Holland Cuts Electric Rates Ten Per Cent

The Common Council meeting was of short duration, one reason being that there was not quite a much business as usual.

second reason was that a few wanted to take in at least part of the commencement exercises, and Mayor Bosch handled the business at hand with dispatch, showing that he is not new at the mayor job.

It is evident from the welfare committee report that Holland is still paying considerable for a

Those using current and light in the city will be pleased to hear that a reduction of 10 per cent has been made approximately in electric service. This cannot help but reflect favorably in our industries where considerable power is used.

The Common Council approved the action of the board of public works. There will be no change in the water rates.

Mayor Nicodemus Bosch absolutely wants the "clown building" on River avenue and Tenth street removed without delay. Attorney Clarence Lokker pointed out that it might mean court action but undoubtedly steps will be taken to have this building removed. The owners of the building had their license revoked and have been

closed for the past two weeks. Just after the last council meeting and after the matter came up, the proprietors, who did not take kindly to the mayor's and council's action, put up a temporary sign calling the place "Nick's Barbecue," and

Mr. Lokker stated that he understood the temporary structures were about to be sold and moved out of town.

Mayor Bosch also voiced objections to the offensive odor from the buttermilk condenser operated by the creamery company and demanded that steps be taken by the company to remedy the situation which action was approved by the council.

It is stated that neighbors complained relative to the offensive odor caused by the buttermilk unit and who would think that buttermilk had an offensive odor? surely has no offensive taste these hot days. It is understood that

Alderman Jonkman requested that the John Knapp building permit for a \$15,000 building at the northeast corner of River avenue and Fifteenth street be given him. In the alderman's opinion this

Alderman Henry Prime in various ways and means committee re-

recommended that the system of temporary loans to the welfare and police departments from the treasurer be discontinued and that if cash in the two departments was needed between pay days the request be given to the ways and means committee. This also

**HOME NEAR CITY
DAMAGED BY FIRE**

The residence of Dick De Boer on the old Grand Haven road, 1 1/2 miles north of Holland, was damaged by fire Tuesday morning. The fire was believed to have originated from sparks from a chimney, igniting the roof and causing \$200 damage.

The No. 1 truck was delayed getting to the fire when a caretaker, which had been repaired, failed to function properly, stalling the truck for a few minutes at the corner of Eighth street and River avenue.

HOPE BACCALAUREATE SERVICES ATTENDED BY MANY

The baccalaureate address to 83 Hope college seniors was listened to by at least 2,000 interested spectators from home and abroad.

Long before services were called Hope college memorial chapel was well-filled. Dr. E. D. Dimment, acting president of Hope college during the illness of President Wickers, was in charge of the program. He expressed regrets for the unavoidable absence of the president of the college.

Rev. T. Porter Drumm, D.D., pastor of North Reformed church of Newark, N. J., was the speaker of the evening, who chose as his subject "At the Cross Roads."

With the text from Luke 9:15, "He steadfastly set His face to go to Jerusalem."

Dr. Drumm gave a word picture of the life of Christ, which embodied the courage that Christ had that Christ did not shrink from responsibility, but instead of seeking life he chose to meet his enemies, which meant death.

Rev. Drumm admonished the graduates that they could take a lesson from the courage of the "Man of Galilee," whose blood was shed for us and our redemption.

The program as given follows:

(Bingham), Mr. W. Curtis Snow. Duet, "Love Divine" (Stainer). Mr. Friesema and Miss Herman. Baccalaureate sermon, "At the Cross Roads," Rev. T. Porter Drumm, D.D., Newark, N. J., the North Reformed church.

Anthem, "Blessing, Glory and Wisdom" (Bach), the chapel choir. The prayer of benediction, Rev. T. Porter Drumm, D.D., the people seated.

Response, "Sevenfold Amen" (Lutkin), the chapel choir. Recessional, "Nos Duces, Rex Aeternus" (Shurtleff-Smart), the people standing, until the chimes postlude is concluded.

MANY HOPE ALUMNI GATHER AT BANQUET

More than 300 Hope college alumni gathered Tuesday evening at Hope church parlors, the occasion being the annual banquet attended largely by former Hope students, who graduated in years gone by.

The guest speaker was Dr. Paul W. Harrison, medical missionary of Arabia. He stated that a college is judged largely by what the alumni do and that a Christian college is for the purpose of teaching students what the teachings of Christ really meant and how a Christian should live in this country today.

There are three important facts that alumni must emphasize, according to Dr. Harrison, "to build up the church through devotion and tolerance, to save the state by carrying Christ into politics, and the family altar and worship in the home must be stimulated."

Preceding Dr. Harrison's address two other numbers were on the program. Greetings from the "new" alumni were expressed by George M. Painter, president of the class of 1932, and two solos were sung by Leo Te Paske, of the class of 1923, accompanied by Mrs. Bert Brouwer of the class of 1922.

Rev. S. C. Nettinga of Holland offered the closing prayer, previous to the business meeting.

