INDEPENDENTS TO MEET ALLEGAN ON THURSDAY

Holland fans should be treated to some of the best base ball ever seen here when the Fairbanks-Morse team of Three Rivers comes Friday and Saturday.

This organization boasts of one of the best semi-pro teams in the state and as well has one of the finest and largest base ball parks in the state.

All of the players are experienced, some of them ex-leaguers. They are employed by the Fairbanks-Morse factory to work in the factory, but also to represent them on the ball diamond. This is the first time that a team of such class and

so great a distance is being brought here. Considerable expense is connected with this booking and the fans are urged to attend both the games. Friday's battle starts at 5:30 with either big Overisel Poppen in the box or some outside twirler. Steggerda is being saved for Saturday afternoon.

Today at 6 o'clock fast time, the locals meet Allegan there in the second contest of this season. Allegan is all set to slip a victory over the Wooden Shoes for their defeat here some weeks ago. Allegan took this defeat very much at heart and is determined to even up tomorrow. "Lefty" Anderson, no doubt will be on the firing line for Allegan and Steggerda will be pitted against him.

TENA HOLKEBOER'S SISTER TO BE A MISSIONARY

EXPECTS TO GO TO TRAINING
SCHOOL NEXT FALL

The young ladies Mission Circle of the 9th street christian reformed church held its last meeting of the spring term and Gertrude Holkeboer, president of the organization surprised the members by stating that she wished to tender her resignation for the reason that she expects to go to a mission training school next fall and would no doubt take up the work of missions after having finished her studies.

The resignation came as a surprise to the members who thought a great deal of their president, and naturally they were reluctant in accepting the resignation.

Miss Holkeboer is a sister to Miss Tena Holkeboer who has been doing remarkable work in the Orient among the Chinese.

The young ladies Mission Circle then proceeded to hold an election and Miss Jean Sienk who was vice-president was promoted to the office of president and Miss Anne Holkeboer was elected vice-president. Miss Florence Brandershorst was elected treasurer with Miss Ruth Lanning as vice treasurer.

It was also planned to hold a picnic on Thursday afternoon, July 13.

K. OF P'S TO GIVE GIVE IMPRESSIVE DEC- ORATION DAY SERVICE

Every year on the second Sunday in June the K. of P's all over the United States and in other countries celebrate their annual memorial day when the death of the absent brothers is commemorated.

These exercises are of unusual import especially to the members of the Knights of Pythias lodge.

The exercises have been unusually impressive in Holland for the reason that the local lodge has gifted orators who cannot help but bring their work up to the highest standard of oratory.

Last year Cornelius VanderMeulen was prevailed upon to make the address at Pilgrim Home Cemetery. Those who attended expected to hear a good speech, but what they heard was so far superior to anything that had yet been given at similar memorial services that at a recent meeting of the lodge it was the unanimous desire that Mr. VanderMeulen be again induced to give that same speech this year.

The writer was fortunate in attending the exercises and considers it the most beautiful word picture that he has ever heard, and the K. of P's of Holland not only invite the members of the order and their families and the families and friends of the departed brothers, but it extends an invitation to any citizen of Holland who desires to come to Pilgrim Home Cemetery and watch the ritualistic work, the decoration of the graves, listen to the program of singing by the Pythian quartet and to hear Mr. VanderMeulen and Mr. Oscar Peterson give their respective speeches.

It will be a Sunday afternoon well spent for these orations cannot help but impress.

Automobiles will leave Castle Hall Sunday afternoon at 2:30 o'clock and will proceed to the cemetery.

The program is as follows: Opening remarks, Oscar Peterson, C. C.; prayer, Prelate; hymn, Pythian Quartet; address, Cornelius VanderMeulen; selection, Pythian Quartet; closing remarks, Oscar Peterson, C. C.; benediction, Prelate.

Among the absent brothers whose graves will be decorated are to be found many men who have been prominent in Holland's business and professional activities.

The names of the deceased members of the order who lie buried in our local cemeteries follow below:

John De Young, James B. Brown, John Moose, Wm. Lamoreaux, Ben. Bosman, O. E. Yates, Harry C. Lynch, Fred A. Goodrich, Bradford E. P. Stoddard, Fred Sketeket, F. M. Gillespie, Wm. Botsford, Wm. Swift, M. A. Sooy, Clarence H. Weed, Jacob Nibbelink, J. Berghuis, Ray I. Booth, Fred G. Aldworth, Charles S. Bertsch, Geo. P. Humer, Harm H. Karsten.

BOOMERANG HIGH SCHOOL PUTS IN ITS APPEARANCE

The 1922 Boomerang, the annual published by students of the High school has put in its appearance.

The annual is dedicated to Alfred Serrine, head of the science department, and has many nice things to say of the wizard of radio, electricity, liquid air, and kindred wonders in nature.

There is a collection of autographs which are exceptionally thrilling and the ouija board prophecies of each member of the senior class are rather alluring.

Besides containing the pictures of many organizations and take-offs on the students, the physogs of the yell masters of the school are also in evidence.

The Boomerang is a permanent innovation in the local high and as its name implies is bound to come back every June.

HOLLAND TO HAVE NEW FIRE TRUCK COUNCIL DECIDES

ALDERMEN VOTE UNANIMOUS-
LY TO APPROPRIATE \$12,000
FOR THIS PURPOSE

Holland is to have a new fire truck and in the very near future the old time fire horses will be a thing of the past in this city. The horses have given good service and during all the years they have contributed much to the romance of a fire, but they will now yield to the march of progress and give place to gas driven fire fighting apparatus. For some years Holland has had a fire truck, but horses were also maintained; now the horses will go and the department will be completely motorized.

Final action was taken in the matter Wednesday evening at the regular council session. The aldermen were a unit on the matter of the buying of a new fire truck. They met informally with the board of police and fire commissioners Monday evening and after the informal discussion, the agreement was practically made to secure the truck.

This informal action was made formal and legal at council session Wednesday evening.

The new truck will have a one-thousand gallon pumper. To give an idea of what that means, it should be understood that the present fire truck has a pumper of 350 gallons, which means that the proposed new truck has a capacity of about three times that of the old truck. The type of truck is an American La France pumper and hose motor car, and the price is \$12,000.

There was no discussion about the buying of the truck, all that having been done previously. The aldermen voted unanimously for the improvement.

TELEPHONE CO. AND B. P. W. TO USE SAME POLES

Mayor Stephan reported to the council Wednesday night that he had secured an agreement between the board of public works and the Citizens Telephone Co. whereby the two concerns will use the same poles wherever possible. This will eliminate about 50 per cent of the poles throughout the city, and it is hoped to have the new system in shape within a year or less.

The agreement was reached as a result of an investigation into the reason for placing telephone poles along 17th street. These poles were necessary there for the present because the alleys between the streets had not been opened. The city will take steps to open the alleys, after which the poles will be placed in the alley.

CAN'T BUILD STORE ON THEIR OWN PROPERTY

YONKER PLUMBING CO. SEEMS
TO BE UP AGAINST CURIOUS
SITUATION

When is a piece of property not a piece of property, is a question that is bothering the aldermen. It appears that a person may have a deed to property, may pay taxes on it for years and years and then not be allowed to build on it.

