HOLLAND CITY NEWS

VOLUME NUMBER 50

June 9, 1921

NUMBER TWENTY-THREE

You Bank your Money
and become a Partner

If a man ever rises above his fellow workers and becomes a POWER in the world he MUST bank his money. It PAYS.

And the sooner he BEGINS to bank his money, always ADDING to his balance, the sooner he can grasp a business opportunity when it comes.

If you have not started to bank your money, START—START today. If you have started and stopped, START AGAIN.

You will never get anywhere if you don't.

We invite YOUR Banking Business.

HOLLAND CITY STATE BANK

"Oh! You Beautiful
Doll!"

With apologies to the popular song writer.

Anyway, the little child does utter an exclamation of "Oh!" when it passes by the Winstrom Electric Co. window and sees that doll which really is a beauty.

Many a little girl pulls harder on Mamma's hand and says, "Oh! Mamma buy me that", pointing longingly at the big doll baby in the window.

There is a Way to Get
That Doll

Here you have it:

Any child bringing in, before July 1st, the longest list of names and addresses of Mamma's who do not own an Electric Washing Machine, will be given this fine all dressed up Dolly in the show window.

Now Make a Try for It!

Winstrom Electric Co.

200 River Avenue

Holland, - - Michigan

SUPT. CHAMPION NOW HAS FOUR WELLS DRIVEN

EACH YIELD 100 GALLONS OF
WATER A MINUTE

The city's new well on the Zealand road is developing beautifully. Four well points have been driven thus far, and each point is capable of yielding 100 gallons of water per minute. The fifth point is being driven today and others will follow this one. A second well driving company is coming to the city within two days when two gangs, and two well drivers will be on the job.

Four carloads of pipe have also arrived, ready to be placed in use to pipe the water from the well on the Zealand road to the city proper.

Superintendent Champion has sent samples of the water to the state board of health, and these have been found absolutely o. k. and have been fully approved by that body.

It seems that the city has struck a very desirable water shed and any number of points may be driven in that vicinity.

Surely the success attained, and the points driven thus far, makes the water situation look more hopeful for the present at least.

MAN WHO HAS BEEN AWAY FOR 18 YEARS SURPRISES HOLLAND

WENT TO OREGON TO HELP
START A TOWN

Henry Flieman, oldest son of the late J. W. Flieman, the veteran hunter and bee keeper, has arrived in the city after an absence of 18 years.

His surprise in reaching Holland knew no bounds as he stated River avenue and 8th street were so changed that he scarcely knew them.

He was taken about the city by automobile, and spoke enthusiastically about our public parks, our piano and furnace factories, and he was specially taken up with the highways to the resorts and Saugatuck.

"Why," says he, "when I left here, there were no automobiles, and we had to come to town hub deep in the sand."

"Holland and surroundings are certainly beautiful to say the least. I can scarcely realize it."

Mr. Flieman went out west about 18 years ago, and with others started the town of Wheeler, Oregon. It is the heart of the lumbering and fishing district, and the town now has a population of 1500.

Mr. Flieman owns a sort of hotel and rooming house there, and he with his wife have made considerable money.

He stated that there was enough lumber around where he was, to keep on cutting daily for at least a hundred years more.

Some of the trees near his place are 15 feet through.

Mr. Flieman had a narrow escape on his trip here from being caught in the terrible cloudburst at Pueblo, Colo.

The train upon which Mr. Flieman came to the East had come through the gorge two hours before the heavy cloudburst filled the mountain gap, and it was his privilege to see the heavy clouds and terrific lightning storm the mountain crags, the forerunners of that terrible disaster.

The train that followed immediately after was swallowed up in the torrents, and the fate of the passengers is not yet known.

Mr. Flieman will remain here until July.

CASTLE LODGE TO HOLD MEMORIAL EXERCISES

The annual Memorial Day service of Castle Lodge, No. 153, K. of G. of Pythias, will be held next Sunday afternoon. The members are requested to meet at 2:30 sharp at Castle Hall, and they will then proceed in automobiles to the cemetery to decorate the graves of the departed brethren. The lodge is asking the families and friends of the members to meet with them on that occasion.

The following program will be given: Opening remarks, Oscar Peterson, C. C.; prayer, Prelate; hymn, Pythian Quartet; address, C. Vander Meulen; selection, Pythian Quartet; Closing Remarks, Oscar Peterson; benediction, Prelate. The deceased members for whom the exercises will be held are: John DeYoung, Jas. B. Brown, John Moose, Wm. Lamoreaux, Ben. Bosman, O. E. Yates, Harry C. Lynch, Fred A. Goodrich, L. C. Bradford, Fred Stetee, F. M. Gillespie, Wm. Botsford, M. A. Sooy, Clarence H. Weed, Jacob Nibbelink, W. J. Berghuis, R. I. Booth, Fred G. Aldworth, Charles S. Bertach, George P. Hummer, and Harm H. Karsten.

Friday night was not only a cool night, but decidedly cold. The city thermometer registered 40° at the water works.

HAVE YOU PAID YOUR TAXES ON YOUR 'HOUN' DAWG?'

IF NOT IT IS GOING TO BE SHOT
INSTEAD OF KICKED

County Treasurer John Den Herder is saying some dire things about those folks about the county who haven't paid their dog tax up to this time, and to think that the 15th of June is the last day, when the books are supposed to be closed.

Therefore the delinquent tax payer will have to do some scampering to the county treasurer, if he wishes to avoid arrest, besides seeing his dead dog taken to the 'bone yard.'

For some reason or other, not explained, a great many dogs slipped through last year, and the county failed to get a penny from a large number of the canines.

But this year the sheriff and prosecutor are going to do some wholesale cleaning out of non-productive dogs.

It seems that a great many were under the opinion that the county officials would again be slow in enforcing the law this year, for as County Treasurer DenHerder states there are still one-fourth of the owners of tax-paying dogs, who up to this time have not made returns to the county treasurer.

This number is altogether out of proportion and consequently the raid is to follow shortly after the 15th of June.

The tax on female dogs, the treasurer says, is \$6; on male dogs \$3; and non-sex, \$2.

In sending the money to the county treasurer the sender should not forget to write his name and address plainly, township, and rural route, if he lives in the country and street and number if he lives in the city.

MELIPHONE PROGRAM TO BE GIVEN FRIDAY NIGHT

The Meliphone society of the Preparatory Department extend a very hearty welcome to the annual Meliphone play, Friday evening, June 10, when they will stage their 64th annual program in Carnegie Gymnasium. The play which will feature the program is entitled 'What They Did for Jenkins' and is coached by Winfield Burggraaf, an alumnus of the society. The play is full of surprises and shows what two newspaper men can do in a small town.

Mr. Elwood Geagh is the president of the society. Lacey's orchestra will furnish the music for the occasion.

The program is as follows: remarks by the president of the society, Elwood Geagh; budget, Stanley Huyser vocal solo; Theodore Luidens; play, 'What they did for Jenkins.' The program is scheduled to begin at 7:45 and the doors will be open at 7:30 o'clock. No admission will be asked.

LOCALS

Mr. and Mrs. J. DenHerder are on a trip to Erie, Pa., where they will remain for two weeks. Erie is the birthplace of Mrs. Den Herder.

Attorney Thomas N. Robinson, 'Vaudie' Vandenberg and Mr. Bailey, members of the Wolverine Advertising Co., attended the State convention of the Michigan Poster Advertising association. Mr. Robinson of Holland was on the program for an interesting talk.

The Holland Interurban is rebuilding the road bed on 13th-st.; also making better rail connections and reconstructing the walks between the rails.

Several hundred invitations have been issued by Mrs. John Pierre Kola, Mrs. August Herman Landwehr, and Mrs. Oscar Philip Nystrom requesting many guests to be present at an 'At Home' tomorrow afternoon at Hazelbank, from 3 to 5 o'clock. A program has been prepared. That the guests are to be royally entertained goes without saying.

Mr. and Mrs. John C. Woldring and Mr. and Mrs. John Klingenberg are motoring to Chicago. They expect to be gone for ten days.

Mr. and Mrs. Simon Henkle left this morning for an automobile trip through Ohio and West Virginia. They expect to be gone a month.

SERVICE AT COST OF THAT SERVICE IS THE RULE

That Is What State Utilities
Commission Looks After
For The People

That the people of the state of Michigan, under the rule of the State Utilities Commission, are getting service from their public utilities companies at the cost of that service—such was the text and the main theme of an eloquent address delivered Wednesday evening by Mr. William Smith, head of the Michigan Utilities Commission, before the Exchange Club and a large number of guests. The banquet room was well filled and the meeting was a success in every respect. Mr. Smith declared that he was not opposed to municipal ownership of public utilities but that he simply was not interested in it. "Why should a city put its good money into concerns of that kind when the state commission sees to it that private corporations operate them at cost of the service?" he asked. "The motive for municipal ownership is taken away under the present system."

City Attorney Mc Bridged acted as chairman of the meeting and he gave a short, clear history of the state utilities commission. Mayor A. P. Stephan gave a short address of welcome in which he declared the utilities commission was still in good standing in Holland after it had handled the Holland gas case and that it was getting more popular right along.

Mr. Smith introduced his talk by expressing the hope that G. J. Diekmann would some day be governor of Michigan and declaring that in his opinion there was no one in Michigan better fitted for the office. He complimented City Attorney Mc Bridged of his handling of the Holland gas case, declaring that McBride did his work before the commission in a scientific and efficient way, without thought of personal considerations.

There are five main public utilities in the state, he said, and these five represent one sixth of the total wealth of the state, or approximately one billion dollars. These five are steam railroads, electric railroads, gas companies, electric companies and telephones. The people of Michigan each year pay \$300,000,000 to the public utility companies. Hence every person in Michigan has a direct interest in how those companies are operated. There was a time when utilities corporations would ask the people for a franchise or other rights belonging to the people and then would proceed to capitalize so high with watered stock that the people had to pay for the very rights that they had given away in the first place. But this time is past, said the speaker. The state public utilities commission was created for the purpose of preventing this.

And how necessary such a commission is shown by the fact that from May, 1919, when the commission began work, until January, 1921, the sum of \$270,000,000 was authorized by the commission in stocks and bonds for public service corporations. This large amount is due to the fact that no other state in the union has grown so rapidly during the past five years as southern Michigan, and public utilities must necessarily keep pace with the growth of cities.

Mr. Smith described in detail how the utilities commission works. It maintains two arms to its service—the engineer's arm and the accountants arm. Experts on these two bodies, some thirty in number now, find out all there is to be known about utilities corporations that come under the commission's jurisdiction. Thus engineers and accountants were sent to Holland when the commission took charge of the gas case. The state spent some \$6,000 on the case that didn't cost the city a cent. That did not cost the city a cent. They learned all there was to learn about the capitalization of the plant, the actual money invested, what had been done with that money, whether or not it had been used judiciously, etc. And on the basis of that definite knowledge the commission fixed the rate. This rate is not absolute. The commission took into consideration the cost of labor and material at the time the rate was fixed and as labor and material come down the rate will go down with it. The principle followed is that the public utilities corporation is entitled to a fair return on their actual investment, after all water has been squeezed out. This fair return, Mr. Smith said, has so far varied in Michigan from 6 to 8 per cent. The commission also forces the utility corporation to give good service by cutting down their rate when the service is not up to the standard.

