## June is the month of Marriages

It is a Good Thing

## Young Man - - Get Married

Scores of young men are wasting the best years of their life by putting off their Wedding Day because they "haven't got the price."

Young Man—Get Married. We'll stand by you. We'll pull you thro the hardest part of the newly married road, that of furnishing a home fit to live in—fit for her. We are not afraid to "take chances" on you. We make a specialty of furnishing homes for beginners in housekeeping; and there are special credit concessions to newly married couples. If you are earning enough to spare a few dollars each month—get married.

Come to us—bring her—pick out what you want to fix up the little house. Then we'll astonish you when we inform you how little it will cost and how little we ask you to pay each month.

You furnish the Girl. - - We furnish the Home.

## CITY AND VICINITY.

Abel Smeenge has sold his house and lot on East Sixteenth street to Thomas Lanning.

Dave Blom, owner of the Arthur S., has given the boat a general overhauling and installed a new boiler, placing the boat in first class condition.

The fire and police commission at a meeting last week appointed Peter Steketee the fifth member of the police force, which completes the appointments in the police department.

Many were the congratulations bestowed upon the Hon. C. Van Loo of Zeeland for his masterly Memorial Day oration in this city. The general opinion was that it was the best and most scholarly ever heard in Grand Haven.—Grand Haven Tribune

The DePree Chemical company Saturday awarded to F. N. Jonkman the contract for the construction of a three story brick factory at Fifth street and Central avenue. The building must be completed within ten weeks. The work of breaking ground for the foundation has begun.

The Holland lifesaving station and in fact all the life saving stations on the great lakes will be equipped with motor boats as soon as the government can make necessary arrangements. These boats will have the strength of 10 horse power and will weigh 1000 pounds. In general design they will resemble the surf boats now in use.

Monday when Schuler Foster, rural mail carrier No. 1, and Miss Theresa Chadbourne were riding in the country near Allegan in his auto, a cow ran in front of them and to avoid hitting her he turned short, when the car and occupant shot, down a 40 foot embankment. The machine is badly wrecked, but luckily the occupants escaped with only only bruises.

C. E. Thompson Monday sold his plumbing business to Fred Pfanstiehl, and will devote all his time to the Central Manufacturing Co., the recently organized firm which will manufacture plumbers' supplies. The name of the new firm will be Pfanstiehl & Co. Mr. Pfanstiehl has been employed 2½ years by Mr. Thompson and had 4 years previous experience.

A commotion was created on the steamer Puritan while enroute to Chicago on Wednesday evening by one of the passengers; who gave the name of T. F. Jones, No. 211 Watson street, who claimed that three men with chisels were attempting to break into his stateroom for the purpose of throwing him into the lake, and he yelled lustily for help.

The boats are carrying large numbers of passengers now in spite of the unfavorable weather. Saturday morning over 250 people arrived here by boat, and about 150 came Sunday morning. The traffic west is also good. Owners of cottages are coming over to prepare for the summer season, but few of them will stay permanently until the weather gets warmer.

Charles Harmon reports finding a net of peculiar construction while boating Sunday. The net was anchored and was baited with frogs. It was constructed of wires and willow and was ba' on shape, the sharp points of the willow preventing a fish from escaping when once it was inside. There was no fish in the net and it was left at Bender's livery. Harmon believes the net was modeled after those used by Indians, as it was not an old one.

The burning of the Naomi cost the Crosby Transportation Co. \$37,000, according to the wreck report filed with the collector of customs. The boat was valued at \$155,000. Insurance to the amount of \$100,000 was carried on it and the machinery and the hull which were saved are worth \$20,000. The cargo, valued at \$25,000, was totally destroyed, but was insured for \$23,000. The cause of the fire is not given in the report, which merely says that it started in the freight.

The ice dealer looks as though he had made a sour face and it had frozen that way. The coal man who used to snore now chuckles in his sleep.

The price of beef has been advanced two cents a pound. It means something nowadays when we say that life is worth living.

Grand Haven's two banks shows about \$1,200,000 on deposits, which means about \$200 per capita, a record that can scarcely be beaten in the state of Michigan.

The board of review adjourned at noon Monday, the supervisors leaving at noon for Grand Haven to attend the opening session of the board of supervisors. The board of review will reconvene next week and finish its work.

Marinus Katte, a pioneer settler, passed away at his home in Zeeland aged 73 years. He formerly lived in Holland and was for years an employee of the Cappon & Bertsch Leather company. The funeral was held Tuesday afternoon from the First Reformed church at Zeeland.

Wm. Nykamp, one of the proprietors of the Citizens' Transfer Co., was injured Monday by a horse and as a result of the accident he carries his left arm in a sling. The horse kicked Nykamp, and while no bones were broken the flesh and muscles of his arm were lacerated and he will be laid up for several days. The services of a physician were required.

Rev. Harry P. Boot, who has spent the past four years at the Amoy mission in China, has returned to Holland. His wife returned about a year ago and it is on account of her continued illness that Mr. Boot has granted a year's furlough. Dr. and Mrs. A. Oltman, missionaries to Japan, are enroute and will arrive in about ten days. Their children are students at Hope college.

John C. Hoekje, a graduate of Hope college of the class of 1906, who has been superintendent of public schools in Iowa for the past year, has returned home to spend his summer vacation. Mr. Hoekje's work was so satisfactory that he has been re engaged on a raise of salary of \$100 per year. His salary is \$850 for the coming year.

On the occasion of the silver wedding anniversary of Mr. and Mrs. J. J. Cappon, the employees of the Cappon & Bertsch Leather company presented Mr. Cappon with a gold headed ebony walking stick and Mrs. Cappon with a gold headed umbrella. The gifts were presented as a token of appreciation by the employees for their employer.

June 10 is the date set for the special election in Holland on the proposition as to whether the city shall issue bonds in the sum of \$30,000 to double the capacity of the lighting plant. There is but little interest in this election, but it is expected that the necessity of the plan is obvious enough to carry the proposition by a large majority.

An investigation was ordered, but revealed nothing. Saturday the same person walked over to the Goodrich dock in Chicago and deliberately jumped into the Chicago river. He was rescued and this time he gave his name as J. D. Nichols, and his residence in Grand Rapids. The man appeared to be suffering from a temporary mental malady.

Lena B. owned by H. Boone, and considered one of the most valuable brood mares in Western Michigan, died yesterday. She was the daughter of Maggie B., a half sister of Mc Kinley and was the dam of George R. Lena B. had a mark of 2:15 and was declared to have more speed than any horse ever owned by H. Boone. A ringbone made it impossible to train her.

One of Holland's well known citizens, Frank G. Heald, was buried here Tuesday. Mr. Heald was the eldest son of R. K. Heald, who had been for many years in the farm implement business at Holland. He died here Tuesday. Mr. Heald was born in 1847 and came to Holland in 1860. He had made his home in Chicago for years where he died of the dread disease, tuberculosis. His wife and brother-in-law, Rev. F. P. Baker, pastor of the Irving Park Reformed church, came to Holland to lay Mr. Heald at rest beside his father in Pilgrim Home Cemetery. Deceased leaves a wife, two sisters and four brothers to mourn his death.

Rev. Schuelke will preach in the German Lutheran church Sunday afternoon at 2.30 p. m.

Henry Steketee has let the contract for a new residence on East Fourteenth street, near Central avenue.

Attorneys Sooy & Heck, now located in the Post block, have rented a suite of rooms in the O'Leary block and will move in a few days.