At least that seems to be the case with the Yonker Plumbing Co. They own a strip of property on 8th street next to their store and have always paid taxes on it. Now they wish to build a store there but the strip has been used as an alley, and so it appears that they cannot build the store without providing another alley.

There seems to be a supreme court decision covering the case, and the aldermen were unable to come to a decision at Wednesday night's council meeting. Dick Schaftenaar, whose store is on the other side of the strip is willing to have the alley closed provided the Yonker Plumbing Co. signs an agreement to let him use their property for an alley. The company according to George Woldring, who appeared at the meeting, is willing to grant the use of their property for this purpose but is not willing to sign an agreement, which would prevent them from building on it later.

And there the matter rests. The hearing was adjourned for two weeks in order to find an answer to the riddle if possible.

BOOMERANG HIGH SCHOOL PUTS IN ITS APPEARANCE

This week most of the undertakers of Holland have been visiting Grand Rapids where the Michigan Funeral Directors Association is in session. It is said this association is a "live bunch."

Mrs. C. V. R. Gilmore of Holland is in Pella, Iowa taking part in the doings of the general synod of the Reformed church.

LOCAL FURNITURE CO. STARTS A BIG ADVERTISING CAMPAIGN

HOLLAND FOLKS ANXIOUS TO GO TO HOUSE SALE

HOUSES ARE NOW OPEN FOR
INSPECTION; SALE SATUR-
DAY AFTERNOON

You can bet your bottom dollar that there is going to be a big crowd at the public auction of two homes that are being put up at public sale by J. J. Arendshorst, sec'y of the home building association.

Today and tomorrow the houses are open for inspection from 1 until 6 o'clock p. m.

Hundred of prospective purchasers have been looking these houses over and no doubt many more will be on hand to give them the once over today and tomorrow before the sale.

John Raven the well known auctioneer of this city will be the man who will have the sale in hand.

The first sale will be made at 1:30 P. M. on Saturday, when the house on the corner of Pine avenue and 16th street, across from Holland high school will be sold.

After this house is disposed of to the highest bidder, the one located at 191 W. 16th-st., a little more than a block farther west will be the next to go under the hammer.

The houses are close together, not over two blocks apart, and the unsuccessful purchasers can have another try by following Auctioneer Raven and Secretary Arendshorst to house number two.

In any event the auctioneer can bank on a large crowd for the reason that an auction sale always is a novelty no matter what is sold. But when beautiful homes are being auctioned off the procedure cannot help but be interesting.

Remember the time for the sale is Saturday afternoon of this week at 1:30 o'clock corner of Pine Av. and 16th-st. The homes are now open for inspection.

COUNCIL DENIES NEW LICENSE TO WILL BLOM

WILL NOT BE ALLOWED TO OP-
ERATE BILLIARD ROOM ON
NORTH RIVER AVENUE

The Common Council Wednesday night denied the petition of Will Blom to conduct a billiard hall at his place on North River avenue. The chairman of the committee on licenses merely reported that the committee had looked into the matter and recommended that the license be not granted. Ald Sprang demanded to be told the reason on which the report was based, whereupon the chairman of the committee said that if it should become necessary to produce a reason the committee had plenty of evidence to back up its decision. No answer was given to Mr. Sprang's request and no reasons were given in open council meeting. When a vote was taken, the council backed up the decision of the committee and the petition for a license was rejected.

PAVING ONLY SOLUTION ON WEST 16TH STREET

The Holland Shoe Company once more sent a communication to the Common Council asking that West 16th-st. be placed in passable condition. They pointed out that hundreds of buyers come to the factory each year from all parts of the U. S., and that the condition of the streets was the worst advertisement Holland could ever get.

The street committee pointed out that it was a waste of money to haul gravel to that street, that it was impossible to put that street into good shape permanently short of paving it. The aldermen seemed to agree with this idea and the street committee was instructed to report at the next meeting on some plan for paving 16th street from Van Raalte avenue to Ottawa-st.

OTTAWA COUNTY STORE IS BURGLARIZED

The store owned by George Burh at Marne, was entered and robbed Tuesday night. Undersheriff Jack Spangler and Officer De Witt were immediately sent to investigate and up to this time no report had been heard. The same store was robbed a year ago. The officers are expected to report their results soon and their continued silence indicates action and seems to auger well.

CLIMBS TO TOP OF BIG FLAG STAFF OF COUNTY COURT HOUSE

William Streng of Grand Haven, though not a professional steeple-jack, rather enjoys hitting the high places occasionally. He staged a thriller by climbing to the top of the 105 foot flag staff on the court house grounds, with a bucket of white paint and the end of a new steel halyard. Mr. Streng pulled out the rusty halyard, which was caught in the block and put in the new one. Then he gave the top of the pole a coat of paint. He states that the pole swayed considerably but the view from the high point was worth all the discomfort.

LUNG MOTOR NOT LOST REPORT OF COM- MITTEE SHOWS

BUT INSTRUMENT SEEMS OF
LITTLE VALUE IN DROWN-
ING ACCIDENTS

That the lungmotor has always been at police headquarters, that it never has been lost, as was asserted at the council meeting three weeks ago, that it has however never been used in seven years because there has been no call for it, that it is more than likely that the lungmotor is worthless or worse than worthless in drowning cases, although it is very effective in gas cases, that three men in the police department are skilled in operating it—these are the facts brought out by a special committee that was appointed to learn what's what about the lungmotor.

It was reported that it was the general opinion of physicians that the lungmotor was no good in drowning cases. Mayor Stephan however read a letter from the lungmotor company in which it is assumed that the instrument is for drowning cases also. On the other hand, he pointed out, that life saving stations are not equipped with lungmotors, which would seem to show that they are no good in water accidents.

While there was no one there who could settle the controversy, it was the sentiment of the council that the lungmotor should always be kept ready for instant use and that the officers at police headquarters should keep in practice in the use of it. It should be rushed to the scene of the accident always, it was declared, whether it could be used or not.

The lungmotor has done good service in gas cases and it is worth while even if it is useless in water accidents. But it seems that persons acquainted with drowning cases put more reliance in resuscitation exercises. Holland's patrolmen are trained in these exercises, and the aldermen pointed out that it is well for the public to understand the limitations of the lungmotor.

GETS NEW LICENSE TO CONDUCT LUNCH WAGON

Edward Zwemer was granted a license to operate a lunch wagon on West 8th street at Wednesday night's council meeting. There was a protest against granting this license from the Holland Merchants' association, which was filed. Some aldermen protested against the granting of the license on grounds that the lunch wagon constituted a danger to traffic. Mr. Zwemer will be required to move his wagon further west, and his license fee was placed at \$75.

SAUGATUCK MAN HAS
CORNER ON LUCK

Contemplating the abundant indications of a good summer's business, W. C. McVea of Saugatuck, was contentedly going through his mail when he came to a letter informing him that his ticket, No. 21 was the lucky one to draw the new Ford coupe, and asked him to come to Wayland on or after June 5th, when the machine would be turned over to him. Not being addicted to gambling, Mr. McVea had no recollection of having bought any lottery tickets, and had about come to the conclusion that some one was playing a joke on him when his daughter Flora came forward with the explanation. Last winter, when the school children were gathering 15 contributions for the near east relief fund, her father had put his name on her list. Each contributor was given a numbered ticket as a receipt, but if Mr. McVea ever understood that this ticket participated in a drawing for an automobile, he winning chance, among tens of thousands, was so absurdly small that he had completely forgotten the entire matter. Not so Miss Florence, however, who promptly fled with her dad a strong claim for the car based on the right of discovery and preservation of the little strip of cardboard bearing the magic number.