Rev. Richard Vanden Berg, pastor of the Second Reformed church of Zeeland, was elected president for the year. John J. Riemersma, secretary.

principal of Holland high school, was re-elected vice president; Miss Hazel Albers, teacher in Holland high school, will continue as secretary, and Clarence Kleis, professor at Hope college, as treasurer.

After adjournment many of the banqueters went to Carnegie hall to view the opera staged by the Hope college high school. The leads of the production were taken by Miss Geneva Kleinhekel and Wallace Haight, assisted by a chorus of twenty voices in addition to the other characters in the cast. The performance was directed by Miss Mildred De Pree, instructor of German at the college high school.

REVIEW OF BASE BALL IN HOLLAND LAST WEEK

League Standings

Boosters	7	1	.875
Mossers	7	1	.875
Phillips	5	4	.555
Dutch Boy	4	4	.500
Gulf Gas	1	7	.125
Pure Oil	1	8	.111

The Holland Boosters and the Mossers Leathers remained tied for first honors in the city baseball league as shown by the official standings which include games up to Wednesday. The two leaders will fight for the championship of the first half of the season on Monday at Riverview park, the game starting at 6 o'clock.

That the lower division teams will be much stronger in the last few games of the first half and the entire second half is evidenced by the improving of the clubs. John Mills, veteran baseball player, has taken over the managerial reins of the Pure Oils, and that team immediately trounced the Gulf Gas and then lost a close decision to Phillips 66.

A near upset occurred last week when the Pure Oils led the Boosters, 9 to 4, at the close of the fifth inning, but the Batema team finished strong to come out on top, 10 to 9.

The excellent pitching by members of the Mosses Leather mound staff is gradually gaining the attention of the league. Fred T. bergan twirled a one-hit game against the Phillips team last week, while on Tuesday Larry Hyma let the Dutch Boy Breads down with 2 hits and fanned 16 batters.

The tough luck pitcher of the league has been Lefty Brandt, a Hudsonville boy, who throws for the Phillips team. Brandt has set a strike-out record in his four games, but was able to win only one of them.

Despite the fact that the right field wall is 15 feet longer than last season, Dick Japings of the Mossers has been driving for long distance. Dick's third homer came against the Phillips with Brandt pitching, and was a smash over the right-center field barrier.

Next Week's Schedule	
Friday—Boosters vs. Phillips.	
Saturday—Gulf Gas vs. Dutch Boys.	
Monday—Boosters vs. Mossers.	
Tuesday—Pure Oils vs. Dutch Boys.

Groups of children represented various countries, the home land and the home town. Mrs. Morris De Vries was in charge of the program. Devotions were conducted by H. K. Goodwin. The church was decorated with flowers.

NORTH HOLLAND

George Nienhuis of Overisel spent the past week-end in North Holland.

The Zeeland Boosters indoor ball team last Friday evening succeeded in defeating the North Holland outfit in a close game by a 3-to-1 score at Zeeland park. The game was closely contested throughout, with both hurlers fanning seventeen men, the local squad getting the advantage on a few good solid hits. Batteries were: North Holland, Weener and Weener; Zeeland Boosters, Karsten and Meyer. The Boosters will play no games in Zeeland during the next week, but will meet their favorite rivals, the Eighth Reformed church of Grand Rapids, in the near future, the date of which will be announced.

A little rain about now would be welcome in this vicinity.

WEST OLIVE

The W. O. L. club met at the home of Mrs. M. R. Drescher last Wednesday afternoon. Miss Mildred Drescher entertained the ladies by showing the costumes worn in India, and telling about her missionary work. Mrs. B. Stone was the hostess.

As a result of a contest held this year the winning side of the W. O. L. club was entertained by the losing side at a banquet Friday evening at the church. Places were laid for twenty-six women. HOLLAND LINEMEN SUFFER BAD BURNS

Ted Telgenhoff and Melvin W. Green, linemen for the municipal power plant, were painfully burned Tuesday by a short circuit while changing "dead ends" on primary on top of poles near the Pere Marquette station here.

Telgenhoff, the more seriously injured, suffered burns about the side, face and hips, and his clothing was badly burned. Green was burned about the chest and the rest of his body.

POLICE AND FIRE BOARD WILL PURCHASE SMALL FIRE HOSE

A meeting of the board of police and fire commissioners was held in the city hall Monday afternoon. C. Blom, Jr., fire chief, was instructed to obtain 200 feet of 1½ inch hose and necessary couplings at a price of \$116.30, the lowest of several bids.

The 1½ inch hose is connected into two lines to the regular 2½ inch hose now in use by the department. A "Y" coupling and two small nozzles are included in the new equipment.

The small hose will be used to fight minor blazes on roofs, in attics and out of way places where the larger lines prove unwieldy. The apparatus also will prove valuable in throwing on smoldering areas after flames have been brought under control.

Whether firemen will have vacations this year will depend upon arrangements to be made in which the city will not be required to pay additional wages for substitute labor.

The police aid each other so that no additional labor is needed during the vacation period and it is believed that the firemen would be willing to employ substitutes, paying them out of their own wages. It was voted to add one hour to each of the daily schedules of the patrolmen during the vacation period.

