for a new residence to be built by
Capt. Austin Harrington on the site
of the base ball grounds on Sixteenth
and River streets.

Rev. J. Van Houte, of Grand Rap-
ids, occupied the pulpit of the First
Reformed church last Sunday, and
was warmly welcomed by his former
congregation.

Prof. J. T. Bergen is attending the
general synod at New Brunswick, N.
J. He will return June 13.

E. J. Liendecker has rented Poka-
gon Inn at Saugatuck for the season
and will open June 29.

Alderman W. Westhoek, the house
mover, this week moved a house be-
longing to J. Van Patten from the
fifth ward to the corner of Fifteenth
and River streets.

The Christian Endeavor of Hope
church will give a social in the church
parlors tonight. All members and
friends are invited.

Anything you want in this dress
goods at John Vandersluis' special
sale during the coming week. Beau-
tiful line of white fairs.

Ice cream and strawberries will be
dispensed at the sale at the home
of Mrs. O. E. Yates, Friday afternoon
and evening, June 14. Come and bring
your friends.

John G. Kamps, who recently moved
here from Zeeland, has purchased the
blacksmith outfit of H. L. Snyder and
will install it in his shop on Seventh
street.

It has been announced that the
steamer, the new Klondyke, will
make its first trip on Kalamazoo river
June 10, carrying passengers to Al-
legan from down the river. The boat
was launched at Saugatuck last week.

Be sure to attend the sale at the
home of Mrs. O. E. Yates, Friday af-
ternoon and evening, June 14th. The
Kings Daughters and the Young Ladies
Aid society will have tables for
the sale of fancy articles.

Rev. J. H. Karsten will conduct
services in the First Reformed church
at Grand Haven Sunday in the ab-
sence of the pastor, Rev. Mullenberg,
who is in New Brunswick, N. J., at-
tending the general synod of the Re-
formed church.

Several volumes have been added to
the shelves in Graves Library this
week. Rev. A. Kriekard presented
Hope with the proceedings of the Gen-
eral Synod of the Reformed Church of
America, from the year 1886 to 1897,
bound in leather. This makes a very
valuable contribution.

The following corps of teachers for
the Saugatuck schools has been en-
gaged for the next school year: P. A.
Latta, Superintendent; Miss Susie
Tisdale, grammar department; Miss
A. Pearl Phelps, intermediate depart-
ment; Miss Edith Brown, primary de-
partment; Miss Amelia Shriver, ward
department.

A sale of spoons and fancy articles
will be held at the home of Mrs. O. E.
Yates, River street, Friday afternoon
and evening, June 14th, by the Ladies
Aid Society of Hope church. Every
kind of kitchen spoons and many
dainty white ones will be on sale. Ice
cream and strawberries will be served
all afternoon and evening, insuring a
social time, to which the public is cor-
dially invited.

Thomas J. Powers has returned from
Loveland, Col., where he went with a
company of Holland beet sugar fac-
tory employees, hired by H. W. Mil-
ler, who was formerly employed by
the Holland Sugar company. Mr.
Powers says that all of the men from
Holland who went west are dissatis-
fied with the treatment received and
that most of them intend to return to
Holland. Mr. Powers is now employed
by the Holland Sugar company.

Something over \$10,000 worth of
furniture and furnishings will be
purchased within the next few days
by J. Boyd Pantlind for the equip-
ment of the new Ottawa Beach hotel
now being built by the Pere Mar-
quette company. The old hotel, as
well as the new, is to have new fur-
nishings in all of the rooms and the
offices are to be so transformed that a
former visitor will not be able to re-
cognize the place. Monday morning a
crew of over 100 men were set at
work by Contractor Green and it was
given out that unless unforeseen mis-
fortune occurs the building will be
ready for opening July 1.

Allegan Gazette.—Perhaps the elec-
tric railway will be built; perhaps it
won't; nothing enterprising in Al-
legan is certain except the wrangling
of its newspapers and the filling of
the graveyard. Perhaps they will
strike oil, but that will be nothing
new, and if they do, somebody will
try and stop the flow unless he can
make all the money. The normal
school has joined in shadow-land the
many ambitious schemes which have
preceeded it into the gloaming. This
beautiful but luckless town has
"Never had a piece of bread
Particularly wide,
But that it fell upon the floor
And on the buttered side."

**ROYAL BAKING

ical Seminary, has accepted the call
to the Reformed church at Graaf-
schap.

Max Noack has accepted a position
in a large jewelry establishment in
Milwaukee. For the past year he has
been with C. A. Stevenson of this
city.

Kanters & Standart have been
awarded the contract for the electri-
cal work on the new Ottawa Beach
hotel. Mr. Kanters purchased the
necessary material in Chicago this
week.

Starkey dredge, No. 8, arrived from
Milwaukee last Saturday in tow of the
tugs Calumet and Waburn. The
No. 8 was fitted out for work here and
was then towed to Saugatuck to
dredge the harbor at that place.

Despite the seemingly cold weather
prevailing during the month of May,
the average or mean temperature of
the month was about the same as it
has been for 30 years back, viz. 55 de-
grees.

Rev. J. Wiebenga, of Oak Harbor,
Wash., will preach in the Fourth Re-
formed church in this city, Sunday,
and Rev. G. H. Dubbink will deliver
a sermon there on Sunday afternoon,
June 10th.

Governor Bliss has signed the mili-
tary bill. If the state military board
decides to increase the militia Hol-
land will stand a good chance for ad-
mission to the national guard as it is
the first city to make application.

The Pere Marquette will establish a
wireless telegraph station at Ottawa
Beach this summer for the purpose of
communicating with its steamers
when on the Ottawa Beach-Milwaukee
route.

At the meeting of the Holland
Poultry and Pet Stock Association
held last Monday night arrangements
were made for the December show
and plans were discussed for a poultry
exhibition at the fair next fall.

John Kramer, B. Van Raalte, Jr.,
G. Van Schelven, John Van Anrooy,
A. Breyman, George Eckles, George
Edler, D. H. Clark and G. Hesselink
of the Van Raalte post G. A. R. at-
tended the funeral of John Harring-
ton at New Richmond Tuesday.

What may prove to be another Lake
Michigan mystery, was partially re-
vealed last Sunday at Port Sheldon;
but whether it is tragedy or comedy
may never be ascertained.

As Ed Lyons was strolling along the
beach near Port Sheldon he picked up
a bottle containing a note written in
plain backhand on a piece of envelope.
It read as follows:

"I was tired of life and jumped over
board in despair.

Fred Elfin."

Art Drinkwater brought the note to
this city. Whether it was written
in sport or whether it is a message
from a suicide's grave in the depths
of Lake Michigan, will probably never
be known.

Sheriff Henry Dykhuis has been in
office just five months yet in that
short time he has had the most sen-
sational murder case in the history
of the county upon his hands, the mys-
terious Holland railroad accident,
several burglary and larceny cases, as
well as many minor criminal affairs
to investigate. He has landed one
man in prison for life, another for a
seven year term and still another for
a three year term. In most of these
cases Sheriff Dykhuis has been aided
by his efficient corps of deputies, but
the brunt of the work has fallen up-
on the sheriff and he has discharged
the duties of his office to the satisfac-
tion of all. No sheriff ever jumped into so
much criminal business as did Sheriff
Dykhuis. If criminal business in this
county keeps up Sheriff Dykhuis will
have quite a colony in Jackson at the
close of his two year term.—G. H.
Tribune.

Mrs. Ed. Hiller, West Fifteenth
street, is recovering from an attack of
appendicitis.

Frank Oosting is laying a cement
walk for Peter Brown on West Ninth
street.

Read "Suggestions for graduating
presents" in Hardie's advertisement
on first page.

Rev. Norman N. Badger will preach
in Grace Episcopal church next Sun-
day morning and evening.

James De Free has succeeded
Charles T. Ryder as day clerk of
Hotel Holland.

Rev. James F. Zwemer says that
\$1478.00 has been received for the pur-
pose of sending Rev. A. Pieters back
to the mission field in Japan.

Those who are attending the Gen-
eral Synod held at New Brunswick,
from this vicinity are Rev. D. Broek,
of Hudsonville, Rev. A. W. De Jonge,
Rev. J. T. Bergen, E. A. Van der
Veen, Holland, Jacob Den Harder of
Zeeland.

G. Hekhuis of Fremont, was in the
city this morning and says everything
is booming there. The Heits Co., are
putting up a sailing house, and a can-
ning factory is also on the list of new
industries.

Alderman H. J. Luidens, assistant
cashier of the First State bank, at-
tended the band tournament in Lan-
sing this week. He is enthusiastic in
his praise of this form of celebration
and says it would be a good idea to
have a tournament in Holland this
year on the date usually devoted to
Farmers' Picnic.

On Saturday night the Graham &
Morton company will run an excursion
to Chicago on the elegant steel side
wheel steamer City of Chicago leav-
ing Holland at 9 p. m., Ottawa Beach
at 11:05 p. m. Returning the Soo will
leave Chicago Sunday night at 10 p.
m. This will give an opportunity to
spend the entire day Sunday in Chi-
cago. Round trip \$1. Berths 50 cents
each way.

The Graafschap band is making
great progress and will soon be a rival
for the honor of being the best band
in this vicinity. The members will
soon be fitted out with new uniforms
and it is expected that they will be in-
vited to Holland to play some Satur-
day night in the near future. The
band is called the Walcott band after
its leader, A. Walcott.

Fennville was visited by a disastrous
fire early Thursday morning. A half
dozen stores and warehouses were
burned to the ground, occasioning a
loss of about \$27,000. The fire origi-
nated in the rear of C. L. Fosdick's
grocery store. It swept down one
side of the street to a distance of
nearly a block, being finally checked
by a fire wall in Hanson's livery barn.
The town is protected only by a hand
fire engine and this gave out early in
the battle. A bucket brigade was
quickly formed, however, and suc-
ceeded in checking the flames at the
brick livery wall.

Holland City News.

FRIDAY, June 7.

Lake and Marine.

The passenger steamer Darius Cole will lie at the dock all summer at South Haven, notwithstanding there is going to be the biggest business ever done on the lakes, with calls for every boat fitted for passenger service. There is no way of loosening the boat from the legal tangle over her ownership until the Supreme Court decides who are really the owners.

OUR NEIGHBORS.

To Correspondents.

As Memorial Day came on Thursday last week and as that is the day the News usually devotes to its correspondence the reports came too late to be "printed" and had to be omitted. That portion that is still "new" will appear in this issue with the correspondence received this week.

West Olive.

Our figuring on crops will probably be correct. Sugar beets seem to be most too sweet for us.

Mrs. Wm. Lent who has been ill with pneumonia for some time is improving.

Mrs. Abe Boyer who has been under the weather since last week is around again. Dr. Tuttle attended her.

Nelson Dreese is still on the broken leg but we hope to see him around again on the fourth day of July. He must remember our Sunday school picnic.

Mrs. James White of Agnew is very sick. Mr. and Mrs. White are both past eighty and are among the earliest settlers in this township.

Wm. J. Babcock and August Brecker were in Holland Tuesday of last week on business.