He was picked up unconscious and it was found that two ribs and the collar bone had been fractured; besides it is feared that he was internally injured. This same horse last summer kicked its owner, breaking his leg.

BIDS FOR NEW JUNIOR HIGH SCHOOL ARE OPENED

The bids for the new Junior high school were opened Thursday night at 7 o'clock in the presence of a large number of bidders, material men and other interested parties, interested in the construction of Holland's new school.

The lowest bid for the general contract was \$245,000 and was made by McNabb & Son of Grand Rapids. The next higher bid was made by Frank Dyke, of Holland, \$253,450, a difference of \$8,450. The highest bid was made by Postma & Habing and was \$309,325. The difference between the highest and lowest bids was \$64,325. Other bids were F. N. Jonkman, Holland, \$274,434, VanDyke & Oosting of Holland, \$287,000; National Construction Co. of Muskegon, of \$276,000.

Henry Kraker of Holland is the lowest bidder on both plumbing and heating. His bid for plumbing was \$16,377, and for heating, \$26,939. The next highest bidder was \$4,193 higher on the plumbing, and \$540 higher on the heating.

George Van Landegend is the lowest bidder on the sheet metal work his bid being \$7,855, which is \$2,895 lower than his nearest competitor.

The lowest bid on electric wiring and fixtures was made by the Merler Electric Co., of Alma, and was \$6,664.80. The only local contractor to bid was White Bros., and their bid was \$9,492.

The National Regulator Co. of Chicago was the lowest bidder on heat regulation, \$6,609.

No contracts have been let up to this time and will not be until the board of education has taken the whole matter under consideration. For the next few days the committee will go over all the figures thoroughly and see if any elimination can be made to bring the cost lower.

The board is determined to keep the cost of the building and equipment within the appropriation authorized by the people of Holland.

It is expected however that within the next few days things will shape themselves in such a way that the contract can be given to the contractor having the most advantageous bid.

DEPUTY GAME WARDENS VISITING HOLLAND AND VICINITY

White bass fishing the past few days has been wonderful. It has leaked out that several messes have been caught but it seems that again considerable confusion exists about the law. The general supposition is that white bass may be caught here at any time with hook and line, but apparently the game department is going to hold Holland fishermen strictly to the letter of the law which means that no white bass may be taken until June 16.

The impression has gone forth not alone in Holland, but all over the state that this lake is exempt from that particular law and that white bass and perch would not be under the ban in our local lakes.

Apparently this theory is exploded for Deputy Game Warden Frank Salisbury and Warden John De Young of Kent county were right on the job Thursday night inspecting the boats of every fisherman on black lake.

No arrests were made, possibly because the white bass were not biting. However the two deputies informed a representative of this paper that they were here for the purpose of catching white bass law violators.

Mr. Salisbury stated that it is very desirable to protect white bass now and at least until the 16th of the month for the reason that it is now the height of the spawning season for this species of fish.

The law as sent out by John Baird, state game warden, relating to bass of all kinds is being tacked up by the deputies in concise form printed on cloth. Mr. Salisbury gave the writer one of these cloth signs and among the things mentioned bass are quoted as follows in the law.

"It is unlawful to buy or sell, or attempt to buy or sell any brook trout, large or small mouthed black bass, calico bass, white bass, sturgeon, blue gills, sunfish, rock bass, wall-eyed pike or crappies.

"Open season on white bass, calico bass, rock bass and crappies, June 16th to March 31st, inclusive. Legal length 7 inches. Limit 25 in one day—25 at any one time."

"Open season on white bass, calico bass and small and large mouthed black bass, June 16th to March 31st, inclusive. Legal size, 10 inches in length. Limit ten in one day, 10 at one time."

Apparently there is also some dispute about the crappies, and when the deputy game wardens were asked about this particular phase of the law they stated that this species of fish has several names. Some call them crappies, some speckled bass, and other calico bass. The game department does not know of a fish named a speckled bass, but states that these in reality are calico bass. Anyway the decision on calico bass and crappies seems to be rather vague and according to the law as printed these fish are also under the ban until June 15.

It seems that it would be an easy matter for the game department to list the few species of fish caught in Black lake, and after these are listed state specifically those we may and may not catch and when we may and may not catch them. This vague way of giving information has brought nothing but confusion which can be readily avoided by saying yes or no in an understandable way.

ANOTHER PEST TAKES JOY OUT OF FARM LIFE

Another insect pest has made its presence felt in this vicinity lately. This latest scavenger is the Grape Leaf Hopper which has arrived in the vineyards of the county long before its scheduled time. Much damage can be done by this insect unless it is checked before it attains its growth. The only means of stopping its depredation is by spraying which in this instance is very costly.

September is the usual month for the Hopper to start work but this season grape growers have been ending in early reports to the Farm Bureau telling of its troublesomeness. The insect is migratory and does not spend the winter here but goes where plants are on which it can feed.

The only method of controlling them is to spray with nicotine sulphate or tobacco extract mixed with one hundred gallons of Bordeaux mixture. The underside of the leaves must be reached by the sprayer and the spraying must be done before the insect gets its wings for then spraying is fruitless as the hopper can hop out of the way of the mixture. The hopper attacks the underside of the grape leaves sucking the juice from them and causing the white spots to appear. Following this the leaves dry up causing the general decay of the plant. The grape crop has become rather valuable in late years and though the method of spraying is quite costly it is worth while if grape culture is carried on a large scale, to check the hopper.

ZEELAND COUPLE WEDDED ON DECORATION DAY

Martin M. DeJonge and Miss Angeline Timmer, both of Zeeland, were united in marriage at the residence of the groom's mother, Mrs. M. De Jonge, Tuesday evening, May 30th, at 8:00 o'clock. The ceremony was performed by Rev. D. R. Drukker, in the presence of relatives and friends, numbering about 125. A chicken supper was served on the lawn at 7:30 o'clock and music was furnished by the Ottawa band, of which Mr. DeJonge was a member. The couple are well known in Zeeland, the bride being a daughter of Mrs. G. Timmer of Drenthe and the groom is a son of Mrs. Martin De Jonge of Zeeland. Mr. and Mrs. De Jonge will make Zeeland their home.

WANT DIEKEMA FOR U. S. SENATOR

The Otsego Union in an editorial says "Sidetrack the Old-Timers" and prints the following:

"The Union has a suggestion to make to the Republican party of Michigan, and if accepted we believe it would be beneficial both to the party and the people of the state in many respects. Here it is:

Sidetrack both Townsend and Kelly for the nomination of U. S. Senator, and nominate Gertrude J. Diekema of Holland. He would ably represent this commonwealth and remove the contest from any smear of Newberryism.

