JUST LOOK THESE OVER.

YOU

must read this article over carefully, tell it to your friends, mark and send it to your wife's cousin in Dakota. Why? Because it tells about the City of Holland; and contains some good advice for you. Holland has about 4,000 inhabitants; and is the natural market town for the townships of Salem, Overisel, Fillmore, Manlius, Saugatuck and Laketown in Allegan County, and Holland, Zeeland, Jamestown, Georgetown, Biondon, Olive, Robinson and Allendale in Ottawa County, which townships contain 22,000 people. Holland

SHOULD

and will be the county seat of Ottawa county, within a few years.

In addition to being surrounded by a fine farming country and in the centre of the famous fruit belt of Michigan, Holland is well located for manufacturing industries; and already has the following establishments, which now employ over 500 men:

The Cappon and Bertsch Tanneries, the largest in the Northwest.

Standard Roller Mills, having a daily capacity of 400 barrels of flour.

Werkman Manufacturing Company, one of the finest factory buildings in the state.

The Fixter Stone and Co. working extensive sandstone quarries.

Keystone Planing Mill and sash and door factory.

The Phoenix Planing Mill and lumber yards.

Huntley Manufacturing Works and planing mill.

Vindicator Fanning Mill Company.

Crystal Creamery, which made more butter in 1887 than any creamery in Michigan.

Van Putten Tub and Pail Factory.

Wilms Champion Harrow Works.

Holland Wagon Works.

Flieman Wagon and Sleigh Factory.

City Flouring Mills.

Huntley Machine Shops.

Scott's Foundry.

Schoon and Son's Tannery.

Van Dyke's Saw Mill.

Holland Wind Mill Company.

All of which establishments are extending their business and increasing the number of their employees.

There are also about 100 employees of the Chicago and West Michigan Railway Company residing at Holland. Thus having both the agricultural and manufacturing resources Holland has a solid basis for mercantile business.

Business is not, however, all of life. Holland is also especially desirable as a place of residence. It is located near the shores of Macatawa Bay, a beautiful body of water having its outlet in Lake Michigan, six miles distant. Holland has a fine harbor and direct railway connections with Chicago, Grand Rapids, Muskegon and Detroit. The famous Macatawa Park and Ottawa Beach resorts are here; and bring thousands of visitors to Holland each summer. Hope College and an excellent system of public schools provide superior educational advantages; and eight churches look after the religious welfare of its inhabitants. Holland has ten miles of gravelled streets, with good sidewalks, a first-class system of water works owned by the city, two beautiful public parks and many handsome private residences and substantial business blocks. Have you

READ

so far and ask why tell you these facts? Because, having all these advantages you should know and tell everybody else, that Holland is sure to continue to have a steady, substantial growth; and that the present low prices of real estate will not continue. An increase of its population to 5,000 which will take place within two years, will cause an advance of from twenty-five to fifty per cent in all desirable city property. If you do not own your own home now, after, or before, you read

THIS,

you should lose no time in either buying a house, or a lot on which to build a home, and stop the disagreeable features of "moving around." I still have a number of bargains in city and farm property located in and near Holland, which will be sold on easy terms of payment. If you want to buy, sell or exchange real estate call on or address

LOCAL ITEMS.

This week the tannery was shut down for repairs.

If you want a good pair of working oxen see our Business Locals.

BORN:—To Mr. and Mrs. A. B. Bosman on Monday morning, June 4th—a son.

The steamer Queen of the Lakes is expected to arrive here to-day, Saturday.

From reports there is still a great scarcity of tenement houses in this city.

SEVERAL picnics and excursions are booked for Macatawa Resorts in the near future.

THE "carryall" is now used to convey passengers from the depot to the steamer Macatawa.

THE Holland Crystal Creamery is now making fully five thousand pounds of butter per week.

PROF. J. J. ANDERSON desires to rent his residence on Twelfth street. See Business Local.

THE list of city poor pensioners has been decreased by one. It is not hard to guess which one.

THE Macatawa makes two trips daily to the Resorts and has carried quite a number of passengers.

MR. R. D. PEIRONNET, of Omaha, Neb., is visiting his daughter, Mrs. J. O. Doeburg, for a few weeks.

MRS. A. BRINK and daughter Annie, of St. Charles, Mich., are visiting friends and relatives in this city.

THE Allegan Record last week passed its first mile-stone. It has bright prospects for a brilliant and useful future.

THURSDAY night the Phoenix Hotel was burglarized. About \$4, change in the cigar case, was all the money secured.

A CABLEGRAM from Amoy, China, announced the birth of a son to Dr. and Mrs. John A. Oite, on Wednesday, May 30.

LAST Saturday and again on Tuesday a cold wave struck this locality and there was a drop of several degrees in the temperature.

TRIM your shade trees and render the new lamps, which will be placed in position possibly next week, more beneficial to the public.

D. A. DREW, a lumberman of Otsego, was here this week buying lumber and building material from James Huntley and other dealers.

GRASS is growing so fast of late in most places that the lawn mowers have had all they could do to make the lawns look in a well kept condition.

REV. DR. SCOTT will administer the sacrament of the Lord's Supper in Hope Church to-morrow morning, and in the evening will preach a sermon.

THE City Hotel omnibus appeared again this week after having been repaired and painted. It now looks very fine and is a credit to Landlord Williams.

WILL the party who found a large official envelope this week please return it to this office? It contained pension blanks and is of no use to anyone but the owner.

IMMENSE quantities of fish have been caught at the Resorts, and especially at the piers, this week. The perch have been biting good and they are unusually large this season.

J. O. DORSEBURG, insurance agent, has an advertisement in this issue which those who have property which they wish insured should read. He insures also against storms and tornadoes.

A FEW of our merchants are putting in telephones for the summer. If the authorities and district manager would extend their exchange to Zeeland and Graafschap they could expect double the revenue from this place.

THE Circuit Court for the County of Ottawa convened in Grand Haven on Monday last. Judge Dickerman, of Muskegon, presiding. This is an adjourned term. Judge Arnold is not able to be present on account of holding court at Allegan.

THE earnest workers of the Methodist Church will give a spring entertainment next Tuesday evening, June 12, at the church. Admission 10 cents. Ice cream and cake will be served. Exercises commencing at eight o'clock promptly.

THE trees in and about the Parks have been made much prettier in appearance by being trimmed. Now if there was only a sidewalk along the west side of Centennial Park it would become quite a shady resort on hot summer afternoons.

THE news of Cleveland and Thurman's nomination was received with much enthusiasm by the democrats of this place last Thursday night. The old cannon was fired off some twenty or thirty times, while the color of the bandanas was a deep red.

ONE of the conundrums which we have been unable to solve this week has been: "How long will it take a dozer trap nets with pockets thirty feet long and with two hundred feet leads on each side, to catch all the fish in Macatawa Bay?" We will have to refer this to the State Game Warden.

THE Synod of the Reformed Church is in session in Catskills, N. Y., this week. Revs. Geo. Niemeyer, Dirk Broek, John Van der Meulen, and Elders G. T. Huizinga, John Van Zoren, and John Spykerman are the delegates from the Classis of Holland.

MACATAWA Bay produces about six barrels of fish daily and the industry is rapidly growing in this city. It is only a question of time when the markets of Grand Rapids and Chicago can, for a time, depend wholly upon this place for its supply of fresh fish.

J. M. CROCKRIGT who lives just south of the city called at this office this week and said that he knew of no reason why his name should not be among those on the list of ex-soldiers. He served three years as a private in the Sixth Ohio Cavalry, Company B.

MESSRS. H. BOONE and M. Beukema have purchased the elegant little steamer Lizzie Walsh, of Grand Haven, and will run the boat on Macatawa Bay as a ferry-boat and general pleasure yacht. We understand that the consideration was in the neighborhood of \$3,500.

MR. AND MRS. W. J. DAVIDSON celebrated the tenth anniversary of their marriage last Tuesday evening by inviting a few of their friends and neighbors to their home on Eleventh street. The evening was spent very pleasantly and they received a quantity of tinware.

THE work of repairing the City Hotel bus was performed by Takken & De Spelder, the painting being the work of H. Landis. Messrs. Takken & De Spelder are ready at all times to do first-class work in the line of ornamental painting and substantial carriage and wagon repairing.

THE Allegan Gazette surprised its readers last week by appearing as a six column quarto, and in a much improved as well as enlarged edition. Reid is apparently getting there with both feet despite the opposition with which he meets at every turn. His paper is certainly very interesting at times.

OUR contemporary *De Gondelet* announced in its last issue the fact that A. Van Vuuren and Dirk Van Oort were acquitted of taking fish unlawfully from Macatawa Bay. The facts are that the case was dropped on account of the absence of Game Warden Lozier, who is now in Northern Michigan on business.

HIGHLY complimentary comments are being made about the state on the beautiful and general observance of Memorial Day in this city. Holland is always in the front rank in its endeavor to show its gratitude and remembrance to the veterans who gave their services and their lives in the preservation of the Union of States.

THE Democratic National Convention assembled in St. Louis this week and completed their labors on Thursday last. The ticket is, Grover Cleveland, President; Allen G. Thurman, Vice President. On our sixth page will be found an account of the assembling of the delegates and other interesting facts in connection therewith.

LAST Tuesday morning Dr. W. Van Putten was hastily summoned to attend the sixteen-year-old daughter of Mr. J. Jonkman who had burned herself in a terrible manner by accidentally spilling a

quantity of boiling coffee over her person. Her neck, face, and body, were burned so badly that when her garments were removed the flesh adhered to them.

THE steamer Douglas will leave her dock in Saugatuck for Chicago the night before the National Republican Convention convenes and will remain there for three days. The fare, including lodging on board boat, will be but \$5.00. The steamer can accommodate eighty passengers. Those who wish to go that way should address John Nies, Saugatuck.

THE concert given under the direction of Prof. R. A. Wellenstein for the benefit of Eagle Hose Company No. 1, was a success in every way. The "boys" cleared a neat little sum for the purpose for which it was given. It is needless for us to enlarge upon the merits of the people taking part, suffice to say that the concert was highly satisfactory and a rare treat for our music-loving citizens.

THE Chicago & West Mich. Ry next Sunday will begin the sale of excursion tickets to the Resorts the same as last year. The tickets are good on the trains leaving Grand Rapids at 9 a. m. and 12:30 p. m. A great deal of overhauling is being done at the hotels and about the Resorts, and though the accommodations at the hotel may not be adequate, if the day is fine, it is expected that a large crowd will be there on Sunday.

WILL the American bird flop its wings in Holland City on the glorious Fourth of July? We think that it should be the desire and the ambition of all our business men to observe, in a generous manner, all public holidays and to encourage the people who reside in the country about this city to look forward to those days with pleasure and expectation. It cannot help but make this city be regarded as the commercial and business center of this part of Michigan.

W. A. WILLIAMS, who owns an interest in the steamer Macatawa, has purchased the hotel at the Resort formerly owned by W. J. Scott and run last summer by M. S. Marshall under the name of Bay View. Mr. Williams now owns the hotel, dock, and grounds, and has commenced making extensive improvements there which he expects to have completed before the season fully opens. The name which Mr. W. has given his property is "Shady Side." He will conduct the hotel himself and promises to entertain guests in first-class style.