The Rev. G. A. Gerdener, of South Africa, will speak in the chapel of the Third Reformed church tonight at 7:30 o'clock. Rev. Gerdener is the secretary of the Y. M. C. A. of South Africa. All are invited.

The crib on the pier at Macatawa bay that has been lodged on a bar since last fall's storm, was finally unloaded last Monday. It took a long time to dislodge the crib from its firm anchorage, which the storms of winter had given it. It was towed to deep water and will receive its place in the pier.

Chief of Police Kamferbeek is after the fast autos. He has started a campaign to prevent auto owners from exceeding the speed limit within the city limits. A special officer has been detailed to watch the offenders and arrests will follow. Some autos have become a menace and the new chief of police thinks it best to get ahead of a death or accident list.

The strange man who gave his name as Jones and also as Nichols, who created a disturbance on the Puritan one night last week on the way to Chicago, later jumping into the Chicago river, is known here. He is a salesman for a dental supply house, and his name is Nicholas, his home being in Grand Rapids. The cause of his aberration of mind is ascribed to financial difficulties. It is said his goods were attached by creditors and no doubt brooding over his troubles caused him to attempt suicide.

Deputy Sheriff Schap yesterday afternoon apprehended Robert McIntyre and Frank McCarthy at Zeeland, who are wanted in Calhoun county for cracking a safe in a grocery store at Stanley on May 24, securing \$70. The men posed as umbrella menders. Schap at once recognized them from descriptive cards. In their possession was an umbrella top from which a section of cloth was missing, which was found by the sheriff of Calhoun county near the scene of the robbery. A reward of \$50 is attached to the capture.

The supreme court has confirmed the decision of the Ottawa county circuit court in the Scott vs. Brusse case, the lower court having rendered a verdict in favor of the defendant, William Brusse, of this city. Suit was brought two years ago by B. L. Scott, also of this city, to recover real estate at Macatawa park which he had transferred to Brusse in exchange for stock in the Walsh-DeRoo Milling and Cereal company, after the reorganization of the old company and before it became bankrupt.

The Physician's club at a special meeting Friday evening unanimously favored the adoption of effective measures in safeguarding the city against threatened epidemics. A number of recommendations will be submitted to the common council at its next meeting embracing the installation of city water wherever possible, compulsory garbage collections and extension of sewer districts, the cleaning of cesspools and vaults twice a year and the installation of a drier system in all closets not connected with sewers.

A hen brooding a nest of kittens is a novel attraction discovered a few days ago by Mrs. Isaac Verwey, No. 81 West Eighth street. In a nest in the corner of the barn she found the kittens warmly tucked under the protecting wings of the freakish hen with the mother cat vainly striving to get a peep at her young. The hen refuses to leave the nest and resists every effort to dislodge her, while the cat is faithful in her duty in providing her treasures with daily food. The kittens are five in number. The hen never had a setting and feels greatly attached to the little arrivals which were left in the nest during her temporary absence, and proudly claims them as her own by adoption. The cat and the hen are fast friends, although the former is compelled to submit to the wishes of the latter in her rightful domain.

## CORRESPONDENCE

## Laketown.

The season is some two or three weeks later than usual, as a consequence planting has been delayed and most of the corn will be planted this week. The wheat and rye is looking better than last season. Prospects for a good fruit crop are fine, if blossoms on the trees count for anything. The cherry trees, though, have been struggling for a month to bloom, amid the frosts and blizzards.

John VanderWest has purchased of Mr. Shitema his father-in-law's farm and the latter has taken up his residence in Graafschap.

Cornelius Zadik has rented his farm at Laketown Center and is now managing a fruit farm located on Macatawa bay, owned by Daniel Stekette of Grand Rapids.

A new cottage is being built at Castle park by Mr. Beach, a Chicago architect.

Widow VanderBei and her sons have had the misfortune to have two horses die the past week.

A few of our farmers were patriotic enough to attend the Decoration exercises in Holland. The method of conducting them in Holland is to be commended. It was a fine sight to see the school children with flags and wreaths in the procession with the Veterans and Woman's Relief Corps, ready to share the services of bedecking the soldiers' graves, thereby teaching them patriotism. In the march of time it is very noticeable that many of the veterans have fallen from the ranks and a number of familiar faces are missing.

## Gibson

A very enjoyable and instructive program was given at the Saugatuck Commencement exercises. The church was crowded with an appreciative audience. Following are some of the numbers on the program: Music by Mrs. Brittain, Miss Walsh, Mrs. Tisdale, Mr. Davis and Dr. Methoen. A class song, composed by Mrs. Bird, was rendered. The farewell words to the class of 1907 were spoken by Professor Latta.

Mrs. Davis is improving in health.

Mr. Buscher's family is here.

Mr. John Buscher bought 21 calves for market last Monday.

Those living on low lands complain of too much rain.

Mr. Wallin went to Chicago last Saturday to visit his family and attend the confirmation of his daughter Esther.

Fred Walz and Fritz Walz of Saugatuck are running meat wagons in this vicinity during the resort season.

Mrs. Tasker entertained friends from Holland Sunday afternoon.

## GRIP MADE DOCTORS RICH.

British Physicians Had Harvest in the Epidemic of Influenza.

The British Medical Journal is authority for the statement that the incomes of English physicians have fallen off one-fourth since 1900, and among the causes mentioned is the abatement of the influenza epidemic, which appeared some years ago, and the mildness of recent English winters.

We are hearing much less of the influenza or grip in this country, says the Springfield Republican, and there may be those by and by who will assert that it never existed as a distinct disease except in the imagination, but those who have had it will never forget it or be persuaded to the contrary.

British medical statistics ascribe 19,000 deaths to this trouble in the one year of 1900, when the epidemic seems to have culminated. It is now pretty well established that the influenza is a periodical disease, which is supposed to originate in the filth of life in the Far East, and which moves from there around the world in increasing violence until the epidemic culminates and gradually dies out.

## Triumphing Over Difficulty.

There passed away some time ago an actress who had been so unfortunate in her marital experiences as to divorce several husbands, and who retained her maiden name for professional purposes. The day of her demise a sister actress waited on an undertaker, to make arrangements for the funeral.

"Well," said he, "as to the casket, I should advise one lined with white satin if the lady was unmarried. If she was married heliotrope would make a pretty lining."

The actress mused. Then she said: "I will consult her other friends," and went away. Later in the day she came again.

"Sir," she said with dignity, "we have reached a decision. We should like our dear friend's casket lined with the heaviest grade of white satin, with dashes here and there of heliotrope."

## Pins in Letters.

"If people must stick pins in their letters, I wish they would cover up the points so they wouldn't push through," said a mail clerk whose hands were disfigured by tiny scratches. "I'll bet I get a hundred digs a day from pins that systematic folk use to hold their correspondence together. I never could take out, anyway, why so many letters need to be finished off with a pin. 'Of course, I understand that about half of those written by women have a postscript in the shape of samples of dress goods or newspaper clippings, which perhaps require a pin or two to hold them in place, but even that habit cannot account for the large number of letters that come through the post-office with a pin sticking out of one corner.'"

## His Bridal Layout.

There lived a man near Franklin, N. H., who was known as the "stingy" man. He was one of those unfortunate lards of creation who had, in not a very long life, put on mourning for three departed wives. But time assuages heart wounds as well as those of the flesh, and in due time a fourth mistress was inaugurated.

As has been said, he suffered nothing to be wasted—and as the new mistress was putting things to rights while cleaning up an attic she came across a long piece of board. She was about launching it out of the window, when little Sadie interposed and cried. "Oh, don't mamma! That is the board papa lays his wives out on, and he wants to save it."

