The damage case of Antje Slaughter vs. Sybrant Slaughter which occupied the attention of circuit court several days last week was concluded Saturday, the jury rendering a verdict for plaintiff in the sum of \$921.24. Geo. A. Farr represented plaintiff and W. J. Lillie the defendant.

Letters and personal assurances have come to Governor Warner from every county in the state and from the different sections of most of the counties, from republicans who voted against him two years ago and who this year intend not only to vote for him but to cordially work for his election. Their party faith and party zeal have been strengthened by Governor Warner's courageous course in seeking first the interests of the people and the best good of the state in his actions on all questions that have come before him.

Horse trading as a ministerial occupation was officially frowned upon by the general synod of the Reformed church of America, in session at St. Nicholas church New York, when the Rev. Spitka Koster, of Hull, Ia., was finally suspended from his pastoral duties. Passionate assertions on the part of the clergyman that in the horse trade, as well as in other deals mentioned in the charges against him, he had acted honorably and honestly, were disregarded, and by a vote of 64 to 29, his pastoral relation was severed. There is no appeal from the action taken by the synod, unless it can be shown that the body acted unconstitutionally, and with that in view, it was stated by counsel representing Mr. Koster, an inquiry will be begun forthwith. Members of the synod wrestled with the question for nine hours, and at times the discussion became acrimonious. Mr. Koster was originally tried by the classis of Iowa, after he had parted with a horse belonging to one of his parishioners for another steed and, according to the charges, for \$25 in addition. This was one of three charges made against him. The others were for defaming the consistory of the Hull Reformed church, and for willfully telling a falsehood.

The "Ever-Ready" Safety Razor.

If you get up late you can be shaved in five minutes after you lather.

If company comes unexpectedly you can be smooth-shaved almost as soon as you feel the bristles.

If there's an unexpected need to go out in a hurry, you can get rid of your beard in a jiffy. If you're traveling on a train or boat, the compactness of the "Ever-Ready" makes it possible to have it always by you, and the impossibility of cutting your face assures a clean, comfortable shave, even with the rocking of a train.

The serious charge of attempt to murder has been preferred against John Link, who was brought to Grand Haven charged with attacking and beating Detective Frank Kennedy of Grand Rapids with a wrench. Link was taken before Justice Hoyt and demanded an examination. The examination was set for June 23 and the prisoner was placed under \$10,000 bail. As he has as yet been unable to secure bondsmen, he is still in jail. Detective Kennedy is still at St. Mary's Hospital, but the doctors do not believe that his wounds will prove serious, although they are very painful. The bullet wound in his arm starts at the elbow and goes downward toward the wrist. The ball missed the arteries, however, which probably saved the detective's arm.

Mr. and Mrs. Hoyt were married 27 years ago at the old home in Jamestown when Mrs. Hoyt was teaching the Ball school and Mr. Hoyt was teaching at Hanley. Useful Facts.

About Coughs, Colds and Bronchial Troubles Given to the People of Holland by Our Druggist, Con De Pree.

"In conducting a large drug business we naturally meet a great many people at this season of the year who suffer from coughs, colds and bronchial troubles.

As these troubles are easily controlled if the right means is taken we want to say to the people of Holland that we guarantee our cod liver oil preparation, Vinol, will cure hanging on colds, stubborn coughs, bronchial and lung troubles, quicker than any preparation we have ever sold, because it is the most perfect preparation of cod liver oil ever compounded. It contains no oil or grease to clog the system and up-set the stomach, yet it does contain every one of the fifty odd medicinal elements actually taken from fresh cods' livers in a highly concentrated form and is therefore the best cod liver preparation obtainable. Vinol is not a patent medicine; everything in it is named on the back label of the bottle and you know what you are taking so without reservation we endorse and guarantee Vinol to strengthen every organ in the body to do its work as nature intended—to cure coughs, colds, bronchial troubles, increase the appetite, build up the run down, tired and debilitated, and create strength and renewed vitality for the aged.

If Vinol fails to do what we say we will refund every dollar paid for it. You know us and know we will do as we agree." Con De Pree, Druggist.

A Good Reason.

Holland People Can Tell You Why It Is So.

"Doan's Kidney Pills cure the cause of disease, and that is why the cures are always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poisons that cause backache, headache and distressing kidney and urinary complaints. Holland people testify to permanent cures.

Garret Kopenka, living five miles southeast of Holland, farmer, says: "I have been subject more or less all my life to attacks of kidney pains and backache. If I caught cold or strained myself from doing any unusually heavy work I was sure to be laid up for a time. The attacks came on at intervals and were very severe, so that it was almost impossible for me to bend over and if in a stooped position I could scarcely straighten up again. I tried a great many different remedies and wore plasters but could get nothing to remove the trouble until I saw Doan's Kidney Pills highly recommended and went to J. O. Doesburg's drug store in Holland and procured them. My back was hurting me severely at the time but it required only a few days treatment to relieve me and in a short time the aches and pains were entirely removed."

MATERIAL FOR KEYS OF PIANO

Elephant Tusks by the Ton Arrive at Boston.

When the steamship Philadelphia arrived here yesterday she brought among the other things in her cargo a consignment of elephant tusks, or teeth, as they are called in the ship's manifest.

There are about 300 tusks in the consignment, and in weight they run from about seventy-five pounds to the weight of an ordinary man. Few of them are less than a yard in length, and one is fully eight feet long, having evidently been the property at some time of an elephant that would rival the famed Jumbo in size.

According to those handling the big lot of ivory on the ship the tusks are valued at about \$3 a pound, and as there are about sixteen tons in the lot they must be worth close to \$30,000, or an average of \$300 each.

The firm to which the tusks are consigned is engaged in the manufacture of piano keys, and only the best grade and whitest of ivory can be used for this purpose. The work of transporting the tusks from the ship to the Cambridge factory was begun this afternoon. As may be supposed such consignment of ivory are not infrequent at this port, but the present shipment is an unusually large and fine one. They will be cut up into silvers and then cut into sizes for the tops of the piano keys before being polished. —Boston Globe.

FOR THEIR COUNTRY

JAPANESE BOYS ARE TAUGHT TO SACRIFICE EVERYTHING.

Case of Three Men Who Have Rendered Invaluable Service to Their Native Land an Instance in Point—Far-Seeing Patriotism.

A Japanese newspaper prints this tale on the authority of Admiral Kamimura: "In the early Meiji days the great Saigo—Saigo Takamori—selected three lads whom he sent to study at the naval college in Tokyo. These three lads were Yamamoto, Togo and Kamimura. Yamamoto is now Admiral Baron Yamamoto, minister of marine, and as for Togo and Kamimura, their names alone need be mentioned. The three youths applied themselves diligently to study, but in 1875 very disquieting news reached them—that their patron Saigo had severed his relations with the government and that a serious collision appeared inevitable. They then took counsel together. It seemed impossible for them, though mere lads, to remain quietly at their studies while such a crisis pended. If Saigo were in the right, then their plain duty was to range themselves on his side and fall or triumph with him. If he were in the wrong, then they would be under no lesser obligation to advise him by sacrificing their lives according to the traditional custom of loyal samurai. Hence it seemed to them that they had no choice but to hasten to Kagoshima and place themselves in direct communication with their patron.

"They made their escape from the naval college at night and succeeded in reaching Osaka. There they found their slender stock of money already exhausted, and without fresh supply it would be impossible to proceed. Their only hope lay in a frank appeal to Godai Tomatsu, the famous samurai merchant of Osaka. To him they unbosomed themselves and asked for aid. He refused to assist them in any way. That evening as they sat sally in their inn debating their sad position, the door was suddenly drawn partly open and a man's hand threw in a parcel. It contained a sheaf of banknotes. Godai chose this clandestine method of succoring them; prudence had dictated his curt refusal, but his sympathies were with the lads. Their difficulties were now solved. Taking passage in a little coasting steamer they reached Kagoshima and repaired to the residence of Saigo.

"He rated them in the strongest terms. 'I selected you as promising students,' he said, 'and sent you to the naval college, not with any selfish purpose of mine nor yet for your own sakes, but because the day will inevitably come when Japan must measure her strength with Russia and it is incumbent on every true Japanese to prepare vigorously for that crisis. In the naval college you had only one duty to perform—the duty of applying yourselves earnestly to your tasks and equipping yourselves to serve your country in her time of need. You have absconded from the college in obedience to your own imaginations, thus betraying the trust I reposed in you and forgetting your duty as students. Return at once, and henceforward, whatever may happen, even though mountains crumble and rivers run backward, let nothing induce you to turn from the path of serving Japan with all your might.'

"The three lads were dumbfounded. Next day they turned their feet once more to Tokyo, furnished with letters from Saigo to the authorities, asking that the boys' sin of insubordination might not terminate their career as naval cadets. In the thirtieth year after this incident at Kagoshima, two of these lads were to earn undying fame by crushing Russia's naval might in the sea of Japan, and the third was to direct the country's naval administration throughout the course of her life-and-death struggle with the great northern power."

It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nerve which will strengthen and build up the nerves. You cannot be healthy without strong nerves.

