shows distinctive marks of fashionableness that can never belong to garments not made especially for a customer. A ready-made suit may fit fairly well at first, but it is bound to lack those pleasing many things which mean a well dressed man. And besides, the tailor's product has advantage of durability. It is cheaper in the end, better in the beginning. Don't forget to give us a call.

These are the words of Goethe, the great German poet, and as true in our day as when uttered. In these times of defective vision it is good to know something about the eyes. A great deal has been learned about the value of glasses and their application since Goethe lived. Spectacle wearers have increased by thousands, while at the same time, persons losing their eyesight, have been greatly diminished. Is your eyes trouble you in any way come in and let me tell you the cause.

Justice Hunton sent two vags to jail Friday afternoon for five days each. The two vags were picked up in a barn in Crockery township the night before by the sheriff's officers and the circumstances of the capture were rather comical. The vags were seen to enter the barn and a crowd of farmers supposing them to be desperadoes, gathered around the barn with clubs and guns. Meantime they did not care to attack the refugees and the sheriff's office here was notified. The officers were dispatched post haste and they cautiously crept up to the building, opened the door and pushed in upon the desperadoes in hiding. There they stood cowering up against a centre pillar in fear of their lives. One was half blind and one was lame and both were poor, harmless hoboes, seeking the warmth of a comfortable barn. They are now in jail.

Douglas

Messrs. Applegate, Dodson and Price were in Douglas a few days ago in the interests of the electric road which they claimed they would start building between South Haven and here this week. We hope the work has begun but have, as yet, received no news of it. These are the people who propose to build down Main St. and turn by the drug store to go to the basket factory, and, if there is no objection, cross the swing bridge in order to enter Saugatuck. Mr. Applegate is engineering a project that will be worth thousands of dollars to property owners along the line and everyone who is looking out for his own interests should do all he can to help him.

Frank Russell of Shelby, who has been working for Chas. Holton, borrowed a horse and buggy from Wm. Green last Friday evening and drove over town with May Silcox and Lillie Green, to attend the commencement exercises. While hitching up the horse at the Watles livery stable, after the entertainment, the horse ran away and was not located until Sunday, when the buggy was found near the Douglas house and the horse at the Wiley farm on the lake shore. The horse was not injured and the damage to harness and buggy amounts to about \$16. The young people walked home and Russell suddenly started for Shelby Saturday.

Saugatuck

The steamer Saugatuck is about fitted out and will be ready to start on her run between here and Chicago tomorrow. The McVea will not start till the business demands it. The water has been sounded near the mouth and there is found to be plenty of it.

Joe Snay started on his return trip from Grand Haven last Saturday morning and struck a calm almost as soon as he started which made it necessary to row or go back so he decided to row and got to his home in Saugatuck, covering the distance of 32 miles in 12 hours which includes the time he spent at Port Sheldon fishing.

Last year Mrs. Rosa Thim tried to get a man to paint her opera house and not being successful she decided to do the work herself. She began the painting this week.

Bids for the new entrance to Saugatuck harbor were opened yesterday by Col. M. B. Adams, United States engineer in charge at this station. There were seven bidders and the work was awarded to the Chicago & Great Lakes Dredging and Dock company at its bid of nine and one half cents a cubic yard.

The work involved in the contract is the making of a new cut from the Kalamazoo river to Lake Michigan about a half mile north of the present harbor entrance. The old entrance made necessary an enormous amount of dredging to keep the sand from forming a bar while with the new entrance it is believed the work of this nature will be greatly lessened.

Active operations are to begin in two weeks and the contractors have seven months in which to complete their task. There are to be removed something like 350,000 cubic yards of sand and clay and at the contract price this will make the work cost \$33,250.

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells how Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter:

Dear Mrs. Pinkham:—I have been a sufferer for the past eight years with a trouble which first originated from painful menstruation—the pains were excruciating, with inflammation and ulceration of the womb. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me."—Mrs. Mary Dimmick, Washington, D. C.

Her second letter:

Dear Mrs. Pinkham:—You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick, 50th and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—its saved her life. Mrs. Pinkham has on file thousands of just such letters as the above, and offers ailing women helpful advice.

DISASTROUS FLOODS.

Several Deaths and Considerable Damage Reported from Wisconsin and Michigan.

Milwaukee, June 7.—Floods caused by two days' heavy rainfall on a thoroughly saturated district have done much damage in central Wisconsin. The storm region covers a strip running entirely across the state, and including the cities of Manitowoc, Sheboygan, Fond du Lac, Appleton, Menominee, Chippewa Falls, and La Crosse. The property loss in crops, cattle, and the retarding of business because of impassable roads, ruined dams and railway washouts will be many hundred thousand dollars.

Mrs. Edward Plesh, of Berlin, was killed by lightning and two persons were drowned at Chippewa Falls.

At Fond du Lac the damage is the greatest, and with continued rain and the bursting of the Eldorado dam threatens the city with greater flood before the water subsides.

Grand Rapids, Mich., June 7.—Washouts caused by the rain of the last few days are responsible for six deaths and the injury of several. Four men were killed in the ditching of a Grand Trunk construction train near Pawamo, and another may die.

A Pere Marquette train carried two men to death in a ditch near Ionia, and three men were hurt in a similar accident to the Detroit, Grand Haven & Milwaukee line.

The property damage caused by the storm in western Michigan will reach \$500,000, of which \$100,000 was in Grand Rapids and vicinity, and the flood situation shows little improvement.

HERRICK TO RULE EQUITABLE

Ohio Governor Slated for Chairman of Board at Princely Salary.

New York, June 7.—Myron T. Herrick, governor of Ohio, may be selected as the chairman of the Equitable board. After a consultation with persons representing James H. Hyde, Gov. Herrick left for his home in Cleveland. He had assured his visitors, it was said, that he was willing to take hold of the Equitable at a salary of \$150,000 a year, providing he was given absolute freedom in his control of the society, and it was added that this was assured and he would be unhampered in his management.

It was said that Gov. Herrick, as the representative of a syndicate, had made a liberal cash offer for Mr. Hyde's stock holdings, so that if a transfer were made the control of the society would not only be vested in Gov. Herrick as chairman of the board with plenary powers, but in fact he would be in absolute control.

The price offered was said to be in the neighborhood of \$5,000,000, or about \$1,000,000 more than Mr. Hyde was offered for his control of the Equitable two years ago when a syndicate of Wall street men tried to buy out his interests. Mr. Hyde, it is said, declined Gov. Herrick's offer, but at the same time proffered to Mr. Herrick the newly created office of chairman of the board, which the governor of Ohio expressed his willingness to accept.

Man Blown to Pieces.

DOWNWARD COURSE

Fast Being Realized by Holland People

A little backache at first. Daily increasing until the back is lame and weak. Urinary disorders quickly follow; Diabetes and finally Bright's disease. This is the downward course of kidney ills. Don't take this course. Follow the advice of a Holland citizen.

John Pilon, farmer near Ebenezer, says: "I had more or less trouble for years from my kidneys and, whenever I worked hard or caught a cold it always affected me and caused a heavy aching pain through the small of my back. It was very painful to stoop or lift anything and at times the aching was so persistent I could scarcely get about to do my work. I used different medicines and wore plasters but they did me no good. As I had seen Doan's Kidney Pills highly recommended for such troubles, I went to J. O. Doesburg's drug store in Holland and got a box. I used them but a short time when I felt better and continuing the treatment I was soon cured.

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo New York, sole agents for the United States. Remember the name Doan's and take no other.

Meyer Calls on the Czar.

St. Petersburg, June 7.—The effort that President Roosevelt has been making to bring the belligerents together entered on a distinctly new phase Tuesday night. Foreign Minister Lamsdorff had an audience of the emperor in the afternoon upon the subject of Ambassador Cassini's communication, and at 11 o'clock at night Ambassador Meyer called upon Count Lamsdorff at the chancellery and remained with the foreign minister for some time. Whether this visit was upon the invitation of Count Lamsdorff or at the request of the ambassador cannot definitely be stated, but there is reason to believe that the visit was in obedience to instructions from Washington conveying a personal communication from the president to the emperor tendering his good offices.

