliet, Mr. and Mrs. Joseph Boomker, Mr. and Mrs. Peter Hamelink, Leo Gasper and Mr. and Mrs. Gil Bussies.

Name Loncki Captain For Next Year

Lynn Loncki was selected as West Ottawa's most valuable basketball player and elected captain for next year it was announced at the West Ottawa winter sports banquet in the high school cafeteria Monday night.

Loncki, a junior who was the team's top rebounder and second highest scorer, was selected by a vote of his teammates. Dan Tripp was chosen as the most improved player, and Mark Scheerhorn won the free throw award as the team's top foul shooter. Scheerhorn put in 76 per cent of his attempts from the foul line.

Coach Jack Bonham presented the awards to his players. Gus Stager, swimming coach of the University of Michigan, spoke at the banquet honoring the basketball, wrestling and swimming teams and the cheerleaders.

Pointing out that the key to a team's success was hard work and team effort, Stager noted that West Ottawa won the Class B swimming championship without capturing one first place, the sign of a great team. Following the same theme, West Ottawa swimming coach Henry Reest pointed out the tremendous effort and work it takes for a swimmer to get into shape and get his time down. Earlier, Bonham remarked on the effort and desire of his players.

Earning varsity basketball letters were seniors Lee Harris, Chuck Kleis, John Olthoff, Scheerhorn and Jim Visser. Juniors winning awards included Glen Bloemers, Loncki, Jerry Plaggenmeyer, Tripp, Greg Van Wieren and Les Zomermaand.

The varsity basketball manager was Vince Nieboer. The basketball team compiled a 12-5 record.

The reserve basketball team was introduced next. Coached by Neil Meinke, the reserves posted an 8-8 record including an excellent 7-1 mark for the second half of the year. The squad featured five players who scored over 100 points during the season and "will blend well with the varsity."

Following the reserve team was West Ottawa's ninth grade basketball team, coached by Karl Von Ins. The frosh held a 12-5 record, good for second place in league action.

Led by Bill Jaques, West Ottawa's wrestling squad "A" team without a mat," posted a 5-6 record. Jaques not only paced the team throughout the year, but was regional champion in Class B competition.

Awarded varsity letters for the Panthers were Frank Silva, Sam Brown, Tom Zuch, Tim Empson, Joe Silva, Tom Kruit-hoff, Dean Achterhof, Virgil Payne, George Fierro and Jaques.

The last team to be honored was the champion West Ottawa swimming team coached by Henry Reest and Robert Washburn. Little needs to be said about Reest's swimmers. A team sporting but five seniors, West Ottawa's fortunes for the next three years are indeed bright.

Awarded varsity letters for the Panthers were seniors Greg Plomp, Dana Rigerink, Terry Rithamel and co-captain Chuck Nienhuis.

Juniors awarded letters included Scott Velthuis, co-captain Dan Meyers, Chris Raphael and Mike Zavadil.

Sophomore award winners were John Boes, Jeff Boone, Rick Hamstra, Jon Helder, Steve Hopkins and Dave Ketchum.

Also, Peter Plomp, Dan Troost, Gary Van Kampen, Ken Wiley and Rick Zavadil.

Jeff Helder, Jim Streur and Jim Timmer earned varsity awards as freshmen on the Panther swimming squad.

West Ottawa Has Seventh Win Season

The West Ottawa swimming team has turned in a winning season for the seventh consecutive season since the Panthers began swimming in 1962-63.

Coached by Henry Reest and Robert Washburn this year the Panthers racked up a remarkable 15-6 record swimming both Class A and Class B powers, took second in its Invitational Relays, snatched first place in the Southwestern Invitational, and won the Class B state championships.

The Panthers wiped out four varsity records this season, with co-captain Chuck Nienhuis taking care of three of them and junior co-captain Dan Meyers setting the fourth.

Nienhuis erased Chuck Seidelman's record in the 200-yard individual medley with a new time of 2:14.2.

In the state meet competition, Nienhuis first took honors in the 200-yard freestyle washing out Kirk Steketee's clocking of 1:55.55, to establish a record of 1:54.61.

Later in the meet, Nienhuis posted a 4:11.92 clocking in the 400-yard freestyle, to better the time of 4:12.4 he established in the Invitational championships two weeks ago. Both marks broke the 4:12.5 time set by Kirk Steketee in 1968.

Dan Meyers wiped out the record in the backstroke by stroking in with a :58.5 clocking two weeks ago, to erase his own clocking of :59.4 set earlier this season. The old mark of :59.5 was a state record set by Tom Nienhuis, in 1966.

