Republican caucus to-night.

Found—a pair of gold-trimmed spectacles. Inquire of G. Blom.

Strawberries are plenty and cheap. They retail at three cents a quart.

Matt. Notier has opened his store at the fruit pier, on the south side of the bay, for the season.

Rev. John Lamar of the Bethany Ref. church of Grand Rapids has accepted a call to the Second Ref. church of Rochester, N. Y.

The estimated gross earnings of the C & W. M., for May, were \$146,280.90. The earnings for the same month last year were \$127,111.20, showing an increase of \$19,169.70.

The Eighth Mich. Infy. held its annual re-union at Bay City this week. Several boys of Holland village and township, to the number of fifteen or twenty, enlisted in this regiment in the fall of '61. Jac. Van Dyk and Adriaan Wakenaar are the only resident survivors.

Oscar B. Wilms returned from Saginaw Tuesday evening, where he passed a very successful examination as 2nd class machinist in the U. S. navy. He is now awaiting orders for assignment as second engineer on a cruiser. Never having sailed on salt water, this was the highest position to which he was eligible. His enlistment is for one year.

Work has been commenced on a new bath house at Ottawa Beach to be 40 by 100 feet. The C & W. M. is building it and expects to complete it by the 27th inst. A dummy line will be run from the Ottawa Beach station to the bath house, a distance of about a quarter of a mile. The fare will probably be five cents.

Railroad Commissioner Wessellus has filed his statement of taxes assessed against railroad companies operating lines in Michigan on the basis of the earnings for the year ending Dec. 31 last. These taxes will be payable July 1. They are computed under the Merriman tax law enacted by the legislature of 1897, and foot up a total of \$945,150.49, a net increase of \$203,075.86 over last year's payment. The C & W. M. pays \$39,626.30. The increase of the Michigan Central over last year is \$58,000.

Republican caucus to-night.

The cut worm is doing considerable damage in Olive.

The Chicago boats continue to have large passenger lists.

Rev. J. Kelzer of Graafschap has accepted a call to Pella, Ia.

The Grand Rapids Retail Grocers' Association will picnic at Grand Haven August 4.

John Sterken has been appointed postmaster at Zutphen, vice Benj. Sterken resigned.

Geo. Ryder left Wednesday for the Macatawa Park Hotel, where he will assume charge during the season.

That fine bush of red roses, the Jacquimont, in front of Supervisor Dykema's residence, is admired by all passers-by.

The regular business men's train on the C & W. M., between Grand Rapids and Ottawa Beach was put on Saturday, for the season.

A car of pickles in bulk was forwarded from the Heinz works to Pittsburgh last week. The shipment was made in a tank car, specially adapted to that purpose.

President G. J. Kollen of Hope College was appointed at the late meeting of the General Synod a member of the board of education of the Reformed Church in America.

The Y. M. C. A. gospel meetings Sunday afternoon have been discontinued during the summer season, and will be resumed on the first Sunday in September next.

Rev. H. G. Birchby left Thursday on a brief vacation with a friend in Ohio, an old classmate. His pulpit in Hope church will be supplied next Sabbath by Prof. J. T. Bergen.

The bi-annual synodical meeting of the Christian Reformed Church is in session at Grand Rapids. Rev. H. Van Hoogen and elder C. De Jongh of this city are in attendance as delegates.

The election of officers in Erutha Lodge, Daughters of Rebecca, held Friday evening, resulted as follows: Mrs. Fannie Anderson, W. G.; Miss Cora Hollister, V. G.; Miss Bertie Kimpton, R. S.; Mrs. Sola Cramers, T.; Mrs. C. Knowless, R. S. G. L.; R. Van Lepte, C. of S.

There is a fair prospect that during the latter part of the year we will be honored by a visit from Dr. A. Kuyper, of Amsterdam, Netherlands. In the month of October he is to deliver a series of six lectures at Princeton, N. J., and no doubt efforts will be made to induce him to extend his visit west.

Commercial travelers almost invariably report that business is exceptionally fine. They give different reasons for their success. Some of them say that the war excitement helps rather than hurts their business. All seem to think that the war is not seriously injuring any line. They say that throughout the country they find retail merchants very well satisfied with the outlook. Those manufacturers who have the good fortune to be dealers in war material of any kind are doing an enormous business, they say. The government is buying an immense amount of camp supplies and war equipments.—G. R. Democrat.

The Grand Rapids Yacht Club has changed its name to Macatawa Yacht Club. The board of directors for the ensuing year are Charles B. Judd, Fred W. Stevens, Freeman Godfrey, Fred Miller and Charles S. Paine. The club has accepted the invitation of the Lake Michigan Yachting Association to join and take part in its regattas on Lake Michigan this summer. It will also conduct a sailing regatta on July 4 and will have a weekly sailing regatta each Saturday throughout the season. These races will be open to members of the club only. The first club regatta will be held the first Saturday in July. The annual regatta of the Macatawa Bay club will be held sometime during the early part of August, and it is expected entries will be received from yacht clubs in Chicago, Racine, Milwaukee, Petoskey and other points on the lakes where there are regularly organized yacht clubs. At a recent meeting of the club a committee was appointed to select a site for a club house and erect a suitable building. This committee has secured a part of Jenison Park and a \$1,500 club house will be erected at once. It will be a two-story structure, 52x80 feet, built out in the water on piles. Wide verandas girt the club house on the first and second stories. A large dining hall and ball room are located on the first and second floors in the center of the building. The grounds are 250 feet square. A scheme is on foot also for building six racing yachts to cost about \$150 apiece.

Republican caucus to-night.

The martins are more numerous this season than they have been in recent years.

The coming problem: "What shall be done with the children during vacation?"

The railroad people everywhere are very busy just now arranging for the opening of the resort season.

Mrs. Elmore Annis received word this week of the death of her sister, Mrs. Walter Powell, at Norfolk, Neb., on Friday last.

Wheat in this state was rarely in a better condition than at this time. The average on June 1 is reported as follows: Southern counties 98, central 102, northern 100.

The steamer City of Chicago made the run between Chicago and St. Joseph the other day in 3 hours and 21 minutes. This is the fastest time ever made between the two ports.

G. H. Tribune: Some of the wheelmen of Grand Haven and Holland should get together and arrange ways and means for the building of a path between the two places.

Supt. Kinch of the electric railway is straining every nerve to have cars running by the 24th inst. The wiring is the last work in hand. At the power house everything is in readiness.

The condition of the lock-up at Benton Harbor is alleged to be so woeful and the vermin are so thick that friends of an inmate fail to recognize him after he has spent a night there.

Last summer during vacation a select school was taught for the benefit of those children that desired to be taught Dutch. For want of sufficient support the effort will not be repeated this year.

Jerry Boynton still sticks to his Central Michigan railroad project, which includes what is known here as the line of the Jenison right of way. He wants Battle Creek citizens to put up a \$25,000 bonus.

The hotel at Ottawa Beach will open Saturday, and will be in charge of F. B. Stearns of the Northern hotel Big Rapids. There have been some important improvements at the Beach, and it will be even more attractive than ever.

G. R. Press: "In a few days this city will be so full of political conventions that even the war is likely to be locally at a standstill. Yet up to date only the smallest interest is shown in the big events so near at hand. There are no slaves, no schemes, no heated talk about platforms, no candidates fixing delegations, 'no nothing.' The situation is one entirely new in Michigan politics." The facts are that the Democrats of Michigan are somewhat at a loss what kind of a platform and ticket they ought to put in the field. The far-seeing leaders of the party are able to perceive that the old platitudes cannot be galvanized into life for service in a political campaign in war times without inviting upon the party the ridicule of the masses. A reaffirmation of the Chicago platform and all its vagaries wouldn't stir up very much enthusiasm when everybody is absorbed with war and a discussion of policies that must be framed in consequence. The party must have something up-to-date or go to ignominious defeat. Then again, by sitting down upon silver and the Chicago platform they might reunite their party, but it would be at the expense of alienating the Populist vote.

Letter from John Roost, Jr.

TAMPA, FLA., June 9.

DEAR FATHER: I received your letter yesterday, and it is the only one I have received for a week. Am inclined to think that some of the mail has been lost, or mis-carried. A notice was given out Tuesday that all mail would be kept at headquarters for forty-eight hours after being posted. All of our letters are read before leaving here, so as to prevent any news concerning army movements being sent out.

The heat to-day is intense. I have been lying on the ground under a palm all day with half my clothes off. I fell asleep just before noon and went without dinner as a result.

Our rations up to a few days ago were particularly poor, but we started a company fund, and with \$180 in the treasury bid fair to live good, for a time at least. We are getting beef twice a day, with hard tack and coffee for dinner. Potatoes are issued occasionally and they make a great meal.

We have only had one dress parade since coming here and the call has just been given for another one. I have just been excused for duty to-day and have been out watching guard mount. The inspection of guard here is as rigid as it can be made. Guard details are given five rounds of ammunition each, with orders to shoot if necessary. No trifling on the guard line is allowed, and I found out the difference as soon as I was on yesterday.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

There was a meeting of some of the Spanish population held in their dance hall on Monday night, in Ybor city, about a mile out. A detail of three companies was dispatched to break up the meeting, which they did in short order. The building was totally demolished, and the Spaniards will have to look elsewhere for a meeting place "hereafter."

A few of the negro regulars from the north-west went to Ybor city on a spree Tuesday night, and wound up by shooting a Florida volunteer and a negro child. A detail of white soldiers was sent to capture the gang, and they did so after a hard fight.

The 69th New York Volunteers arrived here Tuesday morning, after spending one week aboard the train. They had been issued three days rations before leaving New York, and when these gave out they were compelled to forage all along the line for food to eat. They arrived all tired out, and most of them had no money to buy food, so the 32nd took them in and fed them. They are mostly Irish and all-day laborers—a husky lot, and were they better equipped and drilled would push us hard for "first honors."

With the 69th New York came a black and tan dog, the property of "Steve Brodie," of bridge jumping fame. One company, (the one that brought the dog), is made up entirely of Bowery boys; they are a hard lot, to say the least.