The result was that Wednesday Mr. Meyer went to Tsarskoe-Selo in full uniform and was received in special audience by the emperor. Upon his return to St. Petersburg in the afternoon Mr. Meyer hastened to the embassy whence he sent a long cipher dispatch to Washington, and President Roosevelt is now undoubtedly in possession of the emperor's response to his tender of good offices. Half an hour later he was closeted with Sir Charles Hardinge, the British ambassador.

Situation Is Delicate.

The present situation is extremely delicate and the greatest reticence is observed. The foreign office is deserted, this being the empress' birthday, and at the American embassy no statement could be procured Wednesday afternoon. Nevertheless there are some collateral indications that the emperor's response was favorable. The sudden retirement of the French foreign minister, M. Delcasse, who was regarded as not only one of the strongest supporters of the dual alliance, but as one of the staunchest friends of Russia, was a great blow to Russia and rendered President Roosevelt's friendly tender particularly opportune. Besides it is known as set forth in these dispatches Tuesday night that the emperor has been strongly advised if he decided to open peace negotiations to do so through President Roosevelt.

Michaelovitch Now for Peace.

Grand Duke Alexander Michaelovitch, the emperor's brother-in-law, who undoubtedly exercises a greater personal influence with his majesty than any other member of the imperial family and who until the disaster to the Russian fleet was the most uncompromising advocate of war to the last ditch, has joined Grand Duke Vladimir in counseling peace.

Enquist Still at Manila.

Manila, June 7.—There are no indications of the departure of the Russian warships from Manila bay. Admiral Enquist has not heard from St. Petersburg since his arrival, although he has filed many lengthy dispatches. The Russians show the keen disappointment they feel at the inaction of the St. Petersburg officials.

St. Louis, June 6.—Charles H. Brooks, head of the National Securities company, who was convicted Saturday in the United States district court of having used the mails in a scheme to defraud, was on Monday sentenced to a term of 17 months in the penitentiary, and was fined \$450.

Three Men Killed.

Cleveland, O., June 7.—Three men were killed and two seriously injured by a cap blowing off one of the boilers at the American Steel and Wire company's furnaces here Tuesday.

Putting into effect a law passed at the last session of congress, the president has proclaimed the entire Wichita forest reserve a game preserve. The reserve is in Oklahoma and contains 57,120 acres.

Florence Bellinger, 21 years, and her mother, Mrs. Annie Meyer, were found dead at their home in Milwaukee, Wis. Death is supposed to have resulted from drinking from the contents of a bottle supposed to contain brandy.

Without a dissenting vote both branches of the Philadelphia city council withdrew the ordinance authorizing the extension of the city gas works lease to the United Gas Improvement company for a period of 75 years, for which privilege the company was to pay the city \$25,000,000.

Let Common Sense Decide

NORWAY DEPOSES OSCAR II. AS KING

**STORTHING DECLARES UNION
WITH SWEDEN UNDER ONE
RULER IS DISSOLVED.**

**MONARCH PROTESTS
AT BEING OUSTED**

Action in Refusing to Let Regent
Grant Consular Reforms Costs Him
His Throne—Prince Called to Wear
Crown.

Christiania, June 7.—King Oscar's
refusal to sanction the bill passed by
the storthing providing for a separate
consular service for Norway culminat-
ed Wednesday in the passage of a
resolution by the storthing declaring
the dissolution of the union of Sweden
and Norway and that the king had
ceased to act as king of Norway. The
storthing further empowered the pres-
ent state council to act as a govern-
ment of Norway until further notice
and to exercise the power heretofore
appertaining to the king.

Seek Prince for Throne.
An address to the king was adopted
declaring that no ill-feeling was en-
tertained against him, his dynasty or
the Swedish nation, and asking him to
cooperate in the selection of a young
prince of the house of Bernadotte to
occupy the throne of Norway.

It is not anticipated that King Oscar
will consent to any prince of the house
of Bernadotte accepting the Norwegian
crown. Should the king refuse there is
a possibility that the throne may be
offered to Prince Waldemar, the third
son of King Christian of Denmark.
The people of Denmark are largely in
sympathy with the Norwegian de-
mands.

Monarch Makes Protest.
King Oscar sent a telegram to
Premier Michelsen as follows:

"Have received the communication
of the council of state and record the
most decided protest against the
method and action of the government."

Resolution Ousting King.
At the opening of the session the
government informed the storthing
that it relinquished office from
Wednesday. The storthing thereupon
unanimously and without debate passed
the following resolution:

"Whereas all the members of the
council of state have laid down their
offices, and

"Whereas his majesty, the king, has
declared himself unable to establish a
new government for the country, and
"Whereas, the constitutional regal
power thus becomes inoperative the
storthing authorizes the members of
the council of state who retired
to-day to exercise until further
notice, as the Norwegian government
the power appertaining to the king in
accordance with Norway's constitution
and existing laws with those changes
which are necessitated by the fact that
the union with Sweden under one king
is dissolved in consequence of the king
having ceased to act as a Norwegian
king."

M. Michelsen, the retiring premier,
accepted in behalf of the government
the "honorable and difficult task with
which the storthing has entrusted it." Five
social democrats dissented from the
address to the king. It is expected
that the storthing will issue a procla-
mation to the Norwegian people re-
garding the dethronement of the mon-
arch.

Cause of the Crisis.
The dissolution of the union between
Sweden and Norway has been pending
for some time and had its growth in
the desire, which grew stronger as
time passed, for the establishment of
separate consular systems for the two
countries. King Oscar recently vet-
ted at Stockholm the measure pre-
sented to him by the council of state
providing for separate consular rep-
resentation, and the Norwegians main-
tained that the king by so doing and
partly by his absence from Norway
had suspended his rights and duties as
king of Norway. One of the causes
for the desire in Sweden and Norway
for separate consular systems was the
fact that Sweden is protectionist and
Norway is for free trade, and also be-
cause of Norway's more extensive sea
trade and other divergencies of com-
mercial interests.

The crisis became acute May 26, when
his majesty, after three months' rest,
during which the regency was confided
to Crown Prince Gustave, resumed the
reins of office. The council of state
immediately submitted to him the con-
sular bill, which he May 28 refused to
sanction, arguing that any action must
receive the sanction of the mixed coun-
cil. The Norwegian council of state
thereupon resigned and the king re-
fused to accept their resignations, as
in view of the state of public opinion
it was impossible to form a new gov-
ernment. Demonstrations were held
throughout the country indorsing the
action of the council of state. The
consular bill, while apparently of lit-
tle importance, was designed to open
the whole question of foreign affairs,
which Norway desires to manage inde-
pendently of Sweden.

Although the action was anticipated,
it caused considerable excitement in
this city on account of the anxiety as
to what action the king would take.

Crisis Expected in 1899.
The "Scandinavian question" has
been a troublesome one to Europe for
years, and it was thought in 1899 that
the crisis which came Wednesday was
at hand. It was averted because, in
October, 1899, it was announced that
King Oscar, in accordance with the

constitution, had finally sanctioned the
promulgation of a resolution, which
had three times been passed by the
Norwegian storthing, abolishing the
emblem of the union in the Norwegian
national flag. This resolution then was
aggressively significant of Norway's
trend toward a rupture of the slender
thread binding her politically to
Sweden.

Even then King Oscar was not ex-
pected to sanction the further revolu-
tionary declaration of the dominant
party in Norway in favor of establish-
ing a separate Norwegian foreign of-
fice.

King Oscar was born January 2,
1829, and succeeded to the throne of
Sweden and Norway September 18,
1872. He celebrated the twenty-fifth
anniversary of his accession in 1897.
He has published several volumes of
original poems and is a great reader.
He visited America several times be-
fore he became ruler, for he was reared
as a sailor.

War Not Likely.
While this drastic action is expected
to cause a warlike sentiment to sweep
through Sweden, it is doubted whether
actual hostilities will result. There
are two reasons for this. In the first
place, the geographical conditions of
the country would make warfare most
costly. In the second place King Os-
car has not the backing of the Swedes
in his obstinate stand. Proof of this
was given when, as a protest against
his veto of the law for separate con-
sular systems, the entire Swedish
ministerial council resigned in a body,
declaring that the king had usurped
the constitutional prerogatives of the
legislative assemblies.

Recent developments had made it
apparent that the dissolution which
had long been sought by the Norwe-
gians was only to be obtained by the
renunciation of the king's authority by
the Norwegians.

MAY END STRIKE.
Teamsters Name Committee with
Full Power to Settle
Differences.