It was decided to have a stop sign placed at the southeast corner at the intersection of River avenue and Seventeenth street to halt traffic northbound at that point on River avenue. Commissioner Henry Vander Schel received a telegram from Capt. L. A. Lyons of Lansing, state traffic manager, in reply to a recent inquiry, suggesting that stop signs on US-31 be moved to M-40.

RULES HOLLAND OFFICER MAY ACCEPT FORCED TIP

The board of police and fire commissioners has ruled that Officer Peter Bontekoe may keep a tip forced upon him. Officer Bontekoe tipped a Chicago detective with information he sought. The detective in turn gave Bontekoe a \$5 tip, which the latter refused. Insisting he should have it, the sleuth laid the money on a chair and left. Bontekoe sought the advice of the board and he was told to keep it.

JOHNSON ARRESTED FOLLOWING CAR CRASH

Gunnar Johnson, employee of Lakewood farm, was arraigned Tuesday before Justice John Galien on a charge of driving on the wrong side of the highway and paid costs of \$4.45.

Johnson figured in a collision of his car and one driven by Ben Rutgers of Holland at the intersection of US-31 and Lakewood boulevard at about 6 o'clock Tuesday morning. Although the cars were damaged considerably, occupants escaped with minor injuries.

Rutgers with Roy Young, Harry Bronkhorst and Frank Smith, all of Holland, were returning to Holland from Ottawa Beach, where they had been fishing, when the crash occurred.

According to Deputy Cramer, Johnson drove his car from US-31 left onto the boulevard by driving through the short cut in front of a barbecue stand at the corner instead of keeping his car on the concrete highway.

Steketee Tire Shop, Central avenue, between Eighth and Ninth streets, is offering 5 gallons of motor oil for \$1.75.

BACCALAUREATE ADDRESS
BY REV. MULDER OF
WESTERN THEOLOGICAL
SEMINARY

The Holland High school opened commencement activities Sunday afternoon when nearly 2,000 relatives and friends of graduates gathered at Hope Memorial chapel to listen to baccalaureate services when Rev. J. R. Mulder, D.D., delivered an address on the subject of "Victorious Living."

The following is a resume of the baccalaureate address delivered by Rev. Mulder of the Western Theological seminary to the graduates of Holland High school at Hope Memorial chapel Sunday afternoon: Man's first business in life is not to find freedom, but to find a master. Freedom is not found merely in self-expression, but in a willingness to commit life to someone worthy to rule. Fullness and freest expression of life is possible only for the soul who has learned the discipline of obedience. Freedom is not the roads to true freedom. Men live victoriously when they commit their lives to God by an act of obedient faith, and a humble recognition of spiritual values. That kind of freedom is not found on a street corner. God is not found in a test tube. The inner achievement of submission makes freedom possible; the sublime act of faith puts life into touch with God.

Willingness to perform life's tasks faithfully also is a factor in victorious living. Life is a matter of duty and work. Indolence and play make for defeat in life. The glory of life is that it affords us an opportunity to work out our destiny. Circumstances, favorable and unfavorable, come into our lives, but achievement is for those who endeavor to do life's work in spite of circumstances. Paul said: "This one thing I do," and he came to the end of his life able to say, "I have finished my course."

Youth is a time of vision, and loyalty to vision is a requisite for victorious living. We do youth an injustice when we supplant its idealism with the realism of disillusionment. If youth may not dream its dreams of glorious futures, we have taken the motive power out of life. God has always built the forward movements of his program upon youths with vision. For the joy that was set before Him Jesus endured the Cross. Paul said: "I was not disobedient to the heavenly vision." Class realism kills vision, but success comes to those who cling to their vision even in trying times. It is absolutely necessary to see life in terms of the future as well as in terms of the present, if we are to live victoriously.

These are the salient thoughts used to develop these divisions:
1. Victorious living builds itself upon obedience to God's will.
2. Victorious living demands faithfulness to our tasks.
3. Victorious living requires vision and perspective.

UNIFORM TRAFFIC LAWS FOR ALL STATE—AMEN!

Before many years have elapsed Michigan motorists will find uniform traffic laws in nearly every state east of the Mississippi river. This statement was made by Orville E. Atwood, chief of the motor vehicle division of the department of state, after returning from a conference of motor vehicle administrators in Washington.

Michigan participates in these conferences by authority of the 1931 legislature. Proposals are to be made to the 1933 legislature of Michigan, Ohio, Indiana and Wisconsin, he said, that will provide for identical traffic laws in the four states, if adopted.

HOLLAND CHRISTIAN HIGH GRADS HAVE UNUSUAL RECORDS

Theodore Dirks, son of Mr. and Mrs. Peter A. Dirks of Holland, was valedictorian of the graduating class of the Holland Christian High school, and Miss Janet Staal, a Zeeland girl, was salutatorian.

The record of "Ted" Dirks is an unusual one. Throughout his four years no marks other than straight A's have appeared on any semester report card, netting him 140 honor points out of a possible 140, a perfect record. Apart from his brilliant scholastic record Dirks has taken an active part in school activities, being a member of the school's golf, debating and musical organizations. He is a sports enthusiast and is a member of the local "indoor" league. He plans to enroll next year at Calvin college, Grand Rapids, in the engineering school.

