## OTTAWA BOARD STUDIES NEW HIGHWAY PROPOSAL

The Ottawa county road commissioners have just made a survey of the lake shore property north of the river to determine the advisability of putting in a county road. The section looked over is owned by Vercoe and Worm, realtors, of Grand Rapids, and the route exists there at present. The proposed road would lead through Ferryburg, directly tapping M-11 and M-16 and, as this territory is developed as resort property, the road would be of inestimable value. No reports as to the decision of the commission were made.

## BOTER HEADS EXCHANGE CLUB COMING YEAR

LOCAL CLUB DONATES TO THE  
TOURIST RESORT ASSO-  
CIATION FUND

The last meeting of the Exchange club for this season at the Warm Friend Tavern yesterday morning was well attended and there were many speakers on the program. There were officers elected for the ensuing year and the retiring officers sang their own songs.

The club went on record as donating liberally to the drive now going on to secure money for the Western Michigan Tourist or Resort association, a cause that has great merit and is especially beneficial to all resort cities.

Upon retiring George Pelgrim gave a history of the work done by the association and his resume showed many things accomplished thru the club for the community besides a series of programs that were beneficial and elevating to every member.

The officers were then elected and the following men were named: president, Dick Boter; vice-president, Earnest Brooks; secretary, Clarence Jalving; treasurer, Otto P. Kramer; directors, J. A. Johnson, John Van Taenhove and Albert Lampen. The holdovers are Frank Bolhuis, George Vanderlief, and Jack De Pree.

The Exchange club was fortunate in having many speakers from abroad, everyone of them graduates of Hope College who are visiting here for commencement. There were so many speakers chosen from the members as well as from the guests that Chairman George Pelgrim had to use the stop and go signal, a red and green light placed in the center of the speakers' table. The stop light was often used and but for the red light the program would still be in progress.

The first speaker was Rev. Cornelius Muste, who spoke about the physical, mental and moral qualifications of mankind, pointing out that certain qualifications made the others made criminals. He stated that we are thinking too much of progress in terms of money, inventions and development of resources. This is all good and well but we must think in spiritual terms which after all is the foundation of our present and future well being.

Rev. J. W. Van Zanten of Brooklyn told a few very pointed stories with excellent morals and stated that he always came back to Holland to become inspired and to become even more active in Brooklyn. He gave some class history as a student of Hope and it is that connection that will always be near and dear to him.

Rev. Marinus Den Herder, also of New York, spoke highly of the development of Holland and the changes that were wrought since his last visit. He felt that the material changes that had taken place were not the only changes that had taken place, but that there had been a change in the moral and spiritual development of a rapidly growing Holland.

Rev. John Banninga of India stated that during his furlough he had worked much in the north Atlantic states. He said that the spirit of the forefathers, the spirit of those who landed at Plymouth Rock was still the dominating spirit of the New England and he was proud to say that the religious spirit of our forefathers of pioneer days was also the dominating spirit in the city of Holland.

From now on the city rest room in the city hall will be open on Sundays, the committee announced to the council Wednesday night.

## WOMAN KILLED BY HOLLAND INTERURBAN

MRS. LOUISE NOWACKI, 44,  
FACTORY WORKER, HIT  
BY PASSENGER  
COACH

Plans of Mrs. Louise Nowacki, 44, to return soon to her family in Poland with money she had accumulated during 12 years of work in factories at Grand Rapids were shattered late yesterday afternoon when she was killed beneath the wheels of a Michigan electric coach at the intersection of the Watson-st., SW., crossing at Grand Rapids.

Mrs. Nowacki, a glass cleaner employed by the Hart Mirror Plate company, left the plant at 4 o'clock and started for her home at 421 Watson-st., SW., Grand Rapids, where she lived alone. As she neared the tracks a short distance from the plant, she noticed a slowly moving freight train approaching from the north, and as it was moving only at about two miles an hour, she ran across the tracks in front of it.

A passenger coach operated by Motorman George Forest, 39, of 1059 Kensington ave., SW., employed on the Holland division of the railroad, was also starting on an outbound trip and was approaching on the tracks behind the freight, unseen by the woman, and hit her before Forest could apply the brakes. Her body was carried about 75 feet beyond the crossing. Officer Robert McGrady of the police ambulance crew and Coroner Simon LeRoy found that the car was brought to a stop 145 feet from where Mrs. Nowacki was hit. Forest said his car was moving at 12 miles an hour.

O. J. Hansen of Holland, superintendent of the western division of the Michigan Railroad, happened to be operating the lead car of the freight which was being made up for a trip to Battle Creek, and he told officers he did not see Mrs. Nowacki pass in front of the car.

Two employees at the glass plant, Frank DeMull, 1430 Alpine ave., Grand Rapids, and Sidney Meeker, 446 Warden-st., Grand Rapids, witnessed the accident through a window at the rear of the plant.

## ABSENT FOR 18 YEARS. WAS ANTOUNED OVER HOLLAND'S GROWTH

Mrs. Gertrude Pessink Fletcher who has lived in Chicago for a great many years, and who is now stopping at Warm Friend Tavern, is simply elated over Holland's growth. Although this is her birthplace, she has not been in this city for 18 years, and she marvels at the change. She says there was no postoffice or no beautiful city hall at that time, Central school, now Froebel school, was the only pretentious building. Now the city is dotted with beautiful ones. She says the skyline of 8th street and River avenue is so changed you wouldn't know it. Then a theatre run once a month with a road show, now there are three going nightly, and your churches too. They are beautiful and many of them, and your Hope College and your Centennial Park, "I simply cannot realize it," said Mrs. Fletcher.

## MAY SUPERVISE PUPILS' PLAY IN HOLLAND

COUNCIL COMMITTEE AND C.  
OF C. COMMITTEE TO DIS-  
CUSS THIS SUBJECT

The chamber of commerce asked the common council to appoint a committee of three to meet with a committee of the chamber of commerce for the purpose of finding ways and means of securing a playground director for the school children during the summer. Such a director could be of service in many ways and the chamber of commerce feels that directing the play of the pupils during the summer months has become a great necessity in Holland now that the streets are no longer safe for play.

The council named the committee on public buildings and property to meet with the chamber of commerce committee to work this matter out. The same committee will also work out the matter of protecting the pupils at street intersections on the way to and from school. It was pointed out that while the new Washington school is in process of erection there will be greater congestion as pupils from that school will go to Horace Mann for the morning and to the new school for the afternoon.

Mr. and Mrs. George Vander Werp (Muskegon)—\$25 prize, given to the member of senior class who maintains the highest standing in English during 4 years of course—won by Lois G. Brockmeier.

## KELLY ICE CREAMS WON THE WESTERN MICHIGAN CHAMPIONSHIP LAST YEAR

The Holland Independents will stack up against the Kelly Ice Creams of Grand Rapids at River-view park Saturday. The teams have been rivals for years and honors are about even. This will be Poppen's last appearance on the mound as he is about to leave for Baltimore.

The Kelly Ice Creams will be the strongest team of Holland has met up with this year. They were the winners of the Western Michigan championship, which carried with it gold watches for each of the players, and \$1,500 in prize money.

Manager Spinks plans to use Albers for mound work in many of the season's games. Albers has been one of Hope's pitching aces and has an excellent record.

## CITY TO EXACT NEW BOND FROM HOUSE MOVERS

PUBLIC LIABILITY BOND OF  
FROM \$10,000 TO \$15,000  
WILL BE REQUIRED

A public liability bond of from \$10,000 to \$15,000 will be required after this from all house movers in the city of Holland. This was decided by the common council Wednesday night when it was pointed out that at any time on a windy night a red lantern posted at a house in transit might blow over and a speeding automobile might dash into the obstruction. In that case the city would be liable and the city wants to protect itself.

The property damage bond of \$2,000 that has always been required will remain the same. This is to protect the pavement, shade trees and so on. There was some suggestion that damage to pavement might not show at first and then show up later when it was too late to collect, but the general opinion was that this suggestion was not well founded. Moreover, it was pointed out that if the weight of the house is well distributed over planking on the pavement there is little danger to paving when a house is moved.

The committee on claims and accounts reported \$4,937.52 in claims against the city the past two weeks, at the meeting of the common council Wednesday night. The committee on poor reported \$150 for temporary aid.

# STATE CONDEMNS FILLMORE SCHOOL BUILDING WHEN DISTRICT FAILS TO ACT

As a result of a long but unsuccessful campaign in district No. 1 of Fillmore township to replace the old dilapidated schoolhouse with a new one, the state department of public instruction has taken a hand and has sent a writ to the school board condemning the building and ordering the erection of a new one. This action was taken by the state department after two representatives, Charles A. Rinehart and Malcolm H. Mills, had made a careful investigation. The district has been given permission to continue holding school in the old building the coming school year but meanwhile steps must be taken to erect a new school.

On April 29 the directors called a meeting of the voters of the district and proposed erecting a new school, but the proposal lost by a vote of 22 to 27. On May 20 another attempt was made but again it lost, this time by a vote of 25 to 24.

Then the state took a hand, when it appeared that the district would not voluntarily erect a new school, and as a result of a careful examination of the building the condemnation order was sent in the form of a telegram to the board. In a letter to the board the department goes into details describing the defects of the building and pointing out that it is a menace to the health and lives of the pupils. It is a two story building erected 48 years ago and it is in such bad shape that it is unsafe for the members of the board to dare go upstairs for fear that the building might collapse. Walls have pulled away from the joists, joists have sagged, stairs are sagging, walls are cracked, bricks have been loosened, walls are out of plumb and in general, according to the state department of public instruction, the building is in very poor condition. Moreover, there is no provision for ventilation, the glass area is only one third as much as is required and the building is in nearly every respect antiquated.

