Comfort Swing or Morris Chair for Your Porch or Lawn

The Comfort Chair Rests You All Over.

You sit down in it and it immediately gives you that relaxation of all parts of your body just as freedom from care rest your mind. Whether you set in it, lie in it, or swing in it. The Comfort Chair moves as you move, if you want it to, but always perfectly steady on its firm supports.

Give us a chance to prove our charms to you
We will be glad to show them

CITY AND VICINITY.

The board of education held its last meeting of the year Monday evening.

A. J. Ward is attending the state encampment at Bay City this week, while his wife and daughter Dora are visiting in Flint.—Grand Haven Tribune.

Congressman Diekema received Saturday afternoon a telegram announcing the death at Brooklyn, N. Y., of J. C. Bergen, father of Rev. J. T. Bergen, formerly of this city.

Wm. VanAnrooy started Monday to build an express car for the Interurban line. The company has the trucks and the car is needed owing to the increasing traffic on the line.

The supreme court has sent an order to Sheriff Whitbeck of Allegan Co. to serve papers on Judge Kelly S. Searle to show cause why he did permit the continuance of the Dible trial here for perjury. The case will be heard in the supreme court June 25.

Jacob W. Hamm died in Muskegon Monday of tubercular meningitis. He was 67 years old and is survived by a wife and step daughter. The body arrived here yesterday on the 11:05 train and the funeral was held at the home of the brother-in-law of the deceased, John Haan, 26 West Thirteenth street.

Prosecuting Attorney Coburn and Sheriff Woodbury and W. L. Lillie are out today making further investigation in the Golden murder case. Deputy Sheriff Luikens and Frank Salisbury brought A. D. Harrison to jail today, suffering from insanity. Mr. Harrison was dismissed from the asylum about two weeks ago as cured, but his trouble has returned and he will probably be returned to Kalamazoo tomorrow or Thursday.

As soon as the city engineer comes home from his wedding trip he will be asked to look after the defects in the Eighth street pavement. These defects have become so noticeable that the council has decided to make Contractor Prange live up to his contract and make the pavement as it ought to be. A while ago a committee of the council inspected the street on a rainy day and then all the defects were noted and submitted to the council.

John Fox, who died in Grand Rapids last Friday, was buried in Zeeland Wednesday. Fox is well known here as well as in Zeeland, where he was at one time manager of a "social club." He served a jail sentence for violation of the liquor law. He was also prominently connected with the Wilson case in Grand Haven. He was charged with handing the revolver to Wilson with which he shot Sheriff Dykhuis, but was acquitted after two trials. Fox is survived by a wife and one child.

Today at noon the year's work at Hope college closes. It has been a year of good hard work and of substantial results in educational ways. Next week the closing exercises will occur. Tomorrow night the Meli-phone society will give their annual entertainment; Monday afternoon the A class exercises will occur; Monday night the Ufilas club gives a program in the Holland language; Tuesday night the ladies' dormitory will be dedicated and Wednesday evening the commencement exercises will occur. All the entertainments will be held in Carnegie hall and the public is invited.

The enormous proportions which the life insurance business has assumed is shown by the fact that in 1906 the companies paid out \$327,576,199. This of course was distributed among the heirs of policy holders in all parts of the United States and Canada. But in Michigan large sums are also being paid out. Following are some of the amounts paid out in Holland and the surrounding towns: Holland, \$12,061; Grand Haven, \$10,404; Allegan, \$3,257; Saugatuck, \$4,000 and Zeeland \$600. These figures show that in spite of the scare which the disturbances of last year created, the business is growing.

Amelia the ten-months-old daughter of Mr. and Mrs. Fred Bell, 5 North River street, died Monday morning. The funeral was held at 2 o'clock Wednesday afternoon, Rev. A. R. Merrill officiating.

Henry DeKruif has sold his implement store, located on Seventh street, to Joseph Dyke of Allendale who has taken possession. Mr. DeKruif began business here in 1886, and he also conducted a large implement business at Zeeland.

Senator Lahuis' bill forbidding saloons within twenty rods of school houses, amended by the senate to apply only to Ottawa county, was concurred in by the house of representatives. Anderson of Kent asked the house not to do it, stating that the bill was a pernicious one and aimed to knock out a hotel at Jamestown Center.

Postmaster VanSchelven has received official notice of the increase of salary for the employees of the Holland postoffice. The raise will take effect July 1. All the employees in the office will receive a raise of \$100 per year with the exception of the assistant postmaster. Ten of the twelve rural carriers will be raised from \$720 to \$900 and one from \$720 to \$864.

Various attempts have been made to stop the noise made by the Nineteenth street pumping station. It has become a nuisance to the residents of that vicinity and they have sent petition after petition to have it abated. But Alderman Cook reported that if the noise is to stop it will cost an even \$2000. This appears such a great sum to the city fathers that it may still be a long time before anything effective will be done. However attempts will be made to deaden the noise somewhat.

The Holland Concert band is the name of a new musical organization under the direction of John Ter Wee, an experienced clarinet player. Its membership consists of musicians who have recently come to this country from the Netherlands. Fifteen are enrolled. The following are the officers and members: Pres. W. Brink; vice president, T. Van Dyk; secretary, T. Veldboen; treasurer, A. VanWeele; J. Visser, T. Sylstra, A. VanAsselt, B. Kasten, D. Zylman, G. P. Dieterman, G. Estie, G. Bonthuis, P. VanKlaveren, P. Havenga, John TerWee.

A suggestion has been made in connection with the preparations for the fourth of July celebration that several of the companies of the state militia be brought from Grand Rapids in order to parade here. It is a novel suggestion and was made by James DeYoung. It would certainly be a feature in a celebration that is already full of good things. The suggestion was acted upon immediately and a committee composed of Congressman G. J. Diekema, Postmaster Van Schelven, James DeYoung and C. A. Floyd took the matter in hand.

The common council by a vote of 8 to 6 decided that the vaudeettes in Holland must pay a license of \$100 per annum if they wish to continue their business here. In other cities shows of this kind are licensed and the council decided that a hundred was not at all too much for the managers to pay. The theaters are well attended and the patrons of the moving picture have not yet tired of the shows. The attention of the managers was also called to the inadequate fire protection of the buildings and they promised to make them safe in accordance with the building regulations.

An adjourned session of circuit court is being held, Judge Phillip Padgham presiding. The following business has been disposed of: Anna Vandenberg was granted a divorce from Richard Vandenberg; Alma E. O'Connell was granted a divorce from Thomas O'Connell; the Muskegon Traction and Lighting company has asked for a new trial in the Nativia Consineau damage case. The judge now has this matter under advisement. In case a new trial is not granted the case will perhaps be appealed to the supreme court. Today a drain matter was heard before the judge; entitled Mathew Walz vs. Michael Hines and a perpetual injunction and costs to the amount of \$50 assessed against Hines. The divorce matter of Albert M. Hopkins vs. Ethel B. Hopkins is also being heard.

Fred Smith has resigned as a member of Hose Co. No. 1 and has accepted the position of dynamo tender in the electric light plant.

Peter Delyea and Charles Kelly had fine sport black bass fishing at Port Sheldon Friday and they returned with a catch of 22 fine specimens.

W. A. Holley of Grand Rapids, formerly of this city, is attending the National Operative Millers' association at Niagara Falls. He will read a paper at the afternoon session of the association.

Glen Potts of Holland and Miss Mary Reed of Saugatuck, were married at the latter place Saturday. Mr. Potts is employed as fireman at the city light plant and they will reside on Fairbanks avenue.

According to Chas. F. Taylor, special agent for the department of agriculture, Holland leads Michigan in the beet sugar industry and Michigan leads all other beet producing states. Michigan had in 1906 an area of 100,000 acres of beets and has seventeen factories, two more than Colorado which is next to Michigan.

Sunday afternoon four men in a boat on Black River got a little into disharmony with their surroundings and, having plenty of wet goods for their insides, they decided to become wet outsiders also. Three of the men swam to shore and then rescued the fourth. Their names are unknown.

Peter Spero, proprietor of the Holland Candy Co., appeared Friday before Justice McBride and pleaded guilty to keeping his store open on Sunday. He paid a fine of \$5. J. C. Brown, arrested on the same charge, requested that his trial be adjourned for two weeks. Attorney C. VanderMeulen will look after his interests, and it is evident that he will fight the new ruling regarding Sunday closing.

Lambert TerBeek, 27 Columbia avenue, was found dead in bed Monday morning by his son John. Deceased was 62 years old and it was found that death was due to a clot of blood in the heart. An inquest was considered unnecessary. TerBeek is survived by 4 children, Mrs. Wm. Wood of Benton Harbor, Barney and John of this city, and Henry of Big Rapids. The funeral was held yesterday afternoon.

It has been suggested and the suggestion is good one, that the city at once proceed to the organization of a partial paid fire department. The plans as suggested provide for a department of the same number of men as now constitute it but requiring two of them and the driver to remain in the engine house during the day. A department of this kind could have saved the first Reformed church last Saturday. The incident of last week has strongly impressed everyone with the idea that a reorganization of the department is necessary and must be looked after at once.—Grand Haven Tribune.

By the enforcement of a department rule, the rural mail carriers will hereafter not be allowed to deliver packages weighing less than four pounds, unless the regular amount of postage stamps are attached. Patrons of the routes can have the carriers bring them heavier packages only if they give their order to the carrier the previous day, specifying where the goods shall be secured. The carriers are not allowed to carry packages at the request of a merchant or other than a patron on the line. This rule is probably sound but it appears to work to the disadvantage of all parties concerned.

J. W. Boynton, the indefatigable railroad builder was a Grand Haven visitor this morning. He leaves tonight for New York on a bond selling mission. Mr. Boynton says the actual work of building the Grand Rapids Electric Railway is now but a matter of a short time. The road consists of a main trunk line from Bay City to Grand Haven through Grand Rapids. Another branch will run down from Alpena to Grand Rapids. A third will connect Grand Rapids with Lansing and still another will run from Grand Haven to Fostoria, Ohio. Mr. Boynton predicts that all these lines will be in full operation within three years. He believes that the two great lake terminals, Grand Haven and Bay City will become among the greatest towns in the state.—Grand Haven Tribune.