Miss Staal earned 130 honor points. She is the president of the student council as well as head of the debating and German clubs. She was class president one year and sang in the glee club two years, serving as business manager. Last year Miss Staal was awarded the citizenship trophy offered annually by the school to the best all around student.

Proud Moments

Tulip Time Over —
Now Peony Time

The next flower in order of blossoming is the peony. Blooming began late last week and will continue two weeks more. These gorgeous flowers, like many others, have been developed by scientific treatment from the old "piney" of mean bloom, either, compared with the original iris and gladiolus. The peony rivals the chrysanthemum in size and coloring having many more shades and tints and has the merit of outdoor production and therefore possible universal use. It also has more agreeable odor to most persons than has the chrysanthemum. The peony has practically no insect enemies, is hardy, and its foliage remains green throughout the season.

Near Holland visitors are privileged to see plenty of peonies at the Waller nurseries west of the city or the Nikewood Boulevard. Geo. Getz also has many varieties and there are many private gardens in and around Holland having beautiful displays.

TURKEY FLOCK RAIDER REVEALED AS BULLFROG

A new kind of marauder has made its appearance on a ranch near Kerrville, Tex., a large turkey center.

John Henderson, troubled with raids on his flock of baby turkeys, armed himself with a shotgun and stood watch for the prowler. It turned out to be a bullfrog which leaped from the nearby creek and made off with the turkeys, one at a time. At its second appearance Henderson shot it.

Vacation For
Farm Women
For a Change

WOMEN OF KENT, OTTAWA
AND OCEANA COUNTIES
RESTING AT OCEANA
CAMP

Four days of rest, recreation and inspiration is being enjoyed by Ottawa county women who are attending the district summer women's vacation camp sponsored by the extension service of Ottawa Kent and Oceana counties, Tuesday, Wednesday, Thursday and Friday of this week. The camp is at Bonona Lodge on Stoney Lake in Oceana county.

Miss Esther Lott, Ottawa county agent, and Mrs. Agnes Richardson, Kent county agent, are in charge of the recreation, music, vesper services and other special demonstrations. Miss Mary Seckell, Oceana agent, is in charge of general arrangements and the camp newspaper. Miss Frieda Gilmore, home furnishing specialist from the state college, is in charge of handicraft.

The program planned for each day and evening has been filled with worthwhile activities, demonstrations, group discussions, etc., including time for play and time for rest. Each day will start with sitting-up exercises and end with either sunset or camp-fire vespers.

Mothers' vacation camps in Michigan and other states are an established part of the extension program. Rural women look forward to them and plan each year to spend what in many cases is the only vacation they have where no thought has to be given to the planning and preparation of daily meals and other household tasks. Worries and cares are left behind and the women spend the four days free from responsibilities where they will learn again the joy of play, new friends will be made and old acquaintances renewed.

Reservations have been sent to Esther Lott, Ottawa county home agent, and the quota for the county was filled unusually early since accommodations at the camp are limited for each county in the district.

OWLS AS PLAYMATES

An owl family of five was captured a few days ago in McAllister's barn at New Richmond. The old birds were killed but the babies are being enjoyed by neighbor boys. The boys would have been better had they saved the old folks as well as the children.

Holland Rotarian Committee Will Study City Taxes

Holland Rotary club at a meeting in Warm Friend tavern Thursday afternoon was addressed by John Lee of the department of public instruction, Lansing, who spoke in connection with his work as supervisor of all classes for crippled children in Michigan, of which work the local Rotary club is a promoter.

Plans for an investigation of tax rates in Holland and the appointment of committees to study possible plans, whereby the taxes may be reduced, probably is being completed at today's meeting. This work was begun last week.

Bars Eastern Time For State's Rails

The interstate commerce commission Saturday denied a petition asking Michigan be included in the eastern standard time zone.

It also turned down applications to permit the Pennsylvania railroad to operate its Grand Rapids division on eastern standard time.

The commission ruled that, although Michigan by legislative action had voted to use eastern standard time, any change of the zone boundary to include a substantial portion of the state would be attended by grave difficulties of railroad operation.

The commission said if the boundary is to be placed at the state line it would cross a total of 19 lines of railroad. It is clear there can never be a standard time, much less a United States standard time if, at their pleasure, any state are free to shift from one zone to another either permanently or for a few months in one year and then in the other.

The local fire department was called out Tuesday shortly after noon to extinguish a grass fire on Michigan avenue, near Twenty-first street.

Funeral services were held Tuesday for Frank A. Moore, 64, father of Ernest L. Moore of this city, who died following a short illness at his home in Big Rapids.

Marine Boshka, student at the University of Michigan, is spending the summer at his home in Macatawa Park.

HOLLAND GIRL IS SIGNALLY HONORED IN ESSAY CONTEST

Writes on Forest Conservation Sponsored by Hamilton Women's Club

Miss Doris Maatman, a tenth grade student of the Hamilton schools, has been honored with a prize essay on the subject, "Forest Conservation." Mrs. Mack Short of Wayland, Mich., who is chairman of the conservation essay contest of the Federation of Women's Clubs, has informed the Hamilton Study club that Miss Maatman, while she did not win first because of the age class, had the best essay on the subject received, "age and grade considered."