## Rapid Larceny.

A New Orleans paper has the following: "The young man who came into this office yesterday, sat down on a box, and immediately afterward jumped up with an unearthly yell and fled from the office, is requested to bring back four brass-headed tacks that were standing on the box when he took his seat. No questions will be asked."

An Entertaining Fish Story. The natives of New Guinea employ extraordinary fishing nets of spider's web to capture fish weighing up to a pound. They fix bamboos bent in the shape of a landing handle in the jungle glades, and the spiders weave their nets all over the frame. The method of fishing is to watch for a passing fish and then to dip it out and throw it on dry land.

## Franklin's First Almanac.

Benjamin Franklin's first almanac was issued in 1733. This not only presented a wide range of information, but it was filled with maxims that made Franklin famous, even more than his valuable services to the American cause in Paris or to science in the discovery of electricity.

## Why We Dress.

Fine clothes do more than provide a decent appearance for the wearer, says the New York Sun. They give her or him a sense of well-being which assists and multiplies amiability, and thus conduces to the comfort of the world at large.

## THE NEWS IN BRIEF.

Rev. A. H. Laing, pastor of the Universalist church, Joliet, resigned after 29 years of active service.

Pork butchers numbering 125, employed at Swift & Co.'s plant in South St. Joseph, Mo., went on strike.

Ten persons were injured in an elevator accident at the plant of the Goodyear Tire and Rubber company at Akron, O.

About 2,000 machinists employed in shops where the employers had refused to grant the union demand for a nine-hour day went on strike in Cleveland.

United States Pension Agent Horace Thompson, aged 49 years, and well known throughout Wisconsin, dropped dead from heart disease at Marinette.

Arthur B. Linds, stage manager, of the "Stain and Gull," was found dead in bed in the Hotel Havlin, St. Louis. An empty bottle labeled "morphine" was on the table near him.

Edward Payson Weston, of Portland, Me., who walked 1,256 miles from that city to Chicago in 1867 in 30 days, will attempt to repeat the feat, beginning Oct. 29. He is 70 years old.

Announcement is made that plans are near completion for the merger of several cement concerns in the east, which will be known as the National Cement company. It will have a capital stock of \$25,000,000.

Prince William of Sweden will arrive at Jamestown on the cruiser Fylgia on August 18. Later the cruiser will go to New York and the prince will visit Newport, Tuxedo, Saratoga and other near-by resorts by rail.

Edwin C. Pendleton, until recently in command of the battleship Missouri, entered upon his duties as commandant of the League island navy yard, Philadelphia. He succeeds Rear-Admiral Tilley, who died in March.

During the absence of their parents who were attending a wedding, two children of Samuel Coplovich were suffocated to death in a fire which started in their home at St. Paul, Minn., and a third was fatally injured.

Mrs. Catherine Killaran, wife of James Killaran, a foreman of laborers in tunnel construction, was found dead in her home in the Bronx, New York, with half a dozen knife wounds in her body. Her husband has been arrested.

The president of an Illinois university has addressed a letter to the Brazilian minister of education suggesting an exchange of professors between the two countries similar to that between eastern seats of learning and universities in Germany.

Instructions have been issued through the Russian consulate in London to the Russian steamship lines to refuse passages to the social democratic members of the lower house of parliament, who have been holding a congress at the British capital.

The seamen's strike at Glasgow, Scotland, has reached an acute stage. The employers refuse to recognize the unions and have taken no notice of their demand for an advance in wages. Atlantic liners due to sail June 1 for New York and Canada have not found crews.

Over \$100,000 damage has been caused to crops and manufacturing plants by the breaking of the Rio Grande levees at White's Spur, eight miles above El Paso, Texas. More than 1,000 acres of land are under water and many families have been driven from their homes.

## Electric Light Men Convene.

Washington, June 4.—With several hundred delegates in attendance, the thirtieth annual convention of the National Electric Light association opened here Monday night for a five days' session. The feature of the first session was a brilliant display of unique electrical appliances. Later a reception was given at the New Willard hotel.

## Snow at Newport, R. I.

Newport, R. I., June 4.—A slight snow fall occurred here late Monday. The flurry was followed by a cold rain.

## DR. KING'S NEW DISCOVERY

### FOR COUGHS AND COLDS AND ALL THROAT AND LUNG DISEASES PREVENTS PNEUMONIA AND CONSUMPTION

"Two years ago a severe cold settled on my lungs and so completely prostrated me that I was unable to work and scarcely able to stand. I then was advised to try Dr. King's New Discovery, and after using one bottle I went back to work, as well as I ever was."

W. J. ATKINS, Banner Springs, Tenn.

## Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nervine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nervine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds."

## PRESIDENT IS GIVEN OVATION AT LANSING

MAKES THREE ADDRESSES FRIDAY AFTERNOON IN THE MICHIGAN CAPITAL.

Occasion is Semicentennial of Founding of State Agricultural College—Speaks of Importance of Country's Rural Interests.

Lansing, Mich., June 1.—President Roosevelt, whose address Friday afternoon on the campus of the Michigan Agricultural college was the climax of the semicentennial celebration of the founding of that famous institution, arrived in Lansing at ten o'clock in the morning over the Lake Shore railroad in his special car. He made a number of short addresses during the morning from his car platform at small towns.

Special excursions on trains had been bringing in thousands of people since daylight and when the president's train arrived the number of strangers in the city was estimated at 50,000.

Has Escort of Guardsmen.

Twelve companies of the Michigan national guard had been brought into the city to escort and guard the president, together with a troop of cavalry from South Haven, Mich., and two divisions of the Michigan naval reserve.

The president was given an ovation as he concluded his balcony speech and went into representative hall to address the members of the legislature. He spoke there about ten minutes. He said that the railroad problem in this country must be dealt with unflinchingly, but with sanity and with reason. There must be, he said, steady progress along the lines that already have been laid down. He also mentioned some of his own experiences as a member of the New York legislature.

Guest of College President.

After the second address the president and his party entered automobiles and were driven to the residence of President J. L. Snyder, of the agricultural college, where luncheon was served.

At two p. m. the president made his formal address from a platform erected at the head of the campus.

Children the Best Crop.

That there is no relaxation in President Roosevelt's vigorous views regarding the importance of the country's rural interests was evidenced by his speech.

"The crop of children is the best crop of the nation," said the president. He also paid tribute to the work of the farmer's wife, who, he declared, should neither be an idler nor a drudge.

The cityward trend of the rural youth was deplored by the president, and he urged a more efficient course of agricultural education as a means of offsetting this exodus and upholding the integrity of the rural community.

Hereafter, according to the president, one of the most important tasks before the department of agriculture will be to improve the social life of the farmer and of his family.

"The people of our farming regions must be able to combine among themselves," he said also, "as a means of protecting their industry from highly organized interests which now surround them."

"Points" of the Speech.

The telling points of the speech follow:

"Workers should get over the idea that to earn \$12 a week and call it 'salary' is better than to earn \$25 a week and call it 'wages.'"

"Many country communities have lost their social coherence. In such communities, for instance, the country church has gone back as a social and a religious factor."

"Ambitious native-born men and women who now tend away from the farm must be brought back to it."

"I emphatically believe that for the great majority of women the only really indispensable industry in which they can engage is the industry of the home."

"I have not the slightest sympathy with those hysterical and foolish creatures who wish women to attain easy lives by shirking their duties."

TO INSPECT WESTERN POSTS.

Maj. Gen. Bell Will Make an Extended Tour.

