Holland Factory Control Passes To Chicago Firm

Negotiations have been completed for lease of facilities of the Holland plant of Doughnut corporation of America by International Minerals & Chemical corporation of Chicago according to announcement of J. R. T. Bishop, vice-president in charge of International's Amino Products division.

Doughnut corporation processes wheat flour to manufacture wheat gluten, wheat sugar (dextrose).

FAMILY IN THE NEWS

The Resch family of New York made news in Holland Wednesday. Robert Parker Resch II of Flushing, N.Y., was a member of the graduating class at Hope college. His uncle, for whom he was named, is vice-president and treasurer of International Minerals and Chemical corporation, which announced leasing of a local factory.

Under supervision of its Amino division, International will continue to manufacture the products now being produced at the Holland plant, Bishop said.

At a meeting held Wednesday night at the Warm Friend Tavern attended by department heads and key employees David Levitt explained terms of the lease.

Bishop spoke of his pleasure and that of his company of becoming a part of the industrial and civic life of Holland. He assured employees of the company that the local management would be unchanged that all employees automatically would become participants of International employee welfare and benefit programs and hospitalization.

James F. Walsh assured employees that under his supervision no changes affecting the status or employment of plant workers are contemplated.

The Amino division of International has just completed construction of the world's largest amino (nitrogen products used as foods or in medicine) plant at San Jose, Calif. It began operation last month with a production of the finest quality of vegetable glutamate. However, Bishop pointed out, the present production there is insufficient to meet demands. In order to insure a continued supply to bulk users and expanding package business, an agreement has been entered into for the lease of the facilities of the Holland plant. Under terms of the lease the Doughnut corporation will have a continuing interest in the operation of the property. James F. Walsh, general manager, will continue in charge, assisted by A. Goodman, director of research; J. Scully, plant superintendent; and Milton McAllister, chief engineer, all living in Holland.

Principals involved in negotiating the lease between the two corporations were Levitt, vice-president of the Doughnut corporation, with offices in New York City, and Bishop of Chicago, representing International Minerals & Chemical corporation.

International, in addition to being the largest producer of vegetable glutamate, is the largest miner of rock phosphate in the United States and is one of the four largest producers of potash. It also manufactures plant foods and industrial chemicals of various kinds, having properties located in 58 different cities with mines in Florida, Tennessee, Montana and New Mexico.

Judge Limits Pickets, Forbids Use of Force

Grand Haven, June 5 (Special)

A temporary injunction prohibiting mass picketing and use of force or obscene language was issued by Judge Fred T. Miles Wednesday afternoon in the case of the Bohn Aluminum and Brass Corp. of Holland, vs. UAW-CIO, local No. 284.

The injunction forbids the union to in any way interfere with free use and enjoyment of property belonging to the company, prohibits acts of violence or any acts of physical strength or threats against employees or abusive language. Not more than three pickets may be kept at the entrance or exit of the plant and no more than four pickets may congregate on the sidewalk or street in front of or adjacent to the plant. The injunction also forbids union members to go near or to the homes of employees for the purpose of committing any acts enjoined and restrained in the injunction.

Judge Fred T. Miles castigated union leadership in permitting use of force in attempting to bar entry to the factory. He said the union was within its rights to picket and to attempt to persuade the public and other employees its cause was just, but the union violates its rights when it uses force or coercion, Miles said.

A union membership meeting was called for Saturday at 7:30 p.m. in Royal Neighbors hall to explain the injunction and acquaint members with progress of negotiation, labor leaders said.

Two witnesses were called at the afternoon session. Balfour August metallurgist at the plant, and not a member of the bargaining committee, testified as to injuries he received while attempting to enter the plant on May 15.

Bishop spoke of his pleasure and that of his company of becoming a part of the industrial and civic life of Holland. He assured employees of the company that the local management would be unchanged that all employees automatically would become participants of International employee welfare and benefit programs and hospitalization.

James F. Walsh assured employees that under his supervision no changes affecting the status or employment of plant workers are contemplated.