"For eighteen years Dr. Miles' Nerve and Anti-Pain Pills have been my close companions. Early in married life, while raising children, my nerves became all worn-out—could not sleep; had no appetite; indigestion very bad, and had such awful dizzy spells. Then I began using Dr. Miles' Nerve, and at once I began to improve, and soon found myself in perfect health."

MRS. S. L. YOUNG, 324 Pittsburg St., New Castle, Pa.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

MASSACRE OF JEWS ENDS; BURY VICTIMS

QUIET RESTORED AT BIALYSTOK WHERE AWFUL SLAUGHTER OCCURRED.

Bodies Pounded Into Mere Masses of Pulped Flesh—Estimates of Dead Vary from 200 to 300—Enormous Number of Wounded.

Bialystok, Russia, June 19.—Quiet again reigns throughout this devastated town. Firing was heard at midnight on the outskirts of Bialystok, near the cemetery, but no further disorders have occurred. The total figures of the casualties are not available, but 70 bodies were buried Monday. This is claimed to be less than half the total of the killed. Jewish estimates say that not less 200 were killed. The number of wounded is enormous. Surgeons have arrived here from Warsaw to assist the overworked staffs of the hospitals in caring for the injured.

A few instances of the excesses were the bestiality and brutality with which the victims of the massacre were treated. Some of the corpses were masses of pulped flesh, the wounded in some cases having scarcely a sound bone in their bodies.

The members of the commission of the lower house of parliament who are here to inquire into the massacre are greeted as saviors by the population, who flock out of their houses with pathetic joy and relief. As the commissioners pass through the streets, the people call down blessings on their heads and give them accounts of their sufferings. The commandant of the troops has furnished the commissioners with an escort and has promised them every facility in conducting their investigation.

290 Corpses Counted.

Odessa, June 19.—The Novosti, of this city, published a dispatch Monday from its correspondent at Bialystok which shows that the Jews fell by hundreds in the two days of riot and massacre last week. The dispatch says: "I personally counted 290 Jewish corpses, a great number of which were horribly mutilated. Only six Christians were killed and eight wounded."

Censor Shuts Off News.

St. Petersburg, June 19.—No fresh news has been received here from Bialystok and none of the newspapers can get a word directly from their correspondents there. A correspondent who should have arrived there from St. Petersburg Sunday morning has not been heard from.

Nothing has been received here from the parliamentary commission sent to Bialystok to inquire into and report upon the massacre of Jews. It is evident that the authorities will not allow any dispatches to be sent from the terror-stricken town, which fact is regarded as ample proof of the horror of the situation.

Troops Supported Rioters.

The last telegram known to have been received here reached M. Ostrogorski, a member of the lower house of parliament from Grodno. It was as follows:

"The Jewish outrage at Bialystok was produced by provocation. The police participated in it, and the troops actively supported the rioters. The military authorities now have full control. The governor general has left the city. Persons who tried to leave Bialystok were killed at the railroad station and others who succeeded in reaching the open fields outside the town were run down by dragoons. There seems no hope of stopping the attacks. The number of victims is large. While this appeal for immediate assistance is being written we hear about us the sound of volleys."

Attack Jews in Other Towns.

Warsaw, June 19.—The chief of police of Warsaw has issued a proclamation warning the people against the efforts to provoke racial hatred and stating that every attempt at rioting will be mercilessly suppressed by force of arms.

Anti-Jewish Riots Have Broken Out at Zabłudow and Goulondz, in the province of Grodno, and at Ossowiec, in the province of Lomza.

Prominent Jurist Dead.

Omaha, Neb., June 18.—Judge James M. Woolworth, an attorney of national reputation, and also prominent in the affairs of the Episcopal church of the United States, died at his home here, aged 77 years. He was born in Onondago county, New York, but came to Nebraska as a young man. He never held public office and was not known in politics. He leaves two daughters, Mrs. E. M. Fairfield and Mrs. Guy Howard, of this city.

Tin Plant Closed Down.

New Castle, Pa., June 18.—The She-mango tin plant, said to be the largest in the country, closed down indefinitely, throwing about 2,000 men out of employment. No cause is given for the suspension of operations, further than that repairs are necessary.

Blaze in Newspaper Plant.

Salt Lake City, June 18.—Fire here wrecked the composing and editorial rooms of the Salt Lake Tribune and the Evening Telegraph, causing a property loss of about \$40,000. Both newspapers were issued Saturday and Sunday, as usual.

Heavy Loss on Silk Worms.

Tokio, June 15.—Owing to untimely low temperatures agriculture has suffered further heavy damage. The loss on silk worms in the Gifu district is estimated at \$500,000.

FINED FOR VIOLATING LAW

HARVESTER CONCERN TO PAY ARKANSAS \$20,000.

Admits Breaking Anti-Trust Statute of State—Proceeding Brought to a Close.

Chicago, June 19.—Fines amounting to \$20,000 and costs aggregating \$5,000 are to be paid by the International Harvester company for breaking the Arkansas law. The corporation admitted it violated the anti-trust laws of the state of Arkansas.

The amount of penalty was a compromise and was arrived at in a conference at the Wesley hospital, where Attorney Henry Armistead is recovering from an operation. Mr. Armistead is the legal representative of the trust at Little Rock.

The settlement marked the termination of proceedings instituted in this city last Wednesday by Attorney Robert L. Rogers, of Arkansas, by which it was intended to take evidence before Lyle D. Taylor. The latter was appointed a special commissioner to hear testimony in the case.

The "exclusive contract clause" forbidding agents to handle anything but the agricultural implements manufactured by the trust formed the basis of the harvester prosecution. The company admitted that this clause was in their contracts. It also admitted that it existed in he contracts for some time after an extremely stringent anti-trust law was passed in Arkansas in March, 1905. The attorney general of the southern state had evidence that the trust had conducted business in Arkansas for 100 days in violation of the law—or, according to some evidence, 126 days.

There were two cases, one against the International Harvester company and the other against the International Harvester company of America. Each corporation, under the compromise, admitted to doing business in violation of the law for 50 days. The fine is \$200 a day, making a total fine of \$20,000.

NEW ENVOY TO NORWAY.

Assistants Secretary of State Peirce Named for Post-Chicagoan to Succeed Him.

Washington, June 19.—The president Tuesday sent to the senate the nominations of Herbert H. D. Peirce, now third assistant secretary of state, to be envoy extraordinary and minister plenipotentiary to Norway, and Huntington Wilson, of Illinois, to succeed Mr. Peirce as third assistant secretary of state.

Constantinople, June 19.—The announcement that President Roosevelt has appointed John G. A. Leishman ambassador of the United States to Turkey, following the raising of the American legation here to the rank of an embassy, is causing much satisfaction in American missionary and commercial circles, as it is believed that the change will increase the influence of the American representatives in Turkey and facilitate the settlement of questions with the porte. The Turks for many years opposed the proposal to make the change, on account of the additional expense to Turkey.

Heavy Rain Floods Mines.

Mahanoy City, Pa., June 19.—Twelve collieries in the Mahanoy region, employing about 8,000 men and boys, are flooded as a result of the heavy rain which has continued since Saturday last. Workmen were called out of bed Monday night to hoist the mules from the mines, the water having partly submerged the animals. In several of the mines the pumps have been rendered useless by the high water and it is thought that it will be a week before the collieries can be operated.

Fatal Duel in Brooklyn.

New York, June 19.—A duel to the death, with pistols as weapons, was fought in Harrison street, Brooklyn, between a diminutive Italian and a giant longshoreman of the same nationality, in which the latter was almost instantly killed. Deverl Carnardo, the longshoreman, armed with a revolver, fired three times at his antagonist, who fired once in return. Carnardo's shots went wild. The bullet from the other man's weapon went through the giant's heart. The slayer escaped.

Prominent Minnesota Man Dead.

Minneapolis, Minn., June 19.—Word was received here of the death in Tacoma, Wash., of Gregor Menzel, head of the Menzel foundry, of this city, and one of the most representative men of the state. Mr. Menzel was born in Prussia and came to Minneapolis in 1870. During the past few years he has traveled extensively, crossing the Atlantic to Europe several times.

WOMAN ATTEMPTS TO SLAY TREPOFF

FEMALE ASSASSIN GAINS ENTRANCE TO PALACE IN GUISE OF PRINCESS.

BIALYSTOK MASSACRE DUE TO PROVOCATION

Member of Russian Duma Declares Troops and Police Participated in Outrages—Bodies of Many Victims Are Buried.

St. Petersburg, June 19.—A circumstantial report was in circulation Tuesday of an attempt on the life of Gen. Trepoft, commandant of the palace, by a well-dressed woman, masquerading as Princess Narishkin. According to the rumor the woman gained admittance to the palace and when Trepoft appeared she drew a revolver, but it was seized before she could fire.

Massacre Due to Provocation.

M. Vinaver, a member of the lower house, Tuesday received the following dispatch from M. Jacobson, a member of the commission sent to Bialystok by the lower house of parliament to investigate the Jewish massacres there: "Order has been restored. Seventy-eight Jews and six Christians have been buried. The majority of the dead were killed with bayonets or rifle bullets. The total of the dead has not yet been established. A Cossack yesterday killed a passing Jew. The city council has unanimously declared that the massacre was not the result of race hatred, but was due to provocation, and the troops and police participated in the outrages. The reports that Jews and revolutionists attacked the inhabitants are false."