Chicago, June 7.—Peace in the team-
sters' strike is again near. It is likely
to be brought about by the action
taken Tuesday night by the Teamsters'
Joint council.

That body decided to allow its presi-
dent, W. J. Gibbons, to appoint a com-
mittee which will have full power to
settle the strike. This is what the em-
ployers have been asking it to do. They
have announced that they would treat
with such a committee and with none
other. Consequently the action of the
council is a concession and the first
move toward a speedy settlement.

The action of the Teamsters' Joint
council was taken at a time when the
extension of the strike seemed more
likely than its settlement. Shortly be-
fore the drivers' central body had acted
unanimously to reject an arbitration
offer made by the joint team owners.
It was feared that this might lead to a
already out. Such a strike is now im-
possible until the peace committee has
completed its negotiations with the
employers.

Saginaw, Mich., June 7.—The first
bloodshed in connection with the
street railway strike which began in
the Saginaw valley Sunday morning
occurred Wednesday afternoon. De-
puty Sheriff Fred Harris shot and in-
stantly killed Henry Wiecek, Jr., a ma-
chinist, and wounded Terrence Kelly
and Wallace A. Douglas. Both of the
latter were shot through the left leg
and their injuries are not likely to be
serious. Harris was immediately
arrested. The three men shot were, it
is said, members of a group of men
who were jeering at the nonunion
crew of a car on which Deputy Harris
was riding as guard.

Herrick Denies Story.
Columbus, O., June 7.—Gov. Herrick,
who returned from New York Wednes-
day, has not bought out the interests
of James H. Hyde, first vice president
of the Equitable Life Assurance soci-
ety, nor has he been formally, or of-
ficially, offered the chairmanship of
the board of directors of the Equitable.
When seen Wednesday he said that
there was nothing in the story that
such a transaction had been made.

Murdered His Wife.
Bloomington, Ill., June 7.—Tele-
grams received at Arrowsmith Tues-
day morning say that Mrs. Belle Elsom,
aged 45, formerly Miss Belle Marsh,
the daughter of a prominent farmer,
was murdered at Axtell, Neb., by her
husband, George Elsom, in a fit of in-
sanity. Elsom's mother committed
suicide at Arrowsmith seven years ago
while insane.

Train Robber Gets Fifty Years.
Phillipsburg, Mont., June 7.—Clar-
ence B. Young, who attempted to rob
the express car of the Northern Pa-
cific train two miles east of Bear
Mouth May 27, after he had dynam-
ited the car, has been sentenced in
the district court to serve 50 years in
the Deer Lodge penitentiary. Young
pleaded guilty.

World's Record Broken.
Ardmore, Ind. T., June 7.—In the
general shooting tournament of the
Indian Territory and Oklahoma
Sportsmen's association in progress
here the world's amateur record was
broken. Shooting from 18 yards
the squad broke 124 targets out of 125.

Death of Pioneer Printer.
Des Moines, Ia., June 7.—Barlow
Granger, pioneer printer and news-
paper man of Iowa, died here Tuesday
at the age of 89 years. Granger at one
time set type for Horace Greeley on the
New York Tribune.

TWO OPTIMISTS.

(A letter to Joseph Jefferson, acknowl-
edging a copy of Helen Keller's essay on
"Optimism.")
To send fit thanks, I would I had the art.
For this small book that holds a mighty
heart.
Enshrining, as it does, brave Helen's
creed.
In thought and word; in many a lovely
deed:
In facing what would crush a lesser soul,
Making of barriers helps to reach the
goal;
In sympathy with all; in human kindness
To the blind of heart (dear girl! not this
her blindness!)
As well as to her brethren of the dark
And silent world, who through her see
and hark;
In bringing out of darkness a great light,
Which burns and beacons high in all
men's sight.
That exultant spirit is true optimism!
Yet there are other names in the bright
list:
If faith in man and woman that still lasts,
Though chilled by seventy winters' bitter
blasts;
If seeing, as you see, the good in evil,
And even something Christian in the
devil;
If power to take misfortune as a friend
And to be cheerful to the very end;
Not to be spoiled by praise, nor deeply
stung by blame;
By the detractor's sharp and envious
tongue;
If living in fairy-land as really now
As when heaven's dew was fresh on
childhood's brow;
If seeing, in fine, this world as through a
prism
Of lovely colors is true optimism,
Then Joseph is true optimist no less,
And Heaven sent both this troubled world
to bless.
—R. W. Gilder, in The Century.

RAPID FIRE ROMANCE

MERRILY the little steamer bobbed
up and down, for a stiff easterly
wind was blowing across the lake.
Most of the passengers had sought the
refuge and seclusion of the cabin, and
seemed to be engaged despairingly in
praying for death. But two still re-
mained on deck.

They were Orlando G. Spoonamore,
capitalist and young man of leisure,
party of the first part, and a hand-
some young woman with fluffy brown
hair, party of the second part, and
they happened to be sitting side by
side.

She was absorbed in a copy of the
Philadelphia Saturday Evening Stake,
and he was reading the automobile
news in a daily paper—when he wasn't
glancing at his fair companion out
of the corner of his starboard eye.

The wind freshened, and he pro-
ceeded to button his light overcoat.
But the top button was unaccount-
ably missing. To the best of his
recollection it was there when he
boarded the boat. The breeze, or some-
thing, must have torn it off.

Mechanically he detached the stick-
pin from his necktie and pinned the
two flaps securely together. Then he
resumed his reading.

And his glancing.
Presently, having finished the story,
the young woman raised her head,
looked around her with sudden sur-
prise, and started to rise.

Mr. Spoonamore felt a slight tug at
his chest. He looked down.

To his horror he found that he
had pinned the loose flap of her light
gray wrap to his overcoat. She dis-

**HURRIEDLY SHE LEANED A LITTLE
NEARER HIM.**

covered it at the same moment, and
turned red with anger and mortifica-
tion.

"What does this mean, sir?" she de-
manded, in freezing, indignant tones.
"—I beg your pardon," he stam-
mered. "It was an accident. I had
lost a button from my coat, and I
supposed I was shutting up the gar-
ment with a pin. I had no inten-
tion—"

"But you haven't lost a button, sir!"
she interrupted. For she could see it
plainly.

"I see you are right," he said, his
self-possession gradually returning;
"but I thought I had."

"Will you release me, sir, at once!"
Her eyes flashed dangerously, but he
did not flinch.

"I fear you will have to sit down
again," he proceeded to explain.
"These two flaps are fastened together
with my stickpin, and it has a patent
fastening on the shank, for safety
from the light-fingered gentry. I
screwed it up tightly, and it will be
a work of time to unfasten it."

She sat down again, but stiffly, and
without a word.

"I never expected," he remarked, as
he fumbled with the pin, "to form a
sudden attachment like this—"

"Sir!"

"I'll have to suspend operations for
a moment. Here come two or three
persons hurrying to the rail, to look
at the water, I presume. May I ask
you to unbend a little, and appear to
be engaged in an animated conversa-
tion with me, purely for the purpose of
averting suspicion?"

"I will not! Such a position as this
is intolerable—unthinkable!"
"It is. It is impossible. But it
exists, my lords and gentlemen, like
the human race—"

"Besides," she again interrupted, re-
laxing a trifle as the humor of the
situation forced itself upon her, "it
isn't proper for me to be engaged in
conversation with a total stranger."

"O, yes, it is. If it were not, they
wouldn't do it in those delightful
stories you've read so often in that
paper. It's quite the thing these days.
To remove the curse, however, allow
me to introduce—"

"But I don't wish—"

"Pardon me, but let me ask you
not to be so cold and distant—espe-
cially not so distant. You'll expose
the nature of the tie that binds us.
One of those persons is looking at us
curiously."

Hurriedly she leaned a little nearer
to him.

"That's better. As I was about to
say, my name is Orlando G. Spoona-
more. I move in respectable society,
and personally I am entirely harmless.
I don't look like a cannibal, do I?"

"N—no, but—"

"And your name, as I have just dis-
covered by looking at the printed tag
on that paper, is—"

She hastily turned the paper the
other side up.

"Too late. You are Miss Gloriana
Goovius. I am delighted to meet
you in this informal, unpremeditated
way, and become so close an acquaint-
ance in so short a time. Asking your
pardon for dropping into slang, I will
add that I am decidedly struck on—"

"I don't believe you are trying to
—to separate us!"