Sunday school is the best place for small children to learn what is not contrary to the Bible. Parents should always be held responsible for not encouraging their children to study the right and wrong ways of life.

A. Boyer, Sr., plastered the second story of Wm. Halker's house last week.

The birds, they always sing, before warmer days of Spring.

The people and the crops are looking well just now. But it is said that a lightning bolt comes from a clear sky sometimes.

Babcock Bros. must have the third seat this week. They are painting their kitchen white and green, which stands for winter and summer.

Rev. Branch, of Bangor, delivered an eloquent sermon here last Sunday, his discourse was "Love thy neighbor as thyself." Most everybody around here attended.

Oscar Vollmer and Miss Nellie Green were married last Saturday, so we are informed. They will reside in Newaygo Co., where Oscar has employment as station agent. We wish them success in every way.

The West Olive Band delivered good music for the crowd on Decoration day. Lewis Peck, Paul Estelle, Roy Goodman and Wm. J. Babcock, the members are all Republicans. Therefore they can agree on any day.

Our Epworth League organized last month now numbers about 40 members. Meeting held every Sunday night. Miss Minnie Shearer is the pretty secretary.

Ell Sankey was in Holland Tuesday with a load of corn.

Miss Oleiva Ingersoll had a birthday party Tuesday. Miss Vollmer and the school children attended.

M. A. Taylor our fruit tree agent is on the road again. He is a hustler.

Thos. Watson ought to have a swift bloodhound, to assist him in running down the thieves who stole some of his chickens last Monday night.

Mrs. William Sankey of Grand Rapids visited here during last week.

Mrs. Albert Burket is well again. Her mother, Mrs. Lent is also improving.

Mrs. A. Arnold of Holland, and Mrs. Julia Moster of Hamilton spent Decoration day with us.

Wm. Halker spent Sunday with his family, returning Monday to Chicago.

Nelson Cooper allowed a coat of red white, and blue paint to be put on his house last week. That's the way to show patriotism.

G. W. Marble, Jr., is visiting relatives in Chicago.

The best way for our people to celebrate Fourth of July at home is with the Sunday school picnic down by the lake. Isn't that right?

Filmore.

We are very sorry that our neighboring brother from Zeeland have accused our friend, the editor of the News, of such unjust things. But we are glad that he (Mr. W.) knows how to defend himself and the right.

Mr. and Mrs. Henry Lubbers left for Beaverdam last week Tuesday to visit with relatives and friends at that place.

H. Boeve, Sr., and his grand son Clarence spent a few days in Muskegon with the latter's grand parents, Mr. and Mrs. S. Diephuis.

American Inventions Are Often Rejected by English Builders.

All Americans who have lived in London will have noticed the curious facility with which Englishmen contrive to neutralize American inventions by adopting them only in part. It is a symptom of the national myopia which will never unreservedly admit that the English way of doing things is not the best, says the New York Commercial Advertiser.

Any American in London could give a dozen instances of this trait, and they would embrace most conceivable things, from railroad car couplings to elevators, cocktails and soda fountains.

The genius who put up the building in which I occupy a flat may serve as an example. He was evidently infected with American ideas. He had heard of elevators and dumb-waiters and speaking tubes, and he had made up his mind to lead all London by including these conveniences in his flat houses.

But instead of connecting the speaking-tube with the kitchen, he put it just outside the drawing-room, so that if it were used at all, the entire household would have to overhear the struggles of the servants with the tradesmen; and instead of running up the dumb-waiter alongside the kitchen or pantry, he placed it outside the flat altogether, in the hall, opposite the elevator.

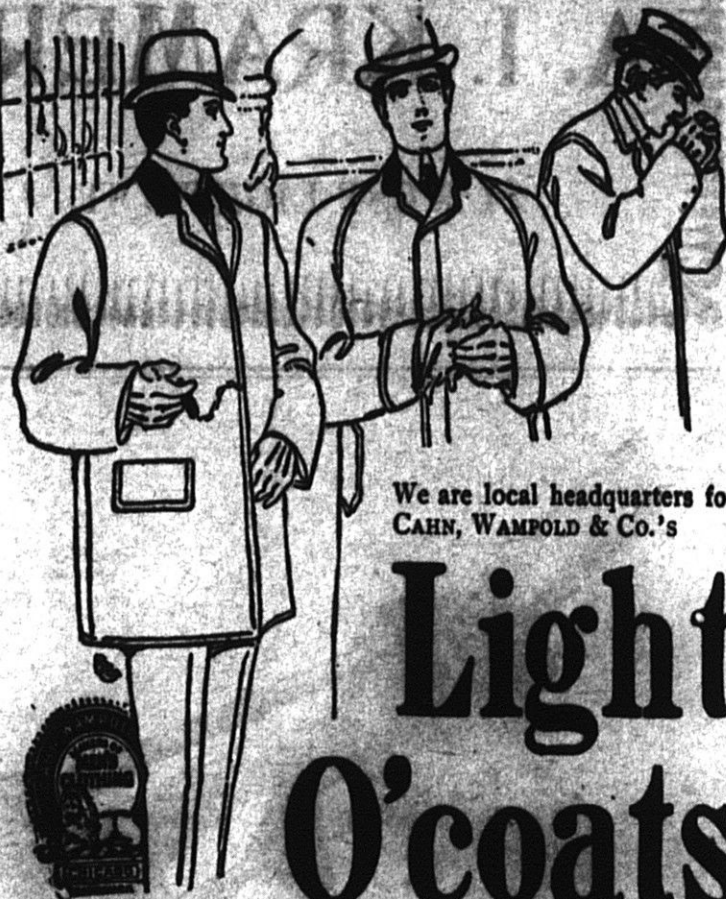

The consequence is, of course, that neither dumb-waiter nor speaking speaking-tube is utilized, and a happy American notion is discredited in English eyes, for lack of simple attention to the necessary details.

CANNOT DROWN FIRES.

Difficulties of Combating Conflagrations in Deep Coal Mines.

Fighting fires deep down in coal mines is a task to put the heroism of the bravest to the test. In an interesting article on the subject in Frank Leslie's Popular Monthly, the author tells how at Plymouth, a large town in the Wyoming valley, a big mine caught fire from the burning of a breaker. Some blazing timbers fell down the shaft, setting it on fire, and preventing entrance to the mine. The fire burned in the shaft and spread downward and inward. In this case there was but one thing to be done. Great pumps were erected, and the river being near, water was poured into the mine for months, until it was flooded to the bottom of the shaft. Then the water was allowed to remain for some weeks, until, in the opinion of the officials, it had reached every nook and cranny of the mine where fire could have lodged. Then the weary work of pumping it out commenced. It took five months of constant effort by the monster pumps. A couple of months' more work was needed to make repairs, and then it was discovered that a large fire burned in the mine, many feet below the level the water had reached. This was due to the air and gases, generated by the fire, holding back the flood of water, a monster cushion of compressed air and gas. Vent holes had to be bored from the surface to remove this, and the weary work of flooding was begun again. It was two years before the mine was in condition to resume operations.

VARICOCELE
No matter how serious your case may be or how long you may have had it, our NEW METHOD TREATMENT will cure it. The "worn-out" returns to their normal condition and hence the sexual organs receive proper nourishment. The organs become vitalized and many persons return. No temporary benefit, but a permanent cure assured. NO CURE, NO PAY. NO OPERATION NECESSARY. NO DETENTION FROM BUSINESS.

STRICTURE
Thousands of young and middle-aged men are troubled with this disease—many unconsciously. They may have a smarting sensation, sharp, cutting pain at times, weak organs, and all the symptoms of nervous debility—they have STRICTURE. Don't let doctors experiment on you by cutting, stretching or tearing you. This will not cure you, as it will return. Our NEW METHOD TREATMENT absorbs the stricture tissue, hence removes the stricture permanently. It can never return. No pain, no suffering, no detention from business by our method. The sexual organs are strengthened, the nerves are invigorated, and the bliss of married returns.

Cures Guaranteed
We treat and cure BLOOD POISON, NERVOUS DEBILITY, IMPOTENCY, STRICTURE, VARICOCELE, SEMINAL LOSSES, BLADDER AND KIDNEY DISEASES. CONSULTATION FREE. BOOKS FREE. CHARGES MODERATE. If unable to call, write for QUESTION BLANK FOR HOME TREATMENT.

CUBANS MUST TRY AGAIN

Action of the Constitutional Convention Not Acceptable to the United States.

REJECTED BY WASHINGTON OFFICIALS.

Modifications and Interpretations of the Platt Amendment Amount to a Practical Amendment—Cubans as a Whole Are Satisfied with the Act of Congress.

Washington, June 1.—The administration has decided that the action of the Cuban constitutional convention in accepting the terms of the Platt amendment with modifications and interpretations of their own was not "substantial" compliance with our terms within the meaning of the amendment and Secretary Root will convey this intelligence to the convention. The decision was reached at the cabinet meeting Friday.

No Power to Change Terms.

The cabinet held that the amendments and interpretations and the wealth of whereas placed by the Cuban convention upon the Cuban amendment amounted to a practical modification of the Platt amendment such as was beyond the power of this government to accept. The message of rejection sent to Gen. Wood advises the Cubans in unqualified language that there is no power resting in the United States government to change the terms of the Platt amendment and that this government insists on the acceptance of the Platt amendment, without amendment or qualification.

The three main points in which the action of the Cuban constitutional convention is regarded as unsatisfactory relate, it is said, to coaling stations, sanitation and intervention.

Cuba Must Adopt Amendment.

Washington, June 1.—It is officially stated that the United States will remain in control in Cuba until the Platt amendment has been "substantially" adopted. This was made known to Gen. Wood last Tuesday by Secretary Root, and his action has been approved by the president.

Was Rejected by Root.

Washington, June 1.—Inside information concerning the action of the Cuban convention on the Platt amendment has just been received in Washington. It appears that the first draft of the amendment, as interpreted by the majority of the committee on relations with the United States, was submitted to Gen. Wood and by him sent to Washington. This draft was approved by Secretary Root and his approval was made known to the Cuban convention. When the matter came up for discussion, however, it was found that there were a number of delegates whose votes could only be obtained by the extended alterations, amendments and interpretations which finally were adopted by the convention and rejected by Secretary Root.

People Are Satisfied.

It is stated officially that the people of Cuba believed at first that the Platt amendment had been adopted and that they were satisfied. Such was the belief of the people of the United States until the draft of the adopted amendment was received here. The belief is expressed in official circles here that the Cuban people as a whole are perfectly satisfied with the Platt amendment and it will finally be adopted.

Eight Miners Killed.

Iron Mountain, Mich., June 5.—Eight men were killed at the seventh level of the Ludington shaft, Chapin mine, at two o'clock Tuesday morning by an explosion and suffocation from the fumes of burning powder. All the men in that part of the mine are dead, so the exact cause of the burning of the powder cannot be determined. All the men but one were married.

Broke Her Neck.

