First State Bank Conservator Explains Plan

MEET WITH 65 DEPOSITORS
REPRESENTING OVER 25%
OF DEPOSITS

Committee and Depositors Endorse
Resolution of Confidence in Old
Holland Institution.

In the past three weeks the Holland City News has legally published state plans endorsed by the banking department of Lansing, under which the First State Bank will continue to do business.

Conservator Don Matheson felt that he should take the depositors in his confidence and explain fully the condition of the bank, the troubles they had gone through, the causes that brought about these troubles, the reason for certain loans, the assets and liabilities of the bank and the methods to be employed to make this bank a solid going concern soon.

Mr. Matheson's statements were straight forward. Nothing was disguised and the 65 depositors representing over 25 per cent of the deposits were fully conversant as to all details. After the conservator had made a complete statement he was open to a great deal of questioning from those present.

At the close of the meeting a committee of five was appointed by the depositors to go into the matter again and report at a second meeting held in Warm Friend Tavern yesterday. The bank problems were again discussed and the following resolution by the committee was unanimously adopted: "Having been fully informed regarding the present condition of the First State Bank, and confident of the honesty and integrity of its officers, directors and management, we urgently request the continued loyalty and support of all depositors, and suggest their hearty co-operation to assist in an early reorganization for the benefit of the City of Holland and vicinity."

The state plan suggested has been fully given in the last three weeks in the Holland City News and these, too, were fully explained by Mr. Matheson.

In an interview Mr. Matheson states as follows:

"The First State Bank, which is now in its forty-fifth year of service in this community, has approximately 7,000 depositors and it would be practically impossible to call a gathering of that size. However, I felt it my duty to acquaint all our depositors in some way with the status of this bank and with the problems that we have been facing and those still confronting us."

"I, therefore, called together 65 of our largest depositors representing over 25 per cent of all the deposits in this bank. They surely were most vitally interested. The plans of reorganization were fully explained to them at this meeting of depositors and the result was this resolution of confidence."

The committee appointed by the depositors were James De Young, Miss Amanda Roseboom, Ray Hoek, William Arendshorst of Holland and Peter Ver Plank of Zeeland.

Holland Is Chosen As Place For Airport

STATE OF MICHIGAN ASKS
THAT CITY PROVIDE A
SUITABLE LANDING
FIELD

The mayor and common council were very enthusiastic relative to a proposal made by the state department at Lansing, through the director, Floyd Evans, asking that Holland provide not a large but a suitable landing field for flyers.

Holland is in direct line with Grand Rapids and Milwaukee and the field for emergency landing is way off the beaten path at West Olive. The state of Michigan wants to change all that and asks that this city furnish a suitable landing field where planes may come down in safety.

The letter contained aerial photos of the present field and sketches of a proposed field. Holland has a field of 80 acres, purchased for cemetery purposes, located on East Sixteenth street beyond the Allegan track, but Holland has enough cemetery for a hundred years to come when they purchased the old fair grounds and this ground would be available.

Considerable improvement will have to be made, leveling off, etc., but there are plenty of well-farers who can do part of this job without extra expense to the city.

Whether the present fairgrounds is large enough is a question. It is a fine level tract of land and if there is plenty of space it would be ideal and close in. The airport north of Holland on US-31 is also considered.

Mayor Bosch stated that he was not conversant with aeronautics, but that he was for a landing field "one hundred per cent," and that any city of importance would find an airport very essential since transportation by air was growing steadily.

The matter was left to the ways and means committee to go into the project thoroughly and quickly and a special meeting will be called, the mayor stated, if progress had been made.

Mr. Kleis also spoke for the airport as well as recommending the playgrounds committee to be given charge of seeing that the baseball park is suitably watered.

HOLLAND SHUT-INS WILL GET FLOWERS SATURDAY

Saturday will be a red letter day for shut-ins in Holland and Zeeland—crippled children who must remain indoors and all persons, young or old who are "shut-in" for one cause or another will be given a little sunshine in the way of flowers Saturday.

This date will mark the first annual National Flower Shut-In Day, sponsored by the 6,000 members of the Florists' Telegraph Delivery association.

"Early June finds this industry with a superabundance of flowers," said Henry Ebelink, Holland, who is chairman of the local Flower Shut-in committee. "We feel this surplus will do the most good if it is placed at the bedside of those who are unable to get out of doors and enjoy the June fragrance and sunshine. It is our hope that not a single shut-in will be missed on the day we distribute flower gifts."

Members of the local flower shut-in day committee are: Nelis Nurseries, Weller Nurseries Co., Inc., Shady Lawn Florists and Ebelink Flower Shop, all of Holland.

DR. MASSELINK, LOCAL DENTIST, INJURED BY CAR

Dr. Henry J. Masselink, local dentist, of Holland route No. 3, is confined to Holland hospital with a dislocated vertebra in his neck, which caused complete paralysis of the body for a time.

The accident occurred Wednesday evening at 10 o'clock while Dr. Masselink was waiting for a red light at the corner of River avenue and Eighth street when his car was rammed into by an automobile driven by Clair H. Flickinger. Dr. Masselink's neck was snapped back by the impact of the car at the rear, causing the dislocation of the vertebra and complete paralysis of the body.

He was rushed in an ambulance to Holland hospital, where his physician said that he was regaining use of his body today, but likely will be confined for several weeks.

WATER FOR THE BASEBALL PARK

Mayor Bosch at last night's council meeting in a message advocated water for Riverview park to maintain the green about the diamonds.

Andrew Klomparsen, who is intensely interested in baseball, stated that it was one of the most attractive spots in the entire city for the largest number since the grounds were used from five to six nights a week as well as afterwards.

Alderman Kleis explained that it would not take much to pipe water from the river to the ball grounds. When a vote was taken Alderman Jonkman objected since he wanted any improvements to be taken out of the admission fee for games. It was explained to him that part of the receipts were already being given to the city.

Alderman Prins was unavoidably absent from the meeting last evening.

The mayor's message follows below:

June 7, 1933.

TO THE HONORABLE,

The Common Council of the City of Holland.

Gentlemen: A matter has been brought to my attention which I believe should meet with the approval of the council.

For many years our ball park at the water station on Sixth street has given pleasure and enjoyment to many of our citizens.

However, it seems that the water supply necessary for sprinkling is inadequate and during the summer months the grass withers and dies.

Plans have been made for diverting water from the river nearby and using this water for sprinkling purposes.

This can be done at a cost of not to exceed \$200 by digging a trench from the river to the limits of the park and then forcing the water by means of a small electric pump onto the field. Much of this labor can be done from those now on the welfare department.

I believe that the results to be accomplished justify the small amount of expense involved and I ask the favorable consideration of the council.

Respectfully submitted,

NICODEMUS BOSCH, Mayor.

NEW YORKER, OLDEST HOPE ALUMNUS, WAS GRADUATED IN 1873

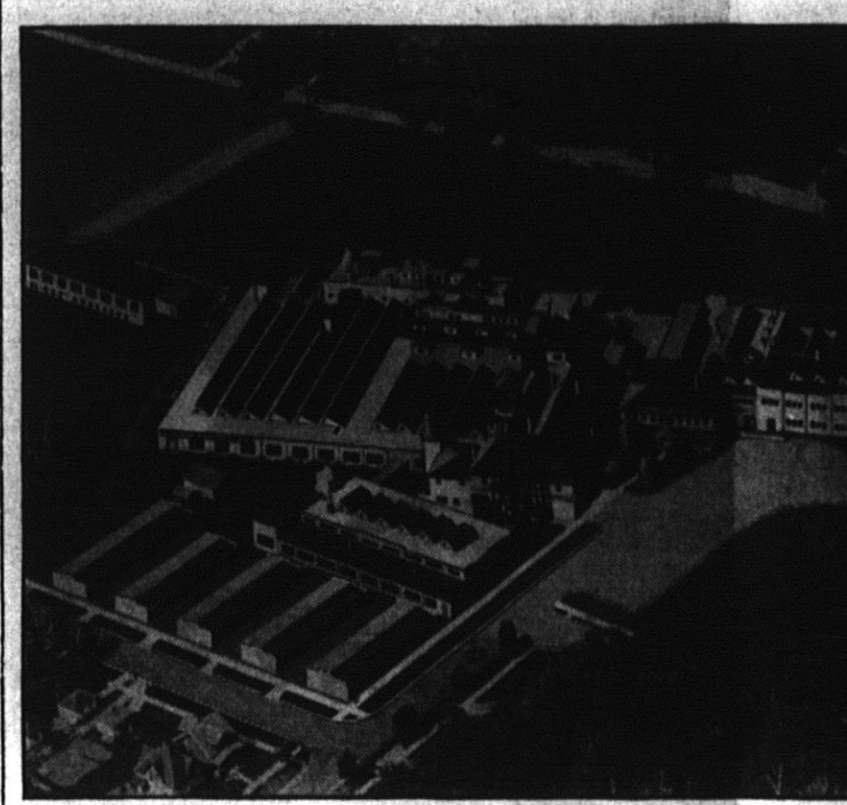

Rev. Josias Meulendyke of Rochester, N. Y., oldest living alumnus of Hope college, will mark the sixtieth anniversary of his graduation this month. He was one of six members to be graduated in the class of 1873.

Mr. Meulendyke also is the oldest living alumnus of Western Theological seminary, having been graduated with a class of three in 1876.

The first foreign students to have been graduated from Hope were Mrs. E. A. Whitenack of River Falls, Wis., and Mrs. John A. Otto, as members of the class of 1882.

The first two women to have been graduated from the institution were Mrs. E. A. Whitenack of River Falls, Wis., and Mrs. John A. Otto, as members of the class of 1882.