Tuesday was spent in "pup tent" drill. Each man carries a half of a tent, and four stakes. Last night I put up my tent and as my "pal" did not want to go out I had the whole tent to myself. Two men are supposed to sleep in one of these tents, and I am so long that my feet stick out at one end and my head at the other.

I got up to take a walk in my sleep one night, and my partner followed me out and woke me up. I would much more prefer to sleep outside than in a tent, but it is not allowed.

Sunday was pay-day, and I received \$18.20 pay. Many of the boys have begun to buy their "grub" outside, and probably will miss their good meals all the more when they get out of money. Milk is ten cents a quart, and very thin at that. Live stock is just like the native here, thin and without any ambition. Oranges, lemons, pineapple and bananas are better and much higher priced here than in the north.

I just received a bundle of Holland papers, the News, Times, and Sentinel.

I purchased a young machete, a very useful weapon, as well as a good thing to split wood with.

I sent my revolver home long ago, and have not been able to buy another good one as yet.

The mess call has sounded, and if I don't go now will have to go without. I have purchased a diary and am going to keep it up. * * * JOHN.

A correspondent of the Chicago Times Herald writing from Chattanooga, Tenn., where the 31st Mich. Infy., Col. Gardener commanding, is encamped, writes the following: "Just as the excitement over the opening of the canteen was beginning to be felt Chaplain Hall got a 'big tent' from the Young Men's Christian Association, where all the latest periodicals are to be kept on file. This has added a new diversion, and now the daily routine is drill, kill snakes, visit the canteen and elevate the mind in the reading-room."

"Colonel Gardener, in command of two brigades, and Colonel Keurt, in command of one, had a battle over by the First's camp one morning at daylight. Colonel Gardener about midnight got word from headquarters that the enemy was advancing toward Chickamauga in an effort to take the Alexander bridge. Seven regiments, including the 31st, were called to arms about one o'clock in the morning. The men had no warning, and in the darkness they were hurried over to the bridge. Colonel Gardener had in the meantime suspected the location of the enemy, and sent a spy to get accurate information. The spy came back on a hot run, with full details of the route which the attacking party would take. Colonel Gardener's force entrenched themselves. The colonel placed the regiments with such consummate skill that one whole battalion of Colonel Keurt's force was taken prisoners, and just about 6 o'clock the enemy was so surrounded that nothing was left but retreat."

Major Davis and Major Cazare acted as umpires and General Poland was the referee. The court unanimously gave Colonel Gardener a glorious victory, the verdict being indorsed by Major Shiba, the Japanese nobleman who has been sent here to see how Uncle Sam is able to create a great army in a day."

FRIDAY, June 17.

OUR NEIGHBORS.

Zeeland.

Work has commenced on the extension of our system of water mains.

The Zeeland Cornet Band proposes to give a series of open air concerts every Saturday evening. The citizens have contributed liberally for these concerts and they promise to be a pleasing innovation.

P. Rokus has been re-appointed lamp-lighter.

Thursday, June 23, the annual firemen's review will be held.

U. S. revenue inspectors have investigated the records of Drenthe merchants in connection with the liquor laws.

The copious rain that visited us Friday evening has gladdened the heart of many a farmer and vegetable grower.

The High school graduates nine pupils this year.

The Zeeland Brick Co. has already contracted for four million brick this season.

Ottawa County.

The premium list of the Berlin fair will be printed this month.

The Coopersville band has been re-organized with George Rankans as leader.

Rev. George B. Kulp of Grand Rapids will deliver the baccalaureate sermon for the Coopersville class of '98, in the Reformed church, Tuesday evening, June 21.

Saugatuck.

The propeller Saugatuck is now somewhat changed in appearance. The upper works are white, and the hull green.

A petition of over fifty good loyal citizens, praying the council not to change the ordinance as to opening hours of the saloons, was presented to the board Monday night. The whole board were of the opinion that it was an utter impossibility for a person to commence the hard duties of life, each day as they came before him, without the help of at least "two fingers," hence the vote was solid—open 'em up at six a. m. This will enable the bartenders to earn their wages, and the laboring man to spend his. —Record.

It is apparent that nothing will be done this year toward building the electric railway between this place and Holland, owing, as the promoters say, to the difficulty in securing the necessary material. By many this will be taken as a virtual abandonment of the project, and judging by past experience, there is little room to hope for any other outcome. Promises were made that if the village aid bonds were voted the work would begin at once. On any other terms the result of the election would have been entirely different. Meantime it behooves the council to free itself from a franchise that binds the village to everything and the grantee to nothing—Commercial.

Allagan County.

The ladies of the Soldiers' Monument Association of Ganges raised \$77 toward their fund on Decoration day.

The post office at Fennville has been raised to a separating office, and an allowance is made for clerk hire.

New Richmond: A fourth of July will be held on the picnic grounds, and fireworks will be had in the evening. Half fare on the railway, and the steamer Klondike runs in connection with the trains.

The strawberry crop in this section of the great Michigan fruit belt will be enormous, as there is likely to be favorable weather and they are making good growth. It is thought they will bring a fair price on account of a light crop from southern points.

The post office at Gibson, this county, has been made a money order office.

Repairs are in progress on what is known as the "ol' pier," at Pier Cove, and it is expected that freight can be moved over it the first of next week, and the boat will then call there.

A state teachers institute for Allagan county will be held at Allagan, commencing Monday, July 18, and closing Friday, August 12. Tuition is free. An outline of the work may be secured by writing to School Commissioner J. W. Humphrey.

Ex-Sheriff John Strabbing, who is engaged in the hardware business at Hamilton, has sold his farm and purchased the Wm. Francis farm on the Kalamazoo river, between Allagan and Mill Grove. It is a fine farm for a dairy and John will make a specialty of raising stock.

The village of Plainwell was startled

Wednesday morning, when the lifeless body of Mrs. Siddall was found in the cistern of her home. At 4 o'clock her daughter discovered that she was gone from the room. She began a search which resulted in the finding of her dead body in the cistern. Her husband died some months ago, after a long and lingering illness, and since that time her friends have noticed many peculiarities in her manner. She had recently threatened to drown herself in the river, so a strict watch was kept over her.

Grand Haven.

Grand Haven township has bought \$250 worth of gravel and is having it unloaded near the Beech Tree mill. This gravel is being used on the main road leading into this city—the Beech Tree road.

Sheriff Van Ry made a trip to Ionia prison last week and brought back from there a young man named Harry Gibbs, charged with stealing a horse from McCoy of Georgetown last July 3. He was allowed to ride one of McCoy's horses to Grand Rapids, to be shod. Gibbs traded the horse for a bicycle when he reached the city and left the country. When next heard from several months later he was in trouble in Stanton for stealing \$45 and was sentenced to Ionia for six months. His term was out Friday and Sheriff Van Ry went down to get him. Gibbs' home is in Jenison.

According to the Evening Wisconsin, the Detroit, Toledo & Milwaukee railway is at the old trick again of leasing the Chicago & West Michigan track to bring their freight through Grand Haven to Muskegon and put it on the Milwaukee boats, the same as heretofore. For the pleasure of seeing them go thro' this city, the records show that \$6,000 was paid, besides a certain sum which a grateful city paid through its representatives to the promoter of this grand scheme. One of our prominent citizens had a conversation with Railroad Commissioner West-sellus, and he declares that the thing is a fake and that someone, not the D. T. & M., wanted this piece of valuable property. We have a patriotic mayor whose sole object is the welfare of our city. Let him at once summon the council and commence proceedings to hold the land. —Corr. G. H. Tribune.

Geo. A. Farr, a member of the board of regents of the Michigan University, will deliver an address at that institution on Monday, June 27.

The mayor and common council are still at odds. It is hinted that at the bottom of it all is the municipal electric light plant, its cost, running expenses and revenues. Says the G. H. Tribune: Thursday night's meeting of the city council was the wildest ever held in Grand Haven—the wildest of a series of wild meetings that have been held since the present administration took the chair. Last night's was a special meeting and all the aldermen were present except Capt. Andres, who is down in Florida. The fun commenced when the mayor tried to read his veto of Ald. Kiel's finance resolution. A great hubbub followed and Ald. Verboeks and also Ald. Nyland, who had arisen, were declared out of order by the mayor. They refused to sit down and the mayor called upon marshal Bottje to compel them to sit down. The marshal called upon city attorney Soule for advice and Mr. Soule stated that the alderman was in order and had the privilege of talking. The mayor vehemently told Mr. Soule that he was out of order and had no right to talk. Judge Soule politely told mayor Baar that he had a perfect privilege of speaking and incidentally coasted the chair. The different aldermen of the opposition expressed their opinion of the alleged arbitrary and unparliamentary actions of the mayor. For a time everybody talked, and parliament ary rules were noneast. The fun continued and in the midst of a wordy melee Ald. Nyland moved to adjourn. It took some time for the mayor to put the motion. After the meeting several of the aldermen had wordy debates in front of the city hall.

Benjamin Frankenstein, "the converted Jew," had his examination for larceny in Justice Pagelson's court Monday, and at its conclusion was bound over to circuit court, and in default of \$500 bail was committed to jail.

The glass factory is very busy and rushed with orders.

Mandamus proceedings have been commenced by mayor Jacob Baar against the common council and city clerk of Grand Haven. Monday evening papers were served upon city clerk Thomas E. Kirby requiring his presence in circuit court on Thursday, June 16, to show cause why he should not change the date of the filing of mayor Baar's veto of Ald. Kiel's finance resolution from June 6 to June 4. This veto was brought to Mr. Kirby's home by mayor Baar after the clerk's office hours on Saturday evening, June 4. The city clerk refused to file the veto and plainly told the mayor so. It was filed the next Monday morning, and not being filed within the required time was not legal. A paper was also served upon James Verboeks, as president of the city council, to show cause upon June 15 as to why the council does not act upon mayor Baar's appointments. The result will be watched with interest by every citizen. Mr. Baar is represented by George W. McBride and C. O. Smedley.—Tribune.