CORRESPONDENCE

Saugatuck.

John Martels has at last found the elixir of life and he has already acquired the title of Dr. He heard sometime ago of a man in Texas who is now 92 years old that feels as young as though but 20 from using clay tea. The clay for making the tea must be taken from the bed of a running stream in order to be sure that it is pure. The tea is used three times a day or oftener and Dr. Martell claims that he is greatly benefited by its use and can name others in town who are using it regularly to their own satisfaction.

David Francis expects to start his laundry the 17th., but has still considerable work before him. He has hired Elmer E. Koch, a laundry man twenty-five years experience, to take charge of the mechanical work and he will be here soon to help get the machinery in shape. The new machines are Mangler, body ironer, collar and cuff machine, bosomer, operator, extractor and starother. The boiler and engine are still in good shape. When the business is started agencies will be established here and in Douglas besides at Ganges, Grange Hall, Peach Belt, Fennville and New Richmond and all kinds of laundry work will be done, including flat work and work on all kinds of clothing.

Drenthe.

Henry Boer has returned home from Georgetown, where he has been teaching school.

A young man from a neighboring town with pugilistic inclinations ran up against a real fighting machine last Saturday evening. The latter scored a sleep producer in the first round, causing that party to join the class of has-beens. The would-be pug derived a vast amount of valuable experience from the bout. He now says that bluffs and threats cannot hold out against uppercuts and short-arm jolts.—Zeeland Record.

A slight blaze was started on the place of Dr. Brower, but was put out with the help of the neighbors.

Mr. and Mrs. H. Boeve and family from Holland, visited at the home of Mr. and Mrs. Denning last week.

Dr. Masslink of Allendale, who was ill with lung fever, is recovering at the home of his parents of this place.

Mr. Henry Wever has returned from a trip to Colorado.

Mrs. Kruithof is again suffering from a severe attack of illness.

Miss Ada Terhaar is at present visiting with Mrs. H. Van Dam, Born, to Mr. and Mrs. G. Goort, a baby boy.

Born, to Mr. and Mrs. Nichols Yntema, a boy.

Harm Brouwer is erecting a large new residence.

Mr. and Mrs. John Siecert and daughter Estelle of Kalamazoo are visiting with the family of John Vanden Berg.

Mr. Harm Van Spyker will go to Holland this summer to spend his vacation, where he is engaged as foreman in a nursery.

The Drenthe Canning Co. have erected a new smoke stack on the canning factory. The machinery is now in full operation.

John Van Rhee has completed his new house and barn.

Edw. Redder is giving his house a new coat of paint.

The Hawthorne school has engaged Mr. George Ritz of Salem and Miss Dena Riddering as teachers for the school year of 1907-08.

John Vogel of Muskegon visited at the home of John Van Rhee this week. The old gentleman has reached his 89th year and is still in good health.

Vriesland.

Miss Hattie Schreur of Vriesland has brought suit against Henry Van der Meulen, also of Vriesland, for alleged breach of promise and claims damages to the amount of \$5,000. Miss Schreur states in her affidavit that the wedding was to have taken place last January, but that the groom-to-be changed his mind and presented no valid reasons for his refusal to marry her. She has retained the law firm of Diekema Kollen & Ten Cate of Holland as counsel.

Ottawa Station.

Farmers of the vicinity of Ottawa Station report that wild geese are nesting in the Robinson marsh this year, an occurrence unheard of since the early days when the marsh was undrained and the water remained throughout the season. It is believed that the frequent rains, which have kept the marsh under water this spring are responsible for the presence there of the geese during the nesting period.

Mc Lean's Message to the Board of Education.

To The Honorable Board of Education:

Gentlemen:—In accordance with the requirements of your regulations I submit herewith your President's Annual Report.

There is probably under our present system of organization no other member of the Board whose duties naturally bring to him so little knowledge of the workings of the school system as do the duties of the President. He, therefore, unless advised by the Board's several committees, is the least fitted to make this general annual report except it be on the theory that he who knows least is best fitted to advise.

With the continual growth of our city and the consequent growth of our schools, with the multiplication of buildings, the increasing number of teachers and other employees, the work and responsibility of the Board are constantly increasing. That the duties devolving upon the Board may be properly performed without becoming a burden to any of its members, it will probably be found necessary from time to time to change somewhat the Board's plan of organization. At the present time we would suggest the following changes in the general committee—that the two committees "Ways and Means" and "Claims and Accounts" be consolidated, or at least treated as one in the committee appointments; and that the President, whomsoever you may choose to honor with that position, be made ex-officio a member of some particular committee, the numbers composing the committee to remain unchanged. Should he be made a member of the Committee on Teachers, then he and two other Board members would compose this committee, if, of the Committee on Schools, he and one other would complete this committee. Under this arrangement each member of the Board would have one, and but one, committee appointment, and ought if he accepted a position on the Board, the willing to give sufficient thought and time to perform well his part of the committee work that naturally falls to his committee.

To properly care for the schools for the coming year, we believe it will be found necessary in addition to the four rooms to be finished on the first floor of the Van Raalte Avenue School, to finish for use two of the four rooms on the second floor of the Maple Grove School. We will then probably have reached for the first time the goal that for some years we have been striving for and working towards,—the assigning to each room only such a number of pupils as a teacher can successfully handle, doing her best work.

The fact that the Primary School Money received from the State during the past year has been ample to pay all of our teachers' salaries has made it possible for us to pay for our new Maple Grove building from our regular Building Fund without increasing our rate of taxation or adding to our bonded indebtedness, and the prospects are that we shall be able in the same way to pay for our Van Raalte Ave. building, now being erected. This will put our school finances in an enviable condition. Our present bonded indebtedness is but \$14,000.00 which without increasing our taxes will be nearly or quite paid before we shall need again to build.

Our new buildings are well lighted, heated, and ventilated and are sanitary in every respect.

Circumstances in the past have seemed to necessitate the placing of school buildings in somewhat central locations, so that within five blocks on one street,—Eleventh—we have four buildings with twenty-nine (29) rooms, giving a seating capacity for 1200 pupils for grades below the High School, while children in other parts of the city have had no building within a mile or a mile and a half of their homes. Our new buildings have been located not only with a view of accommodating the city's school population as it is distributed today, but also with a view to the city's growth.

It is generally conceived that the American public school is the best citizen training institution that is known to the world today. Here, our children are taught to respect the rights of others; that worth, not wealth, obtains position; they are trained to distinguish the true from the false; to form intelligent opinions by collecting and correctly weighing evidence; they are taught the principles of right and wrong and why they owe allegiance to the right; they are trained in faithfulness to duty; in prompt and cheerful obedience, in self reliance, and in broader, human sympathy; they are taught the necessity for and respect for authority, deference for age and superiority, and reverence for their Creator, to understand and control circumstances, rather than to fret against them. It is true all that is found in connection with our schools is not good and true and right, ennobling and uplifting; they are a part of this world, and partake somewhat of its nature and of its shortcomings, and they have not entirely removed temptations from their surroundings, but this wrong and these temptations are met by the boys and girls not only with their teachers and their companions to assist them, but also in a less developed and pronounced form than the home or privately trained and protected child will meet them unassisted and unaided when he enters life's activities at a later age.

Our High School, in our opinion, is not as yet fulfilling its mission, nor entirely occupying the field that it should. In the last ten years our city has nearly doubled in population, we have added teachers, increased salaries, and multiplied equipment, but this department of our schools, in numbers, has grown but little if any. The colleges and our university are modifying their courses so that our High School students pursuing a course fitting them for active, earning, life, are at the same time preparing for the more advanced work in college, so that our High Schools no longer need to give the greater part of their attention and strength to special subjects for a few special pupils fitting for college, but can bring their entire strength to bear on a training that will tend to produce

young men and young women able to do something by which they can earn honest standing room in the world. The effect is that our High Schools in general are growing in strength and number. The Preparatory schools during that the work for which they were created is done so much better by the public high schools, are ceasing to exist. The result is that our higher institutions of learning being relieved of this unnatural preparatory work, are giving their entire thought, strength, and resources to their proper sphere of advanced work, and consequently are offering at longer courses and more practical training. We believe that in some way the equipment and the resources of our High School and its ability to give practical, useful, earning training, should be brought to the attention of our people, and kept before them to the end that a much larger percentage of our city's boys and girls may avail themselves of this complete character building and development that is here offered and that will tell on the power to earn, and the ability to enjoy and to accomplish in the general run of life. Let it be known, too, that the young men and young women who have completed our rural school courses are welcome to our High School, and are most cordially invited to attend. The mingling of these students coming from their close contact with Nature and in the training on the farm in self reliance, that probably cannot be so well secured in any other place, with our city students with their special training along certain other lines, will be of much benefit to both and will tend in both to make stronger characters, and better and purer citizens.

To our patient, faithful, hardworking, painstaking, sympathetic superintendent and teachers, on the Board's behalf, I extend our thanks, our sympathy, and our appreciation, and assure them that whether or not we always show it, we are pleased to have them in our midst and welcome them to our homes. To those who have entered into a contract, written or verbal, conclude that because they are not financially responsible are not therefore morally held, we gladly say, Farewell. To those who remain with us and to those who come, we ask not to forget that "growth is the law of life"; that the best work is done by the student teacher; that the one who would not fall entirely behind no matter what her training and scholastic attainments may have been at first must be a constant and a hard student, her position demands this. We are grateful that so large a percentage of our force believe and practice this truth.

In closing, I wish to thank the members of the Board for their continuous courteous treatment of their presiding officer and for their patience with his shortcomings.

Respectfully submitted,
C. M. McLEAN.

Remarkable Rescue

That truth is stronger than fiction has once more been demonstrated in the little town of Fedora, Tenn., the residence of B. V. Pepper. He writes, "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then came instant relief. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed for coughs and colds. 50c and \$1.00, at Walsh's Drug Co. drug store, Trial bottle free.