Sioux City, Ia., June 3.—While stooping to tie her shoe, Mrs. John Knowbridge, a widow living near Carroll, Ia., was instantly killed Saturday evening. She was driving with her little son, and while he held the reins the horse became frightened and she was thrown out, breaking her neck.

Will Remain Senator.

Columbia, S. C., June 4.—Senator McLaurin has withdrawn his resignation in deference to Gov. McSweeney's request. Senator Tillman thus far refuses to withdraw his resignation.

Our Population.

Washington, June 1.—Census returns so far completed show that the population of the United States, including Alaska and Hawaii, is 76,330,387.

ARE HOME AGAIN.

Presidential Party Arrives in Washington After a Month's Absence—Mrs. McKinley Not So Well.

Washington, May 30.—President and Mrs. McKinley and the other members of the presidential party reached Washington at 7:30 a. m. this morning. The party has been gone 32 days, and has traveled approximately 6,675 miles.

Washington, May 31.—Mrs. McKinley's condition is most serious. A consultation was held last night between the three physicians in attendance upon her. The president is aware of the danger and telegrams have been sent to Mrs. McKinley's relatives asking them to come to Washington.

Washington, June 1.—The physicians who are in attendance upon Mrs. McKinley, after a consultation Friday forenoon, issued the following statement of her condition:

"Mrs. McKinley is recovering from the fatigue of the trip. The illness from which she was suffering in San Francisco still continues, though in less intense form. She is still feeble and cannot be considered out of danger. Her progress will be slow, but improvement is looked for. P. M. Rixey, M. D., George M. Sternberg, M. D., W. W. Johnston, M. D."

Washington, June 3.—Mrs. McKinley continues very weak. Her condition is not greatly changed from that of Saturday, but each day that elapses without a gain in strength lessens her powers of recuperation.

Washington, June 4.—Mrs. McKinley's ultimate recovery now seems dependent upon her recuperative powers. The illness which affected her at San Francisco and from which she has since been suffering has finally been checked, and the physicians are now directing their energies to assist her in regaining strength.

Washington, June 6.—There was no material change in the condition of Mrs. McKinley yesterday.

NO EXTRA SESSION.

Cabinet Decides That Existing Circumstances Do Not Warrant the Convening of Congress.

Washington, June 5.—The cabinet Tuesday unanimously decided that existing conditions do not warrant the calling of an extra session of congress this summer. Secretary Root and Attorney General Knox both rendered legal opinions to the effect that the authority to govern the Philippines vested in the president by the Spooner amendment was ample. These opinions were concurred in by all the members of the cabinet.

About the first of next month full civil government will be set up in the Philippine islands, exactly as projected by the Philippine commission. As soon after that date as an administrative machinery can be made ready for it the new Philippine tariff will be proclaimed, also following out the original plan formed before the announcement of the decisions of the supreme court last week.

NEWS FROM MANILA.

Transporters Leave with Many Volunteers and Officers—Status of Government Board Fixed.

Manila, May 30.—The transport Thomas left yesterday for San Francisco with 1,615 volunteers and 97 officers, and the Ohio with 749 men and 42 officers.

Manila, May 31.—It has been settled that the governing board of Manila is to consist of an army officer, a Filipino and an American civilian.

Manila, May 31.—Commissary Sergt. Henry Wilson has been sentenced to three years' imprisonment in Bilibid prison for stealing supplies.

Manila, June 1.—Ex-insurgents have formed an association here to secure Filipino laborers for government work in the islands.

Manila, June 3.—Secret archives of the Filipino government, captured at Malolos, prove that Aguinaldo plotted to betray the United States while pretending to be an ally.

Denied a Landing.

San Francisco, June 1.—Nineteen of the 78 Filipinos who arrived here Thursday en route to the Buffalo exposition will not be permitted to land. The physicians at the Marine hospital and the immigration officials decided to send them back to Manila for the reason that they are afflicted with loathsome and contagious diseases.

Miner Killed by Cave-In.

Milwaukee, June 4.—An Evening Wisconsin special from Iron Belt, Wis., says: John Lamont and Andrew Somzak, two miners, were buried beneath a large fall of ground at the Atlantic mine. Lamont, after being buried 11 hours, was taken out alive, but died one hour later. Somzak was taken out dead.

Accidentally Killed.

Springfield, Mo., June 5.—George Bryan accidentally shot and killed Irvin Everts at a point on Wilson creek near here Tuesday, where the Drury college cadets are camping. Both are cadets. They are members of prominent families.

Killed a Guard.

Toronto, Can., June 6.—Rutledge, Rice and Jones, safe blowers, recently extradited from Chicago to Toronto, Canada, killed one of their Canadian guards in a futile effort to escape.

Village Burned.

Jasper, Tex., June 3.—Robbers looted the county treasurer's safe here and then set fire to the town, wiping out every business house and a number of residences.

Three Persons Cremated.

Watseka, Ill., May 29.—Mrs. Mary Hershberger and her daughter and grandchild were burned to death in a farmhouse near here.

FIVE THIEVES ARE LYNCHED

Stockmen at Lookout, Cal., Hang Men Charged with Petty Larceny to a Bridge.

TAKE THEM FROM JAIL AT MIDNIGHT.

Four of the Victims an Old Man and His Three Sons—No Ceremony Marked the Action—Constable Unable to Save the Men from their Fate.

Susanville, Cal., June 1.—Five thieves were lynched at midnight at Lookout, Modoc county, a district which has always been noted for quiet and good order. The lynching was done by 50 small stock raisers, but none of the vigilantes were identified by the constables and his one assistant, whom they overpowered.

Calvin Hall, aged 72, his three half-bred sons, Frank, aged 20; Jim, aged 19, and Martin, aged 16, and Dan Yantis, aged 27, were the victims.

Stolen Articles Found.

The charge against Hall's sons and Yantis was burglary, while against Hall it was petty larceny. Many small articles had been missed recently, among others hay forks, barbed wire and harness. These were found in Hall's house, along with halters, dishes and table cloths. All five were arrested and taken to Adin, the county seat of Modoc county, and placed in charge of the constable and one guard.

Taken from Jail.

Fifty masked men, heavily armed, took the prisoners from jail soon after midnight and within a few minutes the five bodies were hanging from a bridge near the jail. The vigilantes quietly assembled before the building where the victims were confined and there was little indication of organization or leadership. Inside the building Hall and his sons were quietly sleeping. One of the constables in charge of the men was called to the door, and as he opened it he was quickly seized and a rush made for the prisoners. No opposition was encountered and the men were quickly hurried to the open air. Hall's youngest son made a desperate struggle and was killed before the bridge was reached.

No Mercy Shown.

Old man Hall was the first one strung up. No ceremony marked the action. The rope was simply thrown around his neck and 20 willing hands grasped it and jerked the unfortunate man from his feet. The loose end was tied to a convenient fence post and the victim, with his hands and feet tied, was left to strangle. The execution of the other men was practically a repetition of that of the elder Hall.

Scene of the Tragedy.

Lookout is in the Hot Springs valley on the Pitt river. The residents are nearly all cattle raisers in moderate circumstances. Several weeks ago Sheriff Hager, of Modoc county, was killed by his team running away and since that time there have been many breaches of the law in that locality. Hager was a terror to the rustlers and had succeeded in the years he held office of sheriff in effectually suppressing thieves, who in the past had preyed upon the cattle of the ranchers.

Reward Offered.

San Francisco, June 3.—Gov. Gage has offered a reward of \$5,000 for the arrest and conviction of the persons implicated in the lynching of the five men at Lookout, Modoc county, Friday last.

Passed Away.

New York, June 3.—Richard C. McCormick died at his home in Jamaica, L. I., Sunday. He was born in this city in 1832. In 1866 he was appointed territorial governor of Arizona. He served in this capacity until 1869. He was assistant secretary of the United States treasury in 1877-78 and was elected to congress in 1895, serving one term. He served as the United States representative at the Paris exposition in 1889. He married a daughter of the late Senator Thurman, of Ohio, who survives him.

No Dowry Indictments.

Chicago, June 3.—Dr. Dowie and his followers have escaped indictment. The grand jury, after carefully considering the matter, Saturday decided that the evidence did not warrant the holding of the overseer or any of his followers for the death of Mrs. Emma Judd, wife of Deacon Worthy Judd, who died in dreadful agony recently without medical attendance.

Fishing Boats Lost.

Charleston, S. C., June 3.—A fleet of fishing boats from Charleston was caught in a squall which swept up the coast late Friday afternoon, 40 miles south of this city. Three boats are missing. Their crews numbered 15 men, the majority of whom are colored. It is believed all have been lost.

United in Death.

Baraboo, Wis., June 5.—Mr. and Mrs. L. Phoenix are lying dead at their home in this city, having died within 24 hours of each other. Mrs. Phoenix passed away Tuesday morning, not knowing of her husband's death. Both will be buried together at Cazenovia to-day.

Three Men Drowned.

Sandusky, O., May 31.—Dennis Cummings, William Griffith and Otto Adams were drowned near here by the upsetting of a boat.

A Terrible Explosion.
"Of a gasoline stove burned a lady here frightfully," writes N. E. Palmer, of Kirkman, Ia. "The best doctors couldn't heal the running sore that followed, but Bucklen's Arnica Salve entirely cured her." Infallible for Cuts, Burns, Sores, Boils, Bruises, Skin Diseases and Piles; 25 cents at Heber Walsh, druggist.

Graham and Morton Co., Char-
ters Saugatuck Steamers.

J. H. Graham, president of the Graham & Morton Transportation company and J. S. Morton, secretary, were in this city and Saugatuck last Monday and consummated a deal whereby the steamers Saugatuck and Charles McVea of the Chicago, Saugatuck and Douglas Transportation company will be under the control of the Graham & Morton company this season.

Both steamers have been chartered. The steamer McVea will take care of the freight business on the Benton Harbor-Chicago run, and the steamer Saugatuck will make daily trips between Saugatuck and Ottawa Beach connecting at Ottawa Beach with the Graham & Morton steamers clearing for Chicago at 11:05 p. m. By this arrangement while Saugatuck will not have a direct line to Chicago it will have better freight and passenger facilities than heretofore, as the Graham & Morton Co. is in a position to take the best of care of the business.

By the chartering of the McVea and Saugatuck this company practically comes into control of all the passenger steamers operating between Chicago and any port in the great fruit district, extending 100 miles along Lake Michigan. This transfer of boat property has perfected the triangular run from Chicago to St. Joseph thence to Holland.

The steamer Puritan will leave Toledo tomorrow and will enter service about June 15.

Will Not Discontinue Post Office at New Holland.

Some of the districts covered by the rural postal routes do not take kindly to the discontinuance of the post offices in their immediate vicinity. The residents of New Holland are among those who are averse to the change. When they learned that their post office was to be discontinued a vigorous protest was raised and Herbert Pelgrim, John Robert and others started a movement to have the action of the department rescinded. They were successful in their efforts as the following letter from Congressman William Alden Smith will show:

Herbert Pelgrim, New Holland, Mich., My Dear Friend:—I take pleasure in enclosing you letter from Mr. M. B. Chance, Acting Fourth Assistant Postmaster General, in which he says that he has rescinded the order for the discontinuance of the post office at New Holland. I know this letter will be agreeable news to you and I am very glad to advise you of this fact. With personal regards, I am,
WILLIAM ALDEN SMITH.

