"OLD BALDY" AT SAU-
GATUCK IS ATTRACTIVE

Detroit Times:

Saugatuck is a widely known Western Michigan resort. One of its chief attractions is "Old Baldy," a mountain of sand where one takes three steps forward and slides back two, but with perseverance and the exertion of much energy may finally reach the top to be rewarded with a magnificent view of old Lake Michigan.

Henry Hiding, who taught at the Iron Mountain high school, is home for the summer.

In connection with the C. E. Convention in Holland at the end of this month, Hope Church is expected to provide hospitality for one hundred delegates. These will require food and breakfast on June 27th, 28th, and 29th. All who desire to help, will please communicate with Mrs. C. J. Dregman, Mrs. C. J. McLean, Miss Laura Boyd or Prof. Raymond. Other churches are also doing likewise.

**HOLLAND'S DUTCH
CHARM FASCINATES**

Detroit Times:

Welkom Vreemdelingen is the greeting one receives in Holland, Mich., with its Dutch charm and beauty.

Everywhere one sees the quaint windmills and the Dutch shoes. Located on Black Lake and within a short distance of Lake Michigan, it offers a variety of interest to the visitor.

"Slums" are unknown—a city of well kept homes.

Macatawa Park and Ottawa Beach are near-by popular summer resorts. Thousands of people annually visit the famous Getz farm near Holland.

HOLLAND EAGLE SEES GOVERNOR GREEN AT LANSING

**News Items Taken From the Files of
Holland City News Fifty, Twenty-five
and Fifteen Years Ago Today**

FIFTY YEARS AGO TODAY

Just as we go to press a load of strawberries arrived in the city from the countryside, the first this season. The farmer got 4c per quart and these are selling now for 6c in the Holland stores.

G. J. A. Pessink exhibited an egg laid by one of his hens which weighs 3½ ounces, almost double the weight of an ordinary egg.

Five different families in Holland have sent in complaints to this paper that cattle broke down their fences and destroyed their gardens. We can't have a beautiful city and a banyard at the same time. "City fathers" should stop the running of cattle at large in this town.

Pluggers Mill last week received over 600 bushels of wheat. Mr. Farmer should have followed the advice given by the Holland City News two months ago and unload their "hold-over" wheat, held during the winter for better prices. Since that time wheat has dropped 20c; what else could be expected with a large crop of wheat now in the fields and harvest only a few weeks away?

Note: A little gambling going on even 50 years ago, it seems.

TWENTY FIVE YEARS AGO TODAY

Born to Mr. and Mrs. Wm. Van der Voere, a son. To Mr. and Mrs. Geo. Huizenga, a son.

The salary of the postmaster at Zeeland has been raised from \$1300 to \$1400.

Geo. P. Hummer of Holland has been appointed a member of a commission who is to investigate and find out the cost to Grand Rapids of procuring their water supply from Lake Michigan. Note: It was found the cost would be tremendous and the "Furniture City" is still being supplied from sources nearer by.

Hundreds of acres of sugar beets have been destroyed in this vicinity because of the heavy rainfall and continued cold. Farmers are not praying for rain this time.

A marriage license has been issued to Adrian J. Westervelt, 32, and Mrs. Josephine Kleyn, 30, both of Holland.

A marriage license has been issued to John De Pree, 36, and Nellie Duinker, 26, also to Matthew J. Lokker, 22, and Ada Duinker, 24; all parties are from Zeeland.

Born to Rev. and Mrs. Sam M. Zwemer, Tuesday, a daughter. Henry Cronkright is building a new home on West 15th street, to cost \$2000. Abel Postma has the contract.

FIFTEEN YEARS AGO TODAY

Sam Miller, depot restaurateur, caught a large catfish from the Waverly bridge in Black River. Sam had a fierce battle with the cat, but landed him despite his one arm handicap. The News of June 10, 1915, shows a picture of Sam and his fish weighing 14 pounds.

Born to contractor and Mrs. Abel Postma, a daughter.

"D. P. Perry" and "Skidoo" resort ferry boats are in the slip at Scott Lagers docks on 5th street where they will be overhauled and made ready for the resort season.

Road Commissioner Austin Harrington states that the West Michigan Pike will soon be complete between Holland and Grand Haven as far as West Olive where a detour will have to be made for Agnew.

Henry Nyenhuis of Forest Grove, a farmer, 23 years old, lost control of his car as he was entering the barn. The machine went thru the side of the structure and after it was all over, it was found that Nyenhuis was dead, his neck being broken.

The marriage of Harry Prins and Miss Minnie Tuls took place. The ceremonies were performed by Rev. Tuls, brother of the bride, and Rev. Walkerton. Miss Helene Tuls, a sister, was bridesmaid and the groomsmen was Geo. Prins, a brother.

38,000 PHEASANT EGGS TO BE PLANTED THIS SUMMER

Prospects that a total of 38,000 pheasant eggs will be set in Michigan this spring with the resulting birds to be released, are indicated in figures submitted by the game division of the department of conservation. These figures do not include the birds to be reared in continuous captivity under commercial breeders' licenses. Three large and one small pheasant-hatching and rearing "farms" are now in operation, and this season's setting of eggs will be by far the greatest since pheasants were introduced into Michigan.

PENNIVILLE BUSINESSMEN PUT UP SIGNS FOR TRADE

L. H. Bourne and Cliff Steenburg have placed 35 or 40 Pennville direction signs that the Business Men's association bought last fall. The territory covered is from New Richmond to Pullman and west to Round Lake, so that a stranger going thru this part of the country should have no trouble in knowing where Pennville is and the distance to the village.

Michigan is represented in the Chicago synod by 75 churches and 22,863 communicant members or 65.7 per cent of synod's strength. The committee to serve on the synodical inspiration conference for the coming year includes Rev. Seth Vandewert, Rev. Thomas E. Welmers, Holland, Rev. John H. Brugers, formerly of Holland, now of Coopersville, Rev. A. Karreman, Rev. Gerrit J. Hokhuis, Rev. H. Hoffs, Rev. Benjamin Laman, Rev. E. E. Heeren and Rev. H. Maassen.