City Employees Get Pay Raise Of Seven Cents

Council Reconsidering
Use of Parking Meters
With Off-Street Lots

City employees will receive a seven-cent-an-hour increase, retroactive to May 1, it was announced at a meeting of Common Council Wednesday night.

Ald. Bernard De Pree, head of the Ways and Means committee, announced that council's offer of seven cents had been accepted by representatives of the city employees.

This action is the result of negotiations which started around the middle of April when employees requested a 15-cent increase. At that time, it was pointed out that working agreements of the last year had proved satisfactory and renewal was requested.

Council also considered a recommendation of the Public Safety commission for parking meters in Holland's commercial section, on condition that funds go to provide off-street parking and traffic control.

The communication, prepared by Ald. William J. Meengs, head of the safety commission, suggested the Building and Grounds committee of Common Council make a thorough study and survey of off-street parking sites and made preliminary arrangements for such sites before resubmitting the parking meter issue to local merchants. Merchants have filed objections to present parking restrictions.

Meengs explained, however, that the new system has caused the handling of traffic tremendously and has reduced double parking. He said the flow of traffic on River Ave. between Eighth and Ninth Sts. was definitely improved. Complaints dealt mainly with the increased number of loading zones for trucks and the "orange" zones restricting parking altogether.

Dr. B. J. Bush Tells Hope Alumni of Europe's Plight

The Netherlands will take 10 years to recover, Dr. Benjamin J. Bush, field secretary of the World Council of Churches, Geneva, Switzerland, told 407 Hope college alumni Tuesday night. Speaking on the overall picture in Europe, which is not bright, he said, Bush related that it will take two years to demolish the harbor of Rotterdam before it can be rebuilt.

All of Europe needs reconciliation from war to God and man to man, a problem for European theologians, Bush told the members.

France's need is even greater than Holland because of the moral character of the people. Only one out of four are confessing Christians, and some are actually anti-Christians, he said. The ministers are staying with the ministry, although many have found it necessary to live by holding secular jobs.

Hungary's situation is an emproverished one, although the people are being united. All money sent to them is being used to the best advantage. Religious leaders are carrying on their work at great sacrifices, he said.

Bush concluded by saying that the faith and leaders are there, in Europe, but we have the material good, to make history, and that's our challenge.

Musik of the program consisted of vocal solos by Mrs. Isla Pruin Van Eenemam of Muskegon. Dr. Olert made several remarks and Dr. Irwin J. Lubbers closed. He paid tribute to Dean Elizabeth Lichty who will be dean of women at Western Michigan College of Education next year, by presenting her a corsage. The Rev. Cornelius Vander Mel of Rochester, presented the association with a plaque.

Officers elected were Dr. John Heneveld, president; Howard Sluyter, vice-president; Miss Mildred Schuppert, secretary; Garrett Vander Borgh, treasurer, and Randall C. Bosch, director. Also in the business session of the program, Dr. Otto Vander Velde presented a plan of a special committee to raise money for the association. The meeting was closed with the singing of the Alma Mater hymn.

Lack of imagination in people today causes them to fail to understand present events in a life between war and peace, said the Rev. Josef Hromadka, 'University of Prague professor, in his address Wednesday night to the Hope college graduating class their friends and relatives. We see tremendous changes in history taking place, but because of our provincial concepts, attitudes and notions, we are incapable of understanding them, he said.

Rev. Hromadka's address at commencement exercises in Hope Memorial chapel was entitled "At the Crossroads of History." He said that we must understand history and today's basic issues or fail in our professions, vocations and ambitions. The perspective of Eternity is needed by all, he said, for only God can make us understand the otherwise incomprehensible.

Everyone must have "something sacred" in his life, for all human relations are integrated only if we have "an altar before which to kneel," Rev. Hromadka's plea to the graduates was that they have an authentic ambition in their lives—to do something great, according to a high moral and spiritual criteria, for the good of humanity.