Is there a Game Warden in the State of Michigan? Do the people of the state pay a salary for the filling of such an office? If so, we should like to know it and to see the gentleman do his duty. Complaints come to this office almost daily of violations of the law in this section. We want either these violations prosecuted, or the people to discontinue their complaints to us, we don't care much which it is as long as we are not troubled with it. The subject has become too stale and unproductive of good results to be relished by us any longer.

WE are authorized by W. Phillips, President of the West Mich. Fruitgrowers' Society, to state that the State Horticultural Society has accepted an official invitation given by him to meet with his society at the summer meeting to be held at Benton Harbor, on the 13th, 14th and 15th of the present month. Under this united meeting joint discussions will be held on topics both horticultural and pomological. It will be a gathering of the most noted pomologists and horticulturists in the state, which will make the discussions of great interest and importance. Reduced rates are expected on all railroads.

THIS week we visited the Resorts and found everything progressing in the way of preparations for a large season's business. The Macatawa Park Association have made vast improvements in their grounds and are opening more and more of the beautiful hills and picturesque valleys for the guests of the Resorts. At Ottawa Beach several new and some very valuable cottages are being erected for private individuals. At Shady Side improvements are being made on all sides and the hotel has several guests. At Macatawa we found the genial Jas. Ryder as landlord, and the ever pleasant D. J. Riley as clerk. They expect a big summer.

LAST week Friday evening owing to the cold and unfavorable weather there was not as large an attendance at the Musical Social of the Episcopal Church as there

otherwise would have been. The musical program was very fine and pleasing, especially is this true of the banjo solo of Ald. Frank Carr, who made his debut before a Holland audience. The musical farce at the close of the program was also well rendered and executed. Mr. Geo. Ballard proved himself a good judge of cultured voices and of good music. The choir performed their part of the program with credit. The art gallery was very good. In this part of the entertainment we hope all viewed the elaborate piece called "The public instructor," for terms of subscription see top of first column of this page; invariably in advance.

LAST Tuesday evening a large and appreciative audience greeted the ladies of the Y. W. C. A. at the College Chapel on the occasion of the production of the cantata "Under the Palms." The closest attention was given by the audience to the rendering of the music and it was really pleasant and gratifying to those taking part. Everything passed off smoothly and nothing took place which could in any way mar the pleasure of the occasion. The members of the Y. W. C. A. feel highly gratified at the sympathy shown by the people of Holland in their endeavors to do good. They desire us to thank the gentlemen who participated in the singing, the firm of Meyer, Broquer & Co., for the use of a fine organ for the occasion, and the College authorities for kindly granting them the use of the Chapel.

THE city has just decided to replace the present imperfect and comparatively worthless system of street lamps by a modern improved naphtha lamp of the Globe Lighting Co., of Chicago, which agrees to place the lamps in position on our streets, furnish oil, and service in tending to the lamps, for \$18 per lamp per year. Before the expiration of this contract it is hoped that the people of Holland will be ready to vote intelligently on the question of lighting the city with electricity. Until that time we shall have to make the best of the naphtha lamps which are fully equal to us and fully as brilliant. If the residents of the shady streets will now only trim their beautiful shade trees, they will render the lights more useful, benefit their trees, and beautify their premises. Let all property owners see to it that this highly necessary duty is performed at once.

LAST week Friday night, with the falling twilight, death claimed as its victim one of this city's fairest daughters, Rose M. Doyle, aged only eighteen years. Miss Doyle had been ill for some weeks from a constitutional trouble and had suffered considerably. The funeral was held on Monday afternoon last and was largely attended. Dr. Chas. Scott conducted the funeral services and his remarks were very touching and full of sympathy for the bereaved parents. Grace Church choir sang two very appropriate hymns, "Sister, thou art mild and lovely," and "Sleep in Jesus." The floral tributes were many and handsome. The "A" class of Hope College, of which Rose was a member, attended the funeral and followed her remains to the cemetery. The funeral cortege numbered thirty carriages. The afflicted parents have the sympathy of many friends in this community who will mourn with them over the loss of one so fair and beautiful.

FROM a casual glance at the Council Proceedings the reader may suppose that the Aldermen were not in favor of laws enforcing a strict observance of the Sabbath. This would be a false impression. There is not one of them who is not interested, as much as any citizen, in the observance of the first day of the week. The question that was decided by the Council was whether they deemed it advisable to fill up the Book of Ordinances with laws that would not be enforced. A good law not enforced is worse than no law at all. The statutes of the state provide for the general observance of the Sabbath and for the suspension of business on that day. If there is violation of that law let complaint be made by some individual, or officer, who is cognizant of the offense. That is the manly and only way of successfully enforcing the law. To shirk the responsibility of duty, or opinion, is but the evidence of abject cowardice and is unworthy of true manhood. If there is evidence of business being openly carried on in this city on Sunday, let those who possess the evidence make complaint before a Justice of the Peace, and we doubt not but what one complaint will close every place tighter than a miser's gold chest.

Holland City News.

HOLLAND CITY, MICHIGAN.

AROUND THE GLOBE.

Fresh Intelligence from Every Part of the Civilized World.

Foreign and Domestic News, Political Events, Personal Points, Labor Notes, Etc.

IRISH AFFAIRS.

Walsh, Suspected of Engineering an Assassination Plot, and His Omaha Friend.

A DISPATCH received at Omaha, Neb., from London contained the information that Walsh, the man suspected of engineering an assassination plot to kill Balfour, has stated to the English police that the money found in his possession was sent to him by a man named Groves in Omaha. The Omaha man referred to is John Groves, Deputy Treasurer of Douglas County. Groves has lived in Omaha for twenty years, and during all that time has been connected with Irish National affairs. Mr. Groves admits having sent the money to Walsh as stated by the letter, but says it was merely a loan from one friend to another.

ESCAPING CONVICT.

The Mysterious Disappearance from the Penitentiary of William Haller.

WILLIAM HALLER, alias Weiner, a burglar sent down to Joliet, Ill., from Chicago for twenty years under the habitual-criminal act, has escaped from the penitentiary. The prison officials are turning gray trying to find the manner of Haller's exit. He left no trace of his flight. His cell door was found locked as usual. Some think that he got away through a 15-inch sewer. A reward of \$100 has been offered for his capture. Warden McClaughry is much disgusted over the escape, and regards it as a wonderful case of mysterious disappearance.

CAREER OF A MURDERER.

Michael Hittle, Arrested in Pennsylvania, Guilty of Many Desperate Crimes.

MICHAEL HITTLE, the Hungarian who murdered Andrew Tendara at Cleveland, Ohio, Nov. 11, has been arrested at Wilkesbarre, Pa., by Ohio officials, who knew the murderer in Cleveland. Hittle has quite a bloody career. In April, 1886, at Kingston, Pa., he murderously assaulted a fellow countryman named John Moranski with an iron bar. Hittle escaped, assuming the name of Michael McGarrath. His victim died. Four months later Hittle turned up again, since when he has committed many crimes.

A TERRIBLE DISASTER.

Eighteen Persons Killed and Forty-one Injured by a Train in Mexico Crushing Through a Bridge.

A RAILWAY accident occurred just outside of Tampico, Mexico, in which many lives were lost. A construction train was derailed near a bridge by a cow and a donkey which were on the track. The train crashed through the bridge, and went down an embankment. The dead and injured were taken to the City of Mexico. So far as known, 18 were killed and 41 injured.

A FLATBOAT CAPSIZES.

Drowning Three Children and One Adult in the Elkhorn River.

WHILE a party of eight persons were crossing the Elkhorn at Wisner, Neb., on a flatboat temporarily built for the use of foot passengers, the boat dipped, and all were swept into the water. Lena Matthis, Anna Matthis, Otto Matthis, and Franz Marx were drowned. The others were rescued.

Changes in the German Ministry.

THE crisis in the German ministry continues, but it is positively assured that Prince Bismarck will remain at his post. Herr Von Puttkamer will resign the Ministry of the Interior and Herr Achenbach, President of the Province of Brandenburg, will probably be appointed in his stead. Herr Achenbach conducted the political education of Crown Prince William, and is highly esteemed by the Emperor.

Railroad Gossip.

IT is again reported that General Passenger Agent C. H. Warren, of the Manitoba Road, is to resign. The statement is made that Mr. Warren will succeed to the vacancy caused by the resignation of Harry Ives, and that Frank Whitney, at present Assistant General Passenger Agent of the Lake Shore and Michigan Southern Road, will be made chief of the passenger department of the Manitoba Road.

Arkansas Democrats.

THE Arkansas State Democratic Convention, after an exciting contest of five days between five candidates for Governor, reached a conclusion by nominating J. P. Eagle; B. B. Chessm, Secretary of State; W. S. Dunlop, Auditor; P. M. Cobbs, Land Commissioner, and W. E. Thompson, Superintendent of Public Instruction.

Gen. Weaver Renominated.

GEN. JAMES B. WEAVER has been renominated for Congress by the Union Labor party of the Sixth Iowa District.

A DAY IN CONGRESS.

SENATOR CHANDLER introduced a bill in the Senate, on the 5th inst., to amend the fishery "retention act," by striking out the words "in his discretion," and the reference to "other products of the Dominion" than fish. This would absolutely deny Canadian vessels the right of entry whenever the President is satisfied that the rights of Americans in Dominion ports are abridged, or whenever they are subjected to annoyance; and would also forbid the importation of Canadian fresh or salt fish. The House, in committee of the whole, devoted the day to the Mills tariff bill. Several items in the timber schedule came up, and every attempt to strike them from the free list failed.

CURRENT EVENTS.

EAST.

THE Methodist General Conference has closed its sessions at New York. The bishops were empowered to appoint any commissions not provided for, and in the Dallas Mission case the money was ordered refunded in four annual payments without interest. Japan was empowered to organize a church of its own, and a resolution appointing a commission to prepare a plan for insurance of church property was passed. A report requesting bishops to arrange their work so as to visit conferences in districts contiguous to their residences was first adopted then reconsidered and tabled, Bishop Merrill opposing the scheme. A call of the house showing no quorum the Conference was dissolved.

THE Governor of Massachusetts has signed the bill passed by the Legislature providing for a State naval reserve, which it is expected will result in the organization of a trained force of volunteer seamen and gunners of at least 10,000 men. This force is intended as a powerful, though latent, auxiliary to the navy, and at the same time a strong bond of union between the navy and the people of the country.

At Erie, Pa., ex-Postmaster J. S. Payen, of Sandy Lake, Mercer County, recently removed for irregularities, has been arrested for a shortage of \$1,900. He confessed his guilt.

GEN. HENRY W. BIRGE, of the army, who was with Sheridan in the Shenandoah Valley during that famous campaign of the war, died of paralysis in New York, aged 58.

A RESOLUTION denouncing church fairs and entertainments caused a heated debate in the Reformed Presbyterian Synod at Philadelphia, the report being finally returned to the committee for revision.