The district has a valuation of \$372,000 and it is estimated that a new school will cost about \$8,000. It is estimated that a property owner whose assessed valuation is \$10,000 would have to pay only about \$25 for the tax on the new school. The whole amount can be assessed on the tax roll in a single year and a bond issue will not have to be resorted to. The new building will be started immediately after the close of the coming school year.

Friends of the new school project charge that the stigma of having action forced by the state might have been avoided if the meetings had not been packed by hangers on and children people who otherwise never attend a school meeting. It is asserted that the people who have children in school are overwhelmingly in favor of a new building.

The war department has announced the definite dates for the summer encampment of the Michigan national guard.

The entire Michigan national guard will be at Grayling in August, where an intensive camp schedule is being planned. The 182nd field artillery will march for 6 days to camp from Detroit. This regiment is generally known as the million dollar outfit, it being equipped with 6" howitzers drawn by caterpillar tractors.

The 119th field artillery will leave its stations on August 5th arriving at camp for a heavy firing program lasting 10 days. This regiment during the late war earned the distinction of being the hardest hitting of the American artillery regiments, and was in combat longer than any other without relief.

On August 7th the 125th and 126th infantry regiments, the cavalry, and the special troops will entrain for camp, returning home August 21st. A varied schedule of training has been outlined, including a seven day period of combat exercises.

Each year, the reservation at Grayling is enlarged and improved, to the extent that now over 600 acres are cleared.

The milk campaign results in Allegan county have proved very gratifying. The surveys which were made from the extension of office show that 50 per cent more of the school children are drinking milk now than were drinking milk before the milk campaign. Before the milk campaign nearly one-third of the 3162 children reported did not drink milk daily. The survey taken six weeks after the campaign shows that only one-seventh of the children do not drink milk daily. Besides this, there is an increase in the amount taken. Before the milk campaign 32 per cent of those drinking milk daily drank two cups, this was changed to 21 per cent who drank only 1 cup and 40 per cent were drinking two cups of milk daily.

The Longfellow Parents-Teachers club enjoyed a most successful picnic Saturday afternoon at Hamilton Beach. The last of the very large crowd of funmakers was "all aboard" for the grounds within 30 minutes after the first had gathered at the school house, thanks to the traffic manager, Mr. Al. Wiegand.

The sports program was run in a snappy and interesting manner under the leadership of Peter Lieveson and Richard Van Kolken. After the prizes were distributed supper was served, including hot coffee prepared by Mrs. Jim Schurman; the supply was soon exhausted. The children were treated to ice cream and cracker jack by the club.

Then dividing into appropriate groups, several ball games were started. The feature of the men's game was a spectacular catch by Frank Lieveson, who, while playing short stop, caught Miss Mahaffey in both arms as she was running to first base. Dr. Westrate and Milo De Vries were put out of the game in the early innings because of absolute inability to stop the ball.

Yosemite, Calif., June 11—Mr. and Mrs. T. F. Whelan of Holland, Michigan, are among the many women of the north side and middle west enjoying the beauties of Yosemite national park during the early spring season when the many plunging, dashing waterfalls are at their best. They are delighted with the verdant peaceful Yosemite valley and amazed at the towering sheer granite cliffs enclosing this famous wonderland.

On Saturday Mr. and Mrs. Whelan took the motor trip to the Mariposa grove of big trees, one of the few remaining groves of the sequoia gigantea. This tour included views of the many of the high Sierra peaks. They also had the opportunity of seeing the forest fantasy "Brim of the Red Trees" presented by Garnet Holme, official pageantmaster of the national park service, and his forest players, at the base of the Grizzly Giant which measures 29 feet in diameter and is said to be the largest and oldest living thing.

The qualifications to join the order are very high and applicants must stand to the standard set by a national committee. The chapter at Hope college has had a steady growth and prospects are good for a bigger and even stronger organization.

# FARMER DIES AS HORSES RUN WILD AT TURN

Edward Kuhlman, age 37, Robinson township farmer, was instantly killed at noon Monday when he fell from his hay wagon at Pelton's corner when his team ran away. Kuhlman had come to the store with a load of hay and was returning and but a few rods from the Pelton place when the horses became uncontrollable and made a sharp turn, throwing him from the wagon.

Kuhlman fell to the ground, breaking his neck and was killed instantly. The body was removed to the porch of the Pelton home where it remained until Coroner Gilbert Vandewater of Holland was able to arrive on the scene Monday afternoon. Sheriff Kamferbeek was also called and an officer was sent out. A Grand Haven physician was summoned in haste to attend Kuhlman but as death was instantaneous, he could do nothing.

Monday morning Kuhlman, who has been a Robinson township farmer most of his life, spending some time in Chicago and returning about three years ago to work the family farm on the Bass River road about a mile east of Pelton's, killed his wife and child good-bye and set out with a load of hay. He arrived before noon at the store, pitched his hay from the wagon and started home.

An imperfectly fastened bit in the mouth of a horse full of spirit and barely three years old, snapped as the horse reared and the team became unmanageable, turning the corner at high speed and throwing Kuhlman out in such a way that his neck was broken. Neighbors rushed to the scene from nearby houses at the corner and from Pelton's store and officers were notified.

Mrs. Kuhlman and thirteen year old Ed, Jr., were notified immediately of the tragedy that robbed them of their husband and father, without a moment's warning, here than any other person in that Mrs. Kuhlman visited the scene. She broke down and was forced to return to her home shortly afterward.

Less than three months ago, the Kuhlman household was visited by death when Henry Kuhlman, the father of Edward Kuhlman, Sr., passed away at the age of 75 years.

Mr. Kuhlman is survived by his wife and thirteen year old son and by two brothers, Hugo of Elliott street, Grand Haven and Otto Kuhlman of Joplin, Missouri.

A miscellaneous shower was given in honor of Mrs. Martha Kligenburg at the home of Miss Jean Steinfort on the Zealand road Wednesday evening. A mock wedding ceremony was performed, Mrs. G. Nykamp taking the part of the bride, Miss Georgianna Lemmen the bridegroom, Miss Maryjean Bosman of Zealand, the ring bearer and Miss Jean Steinfort, the preacher. Many more games were played and prizes given. The bride-to-be received many useful and beautiful gifts.

Holland leads cities with 278 students, Zealand has 39, Grand Rapids 29, Muskegon 9 and Grand Haven 7. Hudsonville leads the townships with 12.

The Ottawa county road commission met in the court house at Grand Haven Thursday morning with all members present and after routine business, decided to take bids on the Mill-house Bayou Bridge project on June 24 and at the same time to sell the old ferry that has been in use for half a decade or over at bridge street where a fine new concrete bridge is being built and still to be completed before the end of this year.

The ferry, installed some years ago with gasoline power to get it back and forth across the river, was named the "Mary-Ann." This combination was arrived at after much discussion and the ferry no longer being cognomen over several years of grating service, carrying gas bargies across the Grand River.

It is understood that a ferry may be installed at Jenison and one at Spoonville also. The Spoonville ferry ran up to five years ago but was taken off but plans have been laid to reestablish it. The Bridge street craft may be sent to one of these locations. All equipment including the gas engine furnishing the power is to be sold with the ferry.

At the time the ferry is sold, Millhouse Bayou bridge bids will be taken. At the bid taking some time ago, one bid was entered and this was rejected. Some changes have been made in the specifications since then and more bidders are expected on June 24th.

Selection and distribution of all reading circle books in the schools throughout the state is to be done under the direction of the Michigan Education Association, it was announced Friday. The executive committee of the association has taken steps to bring about this service in order to insure better selection of books, lower prices and more efficient circulation.

The work will be in the hands of a special reading circle board composed of the superintendent of public instruction, the state librarian, the president and executive secretary of the association, and three outside members, one a school superintendent, one an elementary teacher or principal, and one a layman.

Born to Mr. and Mrs. H. J. Pas of Flint, a boy, Mrs. Pas was formerly Miss Hope Nichols of Holland.

## Steamers Leave For Buffalo

The large steamers "North American" and "South American" left their docks at Montello park for Buffalo, New York, where they will take on a capacity load of delegates, who will attend the Eucharistic congress at Chicago. The two large Holland boats will tie up at the Chicago wharves and the delegates will use the ships as sleeping quarters and will also take some of their meals on board while the congress is in session. After the final demonstration at Mundelein the delegates will be taken back and the steamers will come back to Holland, leaving shortly afterwards for the regular summer cruise.

## FARM BUREAU MEETINGS ARE WELL ATTENDED

The township farm bureau meetings held during the month of May were very well attended with but one exception. Special speakers were present at all meetings and were well received. The farm film showing the power and development of the farm bureau and the importance of individual members was particularly appropriate. W. Rainey Bennett gave a stirring talk at the Allendale meeting. His lecture was replete with humor and points not easily forgotten. President M. Laidens of the county farm bureau gave talks which showed his sincere belief in organization and his experience in co-operation work.

John Poppen, president of the Hamilton County farm bureau, in a characteristic manner told a story which interested everyone in rounding up members. The benefits this organization has received from the state farm bureau also was explained. Hiram Andre, state sponsor and one individual who has probably signed more farm bureau membership cards than any other person in Michigan explained the various departments, their work and possibilities.

The attendance at the meetings in each township is given here-with: Jamestown, 40; Tallmadge, 50; Holland, 30; Reno, 40; Vriesland, 110; Grand Haven, 5; Coonville, 10; Olive, 60; Allendale, 100; Robinson, 70; Nunda, 40; Blendon, 60; Georgetown 120.