"Praised be the hand that would do
such a thing! Still," he continued,
tugging at the refractory fastening, "I
am doing the best I can. Suppose you
see if you can't help me."

A moment later their hands touched
beneath the protecting flaps.

With a furious blush she drew hers
away—with considerable effort, for Or-
lando had a muscular grasp—and she
was about to become distant again
when she remembered the necessity
for caution.

"Miss Gloriana—Goovius," he gasped,
as she hastily moved closer, and her
fluffy hair blew across his face. "I
think I can—get this thing loose—
pretty soon—if you will sit just as you
are, and be perfectly calm! . . . I'm
afraid you will have to help me
again."

"I won't."
"Well, my hands are so—so numb
from this cold breeze that I shall have
to give it up. I suggest that we go
into the cabin, seat ourselves in some
secluded corner, and—"

"Yes! Yes! Let us go at once!"

"But we shall have to move with
caution, and you will have to walk
exceedingly close to me, in order not
to—"

"I see."

Is there anybody so densely ignorant
as not to understand that it was ab-
solutely necessary for Orlando to put
his arm protectively around her lovely
form as they proceeded cautiously
toward the cabin? Think how the boat
was pitching!

An hour passed away.

They were still occupying a double
seat in a corner of the cabin. By a
joint effort, which took considerable
time, they had succeeded in extract-
ing the stickpin, but they seemed to
have forgotten it, and were sitting
close together—

Hand in hand.

A jar shook the boat.

"Here we are, sweetheart!" whis-
pered the young man, "at old St.
Joe!"

"But, Orlando, how dreadfully un-
conventional it would be for us to go
and be married now, on such short
acquaintance! The idea is absurd!"

"Not at all, Gloriana," he said, tri-
umphantly. "It's eminently proper.
That's the way all these stories end!"

Twelve Tons of Drinks.

Computing upon the basis of a pint
of beer a day and a bottle of whisky
a week, a man who has used liquors
for the last 50 years has figured out
that in that time he has consumed
more than 12 tons of fluids. A bottle
of whisky a week is not an unusual
indulgence, since it is less than three
drinks a day, and yet in 50 years
the total will have reached a sum of
2,600 bottles, while in the same time
the beer consumed represents about
255 nine-gallon kegs. This seems a
pretty big "load" for one man to
carry, but it must be remembered that
when distributed over 18,262 days the
average is small enough; and that dur-
ing that time probably 1,500 tons of
solids have been consumed. Food and
drink for one man for 50 years, if de-
livered at one time, would make a
lengthy procession of carts.

Did He Catch the Hint?

trust has been formed recently, Mr.
Softleigh."

"But I can't see how that interests
me, Miss Sharp."

"Why, I thought perhaps you'd want
to come out and say you were not in the
trust."—Cleveland Plain Dealer.

The Two Openings.

Friend—Sorry they defeated you, my
boy. Too bad.

Candidate—Well, it can't be helped.

"What are you going to do now?"

"I can't say. Haven't decided yet
whether to open a saloon or start a
magazine."—Houston Chronicle.

Chronology

Beginning July 14 the Holland City News will give a chronology from its files of all the happenings beginning with a vivid description of the fire of '71, the time when Holland was practically destroyed by fire until the present date. The items will be short and concise but no important event intervening the periods of 1871 and 1905 will be omitted.

It has been the request of several of our subscribers and business men to devote space to these reminiscences which will be very interesting to most of our townsmen who have lived through this period, and in turn the information will be valuable to those who are not so well acquainted with Holland's past history, giving them an idea of the different stages of development, setbacks, prosperity and trials our city has passed through in that time. Showing that from its ashes Holland has steadily grown to one of the most model cities of 10,000 inhabitants in the state of Michigan.

Board of Public Works

At the meeting of the board of Public Works Monday the report of Superintendent DeYoung showed that more water was pumped during April than in May, a most unusual condition of affairs which is explained by the heavy rains during May. During April 19,411,008 gallons were pumped, while the amount for May was 13,781,534.

Charles TerBeek was appointed lamp trimmer to succeed Nick Prins, who resigned.

Two plumbers' bonds were approved, as follows: Nicholas J. Yonker, principal, Wm. Brusse and H. Boone, sureties; Tyler VanLandegend, principal, Fred J. Metz and Anton Seif, sureties.

Building Tracks

It was discovered on last Wednesday morning that the Grand Rapids, Holland & Chicago railway company in reconstructing their tracks on East Main street in order to comply with the conditions of their franchise in the village, were again working their tracks towards the centre of the highway for some distance beyond the village limits without requesting any such privilege from the township authorities and contrary to the conditions of their franchise in the township. This is the same portion of the track torn up by Ex Highway Commissioner Brand on that memorable night, five years ago, which resulted in considerable expense to the railway company and Supt. Busby was assured that, unless the tracks were replaced in their original position, a like treatment would be accorded them. The tracks are now again being placed in their old position, but the change from double to single track in the centre of the street to the east village limits will necessarily bring the curve towards the south of the highway in the township where formerly it was within the village limits.—Zeeland Record.

Cashier Chosen

The directors of the People's Savings bank have engaged John Rutgers, of Graafschap, as cashier.

The choice is very satisfactory to the stockholders, Mr. Rutgers having the implicit confidence of all who have ever transacted business with him.

He is at present engaged in the mercantile business, under the firm name of Rutgers & Tien.

He succeeded G. W. Mokma in the business he is now interested in, having worked for five years under Mr. Mokma, and when the latter took the position of cashier of the First State bank 16 years ago Mr. Rutgers formed a co-partnership with Mr. Tien and purchased the stock of Mr. Mokma.

Mr. Rutgers is 45 years old. He has been very successful in a business way, and is careful and conservative. He was the unanimous choice of the board of directors, although he had no application in for the position. There were 30 applicants for the place.

Mr. Rutgers is the third bank cashier to be selected from among the Graafschap business men. Mr. Mokma was the first. Benjamin Neerken, who has been given the position of cashier in the new Zeeland bank, followed Mr. Mokma, coming from Graafschap to take a position in the First State bank, which he later resigned to go to Zeeland.

Hollands New Factory

The trustees of the Bonus Fund have for the last few weeks been negotiating with Bush & Lane Piano Co., manufacturers of the Bush & Lane Piano and of the Victor piano, now established in Chicago to have them move their entire plant to this city and have this week announced that their efforts have been successful and that the contract is closed whereby Holland will secure a large new factory to be located in the 5th ward on the P. M. railway track between 22nd and 24th streets. By the terms of this contract they are to receive five acres of land for a factory site and a cash bonus of \$20,000 and are to commence in the very near future in the construction of their plant and to have it ready for occupancy not later than the 1st of December next. The main building to be erected is to be 300 feet in length and 65 feet in width with two stories and a basement, with an addition of about 150 feet in length and 65 feet in width, and within 18 months from the present time another addition of the same size is to be erected. All the buildings are to be of brick. The factory is to employ from 150 men at the beginning to 300 men during the second year. It is to pay out in wages \$150,000 annually for five consecutive years and not until these conditions have been complied with is the title to the real estate to pass to them.

The Bush & Lane Piano Co. have a well established business and reputation as manufacturers and it is mainly because the increase and expansion of their business demanded more room for manufacturing and as this was very difficult to obtain in their present location that they decided to locate at Holland.

Last Thursday both Mr. Bush and Mr. Lane, together with their foreman were here to locate their five acre site and expressed themselves as very much pleased with the location offered them, and said that they expected to commence building operations at once, and expected to commence manufacturing no later than the 1st part of October.

The committee who have charge of this matter report that there is only \$6,000 of the bonus fund available at the present time to apply as payment on the \$20,000 cash bonus to be paid to said Bush & Lane Piano Co. and have developed a plan by which they propose to raise the additional \$20,000. They have secured fully 50 acres of land, nearly all of it upon very reasonable terms, and a very considerable part of it much below its present value and propose out of this to take the 5 acre site for the factory and to plot the remainder in about 200 lots and to offer these for sale at \$200 a lot and in this way raise the \$20,000 bonus. These lots are all very desirable and are sold upon the condition that this factory is to locate as proposed, and especially upon this condition are valued at the price at which they are offered. At the suggestion of the bonus fund committee a meeting of a considerable number of our business and professional men was held last Monday evening at which time the plan or above outline was explained and a Holland Improvement Co. was organized and incorporated for the purpose of more conveniently holding in a corporate name the title to the property about to be acquired, and at the same time giving financial endorsement to the project in hand. It speaks well for the confidence the business people feel in each other, and also for the future of this city, that every one of the 25 persons present approved of the plan proposed and signed the articles of association. Later many other names have been added to the list of such as could not be present at the meeting or who had not been asked.