"We believe all republicans could and would harmonize on such a candidate. If the republicans nominate either Kelly or Townsend, there are many who will balk and vote for Woodbridge N. Ferris, who, by the way, is quite sure to be nominated on the Democratic ticket. If party unity is of any value this suggestion is worthy of sincere consideration. And with such a man as Ex-Gov. Ferris running on the Democratic ticket, party unity is vitally essential to party success. We move the name of Diekema or some other equally strong man be substituted if the Republicans of Michigan want to retain their seat in the upper house of congress."

VAN TONGEREN CIGAR COMPANY BACK AT OLD STAND

H. Van Tongeren is back at the old stand where he has been doing business for the past thirty years. The Van Tongeren Cigar Co. has been occupying another building the past few months while a new store was being built on the site of the old place of business. This building has just been completed and Wednesday night the removal to the new place was made.

The moving was done by hand, as it were. That is, no horses or autos were used. Little four-wheel trucks, borrowed from a local bakery were used, the show cases and wall cases being placed on them and thus wheeled along the sidewalk from one store to another. It made a good deal of noise but the moving was done without breakage.

The Van Tongeren Cigar factory which has been located on East 8th street for a year or two, has been established in the upstairs apartments of the new building, while the retail department will be on the ground floor.

HOLLAND WOMAN NEARLY BURNED TO DEATH

Mrs. John Stgystra was severely burned while cleaning the kitchen stove that had an accumulation of waste paper. In some unaccountable manner some of the paper that was in flame fell on the dress of the woman and soon she was a living torch. Her pitiful cries brought the assistance of her husband who pulled the burning garments from her body and smothered the flames with rugs that were lying near. Mrs. Stgystra is severely burned and in a serious condition. Mr. Stgystra's hands and arms were badly blistered in his attempt to save his wife.

Frederick John Schultz, a resident of Grand Haven township for the last seventeen years, died at the Elizabeth Hatton hospital, following a short illness. Mr. Schultz was born 65 years ago in Germany but came to America about 40 years ago. For a time he made his home in Chicago, moving to Grand Haven township 17 years ago where he has resided ever since and where he was well known.

CAPT. OF G. H. COAST GUARDS RETIRES

After more than 32 years spent in the U. S. Coast Guard service, Keeper Wm. Walker of the Grand Haven station will go on the retired list June 10, turning over his station to another keeper. He will step out leaving behind him as fine a record as can be shown by any man who has ever served Uncle Sam. Since boyhood his life has been closely associated with life on the lakes, both as sailor, riverman and lifesaver.

Beginning at the bottom he was enlisted as a surfman in 1889. Soon after his entrance into the service he was assigned to the Grand Haven station. His skill and ability won him recognition and in 1902 he was made a keeper, going on duty at the station at Sleeping Bear Point. He was transferred to Grand Haven in 1910, where he has been in command since.

Keeper Walker retires with the rank of Boatswain under the new U. S. Coast Guard classification, is probably one of the best known men in the service. Capt. Walker has a large number of friends among the Holland marine folks and is well known in this city.

DORIAN SOCIETY HOLDS BANQUET AT MARY JANE INN

The Dorian society of Hope College gave its first annual banquet Friday evening at Mary Jane Inn at Jenison Park.

Thirty young ladies invited thirty young gentlemen to partake of the toothsome dainties that Mary Jane knows so well how to create.

Not alone were they given a treat in this way but the ladies also rendered a program of music, speeches, readings for their special edification.

The first banquet was an unusual success, the color scheme of lavender and gold being followed thruout.

The menus were embossed in gold on lavender paper and the place-cards were done in the same way.

The other decorations corresponded with these same colors and the entire get-up was harmoniously blended in these society hues.

YOU GET WHAT YOU PAY FOR!

Experienced buyers, the world over, have long realized that when they investigate carefully before buying, they get just what they pay for. The great middle class to which most of us belong, does not make a practice of paying extraordinary prices for fancy things. Neither do sensible people pay a trifle and expect a great deal. They take the "middle of the road." They pay fair prices, and meet fair terms. In return, they do not only expect, but get, good goods and good service.

The excellent reputation of the Holland Furnace is due largely to the Company's policy of holding to the "middle of the road." The Holland Furnace is not fancy; neither is it cheap. It is built for the utmost in heating service. It is manufactured efficiently and sold at prices and terms that are right. Every buyer of a Holland Furnace is fully protected by the Holland Bond. Why not make the World's Greatest Organization of Heating Experts DIRECTLY responsible to you?

That is the record hung up during the past week by the Allegan ball team. Two shutouts, one over the Postum Cereals, the other over So. Haven, marked two of Allegan's victories. A Grand Haven clothing store as an advertising medium made it known that every kid of a certain age might get a skull cap if said young man would call at the store at 8 o'clock.

Altho skull caps are generally the wearing apparel indicating old age or a bald head, this fact did not seem to deter the youngsters from being on hand.

Long before the allotted time had arrived for dealing out the caps the clothing store was filled from end to end with youngsters big and small looking for the headgear.

At nine o'clock 200 of the caps had been disposed of and not half of the kiddies had been provided.

It is understood that the dissatisfied ones are now getting theirs and Grand Haven is filled with young chaps wearing a uniformed headgear.

GRAHAM & MORTON
TRANS. CO AGAIN
REDUCES FARES

The Graham & Morton Transportation Co. has made further reduction in their passenger rates by placing on sale 20 ride commutation books at \$50, which makes the fare one way \$2.50. The regular fare one way is \$3 and \$5.50 round trip. The resorters who come over each week end appreciate this very much as it is not only a great convenience to them but also a great saving.

Mr. Johnson, agent, announces that his company expects to give daily service about June 14, which is considerable earlier than heretofore. Last year it was June 25th when daily service went into effect. The company will soon be able to announce the summer schedule, which will give better service to the Holland resorts, than has been the case for many years. The Steamer "City of Holland" left Holland Wednesday night for Chicago, and Thursday will leave Chicago for Benton Harbor, to get a fresh coat of paint prior to daily service.

The steamer "Grand Rapids" left Chicago Wednesday night for Holland and will be on this run the rest of the season. It has been predicted by many marine men that the Steamer "City of Grand Rapids" will be the prettiest boat into Chicago this season, due to her new dress in white from the water line up. It has made the steamer look very much larger and has changed her look accordingly. Captain M. F. Morgan will be on the bridge as usual this season.

The reduction in fares on a commutation basis cannot help but stimulate the resort trade coming to Holland.

A fare of that figure will induce any number of week enders to come to the Holland resorts rather than go elsewhere.

This cannot help but reflect in the volume of resort trade and in that way help Holland and vicinity in a business way.

J. J. Cappon, who spent the winter in California, saw the picture, "The Silent Call," that will be shown at Colonial Wednesday

Thursday and Friday, in a Los Angeles theater and today he was enthusiastic about it. "It is without question, in my judgment, the finest picture ever made," he declared to the managers of the Colonial, and he advised every man, woman and child in Holland to see it. Mr. Cappon was so enthusiastic that he was willing to have his personal opinion of the picture quoted because he wished everybody to share the pleasure he had had in seeing it.

"The Silent Call" is a new picture and it ran for eleven weeks in one Los Angeles theater. It will run at the Colonial for three nights because of the expense of bringing it to Holland.