FURNACE PLANT IN HOLLAND TO RUN FULL BLAST

Starting Monday, the Holland Furnace company resumed operations at capacity for the first time since depression forced reduction of activities in September, 1930.

Arthur W. Wrieden, treasurer and advertising manager of the company, announced.

The new six-day schedule, a change from the three-day schedule in operation since April of this year, will very likely continue indefinitely. Production is being resumed at full capacity because of the additional business which the company is receiving from all over the country and because of the confidence that the increase will continue, Mr. Wrieden said.

With the employment of additional workmen necessitated by the company's resumption of full-time activities, some reduction of city

welfare demands is expected. Statistics show that there is a shortage of 500,000 homes in the United States and with the depression lifting it is only a matter of a short time when the families who have doubled and trebled during the past two years will disintegrate, and then the shortage will become especially acute. Already a great many inquiries and planning for new homes have begun and it would seem that if the turning point is really here that a building program for the entire nation is in the offing and the Holland Furnace company is ready to take advantage of this long-looked and hope-for era of progress.

Many of the Holland Furnace family have been called back to work and the heads of the branch offices are sending many optimistic letters relating to prospective customers and it is hoped that these prospects will bring substantial manufacturing returns during the summer and fall.

The local company has a wonderful display at the Century of Progress Exposition in Chicago. An entire system of house planning is shown and fair visitors are taking an intense interest in the exhibit and those in charge are deluged with questions as to plans and estimates of cost.

Mr. Arthur W. Wrieden, secretary of the company, states that there appears to be much planning for new homes or rebuilding old ones. Anyway Holland is exceedingly glad that this mainstay in the local industrial "set-up" has much brighter days ahead.

Long Looked For Bank Opening Now In Sight

PROSPECTIVE OPENING FOR
PEOPLES STATE BANK
IS JUNE 26

The "banking skies" in the city of Holland are becoming brighter, which will mean considerable to this community.

The Peoples State bank, it is understood, has been assured by the state banking department that it can open for business on Monday, June 26, under the plan adopted by depositors early last fall. Receiver Clarence Jalving and the depositors' committee has been working hard on this proposition in order to meet the proper requirements exacted by the state banking department.

Another matter that has helped exceedingly was the Tulip Festival insofar that it brought Governor Comstock and State Treasurer Theodore Fry, who were the guests here of the city during Tulip Time. They became intensely interested in Holland and those interested in the Peoples State bank "got the ear" of both the governor and the treasurer, invited these men to go over the "setup" necessary in opening the bank and it is evident that their interest in this matter as an aside while they were here has brought most desirable results.

The opening of the bank after many disappointing delays, is not only gratifying to the officials and depositors but to the citizens of Holland as well.

The legal approval, the final step in the opening of this institution, was secured by Attorney Elbert Parsons at Lansing after all legal requirements had been conformed with when a hearing was held in circuit court before Judge Fred T. Miles at Grand Haven, where the conditions of the bank were fully explained.

The order for the reopening has been signed by Mr. Miles and a meeting of the Peoples bank stockholders to be held on June 17, has been called as is required by law. The depositors' committee is composed of George Tinnholt, John Vanderluis, George Steffens, Fred Beuwkes and Oscar Peterson.

The date of opening is still tentative but in all likelihood the time of opening will be near the date mentioned above.

BEAUTY OF HOLLAND VIVIDLY PORTRAYED

At the first glance from the windows of a railroad carriage, the tourist to The Netherlands is impressed with the peaceful charm of the windmills, dotted green fields with straight ditches at almost regular intervals, black and white cattle grazing and thatched white farm houses, surrounded by stately trees.

Then, too, there is a magic spell about Dutch waterways. They shine like streaks of silver, or when the sun lies on them, like streaks of gold. These waterways, fringed by reeds and haunted by birds, link the country in a network of shimmering strands.

Holland has produced some of the world's greatest scientists and masters, its ships ply the seven seas and for centuries have carried a considerable part of the commerce of the world. Fourteen per cent of the Nobel prizes ever awarded have gone to Hollanders. The draining of the Zuider Zee has been called one of the most stupendous engineering works ever undertaken by man.

BOY INJURED BY CAR GOING IN DITCH

While returning to his home near Noordeloos, Sunday morning from North Blendon, John Van Den Bosch, together with his two sons, Emerson, 12, and Peter, 7, had the misfortune of running into the roadside ditch, severely injuring the younger boy and damaging the machine. The boy was cut about the face by broken glass nearly severing his nose.

A Wee House Stirs Council To Action

CITY FATHERS DEMAND A
BUILDING CODE

A little "two-by-four" house built at the corner of Van Raalte avenue and Sixteenth street, which grew up overnight like a mushroom, was the bone of contention at the council meeting. The mayor especially "took a fall" out of those responsible in a message found in this article.

The aldermen immediately proposed the drawing up of a building code for Holland, although many thought the zoning ordinance contained such restrictions in building as would prevent injury to neighbors. Alderman De Cook of the Third ward thought that a building code had been presented a few years ago. Alderman Thompson presented a copy of that code but it was never passed. Alderman Jonkman brought a laugh to everyone present when he said: "Mr. Mayor, for once I agree with you."

The mayor had occasion to come back at the Fifth ward alderman when he also agreed with Jonkman for the first time on another proposal.

The evening was full of good-natured bantering which is a healthy sign.

City Attorney Arthur Van Duren has promised to give his help in drafting this code. Mr. Van Duren is well versed in matters of this kind and his assistance will be eagerly sought in order that a code may be adopted that will "hold water" legally.

The mayor's message as read by City Clerk Peterson, follows below:

June 7, 1933.

TO THE HONORABLE,

The Common Council of the City of Holland.

Gentlemen: I feel that I should call the attention of the common council to a matter, which in my judgment requires immediate attention.

I refer specifically to the necessity of a housing code in our city. My attention was called a few days ago to a small dwelling house which has just been erected on West Sixteenth street, near Van Raalte avenue.

This dwelling house is a small building approximately 16x20 feet in size, and is entirely out of proportion and keeping with the other homes in that vicinity.

It not only is an eye sore in itself, but the erection of such a home in a good residence district tends to greatly depreciate the value of adjoining property in the vicinity, and will discourage other people from building anywhere near it.

Action should be taken immediately to make a repetition of this kind impossible in the future.

Respectfully submitted,

NICODEMUS BOSCH, Mayor.

COUNCIL NOTES

Welfare far exceeds the regular run of business in amount. For three weeks the amount was \$7,325.82. The heaviest items were: Groceries, \$7,325.82; milk, \$938.01; coal \$359.28; medical aid, \$438.78; rent, \$769.31; shoes, \$143.23; shoe repair, \$93.86.

The claims against the city during the last three weeks are only \$2,491.04.

William Blom was again given a pool room license with C. Blom and Lucy Bertach as sureties on his bond. The Palace pool room on the east end was also given a license with Herbert Harrington and the American Surety company on the bond.

The city of Ionia sent an invitation to the "city fathers" asking them to come to centennial celebration. The invitation comes from Mayor Spaulding. The aldermen are all going, but at their own expense. The celebration is June 14 and 15.

The People's Auto Co. will again run a bus line to Macatawa Park and intermediate points, the common council having granted permission. They will not interfere with the taxi business, but accommodate resorters. It is a welcome accommodation, Mr. Reidenour.

Pool room proprietors are asking that the license for pool tables be cut because of economic conditions. The fee is now \$25 per table up to 2 tables. On every additional table there is a fee of \$5.00 each. The matter was held over for consideration.

Alderman Kleis asks that the civic improvement committee confer with the Superior Ice Company, asking them to tear down the large dilapidated ice houses on West Seventeenth street at Montello Park. A long list of names were filed with the city clerk protesting against the eye sore. The ice houses are not being used, since artificial ice machines have been installed.

Herman Van Munster, a welfare patient, who ran away from Holland for a few weeks, has returned like a "bad penny." The man has destroyed nearly \$200 in city property, and Alderman Jonkman proposed that the man be prosecuted through the law or have his head examined. He has been a trying

MARRIED TWICE

Delilah James of Shelbyville and John F. Shoemaker of Doster were remarried by Justice Cook of Allegan last Saturday. The attending circumstances are quite unusual. The two parties to the marriage had a love affair which culminated in marriage when they were both young. Finding themselves uncongenial they had become divorced, each marrying a second time and rearing a family and each in time losing their second mate. The courtship of early days was then renewed which ended in their second marriage last weekend. Both are now past 60 years of age.

STARTS FORD SERVICE STATION

M. G. Langeveld of Paw Paw has taken the agency of the Ford Motor Co. in Holland and is established at 109-111 East Eighth street. Before coming to the United States he was a native of Amsterdam, Netherlands. Mr. Langeveld likes Holland what little he has seen of it and sees great possibilities for his new venture of selling Fords.

Individual and the aldermen have taken steps to have him taken care of.

The council instructed that the back steps on the Nineteenth street baseball diamonds be repaired since stray balls are crashing through windows in the neighborhood.

An ordinance will be drafted stopping the playing of radios on the business streets in front of stores. Folks on the street and in office buildings appear to be "fed" up on other wave music. With more than one going there sure is a mixture of discord.

During June, July, and August the city clerk, city treasurer, city inspector and assessor are given a half holiday each week on Thursday afternoon. Happy summer days are here again.

Replacing of broken concrete sidewalks will have to wait until folks get a little more ready money; so reports Alderman Bert Habing after calling on a large number of property owners.

Heavy trucks have no business on Sixteenth and Eighteenth streets, the streets the drivers have taken a notion to take recently. Police will divert this travel on Seventeenth street, the "trunk line" maintained by the state. The other streets are not strong enough to carry such heavy loads and are also not kept in shape by the state. The common council has ordered the change.