THE presentation to New York City of the statue of Garibaldi, erected in Washington Square by the Italian residents of that city, has taken place. The statue is of bronze of heroic size. There were present a large number of Italian residents, delegations from other cities, and representatives of French societies and G. A. R. posts. Mayor Hewitt accepted the statue on behalf of the city.

WEST.

FRIDAY afternoon, June 1, the Circuit Court room of Chicago. Judge Jamieson presiding, was the scene of a probable fatal tragedy, the second one in connection with the notorious Rawson divorce case. Mrs. Meekie Rawson entered the room in which lawyers and court officials were seated, and approaching Henry C. Whitney, counsel for her husband, emptied five barrels of a revolver at him, two shots taking effect, with results likely to prove fatal. Last October, Ralph Lee, the son of Mrs. Rawson by a previous husband, shot Banker Rawson on a public street of Chicago. For which crime he is now suffering imprisonment. Mrs. Rawson is in custody.

A SPECIAL dispatch from Richland Center, Wis., says that Andrew Grandstaff, a young man of bad local repute, who owns forty acres next to the Drake place, near Viroqua, Wis., was arrested, and confessed to the horrible murder of old Reuben Drake, with his wife and grandchildren. Indignant citizens took him from jail and hung him to a tree in the court house yard.

R. R. WILLSON, Cashier of the Pittsburg, Cincinnati and St. Louis freight department at Columbus, Ohio, has absconded and is supposed to be short about \$5,000.

A WINDSOR (Mo.) special says: "Three days ago John Owsley was taken suddenly ill, and when medical attendance was summoned it was found that he had been given rat poison. The 12-year-old negro servant-girl was suspected, but she denied the charge. Yesterday Owsley and his wife and four children were taken violently ill, and it was discovered strychnine had been placed in the coffee. The servant again denied that she was guilty, but refused to drink the coffee. She was forced to drink, and died in half an hour. Before her death she confessed she did the poisoning, and said she was forced to do it by negroes whose names she gave. The family are still in great danger and not expected to live."

FIRE destroyed the lumber yards of Pierce & Coleman and burned several dwellings at Dayton, Ohio. The loss is about \$35,000.

THE famous Jessie Carroll grand larceny and embezzlement cases have been dismissed by Judge White, at Springfield, Ohio. Miss Carroll was the alleged paramour and accomplice of Frank Jones, the confidential bookkeeper who got away with the books and \$50,000 belonging to the Champion Machine Company. Jones is serving a ten-year sentence. Miss Carroll was tried twice, the jury disagreeing both times. She is now residing in Spring City, Tenn.

At the session of the Supreme Court, at Jefferson City, Mo., Chief Justice Norton fixed the day for the execution of Hugh M. Brooks, alias Maxwell, the murderer of C. Arthur Preller, at the Southern Hotel, St. Louis, for July 13. At this time last year the execution was fixed for August 23 last, but the case was carried to the United States Supreme Court. There is no further appeal for the case, and executive clemency is all that can be hoped for by the doomed man's friends.

JOHN LOWELL, a wealthy ranch-owner, who killed Joseph Powers, near Sacramento, Cal., three years ago and was afterward acquitted, has been missing since last March. His body has just been found in a well on his ranch. The body bears marks of violence.

SOUTH.

A DESTRUCTIVE cyclone occurred in Washington County, Arkansas. The town of Evansville, a place of 500 people, was partially destroyed, the residences of Messrs. Goodrich, Wall, Denton, McClure, Hoeman, Flynn, Matthewson, Ferguson, and others being wrecked. J. R. Flynn's house, a two-story structure,

was blown to pieces and the family were seriously injured. Many business houses were carried away.

THE United States officers have succeeded in capturing two members of a band of counterfeiters who have been working near Chattanooga, Tenn., over two months. It is estimated that there is upward of \$15,000 in counterfeit coin now in circulation, besides a large number of \$5 silver certificates. Fred Fowler and Will Ferguson have been captured. They have been doing a regular land-office business.

JEFF DAVIS celebrated his 80th birthday at his home in Beauvoir, Miss., on the 3d of June. A dispatch from there says:

The house was filled with flowers, his neighbors voicing their good wishes with their bouquets, while sundry substantial boxes and baskets also told of affectionate remembrance from absent friends. The mail brought many letters of congratulation from old army and political friends. Davis is in better health than he has been for some time. He is greatly interested in current events, political and social. He is concerned in the outcome of the St. Louis Convention, and reads all the newspaper gossip with the ardor of a young politician.

A FIRE occurred at Rockdale, Texas, in which eleven human lives were lost and several persons seriously injured. The fire originated in the office of the Mundine Hotel, a three-story brick. Out of thirteen people known to have been in the hotel only two escaped. D. M. Oldham of Galveston escaped uninjured by jumping from a second-story window. The cracking and roar of the flames awoke him, and opening his room door to the hall he discovered a mass of flames. He gave the alarm and jumped for his life. As Oldham reached the ground he saw Pemberton Pierce rush out on the second story veranda all in flames. Pierce leaped downward, turned over in his descent, struck on his head, broke his neck and died instantly. Dr. W. A. Brooks, proprietor of the hotel, had to be taken from the building by force. He was frantic over the horrible fate of his family. He was badly burned. Rockdale has no organized fire department and the progress of the flames was only checked by the united efforts of the people.

THE Rev. Dr. Pridgion, of Athens, Ga., some weeks ago preached his own funeral sermon, and now he is about to contest his own will. When asked about it he declared that what had once been done could not be undone without sufficient cause, and as he considered himself dead since his funeral sermon, he can only proceed in the legal way to have his will set aside. He sought to keep his coffin in the house, to which his wife objected. Now the old man desires to recall the will, by which he left her his small possessions.

At Bardonia, Ky., ex-Governor William Johnston, aged 71, died of a complication of diseases incident of old age.

POLITICS.

At a caucus of the Democratic members of the House of Representatives, about ninety being present, Mr. Springer presented a resolution binding all the Democrats in the House to vote for the bill as it comes from the caucuses, and for only such amendments as are presented by the Democratic members of the Ways and Means Committee. After some discussion the resolution was adopted without division. Another resolution, offered by Mr. Springer, was also adopted, requiring all Democratic members to be present or secure pairs during the five-minute debate in the House. Mr. Bacon, of New York, offered a resolution, which was adopted, pledging the caucus to proceed with the consideration of the tariff bill in the House immediately after the disposition of the legislative appropriation bill.

THE Republicans of the Second North Carolina district have nominated G. A. Mebaus (colored) for Congress.

THE North Carolina Democratic State Convention nominated D. G. Fowle for Governor on the twenty-third ballot, and the nomination was made unanimous. S. B. Alexander, of Charlotte, one of the contestants for the nomination for Governor,

was nominated by acclamation for Lieutenant Governor.

A NEW YORK morning paper is authority for the statement that President Cleveland has assured Gov. Hill of New York that he will support his candidacy for renomination to the Governorship.

THE majority of the Iowa delegates to Chicago favor Judge Gresham for second choice, but it is said on reliable authority that the delegation has agreed not to commit itself to a second-choice candidate for fear of hurting Allison's chances.

FOREIGN.

A STRASBURG dispatch says the "vigorous enforcement of the German frontier regulations has commenced. A number of travelers with irregular papers were turned back and the direct trains from Paris were almost empty."

A BERLIN newspaper says that Henry Villard is planning an expedition to the South Pole under German auspices.

LORD JAMES DOUGLAS, of England, has been committed to prison by the Court of Chancery at London for offensively forcing his undesired attentions upon a young lady, the daughter of Lady Scott.

A LARGE audience assembled in Berlin to witness a performance by university students of a drama entitled "Luther and His Team," the work of Pastor Trumpelmann. When the time arrived for the performance to begin a student appeared and announced that the drama had been so mutilated by the censor that it could not be presented. It is stated the police officials stopped the performance because the drama was offensively anti-Catholic in tone.

A LONDON dispatch says that a native Indian, the natural son of an Indian potentate, who has up to this time been hardly able to earn 30 rupees a month, has suddenly fallen into great good luck. He is appointed as teacher of Hindostanee to the Queen, with a monthly salary of 1,500 rupees. Charles Bradlaugh, in the House of Commons, attacked the appointment, which he terms a job, and questioned the necessity of teaching her Majesty Hindostanee at her time of life.

HERR VON TISZA, the Hungarian statesman, has withdrawn his offensive utterance and denied any intention of offending France.

THE address of the Irish Bishops to Rome admits that the plan of campaign and boycotting come under the jurisdiction of the Pope in making the rescript. The Bishops say, however, that the Pope was not correctly informed in regard to the acts to which the rescript applied.

GENERAL.

MEMORIAL DAY was generally observed throughout the country by appropriate exercises. At Chicago thousands of people repaired to the numerous cemeteries and strewed the graves of the dead with flowers. At New York Gen. Stewart L. Woodford delivered an oration at Gen. Grant's tomb in the presence of a vast audience. At the close of the oration the Richmond Grays and a detail of the Ninth Regiment fired volleys over the tomb. A Memorial-Day meeting was also held at the Metropolitan Opera House. Chauncey M. Depew presided and the Rev. Robert Collyer opened the meeting with prayer, praying especially for the restoration of Gen. Sheridan to health. Col Robert G. Ingersoll delivered a brilliant oration.

JAY GOULD was reported the 1st to be seriously ill in his private car near Kansas City.

MONS. BOULAND, who created considerable of a stir by renouncing the Catholic Church some time since, has been found eligible to membership in the Episcopal Church.

THE steamship Etruria has made the fastest trip across the ocean on record. The time from Queenstown to New York is less than six days and two hours.

PRESIDENT MILLER, of the St. Paul Railway, has ordered the number of employees reduced as far as possible, owing to decreased tariffs and slow business.

FISK AND BROOKS.

The Prohibitionists Nominate Their Candidates for President and Vice President.

Woman Suffrage Wins an Overwhelming Victory in the Convention.

Text of the Platform—Convention Proceedings—Enthusiasm and Sentiment.

Nearly two hours before the time set for the opening of the National Prohibition Convention at Indianapolis on Wednesday, May 30, delegates began to assemble in Tomlinson Hall. There were a number of farmers among the delegates, and their habits of early rising made the delay irksome, so they got together in the rear of the hall, and made speeches and cheered to their hearts' content. The galleries were crowded with visitors long before the convention was called to order. Many were unable to get even standing room. The delegates manifested a striking fondness for decorating themselves with badges, many wearing several light and fluttering bits of fringed ribbon, to nearly all of which medals of Gen. Fisk were appended. The hall was admirably adapted for a great gathering like the convention, well lighted, and with fair acoustic properties. From the paneled ceiling hung colored banners, and a succession of Prohibition mottoes decorated the front of

GEN. CLINTON B. FISK.

the galleries. Among the sentiments the following: "No North, No South. No Distinction in Politics; No Sex in Citizenship." "The Prohibition Party is the True Anti-Poverty Party." At a little before 10 o'clock the Mary, land delegation marched in, carrying the blue silk banner it bore four years ago at Pittsburgh, with the names of St. John and Daniel emblazoned upon it. It was heartily applauded, but the great outburst came when the New Jersey Young Men's Prohibition Club marched up the aisle, preceded by a large banner in yellow, the woman suffrage color, and by an old man who carried on his shoulders a huge gilded crank. As soon as the audience caught the name of the State, General Fisk's home, the scattering cheers swelled into a perfect storm of applause, which was heightened when the members of the club waved banners bearing the familiar features of the favorite son. Similar ovations greeted Governor St. John as he pressed his way down the aisle and took his seat with the Kansas delegation and Sam Small, the celebrated revivalist, who wore the Georgia badge.

