## Graduation Activities Start Sunday

HIGH SCHOOL BACCALAUREATE SERVICE AT HOPE MEMORIAL CHAPEL SUNDAY AFTERNOON

The 55th annual graduation in our public schools will be ushered in at 2:00 o'clock Sunday, when the Baccalaureate services will take place at beautiful Hope Memorial Chapel.

At that time 212 graduates from the senior class of Holland high school will march into the Chapel and take their places in a block of seats set aside for them. They will enter the Chapel as the Processional Hymn is played on the large Skinner pipe organ, with Mr. Kenneth R. Osborne, M.A., director of music at Hope college, at the console. The Processional Hymn, "Onward Christian Soldiers," will be sung in unison by the prospective graduates as they enter the aisle, and will continue to be sung until the last graduate is seated.

The Baccalaureate sermon will be delivered by Rev. Raymond B. Drukker, D.D., Secretary of the Department of Religious Education, R.C.A. His subject will be, "A Charge to Keep I Have." It is especially fitting that Mr. Drukker has been selected to deliver this discourse, since he, too, received his fundamental education in Holland's public schools and Hope college when his late father was a pastor in this city.

The exercises will be opened with an organ prelude, "Prelude on a Gregorian Theme," by De La-marter, played by Mr. Kenneth R. Osborne, M.A. Rev. C. Stoppels, pastor of Bethel Reformed church of Holland, will pronounce the Invocation, the prayer, and the Benediction. He will also read the scripture from Matthew VII:15-19. The musical features during the Baccalaureate service will be the following: Anthems, "Blessed are the Pure in Heart," by Jones; and "O, Blessed are They," by Tschakowsky, sung by the high school Cappella Choir, under the direction of Miss Tricie M. Moore, concluding with the organ postlude, "Pascaglia in C Minor," Bach, by Mr. Osborne.

### SHERIFF FRANK VAN ETTA HAS PLACED EXTRA MAN IN HOLLAND

Everywhere throughout the state, Sheriff's Departments have been meeting a vexing question in the issuing of drivers' licenses. Each applicant requires an hour or more of examination, and it is rather slow work when man power is short, to hurry such a particular job.

In Holland the local department takes care of this, and does it well. In Zeeland the police department takes care, not only of Zeeland, but the sheriff's department has prevailed upon them to examine those from that vicinity. In Grand Haven both the police and sheriff's departments handle that situation.

However, this did not cover all the territory, so for the convenience of the country people, Hiram Robinson will be in this city every Monday from now on, and in Coopersville every Wednesday, in order that a full coverage is made for the convenience of all. The Spring Lake area is handled at Grand Haven. Endeavors have been made to accommodate everyone through the sheriff's department with the co-operation of the police in the different cities.

The whole thing is new, and the law has a great many ramifications, and the examinations cannot be hastily done if they are to be effective in the way of a safety measure. To roll them through and say "OK" would mean no protection at all. The examinations are to comply with a law passed by the state legislature in 1937.

The home of Mrs. Frank Dyke this afternoon will be the scene of the annual outing of the local Woman's Christian Temperance Union chapter. Mrs. Carl Dressel will be in charge of a pot-luck supper to be served, and the sports program will be directed by Mrs. John Vander Pool.

## News Items Taken From the Files of Holland City News Sixty, Fifty, Forty, Thirty, Twenty and Ten Years Ago Today

### SIXTY YEARS AGO TODAY

On Thursday evening of last week a little 10-year-old son of Levi Weston was killed by logs rolling over him. It seems he started out to look for cows, and it is supposed that he was playing on some logs on the bank of the river when they were loosened and started down the bank, throwing him under them and killing him instantly.—Lake Shore Commercial. Note:—Those were the days when logging and lumbering were still at their height, and the Kalamazoo river was used to raft the logs to the mills. Many of these logs were taken to Holland in later years, where there were at least three saw mills.

The Hessian Fly is said to be coming. A hundred years ago you could see the Hessian fly the other way.

### FIFTY YEARS AGO TODAY

Hon. G. J. Diekmann delivered the Memorial Day address at Lowell, Mich.

During the winter Anthony Slack of Allegan purchased a large amount of ship timber in this vicinity which he collected on the flats near the two bridges and on Tuesday morning having gathered it all in a raft he started down the river enroute for the Saugatuck ship yards. Ten new families have moved into this village the past week, being the families of laborers who find employment in the shipyards.—Allegan Journal. Note:—Time was when the Kalamazoo was so navigable that not only could logs be rafted from Allegan, but there was a regular boat line from Allegan via New Richmond to Saugatuck. Less than 35 years ago logging was still going on at New Richmond, that beautiful little hamlet just south of Holland. The late Jacob Van Putten, whose family still lives at River Ave. and 14th St., had a saw mill there and lumbered for several years. Saugatuck could boast of several ship yards in the earliest days; in fact, it was the greatest ship building port on the east shore of Lake Michigan. The "City of Holland," Holland's first steamer, built by Holland capital, was built in Saugatuck. This enterprise has entirely disappeared.

Dr. D. M. Gee, prosperous Holland dentist, who came here in 1874, died suddenly of paralysis while his beautiful wife was present. He was but 44 years old, and besides building up a large practice, was the leader of the best in Western Michigan. Note:—Dr. Gee built the first castle in Holland, at least that is what it has often been called. It is the home now owned and occupied by Mr. and Mrs. Walter C. Walsh, just west of the Ninth St. Christian Reformed Church. The exterior has scarcely been changed and the old home is still one of the most imposing brick structures in the city. The grounds, too, are practically unchanged. Concrete, of course, is now where gravel paths formerly were.

### TULIP TIME

Lovers, love the Tulip Time. In Holland by the lake. Older folk they love it, too. For dear "old Holland's" sake.

Tulips red and tulips white, Pink, and yellow gold, Make all feel young in Tulip Time. Not a person old.

Tulips stand so straight and tall, Nodding in the sun. We thank you, God, for Tulip Time. For it blesses everyone.

### MRS. GEORGIA ATWOOD MILLS WEDS GRAND RAPIDS MAN

The marriage of Mrs. Georgia Atwood Mills of Holland and Mr. George S. Brown of Grand Rapids took place in the parsonage of the Covenant Reformed church at Muskegon Heights, Saturday, June 4. Rev. James S. Stegeman, pastor of the church, read the service at 3:00 p. m. in the presence of a company of relatives and other friends. Mrs. Stegeman is a sister of Mrs. Brown.

Mr. Brown, who lives at 319 Hol-lister St., Grand Rapids, is one of the well known firm of the Alfred J. Brown Seed Co., a well-established firm, doing business in western Michigan for the past fifty years. He is the oldest brother of the Brown brothers, who organized that business. It is rather a co-incidence that the late Mrs. Brown was the sister of Harry T. Mills, the late husband of Mrs. Georgia Atwood Mills.

Mrs. Brown is well known in this city, having been bookkeeper at the Beach Milling Co. for ten years and at the Holland City State bank for twelve years.

Guests from Holland at the marriage were the mother, Mrs. George W. Atwood; a sister, Mrs. Herman C. Cook, and daughter, Miss Ruth-mary. Also Mrs. Bernice Lamont, and Patsy Jean Lamont; Miss Ruby Hughes and Mrs. Minnie Veneklasen, besides the family of Rev. and Mrs. Stegeman.

Mr. Brown has decided to retire after January 1st and will make his home in Holland although he will be at home to his friends at 18 E. 9th St., after June 15.

A daughter was born Wednesday at Holland hospital to Mr. and Mrs. Earl Van Dort, 88 East 16th St.

Application for a building permit has been made with City Clerk Oscar Peterson by the H. J. Heinz Co. to reinforce the floors of its No. 13 building with steel at a cost of \$12,463. No definite date has been set for beginning the work, James A. Hoover, plant manager, stated yesterday.

According to Dr. Ralph Ten Have who is head of the Ottawa county health department, pneumonia is in Holland for those who are unable to pay for it, may be obtained from J. J. Jelema at Holland hospital.

Henry Trinax of Fennville sold his 80-acre farm to John A. Kooyers, Holland's park superintendent, for \$2,500. Note:—Mr. Kooyers was the first park superintendent this city employed. He was a printer by trade, but loved flowers and plants. He owned a small farm going up the State Street hill—that was before the limits were extended further south.

Nathan Kenyon died at the age of 88 years at Los Angeles, Friday. Note:—He started Holland's first bank in a residence located on the site of Warm Friend Tavern. Later he built what was known as Kenyon Hall on the site of the McBride block. It was a three-story building, the two upper floors being converted into an opera house, the first one Holland could boast of. The ground floor contained a jewelry store, a book store, and Kenyon's bank. Nearly 60 years ago the building burned and Kenyon built another small bank on the site of the Fris Book Store, which later became the Holland City Bank, conducted by "Jap" Van Putten. This was later the foundation of the Holland City State Bank, under the clock, today merged with the Holland State Bank. The McBride block today has been built on Kenyon's Hall foundation. At least, many of the hard heads from the ruins were used in its construction.