Solicitors will soon be barred from house-to-house canvassing. The mayor has been receiving so many complaints from housewives who are compelled to run to doors constantly during the day because a book seller, green peddler and other hucksters pressing the bell button. Police will endeavor to put a stop to it.

The board of public works, by permission of the common council, has cashed a \$500 Holland bond so the Red Cross can continue to function—it having been short of cash for some time. The request was made by Attorney Arthur Van Duren, head of the Red Cross here.

Grocers who have been supplying welfare with groceries are asking for money. They have not received a penny in 5 weeks and many are hard pressed. Alderman Steffens brought the matter up.

Attorney Arthur Van Duren was present last evening as city attorney, substituting for Clarence Lokker, who is away on a vacation.

The matter of rezoning River avenue to accommodate a new building, proposed for two years by John Knapp, was held over until the next meeting on motion of Fritz Jonkman. A communication from the zoning committee was read in which they again pointed out for about the tenth time that a building at that spot was not in accordance with the plans adopted for the building of an ideal city. The rezoning of River avenue at this time would destroy much of the planning of the committee. They ask that the proposal again be rejected.

The ways and means committee left this Friday morning for Lansing to confer with the banking department to release \$26,000 of the city welfare funds in local banks, supposedly welfare money. There is slow action from the R. F. C., in fact there is no money coming in and the fund is \$12,000 overdrawn. Mayor Bosch stated that Bank Commissioner Reichert had promised that bank funds would be released, but later there was a reverse order and the funds remained impounded. The men who left this morning for Lansing to take the matter up with the state banking department directly were Albert Van Zoeren, Albert Van Lente and Fritz Jonkman.

Alderman Huyser, former instructor and best reader of books in the council, will report on the library report, an interesting document presented by the members of the board. In the next issue of the News this report will be printed in full. It is really worth while.

Allegan Hires No Teachers for Next Year

On account of financial conditions no contracts will be given teachers of the public schools of Allegan for the year 1933 according to information from Supt. Killian. So long as conditions are as they are, they will be employed only from month to month. With the exception of vacancies made by marriages, etc., it is expected that the teachers who have been employed in Allegan schools this year will report for duty next fall as bad local financial conditions are general throughout the county and instructors in the schools of Allegan are faring as well as and even better than in many localities. There are to be a number of cutbacks in school expenses which will lower the amount of the school budget materially, among them the eliminating for the present of the course in physical education and the art courses in the high school. Miss Oberlin will supervise all the English classes. Plans are not yet formulated for one or two other contemplated cuts in school expense.

Haven Mayor Runs Council From Jail Cell

OCCUPIES NEWLY-PAINTED
QUARTERS; "AM FEELING
FINE," HE SAYS.

Mayor Heap of Grand Haven was confined to the county jail on a body execution in lieu of payment of nearly \$8,000 due his sister-in-law, Edna M. Heap.

The matter is stirring up a great deal of agitation in the city of Grand Haven and even heavy damage suits are threatened for false imprisonment.

A short outline of the case was given before in this paper. Anyway the plaintiffs will have to pay his room and board at the jail, according to the state law as long as Mayor Heap is confined there and until such a time as the case is disposed of.

Holland folks know very little about what is involved in the matter and know few of the principals outside of the mayor, but it is rather interesting to know how Mr. Heap is faring and this is given in an interesting manner in the Grand Haven Tribune as follows:

Mayor Heap rose this morning from his first night spent in the county jail "feeling fine," he declared. He does not mind the hard prisoner's bunk, he stated, and expects to eat the regular jail fare. Mrs. Heap was allowed within the cell this morning and the city attorney, Charles E. Misner, talked to the mayor inside the cell. Other visitors were confined to the hall outside the cell where they talked through the bars.

The room is located on the south side of the jail on the second floor. It is a bunk, bathtub, toilet and washbowl. There is one window. It has been freshly painted and is spotlessly clean. A rocking chair was placed there for the comfort of the mayor.

He was found this morning reading Hendrik Van Loon's "Rembrandt." He has no room for a desk but expects to do some writing from a lap desk, he said. The sheriff allowed him to go to his home this morning for some papers.

Fate Was Kind In Lake Wreck

The fate that presides over shipwrecks seems to be an excessively capricious sort of lady. Once a ship comes to grief, the lives of those aboard seem to depend more on blind chance than on any other single factor.

A case in point is the recent wreck of the passenger liner George M. Cox, one time the steamer Puritan of Holland, which grounded on Rock of Ages reef in Lake Superior. This steamer ran on the reef in a heavy fog and immediately broke her back. The 124 persons aboard were taken ashore by lifeboat and raft without loss of life. Lake Superior, as luck would have it, was calm.

Without taking anything away from the calmness and efficiency of the officers and seamen who effected the rescue, it can safely be said that if a heavy wind had been prevailing a good many lives would surely have been lost. As it happened, Providence was kind and they were saved. It could just as easily have been the other way—in which case one of the worst marine disasters of recent years would have been recorded.

Gulf Stream Changes

Officials of the United States Coast and Geodetic Survey doubtless will be interested to hear from Skipper George Grant, of the steamship San Blas, that the Gulf stream has increased its speed approximately 66 per cent. This means a call for redoubled vigilance on the part of the Coast Guard, since the compensating current set up by the accelerated motion of warm water can be expected to bring down an extra number of icebergs from the north to endanger shipping.

What made the Gulf Stream rise to flood stage this year is a matter that awaits explanation. The change in the course of the current reported probably can be attributed to the increased velocity of the water, but the whole subject is one that is not too well understood. One explanation for the phenomenon of a river of warm water flowing steadily through the Florida strait and northward along the American coast is that it is forced out of the Gulf of Mexico by the constant inflow further south caused by the trade winds. William Ferrel, in his "Winds of the Globe," gives less importance to the influence of the trades, and says the Gulf Stream is the warm half of a circular stream of water, the other half being composed of deeper cold currents moving down from Labrador.

In either event the explanation or the rise in the volume of water pouring out of the Gulf would seem to be quite remote. It may represent the effect of an early spring in the Arctic, or several weeks of particularly steady and heavy equatorial winds.

WINNERS SELECTED IN A. A. RAVEN CONTEST

Hope college will be represented in the men's division of the Michigan Oratorical league next year by John M. Vander Meulen, Jr., son of Rev. and Mrs. John M. Vander Meulen of Louisville, Kentucky. Mr. Vander Meulen, a member of the freshman class, won first honors in the annual A. A. Raven oratorical contest for men at Hope college Friday. His subject was "Looking Inward."

Sherwood Pratt, son of Mr. and Mrs. Frank Price of 260 West Fifteenth street and a sophomore at Hope college, will be alternate, having placed second.

Other contestants who took part Friday morning were Christian Walvoord of Williamson, New York, on "The Call;" Elkie Meyer of Every, Iowa, on "Greenwich Village;" Joe Esther of Coopersville, on "Moderan Pharisees;" Ralph Danhof of Kalamazoo, on "The Real Deal," and Gerald Heersma of Oak Lawn, Illinois, on "What Am I?"

Mr. Hadden Dies Following Mrs. Hadden In Death

ONE-TIME PROMINENT FURNITURE MANUFACTURER IS TAKEN BY DEATH

Mr. Frank W. Hadden, whose beloved wife passed away only a few weeks before, died at his home late Monday afternoon after a prolonged illness of months.

Mr. Hadden, who was 75 years old, was an early pioneer in the furniture business in this city. For years he was superintendent of the West Michigan Furniture company and lived through all the struggles that beset furniture making of yesterday. However, these efforts were later crowned with success and this large institution has always figured materially in our industrial well being.

Mr. Hadden was born in Otsego and on December 27, 1879, he was married and a few years later came to this city and with the late George P. Hummer, Fred Metz and others started the West Michigan Furniture company. He was connected with this institution more than a quarter of a century, retiring nineteen years ago.

The West Michigan Furniture company went through many stressful periods such as we have now and one in point especially was during what is known as the Cleveland administration, when added to its burdens was the destruction of the plant by fire. The men back of the West Michigan as well as the loyal employees believed in their plant and its possibilities and the buildings were soon rebuilt and a new start was made, and through dint of hard work and confidence a dependable going concern was restored.

Funeral services were held Wednesday afternoon at 1:30 o'clock from the home on Pine avenue and Eleventh street, Rev. Joshua O. Randall of the First Methodist Episcopal church, officiating. Interment took place in the family plot in Mountain Home cemetery, Otsego, at 3:30. It was under the direction of Holland Unity lodge of Masons, F. & A. M. No. 19.

Mr. Hadden has always been active in Masonic work, was a member of Unity lodge and Holland chapter No. 429 Order of Eastern Star, but also was a Knight Templar, thirty-second degree Mason and a member of the Saladin temple of the Grand Rapids shrine. He was a member of the commandry, consistory and Scottish Rites.

Those who survive are one daughter, Mrs. Merrick Hanchett of Holland; two sons, Mayo A. Hadden of Holland and Ray W. Hadden of Chicago, and six grandchildren.

The fiftieth wedding anniversary was a memorable occasion to the family and many friends.

Floral tributes from home and abroad and from many former associates in the furniture world were received hourly.

Pallbearers were Dr. Henry Bos, Everett Dick, Percy Ray, Henry Brusse, Dr. Frank De Vries and Austin Harrington.

BUILDING BEING MOVED HERE ON RIVERFRONT; WILL BUILD COAL DOCK

Grand Haven Tribune—A large wooden building, which has been used for a number of years by William Ver Duin in his fishing business, is being moved today to another location on the river, to clear the river front property for a future coal dock. Thomas Johnston and Capt. McDonald, who own several feet adjoining, will combine with Mr. Ver Duin, converting the river front there into a coal yard. The Johnston property was formerly used as a gravel dock but since the company has purchased a yard in Ferrysburg the local one has not been used to any extent.

