a Specialty.

OUR HIGHEST AIM of curing Chronic Diseases is the speedy, gentle and permanent restitution of health. In the shortest, more reliable, and safest manner. We will show the people of Holland a few testimonials of the wonderful cures we have made.

TESTIMONIALS:

ALLEGAN, May 26, '97.

To all those who suffer from Rheumatism I want to say that in 1889 I had been confined to the house for about 3 months and at one time thought I should have to lose my leg and never expected to be able to work again. I employed several of the best doctors I could get but they did me no good. I finally consulted Dr. Baker and am glad to say made a quick and complete recovery. He cured me and am well to-day and can attend to my farm.

ADAM KNOBLOCK.

HOLLAND, June 1, '97.

I want to tell people of Holland that I have suffered with *Salt Rheum* for over 18 years and that I was so bad at times that I could not attend to my household duties and about two months ago I commenced to doctor with Drs. Baker & Betts and I have recovered so that you can not see any Salt-Rheum whatever. I can cheerfully recommend them to all whom this may concern.

MRS. J. C. BROWN, 133 15th Street.

HOLLAND, June 1st, '97.

I want to say that I have suffered with lame back and rheumatism for years and one year ago I consulted Dr. Baker and to-day I am glad to say I am a well man.

F. M. PALMER, Engineer in North Side Tannery.

REED CITY, MICH., May 29, '97.

DRS. BAKER & BETTS, Holland, Mich.

DEAR DRS.—About three months ago I sent to you for medicine for eczema. I was broke out all over my breast and my head was a solid scab. I want to say your medicine cured me and for the first time in seven years my skin is free from sores and scabs. You can use this as you choose. Yours truly,

P. VARNEY.

The above are a few of the many testimonials we have received. Read and judge for yourself.

The.... World

has much to see, and much of what it sees is due to spectacles. Most people have only a faint idea of the large number of persons whose sight would be benefited by the use of spectacles. When you need glasses and don't wear them your sight becomes more and more impaired by the neglect. The eyes are subjected to enough strain that's unavoidable, without taxing them needlessly. Failing to use a glass when needed is a tax on sight, and all such taxes are more than unconstitutional. Come and have your eyes examined and fitted without delay.

He had been at the Beach several days
and although the wheel was valued at

The question of a road race on the
coming Fourth of July is being agita-

Wm. O. Holden, who recently as-
sumed the management of the New
City Hotel, has accepted the offer of a
similar position of Park Place at Trave-
erse City, owing to the death of Man-
ager Billings. Mr. Holden has served
as landlord of that place for a period
of thirteen years and under the cir-
cumstances is persuaded to return to
his former home. Mr. Holden is well
pleased with the surroundings and en-
vironments of Holland during his
short stay and has already made him-
self very popular with our townsmen.
While the News regrets his departure
we wish him every success. Mr. Hol-
den has not yet decided as to the time
he will leave.

\$80 worth of jewelry, consisting of
chains, rings, charms and eye glasses.

upon opening the bazaar immediately
noticed the disarrangement of things.

noticed two suspicious characters

ceived a message from Sheriff Van By
stating that the authorities at Lud-
ington had arrested two tough looking
characters there who had in their pos-
session a large amount of jewelry and
who attempted to pawn off the arti-
cles for paltry sums. Mr. May, pro-
prietor of the bazaar, at once left for
Ludington to identify and recover his
goods.

President A. G. Van Hoes has issued
a call for a meeting of the fruit grow-

day, June 10, at 2 p. m., when a final
opportunity will be afforded to those
who wish to ship their fruit under the
name of the local association. After
that date all applications for permits
will be barred.

The public exercises of the High
School Lyceum will be held in the Ly-
ceum opera house on Friday evening,
June 11th, the literary numbers on
the program being rendered by the
members of the Senior class. Owing
to the limited seating capacity of the
building, and to the large number of
participants, it seems necessary to en-
sure to their immediate relatives and
friends a chance for admission. Tick-
ets will therefore be issued for every
seat in the building including the gal-
lery, and these will be distributed by
the members. The holders of a red
ticket will be entitled to a seat in the
body of the house, if the same is pre-
sented before 7:30, while the holder
of a blue ticket will be entitled to a
seat in the rear of the house or in the
gallery if it is presented before 7:30.
After 7:30 no ticket will guarantee
even admission.

The state tournament of Michigan
trap shooters was held at Grand Rap-
ids this week. Several interesting
events were scheduled and excellent
scores were made. In the contest for
the diamond buttons, Detroit carried
off the jewelry, breaking 65 out of 75
birds. The Holland team consisting
of Ferguson, Thomas and De Roo,
broke 54, and the Zeeland team, con-
sisting of Karsten, Van Eyck and
Baert, secured the same number. The
last two teams, however, were com-
pelled to compete with the experts of
the state and being ranked among the
amateur sportsmen, they were at a
disadvantage in not being allowed the
privilege of a handicap. Besides, the
traps were very treacherous, being
operated by foot power, which prop-
elled the birds fast and slow at in-
tervals. In the handicap shoot for the
silver cup, valued at \$50, Mr. Fergu-
son tied two experts, of a handicap of
seven birds. In shooting off the tie,
however, Mr. Ferguson captured the
prize, breaking 29 out of 32 birds, en-
titled him to the cup without the ne-
cessity of the handicap. The members
of the home team did some excellent
work. Mr. De Roo was honored by
being elected a member of the board
of directors. The cup won by Mr. Fer-
guson is on exhibition at the St.
Charles Hotel, and is admired by his
many friends, accompanied with con-
gratulations.

Holland City News.

SATURDAY, June 5, 1897.

Holland, Mich.

OUR NEIGHBORS.

Ottawa County.

Dr. W. Van den Berg of New Holland is on a vacation of a few weeks, visiting friends east.

Mrs. G. C. Jones of Janison is ill, and some fears are entertained as to her recovery.

W. H. Cooper, a Hope College student, gave a very enjoyable entertainment at the Congregational church in Hudsonville the other evening, under the auspices of the Ladies Union.

Justices of the peace elected at the April election for the full term should bear in mind that their bond and oath of office must be filed with the county clerk on or before July 4th.

A letter was received in the Coopersville post office last week addressed to "Mr. Herm Krugt, Landbouwer in Noord America, staat Michigan, Ottawa County."

North Holland intends to have a celebration on the Fourth.

Cornelius Postma and George Emert, two young fellows of Blenden, were arrested by Sheriff Van Ry, for pulling up grade sticks on the line of a survey. They were brought before Justice Pagelson, who fined them \$2 apiece and costs.