Seth Nibelink, while conducting the funeral of Mrs. G. Heekhuis, was informed of the death of his own mother, Mrs. S. H. Nibelink, a pioneer, living on West 9th St. Besides one son, Seth, the deceased is survived by two brothers, John Pessink and Gerrit Pessink. Note:—One time rural mail carrier here, is the only one living.

## Baccalaureate For Hope Seniors Sunday Evening

REV. CHARLES H. CAMPBELL, FLUSHING, N. Y., WILL DELIVER ADDRESS

Class of 1938 Numbers 106; This is 73rd Convocation

This Sunday evening is to be an important one for 106 graduates of Hope College senior class, when they will listen to the Baccalaureate address at Hope Memorial Chapel. The service to be held Sunday night at 7:30 will be open to the public, and undoubtedly the large cathedral-like auditorium will be filled to capacity by relatives, friends, and citizens of Holland and vicinity, who come to participate in these annual exercises.

This is the 73rd Convocation since Hope College was established, and this year the address will be given by an eminent divine from the East, namely, Rev. Charles H. Campbell, Ph.D., of Flushing, New York. His Baccalaureate sermon subject will be, "How Our Dreams Come True." Dr. Wynand Wichers, president of Hope College, will preside.

The exercises will be opened with an organ prelude, "Prelude, Fugue and Chaconne," Buxtehude, played by Kenneth R. Osborne, M. A., of Hope College. After the Prelude the large class in cap and gown will march down the aisle, singing the Processional song, "The Sons of God Go Forth to War." This inspiring hymn of four stanzas has been the Processional song at Hope for a great many years.

When the class is seated the prayer of blessing will be given, after which the Chapel Choir will render "Glory and Honour and Laud," by Wood. Then will follow the reading of Scripture, followed by the hymn, "Surge, Anima Mea" by Handel.

The offertory "The Legend of the Mountain," Karg-Elert, will be rendered by Mr. Osborne on the large Skinner pipe organ. Here in the program Dr. Campbell will deliver the address to the students, and to the public.

"Crusaders' Hymn," three stanzas, will then follow. The prayer of Benediction will be said by the Rev. Charles H. Campbell, Ph.D., and the Response, "The Lord Bless You and Keep You" by Lutkin, will be rendered by the Chapel Choir.

The organ Postlude "Toccata" (Symphony V) by Widor, will be played by Mr. Kenneth Osborne. The three Hymns, namely, "The Son of God Goes Forth to War," in four stanzas, and the hymn by Philip Doddridge in four stanzas, and the "Crusaders' Hymn" in three stanzas are printed in full in the program.

The public is cordially welcome to this 73rd Convocation of the senior class of 1938 of Hope College, to be held at Hope Memorial Chapel this Sunday evening at 7:30 o'clock.

### ARENDSDORSTERS HAVE MOVED INTO REMODELED BUILDING

John Arendshorst, Realtor and Insurance, has moved his offices to the second floor of the old Peoples Bank Bldg., recently remodeled into a commodious structure.

Mr. Arendshorst is now occupying the west suite of rooms, and Wm. Arendshorst and son, Bernad, Investment and Stock Brokerage firm, have offices in the east suite.

The building has undergone such a radical transformation that the old bank aspect has entirely disappeared. It is now two stories instead of one, and the front, instead of Bedford stone, is now in blue and white tile. The lighting arrangement and skylights have also been re-arranged and are now more serviceable.

Branderhorst and Nyland are the contractors. White Bros. did the electrical work and George Bontekoe the plumbing.

White Brothers Electric Co., formerly located at 109 East Eighth St., opened Wednesday morning for business at its new location, 209 Central Ave. The building was formerly occupied by the Baker Beverage Co.

An invitation has been extended by John Van Bragt, superintendent of Holland parks, to all flower lovers in and about the city to see the beautiful peony display at Kollen Park.

## HOLLAND GIRL RETURNS HOME FROM AFRICA

Miss Jennie Stielstra, daughter of Mr. and Mrs. Nicholas Stielstra of Lakewood Boulevard, Holland, missionary, who was stationed at Lupwe, Africa, arrived home yesterday after serving that district for the last few years.

She left Africa on May 3 and arrived in New York on the steamship "Laconia" on June 6. Before leaving Africa she remained for three weeks with Mr. and Mrs. Edgar Smith, also missionaries in Africa, who had returned work at the before, to continue work at the same station. Miss Stielstra remained to aid the Smiths, who had been on a furlough for a year. Much of their time was spent last summer in Holland.

It will be remembered that Mrs. Smith was Miss Nellie Breen of Holland, whose parents are Mr. and Mrs. Breen, 245 West 15th St. She went to Africa as a missionary where she met Mr. Smith, who is also a missionary, and they were wed and carried on the work together. Mr. Smith is a missionary from England.

On her way home, Miss Stielstra spent one week in London as the guest of Mr. Smith's parents, who are residents in England.

Miss Stielstra left Holland three years ago, and will be in this country on a year's furlough. The stay in Africa in the district where she comes from is short because of the intense heat, and missionaries are not able to remain as long as in some other countries. With Miss Stielstra at the time was Miss Tena Huizenda, also a missionary.

Undoubtedly Miss Stielstra will visit many churches and societies, and speak of the wonderful missionary work being done on the "dark continent." This Mission was started by Miss Johanna Venstra several years ago, and it will be remembered that she died and was buried there, a martyr to the cause of missions.

### MOTHER OF 19 CHILDREN PASSES AWAY

Mrs. Henrietta Bronson, 443 W. 22nd St., died Saturday at 1:00 p. m. at her home, from a stroke of paralysis. She had been ailing for some time, and the attack came Wednesday, followed by death three days later.

She is the wife of Charles Bronson, for many years with the Michigan Gas and Electric Co. She reared a large family of 19 children, fifteen of whom are living at the time of her death. Despite the raising of a large family of fine girls and boys, she had time to take a deep interest and be active in the City Rescue Mission.

The Bronsons lived in Holland for the last 27 years, coming here from Salem. She was born in Eaton County, Michigan, on November 6, 1881, and was 56 years old at the time of her death.

Besides her husband, survivors are six sons, William of Minneapolis, Minn.; Charles, Jr., John, Lee, Arthur and Chester of Holland; ten daughters, Mrs. Henry Van Kampen of Detroit, Mrs. William Reeds of Fremont, Mrs. Ray Bomeyn of Sparta, Mrs. Morris Davis, Mrs. Carl Jordan, Mrs. Ben Smeenge, and Mrs. Harry Graham of Holland; Bernice, Armina, and Matilda at home; one brother, Bert Mast of Kalamazoo and thirty-eight grandchildren.

The funeral services were held yesterday at Dykstra's Funeral Chapel, and on-in-laws, from the above-named group of relatives, acted as pall bearers. George Trotter, superintendent of the City Mission, officiated at the funeral rites.

Interment took place in Pilgrim Home cemetery. The flowers were many and beautiful. The rites were largely attended, many of the Mission folk, where she had been so faithful a worker, and relatives and friends being present.

On June 18, a banquet will be held at the Holland country club in honor of George Slikkers, 486 Washington Ave., who has been the local representative of an insurance company for 25 years.

Present at a business meeting at the club last Saturday were Henry Palmbos, John Geerlings, Gerrit Blylsma, Edward Bos, Albert De Groot, Jack Dykstra, all of Holland, and Mr. Slikkers.

Nelson A. Miles, 560 College Ave., Tuesday attended Taylor University commencement exercises at Upland, Ind., where his brother, John L. Miles, received his A. B. degree.

## Tidy Sum Spent Beautifying Holland Boats

NORTH AND SOUTH AMERICAN ARE FLOATING PALACES; ONE JUST STARTED OUT FOR SUMMER CRUISING—OTHER GOES NEXT WEEK

Improvement, additions, refurbishing and redecorating costing \$80,000 have been made on the S.S. North American and the S.S. South American of the Georgian Bay Line since last September in preparation for the 1938 summer season cruising of these ships.

Most noticeable, to those who have taken cruises on these boats, will be the attractive colors in which most of the staterooms have been finished. The mahogany woodwork of lobbies, grand salons and all general assembly cabins have been lightened, the interior metal decorated with new furniture supplied for lobbies, lounges recaptured, new drapes and chair back covers placed in the dining rooms and the installation of hot water in all the rooms has been completed.

