COOPERSVILLE BARN
BURNS; 2 HORSES SAVED

Neighbors led a team of horses
out of a burning barn owned by
Howard Cryderman of near Coop-
ersville Friday. The horses were
the only live stock in the barn and
the only things saved. The barn
burned to the ground. Origin of
the fire was undetermined.

Attorney Raymond Smith was in
Allegan on business Wednesday.

Our next post meeting will be
held on July 10, and a big meeting
it will be.

New officers will be nominated.
Be sure to be there to get your
choice off to a good start. We will
also hear the result of the work of
the constitutional committee. They
are to have a new constitution and
by-laws to adopt.

We are glad to advise that Com-
rade Harper is recovering from a
long siege of illness at his home
just south of town. He will be
pleased to have some of the boys
drop in and see him.

You will remember that last
Christmas time that Comrade Kar-
sten was forced to admit that he
could get no one to come up and
entertain us. Well, he has re-
deemed himself. At our last meet-
ing he gave us something new—
prestidigitation (sleight-of-hand to

you). Pug Houtman and Johnnie
Weller, two high school boys, have
a wonderful act with cards and oth-
er paraphernalia. And are they
good? Then Don Lieverse, Vic
Chervin, Jr., and J. Arendshorst
gave us a selection on their corn-
ets, accompanied by Miss Lois
Vrieling.

Keep your radio tuned in on Au-
gust 17. Our band will compete at
the music festival at Chicago on
that date and the city will gain
some new advertising. Until then,
don't plan on doing anything that
day; maybe we can get a crowd to
go with them.

Junior baseball has gotten off to
a good start in Holland. A Junior
League is to be formed and a sched-
ule will be played off. The best of
this group will be the post's choice
for next year in the district and
state meets.

WAGNER LABOR BILL AND THE FARMERS

At times legislative proposals come before congress in which agriculture and industry are mutually interested. The Wagner labor bill is one of them. A close examination of the bill discloses convincing proof that it would injure the farmers by increasing costs of handling and processing farm products, impede industrial recovery by disrupting friendly relations between industry and labor, and benefit only a minority labor group. Its real purpose is the unionization of all industries, large and small, backed by a federal labor board in Washington, with extraordinary powers of enforcing its decisions. As pointed out by one farm organization leader, all costs of manufacture and distribution, wage costs, are passed on to the farmer buyer. The processor of farm products, not being able to arbitrarily advance his prices in an abundantly supplied consumer market, deducts the additional cost due to the impracticable unionization of his plant, from the price paid the producer. The farmer pays the increased costs, going and coming. There is no indication that the Wagner bill is a part of the president's program. Nevertheless, unless the farmers' voice is heard there is a strong probability that it will be enacted into law during the present congress.

The Ottawa county council will meet at the city hall here Thursday night.

A CASE OF MOWERS

Joe Nyhof of 279 East Eighth street, Holland, is well located to sell farm implements. He is especially stressing new Case mowers, very essential on the farm at this season of the year. Many attributes that enter into the efficiency of this mower are shown in an announcement elsewhere. Mr. Nyhof is especially well known in the Holland and vicinity and also in the vicinity of Hamilton. Those in the need of mowers or other farm implements will do well to call on Mr. Nyhof. The phone, 3795, is also available.

Local Educator Serves Schools Quarter Century

our school system, but he has also given moral and financial support to all worthwhile enterprises which have been built in our city. He has helped carry the civic load and has taken part in all public civic demonstrations. He contrasted the school system of yesterday with that of today, and the marked changes for the better that have taken place.

Dr. Wynand Wichers, president of Hope college, who was next introduced, said in part as follows: "I can truthfully say that the Holland public schools rank high with the best in the state of Michigan and I consider Mr. Fell, whose anniversary of a quarter of a century of continued service we are celebrating, as one of the foremost educators in the state. This tribute does not come from Holland, but from educational critics from abroad. Just how far reaching his work has been and what influence he has brought for good in the field of education is well known by educators who are closely allied with public school work. It has been my privilege to have known Mr. Fell for a long period of time and it is from first-hand knowledge that I am stating these facts. He has impressed me. My impression is augmented by what I hear as I travel abroad and see a member of the state board of education. Mr. Fell has deservedly honored this night."

During the evening the Teachers' club presented Mrs. Fell with a beautiful bouquet of flowers, which she graciously acknowledged. The presentation was made by Miss Carolyn Hawes, who stated that the flowers were from the Teachers' club whereby the members wished to show their appreciation because of the loyalty, devotion and friendship which Mrs. Fell has always shown toward their organization.