We consider the plan proposed for the raising of the bonus money a very fortunate one as it simply proposes to reap the benefit of the enhanced value of the real estate in the immediate vicinity of the proposed factory and to turn this over to the manufacturing plant which produces this increased value.

We also think it fortunate that the committee have been able to locate the factory on the proposed site. On the first place the east side of the city is entitled to this consideration but it is of still greater importance that it becomes established as a fact that it is not necessary to locate an ordinary manufacturing near the water as seems to have been the impression in this city. Our desirable and available manufacturing sites seemed to become scarce for we looked for them only in one direction. We are pleased that the committee have been able to establish the precedent which the locating of the proposed factory will serve.

Holland is to be congratulated on acquiring this new industry, and we bespeak for the proposed plan of the Holland Improvement Co. a ready endorsement by its citizens.

A WELCOME ECLIPSE.

A Pioneer of Holland Passed Away

Mrs. N. Hansen died at her home on West 16th street Saturday June 3rd; she would have been seventy-five years old had she lived until the following Monday. She was born at Kragro, Norway June 5 1830.

Her first husband's name was Ole Hansen and after his death, leaving her with two children, she was married to Nels Hanson, cousin of her first husband. Mr. Hanson was a sailor on the ocean for some years. In 1865 he landed in New York and came at once to Chicago and began sailing Lake Michigan. He then sent for his wife, and Mrs. Hanson crossed the ocean with three small children and her aged father. She landed at Quebec and traveled from there to Chicago by rail, where she met her husband. In the spring of 1866, with her family, she sailed to Holland, then but a small settlement, and made her home in the forest. She possessed a devout religious character and has been for years a faithful member of the M. E. church. Her natural kindness of heart won for her many friends who will long cherish her memory. Her funeral was held at the residence on Wednesday afternoon, Rev. A. T. Luther officiating. She leaves a sorrowing husband and four children, Olef, Hans and Christian Hanson and one daughter, Mrs. C. E. Smith of Pontiac. The house was filled with friends; and there were many floral tributes. The interment was at the Graafschap cemetery.

Elijah

A new and promising feature will be added this year to the entertainments of the college commencement week. On Tuesday evening, June 20, the Choral Union, under the careful and efficient leadership of Prof. J. B. Nykerk, will render "Elijah," an oratorio by Mendelssohn. The chorus will be assisted by the following talented soloists: Mr. Clarence Pease, who will take the part of Elijah; Mr. John Duffee, tenor; Mrs. G. W. Van Verst, soprano; Miss Margaret Mulford, alto; Master Reed, who will take the boy's part. This will be the most daring and ambitious undertaking in the musical history of Holland. It is decidedly the first great oratorio given in this city. No words of praise of commendation can speak too highly of its musical composition, beautifully illustrating all the tragic events in connection with Elijah, the prophet. The composer has endeavored to render it as nearly in accordance with the scriptural texts as the music to which it is adapted will admit. Owing to the flourishing condition of the Hope College School of Music and the large increase of students during the past year, the number of voices in the Choral Union has almost doubled, now consisting of some sixty in all. For practice and preparation over twice as much time has been devoted as last year, the chorus meeting twice a week, putting in honest and faithful work under the indefatigable leadership of their director and assisted by Miss Amy Yates, the able accompanist. The music lovers of Holland are assured of a rare treat. Tickets will be placed on sale in the near future at 50 and 35 cents.

CLUB SONG

Tune—"Auld Lang Syne."

Where the forests grand, and shifting sand Make Waukazoo's shore, Again we stand, a happy band, One circle as of yore.

From levels low, where self thoughts grow, With steady step and true, You've helped us gain a higher plain, And reach a broader view.

Not here to rest, but on and up To a still fairer height, Until at last, when life is past, We find the Source of Light.

—Mrs. Mary Dutton.

Westveer-Kleyn

A very pretty wedding occurred at the home of Mrs. John R. Kleyn, 125 West Eleventh street, Wednesday evening, when her daughter Miss Josephine was united in marriage to Adrian J. Westveer, at 7 o'clock by Rev. J. T. Bergen in the presence of 150 friends and relatives, the ring ceremony being used.

Mr. Percy Ray was master of ceremonies, and Sim Kleyn attended the door. Mrs. Percy Ray, who had charge of the decorations, carried out the color scheme, green and white, very tastefully. The hall and parlors were very prettily decorated in green and white and in the dining room, a beautiful bouquet of American Beauty roses adorned the table. Preceding the ceremonies Fred Kleyn sang, "Because."

The bridal party entered the parlors to the sweet strains of a wedding march played by the bride's sister, Miss Maude Kleyn. The ring bearer, little Minnie Bay, carrying the ring in a white lily, little Kathryn McBride, flower girl, Earl Breyman and Master Westveer as ribbon bearers preceded the bride who was unattended. The bride couple stood, during the ceremony, under a canopy of smilax banked by ferns, palms and white blossoms. The bride was very daintily gowned in white silk mull and carried a shower bouquet of brides roses.

Punch was served in the reception hall by Miss Maud Kleyn and the bride's niece, Miss Myrtle Wright.

The guests were invited to very elaborate refreshments in the dining room, served by the Mesdames Anna Dehn, Jennie Werkman, Edith Kimpton, Genevieve Cross and Carolyn Purdy, Nellie Silk, Addie Huntley, Anna Sprietsma under the supervision of Mrs. Percy Ray.

The Auto-Bolide.

A dip of death which makes the heart stand still. Arrangements have been completed whereby the Barnum & Bailey Greatest Show on Earth will positively exhibit in Grand Rapids on June 23. This is indeed good news for the people of this city, as it will give all an opportunity to see this truly marvelous tented aggregation. For a high-class, refined and moral entertainment, the Barnum & Bailey Show has always been in a class by itself, and the visit of this stupendous organization to this vicinity will be the amusement treat of the season. The world's greatest and most sensational acts will be offered by the show this year, and the multitude of startling exhibitions will be headed by the most thrilling act of true nerve and grit ever seen in America—Mlle. Mauricia de Tiers, a beautiful and dashing French girl, looping the gap in an automobile. For nerve of an incredible magnitude this now famous feature termed the "Auto-Bolide Dip of Death" is beyond description and belief. The same presentation as given in Madison Square Garden, New York, during the spring season will be exhibited in its entirety, with the extraordinary feats of marvelous aerial work introducing the renowned Imperial Viennese Troupe, grand hippodrome, exhibitions of daring and bravery, an avalanche of comedy by the thirty clowns, the congress of earth's wonders culled from the forests of curiosities, the grand double menagerie of the rarest specimens of wild beasts in captivity, and the almost impossible feat of the Brothers Ancillotti looping and leaping simultaneously the quadruple chasms, makes the show without an equal in the world.

The managers of the Barnum & Bailey Show announce that the parade will be abandoned this year, but a wonderful exhibition of daring will be given on the circus grounds free, shortly before the opening of the doors. This new policy is to be commended, as the public has grown uninterested in the time worn circus parade, and Barnum & Bailey are now centering all of their time, money and attention in the show itself, thereby, more than ever, keeping faith with the public.

Eugene Y. Debs, the great socialist organizer and leader will appear in Maccabee hall Friday evening, June 23. Horace Traubel, editor of the Conservator and literary executor of Walt Whitman, says of Debs: "The four letters that spell Debs have added a new word to the vocabulary of the race. Debs is not so much size as quality. He has ten loves to your one love. You think he is a preacher of hate, he is only a preacher of man. If a man is hate than Debs is a hater. When Debs speaks a harsh word it is wet with tears."

ENQUIST ELUDES JAPANESE FLEET

Russian Rear Admiral Is Now in the Bay of Manila.

HAS OLEG, AURORA, JEMTCHUG

Vessels Are Damaged and Have Many Wounded on Board.

Russians Are Accompanied to Manila by Admiral Train and His Squadron of American Warships.