Commencement exercises began with an impressive procession of faculty and seniors with the Women's Glee club as leaders singing the "Processional Hymn." The Rev. John H. Bruggers offered invocation and the Rev. George B. Scholten read scripture. The glee club, directed by Mrs. W. Curtis Snow, sang "A Spirit Flower," Campbell-Tipton, and "Battle Hymn of the Republic," arranged by Branscombe.

Dean of the Faculty Charles Wimmer presented senior awards. Bible essay prizes of \$15 and \$10 were awarded to Marion Dame and Eugene Van Tammelen, respectively. Van Tammelen was also given the Dr. A. T. Godfrey chemistry prize of \$25 and the Board of Education essay prize of \$25.

Betty Van Lente was awarded the Glee club prize, a gold key and chain, for her contributions to music activities on the campus. The Dr. A. Vander Velde athletic degree keys were presented to Russell De Vette and Robert Van Dis. For her all around usefulness, scholarship and character, Marian Korteling was given the Gerrit H. Albers gold medal.

Registrar Paul E. Hinkamp presented the seniors to President Irwin J. Lubbers, who gave each senior his degree. Jacquelyn Joanne Decker was awarded her degree summa cum laude; Ellene Bosland, John Mooi, Luella Pyle and Martha Rose Van Saun, magna cum laude; Marian Dame, Vivian Dykema, Edith Herlein, Marian Korteling, Kathryn Lock, Nellie Mae Ritsema, Rosalind Scholten, Marjorie Voss Stephens and Alfred Vande Waa, cum laude.

Fire Destroys Part of Huge Factory Tent

Firemen responded to two alarms this morning with no serious damage reported in either fire. The first fire at 10 a.m. was in a barn at a farm north of town. Firemen reported the fire under control when they arrived.

The second alarm at 11:30 a.m. was at the Bohn Aluminum plant, where a huge tent formerly used for storage purposes was partly destroyed. Plant officials said some flame cutting was in process when sparks ignited loose ends of the tent. The fire was confined to the tent, officials said. Damage had not been estimated at yet.

Holland Trips Benton Harbor To End Season

Holland High's baseball team terminated season play Thursday when George Czerkies of the locals pitched a two-hit, 4-2 victory over the Tigers of Benton Harbor. Czerkies worked well from the mound and fanned 11 Benton Harbor batters. He walked three Harborters during the course of the tilt at Riverview park.

Benton Harbor got off to a 1-0 lead in the first when Jenkins walked and stole second. He advanced to third on an infield out and scored when Fox rapped a triple to right center field. Holland went down one, two, three in the first.

Although the Dutchmen had the bases crammed in the second, they failed to score. Czerkies led off with a sharp single to right field and went to second when Wiodarczyk drove a single to center. Oosterbaan walked, filling the sacks. After Northuis fanned, Appledorn hit a grounder to the pitcher, who forced Czerkies at home. The catcher took the ball at the plate and rifled the ball to first trying to double Appledorn. While Appledorn beat the throw to first, Wiodarczyk tried to score from second and was caught at the plate on a return throw by the first baseman.

It wasn't until the fourth inning that the locals pushed across three runs to forge ahead of the Tigers 3-1. Czerkies led off the inning with his second single of the game, another poke to right field. Wiodarczyk walked and Oosterbaan popped to the first baseman. Northuis singled leading the bases, bringing up Appledorn who cleaned the sacks with a tremendous triple to left field.

The Tigers came back to make the count 3-2 in the fifth inning, but Holland also scored giving the locals a 4-2 margin by which they won the contest. Pigeon of the locals was safe on an error and went to third on a wild pitch. Czerkies fled to right field with Pigeon racing home after the catch.

Impressive Ritual Marks Camp Fire Ceremonies

To the rhythmic beat of an Indian tom-tom handed by Marcia Bishop Holland Camp Fire girls walked in stately fashion into the camp circle Thursday night in Holland High school gym for the annual awarding of ranks and honors at Grand Council fire. In Indian ceremonial gowns leading the procession were Myra Saunders and Catherine De Koning.

The patriotic theme was carried out in the triangular "camp fire" of red, white and blue candles in the center highlighted by a giant birthday candle. Red and white tulips and blue lilacs decorated the standard around the candles.