Sun bathing facilities, so popular on the observation decks the last two years, have been increased with the opening of the present layout. Both ships have received their annual coat of paint—sparkling white—which has become almost a trademark of the line. Ports of call are Chicago, Mackinac Island, Midland, Canada (in Georgian Bay), Detroit, Cleveland and Buffalo. The two fine steamships have been at their docks at Montello park, Holland, since they were laid up for the winter last September except for a short stay in drydock at Manitowoc, Wis., for under-water conditioning and fitting out for the 1938 cruise season.

The South American cleared for Chicago and Buffalo to make pre-season charter trips, but will go on the regular Georgian Bay summer run early in July. The North American will leave next week from today, June 16, also for the pre-season cruise, when parties charter the steamboat for scheduled trips.

These two large, beautiful steamers made a great deal to Holland. They are veritable floating hotels during the Tulip Festival, caring for at least a thousand guests daily. In the summer these steamers have a complement of sailors numbering 145, all of them starting out from the docks in Holland at Montello Park. 100 men have been busy redecorating, repainting, and reconditioning both boats while being tied up at their docks at Montello Park. 25 men are constantly on the job during the winter months.

Captain A. Anderson, skipper of the South American, is also port captain, and makes his home here. Capt. William Bright is Commander on the steamer North American. The chief steward on the North American is Arthur A. Bailey; and E. J. Leenars, is port steward while the steamers are laid up here. The chief steward is Robert A. Swahn, a native of the South American. Chief engineer on the South American is Harry Wilson, and on the North American is Claude Ver Mullen, both of Holland.

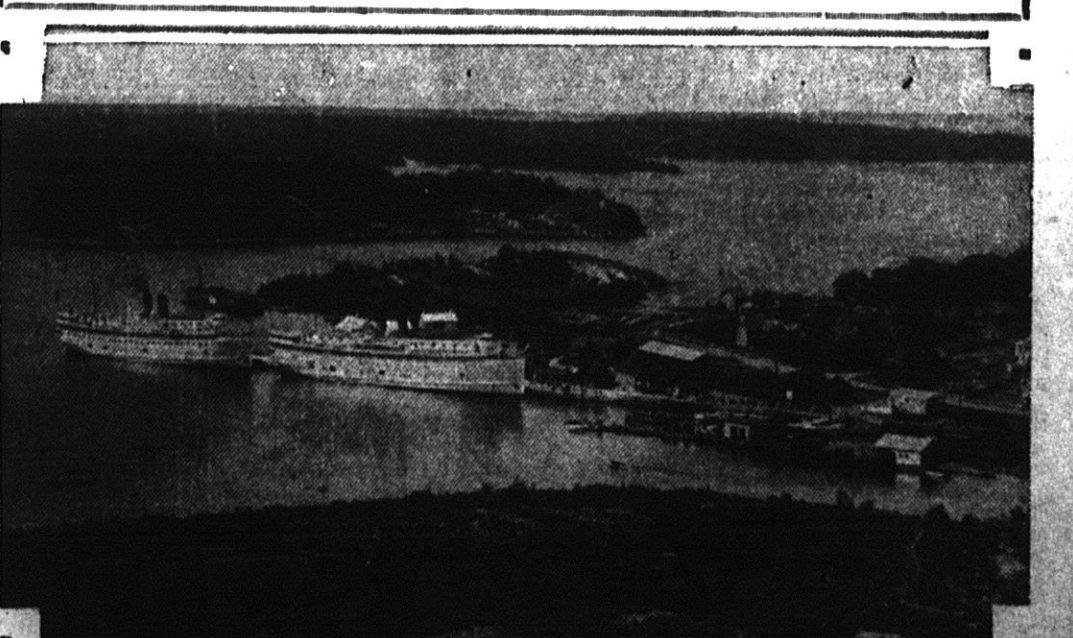

The officers of the company are President, William Mayo, at one time chief engineer of the Ford Motor Co.; Dwight Douglas, executive vice president; and Emery B. Hatch is secretary and treasurer.

The forepart of the week the South American was chartered to take a large party from Holland, Grand Haven, and Muskegon, to see the Cubs and the Giants play at Wrigley Field. There are very few open dates on the schedules of these two beautiful "Great Lakes" steamers, who make this port their home the greater part of the year.

The condition of Dr. S. C. Nettings, president of Western Theological seminary, who recently underwent an operation at Mayo Brothers hospital, Rochester, Minn. is "much improved."

Miss Marguerite Brink, who will become the bride of Neal Unema this month, was honor guest Wednesday night at a grocery shower presented at the home of Mrs. John Oosting, 11 East 22nd St. Prizes at games went to Mrs. Nick Unema and the Misses Jane Brink and Gladys Sysma.

## BEAUTIFUL GEORGIAN BAY

AT ANCHOR in this beautiful port of call on Georgian Bay are to be seen the SS North American and SS South American, which sail regularly from Detroit to Chicago and are routed via Georgian Bay, a scenic indentation of the coast of Canada. The two ships are of the oil burning type.

AREN'T THEY BETTER OFF NOW?

The denial of the right to vote to permanent residents of the District of Columbia has often been called a repudiation of democracy at the fountain-head.

And yet, until recently, this condition does not seem to have worried the inhabitants of the National Capital and its environs greatly. When they did have the right to vote, under the old territorial form of government, they got themselves into a lot of trouble, financially and otherwise.

And it became necessary for Congress to step in and straighten matters out. The right of suffrage was abolished in 1874, when the existing form of commission government was introduced, with Congress holding the purse-strings and legislating directly for the Federal District.

A movement is now under way to regain the right to vote for those residents of the District who do not vote in the several states, as about 100,000 of its 627,000 residents are entitled to do.

An unofficial plebiscite held last month showed that 13 out of every 14 of the disfranchised citizens of the District want the right to vote for President and for members of Congress from the District of Columbia.

And seven out of every eight want the right to vote for officials of their own city government.

The House Judiciary Committee is holding hearings this week on two proposed joint resolutions designed to restore the suffrage to denizens of the National Capital, without regard to race, creed, color or previous condition of servitude. Will that increase their happiness or their grief?

AMERICAN MISSIONS IN CHINA

(Detroit Free Press)

The prestige of American missionaries in China has never before been so high as it is today, according to a special correspondent of The New York Sun.

Although urged by their Government to withdraw from danger zones, a majority of the missionaries have stuck to their posts and done what they could to mitigate the horrors of war among the civilian population.

A number of them have lost their lives by doing so.

The devotion of missionaries in China to what they conceive to be their duty is nothing new.

When the Boxer terror swept over North China in 1900 scores of missionaries, and members of their families, who refused to leave their flocks and come into treaty ports, were killed outright or tortured to death.

Whatever value may be placed upon the evangelical work of the American missions in China there can be no doubt of the courage and fidelity of their members in the face of famine, disease and Japanese bombs.

The Chinese appreciate that.

And they also appreciate the aid which mission hospitals and their staffs have rendered to the wounded.

The generality of Chinese may have heard that most Americans sympathize with their cause, a remote and intangible consolation, but in the activities of the missionaries in their midst they find visible and practical proof of that sympathy.

Mr. and Mrs. Gerrit Ten Have of Zeeland observed their golden wedding anniversary at their home Monday by holding open house for relatives and friends. Refreshments were served. About 100 guests from Holland, Douglas, Fennville, and Grand Rapids were present at the affair. Mr. Ten Have is 75; Mrs. Ten Have, 72. The couple have five children: Dr. Ralph Ten Have of Grand Haven; Dr. John Ten Have of Grand Rapids; Mrs. Cornelius Schaap of Zeeland; Mrs. Cornelia Van Voort of Zeeland; and Mrs. William Weststrate of Holland, and 21 grandchildren.

Many Pupils Are Made Happy When Handed Diplomas

DR. VOELKERS STRESSES WHAT MAKES FINE MAN AND WOMANHOOD; TELLS OF SACRIFICES OF PARENTS

It Was An Impressive Sight at Carnegie Hall When 168 Rural Students were Graduated

One hundred sixty eighth-grade graduates with their parents and friends filled Carnegie gymnasium on Hope College campus last Friday evening to hear Dr. Paul F. Voelker, president of the Grand Rapids College of Applied Science, address graduates. Dr. Voelker's address was entitled, "Education of the Heart," and was based on the text, "Keep thy heart with all diligence, for out of it come the issues of life."

The importance of controlled emotions in present-day life was emphasized by the speaker. DR. WICHERS SPEAKS BEFORE GENERAL SYNOD OF THE REFORMED CHURCH

"The Reformed Church in America can wield a large influence in this to be, as in the past, a conscience rather than a museum; a voice crying in the wilderness; rather than a treasure house of beautiful ideals," stated Dr. Wicher's last week Thursday night in his address before the General Synod of the Reformed Church in America at Asbury Park, N. J. Continuing, Dr. Wicher, who is retiring president of synod, asserted, "The Reformed church in every generation has been in conflict with the world, but it has kept its theology pure, its message evangelical, and its faith, white-hot."