Vladivostok, June 6.—A siege of this city by land and sea apparently is soon to begin. All non-combatants is soon been ordered to leave the city, in anticipation of an early attack.

Tokio, June 2.—Rear Admiral Voelkersam, who was commander of the battleship squadron of the Russian fleet, was, it is announced, killed the first day of the battle, May 27, in the conning tower of his flagship, the battleship Oslabya, one of the vessels sunk by the Japanese.

All doubt as to the fate of Vice Admiral Rojestvensky apparently has been cleared up. He is a prisoner in the hands of the Japanese.

MISSING SHIPS FIND THEMSELVES
Admiral Enquist and His Three Vessels Are in Manila Bay.

Washington, June 5.—Admiral Enquist and three of the czar's defeated fleet, the Oleg, Aurora and Jemtchug—about the fate of whom and which there had been great doubt—have turned up in Manila bay, where they are in hopes of being allowed to repair

REAR ADMIRAL ENQUIST.
(Commander of Russian cruiser division.)

and provision. On board the ships when they arrived there were 143 wounded, most if not all of whom are now in Uncle Sam's hospitals at Manila. Admiral Enquist reported to Rear Admiral Train, U. S. N., that his ships were crippled and without coal or provisions and unable to proceed.

Admiral Train and his squadron accompanied the Russian vessels to Manila.

Rear Admiral Train appointed a board to investigate the condition of the ships, and an Associated Press dispatch from Manila says that the board has reported that to put the ships in condition to go to sea the Oleg will require sixty days, the Aurora thirty days and the Jemtchug seven days.

Washington, June 6.—Secretary Taft cabled Governor Wright, at Manila, to inform Admiral Enquist that in strict pursuance of the international policy adopted by this government he will be allowed to intern his ships, the Aurora, Oleg and Jemtchug at Manila. In case he does not adopt this course his only alternative, after the period allowed by international law has expired, will be to put to sea. It is fully expected here that Admiral Enquist will decide to intern his ships.

RESULT OF THE FIGHT SUMMARIZED
Six Battleships Sunk, Two Captured—Total Russian Loss, Twenty-Two Ships.

According to various reports hitherto received, and statements of prisoners, the result of the battle from May 27 to May 29 is as follows: "The Prince [Kniaz] Suvaroff, Alexander III, Borodino, Dmitri Donskoi, Admiral Nakimoff, Vladimir Monomach, Jemtchug, Admiral Ushakov, one converted cruiser and two destroyers, sunk. Emperor Nicholas I, Orel, General Admiral Apraxine, Admiral Senlavin and destroyer Liodov, captured. According to the prisoners the Oslabya sunk about 3 p. m. and the Navarin also was sunk.

"The Almaz, on May 27th, was observed in a disabled and sinking condition, but her final is yet unknown. The full particulars regarding the injury to our ships are not yet in hand, but so far as I could ascertain none was seriously injured, all being still engaged in operations. The whole casualties are not yet ascertained. Casualties of first division are little over 400. Prince Yorihito is in excellent health. Admiral Miso was slightly wounded May 27."

The Japanese legation also has supplied Togo's sixth report, received at Tokio yesterday afternoon, as follows:

"Loss of the Oslabya and Navarin is confirmed. The Sissoi-Veliki is also definitely reported to have sunk on the morning of May 28. The official statement of Russian losses so far as ascertained is: "Following six battleships sunk: Prince [Kniaz] Suvaroff, Emperor Alexander III, Borodino, Oslabya, Sissoi-Veliki and Navarin. Following five cruisers sunk: Admiral Nakimoff, Dmitri Donskoi, Vladimir Monomach, Svetlana, and Jemtchug. Coast defense ship Admiral Onshakoff sunk, and two special service ships, Kamchatka and three destroyers sunk.

"Two battleships, the Orel and Emperor Nicholas I; two coast defense ships General Admiral Apraxine and Admiral Senlavin and one destroyer, Liodov, captured. Thus Russians lost altogether twenty-two ships, the aggregate tonnage whereof amounting to 153,411 tons, beside the cruiser Almaz, suspected to have sunk."

SURRENDER OF NEBOGATOFF
Russians More Cast Down Over That Than Anything Else.

St. Petersburg, June 3.—Feeling in the admiralty against Rear Admiral Nebogatoff continues to run high, the majority of the naval authorities being deaf to the appeals of the few who insist that the admiral's action in surrendering his warships should not be condemned until the circumstances become fully known. The majority say they could forgive everything but surrender, it being a tradition that a Russian naval commander never surrenders. When the Russian warship Raphael, in 1829, struck its colors to three Turkish ships which surrounded it, Nicholas I meted out a terrible punishment to the officers and crew, ordering that all of them should be shot after their exchange.

London, June 3.—The Tokio correspondent of The Daily Telegraph says it is stated that when Rear Admiral Nebogatoff surrendered the Russians hoisted red flags on their topmasts, with Russian flags below them. The crews were drawn up in parade order on the decks, and some of the sailors were waving white flags.

There is a story that the reason Nebogatoff surrendered was that his crew was in mutiny because with 300 dead and wounded on his hands he threw overboard 140 of the mortally wounded. There is also another story that his ships were scarcely scarred, and some people ask whence the 300 dead and wounded then?

FURTHER DETAILS OF BATTLE
Japanese Legation at Washington Gets Togo's Eighth Report.

Washington, June 2.—The Japanese legation has just received the following dispatch from Tokio, giving further details of the naval battle off Tsu island. It is Admiral Togo's eighth report and was received May 31:

"Commander Kasuga returned this afternoon with survivors Dmitri Donskoi. Reports Donskoi opened Kingston valve morning May 29 and sank. Those on board, including survivors of Oslabya and destroyer Douinvi, landed Ureung island. It appears Bulny took aboard Rojestvensky and staff before sinking of flagship afternoon May 27, and also 200 from Oslabya, but finding navigation difficult transferred Rojestvensky and staff to Biedovy, and, running northward morning May 28 met Donskoi, to which all aboard were transferred and Bulny sank herself. Oslabya, according to survivors, had conning tower struck at first straight shot of battle of May 27 and Admiral Voelkersam killed and after succession of shots sank about 3 o'clock in the afternoon. Survivors Donskoi say they saw two destroyers sink in thick of battle noon May 27. This, if true, makes five Russian destroyers sunk by the Japanese."

Jap Losses in the Fight.

Tokio, June 2.—The Japanese losses in the battle of the sea of Japan were 113 officers and men killed, and 424 officers and men wounded. The flagship Mikasa was the heaviest loser, losing sixty-three killed and wounded. The losses were distributed among the fleet as follows: Mikasa, 63; Adzuma, 39; Shikishima, 37; Ashahi, 31; Fuji, 28; Idzuma, 26; Nishin, 27; Otawa, 26; Kasaga, 26; Tsubima, 19; Asama, 15; Naniwa, 17; Tokiwa, 15; Yakumo, 11; Chitose, 6; Idzumi, 10; Kasuga, 9; Hashidate, 5; Nitaka, 4. The casualties among the destroyers and torpedo boats were 87. Commander Togo was wounded on the Adzuma.

Blow for Peace by President.

Washington, June 3.—The president has struck a blow for peace in the Far East. In a conference at the White House with Count Cassini, the Russian ambassador, he expressed the earnest hope that Russia would forthwith conclude peace with Japan. Prolongation of the war, he believes, will not result in victory for the Russian arms, and can only serve to increase Japan's demands and render more difficult the drafting of a treaty of peace which the czar as well as the mikado can sign. The president spoke, he said, as the friend of Russia no less than of Japan, and on behalf not only of the Washington government but in the interest of humanity.

Japanese Sympathy Expressed.

Tokio, June 5.—Vice Admiral Togo has visited Vice Admiral Rojestvensky in the Kaseba hospital and expressed his sympathy for the admiral's bad fortune in being wounded, and wishes for his rapid recovery. Admiral Yamamoto, minister of the navy, has sent flowers to the Russian admiral and a letter of sympathy.

Death of Congressman Marsh.
Warsaw, Ill., June 5.—Congressman Benjamin F. Marsh, Republican member of the United States house of representatives from the Fourteenth district of Illinois, is dead at his home here of pneumonia.