Death of Harm Broek.

The death of Harm Broek occurred Tuesday night at his home two miles east of this city.

Mr. Broek was ninety-one years of age and came to this vicinity with the early pioneers in 1847. He was well known to the old residents of this locality and enjoyed the respect, confidence and esteem of all who knew him. He was a noble type of the sturdy men from the Netherlands who changed this part of the country from a wilderness to a progressive city. His health had been slowly failing the past year and death came as the result of old age. His wife died eight years ago.

Mr. Broek is survived by two daughters, Mrs. G. J. Boone, of Zeeland, and Miss Jane Broek, who resides at the family home, and four sons, Rev. D. Broek, of Grandville, Rev. John Broek, of South Holland, Ill., Henry Broek and William Broek, who live east of the city. The funeral will be held this afternoon at two o'clock from the First Reformed church.

For Holland City News.

The Spirit of the Transvaal.

Dauntless De Wet, with deeply furrowed cheeks, And shoulders bending with the load of years, Still makes a stand among the mountain peaks, His noble spirit has no thought of fear.

About him are his followers, brave men, The bulwarks of the Transvaal, bronzed and true; The sturdy sons of Holland proudly stand And give their lives to save their homes and land.

Here are the veterans of border war, The honest farmer in his rustic coat; The hardy herdsman and the pioneer; Above them high the Transvaal banners float.

O, plucky Hollanders across the sea, We stand by you in spirit and in love, While you so nobly strive for liberty, Another also walehes from above.

Fight bravely on for independence sake, Strive for the prize for which our fathers died; Strike for democracy the new born guide, Strike and a place among the freeman take.

Press onward, waver not immortal band, The day of reckoning is near at hand; The tyrant trembles and his hand grows cold, The death knell of oppression has been told.

Comrades across the sea, you will not fail; Strong is your arm and vigorous your hold; The power of your enemy is gold; But liberty and justice shall prevail.

The glory of another age is yours; With wondrous bursts of splendor, day has dawned, Up in the heavens a song of triumph send Throughout the world let thunderous echoes bend.

Bert Tibbetts Story of the Murder of Humphrey Jackman.

The examination of States McCoy in Justice Pagelson's court at Grand Haven on the charge of being an accomplice of Bert Tibbetts in the murder of Humphrey Jackman on the early morning of December 31 has produced some sensational developments. Bert Tibbetts has been brought from Jackson and on the witness stand told a remarkable story implicating States McCoy.

He says that on the early morning of Monday, December 31, he arrived at McCoy's home and remained there sleeping in the spare bed room until awakened by Hump Jackman the next morning. Before going to the McCoy home he had been with his girl Jennie Van Oost. It will be remembered that at the trial States testified that he did not see Tibbetts until the Tuesday night after the murder.

But Tibbetts now says that States McCoy was in the barn that morning and witnessed the quarrel between him and Jackman. That States saw him strike the blows that felled Jackman. The quarrel, he says, was over a missing razor and Jackman accused Tibbetts of taking it. Tibbetts says he called Jackman a liar and as the latter left his milking to strike him, Bert picked up the nearby monkey wrench and hit Jackman three times.

Bert then said, to use practically his own language, "States witnessed the entire transaction and did not offer to intervene. Jackman after dropping lay on his stomach, and put his hands to his head and said, 'I have had enough. I cave.' McCoy stood close by and at once advised me to go right for home and said he would attend to Jackman. I was somewhat frightened and started for home and from there to Grand Rapids. At the Hudsonville depot I heard of Jackman's death. I remained in Grand Rapids until the next night and when I got home had a talk with States at the windmill of his place. He told me that at the inquest John McCoy had testified seeing me at the barn and that Mamie McCoy heard the struggle in the barn. States advised me to keep cool and to say but little, and the people would think the mare Daisy had killed Jackman."

"I sat up with Hump's body that night and noticed that he had more wounds than I inflicted. The heavy blow across the bridge of the nose I did not make. The next morning I went into the barn with McCoy and had a long talk with him. He told me where Jackman's head lay, and I disagreed with him, whereupon he said, 'You know what you have done and I know what I have done.' He told me where he had placed the wrench."

Tibbetts does not say that McCoy had told him that he had struck

Jackman after Bert left, but says that McCoy had hinted to him that he had finished the job, that Jackman died hard and lived five minutes after being brought into the house. It has always been a question whether or not the wrench could have inflicted the wound across the nose and if Tibbetts is to be believed McCoy made that cut using some other instrument.

Tibbetts tells of several conversations with McCoy, in which the crime and the missing wrench were talked of. One can also infer from what he says that McCoy hid the overalls he wore that morning.

Tibbetts says that while McCoy and Jackman were apparently friends they really were not, and tells of States holding Jackman's money and the latter once said that if the money wasn't given back to him, he would put States in a tight place. McCoy replied that it was better where it was, as if he (Jackman) had it, he would spend it on a woman who was a loose character.

Tibbetts tells his story in an apparently straightforward way, and in many respects his testimony fits the first theory of the prosecution. It is problematical what effect or what weight his story will have upon a jury. The prosecution is now fairly confident, however, that they have a strong case against McCoy and look for his conviction when the case comes to trial.

The defense will undoubtedly impeach Bert's testimony and show up the many different stories that he has told of the crime.

McCoy denounces Tibbetts as a liar and a scoundrel and said that there was hardly a word of truth in anything his cousin said. He denies point blank that Tibbetts slept at his home the morning before the murder, and says the story of his witnessing the alleged battle in the barn that morning is preposterous. He denies having had any knowledge of the monkey wrench and says that if he had been guilty of the crime, he would certainly have hid it in a much less likely place of being found.

The examination of McCoy will be resumed today at 2 o'clock.

Board Adopts Sewer Regulations.

The board of public works at its meeting held last Monday night adopted rules regulating the use of sewers by property owners. According to those rules no person or firm can lay, alter or repair any house drain or sewer belonging to the city sewer system unless regularly licensed by the city.

Applications for permits to connect with the sewer system must be made in writing by the owner of the property to be drained or his agent, the precise location of the property and the name of the plumber doing the work to appear in the application. Any misrepresentation on the part of the plumber made in the application will result in his suspension or the revocation of his license.

No open gutter, cess-pool or privy vault is permitted to be connected with any sewer or drain and cellar and cistern over-flows may be connected with the sewer or drain, only when they can be tapped in such manner that the water seal cannot be destroyed. The depositing into any sewer opening of garbage, offal, dead animals, vegetable parings, ashes, cinders, rags, etc., is strictly prohibited.

Any person or firm desiring to lay pipes for water, gas, steam or any other purpose, in the street or alley upon which sewers are laid shall give at least 24 hours notice to the super-

intendent of public works before opening the street, and the manner of excavating, for laying and back filling shall be subject to the approval of the superintendent, who has the power to prevent the discharging into the sewer any private sewer or drain through which substances are discharged with are liable to injure the sewers or obstruct the flow of sewage. Before any old private drains or sewer shall be connected with the sewer system the owner shall prove to the satisfaction of the superintendent that it is clean and conforms in every respect with the rules and regulations.

Any person violating any of the provisions of the sewer rules shall be deemed guilty of a misdemeanor and upon conviction may be fined in any sum not exceeding \$50 nor less than \$10, or imprisonment in the city jail for a period not exceeding 30 day, or both fine and imprisonment at the discretion of the court.

The applicant for a plumber's license is required to pay the clerk of the board of public works \$4; for a drain-layer's license \$3; for a plumber and drain layer's license \$6, and file bond in the sum of \$1,000.

The following standing committees were appointed:

Water—Van Duten and Dykema,

Light—Keppel and Van Duren.

Sewers—Van Duren and Dykema.

Machinery—Dykema and Keppel.

Claims and accounts—Keppel and Viescher.

Purchasing Supplies—Van Patten and Van Duren.

Building and Grounds—Dykema and Van Patten.

As a Food For the Skin.

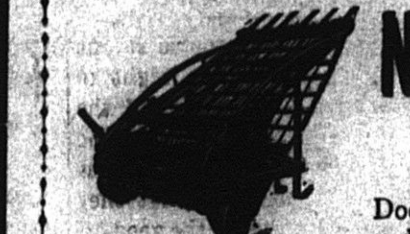

To Make It Smooth, Healthy and Beautiful, Dr. Chase's Ointment is Hailed by Thousands of Fair Women.

Every woman, no matter how beautiful her skin, finds need at times of some preparation to overcome the redness and roughness, and to cure the pimples, blackheads and skin irritations.

Powders may cover up the disfiguring eruptions, but can never cure them, and are positively injurious because they clog up the pores of the skin. Dr. Chase's Ointment is a food for the skin. It is readily absorbed, and thoroughly cures each and every skin disease, making the skin smooth, soft and clear.

No woman's toilet is complete without Dr. Chase's Ointment, for besides being the most perfect skin beautifier obtainable it can be used in a score of different ways. It absolutely cures eczema, salt rheum and the itching to which women are especially subject.

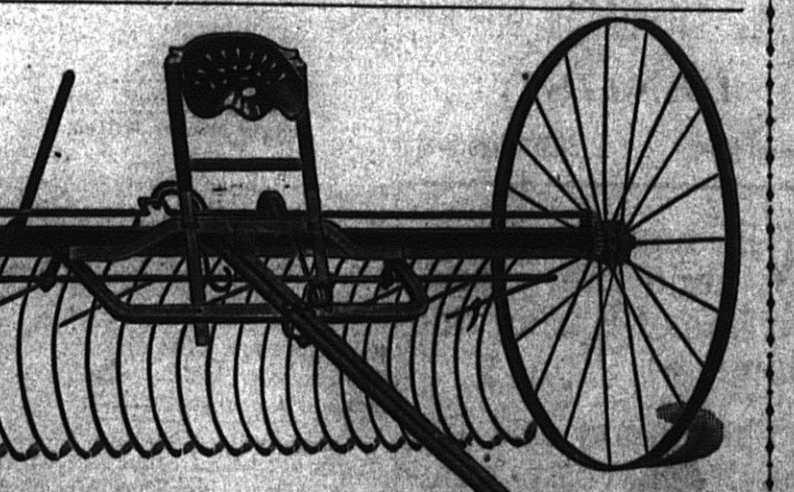

When the feet are sore and chafed with walking an application of Dr. Chase's Ointment takes out the smarting and allays the inflammation in a surprisingly short time. Then for burns, scalds and every sort of chafing, irritation or eruption of the skin Dr. Chase's Ointment affords a safe and certain cure. It has come to be indispensable in scores of thousands of homes in the United States; 50 cent a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Mr. and Mrs. L. T. Kanters Entertain the Firemen.

The members of the Holland fire department were entertained at the home of Mr. and Mrs. L. T. Kanters last Friday night. The first part of the evening was devoted to an informal reception after which elaborate refreshments were served by Mrs. Kanters, assisted by Mrs. John D. Kanters, Mrs. B. Kanters, and the Misses Lena De Pree and Jeanette Blom, and Miss Jennie Kanters.