Tiflis Disorders Growing.

Tiflis, Caucasus, June 19.—The lawlessness in the Caucasus is growing. In spite of the patrols of soldiers and police, murder and robbery are unchecked in this city. At noon Tuesday 15 brigands armed to the teeth boarded a car in the center of the city and held up and searched the passengers, taking their purses and jewelry. No arrests were made. The inter-race war between the Armenians and Tartars is spreading.

Duma May Start Revolt.

St. Petersburg, June 19.—When the horrifying details of the massacre of Jews at Bialystok are reported to the duma, together with the indubitable proof already found that they were instigated by government agents and participated in by troops and police, an explosion of wrath is expected in that body that will break all bonds between the czar and the people's representatives and result in revolution.

The three members of the lower house who were sent to Bialystok to investigate the massacre are appalled by the evidence of bestial savagery inflicted upon the unfortunate victims. Their report, moreover, is certain to accuse the military and police of the town of being in the forefront of nearly all the slaughter, in which hundreds of defenseless men, women and children were barbarously tortured and killed.

The news from Kronstadt continues disquieting. The troops sent to the island are camping outside the city. The situation is so dangerous that the breech-blocks have been removed from the guns of the warships in the harbor, another mutiny of the sailors being feared.

100 More Jews Buried.

Bialystok, June 19.—The bodies of more than 100 Jews were buried during the day, but the imposing array of military force prevented a resumption of the disorders.

Gen. Bador, commander of the garrison and acting governor general, is in personal charge of the troops, which are so disposed that a renewal of the rioting is considered improbable. The Jews, however, continue in a state of panic. As the correspondent passed through the streets strewn with wreckage they could be seen hastily barricading what was left of their houses.

Many of them adopted the artifice of placing ikons or crosses on their doors in order to avert the attacks of the Christians.

The night passed quietly and the town is resuming its normal appearance. Some street cars are running, and several factories have resumed work. Fully half the patrols have been withdrawn from the streets here and in the suburbs.

Entire Family Drown.

Sisseton, S. D., June 19.—C. W. Martin, a farmer, living in Minnesota township, 15 miles north of Sisseton, brought his wife and three children, aged seven, five and three years, to see the circus Monday. Now they are all cold in death. He started for home late at night, and when attempting to cross the Little Minnesota river near Bosco he drove off the brink in the dark and the whole family and one of the horses were drowned. The river was badly swollen by the recent rains.

Dreyfus Hearing Resumed.

Paris, June 19.—The supreme court Tuesday resumed the public hearing of the Dreyfus case. Maître Moras, continuing his historical review, severely condemned the evidence given by Maj. Count Esterhazy.

Death of Iowa Pioneer.

Grand Rapids, Ia., June 19.—Charles Wear, formerly consul at Vera Cruz and Alva Chappelle, died here Tuesday 78 years old. He was a pioneer in this section, and was a prominent Republican politician.

The commandant of the troops has furnished the commissioners with an escort and has promised them every facility in conducting their investigation.

290 Corpses Counted.

Odessa, June 19.—The Novosti, of this city, published a dispatch Monday from its correspondent at Bialystok which shows that the Jews fell by hundreds in the two days of riot and massacre last week. The dispatch says: "I personally counted 290 Jewish corpses, a great number of which were horribly mutilated. Only six Christians were killed and eight wounded."

Censor Shuts Off News.

St. Petersburg, June 19.—No fresh news has been received here from Bialystok and none of the newspapers can get a word directly from their correspondents there. A correspondent who should have arrived there from St. Petersburg Sunday morning has not been heard from.

Nothing has been received here from the parliamentary commission sent to Bialystok to inquire into and report upon the massacre of Jews. It is evident that the authorities will not allow any dispatches to be sent from the terror-stricken town, which fact is regarded as ample proof of the horror of the situation.

Troops Supported Rioters.

The last telegram known to have been received here reached M. Ostrogorski, a member of the lower house of parliament from Grodno. It was as follows:

"The Jewish outrage at Bialystok was produced by provocation. The police participated in it, and the troops actively supported the rioters. The military authorities now have full control. The governor general has left the city. Persons who tried to leave Bialystok were killed at the railroad station and others who succeeded in reaching the open fields outside the town were run down by dragoons. There seems no hope of stopping the attacks. The number of victims is large. While this appeal for immediate assistance is being written we hear about us the sound of volleys."

Attack Jews in Other Towns.

Warsaw, June 19.—The chief of police of Warsaw has issued a proclamation warning the people against the efforts to provoke racial hatred and stating that every attempt at rioting will be mercilessly suppressed by force of arms.

Anti-Jewish Riots Have Broken Out at Zabłudow and Goulondz, in the province of Grodno, and at Ossowiec, in the province of Lomza.

Prominent Jurist Dead.

Omaha, Neb., June 18.—Judge James M. Woolworth, an attorney of national reputation, and also prominent in the affairs of the Episcopal church of the United States, died at his home here, aged 77 years. He was born in Onondago county, New York, but came to Nebraska as a young man. He never held public office and was not known in politics. He leaves two daughters, Mrs. E. M. Fairfield and Mrs. Guy Howard, of this city.

Tin Plant Closed Down.

New Castle, Pa., June 18.—The She-mango tin plant, said to be the largest in the country, closed down indefinitely, throwing about 2,000 men out of employment. No cause is given for the suspension of operations, further than that repairs are necessary.

Blaze in Newspaper Plant.

Salt Lake City, June 18.—Fire here wrecked the composing and editorial rooms of the Salt Lake Tribune and the Evening Telegraph, causing a property loss of about \$40,000. Both newspapers were issued Saturday and Sunday, as usual.

Heavy Loss on Silk Worms.

Tokio, June 15.—Owing to untimely low temperatures agriculture has suffered further heavy damage. The loss on silk worms in the Gifu district is estimated at \$500,000.

FINED FOR VIOLATING LAW

HARVESTER CONCERN TO PAY ARKANSAS \$20,000.

Admits Breaking Anti-Trust Statute of State—Proceeding Brought to a Close.

Chicago, June 19.—Fines amounting to \$20,000 and costs aggregating \$5,000 are to be paid by the International Harvester company for breaking the Arkansas law. The corporation admitted it violated the anti-trust laws of the state of Arkansas.

The amount of penalty was a compromise and was arrived at in a conference at the Wesley hospital, where Attorney Henry Armistead is recovering from an operation. Mr. Armistead is the legal representative of the trust at Little Rock.

The settlement marked the termination of proceedings instituted in this city last Wednesday by Attorney Robert L. Rogers, of Arkansas, by which it was intended to take evidence before Lyle D. Taylor. The latter was appointed a special commissioner to hear testimony in the case.

The "exclusive contract clause" forbidding agents to handle anything but the agricultural implements manufactured by the trust formed the basis of the harvester prosecution. The company admitted that this clause was in their contracts. It also admitted that it existed in he contracts for some time after an extremely stringent anti-trust law was passed in Arkansas in March, 1905. The attorney general of the southern state had evidence that the trust had conducted business in Arkansas for 100 days in violation of the law—or, according to some evidence, 126 days.

There were two cases, one against the International Harvester company and the other against the International Harvester company of America. Each corporation, under the compromise, admitted to doing business in violation of the law for 50 days. The fine is \$200 a day, making a total fine of \$20,000.

NEW ENVOY TO NORWAY.

Assistants Secretary of State Peirce Named for Post-Chicagoan to Succeed Him.

Washington, June 19.—The president Tuesday sent to the senate the nominations of Herbert H. D. Peirce, now third assistant secretary of state, to be envoy extraordinary and minister plenipotentiary to Norway, and Huntington Wilson, of Illinois, to succeed Mr. Peirce as third assistant secretary of state.

Constantinople, June 19.—The announcement that President Roosevelt has appointed John G. A. Leishman ambassador of the United States to Turkey, following the raising of the American legation here to the rank of an embassy, is causing much satisfaction in American missionary and commercial circles, as it is believed that the change will increase the influence of the American representatives in Turkey and facilitate the settlement of questions with the porte. The Turks for many years opposed the proposal to make the change, on account of the additional expense to Turkey.

Heavy Rain Floods Mines.

Mahanoy City, Pa., June 19.—Twelve collieries in the Mahanoy region, employing about 8,000 men and boys, are flooded as a result of the heavy rain which has continued since Saturday last. Workmen were called out of bed Monday night to hoist the mules from the mines, the water having partly submerged the animals. In several of the mines the pumps have been rendered useless by the high water and it is thought that it will be a week before the collieries can be operated.

Fatal Duel in Brooklyn.

New York, June 19.—A duel to the death, with pistols as weapons, was fought in Harrison street, Brooklyn, between a diminutive Italian and a giant longshoreman of the same nationality, in which the latter was almost instantly killed. Deverl Carnardo, the longshoreman, armed with a revolver, fired three times at his antagonist, who fired once in return. Carnardo's shots went wild. The bullet from the other man's weapon went through the giant's heart. The slayer escaped.

Prominent Minnesota Man Dead.

Minneapolis, Minn., June 19.—Word was received here of the death in Tacoma, Wash., of Gregor Menzel, head of the Menzel foundry, of this city, and one of the most representative men of the state. Mr. Menzel was born in Prussia and came to Minneapolis in 1870. During the past few years he has traveled extensively, crossing the Atlantic to Europe several times.

