GRAHAM AND MORTON TO START DOUBLE SERVICE

The Graham & Morton Transportation company will inaugurate double daily service on the Holland line on Monday, June 23. The steamers Puritan and City of Grand Rapids will alternate on the line the former as the day boat and the latter as the night boat from this port.

The steamer Holland, which is now alternating with the Puritan on the Holland-Chicago line, will be kept in service as a utility boat on both the Holland and St. Joe lines.

PETE McCARTY TURNED DOWN FOR LICENSE

Olympia Pavilion and three drug stores at the Park, made application to the Holland Township Board for license. Altho' one drug store license has been acted upon favorably, the one at Jensen Park was held in abeyance. The Board was unanimous however, in turning down the license of Olympia Pavilion; and positively states that no hotels at the resorts will be granted licenses.

Weather Summary for May

The monthly meteorological summary shows that the mean temperature for the month of May was 52 degrees which is over two degrees below the normal for the month. The total precipitation for the month was 2.13 inches which is also much below the normal, in fact not since 1906 has it been lower. There were 13 clear days in the month, 7 partly cloudy and 11 cloudy. Heavy frost was reported on two nights and a light frost on one.

PAIRED BY GOVERNOR

Weidenfeller Thanked For Gettysburg Reunion Work

Representative Charles A. Weidenfeller formerly of this city who arranged with the Michigan railroad to take the veterans to Gettysburg on reduced rates, after the Gettysburg commission believed that public subscriptions were necessary to help the costs of transportation and had authorized calls for donations, is in receipt of the following letter from Governor Ferris as to the good work done for the soldiers:

"I have your letter of May 27. I am glad to say 'Hurrah!' You are a trump—yes, more than a trump, and I am mighty glad to have you as a friend. I rejoice for the old boys and with the old boys. I like your way of doing things.

"You will be pleased to learn that Mrs. Ferris had her first bright day yesterday. If she gets two or three more, I shall know that she is on the road to recovery.

"I wish it were possible for me to fully express my gratitude to you in this Gettysburg affair.

"Remember me to your splendid wife and children. May you have an abundance of sunshine daily."

When Mr. Weidenfeller heard that the railroads were holding up the Gettysburg proposition he offered to go down in his own pocket and pay the difference.

NO ROLLER, NO HOME BUILT STREETS

Advertise for Bids for Paving. Committee Appointed to Settle Gas Controversy Out of Court.

All the chairs in the council room were taken last evening when the mayor opened the meeting which was one of the longest meetings for some time. A great many things were accomplished with absolutely no fireworks. Wendle Helfrick Mayor, and some of the newly elected aldermen of the common council of the High School were present at the meeting to see how the city "dads" do things and at the recommendation of Alderman Van Drezer Mr. Helfrick was given a place on the platform with Mayor Bosch. In a well delivered speech in which he showed greatly ability to stand up before his elders and speak clearly on his ideas he explained to the aldermen the purpose of student council and expressed his hopes that the city council would give them its support and help them on questions of importance arising before their council. The city council heartily approves of the student council and is very anxious to see the students succeed in this undertaking as it tends to make better citizens of them and gives them a clear insight of city doings.

Council Indorses Playground Movement

At the meeting was a joint committee of the Library Board and the Park Board. Dr. Leenhouts as spokesman for this committee brought before the council the work that is being done towards establishing playgrounds in this city. This beginning of this movement was at a meeting of the parents teachers clubs of the public schools in the High School assembly room at which meeting Mr. Mills, director of the playgrounds in Grand Rapids delivered a stereopticon lecture.

Many people were present at this meeting and it was decided then that Mr. Fell should appoint a committee to confer with the city Boards and the council to see what could be done in the way of establishing playgrounds in this city. The committee appointed was as follows: Arnold Mulder, Mrs. C. H. McBride, The Rev. Mr. Granis and Miss Dean. This committee worked hard on the proposition and succeeded in getting the indorsement of the various boards and this resulted in bringing the matter before the council. The matter has been looked into carefully by the committee as to practicability of establishing playgrounds and found things very favorable. That the children and parents of the city desire to have well supervised playgrounds is a surity but to be more sure many high school students were sent out this afternoon from house to house to judge the sentiment of the public and they found that most of the people are very enthusiastically in favor of the playgrounds. Five hundred signatures were secured in a few hours work by the High School boys endorsing this movement.

In his report Dr. Leenhouts showed that the city really needed the playgrounds. As it is now the boys in trying to find a place to play are everlastingly kicked out wherever they go to play.

The expense of the proposition was looked into carefully and the three things to be looked after were found to be a favorable site and location, equipment and supervision.

Mr. Leenhouts explained that in looking over favorable places two large tracts of land already owned by the city were found to be available, namely the Nineteenth street athletic field and the campus near 7th street pumping station. On these grounds the games such as baseball, football, tennis and etc could be played. Besides these many smaller lots were found available in different parts of the city. Some small places on the West End of the city which include the lot near the Maple Avenue school house and the two small parks on the East End which are not used much as parks which could be converted into playgrounds. Besides these places the Donnelly Kelley Glass Company have offered their property adjoining the factory along the lake and back to the road. This Mr. Leenhouts claimed could be converted into a good swimming hole. All these places can be used without any expense to the city.

The equipment and supervision would then be the only expense and this Mr. Leenhouts claimed should be born by the city and the Board of Education jointly. He requested that the council donate two hundred and fifty dollars to be used to purchase the equipment necessary to commence with and that the Board of Education would then stand the expense of the supervision of the grounds.

On motion of Alderman Harrington with recommendation to the motion by Ald. King the council unanimously voted to have a committee of two appointed by the mayor with power to act and that they be given the right to donate the asked for sum. This will without doubt mean

that in the near future Holland will have playgrounds.

Receives Letter From Gas Company
A letter from the gas company to the council was then read to the council and reads as follows:

Holland Mich., May 26th, 1913.
To the Hon. Mayor and Common Council,
Holland, Michigan,
Gentlemen:—

The City Engineer, claiming to be acting under the provisions of a resolution passed by the Common Council on the 21st day of May, 1913, has requested this company to make in his presence daily tests of the gas produced.

While we deny the right of the City to fix any price for gas sold by this company lower than the price fixed by our franchise and regret that such action appears to be contemplated by the City Officials, notwithstanding the right of the City to take action is involved in litigation upon the merits of which no decision has been had, we do recognize the right of the City to have a daily test made in compliance with Section 10 of the franchise, and we will willingly co-operate with the City Engineer in making such tests.

You are no doubt fully advised that the decision of the U. S. Court at Grand Rapids denying relief to our company is based solely upon the holding that the action should have been commenced in the State Court instead of the U. S. Court, and that the merits of the controversy between the City of Holland and our company have at no time been passed upon. In view of this situation, we regret that steps have been taken to re-open the controversy prior to a decision upon the merits.

We cannot arrange to keep a man at our office at all times who is competent to make the tests and we have requested the City Engineer to arrange to have such tests made at a time which will suit our convenience as well as his.

We are writing this letter to avoid any misunderstanding as to the position of the Holland City Gas Company in this matter.

Yours very truly,
Holland City Gas Company,
E. P. Davis Manager.

City Engineer Naberhuis than called the attention of the council to the clause in the letter which states that one test each day be made at a stated time. Mr. Naberhuis stated he was not in favor of this because if the test was made at the same time each day he did not think it would show the average test for the whole day but the test might be considerably lower in the morning and evening than when the test was made at noon. He said that he had seen Mr. Davis about this and asked him if the company would furnish him with tests of the gas in the morning and evening but that Mr. Davis refused to do this. The question was filed for the present.

Minor Details
An Application for license to continue his Pool Room at 74 East Eighth Street was made by Chris Karoos and it was referred to the license committee. Fred Chase requested that he be given a permit to take pictures on street corners. This was also referred to the committee on license.

To Get Sealed Bids For Paving
Alderman Van Drezer as chairman of the committee on streets and crossings then read a recommendation to the council in regard to street paving and recommended that bids should be received on places that must be paved this summer. The recommendation which is printed below was unanimously adopted by the council. The report explains itself:

Whereas, the Honorable the Mayor of the City of Holland has filed his veto against the purchase of a tandem roller, for the use in street paving; and

Whereas, we are fully convinced that the best work cannot be done with the present equipment, and in view of the experience we have had with the work put down last year, it would be poor judgment, and bad business policy to again attempt the same with the equipment used last year, also being convinced that it will be practically impossible to rent a tandem roller at the time of the year when it would be needed here on the work proposed, therefore,

Resolved, That the city clerk be and hereby is directed to advertise for sealed bids for the paving of the two blocks on east and west Twelfth street, in accordance with the plans and specifications as prepared by the city engineer, such bids to be filed with the city clerk before 4 P. M., June 18, 1913, and the right reserved under the city to reject any and all bids. Each bid to be accompanied by a certified check in the sum of 5 per cent of the amount of the bid, which is to guarantee the execution and performance of the contract in accordance with the bid. The street and crosswalk committee to have authority to open such bids, and tabulate the same and report to the council at its meeting on June 18, 1913.

City Engineer Naberhuis then jumped to his feet and explained that if this went through he must raise the estimate on the cost of the work as it cannot be done by contract. (Continued on Last Page)

Mr. Helmink of Filmore, Surprised by Many Holland Friends.

Mr. and Mrs. J. J. Baxa, Mr. and Mrs. F. J. Friend, Mrs. M. E. Birck, Mr. George Colton, Sam Ming and a few other friends pleasantly surprised Mr. and Mrs. John Helmink, at their home in Filmore Sunday afternoon it being Mr. Helmink's 50th birthday anniversary.

After a five-course luncheon was served Mr. Helmink was presented with some valuable presents.