President Moody of the club then presented to Mr. Fell a certificate of life membership in the Michigan Education association. Mr. Moody said, "No one else realized better than the teachers of the schools who have worked with him, just how much Mr. Fell has done and is doing for the schools not only in this city, but in the state of Michigan, and it is the expression of our gratitude, loyalty and good will that this token is presented."

Mr. Fell was visibly affected because of the tributes paid to him by the speakers and by the members of the club and in the few words he spoke he said: "I have endeavored to do my duty in my particular vocation as I believed it should be done. My aim was not alone in fostering education, but to inculcate character building and good citizenship in with the educational program. I wish to thank you all for the kind words spoken and the Teachers' club, which so thoughtfully and kindly remembered Mrs. Fell and myself. It has been a pleasant 25 years that I have spent in this wonderful community, and I wish to say further that in my work I have had the most earnest co-operation from school board, teachers and a host of citizens, who are interested in the education of their children."

Leon Moody, president of the Teachers' club, presided at the program which followed the banquet. Donald Kramer, accompanied at the piano by Gary De Haan, delighted the group with several marimbaphone solos.

Mr. Fell simultaneously completed a service of 36 years as an educator. Before coming to Holland he taught two years in rural schools, was principal of Riverdale school one year, superintendent of East Tawas schools three years and of Cairo schools five years.

He was born in 1874 at Ithaca and attended Alma college, University of Michigan and Columbia university. He has served as president of the Michigan Education association, president of Michigan School Superintendents and School Board Members association, vice president of the Michigan P. T. A. congress, president of Iosco County Teachers' association and a member of Michigan Y. P. Reading circle board.

GRAND HAVEN RAISES \$546 OF \$933 TOTAL FOR CRIPPLES' FUND

Reports to date of the sale of Easter stamps for the benefit of the Crippled Children's society of Michigan have been made by J. Edgar Lee, who was appointed chairman of the county from the Twelfth district, showing Grand Haven raised \$540 and Holland and Zeeland \$485, or a total for the county of \$933.

Of the above amount one-half remains in the communities, 40 per cent goes to the Michigan Crippled Children's society, and 10 per cent to the international society. The final reports are not in but it is expected the county will go well over its quota of \$1,000.

COMMUNICATION

BY DUTCH

(Chairman of Legislation Committee of Holland Fish and Game Club)

The sportsmen belonging to the different fish and game clubs in Michigan are unanimous in their opinion that one of the important bills passed by the house and senate and signed by the governor was the Brower bill. This bill took the special privileges out of the "Private Preserve Act." Under the private preserve act members of these preserves might shoot pheasants 60 days while the law itself called for 12 days. The private preserve in itself is a wonderful thing, something that every sportsman should subscribe to. One cannot expect that because one has purchased a license that the state must now see to it that he, the hunter or fisherman, shoots his quota of game and catches his limit of fish every time he goes out. This is impossible. You cannot take game out of the fields and fish out of the waters without replenishing same. Realizing this a number of sportsmen's clubs and private preserves have come into existence in the last ten years. Hearing ponds have been built in a number of places, pheasant raising is also now included in the activities of these clubs; however, the "Private Preserve Act" was disguised, coming under a cloak of Samaritanism. The pheasants were hatched, raised and fed on these preserves; surely these birds were

CENTRAL SPORTSMEN'S COMMITTEE OF MICHIGAN

Hon. Edward Brouwer, Representative, Lansing, Michigan.

Dear Mr. Brouwer: We would be derelict in our duty and deny ourselves a real pleasure, did we not express to you our appreciation of your continued active support of H. B. 298 as it ran the gauntlet in the senate.

We fully realize the value of your efforts in securing the passage of a measure demanded by so large a majority of the people and opposed, bitterly, by those who profit by the special privileges granted under Act 249.

Again thanking you, we are, Yours sincerely, A. G. Baumgartel, Secretary.

Approved: Theo. A. Thompson, President.

released on the property with permission to leave said preserve if they so desired but a pheasant is no fool and why should it leave a place where a haven and food is afforded him during closed season. So much for the private preserve pheasants.

Now, what about the pheasants that are raised by the state and released. I said a pheasant is no fool; however, it is not intelligent enough to read signs, and when it discovers that some of its relatives are being fed and cared for in private preserves, it naturally desires to enter that preserve also. There is no way in the world to distinguish between a bird raised by the state and those raised by the private preserves. Instead of pheasants leaving the preserve and supplementing the supply released by the state as the proponents of the private preserve act would have us believe. We find, however, that the birds raised by the state have been enticed into the preserve by the baiting done there, and then only to have them shot to death 48 days longer than their state raised cousins who could not be bribed to enter the preserve. This special privilege has caused more bad feeling throughout the state among the sportsmen than any other controversy that has ever come up.