VARICOCELE CURED

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Dr. Kennedy and Kergan, as he had taken treatment from them himself and knew they were square and skillful. He wrote them and got the New Method Treatment for me. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$40 and never lose a day. I wish all sufferers knew of your valuable treatment."

SEEK REFUGE IN PORT OF MANILA

ADMIRAL ENQUIST, WITH THREE RUSSIAN CRUISERS, ESCAPE FROM JAPANESE.

Badly Damaged, and Crowded with
Wounded, They Reach Manila and
Request Time to Make Necessary
Repairs.

Manila, June 5.—Three Russian
cruisers that escaped from Admiral
Togo in the battle of the Sea of Japan
reached this port Saturday night.
They are the cruisers Aurora, Oleg and
Jemchug, under command of Rear
Admiral Enquist, who was commander
of the heavy cruiser division of the
Russian fleet. The three vessels suffered
in the engagement a loss of 68
killed and 135 wounded, and in their
appearance bear striking witness to
the excellence of Japanese marksmanship.
Their funnels are riddled with
large and small shot. Several large
shells pierced them amidships, and
many of their guns are dismounted.

Escorted by American Ships.

The Russians reached port at nine
o'clock Saturday evening. Rear Ad-
miral Train, on board his flagship, the
battleship Ohio, with the Wisconsin,
Oregon, Raleigh and Cincinnati, was
outside the Corregidor Islands maneu-
vering when the Aurora saluted with
13 guns and the Ohio answered. Ad-
miral Train and his squadron accom-
panied the Russian vessels to Manila.
Must Observe Time Limit.

Washington, June 7.—In answer to
an inquiry from Gov. Wright, at Ma-
nila, a cablegram has been sent
through the bureau of insular affairs
in which the president directs that the
rule as to the 24-hour limit must be
strictly observed, and that the Russian
ships can only take on within that
time sufficient coal and supplies to
take them to the next port.

Says Ships Will Intern.

St. Petersburg, June 7.—Russia has
practically agreed to the internment
of the Russian warships at Manila.

President Urges Peace.

Washington, June 3.—The president
on Friday struck a blow for peace in
the far east. In a conference at the
white house with Count Cassini, the
Russian ambassador, he expressed the
earnest hope that Russia would forth-
with conclude peace with Japan. Pro-
longation of the war, he believes, will
not result in victory for the Russian
arms and can only serve to increase
Japan's demands and render more dif-
ficult the drafting of a treaty of peace
which the czar as well as the mikado
can sign. His opinion was that it would
be a mistake for Russia to continue the
war. Unless Russia has substantial
hope of administering a decisive defeat
to Japan in this war, the president be-
lieved it would insure to the interests
of the St. Petersburg government to
conclude peace at once. The president
spoke, he said, as the friend of Russia,
no less than of Japan, and in the interest
of humanity.

Hopeful of Peace.

Paris, June 7.—A dispatch to the
semi official Temps from St. Peters-
burg Tuesday afternoon says: "It is
learned from an authoritative source
that the unanimous efforts of the min-
isters are directed towards peace and
that they hope to succeed shortly."

Information reaching here gives a
decidedly more hopeful view to the
peace outlook. This is particularly
true concerning the unity of the for-
eign pressure which is being exerted.
Although it is not yet evident that
Russia will yield to these influences
the exchanges in which Berlin is tak-
ing an important part are considered
likely to exert a strong tendency
towards the initiation of peace nego-
tiations. It is the understanding here
that Germany and the United States
are now taking the foremost part in
the efforts towards peace with the
other powers lending them strong
moral support.

Grand Duke Joins Peace Party.

St. Petersburg, June 7.—Grand Duke
Alexander Michaelovitch, the emper-
or's brother-in-law, who undoubtedly
exercises a greater personal influence
with his majesty than any other mem-
ber of the imperial family, and who
until the disaster to the Russian fleet
was the most uncompromising advo-
cate of war to the last ditch, has joined
Grand Duke Vladimir in counseling
peace. Another convert to the peace
plan is Admiral Alexieff. The back-
bone of what has been dominated the
war party seems to have been broken.
Nevertheless the final word rests with
the emperor himself.

The Japanese Losses.

Tokio, June 2.—The Japanese losses
in the battle of the sea of Japan were
113 officers and men killed and 424
officers and men wounded. The com-
pletion of the revised list shows that
the losses were under the original es-
timates. The flagship Mikasa was the
heaviest loser, losing 63 killed and
wounded. The losses were distributed
among the fleet as follows: Mikasa,
63; Azuma, 39; Shikishima, 37; Asa-
shi, 31; Fuji, 28; Idzuma, 26; Nishin,
27; Otowa, 26; Kasaga, 26; Tsushima,
19; Asama, 16; Naniwa, 17; Tokiwa,
15; Yakumo, 11; Chitose, 6; Idzumi,
10; Kasuga, 9; Hashidate, 5; Nitaka, 4.
The casualties among the destroyers
and torpedo boats were 87. Command-
er Togo was wounded on the Azuma.

Two Killed in Wreck.

Los Angeles, Cal., June 7.—Two men
are dead and several others are injured
as a result of a collision between the
west-bound overland passenger and a
newspaper special, on the Salt Lake
railway four miles from Riverside
Tuesday.

DELCASSE QUILTS CABINET.

French Minister of Foreign Affairs
Resigns Because of Failure of
Moroccan Policy.

Paris, June 7.—M. Delcasse Tuesday
presented his resignation and definite-
ly retired from any further direction
of the foreign affairs of France. M. Del-
casse in submitting his resignation ex-
plained the reasons leading up to his
action. He said he recognized that
differences of view had arisen between
himself and his colleagues relative to
the execution of the foreign policy of
France, particularly concerning the
direction of the negotiations with Mo-
rocco. Therefore, he had believed it
to be desirable in the interest of the
ministry and the country to place his
resignation in the hands of the pres-
ident.

Premier Rouvier, in responding, ex-
pressed the regrets of his colleagues,
adding a tribute to M. Delcasse for
past services. M. Rouvier thereupon
announced that he would take ad-
interim the duties of minister of foreign
affairs. Later it was announced that M.
Rouvier would hold the portfolio of
foreign affairs indefinitely, probably
yielding the ministry of finance (which
he directs in addition to being pre-
mier) in order to devote his entire at-
tention to the solution of the troubled
foreign situation.

Three more directors resigned Tues-
day from the board of the Equitable
Life Assurance society, and at least
one more will retire, making in all ten
resignations since the present troubles
of the society began.

STORM IS FATAL.

Three Children Killed, Others Fatally
Injured and Property De-
stroyed in Michigan.

Detroit, Mich., June 6.—Reports re-
ceived here from various points in
lower Michigan show that the "thumb"
district and the Saginaw valley bore
the brunt of a severe electrical storm
which swept lower Michigan late Mon-
day. Residences, schools and barns in
the path of the storm were blown
down, and a half dozen fatalities had
already been reported early in the eve-
ning. Two children of John Smith, a
farmer near Urban, in Sanilac county,
were killed, the father had an arm
broken, and another of his children
had an arm torn off. In the same
neighborhood three children of Ed-
ward Philpotts were fatally injured,
and a Mrs. Wagner had her back
broken. At Hemlock, 12-year-old Elsie
Appleton was killed by lightning. In
the neighborhood of Cass City 13 res-
idences and 19 barns were blown down
and a number of people were injured.

Near Caro, Mrs. William Hutchinson
had both legs broken and sustained
other injuries. She will die. William
Dorser was probably fatally hurt. In
the neighborhood of Caro the storm de-
vastated a section six miles long and
half a mile wide.

FORMALLY OPENED.

President in Washington Gives Sig-
nal Which Starts the Port-
land Exposition.

Portland, Ore., June 2.—With the gen-
tle touch of a hand upon a golden tele-
graph instrument, President Roosevelt
from the white house on Thursday gave
the signal which formally opened to the
world the Lewis and Clark Centennial
exposition, a monument to the memo-
ries of Capts. Meriwether Lewis and
William Clark, the pioneers who 100
years ago blazed the trail which opened
up to the world the "Old Oregon Coun-
try." A more auspicious day for the
opening of the exposition could not have
been desired. The literary exercises
which preceded the formal opening of
the fair were of extraordinary excel-
lence. The speakers were Vice Presi-
dent Fairbanks, Speaker Joseph G. Can-
non, of the house of representatives;
Senator Clark, of Wyoming; Congress-
man Tawney, of Minnesota; H. A. Tay-
lor, assistant secretary of the treasury
department; Gov. Chamberlain, of Ore-
gon, and Mayor Williams, of Port-
land.