Professor Dickie, of Illinois, Chairman of the National Committee, struck the table three resounding raps, called the convention to order, and invited the members of the committee and the general officers of the W. C. T. U. to take seats on the platform. The audience sat and waited and took a long breath, letting it out in a tremendous cheer when the well-known face of Frances E. Willard, President of the W. C. T. U., appeared. She wore the red badge of the Illinois delegation, and was escorted to a seat beside the Chairman, and here followed a scene of indescribable enthusiasm. Chairman Dickie called for General Green Clay Smith and Gideon T. Stewart, the nominees of the party in 1876. Neither being present the ticket for 1880 was called for, and when the venerable figure of General Neal Dow, of Maine, came up on the stage he received such an ovation that one would think that the enthusiasm had reached its height, but when the sacrifice of 1884 was called for, and General St. John arose, a tremendous burst of cheering ensued, which was prolonged until he had taken his seat.

The audience then sang "Praise God from Whom All Blessings Flow," after which Chairman Dickie announced that the Rev. H. A. Delano, of Norwich, Conn., had been nominated as temporary Chairman, and the choice was unanimously ratified by the convention. An address of welcome was then delivered by Colonel Ritter, an Indianapolis attorney. Many of his references were heartily cheered, as was his closing sentence, "If you are what I take you to be I am sure you are heartily welcomed to Indiana." Temporary Chairman Delano, who is a prominent Baptist minister, responded fittingly to the words of welcome. Mr. Seelham, of Kansas, then presented to the Chairman a gavel made from the scaffold on which Governor St. John was hanged in effigy in 1884. Mr. J. B. Canfield of Texas was nominated for Secretary, with Mrs. Mattie McClellan Brown of Ohio and George F. Wells of Minnesota as assistants. The Silver Lake Quartet then sang "We're Not So Lonesome as We Used to Be," which was evidently a favorite with the audience. Secretary Canfield made a number of addresses of congratulation, among them one under a London date from Axel Gustafson, the Swedish delegate to the recent congress of women at Washington, proposing "three cheers for Fisk and woman suffrage." This was the first public reference to the two central features, and it received a Chautauqua salute of cheers and waving handkerchiefs.

The convention then settled down to business, and on motion of Delegate Thomas, of New York, the roll of States and Territories was called for the names of members of the Committees on Credentials and Permanent Organization.

After the call was completed, at the suggestion of Judge Black, of Pennsylvania, the call was made for the Committees on Resolutions and Rules.

The first motion put before the convention as a matter of business was on the part of Delegate Turner, of Pennsylvania, that a telegram be sent the Brewers' Association, in session at St. Paul, bidding them defiance, but the matter was choked off summarily. A few moments later a similar motion was brought into prominence by Rev. Walter T. Mills, who asked permission to read it. After a tumultuous debate, in which several delegates were constantly on the floor, the mover of the resolution was given leave to withdraw it.

At this moment the little son of the late John B. Finch was brought upon the platform, and amid loud cheering, Chairman Dickie, of the National Committee, presented the little fellow a gold medal on behalf of the Prohibition party.

Further time was taken up with singing, and then another cause of a slightly acrimonious discussion appeared in the shape of a motion that the ex-soldiers of the Union and Confederate armies stand up and be counted. The motion was finally tabled.

A memorial from the National Woman's Christian Temperance Union was read asking the convention to place in its platform a plank demanding that the Bible be placed in the public schools; that personalities be avoided in the coming campaign; that sectionalism be completely buried, and that lastly the position of the party in 1884 on the woman suffrage question be reaffirmed. The memorial was referred to the Committee on Resolutions.

A resolution was then offered by Judge Gore, of New York, reaffirming the woman suffrage plank of 1884, with the proviso that that issue be not made a test of party fealty. This also was referred.

The report of the Committee on Credentials showed delegates to have been selected by every State except Louisiana, Mississippi and South Carolina. The Territories all chose representatives except Wyoming. The committee then stated it had decided to permit delegates present to cast the full vote of their State, and that the provisional delegates be given full power to vote

in the convention. This gave a total vote of 1,090, although the actual number of delegates present fell short of that number.

The Committee on Permanent Organization made the following recommendations:

For Permanent Chairman—John F. St. John, of Kansas.

For Secretary—Rev. Sam Small, of Georgia.

First Assistant Secretary—J. B. Canfield, of Texas.

Second Assistant Secretary—Mrs. M. M. Brown, of Cincinnati.

The action of the committee was unanimously concurred in, and the Permanent Chairman was escorted to the platform.

Gov. St. John was introduced by Temporary Chairman Delano in a few felicitous words.

Gov. St. John responded happily, complimenting Mr. Delano upon his work in the temporary organization, and saying that he would rather preside over this convention than be elected President by the run power. He spoke encouragingly of the outlook. "The old parties," he said, "are giving way, and our leaders, fearing the fall of the republican Babylon, have conspired not to be crushed in the fall." He concluded with a reference to the lack of sectionalism in the Prohibition party, and asked that the convention do such work as will cause future generations to rise up and call it blessed.

A memorial was presented from the National Woman's Christian Temperance Union asking that the platform include a plank declaring against Sunday labor of any kind so far as the National Congress can so legislate.

The National Congress can so legislate. The National Congress can so legislate. The National Congress can so legislate.

whereby they oppose the demand of the people for prohibition and through open complicity with the liquor cause defeat the enforcement of law.

"4. For the immediate abolition of the internal revenue system, whereby the National Government is deriving support from our greatest national vice.

"5. That an adequate public revenue being necessary, it may properly be raised by impost duties, but impost duties should be so reduced that no surplus shall be accumulated in the Treasury, and the burdens of taxation should be removed from food, clothing, and other comforts and necessities of life, and imposed upon such articles of import as will give protection both to the manufacturer, employer, and producing labor against the competition of the world.

"6. That civil-service appointments for all civil offices, chiefly clerical in their duties, should be based upon moral, intellectual, and physical qualifications, and not upon party service or party necessity.

"7. That the right of suffrage rests on no mere circumstance of race, color, sex, or nationality, and that where, from any cause, it has been held from citizens who are of suitable age and mentally and morally qualified for the exercise of an intelligent ballot, it should be restored by the people through the Legislatures of the several States on such educational basis as they may deem wise.

"8. For the abolition of polygamy and the establishment of uniform laws governing marriage and divorce.

"9. For prohibiting all combinations of capital to control and to increase the cost of products for popular consumption.

"10. For the preservation and defense of the Sabbath as a civil institution, without oppressing any who religiously observe the same on any other day than the first day of the week.

"11. That arbitration is the Christian, wise, and economic method of settling national differences, and the same method should be applied to legislation between large bodies of employees and employers; that the abolition of the saloon would

remove the burdens, moral, physical, pecuniary, and social, which now oppress labor and rob it of its earnings, and would prove to be the wise and successful way of promoting labor reform; and we invite labor and capital to unite with us for the accomplishment thereof.

"12. That monopoly in the land is wrong to the people, and public land should be reserved to actual settlers, and that men and women should receive equal wages for equal work.

"13. That our immigration laws should be so enforced as to prevent the introduction into our country of all convicts, inmates of dependent institutions, and others physically incapacitated for self-support, and that no person shall have the ballot in any State who is not a citizen of the United States.

"Recognizing and declaring that prohibition of the liquor traffic has become the dominant issue in national politics, we invite to full party fellowship all those who, on this one dominant issue, are with us agreed, in the full belief that this party can and will remove sectional differences, promote national unity, and insure the best welfare of our native land."

Resolutions were also adopted by the convention favoring the payment of pensions to ex-soldiers and sailors; endorsing the work of the Prohibition army of the blue and the gray; condemning the Democratic and Republican parties for denying the right of self-government to the 600,000 people of Dakota; and, upon motion of a colored delegate from North Carolina, a resolution declaring "that we hold that all men are born free and equal, and should be secured in their rights."

The decks were all cleared for action at the assembling of the convention in the evening and nothing detained the delegates except the nomination of candidates. The roll of the States was called for nominations, and when Kentucky was reached Mr. Bain arose and withdrew the name of the Hon. Green Clay Smith, for whom the Kentucky delegation was instructed to vote. The call proceeded until New Jersey was reached, when there arose such cheering as had not before been witnessed in the convention.

Judge Morrow took the rostrum and in an eloquent speech proceeded to place the name of Clinton B. Fisk before the convention. His address was short, yet one of the most polished delivered before the convention. He paid a tribute to Gen. Fisk as a man of earnestness, a soldier-statesman, and a Christian. As he closed, the convention rose and as one man with one impulse saluted the mention of his name. Cheer followed cheer in such rapid succession that it was impossible to distinguish them. As soon as the convention quieted down, a cheer arose for the nomination of Clinton B. Fisk as President.

Amid applause the question was put and carried without a dissenting voice. The nomination was then confirmed by a rising vote, and the unanimity became evident. A cloth which had concealed a beautiful floral emblem was pulled aside, revealing the words: "Hail to the Chief—Fisk." An American flag bearing the picture of Gen. Fisk with his name attached was at the same moment swung out into view. Swinging of hats, cheers and clapping of hands followed until the delegates were tired and hoarse. The demonstration was kept up for ten minutes or more, and for a time it seemed as though it would never cease. At length quiet was restored and after the formal announcement by the Chairman of the result the call of States was begun for nomination of candidates for Vice President.

Alabama, through J. E. Coleman, placed in nomination Clinton B. Fisk, whose name was received with almost equal applause to that with which the name of Fisk was received. When Georgia was reached Sam Small took the floor, and in one of the most flowery nominating speeches paid a tribute to the worth, earnestness and zeal of one of the noblest of them all—George W. Bain, of Lexington, Ky. Mr. Bain, immediately after the enthusiasm caused by the mention of his name, had died away, pleaded with the convention not to consider his name. Critics of dissent were heard, but he insisted on the plea that he was unable to stand the fatigue of the campaign, and that he would be more valuable on the stump as an agitator.

The next nomination was that of John A. Brooks of Kansas City, made by G. C. Christian of Chicago. The applause with which the name was greeted was hearty and general.

Mr. Bennett of Kansas nominated Sam Small, of Cincinnati, who immediately declined to run. The remaining speeches were devoted to seconding previous nominations until Texas was reached. Delegates Dickie of Michigan, Mrs. Hoffman of Missouri, Mr. Grew of New York, Miller of Oregon, and Stevens of Pennsylvania seconded the nomination of Brooks. A number of seconds were made for Small.