Washington, June 4.—Maj. Gen. J. Franklin Bell, chief of staff of the army, has arranged to make a thorough personal inspection of the principal army posts in the west, with a view to increasing the efficiency of the service. He will leave here Tuesday afternoon and expects to be engaged in his mission for about two months. Later in the month he will be joined by Secretary Taft, who desires to see the condition of some of the big posts in the northwest, especially Fort Meade, S. D.

Mrs. Bell will accompany the chief of staff on his tour. They will go from here to Lexington, Ky., to attend the commencement exercises of the state agricultural and mechanical college.

Gen. Thomas H. Ruger Dead.

Stamford, Conn., June 4.—Gen. Thomas H. Ruger, U. S. A. (retired), died at his home here Monday. He leaves a widow and two daughters. The burial probably will be at West Point.

## MANY MURDERS DUE TO "INNER CIRCLE"

STATE CHARGES HUGE CONSPIRACY IN CONNECTION WITH STEUNENBERG DEATH.

HAYWOOD TRIAL AT BOISE IS OPENED

Defense Takes General Exception to Address to Jury by Counsel Hawley—Will Try to Limit Case to Single Crime.

Boise, Idaho, June 5.—William D. Haywood, accused of the murder of Governor Frank Steunenberg, Tuesday heard the elaboration of the state's charge against him, and also heard the testimony of several witnesses against him. James H. Hawley made the state's statement and its burden was that an "inner circle" of the Western Federation of Miners planned and procured the murder of Frank Steunenberg as one of the steps in a far-reaching conspiracy that embraced many murders. The statement consumed one hour and twenty minutes and was delivered to a crowded courtroom, without attempt at oratorical effort. It met a fire of objections from the defense, first against the assertion of Mr. Hawley that the leaders of the Western Federation of Miners were responsible for "scores of murders," and next, against the charge that the great conspiracy extended back to the infancy of the federation. Then there were repeated objections on the ground that Hawley was arguing the case. By agreement, the defense was given a general exception to any part of the opening statement that it objected to.

Will Try to Limit Case.

The attitude of the defense clearly indicated a purpose to defeat the plan of the state to show a general conspiracy, and to limit the case as closely as possible to the Steunenberg crime alone.

After the conclusion of Mr. Hawley's address, Mr. Darrow announced that the defense would reserve its opening statement until the state's case had been closed.

C. F. Wayne was the first witness called. Wayne was examined by Senator Borah. He was an eye-witness of the murder of Steunenberg. The defense declined to cross examine Wayne and the second witness, Dr. Gue, who attended Steunenberg on the night of the murder was called. Dr. Gue was not cross examined by the defense.

C. Rice of Caldwell, an attorney, was next called. Rice testified to the presence of Thomas Hogan, alias Orchard, at Caldwell prior to the Steunenberg murder. Mr. Richardson cross examined Rice. N. S. Ellis of Caldwell, merchant, the third witness, further testified to the presence of Orchard near the Steunenberg residence. Ellis was cross examined by Mr. Richardson. A. J. Ballentine was called to the stand and court adjourned at noon to 2 p. m.

Charge Plot to Kill.

With the first address to the jury the scope of the case is revealed at least in part. The charge is that Haywood, as one of the high officers of a powerful labor organization, having been given authority by members to use his office and the funds of the Western Federation to promote its interests purely as a labor organization, so used his office as to become one of the secret leaders in a gigantic plot to revolutionize society and by murder and terrorism bring about conditions in this country that threatened the upheaval of all existing forms of government.

Stood for Law in Colorado.

Haywood will be tried for the murder of Steunenberg. The state of Idaho has yet to reckon with the actual murderer—the man who laid the bomb at the gate of the residence of the governor, who had retired from politics and was pursuing his way as a sheep farmer, but who when chief executive of his state, in spite of his allegiance to union labor throughout a hard-working life, had by word and deed, the state holds, shown that he stood first and last for the law and its observance within the borders of Idaho.

It was the murder of Steunenberg and the confession of the assassin Orchard that laid bare the alleged plots and counter-plots that led to the arrest of W. D. Haywood, together with Moyer, the president of the Western Federation, and Pettibone, one of the 75,000 members.

It is not yet known whether Orchard will be in the penitentiary throughout the trial or be brought into Boise to the county jail, where Haywood, Moyer and Pettibone are now confined. Secrecy is made as to the arrangements because of the rumor that enemies of Orchard have plotted to kill him before he takes the stand. At least, every precaution is being used, but there seems to be little cause for apprehension on this score and the authorities themselves ridicule the stories of violence. Counsel for the defense say that they have used every endeavor to prevent the circulation of reports that would tend to cause excitement and the people of Boise give every proof of their desire to maintain the good name of the city.

Haywood, the prisoner, now most prominent by reason of the fact that he is the first to be placed on trial, has been suffering from the nervous strain of the case and injudicious living, but this morning, in spite of a slight return of his recent indisposition, appears to be in good condition.

## THE COAT ON THE ARM.

Showing Importance of Making a "Front" in New York.

It is better to put on a stiff front and keep a stiff upper lip in this town than to have no front at all and bite your lip. It is not always the man who strolls down Broadway wearing a bland smile with a faded "mum" on the lapel of his coat and with his overcoat carelessly swung across his arm who dines at Del's or who owns a seat on "change" or who goes to Europe every year to buy pictures for his gallery. Sometimes a smile covers an empty stomach and an aching heart on the Great White Way. Through the midway of the great commercial artery between Herald Square and Longacre there stroll every day scores of men who carry their overcoats over one arm, regardless of temperature, simply because their "bonnies" do not fit. The other day a portly chap who held a good place last season with a theatrical company strolled down Broadway. "Better slip on your coat," said a friend. "It's pretty cold, old man." "Oh, no, me boy," was the reply; "I'm not afraid of pneumonia. Besides," and his voice took on a confidential tone, "don't you see me boy, I've outgrown this coat by 40 pounds and could not get into it with a shoe horn. I can't afford a new one, but I don't like to have it thought that I don't own a coat, you know. My suit, you see, will stand scrutiny, so I wear a chest protector, and everybody thinks I'm so hardy. It's a great scheme." Then he swung off up Broadway, a picture of mystery.—Pittsburg Dispatch.

## ALASKA'S GREAT FISH RIVER.

Nushagak the Basis of Important Canning Industry.

How many readers ever heard of the Nushagak river, asks the Youths Companion. Not many, it is safe to say. Yet the department of commerce and labor pronounces this river of western Alaska "one of the important fishing streams of the world." The fish which the Nushagak furnishes is salmon, the taking, canning, freezing and salting of which is an Alaskan industry, the importance of which is shown by a recent report issued by the department of commerce and labor. The first two canneries were built in 1878. Since then the number has increased until in 1902 there were 64 establishments, which put up more than 2,500,000 cases. Low prices since then have somewhat reduced both the number of canneries and the output; nevertheless, since canning began in Alaska, nearly 22,000,000 cases have been sent out. In order to provide some counterpoise to this tremendous drain the packers combined to start hatcheries. These have been carried on with important results and increasing success. In 1905 the United States bureau of fisheries took up the work, in addition to what had been done by the packers. There are now nine hatcheries, from which about 450,000,000 fry have been liberated.