Then the fire ladders took control of affairs and a unique program was rendered. The leading feature was a balancing contest between J. Lokker, Al. Koning, James Doyle, A. Keppel, J. Hietje, and Dave Blom. They tried the name-writing trick introduced by one of the leading society ladies at a recent social gathering; but A. Keppel and J. Hietje were the only ones who could maintain their equilibrium long enough to perform the feat. They were greeted by a round of applause for their skill. Tests in athletic exercises and contortion were then tried and every member of the department proved that they were trained athletes.

During all these diversions music was furnished by G. Cook and Charles Hansen. They played, they sang and they thumped the guitar and banjo in a manner that moved some of the boys to indulge in jigs and cake walks.

The evening's entertainment was closed by recitations by Miss Jeannette Blom and N. J. Whelan and the happy crowd dispersed hoping that ere long Chief Kanters would ring in another alarm and summon the department to his house for a social drill. Following are the members of the fire department: Charles Hansen, Jerry Dykstra, William Trimble, Dave Blom, John Jekel, John Dyke, Tyler Van Landegard, James Doyle, H. Van Oort, Albert Koning, John Arendsen, J. Hietje, Allie Baker, J. Lokker, Abel Smeenge, John and Edward Streur, B. and G. Cook, J. J. Rutgers, G. Van Haften, A. C. Keppel, C. Lokker, A. Klooster, G. Ter Vree, Will Scott and Frank Stansbury.

Mrs. F. C. Hall Entertains.

At a reception held from 3 to 6 o'clock yesterday afternoon Mrs. F. C. Hall entertained 70 guests. The ladies were all charmingly gowned and formed a beautiful setting to the profusely decorated rooms. Mrs. Hall was assisted by her mother, Mrs. L. Woodman, and they in turn were assisted by Mrs. M. J. Cook. Fruit shrub was served during the reception under the direction of Mrs. Geo. W. Pardee.

The decorations were very pretty and were made up of American beauties, New Century, La France roses, carnations, ferns, palms and potted plants.

The ladies were entertained by a piano duet by Mrs. H. T. Mills and Miss Kittle Doesburg. Then Mrs. Mills favored them with a piano solo played with true artistic skill and technical finish. W. Hawthorne Cooper, the Hope College elocutionist gave several recitations. He was at his best and added greatly to the pleasure of the occasion.

Dainty refreshments were served by the Misses Nellie Ryder, Addie Huntley, and Anna Alberti.

Tonight Mr. and Mrs. Hall will entertain a large number of guests. Both gentleman and ladies will be present and it will be a brilliant society affair.

Huizenga-Bruins.

Miss Mary Huizenga and Rev. Henry M. Bruins were united in marriage last evening at the home of the bride's parents, corner of River and Twelfth street by the Rev. Dr. Kar-

ten assisted by Rev. Dr. Dosker, in the presence of relatives and intimate friends. The bride was charmingly attired in white and carried bridal roses. Miss Hattie Zwemer played the wedding march.

After the ceremony dainty refreshments were served and an informal reception was held. The newly wedded couple received many handsome and valuable gifts.

The guests present from out of the city were D. Bruins, of Alto, Wis., father of the groom; Mr. and Mrs. J. G. Huizenga, A. G. Huizenga and G. H. Huizenga, of Chicago; Dr. T. G. Huizenga and family, Miss Mary J. Huizenga, H. De Pree and family, Misses Minnie and Hattie Boone, Mr. and Mrs. Pruim, and Miss Everhard, of Zeeland; and Mrs. Rev. J. N. Trompen and children, of Ramsey, N. J. Rev. and Mrs. Bruins leave Monday evening for their home in Pekin, Ill. Rev. Bruins has charge of a Presbyterian church at that place.

Mr. and Mrs. Henry Geerlings of 90 West Fourteenth street entertained the members of the consistory of the First Reformed church, their wives, and friends Monday evening in honor of Rev. J. Van Houte, their former pastor, who is now in Grand Rapids. An enjoyable evening was spent. Rev. Van Houte left for Grand Rapids Tuesday.

A dramatic and musical entertainment will take place at the residence of W. R. Buss, 103 East Tenth street, on Thursday evening next. The 12th lost, in aid of Grace Episcopal church. Included in the program which is a most attractive and varied one are selections from Shakespeare, Tom Hood, Samuel Rogers, Father Trout, etc. The musical numbers will be conducted by Mr. Pardee, and Messrs. James Price, Fred Browning and others.

Prof. O. S. "Rehmbold" has received letter from J. B. Angell, president of the U. of M. stating that the committee on Diplomat Schools had placed Holland High School on the U. of M. list for the full period of three years. This is very good news and speaks well for the remarkable progress of the High school, as the standard for admission to the U. of M. has been raised the past few years.

Miss Grace Yates and Dr. A. C. Van Raalte Gilmore will take part in a recital to be given in the Park Congregational church, of Grand Rapids, this evening by Prof. C. N. Colwell and Prof. Frank Campbell.

A large audience gathered at the High school building last night to witness the annual exhibition of the seventh grade pupils of the public schools. The work of the pupils was exhibited and it showed that they have taken advantage of the good instruction accorded them. A program consisting entirely of musical selections was rendered by boys and girls from the Seventh and Eighth grades. They did remarkably well and were heartily applauded. Supt. F. D. Had dock made a short address to parents admonishing them to encourage the children to continue their studies until the full measure was attained. ABOUT SEVEN AND FORTY.

These Are Numbers That Occur Frequently in Biblical Records and History.

Seven is a holy number. Forty, like thirteen, is a superstitious one, says the New York Press. Did you ever try to enumerate its virtues? Moses was 40 days on the mount; Elijah was 40 days fed by ravens; the rain of the flood fell 40 days; another 40 days expired before Noah opened the window of the ark; 40 days was the period of embalming; Nineveh had 40 days to repent; our Lord fasted 40 days; He was seen 40 days after His resurrection; St. Swithin betokens 40 days of rain or dry weather; a quarantine extends to 40 days; the privilege of sanctuary was for 40 days; 40 days was the limit for the payment of a fine for manslaughter; the widow was allowed to remain in her husband's house for 40 days after his death, etc.

Hamlet loved Ophelia harder than 40,000 brothers. The best tale in the "Arabian Nights" is about "Ali Baba and the Forty Thieves." We all take 40winks for a short nap. The 39th articles of the Anglican church are "40 stripes, save one." The Jews were forbidden by the Mosaic law to inflict more than 40 stripes on an offender, and for fear of breaking the law they stopped short of the number.

Keep
Your

Time to Oil Up.

Like every other complex machine, the human body has its periods for repair. Sleep is Nature's time for rest, when the repair shops of the brain make good the damage of the waking hours. The man who cannot sleep, or who suffers from headache, nervousness, lost appetite, indigestion, heart trouble or pain, is running with a hot box. Give the tired brain and worn-out nerves a chance to rest. Stop! It is time to oil up.

"I was troubled for a long time with a stomach disorder and terrible headaches. I could not rest or sleep and night after night would lie awake until three or four in the morning before I closed an eye. The doctors did not help me and I began taking Dr. Miles' Nervine. I could see an improvement the second day, and in a few weeks my head and stomach trouble were gone."

TRAMP'S ESCAPE.

Most Remarkable Thing That Has Occurred in an Engineer's Twenty Years' Experience.

John Smith, a well-known Illinois Central passenger engineer, relates a remarkable story about a man whom he found asleep on the ties of a railroad track a few nights ago.

Mr. Smith was bringing into Chicago the Fish special, occupied by President Stuyvesant Fish and other officials of the road, returning from a general inspection of the line, when, about a mile north of Ashkum, he saw dimly outlined some unknown object, apparently sitting on the rails. The engineer supposed it was a man, and at once applied the emergency brake, says the Chicago Tribune.

The engine had nearly passed the object when it stopped. Descending from the cab, Mr. Smith found a man soundly sleeping. He was sitting with his back to the rails, and so close to them that his head would have struck the oil caps of the engine had he arisen.

The noise made by the approaching locomotive had not awakened the man, and he was not aware of his danger until the engineer grasped his shoulder and roughly shook him.

"Let me alone. Tain't time to get up," he protested, drowsily.

Had the man raised his head an inch when the engine approached he would have been killed.

It was the most remarkable thing that has occurred during the engineer's 25 years' experience.

Engineer Smith the next night ran over and killed an unknown colored man at Chebanse, the second station from Ashkum. The colored man accidentally stepped in front of the locomotive.

DEAF MUTES AT THE PLAY.

More of the Unfortunates Than Usual at the Theater During the Past Season.

"One curious phase of the theatrical business of the past season has been the number of deaf mutes in the audiences," said the head usher of a New York theater. "For several years a good many deaf mutes have been attending performances of panoramas, spectacular plays and highly spiced melodramas, but this year they seem to have declared themselves in favor of high art, and have patronized dramas that are short on action, but long on talk. Deaf mutes generally attend the theater in a party. We have had them come to our house in winter in squads of 20 or 30. Mute auditors of a play always buy good seats. Being deprived of enjoyment through one of their senses, they have to make up for the loss by catering to the sense of sight and they choose seats that give a clear view of the stage. Another thing noticeable about them is the enthusiasm with which they applaud. "At first blush it might seem strange to see so many of the deaf and dumb flocking to the theater, but they are really but little worse off than the average American who goes to see a play in a foreign tongue. The American hears, but as he is unable to understand two words of the dialogue he has to depend upon his eyes for his knowledge of the action, so in that respect he and the mutes are quits."

A SLEEPWALKER'S FEAT.

One Who Guided His Watchful Companion Over Perilous Paths in Safety.

"An interesting case of somnambulism is reported by M. Badaire, director of the normal school at Blois, France. It is accredited by Dr. Dufay and printed in "The Proceedings of the Society of Psychical Research," writes Dr. R. Osgood Mason, in the Ladies' Home Journal. "Theophile Janicaud was a pupil at the normal school, and in the month of July of his second year he commenced to walk in his sleep. On one occasion he got up at night, determined to go fishing. His brother-in-law, M. Simonet, decided to accompany him, but before starting he induced him to alter his plans and go and visit a relative instead. Accordingly this was done, Janicaud remaining fast asleep and undisturbed by the barking dogs or the fatigue of a long walk.

"Finally, he was ready to return, and on the way, coming to a narrow and dangerous path close to the river, his brother-in-law cautioned him to

go carefully in the darkness. Janicaud, with some scorn, declared that he could see the better of the two, and to prove it asked Simonet if he could see the match under his foot, and, sure enough, there was a match. It was a dark night, and besides Janicaud was some 30 feet ahead of him and had his nightcap drawn closely over his face."

Too Many Doctors.

Statistics of the country relating to physicians indicate the possibility, if not the actuality, of overcrowding in the medical profession. It was found in the census year that there was one registered physician to every 655 people in the United States. That the number is in excess of the need is evidenced by a comparison with Germany, where, in 1898, there was only one physician to each 2,114 inhabitants, or relatively about one-third as many as in the United States.