FEMALE ASSASSIN GAINS ENTRANCE TO PALACE IN GUISE OF PRINCESS.

BIALYSTOK MASSACRE DUE TO PROVOCATION

Member of Russian Duma Declares Troops and Police Participated in Outrages—Bodies of Many Victims Are Buried.

St. Petersburg, June 19.—A circumstantial report was in circulation Tuesday of an attempt on the life of Gen. Trepoft, commandant of the palace, by a well-dressed woman, masquerading as Princess Narishkin. According to the rumor the woman gained admittance to the palace and when Trepoft appeared she drew a revolver, but it was seized before she could fire.

Massacre Due to Provocation.

M. Vinaver, a member of the lower house, Tuesday received the following dispatch from M. Jacobson, a member of the commission sent to Bialystok by the lower house of parliament to investigate the Jewish massacres there: "Order has been restored. Seventy-eight Jews and six Christians have been buried. The majority of the dead were killed with bayonets or rifle bullets. The total of the dead has not yet been established. A Cossack yesterday killed a passing Jew. The city council has unanimously declared that the massacre was not the result of race hatred, but was due to provocation, and the troops and police participated in the outrages. The reports that Jews and revolutionists attacked the inhabitants are false."

Tiflis Disorders Growing.

Tiflis, Caucasus, June 19.—The lawlessness in the Caucasus is growing. In spite of the patrols of soldiers and police, murder and robbery are unchecked in this city. At noon Tuesday 15 brigands armed to the teeth boarded a car in the center of the city and held up and searched the passengers, taking their purses and jewelry. No arrests were made. The inter-race war between the Armenians and Tartars is spreading.

Duma May Start Revolt.

St. Petersburg, June 19.—When the horrifying details of the massacre of Jews at Bialystok are reported to the duma, together with the indubitable proof already found that they were instigated by government agents and participated in by troops and police, an explosion of wrath is expected in that body that will break all bonds between the czar and the people's representatives and result in revolution.

The three members of the lower house who were sent to Bialystok to investigate the massacre are appalled by the evidence of bestial savagery inflicted upon the unfortunate victims. Their report, moreover, is certain to accuse the military and police of the town of being in the forefront of nearly all the slaughter, in which hundreds of defenseless men, women and children were barbarously tortured and killed.

The news from Kronstadt continues disquieting. The troops sent to the island are camping outside the city. The situation is so dangerous that the breech-blocks have been removed from the guns of the warships in the harbor, another mutiny of the sailors being feared.

100 More Jews Buried.

Bialystok, June 19.—The bodies of more than 100 Jews were buried during the day, but the imposing array of military force prevented a resumption of the disorders.

Gen. Bador, commander of the garrison and acting governor general, is in personal charge of the troops, which are so disposed that a renewal of the rioting is considered improbable. The Jews, however, continue in a state of panic. As the correspondent passed through the streets strewn with wreckage they could be seen hastily barricading what was left of their houses.

Many of them adopted the artifice of placing ikons or crosses on their doors in order to avert the attacks of the Christians.

The night passed quietly and the town is resuming its normal appearance. Some street cars are running, and several factories have resumed work. Fully half the patrols have been withdrawn from the streets here and in the suburbs.

Entire Family Drown.

Sisseton, S. D., June 19.—C. W. Martin, a farmer, living in Minnesota township, 15 miles north of Sisseton, brought his wife and three children, aged seven, five

Eventful Week for Hope College.

This is a week of abounding interest for Hope college, for not only is it commencement week, but it is the time of the dedication of the Carnegie Gymnasium.

The Alumni and the friends of Hope have come in numbers far in excess of other years, and Holland has been the objective point of many visitors. These visitors have come from all parts of the United States and from the countries far beyond the seas and have all joined in the spirit of the occasion. All are elated over the magnificent manifestations of the progress of the institution. These manifestations appeal to them from every side and are found not only in the material signs of advancement, such as the Carnegie Gymnasium, almost completed, and the Voorhees Girls residence, in the course of construction, but in an increased student body, an increased faculty, and a corresponding increase in the mental development of the young men and young women who seek the shelter of its protecting walls. Out of the fullness of their hearts many words of praise for the college and the faculty are heard and blended with every word are words expressive of appreciation for the noble work of President G. J. Kollen in aiding in the building up and in the advancement of the institution. An account of the events of the week follows:

Baccalaureate Sermon.

The Baccalaureate sermon was delivered in Hope church Sunday evening, by the Rev. Dr. S. M. Zwemer of Arabia to an audience that packed the church to the doors. Not even standing room was left.

The platform was tastefully and artistically decorated with palms and roses. At the appointed hour the Senior class, followed by the professors of the college, marched in file to their seats.

After the preliminary exercises President Kollen, in introducing the speaker of the evening, said: "Forty years ago our forefathers thought to found an institution in which men and women could be prepared not only for work at home, but for the foreign field also. In these forty years more than two scores and a half have left this institution as missionaries, one of whom we have with us tonight, who has spent fifteen years of service in Darkest Arabia, where his work has been wonderfully blessed, and for whom we love and esteem, and for whom our prayers ascend."

After this introduction Dr. Zwemer with a clear voice, a manner of strong conviction and a pleasing personality, addressed the audience and particularly the graduating class. He chose as his text Luke 12:13. His general theme was to seek something better than material prosperity and success. In part Dr. Zwemer said:

"We are living in a golden age. Abundance and plenty abound on every hand, but these are also our national dangers, they may be the precursors of our moral and social bankruptcy. Nearly everything is measured by the dollar standard. Formerly battles were fought for truth, now the markets are the causes of half the wars. Therefore, if the words of my text have a message at all, they have a message now, for our wealth consists not in the abundance of things we possess. And why is this appropriate on this occasion? Because you stand at the parting of the ways, because you now commence your life's work. By what standard will you measure the talent of yourself and others? You are now at the top of the hill, you must now take an angle of observation."

In touching upon the worthlessness of wealth the speaker said that careful hoarding of wealth blinds men to everything that cannot be bought by the dollar. The doctor may have a large bank account, the preacher may have a large sum of money, but then they are apt to lose their real acids of life, they do not hit the mark, they aim too low. Says Carnegie, "Money, no matter if piled up high as the moon, cannot make men happy." "Wealth is not essential to success, I dare say," continued Dr. Zwemer, "to social success. Give me not riches is not the prayer of one man out of ten thousand."

Another thought the speaker brought out in regard to wealth, by saying that wealth was of minor importance. Things have no value over against thought. Socrates taught not to take care for life and property, but to make the greatest improvements of the soul. The quality of the soul and not the quantity of possessions is what counted then and does so now. And so it is with a college. A college does not consist of endowments, but in true men and women. Mere institutions decay and pass away, but the individual remains forever.

"What then are the real acids of life? Just what Julius Caesar said: 'I came, I saw, I conquered.' That is worth living for. Not what you say or do or think, but what you are. Emerson says, 'What you are talks so loudly that I cannot hear what you say.'"

Speaking of decision of character, Dr. Zwemer concluded: "Decision of character is one of the acids of life. Decision leads men. Without decision there is never a conquest, because there is no leadership. The price of leadership is to be hated, envied and misunderstood. Finally, not what you gain will make you rich, but what you give."

Graduating Exercises of the Preparatory Department.

The Class Day Exercises of the Preparatory Department were held Monday afternoon at Winants Chapel. The program was unusually long, lasting nearly three hours. Though it was lengthy, it was exceptionally good. It frequently happens that the graduating class of the Prep. Department is obliged to secure outside musical talent to take part in the program. This year's class, however, was so fortunate as to have a sufficient number of music lovers and players to furnish music, both vocal and instrumental (violin, piano and guitar) at the exercises, and these

numbers were worthy of great commendation.

During the march, played by Miss Jennie Pikaart, the remainder of the class, thirty-five in number, marched to the east side of the platform. This is the largest class that has ever graduated from the Preparatory Department of Hope College.

Miss Veneklaasen beautifully sang "Voice of April" in a voice melodious and clear. The next number was a monologue by Miss Dora Albers, and showed considerable training, the more so because it required the representation of several persons.

The class poem, "The Martyrdom of Saint Enlalis," composed and read by the class poetess, Miss Pikaart, revealed indications of originality, and certainly was not inferior to predecessors. The piano duet of Miss Turnbull and Dean Bergen was followed by an entirely new feature on the program. This was the Chalk Talk by the Class Artist, John T. De Vries. This number proved to be very interesting and amusing, for the artist, with a skill and dexterity worthy of mention, drew pictures representing the student as he first came to college and the result college influence had on him. Mr. De Vries also drew pictures of college types as they are found on the campus today. Even the faculty was not forgotten by the artist. If he continues in this line of work we expect to see him as a master artist some day.

The oratorical quality of the class was next disclosed, when Henry Vruwink, the class orator, delivered his oration, entitled "Eulogy on Louis Kossuth." With a strong voice and in well chosen words, Mr. Vruwink pictured the hero of Hungary, his sufferings and sacrifices for his country, and told what patriotism can accomplish. It would not be a surprise to find the class orator of Monday afternoon in an oratorical contest within two or three years.