A presentation speech was made by J. J. Baxa.

The evening was spent with music and games. A duet was sung by F. J. Friend and Mrs. J. J. Baxa and a recitation was given by Mrs. F. J. Friend.

G. Van Tongeren and Ed Glerum of this city were in Grand Rapids Monday on business.

Henry De Kruij returned Monday from a trip to New York city where he has been about a week in the interests of the Colonial Mfg. Co.

James Van Valkenburg of this city left Tuesday for Jamestown, N. Y., in the interest of the Wolverine Furn. Co.

Monday night a large crowd of people of this city attended the play given by the Senior class of Hope College.

The Ladies' Missionary society of the Second Reformed church will meet at the home of Miss Gertrude Werkman this afternoon.

At a mass meeting held in the Zeeland High school assembly room a decision was made to have a student council, which will have all literary, athletic, and other school events, under its control. Officers will be elected and each class will have a class representative. Superintendent Hoekje having noticed the success of this movement in other high schools wished Zeeland High school to have as many advantages as other school in our state.

Born to Mr. and Mrs. A. Van Koevering—a girl.

The Ladies' Good Will Society will meet at the home of Mrs. R. Steffens on June 13th.

Miss Jeanette Van Putten of Holland spent Sunday at the home of Miss Margaret Den Herder.

Dr. W. G. Heasley of this city attended the State Firemen's convention at Sheboygan today.

Jay Den Herder, a student at the U. of M. spent Sunday at the home of his parents, Mr. and Mrs. C. J. Den Herder.

A large number of Zeeland manufacturers have left for Jamestown, New York to attend the Furniture Exhibit in that city.

J. P. De Pree, Jr., and family, recently of Grand Rapids, are visiting friends and relatives in this city for a few weeks. Mr. De Pree expects to leave for Spokane, Wash., in the near future.

WEST OLIVE

Decoration Day was observed with fitting ceremony at Ottawa Cemetery and was attended by a large number of people from this locality.

Rev. Peter Tuller is pastor of the local Methodist Church. He and his wife, with their five children will reside in the house beside the Church, which was recently purchased for a parsonage. Services are held every Sunday.

Mr. Charles Tuttle is the oldest resident of this village. He is eighty five years old and has been a resident of Olive Township since 1871. Mr. Tuttle is one of the few surviving Civil War veterans of this neighborhood and he fought in the Battle of Gettysburg.

"Doc." Norton is still holding down the job of postmaster. "Doc" acts as young as he did when he came here from Morenci, full twenty years ago.

Mr. W. J. Babcock of Grand Rapids, Mr. and Mrs. Herbert Resiquie and Robert Black of Holland were some of our Memorial Day visitors.

About one mile of gravel road, extending from the wagon bridge across Pigeon River north through the village, has been laid. Three teams and ten men are now busy laying the road and carloads of gravel are arriving nearly every day.

CRISP

Mrs. Henry Timmer died at Crisp, Saturday afternoon from a complication of diseases brought on by old age. The funeral was held Wednesday morning at 11:30 from the home and at 12:30 from the Christian Reformed church at South Olive. The Rev. J. Wyngaarden officiating.

Deceased is survived by seven married children: the sons are William, Albert, Jacob, the daughters are Mrs. Maurice Luidens Mrs. Wm. Hop, Mrs. Bert Hop and Mrs. John Vander Zwaag. Mrs. Timmer was 77 years, ten months and seven days old.

WERE SENT BACK TWICE BY THE JUSTICE IN HORSE DEAL CASE.

Finally They Make Up Their Minds and Render Verdict for the Plaintiff.

The jury in a horse deal case tried before Justice Robinson Wednesday had a hard time coming to an agreement. Twice the jury came back into the court room declaring that they could not agree and twice Justice Robinson sent them back to their room to think it over some more. The third time they made a go of it and rendered a verdict.

The case was that of Ike Jappenga vs. J. W. Colwell for the recovery of a certain amount due him on a note given by Colwell in payment for a horse sold by Jappenga in May 1910. The note was for forty-five dollars, but part of this amount has been paid by Colwell.

Colwell put up the defense that the horse had been afflicted by glanders, a communicable disease, and had died soon after he had bought it. Jappenga claimed that the horse had been sold sound and that it had lived for about six months.

The case was as interesting as most horse deal cases are and the trial took all of Wednesday. Finally the jury rendered a judgment for Jappenga for the full amount plus the interest. The jury was composed of Ernest Cummings, Howard Lane, Harry Klompars, Adrian Scholten, G. Roest and Edw. Everhardt. Att. D. Ten Cate represented Jappenga while Colwell was represented by Miles & Van Eyck.

Dainty Memorial Day Shower For

June Bride.

A unique and extremely pleasant surprise was given at the De Haan home east of the city, in honor of Miss Jeanette Pas, who will be a June bride. Many useful recipes were tendered the prospective home maker and considerable talent in the line of poetry was displayed. The scene of the revel, was the bank of a picturesque stream, where typical Indian wigwams and campfires enhanced the beauty of the spot.

Indian papooses clad in quaint, pretty costumes, who later turned out to be Leola and J. Horton, Vern Schaap and Henrietta and Ernest De Haan, served the coffee, marshmallows, etc. to Jeanette, Viola and Rotta Pas, Priscilla Venhuizen, Nellie Glerum, Mrs. William Horton, Sophia and Garrietta Schaap, Josephine Plaggemars, Lulu De Haan, Cornelius Evers, the prospective groom, and Mr. and Mrs. De Haan.

All couples getting their wedding stationery printed at the Holland City News will be sent the "News" free for one year with a kitchen set thrown in to start house-keeping.

NEW INSTITUTIONS ADOPTED BY SCHOOL ALL WORKING SUCCESSFULLY.

The election of the Pupils' Council is but one of the numerous changes which have marked the development of the Zeeland schools during the incumbency of the present Superintendent, John C. Hoekje. The six-year High school plan, adopted more than a year ago, is giving splendid results. The departmental work in lower grades is proving a wise move. With five college graduates and four experienced assistants in the High school faculty for next year, prospects for an unusually efficient year are excellent. Because of the very marked improvement in the efficiency of instruction and the extensive development of all kinds of school activities made in recent years, the people of Zeeland are justly proud of their schools.

MANY CARP, DOG FISH AND BILL FISH HAVE BEEN CAUGHT.

Deputy Game Warden Dornbos and George Bender Catch Fish in Black Lake.

Through the efforts of Deputy Game Warden Dornbos, the public of Holland and visitors at Centennial Park can now watch some of the largest fish that Black Lake affords play in the fish pond at the park. Already thirty-four carp, dog fish and bill fish have been placed in the pond in the park and more probably will be caught for this purpose. The fish are a great attraction to the park and many people love to watch the large fish as they roll lazily around in the water or nibble at the food. The bill fish are especially interesting and some large ones have been placed in the pond.

Deputy Game Warden Dornbos with the assistance of George Bender caught the fish with a net in Pine Creek and near the island in the North end of the lake. These fish are hard to catch as they inhabit places where the bottom is full of weeds and it is hard to drag a net through. Then when they are caught in the net it is hard to get them to the tank as they are a very heavy fish and put up a hard fight to get away and a catcher must be very careful how he handles them. It is not permissible to catch game fish with a net or some of the other fish that inhabit Black lake might be placed in the pond.

BERNIE MULDER CHOSEN PRESIDENT TO CONDUCT SCHOOL AFFAIRS NEXT YEAR.

Next September, the newly elected Pupils' Council of the Zeeland high school will assume primary responsibility of discovering parties guilty of infractions of rules, of recommending proper punishments for offenders and supervising athletic, literary and social affairs. Believing that a sense of responsibility can be inculcated in no better way than by the placing of responsibility upon individuals; being convinced that a sense of co-operation can be secured in no better way than by actual co-operation, the school executive has determined to try the plan outlined above. The uniform and unqualified success attending an experiment made this year urges an extension of the principle for next year.

The following compose the Pupils Council:

President—Bernie Mulder;
V. P.—Raymond Van Voorst;
Sec. Treas.—Marion Strulck;
Class Representatives—
Seniors—Hermon Den Herder;
Juniors—George Meengs;
Sophomores—Ralph Ten Have.

"B" CLASS OF HOPE ENTERTAIN "A" CLASS WITH BOAT RIDE AND PICNIC.

Tuesday afternoon and evening the "A" class of Hope college were the guests of the "B's". The "B's" chartered the "D. P. Perry" and early in the afternoon the happy company left the boat dock for Saugatuck. As it happened the lake was a little choppy Tuesday afternoon and about half of the crowd spent the time at the rail "feeding the fish." However all were sufficiently recovered by the time they reached Saugatuck to enjoy the sumptuous feed prepared by the "B's" at the Butler hotel. After the supper there were after-dinner speeches by Edw. Koster, president of the B class and also by Miss Ada Oxner and Oosterhof of the B's. There were responded to by President Max Reece of the A class and Messrs. Dieters, Wierenga and Voerman, also of the A's.

After supper the lake was somewhat calmer and the ride back to Holland was much enjoyed.

PARK BOARD MAKES TOUR OF THE CITY FOR THIS PURPOSE YESTERDAY

Find Centennial Park In an Excellent Condition and Prospect Park Greatly Improved.

The Park board of the city of Holland made its annual trip of inspection yesterday for the purpose of making estimates for the coming budget and figuring on proposed improvements.

Centennial Park was found to be in excellent condition and outside of the cost of upkeep, little will be needed. It is proposed to put some more flower beds in Lincoln Park and make a few minor changes. The parks at the foot of Fifth street and of Pine street will be improved as soon as the filling and grading is done.