Bad News for Husbands

Pocket-picking in the home has been held legal by a Los Angeles judge. In a divorce case the jurist ruled that "a wife has a right to money from her husband's pockets, in that the money is supposed to be his earnings, hence community property." Fortunately American men have a reputation for generosity and the proportion of wives who must sneak money from their husbands is small. The subject has been one for the jokesters. Now it has been dignified by a judicial decision which will make it useless for husbands to hide their trousers' pockets with fish-hooks or bait them with mouse-traps to teach domestic marauders a lesson.

KELVINATOR HAS GREAT PROSPECTS

April was the biggest month from the standpoint of factory shipments that Kelvinator corporation ever has experienced in its nineteen years of existence, according to word received from the factory in Detroit by Floyd J. Rockwell, local Kelvinator representative.

A total of 30,116 units were shipped from the factory during the month, Mr. Rockwell said. This figure represents an increase of 47 per cent of the April average for the past five years and eclipses the previous record of 25,427 units shipped in April, 1932.

"This business is more than a temporary spurt," the local dealer pointed out. "The factory now has on hand unfilled orders representing 217 per cent of those a year ago and ended April with unfilled orders 323 per cent of those on file at the beginning of the month." Information received by Mr. Rockwell revealed that the factory May production schedule has been set at 40 per cent above the shipments of May, 1932, which was the biggest May in the company's history.

"From all parts of the country there are reports of an unusually keen interest in Kelvinator products. The 1933 Kelvinator household line already has been accepted as the most advanced and complete the company ever has offered while other refrigeration products such as water coolers, beer cooling equipment, air conditioning units, and similar equipment are being sold to a greater extent than ever before," the local dealer said.

GRAND HAVEN PAPER
GIVES ACCOUNT OF
WINTER-SPRING MARRIAGE

(Grand Haven Tribune)

A lovely home wedding took place Tuesday at 4 o'clock when Miss William T. Sprick, a daughter of Mrs. Alice Sprick, was married to Dr. Garrett E. Winter, a son of Rev. and Mrs. Egbert Winter of Holland, at her home, 109 North Fifth street. The ceremony was read by the groom's father, Rev. Winter, professor of education at Hope college, before a bank of palms, ferns and spring flowers in one end of the living room.

The wedding march from Lohengrin was played by Miss Helen De Young and Mrs. Hartger Winter of Allegan sang "At Dawning" and "I Love You Truly." The Mendelssohn wedding march was played following the ceremony.

The bride and groom were attended by Mr. and Mrs. Fred Mare of Grand Rapids as best man and matron of honor, and little Miss Virginia Vander Molen, niece of the bride, a daughter of Mr. and Mrs. Barney Vander Molen of Spring Lake, was the flower girl. She preceded the bride, as she advanced to the place where the ceremony was said, wearing roses from a small basket held on her arm. About thirty-five, including members of the immediate families and relatives, witnessed the ceremony.

The bride was charming in a gown of pink lace and chiffon. The skirt was made of the lace with a chiffon bodice, cut low in the back, and trimmed with the lace. She wore a jacket of corresponding material which was fastened at the waist with a brilliant buckle. White brocade slippers trimmed with silver and white gloves completed her costume. Her only piece of jewelry was a three-string necklace of pearls, the gift of the groom. She carried a shower bouquet of roses, swansonia and lilies of the valley.

Mrs. Mare wore a pale green chiffon afternoon frock made with a deep cape, with white accessories. She carried Kilmory roses in a large corsage. The little flower girl wore an orchid organdie frock made with no sleeves and decorated with delicate handwork. Mrs. Sprick was dressed in a white crepe afternoon gown and the groom's mother wore an Eleanor blue crepe dress.

Mr. and Mrs. Cornelius Van Weelden were master and mistress of ceremonies and Miss Marie and Miss Evelyn Sprick of Grand Rapids assisted in the dining room, where refreshments were served. The house was beautifully decorated with spring flowers, the predominating note being large baskets of iris.

Mr. and Mrs. Winter left later in the evening for Chicago where they will attend the Century of Progress Fair. Mrs. Winter chose for her going-away gown a black and white check crepe suit, trimmed with white pique. A light silk hat, white gloves, shoes and purse completed her costume. They will return to this city for a few days before going to Brooklyn, New York, where Dr. Winter has an appointment at the Long Island college hospital, which he takes the first of July.

Mrs. Winter is well known in this city where she graduated from the local high school. She also graduated from Hope college, where she met the groom who is also a graduate of that college as well as at the medical department of the University of Michigan. She has been teaching in the high school at Leslie, Michigan, for several years. Dr. Winter has been an interne at Harper hospital, Detroit, during the past year. He is a member of "Galen," an honorary medical society of Michigan. He is also a graduate of the Holland high school.

Those from out town who attended the wedding were Rev. and Mrs. Egbert Winter and Eleanor and Elizabeth Winter of Holland; Mr. and Mrs. Hartger Winter and son John of Holland; Mrs. Hattie Tietz and Miss Carolyn Tietz of Goshen, Indiana; Mrs. Miles Peters, Jamestown; Mr. and Mrs. Barney Vander Molen, Spring Lake; Mr. and Mrs. Henry J. Sprick and daughters, Marion and Evelyn of Grand Rapids; Mr. and Mrs. Will De Young, Mr. and Mrs. Ray De Young, Mr. and Mrs. John Walsma of Pentwater; Mrs. Frances De Young, Milwaukee, and Mr. and Mrs. John Paul Walsma of Sanford, Florida.

Thursday—Boosters vs. Dutch Boy Breads.
Friday—Mossers vs. Pure Oil.

A feature city league baseball game will be played this evening at 6 o'clock at Riverview park as the Holland Boosters and Mossers Leathers tangle for the first time in the 1933 season. Rivals for two years, the two teams will have the leadership of the league at stake. Managers Ben Batema of the Boosters and Babe Woldring of the Mossers are former teammates, and each will use full strength in order to beat the other.

The Boosters and Mossers have swept through all opposition this year. Monday the Boosters trimmed the Dutch Boy Breads 8 to 2, and the Mossers downed the Pure Oils on Tuesday, 10 to 1.

Saturday afternoon at 3 o'clock the Boosters will renew rivalry with the Hastings Independents in a game at Riverview park. Last year the teams split even in a two game series, and two years ago Hastings, downed the Boosters twice. Hastings will have another strong representative team headed by such old-time stars as Brown, Leonard, Roush and others, assisted by several Michigan State College players.

There is considerable rivalry between the two teams, and a good game is in store for the fans.

LICENSE NEEDED ONLY
FOR TROUT

Anglers who go after pike, perch and other fish on which the season is now open, but not after trout, continue to ask for information. "Do we need licenses to fish for pike?"

"Is the general rod license in effect?"

The answer to both of these questions is "No." The general rod license passed the legislature. It has not, as this is written, been approved by the governor. But even if and after he approves, the law will not take effect immediately. Because a sufficient majority to give immediate effect could not be mustered. Fishermen, except trout fishermen, will not have to pay the 50-cent license until 90 days after adjournment of the legislature. That probably will be in September.

Born to Mr. and Mrs. Gerrit Lemmen, Holland route 5, at Holland hospital, on May 28, a daughter, Elaine Rose.

Judge Orien S. Cross attended the Rotary club convention at the Canadian Sault Monday and Tuesday.

Coast Guard

To Lose Men

Com. John Kelly has been ordered to Chicago for a conference at headquarters relative to cutting the personnel of the coast guard stations in the 10th district and demoting many of the officers in an effort to carry out the economy program which the federal authorities are pushing in this branch.

Mr. Kelly was out on an inspection trip in the eastern part of the state looking over the new stations which were added to this district several months ago. There are 164 surfmen which, he stated, is the quota, but there is an excess of petty officers and undoubtedly some of them will be reduced in rank to surfmen. There are 28 stations in the new re-districting plan.

Com. Kelly said he was going to be handicapped in making a report as he was not familiar with conditions in the eastern part of the state nor did he personally know the men.

Cuts all along the line are in order. Ships on the patrol beat near Trenton and Detroit, are being taken out from the service and many men are being left without jobs. If there are any in the service who wish to resign the government urges that they hand in resignations now to provide berths for those who must be shifted.

UNDERINFLATION
CAUSE OF MOST
FABRIC FAILURE

Proper Amount of Tire Pressure Necessary to Get Best Mileage

A majority of the fabric breaks occurring in automobile tires are caused by underinflation, in the opinion of Mr. Charles Van Zyl, of the Holland Vulcanizing company, local Goodyear dealer. "Despite their best intentions, motorists become careless about keeping the proper amount of air in their tires; they neglect periodic checking of inflations so that serious injury results," Mr. Van Zyl pointed out. "Frequently damaged valves or slow leaks cause tires to become soft."

"When an underinflated tire does strike a curb, hole in the pavement or sharp projection such as a brick, there is not enough air in the tire to cushion the full force of the blow and the sidewalls are crushed between the sharp rim edge and the outside object."

"Often the original break is in only one layer of cords, but eventually breaks through the other plies and pinches the tube. It is entirely possible that the driver may not know of the injury until excessive flexing of the damaged section causes complete failure of the tire."

"A blowout patch, or boot, should be used only as a temporary repair for a fabric break unless the tire is almost worn out. A competent service man can make a sectional repair to the injured section that will in most cases outwear the remainder of the tire."

Fabric breaks can best be avoided, according to Mr. Van Zyl, by keeping tires inflated to the recommended pressure, and by a little care in avoiding severe road shocks.