In spite of the dubious condition of the weather a goodly number of the local temperance union members enjoyed a picnic on Friday at Pine Lodge. The porch of the hotel offered a sheltered place for a short program of music and playlet. An inspection of the grounds and buildings found them in excellent condition, an inviting place for a few weeks' vacation.

The picnic lunch was heartily enjoyed, prepared and served by an excellent committee of Madams: Vandewoude, Wagenaar, Bos, Stanaway, Dykema, Miles, Du Mez, Grinwis, Hofstein, Burgh and De Koning.

Mrs. A. Pieters, the new president, in her remarks noted that W. C. T. U. stands for and urged united effort in the cause of prohibition.

To educate our youth on the evils of the use of alcohol and drugs is a main of the union. Mrs. Lockwood, state superintendent of scientific temperance instruction, gave talks to the pupils of our public schools and an exhibit of posters at the high school building a few weeks ago. She was a guest of the union and prominent state worker.

Anthony Meengs, newly elected pastor of the Spring Lake Presbyterian church, was formerly ordained to the ministry and installed to the pastorate of that church Thursday evening. The event was marked by the impressive ordination ceremonies of the Presbyterian church, and a large congregation of Spring Lake and Grand Haven people was in attendance.

Mr. Meengs is a recent graduate of the Western Theological Seminary at Holland, the Spring Lake pastorate being tendered him before he had completed his seminary work. His ordination to the ministry of the church was therefore held in conjunction with his installation as pastor.

Rev. D. Diamond Mitchell of Big Rapids, presided as moderator of the Grand Rapids Presbytery. An interesting feature of the service was the participation by Rev. John G. Meengs of Schenectady, who is an uncle of the newly ordained minister. Rev. John Meengs, is vice president of the General Synod of the Reformed church, and is the most prominent members of the clergy in his denomination.

Rev. Meengs' ordination sermon theme was "We would see Jesus," and the largest congregation heard one of the best sermons delivered there in long time.

Dr. Willard K. Spencer, D. D., stated clerk of the Grand Rapids Presbytery, gave the charge to the candidate, Rev. James J. De Kraker, pastor of the First Presbyterian church of Grand Haven, gave the charge to the congregation.

The choir under the direction of Miss Barrett furnished appropriate music.

A field day for all members of Central Reformed church, Grand Rapids, is planned for Thursday, July 12, at Pine Lodge, Holland. A motorcade will take several hundred members to this city. A suitable program is to be arranged and many Holland ministers and laymen of that denomination will welcome the Grand Rapids folks.

Golfers among the University of Michigan alumni who are planning to attend the tenth district reunion here June 26 are looking forward to the handicap golf tournament, leading feature of the afternoon.

The tournament will be on the Holland country club course, conceded by professionals to be one of the most interesting in the middle west. The salient feature is the Black river along which the course is woven. The ball must cross this 15-foot stream seven times around the 6,400 yard course and other holes are made interesting by placing generously large and well kept greens at bends in the stream.

An example of the kind of golf offered can be obtained from a description of the first two holes. The tee shot is from the top of a hill with a deep ravine between. The second hole requires a drive from the top of a hill to a smooth fairway. The second stroke for the good ones is a long iron shot with the river at the far end and the green on the other side.

One of the new holes is a wedding cake hole, the green being set some eight feet in the air. This green has aroused interest of motorists passing on M-51.

Of course, besides being in a picturesque valley, it is graced by huge elms, some 100 feet and six feet in diameter. Wild life such as grouse abounds.

A large number of Pythians of Castle Lodge of Holland, many friends and relatives of departed brothers, gathered at Pilgrim Home cemetery Sunday afternoon at 2:30 o'clock. The knights gathered at Castle hall and then in parade formation, headed by the colors, went to the local cemetery where a very impressive program was given. At least 75 members of the order marched from grave to grave of the departed Pythians, laying garlands thereon.

After this silent ceremony had been performed, all who were interested gathered under the shade of trees, and Father D. D. Douglas of Grace Episcopal church gave a short address, after which the ceremonies were closed with prayer.

Mr. Douglas spoke of the significance of trinites in the universe. You see it in the sun, the moon and the stars; in childhood, youth and age; in faith, hope and charity.

"We are here today to commemorate not our brothers dead, but our brothers living," he said, "for they are not dead but are awaiting one and all of us, when the good and upright judge shall pass upon our life's work here on earth. He will judge according to what we ourselves have done, and according to our accomplishments, whether these accomplishments have been good or bad, selfish or charitable. We cannot hide behind the goodness of our fathers or our mothers, our sisters or our brothers, but each and everyone of us stands on his own feet and his record while here will be judged accordingly.

"I believe that heaven is a condition of happiness. If a man lives a Christian, upright life he is rewarded accordingly, while a man who leads a miserable existence and repents late in life, his reward is accordingly.

"Some mistake love for charity. While love and charity go hand in hand, all love does not mean charity. We love our children for we cannot help it, they are part of us. That no credit to us. It is the man who loves his neighbor, the man who aids a stranger in distress with no thought of reward, the man who sacrifices for others, not directly connected with him, who is really charitable. Every man also has his strong points. It is the combined strong points of mankind that elevate mankind. Our order also teaches friendship. It is a great word. What would a town be without friendship? Life would be unbearable in otherwise most beautiful surroundings, if it were not for the bond of friendship.

"There may be a Pythian here who thinks more of Pythianism than of church; that man is misguided, for he is no Pythian. With all true Pythians God is supreme. The church is paramount, the home leads Pythianism.

"A member who does not adhere to the trinity by his deeds and actions in everyday life is no Pythian, no matter what uniform he may wear or regardless of his Pythian badge that adorns his coat lapel."

## INDIAN LORE ENTERS IN THE FRAT BANQUET

Friday night 150 members of the fraternal society and lady guests gathered at Warm Friend Tavern and sat down to an unusual spread which showed the skill of Landlord Tyson's corps of chefs.

The banquet was typically Indian from start to finish. The programs were printed in red, and each page was embellished with Indian head. The pages were put up in the form of a scroll and were rolled up in leather coverlets, cut out and shaped like a miniature raccoon skin. The name of the society was burned on the outside, and the fastening was a crude leather lace.

The placards were also of leather with the names of the guests burned thereon.

The invitation sent out more than two weeks ago, is also typically Indian, picturing a red man smoking in front of his tepee, while the smoke of a campfire lazily curls heavenward. The wording on the invitations reads: "Heap Much white man of Fraternal tribe summon Pale Face Girl to Pow Wow of 92 summers at the Warm Friend Wigwam on the 11th of Moon of Strawberries at Setting Sun."

The menu which has an Indian snack throughout is followed by a program that breathes forests and lakes, wigwams and canoes, valleys and rivers.

The toastmaster of the evening was Frater Richard P. Malloy, who is to graduate from Hope this year.

The program as given follows:

Fraternal Wigwam.....

By the shores of lake michie

By the shining big sea water

Stood the Wigwam of Fraterials

Daughter of Hope, Fraterials.

The Cord.....Frater J. H. Albers, '26

"As unto the bow the cord is

So unto the man is the woman.

Tho she bends him, she obeys

him,

Tho she draws him, yet she fol-

lows,

Useless each without the other!"

Chilblabos.....Frater K. C. Mook, '28

"Sound of music word, of wonder,

"Minn wawa!" said the pine trees,

"Mudwat-ashka!" said the water."

The Departure.....

Frater J. J. Banning, '29

All the air was full of freshness,

All the earth was bright and

joyous,

And before him, through the

sunlight,

Westward toward the neighbor-

ing forest

Passed, in golden swarms the

Ahmo,

Passed the bees, the honey-mak-

ers,

Burning, singing in the sun-

shine."

The Fraternal society is Hope's

oldest and can boast of more than

## TRACTOR REARS LIKE A BRONCO

Mr. Frank A. Morek of Robinson township escaped death by a foot or so when his Fordson tractor reared up like bucking bronco and turned over on its back. He was just clear of the machine when it hit the ground. The gas tank took fire and burned the machine.

## THESE PLUMBERS CAN'T GO BACK FOR THEIR TOOLS

Friday night seven employees of the Conker Heating & Plumbing company boarded a steamer "South American" and they will do a big plumbing job while the vessel sails to Buffalo and back again to Chicago.

To conform with Chicago regulations the plumbing on the boat had to be changed and the local firm took the job. They have been working on it for three weeks but could not finish before sailing. So last night the seven men went along when the boat left and they will do the job on the way. The vessel will go to Buffalo for a load of delegates to the Eucharist congress in Chicago.

Jack Knoll went along as far as Chicago where he will buy supplies. The others who are making the trip are Franklin Woldring, Abel Sybesma, Tony Dogger, Edw. De Groot, Cecil Terpstra, and Jack Witteveen.

According to a lengthy report on crop conditions issued by the agricultural department at Lansing it appears that the strawberry and peach crop will be double that of last year, despite the repeated frosts. The report states:

"Frosts have reduced the grape crop to about 70 per cent of a full one. A crop of strawberries twice as large as last year is expected. 'All fruits appear to have excellent prospects. While peaches in some localities were injured by freezing, the outlook is for 1,160,000 bushels—nearly twice as many as in 1925 and the best prospect since 1915. Apples indicate a crop nearly one-fourth greater than in 1925. Peas show a condition of 88 per cent, as compared with 44 a year ago. Plums promise better than 1925. The average condition of cherries is 72, as compared with 53 a year ago, despite the fact that some cherries suffered from freezing weather."

## ORNAMENTAL CANOPY NOW ADORN'S FIRST STATE BANK

The exterior of the First State bank has undergone considerable change, for the reason that mechanical have finished placing a canopy and bronze hanging Marquis directly over the entrance to the building. Large ornamental hangers aid in holding the metal canopy in place, as well as heavy iron rods fastened in the stone columns of the bank building proper.