Martin Walsh of Spring Lake kept fires two nights this week on his fruit farm to prevent the frost from destroying his fruit.

Luman and Lucius Jenison have completed the sale of their plaster quarries and mill at Grandville, and Emil Durr and Servetus Q. Fuller of Milwaukee and Charles J. Root of Minneapolis entered into full possession. The price paid was \$35,000. All the output of the quarries will be shipped via Holland and boat to the stucco factories owned by the purchasers in Milwaukee. The property comprises about 160 acres of land containing the finest rock for stucco and landplaster with the mining apparatus and mill required. The force required to operate is about thirty-five men.

Port Sheldon.

A picnic of the children of school district No. 7, is to take place on Saturday, June 12. The surrounding schools are cordially invited to participate in giving the children a good time. Our teacher, Miss K. Connell, is one that makes everything she undertakes a perfect success. The place of holding it will be announced next week.

Mrs. Jennie Paxson, nee Klyne, is home with her parents, Mr. and Mrs. L. Klyne. Her health is very low, and she has the sympathy of her friends and neighbors in her long suffering.

Mrs. A. Hibbard and her son Will of Chicago, visited at Mr. Cook's this week. They returned Thursday by way of Holland, where they took the steamer Sea City.

Olive.

For the first time in the history of the township of Olive did the people of the northern part turn out en masse and decorated the graves of the men whom we love to honor—men who by their valor and self-sacrifice, secured unto us a united country, one flag and destiny. Last year an attempt was made, but the rains interfered.

The exercises were held at the Jones Hall, and enlivened by the drum corps of West Olive. The children done exceedingly well, considering the time allotted to learn their pieces. Much credit is also due to some that were not on committees, for their untiring effort in making the day a success.

Mr. E. Merritt, made us a good marshal, as such we feel grateful to him and to Mr. H. Wood, Wm. Goodman and Charley Ebels who donated their services in the drum corps.

The four schools participating were the Ottawa, West Olive, Owens, and Olive Center district. To the teacher of Olive Center school, Miss Edith Kington, honor is due for zealous work, counsel and direction. The children, old and young, bravely walked the entire distance to the cemetery. Noteworthy of mention is the oration by Rev. David Lee. It was inspired by a lofty patriotism.

The preparations were not elaborate nor ostentatious. All was harmony and good will. The ceremonies at the cemetery, as each battle-scarred veteran took a squad of young patriots and done honor to his departed comrade in arms by strewing the graves with flowers, was impressive, inspiring us all with new zeal to preserve what these men have won. The ceremonies were completed at the monument erected to the unknown. Here a fitting tribute was offered to those comrades that lie buried in unknown graves.

It was decided to hereafter observe the day, and a committee of three on arrangements were appointed, consisting of Wm. Roberts of Ottawa, H. Goodwin of West Olive, and J. Vinckemulder of Olive Center.

At a future date we will give a roll of honor of the living soldiers here. We notice their number is few, and their foot-steps are growing feeble.

Grand Haven.

Mr. Stallings will hereafter divide his time between his glass factory here and the new plant in Louisville. His family have left here and will reside in the latter city. It is estimated that towards fall the plant at Grand Haven may change ownership.

A night force is now employed at the Challenge Corn Planter Works.

In a few days Frank Harbeck, Edward P. Cummings and Cliff Pfaff of this city expect to start on a European trip to be gone about three months. Their proposed trip will take them to Ireland, Wales, England, France and as far south as Italy.

On account of the unusually low prices which fish now bring it is reported that some of our fishermen are strongly considering whether or not to lay up for a time.

It is possible that a batch of lumber aggregating seven million feet will be

brought through here next month, by schooner from Lake Superior, to be transferred here to Grand Rapids by train.—Tribune.

The school board has decided to submit to the people the question of erecting an additional school building at a cost of \$10,000. The election will be held June 10.

The Goodrich Co. has now established its daily line to Chicago, with the steamers Atlanta and Ionia. The annual commencement of Akeley Institute will be held Wednesday, June 9. The graduating class numbers 8.

Graafschap.

Born, to Mr. and Mrs. Gerrit Henefeld last Sunday—a son.

George Speet lost a good horse this week. It died.

Albert Fien of Jamestown made our village a pleasant call Wednesday.

Another old pioneer has left us. Mr. B. Vinckemulder died last week Saturday at the age of 68 years. The funeral services were held in the Chr. Ref. church Monday, and were conducted by Rev. Hoekstra of East Saugatuck, the pastor, Rev. J. Keizer, being absent.

Rev. J. Keizer preached in Jamestown Center Sunday.

Peter P. Mulder spent Decoration Day in Grand Rapids.

Saugatuck.

The marine inspectors have inspected the steamers Eleanor, Elsie, Saugatuck and H. A. Root. The Saugatuck has since opened the summer line to Chicago.

A small steam yacht named "The Portia" came ashore a short distance south of the harbor Monday. It was bound for the Epworth League resort north of Muskegon and contained two men, which constituted the crew. The engine gave out and they were forced to run her ashore. She was towed in port for repairs.

Said a prominent Saugatuck citizen the other day: "If the school directors do not remove that old iron kettle from our new school building, we will call an indignation meeting and remove it ourselves." We don't blame the people for kicking. Its sepulchral tones are enough to drive a man to suicide, or drink.—Record.

Capt. O. D. Robinson and family have moved back from Holland. He has secured the position of foreman in Weed & Co.'s basket factory.

Mrs. W. P. Sutton and family have moved back from Washington, D. C., for the summer.

Zeeland.

Memorial Day was not observed here this year, and many went to Holland.

Dr. Baert was called to Hamilton the other day, in consultation with Dr. Fisher, in the case of the little daughter of H. Brower.

Rev. and Mrs. James Ossewaarde, of Pella, Ia., are spending a few days here with relatives.

Arie Schaap and family, of Theul, South Dakota, arrived here last week to spend a few days with their parents Mr. and Mrs. C. Schaap.

The C. & W. M. locomotive on the Veneklasen switch at the brick yard was making the curve too swift last Saturday, and it run off the track. Several freight cars were left on the main track, delaying the noon mail train about half an hour.

Plans have been agreed upon by the First Chr. Ref. congregation for the remodeling of the parsonage.

Allegan County.

The Allegan county soldiers and sailors reunion will be held in Allegan, on Aug. 17, 18 and 19.

Gazette: Allegan tent K. O. T. M. have received a new \$125 outfit of regalia and are ready to execute upon new victims their celebrated inquisitions in better shape than ever, and that is saying a great deal.