Mr. Wierda has been a resident of this community for sixty-six years after he came here from the Netherlands as a young man of nearly eighteen years. VIRGINIA PARK

Friday night the following Boy Scouts left for Grand Haven and camped there overnight as one of the patrols to take part in the camping contest: Edward Heneveld, George Heneveld, Jr., Harold Schurman, Hugh Ziel, Harvard Nevenzel and Eugene Teusink.

Robert Van Den Berg, Charles and Fred Bertsch and Ray Vos formed the signaling team from troop 30, which won second place in this contest.

HAMILTON

The large barn on the Edward Miscotten farm located just southwest of town was burned to the ground Saturday evening at about 7 o'clock. The blaze, discovered by Mr. Miscotten, had made so much headway that he rescued the two horses from the building only with great difficulty and danger. One of the horses was severely burned about the head and neck. When the alarm was turned in and the fire department arrived there was no hope of saving the barn and all efforts of the firemen and volunteers were directed to the saving of the other buildings. The blaze seems to have made very rapid headway since some of the men had been in the building less than thirty minutes before. The cause of the fire is unknown. Fortunately the building was almost empty, containing only a small amount of hay and straw. The loss is covered by insurance.

The Independents opened their baseball season with a defeat at the hands of the Allegan baseball team by a score of 12 to 4. The locals outthrew the visitors, 10 to 7, but errors and bases on balls were more than enough to make up the difference. It was not only the first game for the boys, but it also was their first practice. On account of renovation of the grounds and weather they have been unable to get on the diamond. The misadventures and awkwardness of the fellows were for a change more amusing than their usual machine-like plays. Anyway the fans will see different playing before the season is over. They meet the Dutch Boys of Holland this week, Wednesday evening.

These exercises closed a year of successful school work. Principal T. T. Gorder with his assistants, Grace Brink, Mrs. Harley Schutmaat and Fannie Britman, have been with us for several years and have made a very good record.

The annual school picnic was omitted. However, classes enjoyed separate picnics. The graduates motored to Ottawa Beach Monday for a beach party. The ninth grade was at Boldhead last week, Friday afternoon. This class also surprised Prof. T. T. Gorder at his home last week, Thursday evening.

Heavy rains have retarded the work on farms and celery fields in this vicinity but have been very beneficial to the growing crops. On the whole things look more promising than for many years.

A heavy crop of strawberries is being picked this week. The quality also appears to be excellent. The only black sheep in the crop family this year is corn but it is our expectation that this member will turn out better than Dame Rumor has prophesied.

Mr. and Mrs. James Roggen and son, Garry of Sheldon, Iowa, are visiting the Roggens for several days.

Most of the folks were kept awake Monday night by terrific thunder storms. Lightning struck the tower of the First Reformed church causing considerable damage.

The Merchants motored to Virginia Park Tuesday evening for a return game with the Hubs. They came back with the banner again. The locals won, 3 to 2. Freeman for the locals, held the Hubs to 5 scattered hits, while R. Van Lente allowed 8 hits. The two teams of youngsters are evenly matched and have been playing on an even scale for several seasons.

Snake and Fish Fight to Death—It's a Tie

A fierce battle between a bullhead and a water snake is reported by Sam Uldricks, of Kalamazoo, in which the contestants were both conquered by a common enemy—death.

"I was wandering about Howard Lake, in Kalamazoo County, when I witnessed the oddest struggle for life that has ever been my good fortune to see," related Uldricks. "A large watersnake was battling a foe that I could not see. He was executing every movement that it seemed possible for a snake to make. Finally, he worked his way into shallow water, and imagine my surprise on picking him up. Then I could see what was really taking place.

"The snake was 33 inches long, and he had attempted to make a meal off a four-inch bullhead. The snake's throat seemed to be large enough to allow the bullhead to pass, but the bullhead evidently was able to straighten out his dorsal fin, thereby sticking the snake. In the struggle to disgorge the painful morsel, the spines of the fin worked clear through the snake. One of the barbs caught through the center of the snake's vertebrae, which may have had something to do with killing the snake."

It is not unusual for the water snake to eat bullheads, but it is a rare experience to witness such a battle as described by Uldricks.

According to Alexander G. Ruthven, author of "The Herpetology of Michigan," the water snake eats a considerable variety of food, including toads, ground beetles, frogs, tadpoles, meadow mice, shrews, various crustaceans and several species of fish which form the greater part of its diet.

Holland Speeds Plan to Rebuild Nation's Shrine

HISTORIC CHURCH AT DELFT WHERE PRINCES ARE BURIED THREATENS TO COLLAPSE

Netherlands possesses no Westminster Abbey and no Pantheon. The nearest approach to either of these is the "New Church" at Delft, where are buried most of the royal family of Holland since William the Silent established the unity of the nation down to William II, father of the present queen.

Like many of the ancient buildings of Europe this church is now falling into decay. So the authorities are taking drastic steps to prevent its entire collapse. The roof of the nave is actually crumbling, and the south wall of the church has slowly inclined to an extent nearly 3 feet out of the perpendicular. The beams, the rafters and the sandstone of the pillars and buttresses are showing distinct signs of age and decrepitude.

The work of restoration is so considerable that the trustees of the church have been constrained to make it a national one, and while the municipality of Delft and the government of Holland are contributing to the necessary fund, an appeal is also being made to individual liberality as a patriotic duty. This appeal can, fortunately, be made to all classes and political parties, for the church contains not only the magnificent tombs of the Orange-Nassau family but those of admirals, generals, writers and lawyers. Among the last class the most notable is that of Hugo de Groot, Grotius, in whose memory a fine window was presented by an American, as well as one in memory of the Dutch connection with the founding of the United States.

The church itself, although still known as the New Church, is one of the oldest in Holland and was originally built at the beginning of the fifteenth century. The steeple, 120 yards high, is one of the most graceful on the western side of Europe and contains a fine carillon, on which melodies are played several times daily.

The tomb of William the Silent and his successors were restored and rebuilt in commemoration of the silver jubilee of the proclamation of Queen Wilhelmina 10 years ago. This proclamation took the place of the coronation of the sovereigns of other countries and was made when she had achieved her majority. She had actually been the queen, with her mother acting as regent, since 1890.

While the bell which announces the most important events in the history of the nation—the births of princes, their succession to the throne and the death of each ruling sovereign—is in the leaning tower of the "Old Church," it is in the "New Church" that the events which make history are chiefly perpetuated. It is not only the mausoleum of the family of Orange-Nassau but very often it is their place of worship.

TELEPHONE CO. TO DOUBLE SIZE OF ADVERTISING

Confidence that business conditions have taken a definite upward trend has caused the Michigan Bell Telephone company to double its appropriation for newspaper advertising for the next four weeks.

"We are doing this," said Mr. Gene Ripley of Holland, "because there appears to be a definite improvement in business conditions and a general feeling of confidence that this will continue. These facts should result in increased buying of commodities and services and it is very important that our company take immediate advantage of improved conditions and promote the sale of telephone service. "We believe that we have profited by the use of newspaper advertising in the past; as you know, we have not curtailed it during the last three years. If we have been correct in our judgment that it has been good business to continue our advertising in the same amount during the past difficult months, it would appear good judgment to increase it now when there is good reason to believe that our business can be stimulated by a concerted sales effort."

TEAR GAS USED TO NAB MAN IN KILLING MOOD

Laboring under the delusion officers had come to murder him, Andrew Meger, 72, living a mile north of Round Lake, Allegan county, was taken into custody only after they had resorted to tear bombs. Meger, held insane, chased his wife from their home two nights ago and threatened to kill her if she returned. Report was made to authorities and two deputies went to the home. But Meger, shotgun in hand, threatened to kill them if they came near the house.

Sheriff Fred W. Miller and Deputy Edward Clock then visited the home and met the same threat. A neighbor named Bush tried to induce Meger to leave the house, telling him the authorities had gone. Meanwhile, the sheriff went behind the house and threw in a tear bomb, forcing Meger out. Meger was caught and subdued by Clock and the sheriff after he had grabbed a heavy club and attacked them. Meger is being held.

HOLLAND RESIDENT SUCCUMBS AT HOME HERE

Mrs. Leendert Kuite, 88, died on Wednesday evening at her home, 256 West Tenth street. She was found dead in bed Thursday morning by her son, Cornelius Kuite.

Mrs. Kuite was born December 15, 1844, in The Netherlands, and came to this country at the age of 15 years.

BEST "FLOWER SHOWS" IN YEARS ASSURED BY RAINS

A record crop of wildflowers in many parts of the country should be the result of the uncommonly ample rainfall during the last two months, in the opinion of Dr. Francis W. Pennell, curator of botany at the Academy of Natural Sciences at Philadelphia. He says: "Advises received from a number of states, especially those in the Far Northwest, indicate most favorable conditions for all kinds of flowering plants."

He added that "the alpine flora in our western mountain region may be well worth traveling far to see, and in lower altitudes, North, South and East, there is promise of such 'flower shows' as have not been seen for many years."

To The Depositors of the First State Bank of Holland, Michigan:-

THE First State Bank has about seven thousand depositors and it was quite impossible for me to handle a gathering as large as that. I wished to acquaint all depositors, however, with the problems we have had to face, and those now confronting us, so an invitation was sent out to the sixty-five of our largest depositors, their funds constituting over 25% of all the deposits in this Bank. They were presented with the reorganization plan and all the facts concerning the Bank, and they appointed a Committee to draft a resolution to all the other depositors of the First State Bank, which report was unanimously accepted at the adjourned meeting and is presented herewith:—

To The Depositors of the First State Bank of Holland, Michigan:-

Your Committee which was appointed on Monday, June 5th, at a meeting of Depositors held at the Warm Friend Tavern at 2:00 o'clock P. M., respectfully submit the following:—

Having been fully informed regarding the present condition of the First State Bank, and confident of the honesty and integrity of its Officers, Directors and Management, we urgently request the continued loyalty and support of all Depositors, and suggest their hearty co-operation to assist in an early reorganization for the benefit of the City of Holland and vicinity.