## Valuable Chairs.

The value of chairs is strictly relative. Enormous prices have been paid for chairs in recent years, notably the \$100,000 for a set of half a dozen Louis XIV. chairs upholstered in Gobelin tapestry, originally made for Marie Antoinette. Even this price, however, was exceeded by sums paid for three of the Hamilton palace chairs, one of which brought \$3,000. A most valuable and historical interesting suite of furniture is that which, more than a century ago, was presented by Warren Hastings to Tippoo Sahib, and which was purchased at the Lonsborough sale for \$5,000. The suite consisted of a card table and sofa, two small cabinets and four armchairs, all of solid ivory most exquisitely carved. But probably the most costly chair in the world is one of the treasures of the shah of Persia. It is of solid gold, thickly encrusted with diamonds, rubies, pearls and sapphires. Its value is estimated to be \$2,500,000.

## Hit Back.

Walking along a road in the remote west of Ireland, two tourists were passing one of the cottages, or, as they are better known in the country, "cabins," of the peasantry. This particular "cabin" was even a more than usually dilapidated specimen of its class, and the chimney, consisting mainly of the remains of an old top hat, presented a comical, if pathetic, appearance.

Tipping his friend a wink, one of the tourists accosted a youth who was sitting contentedly on a fence.

"I say my boy," he said, "does that chimney draw well?"

"Shure, thin, it does," was the prompt reply; "it draws the notice o' iverly fool that passes by!"

## Not the New England Variety.

"O! they're real swell people," said the Chicago man; "an old 'Mayflower' family, I believe."

"You mean their ancestors came over in the Mayflower?" asked the visitor from the East.

"O! no. I mean they made their money in 'Mayflower Hams,' oldest brand o' hams in this section."

## Succeeded.

Bacon—You say Grafton is a successful man?

Egbert—He certainly is.

Bacon—But I understand his business methods are questionable; why then call him a successful man?

Egbert—Because he's kept out of jail so far.

## Bryan Objects.

Mr. Bryan objects to President Roosevelt's official course in some respects, because of the fact that while he has endorsed several democratic measures he has not carried them so far as the democrats would have carried them. That is very true. Mr. Roosevelt has principally differed from democrats who have attempted to express the purposes of their party in legislation in not going so far as to do much more harm than good. He has been radical in right directions and reasonable throughout. His purpose has been to correct abuses and not to exploit theories. President Roosevelt has appealed to the general spirit of American fair play and not to the prejudices of sections or classes. It was very truly said of him that he has not carried any of his purposes to a hurtful or demoralizing extreme.

## Not a Democrat as Some Would Have It.

It was a graceful acknowledgment by President Roosevelt in the course of one of his addresses at Lansing last week, that his power to do the things which the people of Michigan and elsewhere seemed to so fully approve was in great part due to the support he had received from the representatives of Michigan in congress. President Roosevelt's further statement at Lansing, that ninety-nine percent of the republican party is still essentially the party of Lincoln, quite fully indicates Roosevelt's thorough sympathy for his party and his confidence in the great body of its membership.

## To Save the Home

The desire of the people of the city of Canton, Ohio, to preserve intact the house in which Mr. and Mrs. William McKinley spent nearly all their married life, is commendable and should be carried out. The home life of Mr. and Mrs. McKinley was that of the highest type our country has produced. It was beautiful and worthy beyond any other contribution the hero of a great war and the leader of a great country could possibly have made. Whatever will assist in preserving and making prominent the memory of the home life of Mr. and Mrs. William McKinley should be favored and assisted as an inspiration in the direction of our country's very highest ideals.

## To Regulate Insurance Co.

The promise that Michigan will soon possess legislation fully guarding against the excesses and practices on the part of life insurance companies and of fire and fraternal insurance organizations which have notoriously marked their course in some other states will be noted with satisfaction throughout the state. The people of Michigan are very kindly disposed towards all legitimate forms of insurance and towards the organizations now doing business here, but because of this friendly sentiment it is all the more necessary that every safeguard made use of elsewhere and every reasonable requirement by other states exacted should properly be provided in behalf of the people of Michigan.

## Shimmel Examination Postponed.

The hearing of William Shimmel, charged with the murder of Martin Golden, has been postponed to June 17. Several witnesses were examined at the hearing Monday but their testimony did nothing more than partially prove that Shimmel was in Nunica at a later hour on the day of the murder than he has claimed. This fact is important but it will take considerable more than was brought out yesterday to hold the Moorland man for the killing of the Dennison merchant.

When the last witness was through, Attorney L. L. Park asked for Shimmel's discharge on the ground that there was not sufficient evidence to hold him. The point seemed well taken under the circumstances and Justice Wachs seemed somewhat inclined that way himself but when Prosecutor Coburn stated that the People did not expect at this time to prove a case against Shimmel but would be ready with evidence in plenty two weeks hence, the justice decided to hold Shimmel that length of time without bail.

Among the spectators present at the examination were Mrs. Golden, widow of the murdered man, Wm. and John, brothers, and Shimmel's brothers and several cousins.

The first witness Monday afternoon was Dr. Smith of Coopersville. He told of being called out to Dennison to attend Mr. Golden and described the wounds in Golden's head.

Fremont Brown of Nunica, the second witness, told of seeing Shimmel in a Nunica saloon the afternoon of the murder. His testimony also was the first mentioning the mysterious Frenchman who was seen about Nunica saloons that day. This Frenchman, who was under suspicion for a long time, turned out to be a Muskegon resident. He proved that he was in Coopersville the night of the murder.

Frank Griswold told of being in a Nunica saloon at 3:30 that afternoon and saw Shimmel there. Ed. Brown of Nunica also told of seeing Shimmel in the saloon. He said that the Frenchman Mayo and Shimmel were drinking in a back room.

The testimony of all witnesses went to show that Shimmel was in Nunica quite late that afternoon. In his talks he has said that he arrived home in Moorland that night in time for supper, which would have been impossible if he had been in Nunica as late as 4 or 5 o'clock in the afternoon.

## Memorial Day Exercises.

The Memorial Day exercises this year were of the usual impressive type. A long procession of little school children carrying flowers, followed by the veterans of the war of the sixties and these in turn followed by a drum corps formed the line of march. The Citizens band went ahead playing "Marching Through Georgia." The procession was three blocks in length and a most impressive sight.

In the college grove where an immense crowd gathered, Mr. W. W. Wedemeyer of Ann Arbor delivered a stirring address. The speaker said that perhaps it might seem a little presumptuous for the younger generation which he represented to talk patriotism to the veterans who had stood the storm and stress of battle. But any presumption there may have existed was taken away most effectually by the earnest appeal he made to the members of this younger generation to keep green in their hearts the memories of those who died to make us a united nation. His speech was also a plea to wipe out all sectional animosities that might still exist, so as to make this country united in deed as it is in name. Mr. Wedemeyer is a fine orator and the two times he has spoken to a Holland audience he proved himself a spell binder, who does his spell binding with the rarest art.

At the Pilgrim Home Cemetery Wm. VanderHart read Lincoln's Gettysburg speech. The children decorated the graves of the dead soldiers and the G. A. R. Veterans decorated the grave of A. C. Van Raalte.

## Mrs. Brouwer Seriously Injured.

While returning from the cemetery Thursday afternoon the carriage occupied by Mr. and Mrs. Jas. A. Brouwer, William Brouwer and two children, was overturned on Eighth street, the horses taking fright from a Pere Marquette passenger train.

Mrs. Brouwer was the most seriously injured, suffering a broken bone and sustaining severe bruises. Although her condition is critical, it is expected she will survive the shock. Mr. Brouwer had his fingers badly cut by holding the reins and keeping the horses in check and one of the children received a gash in the head. The occupants all struck on their heads. Mrs. Brouwer, at the present writing, is resting easier.