The lay delegates to the annual convention of the Episcopal diocese of Western Michigan were Judge W. B. Williams and Messrs. C. R. Wilkes and C. H. Adams.

It is probable the rally of the Allegan county Sunday School association will be held in Allegan the latter part of June.

Harvey Joslyn, the well known figure at horse races, was seriously injured at the fair grounds Saturday. A fractious colt fell across him before he could get out of the vehicle attached to it.

Monday night the M. E. church at Wayland was discovered on fire and before assistance could be obtained the entire structure was beyond control and it is a complete loss. The fire was of an incendiary nature. Loss, \$1,500, with no insurance.

Allegan county has fifteen saloons. Four are located at Allegan, one at Hopkins Station, two at Dor, one at Burnip's Corners, two at Plainwell, two at Fennville, two at Saugatuck, and one at Douglas.

The strawboard-mill is now running full capacity, day and night, and employs twenty-five hands.

J. A. Beamer of Dor had no idea he was ministerial in appearance until he recently visited Grand Rapids. There a street car conductor did not collect his fare, and when asked the reason the conductor said that the company permitted clergymen to ride free. Mr. Beamer is an insurance and pension agent.—Gazette.

The Sons of Veterans of Allegan village appeared in their new uniforms on Memorial Day.

Negotiations have been resumed between Manager Heald of the C. & W. M. Railway and the businessmen of Allegan for the removal of the depot to a point nearer the business center of the village.

Fennville.

Fruit notes from the Herald:

W. H. Whitbeck has returned from his southern soliciting trip. He reports a good quality of berries in the south and prices have been better than last year, southern Illinois berries now selling in Chicago at from \$1.40 to \$1.60 a case. He says that South Water street looks forward to good prices for Michigan peaches, on

account of the shortage in the crop elsewhere.

Those who have been making estimates on the peach crop of the Michigan fruit belt had better revise their figures, for, as the result of this cold, wet spring, leaf curl is now doing more damage than ever before. Whole orchards are affected by it and though careful spraying may help, it is generally conceded that with the loss of so much of the foliage nearly all the fruit will fall. It is safe to predict that this section will have a light crop this season.

Not only the peach crop of Georgia and the adjoining southern states is ruined, but likewise is that of northern Ohio and the Lake Erie Islands. With a crop in Michigan about half as great as the record-breaker of '95, the prices of the fruit should exceed those of any season within recent years.

Judging from the rumors afloat, the manufacturers of berry packages and baskets of all sorts are not living in that peace and harmony which brooded over them last year, and the prospects of a merry war, with plenty of cutting of prices, are good. Last year there was a cast-iron agreement between the manufacturers, with a heavy financial forfeit for the one found cutting.

Here and There.

Rev. Geo. Taylor, the veteran chaplain of the Eighth Mich. Infy., died at Lansing, aged 81 years.

The equestrian statue of Gen. Logan will be unveiled at Chicago on July 22, with elaborate ceremonies.

About a week ago a gruesome object was found on the beach near Muskegon harbor and was reported as being the remains of a human being. The coroner visited the spot and after washing the "remains" found it to be a horse's stomach.

For the first time in the history of the lakes crews of vessels rendering assistance to disabled craft in times of storm are to receive recompense for the perils incurred in the saving of life and property. Judge Lochren, in the United States court, sitting in admiralty, awarded the owners and crew of the Arabia \$5,000 for saving the steamer George G. Hadley from being wrecked in the storm on Lake Superior Sept. 8, 1895. The owners of the Arabia, the New York Central Line, are to receive seven-tenths of that amount, the captain gets one-twentieth, or \$250, and the remainder of the crew receive the balance, \$1,250. Salvage claims on the lakes during the season of navigation amount to a very large figure, but heretofore the owners have reaped the full benefit, and frequently crews have not even received their share, the saving of property being considered part of their regular duty.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cuneo & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address

Old Holland.

SEMI CENTENNIAL REFLECTIONS.

Of late we have had a perfect renaissance of things Hollandish, writes Mary Graham, of Chicago. Dutch writers and dramatists and models from the Dutch school have been reviewed and talked about. Numerous collections of blue and white—those blendings of clouds and sky in vase and plaque of Delft—have been acquired by many a lady for the drawing-room cabinet. Holland is a fad, you know, at present, as its tulips were 300 years ago—"brave little Holland," which, though little, was fierce—fierce as a tiger protecting his whelps, when it came to grappling with Spanish tyranny; determined, cool, and patient, when fighting the sea.

One essential reason for American tourists making Holland an objective point, is that, more than any other nation, it has had the most to do with the making of the English commonwealth and of our own glorious republic. Notwithstanding Motley over three decades ago gave to the world of letters his brilliant work, "The Rise of the Dutch Republic," it remained for minor historians like Douglas Campbell and William Elliott Griffiths to supplement it with an aftermath of hitherto unwritten chapters of Netherlands history.

One would suppose the searchlight of investigation had been thrown so effectively on the marshes and fens of Holland that much general information of Holland had been disseminated among the masses. Nevertheless it is surprising to find the grossest ignorance in regard to knowledge of Holland, and ignorance where one would least expect to find it. I do not know how many times I have heard the ridiculous questions put: "Are the Dutch Low Germans?" "What is their religion?" Quite recently a lady of up-to-date Chicago startled me with this interrogation: "Have the Dutch a written language?" Her question, coming like so much dynamite, was enough to make the bronze statue of Erasmus in Rotterdam tumble from its pedestal. That question has prompted this article and a feeling that there is need to explain a few things comparatively unknown.

The pretty children's stories of Holland are often read by parents, who think the complete history of the country can be summed up in a nutshell in a picture of a windmill, a black and white cow, and a few peasants running about with wooden shoes on. I will venture to assert that only a small percentage of people can discriminate between the Dutch and the Germans. The Holland tongue is a dialect of the Teutonic, or primitive German, but took a distinct form at the close of the eleventh century. It is a fusion of dialects, a mixed language, like our own English. In sound it is neither soft nor musical, yet dignified, sonorous, and emphatic.

To the Dutch Coster is now conceded the glory of having discovered the art of printing—"the art preservative of all arts."

The great Erasmus was the literary king of Christendom and the first to teach the classic Greek to the English. In fact, Holland is a country noted for first things. When the Pilgrims sought refuge in Holland they lived within sight of the greatest university in Europe. The light of Leyden's learning shone brightly all over Europe in the seventeenth century. That part of England from which the settlers of New England came swarmed with Dutch immigrants, weavers and brickmakers, and it became the very seedplot of Congregationalism and Nonconformity, an outgrowth of Dutch Calvinism. As many went to England from the Dutch province of Friesland, Friesland was grafted onto the Anglo-Saxon and became one of the forerunners of our own language. The Dutch laid the foundation for manufacturing and commercial supremacy in Great Britain.