Following the processional song, "We Come, We Come" the audience and girls joined in singing the national anthem and colors were presented by Wilma Houtman and Ina Mae Hamm, bearers, and Esther Crammer and Arlene Welling, guards.

The birthday candle was lighted by Patty Houtman whose group left Friday with their

on a week-end fishing trip on guardian, Mrs. Ray Fehring, Sipp Houtman and other parents the Platte river. The candle of work was lighted by Cherrie Cartland, Patricia Seidelman and Maria Essenburg; the candle of health by Diane Fehring, Johanna Fisher and Arlene Welling and the candle of love by Janice Boersma, Mary Ann Knoohuizen and Delores Visch.

An impressive feature of the program was the singing of the Camp Fire law by all girls and the candle lighting ceremony in which a smaller candle for each group was lighted by its president.

Lonna Piers was awarded the national life saving honor for saving her sister's life when her clothing caught fire. Other service awards were also presented and girls formed circles around the fire to repeat the laws appropriate for each rank. A total of 71 became trail seekers and there were 37 wood gatherers and eight fire makers. Five girls who took the highest rank, torch bearer, received silver pins which were pinned on by their parents.

Mary Houtman read "A Credo for Camp Fire Girls" and representatives of various civic groups greeted the girls. Miss Colombe Yeomans, graduating senior Horizon club member, was awarded a gift by the Camp Fire board for years of faithful service. She earned all ranks in Camp Fire and

Van Wieren Hurls Two Hit Victory For Dutchmen

Locals Reveal Power In Whipping Moose; Play Battle Creek

Behind the two-hit pitching of Lefty Van Wieren, the Holland Flying Dutchmen walloped the Grand Rapids Moose 10-3 in a Memorial Day night game at Riverview Park. Van Wieren fanned 13 batters from the Moose nine, which is supposedly the strongest outfit in Grand Rapids.

The bats of the Dutchmen couldn't be silenced as the opponents sent two pitchers in for mound chores. The locals touched the two for 12 hits and had a big spurge in the fourth as they scored five runs on six hits.

The Dutchmen couldn't get a safety in the first two innings, but collected three runs in the third on two singles and two walks. The Hollanders had their big inning in the fourth when four singles to center by Van Huis, Driscoll, Ev De Neff and Woldring were combined with singles by Wenzel and Harry De Neff to score five runs and give them a 8-0 lead. In the fifth the Moose outfit failed to hit safely but still scored two runs. The Dutchmen scored again in the fifth, and sixth frames to gain their 10-3 victory. The Grand Rapids club put their third run across in the seventh on an error and a double.

Batting laurels went to Loren Wenzel who hit safely three times in four trips to the plate. D. Stevens of the Moose nine got both the safe blows off Van Wieren, both doubles into right field. Van Huis and Ev De Neff each got two singles.

The Dutchmen will face the United Steel and Wire squad from Battle Creek here next Monday at 8 p.m. The locals will be seeking their third win in as many starts.

UNPROTECTED SUMMER
COTTAGES

There is need for more severe
penalties for hoodlums and vandals
and irresponsible boys who
break into summer cottages. The
recent case of two Grand Rapids
boys breaking into cottages near
the pumping station on Lake
Michigan's shore points up the
need. There have moreover been
so many of such cases during the
past winter season, some of them
in the Ottawa County area, that
breaking into cottages has almost
become epidemic.

Summer cottages during the off
season are so unprotected, even
when they are under the general
supervision of an appointed official,
that the law should regard
them as deserving of more at-
tention than other property that
has normal police protection.
About the only thing the law can
do is to make the punishment so
severe that irresponsible boys will
think again when they are tempt-
ed to break into cottages.

What usually happens, on the
contrary, is that the public takes
a lenient view of such cases when
the youngsters are caught. The
temptation was just too great;
youngsters who made such a "mis-
take" should not be branded as
criminals. There are all sorts of
arguments that such things should
be thought of as pranks.