INDEPENDENT AND CHAIN STORES JOIN IN CLOSING AT ZEELAND

It appears that the "Lions and the Lambs are lying down together" at Zeeland. Anyway, both independent and chain store managers are bound to have a half holiday together during the summer.

From June 18 and continuing throughout August all stores will close on Wednesday afternoons each week for a half holiday.

Holland merchants last year and also this year have discontinued their "half holiday," some claiming that trade in a resort community suffers because of the closing.

All the same, merchants in Zeeland have signed up and here is the list:

A. La Huis Co., The Great A. & P. Tea Co., Nies Shoe Store, F. Boonstra Merc. Co., Mrs. G. Warren, The Quality Furniture Shop, Barenman's Store, Central Market, Jacob Lokers, The Kroger Groc. & Baking Co., Datema & Huizenga, George Kamps Elec. Shop, Peter D. De Pree, Wm. MAY WEATHER REACHES HIGH MERCURY MARK

A month of extreme temperatures has just passed according to the Ottawa County weather man, marking weather from summer heights of 88 degrees to freezing temperatures of 35 degrees. It was the warmest May since 1922 with an average temperature of 55 degrees and 0.5 degrees above the normal.

It is the only May on record above normal since 1922. The period from the 4th to the 11th was unusually warm, the day averaging from 11 to 21 degrees above normal. The temperature of 88 on the 10th equalled the record for May made in 1919.

After the 13th the temperature was continually below normal except on three days. On the 13th there was an accumulated excess of 137 degrees. By the end of the month this had been reduced to eight degrees. The lowest temperature of the month was 35 degrees on the 25th.

Frost occurred on the 25th, 29th, 30th and 31st. Gardens were damaged considerably and the strawberries also suffered. Tree fruits escaped. The greatest daily range in temperature occurred on the 8th with a range of 32 degrees.

Precipitation totalled 1.61 inches or just half the normal. Rains were frequent but small, the heaviest rain being 0.36 inch on the 7th. Measurable amounts fell on 14 days. Thunder accompanied the rain on five days.

Wind movement was moderate, the total being 8006 miles or an average of 10.8 miles per hour. No high winds were recorded, the highest being 30 miles per hour from the south on the 2nd and 30 from the west on the 21st. On the seventh, when wind squalls did damage over much of this part of the state, the maximum wind here was only 25 miles per hour.

RED MAN HAS WHITE
MAN'S LESSON LEARNED

The noble red man, who once sold Manhattan Island for \$24 worth of glass beads, seems to be getting wise to himself—or, perhaps, wise to his white brother. A western museum curator recently toured the Southwest to collect Indian pottery for his museum. He found, he says, that the Indian nowadays is cooking his meals in nice steel and aluminum pots and pans made by modern mills. He uses them because they are more serviceable and convenient than his own pots. But he still makes pots, just the same. And why? To sell to the white tourist, who buys them without the slightest hesitation. With the money thus obtained the Indian outfits his own kitchen, and has enough change left to buy food and clothing as well. The red man, it seems, is making up for that episode of the glass beads.

Therefore all things whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets.—Matthew 7:12.

Comment: The Golden Rule fits admirably into the life of every one almost every moment of every day. The very fundamentals of our social and business standards are based with a psychological effect upon the true meaning and intent of this wonderful passage.

After this manner therefore pray ye: Our Father which art in Heaven, Hallowed be Thy name. Thy kingdom come. Thy will be done in earth, as it is in heaven. Give us this day our daily bread. And forgive us our debts, as we forgive our debtors. And lead us not into temptation, but deliver us from evil: For Thine is the kingdom and the power, and the glory, forever. Amen.—Matthew 6:9-13.

Comment: The Lord's prayer has been indelibly imprinted on our minds and it affords quiet peace and consolation at all times.

J. D. Jr. Gives \$12,000,000
Fear, Strange Thing
Salary, One Million?
Ocean Air Travel, Perhaps

The world needs little and big things.

It needs little brooks to create loveliness; great Niagara to create power.

It needs little fortunes for millions of happy and useful families; big fortunes, with power, to do really big things.

John D. Rockefeller Jr. has offered to New York city land for parks and buildings to the value of \$12,000,000.

One enormous tract of fifty-six acres in Manhattan could not be duplicated.

Several million dollars' worth of land and five million dollars' worth of buildings, including the magnificent new building for the Metropolitan Museum of Art, make a considerable gift. You must have many millions to do that.

Fear works strangely.

Any Johnson, English girl, twenty-three, flew all alone in her little Gypsy Moth plane from England to Australia, ten thousand miles, without fear or hesitation.

Hurricanes, lightning, fogs, wide oceans, deserts, jungles; all meant nothing to that girl.

But when a radio hookup was all arranged and the world was listening, little Miss Johnson ran away.

"I'm afraid," said she.

Henry Ford says business conditions are improving rapidly. "A lot of these fellows were fooling around with the stock market, and they got caught—badly caught. They had to go to work again. Now they have been at work, and they are beginning to enjoy it."

Business is improving, according to Mr. Ford, because intelligent people that were gambling are now working.

John D. Rockefeller lives quietly, plays golf, leaving men younger than ninety-one to run Standard Oil. But he keeps up his advice to the world and when he advises he advises wisely. Much wisdom was condensed into the few words he said to a player in his foursome, "Be deliberate" and "Talk less and play better." That is a good "How to succeed" recipe.

Young ladies, graduating in a college for women, are urged by Rev. Dr. Robert Parrish to "be brain and money women."

We owe much of education, science and art to rich men, says the doctor, and must not "despise wealth."

No tendency to despise wealth is visible in this country. But many still maintain that the "brain and money woman" is not as desirable as the "charm and baby woman."

Eugene G. Grace, president of the Bethlehem Steel company, Charles M. Schwab's creation, declined to answer questions about his salary. Lawyers asked: "Is your salary more than one million a year?"

Mr. Grace replied, in substance: "None of your business."