Texas, through J. B. Canfield, nominated E. L. Doehoney.

At the close of the roll-call John T. Tamer of Alabama rose and withdrew the name of Brooks. Mr. Canfield withdrew Doehoney, and then on motion of Mr. Christian, of Illinois, the nomination of John A. Brooks was put through by acclamation with a rush. A scene like that which succeeded Fisk's nomination followed, and for a time the convention was a seething mass of humanity, swayed by enthusiasm that was contagious. Brooks was called for and a speech insisted upon. He responded with thanks for the honor conferred, and promised to stand by the principles of the party with his life. He urged the abandonment of sectionalism, and declared that he, although once a Confederate, was now a Union man, loyal in all things, and would yield to no man in devotion to his country or the party which so completely exemplified the error of sectionalism. As he closed the cheers again broke forth, and a short time having been spent in making announcements, the convention, after singing and a benediction, at 12:30 adjourned sine die.

MICHIGAN AFFAIRS.

—The Soo has adopted standard time.

—Romeo's lamp lighter gets \$185 per annum.

—Wallace Frakes has planted 1,000 small fry of speckled trout in Spring River, just west of Vicksburg.

—The strawberry crop in Jackson County will be about two weeks behind time this year, but promises a fair yield.

—Monroe's school building, which sustained a loss of \$3,500 by fire lately, will be repaired during the summer vacation.

—Alfred Holden is serving a thirty days' sentence at the West Branch Jail for stealing a mule from J. C. Wheeler, of Horton.

—The roll of members of the new Kalamazoo Business Men's Association has already reached 155, which places it on a par with the banner association of the State.

—The schooner Maggie McCool, wheat laden for Kingston, in tow of the steam-barge Bruno, sunk near the Sault Ste. Marie by running into an ice field. The vessel was valued at \$10,000; the cargo at \$20,000.

—Sibley & Beringer are putting in 225,000 feet of logs daily on their logging railroad in Presque Isle County. They expect to complete the season's operations July 1, and the total output will be 85,000,000 feet.

—Every mill in Cheboygan is humming just now, and there are more mills running than ever before, their capacity being at least 20,000,000 feet more than last year, and as they are all supplied with logs, the cut this year should be 130,000,000.

—A Pittsford hardware merchant put in the spare minutes he had between business hours painting his house. The ladder slipped. Case fell and broke his wrist. The doctor's bill will amount to enough to have paid a painter twice over.

—At Wyandotte, the boiler in the plate mills of the Eureka Iron and Steel Works exploded, wrecking the entire building at a loss of \$10,000, killing three employees, and seriously injuring a number. The dead are Terry McCoy, aged 60, night watchman; Patrick Finn, aged 22; and George Green, aged 32.

—Warren & Kimball, of Merrill, have just completed a contract of putting down seven flowing wells on the A. W. Wright Lumber Company farm. The depth of the wells ranges from 65 feet to 150 feet; cost about \$1,100. A good supply of water has been secured, two of the wells furnishing each twelve and eighteen gallons per minute through a two-inch pipe. A fish-pond is to be constructed on the farm.

—During the past year \$16,000 have been gathered into the Hillsdale College treasury through the personal work and influence of Prof. Dunn, one of its founders and earnest life-long friends, and during the past three years \$27,000 have been thus received. To him very largely is due the credit for the popularity and high standing of the college heretofore established. During the past year the college has also received \$2,000 from New Hampshire, through President Geo. F. Mosher, and another \$2,000 from Rhode Island, through the influence of Prof. A. T. Sully.

—Trading in the cargo market has been confined, says the Saginaw Courier, to small cargo-lots, no large blocks having been reported as sold. There is an inquiry for common grades and but little dry stock can be found, while contracts for green are sluggish. Good lumber is moving slowly at prices asked, and Norway bill stuff is dull. A number of buyers have gone up the lakes to look over inducements there before purchasing. Shingles are steady and quotably unchanged. Yard trade in lumber is moderately fair. There is, says the Alpena Argus, an improvement in the trade, and, even though it be slight, it brings its encouragement, imparting a better tone to the market in general. The arrivals of lumber by canal have not been as large thus far as was anticipated, nor as is usually the case. This applies to lumber from the North as well as stocks from the West, and, as a result, very little or nothing has been accomplished in the way of filling broken stocks. Canal rates are lower than at the opening, caused by the surplus of boats and the small amount of lumber to be moved. Buffalo and Tonawanda freights are \$1.50 to Albany, a reduction of 25 cents, and other rates are also lower in proportion. The demand for pine has improved slightly, particularly for the lower grades, while at present little can be done, except in a hand-to-mouth way, until the arrivals assume better proportions. Spruce culls and hemlock are, of course, scarce and in good demand. There has also been developed a better inquiry for spruce, which at present is selling well. Hardwoods also show a slightly better trade. Shingles and lath are in moderate request.

—Lansing's Health Physician reports the capital city free from contagious diseases.

—State Game Warden Smith's report for May shows forty-eight violations of the law reported, thirty-three convictions, and fines imposed amounting to \$180.30.

—Grayling may now be legally caught if they will bite.

—Reed City has a movement to secure a pevy, cant hook and handle factory.

—Forest fires have begun to run along the Mackinac division of the Michigan Central Railroad, and promise to do a large amount of damage this season.

—Marion held an election to vote funds with which to build a school house, but as the votes were received in a hat the election was illegal and they then held a special with a ballot box.

—Another "big row" is in progress on the Loon Lake Division of the Detroit and Bay City Railroad. In constructing a new branch logging road it was found necessary to cross some land owned by Ida M. Pratt, and this was done without her consent. She informed the superintendent that she would remove the rails and ties, which she attempted to do, but was restrained by an injunction issued by Judge Simpson at the instance of Judge Tuttle, attorney for the company.

—The property of the American Chemical Works, at West Bay City, has passed into the hands of the shipbuilder, Frank W. Wheeler. The consideration was \$25,000. The American Chemical Works were started about six years ago by a party of Cleveland capitalists, who erected extensive works at an outlay of about \$125,000. The products of the institution were several in variety, but they did not yield a sufficient return in dollars to make the works a paying investment, and the company failed. The establishment was closed and it has remained in idleness for four years or more. The premises adjoin the shipyard of Mr. Wheeler, and he has bought them for the purpose of using them in connection with his business. It is stated he will put in a plant for the building of iron and steel vessels, using the buildings of the chemical works so far as they will meet the requirements of the case. Mr. Wheeler is interested in an iron works at Detroit, and these, it is surmised, will be removed to his West-Side property when the proper time arrives.

—There are 200 students at the Agricultural College.

—The Jonesville House at Jonesville has been closed.

—A Council of Chosen Friends has been organized at Shepherd.

—A druggist and a jeweler could find a good business at Litchfield.

—The Jonesville Common Council has fixed liquor bonds at \$3,000.

—The Jonesville cotton mill manufactured 85,000 yards of sheeting during April.

—Joseph Reno, of Waldron, had the lumber on the ground ready to erect a home when his son was taken ill and died. The expenses incident to this sad infliction left him unable to build the house, whereupon kind-hearted neighbors and friends took hold and completed the work, providing for him a cosy and comfortable home.

—The citizens of Hersey will celebrate the Fourth at home this year. There will be a general gathering of the Sunday-schools and a grand picnic.

—The feature of Memorial Day at Jackson was the celebration at the prison. Fully fifteen hundred people were present. Convict ex-Mayor Tom Navin, who is serving a ten-year sentence for robbery, delivered the oration, one of the most interesting and scholarly addresses ever heard in the prison chapel, and Eugene Converse, the Battle Creek ex-lawyer doing fifteen years for forgery, spoke on the theme of "Our National Day." A literary and musical programme was rendered, and over two hundred G. A. R. men attended. The chapel decorations were the finest pieces of draping and trimming ever seen in that city, and were done by Francis Herbert, who is serving a life term.

—Walter Wright, aged 10, was shot in the left groin at Jackson by another boy, assisted by a Flobert rifle. The boy with the rifle was trying to kill sparrows.

—Hereafter graduates of the Grass Lake High School will be received at Albion College as freshmen without undergoing the usual preliminary examination.

—Charles Spriel, who had both legs broken above the ankles by being thrown from a hand-car near Grayling, has been taken to the Flint hospital for treatment.

—John Quartel, of Canton, is putting up a twenty horse power peppermint still, and the farmers of that vicinity are preparing to embark extensively in the raising of mint.

—The H. Witbeck Company has sold 15,000,000 feet of Menominee lumber to Buffalo parties at \$9, \$18, and \$24 a thousand. Lots of shop common and better have this year been sold at that point at \$25.50, and parties in Chicago are holding the same class of stock for \$27.

—Dr. S. E. Baker, the Menominee dentist, is the possessor of a handsome fur coat made of Esquimaux dog skins and which formerly belonged to a survivor of the Greely North Pole expedition. Dr. Baker secured the coat on his recent trip to Manistique. The original owner of the coat had relatives living at Thompson, Schoolcraft County, and after returning from that ill-fated search for the North Pole he spent some time visiting his relatives at Thompson, and while there disposed of one of his arctic coats, the same that is now in "Doc." Baker's possession.

WE have been requested to announce that Helen M. Gouger, of Indiana, assisted by Julia Mills Dunn, of Illinois, and Mrs. S. Knogg, of Bay City, will hold eight district conventions during the month of June, under the auspices of the Michigan Equal Suffrage Association. The meeting in this district will be held in Grand Rapids, on the 21st and 22nd inst.

COMMENCING July 10 next there will be organized, in connection with Hope College, a Summer Normal School which will continue until August 17. The school will be under the supervision of the Faculty of the College, Prof. P. A. Latta, of Allegan, Prof. J. W. Humphrey, principal of the Wayland school, and Prof. A. W. Taylor, of Coopersville. It is designed to make the school a first-class one in all respects. Teachers and others who desire to attend should make arrangements at once.

AN association with a capital of \$200,000, called "The Ottawa County Building and Loan Association," is being organized in this city, and will be in full operation in a short time. The Directors, as appointed recently, are: A. M. Kanter, Dr. H. Kremers, Jacob G. Van Putten, Matthew Notter, George Ballard, Chas. A. Stevenson, James Graham, David L. Boyd, Benj. L. Scott, John Elferdink, C. L. Waring, and Henry Martin. The object of this association is to encourage and foster habits of saving and economy among the industrious classes of this city and adjoining townships, and to assist them in securing homesteads. Millions of dollars have been invested in Building Associations in Philadelphia, Chicago, Baltimore, Pittsburgh, Cincinnati, Grand Rapids, and in many other larger cities than ours, and they are in successful operation. By-laws, and other information on the working of this association, will soon be ready for distribution.

THE following letter from Lieut. Nash was received this week. We shall be pleased to give our readers anything Mr. Nash may choose to send about the old cannon:

MARCELLUS, Mich., June 5, 1888.