Col. Stewart, another member of the commission, also gave a brief talk on the subject. He was introduced by Henry Geards, who served under Col. Stewart in France. Col. Stewart merely emphasized some of the things said by Mr. Smith and

PROGRAM FOR HOPE COLLEGE COMMENCEMENT WEEK

Sunday, June 12—Baccalaureate Sermon, Third Church, 7:30 P. M.

Monday, June 13—"A" Class program, 2 P. M., Carnegie Gymnasium.

Tuesday, June 14—Meeting of the Council at 10 A. M.

Tuesday, June 14—Alumni Banquet, 6:30 P. M., Voorhees Hall.

Wednesday, June 15—Meeting of the Alumni Association, 2 P. M.

Wednesday, June 15—Commencement Exercises, in Carnegie Gymnasium, 7:30 P. M.

LOCALS

Several late locals were omitted from this week's News, because of the sudden breakdown of the Linotype machine. These will however appear in next week's paper.

Carroll Van Ark, who for four years has been in southern Texas and in the state of Colorado, is home on a 2 months' vacation. Mr. Van Ark joined the army when war was declared and about six months ago was honorably discharged. He is now a special writer on the Rocky Mountain News at Denver, but will for the next few months visit his parents, Mr. and Mrs. Henry Van Ark of this city. The Van Arks have taken a summer home at Macatawa for the season.

Rev. C. Lapetack of Ringle, Wis., is in the city in order to take part in the college exercises next week. He is the guest of Mr. and Mrs. B. Kamferbeek, Graves Place.

Thomas Venhuizen, one of the local mail carriers is on a thirty day leave of absence and during that time will do special work for the Home Furnace Co.

GRANDVILLE-JENISON TEAM TAKES HOLLAND OVER THE BUMPS AGAIN

The Grandville-Jenison team took 200 or more fans with it to Holland yesterday and they returned the happiest lot of fans who ever went out of the two towns to root for their favorites. Recently the G. and J's blanked the Holland team in a game at Grandville.

Inexcusable errors and two timely hits won the game for Grandville-Jenison over the Independents. The visitors scored their first run in their first turn at bat when Batema overthrew first, the runner reaching second and a few minutes later scored on an infield out.

Vander Bunte, the visitor's pitcher practically won his own game in the 5th when with one on he doubled to deep center scoring their second run.

Their last run which came in the eighth was practically handed to them. After two were out Simpson gained life on another infield error and scored when Vander Molen hit a high one to centerfield. Ashley misjudged the ball sailing out of his reach.

The locals scored their first run in the third when Shaw first man up got to first on an error and scored when Spriggs' grounder to second was thrown high for the put out. Another effort was made to win the game in the eighth. Spriggs, first on walked, advanced to second. Woldring's infield grounder and scored on B. Batema's hit to right. The next two batters did not produce the necessary hit and Batema was stranded on third.

Vander Bunte pitched his usual steady game and allowed only three scattered hits. Hoover for the locals did not fare quite as well, allowed 5 hits, but was given ragged support at the critical.

Other games will be arranged. Grand Haven defeated this same team 9 to 1 some weeks ago and Holland plays Grand Haven here Saturday. Figure out the result.

then spoke about the National Guard unit that has been formed in Holland. He congratulated the city on this unit and declared it was a credit to the city.

It is safe to say that as a result of the meeting Wednesday night a large number of the men of Holland have a much clearer conception of the work of the Michigan State Utilities Commission than they had before and can more intelligently estimate its real service to Holland and to the state.

The new power moving machine was used in Centennial Park Monday morning for the first time.

eter Lieveense of the Peoples Garage was in Grand Rapids Friday on business.

USE HEN-FRUIT TO MAKE THEIR DIS- PLEASURE KNOWN

A posse of citizens of Burnips Corners, near Jamestown, on Friday night made it markedly clear to a certain Mrs. Bennett, for some time resident of that place that they no longer desired her presence. According to the stories of some who declare they have the facts on good authority, the company of citizens, without using any disguise of any kind, went to the house occupied by Mrs. Bennett Friday night, dragged her through a window, set her up against the wall of the house, one of the party holding her in position while others aimed three dozen over-ripe fruit of the hen at her. The unlucky individual who had to hold the woman in position also became the target for some of the missiles, one the eggs, a particularly ripe one, striking him squarely in the mouth.

This individual, whose name is being protected by the others, a little earlier was scalded by boiling water while he was helping to drag the woman from the house. It seems that Mrs. Bennett had got wind of what was going to happen and had provided herself with a kettle of hot water as a weapon of defense. When citizens entered through the window she is said to have deluged one or two of them with water.

Mr. and Mrs. Bennet had been conducting a store at Burnips Corners, and it is said that they aroused the ire of the citizens by their manner of life. It seems that they were forced out of business, and on last Thursday Mr. Bennett left for Grand Rapids. The anger of the citizens of Burnips Corners was directed against the Bennets chiefly in connection with a Burnips Corners girl who was employed by the Bennets.

They decided Friday night to make Mrs. Bennett follow her husband out of the place and hence the rotten egg expedition was organized. After the "egging" the woman was allowed to go back into her home. She was notified that citizens would be on hand the next morning to escort her out of town. But she did not wait for that formality. During the night she walked to Jamestown and made her get away to Grand Rapids.

NO WOMEN TO CHURCH OFFICE SAYS SYNOD

After a lively debate the synod of the Reformed church now holding sessions at Asbury Park, N. J., decided not to take action on the question of admitting women to the offices of the church. The synod resolved to meet at Pella, Ia., in June, 1922. That will be the seventy-fifth anniversary of the founding of Pella and the first time synod has crossed the Mississippi.

Considerable increase in contributions of Reformed churches to be nevolences and missions was reported. More than \$669,000 was given to missions last year, a sum \$500,000 more than 20 years ago and 24 per cent more than that collected during 1920. Per capita gifts increased from \$3.57 last year to \$4.37 this year and the debt was decreased from \$131,000 to \$21,000. Gifts to benevolences during the past year reached \$1,050,000.

Wider representation on the boards of the church was provided for by allowing the appointment of corresponding members to all the boards from all the classes and the appointment of a special secretary for evangelistic work was approved. Sunday schools of the Reformed churches churches were reported to have a membership of 134,411, an increase of 4,593 over last year.

The first official step in what is said to be a motive to reinstate the constitutional amendment proposing abolition of private and parochial schools, which was defeated in the last November election was taken on Friday by about 50 residents of Gladwin county who filed petitions with the secretary of state.

The proposed amendment as outlined in the petition would require all children between the ages of 7 and 16 to attend public schools until they have graduated from the eighth grade. The amendment would be submitted at the November, 1922, election and in event of passage become effective Aug. 1, 1924.

The Georgetown Grange is making extensive plans for a 47th anniversary celebration. The coming event, will be a real home-coming affair, all former members being invited to attend.

LOST BIG ROLL WHILE DEMENTED; NO TRACE FOUND

That misfortune never comes singly was shown in the case of the family of W. Stellema. On Thursday morning this family was driven out of their home by fire, and now Mr. Stellema is mourning the loss of roll of eighty dollars in cash that he put into his pocket after the fire but that had disappeared when Stellema returned to his home later that same day.

Mrs. Stellema saw him put a roll of \$80 in bills into his pocket at about 8 o'clock in the forenoon after the fire. Later in the day Stellema was picked up on the G. & M. docks by Officer Steketee. He was in a dazed state and mumbled something about his children who, he evidently seemed to think, had been burned to death. He told the officers that they were all dead. The roll of bill was forgotten by the family in their anxiety over this new development, but later in the evening, when Stellema had regained his composure and had become entirely normal again, Mrs. Stellema enquired after the bills.

Stellema, however, remembered nothing about his experiences during the day after leaving home, and an examination of his pockets showed that the bills were gone. In another pocket he carried some small change, which was still there.

Stellema for years has been subject to severe headaches which some times almost amount to dementia, and it is supposed that the excitement of the fire caused a more severe attack than usual. During this attack he may have been robbed or he may have lost the money. Mrs. Stellema today made an appeal for the return of the money in case any one should find it.

DOZEN CARPENTERS BUILD TOP OVER THE BOYS' BLEACHERS

About a dozen of Holland's carpenters turned out Monday evening to build a top over the boys bleachers on the base ball grounds. The men came well provided with carpenter tools, and all being experts at the job, the work was completed in a comparatively short time. It took about two and a half hours to build the top, and from now on the boys will be able to watch the games in comfort, protected against the glare of the sun. It is expected that it will be possible to put roofing on it also to protect the bleachers still further.

The same carpenters that came out Monday night, donating their services for the small boys, have promised to donate their services for the grownups next Monday night when they will put a top over the bleachers for the grownups that were not yet protected. These bleachers were put up by the base ball association.

Today a wire screen was put in front of the boys' bleachers. Spriggs Te Roller now has a full supply of passes for the boys, and all who wish to see the games free will be required to hold one of these passes.

The association will insist on it that the boys hold passes as that is the only way that control can be exercised over the youngsters. The passes are to be taken away when the boys misbehave themselves on the diamond.

The following new subscriptions have been received for the bleachers—Newhouse Shoe store \$1; West Michigan Furniture Co. \$5; C. M. McLean, \$2; Bush & Lane \$5; and the Lambert Furniture Co., \$5. The total amount subscribed for this purpose is a little over \$20.

WOULD EXEMPT BOATS MAKING SIX HOUR RUNS

Vessels on the Great Lakes making runs of six hours or less daily will be exempt from the provisions of the La Follette seamen's act under a bill by Rep. Scott of Michigan, reported favorably today by the House merchant marine committee.

The bill if it passes, would bring the Graham & Morton Co. under the provisions.

Steamship men have protested the LaFollette act on the grounds that it has imposed unnecessary restrictions and hardships.

The commission manager form of government was authorized by Benton Harbor voters Thursday by a majority of approximately two to one. It will become effective in July. A commission of five will be voted for shortly.

The missionary spirit at Hope college continues to expand. The student volunteer band now has a membership of nearly forty who have pledged themselves to enter mission fields in the orient. Seventeen of the members are women.

SUMMER TAX RATE WILL BE \$20.53 THIS YEAR

The summer tax rate for Holland will be \$1.42 higher than the rate of a year ago. This increase represents an increase in both the school tax rate and the city tax rate. The total rate for city and school taxes to be paid in July and August is \$20.53, while last year it was \$19.11.

The city tax rate this year will be \$10.22 and the school rate will be \$10.31. These are the only taxes to be paid during the summer, the state county and good roads taxes being paid each year in December.

There has been a considerable increase in the valuation of the total assessment. Property to the amount of nearly \$400,000 has been added to the role. This represents a good deal of factory property. A number of the factories, such as the Bush & Lane and other big institutions have added sections to their plants and consequently have increased the taxable property.

There has also been considerable building of homes that have increased the assessed valuation. The fifteen new houses erected by the building corporation have added some, and these together with many other buildings have served to boost the total amount of increase to a good sized figure.

Tax gathering in the office of the city treasurer will begin on the first Tuesday in July. The charter calls for the first Monday in July, but that being July 4th, there will be one day of grace. The campaign will close on the fifteenth of August.

GETS AN ORDER FOR 5,000 PIANOS

The Story & Clark Piano Co. of Grand Haven has practically closed an order for the manufacture of 5000 pianos. While the fact that such an order was practically assured today, J. W. Eaton, manager of the company, stated that it was not advisable to make public as yet for whom the instruments were to be made.

The order will include both player pianos for which the company has established a reputation in the piano world, and the straight instruments or ordinary pianos. The entire factory force will be required to keep the instruments coming at the speed of production necessary to complete the order. The 5000 pianos must be completed within the year it is said.