Once the mention of a \$1,000,000 salary would have shaken the stars in their courses, almost. Now it shakes nobody. Everything is a matter of percentage. If you earn \$5,000 a year for your employer, you are worth about \$2,500.

If you earn \$5,000,000 a year, you are worth \$250,000. If you earn \$50,000,000 a year, you are worth \$2,500,000.

Doctor Eckener's recent exploit, flying from Friedrichshafen to Brazil, to the United States, and home across the Atlantic, may mean the beginning of ocean travel for everybody. Before the Zeppelin sailed Charles E. Mitchell, head of the National City Bank of New York, Colonel Deeds of the United Aircraft company, and others, discussed seriously with Doctor Eckener the proposition of regular transatlantic air travel.

The boy that invested one dollar in a derby lottery and won \$149,000 "split the money three ways." His brother got \$35,000, he kept \$35,000 and gave his father \$79,000.

There was no quarrel. Each felt that he was getting about all the real money in the world.

Everything is comparative. Many men in the United States would call the total \$149,000 "not worth thinking about."

The London Daily Mail is agitated because 3,000 men marched through the street at Poona, in India, "openly abusing the government, carrying a portrait of King George, emperor of India, decorated with old shoes, in contempt."

The Mail correspondent thinks something should be done to make the Hindus respect their British emperor.

The fact that not very much is done shows how wise the British are. Great Britain will let you talk to your heart's content, if you don't act.

In Hyde Park, a few blocks from Buckingham palace, you may say whatever you think about King George.

A wise nation knows enough not to sit on the safety valve. Man's mouth is his safety valve.

Plans For Their Own Farewell to College Life

The new Hope Memorial Chapel will be the scene of the Baccalaureate Services next Sunday, June 15. Rev. Frederick Shannon of Chicago will deliver the main address of the evening, and the chapel choir will render several selections. The present Senior Class has the honor of being the first to use the new chapel for graduation purposes.

At eight o'clock on the following Wednesday evening, June 18, the Commencement Exercises will also be held there. By merit of his scholastic standing, Marvin Kuizenga will deliver the valedictory address. Ernest Klerkoper and Herman Kuizenga will speak at choice of the faculty, and Lois DeWolfe and Stanley Verhey are choice of the class. The talks are to be eight minutes in length. There will be a vocal solo, an organ-piano duet, and numbers by a quartet and a Ladies' Chorus interspersed in the program. As usual, awards and prizes earned during the year will be presented to the winners that evening.

The present Senior Class consists of 96 graduating members. Marvin Meengs is serving as president and Arthur Oudemool as vice-president. The secretary is Verna Brower, and the treasurer has been in the hands of Evelyn Sketkee and Herman Kuizenga. Those who have been representing the Seniors in the Student Council are Myrtle Klooster and Marvin Kuizenga.

Most of the work necessary in preparation for commencement has been done by committees. General affairs were in charge of Earle Mosier and Warren De Pree. Evelyn Sketkee, Roxie Haldane, Stanley Verhey, and Bernard Arendshorst planned, ordered, and distributed the invitations. Caps and gowns were in charge of Henry Wolthorn. The music was selected by Bernadine Siebers, Alice Brunson, and Arthur Oudemool, and gifts by Leonard Hogenboom, Sidney Heersma, and Ernest Klerkoper. Through division of labor, the work has been efficiently done, and all is ready now for the big events of Sunday and Wednesday evenings, the latter night being Commencement Night.

Former Holland
Man President of
General SynodWYNAND WICHERS SUCCEEDS
DR. KUIZENGA AS MEMBER
OF PENSION COMMITTEE

Delegates from Holland to Asbury Park, New Jersey, attending the Synod of the Reformed Church of America are on their way home after the adjournment which took place Thursday. Some will linger in the East for a few days but it is expected that all will be home by Sunday.

A short resume of the week's doings are given in this column.

Dr. Milton J. Hoffman of New Brunswick seminary was elected new president of the synod. Among those in the race for the high position were Dr. Henry Veldman of Muskegon, Dr. John Wessink of Pella, Ia., and Dr. Henry Hospers of Holland.

All the delegates rose to their feet when Dr. Hoffman was impressively escorted to the platform by the venerable elders from New York city, Dr. Brouwer and Dr. H. Noble.

Dr. Poling greeted him and addressing him said: "The greatest gift of the Reformed church is yours, and the seal of the Holy Spirit is upon it."

Dr. Hoffman was born and reared in Overisel, Mich., was graduated from Hope college and studied at a Rhode Island seminary. He was elected vice president. The presence of two ministers by the name of Murphy at the synod of the Reformed church started the synod off into some pleasantness.

In the matter of union with the Presbyterian church, Dr. Hoffman was elected president of the synod. Large numbers are not of Dr. Poling's mind concerning union. This is true of leaders in the east as well as in the argument on the merger.

Speaking in behalf of the ministers' fund, C. E. Houtkamp, an elder of the First Reformed church of Holland, referred to the address of Abraham Lincoln in which the great president pleaded for the support of the widows and orphans of those who died for their country. "The minister is the most valuable man in the community," said Mr. Houtkamp, "and his widow and orphans should be provided for by the church for which the minister lived and died."

Wynand Wichers of Holland succeeded Dr. John E. Kuyper as president of the pension fund committee. In the last half hour of Friday's session, church union engaged the synod, and tomorrow will be a day of spirited argument on the merger.

General synod of the Reformed Church in America, at its session in Asbury Park, has confirmed the nomination by the board of superintendents of Western Theological seminary of Rev. S. C. Nettinga as president and professor of systematic theology of the church.

Dr. Nettinga will succeed Rev. John E. Kuizenga, who is to become professor in apologetics and Christian ethics at Princeton seminary, Princeton, N. J., next fall.

The resolutions proposed by the committee on education for world peace for adoption by the general synod of the Reformed Church in America have become the occasion for prolonged argument and warm discussion.