The result is that there is no
let up in such "pranks," and the
resort property owner is left at
the mercy of such brazen hood-
lums. That fact has wider impli-
cations than would appear on the
face of it. If the feeling gets well
rooted that in this resort section
vacant cottage property does not
get adequate protection, it will
eventually be reflected in the loss
of values of such property. People
are not likely to go on perma-
nently investing here if they are
left at the mercy of irrespon-
sibles. The community thus
has a direct stake in enforcing
such laws as we have at present,
doing so with a rigor that seems
called for by the unprotected con-
dition of the summer cottages. An
owner who lives in another state
and does not see his property for
months does not want to put up
with a soft law enforcement that
results in a menace to his prop-
erty. All that can be done now
is to get tough with such hood-
lums, even if they are youngsters.
Eventually it may be possible to
tighten up the law itself. In any
event such things should be re-
garded as more than "mistakes."

Religious Reforms in Judah
2 Kings 22:10, 11; 23:1-5, 21
By Henry Geerlings

It was a great find that Hil-
kiah made in the temple. No
doubt many things of interest
were discovered in this recon-
struction process in this place of
worship, but they faded into in-
significance alongside of the finding
of part of our Bible. Here was a
recovered book that had power in
its pages, power to affect men's
thinking, their living and their
social and political relationships.
One has curiosity enough in his
heart to wonder how such an im-
portant bit of religious literature
could have been lost. And yet one
need not wonder long about it.

This nation was unfortunate
enough to have had kings for a
long time, men who had forgot-
ten the God of their fathers, men
who had no respect for individ-
ual and national righteousness,
men who were enamored of and
lured into the unholy and devious
ways of the religion of lust and
vulgarity of life. They were men
who were irritated and annoyed
by a religion that made such high
demands on their moral responses
and set such standards of right
thinking and right living as the
religion of Jehovah did. One can
easily imagine why this book that
made such great demands upon
rulers and leaders should be very
unpopular and thus through a
very natural process become neg-
lected and finally forgotten.

When our rulers and leaders go
wrong we cannot wonder that
the people go wrong. Give this
country, if such a thing were pos-
sible, several presidents who cared
nothing for the Bible and its pure
and lofty religion and a few gen-
erations of statesmen who are not
interested in the idealism of Jesus
and the righteousness of His gos-
pel and we would find a tragic ef-
fect upon the people and a lament-
able social and governmental
deterioration in our land. But let
us go further in our suggestion.
Take the Bible itself from our
country and destroy the church
that teaches the Bible's great
truths and seeks to inspire multi-
tudes to live those truths and
blot out every memory of the
eternal and regenerating prin-
ciples of the famous and unique
book, and we would find that
moral and social chaos would
come upon this land.

This very Bible contains the
story of deterioration that came
upon a nation when it lost only a
small portion of what we have
today. Here is eloquent testimony
to the fact that individuals and
nations need standards beyond
those of their own devising and
inspirations above those of their
own creation if they are going to
make the highest success of liv-
ing. It is quite evident that we
must know a way not our own if
we would travel to the best. We
must have a power not ourselves
that makes for righteousness. We
must have ideals that are not
born in our own souls if we are
going to feel any pull upward.
Therefore, the place of the Bible
in our modern civilization cannot
be overestimated.

The fact of the matter is we
are more liable in these days to
underestimate its value in the
building of a civilization. And this
is the reason for this liability—
our modern day points with much
pride to our advance in scientific
knowledge and achievement and
says, see how far along we have
come. The story of what science
has done for our world is a real
wonder story. And then we are
reminded of our great increase in
wealth. Millions seem to be
springing up like mushrooms. We
are said to be the richest nation
in the world and we are. Certainly
no sensible man would ask science
to do any less than it is doing.
We are not going to stop our mod-
ernism and bury our wealth. But
the question is, whether all this
is real progress? Real progress
is inspired and made possible
by our apprehension of the ever-
lasting realities. Progress is
a matter of the spirit, and, as
someone has said, civilization is
not so much a business as it is
an art and a religion. It is the
soul of man that has to do with
progress, not primarily his body
and its comforts. After all, man
is not body. He is soul. He needs
a body to live in while he is here
on this planet, but the great and
masterful thing about him is soul.