Prospect Park came in for the largest share of attention and the members of the board are glad to announce that after 15 years of effort they have succeeded in obtaining the necessary ground and making the necessary changes to include in Prospect Park all the property bounded on the north by 22nd street, the south by 24th St. and the east by Columbia avenue and the west by Prospect. This comprises a tract of six and one-half acres, and gives Holland as fine a natural park as can be seen in a day's travel.

It is the intention of the board to keep Prospect Park in this natural state and to confine artificial improvements to the other parks. However in view of the fact that 22nd street is to be graded, the part of Prospect Park fronting there will be changed to conform to the grade.

The trees set out in this park last year are doing very well.

The members of the park board are Harry Doesburg, Mrs. H. Kremers, W. J. Garrod, Dick Van Lente and G. Van Schelven.

THE MISSES DOROTHY AND SARA HELENE TROMPEN WILL SPEND SUMMER ABROAD

Misses Dorothy and Sara Helene Trompen of Hope College left Tuesday afternoon for their home in Grand Rapids. Next Tuesday, in company with their parents they will leave for New York whence they will sail on the 12th for an extended trip through Europe. They will first touch at Gibraltar and then make a short stop at Algiers. From Algiers they will sail to Naples and from there take the overland trip through Italy, France, Germany and the Netherlands, then cross the channel and visit points of interest in England and Scotland. They expect to return to this country sometime in the later part of August.

Miss Verna Schultz of Hope College To Attend U. of M.

Miss Verna Schultz of the Senior class has been awarded a fellowship at the University of Michigan. A few weeks ago Miss Schultz was appointed alternate with Albert Lampen of the 1911 class as principal.

Through some circumstances at the University, Hope will be allowed to send two students this year so Miss Schultz will also go. Last year the same opportunity presented itself and Miss Gertrude Hoekje and Hessel Yntema were awarded the fellowships.

THE REV. JOHN H. WARSNISH WILL LEAVE IN SEPTEMBER.

Rev. John H. Warsnish who will graduate from the New Brunswick seminary this year, leaves for the Arocl Mission, India, in September. Last Sunday morning he preached in the Third church and in the evening at the First church. His ordination will take place June 19, in the Second Reformed church of Grand Rapids, which church will undertake his support on the Mission field. Rev. Van Kersen of Holland will preach the sermon, Prof. Kuizenga of Hope College will deliver the charge and Rev. C. H. Spohn, president of the Classis of Michigan will preside and read the form.

Most Children Have Worms

Many mothers think their children are suffering from indigestion, headache, nervousness, weakness, costiveness, when they are victims of that most common of all children's ailments—worms. Peevish, ill-tempered, fretful children, who toss and grind their teeth, with bad breath and colicky pains, have all the symptoms of having worms, and should be given Kickapoo Worm Killer, a pleasant candy lozenge, which expels worms, regulates the bowels, tones up the system, and makes children well and happy. Kickapoo Worm Killer is guaranteed. All druggists, or by mail, Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis. Walsh Drug Co., H. R. Doesburg and Geo. L. Lage.—Adv.

Skipping Classes Does Not Work

With Prin. R. Gilbert.

Yesterday nine students of the High school were ordered to take their books and leave the school by Prin. R. Gilbert for skipping classes and for leaving school between the classes. The students will be out the rest of the week and probably longer. It is hoped that this will make the students understand the responsibility of their school affairs and put their spare time on their studies the rest of the year.

J. S. Morton, Accompanied by Howard Heath, To Sail In a Few Days.

J. S. Morton, president of the Graham & Morton Transportation Co., left Tuesday for New York and in a few days will sail for Panama on a vacation trip. It is believed that the ocean voyage will greatly benefit his health. He is accompanied by his brother-in-law, Mr. Howard Heath.

Mr. Morton has not been in good health for some time and his physicians feared a nervous breakdown unless he threw aside all business cares for a time. An ocean voyage was strongly recommended and the G. & M. executive reluctantly decided to close his desk and go to Panama for a few weeks.

SATURDAY THE MACATAWA PARK ASSOCIATION POURED THAT MANY FISH IN THE BAY.

Saturday the Macatawa Park association planted 300,000 wall-eyed pike in Macatawa Bay. All morning men were pouring these fish into the lake from the North Shore. The fish were obtained from the State hatcheries and are some of the best fish to have in the lake for the fishermen who love to troll or cast for fish. For some time many of the resorters have complained about there not being enough pike or pickerel or other large gamey fish and many will be glad to hear that soon there will be plenty of these fish in the waters of Black Lake.

In years past there were many of these fish in Black Lake but for some time they have been nearly extinct. In the early morning is a favorite time of many fishermen to go after these fish and with trolling hook dragging along behind a boat they row slowly around the lake waiting patiently for a bite. Other fish from boats or a dock by casting their line far out and then drawing it in slowly.

Prof. Steffens Will Read a Paper at The Evangelical World Alliance.

On the morning of June 5, Prof. Crnelius M. Steffens of Dubuque Ia., with his wife and son, Ralph, will sail on the steamer Cedric for Aberdeen, Scotland, where on June 18, he will read a paper on "The Authority of Christian Experience" at the Evangelical World Alliance.

Professor Steffens is the president of the Dubuque German College and Seminary. He graduated from Hope College here, in 1892 and from the Western Theological Seminary in 1895.

When Mr. Steffens was interviewed he expressed himself as being very happy in visiting his numerous friends, finding surprisingly many of the boys grown up and changed remarkably. Dr. Kollen is also a delegate to this Alliance.

GOOD ROADS BOOSTERS WILL START AUTOMOBILE TRIP JULY 7.

Under Leadership of Gov. Ferris Will Visit All the Cities On Proposed Great Trunk Line.

Plans are being completed for the great automobile tour over the proposed Lake Shore Highway, which will be made during the week beginning July 7. This great trip will be made by the West Michigan Lake Shore Highway association in company with the Grand Rapids association of similar nature and every place on the proposed great trunk road will be visited. It is expected that at least fifty automobiles will be included in the caravan.

The tour will be led by Governor Ferris, who has been planning to cover the entire route with the automobilists, and speeches will be made all along the route. The governor will ride with the West Michigan riders during the first part of the trip and upon the return the chief executive will ride as the guest of the Grand Rapids association.

It is expected that the party will start from Grand Rapids, going first to Holland and then coming through to Grand Haven, where arrangements will be made for the entertaining of the party for an hour. From there the automobiles will go on to Muskegon and on up the Lake Shore route to Mackinaw City. Few stops will be made along the line and members of the party will be called upon for good roads talks at the various stopping places along the line, in the interests of the trunk highway which will extend from Chicago to the northern resorts of Michigan. From Mackinaw the automobile party will return over the inner route which is being planned by the Grand Rapids association.

The trip will take a full week and it is expected that it will be the greatest tour of the kind ever made in Michigan. Dr. Wm. DeKliene of Grand Haven one of the prime movers in trunk road idea will make the trip, as will also A. Harrington of Holland city, Rokus Cook of Holland township and other Ottawa county enthusiasts. The northern section of the state is especially over the Lake Shore Highway plan, and big booster meetings are being planned for the visit of the automobilists, at all of the principal stops along the route.

HEAVY FALL NECESSARY TO PREVENT DAMAGE TO CROPS.

Farmers of Western Michigan are in need of rain, and unless a heavy fall comes soon, the crops may be damaged. To June 1 by 2.9 inches of rain has fallen since January 1. During May but 1.76 inches of rain fell, which is 1.53 inches below the average. Real summer weather is in sight for the next 36 hours with little rain.

Altho the temperature during the month of May was 53 degrees less than that of May 1912, that for the first five months of the present year is still 16 degrees ahead of the corresponding month of 1912, according to report just completed, by Sectional Weather Director Schneider.

During the first five days of the month a gain of 74 degrees was noted, but a cold wave broke up the high average and the remainder of the month was much below. The highest temperature for the month was 83 degrees on May 2, and the low mark was reached eight days later when the mercury registered 30.

W. L. MATHEWS PASSED AWAY AT AGE OF EIGHTY-FIVE.

William L. Mathews, died in this city Monday afternoon at the home of his daughter, Mrs. H. P. Burkholder at the age of 85. Mr. Mathews was born in Dayton, O., but for the past forty-five years, he has been a resident of Michigan. He lived for some time at St. Joseph but for the past nine or ten years he has been living with Mrs. Burkholder in this city. Mrs. Burkholder is the only child. This morning the funeral services were held at the home of Mr. and Mrs. Burkholder in West Thirteenth St. Mrs. Burkholder's brother, the Rev. C. M. Burkholder, of Chicago, officiating. The remains will be shipped to St. Joseph for burial.

LOCAL TALENT TO GIVE THIS PLAY JUNE 14

Will Be Given Under the Direction of J. A. Simons, Who Plays "Rip"—At the Knickerbocker Theater.

On Saturday June 14, the Holland theater-goers will have the opportunity of seeing some of the local talent in the wonderful old play of "Rip Van Winkle" and will again be given the treat of seeing Manager J. A. Simons who made such a good impression on the people when he played in "Chimney Corner." But in "Rip", Mr. Simons is at his best and rivals the best actors that have ever played this part. For 20 years Mr. Simons traveled with a company playing the part of "Rip" and played in all the principal cities in the United States. Some time ago Mr. Simons quit the stage and it was with a great amount of coaxing that his friends in this city finally won his consent to play "Rip" before a Holland audience.

Mrs. Luscomb will most probably be given the part of Gretchen for which she is especially adapted and Miss Metz will play the part of "Meenie". All other parts will be given to local people who have appeared before Holland audiences before and are favorites.