Although devoted to industrial pursuits the Dutch were the inventors of oil painting. "The first smile of the republic was art." The invention was more of an inspiration, when we view the masterpieces of Rembrandt, whose pictures are a conflict between light and shadows.

When the Pilgrims were in Holland some of them took to themselves Dutch wives and brought them to America, so that the Mayflower strain isn't purely English. The Puritans, who came into New England ten years later, have conferred upon posterity a purer English ancestry, providing the immigrants were not from the Dutch settled portions of England. Nearly all the military leaders of our colonists were trained in the Dutch armies. The founders of Connecticut, politically educated in Holland, took as a model in writing Connecticut's constitution the Dutch republic.

There has ever been a peculiar kind of antipathy between the Yankees of New England and the Dutch of New York. "The Yankees used to remark: 'The Dutch were so stupid, they could not see after 4 o'clock in the afternoon.' But it used to be an aphorism on the Hudson that a Dutchman's word was as good as his note."

There was a legend, that the sharp, shrewd Yankees had sold wooden nutmegs to the Knickerbockers for the genuine spicy article, from which transaction a natural prejudice grew. In the training of a New England child, the Dutch were in a way ignored, and, in fact, a large part of our people have been "brought up" in the north and "raised" in the south with no idea of the remarkable influence that Holland has exerted upon us as a people. Many things credited to the Puritan belong to the Hollanders. Holland has long figured as Esau.

The Dutch faith in God is something sublime—a fact that Motley has failed to emphasize in his historical work. It was the very secret of Holland's conquest over Spain and the sea. The early guilds of rhetoric in Holland included the agricultural and artisan classes. They were a sort of jubilee that drew the people together, and although the poetry and essays read on these occasions savored of the plow, the hammer, or the yard stick, yet the occasions showed that this was a people not entirely swallowed up by money-getting, nor sunk into a sty of illiteracy. This would be far however from a Bostonian's idea of "culture."

Holland discovered us nearly 300 years ago; it is high time that some of us went to see our Dutch cousins. Time can be spent with profit and delight in the Netherlands. It is a revelation to tourists, although it is sad to note the modern ways that things are taking on. A visit twenty years ago and one to-day shows what the iconoclast progress can do to change that which was once beautiful. Amsterdam and The Hague have become very Parisian—to pass a day in one and a night in the other is not seeing Holland. Go sail in a "botter" to the Island of Marken. Stay by the Zuyder Zee and live on eels. Study the people. Get rested amid the holy calm of Dutch landscape, and when tired of "sweetness and light" return for a change to our hustling Chicago.

Will It Keep?

In reply to a correspondent asking Mr. Speer about his Oporto Grape Juice, he says he will warrant it to keep any length of time in bottles if they are kept full and well corked. The juice is not likely to keep long after allowed to come in contact with atmosphere over 40 degrees temperature. It is excellent for invalids.

Here is a diamond, here a piece of charcoal. Both carbon; yet between them stands the mightiest of magicians—Nature. The food on your table, and your own body; elementally the same; yet between the two stands the digestion, the arbiter of growth or decline, life or death.

We cannot make a diamond; we cannot make flesh, blood and bone. No. But by means of the Shaker Digestive Cordial we can enable the stomach to digest food which would otherwise ferment and poison the system. In all forms of dyspepsia and incipient consumption, with weakness, loss of flesh, thin blood, nervous prostration, the Cordial is the successful remedy. Taken with food it relieves at once. It nourishes, and assists nature to nourish. A trial bottle—enough to show its merit—10 cents.

The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief, spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds, and consumption. It doesn't fail. Trial bottles 10cts at the drug stores of Heber Walsh, Holland, and Van Bree & Son, Zeeland.

Even catarrh, that dread breeder of consumption, succumbs to the healing influences of Thomas' Electric Oil.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at the drug stores of H. Walsh, Holland, and Van Bree & Son, Zeeland.

Memorial Day in Holland.

ITS OBSERVANCE A FITTING TRIBUTE.

Memorial day dawned bright and fair. Although the air was somewhat chilly, nothing transpired to mar its proper observance and surviving veterans and fair maidens paid a loving tribute to the memory of their departed comrades and friends. The day was, in fact, as many veterans termed it, the most successful commemoration of the glorious deeds of the brave heroes, who faced shot and shell and endured the hardships of the late war, ever witnessed in Holland.

The calendar for 1897 designating the day to fall on the Sabbath, the exercises were reserved for the following day. The memorial sermon was delivered by the Rev. Adam Clarke in the Third Ref. church on Sunday afternoon. The spacious edifice was filled. Promptly at 2:30 the members of A. C. Van Raalte Post, G. A. R., and its auxiliary, escorted by the Sons of Veterans, entered the church and marched to the front with the same proud step that inspired them in the past, in response to the well rendered march by Miss Hannah Te Roller. The exercises were very impressive and the sermon delivered by Mr. Clarke carried with it words of praise for the heroic deeds of the brave warriors. His text was taken from Isaiah 24: "And they shall beat their swords into ploughshares, and their spears into pruning-hooks." The speaker showed in various ways how the prophecy was being fulfilled. At the close of his discourse he took a white rose from the table and scattered it as upon the graves of the departed, accompanied by the beautiful words, "cover them over with beautiful flowers," which touched the hearts of the vast audience.

The procession on Monday afternoon was formed on River street and at about 1:30 o'clock the column marched over Eighth street under the efficient direction of Marshal L. T. Kanters and his assistants G. J. Van Duren and John B. Mulder. Headed by the Sons of Veterans and the martial band, it elicited words of praise as it proceeded onward. Admirable order and decorum prevailed. The floral tributes were many and beautiful, and as the column of sixty-one veterans passed in review they awakened a sentiment of reverence and respect which none desired to repress. The parade was fine and eclipsed many previous ones. The line of march extended to the college grove, where the exercises were opened with a patriotic song by a male quartette, consisting of Dr. A. C. V. R. Gilmore, John Vanderluis, Martinus Dykema, and P. A. Miller. After prayer by Rev. Adam Clarke, the appearance of Prof. J. T. Bergen, the orator, was greeted with loud applause. His address was a very fine production, and at the request of many it is given in this issue. A second song by the male quartette concluded the exercises.