Grand Haven city elected the following delegates to the Democratic county convention: Wm. Nyson, G. J. Hilderink, H. Pellegrom, E. D. Blair, I. H. Sanford, George D. Sanford, Dudley O. Watson, Edward Moll, John Baker, Fred D. Vos.

Port Sheldon.

Out of all the recent rains, this locality got but precious little. Most of it fell with our neighbors.

A large crowd enjoyed a lake airing on the shore last Sunday. The West Olive band was there, accompanied by Dar Hleeman.

J. Pieman was over at Chris Cook's with some bee hives this week.

H. Gooding is sawing fish staves. Wm. Smith is his engineer.

General Items.

St. Joseph: Reports from various points throughout the country show fruit trees and grain suffered from Friday's furious gale of rain and hail.

Unless the proper precautions are taken, death will lurk in every home. It dogs the footsteps of husband, wife and children alike. If the husband is an ambitious man, the chances are that he will overwork and take insufficient time to rest, eat and sleep. At first he may feel but trifling ill effects from his indiscretion. Then he will suffer from headaches, loss of appetite, loss of sleep, lassitude in the morning, drowsiness during the day and a general "out-of-sorts" feeling. If these conditions are neglected, almost any serious malady may be the result. Frequently it is some nervous disorder or dread consumption. Dr. Pierce's Golden Medical Discovery is the best medicine for hard-working men. It gives edge to the appetite, makes digestion and assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all cases of chronic or lingering, bronchial, throat and lung affections.

All too frequently, death dogs the footsteps of the wife, in the guise of weakness or nervousness. It is the delicate and important organs that bear the burdens of wifehood and maternity. There is an unfailing cure for disorders of this nature. It is Dr. Pierce's Favorite Prescription. It acts directly on the sensitive organs concerned, making them strong, healthy and vigorous. It fits for wifehood and motherhood.

They are sold at all medicine stores. During early childhood death lurks in every corner for these fragile innocents. The mother can only protect her babies by acquiring some practical medical knowledge. Dr. Pierce's Common Sense Medical Adviser imparts this knowledge. For a paper-covered copy send at one-cent stamps, to cover cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth binding 31 stamps.

Many orchard trees are almost limbless, caused by the whirling current of the gale.

Probably few people are aware that the Grand Trunk system covers 4,186 miles of track.

An amendment to the Michigan constitution made at the time of the late war, provides that in case of war Michigan soldiers shall not be deprived of their vote. The manner in which the vote of the boys shall be taken and canvassed must be fixed by the legislature. Should the troops remain in the field until the next election, another special session might become necessary.

Kalamazoo: The dog-biting case of Ruth Frye against Charles Chapin, the Niles millionaire, ended last week in a verdict of \$10,000 damages awarded the bitten girl. Ruth Frye is a little girl who was bitten by Chapin's big St. Bernard dog, and the child's head was terribly lacerated and scarred.

The Georgia, the new Goodrich steamer just completed for the west shore trade, made its initial trip from Chicago to Green Bay Friday. Its dimensions are 206x36 feet, with a 12 foot hold.

The State Pioneer Society has re-elected ex-Gov. Luce president. Ex-Lieut. Gov. H. H. Holt, of Muskegon, was made chairman of the committee of histo ians.

An exchange says: The following explanation is given why a locomotive is spoken of as "she": They wear a jacket, an apron, have shoes, hose, and drag a train behind them; they have a lap, need guides, ride wheels, will not turn out for pedestrians, sometimes foam and refuse to work; they attract the men; sometimes are contrary, and it always takes a man to manage them: some locomotives have a bonnet stack.

Benton Harbor's proposed sugar beet factory is a sure go. Chicago parties have offered to erect a plant costing \$500,000 and will employ 500 men if the city will donate thirty-five acres of land and \$50,000. The offer has been accepted and work will be commenced on the big factory this fall.

Millions Given Away.

It certainly is gratifying the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten millions trial bottles of this great medicine and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, Chest and lungs are surely cured by it. Call on Heber Walsh, Holland, or Van Bree & Son, Zeeland, and get a trial bottle free, regular size 50c. and \$1.00. Every bottle guaranteed, or price refunded.

DEWEY WRITES A LETTER.

First Mail Communication from the Admiral Since His Battle at Manila.

DESCRIBES THE ATTACK ON THE CITY.

Commends Highly His Officers and Crew and Personal Staff for Faithfulness and Bravery—Ambassador Hay Denies Responsibility for Story That Manila Had Fallen.

Washington, June 14.—The navy department Monday made public the following letter received from Admiral Dewey Monday afternoon, being the first mail advices from him since he reached Manila:

"Flagship Olympia, Cavite, May 4, 1898.—The squadron left Manila on April 27. Arrived off Bolinao on the morning of April 30, and finding no vessels there, proceeded down the coast and arrived off the entrance to Manila bay on the same afternoon. The Boston and Concord were sent to reconnoitre Port Subic. A thorough search of the port was made by the Boston and the Concord, but the Spanish fleet was not found. Entered the South channel at 11:30 p. m., steaming in column at eight knots. After half the squadron had passed, a battery on the south side of the channel opened fire, none of the shots taking effect. The Boston and McCulloch returned the fire. The squadron proceeded across the bay at slow speed and arrived off Manila at daybreak and was fired upon at 5:15 a. m. by three batteries at Manila and two near Cavite, and by the Spanish fleet anchored in an approximately east and west line across the mouth of Baker bay with their gunboats in shoal water in Canacac bay.

Proceed to the Attack.

"The squadron then proceeded to the attack, the flagship Olympia, under my personal direction, leading. At 7:35 a. m. I ceased firing and withdrew the squadron for breakfast. At 11:15 a. m. returned to the attack. By this time the Spanish fleet were in fleet. At 12:30 p. m. the squadron ceased firing, the batteries being silenced and the ships sunk, burned and deserted. At 12:40 p. m. the squadron returned and anchored off Manila, the Petrel being left behind to complete the destruction of the smaller gunboats, which were behind the point of Cavite. This duty was performed by Commander E. P. Wood in the most expeditious manner possible.

The Spanish Losses.

"The Spanish lost the following vessels: Sunk—Reina Christina, Castilla, Don Antonio de Ulloa, Burrut—Don Juan de Austria, Isla de Luzon, Isla de Cuba, General Lezo, Marquis Del Duero, El Correo, Velasco and Isla de Mindanao (transport). Captured—Rapido and Hercules (tugs), and several small launches. I am unable to obtain complete accounts of the enemy's killed and wounded, but believe their losses to be very heavy. The Reina Christina alone had 16 killed, including the captain, and 90 wounded. I am happy to report that the damage done to the squadron under my command was inconsiderable. There are none killed and only seven men in the squadron very slightly wounded.

Praise for His Crew.

"Several of the vessels were struck and even penetrated, but the damage was of the slightest, and the squadron is in as good condition now as before the battle. I beg to state to the department that I doubt if any commander in chief was ever served by more loyal, efficient and gallant captains than those of the squadron now under my command. Capt. Frank Wildes, commanding the Boston, volunteered to remain in command of his vessel, although his relief arrived before leaving Hong Kong. Assistant Surgeon Kindelberger, of the Olympia, and Gunner J. C. Evans, of the Boston, also volunteered to remain after orders detaching them had arrived.

Receives Special Mention.

"I desire specially to mention the coolness of Lieut. C. G. Calkins, the navigator of the Olympia, who came under my personal observation, being on the bridge with me throughout the entire action and giving the ranges to the guns with an accuracy that was proven by the excellency of the firing. On May 4, the day following the engagement, the squadron again went to Cavite, where it remains. On the 3d the military forces evacuated Cavite arsenal, which was taken possession of by a landing party. On the same day the Raleigh and Baltimore secured the surrender of the batteries on Corrigidor island, paroling the garrison and destroying the guns. On the morning of May 4 the transport Manila, which had been aground in Baker bay, was towed off and made a prize."

The Manila Report.

London, June 14.—The United States ambassador here, Col. John Hay, says there is no foundation for the statement that he is responsible for the story published in the United States to the effect that Manila has fallen.

Illinois Republicans.

Springfield, Ill., June 15.—The republican state convention on Tuesday nominated the following state ticket: State treasurer, Floyd Williams, Springfield; superintendent of public instruction, Alfred Bayliss, Streator; trustees of the University of Illinois, F. L. Hatch, McHenry county; A. F. Nightingale, Chicago; Alice Asbury Abbott, Chicago. The platform approves President McKinley's administration, pledges support for the war with Spain, favors postal savings banks, indorses Gov. Tanner's administration and congratulates the miners of the state upon obtaining an eight-hour day.

A Splendid Gift.

Oshkosh, Wis., June 13.—Ex-Senator Sawyer presented \$25,000 to the city Saturday to aid in establishing a public library. Marshall Harris, a pioneer lumberman of this city, bequeathed his estate, valued at \$80,000, to the city for a library fund, provided the city raised a like amount. The city raised \$55,000, and Mr. Sawyer made up the amount necessary, putting up \$25,000, thus creating a public library fund of \$160,000.

Business for Sailing Vessels.

San Francisco, June 13.—Owners of sailing vessels are profiting by the government demand for transport steamers. Every Hawaiian packet now in port now has more freight offered than she can carry in three trips and the trade promises to increase rather than diminish.

For Congress.

St. Paul, Minn., June 15.—The Sixth district populists and democrats in separate conventions at St. Cloud nominated Charles A. Towne, silver republican, for congress. At Shakopee the Third district populists nominated J. R. Lowe for congress.

Heavy Loss for Small Town.

Clinton, Ia., June 15.—Fire at Charlotte, Ia., has destroyed with the contents K. P. Gohman's hardware store, M. G. Gohman's hotel and restaurant, the Bank of Charlotte, J. M. Laughlin's drug store and several other buildings. The amount of the insurance is not known. Loss, on rough estimate, probably \$50,000.

Rushing Work at Mint.