EDITOR NEWS:—I saw in your issue of the 2nd day your account of the observance of Memorial Day and how your people observed it. All hail to the City of Holland and its patriotic citizens! The presentation of the flag by your business men was another mark of respect to the old war-worn veterans. Especially do I feel glad that you have taken such good care and are so proud of the Old Hero of Stone River, Lookout Mountain, Mission Ridge, Chickamauga, and scores of other battles, of which I will mention in the near future in an article which I will prepare for your readers. How grand Old No. 4, which was its number in the battery, it being the left piece of the second section, must have looked in its place of honor in your procession and so nicely decorated. I think your programme for Memorial Day was a good one, and I judge it was well carried out. Respectfully,

LIEUT. G. I. NASH.

At a meeting of the "A" class of Hope College held on June 4th, the following resolutions were adopted:

Whereas, It has pleased Providence to remove by death our esteemed friend and former classmate, Rose M. Doyle, and while we bow in submission to the Divine will, we desire to express our sorrow at her untimely death; therefore

Resolved, That we extend to the family now so bereaved, our sincere sympathy in their heavy loss, that we offer them our heartfelt consolation, and assure them that we will ever hold in remembrance the many good qualities which endeared her to us.

Resolved, That these resolutions be printed in the HOLLAND CITY NEWS and College Anchor, and that a copy thereof be sent to the bereaved family circle.

H. VELDMAN,
H. VAN DER PLOEG,
Committee.

June 7.

Mr. Oscar Baert is home from Ann Arbor.

Mr. P. Brusse is moving into his new house.

Mr. Peck has fully recovered from his "swelled" head.

Mr. Ed. Bertsch, of Holland, called on us last Saturday.

Mrs. A. De Kruijff has gone to Coopersville to visit her parents.

A team belonging to Voorhorst & Co., of Overisel, ran away this morning while loading some salt at Moordyk, De Kruijff & Co's store.

The Holland Manufacturing Co. has just finished the work of fitting up an elegant fountain for Dr. Baert. It would be well if our citizens would follow the doctor's example.

Verlee & Baert, importers of fine blooded canines, have just received a lot of young greyhounds which they offer for sale at their place of business at reasonable prices. Parties wishing to purchase a fine dog can write to Mr. Verlee, the senior member of the firm, for pedigree, prices, etc. Orders by mail will receive prompt attention. "TIM."

June 6.

Ella Sevey closed a very successful term of school here on Friday last.

Prof. Taylor was in town Tuesday looking after the school, but he had poor success finding any in these parts.

Henry C. Cooley, a prominent granger from Allendale, was over Monday, and bought twenty bushels of millet seed of brother John Owens.

Although we have had a backward spring with plenty of wind and rain, and frost, up to the fourth of June, still there are hopes for a fair harvest, unless some flood, cyclone, hail storm, or other unseen calamity that we have hitherto escaped in these parts, should overtake us in the near future.

Minnie Schaap closed her spring term of school in the Owens District last Friday without any extra preliminaries. Quite a peculiarity exists in this school. The teacher's name translated means "sheep," while one of the children attending school bears the name of "spotted cow." Thus "sheep" teaches the "spotted cows" the common school studies.

Some people appreciate the efforts of the local correspondent? Every time he mentions something in the paper that is either a little overdone, or gives someone else a little more notice than their neighbors, he is reminded of something that would be nice to put in the paper. If there should happen to be an article, or a series of articles, that does not suit his taste he runs down to the News man, and tells him that if it is not stopped he will stop his paper; or if something seems a little personal, write something so mean that the editor will not publish it, and then accuse him of being partial.

Hints for the uninitiated: When the correspondent is around praise the News generally, but do not let on that you know that he writes for the paper. Speak kindly of the editor and all other correspondents. If you have an item of interest please hand it in at any time or leave with the postmaster. "CRANK."

If our readers will profit by these hints, I am sure that when they get their paper and turn to the "Out Around" column, as they always do the first thing, that they will be much happier and so shall we.

Ottawa Station.

June 7.

Fred N. Waffle and wife, and little girl, of Holland, spent Saturday and Sunday with their relatives here.

Potato bugs are moving in here rapidly now and selecting locations, and there is a prospect of a large emigration.

The W. C. T. U. of Ottawa Station held an open meeting on Wednesday evening at the house of F. W. Headley. There was a good attendance and the exercises were entertaining.

Moses Buxton, of Grand Rapids, has been laboring here lately in the interest of humanity together with his own, in introducing a new patent method to be used in washing clothes. He has purchased the right to sell in this township and Holland City. He will give you full particulars and instructions when he calls on you, upon conditions that you pay him \$3 for a machine.

I see by the papers that the convention of the W. C. T. U. of Grand Rapids, and the late Methodist conferences held at New York and Adrian in connection with other church organizations, are taking steps to inaugurate a national movement to secure the passage of more stringent Sunday laws, and the more rigid enforcement of those already in our statutes. To this monstrous, oppressive, and barbarous proposition, we say let every person who loves right and justice, and liberty place the impress of the heel of a stern and just opposition and rebellion, because it is at variance with the spirit of our Institutions, wisely and nobly given by our revolutionary fathers, granting the rights of civil and religious liberty cannot be construed so as to mean a right to persecute. If once allowed to commence where will it end. Its reckless advocates can carry it back to the inquisition if so disposed. The days of persecution are now fast passing away, and our motto is, let them go, and everybody will be the better off and the happier for it. Sunday laws in their very nature are oppressive and unjust, and calculated to injure and crush out liberty. Quite a large number of Christians (advents and seven-day baptists) and Jews are cruelly affected by them, and it affords a strong argument against placing the scepter in the hands of Saints under any circumstances. Whenever and wherever this thing has been done the scepter has shown a crimson stain, and the ghastly form of the Goddess of Liberty has lain prostrated, bruised and bleeding at the feet of the despot. All present and past history will verify this statement. Our only reason for drawing attention to this matter is to cause people to pause and

consider before giving assent in any way to a retrograde movement in the path of right. A tender conscience does not belong exclusively to a certain class, it pertains to humanity and should be respected accordingly. No one should ask more liberty for themselves than they are willing to give to their neighbor, or impose burdens that they themselves would not willingly carry. We might say many hard things against people of professed piety and intelligence who will make such strenuous efforts to create a crime out of a fancy of barterous origin, and destitute of every principle of reason or humanity. It is also without the authority of the Bible or history, when, where, or by whom Sunday was converted into a holy day, no one knows and no one can tell. Even the supposition as to its origination is so much in doubt as to be questioned. So when we come to look after the holiness that the day is said to contain, we are at a loss to find even the cheerless straw, that the drowning man is said to cling to with a degree of hope. The fourth verse of the decalogue speaks of a holy day to be observed, and says that it is the seventh. Let those who have found any other, give the book, chapter, and verse, otherwise cease to persecute those who are frank enough to confess their ignorance. Our motto is, be liberal, be kind, be just. Grant liberty to every one to choose or make such gods for themselves as may please them best so long as their devotions are in strict accordance with liberty, morality, and virtue, and they prove successful in keeping peace among their gods and themselves. Whenever this fails it will be proper time to bring the matter before the councils of state and nation.

Common Council.

HOLLAND, Mich., June 5, 1888.

The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor De Roo, Ald. Carr, Keppel, De Vries, De Merell, Kramer, Van Putten, Van Ark, and Rogers, and the Clerk.

Reading of the minutes and the regular order of business was suspended in order that Mr. J. R. Meader, representing the Globe Light and Heat Company, of Chicago, Ill., could present the merits of said company's lamps for street lighting purposes, and to submit a proposition for lighting the streets of this city by said company.

The following proposition was submitted, viz: To contract for one year to erect their own lanterns and to place thereon their own naphtha attachments, and light, extinguish, and keep the same in repair, furnishing all necessary labor and material, at the following prices per lamp per year, payable monthly in cash or its equivalent: For 50 or more lamps lighted 16 nights each calendar month till 12 p. m., at \$10.00 per lamp per year, and guarantee a first-class light, satisfactory to the Common Council; such as they have for the past five or six years furnished to the cities of Chicago and Springfield, and many other large cities. The company to retain the ownership of lanterns and fixtures. The company to have the use of present lamp posts; also to put in new ones as needed; also to straighten up old ones. It is also understood that if the Council finds the light furnished satisfactory to the needs of the city then contract is to be extended for one or more years.

Ald. De Vries moved that the proposition be laid upon the table.—Lost.

Ald. Keppel moved that the proposition be accepted.—Carried. Yeas: Carr, Keppel, De Merell, Van Putten, and Rogers, 5; nays: De Vries, Kramer, and Van Ark, 3.

Ald. Keppel requested to be excused from further attendance at this meeting.—Granted.

Ald. Rogers moved that the Committee on Streets and Bridges with the City Attorney draw up the necessary contract between the Globe Heat and Light Company and the City of Holland for lighting the city in accordance with proposition submitted.—Carried.

Ald. De Vries moved that the Council proceed to the regular order of business.—Carried.

Mr. K. Schadelee remonstrated against the order requiring a sidewalk to be laid on the east side of Market street in front of and adjacent to Lots 3 and 4, Block 64, on the grounds that a sidewalk had never been petitioned for on the east side of Market, between Twelfth and Sixteenth streets, there being only one building on said part of Market street. That a sidewalk has been petitioned for and granted on the west side of Market street on its entire length, therefore with the present population and occupancy of said Market street it is unnecessary to have also a sidewalk on the east side of the street, etc.—Laid upon the table.

E. Bouwman and A. Van Vuren petitioned that the amount now required to be paid for an annual license to peddle fish from house to house in the City of Holland be reduced from \$50.00 to \$10.00.

Ald. Kramer moved that the City Attorney be instructed to prepare an ordinance entitled, "An Ordinance relative to peddling meat, fish, or dressed poultry, in the City of Holland to comply with the prayers of the petitioners.—Carried.

The following claims were presented for payment, viz: M. De Feyter, salary as Street Commissioner, May, 1888, \$20.16; Wm. Verbeek, salary as Treasurer, \$22.92; Ed. Vanpel, salary as marshal, \$25.00; Geo. H. Sipp, salary as Clerk, \$41.67; J. Van Dyk, lumber as per contract, \$51.78; S. Lievense, building sidewalks, \$8.10; G. Schaafenaar, 10% days grading and trimming trees in the Parks, \$13.12; Geo. H. Souter, 25 selected 2-inch trees at 25c, and digging out old roots and planting 25 trees, \$8.75; F. H. Carr, J. Kramer, C. J. De Roo, G. J. Van Duren, G. J. Diekema, Geo. H. Sipp, 4 days service on Board of Review, \$3.00 each; D. De Vries, H. Van Ark, 3 days service on Board of Review, \$5.00 each; L. Mulder, city printing, \$18.55; E. Laning, blacksmithing, \$2.00; J. B. Van Oort, nails, rope, etc., \$1.12; J. De Feyter, hauling one load of lumber, 25c; J. A. Ter Vree, city team work, \$41.18; A. Huntley, machinist's work for Fire Dept., \$2.10; I. Alcott, hauling hose cart to fire and hose to water works, \$1.15; Q. Huyser, brooms, picher, tumbler, oil, matches, lamp chimneys, etc., for Hose Co. No. 2, \$3.78.—Ald. Kramer moved that the several claims be allowed as read, excepting those of D. De Vries and H. Van Ark, which said claims be allowed at \$5.00 each, and warrants be issued on the City Treasurer for the several amounts.—Carried.