## Peter Pleune the Victor.

On the evening of Decoration Day the contest of the Dr. Coles' Foundations in Oratory was held in Carnegie Hall. The prize of this contest, a beautiful bronze bust of Washington, valued at \$150 was won by Peter Pleune, of the Sophomore class. The decision was however a hard one to make on account of the high excellence of the other speakers. The judges tied three men for first place on thought and style and on the finals they tied Mr. Pleune and John W. Van Zanten. Mr. Pleune however won by a narrow margin. The audience was small due perhaps to the fact that it was held on the evening of Memorial Day, but it was select and appreciative. There was not as much noise as usual in oratorical contests, the Sophomore class being the only class that attended in a body.

Peter Pleune

Prof. E. D. Dimment gracefully presided. He introduced each speaker with appropriate remarks and quotations; and often in a phrase or sentence he beautifully epitomized the contents of the oration that was to follow. The contest was open to all the students of the college and eight speakers took advantage of it. These were naturally some of the best speakers in school and this made the contest so close and interesting. All were fairly evenly matched, and the speaker who received last place was in percentage not far below the winner.

Mr. Pleune's subject was "The Pilgrim and His Mission." It was a masterful oration well worked up and spoken in a masterful way. There is a solidness about Mr. Pleune's speaking that the college orator often lacks. He began in a calm easy tone and gradually worked up to his climax, reinforcing thought with thought and paragraph with paragraph. All the students are well pleased that Mr. Pleune won out both because he is a popular young man and because he really deserved the prize. He spoke of the Pilgrim and the influence he had on the

course of American history. The day of the Pilgrim was not over when the last veteran of that noble band was laid to rest. The spirit of individual freedom that caused those hardy men to choose the wilderness as their home has showed itself throughout our history and has made this country the hope of all lovers of freedom and progress. The spirit that animated the Pilgrim was a leaven that has gradually leavened the whole American life.

All the subjects were of a patriotic nature and a great deal of enthusiasm was shown. Mr. Van Zanten, who in the ranking received second honors spoke on the "Heritage of Our Republic." It was a strong oration in both thought and delivery. Mr. Van Zanten had unexcelled enthusiasm and in the minds of the audience as well as of the judges he deserved the high place he took. Mannas A. Stegeman took next honors with "The Blue and the Gray." Mr. Stegeman had a finished oration and his delivery was marked by earnest interest in his theme. He too received such a high place that it seemed a pity that but one prize was offered. In fact on the part of seven of the speakers it was a case of "so near and yet so far." The rest of the speakers and their subjects were:

"Soldiers of Peace" by Paul E. Hinkamp.  
"The American Indian" by Wm. Walvoort.  
"Benedict Arnold" by George Roest.

"The Boys in Gray" by Cornelius Muller.

"Patrick Henry" by Henry Pasma. Somy very fine music was given in the course of the program. Misses Estelle Kollen and Mae Van Drezer each sang a beautiful solo. But the sensation was the singing of the "Star Spangled Banner" by Miss Kathryn Pessink. She wore a waist of red, white and blue, tastefully combined, and sang the good old song as it has never been sung before in Carnegie Hall. It took the house by storm and the singer responded by rendering perhaps still more beautifully "Tenting on the Old Camp Ground." The appropriateness of the songs and the beautiful voice of the singer won the audience.

The bust of Washington which Mr. Pleune gets as a prize, occupied one corner of the stage during the program. It is the gift of Mr. J. Ackerman Coles of New York. Mr. Coles presented this money to the college to instil patriotism in the hearts of the students and to encourage oratory. It is a magnificent gift, and although it is not the largest that has recently been given to the college the idea and purpose of it make it doubly valuable.

G. J. Kollen, President.

Last Friday night the Hope College Quartet sang at the commencement exercises at Fennville. They sang four selections and the audience was so well pleased that they were called back to the stage three times. Mr. Veneklasen, the manager of the quartet, is receiving many invitations from graduating classes to take part in the programs.

## Women's Literary Club Outing.

The Women's Literary Club enjoyed an outing to Saugatuck Tuesday. It was one of the pleasantest outings the club ever had and will long be remembered by the sixty members who participated in it. The club was royally entertained by Mrs. W. H. Allen, one of the members, who threw open to them Tourist Home, the summer hotel. Here the party that had braved the heavy rain storm spent the day. They had to forgo a launch ride on the river, which Mrs. Allen had also planned. After the bountiful banquet, the menu card which looked appetizing in itself, the afternoon was spent in playing progressive games. The usual toasts at the banquet were dispensed with. In the progressive game Miss Kollen won the prize, a bouquet of carnations. Mrs. Frank Pifer also won a prize in the silhouette contest. This trip was a sort of a wind up of the year's work of the club. The programs have been very interesting, and all in all it was one of the most successful years the club has ever had.

## BEGIN ST. PAUL CATHEDRAL

### CORNER STONE FOR MAGNIFICENT BUILDING LAID.

Prominent Clerics of the West Present at the Ceremony—President Sends Congratulations.

St. Paul, Minn., June 3.—The corner stone of the fourth cathedral of St. Paul, which, when completed four years hence, will probably surpass any other American church in architectural distinction and beauty, was laid Sunday afternoon. Participants in the ceremony comprised, Archbishop Ireland of St. Paul, Keane of Dubuque, Glennon of St. Louis, and Christie of Oregon City; the bishops of Winona, St. Cloud and Duluth, Minn.; Sioux Falls and Lead, S. D., and Fargo, N. D., all assisting Archbishop Ireland in the province of St. Paul; a score of other bishops from various states, and 300 priests. About this notable group of ecclesiastics were gathered 30,000 laymen. The ceremonies followed a review by Archbishop Ireland and his guests, at the cathedral, of the largest religious parade yet seen in the north-west.

The cathedral will be completed in about four years. It will cost upwards of \$3,000,000, of which \$700,000 has already been subscribed.

Bishop McGlockie, of Duluth, as senior bishop of the province, laid the corner stone with silver trowel and mallet.

Archbishop Ireland made the principal address and read this message from the president:

"White House, Washington, June 1.—Archbishop Ireland, St. Paul: In this fortunate country of ours liberty and religion are natural allies and go forward hand in hand. I congratulate all those gathered to witness the laying of the corner stone of the new cathedral of St. Paul. I congratulate those who are to worship there, and I congratulate especially you personally. (Signed. "Theodore Roosevelt.")

### AFFECTS TAXATION OF GRAIN.

Important Decision Made by Minnesota Supreme Court.

Minneapolis, Minn., June 1.—The supreme court has decided that the Northwestern Elevator company of Minneapolis need not pay the personal property assessment on 29,000 bushels of grain stored in its elevators at the Minnesota transfer. The only tax that can be collected from the Northwestern Elevator company is on its office furniture, which amounts to about \$250.

This is considered a most important decision, as it may affect every elevator company in the state in regard to taxation of the grain in the elevators. The assessment on the grain in the northwestern elevator at the Minnesota transfer was about \$250.

### Voliva Is Deposed.

Chicago, May 29.—Wilbur Glenn Voliva, general overseer of the Christian Catholic Apostolic church, has been deposed as temporal head of Zion City, and the opposition to him is rejoicing in the belief that his spiritual leadership also is dead. Tuesday Voliva was notified that his lease on the tabernacle, the administration building and the four school buildings in Zion City will be canceled by John C. Hately. Voliva also was summoned to appear before Judge K. M. Landis of the United States district court Wednesday and make answer to the charge of contempt of court.