The Holland Fish and Game club is also a private preserve owned by its members. We rear and plant thousands of blue gills and bass yearly. These fish are a direct donation to the public. We do not ask the state for any special privileges and should not be given any. We realize the necessity of replenishing the lakes and are more than willing to do this, if not for just today then for posterity.

The final blow for the death of the special privilege was struck by our club through one of its members Representative Edward Brouwer. Representative Brouwer has maintained an active interest in conservation, and throughout the heated battle over his bill has kept in close contact with officials of our club. Representative Brouwer has completed a wonderful job. Our club is grateful for his services. Three hundred thousand small game hunters throughout the state are grateful to him, as they realize that a six-year injustice has been rectified through the passing of the "Brouwer Bill."

Many More Men
to Find Work in
Allegan CountyAllegan County Receives
Thousands for Road Work
and Possibly Large Bridge

Allegan county, one of the first
counties to be recommended by the
state highway department for pay-
ment of its share of the township
road money allotted under the Mc
Nitt law, received a check Satur-
day for \$39,919.18. The money re-
ceived will be apportioned to the
townships according to mileage and
will be used for general mainte-
nance. No new construction will be
undertaken with these funds as
each township's allotment for the
year's work will be only about \$60
to the mile. The next allowance
for road work will be the weight-
age money due in July. Federal
funds will be expended largely on
the basis of the relief load, and
that "Michigan's relief population
is concentrated in the principal
cities of the state and in the min-
ing country of the upper penin-
sula," makes possible an interest-
ing comparison of figures. Those
obtained from the state emergency
relief commission and quoted
in the same highway depart-
ment news release, list among
others Allegan's neighbors, VanBuren
and Ottawa counties, the former
with 1,213 employable cases, the
latter with 1,182.

According to figures of the local
director of the National Re-
employment Service, Leo Wierper,
Allegan county had, June 1, 1,321
active applications for employment,
which figure does not include the
117 veterans who will be given pre-
ference in the employment on public
works projects.

Public works projects which have
given employment to some of the
employable cases in this county in-
clude the bridge over Rabbit river
at Hamilton, which is now com-
pleted and which has given work
to about 35 men.

Eighty-four men have been re-
ferred to the Allegan municipal
"am for employment and thirty for
work on clearing the flowage land.
This project is made possible by a
grant of \$410,000 to the city of
Allegan and is being carried on un-
der the direction of PWA officials.

Several other projects have been
named by rumor as possible sources
for employment in the near future.
Those considered have been the Al-
legan postoffice, highway construc-
tion between Saugatuck and Hol-
land, and the Douglas-Saugatuck
bridge. Of the three, information
has been received about the last-
named only. In a visit paid Mr.
Wierper, May 21, William S. Ives
of Charlotte, district manager of
the NRS, told him to be prepared
to receive an order for men in
about three weeks as the bridge
project might be begun at that
time. There has been no word as
to the number of men who can be
put at work when the project is
begun or as to the possibility of
the other projects being started.

tion, which was set for Thurs-

HOLLAND CHRISTIAN NOT

Holland Christian high school
will depart from the usual way of
conducting commencement exer-
cises this year in not having a reg-
ular speaker.

Instead there will be musical
numbers by the mixed chorus and
other members of the senior class
and speeches by the valedictorian

suffered severe lacerations about
his head and legs Friday when his

by Timon Paul on the Borculo road.
He was taken to the Zeeland hos-
pital. Hall was hurled 30 feet by

ed Paul had been blinded by the
lights of an approaching car. He
will not be held.

OTTAWA MAN NEXT
SPANISH WAR VET HEAD

United Spanish War Veterans
opened their annual state encamp-
ment with memorial services for
their dead comrades. More than
1,000 members of the group reg-
istered for the sessions held at
Lansing.

There was little campaigning for
offices as veterans arrived. It has
been customary in the past to el-
evate the senior vice commander to
the rank of state commander. The
tradition resulted this year in the

election of George C. Borch, Grand
Haven, to succeed Ed W. Lacy of
Detroit.

An address by Caesar de Bar-
rancia, of the Cuban consular serv-
ice, marked yesterday's business
sessions. The encampment wound
up with a grand ball.

Judge Fred T. Miles fines
Fred Graham — PLUGGING
SHOULD BE ABOLISHED

Fred Graham, supervisor of Rob-
inson township, was fined \$10 and
costs of \$9.00 by Judge Fred T.
Miles, in circuit court. Mr. Gra-
ham several weeks ago pleaded
guilty to violation of the election
laws when he passed out slips at
the election April 1 within illegal
distance from the voting polls.