Of the 80,000 Michigan men who served their country during the Civil war less than 12,000 still are living, it is estimated. Every Memorial day has seen the ranks of blue uniformed veterans grow thinner and thinner. If every post of the G. A. R. in the state were to show its full membership less than 4,000 would respond. Only 8,000 veterans are said to reside in the state. Between 1861 and 1864 Michigan gave 90,384 men to the service. Two thousand eight hundred and twenty of them were killed in action, 1387 died of wounds and 10,848 perished from disease. The G. A. R. in Michigan at its maximum strength mustered 24,468 members. In 1919 there were but 4,667 names and in 1920 an even 4,000.

HOLLAND WILL MISS OLD P. M. ENGINEER

William Belyea, who for forty years has performed faithful service as engineer, first on the C. & W. M. and later on the Pere Marquette, running between Holland and Chicago, died at his home in Grand Rapids at the age of 63 years. He was suddenly stricken with heart failure while eating his breakfast.

The funeral took place Saturday at two o'clock and were under the auspices of the Elks and the Railroad association.

Mr. Belyea was one of the most familiar figures in railroad service in Holland.

For forty years he got down from the cab of his engine, when his train arrived here, and gave the big mogul the final "once over" before making the trip to Chicago.

Belyea was one of the oldest engineers on the road, and ranks well up with Conductor Sullivan, Conductor Crabb and others who are considered the veterans of the system.

Belyea's health began to fail him in February of this year, and his place on the engine was taken by William Belyea, Jr.

BOYS' SCHOOL TO GET A COMPLETE RE- VAMPING NOW

Reorganization of the management of the State Industrial School for Boys at Lansing is scheduled for the very near future and will be hastened by the recent escape from the institution of 34 boys 10 of whom are still at large.

At the request of the governor an investigation of the cause of the escape is being made. Those making the investigation have been informed that the advent of the officers of the state constabulary at the school to put the boys through minor drill tactics was not well received by the management and that prior to the escape cottage managers told the boys that it was all right if they escaped from the school while they were taking drill instruction but not to attempt an escape when the cottage manager were in charge.

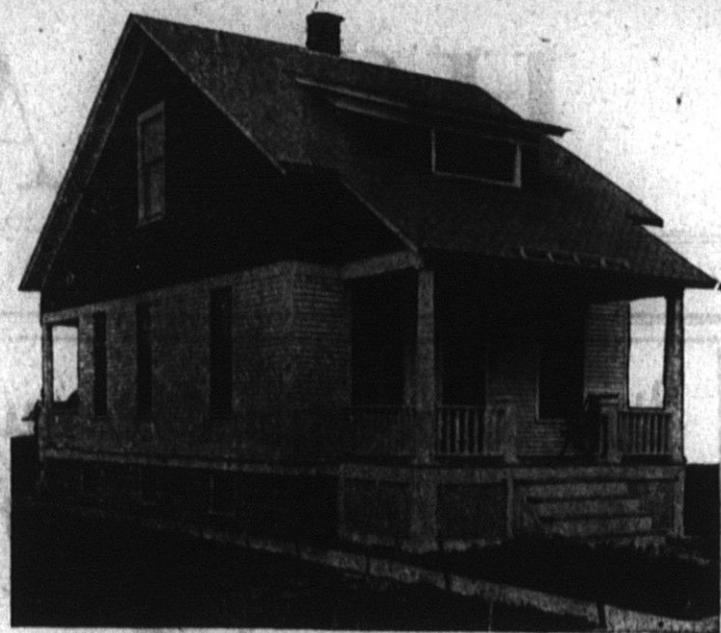

To date no punishment has been given the 24 escaping lads who have been returned.

The governor also has been informed that in spite of the recent legislative investigation, there are a large number of boys at the school who are not attending educational classes, but are continued at employment either in the barn or on the farm when they should be in school.

Pending the reorganization it is probable that the governor will stop the drill instruction at the school. A new board of control is to be appointed in the near future and the entire program of the school will undergo reorganization.

Mrs. William Worthington left on Thursday for her home in Annville, Ky., after spending a month with her parents, Dr. and Mrs. James F. Zwemer.

The Chevrolet Motor Co. announced a reduction of prices of its F. B. models, supplementing the reduction on the "490" models early in May. The F. B. touring car is reduced \$160; roadsters \$135; sedan and coupe \$190.

One of Our Holland Ideal Homes.

Well When?

How and When are you going to build that home?

Too cold in winter, too early in spring, too busy in summer, too late in fall.

The stock excuses are only used to ease the pricking of conscience. Take the bull by the horns and say

NOW IS THE TIME TO BUILD MY HOME.

Now the whole country is turning to building. Why not begin today to make that dream of a home come true. Talk the matter over with us. Many of your seeming obstacles will vanish when you submit your problems to us for solution. You will be surprised how little some of the attractive homes really will cost.

Detailed information is yours for the asking.

BOLHUIS LUMBER & MFG. CO.

Citizen Phone 1121.

Holland, Mich.

Are Your Neighbors Neighborly?

Do the people who live near by you show that they like you and the taste expressed in your home? Do they offer a helping hand now and then, and often say a word of cheer? Surely, there is no reason why they shouldn't, for it means so much to both of you and to them.

If there isn't enough cheer and coziness in your neighborhood, may be some one needs a Holland Furnace. If so, it would be much better to have it ordered now than later when those who have waited will all be trying to get Holland Installations in a hurry. There is nothing to be gained by waiting and much to be lost. Payments don't start until Fall, anyway, and everyone is protected with respect to price. For those who wish to pay cash, there is a liberal discount, of course.

Holland Furnaces do make folks more neighborly because you know they
MAKE WARM FRIENDS.

RESORT HOTELS

SET THE DATES

FOR OPENING

Summer activity is coming back to the Black Lake resorts earlier this year than usual and the managers of the various resort hotels are making plans for the formal opening of their hostilities for the season. Macatawa Hotel has been practically open since Saturday night and many of the activities of the season have been in progress there. The hotel has been running in pre-season shape for the accommodation of the people who arrived at the resort early. But the formal opening this year at that hotel will take place June 15, when the hotel will open on the American plan.

When asked how the prospects for the season's business were, the hotel manager replied that they were never better. All the indications are that there will be a big season, the only condition of course being that the weather is warm.

There was similar optimism at Hotel Ottawa across the channel. That hotel will hold its formal opening on June 25th. There is as yet no life at Hotel Ottawa, but here is plenty of life at the resort itself. A considerable number of the cottagers have returned to their summer homes, taking advantage of the early warm weather.

Waukazoo Inn is also making preparations for the formal opening. A few of the permanent summer residents of Waukazoo have returned to their cottages there, but many more are expected to arrive in the course of the next two weeks.

The stores at the resorts are getting their stock in shape for the summer's business and life and activity are gradually regaining their usual sway at the summer places. The bath houses are beginning to do business intermittently whenever the water is warm and other concerns are either returning to business or making preparations for it.

REGIMENT TO
PAY HONOR TO
DEAD OFFICER

Honoring all hero dead of the World war, a service under the auspices of Carl A. Johnson post, No. 2, the American Legion of Grand Rapids was held at the Armory in that city Saturday at which time the bodies of Carl A. Johnson and several other service men arrived in Grand Rapids.

By special arrangement with the war department the body of Lieut. Johnson, first Grand Rapids officer to die in action in the war, was allowed to stop over for one day on its way to the final resting place in Minneapolis.

Other bodies arrived on the same train and were met by a uniformed guard of honor. Led by the 126th infantry band, the caskets, mounted on a single vehicle drawn by four white horses, were taken to the Armory where they laid in state until services were held.

It was planned to make the services a memorial to all heroes of the World war who lost their lives in the service. Rev. Charles W. Merriam of Grand Rapids, who visited the 32nd division in France soon after the campaign on the Vesle, delivered a Memorial address. Bishop John N. McCormick, chaplain of Carl A. Johnson Post, asked the invocation.

The Grand Rapids Armory was decorated with flags and a section was reserved for the gold star parents. Following the service, Lieut. Johnson's body was taken to Minneapolis. It was accompanied by his brother, A. P. Johnson. The bodies of the other soldiers were taken to the homes of their nearest kin for funeral services.

Accompanying Lieut. Johnson's body to the depot was the band, the guard of honor, ring squad and buglers. At the depot, taps were blown and three volleys were fired as the train left the station.

NEED MORE HOMES TO
ENTERTAIN DELEGATES

Seven hundred people will have to be taken care of by the committee of the Michigan State C. E. convention when that gathering takes place in Holland from June 22 to 26. A large number of homes have already been offered by Holland people but a great many more places will have to be found. Hence the registration committee is making an appeal for places. Any family that is willing to help entertain the delegates is requested to let the committee know immediately. Call either 1476 or 1426.

HOLLAND ARTIST TO
WED ZEELAND GIRL

C. A. LAMAR OF LIMBERT CO. Miss Henrietta Poest, daughter of Mrs. D. Poest of Zeeland, were married Saturday evening June 4, to Mr. C. A. Lamar. The ceremony took place at the home of Mr. Lamar's brother-in-law, Rev. Mr. George Hankamp, at Jamestown in the presence of immediate relatives.

Miss Poest is a popular Zeeland girl and a prominent musician having graduated from the Grand Rapids Conservatory of Music with honors. She is an accomplished pianist of advanced attainments.

Mr. Lamar is an artist at the Limbert Studios at Holland. They will make their home in Zeeland.

FINDS A WAY OUT.
WITTING THE POTATO BUG
M. Bohl, north side orchardist, believes that he has unconsciously pulled off a new Luther Burbank stunt in the line of potato growing. Bohl planted potatoes on his farm on the north side as usual this spring, but a part of the crop did not come up. Being of an inquiring disposition Bohl dug down to the seed potatoes to see what was the trouble, and was surprised to find new potatoes. The new potatoes had sprouted out from the old, little potatoes forming directly instead of shoots going above ground as usual. Mr. Bohl is wondering if this is a brand new kind of potato and he will watch the experiment during the summer.

OLD FASHIONED CHEW
OF TOBACCO PRAISED AS
TOOTH GERM FOE

Atlantic City, N. J., June 3.—Dr. W. H. Nelson of Camden, told the New Jersey State Dental society on Thursday that an old fashioned chew of tobacco "is one of the best disinfectants known to the dental science." He declared that if reformers succeed in banishing tobacco, diseases of the teeth and the gums are likely to increase, adding, "Tobacco forms a salivary plaque around the teeth thus preventing bacteria from getting a foothold."

REFORMED CHURCH
MADE BIG GAINS DURING
PAST YEAR

Statistics to be presented to the Synod of the Reformed church that convened at Asbury Park, N. J. on Thursday give the total gifts to benevolences and missions as \$1,017,922. Last year they were \$787,215 and that was the banner year in the history of the church. The board of domestic missions reports a gain of \$31,000, or \$421,792 for the year. The board of education gifts were \$68,746, against \$47,436 last year. The women's board of foreign missions received \$221,382.

The latest figures with some classes to hear from are that 7,853 members have been received in the church on confession of faith. This is a gain of 780 over last year.

The Sunday schools report more than 15,000 new scholars and a net gain of about 5000.

21 ministers of the church have died since the last general synod, according to the report of the necrology committee. This is the largest number reported in any year in the present century and probably the largest number in the history of the denomination. The average age of those dying is also the highest, at least since 1900, one minister, Rev. Edward Lord lacking only two days of being 100 years old.