A pool record at West Ottawa was erased when Dana Rigerink came off the boards with 233.45 points, bettering the mark of 221.50 established by Steve Karsten in 1964.

Panther power was aptly demonstrated as the local swimmers chalked up an average of 61 points per meet, to their opponents 40 point average.

A total of 18 out of 28 swimmers, freshmen through seniors qualified for the state meet competition, all of the 18 in at least two events. Of the 18 qualifiers, 16 made it into the finals at the state meet.

Next year's squad looks nearly as promising, as only five seniors will graduate, and many eighth graders will move up to the ranks of varsity competition.

Woodside PTC Has Regular Meeting

Coffee and cookies were served by the fifth - sixth team room mothers, Mrs. Nienhuis, Mrs. James Prins, Mrs. Ed Sjoerdsma and Mrs. Dick Boyd.

The next PTC project will be a fun night.

liminary time.

Nienhuis captured a second position, setting a Panther varsity record of 4:11.92, erasing the old mark of 4:12.4 he established two weeks ago at the Southwestern Invitational.

Raphael recorded the best time of his career of 4:22.93, moving up from sixth to fifth position, a remarkable feat for a swimmer that has only been swimming the distances for half of a season.

At that point in the meet, the Panthers held a 124-83 lead over Riverview, a necessary margin, as the Panthers had no qualifiers in the next event, the breaststroke competition. Freshman breaststrokers Jim Timmer and Steve Hopkins had been inched out in the preliminary competition.

In the final event of the meet, the Panthers stroked hard and evenly to maintain position, for the only thing that could lose the meet was a disqualification.

On the freestyle relay team, Rick Hamstra, Jon Helder, Terry Rithamel, and Rick Zavadil eased into third spot with a clocking of 3:43.61, behind Ypsilanti Roosevelt with a new state record of 3:33.14 and Riverview at 3:43.47.

Coach Reest Builds Fine Swim Teams

Coach Henry Reest can easily be called one of the most successful swimming coaches in Michigan.

Starting with a new school, in a new district that was not at all familiar with the sport of competitive swimming in 1962-63, Reest established a swimming program and began winning.

The first Panther swimming team chalked up a 7-5 season, hosted the first annual Southwestern Invitational Swimming Championships, taking third place and finished sixth in the Class B state meet.

The six seasons following have brought continued improvement. In 1963-64, the West Ottawa swimmers chalked up a 10-4 record, with third places in both invitational meets, and invitational relays, and taking home the Class B runnerup trophy behind Riverview community.

Swimming against Riverview in the dual meet season for the first time in 1964-65, the Panthers fell 62-43. The loss gave the Panthers the desire for revenge, which they satisfied by winning the Class B state championship in 1965. The season mark of 10-5 was also aided by a second spot in the Invitational Relays, and the first place trophy in the Invitational Championships.

The best dual meet season was achieved in 1965-66 with 12 wins and three losses, though the Panthers again fell to Riverview in the dual meet. With second in the Relays and first in the Invitational Championships, the defending Class B state champs were high for the state meet, but were barely defeated by Riverview.

In 1967 there was a repeat performance, with a 9-5, a dual meet loss to the Pirates, third in the Relays, second in the Invitational Championships, and another state runners-up trophy. Hungry for another state title, the Panthers' hopes were lost when West Ottawa was classified as Class A in 1968. Defeating Riverview in the dual meet season, 53-52, the Panthers chalked up a 13-5 season, and second spot in both Invitational meets. In Class A the Panthers finished fifteenth in the state meet.

With reclassification into Class B this year, the Panthers again had hopes of a winning year. They finished with 15 wins and six losses in the dual meet season and second spot in the Invitational relays.

The West Ottawa swimmers all but five Panther swimmers times all season, up through the Invitational Championships where they snatched first place. The rewards were sweet when Saturday afternoon they captured the Class B state title.

The 1969-70 season will see all ut five Panther swimmers returning to attempt to maintain the school's fine swimming record.

The Panthers have now won

Christian Romps To Regional Win

GRAND RAPIDS — Holland Christian's basketball team had an easy time romping over Kenowa Hills 74-42 Friday night to win its way into the finals of the Class B regional tournament at the Calvin College Knollcrest Fieldhouse.

Holland Christian took command early, and Coach Art Tuls got a chance to rest his starters and substitute freely. The fact that they had an easier time Friday night could be a big help to the Maroons when they meet Godwin this afternoon.

Art Tuls and Dan Brower fired in four field goals and Dick Frens three as the Maroons took a 26-12 lead over Kenowa in the first quarter. Christian built up the lead to 44-23 at the intermission.