The new acquisition to the bank building makes the front look more imposing not alone, but also serves as a protection to customers in bad weather.

The Marquis is so arranged that the name of the bank flashes out strong during the day time, and at night the letters are trans- parent and being electrically lighted. The illumination is plainly visible for several blocks.

Residents of the Ravenna-Conklin, Coopersville and Marne were forced to submit to kerosene lamps and candles for electric lights for the past week and Sherman T. Handy, chairman of the State Public Utilities commission at Lansing declared that the commis- sion was powerless to insist that the Ravenna Power Company restore service and supply the village.

Customers of the power company were notified two weeks ago according to Chairman Handy, that service would be suspended because of failure of the company to meet operating expenses.

The Ravenna-Conklin-Berlin Power company was recently reorganized and given permission to sell non-par stock the proceeds of which would be used in re-establishing hydro-electric service to customers. Power was purchased from the Consumer's Power Co. and officials reported they had used personal funds to meet the power company bills.

Conklin, Coopersville and Marne are in Ottawa county and Ravenna is just across the line in Muskegon county.

The old company some two years ago was a fine going concern but a spring freshet carried away the expensive dam and almost wrecked the plant. The company has endeavored to interest capital but this far not many have availed themselves of the opportunity.

Henry Geerlings has been elected temporary president and Prof. Paul E. Hinkamp temporary secretary of the new alumni association of the fraternal society of Hope college.

This literary society, said to be the oldest of its kind in the United States, was organized at Union college, Schenectady, N. Y., in 1834, and has more than 800 members. It is proposed to celebrate its centenary in 1934.

Honors have come regularly in the family of Rev. S. C. Nettinga of Holland within the past three months.

His oldest son, Paul, was named all-state center basketball player. His youngest son, James, was elected president of the junior high republic; his daughter, Cornelia, was selected to represent the Spirit of Hope in the pageant of 1926 and Mr. Nettinga was elected president of the general synod of the Reformed church in America.

## STATE QUOTA NOT FILLED FOR CAMP

Earnest Brooks has received from William A. Cornell, Lieutenant, Col. Cav., (D. O. L.), Acting Chief of Staff of the fifty-eighth division, a kind of S. O. S. call in regard to the citizens' military training camp. There is danger that Michigan's quota will not be filled and since the camp starts July 8, the time is getting short.

According to Lieut. Cornell's letter Mr. Brooks, 1154 Michigan young men have applied, which is only 58 per cent of the state quota. When Michigan does not fill the quota it is filled by the overflow from other states and Lieut. Cornell points out that that is a distinct reflection on Michigan.

Often young men defer the matter to the last minute, but this should not be done, the latter because of the fact that it takes three weeks to complete the necessary inoculations and vaccinations before attending camp. June 15 is the latest date for submitting an application. The camps in Michigan are: Camp Custer, July 8 to Aug. 6, and Fort Brady, July 30 to Aug. 26.

The following information is given for the benefit of those who may contemplate attending the camps:

These camps bring together men of high type on a common basis of equality, stimulate and promote citizenship, patriotism, and Americanism; and, through expert physical direction, athletic coaching to realize their obligations to their country.

For admission to the Red Course, candidates must have had military training, benefit the men individually, and bring them into the Blue Course, they must have completed the basic course; the pleted the White Course or its equivalent, and been recommended for the Blue Course.

Enrollment implies no later service obligations. Many graduates of the Blue Course win commissions in the reserves.

Candidates must be physically fit, American citizens, or have first papers, and be of good moral character. Age requirements are: Basic—17 to 24, Red—17 to 25, White—18 to 28, Blue—19 to 31.

The government pays all expense of transportation, uniforms and medical care.

Food is of the best quality, there is no charge for meals, living quarters, or necessary laundry.

There will be lectures, moving picture programs, musical and dramatic entertainments, vaudeville shows are provided. Physical exercise and elementary military training occupy the mornings; afternoons are devoted to all forms of athletics under expert civilian instructors.

Parents may send their sons with confident expectation of finding only the best ideals of true American citizenship. Chaplains and hostesses will be there. Voluntary religious exercises are held for men of all faiths. There will be cultivated a high sense of patriotic devotion and fidelity to the basic virtues of the American citizen.

The supreme aim of the camps is physical well being and development. Every man is required to take vaccinations against smallpox and anti-typhoid treatment before he reports at camp. Army surgeons and officers of the medical reserve corps give this treatment free.

Camp Custer is one of the favored sports in the United States, located in the midst of beautiful natural scenery, near one of the most delightful cities of the mid-west, Battle Creek.

Camps teach respect for authority, strengthen self-reliance, develop alertness and self-reliance, increase patriotism and a regard for the rights of others, promote physical and moral courage, teach observance and prompt decision, add stamina and virility to the manhood of the country, arrest decadence, and make the individual healthier and more efficient, thereby increasing the collective wealth of the country.

Three hundred and eleven young men and women will graduate from Michigan State college at East Lansing on June 21. The list of seniors includes graduates of six different schools, a class of 26 representing the recently instituted liberal arts department.

As usual, the school of agriculture heads the list, engineering a close second and home economics third. Most of the graduates are from Michigan homes, although each department has an out-of-state graduate or two, and one foreign student also is to receive a degree.

Below is found a list of graduates living in this vicinity: Agricultural graduates—Leonard J. Braamse, Coopersville; Homer G. Hansen, Holland; Goodwin S. Tolles, Spring Haven; Herman J. Honholt, Spring Lake; Engineering graduates—Harold L. Barzwella, Coopersville; Carlisle A. Brinkert, Grand Haven; Applied Science graduates—Claude J. Dykhouse, Grand Haven; Harold Eckerman, Muskegon; Home Economic graduate is Lenna B. Thomas, Muskegon Heights.

The weekly Thursday evening was just ideal for a beach party. That was the verdict agreed upon by twelve young people who gathered together at Boven's cottage at Tennessee Beach for a hamburger roast. The party was in the nature of a farewell for Gelmer Boven, who left Friday morning for Manhattan, Mont. accompanied by Joe W. Hyink. "Straight questions and crooked answers" brought many laughs, and so did "Adjec-tives," after which all enjoyed a marshmallow roast on the beach.

These present were the Misses Nelle Jongkirk, Ruth Hyink, Helen Flanagan, Henkela Nyboer, Jennette and Harriet Kleis, and the Messrs. Gelmer Boven, John Le Fevre, Ray Spoelstra, Elmer Kamphuis, John Aiting and Peter Blasinga.

Born to Mr. and Mrs. Lester Venhuizen, a baby girl, Norma June.

## FORD COUPE IS SMASHED IN ACCIDENT

A Ford coupe driven by a Grand Rapids man and containing a lady passenger was wrecked near the Lloyd's Bayou turn east of Spring Lake on Trunk Line 16 about midnight Monday and the woman was badly cut by broken glass. The man received minor injuries. The name is unknown but the license number on the car, 148-187, is listed as belonging to N. A. Glen-sen, a member of the staff at But-terworth hospital, Grand Rapids.

The occupants of the car had been to a dance at Gr. Haven and were blinded by bright lights at the turn where they drove straight and struck a ditch, smashing the car to the extent of about \$75. A Grand Haven taxi took the man and his wife to a Grand Rapids hospital with which they were connected. This tallies with the state automobile license listing.

Quite a crowd of late travelers gathered about the scene of the crash but the man and woman were quickly removed to Grand Rapids and the car was hauled out of the ditch and brought to Grand Haven. The name of the owner or driver of the car alleged to have been burning the "bright lights" is unknown.

The will of August Krubaach, Blue Lake township supervisor, Muskegon county, who was killed in the bomb outrage at the Three Lakes tavern recently, was filed in probate court Thursday. While the amount of the estate was not mentioned, no petition being filed, the balance of the property goes to Mrs. Emma Krubaach, the widow.

The will was prepared Oct. 23, 1914, and leaves \$10 each to Mrs. Ella Green, Josephine Krugbaach, now deceased, Mrs. Ernest Welase and Jeanette Krubaach, another victim of the bomb murder, all of whom were daughters. The remainder goes to Mrs. Krubaach, and she is named executrix. The property includes the Three Lakes tavern and an interest in several pairs of foxes.

That thoughts are not as random and unrelated as is generally supposed but that they have an orbit of their own and inevitably center around an ideal of life, was the theme of the baccalaureate sermon pronounced for the Hope college seniors in Carnegie hall Sunday night by Rev. Thomas Hanna Mackenzie, D. D., Flushing, N. Y. He urged the graduates to make Jesus Christ the center of their lives and then to bring "every thought into captivity for the obedience of Christ." The text and theme of his message.

"Ideas, not actions, are permanent," the speaker prefaced his address. "The clash of arms of the Roman world, the change of empires and dynasties, these do not interest us today or of our lives. The things that do rule our lives are the ideas that were put in motion by Jesus Christ. The thinkers, the men of ideas, have always been more powerful than the men of action. Their influence is permanent."

"The Roman world was a world of battle and conflict and Paul often used the figure of battle as a symbol of the Christian's warfare. The soldier must discipline his body and mind and must train them for battle. Similarly the Christian must discipline his thoughts for the Christian warfare and must bring every thought into captivity for the obedience of Christ."