When the resolution entitled "Conscience and Citizenship," in which it was declared that American citizens should be free and unhampered to follow the dictates of conscience in determining their course of action relative to bearing arms for the nation, was presented, President Milton J. Hoffman called the synod to order and said: "I believe in this stand so that they might fight the resolution on the floor. 'We should realize,' he said, 'that this is dangerous ground. We do not want the church in politics. I would be heartened if this resolution should pass.'"

Under John R. Kyle of New York fought this resolution strongly. He said: "I believe that we should not pass anything here that might lead the government to believe that we are not fully in accord with what it is trying to do." This resolution was overwhelmingly defeated.

Resolution to stand against "the program of colored and racialized military training in schools and colleges" received a tie vote, 67 to 67. President M. J. Hoffman cast his vote in favor of the resolution, passing it.

All other resolutions passed by a large majority. The synod approved the London naval treaty and the World conference for the United States and urged the teaching of it and the co-operation for peace.

The celebration of the Centennial of the Christian Intelligence, official paper of the Reformed Church in America, was observed at the meeting of the general synod in Asbury Park, Monday, June 9.

The report of Sunday schools and publication showed progress on all lines but financial. The afternoon was spent in considering foreign missions. The report of last year showed a deficit and a debt of the order of \$25,000. There was prolonged debate as to whether the church should reduce its work in the foreign field. Many spoke on both sides and some missionaries were reduced to tears.

The vote of synod was unanimously in favor of not reducing but a 5 per cent increase in contributions.

The general synod of Reformed Church in America, meeting here, heard Dr. James S. Kittell, chairman of the board of deacons, take the stand to the right of the Protestant church. In a cool and logical manner he explained why the Protestant church was attacked. It is being fought because it stands in the way of the interests of the church, and it is being fought because it is a hindrance to the interests of the church in America, he said.

"I read," said Dr. Kittell, "in the faring headlines of metropolitan newspapers that Protestantism is on the decline. It is not true. Wrong conclusions are being drawn from statistics, revealing the mental bias of those drawing the conclusion. What is the structure of the Protestant church? The Protestant church has gained in membership, but not so much as in former years."

He then pointed out the "structure" of the Protestant church, according to Dr. Kittell, comes from a concerted atheism that is brilliant, and also from a concerted passion. Dr. Kittell said that Protestantism was being assailed because of its fundamental position which is the belief in the deity of Jesus Christ. He said that the Protestant church was not God. Their altars are the ones on which they can write their own names. It is time to arise and maintain the Protestant church in America.

The synod received Dr. Kittell's pointed address of denunciation of the Protestant church, and the board of domestic missions, helping in some way or other 215 churches of the denomination, will celebrate its centennial this year, and in the way of thankfulness for the God for the 100 years of service, an extra sum of \$100,000 will be raised for specific purposes.

"We have plenty money for all purposes other than church purposes," said Dr. Kittell. "Million-dollar theaters are built everywhere. What is the use of that? He answered: 'We have lost the vision of the kingdom of God.'"

Total receipts for the domestic missions this year were \$177,185, the largest in the history of the denomination.

The educational colleges were strongly justified by President John Wessink of Central college, Pella, Ia. President Wessink informed the synod that shortly after President Joseph of Iowa State university told him that there was a distinct place for the denominational college because of the effort contact between teacher and student, which in large universities cannot be realized. Eighty-nine students are aided with funds through the board of education. Dr. Henry J. Veldman formerly of Holland, now of Muskegon read the report on education.

A committee was appointed to obtain a new church house in New York city.

The matter of dismissing church members whose addresses are not known those who have absented themselves from the church for a certain period was referred to the committee on constitution. Changing the church year so it would conform to the calendar also was referred. Synod adjourned Wednesday and will convene again at Asbury Park next year.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By Rev. P. F. FITZWATER, D. D., Member of Faculty, Moody Bible Institute of Chicago.)
(©, 1926, Western Newspaper Union.)

Lesson for June 15

JESUS ON THE CROSS

LESSON TEXT—Matthew 27:1-66.
GOLDEN TEXT—Looking unto Jesus, the author and finisher of our faith; who for the joy that was set before Him, endured the cross, despising the shame, and is set down at the right hand of the throne of God.

PRIMARY TOPIC—Jesus on the Cross.

JUNIOR TOPIC—Jesus on the Cross.

INTERMEDIATE AND SENIOR TOPIC—The Suffering of the Cross.

YOUNG PEOPLE AND ADULT TOPIC—Calvary.

The grand climax of the six months' lessons is reached in this one. To miss the significance of the crucifixion of Christ will be to render valueless all the preceding lessons. It is not a matter of learning the lessons taught by a great teacher or imitating the examples of a great and good man, but of apprehending the atonement made by the world's Redeemer. Let every teacher see by a personal experience that Christ died for him, and then strive to get his pupils to see that Christ's death was for their redemption.

1. The Place of Crucifixion (vv. 33, 34).
They led Him away to Golgotha, a hill north of Jerusalem, resembling a skull. He was crucified "without the gate" (Heb. 13:12). At first he was compelled to bear His own cross, but when physical weakness made it impossible for Him to continue, they compelled Peter the Cyrenean to bear it for Him (v. 32). In order to strengthen Him for the ordeal before Him, he was nailed to the cross, the soldiers offered Him a stimulant of vinegar mixed with gall. He refused the stimulant offered and consciously drank the cup of sin to its bitter dregs.

2. Gambling for the Clothing of the Lord (vv. 35, 36).
It was the custom for the soldiers who had charge of a crucifixion to receive the garments of the one crucified. We have here a fulfillment of Psalm 22:18. What sacrifice for them to gamble for His seamless robe under the very cross where He was dying!

3. The Accusation (v. 37).
He was customary to place over the victim on the cross his name and indicate the crime. The superscription was placed over Jesus by Pilate to vex the Jews. He was their King in absolute truth. They had long looked for Him and now, when He had come, this is the kind of treatment they gave Him.

4. Two Malefactors Crucified With Him (v. 38).
We are not told who they were. Perhaps they belonged to the band of Barabbas. This was another fulfillment of Scripture (Isa. 53:12). In these three crosses we have set forth a spiritual history of the whole world.