Both departments were called to two fires Tuesday. One was a grass fire in Kollen Memorial Park and the other was a brooder house belonging to Spriggs Te Roller on E. 5th street. None of the chicks in the house were burned.

Spriggs says that the jinx baseball team that he beheaded in the brooder house must have left some angry ancestors who were trying to get a little revenge.

Mr. and Mrs. Roy Cobb and son Lloyd and Mr. and Mrs. Jake Japenga spent Sunday at Burnips Corners with the later's parents, Mr. and Mrs. Henry Sutton.

LOOKING INTO THE
DISTANT FUTURE.

If by some magic the curtain of the future might be drawn back and you could see life as it will be ten or twenty years from to-day—where would you be?

You know the answer. The men and women who will then have the most independence and influence in our community will be the ones who to-day think and plan most wisely for the to-morrows—and hold themselves ready to take advantage of every opportunity that comes.

Nothing will help you more, five or ten years from now, than the dollars you can save by starting to-day—and you can save best by getting some bank to co-operate with you.

Miss Nellie Zwemer was the guest of honor and on this occasion addressed the ladies of the society on work in which they are vitally interested.

Late this summer, she will again leave for the mission field in China to resume her work there, a work to which she has dedicated her life. For many years Miss Zwemer has been instrumental in spreading the Gospel among the yellow race in this far away country with its millions of souls.

REPORT SHOWS OT- TAWA COUNTY OFFI- CERS ARE BUSY

The monthly report of the activities of the Ottawa County Sheriff's department has been made out for the month of May and the figures compiled show that the guardians of the public safety of this county have been on the job every minute; in fact it is just as often that one calls at the sheriff's office and finds him out responding to a call than when they find him in.

The number of arrests does not amount to a comparatively large figure as it has always been the policy of county officers to settle things without having to get the person's names involved in the police records, if such a thing is possible. A call was responded to not long ago where each party desired that the other be arrested and brought to their senses by the county officer who responded to the call. They were both quieted down. The jail has the least number of prisoners in it that have inhabited it since Sheriff Fortney took up his duties, there being but seven inmates at the present. This is a very striking proof of the general tranquility of the county.

The sheriff's department has responded to 41 calls in the daytime and to 37 calls in the night making a total of 78 calls responded to or about an average of two a day. The department has conducted 19 investigations of various natures and has made 29 arrests or less than one arrest a day for the entire county.

The amount of stolen goods recovered amounts to approximately \$400 which is an excellent figure considering that but one arrest was made in the entire month for larceny.

In doing the traveling required by the various business, the number of miles covered by automobile amounted to 1,940. Along with traveling some work was done for officers of other counties in returning men wanted and four persons were taken to the insane asylum and five prisoners were taken to the Jackson State Prison.

The amount of fees collected from attorneys for serving papers and turned over to the county treasurer amounted to \$97.84 and the fines and costs collected came to \$298.60.

The arrests made and their different reasons are as follows: two for drunkenness, five for speeding, four for assault and two for breaking and entering. One each was arrested for other crimes of embezzlement, reckless driving, larceny, cruelty to animals, bastardy, and body execution. Four insane persons were taken into custody.

This report showed great activity on the part of the department coupled with a lack of real criminal action on the part of people in the county. Ottawa county is a striking contrast to other counties where the state has been forced to take a hand due to the great amount of crime coupled with lax enforcement of the laws.

UNIVERSITY EXPERTS FIND WAY TO KILL DANDELIONS

Madison, Wis., June 5.—The University of Wisconsin lists as among its great achievements the discovery of an effective "death to dandelions" treatment.

Twenty-four hours after announcement of the discovery by the university horticultural experts thousands of letters have been received inquiring for the details.

The basis of the university's new discovery is iron sulphur, commonly known as green vitriol. Full investigation has shown its efficacy, it is said. The spray is made by dissolving iron sulphate, which is obtainable at any drug store in water at the ratio of two pounds to a gallon of water. One gallon of this solution will spray 860 square feet of lawn. Three sprays are necessary every year one in May, one in June and the third in the fall.

The members of the biology department of Holland high school held their annual picnic on Wednesday of this week. This picnic has become an annual event and has been held regularly for the past four or five years. It marks the close of the year's work of the department.

All the teachers and students in the department took part in this event and all told there were about one hundred thirty present. The picnic consisted of a launch ride on the "Tuscarora" to Saugatuck, leaving the Graham & Morton dock at 1:30 in the afternoon, and leaving Saugatuck at 7:30 in the evening.

ZEELAND SURE GOT A BEATING AT HANDS OF GRAND HAVEN

Grand Haven High baseball team went on a rampage with the war clubs during their invasion of Zeeland and took out a sweet revenge for the 7 to 2 beating which the Zeeland club doled out to Capt. Kammeraad's men in a recent game at the county seat. Grand Haven literally went wild with the bludgeon and every man poled out a safety of some kind. The final count was 19 to 7 in favor of the Grand Haven team.

ONE MAN CAR SYSTEM GOES ON A STRIKE

Highland park, Grand Haven was closed Sunday, as far as going by street car is concerned.

For some years a car has been negotiating the short trip to the beach about every half hour.

The car used is a one man affair, pay as you enter.

With the coming of the interurban strike, the one man on the one man car also went on a sympathy strike and Grand Haven's rail system to Highland park was put out commission, and the county seaters and resorters had to resort to automobiles or walk.

Grand Haven's beach is not far from the city and can easily be "hoofed" in three quarters of an hour, and because of the strike a regular parade of marchers was seen Sunday taking the healthy exercise.

No doubt before another Sunday the strike on the one man car system will be broken and the conveyance will roll along over Washington street as usual.

TAKEN YEAR AFTER DATE OF CRIME

That police departments have long memories was demonstrated to a person named Charles E. Cake, who tried to get away with a little skin game in Holland but who discovered himself facing a local justice more than a year after the alleged attempt to get something for nothing.

A year ago the past May Mr. Cake checked out from Hotel Holland after having been a guest there and in paying his bill he drew a check for ten dollars on the Illinois Trust & Savings Bank. Soon after that the check was returned as being no good and moreover a forgery. The Holland police department was notified and Chief VanRy took the usual steps to try to locate Mr. Cake, including among other efforts a notice to the Chicago police to be on the lookout for the man.

Nothing was heard from the case until Saturday, when the Chicago police notified Chief Van Ry that Mr. Cake had been taken into custody. Deputy Sheriff Johnson was sent to Chicago to bring the man back to Holland, and Monday morning Mr. Cake faced Justice Van Schelven. He was bound over to circuit court and meanwhile will be lodged in the Ottawa county jail.

RECITAL AT HIGH SCHOOL WAS POORLY ATTENDED

Possibly on account of the summer weather the audience at the high school to listen to the recital given by music pupils of the school was rather slim.

At least the instructors and the pupils deserve better attention from the citizens of Holland after having put several weeks of hard work into a program of this kind.

The audience that was present was a very appreciative one however and they listened to the best musical program that has been given in the high school for years.