"Even after 2,000 years the Christian world is only partially Christianized and even the best individual Christian has large areas in his life that are not Christianized. Christianity does not consist in practices or rites or ceremonies but it is a spirit, a temper. And that temper, that spirit is left out of large areas of the nominal Christian's life, even the best of them. Also it is left out of large areas of the community and national life. To prove this the speaker pointed to the justaposition with the average newspaper with its record of crime and greed, and see how much of the latter Jesus Christ could have written; but a newspaper is only a mirror of the life of the community in which it is published and it shows in how far a community is really Christianized. The partial failure of Christianity is the failure of Christians to be Christians."

"It is possible to bring our thoughts into obedience to Christ," the speaker continued. "Often it is asserted that this is an impossible ideal, but Paul specifically asserts that it is possible. The truly educated man is the man who has disciplined his mind so that it is ready for use at all times as a finely tempered instrument. And as the mind can be disciplined in the same way we must discipline the spirit, concentrate the attention on the spirit life and thus grow in grace. You must be brought into obedience, not to Christianity but to Christ. Christianity is not ethics, Christ did not teach a doctrine or a creed, he taught himself, a person. Life must be

## BOTH EGOISM AND ALTRUISM ARE NEEDED

A capacity audience filled Hope church Sunday afternoon, the occasion being the baccalaureate exercises of the Holland high school. The professional march was "Onward Christian Soldiers" with the violin accompaniment by Miss Ruth Keppel. In the line of march were the senior class, 119 in number, followed by the faculty and school board. A mixed chorus of high school students sang, "Heaven and the Earth Display" (from Mendelssohn's Athalia), Arr. by G. A. Veazie, Jr. The congregation sang the stirring hymn of the church, "The Church's One Foundation is Jesus Christ, our Lord." The scripture lesson was read by the Rev. S. C. Nettinga, D. D., followed by a prayer by the Rev. J. C. De Vinney. A violin solo by Miss Ruth Keppel Schubert "Ave Maria" was then followed by another anthem by the mixed chorus, "No Shadows Yonder," by A. R. Gaul.

"Christ's Program for Youth," was the subject of the baccalaureate sermon by the Rev. Thomas W. Davidson, D. D. The text was St. John 17:19, "And for their sakes I sanctify myself, that they also might be sanctified through the truth."

Dr. Davidson said that in these words is to be found the secret of Christ's self-devotion. His life was the richest of the fullest lives. To sanctify himself did not mean to Christ to set himself on a lofty eminence as a holy saint, nor to live the life of a hermit or recluse, but in the thot of Jesus it meant dedication to the ministry of life. The words of the text express consecration and dedication. Every one should do his best in the development of personality. Dr. Davidson compared a program of 160 words, submitted to the students of De Witt Clinton high school, New York City, with the program of ten words in the text. Christ's program means let God have the best that is in you.

First, Christ's program is the most comprehensive ever given. In life we meet with different schools of thinkers. The egoists, whose theory is that every young man should make the most of himself and be a full-blooded egotist. The representative of this school of thinkers who hold the theory that all young men should empty themselves utterly and become altruists, as Tolstoid would have it become. Much can be said for both theories. Self-preservation may be the first law, but something is lacking. Egoism leaves out sympathy, altruism leaves out fellowship. Extreme altruism cannot always be carried out. David could not die for Ab-salom. The theory of altruism ought not always to be carried out. The fire chief should not leave his men and rush to the fifth floor of a burning building to save a life, for in so doing he would lose control of his men, who under his direction could save many lives.

Dr. Davidson then asked the question, "Is there any teacher who combined these two theories and put them into a unit?" His answer was, "There is one, and only one. Jesus lived both and practiced both. Jesus was an egoist that He might be an altruist. In Him we find a perfect blending of egoism and altruism. His program is most comprehensive and progressive."

Second: Christ's program is most attractive and ennobling in the building of character. During the silent years from 18 to 30, Jesus had a vision of the world He came to redeem. The voice of Jesus tells us that most of our lives that others may make the best of theirs. The speaker referred to David Livingstone, who was not only a medical missionary but also a chemist, an astronomer, a boat builder and linguist. On his return to his homeland he wanted the biggest audiences and collections. He was an egoist that he might be an altruist. He considered himself that others might be sanctified."

Several teachers and about 40 pupils of 9-1 grade, Junior high school, enjoyed a beach party. A Camp White, Thursday evening. A large truck was hired for the occasion and all seemed to enjoy this mode of conveyance.

A wonderful supper was served in the large tent, everyone lining up at the back entrance, obtaining their food cafeteria style and passing out through the front door, some eating their supper in trees, others on the ground. Various rays and sports were enjoyed in charge of Mr. Donovan and Mr. White. Prizes were won by the following: Miss Leiter, Miss Blisma, Dorothy Kammerling, Marian McCoy, Herman De Weerd and Dale Smith.

One feature especially worthy of mention was the stunt contest. The crowd was divided into four groups and a leader chosen from among the teachers for each group. A prize was offered to the leader whose group put on the best stunt. The Misses Smith, Koolker and Lindsay were chosen as judges and after much deliberation awarded first prize to Miss Leiter and second prize to Miss Blisma. Miss Leiter's group put on a very realistic imitation of Ringling Bros. Circus, and Miss Blisma's group made human letters of Holland high initials not omitting the punctuation marks. A marshmallow roast and singing of class songs completed the evening's fun.

brought into obedience to an ideal personality, namely Jesus Christ. The exercises opened with the processional, "The Son of God goes forth to war," by Heber Cutler, with Mrs. Edward De Pree at the piano. Other numbers were: baritone solo, "All ye who seek," (Robert), John A. Ter Vree; invocation, Rev. T. W. Davidson, D. D.; hymn, "Awake, my soul," from Handel; reading of scripture, Dr. E. D. Dimmet; offertory hymn, "Faith of our Fathers," Lordy-Walton; soprano solo, "The Lord is my Shepherd," (Curran), Miss Angelina Nettinga.

FIFTY-FOUR YEARS OF SERVICE

Holland, Mich. 17 E. 8th St.

Wednesday evening the young people of Niekerk and vicinity gave a surprise party in honor of Jacob Geerlings, as a mark of appreciation for the services he had rendered them. The presentation speech was made by John Wedeven and Mr. Geerlings fittingly responded. Lawn games were played.

Mr. Geerlings has accepted a Penitentiary classical fellowship offered by the University of Michigan, amounting to \$400 and remission of the annual fee. This entails work at the summer school at the university and he will leave shortly after he is graduated from Hope college. He expects to enter the field of classical archaeology under the direction of Francis Kelsey.

M. Bataes paid \$10.00 in Van Scheiven's court for going 35 miles on west 17th St.

## TELLS ABOUT PLEDGES FOR NEW CHAPEL

How pledges and cash are coming in for the new memorial chapel to be erected on the Hope college campus was described Tuesday evening by President E. D. Dimment at the banquet of the Hope college alumni association in Carnegie hall. The amount in hand in cash or securities, Dr. Dimment reported, is about \$115,000. A group of Hope graduates located in the east have underwritten the sum of \$50,000 to be raised for the chapel. Between \$5,000 and \$10,000 has been pledged by people in the east through Hope's educational secretary there, Rev. C. Muste. One Hope graduate has promised \$1,000 to be paid from time to time as he shall be able, and one congregation in the east has pledged to be responsible for \$2,500. The Hope alumni in Chicago and other roundings have made themselves responsible for from \$20,000 to \$25,000. A beautiful set of chimneys has been donated by the McLean family.

Dr. Dimment announced that it is hoped the chapel can be completed in 1927. He said it was about certain that it would be in use when the alumni meet again in 1928.

One Hope college alumnus, Rev. Benj. Rottschaefer, who has made a name for himself in manual training instruction in India in connection with his work as a missionary there, offered to have his school make the platform furniture for the new chapel of the finest India rosewood if the college would send designs and pay the transportation charges.

Dr. Dimment cited this and the help, financial and otherwise, promised by other graduates to illustrate the spirit of Hope. He said that the endowment fund during the past year has been increased by \$20,000, making a total now of \$820,000. The physical valuation of the Hope college plant is about \$700,000, making a total investment of about a million and a half. The number of graduates is increasing at the rate of about a hundred a year, the total now exceeding 1100.

Earnie Brooks landed a three pound, three ounce black bass Wednesday morning. That is, Earnie says he did. Ransom Everett and Butch Den Herder, the other members of the fishing party, did not see Earnie land the fish, but saw the fish while Brooks was trying to get the bass in his basket, but the container was too small, so Earnie put his catch in a flour sack. Not knowing what to do with the fish after he had it in the sack, Brooks put it in his waders. The junior member of the Viascher-Brooks insurance company has added fishing insurance to his line. The bass was weighed in Kuit's market, in the presence of four witnesses, not counting Brooks. It was measured in Ollie's Sport Shop with the same number of witnesses watching the fish use up 17 inches of tape.

Miss Rena Baas of Muskegon, former county treasurer of Muskegon county, was married in Holland by Rev. Gerrit Tyse, classical missionary of the Reformed church.

The Grand Rapids Herald states:

"The first information about the marriage was given out on Tuesday morning, when deputies in the treasurer's office found a note left by Mr. White. The couple had gone to Holland, where they were married, and left immediately on a wedding trip. The bride's mother, Mrs. Cornelia Baas, and the groom's niece, Mrs. Reuben Christensen, were witnesses.

"Mrs. White has been connected with the treasurer's office for 22 years and served as treasurer for four years. She was succeeded as treasurer by Mr. White, who has been in the office for ten years. Following the expiration of her term, Mrs. White became a deputy and served until May 15, when she resigned. The couple will make their home in Muskegon."

Seventeen members of the "A" class of the preparatory school of the college were graduates on Monday evening in Carnegie hall well filled with friends, relatives and others interested in college graduation exercises.

Carnegie was appropriately decorated for the occasion.