What The Kidneys Do

Their Unceasing Work Keeps Us Strong and Healthy

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorder of the eyesight and hearing, dizziness, irregular heart, debility, droopiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

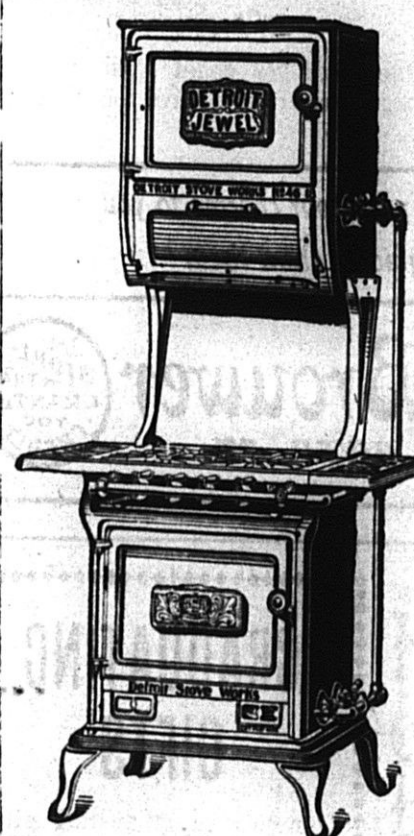

Micheal Schwarz, retired dairyman, 689 Central Ave., Holland, Mich., says: "Doan's Kidney Pills have been used in my family with very satisfactory results. Last fall I caught a severe cold which settled in my kidneys. I thought little of it at first but it soon grew worse and I was annoyed with dull, heavy pains across my back and loins. I felt as if my back was splitting and I could not bend over or lift anything only with great misery. I gradually grew worse and did not know what to get to relieve me. I was telling a neighbor of my trouble and he advised me to try Doan's Kidney Pills. I procured a box at Doesburg's drug store and after using them only a short time felt greatly relieved. I continued taking them and when I had used half a box, my backache and the accompanying symptoms of the trouble had all disappeared. Doan's Kidney Pills cured me and I felt better in every respect.

For sale by all Dealers, Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Remember the name—Doan's and take no other.

He Fired The Stick

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns, etc., by Walsh Drug Co. druggists. 25c.

The Magic No. 3.

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best remedy for stomach, liver and kidney troubles, by Walsh Drug Co. druggists. 50c.

WANTED—Man to work about 4 acres on shares. Plowed and fertilized. Ed. T. Bertsch, W. 16th St. Diekema's addition.

HAVE YOU BOUGHT A LOT —IN THE— Diekema Homestead ADDITION?

This Addition was placed on sale only a few days ago. The Lots have been selling like hot cakes and at the present rate of sale they cannot last.

IF YOU have not bought already, We Say To You

COME AT ONCE

Two years ago we advised the purchase of lots in the Steketee Addition; our advice was followed and EVERY LOT in the Steketee addition was sold. We said that these Lots would increase in value; ask any purchaser of these lots if what we said would happen has not come true.

Now we advise THE PURCHASE of LOTS in the DIEKEMA ADDITION. These Lots, at the prices and terms at which they are being offered are the greatest bargains ever offered in the entire

REAL ESTATE HISTORY OF HOLLAND

Whether you buy for a home or as a speculation YOU SIMPLY CANNOT LOSE as these lots will double in value while you are paying for them. The Prices range from \$80 TO \$300 each.

One Dollar Down, Then 50 Cents A Week

NO INTEREST

NO TAXES

NO MORTGAGE

NO EXTRAS

Every Cent you Pay Goes on the lot and no payments required during sickness.

It is absolutely LIKE FINDING A LOT to buy on these exceedingly EASY TERMS; for the Little Payment of 50 CENTS A WEEK will not be missed from the smallest income. Every enterprising **BOY** and **GIRL** in Holland could buy and pay for a lot on these terms, have it upon becoming of age and scarcely know how it was got. Every Rent payer, Every Investor should consider this proposition.

Our Advice is

DON'T DELAY.

COME AT ONCE.

Salesmen will be on the Addition every day until dark.

**HOW TO REACH
Diekema Homestead
ADDITION.**

Go to the corner of Sixteenth and Ottawa Streets just across from the Big Heinz Plant and you are at the Addition. SEE OUR BOARD SIGN.

City Makes Money Out of Celebration.

Although the council has turned down the Fourth of July committee, backed by nearly all business men of Holland and those who pay about two-thirds of the taxes of the city, turned them down for a paltry two hundred and fifty dollars, mind you, they by their act are still money makers. Every stand that does business on that day, and there generally are many, are compelled to pay \$10 each into the coffers of the city treasury (and several again are business men.) Enough has been said by the business men about some of the aldermanic staff which is not very complimentary to them; but passing that by, we simply come down to this: the business men are everlastingly tapped for donations for one cause or another. The News can vouch for this as its pocket book has been relieved for the third time this week by solicitors for a worthy cause.

But it is always the business man that catches it. Take this celebration for instance. They donate and take part in the doings, see nothing, go home tired at night, disgusted with the day. We hold that the business men are entitled to some consideration, and some of the council members by their action have shown that they do not consider them at all. The excuse given is that it is illegal. This is not the first time, however, that Holland would have donated to celebrations of this kind. Time and again it has donated, as does any other progressive city, and it was glad to accommodate.

New Opera House Needed.

Last evening Uncle Tom's Cabin show again demonstrated the crying need of an Opera house. At this show a tent with a capacity of 800 was forced to accommodate 1500 people. So dense was the crowd that the side of the tent was taken off and spread on the damp ground on which the people sat and the public was compelled to view the show in that way as best they might. This was not done until the public had been fleeced out of as much money for reserved seats as could be secured and seats that the show people could not deliver. It is said that this show took \$1,000 out of the city. Now if people are so anxious to go to shows that they will put up with these kind of accommodations, they would certainly "fall over themselves" to patronize an Opera House where none but good shows are played under the best of conditions and where the comfort of the patrons would be foremost in the minds of the management. We should have an Opera house, and it will pay.

Like Flies.

Did you ever stand in the golden sunlight of a warm day with your eyes turned upon a sheet of fly paper? If so you may have noticed how when one fly adheres to the sticky surface, its companions, instead of profiting by the horrible warning, immediately buzz down and go to destruction in the same manner, and in a little time there are hundreds in the throes of death. They are fools, to be sure, and so are men. Men see their associates caught in the net of vice. There are examples and warnings all about human beings and they treat them as lightly as flies and step down to death as insensibly.

Work Half Done.

There is no let-up in the eagerness of the people to have grafters and bribers brought to justice. The hue and cry is as loud and strong as ever. But to punish those who have offended is less than half the complete work of reform. Headway is slow unless, when unworthy officers are brought to book, their successors are carefully chosen for honesty and efficiency.

The weather has always been a popular theme of conversation. Now the people are all talking at once.

Most of our property owners "underestimate" the assessors.

As March stole a big slice out of the glorious month of June, let us hope it will go out like a lamb.

Grand Haven Church Burns.

Grand Haven's most magnificent church structure, the First Reformed located in the very heart of the city, burned early Saturday afternoon. The loss is \$25,000. The structure was insured for \$13,000.

The fire started in the organ loft. Just what caused it is not known. Repairs were being made on the pipe organ, and it is believed that an oil stove used to dry the instrument, exploded.

John Annes Lefebvre, the aged church janitor, discovered the fire and fainted away. He perhaps would have been burned to death had not the pastor, the Rev. Muilenburg, entered the building. The pastor carried the janitor to the parsonage adjoining the church.

For a time it was feared that the federal building immediately across the street, would be destroyed, and only heroic work saved the handsome parsonage. Firemen had many narrow escapes, but no one was seriously injured. The scene while the flames ate their way up the tall spire was magnificent.

The building destroyed was built in the early 90s to replace the structure destroyed in the great fire of October 1, 1889.

The building was a frame structure and was considered one of the handsomest churches in Michigan. Other churches have offered the parishioners their buildings for services temporarily. Already the church members are planning the erection of a brick structure to replace the church burned Saturday.

Holland Growing Fast.

This city is experiencing another building boom. Among the principal evidences of growth and extension are the large addition of a four story building to the Heinz Pickling plant, a large addition to the Holland Shoe factory and the Western Machine Tool Works, the 3 story factory of the DePree Chemical Co., the new three story cement flour mills of the Holland Milling Co., the new wood work plumbing institution on River street, the new \$20,000 school building in the southwestern part of the city, and the new three story brick block of the Van Ark Furniture company on West Eighth street.

New territory is constantly being platted into lots. Plans have been prepared for a proposed new church by the recently organized Sixteenth street congregation, which makes the thirteenth religious society, including all denominations.

Don C. Henderson Insane

Don C. Henderson of Allegan former secretary of Horace Greeley and once editor of the Allegan Journal has been committed to the Kalamazoo insane asylum.

Mr. Henderson was quite a character in his day. He and Editor Edward C. Reid were publishers of the Journal for several years and it is related that when their relations became unbearable to Henderson he entered the office one night and pulled the forms of the paper off the stone to the floor. Reid subsequently bought the Journal business for a song.

Before coming to Allegan Henderson was private secretary to Horace Greeley of the New York Tribune, where he acquired many of Greeley's habits and this was apparent in his personality and conduct of his paper. Greeley was noted for his penmanship and old time printers here say Henderson could discount his tutor any day.

Physicians Meet.

About a dozen physicians from this city attended the meeting of the Ottawa County Medical society held Tuesday at the home of Dr. Smith in Coopersville. The subject of the meeting was "Tuberculosis," and the following papers were given: "History and Causation," Dr. W. J. Presley, Allendale Center.

"Varieties and Prevalence," Dr. W. DeKleine, Grand Haven. "Prevention and Treatment," Dr. J. J. Mersen, Holland.

The discussion was opened by Dr. W. S. Walkley, Grand Haven.

A committee was named to select the date and place of the annual picnic to be held during the summer. The committee is composed of Drs. Kremers, Cook and Leenhouts.

So strongly are the physicians interested in the restriction of tuberculosis, that they appointed a committee to plan the organization of an anti-tuberculosis society in the county. Drs. Mersen, Poppen and Kremers with three citizens of the county will constitute the committee.

The meeting was well attended and the papers were of great interest.

Look for the Coffinberry real estate bargains on page three.