Michigan Sugar Annual

At the annual meeting of the Michigan Sugar Company at Saginaw the regular quarterly dividend on the preferred stock of the company was declared, thus setting at rest rumors that have been current to the effect that the preferred dividend was to be passed as well as the common.

The company's six plants will operate next fall because contracts made for beets cannot be broken, the seed already being in the ground. What will happen next year, if free sugar prevails, is a question that cannot be speculated upon.

79th ANNUAL EVENT TO BE HELD AT THE HOTEL HOLLAND.

The 79th annual banquet of the Fraternal society of Hope college will be held at Hotel Holland on Tuesday evening June 10. Henry J. Pyle of Zeeland, president of the society will officiate as toastmaster and Nicholas S. Sichterman of Coopersville, Leonard Yntema of Holland and Charles H. Peet of Grand Rapids and Lambertus Hekhuis of Overisel are among the speakers. Covers will be laid for nearly 100.

The Fraternal society was founded at Union college and transferred to Hope upon the incorporation of the institution in 1866.

SMOKER SPENDS THREE DAYS IN JAIL WHILE FURNISHER PAYS FINE

George Wright got into a bunch of trouble Monday when he was caught smoking a cigarette and arrested. Mr. Wright is but nineteen years of age and when arraigned in Justice court he was sentenced to spend three days in the county jail. When questioned by the justice he claimed the tobacco was furnished him by Ernest Thoms and as a result Thoms was arrested later.

Wright spent some time in the city jail and while there it is charged that he mutilated and destroyed the property and probably when he is released from the county jail the other charge will be brought against him.

E. Thoms was arrested Tuesday charged with furnishing a minor a cigarette. He was arraigned before Justice Miles and he pleaded guilty to the charge. He was sentenced to pay a fine of \$5 and costs of \$3.50 or spend ten days in jail. He paid the fine and was released.

MISS GEORGIA WETMORE UNITED IN MARRIAGE TO JACOB JULIUS STEFFENS

Both Were Formerly of This City and Were Attended By Friends from Holland.

Tuesday at 8 a. m. in the St. Mark's Pro-Cathedral, Grand Rapids occurred the beautiful wedding of Miss Georgia Wetmore to Rev. Jacob Julius Steffens, both of this city. The Rev. John Henry Hopkins of the Church of the Redeemer of Chicago, assisted by the Very Reverend Francis S. White, Dean of St. Mark's Pro-Cathedral, performed the ceremony. The bride was attended by the Misses Elda Van Putten, Hazel Van Landegend and Florence Kruizenga of Holland. Miss Rose Whelan of Holland, assisted by Master Friedman Bronk of Grand Rapids carried a basket of bride's roses.

The wedding breakfast at the Livingston hotel following the nuptial mass, was served to sixty guests. Miss Martha Blom was directress, assisted by Miss Maud Williams. The out of town guests were: Mrs. T. Van Landegend, Mrs. B. Blom, Sr., Mrs. Wm. Witt and son, Mrs. Charles Harmon, Mrs. Ray Nies, Mrs. E. Marshall and Master Willard Kellogg, all of Holland. Exquisite gifts were presented in silver, cut glass and silver inlaid, and from Chicago where the groom is curate of the Church of the Redeemer, also came beautiful remembrances.

PRESENT CHARTER CONSIDERED INADEQUATE FOR NEEDS OF THE CITY.

Ald. Glerum's resolution, calling for a revision of the Grand Haven charter and the election of a charter commission was passed by the Grand Haven council.

The preparations for the changing of the charter and the preliminaries for the election of a charter commission were in charge of City Attorney Pagelsen, who carefully investigated the law in the matter that no step might be questioned. The question of changing the charter commission will be decided at an election to be held next month.

The present blanket charter under which Grand Haven has been operating since 1896 has long been considered inadequate for the needs of the city. The restrictions in it hampered the city government seriously in efforts to broaden out and improve, and the machinery required was ponderous and cumbersome. Many changes will be suggested to the commissioners elected to frame the new charter, and it is expected to frame one, which will cover the needs of Grand Haven for many years to come.

At the meeting the council decided to borrow \$5000 for the purpose of repairing Grand River bridge which is in dangerous condition. The proposition to bond for \$20,000 at the last election was lost, but the bridge is in such condition, that immediate repairs are absolutely necessary on the structure. If the matter is not attended to the only avenue of entrance to the city from the other side of the river will be closed, and this would be a serious matter both to Grand Haven and the territory across the river.

The usual holiday schedule was in force at the local postoffice Friday. The office was open from 7 to 10 in the forenoon. There was only one delivery throughout the city, leaving the office at 7 o'clock in the morning. Mail was collected from all boxes at 5 in the afternoon and there was no rural delivery.

FRED JACKSON GIVES WHEEL CHAIR TO HEALTH DEPARTMENT.

Will Be Loaned To People In the City As Is Needed Absolutely Free of Charge.

Fred W. Jackson has presented the city health department with an elegant wheel chair, formerly used by Mrs. Jackson during her illness. The city has long been in need of a wheel chair and many will be thankful to Mr. Jackson for his consideration in donating so useful an article to the city.

The chair will be kept by the health department under the direction of Dr. Godfrey and will be loaned out on request to people in the city who have urgent need for it. The chair will be used somewhat as the books in the public library are. If a person wants to use the chair all he has to do is to go to Mr. Godfrey, give him his name and address and take the chair, absolutely free of charge. If more than one person wants the chair at the same time as soon as the time limit runs out on one who has it, he will not be allowed to renew it until the other person has a chance to use it for awhile.

It is expected that this will mean a great deal to many of the poorer people in the city who cannot afford to get a wheel chair but need one very badly. By using the city chair now and then it will relieve the patient a great deal for afternoons that it can be taken out in the chair.

Att. D. Ten Cate Elected Trustee to Take Over Affairs of Dearborn Company

Creditors of the Dearborn Printing and Engraving corporation of Holland met Monday in the offices of Referee in Bankruptcy Wicks, in the Houseman building. The business has been conducted under the receivership of G. E. Kollen.

At the meeting Monday, D. Ten Cate was elected trustee to take over the affairs of the company. June 11 another meeting of the stockholders will be held and the officers of the company will be examined.

Herman Prins Entertains His Friends in Honor of His Birthday.

The members of Herman Prins Sunday school class of the Central Av. Christian Reformed church surprised him Monday night at his home 107 East 9th street in honor of his eighteenth birthday. He was presented with a Bible from the class, the presentation speech being made by his teacher, Robert Pool. Dainty refreshments were served and the evening was spent with music and games. All reported a good time and voted Mr. Prins an excellent host.

H. W. WILSON, CLERK AT DOESBURG'S DRUG STORE TO RUN STORE THERE

Was Chancellor Commander of K. of P. Lodge and Will Be Given a Farewell Reception Tonight

H. W. Wilson, who has for many years been employed as clerk at the Doesburg Drug Co., on East 8th St. has bought out a drug store in Kalamazoo with a flourishing business and will settle in that city. Mr. Wilson is very well known in this city as a steady conscientious man and his many friends although sorry to see him leaving the city extend their congratulations to him and wish him good luck in his new enterprise. Mr. Wilson expects to leave for Kalamazoo some time this week and will immediately take hold of his new business.

Mr. Wilson is Chancellor Commander of the Knights of Pythias in this city and this evening a farewell reception will be given by the lodge in his honor. Notices were sent Monday morning to all the members of the lodge requesting their presence at this reception to bid Mr. Wilson Godspeed on his new venture and his popularity with the members will surely make this reception one long to be remembered in the lodge.

This week will be a busy one for Mr. and Mrs. Wilson as many other receptions have been planned for them by their friends in this city. Lewis Lawrence who has been employed at Lage's Drug store on the corner of Maple Avenue and Fourteenth street for many years and who recently received his assistant pharmacist papers will succeed Mr. Wilson at Doesburg's drug store.

Dick Boter has purchased a five-passenger Hudson automobile and has already won the name of "Speed King". He made thirteen and three-quarters miles in an hour and three minutes on the crushed stone road outside of the city.

James DeYoung Is Having His Troubles With Linemen.

Owosso, Mich., June 8, Five linemen of the Consumers' Power company here subsidiary to the Commonwealth company have struck for higher wages and better working conditions.

Manager James De Young, former superintendent of the Holland Board of Public Work, says the men have made no demands upon him and the local strike will not cause any great inconvenience as there is no constructing or repair work demanding immediate attention.

The strike here followed a visit of representatives of the striking employees of the Commonwealth company at Saginaw.

IOWA BOY CARRIES OFF THE HONORS AGAINST FIVE CONTESTANTS

Harry Hoff of the Junior class of Hope College was awarded first place in the Raven Oratorical contest Thursday evening. Second place went to Henry Bilkert, while third was taken by Henry Ter Keurst both of the Junior Class. The contest was very interesting and the decision one of the closest ever rendered at a local contest.

The first speaker was Theodore Zwemer of the Freshman class. Mr. Zwemer pictured American courts and pleaded for reform of the same. Leonard Yntema, a Sophomore, in his oration "The Edict of Civilization," offered a stirring appeal for world peace. Arthur Cloetingh, '16 in "The Spirit of the Nation" presented the industrial problem. In the oration "The Emancipation of the Toiler" Henry Ter Keurst portrayed the situation of the American laborer and offered minimum wage law as a remedy. Mr. Hoff was the next speaker and he delivered an oration on "The New Democracy." He pictured the industrial situation of the country, deploring the means used by both capital and labor for gaining their ends and depicting a time of peace when the new democracy was inaugurated.