MISSION HEAD
GUESSED RIGHT
ABOUT MEETINGS

The evangelistic services under the big tent on the corner of Ninth-st. and Central avenue are attracting unusual attention. The second night's services Thursday evening were attended by an even larger audience than was the case on the opening night Wednesday. The seating capacity of the tent is 500, but the audience outside the tent was Thursday night again nearly as large as the one under the canvas.

The response of the people of Holland to the opportunity for tent evangelistic services vindicates the faith of Miss Nellie Churchford, the head of the City Mission, as to how the people would take it. Miss Churchford had been holding evangelistic services in other cities, and she decided that Holland should have the benefit of such services during the month of June. To be able to do this Miss Churchford had to buy a tent, and she had to give her personal note for a sum between \$400 and \$500. But she believed that the people would stand back of her and she went ahead.

During the whole month of June the speakers will be men of the very highest caliber in evangelistic work.

The new power mowing machine was used in Centennial Park Monday morning for the first time.

BIG FIRE AVERTED
BY COAST GUARD ACTION

A considerable section of Macatawa Park, including the Macatawa Park hotel, was threatened by fire Sunday when a blaze broke out in the Eustick cottage, northwest of the Macatawa hotel. The fire was discovered at about nine o'clock in the morning. People with buckets immediately went to the rescue, and the members of the coast guard crew turned out in full force with chemicals. The fire was put out before any other cottage had been fired by it, but for a time it looked serious. The damage done was about \$1,000.

The cottage belongs to Henry Kleis of this city. It was being occupied by a number of boys of the Senior Class of Hope College. The weather being cool, they built a fire in the grate, and sparks from this fire set the roof ablaze. Mr. Kleis Monday declared that the coast guard had done particularly good work in fighting the fire and had undoubtedly prevented a general conflagration at the resort.

LIFE SAVER IS
HEARD FROM ON
LONG JOURNEY

Niel Landman, a member of the crew of the Macatawa Coast Guard has covered a considerable distance of his long journey in a small power boat that will be used in the equipment of the local coast guard station. Landman, together with ten other life savers from this section, left South Baltimore some weeks ago, each in a power boat to be delivered to their respective stations, intending to make the journey through the barge canal in New York state, and thence through Lake Erie, Lake Huron, the locks, then down Lake Michigan to the home ports.

Captain Van Weelden has received a letter from Landman stating that he had reached port at Cleveland. From that point the little fleet will make its way up Lake Huron and then down Lake Michigan. Landman reported everything O. K. and it is expected that the Macatawa life saver will reach home port in about ten days.

The new power boat Landman is piloting is a 20-horse power boat. It will add a great deal to the effectiveness of the equipment of the local station. The Macatawa station has had a power boat in operation for some years, but it was only eight horse power. This boat will be replaced by the new craft.

Charles Bontekoe, another member of the Macatawa coast guard crew, was at first planning to make the trip by water also, but these plans were changed and Mr. Bontekoe returned home by rail.

Bontekoe and Landman spent a month or two in So. Baltimore to acquaint themselves with the motor craft branch of the coast guard service. They were sent there by the government to learn this part of the work thoroughly, and their newly gained experience will materially add to the effectiveness of the service at the Macatawa station.

ASKED TO WATCH FOR
FLOATING BODIES

Captain Van Weelden of the Macatawa Coast Guard has received word from the superintendent of the district to be on the lookout for the bodies of three members of a navy airplane that was wrecked on the west shore of Lake Michigan last November. The airplane left Cheboygan, and later the wreckage was picked up at White Lakes, but the members of the crew, two officers and one other man, were never found.

It is supposed that at some time or other the bodies may be found floating and the coast guard stations have been notified to be on the lookout.

P. M. ADOPTS NEW
SUMMER SCHEDULE
EFFECTIVE SUNDAY

Pere Marquette railway's summer schedule will become effective Sunday when new trains will be put into commission on the Holland-Pentwater line and between Toledo and Plu-mouth. On the Holland-Pentwater line, train 103 leaving Holland at 12:40 p. m. and arriving at Pentwater 5:15, and train 106 leaving Pentwater 1:10 and arriving at Holland at 5:45 are restored.

Mr. and Mrs. O. P. Kramer and daughter Gertrude are in Detroit attending the Bankers convention.

Born to Mr. and Mrs. Herman Dams, 198 E. 18th street—a boy, Maurice.

James F. Van Ark of Holland is in the M. A. C. list of graduates of the engineering department this year.

ARRANGEMENTS COMPLETED
FOR COURSE OF FIVE SES-
SIONS TO HELP SCOUTS

Under the authorization of the Grand Haven Boy Scout council the Rev. Henry A. Vruwink has completed arrangements for a series of five scout school sessions to be held in Grand Haven in the interest of the Boy Scout movement. The first of the sessions were held Tuesday evening at 7:30. Just now there is in Grand Haven, as elsewhere, a shortage of scout leaders, men and older boys equipped and willing to take up the direction of scout work in their communities. The scout school arranged for Grand Haven, is intended to help find men for the work, and to create a general interest in the scout movement among men of the community.

LARGE AUDIENCES ATTEND
TENT GATHERINGS

Large audiences continue to attend the tent meetings on the corner of 9th and Central that are being held under the auspices of the City Mission. There were overflow meetings Saturday night, Sunday afternoon and Sunday evening. On Sunday afternoon Mel Trotter spoke on the subject, "The Young Ruler," and on Sunday evening, Rev. Mr. Conray, assistant superintendent of the Grand Rapids City Mission, spoke on the theme of the slaying of the first born in Egypt. Monday night Mr. Conray's subject was "Half-baked," taking his theme from a phrase in Hosea, "Like a cake unturned."

Peter Lieveense of the Peoples Garage was in Grand Rapids Friday on business.

Mr. and Mrs. F. W. Shelp have returned home after a three weeks' motor trip through southern and eastern Michigan.

The Hope College Y. W. C. A. will hold its last meeting of the school year in the form of a sunset meeting at Macatawa Monday.

THE AMERICAN PRESS ASSOCIATION

Harry Koops and Myrtle Converse of Grand Rapids were married at the home of Mr. and Mrs. C. Koops, 117 W. 17th street Friday evening at 7 o'clock by Rev. Mr. Keegstra. The happy couple will make their home in Grand Rapids where Mr. and Mrs. Koops are very popular young people.

A refrigerator is being displayed in the window of James A. Brouwer company that illustrates the system of the circulation of air in refrigerators. There is a glass door in front. In the usual place in the top is a chunk of ice and at the bottom is a fan that is being turned by the cold air that circulates from top to bottom.

Born to Mr. and Mrs. Henry Boeve 72 E. 23rd street, a boy, Jack Beverly.

Raymond Knooihuizen has been appointed by the fair association to solicit advertisements for the Holland fair book. He will begin work Tuesday morning.

Mrs. Bickford, Mrs. Hoekert and children motored to Grand Rapids Saturday with Mr. La May to spend Sunday visiting friends and relatives, Mr. Hoekert and Robert Stricher joining then Sunday.

In the Grand Haven Tribune of Friday the following appears in the column of 20 years ago.—"Helen Straub had been favorably mentioned for her story in the Grand Rapids Herald. Miss Helene Keppel of Holland had won first prize."

The installation of the Hope chapter in the National organization of the Phi Kappa Delta was held on Friday afternoon, at which Prof. Froth of Kalamazoo read the ritual. The ceremony was a very impressive one, and gives Hope a membership of ten in the new order. The society has 53 chapters throughout the U. S. Hope being the Gamma Chapter, the third in the state. The entire enrollment is about 700 members. Six more are expected to join next fall.

The small Standard Oil truck stopped traffic for a little while on the corner of Ninth and River ave. Monday morning when its rear axle broke on the interurban track. The company's big truck came to the rescue and pulled the disabled truck into home port.

Mrs. L. M. Thurber announced Monday that she will be glad to assist ex-service men in filling out their bonus papers. The men who wish to take advantage of this offer are requested to present themselves at the Red Cross office on the second floor of the First State bank building.

The pulpit of the Central Avenue Christian Reformed church was occupied by the Rev. Mr. Haan of Orange City, Ia. Sunday. Rev. Haan for many years occupied the pulpit of Central Avenue church and was very popular with the parishioners.

The week day church school classes of Trinity church held their closing exercises Friday afternoon. A program was given by the members of the various classes, consisting of recitations and music. The pastor, Rev. C. P. Dame, read the names of those who received certificates of recognition for scholarship and attendance, and the names of those who won honorable mention. The committee of the Sunday School co-operated and all Sunday school scholars under fifteen were invited to attend. Refreshments were served.

The Hope College Y. M. C. A. has secured thirteen reservations for the annual Lake Geneva Conference that will be held there. About a thousand college men gather there at the end of the school year to encourage the Y. M. C. A. work. Men like Bishop McDowell, Sherwood Eddy, John Timothy Stone, Bishop Henderson, and Harrison S. Elliott will address the students there June 17-27.

Mrs. Joe Van Kampen, 267 East 14th street, is improving from injuries received in an accident on Decoration day on the road from Kalamazoo to Grand Rapids. While stopping for lunch by the side of the road, Mrs. Van Kampen crossed over the road and was knocked down by a car driven at a high rate of speed. She was rendered unconscious and was rushed to her home in Holland.

The synod now meeting at Asbury Park, N. J. waived its right to nominate a candidate for professor of new testament Greek at Western Theological Seminary, so no opposition developed to the Rev. Jacob Vander Meulen, who was nominated by the superintendents of the seminary. He was elected Monday.

Mrs. H. O. Velzy of Zeeland, died at her home at the age of 76 years. She was a pioneer, having lived in this county nearly 60 years. About 50 years ago she and her husband drove to Allendale, in this county, from New York with a team of oxen. funeral was held on Monday in Allendale.

Make This Your Bank.

A World Necessity

What makes possible the running of farms and businesses; the erecting of schools and churches and homes; the building of roads; the payment of wages; in short, the carrying on of human activities and life itself? It is saving, your saving, our saving, the saving of those who lived before us, that makes these things possible.

You couldn't borrow if some one hadn't saved and when you haven't saved enough for your own use you must pay others for the use of what they have saved. It's fair, isn't it?

But why not save for yourself, receive 4 per cent compound interest on your savings and accumulate enough to buy things you will want with your own money?

Opening a savings account with us will help you to do these things.

Come in to-day.

We Pay 4% On Savings.

FIRST STATE BANK

HOLLAND, MICHIGAN.

The Daughters of the King of the 9th St. Chr. Ref'd church held one of their entertaining and at the same time useful meetings Friday night at the home of Florence Branderhorst, one of the members. Besides filling a box with clothing for the use of the Chicago Mission, they also created picture cards for Chinese children to send to Miss Tena Holkeboer to be distributed by her to the children there. Incidentally a luncheon was served and it was quite a coincidence to find that two young swains in the persons of Lewis Jacobs and Arnold Branderhorst donned the apron with a neatly tucked napkin over one arm, and graciously served the ladies to dainty refreshments. There were twenty young ladies present.

Both fire departments were called out to a fire on North River avenue Sunday afternoon. The fire was in the third house from the river on the east side. It had started in the basement and had worked its way up between the petitions to the roof. It had a very good start before it was discovered but the firemen got the best of it, and saved the house, altho it was a difficult job.