Miss Theodora Thurber gave a monologue, "How Patty Learned Anglo-Saxon," in which she gave some glimpses of dormitory life at a college for girls. The monologue was well acted and indicated much preparation. This number was followed by a violin solo by B. J. De Vries, which was greatly appreciated, as was the piano solo by Miss Anna Schuelke. Between these numbers came the class play, a farce in three acts. The four that took part were the Misses Tena De Haan and Taylor, and Messrs. John Wichers and N. Sichterman. The play represented a young lady leaving the home of her uncle and aunt to make her living in a large city by means of artistic painting, to which she was aspiring. During this time an admirer of hers from the country had the audacity to come and woo her, but was obliged to return a sadder but a wiser man. The play was performed "to perfection," even if the stage equipage was not what it might have been and would have been had not some accident intervened.

The class prophecy was on the program as usual, and was foretold by Gerritt J. P. De Jong, who was dressed in the manner of an Egyptian Astrologer, and as such gave his predictions concerning the different members of the class. This was followed by a number which was also somewhat new, "A Retrospect," by James Dykema. Mr. Dykema, in a conversational way, and by the aid of his guitar, told of the trials and triumphs of college life as it is found in the Prep. Department, the leaving home for the first time and the anxious longing for home at the close of the year. This number was a credit to the students.

The Class Song was the last on the program. The song, written by Mr. Dykema, was sung by the entire class and furnished an appropriate close.

Taking into consideration that the entire program was rendered by members of the class only, it may be said that it was excellent, each number calling for the best efforts of the one who presented it.

The class roll follows:

Minnie Dora Albers, Hamilton, Mich.
Charles Atwater, Fennville, Mich.

Ufilas Club Entertainment.

The Ufilas Club, which is the Dutch speaking society of the college, held its annual entertainment Monday evening.

In former years the chapel was filled on a similar occasion, but at this last entertainment no standing room was left.

The program, for the most part, was composed of comic numbers, and yet it did not lack something along the more serious lines of thought. The essay rendered by M. A. Stegeman on the "College Student" pictured the student passing through college into active life. The essay was good, well written and was read in a pleasing way. The oration of B. Rottschaffer showed much thought and work.

The humorous recitations of J. Sizoo and A. C. Dykema invited the laughter of the entire audience, which meant a great deal after the program of Friday evening and afternoon. John Van Dyke was the man with the Budget, which was composed mainly of jokes and witty sayings gotten up on the members of the club and some of the professors. This number was in some particulars an improvement over the one of last year.

The program was interspersed with music by a quartette composed of Messrs. B. De Young, A. C. Dykema, G. Van Puersem and Prof. A. Raap. That the quartette did excellent service and that the music was appreciated was shown by the fact that it was applauded each time the quartet was on the program.

The last number of the program was a dialogue by the following eight members: J. J. De Kraker, J. M. Slagh, H. B. Mollema, Ph. Jonker, G. Henkamp, J. A. Roggen, A. Stegenga and G. Van Puersem. The dialogue has for years past been a strong number on the program, and this year's was no exception to the rule. On the whole, the Ufilas Club is to be congratulated on its splendid program of Monday evening.

Program by History of Music Class.

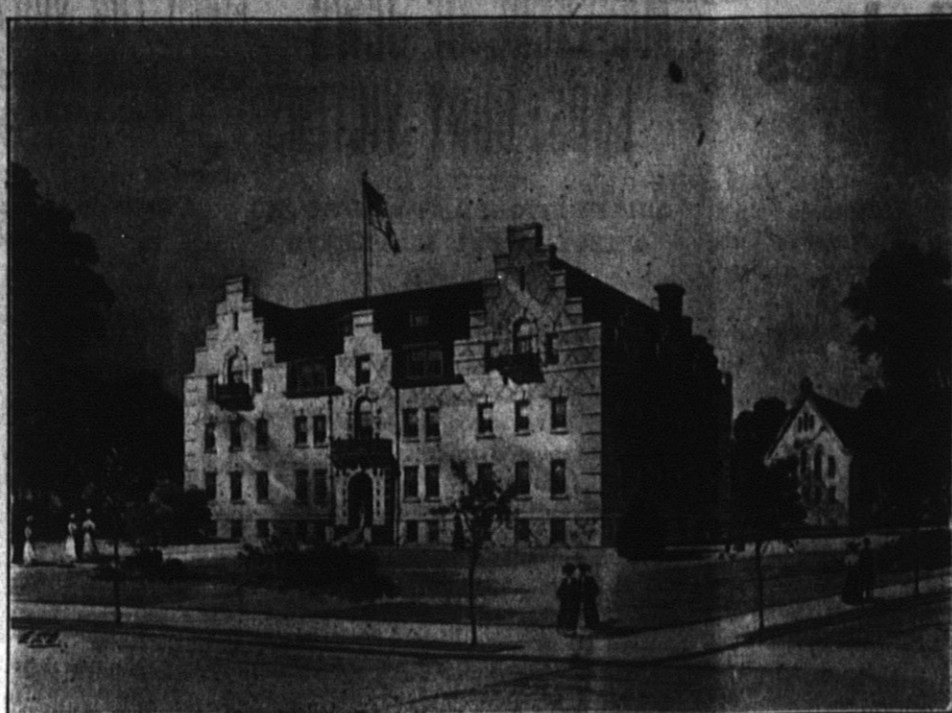

The History of Music Class of Hope College Musical Department held its last meeting of the year last Friday and a fitting close was provided in a musical program sung by Prof. J. B. Nykerk, Prof. E. D. Dimment playing the accompaniments, to illustrate ballad music of English, German and Irish composers. Prof. Nykerk sang two Irish ballads, "The Shooey-Shoo" by Behrends, and "The Ould Plaid Shawl" by Haynes. For the English he gave "Daddy" by Barry, and "The Last Leaf," Sidney Homer's arrangement of Lowell's poem. In the German he sang Carl Bohm's "Calm as the Night," Schubert's "The Earl King," and Schumann's "Traumerei." The latter was of unusual interest for the reason that Prof. Dimment had composed a dainty bit of verse to suit the music, calling it "Dreaming," and dedicating it to Prof. Nykerk as the founder of the history class. The tender sentiment expressed in the words added to the beauty of this well known musical gem. Prof. Nykerk was in excellent voice, and the program throughout was delightful.

Pupils' Recital.

Every number on the program was very well rendered at the pupils' recital, given by the Musical Department of Hope College last Thursday evening, and the entertainment was a fine testimony of the excellence and thoroughness of the work of the instructors of music. Those who took part in the program were James Veneklaasen, Benjamin De Young, Miss Catherine Pessenk, Miss Ayes Yates, B. De Vries, Miss Grace Browning, Miss Ethelyn Metz, Miss Adelaide Wade, Miss Ida M. Larkins, Miss Ebba Clarke, Miss Eva St. Clair and Miss Ragine.

Dedication of Carnegie Gymnasium.
Well might the dedication meeting Tuesday night be called an inspiration meeting, for every moment of the exercises teemed with incidents tending to inspire.

Led by Prof. J. B. Nykerk the Choral Union marched down the cen-

ter aisle of the gymnasium and then stood in two lines, one on each side. Between these lines walked President Kollen, Gov. Fred M. Warner, Mayor Jacob Van Putten, Dr. Donald Sage Mackay, Dr. James F. Zwemer, president of the council, Hon. G. J. Diekema, Congressman William Alden Smith, and the members of the council, and all took their places on the stage. After prayer by Dr. Zwemer and the singing of the Hope College song, "Collegium," by the Choral Union, came the introduction of Dr. McKay by President Kollen. The president was at his best and in an impressive manner recounted the events leading up to the donation of the money by Andrew Carnegie through the kind offices of Dr. Mackay, for the erection of the building. He closed by telling the distinguished guest from the east that the hearts of all interested in the college brimmed with thankfulness for the magnificent gift, and gave the assurance that it would be put to the best of uses.

Dr. Mackay, deeply sympathetic, highly impressive, gave forth a message of good cheer and good will. He

contended that as a rule the highest spiritual, mental and moral development could be obtained only in so far as they went hand in hand with physical development. In his address he paid a glowing tribute to Hope College and its worthy president, and said that when he and Dr. Kollen, both of whom contemplate a trip to Europe in a few weeks, should reach Carnegie's castle in Scotland, nothing would please him more than to convey to the great benefactor an echo of the feeling which prevailed Tuesday night and a hearty assurance of the great appreciation for the gift that means so much to Hope. Dr. Mackay received an ovation when his address was completed and had to bow again and again in response to the medley of applause and college yells. The doctor read a cablegram of congratulations from Andrew Carnegie, who is in Scotland.

Mrs. Grace Updegraff Bergen sang Kipling's "Recessional" beautifully and was liberally applauded.

Congressman William Alden Smith made an address that teemed with good things. He spoke words of encouragement to the young men and women who sought Hope's halls of learning, and eloquently portrayed the deep significance of Hope's mission. He also paid a neat compliment to Mr. Diekema, telling of the respect which his ability commanded, both at home and abroad, and referring to him as Michigan's future governor. Addressing Dr. Kollen and Dr. Mackay he said: "Tell Mr. Carnegie when you meet that grand old man in Skibo castle, that the dedication of his building here was an event of great moment; tell him that it was of a nature grandly inspiring; tell him that it was attended not only by a large and appreciative audience, but that there were also present that stalwart young Michigander, His Excellency, Governor Fred M. Warner; tell him, also, that there was also here not only the present governor, but a future governor, the Hon. G. J. Diekema." Mr. Smith's reference to the governor and to Mr. Diekema met with a rousing demonstration.