The Committee on Poor reported presenting the semi-monthly report of the Director of the Poor and said committee recommending thirty dollars for the support of the poor for the two weeks ending June 20th, 1888.—Approved and warrants ordered issued on the City Treasurer for the several amounts as recommended.

The Street Commissioner reported for the month of May, 1888.—Filed.

The following claims having been approved by the Board of Water Commissioners were certified to the Common Council for payment, viz: A. Huntley, labor as machinist and Supr. of Water Works, \$7.30; J. Van Oort, 1 1/2 days cleaning well, \$9.00; J. Van Meer, 1 1/2 days cleaning well, \$22.50; L. Mulder, printing notices, \$7.50; Meyer, Brouwer & Co., one frame and glass, 75c; J. Benkema, P. Winter, salaries as engineers at Water Works, \$50.00 each.—Allowed and warrants ordered issued on the City Treasurer in payment thereof.

The City Clerk reported the collection of \$551.66 city license and receipt of City Treasurer for same.—Filed.

HOLLAND, Mich., June 4th, 1888.

GENTLEMEN: I hereby appoint Samuel Habing as Assistant Engineer of the Fire Department, subject to the approval of your honorable body. F. O. N. Chief Engineer Fire Department.—Appointment approved.

The secretary of Hose Co. No. 1 reported the election of C. Blom, Jr., and Wm. Zwemer as members of said company and the resignation of John De Graaf, subject to the approval of the Common Council.—Approved.

Druggist and Kane as principals, and Henry D. Post and John C. Post as sureties, was presented for approval.—Bond and sureties approved.

The Clerk reported the following oaths of office on file in the City Clerk's office, viz:

Members of the Board of Assessors, G. J. Van Duren and Peter Boot.

Member of the Board of Health, W. H. Beach.

Member of the Harbor Board, W. H. Beach.

Engineer at the Water Works, Peter Winter.

Member of a Committee to Examine Hotels, Gerrit Slenk.

Building Inspectors, Gerrit Slenk and Herman Van Ark.—Filed.

The Clerk reported a communication from the County Treasurer of Ottawa County stating that there was held at his office \$63.55 Library money, and \$38.85 Primary Interest money subject to the order of the respective treasurers.—The City Treasurer charged with the Library money and the Clerk to notify the Board of Education regarding the primary interest money.

The following communication was presented, to-wit:

UNITED STATES ENGINEER'S OFFICE, GRAND RAPIDS, May 8, 1888.

To the Council, Holland, Mich.:

GENTLEMEN:—The instructions of the Chief of Engineers, U. S. Army, regarding the preparation of the Annual Reports for fiscal year ending June 30, 1888, states that it is of great importance that there be incorporated in same, a complete classified statement of commercial statistics—showing shipments and receipts from July 1st, 1887, to July 1st, 1888, at Black Lake Harbor, Mich. This showing has an influence in securing appropriations for harbor improvements, and such being the case it seems right to call upon the village authorities to furnish the same. The enclosed form will be taken as a guide. It will be necessary to have the statement reach this office not later than July 6th, 1888. Please inform me if this request can be complied with.

By direction of Major S. M. Mansfield.

Very respectfully, your obedient servant, A. B. KENNAN, Clerk.

Ald. Rogers moved that the Mayor with two members of the Council, to be appointed by the Mayor, act as a committee to furnish the required information.—Carried.

The Mayor appointed Alds. Rogers and Kramer.

HOLLAND, Mich., June 5th, 1888.

Gentlemen of the Council:

As some stores and so-called temperance saloons are being kept open in the city on the first day of the week, commonly called Sunday, therefore I will at the next regular meeting of the Common Council introduce an ordinance relative to the maintenance of keeping all stores, temperance saloons, and all kinds of business places closed on

the first day of the week, not including drug stores, also.

Resolved, That the City Attorney shall draw up a lawful ordinance to cover those facts.

Signed, D. De Vries.

Resolution being duly seconded and a vote taken thereon it was declared lost, a majority of all the aldermen elect not concurring therein by yeas and nays as follows: Yeas, De Vries, Kramer, and Van Ark, 3; nays: Carr, De Merell, Van Putten, and Rogers, 4.

Ald. Carr moved that the Committee on City Library expend \$50 in the purchase of books for the City Library.—Carried.

Council adjourned.

Geo. H. Sipp, City Clerk.

Counterfeiting a Baking Powder.

The public is too well informed as to the danger from alum baking powders to need any caution against using them. It is, nevertheless, a fact that many of our most prudent and careful housekeepers are, without knowing it, using these deleterious articles daily, and from them preparing for their families food which, were they aware of its nature, they would not offer to a beggar. Baking powders made from burnt alum cost less than four cents a pound. When these can be worked off in place of the Royal Baking Powder, and sold for forty or fifty cents a pound, there are many manufacturers and dealers sufficiently unscrupulous to do it.

A favorite method of selling these poisonous alum baking powders is by placing them in an empty Royal Baking Powder can and weighing them out in small quantities when the Royal Baking Powder is called for by customers. The grocer, if questioned, claims that he buys in large packages at a lower rate, and is thus able to sell below the price of the goods in small cans. All baking powders sold in this way are entitled to suspicion. Analyses of many of them have been made with a view to a prosecution, and in all cases they have been found largely adulterated and generally made from poisonous burnt alum. This is selling counterfeit goods, and is, of course, an offense against the law. We are glad to know that the Royal Baking Powder Company have taken the matter in hand, and are acting in a way that will protect the public from the swindle.

The surest protection from this fraud is for the housekeeper to buy the baking powder of the brand she wishes in the original unbroken package, looking carefully to see that the label has not been tampered with. The Royal Baking Powder Company announce, what is well known, that their goods are packed for the convenience of consumers in cans of various sizes, but are never sold in bulk, by the barrel or loose by weight or measure. The cans are securely sealed with the company's trade mark label, and the weight of each package stamped on the cover. Any baking powder being peddled out by weight under the name of Royal they denounce as bogus and to be avoided.

Consumers should bear these facts in mind if they do not wish to have imposed upon them the poisonous alum stuff that is being profusely distributed throughout the country under the name of baking powder. If, however, they buy the Royal in cans with unbroken labels, they are always sure of using a baking powder perfectly pure and wholesome, and of the highest test, strength and efficiency.

EIGHTH WONDER OF THE WORLD.

The Sioux City Corn Palace Second Annual Festival.

The managers take pleasure in announcing that the Sioux City Corn Palace (second annual festival) will be formally opened on the 24th of September, 1888.

President Cleveland made his sole departure from his route as pre-arranged in the fall of 1887, in deference to the entreaties of Mrs. Cleveland, that they might feast their eyes on the wonders of that year's Corn Palace, and at the same time witness the marvelous progress of Sioux City, "The only Corn Palace City of the World." President Cleveland, in an outburst of admiration, said: "This Corn Palace is the first really new thing that has been shown me." Hon. Chauncey M. Depew, standing with Cornelius K. Vanderbilt and other gentlemen, referring to the Corn Palace, said: "I have been all over the world, and have seen the principal natural and unnatural curiosities, but I have never before seen a Corn Palace."

Encouraged by the compliments of these great men, and by the popular enthusiasm and admiration that made the Corn Palace of '87 such an unparalleled success, the business men of Sioux City have formed a stock company for the purpose of repeating it on an immensely grander scale, intent upon making it one of the solid and enduring institutions of the country, and an attractive feature of Sioux City. In the light of valuable experience it is their determination that the Corn Palace of 1888 shall outrival in design, construction and beauty any building ever before erected; that it shall be the eighth wonder of the world; a temple to Mondamin, surpassing any structure erected by pagan hands to any other of the deities. The idea is unique and absolutely original. No other Corn Palace was ever before built, nor was the design thereof ever conceived in the brain of man. 'Tis the one new thing under the sun. Those who invented it "built even wiser than they knew," for the marvelous creation exceeded in beauty, in magnitude, and in originality, all the wildest dreams of the originators. Hitherto the hand of man had erected palaces of stone, and marble, and ice, but the Sioux City Palace was like Victor Hugo's conception of Waterloo. "A change of front of the universe," an event that altered the course of empire and forever crowned Sioux City as "The only Corn Palace City of the World." It is the realization of an idea that fixes Sioux City for all time as the seat of empire of King Corn, the centre of the great corn belt, with its illimitable resources, its tireless activities, with its unparalleled prosperity.

The Palace will open Sept. 24th and close Oct. 6th. It will be a national event, occurring at the loveliest time of the year in one of the most interesting cities of the country.

Excursion rates will be made from all parts of the United States, Canada and the South American republics, giving to the people of this continent an opportunity to view the Corn Palace, and to see for themselves the future great city of the northwest, with its wonderful achievements and boundless possibilities.

Electric Piano Playing.
Electricity has been invoked to supply a substitute for a musical education. By means of the Stephonium, or "electric music interpreter," Mr. J. C. McGee of Edinburgh proposes to enable persons ignorant of music to play the piano and other instruments of similar action. The music sheet is placed behind wires spaced to correspond with its scale, and each successive note is sounded by touching the wire over it with a metallic pointer, which closes an electric circuit and strikes the proper bell or string. It is only necessary to follow the notes with the eye and hand until the piece is played. By sliding the sheet up or down the whole range of notes is quickly transposed into another key. The Stephonium may be removed to any distance from the piano or other source of the musical tones.—*Arkansas Traveler.*

It Surprised Him.
An Englishman, who was being shown about the Capitol, expressed his surprise that there were no military guards, and when he entered the Supreme Court Chamber his astonishment had no bounds. "I dare say it's all right," he said, "but I was never in a court like this before, and I've been all over the world. No guards, no wigs, no liveries. It is democratic, sure enough." When told that there were no soldiers at the White House he appeared to think the assassination of the Presidents might have been expected, and remarked that the "Old Woman"—meaning Victoria—would not trust herself in the building for an hour.—*Washington letter.*

One Effect of Culture.
A tramp recently had a plate of hard ice-cream given him by a good-natured lady, upon whom he called for assistance.

He handed back the spoon with an apology. "Oh, I don't suspect you of wanting to steal the spoon," said the lady.

"I don't for a moment suppose you do, my dear madam," replied the tramp, "but it is not correct form to eat dessert with a spoon; I am from Boston, and should prefer a fork."

Jaggs—Hallo, Baggs! Doin' anything?
Baggs—Now.
Jaggs—Well, here's a chance for you. Send a dollar to the address in this advertisement and they'll tell you how to earn a living without working.