A countless multitude followed the procession and wended their way to Pilgrim Home Cemetery, to witness the decoration of the graves, of which there are twenty-four. A band of 114 decorators divided themselves into squads and when the order was given, the wreaths and garlands were reverently placed upon the graves and a spirit akin to that awakened by the immortal Lincoln in his speech at Gettysburg, hovered over and about the solemn occasion. A chorus of little girls rendered a few songs under the direction of Miss E. D. Roberts, when the salute was fired by the Sons of Veterans, and the benediction pronounced by Rev. Adam Clarke.

The following are extracts from the speaker's note book:

It is now thirty-six years since the "Boys in Blue" marched to the national capital to defend the Union. They were the human hope of the country then; and although over a third of a century has passed, they still to a great degree are in control of our government and our national welfare. One of them, a veteran of our beloved state, is our Secretary of War, Gen. Russell A. Alger (applause); and the American voters have only lately chosen another veteran, a gallant soldier from Ohio, to be our President—your comrade, Major McKinley (cheers). If in 1900 the nation shall need another veteran, we are sure that the Grand Army can furnish the supply (applause and laughter).

On the 12th of April, 1861, the troops assembled at Charleston, South Carolina, acting under orders from the Confederate war department, opened fire upon the United States flag and soldiers in Fort Sumter. There had been acts of treason committed before. Arms and troops had been seized on the Mexican frontier, and the U. S. mint at New Orleans had been robbed to the extent of half a million of dollars. But few expected a great war, until this bombardment of Fort Sumter awoke the North to the terrible fact that war already existed.

On the 9th day of April, 1865, Gen. Lee, beaten, baffled and surrounded, his army ragged, starved and wearied of war, surrendered his twenty-seven

thousand men, a mere relic of his once conquering hosts, to Gen. Grant, at Appomattox Court House.

The men who during these four darkest years of our national history carried the life of the nation upon their hearts, and by their sacrifice preserved it, are now the GRAND ARMY OF THE REPUBLIC.

To-day we meet to memorialize those who fell, with flowers to deck their graves, to recognize those who live, and render to them an obligation—a thank-offering of praise.

Michigan has a war record. In May, 1861, she sent off her first regiment. That was the first western regiment to reach Washington. Its coming gladdened the hearts of President Lincoln and of his anxious, loyal comrades. It was this regiment that left its witness on the disastrous field of Bull Run. For after the battle the utmost advance of the Union line could only be told by the dead bodies of the "First Michigan," who died there with their face to the foe.

Austin Blair was our War Governor, and with inspiring proclamations he aroused the already burning zeal of patriotism. Regiment after regiment took the field, until 49 regimental organizations, numbering over ninety thousand men, were under arms, of which fourteen thousand died for the country.

It was the Twenty-fourth Michigan Infantry that on the first day of Gettysburg went into action with four hundred and ninety-six men, and left three hundred and sixteen on the field—where Reynolds fell.

At Chickamauga the Twenty-second Michigan Infantry was cut to pieces—

"When step by step stern Rosecrans
Round grim Look-Out, with bold advance
Pressed back the Rebels from the air.
Our Thomas was the foremost there,
The Rock of Chickamauga."

Some of you veterans of A. C. Van Raalte Post were in that bloody fight. Time fails me to tell of the other great battles where Michigan men bore the brunt and won the laurels: Chattanooga and Resaca, Atlanta and Spottsylvania all testify that Michigan troops conquer or die.

It were Michigan men who captured the entire Confederacy in the person of Jefferson Davis attired in a ladies' water-proof.

In one of the hardest Peninsular battles, Gen. Kearney, calling for reinforcements, cried: "Send me a regiment, quick—a Michigan regiment!"

The Hollanders, some of whom lie here in Pilgrim Home Cemetery, and others beneath the sod of the South, were not disobedient to the call of their adopted country. Our little Colony was but fifteen years old, and men, young men, could not be spared without great loss. The pending strife was not their fault. They had taken no steps in the political agitation and compromises. But when the government called for troops, our pioneer leader said "Go!" Many of them enlisted in various Michigan regiments. On the rolls of the Second, Third, Eighth, Thirteenth, Nineteenth and Twenty-first Infantry are found the names of loyal Hollanders; and in the Second and Third Cavalry the Dutchman rode and fought—and died. Here Company I, of the Twenty-fifth Infantry, was raised, in 1862. Fathers, who had fondly hoped to see their sons grow up in this their new home, with an American education and with business opportunity, now gave them up for the country. Yes, the path from this village was wet with tears and hallowed by the prayers of mothers who yielded their sons.

We remember to-day, survivors of that conflict, your brave deeds. We recall the Fourth of July, 1863, when at Tebb's Bend, Kentucky, a handful of two hundred men—and you among them—beat back ten times your number of John Morgan's men. We read your record on the pages of history, as you "followed the nodding plume of the gallant Sherman from the mountains to the sea".....

War is a VIRTUE, when a nation's honor and life are at stake.

All the horrors of the battle-field cannot prove this away.

We, as individuals, must forgive wrongs, but the state cannot forgive with the same freedom as the individual.

The state has vested rights. The state is under contract. It must protect these rights; it must fulfill its contract to preserve domain and sovereignty—to protect its citizens—to maintain its LAW and ORDER.

The state that fails in this, or the citizen who fails to help the state, is guilty before man and God.

Broken laws are worse than bloodshed. The groan of a wronged public conscience drowns all the groans of battle fields. (Great applause.)

Gentlemen of the Grand Army, you went to war, not to free the slaves, but to preserve law. The act of rebellion was a lawless act; there was no worthy excuse for it. You rebuked and punished it. You did your duty. We thank you.

But, your foes are also worthy of our esteem and honor. They too fought for a principle. They had been reared to regard slavery as a necessary institution alike for their states and for the negroes themselves. They had been taught from bar and platform and pulpit, that when questions of supremacy arose, the state was the sovereign over the nation. For these principles they risked all, fought like heroes and died like martyrs, until the God of Battle proved to them that their institutions must be surrendered for the common weal.

And now the new South arises, no less brave than the old, but loyal, now and ever to be. None respect the men in Grey more than the men in Blue. "Let us have peace," is their motto. And if you had but one wreath to-day, I know you would lay it upon the graves of the Southern dead. (Applause.)

Our heroes are lying from the rocky heights of Quebec to the hot mountain sides of Mexico.

We cannot deck their graves. On Bunker Hill and Lundy's Lane, and Chapultepec and Gettysburg they fought and fell.

In lonely dells and on the barren plains they lie "unknown."

But God, He knows them all.