The law naturally should be
obeyed; however, if all Ottawa
County poll pluggers and especially
in Holland, were arrested for tech-
nical violation heretofore, the jail
here would be filled. Running the
gamut of a dozen vote pluggers at
every pole, should be abolished al-
together. It is a reflection on the
intelligence of the citizen and voter
who generally knows who or what
he wants. Few votes are changed
by "pluggers."

"DIP" ROBS PATRON OF
PENNY STORE — CAUGHT

Donald Salters of Allegan plead-
ed guilty before Justice Cook to a
charge of larceny and was sen-
tenced to serve sixty days in the
county jail and pay fine and costs
amounting to \$10.55. He must serve
thirty days more if fine and costs
are not paid. Salters entered the
dressing room at J. C. Penney Co.
in that city while Oscar Lohman
tried the fit of his new suit in front
of the mirror just outside the door.
Salters went through the pockets
of Lohman's trousers and left the
store with four quarters belonging
to Lohman. When apprehended by
the officers he had changed the
quarters for a dollar bill which
officers found in his sock. The offi-
cer then socked him and the judge
socked him and the sheriff socked
him and now he's locked.

CLAM REGULATIONS
REMAIN THE SAME

Regulations governing the taking
of clams or mussels during the
1935 season remain unchanged
from last year. All streams of the
state will be open to the taking of
shells during the coming season, in-
sofar as state regulations are con-
cerned. The season opens July 1
and extends to Sept. 30. Licenses
became available June 1 and are
issued only on applications sent to
the department of conservation at
Lansing. Application forms can be
obtained from conservation officers
and shell buyers in the clamming
area.

ONE LITTLE PIG WENT
TO MARKET BUT PIGGY
ON CUTTER TOOK SWIM

(Grand Haven Tribune)

Far removed from the barnyard,
where he was born, "Oscar," six
week's old pig presented to Lieut.
Comdr. Perkins on Saturday night
by a group of friends, determined
to leave the ship Sunday at all
costs, so he shot through the
"chocks" at the stern of the ship,
love 12 feet to the river and swam
at a lively rate until captured by
the sailors.

One of the boats was lowered
away as the cry, "pig overboard!"
sent the crew to work with the
energy that would have been
aroused had it been "man over-
board."

The little fellow got as far as
the slip in the government pond
and although it was probably his
first experience, he demonstrated
he is a born swimmer. He was re-
turned, not any worse for his ex-
perience, but a more careful guard
is being placed on the animal until
he gets his "sea legs."

Comdr. Perkins presented the
porker to the officers and crew as
the ship's mascot. Traditionally
the pig is the good omen sign and
many times animals of the kind
are to be found aboard ships of the
world. A pig tattooed on the toe
of a sailor is "sure proof" against
ill luck of any sailor, Comdr. Per-
kins said today.

COAST GUARDSMEN RESCUE
TWO BOATERS

The coast guard crew at Grand
Haven under the command of
Boatswain William Preston, made
its first rescue of the season on
Sunday afternoon when E. S. Mad-
ison, 19 and William Cashing, 19,
overturned while rounding the
piers.

They clung to a five-gallon oil
can until the coast guards arrived
and were taken to the coast guard
station to recover from their icy
bath. The boat was also recovered
by the coast guards and towed to
the station.

SPANGLER IS NEW
OTTAWA WELFARE AGENT

Jack Spangler, former under-
sheriff and present county proba-
tion officer, has been appointed
welfare agent for Ottawa county,
effective immediately. The appoint-
ment was from Grover C. Dillman,
state welfare director. He succeeds
Mrs. Anna Poppo of Holland.

Mr. Spangler has been a resi-
dent of Grand Haven many years
and has served as undersheriff in
two different administrations. He
was appointed probation officer by
Judge Fred T. Miles, of Ottawa
county circuit court, several years
ago. Grand Haven annexes another
office and Holland loses another.
No matter how the county seat
gets their dues, as long as they
get them.

ZEELAND, SOUTH HAVEN
STATIONS ROBBED

G. R. Press

State, county and city police in
Ottawa and Kent counties last
night were seeking three youths in
a large green car following reports
that oil stations at South Haven
and Zeeland were robbed.

Arthur Lamer, 28, attendant at
the Henry Holstege station on
M-21, at the west end of Zeeland,
reported \$14.08 taken from him at
about 11 p. m., by two armed men
who escaped in an automobile half
a block away.

Lester DeFree, assistant chief of
police at Zeeland, said the men
reported to have held up and rob-
bed an oil station at South Haven
about an hour earlier, obtaining
about \$10. The bandits were de-
scribed as being from 23 to 25
years old.

Hurry Call of Cutter
Kills Banquet Date

The coast guard cutter Escahu
was called to Point Aux Barques,
near Manistique, to pull out the
freighter Inca, which had ground
off of that point. The message was
received about 10:00 a. m. and
within an hour and a half the ship
had left port.