Governor Warner, when introduced, called attention to the fact that when he accepted the invitation to attend it was understood that he was not to make a speech. Nevertheless, the governor made a few remarks that were apt and to the point. He told of the school system of the state, its common schools, its normal schools, its colleges and its university, and dwelt upon the great need existing for institutions like Hope College, which, he said, had a distinctive mission to perform, and which was performing that mission well. The governor received a flattering reception from the audience, and he in turn made a most favorable impression by his manly bearing and his clear cut, straightforward manner of address.

Hon. G. J. Diekema made the closing address. He referred to the presence of the governor, and told the audience not to forget that there was also present a future senator, now known as Congressman Smith. Mr. Diekema said that Hope College was distinguished in four respects, in that it was noted for its purposefulness, its energy, its industry, and its spirituality. In touching upon benefits to be derived from the gymnasium he suggested that it might not be amiss to have Governor Warner send a military officer to the college at various times to give instruction in military tactics. President Kollen and the governor immediately shook hands on this proposition and undoubtedly a military officer will be sent here.

The college literary societies sang the closing song, "Carnegie," which was generously applauded. In fact every musical number on the program met with a most hearty response.

The dedication will pass into history as the most enthusiastic, elevating and inspiring public meeting ever held in the college.

After the dedication exercises a reception was held at the home of Prof. and Mrs. J. H. Kleinhecks. In the receiving line were the professor and his wife, Dr. Mackay, Governor Warner, Dr. Kollen and Mr. and Mrs. Diekema.

Alumni Banquet.

Sentiment, wit, wisdom, mirth and eloquence were toasted here and there with reckless abandon at the Alumni association, held in Van Raalte Memorial last Tuesday afternoon. Owing to the limited time the entire program was not carried out. Attorney Gelmer Kuiper, of Grand Rapids, president of the association, presided and read letters from Alumni from all parts of the country. R. B. Simonson, of Hamilton, Mo., a member of the graduating class of '75, responded to the sentiment of the "Mission of the Small College." Short speeches were also made by Dr. Mackay and Mr. Kuiper. The college quartet sang "Dear Old Girl," and Mr. G. J. Diekema sang "Your Voice." Officers were elected as follows: President, Gelmer Kuiper; vice president, Rev. Stapelkamp; secretary, George Van Hess; treasurer, Arend Visscher; necrologist, Rev. M. Kolyen.

Melaphone Program.

The Melaphonians were the bright particular stars of the college firmament last Friday night when they entertained their friends at Winants Chapel with a program that spoke volumes for Melaphonic ability. Those who took part in the program were John T. De Vries, Prof. John M. Vander Meulen, John Wichers, Henry V. E. Stegeman, John H. Kregel, D. P. De Jong, Herman A. Stobbelaar, M. Verne Oggel, George B. Scholten, H. F. Veenker, J. A. Verberg, E. R. Nyland, A. Luidens, J. Weurding, F. E. Thurber, C. C. Vandiere, M. Verberg.

Hope College Commencement Exercises.

Of course of all the exercises of commencement week the occasion upon which the greatest of interest centers is the night of the graduation of the Senior class. Last night was no exception to the rule and the audience which assembled at the Carnegie gymnasium will testify that the exercises were of a nature that deserved that they be singled out as the bright, particular event of the week. The program was rendered with a brilliancy that stamps the class as one of unusual eminence and the display of talent in all the numbers was most gratifying to the friends of the institution.

President Kollen was very impressive in his remarks to the students and when conferring the degrees. The "A" class, numbering 36, were given their diplomas and the A. M. degree was conferred upon the class of '03, who continued their studies after graduation.

The prizes awarded were as follows: Junior English literature prize, established by George Birkhoff, Jr., subject, "The Arthurian Cycle," \$25 to Paul E. Hinkamp, Milwaukee, Wis., whose pen name was "Robin Hood." Honorable mention was made of Arnold Mulder of Zeeland, whose pen name was "Buckley." The judges were Miss Mary Lowell of Kalamazoo Normal college, Mrs. Cornelia Steketee of Grand Rapids and the Rev. J. E. Kuizenga of Graafschap.

The Senior Dutch language and literature prize, established by George Birkhoff of Chicago in 1887. Subject, "Vondel's Gysbrecht Van Amstel," prize \$25 was won by Richard d'Zeeuw of Sioux Center, Ia., whose pen name was "Van Tesselachada." The judges were Dr. E. Winter, Holland; H. U. Maasman, Holland; the Rev. M. E. Broekstra, Englewood, Chicago.

Foreign mission prize offered by Mrs. Sam Sloan of New York city. Subject, "Christian Missionaries Among the Jewish People in the Eighteenth and Nineteenth Centuries," prize \$25, won by D. Dykstra of the senior class, whose pen name was "DaCosta." Henry Bosch's English prize, offered C class in English grammar. Prizes: First, \$15; second, \$10, won by Miss Lea Z. Partridge, Hessel E. Yntema, second; Miss Mary C. Lokker a very close third. The judges were R. P. De Bruyn, Ed J. Strick, Miss Carrie Krell.

The council conferred the following honorary degrees: L.L.D. upon the Rev. Dr. Donald Sage Mackay of New York city; D.D. upon the Rev. Albertus Pieters, missionary in Japan, and also upon the Rev. John G. Gebhard of New York city.

TEETH ARE TO MAN WHAT HANDS ARE TO HIS BODY

Each tooth has a duty to perform, just as each finger does. It's impossible to see each and every tooth and the decay that will destroy the usefulness of one or more, or a great many, hence the importance of a careful look at your teeth by trustworthy experience. If you'll allow me to look at your teeth you will gain some information that you will never have cause to regret. It will save the loss of one or more, perhaps many teeth. CLOTHES

JUST AS YOU WANT THEM

"Just as YOU want them" clothes is the kind I am making right along.

You select the cloth you like and tell me what you want, and you get it.

My "correct method" of measuring and cutting makes a misfit impossible.

In making up clothes, special care is given to strengthening parts that have the most wear, and the little things are not slighted either.

Let the women folks examine any garment of my making, they will tell you "that's well made."

Now sum up the clothes question — good cloth, well made into a splendid fitting garment, just as you want it, costing no more than store clothes; isn't that a combination worth trying?

I have convinced many.

Will you let me prove my statements to you?

Rained But The Day Was a Big One.

Rain interfered with the festivities at Jenison Park yesterday but it is hard for even rain to beat a combination manipulated by Chas. A. Floyd, and the big Maccabee picnic was a success in spite of the elements. There was a good crowd present but it would have been increased by 1500 if Charley had invited the weather man to the Governor Warner lunch and thereby gained a standing.

The day was passed in games, sports, dancing and in every form of amusement known to picnickers.

Speeches were made by Governor Fred M. Warner, Mayor Geo. E. Ellis of Grand Rapids, N. J. Whelan, and Dr. W. H. Veenboer.

After the speeches Mr. Floyd invited the governor and a party of friends to a fine lunch prepared under the watchful eyes of P. T. McCarthy, mayor of Bird Center.

It was a big day in spite of the rain.

KIDNAPED BOY RECOVERED

FORMER STOCK BROKER STOLE
BOY FROM SCHOOL.

Driven to Crime by Destitution, Man
Demands Ransom for Boy
Through Personals.

Philadelphia, June 19.—Little Fred-
dy Muth, who was kidnaped from
school on Tuesday last, was recovered
from his captor in a sensational man-
ner Monday afternoon. For several
days the identity of the kidnaper has
been known to the police, but despite
the efforts of 400 men who have been
working on the case, he was not lo-
cated until Monday.

Accompanied by one of his men,
Chief of Detectives Donaghy went to
436 North Sixty-second street, in West
Philadelphia, and there found John
Joseph Kean, with his captive. Kean
attempted to escape and was shot at
by the detectives. The bullets missed
their aim, but Kean surrendered and
was taken to police headquarters. The
kidnaper, who is 42 years old, is de-
scribed as a former stock broker, who
had recently been a real estate agent.
He has a wife and three children,
and it is believed that his desper-
ate financial situation drove him to
his crime.

In communications to the father of
the child he demanded \$5,000 for its
return, and in a letter written on Fri-
day declared he would kill the child
and himself if the money was not
forthcoming. Kean's terms were ac-
cused to in a "Personal" inserted in
all of Saturday's papers. In a subse-
quent letter Kean proposed new terms,
and these were likewise accepted and
another "Personal" was inserted in
Sunday's newspapers.

The boy, who is only seven years
old, was apparently unharmed except
that he bore evidence of suffering from
hunger and exposure.

Dear E. Summers, of Kalamazoo, Mich., relates his experience: "I was troubled with Nervous Debility for many years. I lay in bed, unable to get up, and in the morning, I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me, guessed my secret. In the afternoon, I dreamed at night, my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, were an electric belt for three months, went to St. Clemens for

BEFORE TREATMENT baths, but received little benefit. While AFTER TREATMENT at St. Clemens I was induced to consult Dr. Kennedy & Kergan, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor going through my nerves. I was cured mentally, physically and sexually. I have sent many patients and will continue to do so."