5. The Dying Savior Reviled (vv. 39-44).
This reviling was engaged in by the passersby, the chief priests, the scribes, elders, and the malefactors who were crucified with Him.

1. "He saved others, Himself He cannot save" (v. 42).
This jest was meant to show the absurdity of Jesus' claims, but it demonstrated them and showed the reason for His suffering. He could not save Himself and others, so He chose to give Himself to save others. His only way of saving us was by taking our sins, sorrows and stripes upon Himself.

2. "If he be the King of Israel, let him now come down from the cross" (v. 42). His refusal to abandon the cross established His rightful claims. The devil offered Him the kingdoms of the world if He would escape the cross (Matt. 4:8-10). Through His death he came into His place of kingship over all who bow down to Him.

3. "He trusted in God. Let him deliver him now" (v. 43).
His obedience unto death was the sacrifice which met God's full approval.

VI. The Death of Christ (vv. 45-50).
Who is sufficient to comment upon this tragedy? Let us contemplate it in adoration and wonder. So shocking was this crime that nature threw around the Son of God a shroud that the goddess company could not gaze upon Him. Darkness was upon the land at noonday. Upon the termination of the darkness, He cried with a loud voice, "My God, my God, why hast thou forsaken Me?" He became sin for the world and the world's sin hid God's face from Him. God forsook Him, turned Him who had taken the sinner's place. God was dealing with sin on the innocent substitute. No one can understand that but God, but we can believe. When the price of sin was paid, He cried out with a loud voice, showing that He still had vitality; that His death was not from exhaustion, but by His sovereign will. He yielded up the ghost and sent away His spirit. He died like no other man in the world's history.

MILESTONE WILL NOT BE ISSUED WHEN COLLEGE CLOSSES

It appears that the 1930 Hope College "Milestone" will not be issued at the close of school next week, but will appear several weeks later. The undertaking is a very big one costing considerable more than any previous book of that kind in fact, it is to have 450 pages.

It will contain a great deal of historic as well as present day college matter and for that reason it took much longer to get out the book than had been figured on.

Anyway when the "Milestone" does appear a few weeks hence it surely will be a work of art and bubbling over with interesting matter and pictures that will make it a volume much sought after. It will be Hope's retrospect.

THEY KNOW HOW TO BECOME OLDER

The recent government census in Bulgaria has disclosed that there is a greater proportion of persons more than one hundred years old than in any other nation. Most of them were found in localities more than 1500 feet above sea level, and were for the most part shepherds living in the open, and subsisting upon many vegetables but little meat, while drinking large quantities of goat milk, mostly sour.

These shepherds use, as a rule, very little liquor or tobacco. Out of a total population of 5,500,000, there are found to be 158 centenarians. Italy, with a total population of 40,000,000, is believed to be next in number of persons one hundred years old, or older, with a total of 53.

Last Sunday Mr. Henry Geerlings of the Holland school board gave the baccalaureate address in the Reformed Church at North Holland. The edifice was packed to the doors with relatives and friends of the graduates. Mr. Geerlings had for his subject "There was a certain man whose name was—". Mr. Geerlings compared Bible heroes with present day men, portraying Abraham, Paul, John, and Jesus and their characteristics. He pointed out that the fundamental traits of the great men of today were the same as those men of Bible times and while there might be a change in living, a change in garb, a change in environments, the fundamental character was unchanged. He said that one of the great attributes today in mankind should be friendliness. He stated that character building meant more to mankind; more to a nation, more to a community than any one thing we might build.

The address of Mr. Geerlings was greatly appreciated.

Today, Friday, the pupils of North Holland school are holding a picnic at Tower Park on Lakewood road. The baskets will be well-filled with food and there is to be a program of sports.

At night the commencement exercises will be held at the North Holland church when the following program will be rendered:

Inadvertently an error crept into the Montgomery Ward "Nationwide Sale" advertisement in this issue. Where it reads Kotex 25c for regular size box "permitted" of 4 to a customer, it should read "limited" 4 to a customer.

BOSMAN-BOUWMAN WEDDING TAKES PLACE AT BORCULO

Miss Marie Bouwman, daughter of Mr. and Mrs. John Bouwman, Sr., of Borculo, was united in marriage to Mr. Bernard Bosman of North Holland last week Wednesday evening at the home of the bride's parents. Rev. J. J. Steigen-ga, a brother-in-law of the bride, performed the double ring ceremony beneath a beautiful arch of ferns and flowers, and in the presence of many relatives and friends.

The wedding march from Lohengrin was played by Miss Janet Bouwman, a sister of the bride. The bride was beautiful, attired in a gown of white georgette and lace. Her veil was adorned with orange blossoms. She carried a bouquet of bridal roses, sweet peas and swansonia.

Miss Betty Van Vliet rendered two appropriate solos entitled "Because" and "At Dawning." After the ceremony a bounteous supper was served.

The couple will be at home to their friends in Hazelbank, R.R. 4, Holland, after June 18.

Holland Man Is Honored By Synod

(Continued from Page One)

stating the doctrine of his faith and pointing out likenesses between his denomination and the Christian Reformed. He complimented the group on maintaining Christian schools and said that he was glad to see so strongly Calvinistic a church.

Jellema, a student at Calvin seminary, reported to the synod on a back-to-the-Bible movement which has been started by the League of Evangelical Students and is represented in 33 schools and by 195 members in Calvin college and seminary.

Other guests of the synod were Rev. L. P. Brink of Farmington, N. M., who has been a missionary among the Navajo Indians since 1900, and Dr. Valentine Hepp, professor of systematic theology at the Free University of Amsterdam, in the Netherlands, who is visiting Grand Rapids.

Recessing until Friday morning following the afternoon session Wednesday the synod of the Christian Reformed Church of North America, in biennial meeting at Calvin college, was engaged Thursday in attending to committee discussions of matters to come before the synodical body.

The theological school committee, appointed Wednesday afternoon by the presbytery committee with Y. P. DeJong as chairman, is to report Friday morning.