San Francisco, June 15.—Work at the mint in this city is being rushed, preparatory to the annual clean up, which begins next Monday. About \$300,000 will be coined in halves, quarters and dimes, the subsidiary coin being needed in paying off the troops now here. No bullion will be received at the mint between June 18 and July 5.

No New Cases.

Washington, June 15.—The dispatches received at the marine hospital service show no new cases of yellow fever in the suspected region. The secretary of the Mississippi state board of health has wired Surgeon-General Wyman denying the reports of yellow fever at Hattiesburg and Shubuta, and says he knows of no cases there.

The Saloon License Case.
The saloon case against C. Blom, Sr., by which the validity of the ordinance and the action of the common council imposing a city license of three hundred dollars, over and above the five hundred dollars required by the state law, is to be tested, came up for hearing Friday evening before Justice Van Schelven, and was tried without a jury. There was no dispute as to the facts. The People established by two witnesses, marshal Dykhuis and city clerk Van Eyck, that the respondent on June 7 last was engaged in the saloon business, on River street, and that he had failed to take out the city license as required by the ordinance. All of which was admitted.

The defense did not introduce any witnesses. On cross-examination of the city's witnesses it was brought out that Holland has a population of 8,000; that the saloons, with the exception of one, are all located within an area of three or four blocks; that the police force of the city consists of one marshal, deputy marshal and night policeman; that the total amount paid these officers by the city for the year is about \$900; that their duties are varied, and a portion of the time of the city marshal is devoted to the monthly collection of electric light bills and the semi-annual collection of water rates. The object in bringing this out was to show that whatever additional expense might be entailed upon the city by the existence of saloons, in the way of police, the amount of the license was far in excess thereof.

At the close of the argument the respondent was convicted of having violated the ordinance and was sentenced to pay a fine of fifty dollars and costs, with the usual alternative of imprisonment if not paid. An appeal was forthwith taken and bond filed, and the case will now come up for trial at the August term of the circuit court.

The provisions of law under which this prosecution is brought are, first, the city ordinance, which provides that no person shall keep a saloon within the limits of the city without having first obtained from the common council a license therefor, and which also prescribes the manner in which such license is to be obtained, by making application therefor to the common council, who annually fixes the amount. The ordinance provides that this amount is to be not less than three hundred nor more than five hundred dollars. Second, the authority for this ordinance is based upon the power granted to the city by the charter, namely, "to regulate and license all taverns, hotels, and houses of public entertainment; all saloons, restaurants and eating houses; and all places where tobacco, cigars, and any beverages are kept for sale." It should be borne in mind that the license in litigation is not for the sale of malt or spirituous liquors, but for keeping a saloon.

At the trial the regularity of the proceedings of the common council was not brought into question. What counsel for defense in his argument claimed was this: The city by levying a three hundred dollars license fee from saloonkeepers undertakes to do a thing which the state already has done when it makes these people pay a special tax of five hundred dollars, one-half of which goes to the city. Hotels and eating houses in the charter are classified with saloons. If the legislature had intended that saloons were to be treated differently from them, they would not have grouped these, together. The common council does treat them differently, and where is its right to do so? By the intent of the legislature the council has exceeded its authority. The amount of the license is far in excess of the city's expense in the premises. A license is either for revenue or regulation. In this case it cannot be claimed that it is imposed as a regulation, but for revenue. As such it is exorbitant. The legislature did not intend that the city should discriminate between saloons and hotels, only as a matter of regulation as to the character of its keepers, location, and incidental expenses necessarily incurred. Hence the license in question is irregular, exorbitant and against justice.

The position of the city is based upon the ordinance and charter provision above referred to. The latter also gives the common council power to exact and require payment "of such sums for any license as they may deem proper." The discretion to fix the amount of any license—thus argued the city attorney—is conceded to the common council, and not to the judiciary, and unless this discretion is shamefully abused the courts will not over-ride the action of the council. The power has been given to the city to regulate saloons, and other kinds of business, and this regulation can be accomplished in one of two ways, or both of these ways joined together. First, by determining what class of per-

sons, under what conditions and where saloons shall be kept; and second, by exacting a license fee to restrict the business within a certain limit, which is a legitimate exercise of the power to regulate. In ordinary lines of business not liable to become public nuisances no action or right would exist to restrict the number of persons who might engage in it by exacting a heavy fee, but where the business is of such a nature that its prosecution will do damage to the public, or where it is liable to become a public nuisance it is a legitimate exercise of the powers of the council to impose a license fee large enough to act as a restraint upon the number of persons who might otherwise engage in such business. It is upon this ground that high license fees are exacted, as well as upon the ground that keeping of saloons entails an increased expense to the city every year by reason of the police expenses, which are necessary for the public protection against the results inevitably associated with the business.

The above is an outline of the position of the parties and the line of argument to be followed in the prosecution and defense of the case. Whatever the decision may be in the circuit, either party expects to carry the case to the supreme court.

The Commencement Season.
The week was Hope College week, and was largely devoted by many of our citizens to the festivities connected with the annual closing of the institution. The opening was most auspicious, in that the baccalaureate sermon, on Sunday evening, was one that gave universal satisfaction. It was suited to the times and the occasion and worthy of reproduction, and in compliance with a general request is given in full in the columns of the News.

The weather during the week was all that could be desired. The heat was not oppressive. As usual Wilmants Chapel, roomy as it is, did not begin to accommodate all that desired to attend. This was especially true of Wednesday evening. The program of the various exercises are given below.

The annual meeting of the Alumni Association was held Wednesday forenoon in the History Room of Grave's Hall, with vice president A. Stegeman in the chair. Roll call showed an attendance of over forty members. Routine business being disposed of, the committee appointed last year reported suitable resolutions on the life and work of the late Dr. Phelps, first president of Hope College. Due appreciation was expressed of him as a scholar, in the best sense, in this, that he insisted that knowledge was not for its own sake, but for a higher end, namely a purified, refined, exalted, full-orbed, redeemed manhood, of which he was himself one of the noblest illustrations.

The necrology during the year was limited to one—Rev. John L. De Jong, of the American Reformed church at Orange City, Ia. The secretary reported the "Alumni Record" in the hands of the printer, and submitted proof sheets, which met with approval.

The new officers of the association are: President, Prof. H. E. Dosker; vice pres., Rev. D. J. De Bey; secretary, Prof. J. H. Kleinbessel; treasurer, A. Visscher.

For next year's meeting the following appointments were made: Orator, Rev. M. Kolyn, Orange City, Ia.; secondus, Rev. A. A. Pfantstiel, Chicago, Ill. Poet, Rev. J. F. Zwemer, Orange City, Ia.; secundus, J. F. Van Slooten. Chronicler, Rev. Philip T. Phelps, Ghent, N. Y.; secundus, Rev. J. G. Gebhard, Herkimer, N. Y.

The closing exercises of the Preparatory Department were in charge of Prof. J. T. Bergen and H. Boers, the music being left with Prof. J. B. Nykerk. The same degree of popularity that has always marked these exercises was again manifested this year. A like remark will apply also to the Ullas gathering on Monday, although the audience that evening was to a large extent made up of a different constituency.

Geo. E. Kollen's oration on Alumni evening was well received. His topic, "The Scholar Citizen," was made to apply to our day and generation. Scholarship did not necessarily make a man an efficient citizen, but was an avenue along which he might become so. It is an aid in accomplishing the grand movements which make up the world's history, and by which mankind has been uplifted. It is wanted in our day above all to lead the way out of industrial serfdom. In choice of words and manner of delivery the speaker was especially happy and pleasing.

The chronicles by Prof. W. A. Shields of Good Hope, Ill., were read by Prof. H. Boers. The chronicler is a member of the class of '96, the first class that graduated from the institution after the institution itself had graduated from an academy into a college. It was to this pioneer event

that the writer had dedicated his paper. The naive recital of that humble beginning, amid all the environments of pioneer life and pioneer finances was duly appreciated by the audience, but best of all by those who could join their personal reminiscences with those of the writer.

The poet of the evening, Rev. John A. De Spelder, gave us a legend the scene of which was laid at the "Indian Village." It is worthy of reproduction, and with the author's consent will appear in the News hereafter.

Wednesday evening's program was up to date. The topics were timely, and the addresses not too long. The valedictorian, which is always supposed to be good, was no exception to the rule on this occasion.

The degrees conferred this year by the council, as announced, include the following:

A. B., upon the members of the graduating class, whose names appear elsewhere.

A. M., in course, upon the following members of the class of '95: Julia C. Van Raalte, Henry M. Bruins, Geo. C. Dangremond, H. Dykhuyzen, J. J. Heeren, Benj. Hoffman, J. J. Mersen, F. Van Anrooy, J. H. Heemstra, J. Van de Erve, J. Van der Meulen.

The honorable degree of D. D. was bestowed upon Rev. W. H. Gispens, of Amsterdam, Netherlands; Rev. Wm. H. Vroom, of Ridgewood, N. J.; and Rev. John H. Gillespie, professor-elect at the Theol. Seminary, New Brunswick, N. J. The last named announcement was received by the audience with a demonstration of hearty approval.

In a happy way President Kollen announced that the vacancy in the chair of Greek, caused by the departure of Prof. Gillespie, had been filled by the council by the appointment of Mr. Edward D. Dimment, A. B., of Chicago. Mr. Dimment is a graduate of Hope College, of the class of '96, and during the past year was a tutor at the institution. By its applause the audience evidently intended to emphasize the fitness of the selection, which, it is said, was made by the council upon the second ballot and by an unanimous vote.

The awarding of the prizes was anticipated with the usual degree of interest. The were announced as follows:

"Van Vechten Foreign Mission Prize"—\$25.
Topic: "Protestant Missions in the Turkish Empire during the past Fifty Years."
Judges: Prof. N. M. Steffens, Dubuque, Ia.; Rev. Sam. M. Zwemer, Arabia; Rev. John G. Gebhard, Herkimer, N. Y.

2nd—J. W. Douma, Fillmore.
3rd—H. A. Nabershuis, Sioux Centre, Ia.
4th—B. J. Hyink, Sioux Centre, Ia.