Miss Cogdal, music instructor of the school, is to be congratulated upon the way she has trained the pupils along musical lines. Every number showed thorough training and the mixed chorus especially merits a great deal of credit for the way each number was rendered.

The male quartet and the girls and boys glee clubs especially pleased the audience.

Master John Lloyd Kollen received an ovation after the rendition of the "Prelude in G Minor," (Rachmaninoff), and the High School orchestra under the direction of Miss Keppel gave several numbers that were unusually well received.

NO STRIKE ON HOLLAND INTERURBAN ON WEDNESDAY

According to the State press on Wednesday morning the papers had the Holland Interurban railroad tied up as well as the branches of the Michigan R'y. The papers stated that the men walked out at 3 o'clock Wednesday morning, however Holland Interurban cars were running as usual and nothing extraordinary was noticeable.

A delegation of Holland motorists and conductors called upon Mayor Stephan Tuesday evening and told him of their grievances but he gave them to understand that his duty wasn't to arbitrate unless asked by both company and men, and that he couldn't settle a wage question where it did not concern him; that his duty was to protect the public and see that law and order was maintained and that service was given the public to which they were entitled.

The men did not speak of violence. However, the mayor stated that if the company or the men violated the law because of the strike then it was his duty to step in and see that the law was upheld. Mr. Stephan stated that he didn't entertain any such notions however and that if he knew the Holland aggregation of men as he thought he did, this strike would be conducted in a very law abiding way.

Early Wednesday morning one of the delegation who met with the mayor Tuesday night called upon Mr. Stephan and stated that the strike was off and that the cars would be running as usual.

In an interview with Mr. Harrsens, superintendent of the Holland Interurban, Mr. Harrsens stated that he had been working with the men all night and until Wednesday morning, and he with other officials of the road offered to arbitrate with the employees along certain lines, the company submitting the basis upon which they would arbitrate. The officials of the Union however turned down their proposal and submitted a counter-proposal, which the company stated they could not possibly accept. After a long conference it was finally agreed to settle the entire question by arbitration. Three men are to be selected to arbitrate, one to be selected by the company, one by the men and a third man will be selected by the two men chosen.

It is stated that the mayor of Jackson may be selected as one of the arbitrators. Just when these three men will meet to settle these differences has not yet been determined. It is hoped however that an amicable understanding may follow, for a strike on the interurban is on the eye of the opening of all resort business with all the activities incident thereto in the interest of both business and pleasure, would cause great hardships to those communities served by the Michigan R'y, and Holland and the local resorts would come in for no small part of these inconveniences and hardships.

DAUGHTER OF HOLLAND MAN IS BURIED IN GRAND HAVEN

Funeral services for the late Mrs. Mary Gronewelt were held Wednesday at Lake Forest. Mrs. Gronewelt passed away at Detroit Sunday, June 4. She is survived by her husband and the following children: Fred Gronewelt of Grand Rapids; Mrs. William Robertson, Mrs. Harry Switzer, Clarence, Russell, Ramseyne, Mildred and Dorothy Gronewelt, all of Detroit. She is also survived by her father, Hartger Jonker of Holland, a brother, Fred Jonker of Grand Haven, and three sisters, Mrs. John Tietz of Goshen, Ind., Mrs. Minnie Borgman and Mrs. Egbert Winter both of Holland.

"A" CLASS EXERCISES TO BE HELD ON JUNE 15

The "A" class of the Hope Preparatory department will hold its annual class exercises Thursday, June 15, at Carnegie hall. These class programs have always been well attended. The feature for Thursday evening will be a farce entitled "Ici on parle Francaise". This comic little sketch has a cast of seven characters, all of whom add to the ludicrous intrigues of the play. The sketch was written by Thos. Williams, with its scenes laid in England. Other scenes of interest will also add to the program, which will begin at 8.

HOLLAND POLICE NOT SO FORTUNATE AS TO HAVE AUTOMOBILE

By action of the city council of Grand Haven Monday evening, Chief P. P. of the police and fire departments, is to have a new car to help him in the performance of his duties on the two forces. The need for a police car has been felt for some time but nothing has been done but with the advent of the new traffic rules it became an obvious necessity. The car chosen for the department was a Maxwell. Delivery was made Tuesday. At any rate the chief of police will no longer ride the thoroughfares of the city on the time honored bicycle. It has long been contended that the department needed a car and the contention has now been recognized.

Holland police are not so fortunate and Chief of Police Van Ry is still hoofing it.

GRAND HAVEN EX- CHANGE CLUB TO ENTER- TAIN HOLLAND CLUB

Grand Haven Tribune.—The secretary of the Grand Haven Exchange Club said to the secretary of the Holland Exchange Club: "Hey, let your gang together and come on over, June 19. We gotta notion to buy a good dinner and you'd better come before we lose the notion."

The Grand Haven Exchange Club has hired the Highland Park hotel for the night of June 19 for the express purpose of giving the Holland Exchangeites a dinner party. The Hollanders have let it be known that they would be glad to be guests of the Grand Haven club for a change, and it is more than likely they will come trundling in over the West Michigan Pike along about supper time. Of course in these days of dry discretion there should be no difficulty in driving back home after the party.

DR. RALPH JANSSEN TO ANSWER CRITICS IN NEW PAMPHLET

Announcement was made that a new chapter is soon to appear in the light that is going on in the Christian Reformed denomination in regard to the teachings of Dr. R. Janssen, of the theological seminary of that denomination. About the middle of June a new pamphlet is to appear from the pen of Dr. Janssen in which he will answer the four professors who have been issuing charges about his teachings. The name of the pamphlet will be "Voortzetting Van Den Strijd," which means "Continuation of the Struggle," and the subtitle shows that it is an answer to the criticisms of the four professors. The booklet will be in the Holland language and it will be published by the Van Noord Publishing Company of Grand Rapids.

The Janssen case is receiving a great deal of attention among the Hollanders of this community as well as among Hollanders in other parts of the United States. While the Christian Reformed denomination is directly involved, the interest in the case is not confined to that denomination alone. Church papers of other denominations have been commenting on it from time to time and it seems that there is a keen interest in it wherever the Holland language is read and wherever the theology of the Christian Reformed and Reformed churches has adherents.

The controversy between Dr. Janssen and his four colleagues on the faculty of the Grand Rapids theological seminary who accuse him of teaching doctrines that are at variance with the creed of the Christian Reformed denomination has aroused a great deal of bitterness. The forthcoming pamphlet by Dr. Janssen is being awaited impatiently by people who have been following the struggle closely, and some are looking forward to it almost as impatiently as a school girl looks forward to the next installment of a sentimental story in her favorite magazine.

GAME VIOLATORS GET HEAVY FINES FROM HOLLAND JUSTICE

Two game law violators were arrested Thursday night by Deputy Game Warden Frank Salisbury of Ottawa and Deputy John DeYoung of Grand Rapids. The men arrested were A. J. Kamps and his son, John Kamps of Zeeland.

The deputies caught the men in the upper reaches of Black river above Scholten's bridge and when caught had in their possession several black bass which cannot be caught until June 16. The deputies also found some dope indicating that netting might have been going on, but the nets could not be found.

