## Dearborn Woman, 21, Is Killed

GRAND HAVEN — A young Dearborn woman was killed in a two-car accident at US-31 and Robbins Rd. at 12:05 a.m. Sunday becoming Ottawa county's ninth traffic fatality of the year and the first of six persons killed on county roads in a 30-hour period.

Marlene Martinelli, 21, was pronounced dead on arrival at North Ottawa Community Hospital. Dr. Earl Klett of Holland performed an autopsy and ruled her death due to a broken neck. Four others were injured in the accident, one of whom is in satisfactory condition in North Ottawa Community Hospital Monday.

According to Michigan State Police, Miss Martinelli was riding in the car driven by Thomas Flanigan, 22, of Detroit, when the car was struck by one driven by Mrs. Mary Lou Taipalus, 41, of 220 North Sixth St.

Mrs. Taipalus, wife of the Rev. G. Douglas Taipalus who is pastor of the Calvary Baptist Church in Grand Haven, was admitted to the hospital with back injuries, abrasions and bruises and is in satisfactory condition.

Mrs. Taipalus' two passengers, her 15-year-old son Donald and 15-year-old Dan De Bruyn of Grand Haven, were treated at North Ottawa Community Hospital for minor injuries and were released as was Flanigan.

State Police said Flanigan was driving north on US-31 and Mrs. Taipalus was headed west on Robbins Rd. in Grand Haven city when she allegedly failed to stop for the red flasher and struck the Flanigan vehicle.

It was reported Miss Martinelli and Flanigan had had plans to spend the night with friends in Holland.

Miss Martinelli's body was transferred from Kammaraad Funeral Home today to the Boleski Funeral Home in Dearborn.

Her death marks the first fatality in Grand Haven city since June 12, 1969.

## West Ottawa Requesting 18.9 Mills

West Ottawa school district is asking an additional 1.4 mill for operations at the June 8 election, according to action taken by the Board of Education Monday night.

This brings to a total of 18.9 mills the board seeks this year. As has been the custom for several years, it will be for one year only. Last year the district voted 17.5 mills, also for one year.

Board President Louis Van Slooten said the decision followed several months of work and was based on best estimates possible.

He said state aid has not been determined, but the tentative budget calling for a total of \$3,255,236.25 includes an estimated \$25 per pupil increase on state funds.

It also was pointed out that West Ottawa collects its school taxes in January and the board was concerned with getting estimates as correct as possible. The tentative budget which is slightly above last year's covers necessary costs, some increased costs and an amount for salary increases. Teachers' salaries are currently in the process of negotiation.

West Ottawa district is allotted 8.37 mills by the county allocations board, compared with 10.37 mills for Grand Haven, Holland and Zeeland whose districts lie in two counties. Limitations are waived when a district lies in more than one county.

In its budget study, the board followed the philosophy of maintaining current standards within existing staffing.

## Hospital Boosts Rates on June 1

Effective June 1, new hospital rates will go into effect at Holland Hospital.

The increases, the smallest in five years, generally call for a \$2.25 increase in hospital rooms in the old section and \$3.25 increase in rooms in the new wing. The latter are larger and are air conditioned.

Intensive Care Unit rates will be \$40 per eight-hour shift, up from \$33. Baby care will be \$27, up from \$23, and baby care after discharge of mother will be \$30, up \$5.

Hospital Director Frederick S. Burd said the new rates are more in line with hospitals in surrounding cities, and added that all inflationary factors and increases would have been absorbed were it not for increased pay and fringe benefits for employees, and absorbing the interest of a 1955 hospital bond issue.

He said new rates followed an exhaustive cost study and are geared to actual costs in keeping with an aim to have departments pay their own way. Two de luxe suites in the new wing will cost \$62.50 per day, up from \$54.25. Delivery room fees will be \$85, compared with \$45, again geared to costs.

There is no change in the \$10 emergency room charge, and five departments are reducing charges including laboratory.

Patients in the hospital less than 24 hours will be billed for one-third day from one to four hours, ½ day for four to eight hours and a full day for eight hours or more.

## Seminarists Receive Degrees at Graduation

"The difference among men in the ministry is whether our eyes have seen the glory of the coming of the Lord, and then have seen him working out his purposes." With these words, Dr. Ernest T. Campbell, pastor of the Riverside Church in New York City, addressed the Western Theological Seminary graduates of the Class of 1970 on Monday night.

Speaking on the subject "Never Lose Heart," Dr. Campbell described the three classes of men in the world today. The first class of men are not perplexed, but concentrate upon their own personal goals, disregarding others, and so lose connections with reality. They don't take theology seriously; to them history means nothing.