The graduating exercises of the senior class of the Public Schools of Holland will be held in the Third Ref. church on Thursday evening, June 24. The address to the class will be delivered by Gen. B. M. Cutcheon. The sermon to the class will be preached by Rev. John M. Van der Meulen of Kalamazoo on Sunday evening, June 20. Thomas Doxtator, a switchman on the C. & W. M. at Grand Rapids, had his foot caught in an open switch on Wednesday. The cars backed upon him, and the wheels passed over and cut off both legs, one between the knee and the ankle and the other above the knee. Amputation was immediately resorted to, and there is some chance of his pulling through.

A large and enthusiastic meeting of the Holland Cycle Club was held in the office of the Waverly Stone Co. on Friday evening, the object being to discuss the improvement of the park road. The election of officers resulted as follows: President, Austin Harrington; vice pres., M. G. Manting; secretary, Arthur G. Baumgartel; treasurer, James Price. The above, together with Jacob Lokker, John F. Zalsman and Homer Van Landegent constitute the board of directors. A committee on new membership was appointed, consisting of P. R. Coster, J. E. Benjamin and M. De Koster. Jacob Lokker and M. G. Manting were appointed as a committee to recanvass the road and act in conjunction with horsemen and teamsters relative to its improvements. An effort will be made to apprehend and arrest those who are in the habit of throwing glass, tin, wood, brick and other articles, which prove serious obstructions, upon our streets. It was the unanimous opinion of those present to have the street commissioner prevent the placing of rocks mixed with gravel upon the streets when filling up holes. The membership enrolled is about sixty and efforts will be made to double and triple that number out of the large army of local wheelmen, which is estimated to be over 300. The next meeting will be held on Monday evening.

The propagation of white fish for the great lakes will be suspended for the present, so far as Michigan is concerned. The legislature did not grant sufficient funds to carry on the work, and their refusal to do so was largely based upon the want of reciprocal cooperation on the part of other states bordering on the great lakes, and of Canada.

The trial in the U. S. court of the four men, De Pree, Elton, Houck and Craig, on the charge of complicity in the making and circulating of counterfeit money, known as the Kingston \$20 bills, came to a close on Wednesday evening, when the jury returned a verdict of guilty on both counts as to all four respondents. Sentence was pronounced the next morning. All were committed to the Detroit House of Correction—De Pree for three years, Houck for four years, and Elton and Craig each for five years.

By probate court process Mr. and Mrs. I. Verwey were this week designated the legal parents of Johanna Nicolasia Krediet, the eighteen months old daughter of a brother of Mrs. Verwey, whose wife died at Grand Rapids recently. The little one had been placed under the care of her aunt during the last illness of its mother, and it was her request that at her death Mr. and Mrs. Verwey should assume the care and custody of the child, to which the father also assented.

The latest reports as to the prospects of the fruit crop generally are very discouraging. In Wisconsin the cold weather has wiped out the strawberries. The Michigan berry, being the latest in the market, is still expected to furnish a fair yield throughout the Lake Shore belt. Peaches will be a short crop, at best. It seems that the cold and wet weather have done it, followed by the peach curl. Apples, pears and plums have also suffered very severely. The next week or ten days will tell the tale.

Among our visitors this week was Rev. J. Baay, of Smith Center, Kansas, the guest of his sister, Mrs. J. F. Dyk, on Thirteenth street. Mr. Baay is the son of Rev. G. Mr. Baay's visit was made the occasion on Sunday last of a family re-union at Cedar Springs, the home of John and Thomas Beucus, at which were also present from this city Mrs. J. F. Dyk and Mr. and Mrs. G. Van Schelven. Mr. Baay had been in attendance at the General Presbyterian Assembly held at Eagle Lake, Ind., and on his way home is also visiting his relatives at Waupun and Alto, Wis.

By recent decision of the Illinois supreme court the city of Chicago is responsible for all damages occasioned by the great riot there, three years ago. Over a million of dollars, it is estimated, will have to be paid by the people of that city as the direct result of Debsism, and of the attempt by Mr. Debs to control the railway traffic of the United States. It will be remembered in connection with these riots that after the city and state authorities proved themselves incompetent to suppress the rioters and put a stop to the wanton destruction of property, the general government sent its troops into the city and restored order, and how fiercely the Chicago platform denounced President Cleveland for this action.

The Fruit Meeting.

A joint meeting of the West Michigan fruit growers association, the Ottawa Horticultural society and the Ottawa County forestry association opened its sessions at Y. M. C. A. hall on Wednesday evening. Owing to the absence of Judge F. J. Russell of Hart, the president, Hon. D. W. Wiley of Douglas was called to preside over its deliberations and R. M. Kellogg of Three Rivers performed the functions of clerk. Through the kindness of Geo. H. Souter and Chas. S. Dutton the tables were adorned with beautiful bouquets which added much to the attractions of the room.

Delegates from Ottawa and adjoining counties attended in goodly numbers and considerable interest was manifested. The sessions were fairly well attended.

The program as published last week was rendered, with variations. Hearty words of welcome were given by Mayor James De Young, followed by greetings in behalf of the farmers and fruit growers associations by Luke Lagers, both of which elicited great applause. The response by Walter Phillips of Grand Haven was thoroughly appreciated when he tendered our city the compliment accompanied with congratulations of having become the metropolis of Ottawa county, the result of business activity and enterprise.

The papers presented were able compilations of the subjects treated, the authors showing from experience and careful observation the conditions essential to healthy fruit growing. The marketing of fruit, the coming varieties of peaches, how to grow healthy peach trees, planning and planting a young orchard and many other subjects were thoroughly discussed and many advantages derived. Each and every paper revealed new thoughts, new methods and beneficial results. The subject of forestry reform received due consideration and its great importance was ably treated by such men as W. W. Rork of Agnew, Chas. E. Soule of Grand Haven, P. A. Latta of Holland, and Hon. C. W. Garfield of Grand Rapids.

The good roads question was not inferior to the other subjects. Hon. G. W. McBride of Grand Haven treated the question in a manner as to show the advantageous results to be derived from well graded and graveled thoroughfares.

Prof. L. R. Taft of the Agricultural College was a valuable medium in the treatment of fungus diseases of plants and his thorough explanations on other general topics were greatly appreciated.

The object and benefit of organizations by Roland Morrill of Benton Harbor should be fundamental to its success. New thoughts are expounded, the different methods of procedure form the basis from which every one can gain helpful ideas, the experiences of others can be sifted and tested, and the most practical theories can be resorted to and adopted. Success in horticulture as well as any branch of industry depends upon unity, for in unity lies strength and unity forms the basis and success of well regulated associations, whether its members constitute the horticultural, agricultural or business element.