The ship's call cancels for the
time the civic banquet which was
to have been held at the Hotel Wm.
M. Perry Tuesday in honor of
Lieut. Comdr. and Mrs. L. W. Per-
kins, who will leave Grand Haven
June 20 for a new assignment at
Fort Lauderdale, Fla.

No details of the wreck were
given in the message, but Perkins
stated with the wind in the north-
west, there was little danger of the
ship pounding to pieces or endan-
gering the crew.

The "Inca" is a coal boat 246
feet long and is owned by the Val-
ley Camp Co. of Toledo.

GRAND HAVEN SCHOOL
CENSUS SHOWS
2,341 CHILDREN

There are 2,341 children of
school age in Grand Haven, accord-
ing to a census report given by J.
W. Verhoeke, school census enu-
merator, to Supt. E. H. Babcock
of the local system. The census is
taken as of the last 20 days in May
and the amount of money the local
system is awarded by the state to
operate the schools depends on the
number of children between the
ages of five and 20 years within
the city limits.

The school census as of May 31,
1934, was 2,335, according to the
school superintendent. Mr. Ver-
hoeke received the cooperation of
citizens except that he was pain-
fully bitten by a canine during his
duties several weeks ago.

\$60,000 UNIT AT HOLLAND AS-
SURED BY GOVERNOR'S OK

Holland was ready to go today
on the \$60,000 new coast guard
station which was given the ap-
proval of Gov. Frank D. Fitzgerald
yesterday, when he signed the
bill transferring land for the sta-
tion from the state to the federal
government.

The chamber of commerce here
was informed by Capt. A. J. Wes-
sel of the Grand Haven coast
guard, and assistant to Lieut. Com-
Bennett of the 10th district, that
work would begin shortly on the
site.

Capt. Wessel also said he was
assured by William H. Louth,
chairman of the state conservation
commission, that a meeting would
be called immediately to formally
turn over the title of the property
to the federal government.

Rep. Edward Brouwer of this
city, sponsor of the bill, designated
lands adjoining Holland state park
on the north side of Lake Maca-
taw channel as the site for the
station. The present site is un-
favorable because of poor visibility
along the beach.

o'clock in the Church of the Good

TRUCK TAKES DIVE
AT BUILDING SITE

A large truck of the Associated
Truck Lines took a rear dive into
a mud bath during the young
cloudburst Tuesday noon and had
to be assisted from its resting
place before it could proceed a cou-
ple of hours later.

The truck had delivered the fuel
tanks for the new oil station being
built at the corner of Main and
Elm streets, Zeeland, and had back-
ed off the pavement into a well sta-
tioned pool of mud formed where
earth had been removed for the
new approach from the street and
the bottom was soft.

The huge truck had to be left in
this predicament with its frame
practically resting in the roadbed
till aid could be mustered to pull
her out.

BILL FOR HOLLAND COAST
GUARD SIGNED

The approval of Governor Fitz-
gerald was placed today on the
Brouwer bill authorizing the de-
partment of conservation to convey
title to lands in the Holland State
park to the U. S. government for
erection of a coast guard station.
Sponsored by Rep. Edward Brou-
wer, R., Holland, the measure be-
comes immediately effective.

Gypsies "Gyp"
Zeeland Guest
Out of Wallet

Nomads Filch Farmer Out
of \$105. Woman Indian
Doctor Listens to Heart
Action

Frank Zeeuw, age 72 years, of
Kalamazoo, who has been visiting
in the vicinity of Holland and Ze-
land, had a very unpleasant expe-
rience with a crew of gypsies
which cost him a neat sum of \$105
in hard earned cash. Incidentally
the gypsies have vanished and
Zeeuw is mourning the loss of his
money.

Mr. Zeeuw was visiting at the
farm home of friends, one mile
east of Norderloo, when the gyp-
sies contacted him. Evidently Mr.
Zeeuw appeared ill, because so-
on after the gypsies laid eyes on
him when they presented them-
selves as Indian doctors who were
able to cure every human ill. They
very emphatically told him that he
looked very badly and was ill and
that he was very much in need of
medical aid. After some remon-
stration Zeeuw submitted to a physical
examination by women "doctors,"
Oh! Oh! which included a listening
to the heart, a brisk rubbing of
his arms and legs to improve his
circulation, a thumping of the chest
and back for hollow sounds, and
many other valuable exercises, be-
fore he was finally liberated with
the warning to refrain from hard
labor.

When Mr. Zeeuw recovered suf-
ficiently after the experience to
gather his wits he found that his
wallet was missing containing more
than \$100. Meanwhile the "Indian
doctors" had vanished without
leaving any forwarding address.