We need the Bible in our homes
where character is being formed,
where there are real opportunities
for revealing the highest ideals
and deepening a sense of life's
responsibilities. It will not do
simply to have the old family
Bible lying on some table where
it collects nothing but dust. The
Bible should lie deep in the hearts
of those who constitute the home.
We need the influence of the Bible
in our schools and colleges and
universities for a mind is not real-
ly educated until it knows what
the ultimate values are and how
to possess them. We need the in-
fluence of the Bible in the hearts
of the powers that be, who are
ordained of God, that they may
ordain that God shall guide them.

Hope college, psychology depart-
ment, addressed local Exchang-
ites Monday noon in the Warm
Friend Tavern on the subject,
"Why Be Like That?" "The why"
of human behavior is the central
problem of psychology," the
speaker said. Practical applica-
tions of psychological theories to
national and international prob-
lems were outlined.

Because of the current world
situation, "personal adjustments
are harder than ever to make,"
said Prof. Haverkamp. As par-
tial evidence, increase in divorce
and drunkenness, the crowding of
mental institutions and increase
in anxiety were quoted.

"The underlying and primary
mover of behavior is need—of
the individual or the group. Fru-
stration of need leads to behavior
problems," he added. As a solu-
tion the speaker suggested, "The
surest way of satisfying our own
security is the satisfying of the
needs of others first."

A clarinet quartet composed of
Ruby Nyenhuis, Doris Dekker,
Jeanette Kruijswyk and Lois Ko-
lean, played "Clarinet Rhapsody"
by Bennett.

Guests at the meeting were S.
Livens of Urbana, Ill.; C. Hen-
derson, Don Ihrman and Dr. John
W. Hollenbach of Holland. The
name of Charles Bertsch was read
as nomination for club member-
ship.

Nominations for office will be
made at the next meeting, June
16.

Holland Steffens 0 3

The American Seaters of Grand
Rapids will provide the opposi-
tion for the Steffens softball team
Wednesday night in the third
West Michigan game to be played
at Holland. Manager Len Steffens
will send Cameron Baxter to the
mound in an attempt to gain the
initial victory for the locals.

Elhart pitched steady ball
against Allen's in Grand Rapids
last week, but lost the tilt 2-1.
He hails from Allegan and is
strictly a warm weather pitcher.
The Allegan hurler uses a wind-
mill delivery which has proven ef-
fective so far this year.

The Seaters will use either
Doiman or Stoughton on the
mound against the locals. Those
two hurlers have moved the Seat-
ers into third place in the stand-
ings by their skillful pitching. An-
other feature will be the appear-
ance of the Worst twins who are
popular with local fans from their
high school days with Grand Rap-
ids Christian. The four Rickers
brothers comprise the entire in-
field for the Seaters.

In the prelude at 6:30 p.m. the
Holland Racine Girls softball
team will engage the 1946 Class
A, Michigan State Girls softball
champs, from Grand Rapids. The
Grand Rapids team was former-
ly known as the Bee-Hives, but
they are sponsored by the Wol-
verine Buicks of Grand Rapids.
Tiny Petro, a 17-year old girl
wonder, will be with the Wolver-
ines.

Petunia Planting Chairmen Make Appeal for Volunteer Workers

Initial response in the petunia planting project has been gratifying. Holland Tulip Garden club officials said today as they appealed further for volunteer captains in each block who can contact residents and distribute petunia plants when they are delivered.

In one block Mrs. Alfred Morris of 172 West 24th St. called her neighbors and met with 100 per cent affirmative response. People in this enthusiastic block include Mrs. Roland Bush, Mrs. Jack Bos, Mrs. W. A. Hower, Mrs. Cliff Steketee, Mrs. L. Poppema, Mrs. Joe Otting, Mrs. John Van Iwar, and Mrs. Lee Kleis.