Board of Supervisors

The special session of the Board of Supervisors adjourned Friday noon until the regular session in October. The principal business transacted was the allowing of criminal and miscellaneous bills. A few of the bills were cut, and some were not allowed. One item amounting to \$100 in the bills of Justice McBride and Justice VanDuren of Holland were not allowed because certain reports were not properly filed with the prosecuting attorney within the prescribed time.

One point brought out in the discussion of this question, by one of the supervisors in favor of allowing the bills, was that in years past Holland had been guilty of working the hobo graft, but today that was cut out entirely and the limited business now done by the justices should be paid for even if there was a little error in making proper returns.

A bill of W. I. Lillie for defending the Sheriff in an action brought by one Miller against him for \$10,000 for false imprisonment was allowed. This bill brought out a warm discussion by the members of the board and was only carried by a small majority.

The case against the sheriff was the out come of arrest of Miller on one of the Goodrich boats over a year ago. Miller was drunk and fighting on the dock and when the officer arrived Miller went on the boat and the officer followed him and made the arrest. He pleaded guilty at the time and the fine was paid by his attorney. Later he brought suit against Sheriff Woodbury in the U. S. Court, claiming his arrest was illegal while he was on the boat. The case was decided against him, and the bill of Mr. Lillie was for service rendered as attorney for Woodbury.

Treasurer Clark's request that the county furnish his office with an adding machine was voted down. An adding machine is a practical necessity today in any office doing the business done by our county treasurer, and it hardly seems fair to ask each treasurer to buy one for the two terms they are in office. The adding machine should belong to the office same as any other fixture. The cost to the county would not amount to two cents on a thousand dollars assessed valuation for one year. The clerk's office asked for a carpet to replace the old one, which is a disgrace to any court room office, having been used for years and, practically worn out; this too was voted down, the committee thinking the old one could be used for another year. The court house, of course is in the hands of the supervisors, and it is about the only place in the county that is visited by not only the citizens of the county but strangers from other counties, and it ought to be the ambition of the supervisors to see that it is kept supplied with all necessary improvements.

Public School Begins Commencement Sunday.

The public school commencement will open next Sunday evening in the Third Reformed church, when Rev. E. J. Blekkink will preach the baccalaureate sermon to the graduating class of the high school. The eighth grade exercises will take place on Monday evening, and the class day program will be given on Tuesday evening. The commencement address to the high school graduates will be given by the Hon. G. A. Gerhardt of Buffalo, N. Y., on Thursday evening in the Third Reformed church. The class numbers 20.

With one exception all the teachers have been re-engaged for the ensuing year. Among the 47 teachers secured about 20 are new, most of whom are graduates from the state normal at Ypsilanti. The only place vacant is that occupied by the teacher of music.

Notes of Sport.

The H. J. Heinz Co. employees are interested in athletics and have recently organized a baseball team, the line up being as follows: pitcher, H. Prins; catcher, J. J. Baxa; shortstop, J. W. Wendle; first base, J. Lievens; second base, I. Knutson; third base, J. Nieuwsma; right field and captain, R. Houlett; center field, C. Bontehoe; left field, N. Simpson; substitutes James Hoover, Will Nash, Fred Cole and Robert Pool. The team has a mascot named "Tom." The first game will be played with Bush & Lane factory employees at Jenison Park, but the date has not been set. On July 4, the Heinz team will play the Holland Shoe factory employees.

New Holland.

Mrs. I. Wessink was pleasantly surprised Wednesday evening by the Aid society of the Reformed church, of which her husband is the pastor. Over 30 ladies were present and they presented Mrs. Wessink with a handsome sideboard.

Look for the Coffinberry real estate bargains on page 3.

Hope College News.

The season of entertainments has begun at Hope. Instead of the dry routine of work from eight in the morning to the wee sma' hours of the next morning, the classes have now begun to plan entertainments in school hours and don't get through with them till the cock is getting ready for a lusty midnight crow.

Last Saturday the Meliphone society began their final windup of entertainments by an outing to Saugatuck. There was a prize connected with the most picturesque costumes, and all did their best to look like rubes. They left on an early morning car and came back at night tired and footsore but enthusiastic over the good times they had had. Ball games and athletic stunts were among the amusements of the day. There were four clowns in the party, M. Verberg, A. VanBronkhorst, H. Kremers and H. Stegeman, each of whom took a prize.

Saturday afternoon the Fraternal society took a hayrack ride to Castle Park. The society members and their friends filled two large hayracks and added the evening to the afternoon to enjoy themselves in. They drew ideal weather and managed to make it an ideal holiday in every respect.

The Cosmopolitans also took their annual outing Monday night. They did not have so good a contract with the weather man as the other parties but they enjoyed themselves in spite of it. A cruise on Black lake on the "Skidoo" is their special hobby, and they took it Monday night, rain and all. They took possession of Olympia pavilion at Jenison park and turned it into a banquet hall. Philip Yonker, John VanZanten and Fred T. Miles were among the after dinner speakers.

The A class was entertained Monday night at the home of Miss Irene Brusse, College avenue.

The Senior class last night had a photo exchanging party at the home of James Veneklassen in Zeeland.

Tonight Miss Mae L. Brusse entertains her classmates; the Senior class at her home on Twelfth street.

The annual entertainment of the Meliphone society will be held Friday night in Carnegie hall. This year it is the semi centennial of the society and therefore a special entertainment. It is free to all and all are invited. Prof. J. M. Vander Meulen will be one of the speakers.

High School Doings.

On next Tuesday evening, June 18, the class day exercises of the high school will be held in Hope church. The exercises begin at 8 o'clock and the program follows:

Class march, Mrs. E. D. Kremers. Invocation, Rev. H. J. Veldman. Vocal solo, Miss Edith Fuller. Salutatory, Miss Kate Steketee. Class prophecy, Ben VanEyck. Piano solo, "Polka de la Rhine," by Ruff, Miss Cornelia Kamferbeek. Oration, "Federation of the World," Ernest Kremers.

Class roll, Miss Chrystal Barber. Violin solo, "Souvenir des Alpes" by Herman, Miss Mabel Oakes. Class History, Miss Fernelle Allen. Valedictory, Miss Floy Raven.

Wednesday evening the eighth grade promotion exercises will occur and Thursday evening the Hon. G. A. Gearhart of Buffalo, N. Y., will deliver the commencement address. On the same evening a musical program will be rendered. Following are the members of the class of 1907: John DeVries, Neil Stroop, Ben Van Eyck, Cyrus Hansen, Ernest Kremers, Ole Olsen, Richard Wiersma, Russel Takken, Cornelia Kamferbeek, Anna Kimpston, Fernelle Allen, Jeanette Knooihuizen, Kate Steketee, Chrystal Barber, Ella Van Putten, Laura McClellan, Floy Raven, Julia Kuite, Mabel Oakes and Mabel Hicks.

A Strike For Lower Wages.

The Wolverine Specialty Company of Zeeland experienced a strike on a small scale when the cabinet makers struck for lower wages Monday. It all came about through one man, a new hand recently from the Netherlands, Huizenga by name. He is a rapid worker and since the cabinet makers do piece work, Huizenga made more money than some of the others. Monday morning the men of this department made the statement to Manager Kroft and Foreman Bouwens that they would work no longer with Huizenga, accusing him of petty thefts of material, etc., and demanding his discharge. This was not granted immediately. Mr. Kroft desiring to look into the case first. The men walked out. They returned Tuesday morning and again demanded Huizenga's discharge, and then revealed the real hitch in the matter by demanding that the wages of cabinet makers be limited to \$2.50 per day. Huizenga seems to be earning more than this, on account of his speed with tools. The demand for lower wages was not granted, however, and the men were back at work by noon.—Zeeland Record.

AMERICAN HORSES LEAD

SEVERAL TAKE PRIZES IN THE BIG LONDON SHOW.

Pabst's Hackney Stallion Wins First Award and Champion Cup—Victory for Kentucky Hack.

London, June 8.—The first international horse show held in England, an exhibition of horses similar in many respects to the Madison Square garden show, with the added interest that the competitors come from many countries, was opened at Olympia Friday and will continue for a week.

The morning events saw but one American horse in the ring, Sir Humphrey, a hackney stallion, the property of F. Pabst, of Milwaukee, and he carried everything before him, taking the first prize in the class for hackney stallions four years old and over, foaled in or before 1903 and standing over 12.2 hands. Sir Humphrey won the champion gold cup presented by Sir John Kerr for the best hackney stallion in the show.

The American horses gave a good account of themselves in the afternoon. Poetry of Motion, owned by Lawrence Jones, of Louisville, Ky., took the first prize for ladies' hacks not under 14.2 and not exceeding 15.2 hands, ridden by a lady, beating in this class several entries from the stables of Alfred Vanderbilt and Walter Winans, an American resident of England.

In the competition for the best pair of horses with carriage and appointments Walter Winans took first and second prizes. Mr. Vanderbilt was third.

In the class for trotters, judged on style, not pedigrees or records, Mr. Mackay secured both first and second prizes and Mr. Winans got third prize.

JAP LEADER THREATENS WAR.

Tani Urges Appeal to Arms—Plan of the Progressives.

Tokio, June 10.—Viscount Tani, leader of the opposition in the house of peers, and head of the defense of Kumamoto in the Satsuma rebellion, is reported to have said anent the American question:

"The persecution of the Japanese in San Francisco is a most wicked act. Should diplomacy fail to bring about a satisfactory solution the only way open to us is an appeal to arms. Our mind is firmly made up. It is certain that America will yield, for its people are radically commercial in their sentiment."

Washington, June 10.—That the Japanese of the Pacific coast and the progressives, a political party of Japan, have entered into an alliance which has the earmarks of an international conspiracy, with the overthrow of the present ministry in Japan and the annulment of the clause in the immigration bill excluding Japanese coolie labor from continental United States as the ultimate objects, was learned authoritatively here Sunday.

The preliminary steps in this scheme, it is said, will be to induce the Tokio government to recall Viscount Aoki, the Japanese ambassador to the United States, and to demand an apology and perhaps an indemnity from this government for the alleged acts of violence against Japanese subjects residing in San Francisco.