Zeeland police were called in on
the case but nothing further has
been discovered of the Gypsies.
The Zeeland Record says Chief
Rosma requested the Holland and
Grand Haven officers to station of-
ficers on the principal approaches
to these cities but either through
lack of co-operation or through
avoidance of the roads by the cul-
prits the desired results were lack-
ing. (If there was another possible
avenue of escape the police should
not be blamed unless it were found
that the men had not been sta-
tioned. However, they were in Hol-
land.)

Chief Rosma went to the scene
at once and followed the direction
in which the Gypsies had gone but
the tracks were soon obliterated,
making further direct pursuit im-
possible. Inquiry of neighboring
police officers failed to produce any
information that any Gypsies for
some time past had been noticed
in this section of the state.

Repeated warnings have been in-
sued through the press in recent
months against entertaining any
transient vendors and schemers,
but there is never any lack of vic-
tims who pay dearly because they
were heedless of the warnings. The
nomad tribes only have old tricks
but folks will fall for those color-
ful laddies.

Wednesday morning Chief Rosma
and Under Sheriff Ed Ryenga went
to East Lansing, together with the
victim, to identify a group of Gyp-
sies detained by the state police,
but with no results.

YOUNG MAN FOUND DEAD

James Graham, of Allegan, thirty-
one years old, was found early
Monday evening in his room dead
from a gunshot wound with the
gun lying at his side. Coroner Os-
tun pronounced the death acci-
dental and fixed the time about
three o'clock in the afternoon. His
mother and father, Mr. and Mrs.
Charles Graham, with whom he
made his home, returned about
five-thirty from a trip to Kalamazoo
but did not look for the young man
until he failed to appear for
dinner. Thinking he was ill, Mrs.
Graham went to his room where
she found him lying on the floor
near the door. It is thought the

DREGMAN GIVES VALEDICTORY; 4 OTHERS TALK

Students Give Special Music in Night Service

CHAPEL SCENE OF 70TH COMMENCEMENT

Seniors of Hope will don cap and gown Wednesday, June 19, to terminate formally their college careers by participation in the 70th annual commencement exercises of Hope college. The last of the seniors to be presented his sheepskin Wednesday night will become the 83rd 1935 graduate, the 1979th all time graduate of the college.

Margaret Dregman of Holland, who led her class in scholastic rating, will deliver the valedictory. Class speakers Ruth Ver Hey of Holland, Marc Brouwer of Orange City, Ia.; Dowe Cupery of Friesland, Wis., and Reinhardt Van Dyke of Midland, N. J., will present short addresses.

Organ music will include the prelude by Gene Wright of Saugatuck, and the postlude by Mr. Brouwer. Miss Wright will be featured in a piano solo as well, and Carlyle Neckers of Clymer, N. Y., will offer a baritone solo. In deviation from the established custom, prizes to be presented at the commencement will include only those which are definitely senior awards.

Often referred to as the "rock-bottom depression class," the graduates of 1935 in colleges and universities throughout the nation have been noted for their extreme seriousness, their high scholastic achievements, and for the large percentage who earned their own expenses. Hope's seniors have proved no exception to the national rule and indications are that this year's graduating class, having worked harder and having taken the intricate process of education more seriously than any of its recent predecessors, is being correspondingly more successful in securing positions, scholarships and acceptances into graduate schools.

PRIZES WILL BE GIVEN FRIDAY

Recognition of honors earned during the past year will be made at chapel service Friday morning. There are two reasons for presenting the honors at this time instead of at the commencement exercises as has been the usual custom, according to President Wichers, who will preside. Not only will this plan shorten the commencement proceedings, but it acts as a stimulus for the student body.

Among the awards to be made are the prizes for oratory and debate; the freshman, sophomore and junior Biblical essays. Prizes for the George Birkhoff, Jr., English essay and the George Birkhoff, Jr., Dutch essay, will be presented. A new prize of \$25 will be given to the present Junior who has been outstanding in religious leadership and in athletics.

Announcements will also be made of fellowships and scholarships to other colleges and universities.

Seven members of the Holland Exchange club and their wives returned home Monday from a three-day convention of the Michigan Affiliated Exchange clubs cruise held on the S. S. South American. At the annual election of officers, Charles E. Hayes, Detroit, was named president to succeed Dr. William Weststrate of Holland, who presided over the convention. Other officers chosen are William Liddle, Wyandotte, first vice president; Carl Monty, Muskegon, second vice president; Charles I. Haas, Monroe, third vice president and Lyle Broughton, Jackson, treasurer. Christian Stewardship—Deut. 8:11-

18; 2 Cor. 9:6-8.

(Henry Geerlings)

Stewardship is not confined to money. It includes time and talent as well as treasure. All that we have and are should be consecrated to God. Yet, in our civilization, the giving of money becomes the acid test of stewardship.