Additional donations received for the boys' bleachers are: D. Ten Cate, \$2; C. W. Nibbelink, \$1; Frank Van Ry, \$1; A. Friend, \$1; Ottawa Furniture Co., \$5; A. Keppel, \$1; Kraker Plumbing Co., \$3; Klomparsen Coal Co. 1; Jas. De Young \$1. Carpenters were asked to give their services Tuesday night after 6 o'clock to build a top over the bleachers.

Mrs. Retto Steketee who has been the guest of Mrs. A. D. Goodrich, has returned to Los Angeles, Calif.

Miss Agnes Kramer spent the week end in Cedar Springs.

A miscellaneous shower was given Thursday evening at the home of Mr. and Mrs. Albert Brandama, 132 W. 17th street, in honor of Miss Sophia Brandama, who is soon to be a bride. Miss Brandama received many useful gifts. A three course luncheon was served. Prizes were won by Miss Rowena Oiert, Miss Jennie Mulder, Miss Minnie Voss and Miss Minnie Galien.

Hopes debating league has been invited to co-operate with other colleges in Michigan, Wisconsin and Illinois in securing uniform subjects for debate during the school year. The initiative was taken by Ripon college at Ripon, Wis. and the tentative plan will be to hold a convention annually at which a representative from each college can vote.

Grand Haven Independents will play the Holland base ball team at Holland on June 11, and many fans are making arrangements to accompany the team. Holland will come here for a twilight game June 15.—G. H. Tribune.

The Y. W. C. A. girls of Hope college held a beach party at Macatawa Monday night.

Art. Koetsier, aged 65 years, died suddenly at eight o'clock Friday morning. He is survived by his wife and four children: Reka, Leonard, Mary and Alice. The funeral was held Monday at one o'clock, fast time at the home only, Rev. Einink officiating.

In an item recently sent in and which had been mislaid a titled report was given of the doings of the P.T. club of the Froebel school. It might be well to state that the election of officers was held at that time for the ensuing year who are as follows: president, Wm. Vanden Berg; vice president, C. Vander Meulen; sec'y, Miss MacVea; treasurer, Neil Sandy; chairman, refreshment committee, Mrs. Henry Van Lente. In the report of the retiring officers it was shown that over \$600 in cash had been raised by this club, which with donations of materials and labor, had made it possible for this auxiliary association to aid the Froebel school district to the extent of about \$1000 during the past two years.

Mr. and Mrs. C. P. Milham of Grand Haven will start Saturday on a western trip lasting two weeks. The trip is a combination of a business and pleasure trip in that Mr. Milham wishes to secure first hand information on agricultural conditions in the west and at the same time enjoying the pleasures of a postponed honeymoon. Mr. Milham is agricultural agent of Ottawa Co.

Sixty graduates of the Allegan schools are to receive diplomas this week in the annual commencement exercises now under way. Nineteen of those graduating are members of the county normal training class, and 41 leave from the city high school. Nearly 1,000 saw the senior play under the direction of F. H. Tambling and a large audience listened to the baccalaureate sermon delivered by Rev. F. A. Patter.

Rev. Henry Walkotten of Hudsonville preached two farewell sermons Sunday one to his old congregation and one in the evening to the community in the Congregational church. Both services brought houses packed to the doors. The family leave next Tuesday for the new home at Pella, Ia. Mr. Walkotten was formerly a pastor in this city.

Rev. John S. Ter Louw pastor of the Reformed church at Hamilton for two years has accepted a call to the Reformed church at Newkirk, Ia. recently vacated by Rev. Henry J. Veldman, former pastor of the 1st Reformed church of Holland. Mr. Ter Louw is a graduate of Western Seminary.

Prof John E. Kuizenga conducted the services at Forest Grove Sunday.

Carroll Van Ark, son of Mr. and Mrs. Henry Van Ark, arrived home after an absence from the city since the beginning of America's entrance into the war. Mr. Van Ark volunteered for service early in the war and was sent to the Mexican border for training. Since demobilization he has been in the West and for the year or two he has served on the staff of the Rocky Mountain News.

The county road commissioners are receiving considerable complaint that motorists are speeding over the new bridge just opened between Grand Haven and Spring Lake. Timid drivers say that the way some cars whiz over the new structure is a crime and it ought to be stopped.

At one of the sessions of the General Synod, a report of the committee on Bible Cause was read by Rev. Evert J. Blekkink of Holland, the chairman in which it was recommended that General Synod appropriate \$11000 toward the expenses of the American Bible Society.

Frank M. Lieveense of Holland was one of the guests at a luncheon given by Mrs. Peter VanLopik of Grand Haven, when the announcement was made of the engagement of Mrs. Van Lopik's daughter, Elizabeth, to Mr. H. Austin Lucas.

Ten Senior boys of Hope college, E. Flikema, F. Dekker, M. Verduin, H. Mol, F. Ihrman, G. Laug, W. Pyle, A. Scholten, C. Walvoord, and J. Kemper are holding a house party at the "Ustick" cottage at Macatawa for ten days.

Rev. B. Van Heuvelen now at Yakima, Wash., has moved to Huron, S. D., where he will do missionary work for the Reformed church in that state. Mr. Van Heuvelen is a graduate of Hope College and also of the local seminary.

According to the Asbury Park Evening Press Dr. E. D. Dimment of Hope College was one of the speakers of the new Grand Avenue Reformed church of that city Sunday.

Girard Osterhof, who during the past year has been attending the Ohio State University as a scholarship student, is in Holland visiting friends.

Prof. Robt. Evens has returned after attending a meeting of the State Physics Teachers Association and convention being held at Ann Arbor, Mich.

Mr. and Mrs. Ralph Upton formerly of this city, now of Grand Rapids are the proud parents of an 8 1/2 pound baby boy.

Those present were: Alice Trenton, Nellie Den Uyl, Eliza Zwemer, Irene Hicks, Marie Westveer, Elizabeth Meidema and Lillian Smith. Miss Trenton had the misfortune of spraining her ankle.

The W. C. T. U. will meet Friday afternoon at 3 o'clock at the home of Mrs. A. H. Meyer, 4 West 12th-st. It will be the annual Flower Mission day meeting and the program will be in charge of Mrs. Meyer. The devotions will be in charge of Mrs. W. E. Van Dyke. All members are asked to be present as plans for the picnic that is to be held at Jenison Park June 17 will be completed. The class in parliamentary drill will meet at 2:30. Good Roads Connelly of Spring Lake has been called to Washington, to testify before the U. S. Senate committee on elections, which is engaged in an extension of the Ford-Newberry election probe. While in Washington Mr. Connelly will attempt to get a hearing on the matter permitting the erection by the county of a solid bridge over the Grand River at Bridge street crossing entering into Grand Rapids from Ottawa county.

Mrs. Guy Strickland, wife of a well known Albion farmer, sustained a broken leg while driving near Grand Haven. The horse which her husband was driving, became frightened at the lights of an automobile bolted and ran away. Mr. Strickland was thrown from the buggy but he clung to the lines and was dragged for some distance before he was able to stop the horse. Mrs. Strickland had her baby in her lap but held it so that it was not injured in the runaway.

Advices from England state that Rev. and Mrs. A. Livingston Warnshuis have reached London from Shanghai China. They will make their home in London, where Mr. Warnshuis has taken the secretaryship of the International Missionary commission. He is a graduate of Hope college. They expect to come to America in August to attend a conference of the commission in New York. At that time they will also make Holland a visit.

Hudsonville onion fields are infested with a new disease. These pests feed on the bulbs, consuming the inner layers and causing the plant to die. They also attack the young plants, chewing the stalks off just under the surface of the earth. Growers in western Michigan state that presence of the maggots in the fields can be detected as soon as the onion tops begin to wilt. Hudsonville growers are heavy losers according to reports received.

Mrs. Alice Robinson returned from Milwaukee Tuesday after spending two weeks with her daughter, Mrs. R. L. Dodd.

Prof. and Mrs. Robt. Evens of the North Side have been the guests of the parents of Mr. Evens at Coldwater over the week end.

The Christian Reformed church at Hudsonville has issued a call to Mr. Kroner of Borculo who will preach his first sermon next Sunday.

Mr. and Mrs. George Schaftenaar and family motored to Holland from Stevens Point, Wis.

Several Sorosis girls of Hope are at a house party at the "Pinta" cottage for a week.

508-9 Widdicomb Bldg.
Grand Rapids, Mich.

The Knickerbocker society of Hope College held the last business meeting of the year at Macatawa Park Monday night and elected the following officers for the fall term of next year: president, Herman Beuker, of Grand Rapids; vice president, John M. Flikkema of Morrison, Illinois; secretary, Wm. De Ruiter, of South Holland, Ill.; treasurer, Harvey De Weerd, Holland; K. of A., John De Maagd, Coopersville; choristor, Jerry De Vries, Chicago, Ill.; Janitor, Randall Fell, Holland.

After the business was over a "Weenie" roast was held on the beach.

The Fennville canning factory is operating overtime on strawberries—the yield being better than was expected and the cool nights with occasional sowers bidding fair to prolong the crop. The quality of the berry is good and the price about one-third that of last year. The Holland Canning Co. is also working overtime in its pack and the local company is getting strawberries from as far south as Ganges and north from West Olive and Agnew.

Forty-four young people will graduate from Grand Haven high school this month with the class of 1921. This is one of the largest classes to complete the course in the county-seat school. This year's class is predominated by the young women. There are thirty of them, as compared to 14 boys, who will receive their diplomas on the night of Wednesday, June 22, which has been designated as commencement day. The commencement program this year and the usual festivities connected with the important event will be held closing with the annual banquet of the Grand Haven High school alumni association.

Miss Gertrude Tiesenga entertained Tuesday evening with a shower in honor of Miss Gladys Kronmeyer, who is to be a June bride. Those present were: Anna Van Putter, Elizabeth Ver Schure, Gertrude Woodruff, Mabel Pieters, Sophia Allen, Mrs. George Huizenga, Geneva Van Lente, Laura Lemmen, Ella Van Putter, Gertrude Tiesenga, Florence Mulder and Gladys Kronmeyer. Many games were played and a very enjoyable evening was spent.

The following pupils of Junior High school have been on the Honor roll for three months. This means that they have had an average of 95% or above:

8-2's—Clyde Coster, Alice Donnelly, Henrietta Oudemol, Loraine Raak; 8-1's—Marie Dykstra; Mabel Essenburg; Raymond Steketee, John Tate; 7-2's—Marion Lordahl, Mar-

vin Meenings; 7-2's—Jeanet Yonker, Willard Den Houten, Maurice Edling, Leona Nystrom, Russel Smith, Evelyn Steketee, Gerrit Tyse, Wm. Winter; 7-1's—John Aldus, Margaret et Boter, Florence Oudeman, Charlie Verburg.

Many others have been on the Honor Roll for one or two months.

FREIGHT SMASHES UP OVERLAND ATUO

At 7 o'clock Tuesday evening a serious wreck took place on East 8th street and Columbia avenue. John Laarman, who lives east of the city, was on the point of going home with his car containing six other passengers when he met up with two other machines at the street intersection at that point, and in order to keep his eye on the other flock of automobiles that happened at this corner just about that time, he failed to see the oncoming Holland Interurban freight going west.

The freight struck the Overland amidst, smashing the entire side of the car and the impact simply broke the wheels from under the machine.

That none of the seven passengers were injured is miraculous, as nearly every part of the car was thoroughly battered, in fact is a bad wreck.

HOLLAND MAN RECEIVES THE LIMIT OF THE LLW

Deputy Johnson Tuesday arrested Henry Diekema on the Macatawa Park road, near Jenison for driving his car while being intoxicated.