Olive Oswald, grade seven, aged 12, of Osego, won first prize. The essay of Miss Maatman, we believe, will be of interest, not alone to Hamilton folks, but every one interested in forest conservation. The essay follows:

FOREST CONSERVATION
Doris Maatman
"It would be a fitting tribute to the first president to have many trees planted in the celebration of the two hundredth anniversary of the birth of George Washington. The days are slipping by rapidly and everyone should do their part in establishing this memorial. Washington loved trees and appreciated everything of value. If he could see our country's sad need of trees he would urge that something be done immediately."

"But, where have our forests gone? Only one hundred years ago Michigan was densely populated with trees of all kinds. They would cut millions of trees down without a thought to the future generations. We also find that forest fire losses are enormous. A forest fire due to carelessness is a waste of the worst kind. Tourists and campers should always make it a habit to never throw away a lighted match. You must remember that even though you do not pay the cost of the fire directly you will have to pay your share just the same. Insects and diseases directly affect the price of lumber for they cut down the supply by tens of thousands of trees a year. The blacklist of the forest must be wiped out. The only way this battle can be won is through constant study and experiment. Trees must be kept in a condition to throw off disease. They must be strong and healthy. There is also much waste of lumber at saw mills and lumber camps. All along the line there is waste, but some is unavoidable because it is impossible to save all parts of a tree. But much of it can be saved by care and common sense."

"The value of the forest is great. We use wood for fuel. Everyone recognizes the beauty of trees for they have a special charm, and also give a protection to birds and other animals. Forests prevent rapid evaporation and tend to equalize moisture. Streams that have no forests are of the type that dry up and in rainy seasons are subject to floods. Many years ago this was not understood, and men cut down trees from streams and now they work great damage each year. Millions of acres of once rich land have been eaten away by rushing streams. Trees also are a protection against winds and help to regulate the climate. We are experiencing a great building era, particularly in the erection of homes. Wood makes an excellent and lasting house."

"We are faced with a need to act to think of the future. In Michigan there are many acres of land suitable for forest growing that could be set aside for reforestation. On nearly every farm there are acres that once grew forests and can grow them again. While the forests are growing immediate benefits will come from them. They will breed valuable wild life, restore the disfigured beauty of the northland, regulate climate, guard stream flow, and be an asset to the tourist industry. It is a tremendous task to reforest Michigan, but nature and the people of Michigan working together can do it."

Holland Man Presents Trophy To Zeeland Srs.

ZEELAND PAPER TELLS OF BEATING HOLLAND GIRLS' TEAM RECEIVED

Zeeland Record: The intramural physical education schedule at the high school has been completed this week and at the last general assembly session of the year held on Tuesday, the trophy for the winners, a cup presented by M. C. Ver Hage for the winners of each consecutive year in these events, was presented by Director of Physical Education Wm. H. Vande Water (a Holland man) to Lester Wolterink, president of the Senior Class, the winner in the schedule with a total of 68½ points out of a possible 178.

The seniors came away to lead in the Play Day when they captured more than half of their total points by running off with the heavy lead. For the Play Day the Seniors were awarded 37½ points, Juniors 22½, Sophomores 13, Freshmen 10½. In other events the results stood as follows: Play ground ball, Seniors 12, Juniors 12, Freshmen 4; Tennis: Seniors 12, Juniors 18, Freshmen 5; Horseback: Seniors 7, Juniors 5, Sophomores 2, Freshmen 2. The totals were Seniors 68½, Juniors 52½, Sophomores 33½, Freshmen 24.

The lower classes came up for a good showing when Lester DeKoster took the Boys' A championship in tennis and Gladys Moordyk in the Girls' B championship, both for the Juniors, although Arnold Huyser made the Boys' B running and Ada Jane Berghorst the Girls' A race to tie for all the Seniors, in the leads. Gordon Elenbaas made a good showing for the Sophomores in the horseshoe throwing contest by coming out ahead.

In each event each class contributed about twelve members to the average. Forty-two persons were out to start the tennis season and twenty-five began to contest in pitching shoes so that with the other numbers, at least 150 individuals took part in at least one event. This makes it the biggest intramural schedule ever to be staged by the school. It is the first year that a permanent award has been secured to be presented to the winning class. The trophy will be suitably engraved to hold the name of the champs from year to year.

The girls' indoor baseball team, which was formed as a part of the playground schedule, is still running ahead of all its opponents taking the scalp of the Holland high school girls Tuesday afternoon in a hitting typhoon at 2:37 after a previous victory of 18-10. Gladys Moordyk laid out two home runs for the local girls and as the pitcher fanned twelve of their batters. In the seventh frame the opposition pitcher blew up to allow fifteen runs from eight hits. Batteries for the Zeeland outfit, Moordyk and Berghorst; for Holland, Vanden Heuvel and Ver Hey. The match was played on the Holland lot.