The Ottawa fruit association has just entered upon its mission, having for its object solely the benefit to the producer. Untold benefits are in store for its members and by rallying to its support its permanency is established, just prices will be realized and swindling will be abolished. The membership fee is small, but this little outlay will be multiplied manifold in direct and reliable returns.

The sessions closed this noon. A leading feature was the music rendered by home talent. The selections were all rendered in a manner which elicited hearty applause.

The officers elected at the morning session of the West Michigan society

Did Not Want Extremes. A young contralto at a Handel concert which Sir Joseph Barnby was conducting, at the end of a solo, put in a high note instead of the less effective note usually sung. This innovation shocked the conductor, and he immediately asked whether Miss Singer thought she was right in trying to improve upon Handel. "Well, Sir Joseph," said she, "I've got an E, and I don't see why I shouldn't show it off." "Miss Singer," rejoined Barnby, "I believe you have two knees, but I hope you won't show them off here."

"Saint George" a War Cry. "Saint George for Merry Abyssinia" will take the place of the older war cry. A Russian painter has just completed for Negus Menelek a picture of the battle of Adowah, in which Saint George on a white charger is represented to help the Abyssinians to rout the Italians. The story of the saint's appearance has arisen from the fact that the Italians turned a church dedicated to him near the town into a cavalry stable.

AT AN END.

The Michigan State Legislature
Adjourns Sine Die.

Scenes of Revelry at the Closing Session—Special Message of Gov. Pingree Ignored—He Seeks Advice on Validity of Merriman Law.

(Special Correspondence.)

Lansing, June 1.—The legislature adjourned sine die shortly after midnight Friday. The members kept up until a late hour their revelry incident to the closing of the session. During the celebration a valuable portrait of Gen. La Fayette which hung on the senate walls was badly damaged, a couple of books having been thrown against the canvas, tearing it in two places. The elegant glass doors of the senate chamber were broken and the walnut desks were defaced with a carpenter's hammer. Although it is customary for the members to hold a jubilee at the close of the legislative session, the exhibition is without a precedent. Confusion reigned in the legislature Friday, and as usual upon the final day of the session business was subordinated to the hustle attendant upon the breaking up process.

Gov. Pingree had his final say at the evening session. It was in the shape of a special message on the railroad tax question, in which he maintained that the Merriman bill increasing the specific tax rate would yield an annual increase of but \$155,000, or over \$50,000 less than its advocates claim. He also submitted that the law is clearly unconstitutional, in that it usurps the functions of the interstate commerce commission. Both of these assertions were backed up by figures and a legal opinion prepared by Railroad Commissioner Wessellius, which the governor said was coincided in by a number of eminent lawyers. He urged that the session be continued until this fatal defect could be remedied. Prominent senators and Attorney General Maynard upheld the constitutionality of the laws. Neither house did more than direct that the message be printed in the journal. The session came to an end at midnight.

The refusal of the senate Thursday to take from the railway committee three important bills, that a vote might be had on them, has practically decided Gov. Pingree to call a special session of the legislature, although he says he does not know just when he will do so. The bills sought to require the sale of interchangeable mileage and 500-mile books, and repeal the Michigan Central's special charter. The governor's determination is intensified by the fact that the senate also refused to concur in the action of the house in adopting his suggestion and voting to extend the present session until June 14. The senate, in fact, even declined the request of the house that a conference committee be appointed to consider the subject. The governor was still further snubbed by the upper house by the passage over his veto of the bills making an appropriation for the Mackinac Island state park.

Gov. Pingree has requested an opinion from Dean Hutchinson, of the law department of the Michigan university, as to the constitutionality of the Merriman bill to increase taxes upon railroad earnings. The governor must sign or reject the bill by June 5, and is undecided what to do about it. Its chief alleged defect is that it is in conflict with the interstate commerce law.

The general appropriation budget for the expenses of the state government outside of special appropriations came from the ways and means committee. It calls for \$2,551,451 for the years 1897 and 1898, or \$561,040 less than appropriated by the last legislature. The committee estimates the total saving effected this year at \$948,000.

A state board of arbitration and mediation has been appointed by Gov. Pingree. It consists of Carl Schmidt, of Detroit; Jerome W. Roberts, of Pontiac, and Thomas Roberts, of Negaunee.

Pingree and party arrived at one o'clock, and were greeted by music and the booming of cannon. After lunch an informal reception was held. Ministers Should Use Dr. Miles' Heart Cure.

THERE IS NO PROFESSION, whose labors so severely tax the nervous system, as that of the ministry. The derangement of the nerve centers of the brain by over work, frequently brings on attacks of heart trouble, and nervous prostration.

Rev. J. P. Koster, M. D., Pastor U. B. church, London Mills, Ill., himself a physician, writes Feb. 26, 1895: "Heart affection and nervous prostration had become so serious last fall that a little over work in the pulpit would so completely prostrate me that it seemed certain I must relinquish the work of the ministry entirely. Heart palpitation became so bad that my auditors would ask me if I did not have heart disease. Last November I commenced taking Dr. Miles' New Heart Cure alternately with Dr. Miles' Nerve and derived the greatest possible benefit. I have just closed revival work of 10 weeks, preaching nearly every night and twice on the Sabbath. I can speak for hours without suffering as I formerly did. Hard working ministers should keep Dr. Miles' grand remedies on hand."

Life Made Easy

For Another Holland Citizen—Many People Talking About It.
A typical Hollander is Mr. Jacob Molengraaf, who resides on E. Fourteenth Street. Our representative found him still unable to speak English, but his son interpreted for him, and the following is an account of his experience, which he gives for publication. No better proof for the citizens of Holland can be found than the utterances and endorsement of our neighbors. He says:
"I was a great sufferer during all last winter with my kidneys. The pain was on each side of my back over the hips, it was right where you put your hands when you stand with them placed on your hips. It was worse in the morning, and I was sometimes in such pain I could not get out of bed in the ordinary manner, but would have to sort of roll out, keeping my body as straight as possible, and I would be compelled to walk stooped over until I got gradually straightened out, when I would feel a little easier. This continued in this way until I commenced taking Doan's Kidney Pills. I had seen them advertised, so I procured a box at the drug store of J. O. Doesburg, and on taking them they gave me almost instant relief. I continued using them and I haven't been a sufferer since. I have every confidence in Doan's Kidney Pills. They have proved to be just as represented. If ever I should have any return of the trouble I shall know what to use. It pleases me to be able to speak a good word for them."
Doan's Kidney Pills are not a cure-all, but a Kidney Cure, and that they do cure all forms of kidney disorder it is not hard to prove to the people of Holland, for we can give them the endorsement of their neighbors, and this must satisfy the most skeptical.
Doan's Kidney Pills are for sale by all dealers—price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

WILL ACCEPT ANGELL.