"The Newer Freedom" was the subject of John Tillemas oration. Mr. Tillemas showed the two kinds of freedom—the one where there were no laws at all and the other which comes from strict enforcement of the law. The latter, he said was the newer freedom and must solve our industrial problem. The last speaker was Henry Bilkert. In the oration "The Inevitable Conflict" he pictured the position of capital and labor and said labor legislation, backed by an awakened public conscience must pacify the two.

Mr. Hoff as winner of this contest will represent Hope in the inter-collegiate contest at Albion next March.

The judges were the Rev. Cheff, of Zeeland, the Rev. Thomas, Att. Wilson, Supt. Greeson and President Webb, all of Grand Rapids.

Was Given Thirteen Eggs But Hatched Fourteen Chicks

Who says thirteen is an unlucky number? It isn't all the time, at least it was not unlucky for Mr. and Mrs. A. Steketee, 56 West Eleventh street. Some time ago Mrs. Steketee set thirteen eggs under a hen and then waited patiently for the little chicks, expecting to get possibly six or seven chickens out of the setting. But yesterday when the little chicks peeped forth and she went to count them she found that where she had put in 13 eggs the hen had hatched out fourteen chicks. Evidently the hen did not like the number of eggs given to her so laid an extra one and hatched all of them.

THE YMAKA PLANS THURSDAY MORNING FOR CONTEST

THURSDAY NIGHT

A mass meeting of the student body of Hope Thursday morning disclosed a great deal of enthusiasm for the oratorical contest that evening. The contest was on of the most exciting in the history of the year. It was especially interesting from the fact that the men were all very strong speaker and all had excellent orations.

The winner of this contest will represent Hope in the inter-collegiate contest next March besides winning the Raven prize. The odds seemed to be about even on all the speakers.

The men and order of speaking were T. Zwemer of the Freshman, Leonard Yntema of the Sophomores, Arthur Cloetingh also of the Freshman class and Henry Ter Keurst, Harry Hoff, John Tillemas and Henry Bilkert all of the Junior class. The contest was held at Winants chapel and began at 7:30.

MR. AND MRS. H. GOLD AND FAMILY SEE NEW SUMMER HOME FOR FIRST TIME.

Made The Trip from Chicago in Their Handsome Yacht, Marigold—and Visit in This City.

Mr. Egbert H. Gold of Chicago with his family and Mrs. Gold's mother and sister spent Sunday at their new summer home, Marigold Lodge, on old Point Superior, having made the trip from Chicago in their splendid yacht "Marigold" which is a handsome craft 95 feet long with a magnificent cabin finished in the choicest of mahogany and the craft is driven by twin-screw propellers, with a 50-horse power gasoline engine, to each and is lighted by a storage battery electric light plant with the current generated on the boat.

After spending a delightful day on their premises and receiving many guests they returned to Chicago at night.

The Golds family were highly pleased with their new summer residence as the family had never seen the place from the time the ground was bought for them by Mr. H. D. Dean of Benton Harbor their very able and efficient superintendent under whose management the grounds have changed from a wilderness to an orderly and artistic development with garden, fruit trees, vines and shrubs, flowers, blended with the prettier stately oaks on the premises with the buildings rapidly progressing, with an ice house well-filled, a garage and barn combined on one side and the house forming an L on the South and West and a court opening eastward with a macadam drive, entering the premises on a meander through the garden, terminating in a loop in the court, forming a handsome landscape effect with a magnificent view in every direction.

Messrs. Tallmadge & Watson of Chicago are the architects for the principal buildings while all engineering features are planned by Mr. Dean. It is safe to say that the place will be the handsomest and most attractive on Black Lake.

WOMAN'S LITERARY CLUB WILL SPEND \$11,000 ON CLUB HOUSE AND LOT

Building to Be Completed About October; Plans Have Been Accepted; Old Building Moved Off

About October the new club house to be erected by the Woman's Literary club on the corner of Tenth St. and Central avenue is expected to be completed. It will be another beautiful building added to the buildings of this city and will be a credit to the city as well as to the club that has worked hard to make it possible. This morning the house that stood on the lot purchased by the club was removed and work will soon be commenced on the erection of the new club house.

Yesterday in her detailed report of the work of the Woman's Literary club during the past year, Mrs. Henry Winter, recording secretary, gave the following report on the plans in regard to the new building:

"Perhaps the most important subject of the past year was the proposition for building a new club house, which was proposed by the president at a meeting before the board of directors October 30, 1912, and voted on by the club January 14, 1913. Since then we have purchased a new lot on the corner of Central and Tenth St., loans have been negotiated, subscriptions solicited, plans for an \$8000 building have been accepted and a home for the W. L. C. is now assured.

"The club house as planned will be built of pressed brick with tile and stone trimmings. The auditorium will be 35x55 feet and 20 feet high, with a stage 16 feet deep and a dressing room on each side, a library and cloak room on either side of the entrance hall and a gallery over these front rooms making the entire seating capacity 500.

"The basement 12 feet high will contain a dining room 35 x 55 feet that can also be used as a gymnasium a large kitchen and pantry, hall and rest rooms.

"The entire building, including heating, lighting and plumbing, is to cost \$8000. The lot cost \$3000 making a total expenditure of \$11,000. We have made arrangements for the loan of \$6000 and will be able to collect \$5000 during the summer from our various resources. The mortgage is payable \$500 or more each year with interest at six per cent.

R. Zeerip of this city has received word from Allendale that his nephew, Benjamin Lemmon died Monday at the age of 23 from a cancer. Mr. Lemmon is very well known in this city and has many friends here. The funeral will be held this afternoon from the Pearline church at Allendale.

TAKE THE STITCH IN TIME

The serving of rural communities, and, in many cases, of isolated farms plantations and ranches, with electricity generated by water power plants, is a part of the question of conservation. The question is not one for cities, towns and manufacturing centers only. The tremendous possibilities of this country and especially Michigan in most of its sections, in streams capable of affording high water power privileges, should be made to put not only the larger centers of population in ready touch with this new mechanical and commercial force, but agriculturists wanting to facilitate their work and enlarge their annual output, should be afforded opportunity at rates which will not be prohibitive.

The fight for reasonable rates will begin in Congress during the present year, and, in all probability, during the special session. There are already indications too numerous and marked to be mistaken, that the intending monopolists of water power rights are prepared to appeal to the old sentiment of the party which will be in control of the government, in favor of state rights as against any right of the Federal Government to regulate or control the rates to be charged, or the service to be given, by water power companies.

The hope is to get franchises from the states much less closely drawn, and in which the public right and interest will be much less carefully protected, than it will be possible to get at Washington. If this policy is to prevail at Washington, and Congress is to abdicate all of its power of control of such organizations, it will be well for the citizens of all the states in which water powers of value can be developed to organize themselves with a view to prevent the sale of their rights and interests in franchises given to corporations without sufficient safeguards. This is a case in which a stitch in time will save many more than nine.

The gas question may be settled out of court. Thank goodness there is no election near.

An auto cop will be added to the force. To catch offenders he might use a tandem roller.

Those cracks in College avenue that Van Drezer must fix, we understand were only "paregorically" speaking.

OPPOSE FREIGHT RATE INCREASE

Holland Firm Doesn't Agree With Manufacturers' Ass'n

In reply to a resolution adopted recently by the Michigan Manufacturers' association through its board of directors in which it approved the proposal of the railroads to increase freight rates 5 per cent in official classification territory because of an alleged increase in the operating expenses of the carriers and decrease in net earnings, George P. Hummer, secretary and manager of the West Michigan Furniture company, takes a decided stand against the increase. He has written the secretary of the manufacturers' association, giving his reasons for the position taken by him and his firm.

"Our firm," he says, "is not in harmony with the resolution which you say was adopted by the board of directors, for reasons as follows:

Says Shippers Don't Know

"We do not believe that any shipper is in a position to know definitely whether the present rates are reasonable or otherwise, nor do we believe that that fact can be determined until we have secured what congress has been attempting to do for a number of years and which it has been prevented from doing because of the strenuous opposition of the railroads themselves, viz; a physical valuation of the roads and their properties so that we shall have a basis on which to figure fair and reasonable profits on their business."

"We maintain that if the roads are allowed to advance their rates in the haphazard way that has been done in the past they will continue to strenuously oppose all efforts towards securing the physical valuation above suggested."

Should Insist on Present Rates

"We, therefore, believe that it is the duty of every shipper and every good citizen to insist upon the maintenance of the status quo, so far as states are concerned, until such time as the railroads themselves are willing to co-operate with the people upon some intelligent method which naturally must be based upon a knowledge of the actual investment, to the end that just and equitable rates, which shall be fair to the shipper and fair to the railroads, may be intelligently established."

Two recent runaways seem to be having a good effect on other drivers who have not been in the habit of tying their horses when they leave them standing. The team that does the draying for Ike Ver Schure caused much excitement when they went careening up 8th St. Thursday morning. The wagon was swung against the new drinking fountain recently installed on the corner of College Ave. and Eighth street breaking the pipe and then went on down the street leaving the water spouting from the broken pipe. They swerved off to one side and started straight for H. Doesburg's drug store but struck the pole in front of the store which stopped them very suddenly. One of the horses was hurt very badly and the wagon was badly damaged.

Few of us who pay two cent letter postage for a distance of three thousand miles or more, and impudently for one cent letter postage, remember that as late as 1843 letter postage of same weight was 25c for a distance of some five hundred miles. There was no waste of paper in those days, nor for many years later, and the writer well recalls when foreign letters particularly used to be written on the thinnest kind of paper with every part utilized.

If you have one of the new nickels you had better keep it as a souvenir as it is understood no more are to be manufactured. Slot machine manufacturers are finding fault with the nickel, claiming that it cannot be used with facility in their devices. However, it has been found that the new coin can be slipped into a savings deposit without inconvenience, and using it in that way is a very commendable alternative.