He pleaded guilty before Justice Van Schelven who handed him a stiff sentence of \$106.65 which includes the costs.

As the saying goes, "three times and out," no doubt this will apply to young Diekema as a driver, for under the new law, steps are being taken to have his state's driver's license revoked.

Some three years ago Diekema came up before Justice Robinson, on the charge of driving his machine while being intoxicated, and the judge at that time fined him \$25 and costs. Last year he was picked up by the Grand Rapids police on the same charge and was fined \$75 by a Grand Rapids judge.

Wednesday Justice Van Schelven handed him the limit of the law which is over \$100, and possibly other complications may follow.

The missionary spirit at Hope college continues to expand. The student volunteer band now has a membership of nearly forty who have pledged themselves to enter mission fields in the orient. Seventeen of the members are women.

RETAIL MERCHANTS MAKE MERRY AT JENISON PARK

After the regular day of business cares was over fifty retail merchants, salesforce and invited newspaper men gathered under the trees at Jenison park and after participating in all manners of sport, awakening a double-jointed appetite, a half hundred of them made the victuals disappear, so generously provided by the commissary department.

A great many more came than were expected considering the threatening skies, but after the feast it was found that there was enough and to spare.

Chief cooks and bottle washers, Lokker, Van Tatenhove, Beuwkes, De Goede, and a half dozen more served one of those "picnicky" lunches that just seems to hit the spot when one has been exercising in the open.

Baseball games were in progress everywhere in the great open space west of Jenison and altho the writer was umpire of one of the several nins and came off with a whole skin, the scores were entirely forgotten in remaining self-protected. Anyway we will vouch it was not an errorless game, and somebody has some huge scores marked up against somebody else, no designated names for the teams having been thought of. The merchants and clerks were mixed on all sides and on all teams. The fun was fast and furious and a friendly spirit of rivalry prevailed throughout all the games.

When the dinner gong was sounded balls and clubs were dropped instantly, a rush was made for the food on the tables and the forks and knives clattered in unison with the orchestral music from the merry-go-round near by.

DR. S. M. ZWEMER TO SPEAK AT THE CONVENTION

Interest in the state Christian Endeavor Convention to be held in Holland June 22 to 26 was materially increased Wednesday when it became known that Dr. S. M. Zwemer of Cairo, Egypt, would be one of the headliners on the program. Dr. Zwemer, who has been enroute from Egypt to his home in Holland the past few weeks wired the program committee on his arrival in New York that he would accept their invitation and would deliver the opening address at the convention on June 22nd in the Third Reformed church.

Some weeks ago the committee, on hearing that Dr. Zwemer was returning to Holland, got busy and extended an invitation to him to be on the

program of the convention, knowing that he would be a big drawing card. Dr. Zwemer apparently was unable to make a definite decision until his arrival in New York, his time while in this country being not under his own control entirely.

Dr. Zwemer is so well known throughout the state in religious circles that the announcement of the fact that he will deliver the keynote address is expected to swell the attendance to still larger proportions than would otherwise have been the case. And the reports continue to indicate that the attendance will be a large one—perhaps the largest convention that has ever been held in this city. The committee on entertainment is still at work securing lodging for the delegates and will be glad to have names and addresses of persons who will entertain delegates to the convention.

OTTAWA COUNTY LOSES OIL IN SPECTOR JOB

Wednesday was butchering day at the State Capitol. The heads of more than one hundred state employees came off Wednesday morning. At least a hundred wise inspectors in the dairy and food department got their walking papers and 27 Deputy Oil Inspectors of which Leonard Reus of Zeeland is one got their little blue envelopes stating that their services were no longer desired. Every member of the state fire marshal's office but two are canned, and within a few days a hundred state police will be cut off from the state payroll. It is said that this is only the beginning of the wholesale slaughter that is going to be made in deputies for this and that purpose, in other words the wise guys holding state jobs and looking wise. Who knows but if the present administration keeps up this policy, maybe we may not have to pass the state income tax bill after all.

MERCHANTS INQUIRE ABOUT W. 16TH STREET

At the Merchants' meeting at Jenison Park Tuesday evening, many phases of good roads were discussed. One matter that came up was the improvement of West 6th-st. near the shoe factory which all voted was in terrible condition.

A representative of this paper told the meeting of the action that had been taken by the council, asking that the city engineer bring in an estimated cost of the surface draining at that point, and that steps be taken to have this draining put in, that it was absolutely necessary to make this improvement before this or any other improvement in this street could be made. The merchants were told that the aldermen were

unanimous in the opinion that this street was practically impassable and that the council had been assured that Holland township would co-operate with the city, and make the proper improvements at their end, and that the Holland interurban would do their share to repair such damages done to the road bed and crossings at that point.

TWO COUPLES NABBED AT SPRING LAKE ON FORGERY CHARGES

Mr. and Mrs. George Woodhouse and Mr. and Mrs. Carl Swanson were arrested Monday afternoon at Spring Lake by a federal officer, who had trailed them through several states. They are charged with forgery. It is alleged the quartet stole blank checks from the American Express Co. in Chicago and used them to pay bills. They came to Spring Lake three weeks ago and purchased the Central house. A quantity of whiskey was also seized. The quartet will be taken to Chicago.

HOLLAND MAN'S PEOPLE IN THE FLOOD AREA

While Holland, together with the rest of the country, sympathizes deeply with the unfortunate people of Pueblo, Col., who were caught in the big flood, there is one man in Holland who has a deep personal interest in that catastrophe. Roy Heath does not know whether his father and mother and brothers and sisters are alive or dead and he has so far been unable to get a word to them or from them. They live at Pueblo, and they in all probability suffered in some way from the flood, but to what extent Mr. Heath does not know.

He wired them more than once but with wires down in the flood district, he has been unable to reach them. No complete death list has been published and Mr. Heath is anxiously trying to find out whether his relatives are among the dead or the saved. If word does not come from them soon he expects to go there to find out for himself.

Y. W. C. A.

Michigan fruit growers should not be worried because of the destructive frost which visited the state in May, according to reports reaching this center of the southwestern Michigan fruit belt from competitive fruit districts in other parts of the United States.

GOOD PROGRAMS IN STORE AT HOPE COLLEGE

At least three interesting programs have been arranged at Hope College for the public, to be given during commencement week. The first program will be given on Friday evening, June 10, when the Meliphonians will render their annual play. The Meliphonians have selected their play early in the season and have had ample time to make it a big success. The play is of a humorous nature, has a cast of 14 characters and is capably coached by Winfield Burggraaf, an alumnus of the organization. It is entitled "What They Did for Jenkins."

Besides this several other numbers will appear on the program, so that there will be no monotonous waiting while shifting scenes. The plays that are offered during commencement week are all free to the public, and the societies are extending a cordial invitation to attend these programs and see what the different organizations are doing.

The annual "A" class program will be held in the Carnegie Gym., Monday afternoon, June 13. O snappy program is promised by the graduating class, the big feature of which is a comedy play of 45 minutes, entitled "Ici on Parle Francaise." The members of the cast are: Martha Koppelaar, Bertha Nienhuis, Frank Huff, Abraham Stegeman, Grace Wadingseldt, Henrietta Keizer and Wells Thoms. The play is coached by Miss Helen Bell, a member of the faculty and an alumna of the Dramatic Club.

Monday evening, June 13, the Ulfias society will once more appear with a good old time program. The Ulfias members altho not officially organized, have banded to give the Hollanders another good treat, and they feel sure that they have secured a play that will take down the house. The play is entitled "Kort van Memorie," is short and snappy typically Dutch, and has a cast of five characters. They are Nellie Kole, Richard Blocker, Justin Hoffman, Jake Schepel and Bert Brower. The Ulfias is fortunate this year in having the assistance of two of Hope's co-eds, which will be the first time that ladies have ever taken a part in a Dutch program here. Besides Miss Kole's appearance in the play, Miss Jessie Hemmes will give a humorous reading entitled, "De boer op reis." Besides this the Ulfias will have additional surprises to give on Monday night. Prof. Welmers is coaching the play.

MOTOR-DRIVEN MOWER TO CUT THE CITY'S GRASS

The outworn method of cutting the grass of the city parks by hand mower has been abandoned, and from now on work will be done by a motor driven mower. The park board has purchased a motorized mower from the Ideal Power Lawn Mower Company of Lansing at a cost of \$350. The mower has just arrived and will be in full operation in a day or two.

The new mower has a thirty-inch cut. The operator walks back of it instead of sitting on it. A sample motor mower was tried out in the city a week or two ago and it gave good satisfaction, all the members of the park board being present to watch the work. The city at one time had a horse-drawn mower but it did not prove satisfactory, and the work was being done by hand mowers. This method is too slow for the large stretches of lawn that have to be kept trimmed in the city's parks and so the motor-driven mower became a necessity.

The month of May was the warmest May, according to the figures of Observer Tullsen of the Ottawa County Weather Bureau, since 1911. The mean for the month was 58°. May 20th brought the highest temperature for the month, a mark of 84°. The lowest mark was on the second when 32° was recorded.

May came close to setting a record in the way of precipitation for the rainfall for the month amounted to but 1.2 inches. In the 50 years history of the office there have been but three Mays that have shown less rainfall. During the month there were 13 clear days, 11 partly cloudy and 7 cloudy days. Four thunderstorms were reported during the month.

In the Congressional Directory, where the members are permitted to tell in their own words the story of their lives and achievements, former Congressman Hamilton found just one line sufficient for the purpose. Mr. Ketcham, however, lacking the modesty as well as some other traits of his predecessor, spreads the story of his greatness over the maximum of space. And for the first time in that publication he blazons the social and political activities of a congressman's wife. An anxious public now breathlessly awaits the chronicles of "his sisters and his cousins and his aunts."—Saugatuck Commercial-Record.

NORMAN VANDER HART WINS PUBLIC SPEAKING CONTEST

The second annual George E. Kollen Public Speaking contest was held at the high school on Thursday and Friday mornings. Eighteen five-minute speeches were given on subjects of vital interest to the students. The following students participated:—Rose O'Leary, Randal Bosch, Gertrude Van Vyven, Anita Zuidewind, Jeanette Ten Brinke, Marion Henderson, Lester Elferdink, Leona Sites, Russell Damstra, Kathryn Keppel, Claude Lappinga, Harry Aldus, Martha Gabbard, Ruth Hyma, Maurine La Caff, Norman Van de Water, Martha Barkema.

Owing to the large number of speakers, nine speakers were heard on Thursday and nine on Friday.

Great interest was shown by the High school students as they listened to the talks. Such subjects as "Cigarettes," "Carelessness," "Appreciation of Education," "Y. M. C. A. Building," "Forest Preservation," "Movies," etc., were discussed.

The judges were Miss Wiches, Miss Kohn, Miss Geiger, Miss Mulder and Miss Ross. First place was awarded to Norma Vander Hart, 2nd Martha Barkema, 3rd, honorable mention, Maurine La Caff.

The prizes of \$15 and \$10 are given by Mrs. George E. Kollen and will be presented to the winners on commencement night.

Mrs. Kollen gave a very appreciative and interesting talk to the high school students on Friday morning at the close of the contest.

She expressed her interest in the public speaking work of the Holland high school and appealed to the students to utilize their opportunities to speak.

She urged the necessity that every speaker should feel deeply concerning the subject on which he speaks in order to make people feel. Mrs. Kollen also complimented the students who had spoken upon the earnestness and sincerity that they had shown for the work.