Miss Catherine Kemme was chosen salutatorian and gave an able address. Mr. Marvin Henry Kuizenga, valedictorian, also had his subject well in hand. The program was given follows: Processional, Miss Anne Elkenhout; Invocation, Rev. John H. Brugers; salutatory, Miss Catherine Kemme; double quartet, "One Fleeting Hour" (Dorothy), Misses Bolhuis, Broek, Klooster, Kemme, Meers, Van Leeuwen, Huizenga, Howard; class history, Grudus Wedeven; piano solo, "Grand Valse Brillante" (Chopin), Miss Jennette Bosch; reading, "The Swan Song" (Katherine Broek); Miss Helene Broek; double quartet, "In the Time of Roses" (L. Reichardt); oration, "Crooked Trails," Clarence S. Howard; piano solo, "The Last Hymn" (M. Fanningham), Miss Margaret A. C. Bolhuis; class prophecy, Joseph W. Antonides; song by the class of 1926, words by Miss Jeannette Bosch; valedictory, Marvin Henry Kuizenga.

The "A" class graduates of the class of 1926 are: Joseph Wierda Antonides, Henrietta J. Beukema, Margaret, Ann C. Bolhuis, Jeannette Bosch, Helene Marie Broek, Harold Dykhuizen, John N. Garvelink, Clarence Sloan Howard, Martin Huizenga, Anthony Bernard Keizer, Catherine Kemme, Myrtle Klooster, Helen R. Kuit, Marvin Henry Kuizenga, Morris J. Van Kolken, Cornelius J. Van Leeuwen, Grudus Benjamin Wedeven.

The lid is off today. All sorts of fish may be caught from now on in Michigan.

Mrs. Cor. Terpstra of Montello Park is seriously ill.

## Trap Shooter Has A Perfect Score

The trap shooting club met Tuesday. Mr. Wall of Grand Rapids took all the honors by shooting a score of 25 out of a possible 25. Other scores were: O. Hoek 23, Sam Althuis 22, John Woldring 20, P. Ver Schure 19, John Yonker 19, P. Fox 18, W. Modders 16, T. Wyman 11.

## FLURRY IS CAUSED BY WATER BILL

According to some of the residents of Macatawa Park, a storm is brewing in the affairs of that resort as a result of an episode there Tuesday when one of the property owners, A. E. Antisdel, water and light. The resort company is to pay the usual charge for water and light. The resort company is a public utility so far as it furnishes water and light and comes under the jurisdiction of the Michigan public utilities commission in the same way as any company, private or public, that furnishes water and light to citizens.

Mr. Antisdel charges that when a member of his family tendered the money to the resort company it was refused until a newly drawn up document should be signed. This document reads:

"Agreement to abide by certain rules and regulations are laid down by the Macatawa Resort company for and consideration of obtaining water or electric service in Macatawa Park.

"I, Mr. \_\_\_\_\_, being a cottage and owner of Macatawa Park, Michigan, do hereby agree to abide by following rules and regulations and by-law in regard to the use of water for sprinkling purposes and the payment of all water and light charges as explained below. And also further agree to abide by all the rules and regulations of the resort company adopted or may be by the Macatawa Resort company. It is agreed that water for sprinkling purposes may be only used under the following arrangement: Two fifteen-minute periods per week—these periods to come on Wednesday and Saturday each week between the hours of 5-7 P. M.

"It is agreed that all charges for water and electric current will be paid annually in advance.

"For and in compliance with the above agreement, the Macatawa Resort company agrees to use its best efforts to maintain good service."

When Mr. Antisdel refused to sign the document, he declares, he was told every property owner at the park would have to sign it, and that refusal started a kind of informal indignation meeting. No definite steps have as yet been taken by the property owners but it is freely announced by some that they will not sign a document that would force them to accept conditions that may be made in the future, according to the wording of the document submitted to Mr. Antisdel.

The council of Hope college at its annual business session Tuesday re-elected its officers for the coming year, as follows: President, Rev. G. De Jonge of Zeeland; vice president, Charles M. A good sized audience was present at the final meeting of the Washington P-T club held on Tuesday evening, this being the last meeting to be held in the old school building. It was also "Dad's Night" and the refreshments as well as the following splendid program were in charge of the dads of the school. P. Davis.

The following officers were elected to serve for the coming year: Pres., Mr. Bert Van Vulpel; Vice Pres., Mr. C. J. McLean; Sec'y, Mrs. W. M. Tappan; Treas., Mr. G. Van Anrooy.

## FORTY APPEAR BEFORE HONOR COURT HERE

An even forty scouts appeared before the county court of honor at its monthly session in the Holland city hall Tuesday evening. This was the largest number of scouts who have appeared for advancement at any session held up to this time.

District Scout Commissioner Frank Lieveuse was made a veteran scout in recognition of five years of faithful scout service. Merit badges were awarded as follows: Jack Palmer, Troop 1, Grand Haven, fireman, physical, public health, Howard Fant, troop 1, Grand Haven, fireman, personal health, public health, Harold Barney, troop 3, Grand Haven, bird study, Daniel Pett, troop 3, Grand Haven, bird study, electricity, first aid, Elwood Presley, troop 3, Grand Haven, first aid, Elmer Spangler, troop 3, Grand Haven, scholarship, Forrest G. Bailey, leader of troop 5, Grand Haven, bird study, cooking, horsemanship, Malcolm Ferguson, troop 5, Grand Haven, carpentry, pathfinding, Everett Husted, troop 5, Grand Haven, automobiling, camping, carpentry, George Vigen, troop 5, Grand Haven, handicraft, Gilbert Hoefakker, troop 11, Holland, interpreting.

Second Class Scouts: Robert Gallagher, Fred Kendall, Paul Babcock, Edwin Grunt, and Robert McCracken of troop 1, Grand Haven. Randolph Presley of troop 3, Grand Haven. Maurice Kieft and Charles Taylor of Troop 5, Grand Haven. James Hardie, Lawrence Ollinger, Charles McLean, Frank Vischer and Paul R. Zook of troop 9, Holland. Harold Airbanks, Warren Huesing, Lester Serrier, William Vanden Berg, and Ray Zietlow of troop 10, Holland. Patrol leaders: C. De Bruin, troop 1 of Grand Haven, Howard Reynolds, Arthur Yager of Troop 3, Grand Haven. Lawrence Ollinger of troop 9, Holland. Harry Zink, Les-ter Serrier, William Vanden Berg of troop 10, Holland. James De Ridder, Preston Schaffer and Richard Van Eyck of Troop 11, Holland.

The meeting was presided over by Mr. Elliott of Grand Haven who has been recently appointed chairman of the court. Other members of the court present were Mayor Nick Kammeraad, Sears McLean, Tom Robinson, of Holland. Vice-president Chester Beach made the presentations in behalf of the council.

Following the formal business Mr. Lieveuse gave instructions on the merit badge subject "Archery." This is one of the most fascinating subjects in the scouting curriculum. Mr. Lieveuse's instructions filled the scouts with enthusiasm for this sport. He stated that many people look upon the bow and arrow as a child's toy, but that in reality it is a powerful weapon. "It has been long ago," he said, "that the bow and arrow was the only known weapon and history proves to us the strength of such a weapon. Just recently a number of big game hunting expeditions have been equipped with only bows and arrows as weapons and they have returned with the largest and finest beasts including grizzly bears and mountain lions many of them killed with a single arrow."

### NEW COMPANY OPENS CAREER IN HOLLAND

A business change of considerable interest in local building circles occurred some time ago when Frank Essenburg, long engaged in the building business in Holland, withdrew from the Bolhuis Lumber Co. and established a new \$100,000 corporation under the name of the Essenburg Building and Lumber Company.

The first step in the new company's program of development was the construction of an office building and lumber yard located on West 17th street just over the interurban tracks. This office building constructed in the space of a few short weeks, is now completed and being occupied by the members of the Essenburg organization. Extensive plans have been made to which when completed will make this one of the most up-to-date lumber yards in the state.

Included in the personnel of the new company are Martin Vander Bie, John Gallen, Jas. Klompereins, Harold Vander Bie, Martin Vander Bie assumes the office of vice president of the new company.

He has been identified with ready cut home building and mill construction for a number of years, a method that eliminates much waste in building. Mr. Vander Bie will have charge of the mills of the new company.

John Gallen, will assume the office of secretary of the new organization. He has been associated with Mr. Essenburg several years.

James Klompereins and Harold Vander Bie will have charge of planning and designing in the new company. Both men have had considerable experience in that line.

A few of the many contracts signed by the new company, in addition to the Schuurman and Kools residences, are homes for Harry P. K. James Klompereins, H. Volbert, H. W. Dornbos, F. Wolbert and others. Cottages are also well represented in the new Essenburg operations and construction is now in progress on cottages in Waukazoo, Ventura Beach, Buchanan Beach, and Idlewood for George Albers, Peter Westra, Edw. Heeringa, M. J. Schmitt, M. Nystead and several outside parties.

Lester Essenburg, who is completing a course in architectural engineering at the University of

Michigan, will also join the new organization upon his return from Ann Arbor at the close of this semester.

In an interview, Frank Essenburg characterized his new company in the following manner: "We are new," he said, "but we are not lacking in experience. Every member of the organization is thoroughly trained in his line of work, some having had as high as 25 years of experience, and we are equipped today to undertake any kind of a building job."

The American Legion band announces that its first band concert will be given next week Tuesday, June 22, at 8 o'clock in Centennial Park. A very fine program has been arranged and the band bids you all welcome. Everybody come and spend an evening with your Legion band.

**BOY SCOUTS OF AMERICA**

The send-off meeting for Troop 16 of the Grand Haven First Reformed church will be held next Friday evening.