The closing feature of the evening, and of the College year, was a happy surprise. During the past twelve months, in connection with the recent Semi-Centennial celebration, it was suggested in different circles and localities that something be done in the way of erecting a memorial to the occasion, in recognition of him that had made that occasion possible—A. C. Van Raalte, one of the foremost leaders of the Holland Immigration and the founder of Holland city and colony. This suggestion ultimately took shape in the idea of an "A. C. Van Raalte Memorial Hall" on the campus of Hope College, the institution he founded. Circumstances did not admit its being carried out at the time, and it was only the other day that President Kollen revived the project by personally taking the matter in hand. He opened a subscription list and headed it for himself with \$1,000. I. Cappon, Geo. P. Hummer, the H. D. Post family, and B. J. Veneklaasen & Sons followed suit, each with a like amount. P. Semelink, the donor of Semelink Hall, set his name down for \$1,500. The announcement of this project and the success which crowned the initial efforts was a complete surprise to the audience and was received with repeated rounds of applause.

The plan, as far as matured, is to erect a Science Hall, 60x140 feet, two stories and basement, containing a dozen rooms for recitation and other purposes including a laboratory and museum, at an estimated cost of \$20,000. The council has made arrangements to make a beginning as soon as the amount of subscriptions warrant it, and in view of the several promises that are pending, and already in sight it is more than probable that active

JOHN VANDERSLUIS,

EXCLUSIVE DRY GOODS.

operations will be commenced this year yet. Of course, it means also that upon the completion of the building another chair will be added to the faculty of the institution, exclusively devoted to biology and its cognate sciences.

This commencement marks the thirty-third mile post in the career of Hope College. More than once in its history it has witnessed a life contest for existence, when threatening clouds darkened the hope for its future. Its present stability and prosperity, and bright outlook, when viewed in the retrospect of its humble beginning and past struggles become special sources of gratitude and gratification to those who, with its founder, have invariably looked upon Hope College as an "anchor of the hope for the development of the people" for whom and among whom it was planted. The intellectual progress and healthful Americanization of the stream of Holland immigration that began to drift towards these western shores in '47 has ever been measured by the advent and advancement of Hope College. To the extent that this is felt and realized, as it should always be, here, in this vicinity, and elsewhere, the institution will not want in enthusiastic friends and devoted supporters.

The Council met on Tuesday and organized for the ensuing year by electing the following officers: President, Rev. Wm. Moerdyke, of Milwaukee; Vice president, Rev. B. Van Ess, of Moseland, Ill.; Secretary, Hon. G. J. Diekema, of Holland; Treasurer, Prof. C. Doessburg. In addition to what has already been mentioned the Council also authorized the Executive committee to make provision for two tutors during the ensuing college year.

The music this year was all by home talent, and as acceptable as any heretofore imported. The several numbers rendered by the College Glee Club are evidence that the art of vocal music is not being neglected at Hope. It appears that in rendering the budget on Meliphone evening the limitations set by the College officers were trespassed upon, with reference to

matters that bordered upon a violation of good judgment and propriety, and for this the Council at its Tuesday session brought the trespassers up with a sharp turn.

At the Students' Conference, which will be held this year at Lake Geneva, Wis., Hope College will be represented by the following delegates: C. Spaan, M. Den Herder, P. Braak, J. J. De Free, and J. H. Straks. The session opens to day and will continue until Sunday evening, June 26.

The youngest graduate in the class of '98 is Robert E. Kremers, being only eighteen. He will continue his studies at Clarke University, Boston, and take a special course in mathematics.

At the close of the lessons last week the students unanimously voted to have another public lecture course next season, and the selection of speakers was left with Prof. J. B. Nykerk.

For want of satisfactory answers in reply to postal cards sent out by the committee in charge, it was decided by the Alumni to have no barquet this year.

The college boarding club elected the following officers for the first term of next year: Steward, G. Hondelink; assistants, William Cooper, N. Van Dam; secretary, H. Steketee; treasurer, William Giebel; commissary, John Nywenig.

Prof. H. Veghte left on Thursday evening for California. He will spend his vacation with friends on the Pacific slope.

The number of visitors that make Holland their Mecca during Commencement week was large, as usual, and included the following:

Rev. G. J. Hekhuis and family, Mr. Wm. Van Kersen, Rev. B. Van Ess and family, and Mr. G. Tyssse, Roseland, Ill.
Rev. W. V. To Winkel, White Pigeon, Mich.

The Public Schools.

The following is an outline of the program of exercises in connection with the closing of the Public Schools of this city:

Sunday evening, at 7:30, in the First Ref. church, the sermon to the graduates of the High school will be preached by Rev. Jos. P. McCarthy, of Muskegon.

Monday evening, at 7:30, the Eighth grade promotion exercises will take place in the High school room. The number of pupils to be promoted is sixty, and inasmuch the parents and immediate friends of these pupils are entitled to prior consideration and the seating capacity of the room is limited, admission to these exercises will be by tickets and limited to the holders thereof.

Commencement exercises and awarding of diplomas on Thursday evening, in the First Ref. church. Doors open at 7:45. Under the rule adopted by the board each graduate will be allowed nine reserved seat tickets for parents or immediate friends; balance of seats open to all.

Friday evening the Alumni Association of the High school will hold their first annual banquet at the Macatawa Hotel. Tickets, which are \$1.00 each, include transportation to the park, by electric cars, if running, or else by steamer music, and can be obtained from Mrs. Fred Boone, Miss M. Damson, or Mr. Gerrit Steketee.

Reserved seats at Breyman & Hardie's for "Our Goblins," or Fun on the Rhine.

ADDITIONAL LOCALS.

Merrill sign and Carriage painting. 45 E. 12 st. Bell phone 99.

The summer meeting of the Michigan State Horticultural Society will be held next Thursday and Friday, at Muskegon.

The Chicago steamboat dock presented an animated scene Thursday evening. Hundreds of friends were there to bid good-bye to students and visitors as they left for their western homes.

List of advertised letters for the week ending June 17, at the Holland, Mich., post office: M. H. Bentley, Herman G. Briggs, Ellen McDavis, Frank Polkaka, Patsy Sullivan, John Ten Haggen.

COR. DE KEYZER.

Have you seen the smallest married couple on earth? They can be seen at the popular dry goods store of John Vandersluis the balance of this, and all of next week, free of charge, through the generosity of this wide awake merchant. Special bargains through his entire store all of next week.

The Bay View Reading Circle will meet with Mrs. W. H. Beach on Tuesday, June 21. Responses to roll call will be short items of interest about German women. The magazine articles for the second week in June will be read. Mrs. F. C. Hall will lead the meeting, which will close the work of the circle for the year.

This evening the Lizzie Walsh will run a special excursion to the Park for white bass fishing. The boat will leave the city at 7:35, returning after fish stop biting at 11:15. Fare, round trip, 25c. Fishing is extra good just now. Last night Dr. F. M. Gillespie and a friend of his caught 50 fine white bass and the doctor himself landed an eel that measured three feet.

Rev. Edward Mathews will deliver his great lecture, "Wonders of Congo Land", Monday evening, in the M. E. church. This will be a rare opportunity for the people of Holland. Mr. Mathews was a boat builder before he became a minister, and in 1887 went with Bishop Wm. Taylor to Africa, to build the steamer with which the Bishop explored the Congo. He also helped to build the "Maine." Mr. Mathews spent two years in the Dark Continent and exhibits a large collection of curios, among them a Tython Serpent, 17 feet long, which he shot and killed at Stanley Pool. He has costumes of different tribes and describes the finding of Dr. Livingston by Stanley in a dramatic and graphic style. Mr. Stanley is an ordained M. E. minister, and gives half the proceeds of his lecture on Monday night to the missionary fund of the Holland M. E. church. Admission to the lecture will be ten cents. Mr. Mathews will preach in the M. E. church Sunday morning.

G. J. Diekema returned from Petoskey Monday evening, having delivered the baccalaureate address there on Sunday evening before the graduating Normal class. His subject was "Strength of Character." During his stay there he was the guest of Ex-Speaker Wachtell and Hon. Chas. S. Hampton, with both of whom he served one or more terms in the Michigan Legislature. The Petoskey Record in making mention of the occasion says: "A splendid audience filled the opera house. Promptly at a quarter of eight the class filed in from the waiting room while the vested choir of the Emmanuel church advanced from the rear of the stage accompanied by the inspiring strains of the processional. Evening prayer was said by the Rector Rev. Armstrong, and the simple sublime ritual of the English church, with a special prayer and collect for schools and colleges, made a splendid impression upon the audience, while it is entirely within bonds to say that the sacred solo by Mrs. Armstrong surpassed in beauty and strength anything of the kind ever heard by a Petoskey audience. At a quarter after eight the Hon. Gerrit J. Diekema, the orator of the evening, was introduced and for more than an hour he held his audience with his masterly presentation of the theme, "Strength of Character." Beginning with primitive ideas of strength, with the deification of strength as expressed in the rude arts and literatures of early peoples, he developed ideas of social and moral strength of character, of manhood and womanhood, of patriotic devotion to country and to liberty. In happy phrase he applied the theme to present international conditions, to schools and international topics, and the practical duties to daily life. It is no disparagement to other eminent speakers who have preceded him at the annual commencement of the Normal School, to say that his address surpassed in many respects all previous baccalaureates and that the audience was charmed beyond expression with the grace and appropriateness of his discourse."

WANTED—Girl for general housework. Miss C. Van der Veen, 77 West 9th street.

Republican caucus to-night.

A plank sidewalk has been laid from Eighth street to the steamboat dock.

Our Goblins, or Fun on the Rhine, Opera House, Tuesday, June 21.

Benj. Sterken, the River street shoe dealer, will next Monday move into the new Jones' block, north of Meyer's music store.

Rev. I. Van Kampen of Saddle River, N. J., who is here on a visit, will preach in the M. E. church Sunday evening.

The county teachers examination held here this week was largely attended from all parts of the county. The number of applicants was 67.

Geo. P. Hummer, W. O. Van Eyck and J. Dykema attended the Democratic county convention at Grand Haven Wednesday, as delegates from this city.