CONCRETE WALL ON HAVEN DOCKS

A concrete wall and dock improvements totaling over \$1,000 are being put in by Nathaniel Robbins, Sr. of Grand Haven on his dock at the foot of Franklin street. There is about 65 feet of old wooden dock being replaced by concrete. Jack Van Anrooy of Holland, with a powerful pile driver, began work there this week driving new piles and cutting them off at the water's edge. Forms will rest upon the piling which will be filled with cement.

The city of Grand Haven is considering sharing with Mr. Robbins the improvement of the end of Franklin street, which skirts the property near the dock. Mr. Robbins has offered to pay for half of the improvement.

The sheriff's automobile ran out of gasoline near here, and he elected to send a deputy to the nearest store for fuel. KROGER STORES HOLD GOLDEN ANNIVERSARY

Called First Customers in for Great Occasion—Some Interesting Incidents—Received Congratulations from Many Sources—Big Enlargements Planned.

The hands of the clock moved back half a century for some ninety happy people the other day assembled around a great birthday cake in a private dining room at the Kroger, Cincinnati. B. H. Kroger, multimillionaire founder of the Kroger Grocery & Baking Co., became a bustling young grocery clerk again—in memory—and the others in the room lived over again their numerous visits to the little grocery he opened on East Pearl street, Cincinnati, to buy their household supplies. It seemed but a step backward in memory to those pioneering days of 1888.

It was "just another grocery store" in those days, and those assembled marveled at the fact that today it had grown to 4,844 stores located in nearly a thousand communities in seventeen states.

The little crowd had assembled to celebrate the golden anniversary of that first little store. Mr. Kroger, the founder, had looked up nearly a hundred of his "first customers"—those who purchased of him in 1888, and treated them to a reunion party.

"And are you still selling cheese?" he demanded of C. D. Loewenstein, one of his guests, who claimed the distinction of having been his very first customer. In those days Mr. Loewenstein had a stand in the Pearl street market, immediately in front of the new store, and he "gave the young fellow a chance" by buying his household supplies there immediately after the young merchant swung open the door.

"What's become of your brother, the one who used to drive for the Adams Express?" Mr. Kroger asked of a gray-haired little lady who brought him flowers. And so on down the line Mr. Kroger greeted each of them, remembering back easily to the days when they were his first customers, and he was deeply moved on meeting again, many whom he had not seen in years, and who, as he put it, "helped lay the foundation stone of my success."

It was probably one of the most unique celebrations held anywhere for an occasion of this kind. Albert H. Morrill, president of the Kroger Grocery & Baking Company, attended the affair and joined with Mr. Kroger in welcoming and addressing the guests. Mr. Kroger cut the great birthday cake and personally saw to it that each of his guests had a slice of it. In addition each guest was presented a large "Her Grace" cake, baked especially for the occasion.

The Kroger officials feel that the greatest gain that can come from such an affair is in human values, and they are satisfied that had there been no other result than the good will engendered they would have been well repaid for the expense.

Throughout the area served by the 4,844 Kroger stores the fiftieth anniversary received public attention in one form or another. In general, the branch managers were given an opportunity to display their initiative, and there were fiftieth anniversary dinners or receptions or parties, some of them for employees only and some of them for the public in many of the thousand communities in which the stores are located.

In recognition of the fact that the Kroger company had its inception in Cincinnati, the event was treated largely as an important civic affair by municipal, civic and business leaders. The daily newspapers carried editorials on the subject, congratulating the founder and commenting on the high ideals and record for integrity that has characterized the Kroger organization.

In his letter of congratulations to Mr. Kroger, Mayor Wilson of Cincinnati wrote: "In congratulating you, Mr. Kroger, on the golden anniversary of the successful organization you founded, I believe we are entitled also to congratulate ourselves on

having in our midst so splendid a citizen. It is heartening, indeed, to find that a man big enough to create so great an organization also is big enough to take a vital interest in the affairs of his fellow citizens. You have helped to make this a better city in which to live through your interest in civic and social welfare as well as business problems."

Congratulatory letters were received from many public officials—from Gov. Parnell of Arkansas, Mayor Cermak of Chicago, Mayor Murphy of Detroit, Mayor Miller of St. Louis, Mayor Overton of Memphis, Mayor McDonald of Dayton, O.

The growth of the Kroger company is one of the romances of American business.

The story of the Kroger company, in brief, is the romance of American opportunity and enterprise. The little store started on East Pearl street, Cincinnati, is today a far-flung organization having an annual sales volume of \$244,371,147.

The company made new history recently by establishing the Kroger Food Foundation, with an endowment of \$1,000,000. The food foundation is the first institution of its kind affiliated with any food dispensing enterprise. It is a scientific attempt on the part of a big business organization to present its customers the best goods obtainable through a series of continuous investigations. It is notable also in that it is an entirely new idea for big business to concern itself with serving the public without direct compensation. Its studies are placed at the disposal of the public through educational literature demonstrations, and giving out information in response to inquiries which pour in upon it in a steady stream.