**Troop Committees Standardizing**  
Of the eighteen troops now organized and in the process of organization, twelve now have standard troop committees actually shouldering their responsibilities. It is expected that the others will soon do likewise.

**Flag Rules Being Ignored**  
The general lack of respect to the American flag was very prominently exhibited during Memorial day and Flag day.

Along the line of parade on Memorial day not more than one out of five took off their hats when the flag passed. One out of every five flags exhibited was hung incorrectly. But, the most deplorable of all was the fact that considering their training Scouts were no better than the general public.

This is a challenge to every troop to give more careful attention to instructions in the respect due the flag. Scouts the nation over are taking the lead in the program to promote closer observance of the flag etiquette; but they cannot influence other people unless they know themselves.

## PLANS FOR NEW SCHOOL HOUSE TO BE READY EARLY NEXT WEEK, EXPECTED

Arrangements have been completed by the board of education for taking care of the pupils in the Washington school next year while the new school building is being erected. It has been made possible to take care of all the pupils in other school buildings, although at first it was believed some of the churches would have to be used to house the pupils.

The kindergarten pupils will hold classes in the senior high school, room 101. The first and second grades will meet in the junior high school, room 1. All the other pupils will be accommodated in the Horace Mann school.

The plan to hold school in some of the churches involved a number of difficulties and a considerable expense for heat and janitor service. There were a number of other problems involved in that plan, which caused the idea of making room for the pupils in the school buildings to be adopted instead.

Some of the pupils living in the extreme west end of the city, will have quite a distance to walk, but it is only a temporary arrangement, and the parents of many of those pupils, when they were boys and girls in a sterner age, thought nothing of walking two miles or sometimes even three miles to school in the rural districts. There is some inconvenience connected with the arrangement, but it is believed that it will be more than compensated for by the fact that the classes will be held in a school atmosphere and with facilities that can be obtained only in regular school buildings. The arrangement will crowd the buildings for a year but that can be put up with since it is only temporary.

Plans for the new Washington school will be ready this week and by the first of July the board of education expects to advertise for bids. As soon as school lets out the school furniture will be taken out of the building and the work of tearing down the school will be begun.

The following appeared in "The Living Church" about Father F. J. Granniss, at one time rector of Grace church in Holland:

"The Rev. Frederick O. Granniss, retired, living in Columbus, Ohio, will commemorate the 50th anniversary of his admission to holy orders and the 49th anniversary of his ordination to the priesthood on St. Barnabas Day, June 11. The celebration of the Holy Eucharist will take place at the altar of the beautiful church, built under Father Granniss' leadership, for his first parish, the church of the Good Shepherd, of which he was rector from Sept. 1, 1889, to Dec. 1, 1891, and where he is now priest in charge. Father Granniss became rector of Grace church, Holland, June, 1910."

Thomas Ten Hoeve left Monday for his home in Patterson, N. J.

## BANKS TO HAVE HALF HOLIDAY DURING JULY AND AUGUST

The local banking institutions are to have a half holiday each week this summer, during the months of July and August. The three banks, namely the Holland City State bank, the First State Bank and the Peoples State bank, have decided to close every Thursday afternoon at 12:30 o'clock during these two summer months.

The merchants of Holland, at least those agreeing to the arrangement, will also close Thursday afternoons, but the merchants will have four weeks extra. Instead of closing during July and August on that afternoon, as do the local banks, the merchants have included June 17 and 24 and also September 2 and September 9.

The banks have made the closing hour 12:30 in order to allow merchants to get their deposits in right after 12 o'clock which gives the merchant a lee-way after closing in his place of business.

## SHERIFF'S FORCE MAKES A RAID IN ROBINSON

The sheriff's force Friday made another liquor raid in Robinson township and captured William Metzler of that place. They also secured 15 gallons of moonshine and five gallons of gin. The raid was based on a warrant issued by Justice Brusse.

Metzler was taken to Holland and arraigned before Justice Brusse. He demanded an examination which was set for June 16 at two in the afternoon. His bond was fixed at \$1,000 for having liquor in his possession and \$500 for the sale of liquor. Bond was furnished.

The new Memorial park at Fennville dedicated Monday afternoon was a part of day exercises. The principal event of the afternoon's program was the unveiling of two memorial tablets, placed in the park in memory of Rex Victor Marks and Fred E. Chellman, Fennville young men who died in action in France during the World war.

The war martyrs were eulogized by Theodore Wade and Prof. W. B. Sheehan. Rev. E. J. Cross of that village, who saw service in France with the A. E. F., also spoke from the theme, "Our Flags Overseas."

Music was furnished by the young people of the community. The Boy Scouts, under Scoutmaster W. F. Billings, acted as guard of honor.

The tablets were unveiled by Mrs. John Flanders, president of the chapter of the Ladies Auxiliary to the American Legion, under whose auspices the program had been arranged.

The Allegan county park, located on the shore of Lake Michigan, has been opened for the season. New benches and tables have been provided and new seats have been installed in the pavilion.

The tourist camp now in order and it is anticipated that the advantages will be enjoyed by a far greater number this year than ever. Caretaker Fred C. Thompson says users of this camp form the least of his worries and adds that they seem to appreciate fully the excellent provisions made for their comfort. Seldom do they neglect to dispose of their camp refuse before departing, he asserts. With picnic parties in the main park, however, well, they belong in a different class, according to the caretaker.

Among the big picnics planned for the park this summer are those of the Allegan County Sunday school association, the county grange, the county farm bureau and the Odd Fellows.

The Topp Oil Co. of Milwaukee, are planning on making Grand Haven their distribution center for Michigan and with this in view have taken over the Ver Duin warehouse on Water street with the intention of making it into a supply station. According to reports from the chamber of commerce, there will also be large oil tanks erected.

The Topp Oil & Supply company is one of the large oil and automotive supply companies and are doing an extensive business in that locality through their live sales agent, Ralph Johnson who is now located there.

Park township has been having its troubles in many recent school elections and it took several votes at different times to bring about the building of the Montello Park school.

The school has at last been completed and it is now found that a school is just as necessary on the west end of the township.

Recently some building lots were accepted when donated by property owners near Virginia Park, and since these lots are now available it has been proposed to erect a school building costing \$35,000.00 on this property.

Voters in that district will be given an opportunity to pass upon this matter next week Thursday, June 17. At that time an election will be held in what is known as the Lagers or Lakeview school between the hours of 6:30 and 8:30 o'clock Standard time, and in that school district all voters are urged to cast their approving or disapproving ballots on the contemplated step to be taken in the building of a new school building.

## BIG THROG EXPECTED AT CONFERENCE

Preliminary plans for the opening conference at Lake Harbor, new summer headquarters of the World Wide Christian Couriers, the Chicago organization of which Paul Rader is president, were announced Friday afternoon at Muskegon by Mr. Rader before he left for Chicago. The conference will open on Wednesday afternoon, June 30, with a service in dedication of the new conference grounds, its buildings and its recreational features. This will be followed by the first evening meeting in the great amphitheater which will seat between 5,000 and 7,000 persons. From then on throughout the conference, which will continue until the evening of Monday, July 5, there will be morning and evening meetings in the tabernacle with smaller group meetings at intervals.

By boat, train, bus and private automobile, it is expected that more than 1,000 persons will come to the conference grounds for the opening meetings. Launch service from Recreation park at the end of Mona lake will be in operation by June 30. Docks for this service are being erected both at Lake Harbor and at the opposite end of Mona lake. Special bus service from Muskegon to the conference grounds also will be provided. It is planned to take care of the people coming in by Goodrich steamer, by the Pere Marquette or by Greyhound bus from Chicago.

Among the speakers and musicians who will assist Mr. Rader in the opening conference as well as throughout the summer are V. E. Stankiewicz of Deerfield, Ill., an evangelist who has worked with and for the organization at previous gatherings; Mr. and Mrs. H. Y. Anderson, returned missionaries from India; Miss Hazel Robinson, Jerusalem and a quartette under the leadership of James Nielson.

Under the direction of Clarence Jones, who will have charge of the musical programs at the conference grounds throughout the summer, a combination choir composed of members of the volunteer choir of the Chicago Gospel tabernacle and of choir members of the churches in and about Muskegon will be organized for the conference meetings.

Other musical numbers will be given by L. B. Latham and R. W. Oliver, two piano artists, and the Jones Brothers, Clarence and Howard, trombone and cornet instrumentalists, and Floyd B. Johnson, announcer and tenor soloist.

J. H. D. Goldberg, of Grand Haven township, scientific agriculturist, has beaten the field in North Ottawa, bringing a crate of home-grown strawberries to the Grand Haven market. The Bass River district has never failed to be first with berries but Goldberg beat the other berry growers this year.

Mrs. D. B. K. Van Raalte, Sr. died early Friday morning at her home on Fairbanks avenue after an acute illness that lasted about 48 hours. She had been in fairly good health for some time before the attack and the announcement of her death came a shock to her friends.

Mrs. Van Raalte was 74 years old. She was born in New York state on Feb. 1, 1852, and was the daughter of Dr. Bernardus Lederboer and Sarah Goetschis. When her father came to serve as physician she came with the family and she has been a resident of western Michigan ever since.

She was one of the teachers in the early school history of Holland and many of her pupils are now prominent business and professional men in Holland and elsewhere. She was married to the late D. B. K. Van Raalte, Sr. about 49 years ago. Her husband, who served in the Civil war and who occupied an important place in the business life of Holland during a large part of the city's history, died in 1910.

Mrs. Van Raalte is survived by two sons, Rev. A. C. Van Raalte of Niagara Falls, New York, and D. B. K. Van Raalte of Holland; also by one sister, Mrs. John Gaddis of Fairview, Ill.