A second class of men are perplexed to despair. Their personalities are as so many nerves exposed to the raw needs of men. Some of these people are even in the church. They need a more radical understanding of evil and sin. Fully-awakened Christians are a minority everywhere in the world. This group of men need to remember that a church which survived the varied vicissitudes of centuries of history should be adequate to survive through the social turbulence prevailing today.

A third class of men are perplexed, but are not driven to despair. They know that the minister is not an answer man, and that the Bible is not an almanac. They live in hope, not because they simplify their problems, but because they believe the final ends belong to the final purposes of God in history.

## Millage for Maintenance Cited by Board Members

That the present educational level for Holland Schools cannot be maintained unless the school millage is passed by voters on June 9 was the conclusion made by two members of the Holland Board of Education, Mrs. Katherine MacKenzie and Charles Bradford, at the general meeting of the Holland Area Provisional League of Women Voters Monday afternoon at the First Presbyterian Church.

The proposal before voters on June 9 is for an additional 3.75 mills for general education and 9.10 of a mill for special education for the Intermediate School District. Members were reminded that these were two separate proposals: the first for Holland School District only and the second a county-wide area school district millage for the mentally and physically handicapped children.

Bradford, a member of both the Holland School Board and of the Intermediate School District Board of Education, presented background information on the special education program, and he emphasized that the 9.10 of a mill to be voted or by property owners would enable the continuation and expansion of this program. Also, the increased county millage would take care of a building program for the operation of seven different programs under "one roof."

He referred to plans for a special education school building for "trainable" children where teachers could work together professionally with these multi-handicapped children. He pointed out that by 1977-78, current surplus millage funds would be used up and that the proposed increased county millage now would insure continuation of the special education program and provide the needed facilities and the opportunity to reach out to more handicapped children.

Mrs. MacKenzie presented facts about the proposed 3.75 millage increase for Holland School District, and she emphasized it is for one year only. It is to enable the present educational program to be maintained for the 1970-71 school

year. She pointed out that the state aid formula for next year has not yet been received. Additional money from the county is allocated each spring from the County Board of Commissioners and the present school millage. These monies are not adequate for the increased inflationary costs of equipment, materials and services. Also, professional curriculum improvements must be made to keep Holland schools up to standard, she said.

Mrs. MacKenzie outlined how the money would be used: to provide laboratories and staff for an acceptable junior high school science program; to provide junior high teachers to bring staff up to standards for proper pupil-teacher ratio; provide two professional elementary librarians, at present there are none; eliminate elementary textbook rental fees, increase the high school vocational course by adding a power mechanics course, and providing funds to meet increased cost of equipment, materials and services due to inflation.

Members saw the number of instructional supplies needed and used by a typical third-grader in the Holland schools. Included were such items as textbooks, reams of paper, workbooks, pencils, crayons. In addition, teachers today must use tapes, records and films.

Mrs. MacKenzie pointed out that due to inflation there is a 16 per cent increase in these supplies. There are 5,500 students in the Holland school system and instructional supplies are used at all grade levels. Both Mrs. MacKenzie and Mr. Bradford emphasized that the proposed millage is not primarily for wage and salary increases or to add frills and extras. They maintained the money is definitely necessary to continue a solid, well-balanced educational program for the boys and girls of Holland.

Following the presentation, members and speakers exchanged views and a question and answer period followed.

Mrs. Rachel VanderWert, president of the Holland League of Women Voters, presided.

## Adult Students Of Spanish Hold Dinner

The students of the courses in Spanish which are being offered in Holland by Dr. and Mrs. Carlos Tapia-Ruano organized a potluck dinner using foods typical of Cuba, Spain, Mexico, and Puerto Rico, which they themselves prepared, Tuesday at the Fish and Game Club.

Introductory remarks were made by Mrs. Robin Knaack, first year student, and by Miss Lucille Kooyers, a second year student. The program continued with students from Hope College singing songs in Spanish accompanied by the guitar, interpreting poetry of the great poet and writer Jose Marti, upon the 75th anniversary of his death on behalf of the ideals of the American continent. Mr. and Mrs. Robert McFadden showed and narrated slides of Spanish cities in Europe, including Seville, Cordova, Granada, the Canary Islands and Majorca.

Prof. Hubert Weller, principal speaker, told about the cultures of Spain and the Netherlands, and emphasized the appropriateness socially and politically of a greater rapprochement on the part of the two cultures.

Discussion included the importance of a study center or "Ateneo Cultural Hispanoamericano," which would result in demonstrating how much the peoples of Spain and of the Spanish American republics have in common with respect to hardships and courage, and to religion, language, and local cultures, which could be a valuable contribution to the cultural development of our people who look back to the Netherlands for their sources.