DELPHIS AND THEIR GUESTS BANQUET AT THE CLUB ROOMS

On Friday evening, the mystic date of June third, at 6:30 o'clock, the Delphi sisters with their reigning beaux met at the Literary Club rooms to follow the Rainbow Trail in search of the pot of gold. There was first a general conclave while the partners of the trail exchanged greetings 'ere they set out on their journey. Mrs. Walvoord had kindly consented to take charge of the expedition. With the music and lights the changing tints of the moving crowd may have suggested the rainbow hues.

But the real surprise came when the forward march was begun. As the travelers proceeded they found themselves in a veritable fairyland of ferns and flowers, carpeted with pine. The blue sky arched overhead, while the silvery rain-drops hung suspended, yet never fell. The romance of a late afternoon sun filled the room and lit up the magnificent span of a rainbow.

The riches of dainty fare plus music, candle-light, and laughter, were first tested by the seekers. When these had been dispensed with the search for the elusive treasure was continued amid the rare combinations of wit and wisdom from the toasters, interspersed with strains from the Delphi musicians.

Toastmistress.....Dea Ossewaarde

After all had joined in "Hail Delphi" and the Hope song it was found that the search had proved successful. At the foot of the rainbow each had found his pot of gold in the comradeship and good-fellowship of his fellow travelers, in the memory of common joys as they followed the trail together. So the company disbanded with another Delphi milestone successfully passed.

Friday night was not only a cool night, but decidedly cold. The city thermometer registered 40° at the water works.

BOYS PAY FINES FOR MOLESTING GIRLS

It cost a gang of six North Holland boys \$25.85 apiece Friday in Justice Brusse's court because they molested some girls Sunday evening. The boys were out in autos and invited some girls to ride with them, but when the girls refused the boys according to the complaint took hold of them and took them into the car. It is not charged that they harmed the girls but that they forced the girls to enter the car against their wills.

The boys who appeared in court were Charles Rowhorst, Henry Hop, Harry Vander Zwaag, Bert Kraai, and Jake Kraai. Some of the gang were in the crowd that some time ago figured in a charivari case in Olive, at which time Justice Brusse treated them leniently. But this time they drew a stiff sentence. Each was compelled to pay \$25.85 and was sentenced to 30 days in the county jail. The jail sentence was suspended for one year, the boys being put on good behavior during that period.

HOPE PI KAPPA DELTA CHAPTER IS INSTALLED

The installation of the Hope chapter of the Pi Kappa Delta society, a national honorary organization composed of debaters and orators and the heads of the departments of public speaking, took place at Winants chapel Friday afternoon. Prof. Foth of Kalamazoo college read the ritual. Richard Blocker is the president of the local chapter and about a dozen will be eligible to membership when the charter is complete.

SHAKESPEARE CLASS ENJOYS CONCERT

The class in Hope College studying Shakespeare with Mrs. Durfee listened to a concert Thursday on Shakespearean songs as taken from his plays together with lyrics and instrumental music inspired by Shakespeare.

The entire class occupied a rear room in Meyer's Music House which was arranged as a concert room.

The various selections were sung by famous Victor artists reproduced by the Victrola. Most of the selections played were especially prepared for educational work and accompaniments to the songs were the instruments of the Shakespearean period, such as the harp, flute, pipes, and horns, and the lute.

The concert was especially appreciated by the class because the works of Shakespeare are fresh in their minds and the music served as a finishing touch to the course of study.

Final Game of the Season Finds Hope College Team in Good Form

Fresh from a thirteen inning victory over Western State Normal, the Mt. Pleasant team came here confident that they would have an easy time disposing of our team. They left only too thankful that they had barely nosed us out by one score. Laug had the teachers at his mercy allowing only eight hits, six of which were of scratchy variety. He was supported by good work in the field.

In the first inning Hope had men on first and second but Lewje struck out for the third out. Mt. Pleasant opened the scoring in the second. After Brooks was retired Aldred hit safe. He was out at second on Atwood's go by and Atwood drew up at third and Egloff at second. Taylor hit a high one to center which Mike didn't reach in time to catch. Atwood scored on the hit. Ubele was out Garey to Lewie. Mt. Pleasant scored again in the third. Two runs came across the pan on three hits and two walks. All of these hits were of the scratchy variety, none of them going out of the infield.

The fourth inning ended the scoring for the visitors. They scored one run on two more dinky hits, a fielder's choice and an error. Hope scored three runs in the fifth. Dad hit safe and stole second. Laug hit to first and Barrett mused it up. Laug was safe at first and Lubbers was on third. Laug stole second, Duke bunted and Laug went to third. Dad was safe at home and Dyke was safe at first. Dyke stole second. C. Lubbers bunted safe and Laug scored, Dyke went to third. Mike bunted safe and Dyke scored. Dickie fled out to first, Lewie fled out to right and our scoring was over. After the fourth inning only two Mt. Pleasant men got as far as first base. Hope had runners on second in the sixth and eighth but that was as far as they got.

Although the game was lost the team showed that they can play base ball. The showing the men made against Mt. Pleasant places Hope on the map in base ball. The teachers have won twelve out of fourteen contests and have played some of the best college teams in the state.

defeating them speaks well for our team. With almost a veteran team coming back next year the students of Hope can look for a good season in 1922.

Hay Fever Prevention

Health Talk No. 20

By JOHN DE JONGE, D. C.

The sting was never taken from the hay fever season until the efficacy of chiropractic spinal adjustments in this ailment was discovered.

Authorities agree that the infection was the flying pollen of summer. They also agree that about nineteen out of every twenty are entirely immune to the disease, and that all would be immune if the disease resisting power of the mucous linings of the air passages were of normal health and vigor.

When a full supply of nervous impulses are conducted over spinal nerve lines to these parts, the normal resistance is present. Chiropractic spinal adjustments freeing the nerve lines of interfering pressure, will restore normal health and vigor to these mucous linings. To prevent hay fever begin chiropractic spinal adjustments before your 'hay fever season' starts.

Suffers from Birth—Overcomes Tendency

"My daughter Ada was a sufferer from hay fever every year almost from her birth. In the midst of her last annual attack, which was so violent it caused a discharge from the eyes which necessitated washing them in warm water before she could see, we tried chiropractic and the relief was almost immediate. Before the disease had run its usual course she was well. Last year there was no return of the ailment." — Mrs. William Rubush, Chiropractic Research Bureau Statement No. 1221F.

HEALTH BEGINS—When your health begins depends on you. Consultation is without charge.

GIRLS VOLUNTEER TO MAKE OUT THE BONUS PAPERS

Five stenographers have offered their services to the American Legion to help in making out the papers for the soldiers' bonus. These five girls will be on hand at the Peoples State bank on Monday evening when more bonus paper will be made out and notated. The volunteers are Florence Branderhorst, Adrianna Was. Ruth Cook, Evelyn Brugh and Agnes Kragt.

A beginning at making out the bonus papers was made Friday evening at the Peoples State bank and a large number of soldiers were on hand with their applications and discharge papers. About fifty papers were made out. Monday night, with the help of the stenographers and helpers from the Legion, it is expected that many more soldiers can be accommodated. The stenographers will type the answers to the applications, and the notaries public from the legion will be on hand to place their signatures on them.

One year ago today Portland, Michigan farmers sold potatoes at \$5 a bushel. Today they are giving their tubers away.

If the Truth Were Told on Tombstones—

many an epitaph would read:

"Here lies a fond father, who provided his family with every comfort in life, but failed in his supreme duty, to safeguard their future."

He meant to make a will, but put it off, as so many men do. That is why on every hand you see the law parceling out estates, widows burdened with money matters, children wasting inheritances.

You who see the results of such neglect, will surely save your loved ones this suffering. Resolve to make a will without delay, and name a competent executor. We have a booklet to help you. It is called "Safeguarding Your Family's Future". May we send it free?

ANNOUNCES NEW RATES ON BOAT LINE

Under date of June 1, the Graham & Morton Transportation Co. writes as follows to the Commercial Record: "Permit us to advise that this company is reducing its passenger rates between Chicago and Holland and Saugatuck to \$3.00 one way or \$5.50 round trip. This reduction will be made effective just as quickly as it can be under the interstate commerce law. It is being made to meet the general trend of the times to reduce the cost of living and everything in connection therewith to the lowest possible basis consistent with the cost of operation." Boats of the G. & M. Line now run direct between Holland and Chicago—Saugatuck Commercial Record.

Attention! Ford owners! We have a special "Synco" High Frequency Transformer for your car. Guaranteed. See L. N. Tyner, 208 W. 10th Street.

COMMON COUNCIL

Held on Monday, May 20, 1921

The Council met pursuant to adjournment and was called to order by the Mayor.

Present—Mayor Stephan Aldis, Prins, Aldis, Lawrence, Damstra, Wiersma and Vander Hill, all present.

The meeting of the minutes and the regular order of business was suspended.

The clerk submitted the following report from the Willits Road Construction Co., Detroit, Michigan, for the grading and paving of the street between Van Rensselaer and Lincoln avenues.

and on shaping present gravel road bed, bringing same to proper grade and profile by excavating where necessary and adding sufficient new material to make a six inch base when compact.

and per square yard 50c.

3 inch White base \$1.50 per square yard.

2 inch White top \$1.69 per square yard.

On motion of Ald. Ammerlaan.

Resolved, that the bid of the Willits Road Construction Company for grading and excavating at 50c per sq. yd. be accepted and a 2 inch White top at \$1.69 per sq. yd. be accepted provided that the said construction company will enter into a contract with the city to perform the labor and furnish the material strictly in accordance with the plans and specifications for said work, and furnish a surety company's bond for the performance thereof and a maintenance bond to run for a period of not less than five years after the completion of said work, with the further understanding that local labor shall be employed whenever it is possible.

Said resolution prevailed all voting aye.

Pursuant to instructions the city engineer submitted an estimate of cost of improving West 16th street from Harrison to Ottawa avenues by building the necessary manholes and laying the pipe necessary for drainage together with leveling up and shaping of the gravel road bed, exclusive of any work on that part of the street occupied by the tracks of the Michigan Railway Co. Total estimated cost \$2,149.60.

Referred to the Committee on streets and crosswalks.

Camden and Kidder requested the council for a permit to run an air pipe underneath the sidewalk at their place of business No. 234 River Avenue for free air.

Referred to the committee on streets and crosswalks with power to act.

On motion of Ald. Blue.

Resolved, that the City Attorney be instructed to make a demand for the return of \$300 recently paid down on the purchase price of the property described at 120 E. Twentieth street which said property has been condemned by the Common Council the fact of which the purchaser claimed he had no knowledge.

Carried.

Adjourned.

Richard Overweg, City Clerk

COMMON COUNCIL

Holland, Mich., June 1, 1921

The Common Council met in regular session and was called to order by the Mayor.

Present—Mayor Stephan Aldis, Blue, Prins, Vander Brink, Laepple, Kammeraad, Brinkman, Lawrence, Damstra, Wiersma and Vander Hill, all present.

The minutes of the last two meetings were read and approved.

E. J. O'Leary petitioned for permission to connect the roof water of his store building with the storm sewer.

Referred to the committee on Sewers and Drains and Water Courses.

H. Boone petitioned for license to engage in the business of conducting a pool and billiard parlor at the Hotel Holland and submitted bond of the United States Fidelity and Guaranty Company as sureties.

Referred to the committee on Licenses.