The funeral was held Monday afternoon at 2 o'clock at the Van Raalte residence on Fairbanks avenue. Rev. Dr. T. W. Davidson, pastor of Hope church, officiating. Interment was in the Van Raalte plot in Pngrim Home cemetery. Interment services were private.

The Goodrich Transit Co. of Holland some time ago inaugurated a special low rate on automobile shipments, not freight but cars accompanied by passengers who wish to use their machines on the other side. The result has been that a large number of these cars are being driven on board the steamer each night.

One evening this week the steamer City of Saugatuck carried as high as 21 automobiles to Chicago accompanied by their owners. Many are the taken across and quite a large number also return the same way.

Local agent, J. A. Johnson, states that many travelers from Grand Rapids and other inland cities now prefer to take the steamer at Holland rather than to make the drive all the way to Chicago and in that way avoid the tremendous congestion between Michigan City and the metropolis of the middle west.

Mr. Johnson states further that rates were cut so low that many owners of the cars cannot be made as cheaply as the rates on the boat would figure up. There is a sliding scale of rates according to the size and make of car, ranging from \$5.00 to \$7.50 per car.

The Goodrich company also has a new system of checking in which red tape is entirely done away with and thru this system car owners who ship by boat do not have to wait any length of time to drive their cars off or on the boat at either end of the trip.

The lower deck of the local steamer is a filled garage with the exception that the cars on board are securely fastened in order not to have them scrambled up during a heavy sea over.

During the latter part of July both Dr. and Mrs. Banninga will go to Ashland, Wis., for a young peoples conference lasting a full week and early in August Dr. Banninga delivers a series of five lectures on India of the conference on the Isle of Shoals, just off the coast at Portsmouth, N. H. Dr. Banninga will preach in Hope church, Holland, on the 22nd of August.

While in Holland Dr. and Mrs. Banninga will make their home with Mr. and Mrs. John Shore at "Ingleside," North Shore. It is

nearly 25 years ago that Mr. and Mrs. Banninga went to India. Mr. Banninga was a graduate of the college of the class of '98 and of the seminary of 1901, while Mrs. Banninga will be remembered as Miss Mary Damson who taught in the public schools here for a few years.

Majorie Vandenberg, Julia Verburg and Muriel De Vries with almost perfect papers were returned winners in the second annual Bible memory contest in junior high school. The awards will be Bibles, the gift of B. D. Koppel.

The contest was under supervision of Miss Hannah G. Hoekje, head of the Bible department. Of the 90 papers entered all but three ranked higher than the average in last year's contest. Sixteen contestants received honorable mention.

A most interesting find has been made by working men on the summer places of Dr. C. J. Fisher and Mr. J. P. Kolla near Hazelbank. While the men were digging a deep ditch in the muck recently they found the skeletons of what appeared to be two elk with horns locked. The horns have been removed from the ground and Mr. Kolla and Dr. Fisher each have one of them. The skeletons were left where they were, for the present.

The find tells a story of the long ago. Undoubtedly long, long ago these two kings of the forest fought to the death on that spot, locking horns in the course of the combat and being unable to free themselves, finally dying of starvation. All this may have taken place centuries ago and today the story of that battle is being laid bare.

Dick Boter, John Rutgers, John Arendshorst, L. Kollw, Charles Drew, Walter Hitter, Peter Prins, and B. A. Mulder constitute a committee to take up matters pertaining to the Michigan Tourist and Resort association. This committee must find ways and means to see that lower Ottawa county does its share toward paying for the publicity campaign now being launched by the association throughout the United States. The committee is holding a meeting today.

Mr. and Mrs. Andrew Van der Stoep of Sioux Center, Ia., are the guests of Mr. and Mrs. Peter Van Donselaar, at their home, 47 West 19th street. Mr. Vander Stoep and the editor of De Gronwet look so nearly alike that they might be taken for twin brothers. There is no relationship, but only a close friendship of forty years duration.

## What do You Desire Most in a Furnace?

When you know that one make of Furnace is giving a great number of people, including friends of yours, a full measure of satisfaction, it is not likely that you are interested in knowing why one casting is shaped one way and one another.

After all, what you pay for, is convenience and economy in the operation of the furnace, and you want, above all, abundant warmth throughout your home.

It is the result you are paying for, and it is the result that is offered you by the Holland Guarantee Bond.

## FIVE POINTS FOR GRADUATES TO CONSIDER

YOU CAN COUNT THEM ON THE FINGERS OF ONE HAND

- Q These essentials, and a few more, will be spoken of by orators, on graduation day, during the next few weeks.
- Q Health is very essential to happiness, and success goes hand in hand with opportunity.
- Q Independence stands alone, but it could be a partner to all four of the other attributes mentioned.
- Q The foundation for independence is found first, in a savings account. No person can be very independent and be dead broke at the same time.
- Q You can read independence in the faces of every depositor who has a substantial savings account to his credit in some bank. The look of worry is absent generally speaking.
- Q Be in the independent class. Start to save today, get a different slant on life. Saving brings it.

## DYNAMIC GOVERNOR SMITH WILL BE THE GUEST OF GEORGE F. GETZ HERE

Gov. Al Smith of New York and the governor's family, together with several eastern friends, will be the guests of George F. Getz at Lakewood Farm Friday, Saturday and Sunday of this week. Governor Smith is an old personal friend of Mr. Getz and is coming West to attend the Eucharistic congress at Chicago.

Gov. Smith's private car, "Chicago," will leave New York Thursday morning over the New York Central railroad, reaching Holland Friday afternoon. His party consists of Mrs. Smith and their daughter Katherine, Mr. and Mrs. William Kenny, James J. Borden, president of the County Trust Co. of New York, and James J. Borden, Jr.

Mr. Getz is associated with Governor Smith in New York in business, both being heavy stockholders in the United States Trucking Co., and in other business enterprises.

Governor Smith was three times elected governor, the last time running one million votes ahead of his ticket in New York state. He won by forty thousand majority over the Coolidge landslide.

Mr. Smith has been in office for 24 years, being defeated only one time, which is an unusual record for a Democrat in a strong Republican state.

Mr. Smith came up from the masses. He was born on the east side in New York City. His favorite ditty is the old familiar song of thirty years ago, "The Side-walks of New York," the words typifying the plain folks living on the "Eastside-Westside."

It is stated that he can sing this with zest, leading all others in singing. The governor's party will arrive in Holland Friday evening and will occupy the large "Shoreview" cottage, the largest summer home on the Getz estate.

Other cottages near it will be occupied by Mr. and Mrs. G. J. Diekema, who are now occupying "Sunset" for the summer, former Senator Wm. Alden Smith and family who occupy "Lakeview" cottage, Arthur Vandenberg, editor of the Grand Rapids Herald, who has taken "Beachview" cottage. These four beautiful summer homes are beautifully located, side by side, on the high bluff overlooking Lake Michigan.

The host, Mr. Getz, has arranged a fine program of recreation during the stay of Governor Smith and party. There will be golfing, fishing, boating, swimming, yachting, tennis, and Mr. Getz has sent for some special movies, which will be filmed in his miniature theater. Moving picture men will also be on the ground, representatives of the Fox and Pathe Film companies having asked permission to film the illustrious guests.

On Monday evening the governor and party, together with Mr. Getz, will leave for Chicago and they will be the guests of the Holland man during their entire stay at the Eucharistic congress at Chicago and will have headquarters at the Blackstone hotel where reservations have been made by Mr. Getz. On Tuesday evening Mr. Getz will entertain the governor and friends at the Chicago Club with a dinner, when 100 prominent business and political men and their wives will also be guests.

Cardinal Hayes has promised to be one of the guests at the dinner and Archbishop Cardinal Mundelein of Chicago and host of this great congress will be present for a short time, if this is possible.

Peter Prins, secretary of the Holland chamber of commerce, is in Lansing on business in behalf of the local organization.

## FISHING CONTEST TO BE STAGED THIS SUMMER

An old-fashioned "fishin' contest" will be staged in Holland this summer and the sportsmen making the best catches during the season will receive some fine fishing tackle as prizes. The contest will be open to everybody—resident fishermen and resorters alike—and there will be rewards for every class of fish, from the bluegill to the muskellunge.

Ollie's sport shop is sponsoring the contest. The following prizes are to be offered:

Largest Black Bass, (either large or small mouth), \$15.00; largest Muskie, \$15.00; largest Pike, \$15.00; largest Walleye, \$15.00; largest Rock Bass, \$15.00; largest Rock Bass, \$15.00; largest Rock Bass, \$15.00.

The contest will commence with the opening of the bass season Wednesday of this week and continue through Labor day, September 6th.

Everybody is eligible and there is no charge for entry. The contest will be decided by weight in each instance. With the exception of brook trout, the area covered by the contest will be confined to Ottawa and Allegan counties. Brook trout caught anywhere in the lower peninsula of Michigan may win the prize if the angler has registered at Ollie's.

Ollie says: "All you have to do is sign the card and go out and catch fish, and if you're lucky you'll win some fine tackle."

Jack Wyngaarden of Zeeland was arrested Saturday by members of the sheriff's force on the charge of selling liquor. He was arraigned before Justice Brusse Saturday night and he demanded an examination which was held Wednesday forenoon of this week at ten o'clock. Bail was fixed at \$500, which was furnished.

Mrs. J. Kuiper, a respected pioneer of Graafschap, died Sunday morning at her home there. She was 85 years old and is survived by six children: Jennie, Reka and Mrs. John Nyland of Graafschap, Henry of Noordeloos, Albert of Jenison Park, and Johannes of Holland.