Among those taking part were Dr. Weller, Orestes Pino, and Maria Castillo from the Hope faculty; Bernard Koops, George Visser, and America Tapia-Ruano, from Christian High School; Mr. and Mrs. Harold Knoll, Mr. and Mrs. Robin Knaack, Mr. and Mrs. Alex Rivera, Mr. and Mrs. Julio Llura, Mr. and Mrs. Hector Valdes, Mrs. Ramona Leon, Mr. and Mrs. Jose De Leon, Miss Gertrude Ede, Dr. Carlos Tapia-Ruano and others. **SPlice CABLE**—Bell Telephone Co. splicing crew Tom Reinhardt (right) and Max Kiernan, both of Holland, repair some of the 900 pairs of wires damaged in the 1,525 pair marine cable Saturday. The cable was damaged on the Lake Macatawa bottom in the shipping channel off Central

Park and was raised from a ten-foot trench by crews of the Bultema Dock & Barge Co., Muskegon, who returned the repaired cable to the trench early Sunday as a lakes freighter steamed into sight. Total cost of the repair was estimated at \$20,000. (Sentinel photo)

## Repair Cable As Ship Approaches

Crews working on a damaged Bell Telephone Co. marine cable in Lake Macatawa completed necessary repairs and lowered the cable into a lake bottom trench crossing the channel off Central Park early Sunday as a lakes vessel steamed into sight.

The cable was raised early Saturday morning and crews began their task of repairing the 1,525 pair cable at 6 a.m., working until Saturday midnight when the cable was ready for return to the under water trench.

"Things went off pretty smoothly," said John C. Naber of the Holland Bell office who was in charge of the repair. "There was a lot of manual labor, a lot of heavy equipment and a lot of special rigging used in the job."

The crews worked from a barge of the Bultema Dock and Dredge Co. of Muskegon whose divers and crew located the cable and hoisted it from the lake bottom and then returned it to the depths as the freighter, the Robert C. Norton, entered Lake Macatawa shortly before 3 a.m. Sunday bound for the Padnos Iron and Metal Co. docks.

Naber said about 900 pairs of wires were damaged and had to be repaired.

Two-man splicing crews worked under a plastic enclosure rigged temporarily to keep out wind and possible rain. The splicing operation began at 9 a.m. Saturday and continued until completion at about 7 p.m. A 400 pound lead sheath was placed over the spliced section. Bultema crews were backfilling the trench in the lake bottom today.

Corps of Engineer crews sounded the trench to insure the proper ten foot depth in the lake bottom. The water depth at the site was 24 feet.

Naber estimated total cost of the job at \$20,000, including use of the barge and crew for about one week.

The cable was damaged under water and some telephone service was interrupted. Naber said Bell cut to spare circuits in the cable that were not damaged and service was continued.

The damaged cable was one of three cables spanning the lake at the Central Park location. The other two were not damaged.

The parade was a part of festivities sponsored by the Dutch Canadian Culture Club of Chatham commemorating the 25th anniversary of the liberation of The Netherlands and the end of World War II. Later that same evening more than 3,000 Dutch-Canadians filled the Chatham Memorial Arena for a program in which the Holland High Band and klompen dancers were featured.

"It is impossible to describe what it meant to us to come out in the sunlight again."

Those were the words of Dr. O. S. Akkerman, Netherlands vice consul for Kent, Lambton, and Essex counties in Ontario, as he described the liberation of the Netherlands, as the Dutch-Canadian residents of Chatham and County Kent in Ontario celebrated the 25th anniversary of the liberation last Wednesday in Chatham.

Featured guests of the Dutch-Canadian Culture Club at the celebrations were the Holland High School Band, under the direction of Carl Dephouse, and two teams of exhibition klompen dancers under the leadership of Miss Julie Keefer.

The band and klompen dancers left Holland early last Wednesday morning and arrived in Chatham shortly after noon. Following their attendance at a commemorative dinner at the Pyranon Ballroom in Chatham, the band and klompen dancers participated in a late afternoon parade through the downtown area to the community centre. At the conclusion of the parade the band was presented a large engraved plaque for being the outstanding performing unit in the parade.

The climax to the celebrations came at the three and a half hour long evening program in the Chatham Memorial Arena. The Holland High Band and klompen dancers were featured for about an hour in their part of the program, much to the enjoyment of the more than 2,000 persons present for the events.

During the course of the evening ceremonies Dr. Akkerman presented two bugles and a field drum used by the Dutch Nationalist Socialist Youth during the occupation to the Holland High Band.

He credited the Dutch underground with saving his life during the war after his plane was shot down and he was forced to parachute into a Dutch cow pasture.