Herman Kuiper is reporter for this group and President Johannes Broene and Rector Henry Schultze of the college and seminary are advisers. The publications committee, headed by H. Denckema, with Prof. W. Heyns as reporter and Prof. D. H. Kromminga as adviser, is slated to report Friday morning also.

An exhaustive report has been compiled by the standing committee on hymns, including a copy with data on 197 hymns. Rev. E. B. Kuiper, newly elected president of Calvin college, is chairman of this committee. The committee assumes the question of introducing hymns in public worship has no objection from synod and presents its report more as a study of the question than a defense or opposition to introduction of hymns.

The general tenor of the report is seen to be favorable to use of hymns selected on a definite approved basis and the committee states there is no valid grounds for believing use of hymns will sup-

plant the psalms. Hymns included were selected for doctrinal soundness, New Testament character, dignity and depth of devotional spirit and clearness and beauty of expression.

Affiliation of members of the Christian Reformed church with labor organizations and the way in which the church may bring to life distinctly Christian social and industrial organizations is a topic under committee report on church order and emeriti, which has as its chairman Rev. J. Manni. H. J. DeVries is reporter and Prof. G. Heyns is adviser. The standing committee has found the church in its organized capacity cannot engage in establishing such organizations but best can exert itself through Christian teachings in guiding the worker and mentions particularly in its report the teaching of the anti-Christian spirit of Marxian socialism.

It suggests that labor organizations of Christians only can be

possible in places where industrial conditions call for labor organizations to obtain justice.

Baptism of adopted children and remarriage of divorced persons are problems in the social and family sphere which synod will discuss. The committee on divorce takes the stand in its report that not only remarriage of the innocent party to a Biblical divorce permissible with church sanction but that when either party to an unbiblical divorce remarries the other party than may marry again with church sanction, as the second marriage of the other partner constitutes Biblical grounds for divorce.

Rev. Henry Beets, mission director, gave a report on the synodical committee activities, mentioning that efforts had failed to send a delegate with greetings to the synod of the Reformed church at Asbury Park, N. J., and also referring to appointment of delegates to attend the major assemblies of the Reformed church synod of The Netherlands.

A Six Weeks' Tour Over Land and Sea

DR. BROWER TELLS OF HIS TRIP IN THE WEST INDIES AND CARIBBEAN SEA

CUBA

Like Paris, Havana leads a double life and carefully conceals from its guests the fact that it is a busy metropolis of great commercial value. A few places of prime historic importance, and a hundred careless pleasures. The Spanish balconies and arched doorways that lead to cool patios of palms and parrots and flowers, made me feel I was in Seville, Spain, a tribute to whom I quote: "Wen Gott lieb hat den gibt er ein Hans in Seville." Likewise such a saying could be given to Havana.

Here in Havana, restaurants and shops open wide on the sidewalks and the shopping streets, shaded overhead with awnings and canopies. At night we see the so-called "Diamond Necklace" along the Malecon, a fanciful name for the brilliant electric lighting along that historic sea drive. You feel like saying "Despacio" (slowly) to your chauffeur and if you have eyes to see or a soul to feel, you wish the drive were endless.

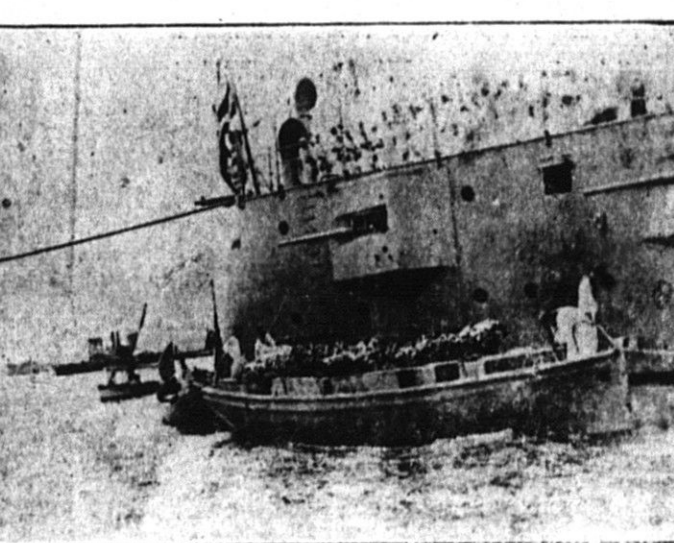

This sea wall and drive was constructed by the Americans during the period of occupation after the Spanish-American War. Before then its site was a reeking dump, fringed by the meanest buildings, and the harbor was infested with thousands of sharks. After the cleanup by the Americans all these scavengers have left the harbor and we were told that sharks were never seen anymore in there. We saw a big boatload of garbage towed out to sea and upon inquiring were told that no garbage or sewage disposal was allowed to be dumped into the harbor. All garbage is collected and every morning a boatload is brought about six or eight miles into the sea where there is a well-known feeding place for the fish. The sharks are right on the spot every morning waiting for their breakfast, much like the bears at Yellowstone Park know their feeding places when the wastes and dumps of hotels are brought to them. Since the sharks became acquainted with their dining place at sea, they abandoned the harbor, to the delight of the people. "Good in bad, and bad in good," "Leading always better than driving," is the lesson.

Within the last year the Cuban government has decided to abandon the practice of forcing visitors to declare the amount of money they have before landing in Cuba. This stopped the frequent controversies between the customs men and visitors. Numerous complaints were received by steamship lines. You may remember how I lost one dollar at Alexandria, Egypt, be-

cause silver had to be kept out of that country.