Women who have already volunteered to serve as block captains include Mrs. Thelma Drake, Mrs. Benjamin Geerds, Mrs. H.

R. Miller, Mrs. Morris, Mrs. C. Crawford, Mrs. Ward Hansen, Mrs. Luke Stegink, Mrs. Ray Koetsier, Mrs. Henry Ter Haar and Mrs. Jacob Westerhof.

Block captains, it was pointed out, will have to give a little more time the day the plants are distributed, during a petunia planting bee some day during the last week of June. The block captain will see that the right number of plants is given to each resident as the truck delivers the flats of petunias and also that the flats left in her block are collected and left in a pile for the city truck to pick up later in the day.

Other volunteer workers include the Mesdames Jud Hohl, Louis Holman, Joseph Lang, William Winter, John Winter, Earnest

Brooks, William Weststrate, Henry Sprick, Marine Caauw, William Visser, Andy Knoll, H. Vander Bie, Don Winter, James Yonkman, Bruce Mikula, Judson Huist, Boyd Vander Ploeg, Lester Essenburg, Marvin Albers and Elmer Spect.

Committee chairmen sponsoring the project with the co-operation of Park Supt. Dick Smallenburg and city employees who will clear the tulip lanes, are Mrs. Chester Van Tongeren, phone 2667 and Mrs. Hazel Lamb, phone 5640. Mrs. Jay H. Pette is garden club president.

The petunias, distributed free to residents, will be planted over and above the tulips which are planted several inches deep and will not be harmed.

Hope College Graduates Hold Teas and Reunions

Sorority alumnae teas, luncheons and class reunions in the form of "talk fest" and informal "coffee" Tuesday afforded Hope college alumni opportunities to renew old acquaintances. Climaxing the day's events was the annual alumni banquet in the Temple building Tuesday evening.

A centerpiece of yellow and white flowers and tapers in sorority colors decorated the tea table in the home of Mrs. Otto van der Velde on South Shore Drive Tuesday afternoon where 85 Sorosis alumnae and graduating seniors gathered for a tea and election of officers. Posing were Mesdames Ernest Brooks, Marvin Lindeman, Della Steinger and E. J. Yeomans.

Miss Althea Raffenaud was re-elected president of the alumnae group. Other officers include Mrs. James White, vice-president; Mrs. John A. Stryker, secretary and Mrs. William C. Vandenberg, Jr., treasurer. Chairman of the nominating committee was Mrs. Clarence Becker.

Seniors welcomed into the alumnae association were the Misses Virginia and Bobbie Bilkert, Esther Bogart, Glenna Gore and Ann Vander Jagt. The July bridge and a gift for the active chapter were discussed. It was voted to send a vote of confidence to Dr. Irwin J. Lubbers supporting his program of expansion at the college.

Chairman for the affair was Mrs. Gerard Cook, assisted by Mrs. Richard Dievendorf.

Mrs. Stanley Boven and Mrs. Arthur Kronmeyer were chairmen of the Delphi sorority alumnae tea held in the sorority rooms. More than 60 active and alumnae members attended to renew and make new acquaintances. Special recognition was given to Alumna Emma Reverts who was recently made Hope college dean of women.

Refreshments were served with Mrs. Boven, Mrs. Gleon Bennette

and Mrs. E. Danson pouring. It was decided to make the tea an annual affair to be held each year on the day of the Hope alumni banquet.

Meeting for dinner Monday evening in the home of Dr. and Mrs. Albertus Pieters was the class of 1887 of which four of the original seven members survive. Guests were Dr. and Mrs. Pieters, Dr. Samuel Zwemer of New York City and Paul R. Coster of Holland.

Dr. A. L. Warnshus served as chairman for a "talk fest" arranged by members of the class of 1897 in the Van Raalte room of Warm Friend Tavern Tuesday afternoon. Included in the group were Prof. J. G. Vanden Bosch of Grand Rapids, the Rev. John De Jongh of Rock Rapids, Ia., the Rev. Gerrit Koyker of Billings, Mont., the Rev. Floris Ferwerda of Shippensburg, Pa. and Dr. Henry L. Yonker of Winnipeg, Canada.