**ANNOUNCE DISCONTINUING
OF EIGHTH GRADE EXAMS
IN ALLEGAN COUNTY**

When seventh and eighth grade examinations were in full swing at Allegan last Thursday, School Commissioner G. V. Fales received word from the state department that the 1933 examinations would be conducted by the individual teachers in the home schools. The resolution also read that examinations for rural students would not be conducted in the various towns in 1934.

The legislators ruled that the holding of examinations as has been in the past "is discriminatory inasmuch as urban children are not required to take this examination and the same instruction is by law required and given both rural and urban children." The resolution stated it was an added burden and expense both to the children and the taxpayers to conduct such examinations.

It was voted to certify any child with the approval of the teacher in charge of the school which the child attends and the further approval of the county commissioner in 1934.

Commissioner Fales states no definite instructions have reached him in regard to how the tests will be held next year.

Diplomas will be awarded more than 800 graduates at June commencement in Holland. Holland high school leads with 182, with 76 Hope students listed for their bachelors of arts degree. The other schools — Holland Christian High 29 and Hope High 17. Western Theological seminary opened the commencement season last month with a class of 10.

Winners of the American Legion auxiliary medals for the best all-around boy and girl in junior high school were also selected last week by the junior high faculty members. Martin Martinus won the honor among the boys, while Ruth Vander Veen received the girls' award. Ruth Warner was given honorable mention.

John Hietbrink was declared the winner of a contest project carried on by Miss Mildred Rietsma, junior high teacher, in her classes. Students in her classes have been keeping illustrated notebooks in accord with their current studies.

**ZEELAND TEACHERS
ALSO GET SCRIP**

The board of education of Zeeland, in trying to relieve the financial situation for teachers and employees, has issued a series of certificates of indebtedness to the value of \$5,800. The certificates are made out in \$100 values bearing interest at 5 per cent. They are redeemable by the board of education on Oct. 1.

The teachers will receive the remainder of their salaries in tax warrants of baby bonds of \$25 each and interest bearing. These bonds will be issued for six-month duration and will be recalled by Dec. 15. The smaller bonds will be issued by the board within the next two weeks.

Many of the certificates have been sold to Zeeland persons as an investment and the teachers are obtaining cash instead of scrip by the selling of certificates. Each teacher was allotted his quota of the certificates by Supt. M. B. Rogers.

**ZEELAND BREEDERS ARE
GIVEN HIGH HONORS
BY STATE AUTHORITY**

According to the official figures of R. W. Wyant, tester for the Ottawa County Dairy Herd Improvement Assn., the herd of pure bred Holsteins owned by Keppel Bros., route 5, Zeeland, has just completed a year's record with a herd average of 14,101 pounds of milk and 485.7 pounds butterfat.

This is not only the best record ever made in Ottawa County by a Holstein herd on strictly two milkings per day, but is one of the highest in the state and United States in the two milkings per day division.

This herd also contains the high aged cow and high 3-year-old in the state for Holsteins on twice a day milking, with records of 557 and 521 pounds of fat respectively.

This herd is also the only one in Ottawa County to be classified by the National Holstein Association for type.

**No Gardens
No Welfare in
Grand Haven**STILL 69 GARDEN PLOTS TO
BE TAKEN. WOMEN INVESTIGATE WELFARE

A group of 12 Grand Haven women have accepted positions as assistant welfare workers who will check up the circumstances surrounding the conditions of each applicant for help from the welfare board of that city. They will work in pairs and have already been investigating the matter of city welfare applicants working on city garden plots. These women are going to the homes and at first hand learn the circumstances of each family. This will do away with the publicity which has been more or less embarrassing when appearing before the board at the semi-monthly meetings, when the head of the house usually appeared to state his case.

Of the 150 garden plots which were not taken by welfare workers last week there remain only 69 unoccupied. On investigation it has been found that 17 on the welfare lists will be excused from working the plots due to family conditions. Some are widows and others are not well.

Those failing to apply for lots will be cut off of the welfare lists and only in extenuating circumstances will assistance be given during the winter. The welfare board realizes that employment about the city is improving. Between 40 and 50 men have been taken from the lists within one week. Work may only continue for a short time and many of these men have already applied for garden plots. The city will make allowances for those who do not have time to cultivate as the plots should be.

Each applicant must conform to the layout and the planting as prescribed by the city. Supervision will be maintained on cultivation during the season. In cases where the father has gotten work the mothers and children are being urged to do what they can to keep up the work.

The board has adopted the rule that all applications for medical treatment must be approved by the city nurse. There has been a tendency on the part of some to call a doctor on small provocation. Hereafter the nurse will investigate and if she believes it necessary a physician will be called. The local physicians will be informed of the cases and a call is approved by the nurse the city will not be responsible.

HOLLAND BOY BEST SHOOTER

Grand Haven Tribune—Troop 10 of Holland, Ben Harris, scoutmaster, won the archery contest at the field meet for scouts from Ottawa county at Five Mile Hill this morning. Scout Hop shooting 200 yards for a new area record. Troop 10's average was the best as a team and Troop 4 of Coopersville was second. Louis Osterhaus of Sea Scout ship 41 of Grand Haven was second best thrower with a distance of 173 yards and Henry Freese of troop 25, Grand Haven, was third with 165 yards.

Other contests were to be run off this morning with a bugling contest and grand court of honor slated for this afternoon following a huge parade down Washington St. at 1:15 p. m. today. A signal by the city fire siren called the scouts together at the high school from where they marched to the city municipal dock headed by the high school band.

Scoutleaders from Muskegon are judges and the local sea scouts have erected a bridge of honor where the awards will be given. The area at the base of Five Mile Hill has been transformed into a pioneer colony with rustic cabins, signal towers and lean-to spotting the area.

LIGHTNING DOES MUCH DAMAGE IN NORTH OTTAWA

Lightning struck the barn belonging to Gerrit and Peter Holman, Grand Haven, Sunday night and it was totally destroyed by the contents. Another barn in Robinson township belonging to F. Acmen was also struck and burned to the ground. A third barn near Nunica was burned from the same cause.

The severe electrical storm which started at 4:00 p. m. hovered over north Ottawa until late at night and 83 inch of rain fell. The soaked condition of the surrounding buildings at Holmans undoubtedly saved even greater loss.

The Holman building was not a large barn but it had a lean-to. A quantity of hay, an automobile and farm implements in the barn were destroyed. The local fire department had a stiff fight to keep the fire from spreading to a nearby chicken coop and the dwelling.

The flames shot up into the sky, showing for miles around and within a few minutes a large number of automobiles filled with people were on the scene.

The Holman brothers live alone and raise chickens. It was reported a number of baby chicks were overcome with smoke but the chief said he did not believe there was any loss of that kind. No estimate was given as to the loss.

POSTOFFICE WILL BE RATED SECOND CLASS

The Grand Haven postoffice after July 1 will be rated as a second class office due to the drop in receipts during the past year. The dividing line is \$40,000. Although there was \$43,000 worth of business transacted during the past year, only 85 per cent of the stamp sales are considered for rating. This is due to the three-cent rate of postage stamps.

The reduction in rank of the local postoffice carries with it a reduction of \$650 in the postmaster's salary.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

PRESIDENT ROOSEVELT issued a proclamation designating May 1st as Child Health Day. He called upon "all agencies, public and private, and all individuals having the interest of children at heart . . . to inaugurate constructive activities to protect and promote the health and physical vigor of the youth of our nation." Although May 1st is officially Child Health Day, the health of growing youngsters is an everyday problem and I can think of no better way to protect and promote good health than by the proper use of nourishing foods.

The three Sunday dinner menus for the week suggested by The Quaker Maid Kitchen are planned to include food suitable for children, yet they are equally attractive and desirable for grown-ups.

This week the family shopper will find a good variety of fresh fruits and vegetables to choose from. Oranges, grapefruit, and strawberries, new potatoes, asparagus, and peas are very much in evidence. Beef, pork, and lamb and veal are very good meat values. This is an excellent season to serve veal. Two wholesome foods which always please the youngsters are preserves, and peanut butter.

COUNTY BAR ASSOCIATION SUPPORTS STATE BAR ACT

Support of the Ottawa County Bar association was thrown behind a bill, now before the state legislature, to incorporate the state bar. Action was taken at a meeting of the county organization in the Warm Friend Tavern Thursday in Holland.

Former Judge Orion S. Cross was instructed to send a telegram to the senate judiciary committee in Lansing, urging passage of the measure. By incorporation, attorneys in the state would be subject to the rules of the organization, instead of operating entirely as independent agents once they are admitted to practice under the present system.

At the meeting, Attorney Elbert Parsons, Holland, read a paper concerning John Marshall, famous chief justice of the United States supreme court. Louis Osterhaus of Grand Haven, president of the association, had charge of the session.

HOPE COLLEGE NEWS

TALK AND SPECIAL MUSIC ARE ON "ENDURING BEAUTY"

"Enduring Beauty" was the topic by which Miss Louise Kieft combined special music and her talk for the Y. W. on May 23. She said that the sublime attribute of Christ's enduring beauty is that it may be reflected in his followers. Enduring beauty, she explained, was multifarious and found in the graces given to man, in the variety of God's gifts to man; and it is a fadeless, a magnetic, and a selfless beauty.

Miss Annetta McGilvra played "Nocturne" by Chopin, and Miss Lois Kietel sang "Take Time to be Holy." Devotions were in charge of Miss Beatrice Visser.