WILL MEET WISHES OF THE PRESIDENT

HOUSE COMMITTEE ON AGRICULTURE ORDERS CHANGES IN MEAT INSPECTION BILL.

Opposition to Placing Date of Manufacture on Label Is Manifested—Investigation Likely for Canning Factories.

Washington, June 19.—The house committee on agriculture Monday authorized Chairman Wadsworth and Representative Brooks, of Colorado, to amend the meat inspection provision in the agricultural bill to meet the views of President Roosevelt, after which the measure will be submitted to the president by Speaker Cannon.

It is stated that not all of the presidential suggestions will be accepted if the wishes of the committee are complied with. The discussion Monday made it plain there was no objection to eliminating the court review provision as suggested by the president, also that his wishes that the civil service commission furnish the inspectors will be complied with.

There is opposition to placing the date of manufacture on the label and to inserting the words "in the judgment of the secretary of agriculture," thus making the secretary the final authority regarding the measure.

There was some criticism by members of the committee as to the method to be employed in handling the measure, as no republican members who presented minority views, nor any Democratic members of the committee, are to have anything to do with redrafting the substitute.

Canneries to Be Investigated.

Canning factories where soups, vegetables and fruits are put up are likely to be investigated by government experts as the result of the report made on the meat packing plants. Scores of complaints have been made that this branch of the canning industry has been unjustifiably damaged. Many concerns have asked for a thorough and impartial investigation by government experts and have asked the report to follow be given out at the earliest possible moment.

As a result of this condition of affairs Commissioner Reynolds will probably make an exhaustive inquiry into one of the great canning factories. The president and Secretary Wilson have been averse to taking this step, and it has been intimated that some apprehension exists that more ugly scandals might be uncovered. This intimation is declared to be untrue. The utmost confidence is felt that the canneries are clean, that the methods observed in their business are healthful, and that the foodstuffs used are good and wholesome.

Money Bills Before Congress.

Of the 14 appropriation bills which are required to run the government, only four have become laws. These are the urgent deficiency, the pension, the diplomatic and consular, and the army bill. The Indian appropriation bill has been completed so far as congress is concerned and only awaits the approval of the president. Six others have been passed by both houses and are now in conference. These are the fortifications, the legislative, executive and judicial, the post office, the military academy and the District of Columbia. The agricultural bill has passed the senate and the sundry civil bill reached the senate Monday. The only remaining bill, the general deficiency, has not been completed by the appropriations committee.

SAYS FEDERATION CAUSED TROUBLE

COOL GREENE BLAMES SOCIALISTS FOR DISTURBANCE AT CANANEA MINES.

Alleges Agitators from the Western Miners' Organization Stirred Disension Among the Mexican Workmen That Lead to the Riots.

Washington, June 18.—In a letter filed with the state department and dated at Cananea, Mex., June 11, W. C. Greene, president of the copper company at whose mines in Cananea the rioting occurred early this month, charges that agitators from the Western Federation had been through the mines inciting the Mexicans, and tells how he was warned of the plot to dynamite the bank and to inaugurate a revolution against President Diaz. He reviews details already published and says, among other things:

Warning of Trouble.

"On the night of May 31 I was informed by a man working in the Cobre Grande that a Mexican working there had told him that trouble was going to start in Cananea on the morning of June 1 at five o'clock; that a socialist club had held three meetings at midnight on the night of May 30, at which a large number of agitators of socialist tendencies were present; that agitators of the Western Federation had been through the mines inciting the Mexicans, and that they had been furnishing money for the socialist club that had been established at Cananea. He also gave us a couple of copies of a revolutionary circular that had been widely distributed, together with a number of other details.

Outlines Revolutionary Plan.

"While it looked ridiculous to me that anything of that kind could be done, their programme included dynamiting the bank, where it was reported we had \$1,000,000; breaking open the store and getting firearms and ammunition, and with them starting a revolution against the Diaz government.

Agitators Ordered Away.

"I soon after saw a Mexican in whom I had confidence, and upon asking I found that he had heard the same rumors, he giving the further detail that agitators had stolen, a few nights before, a few boxes of powder, which I know to be truth."

Mr. Greene adds that all Federation agitators were ordered out of town and "I think there are about 87 of the agitators (Mexican) now in jail;" that many of them were deported from Mexico and southern California who have previously taken part in labor troubles, and that all of the revolutionary club that stirred up the feeling escaped across the line the first night.

Kill Many Mexicans.

He says there will be a permanent garrison of several hundred men kept there; that complaints of murder have been made against a number of employees, as well as himself, but the authorities have taken the ground that the employees acted in the discharge of their duties. He estimates that "about 20 Mexicans were killed for each white man."

ARE VICTIMS OF PADRONES

Italian Immigrants and Other Laborers Practically Held in Slavery, Says Gotham Official.

New York, June 18.—That Italian immigrants and other laborers sent to the south and west by New York padrones are the victims of cruel treatment and exposure is one of the statements made by License Commissioner John N. Bogart, in the annual report of the work of his office which he submitted to Mayor McClellan. Mr. Bogart reported:

The Italian immigrants are too generally the victims of the padrone. It is characteristic of the Italian immigrant that he looks with suspicion upon everybody but his own countryman, and in him he puts a confidence that is almost incredible. The padrone has practically instituted a slave system among his countrymen. He hires the immigrants by the hundred to go out of the city to work on contracts and obtains from the employing corporations what is known as the commissary privileges; that is, he furnishes the workmen with food and lodging, deducting the cost from their wages.

ROBBERS SHOOT OFFICERS

Deputy Constables Wounded in Attempt to Overtake Alleged Post Office Thieves.

Richmond, Mo., June 18.—In a fight near Lawson, Mo., between two officers and three men who, it is supposed, robbed the post office at Mooresville, Mo., last Wednesday night, both officers and one of the robbers were badly wounded.

Deputy Constable Thornton Gorham was dangerously shot in the upper breast and Deputy John E. Boone was shot in the arm and body.

The three men were walking on the railroad track and when ordered to halt they answered with a volley of pistol balls. The officers fired rapidly in return, but were both wounded early in the battle.

Raise Prices of Dried Fruit.

Fresno, Cal., June 18.—Within the last few days dried fruit prices have taken a big jump. Buyers are offering ten cents a pound for dried peaches and 15 cents for apricots. Both crops are light. These are the highest prices offered for many years.

Class Exercises Of High School.

Champagne and wine were the favorite colors at Third Reformed church last evening. They prevailed in honor of the seniors of the Holland high school, for they are the class colors and last night they signified that the class day exercises of the 1906's was in the process of observance.

A large number of the friends and patrons of the school attended, and all can testify that the exercises were of exceptional interest and of signal merit. The night-sixes certainly set a high standard to the aspiring ones who in later years will follow in their footsteps. "Ad astra per aspera" is the class motto and it was certainly heeded by the 66's judging from the showing made last night. The class flower is the water lily. Miss Ottelena Stuit won class honors.

It was an impressive sight when the seniors entered to the strains of a march played by A. D. Zeidema. Rev. A. L. Luther gave the invocation.

Miss Helene Keppel played a piano solo, Valse Caprice, in a very artistic and sympathetic way.

Miss Gertrude Boot gave the salutatory. She very cleverly compared the graduating class to Bryants "Sella". Sella, when wandering one day by a stream, found a beautiful pair of slippers. She put them on and was transported into a strange land beneath the waters of the stream. She loved to go each day and wander along in the beautiful fairy land, conversing with fairies who told her wonderful secrets which none on earth could know. One day her brothers threw her slippers into the stream because they wanted her love, but she liked the strange and beautiful life in the spirit land much better than the life on the earth. At first she could not be comforted but later, becoming consoled for the loss of her slippers, she turned her attention to the life on earth and endeavored to do good among her fellow men by means of the truths which she had learned among the water nymphs. For the past few years those about to graduate have been wandering like Sella in Fairy Land, learning wonderful secrets like she. Now the means by which they have been able to travel through this beautiful land has been removed, now they like Sella must go out into the world and strive to aid their fellow men (and by teaching to them the truths they have learned. To these meditations Miss Boot welcomed all parents, friends and the teachers, in behalf of the graduating class of nineteen hundred and six.

"The Panama Canal" was the subject of a very good essay by Clifford Paine. He regarded the canal controversy as an international rather than as a national question. Of course the United States would have to bear the brunt of the work, and to the United States will accrue the greatest profit. After recounting the vicissitudes that form the beginning has attended attempts to dig the canal he advanced the prediction that ultimate success would be the result. In closing he said: "In fact the whole project is filled with insurmountable difficulties, but the American engineers are equal to the occasion. One by one the problems of construction are solved and the solution of each problem brings us nearer to the day when America will be honored for the completion of the greatest engineering undertaking ever encountered."