When we were cruising, just a few of us in a small boat through the harbor, our Cuban guide, named Martinus, a very interesting young man, told us that it was here where the Spanish treasure fleets, known as the galleons, used to collect before their departure for Europe. Quite a safe place from pirate attacks in this bottlenecked harbor. We were shown the spot, designated by a marker, where the Battleship Maine was blown up on Feb. 15, 1898. This event was the immediate cause of the outbreak of war between the United States and Spain. It was claimed that the disaster was due

Republic under the protection of the United States. On this beautiful drive Malecon, resembling the board walks of Atlantic City, San Francisco and Schenningen a great deal, we saw a very graceful monument, the "Maine Explosion Memorial." It consists of two beautiful marble columns, 50-odd feet high, of Ionic design, like the three remaining columns of the ancient temple of Vespasian in the Roman Forum at Rome, built in the first century A.D.; one representing Cuba, and the other the United States with an American eagle with outstretched wings on top. Its base is so impressive, difficult to describe; certainly a magnificent tribute.

to the explosion of a mine by the Spaniards. Whether this was really the case or not has been the subject of much subsequent discussion, but the cry was raised, "Remember the Maine!" which proved irresistible. Martinus spoke to us, "Oh, we Cubans love you Americans and the United States."

This sad fate of the Maine served as a life saver for us and we shall ever appreciate and never forget what you have accomplished for us.

For years after the war the wreck lay where it sank with Stars and Stripes flying at half mast over her; but in 1912 the vessel was raised and towed out to sea, and buried. Cuba is now a

This monument was dedicated by the Cuban people to the memory of the crew of this ill-fated ship.

Columbus cemetery is full of artistic marble tombs of the finest sculpture, especially at the entrance avenue, on both sides. That avenue leads to a beautiful church; and streets of tombs run in all directions, along some of which large pines and palms are planted. The richest marbles in the world are employed to build those monuments; that places this cemetery on the level with the best in Europe such as at Athens, Rome, and London. The Romanic styled arcade at the entrance is very imposing, the center for vehicles, and the two sides for pedestrians. (Cuba Continued)

BOOK DEALER GIVES FINE PIPE ORGAN TO CALVIN COLLEGE

Gift of a \$12,000 pipe organ to Calvin college and seminary by Mr. and Mrs. William B. Eerdmans, Grand Rapids, as a memorial to their daughter, Eleanor Mae, has just been announced.

The instrument will be installed in the chapel during the summer. It is of the three-manual type and combines harp and chime effects.

Acceptance of the presidency of Calvin College by Prof. R. B. Kuiper, professor in Westminster seminary, Philadelphia, was also announced in Calvin. VAN ARK ESTATE WINS IN \$35,000 ESTATE SUIT

Judge John Vanderwerp of Muskegon Friday rendered a decision in the \$35,000 suit brought against the Van Ark estate in favor of the Van Ark estate. Failure on the part of Vander Borg Bros. to pay the required \$5,000 to protect their option on the purchase of the Van Ark block on West Eighth St. was termed a default.

The parties entered negotiations in 1922 and Vandenberg Bros. was given a lease for two years in connection with an option on the building. The lease was renewed for five years in 1924 and Vandenberg Bros. claimed the option also was renewed. However the \$5,000 was not paid until they finally decided that they wished to buy the building. The court held that in default of the payment of the option the said Vandenberg Bros. lost their equity to buy the building on the basis and terms originally arranged for.

Several prominent attorneys had a hand in this legal battle, attorneys Robinson & Parsons, and Diekema, Cress & Ten Cate all of Holland representing the Van Ark

NEW SURFACE DRESSING TRIED ON OTTAWA COUNTY ROADS

A new gravel binder and surface dressing is being tried out in Ottawa County roads, by Carl C. Bowen, county engineer, at the recommendation of the Ottawa County Road Commission on the Graafschap road, west of Holland, leading from US-30 to Allegan county. The composition is oil and asphalt which is spread upon the gravel and then worked with a tractor and grader, traffic finally ironing it out into a smooth surface. The material has been used in other sections with success and Mr. Bowen believes it will solve the problem for many county roads where solid surface is needed but the travel not sufficient to warrant cement.

MISS NELLE BREEN, ABOUT TO GO TO AFRICA, IS HONORED

The Ladies Missionary Society of Ninth Street Christian Reformed Church gave a social function on the afternoon of June 4, honoring Miss Nelle Breen, daughter of Mr. and Mrs. John Breen, who is to sail for Africa, the latter part of July, where she will take charge of the boarding school at the Lupw station of the United Sudan Mission. It will be remembered that this is the place where Miss Johanna Veenstra pioneered for the religious cause on this dark continent, and the trials that this wonderful woman went through among these primitive jungle folk, are vividly told in a book from her pen.

At the society meeting Miss Breen was remembered with a substantial purse of \$50.00 as a token of love and esteem. The meeting was opened with a short song service after which Rev. Monsma led in devotions. Mrs. Harry Vork and Mrs. Raymond Nykamp then sang "If the Christ Should Come" and "Joy is Flowing Like a River." Miss Breen gave a very inspiring talk on "Prayer," incidentally making a special plea for the work in Africa. A social hour was enjoyed after the program.

Many functions honoring Miss Breen are being held, one recently, at the ninth street Christian Reformed Church, when a collection of \$106.75 was taken up for this Sudan mission work into which Miss Breen will be inducted. The program given at that time of which each number was exceptionally well rendered and fitting to the occasion, follows:

2. Opening—Rev. N. J. Monsma.
3. Chorus—"Shall I Crucify Him?"

Old Residenter Tells of Tar and Feather Case

KAMFERBEEK REMEMBERS OF A RAIL RIDING EPISODE OF 62 YEARS AGO

By Albert Kamferbeek

Editor of the Holland City News:

During the summer of 1868, 62 years ago, a genuine tar and feather operation was center of the city of Holland. I was only eleven years old at that time, but as we lived in the immediate vicinity of where this took place and on account of the heat, our doors and windows were open, we heard the noise and racket made by the mob, in spite of the fact that we did not know what was really going on. As was later told to us by older people, the following was about what had taken place:

On the west side of Central avenue then known as Market street, and about midway the block between Seventh and Eighth street, stood a dwelling house conducted as a boarding house by a married lady. Now, rumor had it, that all was not on the square between one of the boarders and this lady. Acting solely on this rumor, a mob simply came to the conclusion that this boarder needed a new coat and that said coat should consist of tar and feathers.