Studebaker

"That's the sixth Studebaker we've passed—the only kind to invest in"

"The only kind—because, as I always say, when a man puts money in a thing he wants to know that he's going to get the worth of it out again."

"That's plain business as I look at it."

"That's why I say the price doesn't tell you anything at all. There's only one thing that talks—except the wagon itself. That's the name of the maker."

"When you buy a Studebaker you're buying a vehicle that has behind it and in it sixty years of experience—sixty years of success—and sixty years of reputation for the square deal. That's why a Studebaker always looks good to me."

"My father used to say that Studebaker honor was as sure as a United States bank note. He was talking after having used Studebaker vehicles since he was a lad, and he told me his father before him said, 'Be safe—get a Studebaker.'"

"Vehicle builders can't hold that sort of reputation now-a-days without delivering the goods. A Studebaker wagon has the best in it. That's why a man gets the most out of it—why it's always an economy."

"Dealers may say to you something else is 'just as good.' But when you buy a Studebaker, you're making a safe investment every time."

Your Own Porch a Delightful Shaded Retreat

AEROLUX
NO WHIP
PORCH SHADES

The pleasant repose one enjoys on hot, sultry days and evenings while sitting under a great spreading elm tree in a shaded garden, is possible on your own porch or veranda, owing to the advent of the

Aerolux Porch Shade

Of all shades; of all kinds and descriptions, the Aerolux is positively the only one possessing the wonderful No-Whip attachment; and the holding of a shade with this self contained, adjustable attachment, is the invention and patent of the manufacturers of the Aerolux and therefore will not be found on any other porch shade.

This attachment holds the shade at the proper rigidity in any wind and thereby prevents the disagreeable flapping so common with other shades and does this without straining the shade.

This shade will last almost indefinitely; and while bamboo porch screens and the majority of other shades will fade and quickly wear out upon being exposed to the elements; the Aerolux maintains the same beautiful and new appearance that it possessed the day it was put up.

Besides building the Aerolux shade from specially prepared woods, its manufacturers offer it in a great variety of colors, which are so thoroughly weather proofed that whether they are of a soft olive hue or a deep, rich brown, exposure to sun, rain or snow does not effect them.

This enables one to employ them not only as a means of making a summer sleeping porch, but it also enables those who desire the more rigorous pleasure of sleeping in the fresh air in the winter time to do so in perfect security.

Aerolux Shades admit, by reason of their excellent construction, just the proper amount of light and fresh air and although those on the porch may observe passers-by perfectly, yet the occupants of the porch themselves remain in absolute privacy, unseen.

We have them in 4, 6, 8 and 10 ft. wide, at
\$250, \$3.50, \$4.50 and \$5.75
We also sell the cheaper Bamboo Shades

WHAT YOU SAY IN THIS PAPER

THIRTY-FIVE YEARS AGO

Rev. N. M. Steffens of Silver Creek, Ill., has accepted the call to Zeeland, Michigan.

In and about Lyns, France, 200,000 women and girls work from 11 to 13 hours a day for an average of 40 cents.

Among the substantial improvements around town we can mention the enlargement of the dry house of Cappon-Bertch & Co. The addition will not be an L as has been published heretofore, but will extend from the present building to the street, and 32x40 feet and 5 stories high. The old building will receive a new roof.

A meeting is called of the old soldiers to meet at Joslin and Breyman, on Monday evening next to consider the feasibility of going to Kalamazoo and join the soldiers and sailors annual reunion, on Thursday, June 20th.

Married—On Tuesday, June 5, by I. Fairbanks Esq., Mrs. Charles A. Knutson of this city to Miss Maggie Kelly of Laketown.

It is reported that Maria, youngest daughter of Dr. Charles Scott of this city, lies very sick in New York with scarlet fever.

Last Thursday morning at a little after 10 the steamer Macatawa left Harrington's dock, having on board members of the Park association and representatives of the press of this city who has accepted the invitation of mine host Scott of the Park House, to partake of a dinner and attend the formal opening of the hotel. The boat arrived after a trip of 35 minutes at the dock at the Park and an hour was spent in romping around the grounds. We recommend the Park House when any of our people want an enjoyable well-served meal.

WEDDED WEDNESDAY NIGHT.

Groom Graduated From Western Theological Seminary This Month.

A beautiful wedding took place Wednesday night at the home of R. Weurding when his daughter Anna was united in marriage to the Rev. James Verburg, a recent graduate of the Western Theological Seminary. The parlors were artistically decorated with ferns and dogwood, while in the dining room lilies of the valley and geranium were used effectively.

Mr. Frank Kleinheksel sang "I Know a Lovely Garden," and Mrs. Gebhard Stegeman, accompanied by Mr. Herman Brouwer upon the violin, played the wedding march from Lohengrin. The bride was becomingly gowned in white satin with a tunic of silk maline heavily embroidered. The bridal veil was of white net fashioned about the head into a dainty cap trimmed with real lace and held in place by lilies of the valley. She carried a large bouquet of bride's roses. Miss Frances Weurding acted as maid of honor and wore a gown of lemon satin, with heavy gold trimmings and carried pink carnations. The first bridesmaid, Miss Sadie Weurding was gowned in blue flowered silk with over lace and the second bridesmaid, Miss Mildna Lawton was dressed in pink flowered chiffon over silk. Both bridesmaids carried beautiful bouquets of marguerites.

The groom was attended by Mr. Martin Verburg, with Messrs James Weurding, Herman Stegeman, Richard Vandenberg and Alex Van Bronckhorst acting as ushers. The Misses Dorothy Slagh and Ruth Hyma were very dainty flower girls and little Master Corrie Van Leeuwen bore the ring in a bouquet of lilies of the valley.

Dr. Blekkink performed the ceremony, and after the happy bride and groom had received the hearty congratulations and kindest wishes of their many friends a three-course supper was served. Appropriate music by Mr. Harris Meyer and Mr. Herman Brouwer added much to the festivity of the occasion.

The bride received many beautiful and useful gifts. Among the honored guests was Mr. Wilhelm Meyri, who recently made a trip to his home in Switzerland to claim a large inheritance left him by his father. Mr. James Weurding accompanied him and they made quite an extensive tour through Europe. Among the out-of-town guests were Miss Mary Vining of Decatur, Miss Mildna Lawton, of Lawton, Miss Marie Schaberg of Kalamazoo, Miss Ethel Thomas of Lawton, the Rev. and Mrs. Mannes Stegeman of Springfield, S. D., Mr. Herman Stegeman of Chicago University, Chicago, Mr. and Mrs. Jack Verburg of Chicago and Mrs. B. Trampe of Jensen.

Mr. and Mrs. Verburg leave for a somewhat extended bridal trip this week.

The groom is a graduate of Hope College of the class of 1910. He was on the Hope Track team for two years and at one time he was manager of the Basket Ball team. While at Hope he was also a member of the Monogram Circle.

Says It Would Inconvenience Public

Littleand Would Be a Boon to Laboring Men

Mayor Bosch believes that an agreement should be made between the city government and the people of Holland in regard to riding of bicycles on the sidewalks in districts where the condition of the streets is bad. To fix a definite limit, however, he wishes to have the agreement apply to all streets that are not paved. His plan is to let the bicycle riders ride on the walks between the hours of 3 and 7 in the morning on all such streets. By this method all the people going to the factories to their work could go there in comfort.

"Recently a local judge made the statement," said Mr. N. Bosch, "that he would certainly treat all convicted of riding on the walks alike, and that no excuses would be accepted as long as the ordinance was in force." And he was right. I do not wish to make any city ordinance ineffective, but I believe in taking conditions into consideration. In the late fall and early spring the ordinance is not enforced because it is recognized that then the streets in the city are impassable for the bicycle riders. But there are many streets in the city now that are almost impassable for bicycle riders at other times of the year, and the rigid enforcement of the ordinance works a hardship on many a laboring man.

"I can see no reason why such an agreement could not be made between the council and the public. By the terms of this agreement the city government would declare that between the hours of 3 and 7 a constable or officer would not pop from behind a tree and make an arrest every time he sees one using the walk for instance when he goes fishing in the morning as many do. The public on its part would agree not to ride on the walks at any other time of the day. I believe this would be a more effective method of securing the enforcement of the ordinance than the method of indiscriminate arrest."

"Between the hours of three and seven the walks are comparatively little used by the pedestrians and for that reason I suggest that time limit. I believe the plan would materially help the bicycle riders, while it would inconvenience the public very little."

HELEN DOSKER INJURED WHEN FATHER'S AUTO HITS DITCH DOSKER ALSO INJURED

Henry W. Dosker and his little daughter, Helen, were badly injured Saturday morning when Mr. Dosker's auto turned turtle after running off the end of a deep culvert. Had the machine not fallen across a ditch, both would have been crushed to death. As it was, Mr. Dosker's left arm was broken just above the elbow, and it is feared that he is hurt internally. Little Helen's legs were broken below the knees.

Mr. Dosker is a wealthy Allegan county farmer, and was on his way to Grand Haven. The accident occurred about seven miles southwest of Hudsonville.

MISS JANETTE DE NEFF WAS UNITED IN MARRIAGE TO EDWARD SCANLON AT BRIDE'S HOME.

A pretty wedding took place last Saturday evening, May 31, at the home of F. W. De Neff, when his daughter, Jeanette, was united in marriage to Mr. Edward Scanlon of this city, Rev. Badger of the Wesleyan Methodist church officiating.