Speaking on the subject of "Tolerance," Rev. Veltkamp, pastor of the Central Avenue Christian Reformed Church, addressed a joint meeting of the Y. W. and Y. M. C. A. on May 15. Rev. Veltkamp stressed that as far as non-Christian doctrines and heretical sects are concerned, the Christian church is essentially intolerant, and he pointed out how Jesus was intolerance personified in the same respect.

Golf Team Wins Seven Out Of Eight Games

GOLF IS MADE CONFERENCE SPORT AT RECENT COACHES' MEET

The Hope golf team this year is without question the best golf team that Hope has ever had. After losing the first match of the year to Grand Rapids Junior, the Orange and Blue team has hung up seven straight victories. Included among their victims were Albion, Olivet, Grand Rapids Junior and Muskegon Junior.

Golf has never been a conference sport. However, at a recent meeting of the conference coaches, it was decided to make golf a conference sport next year. Hope has no doubt, the best team in the conference, and if it were a conference sport would easily win the title this year.

"Ben" Timmer, Hope No. 1 man, has been playing excellent golf this spring. Included in his scores is a 71 and several other low 70's. Most of Hope's scores have ranged between 75 and 85 during the season. "Russ" Paulman, Harvey Scholten and "Les" Serier make up the golf team. "R" Harvey Scholten, Hope's No. 3 man, is captain of the team and has ably guided his team to a most successful season. "Capt. Harv" thoroughly believes that golf is the best thing for the golfers to train on. Future players, see the captain for further information.

Four matches still remain on the golf schedule, one with Albion, two with Kalamazoo and another with Grand Rapids Junior. We wish them all the luck in the world. These boys are to be congratulated for they have financed their team themselves. They have gone out and represented the school, but they have received no financial aid from the athletic board. Three of the members of the team will return next year, therefore, the Orange and Blue should gain the first golf championship of the conference.

Hope Track Men Take Places In Conference Meet

ESTHER, SEEKAMP, DOUMA, AND LAHMAN WIN IN TRACK COMPETITION

Last Saturday the conference track meet was held at Albion. Hope was represented by several men in the track events. "Joe" Esther won the two-mile run and finished second in the mile run. Seekamp of Hope finished third in the 440-yard dash. In-point scoring Hope was fifth. Kalamazoo took the meet, Albion was second, Alma, third, Hillsdale, fourth, Hope, fifth, and Olivet, sixth.

The Hope Freshmen also scored in the track meet. George Douma won the 100-yard dash, Dave Lahman finished fourth in the mile and the Frosh relay team took second place in the half-mile relay.

The tennis team played tennis on Friday at the conference meet and were defeated in the first-round matches. Gibson of Kalamazoo took the singles title, defeating Schloss of Albion. Gibson has taken the singles title three years in a row and has gone through three years of competition without losing a set in conference competition. Last summer he won a set from George Lott, national tennis star.

"Prof." Raymond proved to be the most popular man at the games on Saturday. He was selected as "clerk of the course." He was "THE man of importance." If anyone wanted to know anything, Prof. was the man to see. "Hi Clerk" was a familiar expression heard about the field. See our history professor for further details.

Visiting Pastor Speaks to Y.W. and Y.M. Group

A very interesting and inspiring address was delivered to the Y. M. and the Y. W. two weeks ago by Rev. Veltkamp of the Central Avenue Christian Reformed Church, who spoke on "Tolerance." A large and attentive audience of both men and women listened to the discussion and to a musical program in charge of a mixed quartet.

Science Groups Take Trips to Detroit Labs

A very educational as well as enjoyable trip to the city of Detroit was made by the members of the Hope Chemistry Club on May 12. Officials of the Parke-Davis Co. greeted the club in the morning, including several of the "bad men" of Hope who had painted the city red in nice before in spite of one home sick senior who insisted that he be brought back to his small home town. After the guides had shown the visitors all of the laboratories and the manufacturing processes, the Hope delegation was joined with a similar delegation from the University of Chicago to enjoy motion pictures of the experimental farm of the Parke-Davis Co. The cafeteria was next opened to the students, and even the waiters were surprised to see what some of the boys could do when they were allowed to keep their purse strings tied.

In the afternoon the group journeyed across the city to enjoy another fine reception at the General Motors Research Laboratory. Here, as well as in the forenoon, all learned a great deal of practical chemistry. After this, the tired group left for home.

Dr. Vergeer took his bacteriology class to Detroit Friday to visit the Parke-Davis Co. The class left early in the morning and arrived in time to go through the "pill factory" before dinner. Later, the company showed them moving pictures on the making of toxins and vaccines. After going through the Research Science Building, the students went out to Parkdale, the farm owned by the company, and there they were shown the care and treatment of the animals used for scientific purposes. The trip proved to be enjoyable as well as very instructive.

Y Members Enjoy Annual Retreat On Sat. May 27

At 9 o'clock Saturday morning the members of the Y. M. and Y. W. cabinets, Miss Ross and Rev. Hinkamp, piled into cars and were whisked away to the cottage of Beatrice Visser where the annual "Y" retreat was to be held. Jim Nettinga, the Y. M. president, assumed leadership during the morning session and led the group in discussing matters relating to the religious and social life of the campus.

At 11:30 the cabinets adjourned for a half an hour of recreation, veils, peas, potatoes and other tempting ingredients. If we may while the "chief cooks and bottle washers," under Julia Walvoord's supervision, guided the students of judge by an extra strawberry on two, Jim Nettinga turned out to be another of those "favorite sons." Two o'clock found the group ready for business once more, and the second period of discussion was led by Gertrude Holleman, the Y. W. president. The time between 4 and 5:30 was spent treasure hunting, after which the cabinets roasted "weeners" and, incidentally ate them. Miss Ross helped make a perfect ending to a perfect day by giving an informal but inspirational talk to the cabinet members as they sat around the camp fire.

Writers' Club Plans Definite Organization

With Professor Ritter as faculty advisor, the Writers' Club, composed of those students actively involved in creative writing have enjoyed another successful year. The individual work of the members has been studied and criticized as well as the work of the great and near-great in the literary world. Heretofore the true artistic irregularity in meetings has been observed, but for next term a more definite organization and routine is planned.

At a recent meeting, Margaret Dregman was elected president and John Henderson secretary for the ensuing year. About twenty students have expressed their interest in the organization, and it is expected that the group will become a definite factor in Hope English circles.

The Sunrise Hike of Saturday, May 27, was declared a success by all those who participated. After having assembled at the home of one of the students the group set off around the four mile course, where Mrs. Ritter was waiting with hot coffee and rolls. The party continued, to return about nine. Those who went including Professor Ritter, were Miss Margaret Dregman, Lenore Sikkema, Ruth Burkett, and Josephine Ayers, and Sherwood Price, Albert Holland, Sharon Van Dyk, John Henderson and Harri Zegarius.

MR. AND MRS. STANLEY DE PREE PRESENT CONCERT

On Wednesday evening, May 17th, President and Mrs. Wickers entertained the members of the senior class at a semi-formal reception. Special guests included Mrs. Durfee, Mrs. Kell, Dr. Nykerk, Mr. and Mrs. Fell, Mr. and Mrs. Olive, Mr. and Mrs. Dregman, Mr. and Mrs. Snow, and Miss Genevieve Purnort.

Mr. Stanley De Pree, a bass soloist of the Metropolitan Methodist church of Detroit and former student at Hope College, presented a concert for the entertainment. It included a wide variety of selections from the classical to the popular and humorous, and was enthusiastically received. Mrs. De Pree, an instructor in piano at Michigan State College, accompanied her husband and during the intermission played several piano selections.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

PRESIDENT ROOSEVELT issued a proclamation designating May 1st as Child Health Day. He called upon "all agencies, public and private, and all individuals having the interest of children at heart . . . to inaugurate constructive activities to protect and promote the health and physical vigor of the youth of our nation."

Although May 1st is officially Child Health Day, the health of growing youngsters is an everyday problem and I can think of no better way to protect and promote good health than by the proper use of nourishing foods.

The three Sunday dinner menus for the week suggested by The Quaker Maid Kitchen are planned to include food suitable for children, yet they are equally attractive and desirable for grown-ups.

This week the family shopper will find a good variety of fresh fruits and vegetables to choose from. Oranges, grapefruit, and strawberries. New potatoes, asparagus, and peas are very much in evidence. Beef, pork, and lamb and veal are very good meat values. This is an excellent season to serve veal. Two wholesome foods which always please the youngsters are preserves, and peanut butter.

TALK AND SPECIAL MUSIC
ARE ON "ENDURING
BEAUTY"

"Enduring Beauty" was the topic by which Miss Louise Kieft combined special music and her talk for the Y. W. on May 23. She said that the sublime attribute of Christ's enduring beauty is that it may be reflected in his followers. Enduring beauty, she explained, was multifarious and is found in the graces given to man, in the variety of God's gifts to man; and it is a fadless, a magnetic, and a selfless beauty.

Miss Annetta McGilvra played "Nocturne" by Chopin, and Miss Lois Ketel sang "Take Time to be Holy." Devotions were in charge of Miss Beatrice Visser.

Speaking on the subject of "Tolerance," Rev. Veltkamp, pastor of the Central Avenue Christian Reformed Church, addressed a joint meeting of the Y. W. and Y. M. C. A. on May 15. Rev. Veltkamp showed that as far as non-Christian doctrines and heretical sects are concerned, the Christian church is essentially intolerant, and he pointed out how Jesus was intolerance personified in the same respect.

Golf Team Wins
Seven Out Of
Eight GamesGOLF IS MADE CONFERENCE
SPORT AT RECENT
COACHES' MEET

The Hope golf team this year is without question the best golf team that Hope has ever had. After losing the first match of the year to Grand Rapids Junior, the Orange and Blue team has hung up seven straight victories. Included among their victims were Albion, Olivet, Grand Rapids Junior and Muskegon Junior.