### Four Burned to Death.

Long Branch, N. J., June 1.—The two daughters of Walter A. Schiffer of New York, secretary of the United Cigar Manufacturing company, Marion, aged ten, and Ruth, aged 14, and two servants, Mary Diller, and Tilly Monch, were burned to death in a fire which Thursday night destroyed the handsome residence of Jacob Rothschild, which Mr. Schiffer had rented. In attempting to rescue her children Mrs. Schiffer was so severely burned as to be in a critical condition and Mr. Schiffer suffered severe burns in fighting the fire.

### Bank Wreckers Lose on Appeal.

Denver, Col., June 4.—In an unanimous opinion the supreme court justices Monday affirmed the decision of the district court in the case of Leonard Imboden and James A. Hill, who were convicted on December 19, 1905, of irregularities in banking which caused the failure of the Denver Savings bank, and were sentenced to the state penitentiary for nine years each.

### Anxious to Fight Guatemala.

El Paso, Tex., June 4.—Acting Gov. Sanchez of Chihuahua, Monday telegraphed President Diaz offering troops from Chihuahua to protect the national honor against Guatemala. He says every man in the state is anxious for service. The governors of Guerrero, Jalisco, Toluca and Morelos have also telegraphed similar messages.

### Wisconsin's Lumber Industry.

Washington, June 4.—The census bureau Monday issued a preliminary report showing that Wisconsin during the calendar year 1906 produced 2,311,305,000 feet of lumber, 457,850,000 laths and 302,876,000 shingles. The report shows a decrease of 212,000,000 feet of lumber in that state since the previous year.

### Seven Die in Car Wreck.

JAMES B. PORTER and his unknown heirs at law, Defendants.  
At a session of said Court held at the Court House in the City of Grand Haven, in said county, on the 22nd day of April, A. D. 1907.  
Present, the Honorable Philip Padgham, Circuit Judge.

In this cause, it appearing to the satisfaction of the court now here, from the affidavit of Jacob Steketee, complainant's solicitor, that he has made and caused to be made inquiry as to the residence and whereabouts of the defendant herein, James B. Porter, among such persons as might be apt to know the same, but that he has been unable to obtain any information regarding him whatsoever, that it cannot be ascertained that the said defendant was ever a resident of Michigan, or that he is now living, nor can it be ascertained in what state or country he now resides if living; and that after making like search and inquiry it cannot be ascertained who the heirs at law of the said James B. Porter are, nor in what state or country any of them reside; and that the said James B. Porter together with his unknown heirs at law are necessary parties to this suit; on motion of Jacob Steketee, solicitor for complainant, it is ordered that the appearance of the said defendant, James B. Porter, and each and every of his unknown heirs at law be entered in this cause within six months from the date of this order, and, in case of their appearance, or the appearance of any of them, they respectively cause their answer, or the answer of such of them as shall have appeared to the bill of complaint in this cause, to be filed and a copy thereof to be served on complainant's solicitor within fifteen days after service on them, or on such of them as shall have appeared, of a copy of said bill and notice of this order, and in default thereof that the said bill be taken as confessed by the said defendants and each and every of them.

And it is further ordered that within twenty days from the date of this order, the said complainant cause a copy thereof to be published in the Holland City News, a newspaper printed, published and circulated in said county, and that such publication be continued therein once in each week for at least six successive weeks, or that he cause a copy of this order to be personally served on the said defendant and his respective heirs at law at least twenty days before the time prescribed for said appearance.

**FRISCO POLICE CHIEF HIT  
DINAN ACCUSED OF TAMPERING  
WITH TALESMEN.**

**Grand Jury Files Formal Complaint  
with Prosecutor — Eleven  
Jurors to Try Schmitz.**

San Francisco, Cal., June 5.—The grand jury has fled with District Attorney Langdon a formal complaint against Chief of Police Jeremiah F. Dinan, charging him with willful and corrupt misconduct in office in that he subverted the law endeavoring to secure the acquittal of a defendant without the knowledge of the district attorney. The defendant in the case was Mayor Schmitz and the investigation by the grand jury grew out of the accusation of Assistant District Attorney Francis J. Heney that Chief Dinan had attempted to tamper with the talesmen drawn for the jury which is to try the mayor on the charge of extortion.

Chief Dinan was accused by Assistant District Attorney Heney of having detailed some of his officers to interview prospective jurors in the interest of Schmitz. The chief practically admitted having detailed men to shadow some of the men on the venire, but declared that he did so because he wanted to see that no improper person got on the jury. Another basis for the information fled by the grand jury is the accusation that the chief afforded protection to a disorderly

the complaint and must stand trial in the superior court with removal from his position as the penalty if he is found guilty.

Eleven jurors have been secured to try Schmitz and there is a venireman in the twelfth chair, who was examined as to his qualifications when the trial was resumed Tuesday. That the remaining juror will be secured out of the eight veniremen remaining of the panel last drawn is probable, as both sides have exhausted their peremptory challenges and may now challenge for cause only.

It is understood that the prosecution will spring several surprises in the line of evidence against the defendant.

#### President Eliot at Harvard Declares Roosevelt Was Misunderstood.

---

Boston, June 5.—In an interview published Tuesday President Charles W. Eliot of Harvard university said that President Roosevelt was not thinking of officially joining Harvard at the conclusion of his term of office as president. The recent utterances

the president at Lansing, Mich., before the Harvard association had been interpreted in some quarters as meaning that President Roosevelt would be connected officially with the university, when he retires from the presidency. President Eliot said:

"In his address last week President Roosevelt said that inside of one year and 11 months he hoped to be 'one of them again,' by which I take it that he simply meant that at the expiration of his term as president he would be able to again take an active part in the alumni work at Harvard.

"I do not think that he intended in the least to give the impression that he expected to be in any way an official in the institution or that he even was thinking of being a member of the

His remark was informal and he was looking forward to the time when he would have the leisure to work actively in Harvard's behalf."

Cement walk contractors have started to lay cement walks on both sides of Seventeenth street from Columbia avenue to VanRaalte avenue.

The dancing season has now opened at Apollo pavilion at Jenison park. There will be afternoon and evening sessions, and Fred W. Lobdell has charge of the dancing.

Last night the operator of the Royal theater backed down on his employer and the people who witnessed the second show had to leave after the first picture. The money was returned to them, and probably the theater will be closed for the remainder of the week.

The board of public works has authorized H. Van Tongeren to take charge of the Nineteenth street baseball diamonds. In the future teams that wish to use the diamonds must apply to Mr. Van Tongeren. This will prevent confusion, as it often happened that two or more teams had scheduled games at the same time and place.

The proprietor of the Holland Candy Company, Peter Spero, came in contact with the law last Monday. He was arrested for keeping his place of business open on Sunday. He pleaded not guilty and furnished \$100 bail, bonds being signed by Tieman Slagh and Dr. W. P. Scott. His case will be heard in Justice VanDuren's court tomorrow.

Who is ambitious to serve Uncle Sam? See Congressman G. J. Diekema. He has the appointment of a new cadet at the United States naval academy, which will have to be made before March 4, 1908. The examination of appointees will take place in April and June, 1908. Here is a chance for some ambitious young man who wishes to serve the state.

A strange medical case came up in Graafschap this week. H. Lemon was taken to the Butterworth hospital by Dr. Banker. It was found that he had parasites in his intestines. There are said to be only ten cases of this disease in the United States. Mr. Lemon is seriously ill, and the case is an interesting one from a medical point of view.