With this end in view, representatives of the faction hostile to the Saltonstall ministry have been in Washington to consult with the Japanese ambassador and the state department officials regarding the objectionable clause in the immigration bill, the California school question and the recent riots in San Francisco. The report which they have sent to Tokio, it is alleged, will form the basis of a systematic campaign to bring about anti-American demonstrations in Japan and to force Foreign Minister Hayashi, if possible, to demand indemnity and an apology on account of the disturbances in San Francisco.

SAW NEGRO SOLDIERS SHOOT.

Brownville Woman Thinks She Could Identify One of Them.

Washington, June 7.—Mrs. Emma Leahy, proprietor of the Leahy hotel in Brownsville, Tex., told the senate committee on military affairs Thursday that she believed she could identify one of the former negro soldiers as a member of the group that shot up the town. After hearing firing at the garrison and seeing the flashes of guns she said that she saw 14 men in khaki uniforms in the Cowan alley shooting into the Cowan house.

She was in a window of her hotel, about 40 feet away, and two of the men looked up while she was watching them. Just at that moment several shots were fired by members of the group and she said she saw the two men distinctly. One was very black and the other a mulatto. The latter had large spots on his face and she is sure she could recognize him if she should see him again. The description of this man tallies with the appearance of a soldier of company C, who was one of the men involved in the trouble with Mr. Tait, a customs inspector. A subpoena was issued for him at the beginning of the senate investigation, but he has not been found.

Julia Magruder, Novelist, Dies. Richmond, Va., June 10.—Miss Julia Magruder, the novelist, died here Sunday after a protracted illness. She was 61 years old. She was a native of Charlottesville, Va., and her home was in Washington. Most of her stories were written since 1885.

"I say you must come to Holland on the Fourth." The biggest ever.

Announcement.

The R. H. Post Real Estate Agency takes pleasure in announcing that it has secured the exclusive services of Mr. Peter Elhart, the well known real estate man, who successfully conducted the sale of the Steketee addition. Mr. Elhart speaks both the Holland and English languages, and will be pleased to show property at any time.

An addition has also been made to the office force, and every facility is now presented to give prompt and efficient service to either buyer or seller. New lists are being prepared for the Spring demand, which promises to be greater than ever before, and owners desiring to dispose of their property should list at once.

R. H. POST,

Specialist in Holland City Property.
Citz. Phone 23. 33 W. 8th Street.

"I wish I knew what to give. Here is that wedding but a few days off and I can't make up my mind." O, sorely troubled heart! Van der Ploeg will console you! Come and see him at the Bookstore. See ad.

Cures baby's croup, Willie's daily cuts and bruises, mama's sore throat, grandma's lameness.—Dr. Thomas' Electric Oil—the great household remedy.

Society and Personal.

Peter Elkhart was in Grand Mon day on business.

A. Knooihuizen was in Chicago Saturday.

G. W. Mokma was in Grand Rapids Friday.

N. Dykema spent Thursday in Grand Rapids.

Attorney M. Sooy was in Grand Rapids Friday on business.

Rev. H. J. Heynen of Rock Valley, Iowa, is visiting relatives here.

Mrs. T. Vander Ploeg visited relatives in Grand Rapids this week.

Miss Jessie Smith of Kalamazoo is the guest of Mrs. Albert Rooks.

Miss Jennie Prakken is visiting relatives in Muskegon.

G. W. Browning was in Grand Rapids Tuesday on business.

Miss Genevieve Weston spent Sunday with friends in Chicago.

Miss Bertha Busby left Saturday on a visit to Miss Lilla Thurber at Big Rapids.

Frank Anderson left Friday for San Jose, Calif., where he will spend several months.

Miss Mary Oakes, of Albion is visiting her parents, Mr. and Mrs. J. Oakes 122 Columbia avenue.

The Misses Etta Pathuis and Sadie Boursma, returned from Chicago and are visiting relatives in this city.

Fred and Ben Weersing attended the graduating exercises of the Grand Rapids Theological seminary at Grand Rapids Thursday evening.

Mrs. John DeBoer who has been suffering from asthma for several years, left this week for Oklahoma in the hope of benefiting her health. Her daughter Mabel accompanied her.

Mr. and Mrs. H. A. Naberhuis left Friday evening for Iowa City, Ia., where they will attend the commencement exercises of the state university. Mr. Naberhuis will then receive the degree of Bachelor of Science in civil engineering.

Prof. J. B. Nykerk, who has spent the past year taking post-graduate work at Oxford University, expects to sail from England July 9, and next fall will resume his work in Hope college as teacher of English and music.

Miss Jennie Kanters will leave about June 20 for Washington where she will visit her brothers during the summer. The library, in the absence of Miss Kanters will be in charge of Alderman VanOort.

Miss Kanters will be accompanied as far as Yellowstone Park by Mr. and Mrs. C. J. Dregman.

Miss Bernice Benjamin entertained a number of friends at a party in honor of her twelfth birthday anniversary Thursday afternoon from 4 to 8 o'clock. Bernice received many pretty gifts from her friends and a Bush and Lane piano from her parents, Mr. and Mrs. John E. Benjamin.

The members of the Royal Neighbors of America, after their regular meeting Thursday evening, enjoyed a social session. The following program was rendered after which refreshments were served: Vocal Solo, Mrs. Rose Kramer; readings, Mrs. Lucy Wise and Mrs. E. S. Gale; recitation, Mrs. Leonia Nortlin.

The following young people were entertained at supper at the Pines, Jenison Park Thursday evening by the proprietor of the hotel, J. R. Wiggers: The Misses Dora Albers, Elizabeth Schepers, Esther Fortune, Hattie and Jennie Poelatter, Julia Maatman; Messrs Albert Lampen, James Hartgerink, John Etterbeck, Stanley Fortune and Arthur Maatman.

Mrs. John D. Kanters and Mrs. J. E. Murray entertained at cards at the home of the former Friday afternoon. Progressive pedro was played, Mrs. A. L. Burk winning the honors, while for the second prize there were three contestants, Mesdames F. W. Hadden, Ray and Olive, Mrs. Hadden winning out. A delicious two course luncheon was served.

Mr. and Mrs. F. E. Sullivan, of Washington, D. C., were in the city Saturday, stopping a short time at Hotel Holland. They are on an automobile trip from Washington to California, and have thoroughly enjoyed their travel so far. They made the entire trip here by road, except from Cleveland to Detroit, coming by boat that distance. They have had little trouble with their car which is standing the trip well. Both were bronzed by the weather which they had encountered. They left by boat for Chicago, and from there will go by road the balance of the trip.

Dr. J. A. Riedel, of Chicago, spent Sunday with Rev. and Mrs. Wolvius.

Mr. and Mrs. John Perry, of Chicago, were the guests of Mr. and Mrs. John Kruijenga Sunday.

Mrs. V. F. DeVries entertained the Ladies' Guild of Grace church Wednesday afternoon.

Wm. VanVoorst is visiting his daughter, Mrs. J. D. Crandall, at Hamilton.

Benj. Brower moved Tuesday in to his handsome residence on West Sixteenth.

Mrs. Wm. Welling and son Jacob of Olive Center, visited friends and relatives here yesterday.

Clifford Harrington, who has been employed by the Engle Land & Lumber company at Englewood, La., returned home yesterday.

Mrs. T. A. Boot left Monday for Bay City to attend the annual convention of the Woman's Relief Corps.

Mr. and Mrs. Elias Gray, of Middleville, returned to their home Monday after visiting Mr. and Mrs. W. J. Denison.

Miss Marie Stegeman of Pella, Iowa, has returned to her home after spending two weeks with Rev. and Mrs. Wolvius.

The Ladies' Aid Society of the Methodist church held its business meeting Tuesday afternoon at the home of Mrs. Ederly.

Richard d'Zeeuw of Ann Arbor, who has just finished a year's work at the U. of M. is visiting in Holland for a week before leaving for home in Iowa.

Miss Dora Dutton, sister of Chas. Dutton, arrived today from San Francisco, and will spend the summer here. She is a former resident of Holland.

Mrs. M. J. Kinch and daughter Charlotte, of Green Bay, Wis. are visiting friends here, their former home. They came to attend the Lokker-Menery wedding and will remain several weeks.

Miss Anna Schroeder of this city returned home Saturday from a three weeks visit with friends in Plainwell and while there attended the funeral of Mr. H. P. Stearns of that city.

Attorney L. Y. DeVries will return today from his trip to the Pacific coast. He left on the Shriner excursion to Los Angeles about a month ago, and went as far north as Washington, where he visited A. M. and R. A. Kanters.

Mr. and Mrs. J. B. Mulder and Attorney and Mrs. A. VanDuren went to Allendale yesterday to attend the dedication of the cannon secured for the town by Senator Smith. Others who took in the celebration were Congressman Diekema and State Senator Lugers, who will speak, Postmaster VanSchelven, Con De Pree, Attorney M. A. Sooy and G. W. Mokma.

Mrs. John D. Kanters and Mrs. J. E. Murray delightfully entertained a company of ladies at the home of Mrs. Kanters Thursday afternoon. A literary contest was provided for the guests in which Mrs. George E. Kollen was awarded the prize. The favors were small decorated books as souvenirs of the occasion. The rooms were prettily decorated with tulips and refreshments were served. Mrs. R. Kanters and Mrs. W. J. Olive assisted in receiving.

Lokker-Menery.
Miss Mamie Lokker and Herbert W. Menery were united in marriage Thursday evening at the home of the bride's parents Mr. and Mrs. Jacob Lokker, 140 East Ninth street. Rev. H. J. Veldman of the First Reformed church performed the ring ceremony in the presence of one hundred and fifty relatives and friends. The bridal party entered the parlors at 7:30 o'clock when Mendelssohn's wedding march was played by Miss Matilda Notier at the piano and Peter Notier with the violin. Preceding the bride were the ring bearer, little Charlotte Kinch, bearing the ring in a basket of lilies of the valley and similar, and the ribbon bearers, Margery Goldman, Josie Belt, Harold DePree and Sallus Belt. The bride wore a handsome white gown and carried a bouquet of roses and lilies. During the ceremony the beautiful strains of "Hearts and Flowers" was heard. The parlors were decorated in green and white, the dining room in yellow. Among the out of town guests were: Mr. and Mrs. Forester, the Misses Jennie and Ida Menery, Mr. and Mrs. Hicky, and Mr. and Mrs. Williams of Detroit; Mrs. Elenbas of Grand Rapids; Mr. and Mrs. John Elenbas and Mr. and Mrs. J. Rutgers of Chicago; Mrs. M. J. Kinch and daughter, Charlotte, of Green Bay, Wis.