Sultan Withdraws Objections to the New American Minister.
Washington, June 2.—Sultan Abdul Hamid has changed his mind and James B. Angell will go to Turkey as United States minister. The information reached here Tuesday that the sultan had withdrawn his objections to President Angell, principally through the efforts of Minister Terrell, who from the first has made strong efforts to disabuse the minds of the Turkish authorities of prejudice against Dr. Angell. It is learned that the principal complaint of the porte against Dr. Angell was based on an erroneous idea of the Congregational church, of which the porte understood Dr. Angell was a member.
The representations made to the Turkish government were that the Congregationalists were a politico-religious body, likened by the Turks to the Jesuits, and had designs on the welfare of the sultan's empire.
The sultan was therefore advised to object to receiving as the representative of a friendly foreign power a man who was a member of and in sympathy with, if not actually concerned in, a body that was working against his interests. This and the other objections were explained away by Dr. Angell, and Turkey is now willing to welcome him as Turkish minister.

SEEN IN NEW YORK.

Charles H. Smith, a Legally Dead Man, Is Alive.
Detroit, June 1. — Charles H. Smith has returned to this country. On May 14, 1890, Mr. Smith, then a prominent business man of Detroit, mysteriously disappeared. His estate was probated June 19, 1890, and he was declared legally dead. Six months ago his closest friend, James Vernon, heard from him, and yesterday Mr. Vernon returned from New York, where he had met him. Financial reverses drove Mr. Smith away and he says he will never come back to Detroit. Mr. Smith was formerly a member of the firm of Pingree & Smith. He left Detroit one night on a sailing vessel. He has visited South America and China, and until now his family was kept in ignorance of his whereabouts.

GIRL KILLS HER FATHER.

Frederick Heidt Tries to Murder His Daughter and Is Shot Dead.
Mount Clemens, June 1. — Frederick Heidt, a farmer in Warren township, nine miles from this city, was shot and killed by his daughter Minnie, 22 years old. The girl was arrested and brought here. Her father attended church at Roseville, but got badly intoxicated on the way home. Entering his home when his daughter was there alone the frenzied parent seized a razor and made for the girl. She succeeded in wresting the weapon from him and the father's threats being repeated the girl, in her excitement, grabbed a loaded gun and fired at him. The ball struck Heidt in the temple, killing him instantly.

Man with a History.

Lansing, May 27.—Rev. George Taylor died this morning at the age of 87 years. He was a man with a history, one of the pioneer Methodist ministers of the state, and he was largely instrumental in raising the funds with which the soldiers' monument in Detroit was erected. In 1849 he came to Michigan and occupied a pulpit in Detroit for several years. He had also preached at Pontiac, Romeo, Flint, Howell and other interior towns. He was chaplain of the Eighth Michigan infantry during the civil war.

An Athlete Killed.

Big Rapids, May 27.—News was received here that Edwin Johnson, a well-known young man of Holland township, near Milbrook, has met death in a manner somewhat rare. He was continually practicing athletic sports, and also learning to do tumbling. He had rigged up a wire about four feet above the ground, and was in the act of throwing a somersault over it, when the springboard failed him, and he pitched heavily on head and shoulders, sustaining injuries that caused almost instant death.

Tried to Kill His Family.

Grand Rapids, May 29.—Jacob Walsh went home at eight o'clock Friday night shot his wife in the head, chased his daughter out of doors, and then returning, found his wife still alive. He lifted her from the floor and shot her again and went downstairs, where he was arrested an hour later drunk. He is a stationary engineer, about 50 years old. The wife will die.

Faith Cure Fails to Work.

Benton Harbor, May 27.—Miss Ruth Moore died of brain trouble. She had been ill for two weeks, but the parents have been trying to cure her by the faith treatment, and would not allow a physician to administer medicine. This is the second case which has occurred here recently, and much indignation is felt.

Some Other Season.

Kalamazoo, May 27.—Now that the Battle Creek, Kalamazoo & Gull Lake electric road is not to be built this season, owing to scarcity of money, railroad men are said to be planning to unite several Michigan cities by electric lines, including Jackson, Battle Creek, Lansing and Kalamazoo.

Single Five-Cent Fare.

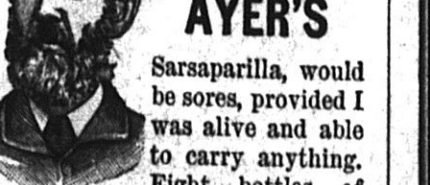

Port Huron, May 27.—The common council has granted the city electric railway company a new 30-year franchise, thereby extending their present franchise about five years, the consideration for the extension being a single five-cent rate over the railway company's entire system.

Gone to His Reward.

Dundee, May 27.—Rev. Jason Gee, an esteemed citizen of this place, for the past 56 years, died at his home here of Bright's disease, aged 60 years. He was a traveling itinerant Methodist preacher, and had worked through southern Michigan for about 15 years.

A Sufferer Cured

"Every season, from the time I was two years old, I suffered dreadfully from erysipelas, which kept growing worse until my hands were almost useless. The bones softened so that they would bend, and several of my fingers are now crooked from this cause. On my hand I carry large scars, which, but for

AYER'S
Sarsaparilla, would be sores, provided I was alive and able to carry anything. Eight bottles of Ayer's Sarsaparilla cured me, so that I have had no return of the disease for more than twenty years. The first bottle seemed to reach the spot and a persistent use of it has perfected the cure."—O. C. DAVIS, Wautoma, Wis.

La Grippe

If you have had the Grippe, you know its aches and pains, the fever, the chills, the cough, the depression—you know them all. The Grippe exhausts the nervous system quickly, lowers the vitality. Two things should be done at once:—the body must be strengthened, and force must be given to the nervous system. Cod-liver Oil will do the first; Hypophosphites the second. These are permanently and pleasantly combined in Scott's Emulsion. It lifts the despondency and heals the inflamed membranes of the throat and lungs. But you need not have LA GRIPPE. You can put your system in a condition unfavorable to it. You can have rich, red blood; resistive strength; steady brain and nerves. Scott's Emulsion prevents as well as cures. And whether you send or go for Scott's Emulsion, be sure you get the genuine.