Shortly after midnight a gang surrounded the house and in one way or other some of them succeeded in getting inside. The boarded however, seemed to have got an inkling that there was something up and armed himself with an ax. Just as soon however as those who had entered got a glimpse of the ax-armed boarder, they beat a hasty retreat and dusted head over heels for the outside. One of them however who seemed to have more nerve than the others, succeeded in darting behind a door in this way managed to grab the boarder from behind. In a moment naturally those chased out of doors came to his aid and in the twinkling of an eye the boarder was disarmed and dragged outside. Now the victim was divested of all his clothes except his under clothing and at once placed upon a rail or scantling, which rail with the victim upon it, was at once raised upon the shoulders of a number of the mob. Four men, two on each side, walked alongside of the rail, two to prevent the poor duffer from jumping off and the two others acting as operators, one with a bucket of tar and a flat brush and the other with a basket full of feathers.

Everything now being in order the march started, the man with the tar vigorously applying the coating and the man with the feathers working might and main to cover the surface and so they marched southward along Central Avenue till the corner of Eighth street, thence westward along Eighth street till the corner of River Avenue, thence northward along River Avenue till over the crossing of Seventh street. When they reached this corner they halted. Whether they were sick of lugging him any further or whether they thought that by this time his coat of tar and feathers was thick enough are unsolved problems. But, they halted, lowered the rail somewhat and dumped their victim unceremoniously in a big mud puddle, which, on account of a heavy rain had formed on this corner, and left him to his fate to get home as best he could while the mob, aided by the darkness, scattered for their respective homes unconcerned of what became of their tar and feather coated victim left struggling in the mud.

HOLLAND LADIES BIBLE CLASSES HOLD MEETING

The Ladies Federation of Bible Classes held a meeting last Friday evening in the Ninth St. Christian Reformed church. This was not only a business but a social session as well. Mrs. Clara Tuttle, president of the federation presided. The Ladies of the Ninth St. church Bible Class were hostesses to the affiliating classes.

Mrs. A. B. Brink, president of the Ninth St. church class, briefly welcomed those present at this periodic gathering, after which Mr. H. R. Brink led in devotions. Rev. N. J. Monsma, pastor of the church, gave a short discourse on the subject, "Bible study." Mr. Monsma pointed out how the Bible should be studied correctly, and that regularity in Bible study not only was the proper thing to do, but created continued interest in the study of the Bible.

Miss Anna De Groot very pleasantly rendered two vocal solos, "Give me the vision, Lord," and "The Good Shepherd."

An organ and piano duet by Mrs. Frank Weener and Miss Elizabeth Wagnveld was also very impressively rendered.

ALLEGAN SETS HOURS FOR SET SPRINKLERS

When a severe drought prevails Allegan has enforced hours for the use of set sprinklers to conserve water. This week restrictions have been posted. While sprinkling with a hose held in the hand can be done at any hour, for set sprinklers people living on the hills must confine this job between the hours of 5 to 7 a.m. and 7 to 9 p.m. Below the hills the hours are 7 to 9 a.m. and 5 to 7 p.m.

ONE HURT AS QUARTET IS HURLED FROM AUTO

Mr. and Mrs. Edward Klomp of Hudsonville and two of their little girls were thrown from their car when it turned turtle in a collision with an auto driven by Henry Elzinga of Zeeland township. Klomp was pinned to the earth with the car's fender across his breast. Aid sufficient to lift the car from Klomp soon was on hand and the man released. He was badly hurt, but no bones were broken.

Coopersville Third

In the Ottawa county track meet held at Grand Haven Saturday Holland's "thirlads" showed why they are called the flying Dutchmen. INCREASE IN LOCAL TAX
RATE IS REPORTED

It has been announced that Holland's summer tax report for 1930 will be \$26.62 per \$1,000, which is 71 cents a thousand more than last year. The total levy for last year was \$25.91, the increase in the figure is due to the decrease in property values in the city.

This year's assessed valuation of property amounts to \$17,113,316 as compiled by City Assessor Peter Van Ark. This figure is \$500,000 less than that of a year ago.

This year's tax bills will show the city rates so that anyone having any doubts as to their bill may figure their own tax to compare with the amount called for by the city.

Of the \$26.62 per \$1,000, \$12.36 is the city tax and \$14.26 goes to the public schools.

MICHIGAN BELL BUYS OLDEST
RURAL CO-OPERATIVE PHONE
CO. IN AMERICA AT
FENNIVILLE

The Tri-County Telephone Co., serving Fennville and South Haven and is a subsidiary of the Michigan Bell Telephone Co., has taken over the Western Allegan County Telephone Co., known as the oldest rural co-operative telephone line in the United States.

The line originated in 1894 when Henry Hutchins of Ganges and neighbors established a line from his fruit farm to the Ganges pier on Lake Michigan, the object being to get information as to sailings of fruit steamers to Chicago. Each investor took a \$10 share of stock and the line cost about \$16 a year per telephone. It was incorporated in 1896 as the Saugatuck & Ganges Telephone Co. and eventually had about 900 telephones with centrals at Fennville, Saugatuck, Douglas and Glenn. It also extended to Pullman. Charles Bowles of Ganges, secretary since 1903, will retire June 15.

The Bell firm recently endeavored to buy control but local capital got 76 per cent of the stock, paying \$50 for each \$10 share. The owners sold the line to First National Bank of Detroit, which acted for the Bell company. A new line is to be built from South Haven to Saugatuck, the system improved and rates advanced.

Miss Grace Schrotenboer, who is to be a June bride, was the honored guest at a shower given by Mrs. John Den Bleyker and Mrs. Martin Den Bleyker at the home of the former last week. Leap Year Privilege

In London, in 1000, there appeared a book entitled, "Courtship, Love and Matrimony," in which appeared the illuminating paragraph: "Albeit it 'has now become a part of the common law in regard to social relations of life that as often as every blessed year doth return the lady have the sole privilege during the time it continueth of making love to the men, which they do either by words or by looks, as to them it seemeth proper; and, moreover, no man shall be entitled to the benefit of clergy who doth in any wise treat her proposal with slight or contumely."