A lazy liver leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulants (25 cents per box) correct the liver, tone the stomach, cure constipation.

THE NEWS IN BRIEF

C. H. Hudson, formerly a Chicago hotel man, died in Peoria, Ill.

All the saloons in Leavenworth, Kan., were closed by the authorities.

Rev. J. T. Bergen's Father has passed away.

John C. Bergen, a descendant of the original settlers of Bergen's Island and the oldest surviving member in point of service in the Flatlands Dutch Reformed church, died at his home, 413 Seventy-eighth street, Bay Ridge. His death was due to old age, and though he had pleuro-pneumonia last January, he had apparently recovered from it until a week ago, when he succumbed to a reaction.

Mr. Bergen was born on Bergen's Island, which was settled by his ancestors in 1631, and he was of the fourth generation born in the same room in the old homestead, which is still standing. The date of his birth was June 19, 1826. He had lived on Bergen's Island, where he was a farmer until 1890, when the property was sold to the syndicate which now controls it. He then removed to the Shore road, Bay Ridge.

Mr. Bergen joined the Flatlands Dutch Reformed church in 1840, and had been a member continuously since that time. At 14 years of age he was a teacher in the Dutch Reformed Sunday school, having a class of grown colored men. When but 18 years of age he was chosen a deacon of the church, and later as elder, serving for many years in the latter position. He attended the morning service of the church every Sunday up to January last, when he was taken ill. He was a friend of every pastor the church has had during his membership, and was especially beloved by the Rev. Dr. Gardiner, the present pastor.

Mr. Bergen leaves a widow, who was a Miss Mary T. Brower, who was born in Dutchess county, New York, seventy-three years ago, and to whom he was married forty-nine years ago last January. There also survive him five children, the Rev. Dr. Tallmadge Bergen, of the Westminster Presbyterian church of Dubuque, Ia.; Elizabeth, the wife of William R. Bennett, a retired farmer of Bay Ridge; Fenwick, with the Lawyers' Title and Guarantee Company; Ernest C., with the Standard Oil Company, and Dr. Frank B. Bergen of Gravesend. The funeral services were held in the Dutch Reformed church, at Flatlands, Monday afternoon at 3 o'clock.

Andries Steketee having filed in said court his final administration account, and his petition praying for

MUST REORGANIZE MILITIA

GOVERNORS OF STATES ARE GIVEN WARNING.

Regiments Must Conform to Army Rules or Lose Share in \$2,000,000 Fund.

Washington, June 12.—Robert S. Oliver, acting secretary of war, has addressed an identical letter to governors of states and territories having militia organizations calling attention to the fact that under the Dick militia law the militia must conform to the organization of the regular army by January 1, 1938. Mr. Oliver suggests that it is the duty of the governors to take the necessary steps to secure such conformity in organization.

"Failure to meet this statutory requirement will result in debarment of a state from the use of the allotment of the annual appropriation of \$2,000,000 for the support of the militia," says Mr. Oliver.

The act requires that the number of a state's regularly enlisted organized and active militia shall be at least 100 men for each state senator and representative of the state.

Mr. Oliver suggests that the enactment of state laws defining the duties of the adjutant general and his assistants and other officers, and then shows how the state guard must be divided into divisions, brigades and regiments to conform to the regular army organization, reserving to the governor the power of reorganization to increase the efficiency and to make the companies and numbers of officers correspond to the regular army.

The new law will have a far-reaching effect on the national guard, for in few states do the organizations at present correspond with those of the regular organization. The most important change required will probably be in the great increase in the number of men in companies and regiments. In many states so-called regiments of militia, instead of being 1,200 strong, as they should be to meet modern service demands number scarcely more than a battalion or 300 men.

TO FIGHT UMBRELLA TRUST.

Attorney at Philadelphia to Ask Indictment of Prominent Firms.

Philadelphia, June 12.—Acting on instructions from Washington, United States District Attorney Thompson will move against the so-called umbrella trust. It is alleged that there is a conspiracy among the makers of umbrellas and umbrella frames to restrain trade and fix prices. Mr. Thompson will present information in his possession to the federal grand jury and ask that indictments be found. While he will not divulge the names of the concerns against which he will probably proceed, he admits that bills will be framed against some of the prominent firms and corporations in the east.

Findlay, O., June 12.—The first of the 932 cases against the Standard Oil company brought by the state on charges of violating the Valentine anti-trust laws was taken up Tuesday morning in common pleas court. Prosecutor Davis is being assisted by Capt. Merle Poe. The interests of the Standard are being looked after by Virgil P. Kline and S. H. Tolles of Cleveland and J. O. Troup of Bowling Green. Thirty witnesses have been summoned by the state, but there is no indication that the Standard company has asked a person to come and testify in its behalf. The evidence will principally consist of the submission of documents.

DIES TO JOIN WOMAN HE LOVED.

Man Kills Himself After Jealous Husband Slays Wife Who Fled.

Detroit, Mich., June 12.—As a result, apparently, of brooding over the murder ten days ago of Mrs. David Walters by her husband, who was jealous, Clifford Kirkpatrick, a box-maker from Eaton, Ind., committed suicide at his boarding place here Tuesday. He left a letter to his father, James Kirkpatrick, in which he said:

"My only love was killed last Friday by her deserted husband. She was all I had in the world. I have nothing left to live for. I will be safe with my love before morning."

Mrs. Walters and her husband came from Mount Vernon, O., and the murderer, who is under arrest, says that it was his wife's intimacy with Kirkpatrick which drove him to follow her here and stab her to death.

Obeys Woman, Her Shot Kills. Enid, Okla., June 12.—While painting his target board, A. O. Harris keeper of a shooting gallery, was accidentally shot and killed by a young woman. The woman asked Harris to paint the targets before she shot. While he was at the targets she was examining one of his rifles and it was discharged. The bullet struck Harris in the neck.

All Leavenworth Saloons Shut. Leavenworth, Kas., June 12.—The saloons of Leavenworth county were closed Tuesday for the first time in 18 years, as a result of the warning of the sheriff that no joints will be tolerated. There are nearly 125 saloons in Leavenworth city alone.

Kills Police; May Be Lynched. Bluefield, W. Va., June 12.—Lee Tabor, a railroad man, may be lynched because he shot and killed Policeman James Francisco and shot Tom Hunt, another officer, in resisting arrest. Feeling is running high as a result of the shooting.

Lugers & Miles

Real Estate Dealers.

FOR SALE CHEAP—A good ouse and large lot on Thirteenth street between Pine and Maple. This place is a genuine bargain and must be sold at once.

Another fine property on West 14th street that we can offer at a price that you cannot resist if you are looking for a first class place at a very low price. A ten room house and large lot, all in first class condition.

Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nerve. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.

"I take pleasure in recommending Dr. Miles' Nerve to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

JUDGE JACOB SEEMANN,

Madison, Wisconsin.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

STATE OF MICHIGAN.
The Circuit Court for the County of Ottawa.
In Chancery.

Oliver C. Knappen,
Complainant.
VS.
JAMES B. PORTER and
his unknown heirs at
law,
Defendants.

At a session of said Court held at the Court House in the City of Grand Haven, in said county, on the 22nd day of April, A. D., 1907.
Present, the Honorable Philip Padgham,
Circuit Judge.

In this cause, it appearing to the satisfaction of the court now here, from the affidavit of Jacob Steketee, complainant's solicitor, that he has made and caused to be made inquiry as to the residence and whereabouts of the defendant herein, James B. Porter, among such persons as might be apt to know the same, but that he has been unable to obtain any information regarding him whatsoever, that it cannot be ascertained that the said defendant was ever a resident of Michigan, or that he is now living, nor can it be ascertained in what state or country he now resides if living; and that after making like search and inquiry it cannot be ascertained who the heirs at law of the said James B. Porter are, nor in what state or country any of them reside; and that the said James B. Porter together with his unknown heirs at law are necessary parties to this suit; on motion of Jacob Steketee, solicitor for complainant, it is ordered that the appearance of the said defendant, James B. Porter, and each and every of his unknown heirs at law be entered in this cause within six months from the date of this order, and, in case of their appearance, or the appearance of any of them, they respectively cause their answer, or the answer of such of them as shall have appeared to the bill of complaint in this cause, to be filed and a copy thereof to be served on complainant's solicitor within fifteen days after service on them, or on such of them as shall have appeared, of a copy of said bill and notice of this order, and in default thereof that the said bill be taken as "confessed by the said defendants and each and every of them."

And it is further ordered that within twenty days from the date of this order, the said complainant cause a copy thereof to be published in the Holland City News, a newspaper printed, published and circulated in said county, and that such publication be continued therein once in each week for at least six successive weeks, or that he cause a copy of this order to be personally served on the said defendant and his respective heirs at law at least twenty days before the time prescribed for said appearance.

Philip Padgham,
Circuit Judge.

EDUCATION AS AN AID TO PROGRESS

AMBASSADOR BRYCE SEES GREAT FUTURE FOR THE UNITED STATES.

DELIVERS ADDRESS AT CHICAGO UNIVERSITY

Speaker Sees Hope for Next Generation—Advises Hearers Not to Let Practical Side Be Only One of Their Lives.

Chicago, June 12.—Ambassador James Bryce sees a great future for the United States. In his address Tuesday at the sixty-third convocation of the University of Chicago, held in Bartlett gymnasium, he declared that nowhere on earth are there so many people receiving university educations as in the United States. "The effects of this," he said, "will be seen in the next generation. Let us hope that they will be felt not only in the complete equipment of your citizens for public life and in their warmer zeal for civic life, but also in a true perception of the essential elements of happiness, a larger capacity for enjoying those simple pleasures which the civilization of taste and imagination opens to us all."

Tells Effects of Science.
The ambassador opened his address by commenting upon the fact that production and transportation, all over the world, have been transformed by science and, he asserted, the effect of science is also strongly felt in education.