Dr. Wicher warned against "getting our spiritual life tangled to such an extent in the web of modern civilization, that we become powerless either to save that civilization or ourselves."

Wynand Wichers

moaned the fact that there is often so little difference between the lives of worldly people and church members. In education, radio, culture, and social and economic systems of modern times, Dr. Wicher analyzed, the formative forces of our present-day life lie.

In answer to those who would declare a moratorium on preaching, the local college head stated, "We do not argue for less preaching, but for more and better preaching." Missionary effort on the part of the church must be extended, the speaker pointed out.

Concluding, Dr. Wicher summarized, "Now see how closely these ways of releasing the imprisoned splendor bind us all together in a common task—preaching, teaching, witnessing. There are not many causes which demand our allegiance. There is only one cause. There is only one. There are not many goals to achieve. There is only one goal—to bring the world into subjection to our King, Christ."

Dr. Wicher's address followed election of officers. In the election, Dr. J. Harvey Murphy of Hudson, N. Y., was elected to succeed Dr. Wicher, as president. Others chosen were vice president, Dr. A. Dykstra of Grand Rapids; and temporary clerks, the Rev. J. J. Werkman of Belflower, Calif.; the Rev. Henry Bast of Grand Rapids; and the Rev. Theodore Luidens of Williston Park, L. I.

At its session Monday, synod went on record as being opposed to gambling of any sort. It also voted in favor of more stringent regulations on liquor traffic, and as being opposed to export of munitions to high military and naval appropriations.

On Tuesday, members of Synod approved a resolution favoring the proposed World Council of Churches. A total of \$278,413 in donations for foreign missions was announced, an increase of \$1,814 over last year. ## SUIT MAY HOLD UP BUILDING OF COAST GUARD STATION HERE

Action has been brought by residence property owners of Ottawa Beach, asking that the trustees of the old First State Bank be enjoined from selling certain property. These trustees have charge of the segregated assets of the old bank, which are being handled by them and Cornelius Vander Meulen, with headquarters in the old Holland City State Bank building.

This injunction, if granted, it seems may delay the building of the \$125,000 Coast Guard station on the site which the trustees of the old bank sold to the city of Holland for \$2,000, which was sanctioned at a recent meeting of the council.

The trustees of those assets are asked to appear in court Tuesday, June 14, to show cause why they should not be enjoined from selling this property. There are a score or more of plaintiffs who own property there and who represent the Park association at Ottawa Beach, a voluntary organization, who is representing the residence property owners. It is their contention that the property in question to be sold, and other properties also in question, used for commercial projects, are in violation of what the property, they consider, was intended for. They contend that many of the parcels in question, according to the original plan, are for park purposes only, and that the sale of this property will be in violation of the rights of the property owners.

Mr. Vander Meulen, who is representing the Depositor's Corp. of the old bank, points out that the site of the proposed Coast Guard station is the old site of the former Hotel Ottawa, which was burned some 14 years ago. This hotel had been in operation from 1890 to 1923, when it was destroyed. Naturally, the hotel was used for commercial purposes, and the contention is that it must have been in violation of provisions in the original plan; and for that reason the property owners thus lost their right in preventing the sale of the property in question.

The bank acquired the property through a loan made some 12 years ago and the property later reverted to the old First State Bank because of the loan. This property is now a part of the segregated assets of the old First State Bank.

The whole matter is rather technical to the layman, but there will be law questions brought up that will be of unusual interest. The plaintiffs are seeking a permanent injunction to prevent the use of sections of Ottawa Beach being used for commercial purposes. In any event this legal matter may delay the building of the Coast Guard station, since the city of Holland was purchased by the site of Holland from the Depositors' Corp. is part of the land involved in the injunction suit.

## RAILROAD EXPRESS GOES ON THE AIR

The Railroad Express Co., covering an area throughout the United States, which includes the Holland agency, will go on the air broadcasting on the evening of June 23. The feature will be "The Express Man at Work." This subject will exploit the work of the Express man as he fits into the life of the nation.

The broadcast will be nationwide, sponsored by the Columbia Broadcasting Co. Thursday evening, known in its theme as "Americans at Work." In this instance these Americans will be the Express men throughout the nation. It will be a half-hour program from 9:30 to 10:00 p. m. Eastern Standard Time, and 8:30 to 9:00 p. m. Central Standard Time.

The local Express Co., under the acting management of Walter Vander Haar, volunteered the information that the nationwide scale in Express shipments increased seven percent over corresponding months in 1937. The total for the month was 56,157 shipments. The business of the Holland office, it was stated, increased 11% for the month of May, over the previous month last year, which includes air and rail shipments. Considering the business slump, these figures should be gratifying to the general public.

The condition of Mrs. Leonard Van Lier, 37, rural route No. 2, who submitted to a facial operation at Holland last week, is much improved.

William McCarthy, exalted ruler of Holland lodge No. 1315, B.P.O. E., left today for the state convention of Elks at Alpena. Albert Gebben was chosen as alternate.

Comrade P. Lugten is at the Govt. Hospital in Grand Rapids for a check-up, and Bill Padgett is getting fixed for a facial operation at the Hines Hospital in Chicago.

And, Jack Barndse is in Detroit this week and not for Hospitalization. Guess Jack is just lookin' 'em over.

Get your things in order so that you can attend the Department Convention at Battle Creek. The Band is making plans for going down to help us march.

And remember! No meeting until July 13th.

The Willard G. Leenhouts Post American Legion together with the Women's Auxiliary, wishes to thank the general public for their liberal support of the recent "Poppy Drive." The results were gratifying indeed and the causes to which the funds go are of high merit.

According to word received from Edward P. Sooter, commander of Willard G. Leenhouts Post, No. 6, American Legion, Clarence Harris, 288 W. 17th St., and Seymour Padgett, 190 E. 8th St., both of Holland High school juniors, and Richard De Ridder, 246 E. 9th St., Christian High school junior, have been selected to attend the Wolverine Boys' State convocation, to be held June 16 to 25 at Michigan State college, East Lansing. A "mythical 49th state" will be formulated, and the local delegates, together with 500 others, will participate in the "government" of the "state" during the days of the meeting.

Selections were made by the Legion Americanism committee, J. J. Riemersma, A. E. Van Lente, Jacob Barendse, and Charles Miller, in consultation with John A. Swets, superintendent of Holland Christian schools.

## LARGE GROCERY FIRM MOVES ENTIRE STOCK IN ONE DAY AND EVENING

The Kroger Grocery and Baking Co., whose downtown store has been located in the Van Ark building on the north side of West 8th St., moved their entire stock to the south side of the street in the large Kuite block at 12 West 8th St., near Central Ave. Large trucks and a force of men were busy most of one day and evening transferring the stock from one store to the other.

For the past two weeks a force of carpenters, painters, and decorators have been busy in the Kuite building, transforming it into an up-to-the-minute food emporium. The latest approved vegetable racks, with tremendous capacity, have been installed. The racks are so arranged that an abundance of vegetables of all kinds are advantageously shown, and will also occupy one of the large show windows. A sprinkling system keeps all vegetables fresh and cool.

The meat department, the refrigerating plant, all newly installed, occupy the east side of the building, while the west side of the building is lined with grocery supplies, canned goods, and other merchandise incident to a food store.

Those from the Grand Rapids branch who were here to supervise the moving and the re-arranging of the merchandise were Branch Manager Mr. L. O. Griffin; Harold Stuart, from the store set-up department; and Warren Rader, Supervisor.

Ted Baker, owner of the Baker Beverage Co., stated yesterday that his place of business has been transferred from 209 Central Ave. to 26 West Sixth St.

The center of the store has built-in, pyramided counters, where baked goods and confections will be placed. The lighting arrangement has been changed throughout. The building has been so remodeled that the rear and the entire basement will be utilized for surplus stock.

The Kroger Grocery and Baking Co. has been doing business in Holland for the past 12 years. The opening of the new store will be this Friday morning, and patrons are welcome to come and inspect the new location. The staff personnel of the downtown store is James Ver Hey, grocery manager; Ralph Willis, meat manager; Hiram Brinks, grocery assistant; Garry De Weerd, produce manager; Leroy Naber, meat helper; sales staff—Mrs. Florence Dokter, Harold Douma, Mrs. T. De Weerd, Henry Beltman, and William Miller.