There was no money in Eden. There were no banks and no bills. For long ages afterwards, mankind had no need of money. Their riches, then, were the fruits of the field and the beasts of the flock, which they exchanged in a system of barter.

But in due time money was invented by man in order to meet the needs of his expanding industry and growing commerce. It became the accepted symbol of wealth, a counter that men used in the transaction of business. In our time finance, the science of money, has become so complex and elaborate that nobody seems to understand it. Everybody, however, quite understands the place and power of money in modern life. So much financial wisdom, at least, we all learn in the school of experience. We know that we need money to live. Without it, though living in the midst of plenty, we suffer and die.

Jesus, it would seem, fully appreciated the importance of money, for He had much to say about it. These sayings of His concerning wealth may easily be misunderstood, and they have often been distorted. His teachings do not give us definite precepts, but basic principles. And sometimes His sayings deal with a particular case and must be construed in that setting.

Jesus never denounced money in general. Even to wealth He showed no opposition. He recognized that wealth could be rightfully obtained and faithfully used. It may be used to minister to the highest interests of the possessor and of society. It may develop character and increase human happiness.

But it is equally clear that Jesus was keenly aware of the perils of wealth. It was difficult, He said, for a rich man to enter the kingdom of heaven. He drew an unforgettable picture of Dives, whose wealth had dulled his sense of human brotherhood, and blinded him to the existence of stark misery in his very palace. He gave us the portrait of the rich fool, who forgot God, man, his soul, eternity, in his haste after more riches. He poured out his lamentation upon the rich; not because they were rich, but because they had no higher aspirations than those whose money can procure.

All through His ministry Christ emphasized the fact of trusteeship. No one can serve two masters. If money masters us we become its slaves. It dwarfs our character and destroys human happiness.

This spirit of trusteeship pulses in the biblical passages chosen for this lesson. In the first, the ancient writer exhorts prosperous Hebrews not to forget God; for it is He that gives power to get wealth. In the second passage Paul implores the prosperous Gentile

public confession of their faith Sunday.

REPORT ON THE HEALTH CHILDREN BY MRS. KOERTGE

The civic health committee of the Woman's Literary club with physicians of the city last week conducted pre-school clinics, some places called "the spring round-up." At that time the children who are to enter school in September were given a physical examination and their parents were informed if corrections need to be made so the children may enter school without handicap.

A clinic was held in each of the grade school buildings. There were 133 children examined, 3 had hernia (rupture), 4 need circumcision, 1 mital had irregular heart, 1 mital had enlarged tonsils. Some of these need to be removed soon as possible and others are to be watched and if necessary removed before the general health is impaired.

Of the group 65 were advised to see a dentist. The mothers of these children were told the importance of milk, leafy vegetables and fresh fruit in the diet of growing children; also that too much sweet, especially between meals is very harmful to children's teeth.

The committee were gratified with the attendance and are anticipating that the good advice given will be carefully carried out.

SUNDAY DINNER Suggestions

By ANN PAGE

MARKETING is pleasant these days when so many foods are again reasonably priced. Meats while not appreciably lower, have apparently reached their peak for the time being. Most vegetables are cheap, some are moderate, very few high. Butter is one-third cheaper than it was a few weeks ago. Eggs have maintained price and quality but are reasonable. Seafood and fish of many kinds are plentiful and cheap.

A wide choice is possible in fruits as winter fruits linger and summer fruits are in market, including peaches, melons and berries, all reasonably priced.

Here are three menus made up from seasonal foods adapted to different budget levels.

Low Cost Dinner

Chuck Roast Mashed Potatoes Creamed Spinach Bread and Butter Tea or Coffee Milk

Medium Cost Dinner

Fried Chicken Cream Gravy Parsley Potatoes Green Beans Dressing and Butter Watermelon Tea or Coffee Milk

Get in the Swim —in Michigan

With the passing of spring, every one begins to think about vacation; and as you plan yours, you demand at least two features: It must be spent amid the kind of surroundings you like best. Its cost must not exceed the amount you have fixed as a maximum.

No matter what sort of vacation you prefer, the ideal site for it lies right in the State of Michigan. You need not go farther—and your money will!

If your favorite sport is fishing, you have in Michigan's famed streams and myriad sparkling inland lakes the perfect angler's paradise. If you prefer golf, you can choose among hundreds of fine links throughout the State. If it is touring by automobile that appeals most to you, Michigan offers you alluring motor trails lined by an interesting variety of natural scenic beauties.

And if you are a lover of water sports, you will find your native State bountifully equipped to provide you with exactly the kind of vacation site you prefer. Here you can pick and choose among five thousand lakes, bodies of water ranging in size from a pond to a vast inland sea.