Sixty years ago, he said, science was not given a prominent part in the curriculum of schools and universities and now it is trying to relegate the study of language and literature to a secondary place. In some parts of the world, he said, it is becoming necessary to insist upon the importance of the human, as opposed to the natural, or scientific subjects.

Ought to Have Two Lives.
"Every one of us ought to have a second or inner life, over and above that life which he leads among others for the purposes of his avocation, be it to gain money or power, or fame, or be it to serve his country or his neighbors," the speaker continued. "He ought to have some pursuit or taste to which he can turn from the daily routine. Whatever the taste or pursuit may be, whether of a higher or common type, it is good for him, but, of course, the more wholesome and elevating the taste or pursuit is, so much the better for him."

The speaker then asked his hearers to consider the question of what can be done by instruction in natural science and what instruction in the human literary pursuits can do, to instill such tastes or suggest pursuits. The human subjects, he declared, are best fitted to nourish and illumine the inner or personal life. Poetry and the imaginative treatment of human themes, he said, were potent in this direction.

Must Not Be Too Practical.
"The practical lessons I must deduce," said Mr. Bryce in closing his address, "are that the ardor with which the study of the physical sciences is now pursued for practical purposes must not make us forget that education has to do a great deal more than turn out a man to succeed in business. In the second place, students must remember that in the study of languages and history they must beware of giving exclusive attention to the technical philological work and to purely critical inquiries."

Exercises of the convocation began at 8:30 a. m., with the "matutinal for candidates for higher degrees" at the Quadrangle club.

At the university luncheon informal speeches were made by Mr. Bryce, President Harry Pratt Judson of the university, Speaker Cannon, Senator Hopkins, Congressman Lowden, Dean George E. Vincent, Miss Breckinridge, D. Trumbull of the class of 1897, F. D. Bramhall of the class of 1902 and H. H. Swift of the class of 1907.

President Judson entertained the ambassador Monday evening at dinner at his home, after which the party attended the convocation reception in Hutchinson hall. In the receiving line were Ambassador Bryce, President and Mrs. Judson, Mr. and Mrs. Andrew McLeish and David J. Peppers.

Will Fight Two Cent Fare Law.
Kansas City, Mo., June 12.—The railroad of Missouri will fight the two cent fare law in the federal courts. Frank Hagerman, of Kansas City, representing 18 railroads, served notice Monday on Herbert S. Hadley, attorney general, that Friday morning he will ask the federal court to enjoin the enforcement of the law.

Woman Burglar Confesses.
Cleveland, O., June 12.—Mrs. Beale Metzford, 18 years old, confessed to the police Monday that she was a burglar. She admitted that on a number of occasions she has accompanied her husband, Otto Metzford, in his alleged raids on stores in different parts of the city, acting in the capacity of a lookout.

Dutch Marine Strike Ends.
Rotterdam, June 12.—The sailors Monday accepted the raise in wages offered by the shipowners, and consequently the strike proclaimed June 1 by the local branch of the Dutch Seamen's association is at an end.

"NATURE TEACHES BEASTS TO KNOW THEIR FRIENDS."

Coriolanus, Act II, Scene 1.

30 DEAD, MANY HURT IN TERRIFIC STORM

WIND AND CLOUDBURST RUIN VILLAGES IN KENTUCKY AND ILLINOIS.

Twenty-One Persons Are Killed at Gradyville and Six at New Minden—Tornado Does Great Damage in Pleasant Valley, Iowa.

Louisville, Ky., June 10.—Twenty-one dead, the village devastated, and several thousand acres of growing crops ruined is the sum total of the havoc wrought by a cloudburst that descended on Gradyville, Ky., and vicinity Friday night.

All the dead are residents of Gradyville, and, although reports are meager, it is believed no further fatalities will be reported from the surrounding country.

The bodies of 19 of the victims have been recovered. The names of the known dead are:

Mrs. L. C. Nell, wife of State Senator Nell, and her four children.
Mrs. Lum Hill, and one child.
Mrs. Carl Milmore, her daughter and granddaughter.
Paul Wilson, 18 years old.
Mrs. Hartfield Moss and her six children.

LOCAL.

Contractor W. F. Van Anrooy has completed the work of sheet piling on the Saugatuck piers, and has started dredging for Bennett & Schnorrbach, some work being required where the south breakwater is building.

[A] launch owned by A. Tanner was rented Sunday by some boys who made a trip out on Lake Michigan. When less than a mile off shore the engine broke down, and they were unable to get back until the lifesaving crew went to their assistance and towed them in.

The annual readjustment of postmaster's salaries, which goes into effect July 1, makes the following changes:—Allegan, \$2,300 to \$2,400; Otsego, \$1,700 to \$1,800; Plainwell, \$1,200, to \$1,400; Saugatuck, \$1,200 to \$1,300. Fennville remains at \$1,400, the salary having been increased \$200 one year ago.

The Allegan Boat & Park company has been organized under the laws of the state with a capital stock of \$10,000. Shares are \$10 each, and many shares have been taken by local business men. This is strictly an Allegan company and deserves liberal support and patronage. Work on a pavilion 40 x 60 feet has been started at Cook park, up the river.

R. H. Post has sold to William Lawrence a lot on West Fifteenth street between Maple street and First avenue for \$450, also to Arrie Vander Hill a house and lot, No. 197 West Seventeenth street, for \$1,450; also to Henry Plummer, a new house and lot No. 12 East Twentieth street, for \$1,550; also a house and lot, No. 199, East Fifteenth street, to C. Denney for \$1,300.

Railroad Commissioner Glasgow has promised to make an official visit to this city upon the adjournment of the state legislature for the purpose of investigating the need of the Pere Marquette railway company to erect gates at the Eighth, River and Twenty-fourth street crossings. Alderman Stephan has been busy on this matter and through his work matters will materialize.

There is considerable emigration from the Netherlands to this vicinity at the present time. In fact not in fifteen years have so many emigrants come over from that country to this vicinity. Two families arrived here yesterday and the population of the town has been considerably increased from that source recently. The wonderful run of good times in America is attracting the foreigners.—Grand Haven Tribune.

John Mahon, a Grand Haven young man was stabbed and seriously injured Sunday in Milwaukee. He became engaged in a quarrel with a sailor named Lehman on one of the Barry steamers, plying between Milwaukee and Chicago, with the result that Lehman pulled a huge knife from his pocket and cut Mahon in the arm and right side. The wound in the side penetrated Mahon's lung and he is now laid up in a Milwaukee hospital.

Poundmaster VerWey has started out on his annual crusade against canines, and all dogs that do not wear the tag that entitles them to life and liberty will be gathered in. The old tag became worthless June 3 and since that date City Clerk Van Eyck has issued 105 tags, and there are 300 dogs in the city, which means that there will be a rich harvest for the poundmaster unless the owners get busy and take out a license for their pets.

Julius Lange, first mate on the barge Phoenix at Grand Haven was chopping a rope on board the boat Saturday when he chopped off his left hand. The barge hailed the car ferry Grand Haven and Lange was taken aboard and a record run made to Grand Haven, where he secured medical attention in the Marine hospital. He is 40 years of age. It is believed he will recover. The Phoenix followed the car ferry to this port.

At a meeting of the Macatawa Park association steps were taken to strengthen the new Macatawa dock by driving additional piles and deepen the water through dredging to permit the regular landing of the Graham & Morton boats. The association contemplates the purchase of an additional ferry boat and has cut the passenger rate from 10 to 5 cents for a continuous round trip. A committee was appointed to select a site for a memorial in the form of a granite drinking fountain which Dr. A. W. Hall desires to erect in memory of his wife who died in California last winter. The old picnic grounds along Grove walk will be abandoned and new grounds will be arranged in Fern park, where tables and every convenience will be provided for picnic parties.

Read the Holland City News.

George Rutgers of Graafschap, who is building a new residence in this city, will move over here.

J. Raterink, who owned a shoe store in Zeeland, has sold his business to John Shoemaker. Mr. Shoemaker will take charge of the business tomorrow.

Captain Bill of White Lakk, has bought the boat Gladies of J. C. Everett, for a consideration of \$500. The sale was made by Capt. Deto.

M. Lemmen of Graafschap, who was sent to the Butterworth hospital last week to be operated on for parasites in the intestines, has not yet had the operation performed. Dr. Beuker of Graafschap is attending.

Yesterday afternoon Fred Rutgers and Lusie De Frell of Graafschap, were united in marriage at the groom's home. Some 50 guests were present. One of the guests was J. G. Rutgers of Chicago.

A flower mission social was held last week at the home of Mrs. C. S. Dutton as a memorial for the late Mrs. H. D. Post who has for years been conducting this work. Mrs. R. N. DeMerell spoke the memorial address. Mrs. C. V. R. Gilmore and Mrs. Marsh paid brief but touching tribute to the memory of Mrs. Post, and Mrs. Dutton, who will now take up the work dropped by her mother, voiced her appreciation of the loving words expressed by many friends.

An Irishman who was landed in jail Monday by Chief of Police Kamferbeek for disorderly conduct was arraigned in justice Van Duren's court Tuesday and given twenty minutes to make himself scarce as far as this town is concerned. The big Chief had difficulty in landing his man. Fists, feet and teeth were all used effectively. Finally he was loaded on a dray, and the Chief literally sat down on him he decided to cool down.

Among those who went to Grand Rapids last Friday to attend the Merchant's banquet, were M. Osborn, L. Fris, D. J. Sluyter, P. Boot, H. R. Brink, H. Van der Ploeg, Mr. and Mrs. H. Wordhuis, Mr. and Mrs. H. Nykerk, J. and C. Lokker, Mr. and Mrs. Bert Slagh, Mr. and Mrs. A. Hidding, Mr. and Mrs. G. Van Zanten, Mr. and Mrs. Fred Beuwkes, Mr. and Mrs. H. Van Tongeren, Mr. and Mrs. H. Van Ark, John and Albert Rooks, D. T. Boonstra, Chas. Dykstra, C. J. Van derest, L. M. and J. Blok, Verhulst Bros., and John Wabeke.