## The Sand Blow District Will Vote Next Week

WEST OTTAWA VOTERS TO ELECT FOR DIRECTORS ON JUNE 20

The West Ottawa Soil Conservation District election of three directors has been set for Monday, June 20th. Voting will occur between 5 P. M. and 9 P. M. All occupiers of land to or are in possession of any lands lying within the district are eligible to vote. Any occupier of land lying within the district who will be absent may secure an absentee voter's ballot by making application to L. R. Arnold, Grand Haven, who has been appointed election superintendent.

Two men were recently appointed directors by action of the state committee—Hunter Hering, Crockery; and Clarence Reenders, Grand Haven. Three other directors must be elected to complete the official board. Nominees for directors are: Marinus Soerenson, Crockery township; D. H. S. Rymer, Spring Lake township; Robt. McCarthy and Frank Hendricks, Grand Haven township; Frank Garbrecht, Port Sheldon township; Geo. Wendt, Park township; and Albert Stegen, Olive township. After June 20th election the board of directors will meet to draw up a program of work.

For an ideal set-up all parts of the district should be represented. Voters should take this into consideration. As the district extends through Port Sheldon, Park and Olive townships in the southern part of the county it would be quite ideal to have some men from this section. The two appointed directors are from rather widely separated parts of the district, Crockery and Grand Haven townships.

L. R. Arnold, agricultural agent, states he has been requested to call the board together right after election. Representatives from the state will be present to get information in regard to needs, procedure, etc. It is rather late to expect to accomplish much in 1938, but definite plans are now in mind for a future program which will embrace three distinct objectives.

## Mayor Geerlings "Loafing" On Job Putting Dough In Oven

Left section, from left to right: Supt., Board of Public Works, Abe Nauta; City Engineer, Jake Zuidema; Ald. Peter Huyser; George Pelgrim; Dick Miles; Ald. Frank Smith; M. Vande Water; Ald. John Vogelzang; Ben Bos (baker); Ald. Ed Brouwer; Ald. "Casey" Kalkman; Ald. Henry Kotel; Melving Grotel (bakery superintendent).

Right section, from left to right: Mayor Henry Geerlings; Merriek Parsons; Ald. Art Drinkwater; Ald. John Menken; Ald. Ben Steffens; Ald. Albert Kleis; City Clerk Oscar Peterson; Dick Boter; Ald. Martin Oudemool; City Assessor Peter Van Ark; Henry Kleis; Alex Van Zanten. Supervisor Abel Postma is hidden somewhere. Try and "nose" him out.

The above is an unusual picture. It has to do with an invitation sent by Manager Merriek Hanchett of the Federal Baking Co. to the "city fathers," inviting them to come and look over the plant, where new ovens had been placed, and where a general rejuvenation and redecoration had been completed after the firm had been in their plant on West 17th St. for a decade.

It was in 1928 when the fine bread-baking plant was built, and after ten years of successful business new improvements were imperative to keep up with the growth of the enterprise. That is why this large group of men seen in the picture, composed of the mayor and aldermen, city officials and friends, gathered at the plant after the last council meeting, where they went on a tour of inspection with Merriek Hanchett at their guide.

Mayor Geerlings is seen "loafing" on the job, putting dough in the oven. The mayor was just the man to handle a loaf, since his father was the first miller in town, and when he came from the "old country" he erected a flour mill that was propelled by wind, but he found that American steam was more rapid, and the windmill became obsolete. However, he milled for years afterward, and, therefore, it is inherent in the mayor, his son, to do things with flour. Furthermore, he handles plenty of "dough" every day on the northwest corner of Central Ave. and 8th St. to

## "CAST YOUR BREAD UPON THE WATERS"

This caption is from the old Proverbs, but Mayor Geerlings had an experience that brought the bread back shortly. In the picture on this page you see him placing a pan of four loaves into the new Federal Baking Co. oven. This was about ten o'clock in the evening. The mayor thought no more about it; however, the management of the company had something up their sleeves.

Most of the bread-baking is done at night, and well into the wee hours the mayor and his family were awakened from their slumbers at their home on West 14th St. Two emissaries of the local baking plant were ringing the doorbell vigorously, and the "Burgomaster," sleepy-eyed, opened the door, and the four loaves of bread he had deposited in the ovens were handed to him—not in the form of dough, but well-rounded, chestnut brown loaves. The ovens had done their work and the mayor received the first four loaves, which he, a few hours before, had prepared ready for baking.

Mr. Hanchett and Dick Miles presented them with their compliments, and the mayor's family had fresh bread for breakfast. In this instance it didn't take "many days" for the bread to return.

make him an adept in handling this commodity. Anyway, the large party was

## WELCOMED INTO THE HOME OF DUTCH BOY

Boy bread by Mr. Hanchett, and he took them on a complete tour of the bakery. He showed them the different operations in the various departments, and pointed out the vast volume of business that could be handled through the modern way of bread-baking. He stressed the fact that cleanliness and sanitation was the watchword, and the "city fathers" and the rest of the party.

Mr. Hanchett stated that during the year the building had been enlarged by a 25 by 54-foot addition, and this improvement was augmented by a great deal of new equipment, besides two of the latest style ovens of the revolving-tray type, which enables the company to bake 1500 loaves per hour. He explained that the company has a fleet of nine trucks and these are constantly in service, delivering crisp, crunchy, crusty bread to the retail trade over the Ottawa and Allegan counties.

Mr. Hanchett explained that the company employed steadily 30 employees, and that during their existence they had paid in wages taxes, and so forth, more than a half million dollars.

In welcoming them, Mr. Hanchett said, "We have invited you to take a tour of our plant, with its new equipment and the other attributes that make an enterprise of this kind of value to the community. I hope that in making this inspection you have not only enjoyed yourself, but have found

## many things of interest, which may also prove educational.

Mayor Geerlings, in responding, stated, "I am surprised, and undoubtedly the rest of the party are, relative to the enterprise shown by the Federal Baking Co. It is a manufacturing establishment that is diversified and is a real asset to Holland's industrial well-being. You are to be congratulated on the improvements made, thus enlarging the capacity of your output, and it is real gratifying to note the sanitation which prevails."

After the inspection had been made, several officials of the plant shook hands with the party and told them that the latching of the Federal was always hanging out, not only to them, but any group from Holland and vicinity. Several out-of-town groups, from Fennville, Allegan, Saugatuck and Douglas have come at different times to inspect the plant.

Besides Mayor Geerlings, members of the council, City Attorney Elbert Parsons, City Clerk Oscar Peterson, Dr. William Tappan, health officer, City Assessor Peter Van Ark, City Engineer Jake Zuidema, other citizens who were present included Dick Boter, Abel Postma, Henry Kleis, Martin Vande Water, George Pelgrim and Dick Miles.

The officials of the company are Dick Miles, president, Tom White, vice-president; Henry Kleis, treasurer, and Merriek Hanchett, secretary-manager. The above-named men and Jacob De Pree of Central Park constitute the board of directors of the company.

## CHURCH GAINS IN GIFT TOTAL; PENSIONS FOR RETIRED MINISTERS NEAR \$100,000

A revision and shortening of the form for the administration of the Lord's supper was approved Friday by the General synod of the Reformed Church in America meeting at Asbury Park, N. J., for submission to the various classes of the denomination.

Report of Prof. Wynand Wichers, retiring president, on the state of the church, was one of the important features of the day's session. This showed a gain of \$22,666 in gifts to missions, a gain of \$5,288 in gifts to other benevolences and a gain of \$153,000 for congregational expenses. Gifts in the last year were \$3,824,000, a gain of \$181,781.

The pension fund report showed 320 persons helped at an expense of \$96,000. This fund is for ministers or their widows.

A discussion on hymnbooks and church music occupied a part of one of the sessions. A committee offered four books for approval, but the synod declined to approve any of them.

## Little Eagles Photographed In Their Nest

Parent Birds Only Flew Around, Not At Them; How Eagles Grow

By Jack Van Coevering In "Free Press"

In the top of an aged oak, 50 feet from the ground, the great nest of the American eagle loomed against the sky. Above the nest the white head of the eagle stood out clearly against the blue sky. Harold Oestrike, of Flat Rock, Michigan, and I stopped to admire the sight. We unlimbered our cameras. It's always a good idea to take bird pictures at a distance, then to approach closer and snap more pictures as you go along.

We scarcely had taken two steps when the big bird got off the nest. She clambered to the branch above, and sat there against the sky. "Use a filter," I said to Harold. "It will show up that white head against the blue." Scarcely had I snapped the photograph than the eagle mistrusted things. She sprang into the air with all her might, leaving the limb the powerful thrusts of her wings driving her with remarkable speed. Out over the swamp she sailed, to perch in the top of a high spruce which stood out above the other trees.

The old oak with the eagle's nest stands on a ridge alongside the swamp, "somewhere north of Tawas." I won't tell the exact location because too many visitors won't be welcome to the eagles. With us had come Art Leitz, the aviation officer, and H. J. Keiser, both of East Tawas.