Edward J. Zwemer petitioned for license to engage in the business of selling lunches from a stand or vehicle on such part or parts of the streets of the city agreeable to and as designated by the common council.

Referred to the committee on licenses and the chief of police with power to act.

Henry J. De Weert petitioned to come under the compulsory sewer ordinance being ordinance No. 308 and have his property described as Lot 24, Central Sub-Division connected with the sanitary sewer.

Accepted and granted.

P. J. Klaver and others petitioned for sprinkling service on Maple avenue between Seventeenth and Eighteenth streets.

Referred to the committee on streets and crosswalks with power to act.

H. P. Zwemer and others petitioned for the paving of Ninth street from Lincoln Avenue east to Harrison Avenue thence north on Garrison Avenue to 8th street. The pavement to be similar to that with which 9th street is to be paved from Lincoln to Van Rensselaer avenue and not to exceed the cost of same.

Referred to the committee on streets and crosswalks.

REPORTS OF STANDING COMMITTEES.

The committee on Ways and Means submitted the report of the Parks Public Service Company relative to the audit of the city's books.

Accepted and filed.

The committee on streets and crosswalks to whom was referred the petition for the removal of the wooden poles on River street reported progress in the matter.

The said committee together with the Board of Public Works to whom was referred the petition of A. Michmarshuizen for the use of the street to the light and water station for the unloading of coal reported having investigated the matter and found that the same would be a violation of the city ordinance, and recommended that the petition for same be filed.

Adopted.

The said committee to whom was referred the petition for the paving of Nineteenth street from College to Central avenues reported recommending that Nineteenth street be paved from Columbia to First avenue and that the City Engineer be instructed to prepare plans, specifications and estimate of cost for same.

On motion of Ald. Blue.

Resolved, that the report of the committee be adopted.

Said resolution did not prevail by Ayes and nays as follows:

Ayes—Ald. Blue, Vander Brink, Kammeraad, Brinkman, Damstra and Wiersma.

Nays—Ald. Prins, Laepple, Lawrence, Brinkman, Vander Hill.

On motion of Ald. Wiersma.

Resolved, that the report of the Committee on Streets and Crosswalks relative to the paving of Nineteenth street be tabled until the next regular meeting of the Council.

Carried

The said committee reported having had under consideration the use of calcium chloride as a dust layer on those parts of the streets which are traveled most, and also to a limited supply of water during the dry months, and recommended that they be authorized to purchase a small car of calcium chloride at a price of \$31 per ton F. O. D. Detroit.

Adopted and authority granted.

The said committee requested authority to receive bids on the necessary material to be used in connection with the paving and improving of Seventh street from River to Lincoln avenues.

Granted.

The Committee on Claims and Accounts reported having examined the following claims and recommended payment thereof:

Richard Overweg, city clerk 108.33

EVEN GAS COMPANY HELPS PAY FOR THE BOULEVARD LIGHTS

Though not the largest in amount, a contribution for the boulevard light system was received Wednesday that overtops in interest all the contributions received so far. The city's electric light department is now and for many years has been a competitor of the Holland City Gas company. The gas company naturally is interested in the sale of gas light, while the city's electric department is interested in the sale of electricity.

But in spite of that fact, the Holland City Gas Co. Wednesday contributed to the boulevard lighting system to the tune of one hundred dollars. Back of this contribution there lies something of a story. It seemed at first like a good deal of nerve to ask the gas company to help pay for an electric system of boulevard lights, but Mayor Stephan decided that there could be no harm in making the attempt. He believed that he gas company would see the situation in terms of the wider interest of the city and so he wrote Joseph H. Brewer, president of the American Public Utilities Company, a letter, stating the facts in the case. He pointed out that the merchants along the two streets were contributing their share toward the boulevard system and that many even who had no property along either street were helping out with their cash. Since the gas company has property fronting on Eighth street, he pointed out that it seemed reasonable to suppose that the company would want the opportunity to do its share to make the boulevard lighting system a success.

Wednesday, Mr. Stephan received the following letter from Mr. Brewer:

"My dear Mr. Mayor:—Contributing to an electrical White Way System is a bitter pill for a gas company to swallow, but you want it done and that's sufficient to me. We are now for any movement that will make Holland bigger and better, and you can put me down for the \$100. With best wishes I am as ever, Sincerely yours, Joseph H. Brewer."

WILL BUSINESS MEN HAVE A HALF HOLIDAY THIS YEAR?

At a meeting of the Retail Merchants Association held at Jensen Park Tuesday evening when pleasure was combined with business, one of the paramount issues that came up when Chairman Gerard Cook opened the business session was the question whether the retail merchants would follow the example in many other cities, and inaugurate a half holiday, say on Thursday afternoon, when all business houses will be closed at noon or the balance of the day. The time for such closing would be June, July, and August. The question was open for discussion and a great many arguments for and against were advanced.

Mr. Jacob Lokker stated that he never was back of a backward movement in his life, and was always looking forward but he doubted if such a movement would be profitable this year. He stated that the merchants had to watch their P's and Q's the coming year more than they ever did in their lives, and that a great many merchants were selling goods at a loss, considering price he paid for them, after the price slump came about six months ago.

Other merchants however stated they did not want to be slaves to their respective businesses and even in the face of the fact that some merchants wouldn't close they stated that they would lock up anyway if half holiday was sanctioned by the Retail Merchants Association.

Mr. Joldersma of the Boter company was very outspoken and stated, "What have we a Retail Merchants Association for, if we do not in a measure at least, follow the actions taken by that body? If a merchant is not present at the meetings to voice his protest on certain actions taken, he should not kick on the results after the meeting. It is his duty to attend the meetings, when these vital questions are discussed."

Mr. Joldersma was an enthusiast for a Thursday half holiday. At a vote later taken the association went on record as favoring the half holiday. However a committee was appointed to confer with the merchants who were not at the meeting in order to see if these could not be lined up favorably for such a movement.

COURT RULES THAT WOMAN MAY HOLD PEACE JUSTICE OFFICE

The State Supreme Court has decided that a woman may hold the office of justice of the peace in Michigan. A test case was brought by William Liebnitz who was sued before Phoebe Patterson, justice of the peace in Plymouth township, Wayne county. He moved to quash the proceedings on the ground that a woman cannot constitutionally hold that office. The lower court held that a woman can be justice of the peace and refused to quash the case. The supreme court affirmed the decision.

HOME BUILDING ESSAY WINNING 6TH PRIZE IN CONTEST

HOW TO MEET THE HOME SHORTAGE

BeZlow will be found the essay winning the sixth prize the \$25.00 cash prize contest given by the Bolhuis Lumber and Manufacturing Co. (By Miss Adelia Heneveld)

In America, as in other republics, the family is the natural unit of society and the home is its ruling capital. The government, institutions, and industrial forces are but adjuncts of the home. And because the home plays so important a part in American life, one of the American ideals, Henry Brigham says, is "A home for every family."

Yet every census reveals the fact that the ownership of the American home is slipping away from the American family; and today there looms before America a great problem—an obstacle to the welfare and well-being of her citizens. She must provide five million families with shelter.

This large shortage of homes has led to crowded conditions, especially in the larger cities, which have produced appalling results. In New York one hundred thousand different families are doubling up with one or more families; there are places where twelve persons live in three rooms; where four persons sleep in a kitchen every night; and hundreds of rooms in which four or five persons sleep. Such unsanitary and overcrowded conditions can result in nothing but disease. There is already a marked increase in the spread of tuberculosis and in the infant death rate. Should such conditions continue, they would become a menace to our country. This is the grave situation facing America, a situation that should call forth the efforts and earnest support of every

American.

Many remedies have been suggested which would prove effective in decreasing the shortage of homes, but which would not solve the housing problem entirely. To realize a building revival, however, two basic factors are obvious, efficient labor and a flow of capital. Committees may suggest remedies, municipalities may make ordinances, and building corporations may construct plans; yet to what avail can any ordinance or plan be if there is not behind it sufficient finances and efficient labor. Labor is the less uncertain of the two, however. Because of the present demand for employment, labor will hardly be in the mood to refuse the reasonable terms of their employer. Realizing that there is strong competition between the laborers at the present time, the laborer will much more readily prove his efficiency. Because of these facts labor will not be so great a problem as the financial problem. Nevertheless, it plays an important part in a realization of a building revival and must therefore, be taken into consideration.

"In co-operation there is strength," and in earnest co-operation we find a solution for the housing problems. This solution is a municipal plan which requires the co-operation of every authority and citizen in the city.

There is hardly a city today that does not issue bonds, such as water bonds for the upkeep of their water works, road bonds for the repair of their streets, and bonds for electric lighting systems and many other purposes. If a city can issue bonds for the repair of its streets, for the upkeep of its water-works and electric lighting systems, surely there is no reason that should prevent the city from issuing bonds for the building of homes. The remedy I suggest, therefore, is that the city issue bonds to be bought up by its citizens. There is a special advantage in issuing municipal bonds. Municipal bonds are tax-free while bonds issued by a corporation, by the township, or state are not always so. These municipal bonds could, because of this fact, be sold at a lower rate of interest, and consequently the cost of building would be somewhat lower under this municipal plan than under a corporation plan.

The city could build much more cheaply than private citizens. It is a generally accepted fact in the commercial world that a reduction is placed on the price of merchandise when it is sold in an unusually large amount to one customer. The city will need an enormous amount of materials to build enough homes and consequently she can buy the material at a reduced price from the wholesaler dealers. This will reduce the cost of building to a large extent, since the private citizen buys his building materials from the retailer who in some instances is making as high as 50% profit.

The question then arises, "What kind of a home shall the city build?" (Is it the laboring class or wealthier class of people that lack homes?) Because the shortage of homes does not inconvenience the person who can afford \$6,000 or \$7,000 homes as much as it does the laboring man, homes should be built that is within the finances of the laboring man. The city should build a convenient, but not an elaborate home, a home that could be sold at about \$3,000. If the city should carry out this plan, allowing reasonable payments on the home, the home shortage would soon cease to exist.

Will the generosity, efficiency and foresight of your city be found wanting?

WANTED—Girl for general housework; good wages. C. M. McLean, 191 W. 12th-st.

HOOSIER

—the Kitchen Cabinet that saves miles of steps

"Work all done—I'll join you at once"

Save Time for Recreation—Save the Energy to Enjoy It

Save at Least 7 Hours Each Week by Using a

HOOSIER KITCHEN CABINET

ISN'T it a fact that kitchen work deprives you of time you would like to and should give over to rest and recreation? Isn't it a fact that kitchen tasks tire you more than other work? That is because you walk miles of unnecessary steps to and fro in preparing meals—because you are kept on your feet when you should be sitting down.

With the Hoosier to help, meals are prepared with less effort and in less time. Steps are saved. You reach instead of walk. You sit instead of stand. All needed utensils and supplies are within arm's reach. Everything is centralized. Kitchen work becomes a pleasure. And you add to your hours for outside pleasures.

One Dollar Will Banish Drudgery

Hoosier's benefits are within reach of every woman. Enormous production results in low prices. And we are permitted to sell this celebrated kitchen helper on easy terms—ONE DOLLAR deposit and the balance in convenient amounts each week.

Decide NOW and you will save at least one

hour each day for the pleasures that are your right. Decide NOW that you will conserve your energy—your strength—your health. Decide NOW that you, too, will have a Hoosier.

Visit our store TODAY. Select your Hoosier from the many models on display. Pay the dollar that enables you to banish drudgery. Don't put off this important visit.