Promptly at 8 o'clock to the strains of Lohengrin's Bridal Chorus played by Miss Hazel Harris, cousin of the bride, the bridal couple attended by Miss Helen Weed and Mr. Benjamin Harris, took their places under a canopy of greenery and flowers, where the ceremony was performed. The bride wore a beautiful gray tailored suit and carried bridal roses and lilies of the valley, while her attending maid was dressed in pink silk carrying pink bridesmaid roses. The color scheme of green and white was carried throughout the rooms. After the congratulations, refreshments were served. Many beautiful and useful presents were received. The out-of-town guests were Mr. and Mrs. Edward Scanlon and son Carl, Mr. and Mrs. John Griffin, Mr. Earl Gretzinger.

PROF. C. E. DREW OF THE HIGH SCHOOL SURPRISES HIS FRIENDS HERE

Married Miss Mary Chapman in Waterloo, Indiana After College Romance.

Prof. C. E. Drew, science teacher of the local High school sprung a little surprise on the students when he returned to school Monday morning and announced himself as being a proud husband. Although it was suspected for some time that Mr. Drew was soon to enter into a life contract, the date was only known to his personal friends.

Mr. Drew left Holland Thursday, and was married Thursday evening in Waterloo, Ind., where the bride who is Miss Mary E. Chapman, a daughter of Mr. and Mrs. A. S. Chapman of Madison, Ind., has just completed a term of teaching in the High school. The marriage was a quiet affair, only the immediate relatives and friends being present. After attending the closing exercises in the school at which Miss Chapman was teaching the couple left for Michigan and spent the next few days visiting in Michigan.

The marriage marks the culmination of a very pretty romance at Hanover College where Mr. Drew and Miss Chapman were both members of the same class and both are graduates of 1912.

Mr. Drew has rented apartments in a flat on the corner of Maple Ave. and Fourteenth street where they will make their home until the end of the school year here. Mr. Drew will again teach in the local High school and the couple expect to spend most of their time in this city. **MRS. WM. HAZENBERG LAID TO REST THURSDAY AFTERNOON**

After a lingering illness of several weeks, Mrs. Wm. Hazenberg formerly Lemmie Visschers, died at her home on State street Tuesday at the age of 69 years.

She is survived by an only daughter Grace, who was living with her and by three brothers, Arend, John J. W. and by two sisters, Mary V. Jenks and Senie Mersen. The funeral took place Thursday afternoon at 2 o'clock at the home of the deceased on State street. Dr. Bruske and Prof. Kuizenga conducted the services.

SPORTING GOSSIP

Boter Jr. and The West End Sluggers Play Ten Inning Games.

The Boter Jr. and the West End Sluggers again played a ten-inning game and again the Boter's won by a score. This is the second game these two teams have played and both games were ten inning games, the Boters winning in the tenth inning. The first game was 4 to 2 and the last game was 8 to 7 both in favor of the Boter's. The batteries for the Boters were Ver Huis and Steel and the batteries for the Sluggers were Brightwell and Zwiers.

KNOCKS THE BALL OVER THE FENCE.

The Grand Haven Tribune has the following nice compliment for Babe Woldring who excelled in the game played on Decoration day at Grand Haven:—

A monster crowd, a sharp game and a victory for the Athletics made an auspicious opening of the baseball season for 1913 in Grand Haven on Decoration day. Ray Hale's Athletics made their first appearance on the diamond at home and the hit they made was tremendous. The Chicago Greys who opposed the locals in the initial contest is an aggregation which would try any team's metal and from the time the first ball sped over the plate until the last man was out, it was a race for the tape. The final score 2 to 0 tells the story of a tremendous pitcher's duel with Babe Woldring going at top speed. The big Holland pitcher helped win his own game by slamming the ball over the fence for a homer. Babe was the only Grand Haven player to hit safely during the game, and the only Athletic to reach first base in seven innings of play. He was a wonder in the box and although he found himself in pretty tight places several times, he pitched himself clear in a style that sent the fans wild. Babe Woldring is clearly big league stuff, and his performance here Friday was of the sort that wins games.

ARE YOUR KIDNEYS WELL? Many Holland People Know the Importance of Healthy Kidneys

The kidneys filter the blood. They work night and day. Well kidneys remove impurities. Weak kidneys allow impurities to multiply. No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles, Begin treating your kidneys at once; Use a proven kidney remedy. None endorsed like Doan's Kidney Pills. Recommended by thousands. Proved by Holland testimony. Mrs. Charles Green, 61 River St. Holland, Michigan, says: "I suffered for quite awhile from lameness across my back, together with a tired feeling through my loins. Nothing did me any good until I used Doan's Kidney Pills. The relief they brought convinced me of their merit."

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Green had—the remedy backed by home testimony. 50c. all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

American Institutions Want Prof. Katwyk, The Eminent Pianist.

Prof. J. B. Nykerk received a letter from Mr. Paul Van Katwyk, the Dutch pianist who so ably rendered a program at Winants chapel two weeks ago. Mr. Van Katwyk writes that he gave a similar program at the New England Conservatory of Music at Boston the greatest musical institution in the United States. When he had completed the numbers, Mr. Charwick, conservatory director offered him a responsible place in the college but he had already accepted a like position with the Sherwood college of Music in Chicago for one year.

Mr. Van Katwyk promises to be back in Holland next November when another program on piano will be given and undoubtedly he will be greeted by a large audience which he so richly deserves.

Think They Must Pay Licenses In Other Counties

Local fishermen have been worried a great deal over the new fishing law which requires a fisherman to pay \$3 for a license. State Game Warden Oates is quoted as saying that the new law applies only to fishermen from outside the state and does not in any manner refer to Michigan fishermen. He thinks fishermen have confused the fishing law with the hunter's new license law, which requires every hunter who goes outside of his own county to hunt, to take out a gun license costing him \$1. The anglers' license bill applies only to non-resident fishermen.

Zeeland High School Class Holds Debate On This Subject

Wednesday a. m. the Senior class of Zeeland High school held a debate in the High school Assembly room. The question debated on was Resolved that a protective tariff is an economic advantage to a country. Frank Van Bree acted as chairman. The affirmative speakers were Eva Prum, Sarah Brill, Wm. Van Eenennaam and Emerson De Spelder. The negative speakers were Alyda Veneklassen, Stella Kieffer, Adrian Rosenraad and William Vanden Berg. The judges were chosen from the faculty, Miss Paolachin, Miss Kelly and Prof. Hoekje being chosen. The affirmative side had the most points in their favor.

Former Light Keeper at Macatawa Passes Away from Heart Trouble

John C. Fish, former lightkeeper at the harbor suddenly died at Grand Haven Monday of neuralgia of the heart. Fish is 48 years old and leaves a wife, three sons and three daughters. One of the sons is now acting reserve surman at the Holland station.

Fish left Holland about three years ago to act as light keeper, at Cat Head harbor, Traverse Bay. One year ago he came to Grand Haven and served as an assistant light keeper.

Held Meeting Thursday Afternoon In K. O. P. Hall and Had Initiation in Harrington Hall

The convention of the Supreme Temple of the Fraternal Knights of the Pyramids was held in this city Thursday afternoon at the local hall. Delegations from Ohio, Indiana and Illinois were present and there were representatives from the various Nomes in Michigan.

The meeting was called to order by Ruling Knight N. J. Whelan and the business of the day was transacted. The old officers were continued until 1915. The officers are as follows: V. F. King, Past Supreme Ruling Knight; Nicholas J. Whelan, Supreme Ruling Knight; H. W. Forsyth, Supreme Vice Ruling Knight; J. Boyenga, Supreme Magician; Ward Phillips, Supreme Chamberlain; P. F. Killmartin, Supreme Watchman. After this a meeting of the Grand Chamber State Body was called. There was no business on hand and so the meeting was adjourned.

From the K. O. P. Hall the Knights marched in double file to the Harrington hall where the local Nome exhibited their drills and initiation of new members took place. The journey over the burning sands of the desert to the Pyramids was a great success although one camel was lost.

After the initiation short speeches were delivered by the officer of the lodge and some of the members. A lunch was served and after that dancing was enjoyed the rest of the evening. Lacey's orchestra furnished the music.

Hope College Girl Will Go to the Mission in Japan.

Miss Hendrine E. Hoppers of Ontario, N. Y., a member of the senior class of Hope college, has been given her credentials to the South Japan mission as a representative of the Reformed church. Miss Hoppers will graduate from Hope College this month and expects to leave for the Orient in September.

Besides Miss Hoppers, there are five other volunteers to the foreign field in the class of 1913 at Hope. These are Miss Minnie Beld of Zeeland, Miss Helen De Maagd of Coopersville, Berent T. Vander Woude, George G. Heneveld and Alexander Van Bronkhorst of Holland.

"MILESTONES" ENJOYED BY A FULL HOUSE MONDAY NIGHT

Before a crowded house in Carnegie Gymnasium the Senior class of Hope Monday night presented Arnold Bennett's "Milestones." This was probably one of the most successful presentations given by any of the classes during the past few years. Every actor was well chosen and carried out his or her individual part in a realistic and striking manner. Miss Della Ossewaarde of Zeeland and Lambertus Hekhuis of Zeeland were particularly good in the difficult leading roles of Rose Sibley and John Rhead. It would be hard to say whether or not one character was portrayed to a better advantage than another for all were so well presented and in such a charming, entertaining manner. The following is a resume of the actions.

The fortunes of one family are represented in three generations, reaching their dramatic moments in 1860, 1885 and 1912. The purpose of Milestones is to present the perennial reverence of the struggle between youth which is ever radical and progressive and old age, always backward-looking and conservative. The entire action passes in a drawing room of a house in Kensington, Gore. The story deals with the three successive generations of two families, the Rheads and Sibleys, who are closely related and each act presents the young people at the moment when they come into conflict with their elders over the difficult problems of business and matrimony.