"The tree is easily climbed," Art had told us. An extension ladder helped. It was placed against the tree trunk, and one section pulled up to be lashed to the first large branch. The top of the ladder stood against the side of the six-foot eagle's nest, permitting us to climb up above the nest, to the very branch where the eagle herself had sat as she looked down on us.

Harold climbed up first. I remained on the ground, ready to "shoot" the adult eagle with the camera should they return. Since eagles have been known to fly at intruders, I hoped to make some fine wing shots. When Harold finally arrived at his high perch, he reported two young in the nest, perhaps not more than a week old, and the nest lined with portions of fish, mostly suckers. The old eagle did circle about a couple of times, but she kept her distance. At no time did she seek to defend her young.

## One Much Spryer

The little ones soon became accustomed to our presence. They would work about the edge of the nest, nearly always opposite each other. One of them was much spryer than the other. Eaglets hatch within several days of each other, since incubation begins as soon as the eggs are laid. This gives the advantage to the first bird to hatch. Even though as many as three eggs are hatched, often only one eaglet remains to grow up.

When we saw them, the little birds had none of the proud beauty of their parents. They were gray-downy fellows, rather ugly, with large beaks and claws which unmistakably told of their eagle parentage.

After we had taken all the pictures we wanted, we took down our ladder and left the huge nest to the eagle and the wilderness. For all anyone could tell, the nest had never been disturbed. We retreated to a distance.

## Parents Come Back

Before a half hour was up, the parents were back at the nest, to continue their work of rearing the eaglets, an eight-weeks job. At the end of this time, the young birds (or more likely, there will be only a single one), will be grown up.

During the first year, the plumage is mainly black, in fact, this is often called the "black eagle." During the second and third year, the head and neck are mainly black and the body brown. Not until the fourth year, do the eagles gain the white head and tail of maturity.

## ROTARY CLUB TAKES UP DELINQUENT BOY PROBLEM

Proposal that the Holland Rotary club do personal work among delinquent boys was suggested to members of the club at their regular meeting in Warm Friend Tavern Thursday noon by Dr. R. H. Nicks and Charles McBride, club members. The organization has for some time been carrying on work with children in the orthopedic room of the local school system.

Ideas in regard to the proposed project were stimulated by the Rotary conference held at Lansing about three weeks ago. It is known as the "Tyroter" plan, and involves the selection of Junior Rotarians by local clubs. Clubs at St. Johns and at Charlotte have worked under the plan successfully for the past few years.

Meetings for the ensuing year were discussed by Rotarians and plans for policy and procedure of the club were discussed.

# Too Many Japs In One Spot Says Hon. Masutami

WAR TO GET MORE ROOM FOR 70,000,000 PEOPLE IN COUNTRY SIZE OF SOUTH DAKOTA

Exchange club members recently at their regular meeting in Warm Friend Tavern heard the Hon. Hi-deo Masutami of Chicago on "The Sino-Japanese Conflict." He was introduced to the local audience by Attorney Vernon Ten Cate, head of the club's program committee.

"The psychology of the Japanese is no different from that of the westerners. The Japanese are engaged in an effort to solve problems in the same manner as other Western powers. The Japanese question is a question to the Orientals, but also concerns all humankind."

Mr. Masutami continued, stating that Japan is a country of 148,746 square miles, about 9,040 square miles smaller than California, "about the size of North Dakota." Its population numbers about 70,000,000, more than 1,000,000 being added each year. Comparing the tillable land available, it is proportionately a hundred times smaller than the United States. "While the United States has only six percent of the world's population, it produces one-half of the world's requirements."

Lack of markets for goods produced by the Japanese people, overpopulation, trade restrictions enforced by other nations, lack of economic adjustments were blamed by the speaker for the present situation.

"The only way to solve the Sino-Japanese problem is to outlaw war," continued Masutami. "If the Japanese are to be blamed, the only thing you can blame them for is the method used. By mutual settlement of disagreement between countries, both countries will be benefited and the living standards of both countries will be enhanced." Referring to the trade relations between Japan and the United States, he concluded, "The United States and Japan never have been nor will be, competitors in the world of commerce."

The Rev. W. G. Flowerdew opened the meeting with prayer. Special music, arranged by Eugene F. Heeter, was presented by Edgar Holkeboer, Christian high school marimbist, and the Christian high girls' sextet. John Schreiner, superintendent of Holland Christian schools, introduced the group.

Visitors included H. R. Andre, Oliver Lampen, E. T. Van Dyke, Dr. W. G. Winter, and Peter B. B. A word of appreciation was tendered John Cooper, John Van Tathove, James H. Klomparsen, Bill Deur, and Frank Bolhuis, as well as members of the Tulip Time committee, by President C. C. Wood, for excellent work done on the club's Tulip Time float. In the absence of Dr. William Weststrate, Joe Geerds reported on details of the State Exchange convention to be held at Sturgis, June 17 and 18.

About 60 attended the annual banquet of the Sixth Reformed church choir, presented in the church parlors last Friday evening. The Ladies' Auxiliary was in charge of the dinner. A program prepared extemporaneously by those present, was given. Mrs. Sam Plagenhoef, Mrs. S. Scherhorn and Miss Geneva Strong were in charge of dinner arrangements, and Louis Dalman, Mrs. Arthur Vanderbeek and Mrs. Jacob Van Voorst comprised the program committee. Ed Scherhorn, president of the group, presided. The Rev. T. Hibma, William Jekel, William Strong, and Director Herman Cook gave short speeches. The Rev. John Vanderbeek read a budget, and a duet was sung by Arthur De Waard and Mr. Cook. Miss Geneva Strong gave a reading, and Mrs. Arthur Vanderbeek played a piano solo. Two playlets were presented, characters in which were Mrs. Plagenhoef, Andy Slinger, and the Misses Mildred Herman and Vera Vanderbeek and Nick Rowan. The Rev. and Mrs. Vanderbeek, Rev. and Mrs. Hibma, Mr. and Mrs. William Strong, Mr. and Mrs. Cook, and Mr. and Mrs. William Jekel were guests of the choir.

## 3.31 INCHES OF RAIN FALLS IN MAY

Rainfall of 3.31 inches was recorded during the month of May in Ottawa County. It is considerably more than that which fell in April, with only approximately an inch and a half.

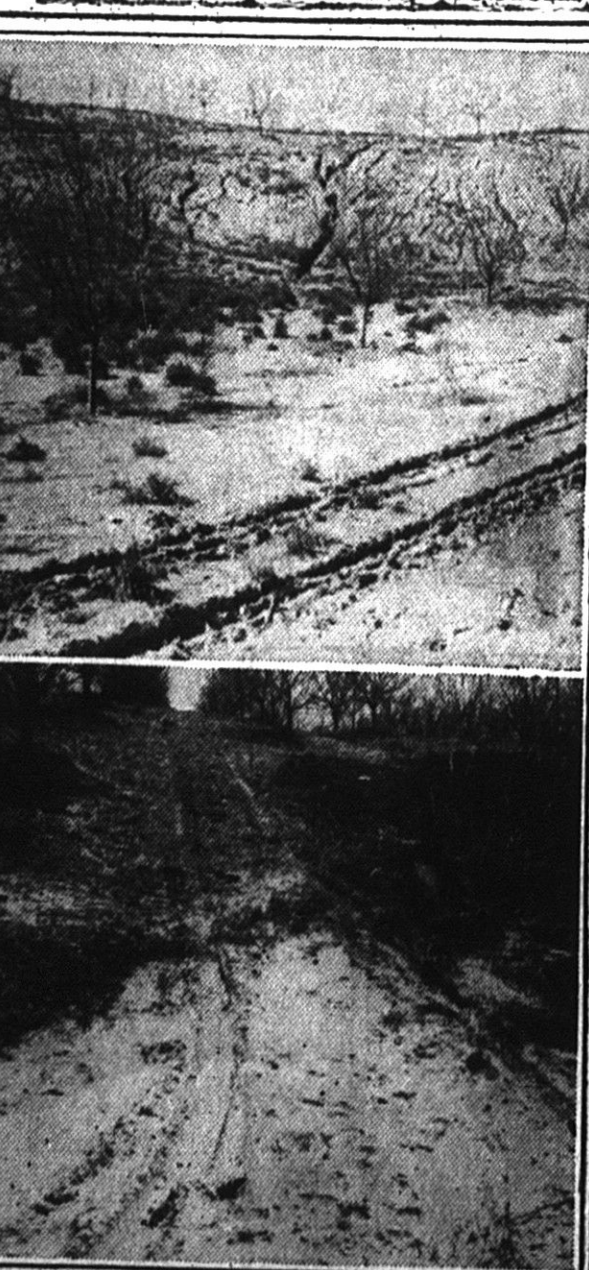

There were extremes in temperature from a maximum of 86 to a low of 34 when heavy frost caused great damage to fruit and early plantings on May 13. There was also frost on May 12.