New York a Century Ago.

An old copy of the New York Spectator shows that the population of New York city just 100 years ago this May was 60,483. Philadelphia then contained 68,753 people.

THE bountiful earth is the feed-

er of civilized man, and of its products, no single material out-

ranks wheat in importance as human food. From earliest times it was the food of the most powerful and enlightened nations, and today the wheat eaters rule the world.

The Germans say, "Wheat is the food of the brain-workers, and rice and potatoes the food of the hand-workers." The push, energy and the masterful power of the Americans come partly from ancestral inherited qualities, and from the influence of climate, but especially from food largely made up of wheat and meat.

The quantity of phosphorus and combined nitrogen in the wheat gives it almost dynamic power as a storehouse of force. The proportions of nitrogenous and carbonaceous materials in wheat makes it almost an ideal food, the only deficiency is the comparatively small amount of fat—a circumstance that largely contributes to its keeping quality. In practice we recognize the small amount of fat in flour by using butter along with bread, and "bread and butter" are linked in practice as articles of food. The best flour for family use is such as possesses sufficient strength and also sufficiently good color to make both the best bread and the best pastry, and the pinnacle of perfection in that direction has been reached in the well-known and popular "Sunlight" and "Daisy" brands of flour.

TONS OF POWDER BURNED

Costly Magazine at Mare Island Navy Yard Destroyed with Contents.

FIRE IS CAUSED BY CHEMICAL ACTION.

Ignites Smokeless Powder and Gas and Smoke Force Off the Top of Magazine and the Powder Burns Slowly—Black Powder Magazine in No Danger.

Vallejo, Cal., June 5.—A magazine at the Mare Island navy yard containing about 20 tons of smokeless powder became ignited Wednesday morning by chemical action. The powder did not explode, but generated enough gas and smoke to force the top off the magazine. The powder is now slowly burning up. It is far removed from the black powder and there is no danger of an explosion. The magazine is a fine one, constructed in 1857 at a cost of several hundred thousand dollars. It will be a total loss.

The magazine where the smokeless powder was stored is constructed of brick, and at the time it was built was very costly. It is located on the end of the island away from all other buildings and there seems to be no danger of an explosion or of damage to any of the buildings on the island except the magazine. No apprehension is felt here and there is but little excitement over the fact that a large quantity of powder is burning on Mare Island, not over a half mile away.

The officials at the naval station are busy directing the fighting of the fire, taking precautions against any possible danger, but will give out no information.

WILL MEET HIS KING.

Lord Pauncefote Returns to England—Anticipates Meeting New Ruler.

New York, June 5.—Lord Pauncefote, British ambassador to the United States, sailed on the steamship St. Louis Wednesday for Southampton. He is returning to England for a rest and expects to be gone until early in October. "I look forward to this trip with interest," said the diplomat, "as I shall meet King Edward for the first time since he became king. I shall go direct to London and after that my plans are uncertain."

Mother to Take Moulton South.

New York, June 5.—It was learned Wednesday that Richard Hayden Moulton, the young man who attempted to shoot May Buckley, an actress, about two months ago in a Broadway restaurant, was indicted on Monday last by the grand jury under the name of Richard H. Morris on the complaint of John D. Lafingwell. Tuesday he was discharged on his own recognizance by Judge Cowing. Wednesday Moulton was removed from the prison ward in Bellevue hospital to another ward in the same hospital. He will be taken south in a short time by his mother.

Mackay Cannot Attend Banquet.

London, June 5.—The White Star line steamer Teutonic, from New York May 29 for Queenstown and Liverpool, was sighted off Brow Head at nine o'clock Wednesday morning. It will, therefore, not be possible for her passengers to reach London before six o'clock Thursday morning, and Mr. John W. Mackay, who is on board, will consequently not be able to attend the banquet of the chamber of commerce Wednesday evening.

Tornado at Prentice, Wis.

Milwaukee, June 5.—An Evening Wisconsin special from Prentice, Wis., says: A tornado struck this place Tuesday night. The wind tore up fences and telegraph poles and totally destroyed the Swedish church and tore out the front of S. W. Pierson's store. Many dwellings were damaged and the property loss will be very heavy. More particulars soon.

Five Fishing Boats Missing.

Saint Brieux, France, June 5.—Five fishing boats which went on a fishing cruise in Iceland waters have been missing for two months and are now believed to have foundered in a gale, April 6. Their entire crews, numbering 117 men, are supposed to have perished. There is general mourning here and in neighboring villages.

Won by American Horse.

London, June 5.—William C. Whitney's Volodyovski won the Derby. He was generally regarded as the probable winner, but the size of the field made the race open and the betting slow. Twenty-five horses started. The Derby stakes were 6,000 sovereigns.

Tells of Visit to America.

Berlin, June 5.—Herr Dallin, director of the Hamburg-American Steamship company, took luncheon with Emperor William Tuesday and gave him a majesty account of his visit to America. The emperor also received the widow of Baron von Ketteler.

Michigan Man Dead.

Lansing, Mich., June 5.—Superintendent E. P. Church, of the state school of the blind, died, aged 66 years, after several weeks' illness. He was born at Orwell, Vt., and for a time was president in the Oahu college, Hawaiian islands.

Discuss Educational Work.

Des Moines, Ia., June 5.—The general synod of the Evangelical Lutheran church devoted Wednesday to discussion of the eighth annual report of the board of education.

MEMORIAL DAY.

Heroes Who Died for Their Country Remembered Throughout Length and Breadth of the Land.

Washington, May 31.—Memorial day was observed in Washington with the usual ceremonies. Arlington cemetery, as usual, was the point of central interest.

New York, May 31.—Memorial day was observed very generally throughout this city and in the state. At Grant's tomb the interesting feature of the ceremonies was an address by Wu Ting Fang, the Chinese minister. Cincinnati, May 31.—An unusually large parade passing over a short line of march was the principal feature of Memorial day in Cincinnati.

Chicago, May 31.—Twenty-eight Chicago grand army posts took part in the Memorial day parade, in which 1,500 veterans and 4,500 state troops and civic bodies marched. Gov. Yates reviewed the line.

St. Louis, May 31.—Memorial day celebration in St. Louis was general. Ransom post decorated the grave of Gen. W. T. Sherman in Calvary cemetery.

Chattanooga, Tenn., May 31.—The graves of the 13,500 union soldiers and the 400 Spanish-American war soldiers buried in the national cemetery here were decorated with fitting ceremonies.

Atlanta, Ga., May 31.—Special trains conveyed large crowds to Marietta, Ga., where the graves of more than 10,000 federal dead were decorated.

Boston, May 31.—The principal event of Decoration day in Boston was the celebration at the navy yard, and several hundred school children strewn flowers upon the water in memory of those who have perished at sea.

Springfield, Ill., May 31.—Memorial day was observed with much ceremony in this city. In the morning the women of the G. A. R. went to Oak Ridge cemetery and decorated the graves of 300 soldiers with flowers. Formal exercises were held in the afternoon at the national Lincoln monument.

MANY PERISHED.

Over 70 Lives Lost in Fires which Destroyed Plantations on Isthmus of Tehuantepec.

Oaxaca, Mex., June 3.—Further details of the great fire which raged on the Isthmus of Tehuantepec for several days have been received here. Over 70 people were unable to escape the rapid progress of the flames and were burned to death. The fire started on a coffee plantation, and owing to the dryness of the vegetation it was soon beyond control and wrought great destruction to growing crops. Many thousands of acres of coffee trees, bananas, orange trees, and other tropical products were destroyed. A number of plantation buildings were destroyed. Those who met death in the flames were all families of plantation laborers, who, being unable to escape the fire, perished in their huts. The fire burned for ten days and was finally quenched by a heavy tropical rain.

HERRON IS OUT.

The Iowa College Professor Who Has Gained Such Notoriety Expelled from Church.

Des Moines, Ia., June 5.—Prof. George D. Herron, former applied Christianity professor in Iowa college at Grinnell, is no longer a Congregationalist. He was tried by a council of ministers and elders of the church representing eight organizations, sitting at Grinnell Tuesday, on charge of "conduct unbecoming a Christian and a gentleman." Evidence was introduced to show cruel treatment of his "unusually loyal and devoted wife," which finally resulted in divorce proceedings and legal separation. A lengthy letter from Dr. Herron was presented in his defense, but at the close of its consideration the council decided the charges were sustained and voted unanimously to expel him from the church.

The Public Debt.

Washington, June 3.—The monthly statement of the public debt issued by the treasury department shows that at the close of business May 31, 1901, the debt less cash in the treasury department amounted to \$1,062,476,494, which is a decrease for the month of \$10,268,762. This decrease is largely accounted for by the purchase of bonds for the sinking fund and the increase in the cash on hand.

A Severe Fight.

London, June 1.—Four officers killed and 174 men killed and wounded in the British loss in fighting off an attack of Boers under Gen. Delarey at Vladfontein, on the Durban-Johannesburg railroad. The Boers were driven off after severe fighting, leaving 35 dead on the field.

Burned at the Stake.

Bartow, Fla., May 30.—Fred Rochelle, a negro 35 years of age, who criminally assaulted and then murdered Mrs. Rena Taggart, a well-known and respectable white woman of this city, was burned at the stake by a mob.

Brothers Drown.

Washington, Wis., June 5.—Raymond and Vernon, two sons of James Cassidy, aged seven and five years, respectively, were drowned Tuesday in a small pond in the south part of the city. They had been playing on a raft.

Victims of Lightning.

Welch, Ia., June 5.—J. H. Gallop and his son Ralph, recently from Grand Ridge, Ill., were on Tuesday killed by a bolt of lightning while they were standing by an open window.

HAVE AGREED ON CHINA.

Berlin Officials Say That the Powers Have Decided the Question of Indemnity.

THE TOTAL AMOUNT IS \$327,000,000.

Money Will Bear Four Per Cent. Interest and Is to Be Raised by Increasing Duties—Field Marshal von Waldersee Leaves Peking—Foreign Troops Fight.

Berlin, June 4.—It is learned from a high official source that the powers have come to a decision on the Chinese indemnity question. China is to issue bonds amounting to 450,000,000 taels (\$327,000,000), at four per cent. interest, amortized at one per cent., to begin in 1902.

The money is to be raised by an increase of five per cent. in the maritime customs, by a duty on salt, an inland customs duty and by money now set free from an old loan. The Chinese income will be controlled by an international board sitting at Tientsin.

Waldersee Leaves.

Peking, June 4.—The departure of Field Marshal Count von Waldersee from Peking Monday was marked by a great military display by the allied troops, the booming of artillery and the playing of bands. The entire diplomatic body escorted the field marshal to the depot.

Von Rauch, the aide-de-camp, and nephew of Count von Waldersee, will remain here to escort Prince Chun, the emperor's brother, to Berlin, where he will formally apologize in behalf of China for the murder of Baron von Ketteler.

Serious Affray at Tientsin.