When the officers surprised the illegal fishermen with the illegal fish in their possession the men showed fight and in reality did resist the officers. They were taken before Justice Den Herder of Holland and he fined the father \$40 and \$4.50 costs and the son \$20 and \$4.50 costs.

The elder Kamps has been a violator for many years and the deputies have been on his trail often but never have been able to land him.

Justice Den Herder made this plain to the man, but Kamps simply smiled and that smile cost him \$20.

It is just this kind of illegal fishing that should be suppressed and the deputy game wardens are to be congratulated on landing this determined violator.

The deputies also caught George Heurts of Holland with Black Bass in his possession, caught near Scholten's Bridge. The man pleaded guilty before Justice Den Herder and was fined \$10 and \$4.50 costs.

It is just this kind of work on the part of the deputies that is receiving the backing and hearty cooperation of the Holland Rod and Gun Club.

ELSTERS' GANG GETS FIVE HOMERS; DEFEATS GRAND HAVEN 11 TO 7

Clouting the offerings of C. Westhof for five home runs, Jess Elsters' Colored Athletics had little difficulty in defeating the Grand Haven Independents, 11 to 7 at Grand Haven.

Norman, Parks, White and Jones, all contributed a la Babe Ruth, the last named getting two circuit drives. White also featured with a circus catch.

On the Pere Marquette railroad during the summer between Holland and Pentwater the service of trains 101 and 102 will be daily instead of daily to Muskegon and weeks days north of Muskegon.

SERIOUS AUTO ACCIDENT OCCURS FRIDAY NIGHT ON SAUGATUCK ROAD

At 7 o'clock Friday evening a serious accident occurred on the road between Holland and Saugatuck when Judge Slagh drove his auto into the horse and wagon of Lewis Holtgeerts unavoidably.

Because of the impact the horse was so seriously injured it had to be shot, the wagon was badly smashed and the man was injured about the legs.

The collision was so severe that the Slagh car practically plowed

through the horse and wagon and added with the car of A. R. Landwehr and knocked the bumper off the latter car.

The whole affair seems to have been a general mixup on a narrow culvert bridge in the roadway.

A car filled with school pupils it is said was ahead of the Slagh car going at a brisk rate of speed. The Slagh car was immediately behind while the horse and wagon was just approaching a narrow culvert bridge. The story goes that the car containing the young folks slowed up for the wagon which was obscured from the Slagh car by the car ahead.

Holtgeerts apparently is a fine fellow. Altho his horse was killed and he himself received injuries, he seemed more concerned about finding out whether anyone in the car had been injured and was anxious to give them aid.

No one was hurt however, altho the front end of the Slagh car is pretty well mangled up.

Deputy Sheriff Herman Van Oon of Allegan county was also on hand and aided in straightening things out as best he could.

COUNTY FARM AGENT NAILS AN UNTRUTH ABOUT PRICE RAISING

In a statement issued Friday, C. P. Milham, head of the Ottawa Co. Farm Bureau, absolutely denied the charges made recently regarding articles that have appeared stating that damaging pests were at work on fruit crops of the county, have any connection with any ring which desires to raise prices.

Certain individuals are making statements in regard to the articles mentioned saying that they will influence prices and were designed to do so. Mr. Milham states, "the purpose of the Ottawa County Farm Bureau is to serve the farmer in any possible way by giving him a warning of any insect pests that may attack his crops. Whether this is done through the columns of a newspaper or by personal letter or talk, the purpose is the same. Serving the farmer is our work and indirectly by keeping watch on any detriment to good crops we are then serving the public. The purpose of the articles was merely as a general warning."

Publishing such statement as general news is the same duty to the agriculturalist as published news of some other import would be to the city dweller. Insect pests do play a great part in agriculture and it is necessary that the farmer be on the watch at all times to insure the good crops which earn him his livelihood.

Conditions which have been described are exactly as represented and no stretching of the truth has been indulged in. Prices will be affected by insect depredations whether they are reported or not.

HOLLAND CHURCHES GIVE LIBERALLY TO RELIGION

Holland churches make a good showing in church work. Purses strings are not held tight when the deacons come around.

Twenty-four churches in the classis of Michigan in the Reformed denomination contributed a total of \$224,545 during the past year. Of this amount, \$151,431, was for congregational purposes, \$60,162 for denominational purposes, and \$12,952 for other purposes.

Central Reformed church, Grand Rapids, Rev. J. A. Dykstra, pastor, heads the list with 327 families and contributions totalling \$25,229. Hope church, Holland, is second with contributions totalling \$23,782 and Third church, Holland, 3rd with \$23,218.

HOLLAND'S COUNTRY CLUB OPENS BIDS FOR NEW CLUB HOUSE

Monday evening at a meeting of the directors of the Holland Country Club bids were opened to ascertain the figures of the different contractors who bid on the new country club building.

There were several local bidders, however it was found that Contractor Frank Essenberg gave the lowest bid, it being \$18332.00.

The building committee is holding the matter in abeyance for a few days when no doubt the contract for the new building will be let.

The new club house besides containing a large veranda will have all the conveniences common in buildings of this nature and will contain one large room 26 x 40 ft. that can be used for banquets, receptions and others functions where a great deal of room is needed.

The new club house will be built on the brow of the hill overlooking the winding Black river with its clump of woods directly to the east.

The golf grounds comprise 131 acres and work is already far advanced on a nine hole course. There is enough ground to build a complete course of 18 holes, and golf experts say that when this course is completed, it will be found to be the finest in western Michigan. The grounds are especially adapted to golfing, it is said, and Black river winding through it is especially essential and desirable in a grounds of this kind.

The natural scenery from the club house north and east is about the finest to be seen anywhere in Ottawa county, and the grounds are easily accessible from either Holland or Zeeland as the cement road leads right up to it.

The Holland country club now has 143 members signed up, and it is expected that by the end of the week an even 150 names will be found on the roster.

The Coast Guard cutter at Grand Haven answered a distress call on Saturday night from the cabin cruiser Lunetta which was disabled about two miles off the pier. The cutter made a speedy run and towed the craft in. A rising wind made these aboard the cruiser a bit apprehensive and signals were sent out continuously until the cutter left the harbor. The disabled craft has been laid up on Spring Lake this winter and has been in commission for some time.

FELL AND RIEMERSMA ARE RE-ENGAGED

We are pleased to relate that Supt. E. E. Fell has been re-engaged by the Holland Board of Education as superintendent of our public schools.

Although Mr. Fell is entering upon his 13th consecutive year he is not superstitious and has his whole heart and soul in his work.

His duties are augmented by added duties because of the erection of the new \$300,000 high school, but the superintendent has broad shoulders and can carry the load easily.

Equally pleasing is the fact that John J. Riemersma will continue as principal of Holland high school.

"Jock" has made a host of friends among the pupils and his work among them has been excellent.

Very few changes will take place in the higher grades. The board of education announces that all the high school and junior high school teachers will return with the opening of schools in September. In the grades, however, 15 new teachers will fill vacancies and with three exceptions all the places have been filled. No change will be made in salaries. The teaching corps numbers 82.