A base ball game will be played on the fair grounds Saturday afternoon at 3:30 o'clock, between the "Star Green" and the "Furniture City" of Grand Rapids.

The Democratic county convention met at Grand Haven on Wednesday and elected delegates to the state, congressional and senatorial conventions. Ten townships in the county were not represented. Geo. P. Hummer and E. D. Blair were re-elected chairman and secretary respectively of the county committee.

Wild Mustard, or Charlock. (Brassica Sina pistrum), is a tall-growing plant, bearing rather handsome yellow flowers in June, and was introduced into America from Europe, being now quite common in Canada and in some of the Western States; Prof. C. F. Wheeler, consulting botanist of the Michigan Agricultural College, states that it is a very bad weed, which should be promptly eradicated by pulling up in June, before it goes to seed, as the seed once sown will remain in the ground for many years and take possession of the field. It has been introduced into Michigan in Western seed oats, and our farmers should take energetic steps to exterminate it.

Friday evening's electrical storm was a severe one. In this immediate vicinity it was accompanied by a heavy shower of rain, while a little further north, in Robinson, they didn't get a drop. John Huizing's barn, three miles south of Zeeland, was entered by the lightning and as a result two of his horses are entirely deaf. The barn of G. J. Maatman, Overtsel, was hit, but the damage was small. The same can be said with reference to the residence of Dr. Kriekard, Graafschap. In Crockery the hail caused much damage to the growing grains. At Spring Lake the Reformed church was struck and the steeple was virtually ruined. Considerable damage was also done inside the building. In this city the lightning entered the city clerk's office over the electric wires, setting fire to the adjoining work, in proximity to some papers and books. Mr. Van Eyck being promptly at hand the flames were extinguished before any damage was done.

Personal Mention.

Mrs. Harry Wiersum and Miss Mary Steffens are the guests of Mrs. P. Wayenberg, 525 Central ave.

Mr. and Mrs. J. C. Bergen having visited several months with their children here, returned Thursday to their home at Brooklyn, N. Y. Prof. J. T. Bergen and family will follow them next week and spend the summer east.

Miss Florence Warner of Traverse City, a former teacher in our public schools, is on a two weeks' visit with friends in this city. She is the guest of Mr. and Mrs. T. J. Boggs.

Nick Silvius of Grand Rapids was in town Tuesday, called here by the serious illness of his friend J. A. Peyster.

Mrs. Jas. Purdy left Sunday evening for Washington and Oregon, where she will spend the summer with her brothers.

Messrs. Fuller and Dryden of Allegan spent Sunday in the city.

Will Hopkins has returned from the east, where he spent the winter, and will locate his camera at Macatawa Park during the resort season.

Miss Anna H. Kleyn is home from Ypsilanti, having finished her first year of a full course at the state Normal.

R. K. Stallings, manager of the Grand Haven Glass Works, was in the city this week, calling upon our furniture manufacturers.

Rightly Made.. ...CLOTHING!

MEANS a great deal—more perhaps, than you think. Everybody admires a nicely dressed, stylish man. You do—we do. Few stop to think why he seems nicely dressed. Few know that it is because his clothing is rightly made. Not necessarily tailor made—rightly made. A rightly made ready to wear suit will fit just as well as, and wear sometimes better than a tailor made suit. You can't tell the difference.

Marines Under Col. Huntington in a Fierce Conflict with the Spanish Soldiers.

THE DONS FINALLY FORCED TO RETREAT.

The Stars and Stripes Now Float on Cuban Soil—The First Army of Invasion Is on the Way—Sampson Says Entire Spanish Fleet Is at Santiago—Other News.

On Board the Associated Press' Dispatch Boat Dauntless, Off Guantanamo, via Mole St. Nicholas, June 13.—Lieut. Col. R. W. Huntington's battalion of marines, which landed from the transport Panther on Friday and encamped on the hill guarding the abandoned cable station at the entrance of the outer harbor of Guantanamo, has been engaged in leading off a rush attack by Spanish guerrillas and regulars since three o'clock Saturday afternoon. The fighting was almost continuous for 13 hours until six o'clock Sunday morning, when reinforcements were landed from the Marblehead.

Four Americans Killed.

Four of our men were killed and one wounded. The advance pickets under Lieuts. Neville and Shaw are unaccounted for. Among the killed is Assistant Surgeon John Blair Gibbs, son of Maj. Gibbs, of the regular army, who fell in the Custer massacre. His home was at Richmond, Va., but he has lately been practicing medicine in New York city. The others killed are Sergeant Charles H. Smith, of Smallwood; Private William Murphy, of Gloucester, Mass., and Private James McColgan, of Stoneham, Mass. Corporal Glass was accidentally wounded in the head. The Spanish loss is unknown, but is probably considerable. The splashes of blood found at daylight at the positions the Spaniards occupied indicate fatalities, but their comrades carried off the killed and wounded.

OUR FLAG IS THERE.

The Stars and Stripes Are Now Floating on Cuban Soil.

Off Guantanamo, Cuba, Friday, June 10, via Port Antonio, Monday, June 13.—The invasion of Cuba by the American forces began Friday. Six hundred marines have pitched their tents about the smoking ruins of the outer fortifications of Guantanamo and the stars and stripes for the first time float on a Spanish flagstaff in Cuba.

The marines will hold the position until the arrival of the expected troops, in the meantime scouting the vicinity, with the Marblehead, Vixen and Dolphin lying by to protect them.

OUR TROOPS AT SEA.

Fleet of Transports with 15,000 Men on the Way to Cuba.

Washington, June 14.—The first army of invasion to Cuba is now well on its way, 32 transport steamships, bearing over 15,000 officers and men, convoyed by battleships, cruisers, gunboats and auxiliary cruisers, 16 in number, having actually sailed from Key West at daybreak Monday morning. An authoritative statement to this effect was made at the war department, setting at rest all reports that the expedition was on its way, or had landed last week. The authorities made the announcement for the reason that the time for secrecy was now past, as the scout boats had made sure that the path was clear before and that no possible menace could come from the Spanish ships or troops, even should they know our forces were advancing against them.

Surely Bottled Up. Washington, June 15.—The navy department Tuesday posted the following bulletin:

"Mole St. Nicholas, June 13.—Lieut. Blue just returned after a detour of 70 statute miles of observation of the harbor of Santiago de Cuba. He reports Spanish fleet is all there. The Spanish attacked vigorously at the camp at Guantanamo. An outpost of four marines were killed and their bodies mutilated barbarously. Surgeon Gibbs was killed. (Signed) SAMPSON."

Bravery Rewarded.

Official recognition has been taken of the valor of the crew who took the Merrimac into the entrance of Santiago harbor when Secretary Long signed orders to Admiral Sampson directing the promotion of all members of the crew. Lieut. Hobson's reward will come later through congress. The men still linger in a Spanish prison, but when they return again to their ships their promotions will be awaiting them. In addition to promotions the crew will be presented with medals.

Havana Not Easy Prey.

Chicago, June 15.—A dispatch to the Tribune Tuesday from its correspondent, Mr. Whigham, recently released from Cabañas, states that Havana is well-nigh impregnable, the defenses having been strengthened by a double rampart of modern guns. He also says that there are 50,000 troops in the city, that two vessels with cargoes of provisions ran the blockade, and there is no danger of famine for months, and little sickness.

Quarantine Established.

Mobile, Ala., June 11.—The Mobile board of health quarantined against the entire gulf coast pending an investigation. There is no alarm here over yellow fever at McHenry. Mobile is enjoying excellent health.

Killed by Lightning.

Clinton, Ia., June 13.—J. D. Yeager, of Clinton, aged 40, while engaged in building in the district north of here swept by the recent cyclone, was Friday night struck by lightning and killed.

Capture of a Spy.

New York, June 13.—Edward G. Montesi was arrested as a spy as he was about to sail from this city Saturday. In his trunks were found charts of the harbor defenses of New York.

Debate in the House For and Against the Annexation of the Islands.

REPRESENTATIVE SMITH'S ARGUMENT.

General Deficiency Bill, Carrying Aggregate of \$224,032,323, Reported in House—Secretary of War Prepares an Estimate of War Expenses to January 1.

Washington, June 15.—The house met Wednesday at ten o'clock to resume the Hawaiian debate. Sixteen members were in attendance. The senate bills granting American register to the ships Specialist and Unionist were passed. Mr. Fitzgerald (dem., Mass.) spoke against the Newlands resolution. In the course of his speech he emphasized the failure of the majority of Hawaiians to express their desire relative to annexation. He insisted that every people had the right to the government of their choice. Speaking further, Mr. Fitzgerald opposed annexation on the ground that an injurious element would be brought into competition with American laborers. Supporting the resolution, Mr. Berry (dem., Ky.) devoted much of his time to show that annexation was in line with democratic policy. He reviewed the territorial additions to the original states, to show that practically all had been made by democrats. He quoted Jefferson, Pierce, Marcy, Buchanan, Bayard and other democrats to support his contention that democratic history warranted present democratic support of annexation.

Germany Must Not Interfere.

Mr. Berry digressed to speak of the Phil-

length, the constitutional power to annex new territory.

"The Pacific ocean, unfettered by European subjugation, can be made indeed Pacific, if we are wise enough to gather the harvest now so ripe for our sickle."

"Who opposes this wise policy that has received the sanction of many presidents? The same halting, hesitating conservatism that has admonished Washington against taking on the northwest territory and prompted Benjamin Franklin to favor its relinquishment, the same doubting conservatism that deprived us of Canada in the war of 1812, and defeated by a tie vote in the senate the treaty for the annexation of San Domingo."

"Had President Grant's fervent wishes been granted, our flag would to-day wave over the island, and from the folds of its stars and stripes, dedicated to liberty and union, would float out over the gulf and sea a spirit of patriotism tempering the entire archipelago."