Murderess Kills Herself.

Des Moines, Ia., June 6.—Sarah
Kuhn, a murderess of Keokuk, Ia.,
died in the Anamosa prison Monday
from the effects of concentrated lye
taken a month ago with suicidal in-
tent. She was young and beautiful,
and gave her husband poisoned beer
to get rid of him. He was old enough
to be her grandfather. For five years
there had been a fight in the Iowa
legislature to secure a pardon for the
girl, who had been serving a life sen-
tence.

Additional Local

Isaac Naye, the sign destroyer, will have his hearing June 22.

A. C. Ruck has built a new cement walk along his property on Fourteenth street.

A. Postma has secured the contract for a new residence on West Fifteenth street for Henry Cronkright. The house will cost in the neighborhood of \$2,000.

Dr. G. J. Cook was called to attend B. Kypner, who was seriously injured in a bicycle collision on Seventeenth street Monday evening. His face was terribly lacerated, his lower lip being slit and a cut in his forehead.

M. Tommen has sold his house and lot at 47 West Fifteenth street to Mrs. Marion Vick of Lacota, Michigan, for \$1,275. Mrs. Vick, with her children, will shortly move to this town, and expects to occupy her new home by the middle of the month. One of her objects in coming to the city is to allow her daughter to enter Hope college in the fall.

Miss Ruth Kerkhof is home from McKee, Kentucky, where she teaches among the mountain whites, a place she left to fill several years ago, after many years' teaching in the city schools. Miss Kerkhof says that a new school house has just been completed and church services are now held in the church every Sunday, a regular pastor, Rev. Mr. Messler, having been secured. Formerly services were held whenever a "mountain preacher" found it convenient to visit the settlement. Miss Kerkhof will remain with her parents about three weeks.

The many friends of Mrs. Marion Wells Thoms in this city will be grieved to hear of her death from typhoid fever at Bahrein, Arabia, on April 25. The news has just come by letter to Dr. Zwemer. Mrs. Thoms visited Holland during her furlough last year and won many friends. She took back with her to Arabia Miss May DePree who now has the care of three motherless children. For seven years she has done excellent, faithful and heroic work as a pioneer missionary and her death-bed was triumphant. Dr. Thoms is now left alone to care for the work in the Mason Memorial Hospital at Bahrein. S. M. Z.

Bert P. Hatch, former supervisor from Tallmadge, was in the city Friday attending circuit court. Mr. Hatch is a member of the famous Lamont baseball team, which has won seventeen out of seventeen games since its organization last summer. The Lamont team is composed entirely of farmers and is said to be the fastest team in the county at present. The team has asked for a date with the Grand Haven Independents, and will probably play here later in the season. The Lamont team defeated Spring Lake on Decoration Day and got away with the Manhattan Athletic club of Grand Rapids the first of the week.—Grand Haven Tribune.

At an adjourned meeting of the executive board of the Fennville Fruit Shippers Association, held Saturday afternoon, the job of loading cars here at Fennville was given to John Barron at a price of ten cents per thousand pounds or \$2.00 per car of 20,000 pounds. N. K. Goodrich of Chicago was made the consignee of the association, his bid being at the rate of 20 cents per thousand pounds, the railroad company paying for the unloading of the fruit at the platform, as has been the practice of late. The association has formerly paid \$2.25 to \$2.50 per car for loading and \$5.00 per car for unloading. With the large crop of fruit now in sight, these reduced prices will make quite a saving to the association, provided the cars are loaded so as not to have more than one light car each day.—Fennville Herald.

Geo. Hammond of Spring Lake has resided on the banks of that body of water for many years, but he never saw the water as high as it was yesterday morning. Grand River too, reached almost to flood height here and the water was very muddy, with a very swift current toward the lake. Trees and debris came down the river during the day, which told the story of havoc wrought by the high water farther up in the Grand River valley. Very little of the floating property around this city was seriously damaged, however. Last night the big Lake steamers had to use great precaution in getting out of the harbor. The current was so swift that the steamers were carried down the river at a rapid rate. The Goodrich steamer and the Naomi were the first to leave and they went down the river and out into the lake at high speed. The Grand Haven was the last to leave last night and she also went out with a rush. Fog added to the trouble.—Grand Haven Tribune.

Born to Rev. and Mrs. S. M. Zwemer Tuesday—a daughter.

Twin City Blade: J. M. Allmendinger is loading material to be sent to Macatawa Park to be used in the construction of the pier at that place.

Mrs. Stella Clark has gone to Chicago to take a course in the art of hair dressing, manicuring, shampooing and facial massage and will open up parlors here and at the park July 1.

Twenty-five girl students of Akeley institute at Grand Haven spent the night on the steamer Fanny M. Rose in the river. The steamer was returning from Fruitport in a fog, when it ran on a bar a mile from the city and not until 7 o'clock this morning was the boat pulled off.

Mr. and Mrs. G. W. Browning and Mr. and Mrs. C. M. McLean, who left Monday on an automobile trip to St. Louis, Mich., to attend a meeting of the directors of the St. Louis Sugar company, got as far as Grand Rapids and were compelled to return owing to the flooded conditions.

Park Superintendent Kooyers has received from Mrs. W. Hazenberg, who is in South Africa, the seeds of several flowers and shrubs indigenous to that country, which he will plant in his greenhouse and transplant in Centennial park if they give indications of growing in this climate.

E. Pelon, general store keeper at May, was in the city Wednesday and while attempting to turn around in front of Witsvliet's hardware store the rear wheel of his buggy caught in the car track. A car was coming and in effort to get off the track the axle was broken and Pelon's load of dry goods and groceries was scattered over the pavement.

Geo. Tubbergen the 12 year old son of Assistant Marshal Tubbergen had his arm broken above the elbow yesterday. He with several other boys were playing near a place on Thirteenth street where a cellar was being dug and while the boys were pushing one another into the excavation one of the lads fell on the arm of young Tubbergen breaking it. Dr. Kremer attended the case.

The closing exercises of the public schools will be held next week. The baccalaureate address will be delivered at Hope church Sunday evening by Prof. J. W. Beardslee, jr. The senior class day exercises will be held in Hope church Wednesday, June 14. The commencement address will be delivered by Edward E. Sparks of the Chicago University Thursday evening, June 15, in Hope church. There are 20 members in the senior class that finishes their work. The eighth grade promotion exercises will be held Monday evening, June 19, in the high school hall. Admission to these exercises by ticket.

Soldiers' Encampment

Commencing next Monday the annual encampment of the Grand River Valley association of Veterans of the Civil war and Spanish war veterans will be held in Grand Haven, to continue one week. The encampment of this year, like its predecessors, will be held at the camp grounds on Lake avenue.

Col. P. Palmer, president of the association, is providing for the comfort of the soldiers guests, who will be here and is assisted in the preparatory work by H. C. Bement of Allendale, commander of the encampment; W. F. Keigen, commander of Weatherwax Post, and the citizens committee, consisting of H. F. Harbeck, Geo. W. McBride, F. A. Hutty, S. S. Dickinson, Wm. Thieleman, E. T. Pennoyer and J. W. O'Brien.

The tents are now on their way to Grand Haven from Lansing.

The daily program at the encampment grounds will be announced each evening. The following speakers are expected to be present: Congressman Wm. Alden Smith, Hon. G. J. Diekema, Hon. Chas. E. Belknap, Gen. D. B. Pritchard, Hon. Benj. F. Morse, Hon. C. Van Loo, Hon. C. P. Brown and Hon. Enno Pruim.

Amusements and games will furnish entertainment for visitors and free light will be furnished the campers.

The School Assured

The school of Dressmaking and Ladies' Tailoring is receiving encouragement from the people of Holland. A suitable room has been secured and aggressive work begun. Ladies' need have no fears to see this work as nothing is sold you. Send your name to the manager, when the work will be explained to you.

S. S. Boaz, Mgr., Holland.

State Encampment, G. A. R. Traverse City, June 18 to 21.

For above occasion tickets will be sold at rate of one fare plus 25 cents for the round trip. Tickets good going June 17th to 20th, and limited for return to June 23rd, 1905.