Tuesday morning the rain storm made it possible for the committee of the council to inspect the pavement on Eighth street. The committee is composed of Aldermen Dyke, Prakken, together with Street Commissioner Nauta and a citizens' committee composed of A. Visscher, B. D. Keppel and G. J. Van Duren. The work of inspection was thoroughly done and all the flaws in the pavement were noted for correction.

Anton Seif, proprietor of the Holland City brewery, was relieved of a wallet containing \$90 in cash and about \$50 in checks by a pickpocket while boarding a Holland interurban car at Jenison park Decoration Day afternoon. Mr. Seif noticed the theft soon after he took a seat, but the thief had escaped. He says he can identify the man and has given a description of him to the chief of police, but up to this time no arrests have been made.

About a year ago two sisters from Holland township, aged about fourteen and sixteen years, were committed to the Adrian school for girls, but were unable to be entered at the time and were taken to the Eastmanville infirmary where they have been kept. Sometime during Tuesday night they left the place and the officers have not been able to locate them. It is thought by some that someone had arranged with them to leave and must have had a carriage in waiting in which they were driven away. The officers think it will be impossible for the girls to escape as all the nearby towns have been notified to watch for them. The girls' name is Tiltroe.

An official of the American express company was in Allegan, Thursday, and announced that, July 1, the Lake Shore railway will carry express matter for that company only. This will make quite a change in Allegan for about three fourths of all express matter here comes in over the Lake Shore, and the United States company here will now have only the business over the Pere Marquette. This takes a greater part of the business out of the hands of E. T. Messenger and gives it to Harry A. Lince, the local manager of the American company. The same condition will exist in Kalamazoo and all the cities and towns on the Lake Shore road. In Kalamazoo nearly all the work will be done by the American company, the G. R. & I. being the only road to carry other business. It is expected that the company's affairs here will be so reorganized and so arranged that Allegan will enjoy the best service.

Chief of Police Kamferbeek has fixed the rank of patrolmen as follows. No. 1, Koeman; No. 2, Hans Dykhuis; No. 3, Fred Kieft; No. 4, Thomas Eastman; No. 5, Peter Steketee. Koeman by seniority in service was entitled to No. 1 according to the opinion of the chief. The long service may soon be changed to an eight hour schedule. Thomas Eastman resigned yesterday afternoon. The daily trot over the cement walks was too hard on his feet and therefore he was compelled to resign. Last night Hans Dykhuis also resigned. Jack Wagoner will probably succeed Eastman.

## Lake and Marine

Evening Wisconsin—"I should like to bet a month's salary against a straw hat that the fire which destroyed the Naomi was caused by a cigarette smoker," said the manager of one of the regular line steamers today. "Sailors are the worst cigarette smokers I have ever met and no amount of argument can dissuade them, even the threat of discharge. They are veritable fiends. One of the strictest rules on our boats is prohibiting smoking between decks and yet time and again I find a deckhand puffing away at the weed in some quiet, secret corner. I discharge them on the spot and before night they have a job on another vessel. Boat hands are scarce and we cannot be too strict with the men. I have a theory that the fire in the Naomi smoldered for many hours before it was discovered and believe a cigarette stub or a match used for a light was carelessly thrown among combustible freight."

The Zenith Steamship company, owners of the steamer Saxona and the Provident steamship company, owners of the steamer Kerr, the two boats which came to the rescue of the Crosby line steamer Naomi while she was burning, have filed libel against what remains of that vessel for \$25,000 salvage. Deputy United States Marshal O'Donnell has served the writ of attachment granted by the United States Circuit Court. This action is taken on behalf of the officers and crews of the Saxona and Kerr. The bill of complaint set up that the two steamers saved the passengers and crew of the Naomi, put out the fire, and towed the hulk to port. The bill also states that the officers of the two rescuing steamers did heroic work at the time. It is set up that the charred hulk is worth \$50,000. —Grand Haven Tribune.

The men of the Crosby Transportation Co., including all members of the crew of the lost Naomi, the Nyack and the Kansas and freight house workers, contributed to a fund for the securing of flowers and floral designs to be placed on the graves of the three poor fellows of the Naomi's crew who lost their lives in the burning of that ship, and who are buried in Lake Forest. The three graves were banked with flowers and American flags were placed above the head of each grave on Memorial Day. Flowers were also sent to Muskegon to be placed on the grave of Nesberg, one of the crew who lost his life in the burning of the Naomi. A floral design was sent to the family of James Rhodes in Detroit, the only passenger killed in the terrible midlake accident.

Col. M. B. Adams, United States engineer in command of this district, has a number of profitable positions at his disposition for the summer improvement work in connection with river and harbor contracts on the east shore. He is asking the applications of those capable of filling the positions of inspectors on pier and dredging operations. The work lasts until well into fall and pays from \$100 to \$120 a month. There are in the neighborhood of six such positions to be filled, the inspectors looking after operations in Ludington, Petoskey, Muskegon, Holland, South Haven and other harbors.

Once a week it is the duty of the captain of passenger boats to call all hands to quarters and exercise them in discipline, in the unslashing and swinging out of lifeboats, in the use of fire pumps and all other apparatus for the safety of life on board such vessel. This rule was adopted at the last annual meeting of the supervising inspectors and was approved by the secretary of commerce and labor in February. In the drilling of the crew special attention must be paid to the adjustment of life preservers and educating passengers in this procedure, and also to see that all equipment required by law is in its proper place and ready for immediate use.

The fact of the exercise of the crew must be recorded with the district inspectors every week under a stringent penalty and must also be entered upon the log book of the boat, stating the day and hour when such drill was performed. Masters are also required to notify the inspectors at the end of every month the condition of their vessel and whether any of the apparatus is not

in working order. The number of passengers carried on each trip must be recorded with the government inspectors. To carry more passengers than the law allows is sufficient cause for the immediate revocation of the license of the captain. Life preservers must be provided for as many passengers as the inspectors deem it safe to carry. The fire alarm signal consists of a rapid ringing of the ship's bells for a period of not less than 20 seconds. This signal must not be used for any other purpose. Three copies of this rule shall be furnished every steamer carrying passengers, to be framed under glass and posted in conspicuous places about the vessel.

One of the results of the Naomi disaster is that steamboat inspectors have been instructed to take the measurements of all portholes and dead lights on passenger boats and send the report to the supervising inspector of the district.

The steamer Frontenac, last year chartered by the Graham and Morton line, will ply between Bay City and Cleveland this summer. It is a new company which has chartered the boat and the first trip will be made June 9. It is 20 years since there was direct service between the two points.

## Sunday School Convention

The twentieth annual convention of the Sunday school association of Ottawa county will be held in Zeeland June 14 in the First and Second Reformed churches. Following are the chief numbers on the program:

President DeBoer's address and report on the state convention.

## Must Close Sunday.

Saturday night Chief of Police Kamferbeek notified Peter Sparo, proprietor of the Holland Candy store, J. C. Brown, proprietor of a store where baked goods, fruits, confectionery, ice cream, etc., are sold, that they must close their places of business Sunday or warrants for their arrests would be issued Monday morning.

The warning was disregarded and the stores were open as usual Sunday. Patrolman Koeman arrested Brown and Sparo.

Both men pleaded not guilty when arraigned before Justice Van Duren and hearing was set for tomorrow. Bail was fixed at \$100 and Dave Blom and C. Blom, jr., were Brown's sureties.

The Italian fruit dealers were also advised to keep their stores closed and they complied.

It is said the police board will not stop with the confectioners, but will close up other business places doing business on Sunday, restaurants and hotels alone excluded.