Golf has never been a conference sport. However, at a recent meeting of the conference coaches, it was decided to make golf a conference sport next year. Hope has no doubt, the best team in the conference, and if it were a conference sport would easily win the title this year.

"Ben" Timmer, Hope No. 1 man, has been playing excellent golf this spring. Included in his scores is a 71 and several other low 70's. Most of Hope's scores have ranged between 75 and 85 during the season. "Russ" Paalman, Harvey Scholten and "Les" Serier make up the golf team. "R" Harvey Scholten, Hope's No. 3 man, is captain of the team and has guided his team to a most successful season. "Capt. Hare" thoroughly believes that golf is the best thing for the golfer to train on. Future players, see the captain for further information.

Four matches still remain on the golf schedule, one with Albion, two with Karoo and another with Grand Rapids Junior. We wish them all the luck in the world. These boys are to be congratulated for they have financed their team themselves. They have gone out and represented the school, but they have received no financial aid from the athletic board. Three of the members of the team will return next year, therefore, the Orange and Blue should gain the first golf championship of the conference.

Hope Track Men
Take Places In
Conference MeetESTHER, SEEKAMP, DOUMA,
AND LAHMAN WIN IN
TRACK COMPETITION

Last Saturday the conference track meet was held at Albion. Hope was represented by several men in the track events. "Joe" Esther won the two-mile run and finished second in the mile run. Seekamp of Hope finished third in the 440-yard dash. In point scoring Hope was fifth. Kalamazoo took the meet, Albion was second, Alma, third, Hillsdale, fourth, Hope, fifth, and Olivet, sixth.

The Hope Freshmen also scored in the track meet. George Douma won the 100-yard dash, Dave Lahman finished fourth in the mile and the Frosh relay team took second place in the half-mile relay.

The tennis team played tennis on Friday at the conference meet and were defeated in the first-round matches. Gibson of Kazoo took the singles title, defeating Schloss of Albion. Gibson has taken the singles title three years in a row and has gone through three years of competition without losing a set in conference competition. Last summer he won a set from George Lott, national tennis star.

"Prof." Raymond proved to be the most popular man at the games on Saturday. He was selected as "clerk of the course." He was THE man of importance. If anyone wanted to know anything, Prof. was the man to see. "Hi Clerk" was a familiar expression heard about the field. See our history professor for further details.

Visiting Pastor
Speaks to Y.W.
and Y.M. Group

A very interesting and inspiring address was delivered to the Y. M. and the Y. W. two weeks ago by Rev. Veltkamp of the Central Ave. Christian Reformed Church, who spoke on "Tolerance." A large and attentive audience of both men and women listened to the discussion and to a musical program in charge of a mixed quartet.

During our last Y. M. meeting, Dr. Van Saun delivered a highly educational talk on "Certainties and Uncertainties." The development of this subject led Dr. Van Saun into science and history, as well as religion. The speaker's wealth of information held the intense interest of everybody.

Science Groups
Take Trips to
Detroit Labs

A very educational as well as enjoyable trip to the city of Detroit was made by the members of the Hope Chemistry Club on May 12. Officials of the Parke-Davis Co. greeted the club in the morning, including several of the "bad men" of Hope who had painted the city red the night before in spite of one home sick senior who insisted that they be brought back to his small home town. After the guides had shown the visitors all of the laboratories and the manufacturing processes, the Hope delegation was joined with a similar delegation from the University of Chicago to enjoy motion pictures of the experimental farm of the Parke-Davis Co. The cafeteria was next opened to the students, and even the waiters were surprised to see what some of the boys could eat when they were allowed to keep their purse strings tied.

In the afternoon the group journeyed across the city to enjoy another fine reception at the General Motors Research Laboratory. Here, as well as in the forenoon, all learned a great deal of practical chemistry. After this, the tired group left for home.

Dr. Vergeer took his bacteriology class to Detroit Friday to visit the Parke-Davis Co. The class left early in the morning and arrived in time to go through the "pill factory" before dinner. Later, the company showed them moving pictures on the making of toxins and vaccines. After going through the Research Science Building, the students went out to Parkdale, the farm owned by the company, and there they were shown the care and treatment of the animals used for scientific purposes. The trip proved to be enjoyable as well as very instructive.

Y Members Enjoy
Annual Retreat
On Sat. May 27

At 9 o'clock Saturday morning the members of the Y. M. and Y. W. cabinets, Miss Ross and Rev. Hinkamp, piled into cars and were whisked away to the cottage of Beatrice Visser where the annual "Y" retreat was to be held. Jim Nettinga, the Y. M. president, assumed leadership during the morning session and led the group in discussing matters relating to the religious and social life of the campus.

At 11:30 the cabinets adjourned for a half an hour of recreation, veal, peas, potatoes and other tempting ingredients. If we may while the "chief cooks and bottle washers," under Julia Walwood's supervision, judge the destinies of two Jim Nettinga turned out to be another of these "favorite sons."

Two o'clock found the group ready for business once more, and the second period of discussion was led by Gertrude Holleman, the Y. W. president. The time between 4 and 5:30 was spent treasure hunting, after which the cabinets roared "woonies" and, incidentally ate them. Miss Ross helped make a perfect ending to a perfect day by giving an informal but inspirational talk to the cabinet members as they sat around the camp fire.

Writers' Club
Plans Definite
Organization

With Professor Ritter as faculty advisor, the Writer's Club, composed of those students actively interested in creative writing have enjoyed another successful year. The individual work of the members has been studied and criticized as well as the work of the great and near-great in the literary world. Heretofore the true artistic irregularity in meetings has been observed, but for next term a more definite organization and routine is planned.

At a recent meeting, Margaret Dregman was elected president and John Henderson secretary for the ensuing year. About twenty students have expressed their interest in the organization, and it is expected that the group will become a definite factor in Hope English circles.

The Sunrise Hike of Saturday, May 27, was declared a success by all those who participated. After having assembled at the home of one of the students the group set off around the four mile course, where Mrs. Ritter was waiting with hot coffee and rolls. Then the party continued, to return about nine. Those who went included Professor Ritter, the Misses Margaret Dregman, Lenore Sikkema, Ruth Burkett, and Josephine Ayers, and Sherwood Price, Albert Holland, Sharon Van Dyk, John Henderson and Harri Zegarius.

MR. AND MRS. STANLEY
DE PREE PRESENT
CONCERT

On Wednesday evening, May 17th, President and Mrs. Wichers entertained the members of the senior class at a semi-formal reception. Special guests included Mrs. Durfee, Mrs. Kollen, Dr. Nykerk, Mr. and Mrs. Fell, Mr. and Mrs. Olive, Mr. and Mrs. Dregman, Mr. and Mrs. Snow, and Miss Genevieve Parnort.

Mr. Stanley De Pree, a bass soloist of the Metropolitan Methodist church of Detroit and former student at Hope College, presented a concert for the entertainment. It included a wide variety of selections from the classical to the popular and humorous, and was enthusiastically received. Mrs. De Pree, an instructor in piano at Michigan State College, accompanied her husband and during the intermission played several piano selections.

Carpenters have been at work replacing woodwork in one of the beautiful homes on the south shore of Black lake, damaged by the destructive white ants. The first intimation of the presence of the pest was discovered when a strip of molding was removed from the wall and found to be full of termites. Removal of other pieces of woodwork in some of the rooms, in the floor underneath the linoleum, under sidings, baseboards, roofboards on the garage, posts in the ground and even in a tree revealed the presence of the termites in countless numbers.

Insects are expected to be numerous again this year. Already the striped cucumber beetle is numerous and active in the county. The most effective treatment is a mixture of 5 parts of calcium arsenate mixed with 95 parts of agricultural gypsum and shaken onto the plants through a small sack of coarse cloth. This is a cheap and effective remedy. Holes may be punched in a metal can with a stiff blade and dust spread as well.

Flies breed in small black holes in potatoes, cucumbers, beets and other plants are also reported. To control spray with bordeaux mixture to which has been added arsenate of lead in the following strength: 4 pounds of bluestone, 6 pounds of spray hydrated lime and 3 to 5 pounds of arsenate of lead or calcium. LIGHTNING DOES CONSIDERABLE DAMAGE IN THIS VICINITY

Holland, Ottawa and Allegan counties report much damage done by lightning during a severe storm Monday night.

An estimated total damage of \$4,200 to buildings in Holland and vicinity resulted from the severe rain and electrical storm here. Washouts, fire and disruption of telephone and electrical service followed in its wake.

Live stock and a barn on the farm of Peter Vander Berg, Saugatuck, were lost shortly after midnight when the barn was struck by lightning and burned. Loss was partly covered by insurance. All the live stock on the Vander Berg farm were consumed by fire with the exception of two cows which were so badly burned that they had to be killed.

A fire was also discovered by Rev. Jacob Vander Meulen in the cottage of John G. Kronmeyer at Laketown Park in Allegan county. The building was built about a year ago, was not insured and the loss will be at least \$1,200. Mr. Kronmeyer lives at Hamilton.

The grainery on the farm of Henry Swieringa at Castle Park was consumed by flames, the loss being well over \$1,000. Farm machinery, a pig and two cows were also destroyed.

Lightning struck the home of Bert Geurink, also near East Saugatuck but the damage was slight.

They were David Brown, Harold Tepstra, John VanHoff, and Albert Tiggelman. All four pleaded guilty when arraigned before Justice Cook in Allegan. They were given until June 10 to pay costs of \$7.70 each or serve fifteen days in jail. Tepstra and Brown took the jail sentence. Tiggelman and VanHoff promised to pay before the date set.