Tientsin, June 4.—There was a serious affray Sunday between international troops. Some British fusiliers who were acting as police here sought to prevent French soldiers from house breaking, when they were attacked with bayonets and bricks. The fusiliers, in self-defense, fired in the air. This brought a number of Germans to the aid of the Frenchmen. They numbered together 200 men. Five fusiliers fired again, killing a Frenchman and wounding three others. In subsequent fighting, four fusiliers, five Germans and one Japanese were wounded. The arrival of a German officer and a strong guard ended the fray.

Russia and America Hold Aloof.

New York, June 4.—A special to the Herald from Washington says: Neither Russia nor the United States will detail troops to garrison the posts to be established by the powers between Taku and Peking. Russia's determination to refrain from maintaining troops upon the territory of a neighboring empire is another indication of her purpose to pursue to the end the policy which she originally adopted.

Do Not Agree.

Peking, June 6.—Ministers and generals of the allied forces differ on the question of withdrawal of troops, those familiar with Chinese methods advising delay.

CITY OF ERIE WINS.

Defeats the Steamer Tashmoo in a One Hundred Mile Race on Lake Erie.

Cleveland, O., June 5.—The hundred-mile race from Cleveland to Erie Tuesday between the Cleveland passenger steamer City of Erie, owned by the Cleveland & Buffalo Transit company, and the Tashmoo, Detroit's crack passenger boat, owned by the White Star company, was in many respects the most noteworthy race ever sailed on fresh water. The Erie covered the distance in four hours, 19 minutes and nine seconds, passing the stake boat at Erie one minute and thirty-eight seconds ahead of the Tashmoo, beating the latter by 45 seconds elapsed time. It was pronounced by old vesselmen to be the prettiest race ever witnessed. Aside from winning the speed championship of the great lakes, the Erie won about \$100,000 for those who bet on her.

Death of Hiram Price.

Washington, May 31.—Hiram Price, who served many years in congress as a republican representative from Iowa, and who was commissioner of Indian affairs from 1881 to the beginning of the first Cleveland administration, died here Thursday morning of heart trouble. Mr. Price, who was 87 years of age, was president of the State bank of Iowa for many years.

Receipts and Expenditures.

Washington, June 3.—During the month of May the government receipts were \$32,629,440 and expenditures \$42,136,560, leaving a surplus of \$10,492,980 and a surplus for the 11 months of the present fiscal year of \$58,587,135.

Capt. Howgate Dies.

Washington, June 3.—Capt. Henry W. Howgate, who embezzled \$380,000 from the government and subsequently dodged secret service detectives for 12 years, died suddenly Saturday in Washington, aged 67 years.

Heavy Claims.

Washington, May 30.—Fifteen claims amounting to \$270,000 have been filed with the Spanish claims commission on behalf of the survivors of the Maine disaster and the families of victims.

Fire Losses.

New York, June 6.—The fire losses of the United States and Canada for the month of May were \$22,380,150, against \$15,759,400 in May last year.

A Case Of It.

MANY MORE LIKE IT IN HOLLAND.

The following case is but one of many similar occurring daily in Holland. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence.

Mr. Garret Kopenga, living five miles southeast of Holland, farmer, says: "I have been subject more or less all my life to attacks of kidney pains and backache. If I caught cold or strained myself from doing any unusually heavy work I was sure to be laid up for a time. The attacks came on at intervals and were very severe, so that it was almost impossible for me to bend over and if in a stooped position I could scarcely straighten again. I tried a great many different remedies and wore plasters but could get nothing to remove the trouble until I saw Doan's Kidney Pills highly recommended and went to J. O. Doesburg's drug store in Holland and procured them. My back was hurting me severely at the time but it required only a few days treatment to relieve me and in a short time the aches and pains were entirely removed."

Under the law, a silver dollar may be a grain and a half over weight, and this "limit of tolerance" applies to all of our silver coins. In other words, they are not allowed to vary more than that much from standard. In the case of gold pieces, the limit is half a grain either way, up to the eagle; a variation of as much as one grain being permissible in the \$10 and \$20 pieces, says the Saturday Evening Post.

Whenever a fresh batch of dollars is turned out at the mint, samples are forwarded to the treasury at Washington, where they are put through a very curious process. Each dollar is first weighed on exquisitely delicate scales, to make sure that it is heavy enough, and yet not too heavy. Then it passes between two steel rollers again and again, until it is flattened out and transformed into a thin strip of silver—a sort of ribbon—a foot and a half in length. Then it is put beneath a little machine provided with several small punches, by which hundreds of tiny disks are punched out of the metal strip.

Now, the object of this performance is to obtain samples of metal from all parts of the dollar, inasmuch as it is conceivable that one portion might be richer in silver than another. The little disks are shuffled together, and a few of them, taken at random from the lot, are subjected to an assay. Thus the fineness of the material of the dollar is ascertained with absolute accuracy, and the weight having been already determined, the value and correctness of that coin are perfectly known.

The sample pieces having been found correct, it is inferred that the entire batch of dollars is all right.

DONE BY POST OFFICE WOMAN.

Employee in the Chicago Department Who Has Accomplished a Wonder.

There is a woman on the Chicago post office force who is doing what no other woman in the city can do, and very few men, says an exchange of that city.

About three years ago Miss Henrich was put on as a substitute clerk at the Lincoln park substation, which distributes mail to one of the largest districts in the city. During last year 15,000,000 pieces of mail were handled there.

While Miss Henrich was serving as substitute she had plenty of spare time, which she spent in learning the "distribution scheme," which is the burden of every green employee's life.

The "scheme" is an arrangement of pigeonholes where the mail is thrown before being delivered. At Lincoln park station there are 64 holes, one for each carrier, and the various streets and dividing numbers of each carrier's district must be thoroughly memorized, so that when the mail is dumped on the distributing table in large sack loads no delay will result in "throwing" the letters properly.

Last November Miss Henrich was appointed a regular clerk, and at a test given to the clerks by Superintendent Herman Lieb, the woman employee asked to be allowed to compete, and she made as good a record as any of her fellow-employees by making only one error in "throwing" 500 letters. This has been repeated every day since her entry into the service.

We Now Grow Giant Bats.
With the Philippines we have acquired quite a remarkable addition to our zoology in a giant bat that far exceeds in size his cousins on this continent. He is a repulsive looking, stupid, slow-flying creature, that often reaches the measurement of 30 inches from tip to tip of his demonic wings, says the New York Herald.

With all of his horrible appearance he is not only harmless, but to some extent useful, in destroying noxious insects and in furnishing a small amount of not very appetizing food. In the evenings these bats swoop through the streets of the towns, in large numbers, slowly, and apparently without ability to dodge objects that present danger, so they are readily struck down with clubs. They are sold in the market at less than two cents each, being bought only by the very poor natives, who get a little quantity of meat off each side of them under the wings. The rest is too tough and strong, even for a poor hungry Filipino.

Seven Denominations in Wedding.
"The college roommate of a friend of mine was engaged to a lady in New York," writes Rev. D. M. Steele in his article on "Some People I Have Married," in Ladies' Home Journal. "His people are Congregationalists, but while at Yale he became a Unitarian. Her parents are Roman Catholics, but she was a member of the Ethical Culture society at Carnegie hall. In compliance with her mother's wish he asked five different priests to marry them, but all refused. In despair he came for me. I married them, an Episcopalian, with the ritual service in a Presbyterian chapel. The Roman Catholic brother of the bride and the Congregational sister of the groom were present. This sister acted as one witness; the other witness was a Jewess."

Chestnut Growing in France.
In no part of the world does the business of growing chestnuts involve so much attention and involve the outlay of so much capital as in France. These delicious and popular nuts are shipped from France to all other countries, the United States receiving a goodly share.

AUSTRALIAN NICKNAMES.

"Cornstalks," "Gum-Suckers" and "Crow-Eaters" Are Some of the Pet Appellations.

Although the Australian colonies have now been linked together in a commonwealth, it is not probable that the nickname bestowed by one province on another will be abandoned, says the Leisure Hour. The inhabitants of New South Wales have long been known as "cornstalks," an allusion to the length and slenderness of the average young New South Wales native. Victorians are known as "gum-suckers," with reference to the gum that is found on many native trees, some of which is relished by juveniles. "Crow-eaters," as applied to the Western Australians, owes its origin to a statement that in times of drought the wheat farmers of south Australia are driven to the source suggested for food. "Wheatfielders" is a more euphonious name sometimes used for the same province. The Queenslanders are known as "banana landers," that tropical fruit growing there abundantly. Western Australians—or, as they are now generally called, Westralians—are known in the east as "sand groppers" or "groppers." The Westralians themselves group all the other states into "t'other side," and call the residents "t'other siders." Tasmania, green little isle that is like England in climate and other characteristics, is generally regarded as very quiet and rather behind the times, and is referred to as "the land of lots of time," the "land of sleep a lot," and so on, while the inhabitants are called "Tassies" and "jam-eaters," the latter being an allusion to the great fruit production of the "tight little island."

WASTE OF GOLD IS HEAVY.

Loss and Wear of the Precious Metal Amounts to a Million Dollars a Year.

It is fortunate for the world that new gold mines are being developed at a rapid rate; otherwise there would soon be a famine in the precious metal. The loss by the wear of gold coins is in itself of much consequence. A competent statistician estimates it at 1 1/2 per cent. of the total amount in circulation, or \$37,500,000 for gold and silver combined. On this basis it may be calculated that the annual loss which actually takes place in gold alone by wear and tear is about \$20,000,000. Gold is lost in many other ways, vast quantities are hoarded (especially in foreign countries), and a large proportion of this is subsequently lost, as shown by the quantity of treasure trove which comes to the surface every year, though it probably represents but a small part of that which has been concealed. Every ship which founders at sea takes a certain amount of gold with it, which may amount anywhere from a few dollars to millions, if it happens to be laden with the precious metal. The amount of gold required annually in the arts is estimated at \$80,000,000, and as this calculation was made a few years ago, when the annual production was about \$120,000,000, it follows that the amount used in this way is about double that which is used as currency.

SENDS HIS BILLS TO THE MEN.

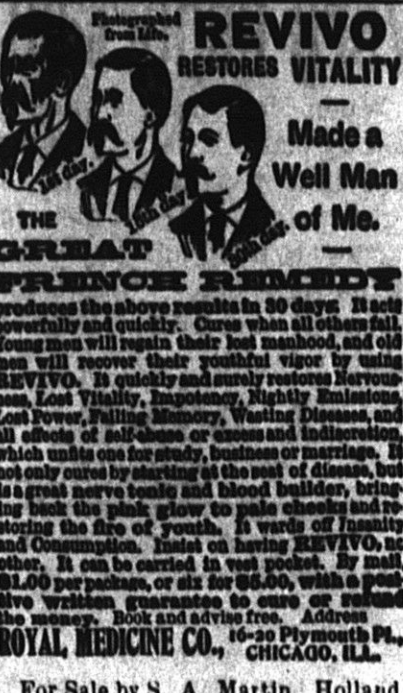

Shopkeeper Who Found That They Paid Much More Promptly Than the Women.