"After arguing the commercial and strategic importance of the islands, Mr. Smith concluded, saying:

"A hundred years ago it was predicted of our nation that it would some day stretch its arms upon two oceans, and direct the vessels from one to the other by an artificial route through Lake Nicaragua, that would change the course of the commercial world and the fate of empires. "Let us rise to the occasion to-day, meet this important exigency in our national affairs with courage and patriotism, and, inspired by the glorious achievements of the past, prepare for greater victories in the years to come, and thus prove ourselves worthy the proud legacy fortune gave us by inheritance. Wave proudly and grandly, O flag of our country; from each of thy folds let some inspiration go out to melt away prejudice and avoid friction; in each star let every republic find its hope and every empire see its duty."

General Deficiency Bill.

Washington, June 15.—The general deficiency bill carrying an aggregate of \$224,032,323 was reported to the house by the committee on appropriations. All but \$15,365,920 is for war expenses and \$8,070,872 of these ordinary deficiencies are for pensions.

Expenses of the Army.

Washington, June 15.—The secretary of

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine."

Mortgage Sale.

DEFAULT HAVING BEEN MADE IN the conditions of a certain mortgage made by Rosannah Dally and Henry A. Dally, of Newaygo county, Michigan, to William Manning of Wyoming township, Ottawa county, Michigan, dated the Second day of January, A. D. 1890, and recorded in the office of the Register of Deeds for the County of Ottawa and State of Michigan, on the Twenty-fifth day of January, A. D. 1890, in Liber 16 of Mortgages, on page 364, which mortgage was duly assigned to the undersigned, Fred G. Tyler, in writing dated November 8th, 1897, and duly recorded in the office of the Register of Deeds of Ottawa county, on February 16th, 1898, in Liber 51 of Mortgages on page 319, on which mortgage there is claimed to be due at the date of this notice the sum of One Hundred Eleven Dollars and Eighty-seven cents, and an Attorney's fee of Fifteen Dollars, provided by law, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof;

Now, Therefore, By virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, notice is hereby given that on Saturday, the Eighteenth day of June, A. D. 1898, at ten o'clock in the forenoon, I shall sell at Public Auction to the highest bidder, at the Court House, in the City of Grand Haven (that being the place where the Circuit Court for said county of Ottawa is held), the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage, with seven per cent. interest, and all legal costs, together with an attorney's fee of fifteen dollars, as provided by law and as covenanted for therein; the premises being described in said mortgage as follows, to-wit: The north three quarters (3/4) of the north east quarter (n e 1/4) of the north east quarter (n e 1/4) of section thirty-six (36) town six (6) north range thirteen (13) west, Ottawa county, Michigan.

Mortgage Sale.

DEFAULT HAVING BEEN MADE IN THE conditions of payment of a certain mortgage made and executed by Ybele Ringemus and Leonie Ringemus his wife, of the township of Holland, county of Ottawa, and state of Michigan, parties of the first part, to the Ottawa County Building and Loan Association, of Holland, Michigan, a corporation organized and doing business under and by virtue of the laws of the state of Michigan, party of the second part, dated the Fifth day of May, A. D. 1894, and recorded in the office of the Register of Deeds of Ottawa county, Michigan, on the seventh day of May, A. D. 1894, in Liber 47 of Mortgages on page 216; on which mortgage there is claimed to be due at the time of this notice the sum of Three Hundred Fifty and 20-100 Dollars, besides an attorney fee of Fifteen Dollars, provided for by law; and no suit or proceedings having been instituted at law or in equity to recover the debt secured by said mortgage or any part of it, and the whole of the principal sum of said mortgage together with all arrears of interest thereon having become due and payable by reason of default in the payment of interest; and installments of principal and fines imposed according to the by-laws of said association on said mortgage on the days when the same became due and payable, and the non-payment of said interest, installments and fines being in default for more than the space of six months after the same became due and payable, wherefore under the conditions of said mortgage the whole amount of the principal sum of said mortgage with all arrears of interest thereon, at the option of said party of the second part became due and payable immediately thereafter; and the said Ottawa County Building and Loan Association of Holland, Michigan, hereby declares its election and option to consider the whole amount of said principal sum of said mortgage due and payable. Notice is therefore hereby given that by virtue of the power of sale in said mortgage contained and the statute in such cases made and provided, said mortgage will be foreclosed by sale at public vendue of the mortgaged premises, or so much thereof as may be necessary to pay the amount due on said mortgage with interest and costs of foreclosure and sale, including said attorney fee of Fifteen Dollars. Said sale to take place at the north outer door of the Ottawa County Court House, at the city of Grand Haven, Ottawa county, Michigan, (that being the place where the Circuit Court for the County of Ottawa is held), on Monday, the First day of August, A. D. 1898, at ten o'clock in the forenoon of said day. The said mortgage premises to be sold being described in said mortgage as follows: All that certain piece or parcel of land situated and being in the township of Holland, in the county of Ottawa, and state of Michigan, and described as follows, to-wit: Lot numbered three (3) Silver-side Addition to the city of Holland, according to the recorded plat thereof, recorded in the office of the Register of Deeds for said County of Ottawa and State of Michigan.

Mortgage Sale.

DEFAULT HAS BEEN MADE IN THE conditions of a certain mortgage dated April 14, A. D. 1884, recorded in the office of the Register of Deeds for Ottawa County, Michigan, on the 26th day of May, A. D. 1884, in Liber 29 of mortgages on page 496, which said mortgage was made and executed by Mary Boland, mortgagor, to Louisa A. Miller, mortgagee. There is claimed to be due and unpaid on said mortgage at the date of this notice the sum of Three Hundred and Forty-eight (\$348) Dollars, for principal and interest, and also an attorney's fee of Fifteen (\$15) Dollars as by the statute in such case provided (said mortgage provided for an attorney fee of Twenty-five Dollars), and also taxes for the years 1896 and 1897 assessed against the property covered by said mortgage, and paid by said mortgagee, amounting to Six and 90-100 (\$6.90) Dollars. No suit or proceeding at law or in equity has been instituted to recover the money secured by said mortgage, or any part thereof.

The power of sale contained in said mortgage has become operative and by virtue thereof, and the statute in such case made and provided, notice is hereby given that on Wednesday, the 6th day of July, A. D. 1898, at ten o'clock in the forenoon there shall be sold at public auction to the highest bidder, at the north front door of the Court House in the city of Grand Haven, Ottawa County, Michigan, (that being the place where the Circuit Court for Ottawa County is held) the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage, with eight per cent. interest, together with an attorney fee of Fifteen Dollars, provided for by statute, and also of the taxes paid as aforesaid, and the cost and expenses of sale allowed by law.

Said premises are described in said mortgage as follows: All that certain piece or parcel of land situated and being in the township of Crocker, in the County of Ottawa and State of Michigan, and described as follows, to-wit: The north half (1/2) of the south half (1/2) of the north-west quarter (1/4) of section six (6) in township number eight (8) north of range fifteen (15) west, together with the hereditaments and appurtenances thereunto belonging or in anywise appertaining.

No Guess Work Hope.

ALL HOLLAND PEOPLE HAVE TO DO IS TO FOLLOW THE EXAMPLE OF FELLOW CITIZENS.

Facts are stubborn. Some may be disputed. None can be disproved. A fact is the opposite of fiction. Is always bedged about with proof. Has to stand the test of investigation. Or it drifts to the realm of doubt. Investigate closely the following. The closer the scrutiny the more convincing the result. A Holland citizen speaks here. Speaks from experience and conviction. Relates facts—stubborn facts. That may be disputed but cannot be disproved.

Probate Order.

STATE OF MICHIGAN, ss.
COUNTY OF OTTAWA.

At a session of the Probate Court for the County of Ottawa, holden at the Probate Office, in the City of Grand Haven, in said county, on Wednesday, the First day of June, in the year one thousand eight hundred and ninety-eight.

Present, JOHN V. B. GOODRICH, Judge of Probate.

In the matter of the estate of Cornelis Vorst, deceased.

On reading and filing the petition, duly verified, of Magdalena Vorst, widow of said deceased, praying for the probate of an instrument in writing, filed in this court, purporting to be the last will and testament of said deceased, and for the appointment of herself as executrix thereof. Thereupon it is ordered, That Monday, the Twenty-seventh day of June next, at 10 o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate are required to appear at a session of said Court, then to be holden at the Probate Office in the City of Grand Haven, in said county, and show cause, if any there be, why the prayer of the petitioner should not be granted. And it is further ordered, That said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof by causing a copy of this order to be published in THE HOLLAND CITY NEWS, a newspaper printed and circulated in said county of Ottawa for three successive weeks previous to said day of hearing.

London Dispatch Says She Will Take Active Part in Philippine Affairs.

WASHINGTON OFFICIALS NOT CONCERNED

Officially Advised That Germany Will Not Make an Issue in the Philippines—Rumor That Russia is Taking Steps to Intervene for Spain—Expedition to Cuba.

Washington, June 15.—The navy department Wednesday posted the following bulletin:

"Admiral Sampson reports that he has been reinforced by several hundred Cubans and that our forces at Guantanamo are in a very satisfactory condition. The town of Acerradero has been occupied by the troops under Gen. Rabi. The men under Gen. Garcia are cooperating with the American forces."

London, June 15.—The Star reiterates the story that Emperor William of Germany has ordered the German consul at Manila to oppose the debarkation of American troops unless in sufficient force to maintain order and protect the Germans. The Star adds that a notification to this effect has been officially given to the United States embassy at Berlin and to Secretary Day at Washington.

Admiral Detrichs, according to the Star, has 2,400 troops, and he could disembark 1,500 with two batteries of artillery for the partial occupation of Manila.

Continuing, the Star says: "Germany is not likely to have taken such a grave step without securing the adhesion of other powers interested in the far east, namely Russia, Japan and England. They are certainly hostile to Germany's project, but it is not thought likely that they will raise objections and we may soon have very important news from Manila."

Reports Are Unwarranted.

Washington, June 15.—The state department has been officially advised that reports that Germany would make an issue in the Philippines are unwarranted. German ships would be on hand at Manila to afford protection to German subjects and property, but Germany has not thought of intervention.

Will Russia Intervene?