The class prophecy by William Atwood was mirth provoking. It was a case of looking backward from 1950, and in unimagination Henry Rottschaefer in that year is a lecture on "Epicurianism" and kindred subjects and is married to a girl of 16; Isaac Douma took a voyage in search of the north pole only to find that he had stumbled upon the northern depot of a line of aerial navigation that had been established between the north pole and London; Ida De Weerd is a teacher in an Italian conservatory of music; Clifford Paine took a trip to the moon and the planets; Miss Goldie Price is a literary genius and Edward Luther is in love with her; George Van Duren and Clara Koning went to Mars on their wedding trip and later become king and queen of the Cambal Islands of Mars; Miss Ottelena Stuit is a nun in a Spanish cloister; Miss Elsa Habbermann, married a millionaire's son; Chris Knutson and Anna Douma are spending their honeymoon in an airship; Judson Michmershuizen is a minister and a favorite with the young ladies; Miss Helene Keppel is married to a dashing prince of Mars; John Driy is a hunter and fisher and lives in single blessedness; Marie Blom is married to a minister and she and her husband are engaged in evangelizing the men in the moon; James Deto sells curios from the moon, writes a book, builds an air ship, goes to congress, marries, gets a divorce and becomes connected with an insane asylum; Minnie Kerrinnis is the most erudite student of the age; Mae Seery is still a resident of the city of Holland, living a life of tranquility. In closing, the prophet broke gently the startling news that Tom N. Robinson and Gertrude Boot did not get married.

After the prophecy the Senior class consisting of the Misses Gertrude Boot, Helene Keppel, Clara Koning and Ida De Weerd, with Miss Marie Blom as accompanist, sang an Irish folk song, and Miss Anna Douma recited "Soharb and Rastum" very pleasingly. Other musical numbers were "Dry yo' eyes" by the Senior class and a pipe organ solo by A. D. Zuidema.

Tom N. Robinson's oration on "Universal Piece" was a good oration well delivered. He brought out the thought that during times of piece national progress is more marked than at any other time. Mars are destructive to progress. The methods of waging war are becoming more terrible as civilization advances. Because of these facts the nations are filled with dread. The world is terrified by war, but universal peace will not come until the enemies that assail it are destroyed. The nations are making efforts to break that strange spell by calling peace tribunals. The Hague Conference was not a failure because it was an experiment which has led to the calling of a second tribunal and since the nation desires peace it will eventually come. It will

be unknown and the patriot of the future will hate its name. In closing he said: "Twill be a far nobler sight for the patriot of the future to see our scared flag waving over a land of peace, its glorious folds unstained and unsoiled by the smoking hand of war; to see our fleets sailing over the deep blue seas on errands of peace and good will; to see the legions of the earth going forth to conquer earth's fields, her mines, her forsaken deserts, all her mysteries of land and sea. Twill be a far nobler sight for him to see a world of unity, of progress; where mans most noble attribute of mind are no longer made instruments for his own destruction; where universal brotherhood is the great universal law; where the world lies down to rest in the cool calm evening of her days with but a single prayer upon her lips, one people, one language, one purpose, and one God."

Miss Goldie Price was a precise and interesting class historian. She brought out the idea that the class of 1906, like a miniature nation, had repeated the history of the race inasmuch as it had passed through the stone age, the iron age, the age of bronze, and the gold and silver age. She characterized the grammar department period as the stone age, and the senior period as the golden age. Her portrayal of the different attitudes of mind of the members of the class during the different stages was true to life particularly when she told of the awe with which in early years they regarded their superiors and of the tribute of awe which in later years they demanded of their inferiors in mental development. Her recital of the rise and fall of the hazing fad was graphic, and her story of the round of receptions and picnics recalled to her classmates many a good old time. Her history showed that the class excelled in athletics and won first laurels in oratorical contests after a hard struggle.

Henry Rottschaefer in his oration brought out the spirit of true democracy. His delivery had the ring of sincerity and earnestness and was very pleasing and effective. The trend of thought follows:

Democracy is the result of progress and also its friend and ally. Whereas under the despotisms of the ancient world the development of the individual and the advance of society were checked by the rulers, under free and democratic governments these have been rapid and those are the true criteria by which to measure the progress of an age and country. The difference is due mainly to the difference in the principles upon which they are founded; absolute governments resting on ignorance and superstition of the masses, free governments upon education and enlightenment of all. Democracy has been a growth as have all forms of government. Every form which preceded it was necessary to the final triumph of democratic ideas. It is the consummation of the political thought and experience of all ages. In the past democracies have been few and unimportant. It was only in the present age that America proved to the world that they are possible on a large scale. To her free systems is due her rapid growth and property. These alone have made her the greatest nation on earth. In the not far distant future all governments will be founded on democratic principles.

Following is the class roster: Elizabeth Rozeboom, Gertrude Boot, Ida De Weerd, Elsa Haberman, Minnie Kerrinnis, Ottelena Stuit, William Atwood, Chris Knutson, Edward Luther, Henry Rottschaefer, George Van Duren, Mae Seery, Marie Blom, Anna Douma, Helene Keppel, Clara Koning, Goldie Price, James Deto, John Driy, Clifford Paine, Tom Robinson, Isaac Douma, Judson Michmershuizen.

Parkins, Science teacher; Miss Mary Farnsworth, English; Miss Blanche Hampton, History; Miss Lia Carlisle, Latin and Mathematics; Miss Anna Kremer, German and English; Miss Evelyn Roberts, Music; Miss Ione Reynolds, Drawing.

The commencement exercises will be held to-night at the Third Reformed church and a large audience is expected to hear the address of the eloquent Dr. George E. Vincent, of the University of Chicago, and to see the diplomas conferred upon the seniors.

Dr. Vincent is one of the leading orators not only of the middle west but of the United States and his speech will be a rare treat for those who attend.

The doors will open at 7:30 o'clock, and reserved seats will be held no later than 7:45.

Rev. John M. Van Der Muenlen delivered the Baccalaureate sermon in the Third Reformed church, Sunday forenoon. He took for his text the words of Simon Peter, "I go a fishing." His advice to the young men and women who were about to choose for themselves their life careers, was, that in making their choice they should call upon God for guidance, that they might choose aright.

About our lives there is much that tends to keep us from the accomplishment of our life work. We may be led away from the road on which we prefer to travel by the "undertone" of human criticism and the "backward-pull" of heredity. Among the graduates of our schools and colleges the tendency is to seek a life of ease rather than enter into the duties for which they have been prepared. They go back to the lines which they could have lined before their years of study and back into the old ruts which they knew before their college days. Like Simon Peter they go back fishing.

where they were most needed should be an example to us. Throughout his whole career he has chosen to labor, heeding not the backward pull nor the undertone. He has become "the embodiment of strenuousness." Never did he go back fishing.

It is a law of God, that a man who has once risen from a lower to a higher sphere of activity cannot go back to the lower and do as well as he could before attaining the ability to do something better.

Lively Republican Convention.

There were lively times at the Republican County Convention last Monday afternoon at Grand Haven and much debate was indulged in regarding the manner of choosing delegates to go to the state convention. The matter was finally settled by having the convention select the delegates by acclamation.

The convention was called to order by Judge E. P. Kirby, chairman of the Ottawa County Republican Committee, and after the preliminary reading of the call, Mayor John F. Corl of Grand Haven took the gavel as temporary chairman. He made a short address acknowledging the compliment, and A. VanDuren, of Holland, was made temporary secretary.

Then followed the naming of a committee on credentials consisting of H. Pelgrim, Holland; Charles Moore, Coopersville, and Jesse Woodbury, Grand Haven.

Committee on Credentials reported that all towns were fully represented except Jamestown.

Committee on Permanent Organization—Dan F. Pagelsen, Charles Wells and Con DePree.

Resolutions—H. F. Harbeck, Colon C. Lillie, A. Lahuis.

Tellers—J. W. O'Brien, Claude VanderVeen.

The temporary organization was made permanent.

The following delegates were elected to the state convention after an eloquent speech by Congressman Smith, the main note of which was the right of the people to name directly their choice for senator:

G. J. Diekema, Holland; Con DePree, Holland; D. B. K. Van Raalte, Holland town; E. P. Stephan, Holland; H. F. Harbeck, D. F. Pagelsen, J. W. O'Brien, Grand Haven; Charles E. Moore, Coopersville; S. Notes of Sport.

A challenge has been issued by the Poole Bros. baseball team to the Buss Machine Works team, the game to take place at the Nineteenth street grounds.

The Interurbans are the goods. They trimmed the Garlands of Grand Rapids at Jensen Park last Saturday by a score of 3 to 1. Next! The Interurbans are not afraid of the cars.

The 3 to 0 shutout of the local high school team at the hands of the Central High of Grand Rapids, banished all hopes, that the high school base ball championship of Western Michigan would go to Holland. Both teams played excellent ball, but the locals were not able to hit the ball at opportune times, while Grand Rapids was more fortunate in that respect.

Weston in the box for Grand Rapids was in excellent trim and his team mates gave him almost errorless support. However, Holland had slightly the better of the pitching, as Shaw twirled a snappy game, but was unfortunate in having the hits off his delivery bunched in the sixth. The features of the game were Weiss' catch of a high foul for Grand Rapids and Knutson's running one-handed catch of a rapidly moving grounder.

Zeeland defeated Spring Lake at Zeeland Friday by the score of 15 to 2. Karsten of Zeeland struck out 15 men and allowed the visitors only three hits.