Recently the foundation established fellowships in three famous universities. These fellowships will supplement the work of the Kroger Food Foundation and bring to bear wider range of viewpoint and experiences on its research in foods and food values for the benefit of the American housewife and her family.

Another notable recent achievement of the Kroger company has been the development of a new type of store, emphasizing artistic values, pleasing to the eye, as well as utilitarian values. One of the latest Kroger stores goes in strongly for modernistic art, for example. It carries in the way of merchandise not only the regular food and meat items, but also candy, tobacco, magazines, soda fountain products, dairy products and other unusual items. It also has a shopping service and a department which will make menu suggestions and give dietetic advice.

Approaching its fiftieth anniversary, the Kroger company recently began an expansion program in which an expenditure of \$1,000,000 will be involved in the immediate future.

Commenting on this Mr. Morrill said: "We have complete confidence in the immediate future of business in the middle west where the majority of our stores are located and we are sure that this expansion of facilities at the present time is fully justified."

It has been a policy of the Kroger organization to take a vital interest in the affairs of the communities in which its stores are located. It holds membership in the local chambers of commerce; it contributes to the local community chest or other welfare funds; it helps support local endeavor and governmental upkeep by paying rents and taxes; it deals with local banks and, above all, it employs local people whose wages are spent in turn in their home communities.

OTTAWA COUNTY FARM NOTES

By C. P. Milham.

The last beekeepers' meeting to be held at the present apiculture operators will be held June 23. J. C. Kremer will be present from the state college to manipulate colonies for the honey flow and to instruct on swarm control and prevention. Meetings are scheduled at Grandview Poultry farm, Zeeland, at 10 a. m., and at the Colon C. Lillie farm one mile south of Titusville at 1:30 p. m. Beekeepers who wish to cooperate as a demonstration apiculture for the coming year should make application to the agricultural agent at Grand Haven.

The time to cut alfalfa is when new shoots start out at the base of the new stubble. Percentage of bloom is no guide. Too early cutting reduces the second crop yield. An 0-10-10 fertilizer applied after the first cutting is removed improves second cutting and succeeding year's crop.

Old stands of alfalfa may be thoroughly worked with a spring tooth drag after the first cutting to kill June grass or other grasses. Dragging does not injure alfalfa as much as discing.

The Hessian fly has been found in wheat fields in some sections of Ottawa county. This insect causes wheat stems to break over, turns yellow and results in shrunken wheat. If infected plants are dug out and the lower leaf sheath is removed carefully the "flax seeds" which are the dormant stage of the insect, may be found. Too early planting of wheat in the fall before the fly free date is the cause of loss. This year farmers should plant wheat at the right time or the Hessian fly is coming back and will do more damage.

Potato demonstrations comparing results of different spacing, fertilizing and time of planting have been arranged on the following Ottawa county farms by Agricultural Agent Milham:

William Arends, D. J. Van Dyke, Thomas Ferguson and Guy Barrett in Chester township; Alex Reibsig and Arthur Kunkle in Robinson township; John Dykstra and John TerHorst in Blenden township, and Henry Modderman at Lamont.

Meetings will be held at digging time to check results of these valuable demonstrations.

There are nineteen cases for divorce listed in the calendar of the June term of Allegan circuit court. Nine of these will be contested the other ten apparently being actions by agreement. Judge Miles opened court in Allegan Monday.

NORTH HOLLAND SCHOOL GRADUATES 16 PUPILS

Rev. Maasen Delivers Graduating Address to Pupils

Graduating exercises in North Holland school is always a great event of the year and June 15, 1932, was no exception. Graduation week entered in last Sunday when Rev. H. Maasen, pastor of the North Holland Reformed church, delivered the baccalaureate address to sixteen students and to a church filled with interested relatives and friends. Mr. Maasen brought home the message to the graduates that graduation did not mean finished but the beginning of life's work; that the struggle would sometimes be discouraging but courage, perseverance and honest effort, accompanied with divine guidance, would carry them through.

Mr. James H. Vander Ven beautifully sang "How Beautiful Are Thy Dwellings," by Liddle. She was ably accompanied by Mr. Harvey Woltman.

The graduating exercises took place last night at the North Holland Reformed church and the edifice proved altogether too small for the large number who attended.

North Holland folks take a great interest in school work, in fact it is one of the best in the county, and has been approved as a tenth grade tuition school by the department of public instruction.

Mr. James Vander Ven has ably conducted this school, assisted by Miss Esther Kooyers and Miss Florence Kossen, who have again been retained for next year.

The program as given last night, together with the names of the graduates and the members of the school board, follows below:

MISS HADDEN WEDS HILLSDALE MAN AT HOME IN HOLLAND

Miss Mae Elizabeth Hadden, daughter of Mr. and Mrs. Joseph B. Hadden, West Eleventh street, Holland, became the bride of Clair L. Huphill of Hillsdale Wednesday, June 8. The ceremony was performed in the home of the bride's parents by Dr. Thomas W. Davidson, pastor of Hope church, Holland.

Mrs. Walter Stern of Allegan, sister of the bride, was maid of honor, and Walter Stern of Allegan was the best man. Dwight and Herman Harwood of Hillsdale, cousins of the bride, sang "For You Alone," by Gehl, and "At Dawning," by Cadman. Miss Lillian Harwood played "Wedding March" from "Lohegrin."