The Maroons used their height and jumping superiority to good advantage in the first half taking a 32-15 rebounding edge. They also hit on 21 of 42 shots from the floor for a 50 per cent average.

Christian continued the run-away in the second half upping the lead to 66-35 by the completion of the third period. Coach Tuls cleared his bench in the final period, and a total of 14 Maroon basketball players saw action.

During their abbreviated playing times Dan Brower scored 18 points, Dick Frens, 14 and Art Tuls 11. Don Andrews led Kenowa Hills with nine points.

Christian ended up making 34 of 76 field goal attempts for a 45 per cent average. Kenowa Hills put in only 14 of 54 for a meagre 26 per cent.

The Maroons converted only six of 12 free throw attempts for 50 per cent while the Knights put in 14 of 27 for 52 per cent.

Christian finished with a 57-21 lead in rebounding.

The Maroons' record is now 17-5 for the season. Kenowa Hills compiled a 10-10 mark.

Mary Ellen Woldring Wed to Eugene Foster

Mrs. Eugene E. Foster

In a 4 o'clock ceremony Saturday afternoon Miss Mary Ellen Woldring and Eugene E. Foster exchanged marriage vows in Fourth Reformed Church with the Rev. Henry Van Dyke of Grand Rapids performing the ceremony.

The daughter of Mr. and Mrs. Ralph Woldring, 295 West 15th St., and the son of Mr. and Mrs. Maxwell Foster of 124 South St., Fennville, spoke their vows before an altar banked with Boston ferns, brass arch and tree candelabra entwined with aqua and white mums and pompons. The pews were marked with brass hurricane candle holders and lemon foliage.

The bride entered the sanctuary with her father who gave her in marriage following appropriate wedding music played by Mrs. Donald Klassen. She also accompanied the soloist Marty Hardenberg.

The bride chose for her matron of honor her sister, Mrs. Leonard Cederberg, and as her bridesmaids, Miss Carolyn Foster, sister of the groom and Mrs. Andrew Christensen of Zeeland.

Attending the groom as best man was David Nymman of Glenn. Seating the guests were Philip Blackburn of Fennville and Donald Sewers of Saugatuck.

The bride's floor-length gown of silk organza over taffeta was designed with jeweled peau d'ange lace appliques on the empire bodice and A-line skirt. The jeweled lace trim was repeated on the sheer bishop sleeves and chapel-length trumpet train. An elbow veil of pure silk illusion fell from a petal headpiece frosted with pearls and crystals. She carried an Ethereal cascade of stephanotis, phalaenopsis orchids and baby's-breath, the center being her going away corsage of phalaenopsis orchids.

The bridal attendants wore sheath gowns of aqua chiffon over taffeta with oval necklines and long sleeves edged with self-ruffles. Contrasting turquoise satin banded the empire waists and tiny buttons at the cuffs. They wore matching aqua bows with bouffant veils and carried colonial arrangements of aqua tinted carnations and white daisies, white satin showering and white daisies.

Assisting at the reception held in Holiday Inn were Mr. and Mrs. Henry Lemson as master and mistress of ceremonies; Mr. and Mrs. Kurt Schonfeld at the guest book; Mr. and Mrs. Clayton St. John of Fennville serving punch; Mr. and Mrs. Michael Johnson of Leroy and Mr. and Mrs. Michael Zeedyk arranging the gifts.

After a southern wedding trip the newlyweds will reside at 970 Lincoln Ave. The bride is employed in the Ottawa County Abstract & Title Co. and the groom at Bohn Aluminum in South Haven.

The E. E. Fell Junior High Band, composed of eighth and ninth graders, received a first division rating at the District Festival held in Wyoming Park High School Saturday.

The band, of 120 members, entered the festival in Class AA competition which is the highest possible class one can enter. The music of this class is comparable to high school music and of extreme challenge to Junior High students.

Required selection played was "March and Procession of Bacchus" arranged by Eric Osterling. Selected numbers were "Chorale and Capriccio" by Caesar Giovanni, and "Our Glorious Land" by Olivadoti.

Judges for the concert were James House of Western Michigan University, Harold Louma of Muskegon Community College, and Ross Van Ness of Marshall. Sight reading judge was Dwight Smith.

The band is now able to enter the state festival, which will be held on April 19. Holland High School will be host to one section of the festival.

The University of Michigan Symphonic Band will appear in concert in the Holland High Field House March 28, beginning at 7:30 p.m.

The band and orchestra parents of the Holland public schools are sponsoring this event.