Much of the month was cold and cloudy. The month started out with temperatures in the 80's and ended with a maximum of 81 degrees. The last day it was 74 at noon with a low the last night of 60 degrees. It has been the wettest May on record.

## Michigan Farmers Organize to Combat Erosion Problem

Michigan's first soil conservation district may soon be a reality, following an overwhelming vote on April 25 in Ottawa county. Problems such as these confront the farmers, who will adopt soil-saving measures for mutual protection against wind and water erosion. Above, a peach orchard that has lost most of its topsoil. Below, sand drifts gradually moving inland on valuable agricultural lands.

## HOLLAND PHYSICIAN IN WHO'S WHO

Listed in the 1937-38 edition of "Who's Who Among Physicians and Surgeons" will be found the name of a well-known Holland physician, Dr. H. P. Harms. Together with Lester Dragstedt and John Van Prohaska, Dr. Harms has assisted in the discovery of a new hormone as an aid to insulin, used in the treatment of diabetes. For Harms' name will appear in the publication.

Dr. Harms started his research in the University of Chicago in 1933. His two associates are members of the department of surgery at the same university. The local surgeon came to this city to carry on his professional practice two years ago.

A patent has been issued at Washington, D. C., for the new product, which will be known to the meaning of which term is "to burn fat." It is being produced in capsule form.

Dr. Harms and his co-workers, in 1936, reported on the progress of their discovery, the summary of which was carried in an issue of the "American Journal of Physiology." The New York Times and the May issue of "Surgery, Gynecology, and Obstetrics" with International Abstract of Surgery" carried reports on the new discovery. In actual treatment of cases, the new hormone has proved successful.

Thirty-five guests attended a miscellaneous shower presented Friday night at the E. Van Eck home on East 9th St., by Mrs. Van Eck and daughter, Miss June Cook, in honor of Miss Lois Post of Zeeland, who, on June 29, will become the bride of Nelson Veltman, Calvin seminary graduate, at a ceremony to be solemnized in the Third Christian Reformed church, Zeeland.

## THE SUNDAY SCHOOL LESSON

June 12, 1938. Facing the Supreme Test of Service—Mark 14:32-46.

On the way to the cross Jesus was evidently aware of what was confronting Him. He reached one of the greatest events of His life when He met His Father in prayer in Gethsemane. He had just instituted the Lord's Supper in the upper room and had revealed to His disciples many things that were on His mind. He gave them to understand that His departure from them was part of the greater plan, and that because of His going an added blessing would come to them.

Judas had left the disciples and Jesus did not tarry long after Jesus pointed him out as the traitor. He could not stand it to face Jesus when he learned that Jesus knew what a wicked plot he had entered into to sell Jesus to His enemies. But the other disciples had gone with Jesus. There were eleven of them and they went out toward the Mount of Olives. On the way they came to a garden, called Gethsemane. Evidently He had visited this spot before. Perhaps He knew the owner, and frequented this spot to find Jesus there, even at the midnight hour. When He went into the garden to pray. Three were chosen to be His companions in the garden, to be nearer to Him when He offered His great prayer to His Father. These were Peter, James and John, sometimes spoken of as the inner circle. At least these three were given special privileges which none of the others enjoyed. The three with Jesus went inside the garden. They were unafraid though it was night. Jesus was not alarmed though He knew that Judas was out with the foes of Jesus planning for His arrest. He longed for a companionship that could be depended upon.

For the prayer He went by Himself. He had to meet the issue alone. While it would be helpful to know His disciples were not far away, yet the real burden of the moment He had to assume in His own strength. When He had gone farther into the garden, as if to get away from any disturbance, He poured out His heart in prayer. There was a burden to be carried, a bitter cup to be drained, and He faced the assignment of carrying through the plan. He knew the terrible burden of the ordeal to be faced. He did not try to escape doing what was His duty. He expected to carry out the plan, unless there were some other way, whereby a plan for saving a sinful world might be arrived at. This was the thing He asked for, that the hour might speedily pass, and, if by any other way God's purpose might be carried out, then He asked to be spared from drinking the bitter cup. But, immediately He added the words which lift this prayer into a high place as being one of the hardest prayers to say with sincerity. He was willing to His Father's will no matter what it might cost.

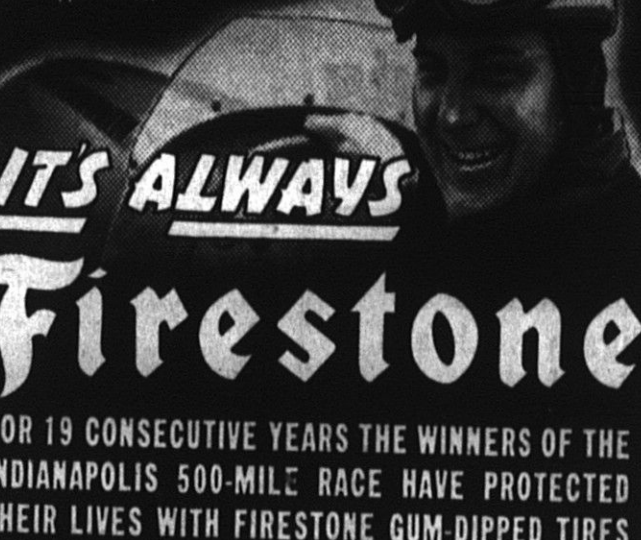

Ending the prayer He returned to His disciples and found them sleeping. That was a great disappointment. Again and even a third time He went by Himself and offered the same prayer. It was a long and hard struggle. He was getting under the burden of the sins of the world and it was very "ungewissens" to him. He was the only one who could carry it. It was the eternal plan that He should carry it. He prayed over the matter and won a victory for Himself and for the world.

He met the crisis with prayer. He had gained strength in answer to His prayer. He was determined to meet the issue regardless of its dangers and the ultimate cost. If Judas was coming to the garden with armed soldiers to arrest Him, He was ready to go forth to meet them and be like a criminal in their hands. It was the obvious start to the cross, but He was ready. His purpose was to do the will of His Father. The cup he would drain to its bitter dregs. The shame of an unjust death He would face without a resentment. His mind was made up. He would allow Himself to be betrayed by Judas and then arrested.

Whatever may have been the sufferings of Jesus as He looked at the great load of guilt He would assume when He offered Himself as the redeemer of the sinful world, that suffering was because of our sins. It comes down to a personal matter. What did Jesus suffer for me? His willingness to meet the consequences of our sins puts us under obligation to love Him and serve Him. All the world needs to know what He did for them in Gethsemane.

# WHEN LIFE DEPENDS ON TIRE SAFETY

On May 30 Floyd Roberts shattered all track records for the 500-mile Indianapolis Race, averaging 117.2 miles an hour using Firestone Gum-Dipped Tires.

FOR 19 CONSECUTIVE YEARS THE WINNERS OF THE INDIANAPOLIS 500-MILE RACE HAVE PROTECTED THEIR LIVES WITH FIRESTONE GUM-DIPPED TIRES

THEY said it couldn't be done — that tires could not withstand the torture of the new high speeds. Yet Floyd Roberts set a new record, at this year's Indianapolis Race, averaging 117.2 miles an hour for the 500 miles on Firestone Gum-Dipped Tires.

With the sun-baked brick of the straight-away and the granite-hard surface of the turns pulling and grinding at their tires, 33 daring drivers, every one on Firestone Tires, waged a thrilling battle for gold and glory. Never before have tires been called upon to take such punishment. Never in all the history of the motor car has tire safety been put to such a grueling test. Yet not one tire failed — not one single cord loosened — because Gum-Dipping, that famous Firestone patented process saturates and coats every cotton fiber in every cord in every ply with liquid rubber counteracting the tire-destroying internal friction and heat that ordinarily cause blowouts.

Why risk your life and the lives of others on unsafe tires? Join the Firestone SAVE A LIFE Campaign today by equipping your car with Firestone Triple-Safe Tires — the only tires made that are safety-proved on the speedways for your protection on the highways.

## Student Presidency Goes To De Groot, 181 To 173

Bill De Groot defeated Bob Vanden Berg Friday morning's voting, 181 to 173, the Student Council announced at 9:30 a. m. The special election during first hour was called after the election yesterday in which no candidate received a majority.

By JEAN HOEKJE

(Hope College Anchor)

Results of Friday's election for Student Council president showed Bill De Groot, Holland junior, and member of the basketball squad, the Blue Key and Fraternal societies, out in front of the other two candidates with a total of 171 votes. Second in the running came Bob Vanden Berg, Cosmos member, whose votes amounted to 106, with Jim Hallan, Emersonian, in a close finish behind him with 102 votes.