Dr. James F. Zwemer has been elected professor of practical theology in the Western Theological seminary in this city at the meeting of the general synod of the Reformed church in session at Albany, N. Y. He is a graduate of Hope college in 1867, and of the Western Theological seminary in 1870. He has had charge of several churches in Michigan, including the Seventh Reformed of Grand Rapids, and of churches in the west. He was principal of the Northwestern Scholastic academy at Orange, N. J., eight years.

Tomorrow will be the one hundred and thirtieth anniversary of the flag of the United States. The flag was designed for a nation of 13 colonies, stretched like a belt along the Atlantic coast, made up of less than three millions of people without common traditions or language; drawn together only by common danger from savages within, and oppression without, which threatened their existence and liberties. That flag now waves over a great nation, extending from the Gulf of Mexico to the Lakes; from the Atlantic to beyond the Pacific ocean, and inhabited by nearly ninety millions of people, who speak a common language.

Saturday night Harry Risselada of Hudsonville shot himself through the heart. It is supposed that he was despondent over his inability to get work. Risselada was a young Hollander who came over from the Netherlands last August. He was employed for a while by the Heinz company in Zeeland and during the winter had various other jobs. Saturday morning young Risselada boarded the car at Hudsonville for Zeeland, bought a revolver at Ver Hage's hardware store, returned to Hudsonville to the home of J. Van Dyke where he was staying and went down cellar and shot himself at about 8 o'clock p. m. The funeral was held Monday afternoon. Later it developed that young Risselada had been spirited away from his homeland last fall because he had committed some crime. His relatives did not care to be involved in the disgrace of an arrest and gave him money to come to this country. It is supposed that it was a case of forgery. In a letter to his parents that was found after the suicide had been committed he mentioned that on his birthday which would soon occur he meant to turn over a new leaf. He was 22 years old.

C. H. McBride and W. O. Van Eyck have purchased the G. Van Putten homestead at Eighth and Maple streets.

Geo. A. Lacy has purchased a house he expects to occupy about July 1st. The deal was made through Weersing's Agency.

The board of education has purchased of A. Seif the vacant lot on Eleventh street across from the Maple street school, and will use it as a play grounds for the children. The lot is 85 by 132 feet.

Double daily service will be started by the Graham & Morton line a week from Saturday, June 22, if the weather is at all favorable. The Interurban line will begin its half-hourly service next week.

Francis Campbell, the well known singer, formerly of Grand Rapids and now a resident of Detroit, was a passenger on the Puritan from Chicago Sunday. He was called to Chicago by the death of his fiancée, Mrs. Young. Their marriage was to have occurred the latter part of this month. Mr. Campbell has a number of friends in this city, where he taught music several years ago.

The fog signal to be erected at Holland harbor and for which an appropriation was made by the government about six years ago arrived yesterday from Milwaukee on the government transport Hyacinth Captain Brunson in command. The signal will be stationed near the outer end of the south pier and work will be commenced in a few days. It will be operated either by steam or compressed air.

Macatawa Bay will be stocked in a few days with 150,000 pike and black bass fry, thereby increasing her reputation as one of the most delightful fishing grounds in Michigan. The consignments will arrive from the state hatcheries at Mill creek and instructions as to planting will be closely followed so that there will be no loss. The work will be done under the direction of Albert Tanner.

The library has received a splendid donation of books through Mrs. C. V. R. Gilmore, from a friend in the East, about 100 volumes, mainly of a literary nature, and a large number of valuable books from Rev. Philip Phelps, Jr., Gansevoort, N. Y.; among which is a set of Ante Nicene Christian Library in 24 volumes; Translations of the Writings of the Fathers, down to A. D. 325, by Rev. Alexander Roberts, D. D.; James Donaldson, D. D.

Peter Spero, proprietor of the Holland Candy Co. and Mrs. J. C. Brown are acquiring notoriety by their frequent contact with justice court. In fact it is liable to become one of the new chief of police's chief duties to arrest the violators of the Sunday closing law. The above named offenders of the law appeared once more in Justice McBride's court last Monday. They stood mute and the plea of not guilty was entered by the court. When prosecutor Coburn is ready their trial will take place. Attorney C. Vander Meulen will appear for Mrs. Brown while M. Sooy will act for Spero.

A. Vinkemulder has received the following letter from Henry Pelgrim of Holland, former county treasurer: "I am very sorry to hear that our good and beautiful church building, the pride of Grand Haven, is no more. I have no doubt but that your folks had a good fair amount of insurance on the building but that will not pay for a new church. Therefore as soon as you start a subscription list you can put my name down for \$25 toward the new church." Mr. Pelgrim while a resident of Grand Haven was a member of the church congregation.—Grand Haven Tribune.

Messrs. J. B. Coffinberry & Co. whose advertisement appears in this issue are offering some fine lot bargains in the Diekema Homestead addition. The sale was but recently opened and the lots have been selling very rapidly. The prices range from eighty to three hundred dollars per lot. The terms are only one dollar down and then 50 cents a week. No interest or taxes are charged. No payments are required during illness. A warranty deed and abstract of title is furnished free with every lot. The deeds are signed by Hon. Gerrit J. Diekema, the payments are made at the First State Bank. This property is being sold to close the Diekema estate and scores of people are taking advantage of the opportunity afforded to buy desirable building lots at the prices and terms at which they are being offered. The lots are located where the growth of Holland is going.

Holland City News want ads, pay

Why isn't Holland neighborly? They are going to have a Fourth of July celebration in the big town of the county and the committee which is arranging things have declared that they would like to have the state militia present. Acting upon this they have invited several of the Grand Rapids companies to come down but have forgotten all about the fact that Grand Haven has a company of national guard, Grand Haven Tribune.—Brother Nichols, the committee on this matter has not yet acted but there is no doubt but that the Grand Haven Military company will hear from them.

Superintendent of Public Works DeYoung is searching for an additional water supply. He is having test wells sunk in the district south of Twenty fourth street and east of Land street in the vicinity of Laarman's creek. There are several good springs in that neighborhood and indications are favorable for finding water in abundance. The test wells will be driven over considerable territory, and the search for water will be made as thorough as modern facilities will permit. The present water supply is limited owing to the encroachment of residences upon the property from which the supply is drawn, and the city at an early date must find means for increasing the supply.

Common Council.

A great deal of business was transacted at the meeting of the Common Council Monday night. Prof. H. R. Brush requested the laying of a sidewalk along State street between Twenty fourth and Twenty-sixth streets. His request met with favor, but the council will first have to determine the grade of State street, before establishing the sidewalk grade. This will be a matter of but a short time.

Fred Seery petitioned for a license to run five pool tables in the building at 72 East Eighth street, now occupied by Hub Harrington. Referred to the license committee.

A belated petition for sprinkling on parts of Twelfth street was referred to the same committee.

The Holland-Manistee Brick Co. was allowed the temporary use of 200 feet of East Ninth street.

Poor bills to the amount of \$77 were allowed for the current month.

A petition was handed in for a sewer on Central avenue, between Nineteenth and Twenty-fourth sts. This would necessitate the extension of the Central avenue trunk sewer, and the petition was referred to the committee on sewers.

The requests of Henry Oosting and Marcus Brower for licenses to build cement walks was referred, together with bonds, to the license committee.

The council was not yet ready to engage the services of Mr. Baas with a garbage wagon, the committee not having decided on the method of its disposal.

The graveling of Twenty-fourth street between Central and College avenues was referred to the committee on streets.

Bids will be asked for the printing and binding of 100 volumes of the new city charter, as recently revised. The committee on ordinances will attend to this matter.

The street railway company will be instructed to fix its tracks along West Thirteenth street, so that wagons and other vehicles can readily cross the tracks without too great a jar.

On July 8 a hearing will be held on the proposed construction of sewers on East Sixth, East Seventh and College avenue. The work will be done by the board of public works, the labor to be hired by the day.

A resolution to lay a sidewalk along the north side of West Twelfth street between Van Raalte avenue and the west side of Harrison avenue was voted down, all the alderman but those of the fourth ward voting against it.

A settlement was reported having been made with B. Riksen for \$487, balance due on the grading and graveling of East Fifth and West Fourth streets.

The clerk reported the amount of \$4,655.99 in license fees, received from various sources, among them the Wolverine and Grand Union Tea companies.

A request from the board of public works to decide as to the signing of new contracts with the Citizens Telephone company at the new rates, was filed. The aldermen were very reluctant to sign contracts, especially since many private phones were put in without any contract at all.

Taking it all together, it was a busy session for the council last night. All the aldermen were on the alert and patiently waded thru the entire routine.

Light Extension Wins.

At the special election last Monday the voters decided by a large majority to bond the city for \$30,000 to enlarge its lighting plant. The board of public works is now in a position to receive bids from the Grand Rapids Muskegon Power Co. to furnish the current from their power house. No definite contract has so far been submitted, but now that the bonding proposition has passed plans can be made and Holland is in a position to have its streets illuminated more adequately than they have been.

The total vote last Monday was 658. For the proposition 565 against 88 with 5 blanks.

Logging at C. L. King & Co.

Logging operations at the C. L. King & Co.'s basket factory and sawmill, located on Macatawa bay, are carried on more extensively with each succeeding year. It is estimated that more than 8,000,000 feet of timber will be cut into lumber and material for baskets this season, the output having attained immense proportions. The logs are mostly shipped from the company's timber lands in northern Michigan and huge logging trains comprising from 30 to 40 carloads are frequently run over the Pere Marquette railway and switched to the yards.

Of this vast quantity of logs nothing goes to waste. The ends are cut into wood and the sawdust is burned. The manner in which the logs are unloaded and raised affords an interesting sight.

The company in former years operated only a basket factory and a few years ago a sawmill was added and the two combined make the place one of the busiest and most interesting spots on the Macatawa bay shore.

A large force of men and girls are given employment. In the basket factory millions of butter plates and baskets are annually made and placed on the market. The company's freight bills annually run into the thousands and the firm is one of the largest patrons of the Pere Marquette railway.

Governmental Business Ways. In paying dividends on government stocks the British government takes no account of fractions of a penny. In this way it makes about \$7,500 a year out of the investors in public funds.

The Better Education.

Every man has two educations—that which is given to him, and that which he gives to himself. Of the two kinds the latter is by far the most valuable. Indeed, all that is most worthy in a man he must work out and conquer for himself.—Lynman.