There is a man in an eastern city who does a large business in babies' dresses, and clothing for very young children, writes Edward Bok, in Ladies' Home Journal. He makes and sells nothing else. His trade is almost entirely with women. Up to within three years ago he would send out to his customers bills amounting to as much as \$10,000. In six months' time he would receive less than \$3,000 in return. Yet his customers all "stood well" and were considered women of easy means. Then he deliberately changed his method of rendering bills. He went over his books and found that he had some \$12,000 worth of unpaid accounts. He made out the bills and addressed them to the husbands or fathers of his customers, directing the bills to their offices. Within 60 days he had received \$9,000 in checks. His invariable rule now is to send all his bills to the husbands, fathers or the male members of his customers' families. When no male member exists he insists upon a cash transaction.

Women in Holland.

A great change has come over public feeling in Holland as to girls in the upper classes earning their own livelihood. The prejudice against women working for a livelihood has almost disappeared and even rich women sometimes choose a profession. They number doctors, dentists, many of them first rate, photographers, and gardeners. About 1,000 girls hold posts as assistant chemists, some 3,000 are nurses, trained in the White Cross homes, and on a par with the very best of their profession. A woman is curator of the natural history museum in Haarlem and another holds the same post at Utrecht, while a third is head dispenser at a hospital in Amsterdam. The railway, post and telegraph offices are largely served by women clerks, who altogether outnumber the men.

The United Kingdom in Connecticut.
A drapery store in a Connecticut town is said to be run by three men, named England, Ireland and Scotland. They met for the first time in America. Scotland married England's sister, and Ireland is engaged to another sister. The son of the first union is called Ireland England Scotland.

Sporting News.

At last the proper steps have been taken to put a good base ball club in the field in this city.

A meeting was held last Friday night and a stock company was formed. It is known as the Holland Base Ball Association, and will be incorporated under the laws of the state of Michigan. Two hundred and seventy dollars has been subscribed by the following charter members of the association.

Dr. C. E. Water, J. G. Van Putten, G. A. Kanters, J. A. Van der Veen, B. D. Keppel, W. W. Hanchett, R. B. Fuller, C. J. De Roo, Dr. A. Kooilhuizen, J. P. Ogel, A. B. Bosman, H. Van Tongeren, N. J. Whelan, John Bosman, J. B. Mulder, R. Easley, A. J. Westveer, J. Verschure, I. Goldsman, Will Botsford, D. Blom, Fred Boone, B. Van Raalte, Jr., and Con De Pree.

The stockholders have elected the following board of directors:

Con De Pree, B. Van Raalte, Jr., N. J. Whelan, J. B. Mulder and "Java" Verschure.

The board elected Con De Pree president and B. Van Raalte, Jr., secretary.

Certificates of stock will be placed on sale in a day or two as it is the purpose of the association to raise \$500 in all.

There is no doubt that the stock will meet with a ready sale as the association will be placed on a paying basis. Holland has good material for a base ball club and as games will be arranged with other cities a good sum can be realized from every game.

The club that in the past represented Holland has placed itself under the control of the association and will hereafter play under its direction. Following are the members: Andrew Ver Schure, Tony Van der Hill, John Schouten, John Banninga, J. Peterson, Rob De Pree, J. Van Putten, Jim De Pree, W. Vos, B. Van den Berg, "Vaudie" Van den Berg, Bert Huntley.

The grounds on River street between 17th and 18th streets have been leased for three seasons, of J. C. Post and already arrangements are under way to fence in a base ball park, build bleachers and erect a grand stand. The park will be ready in about ten days and will then be opened to the public with appropriate ceremonies.

After considerable preliminary sparring a game has at last been arranged between the Holland and Zeeland clubs. Con De Pree, president of the Holland Base Ball Association and J. P. De Pree, Jr., manager of the Zeeland club, went to Grand Rapids yesterday and closed the deal.

The game will be played next Thursday afternoon at 3:30 at Grand Rapids and W. Tibald ex-president of the Olympic Athletic club will act as umpire. Following are the conditions governing the game:

This agreement made and entered into by and between John P. De Pree, Jr., manager of the Zeeland base ball team, party of the first part, and Con De Pree, representative of the Holland base ball team, party of the second part.

The party of the first part and the party of second part severally and jointly agree that their respective teams are to play a championship game of ball, for \$100 a side, to be played in the city of Grand Rapids on the 13th day of June, 1901, at 3:30 p. m.

It is further agreed that W. J. Tibald is to officiate as umpire. The winning team, as decided by the umpire, shall receive three-fourths of the gate receipts, after deducting expense of grounds and umpire, and the losing team the remaining one-fourth.

The sporting editor of the Grand Rapids Herald is to be stake holder and shall turn the full sum of \$200 over to the manager of the winning team on the order of the officiating umpire. The teams are to be made up from the following men:

Zeeland—DePree, Karsten, Dykewell, Thurston, Slabbekorn, Coburn, Schulmyer, Glerum, Van Dyke, Baert Sooy and Boonstra.

Holland—Van der Hill, Ver Schure, Peterson, B. De Pree, J. De Pree, J. J. Van den Burg, B. Van den Burg, Van Putten, Banninga, Schouten, Vos, Huntley.

In case of rain later date to be agreed upon by the respective managers. Game to be played under national league rules.

The Zeeland club beat the Hamilton club Wednesday by a score of 30 to 1.

The Grand Rapids High school boys, fresh from their victory over Zeeland, with the plaudits of the Memorial Day crowd still ringing in their ears because of the shut out given that much vaunted club, came to Holland last Saturday afternoon to repeat the trick to the Hope college nine; but they were off in their reckoning and suffered defeat by a score of 14 to 10 in favor of Hope.

The game was a scorcher and filled the hearts of 800 fans with joy. The scoring was light in the early part of the game with Grand Rapids leading. Then the students solved the curves of the Grand Rapids pitcher and began to knock the cover off the ball. They scored and scored until it was 14 to 2 in favor of Hope. Then Huizenga, who was in the box for the students, and who by masterly pitching held the visitors down to a few scattered hits, felt a twinge in his arm and knew that he had to let up on his speed. The visitors found the ball, bunched their hits and pounded out 8 runs in the seventh inning. Bob De Pree was put in the box and held the visitors down to a few infield hits. They could not find his tantalizing curves and Hope kept its lead and won the game. The rosters went wild over the magnificent victory, the greatest ever won by a Hope college club, for they test one of the best High school nines in the state and vanquished the club that shut out Zeeland. Manager De Pree, of Zeeland saw the game and soliloquized thus: "If Grand Rapids beats Zeeland and Hope beats Grand Rapids what show will Zeeland have against the Holland club?"

The Holland club has a number of good players, and as a whole are a well behaved lot of young men.—Douglas Record.

The High school boys defeated the college "Preps" Monday afternoon in an exciting game. Batteries—High school, Vos and Planstiel. "Preps"—Van der Laan and Appeldoorn. Umpire, Schouten.

Holland and Hope met for a practice game Wednesday afternoon. "Tards" Ver Schure was in the box for the city team and held the college boys down to a few scattering hits; but owing to six errors by one of the boys that lacked practice the college boys made six runs. Van der Laan pitched for the students and aided by the boys back of him who played an errorless game kept the score of the city team down to 3. Umpire—"Vaudie" Van den Berg.

Arrangements are being made to charter a special train for the Holland Zeeland base ball game at Grand Rapids next Thursday. It is expected that a fare of 50 cents for the round trip will be obtained and that several hundred fans from Holland will attend.

CHARGED WITH FORGERY.

Mayor of Grand Rapids Has Two Witnesses in Water Works Case Arrested.

Grand Rapids, Mich., June 5.—E. H. Garman and Robert Cameron, of New York, representatives of eastern promoters, who came here Tuesday to testify before the Kent county grand jury which is investigating alleged corruption in the attempt last fall to put new water works system in Grand Rapids, have been arrested on complaint of Mayor George B. Perry, on charge of forgery. The warrant was secured from Police Judge Doyle after County Prosecutor Brown had refused to grant it. A strong effort is alleged to have been made to keep Garman and Cameron from testifying before the jury, as their evidence is said to be vital. The charge of forgery is based on an alleged worthless check which accompanied the water supply bid presented by Mr. Garman for the men he represented. The city administration is now at open war with the county officers who are in charge of the grand jury. Cameron was kept in the police station all night incommunicado.

PHILLIPS NOT POISONED.

Chemist Reports in Regard to Analysis of Stomach—Stanley Is Released.

New York, June 5.—The report of George A. Ferguson, an analytical chemist who made an examination of the stomach of Rev. E. S. Phillips, of Hazleton, Pa., who was found dead in the apartments of "Kirk" Stanley three weeks ago, shows that Father Phillips was not poisoned. Stanley was arraigned before the coroner Wednesday.

As soon as Stanley was arraigned Coroner Baisch said that his hope to hear that the dead priest was not poisoned was realized, and it gave him much pleasure to release Stanley from custody. He said the shadow had been removed from over Stanley, and he could now go his way. He declared the man discharged.

Stanley shook hands with the coroner, his counsel and the assistant district attorney and witnesses, and left the courthouse.

Peking, June 4.—Gen. Gaselee, the British commander, says the fracas at Tianjin Sunday was a mere drunken brawl, such as is liable to happen in any garrison town, and that it has not disturbed the cordial relations between the British and French authorities.

Choosing World's Fair Site.

St. Louis, June 5.—The battle of the sites began in earnest Wednesday at the world's fair headquarters when committees from site associations appeared before the executive committee of the Louisiana Exposition company. Two sites were tendered, one comprising 1,681 acres located in the southwestern section of the city and one of 833 acres in the northwest district. The hearing will be continued two days longer in order to give other site associations an opportunity to extol the advantages of their properties.

Married by Archbishop Ireland.

New York, June 5.—Miss Maud Van Cortlandt Taylor, daughter of Mr. and Mrs. Van Cortlandt Taylor, of St. Paul, was married Wednesday to Louis Warren Hill, son of James J. Hill, president of the Great Northern railroad. The ceremony was performed by Archbishop Ireland in the home of the bride's brother, Walter C. Taylor, of this city. The archbishop came east especially to officiate at the wedding.

New Board Organized.

Quincy, Ill., June 5.—The new board of trustees of the soldiers' home, composed of Gen. John C. Black, Chicago; Maj. Charles W. Hawes, Rock Island, and Capt. Charles V. Chandler, Macomb, met Wednesday and organized with Gen. Black as president. On nomination of Gov. Yates, the present superintendent, Capt. William Somerville, was unanimously reelected to succeed himself.

Brought Home to Christ.

Chicago, June 5.—Edward Kimball, whose long service in the work of lifting church debts has made his name prominent in all parts of the country, and to whom credit is given for the conversion of the late Dwight L. Moody, died at the home of his son, Dr. R. H. Kimball, Oak Park, Wednesday.

Boy Kills Little Sister.

Santa Fe, N. M., June 5.—Mariano Quintana, the ten-year-old son of Reyes Quintana, shot and killed his five-year-old sister at San Geronimo, San Miguel county, because she did not have his dinner ready for him when he wanted it.