Polls located between Van Raalte and Graves halls and between Graves and the chapel, stood open all Thursday morning to receive the ballots of the 379 students who voted. They closed at noon when the ballots were assembled by Benjamin Ver Steeg, senior, who was in charge of the election.

Two other men, Harold Leestma and Paul Boyink, whose names had previously been entered as candidates for the presidency, withdrew from the election a week ago.

According to Mr. Ver Steeg, this year's election was carried on with more dignity and honesty than has been the case in some previous years. "That may be the reason," he said, "for the comparatively small number of votes."

All the candidates for the Council presidency made campaign speeches after chapel Thursday morning. De Groot, whose platform included more all-college parties and a commons building or room for the students made the following statement: "Win or lose, I intend to work for better life on the campus next year. I promise to make every department, every enterprise, the best possible in the college." Lucille Buter, senior, presided over chapel during the speech-making Thursday morning.

De Groot called the first council meeting Friday. Election of officers resulted as follows: vice president, Clifford Marcus; secretary, Miss Althea Raffenaud; and treasurer, Robert Bonthuis. Andrew Vollink of Grand Rapids was this year's council president. There are 15 members in the council, among whom is one representative from each of the literary societies on the campus; two freshmen to be elected next fall; two independents; and the council president.

Harold Leestma, editor of the 1938 Milestone, showed the first copy of the annual to the student body Wednesday morning in chapel, expressing his thanks to his staff and other organizations that assisted in publishing the Milestone.

Approximately 250 copies were distributed to students upon presentation of activities tickets Wednesday afternoon. Another 250 were distributed yesterday.

The new book has 146 pages, exceeding even last year's Milestone by 17 pages.

Mr. Leestma presented the first copies to Jack Schouten, athletic trainer, coach, and physical education instructor, to whom the book is dedicated; and to Sylvia Huxtable, senior, who won the literary contests sponsored by the Milestone in all three divisions: short story, essay, and poetry.

Acknowledgements and thanks were given to the Milestone staff.

"For hard work, interest, enthusiasm, and co-operation"; to Prof. Clarence De Graaf for his work as faculty adviser; to Cornie Stekete, business manager, "for his earnest efforts, steady influence, and hearty support"; to the Stekete-Van Huis Printing House; Central Engraving Co.; Winslow studio, and the S. K. Smith Cover Co.

Editor Leestma urged faculty members to buy extra copies of the Milestone which were printed for them.

## Graduating Class Plans Exercises June 15 at 7:30

The annual Baccalaureate services and Commencement exercises will be conducted in Hope Memorial chapel on Sunday, June 12, and

Lucille Ter Maat, Peter Veltman, Eunice Sluyter, and Benjamin Ver Steeg.

Wednesday, June 15, at 7:30 p.m. Dr. Charles Campbell will be the speaker for the Baccalaureate services.

The student speakers of 1938 include: Lucille Ter Maat, valedictorian, who will speak on liberal arts education; Del Te Paske, Ben Ver Steeg, who will discuss religion with the topic, "Streamlined Religion"; Eunice Sluyter, with the subject, "The Graduate, Society's Bulwark"; and Peter Veltman, who will discuss the economic situation.

Special music will be provided by Prof. Kenneth Osborne for both occasions.

This year will be the last when commencement exercises will have student speakers. It has been definitely decided that a special speaker will be engaged in the future. The year 1939 will be the first year to break this precedent.

The alumni banquet will be held on Tuesday, the night before commencement.

Mrs. C. C. Wood and Mrs. W. L. Eaton played hostesses Wednesday at the home of the former at Waukegan, to members of the Women's Missionary Society of Hope church.

Mrs. W. R. Angus, missionary to Amoy, China, formerly Miss Joyce Buikema was the main speaker. Mrs. E. J. Leddick led devotions.

Mrs. George A. Pelgrim presided in the presence of about 70 members. Mrs. Otto Vander Velde and Mrs. Merrick Hanchett, assisted by the Mesdames C. F. Cook, E. P. Dodge, M. L. Hinga, Paul Hinkamp, C. Bergen, C. A. Lokker, Phillips Brooks, R. W. Everett, D. B. K. Van Raalte, and E. J. Yeomans, were in charge of arrangements.

## Blue Key Profits To Light Window

Plans were completed Wednesday night at a meeting of Blue Key, senior honorary fraternity, to illuminate the chancel window at the east end of Hope Memorial chapel with a 1500-watt spot-light.

The light is to be directed on the window from Van Raalte hall, and will be placed there as the final Blue Key project of the year at a cost of \$50. The money will be taken from a profit earned by the campus book store.

Bill Arendshorst, retiring president, presided during the first part of the meeting, which was held at the Emersonian house. President Arendshorst later turned the meeting over to Paul Boyink, president for next year.

Mr. Boyink announced the following appointments for Blue Key projects: Blue Key book store—John Luidens, chairman; Bill Jacobs and Oliver Lampen, assistants; Paul Boyink and Bill De Groot, special assistants; football programs—Bob Vanden Berg, chairman; John Orlert and Bob Marcus; Student Guide—Jim Hallan, editor; Bob Vanden Berg and Glenn Bonnette, assistants.

Other business consisted of final reports of the year's activities.

## Associate Editor Contest Only One Decided Thursday

Bob Bonthuis, sophomore, of Pasadena, Calif., and Cleo Olin, sophomore, Detroit, won the majority of votes in the race for associate editors of the Anchor for next year in yesterday's balloting.

Bonthuis led with a total of 255, while Miss Olin had 204. The other candidates were Genevieve Nafe, sophomore, and Fred Bertsch, freshman. Bob Bonthuis has worked on the Anchor staff for the past year doing news stories, and Cleo Olin has worked both at news and feature stories.

The four candidates were nominated at a meeting of the Anchor staff two weeks ago. The two who have been chosen will work next year as associate editors under Rose Teninga during the first semester of next year. Under the new system formulated this year, one of the two will be chosen at the beginning of the second semester to serve as editor during the following year, 1939-40.

All four of the candidates in the Anchor election made speeches in chapel Thursday morning, as did those who were nominated for Student Council president. Miss Olin made a great impression by presenting her speech in an entirely unique form written completely in polyphonic prose.

## JUDGE MILES HITS AT PROPAGANDA IN A GRAND HAVEN ADDRESS

Belief that the United States' participation in the world war was both unnecessary and futile, probably had its inception partly through communistic propaganda to undermine our country, Judge Fred T. Miles of Holland told citizens, service men and national guardsmen in his address at Soldiers' Lot, Lake Forest, Grand Haven, on Memorial Day. Americans, he said, should be on guard against threats against their freedom.

Judge Miles paid tribute to the veterans of all America's wars, at the same time deploring their necessity. He called on all Americans to honor the men who answered the call. The speaking followed the parade from downtown to the State Park where marine memorials and the cenotaph services were held before the military units marched to the cemetery.

Joos Ver Plank, lone survivor of Weatherwax Post No. 75, G.A.R., Grand Haven, was called to speak by William Hatton, president of the day. He urged young people to turn to religion as a corrective for present day destructive influences. Mr. Ver Plank, 94 years old, has not missed a Memorial Day there in some time, and was roundly applauded.

Mr. Ver Plank, it will be remembered, years ago was a Holland man—in fact, he was elected as sheriff from this city, said to be the first on the Democratic ticket.

## STAIR-STEP FARMS

CLIMBING many of the lofty mountains of Peru are strange "stair-step farms" which archeologists believe were built two or three thousand years ago, even before the days of the Inca Empire. Hundreds of terraces supported by shallow stone walls are built up the sides of the steepest mountains and are the marvel of modern engineers. In fact they were the object of study by experts from the U. S. Department of Agriculture who went to South America last year to look into the methods employed so successfully in Bolivia and Peru for the control of soil erosion.

The stair-step farms of Peru fed the pre-Inca races, after them the Inca peoples, and they are still producing fine crops for the present-day Indians dwelling in the highlands.

## SUNDAY DINNER Suggestions

By CORA ANTHONY  
Director, A&P Kitchen

BERRIES, strawberries, raspberries, blackberries and wild and cultivated blueberries, are storming the markets. Bing cherries keep them company. Peaches are big and luscious for so early in the season. Small cantaloupes and oranges are better value than large.

Beans and asparagus are less plentiful; beets, broccoli, cabbage, cauliflower and spinach more so. Lettuce is now low in price and tomatoes extremely cheap for the season. Chickens, ducklings and spring lamb are moderately priced delicacies. Beef is still reasonable. Fish is plentiful and inexpensive. The rise in egg prices has stopped for the time being. Here are three reasonable dinner menus.