Baggs—Chestnuts! I've been there.
Jaggs—Send for an answer?
Baggs—Yep.
Jaggs—What did they say?
Baggs—Told me to fish for suckers as they did.—*Philadelphia Call.*

W. E. GLADSTONE was born Dec. 29, 1809.

Weariness and Worn.

When the tired factory operative, the weary out-door laborer, the overtasked bookkeeper or clerk seeks a medical recompense for expenditure of bodily force, where shall he find it? Could the recorded experience of thousands of workers be voiced, the verdict would be that Hostetter's Stomach Bitters renews failing strength, stimulates the faded mental powers to fresh activity, and relaxes undue nervous tension as nothing else does. Digestion, a regular habit of body, appetite and sleep are promoted by it, and it is an admirable auxiliary in the recovery of health by convalescents. A fastidious stomach is not offended by it, and to persons of both sexes in delicate health who occasionally feel the need of an efficient tonic, the whole range of the pharmacopoeia and the catalogue of proprietary medicines does not present a more useful, safer or more decisive one. It is also incompressible for fever and ague, rheumatism and kidney troubles.

Slips of the Tongue.

The list of words, phrases, and expressions to be avoided by young ladies of Wellesley College includes the following:

"I guess so," for I suppose so, or I think so.

"Fix things," for arrange things, or prepare things.

The use of "ride" and "drive" interchangeably.

"Real good" or "real nice" for very good or really nice.

"I have studied some," for studied something, or "I have not studied any," for not studied at all.

"Not as I know," for not that I know.

"Try an experiment," for make an experiment.

"Had rather," for would rather, and "had better," for would better.

"Right away," for immediately or now.

"Well posted," for well informed.

"Try and do," for try to do, and "try and go," for try to go.

"It looks goods enough," for it looks well enough, or "does it look good enough," for does it look well enough.

"Somebody else's," for somebody's else.

A Noble Fight.
Smith—I was sorry to hear, Brown, that you had failed in business.

Brown—Yes, I struggled hard, but I lost everything, save my honor, thank God, and the property I was wise enough to settle on my wife when I found myself getting into trouble.—*Texas Siftings.*

Woman's Modesty.
Many women are prevented by feelings of delicacy from consulting a physician in those disorders arising from functional derangement of her peculiarly delicate organism, and the most serious results are often caused by this neglect. To such persons Dr. Pierce's Favorite Prescription is an especial boon, as it offers a safe and sure cure for all those distressing disorders to which women are peculiarly subject, while it saves a modest girl or woman from the embarrassment of a personal consultation with a physician. "Favorite Prescription" is the only medicine for woman's peculiar weaknesses and ailments, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. See guarantee on bottle wrapper.

It is easy to convince one's self there is no sin in doing what profits us.—Judge.

JACK and Jill each took a pill,

Smiles will supersede many frowns, and many discomforts will be unknown, when Dr. Pierce's Pleasant Purgative Pills are used, as they bid fair to do, the large and less efficient pill of our forefathers. Every day they gain new laurels! Most popular when most ill.

SWEETING THE MARKETS!
Moxie has created the greatest excitement, demand and sale as a beverage, in two years, ever witnessed in the history of trade—from the fact that it brings nervous, exhausted, overworked women to good powers of endurance in a few days; cures the uncontrollable appetite for liquors and tobacco; and has recovered a large number of cases of old, helpless paralytics as a food only.

W. E. GLADSTONE was born Dec. 29, 1809.

Symptoms of Catarrh.

Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed, there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from nostrils; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. If you have all, or any considerable number of these symptoms, you are suffering from Nasal Catarrh. The more complicated your disease has become, the greater the number and diversity of symptoms. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood, or more unsuccessfully treated by physicians. Five hundred dollars reward is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of catarrh which they cannot cure. Remedy sold by druggists, at only 50 cents.

"WHAT'S this, waiter?" "Railroad soup, sir." "Queer name for soup." "Yes, sir; stock's been watered so often, sir."

How to Gain Flesh and Strength.
Use after each meal Scott's Emulsion with Hypophosphites. It is as palatable as milk, and easily digested. The rapidity with which delicate people improve with its use is wonderful. Use it and try your weight. As a remedy for Consumption, Throat affections, and Bronchitis, it is unequalled. Please read: "I used Scott's Emulsion in a child eight months old with good results. He gained four pounds in a very short time."—*THE PRINCE, M. D., Alabama.*

A Good Name
At home is a tower of strength abroad—says the familiar proverb, and it is fully verified by the history of Hood's Sarsaparilla. The first words of commendation and praise for this medicine were received from our friends and neighbors, and from the time it was fairly introduced up to the present there has been, and is now, more of

Hood's Sarsaparilla
Sold in Lowell, Mass., where it is made, than of all other sarsaparillas and blood purifiers combined. This "good name" among people who have known Hood's Sarsaparilla and its proprietors for years should certainly be strong evidence to people in other cities and towns of the excellence and merit of this medicine. Send for book containing statements of cures.

Salt Rheum
"After the failure of three skillful physicians to cure my boy of a Rheum, I tried Hood's Sarsaparilla and Olive Ointment. I have now used four boxes of Ointment and one and a half bottles of Sarsaparilla, and the boy is all right; appearances completely cured. He is now four years old, and has been afflicted since he was six months of age." Mrs. B. SANDERSON, 56 Newhall Street, Lowell, Mass.

TESTIMONIALS WORTHY OF CONFIDENCE.
My daughter Maud has used Hibbard's Rheumatic Syrup and Plasters, which you so strongly recommended her to try for inflammatory rheumatism. Her limbs were badly swollen and the poor girl was in terrible agony. In the midst of the pain we wound the Plasters about her limbs, and as a result the swelling was reduced, and she became quiet and rested. The syrup corrected her indigestion, cleansed the rheumatic taint from her blood, and she is now able to be around the house. Hibbard's Rheumatic Syrup and Plasters are remedies of great merit.
REV. J. ROBERTS,
Pastor First M. E. Church, Fremont, Mich.

ALBION, Mich., Dec. 20, 1887.—While employed as agent of the Michigan Central Railroad Company at Augusta, Mich., about seven years ago, my kidneys became diseased, and I have been a great sufferer ever since. Have consulted the leading physicians of this city and Ann Arbor, and all pronounced my case Bright's disease. Suffering under a very severe attack in October last, began taking Hibbard's Rheumatic Syrup, and am today a well man. It affords me pleasure to render suffering humanity any good that I can, and in speaking of the remedy allow me to say that I think it the greatest medicine in the world.

DR. OWEN'S BODY BATTERY!

A NEW DEPARTURE IN THE CURE OF DISEASE. NATURE'S PROMPT REMEDY FOR MAN AND WOMAN.

This Body Battery and our appliances will cure, among many others, the following diseases: Rheumatism, Neuralgia, Sciatica, Epilepsy, all Kidney Diseases, Lumbago, General and Nervous Debility, Dropsy, Catarrh, Affections of the Mind and Body in old and young, Neurasthenia, and Lost Vitality. As a Lady's Remedy it is unequalled for irregular Monthly Menstrues, and Female Complaints.

This Electro-Galvanic Body Belt was patented Aug. 16, 1887, and is superior to all others. The current is under the perfect control of the wearer, and can be KEPT ON, DETACHED, made MILD or STRONG at will to suit any complaint. The Suspensory for weakness of men is connected directly to the Battery, the disks are so adjusted that by the means of our appliances the Electricity can be carried to any part of the body or wherever the disease is located. This is the latest and greatest improvement ever made in applying Electricity to the body for the cure of disease. By removing the Suspensory whole family can use same belt for all diseases.

It differs from all others. It is a Battery Belt containing 10 Galvanic cells, with 10 degrees of strength, except our No. 4 Full Power Guarantee Belt, which contains Two Batteries and Twenty Galvanic Cells, with 20 degrees of strength, has a positive and negative current, and current can be reversed. The Owen Belt is not a Voltaic, or Dry Cell, but of pure description, but a Portable Battery. It will cure all complaints curable by electricity or galvanic battery. The Electric current can be tested by any one before it is applied to the body, and is worn only and superior to all others ever offered for sale.

News From one of Holland's Residents.

In a letter received from our express agent and jeweler, Ex-Alderman O. Breyman, who is at present visiting his brothers on the Pacific coast, we learn that he is enjoying himself in a manner only known to the ever genial and social Breyman. He graphically describes his trip West and says that the scenery en route was grandly beautiful. He says: "No person can possibly imagine the grandeur of the Rocky Mountains, with its canyons, its snowy peaks, its high cliffs, and its sublime scenery. The road-bed of the railroad is across the rocks, sometimes just wide enough to allow the cars to pass over them, with perpendicular cliffs reaching up hundreds of feet on both sides. To the uninitiated this is a scary outlook, but the feeling of unsafety is soon lost sight of in the superb grandeur of the scene. It loses its terrors in feelings of wonder and amazement." The letter was dated at Portland, May 30. Portland, he says, "is a lovely city of 45,000 inhabitants, very busy, and full of 'bustle.' It has large commercial interests, being the distributing point for supplies for the whole lumbering section of the state. It lies in a lovely valley, being surrounded by very fine and fertile hills." Mr. Breyman's brother, Arthur, is one of the leading citizens and business men of the city, having large interests in cattle ranches and timber lands. He is President of the Pacific Coast Abstract Company and is connected with other business enterprises. He continues: "I have been feasting on the finest strawberries since the first day of my visit, for the past ten days we have had cherries in abundance, and you know I am a great lover of 'cherry ripe' and strawberry short-cake. The climate here is perfect and just suited to me. The thermometer indicates about 85 to 90 degrees and is tempered by the healthful breezes from the Pacific. The other day I was a member of an excursion party down the Willamette river. I had the good fortune to see salmon caught that day as well as to see seal in the river and these sights interested me very much. The same day I saw a steamer shoot the Cascade Falls. The trip took up the whole day and it passed to me as though but an hour. I must say that I never spent a more pleasant day in my experience. * * * To-morrow I shall start for San Francisco and from there I shall go to visit our old friend, Geo. Lauder, who resides at St. Helena, after which I shall return to Oregon and visit my brother who lives in Salem. I am meeting with the kindest of treatment and shall leave this beautiful country for home with many regrets, and shall bear with me many pleasant memories of my visit, which is one of the brightest spots in my life." Mr. Breyman expects to reach home during the first part of July.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at Yates & Kane's, Holland, and A. De Krul's, Zeeland. Large size, \$1.

ROYAL BAKING POWDER Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 109 Wall St., New York.

The "Best" Tonic

U. S. MARINE-HOSPITAL SERVICE, DISTRICT OF THE GREAT LAKES, PORT OF LUDINGTON, MICH., SURGEON'S OFFICE, March 9, 1888. Phil. Best Tonic Co., Milwaukee, Wis. GENTLEMEN:—Having tested "The Best Tonic" and observed its effects when used by my patients, I find it both invigorates and promotes digestion, giving a normal tone to the stomach and thereby increasing the appetite. That it is a pure concentrated liquid extract of Malt and Hops and is really and properly a food tonic, and as such I can very cheerfully recommend its use. Very respectfully, A. P. McCONNELL, M. D.