A "coffee" Tuesday afternoon in the home of the Rev. and Mrs. Paul E. Hinkamp on West 14th St. honored members of the class of 1907. Seventeen of the original 19 class members are living and five attended. They were Rev. and Mrs. Hinkamp, the Rev. Henry Molema of Holland, the Rev. Arthur Roosa of Nutley, N.J. and the Rev. G. Van Penseum missionary on furlough from Arabia. Letters were read from other class members.

The class of 1917 met after the alumni banquet Tuesday night in the John Vander Broek home on 12th St. Co-chairmen for the affair were Mrs. Marvin Brower and Mrs. Peter Prins. Dr. Lubbers was a member of the group which gathered for reminiscences.

American Legion Memorial park was the scene of a Tuesday luncheon for members of the class of 1922, attended by 56 persons, including 30 class members. The Rev. Gary De Jong of Kuwait,

Arabia, was chairman. Dr. Morris Steggerda, anthropologist of Hartford, Conn. was also in the group. Each class member reviewed his life history as a program feature.

A luncheon in the Temple building for the class of 1927 was attended by 50 guests. Melvin B. Lubbers of Zealand was elected new president. Clyde H. Geerlings of Holland, vice-president. Catherine D. Mersen of Benton Harbor, secretary and Mrs. E. W. Saunders of Holland, treasurer. Adrian G. Buys presided at the meeting and Prof. Harold Haverkamp of the faculty spoke of new developments at the college. Class members reviewed their activities. Coming longest distance was the Rev. Jacob Kik of Montreal.

The Rev. Peter Vandenberg of Walden, N.Y. was instigator for a reunion of the class of 1937 held in the Centennial room of Warm Friend Tavern Tuesday afternoon. A committee was appointed to arrange for the class' 15th anniversary. It includes Ekdal Buys of Grand Rapids, William Poppink of Rockford and Mrs. Gerald Breen of Lansing. Assisting Rev. Vandenberg with arrangements for the "coffee" was Mrs. Louis Javling.

Zuवरink Humbles Battle Creek In Shutout Win

Wenzel Leads Hitters With Three Safeties; Boston Scout Here

The Holland Flying Dutchmen continued their hot pace as they whipped the United Steel squad from Battle Creek 3-0, at Riverview park Monday. Giant right-hander, George Zuवरink pitched brilliant ball, allowing only four hits and fanning 19 men in the nine innings.

In the crowd at Riverview park Monday was William J. Maughin, a scout from the Boston Braves of the National League. He approached Zuवरink after the game and offered him a contract. Details of the offer were withheld, but Zuवरink is still "thinking it over."

The Dutchmen combined the superb pitching with timely hitting as they garnered nine hits and three runs. Loren Wenzel kept up his hot hitting streak as he again hit safely three times out of four trips to the plate. Wenzel now has accumulated seven hits in eleven trips for an average of .636. Lloyd Driscoll showed improvement with the stick as he batted out two hits out of three chances.

Scoring began in the third inning when Zuवरink led off with a single to center and went to second on an error by the pitcher. He took third on an infield out by Van Lente and scored when Wenzel came through with infield hit.

After striking out the first six men to face him, Zuवरink allowed Bauman of Battle Creek to single to first, but the runner was hurriedly picked off when he attempted to steal second. The next two batters fanned.

The Dutchmen added their second run in the fourth inning when Harry De Neff led off with a long single to right field. He scored on a single to center by Van Huis. Driscoll followed with a safety to center sending Van Huis to second, but neither run scored, and the Hollanders held a 2-0 lead.

The locals got their third run in the eighth frame when Wenzel scored on an error after singling to right field. Woldring also got a single in that frame.

The only extra base hits of the game were a double by Madenoff and one by Bauser of Battle Creek.

At present the Dutchmen seem to be invincible with fine balance in hitting and pitching departments. In three games the Dutchmen's opponents have garnered only 11 hits off the two local hurlers while the Hollanders have credited themselves with 31 safeties.