In each act the force of the new generation manifests itself in an entirely different manner from that of the generation before. Not only does it propose to do a different thing but it behaves in a different manner and has a tone and color all its own.

The play is largely conversational requiring very little scenery. There is no particularly dramatic part in the entire play, but there were several scenes of great intensity which entirely held the attention of the audience. Scenes and deep human interest caused it to be appreciated by all. The Seniors are to be highly congratulated on their success. The rapt interest and attention throughout the action testify to the excellent manner in which the production was given.

Great credit is also due to Miss Moore of the Elocution department who, during the past few weeks, has been training the Seniors for this production. She has shown excellent ability in training and especially in this case in her wide selection of the various characters. The management was under the direction of Marinus Den Herder.

The following is the cast of characters:—

About 100 members of the Women's Literary club left Tuesday morning on the 11:15 car for Castle Park where they picnicked. From Jenison the party was conveyed to the castle and upon their arrival luncheon was immediately served. Music was furnished during luncheon by Miss Marguerite Pieters and Frank Smith. In the afternoon a woodland play "Maidens' Forlorn" was acted out by the members in a quiet spot in the woods and it was very picturesque. The charm of the participants of the play and the beauty of the foliage lent a striking contrast.

The party returned in the early evening.

SKIN SORES

Easily and Quickly Healed

Those who suffer from Eczema, pimples or other skin eruptions know its nature and how it can be cured. There is no need of suffering. You can easily get rid of it by a simple and inexpensive preparation known as the Five-Drop Salve. It is a carefully compounded ointment that for fifteen years has proven its value as a soothing, healing remedy for eczema, pimples, running sores, wounds, burns, salt rheum, ringworm, piles and sores. A single application will usually give immediate relief. The burning, irritating inflammation quickly subsides and the sores dry and disappear.

The Five-Drop Salve is now put up in 25 and 50 cent packages and can be bought at nearly all druggists. If it is not obtainable in your locality you can order direct from Swanson R. G. Co., 108 Lake St., Chicago, Ill., and it will be sent prepaid upon receipt of price. It is an excellent remedy for cracked skin and scalp humors.

tract as cheaply as if done by the city as was at first intended. City Attorney Van Duren then explained that the estimate could not be raised and that no additional money must be taken from another fund. Later Mr. Naberhuls stated that although at present the estimate on the paving is placed at one dollar and six cents if the job is let by contract the estimate will have to be raised one dollar and thirty six cents per yard.

Interesting Briefs

The committee on public buildings and property reported that only one bid had been received for the supplying the city with coal and as the bid had not as yet been opened a five minutes recess was granted by the Mayor for the committee to look into the matter. The committee later reported that they were not yet ready to act and ask that they be given more time to look into the matter. This was granted the committee and it was also given the power to act.

The committee on bridges and culverts reported that they had examined the bridge of 24th street, and would have it repaired as was petitioned for before the last meeting of the council.

A New Ordinance relative to Building Lines was brought up at the meeting last night but it was tabled by a vote of eight to two. Alderman Prins and Sterenberg voting against tabling it.

Grant Police Another Officer

Alderman Van Drezer in behalf of the Police Board then recommended the council grant the police board the power to put another officer on the force. This was granted, but the two progressive aldermen, Prins and Van der Hill, voted against it. At the last meeting, Mr. Van Drezer was made head of a committee to meet with the Police board to ascertain which they wanted most an office girl or another officer. The new officer was added to the force to enable the officers to give especial attention to speeding motor cycles and automobiles within the city limits and stop this practise as much as possible.

Will Grade Twenty-Second Street

One of the property owners on West Twenty Second street was present at the meeting last night and protested against the city ordering the grading of twenty second street. He claimed that it was not necessary to do this as the other streets nearer town have not as yet been graded and he thought these others needed it more than twenty second street and he claimed the road was not used much. He said that the west of the street was comparatively good but that the East End was bad and it would be expensive to grade it. Alderman Harrington then explained that the council had ordered the grading of that street as the result of a petition of the property owners of the East End of the street sometime last year. He said the policy of the city was to improve the entire street when a proposition like this came up as it made it easier and also make the assessment equal on all property owners along the street. On the west he said there was a hill and the dirt taken from this hill could be used on the other end of the street.

Mayor Bosch then in stating his views on the question said that all improvements on streets should be left to the property owners to decide on as they were the ones who had to pay for it and they were the ones who used it most. In some cases he said it was absolutely necessary to have the work done and the city had to go ahead with the improvements against the wishes of the property owners but these cases are very seldom, as a general rule this wish of the property owners should be the law and he wished the aldermen to consider that when voting on that question.

But taking into consideration that a petition had already been made for improving this street a motion to put the matter off until the next meeting was downed and a motion that plans be drawn up for approval of the council was unanimously adopted.

Will Buy More Stone

Referring back to the committee on streets and crosswalks the Mayor asked the members of that committee how they were fixed for stone to repair the roads and alderman Harrington said that he thought they had enough stone on hand to patch up most of the bad spots in the streets but that they needed more stone and if more was not ordered soon they would probably be out of stone for a month during the summer. The Mayor then said that he was strongly in favor of fixing up College Avenue as many of the residents on that street had made the request that it be done and he said he thought it could be done nicely without a great deal of expense. He asked Alderman Van Drezer what he thought about it and Van Drezer said he had been unable to figure out how to permanently improve College Avenue as long as the people have expressed themselves so strongly against paving or putting in a crushed stone road. King then remarked that the committee should be trusted and that the matter dropped. Later the Mayor answered Enim saying that King ought to be willing to grant him the privilege of giving his view on the subject and he claimed he was not doing it "because he had lost confidence in the committee but because he wished to call the committee's attention to the matter. He said he had all the confidence in the world in the committee when he appointed it and that he had in no degree lost any of the confidence but was well pleased

with the work of the committee. Alderman Harrington then told what had been done on College Ave to keep up the street such as crowning it and filling the holes with crushed stone but he said that this would not keep permanently although the street was in good condition now. The matter was dropped then was brought up by the Mayor again later and it was decided by the council to grant the committee on streets and crosswalks the power to buy more stone as they needed it. The gas tests for the last three weeks showed an average of 691. Eleven tests out of thirty three were below 600.

P. M. Must Not Raise Grade

City Engineer Naberhuls called the attention of the council to the fact that the new rails being installed by the Pere Marquette Railroad Company are several inches higher than the rails formerly used and expressed a fear that when the new tracks were laid across Eight street it would raise the grade of the street from four to five inches. He recommended that the council take action against this and instruct the P. M. Co., to not have the rails raised across Eighth street and this was done.

Will Improve Ottawa Street

City Engineer Naberhuls again reported that if he was instructed to go ahead he would get plans and specifications for the next council meeting. He said he had an estimate of the cost but that the improvement had not been ordered. Ald. Harrington recommended that he be instructed to go ahead with the work and the recommendation carried. The total cost of the improvements will be \$1,752.50, \$600 of which will be paid by the township and \$552.50 will be paid from the street fund. The remainder will be assessed on the property owners.

Alderman Harrington then submitted to the council a recommendation that a committee of citizens be appointed to meet with the Gas Company to try and effect a settlement of the differences of the city and the gas company. The Recommendation is printed below:

It was adopted by the council.

By Alderman Harrington, Resolved, That the Mayor of the City of Holland, be and hereby is directed to appoint a committee of five, of which committee he shall be the chairman, and the other four members shall be citizens of the city of Holland, but none of whom shall be members of the common council, to take up the question of a settlement of the difference between the city of Holland, and the Holland City Gas Company, and the matter of extensions of the mains of said Company and report their recommendation to the council at the earliest time possible, preferably not later than the first regular meeting of the common council to be held July 2, 1913.

Will Arrest Speeders

Alderman Hansen claimed that so many complaints had been brought to him by citizens relative to autoists and motor cyclists exceeding the speed limit within the city limits. He said that they were a great danger and that hence forth this law ought to be strictly enforced.

It was moved that the Police Board be instructed to give especial attention to this and in the future fast riders should watch their speedometers while driving through Holland. Mrs. Landwehr who lives in East Sixteenth street also complained that there is a sign "City Limits" near her house and that autoists go tearing past there thinking they are out of the city limits. This will be looked after.

Too Many Poles

Mayor Bosch called the attention of the council to the fact that there were four or five telephone and city poles in front of Dr. Leenhouts residence which were very offensive there as they shut off the view and destroyed the beauty around. He asked that the council look into the matter and if possible the case will be remedied soon.

Dr. Boot Refuses Offer

Dr. Boot who was chosen city physician at the last council meeting refused to accept the position and the office is still open. Alderman King moved that they proceed with the election of someone to fill the vacancy. Alderman Harrington moved that the clerk be authorized to cast a unanimous ballot for Dr. Leenhouts but King persisted in putting it to a vote. The result of the ballot was eight votes for Leenhouts and one for Dr. Bruinsma.

CARS ARE NOW UNDER CONSTRUCTION AT NEWARK, O. READY EARLY IN JULY

Charles A. Floyd, general manager of the Holland Interurban line, returned Tuesday from Newark, O., where he has been inspecting the new steel cars being constructed by the Jewett Car company for the Holland road. The cars are steel construction throughout, are sixty feet in length, and will carry 66 passengers. The trucks were supplied by

the Baldwin Locomotive Works.

Mr. Floyd spoke most enthusiastically of the new cars, four in number, which he says will represent the very latest in the way of construction and furnishing. The interior will very much resemble the interior of a railroad coach, having similar seats, and being supplied with card tables for the convenience of those passengers who desire to pass away the time. The cars will be red, maintain the old color scheme employed by the company heretofore. They will be capable of developing 480 horsepower. Mr. Floyd expects that they will be delivered by July 1.