SCHOOL OF MUSIC STUDENTS GIVE FINE RECITAL

A very fine musical recital was rendered by students of the Hope College School of Music at Winants Chapel Monday evening. The program consisted of selections in voice, piano and violin, and was given before a full house. This is the first of the two June recitals which are given annually for the benefit of the public. The second is to be held at Winants Chapel on Tuesday evening, June 13, to which the public is invited. These musical treats have become very popular, and are attended with increasing interest each year.

The Hope College School of Music has a present enrollment of 62, and provides courses in piano, pipe organ, voice culture, the violin, viola, and other stringed instruments. An opportunity is also offered for ensemble work, including classes in harmony, composition, history, theory and sight-singing. These privileges are extended to the pupils of the city, as well as the students. The programs are being given under the direction of the faculty of the School of Music. Mr. Oscar Cress is in charge of the piano, Mrs. W. J. Fenton of the voice culture, Prof. Bruno Meinecke, of the violin department, and Mrs. M. C. Robbins as accompanist.

The following took part in the very fine program Monday night: John Kuipers, Jennie Ruigh, Hazel Albers, Cornelia Nettinga, Nita Caldwell, A. C. V. R. Gilmore, Mary Pieters, Bruno Meinecke, R. Fieldhouse, S. Heemstra, Isla Pruim, Amy Ruth Zwemer, Mabelle Mulder, Helene Van Kersen, Mrs. Arthur Visscher and Miss Mildred De Pree.

Only \$67,500 remains to be procured before the college can claim conditional pledges which total \$125,000.

FIRST REPORT SHOWS BUSY MONTH FOR THE CITY INSPECTOR

At a meeting of the board of health Monday evening at which all the members were present it was decided by a unanimous vote to withhold all licenses from the milk dealers in the city until the reports come back from Lansing showing that the herds from which the milk is obtained have been tuberculin tested in accordance with Holland's milk ordinance and that they have been found free from tuberculosis. Milk dealers will be given thirty days to comply with the provisions of the ordinance.

The new city inspector Monday night made his first monthly report to the board of health, showing what work has been done and what results have been accomplished. According to this report 19 milk rooms on the farms where the milk sold by the local milk dealers is produced were inspected the first part of the month and again inspected at the end of the month to see whether the recommendations made on the first trip had been carried out. The second trip showed wonderful improvement, the inspector reported.

Fifty-three groceries and meat markets were inspected during the month. Forty-two groceries were directed to make certain alterations and improvements. A large number of alleys and premises were inspected, and 317 property owners were directed to clean up their alleys.

Nine signs were posted for contagious diseases. Three men pleaded guilty to bringing meat to the city in an unsanitary condition. They paid a fine for this violation of the city's food ordinance. Two of the milk dealers were deprived of their licenses and forbidden to distribute milk in the city in the future.

LOCAL PUPILS HAVE CHANCE TO GO ON A "TREASURE HUNT"

Holland and the surrounding community is probably as rich in historical lore as most places in the state, and this fact gives the pupils in the schools of Ottawa and Allegan counties a fine opportunity to win a prize offered by the Michigan Historical Commission. The subject for the 1922-1923 prize essay contest in Michigan history, the commission announced today, is "A Treasure Hunt."

"Priceless historical treasures lie within easy reach," the commission says in its announcement, "more precious to the historian than the buried treasures of Captain Kidd—old letters, photographs, pictures, diaries, early newspapers, scrap books, account books, Bible records, genealogies, Indian and pioneer relics, of endless description."

"The essay in this contest should tell the story of an historical treasure hunt made by the student, and describe some of the finds," tell how they were discovered, and show how they are of historical value."

The commission points out that often in the past the prizes have been won by students in the smaller schools of the state, showing that all have an equal chance. The contest will be conducted jointly in each community by the superintendent of schools, the regent of the D. A. R. and the president of the Woman's club, or by any one of them, who shall be judges of the essays. First and second prizes will be given in two groups, to students in the grades and in the high school. The local committee will determine the local prize to be awarded. The judges are to forward the prize essays to the Michigan Historical Commission on or before April 30, 1923, when they will be examined by the state committee. The essays selected by the state committee will be published by the Michigan Historical Commission. The essay may be as long as the student desires, but not less than 500 words.

The Ladies Aid Society of the Methodist church is an extremely busy organization and it does a great deal of effective work for that church. In appreciation of the services of the women, the official board of the church gave a banquet to the members of the Aid. A splendid feast was served by the men of the church, the catering being done by Miller's restaurant. The program consisted of three selections by the high school quartet, an address on behalf of the official board by Thos. Olinger, a response by Mrs. G. C. Moody, president of the Ladies Aid, readings by Mrs. Nina Daugherty, and a solo by Mrs. Wm. C. Vandenberg. There were about 75 present at the banquet.

The Ladies Aid Society is in charge of the hospital department of the church. It gathers funds for the Bronson Methodist hospital at Kalamazoo, and besides that its work extends over a territory from Maine to Alaska. In addition to its other work it paid off \$1500 on the church debt last year, and so far this year it has already raised \$1,000 for the same purpose. It was in appreciation of these services that the banquet was given.

Charles D. Karr of the Holland Furnace Co. went to Chicago on business. Prof. and Mrs. Paul Visscher and baby are visiting at the home of Mr. and Mrs. J. W. Visscher.

"The Women Pay."

THE past two or three years have witnessed an alarming increase of "Cat and Dog" stock-jobbing concerns. They sell stock to the unwary investor in all sorts of questionable activities. 90 per cent. of their sales are made to women.

We urge all thoughtful men to protect their families from unwise investment. It can be done by providing a definite income from a "trust fund." Our "Living Trust" may be started any time. The accumulating income from these funds adds rapidly to their value.

THE MAGIC
POWER
WITHIN

If you break your arm
there is a "power within"
the body that mends the broken bone.

If you lacerate the flesh, there is a "power within"
that heals the wound.

What is true of a broken bone or of a flesh wound,
is also true of burns, scalds and bruises.

Chiropractic teaches that this "power within" is
the only power on earth that heals, cures, or mends, and
that what that power cannot or will not heal, cure or
mend, is beyond the power of anything on earth.

Chiropractic teaches that the power within moves
the body, regulates the heat of the body, converts com-
mon food into living flesh and blood, develops the body
from a single cell to an adult organism and reproduces
the species.

It teaches that this power performs these physical
functions by means of impulses sent over the nerves,
and that when a nerve is impaired the impulses are in-
terfered with and produce disease.

To cure disease the tissue interfering with the
nerve must be adjusted to normal.

GOVERNOR ISSUES FLAG

DAY PROCLAMATION

Gov. Groesbeck today issued the following flag day proclamation: "Flag Day, why? In order that by the setting apart of such a day we may be reminded of the significance of the flag of our country. In all civilized lands the flag is held a sacred emblem. To show our respect for the flag is to show respect for the things for which the flag stands. We honor the flag then not for what it is physically in design or texture or coloring, but for its spiritual significance, for what it represents. In pledging our allegiance to the flag we pledge allegiance to those great principles of Liberty, Justice and Equality which are at once the foundation and the bulwark of the Republic.

"Therefore, by virtue of the authority vested in me as Governor of the State of Michigan, I hereby proclaim Wednesday, June 14, 1922 FLAG DAY. Let flags be displayed on both public and private buildings and let community exercises appropriate to the day be held wherever practicable."