The bride wore a smart gown of pink lace net with a blue velvet sash and carried a bouquet of roses and swainsons, tied with white tulle. The maid of honor was attired in peach chiffon. Her bouquet was of roses and sweet peas.

For her traveling costume, the bride wore a two-piece brown silk suit with matching accessories.

Mrs. Huphill, who is a graduate of Hope college, has been a librarian in Grand Rapids public library. Mr. Huphill is a graduate of Hillsdale college and is at present a teacher of commercial work in the high school at Shelby. The couple left on a motor trip through northern Michigan. They will be at home to their friends in Shelby after Sept. 1.

HONORS FENNVILLE DEAD PUPIL

Johnson and Miss Lillian Johnson, the father and sister of Frances. Supt. Kingman was advised Tuesday. The plaque will be awarded to the valedictorian of each year's class.

Allegan County News

Duncan Weaver of Fennville is continuing to attain honors as a writer on drug store topics, having been advised this week of the acceptance of an article by the American Druggist, of New York city, for which a check for a substantial sum was enclosed.

The tenth annual Young People's Conference of Allegan county will be held at Saugatuck M. E. church today, Friday, all day and evening. All are invited to attend and help their district win the silver loving cups. Register before 10 o'clock (Standard time) for the day. Registration free. Speakers include Miss Pilchard, of Grand Rapids, Rev. Scott MacDonald of Lawton, and Rev. W. F. Kendrick of Kalamazoo.

The Rustic and Reed company is the name of a new firm of young men organized in Fennville to manufacture and erect rustic seats and fences and reed furniture designed particularly for use and ornamenting summer homes and grounds. Chester Wentworth holds the office of manager and he reports quite a large number of orders.

William G. Tisdale, Allegan county clerk, is making improvements on his property near Saugatuck by the use of a huge caterpillar tractor to build up the shore line. The crane piles which will be graded back. When completed the shore line will be considerably higher. A cement retaining and sea wall was built on a 200-foot portion of the shore line and sand and dirt hauled in last fall for grading. Several hundred trees have been transplanted, two or three old bathhouses torn down and a four-room shingle bungalow is near completion. During the last 16 months Tisdale has paid out \$1,400 for labor. He also has been active in the unemployment campaign sponsored by the legion in cooperation with the city commission. Tisdale is commander of the Allegan legion post.

The Future Farmer organization, at its annual picnic at Fennville presented Keith R. Landsburg, agricultural instructor in the school for several years, with a ring as a parting gift. Landsburg who has sponsored fruit exhibits and various events of more than local interest, will not return next fall. The following officers were elected: President, Arnold Green; vice-president, Raymond McCarty; secretary, Herman Onken treasurer, Norman Andressen; reporter Maxwell Foster. Paul Holton and Norman Andressen were advanced to the grade of future farmer.

Mr. J. C. Kremer, Specialist in Apiculture, will be in Allegan county on June 22nd, for two meetings. At ten A.M. E. S. T. at Richard Bardens farm, west of Leisure Corners, and at two P.M. E. S. T. at the farm of Jacob Hildenbrand, 1 1/2 mile south and 1 1/2 miles west of Burnside. This demonstration is to consist of manipulations for the main honey flow and to control swarming.

Following the canning of many tons of rhubarb, the Fennville canning factory is now processing the strawberry crop. Recent rains have made the berry crop very large and fine and the pack will be quite heavy. Latest reports on the sour cherry crop is that it will not exceed one-third of the usual crop in this vicinity. It seems to be light in the Grand Traverse district but the Oceana crop is heavy. Freakish weather seems to have been the cause of the difference.

Mr. and Mrs. Batema of Holland visited Mrs. Batema's parents, Mr. and Mrs. Warren Harris, New Richmond recently.

Chas. Hogler, of New Richmond, has moved his family to Breeds-ville.

The Douglas bathing beach opened for the season Sunday.

she had just passed, her family having remained with her the entire night preceding the tragedy. She passed away early Sunday morning after having taken carbolic acid.

Douglas village is making extensive improvements on the lake shore road. And what a beautiful drive that "bluff road" along Lake Michigan is. There are few more beautiful.

He was born in Ohio; surviving are the widow and five children, Harold of Holland, George, Phoebe, Lawrence and Irene, his father and one sister in Ohio and a sister in Davenport, Ia. Mr. and Mrs. Marcinae are building a home on their lot on the north shore of Goshorn Lake near Gibson.

E. S. Cates, a well known Fennville farmer for many years, died at his farm on M89 south of town early Wednesday morning. The funeral was held Friday at 2 o'clock from the house. Mr. Cates is survived by the widow and a son, Fred.

Dr. B. J. Killham, Extension Specialist Animal Pathology, from Mich. State College, will be in Allegan county on Thursday, June 23rd and Friday, June 24th. He will meet with the Dairy Men interested in the control of the Abortion disease. The forenoon will be spent visiting the individual farms of men who expect to have blood tests taken.