London, June 15.—A special dispatch from Madrid, published Wednesday afternoon, purports to give the substance of an interview with Senor Sagasta, the Spanish premier, who is quoted as saying that Tuesday's rise on the bourse was due to telegrams advising leading financiers that Russia has taken steps to intervene shortly in the settlement of the Philippine question. The premier added, however, that personally he had no knowledge of such intervention.

Condition of the Temerario.

Assumption, Paraguay, June 15, via Galveston, Tex., June 15.—The commission appointed by the government of Paraguay at the instance of the United States consul, to inquire into the exact condition of the torpedo boat Temerario, now in these waters, reports that it is impossible for her to put to sea. The commission also resolved not to place any limit upon the time in which she is to repair, as certain portions of her machinery are wanting and must be shipped to her from abroad.

No War News.

St. Thomas, Danish West Indies, June 15.—No war news reached here Wednesday morning.

Port au Prince, Hayti, June 15.—At this hour (8 a. m.) no further war news has been received here.

No Easy Task.

New York, June 15.—A special from Washington to the Times says: A full week has been used up at Tampa in getting the 15,000 men of the Santiago expedition afloat and presumably on the way to their destination. War department people now talk with some concern about the handling of this force when it shall reach its Cuban destination. At Tampa there was a pier, or piers, up to which the ships were tied while men and baggage were put aboard. A railroad brought the men, baggage, guns, provisions, tents and ammunition to the side of the ship, but with all these advantages it has taken a whole week to get the expedition off.

A well-informed army officer says that the southern coast of Cuba is rough and difficult of approach at most points, and a good deal of the time the water is too rough for comfortable landing from vessels moored in the open road. The men, horses, baggage and provisions now on the transports must be lightered ashore unless the government expects to take a harbor well supplied with terminal facilities, which is not expected. To get the men ashore will be a simple matter compared with the difficulty of landing animals and heavy equipments.

"It will not be a summer afternoon matter," said the officer. "The troops will be landed under cover of the guns of the fighting ships if a hostile reception is accorded to them. Their first business will be to secure themselves against attack. Then the landing of their equipments will follow, and it is bound to be a tedious matter, as it will be done by the aid of lighters. It is probable that it will take not less than three weeks to land the expedition that was loaded on ship board in a week."

"After we have heard about the landing of this expedition, we shall begin to understand why Gen. Miles was opposed to sending out 50,000 men at once, before the war department was satisfied that they had been properly drilled, seasoned and disciplined. With 50,000 to ship at Tampa the confusion and delay would have been increased. It is inevitable that there shall be some confusion at the Cuban end of the trip, and that confusion would have been possibly four times greater with four times the number of troops."

Landing Place of Troops.

If it is definitely known whether Gen. Shafter will land his forces in Guantanamo bay, the war department does not communicate the information. It is suggested that the landing place

may be much nearer to Santiago. The distance from Guantanamo to Santiago, which is something like 30 miles, is a prodigious one to be overcome by marching in a mountainous country without roads. The transports will be at hand, however, if it is determined to use Guantanamo as a base, and a movement of the troops could be made in a few days, barring the delays that have been found to be incidental to loading and unloading. A movement at Caimanera to send 10,000 or 15,000 men toward Santiago would, it is estimated, give the Spanish about a week's notice to prepare for an assault.

A Tedious Task.

There is no expectation that the land forces will begin operations at once to attempt to capture Santiago by assault, and then depend upon using the harbor after it has been countermined and the entrance cleared by blowing up the wreck of the Merrimac. The undertaking is considered one of too great dimensions to be accomplished in short order. Indeed, there are some army men who look for a prolonged siege of Santiago and many desperate encounters between the troops of the United States and Spain before a decided result is reported. Still, the capture may be a matter of briefer time than is imagined by the war department people, and much will depend, it is admitted, upon the view obtained by Gen. Shafter after he has seen the country and consulted Admiral Sampson. That first consultation may destroy all the preconceived notions of the sanguine and the anxious at the war department and the white house.

There is a stronger disposition now than heretofore to obtain the cooperation of the insurgents at Santiago. They have not yet made a very deep impression upon the army, but it is admitted that they may possess many qualifications to render them invaluable allies in occupying the Spanish forces while the attack is being made by Gen. Shafter and Admiral Sampson.

Fate of Three Scorcher.

New York, June 15.—Frank Murphy, aged 40 years, is thought to be dying and two other men, named Thompson and Hunt, are in the hospital in Newark as the result of "scorching" on the streets of that city. Thompson and Hunt on a tandem and Murphy on a single bicycle were racing down Broad street, heads down, when a cab turned into the street. Murphy crashed into the cab with such force as to break the side of the vehicle, while the tandem riders struck it at almost equal velocity. Murphy's skull was fractured and Thompson and Hunt were hurt internally.

French Ministry Is Out

Paris, June 15.—The cabinet met Wednesday morning and reviewed the situation. The ministers will reassemble at 2:30 p. m. under the presidency of President Faure, when, it is believed, Meline will resign the premiership, although it is understood that Faure is urging him to continue in office.

Paris, June 15.—Later M. Meline handed President Faure the resignation of the whole cabinet, which the president accepted, while requesting the ministers to continue the direction of affairs until their successors are named.

Another Attachment Against Letter.

New York, June 15.—The sheriff has received another attachment against Joseph Letter, of Chicago, in favor of Thomas & Mersey Marine Insurance company for \$81,915. The attachment was granted by Justice Daly, of the supreme court.

Copies of the writ have been served on the officers of the Chase national bank, the Hanover national bank and the Bank of Montreal, in which institutions Letter is said to have money on deposit.

Escapes Lynching by Mob.

Liberty, Mo., June 15.—A mob tried to batter down the doors of the Clay county jail after midnight. It is supposed that the men were after William S. Foley, convicted of the murder of his mother, but he has been slipped out of town and taken to Kansas City. The supreme court Tuesday reversed and remanded Foley's case for a new trial. The mob, which was composed of about 25 men, left when they discovered that Foley was gone.

Record Breaking Time.

Denver, Col., June 15.—The train load of projectiles and explosives from New York, en route to Mare Island, San Francisco, has reached Denver. The distance from Chicago had been covered in world's record time. The ten cars of heavy freight were hauled across the prairie and up the Rocky mountain slope in 38 hours and 32 minutes, whereas the regular running time for freight between Chicago and Denver is about 60 hours.

Michigan Town Burning.

Detroit, Mich., June 15.—A special to the News from Kalamazoo, Mich., says that the town of Augusta is burning and that apparatus has been sent from Kalamazoo with which to fight the fire. The telegraph office is burned down, and no communication can be had with the village. Augusta contains 600 people. It is situated on the Michigan Central and Cincinnati, Jackson & Mackinaw railroads.

Prize Reaches Key West.

Key West, Fla., June 15.—The British steamer Twickenham, captured off Kingston on June 10 by the auxiliary cruiser St. Louis, arrived here in charge of a prize crew. She has on board 3,000 tons of coal and one passenger, who is supposed to be an employee of the Spanish government.

Shoots Himself in the Head.

Leavenworth, Kan., June 15.—Willis H. Stacey, a prominent insurance agent of this city, and a member of the firm of Stacey & Bacon at Kansas City, shot himself in the head here, producing a fatal wound. The cause is unknown. Stacey's business is apparently in good shape.

MANY SUFFERERS.

What a Large Number of People are Enduring. A Distressing Condition in Which Many American People are Involved—The Only Way to Alleviate it.

From the Mountaineer, Walkalla, N. Dakota.

The remorse of a guilty stomach is what a very large majority of the people of this nation are suffering with to-day. It is a well known fact that dyspepsia is a characteristic American disease and it is frequently stated that "we are a nation of dyspeptics."

It is a distressing ailment and because of its many forms is difficult to treat. Sometimes it is the result of improper modes of eating, improper food or mental worry and exhaustion; then again it may be sort of a depressed condition of the body and treatment should be directed to the restoration of the health, without special attention to the stomach. In other instances, the disease is evidently the result of inflammation of the stomach.

Anyone of these conditions produce a lack of vitality in the system, by causing the blood to lose its life-sustaining elements. The blood is the vital element in our lives and should be carefully nurtured. Restore the blood to its proper condition, dyspepsia will vanish and perfect health follow.

For example, in the county of Pembina, North Dakota, a few miles from Walkalla, resides Mr. Ernest Snider; a man of sterling integrity, whose veracity cannot be doubted. He was formerly a resident of Lansdowne, Ont., but removed to the west and is now a prosperous farmer.

For three years he has been unable to do his work because he was ill with dyspepsia. "I became seriously ill about three years ago," he says, and consulted a doctor who gave me some medicine for indigestion. I continued to grow worse and several physicians were called at intervals who gave me temporary relief, but the disease returned with all its accustomed severity.

"The distress after eating made me dread meal time. At times I became so dizzy as to be unable to stand. I had sour stomach, heartburn, palpitation of heart, and weak nerves. The doctors disagreed as to the nature of my disease but all agreed that the stomach was affected. I suffered intensely and life was a misery."

"I tried several well known remedies but was not benefited. I read in the newspapers articles regarding the wonderful curative powers of Dr. Williams' Pink Pills for Pale People, and finally after some urging on the part of a friend I concluded to try the pills. I purchased six boxes. This was five months ago."

"I had not taken all of the first box before I felt much relief. I continued taking the pills, and after using four boxes I was cured. I have none of those distressing symptoms now, and am completely restored to health, and can do as much work as any of the laborers on my farm. I owe my restoration to health to Dr. Williams' Pink Pills for Pale People and gladly give my testimonial, hoping it may prove beneficial to some persons similarly affected."

By restoring to the blood the requisite constituents of life, Dr. Williams' Pink Pills for Pale People renew the nerve force and enable the stomach to promptly and properly assimilate the food, thus speedily and permanently curing the dyspeptic. These pills are a specific for all diseases having their origin in impoverished blood or disordered nerves. They contain every element requisite to general nutrition, to restore strength to the weak, good health to the ailing. Physicians prescribe them, druggists recommend them and everywhere the people use them.