Spend your own vacation in Michigan. Call its unsurpassed facilities to the attention of your friends in neighboring states. By doing so, you will assure them of a pleasanter vacation. In addition, you will help to promote the popularity and prosperity of your native State.

It is for the purpose of doing our share in this promotion that this series of advertisements is being published by the Michigan Bell Telephone Company, an organization that prospers only as the citizens of Michigan prosper.

June Leads the Calendar for Great Out-door

Nature and Sportsman Have Inning; All Wildlife at Peak of Performance

Bass fishermen are looking over their rods and reels and sharpening up the hooks on their plugs. Trout fishermen are looking forward to putting in their best days on the stream. Those who simply like the out of doors for its birds and flowers are organizing for trips afield. June has arrived, and June is the most attractive month for sportsman and nature lover.

Bird nesting season is at its height. Young birds are everywhere, in city and country side. Some early nesters are even beginning a second brood. We see that right in Holland where the old robins have left the first brood to shift for themselves and have started the incubator going for the second family. It is interesting to compare the old birds with the nestlings. Some of them can be told apart but others quickly resemble the parents. Flycatchers, crows and chickadees quickly assume adult plumage, but not so the orioles, red-winged blackbirds, goldfinches and scarlet tanagers.

If you go near the swamps or lakes, notice that the bullfrogs have come permanently out of hibernation. You can hear their deep bass voices constantly. They seem to prefer large ponds or lakes where they can find deep water as well as shallow. In contrast with leopard and pickerel frogs which roam everywhere in search of food, the bullfrog hunts food only in the body of water in which he makes his home.

Not only are the young of birds being born this month. Toward the latter part of June, you will see the doe deer accompanied by one or two spotted fawns. Baby chipmunks are venturing out of their homes into the sunlight. Young beavers follow their mother around to test their gnawing abilities.

The wild flower world is in transition in June. The early spring flowers which rushed into blossom in order to be all done blooming by the time the trees should sprout their leaves and rob them of their sunshine are practically done. Only here and there will you find the bloodroot, marsh marigold or hepatica in blossom. In their stead you will find the coarser flowers of wild geranium and buttercups. The blue flags will be in blossom. By the end of the month even these flowers will have done blooming and the midsummer wildflowers will arrive. Those you will find in the open fields, along riverbanks and highways, for the forest floor will be covered with shade from the leaves above. Without sunshine, few flowers ever unfold their petals.

ZEELAND URGED TO KEEP ROOKS
The Zeeland city council accepted the invitation at its Monday evening meeting to attend the Lamont celebration June 20.

A petition signed by nearly 100 taxpayers requested that the council take steps in retaining the services of City Superintendent Gerrit P. Rooks, who is being considered by Grand Haven as a candidate for city manager.

A resolution was passed requesting the state liquor commission to revoke the license issued to persons now selling beer on M-21 in the city. The license for the selling of beer by Miss Angeline Vredendael was not approved.

The council approved the change in nights of the summer band concerts. These will be staged in the center of the business block Tuesday evenings instead of Friday.

The official city flower issue caused much discussion. The selection of both creeping phlox and petunia as official flowers finally was accepted.

MAN WANTS WOODEN SHOES: WAS HOLLAND VISITOR IN 1881

Carney, Michigan, May 16, 1935.

Dear Sir:
I have inquiries for wooden shoes. I learned from a friend that there was a man in Holland City who makes them. I am wearing a pair right now that I bought at an auction some years ago.

Kindly advise me what kind you make and what you charge for them. I am personally interested in a pair of Sabots—wooden soles with leather straps over toes that I can slip on at the door when I step out of the ones I wear outside.

If you would care to take a chance you could send me three sample pairs. One Sabot's 2 regular, the Sabot's and one pair for a person who wears No. 8 shoes and one pair of No. 9. I am sure I can sell them and you can allow me a commission for selling, but in any event send me your prices so I can tell the parties who have been asking for them.

I was in your city in 1884 when I was sailing the lakes and it had the reputation of being the neatest and cleanest little city on the lakes, but you are really 5 miles up the river from the actual lake shore.

Very sincerely yours,
PETER GARRIGAN.
Saw a picture today in the Herald & Examiner of Tulip Day in Holland City. Everybody wearing wooden shoes.

DR. TEN HAVE RETURNS; MOUTH DISEASE PREVALENT HERE

Dr. Morton Levin, head of the Ottawa County Health Unit for the past eight months, completes his duties in that office within the week. Dr. Ralph Ten Have, who has been studying at Johns Hopkins University on leave of absence, has returned and takes up his former duties as head of the health unit.

Dr. Levin, Grand Haven health officer will remain in that city for a short time at least, he stated, until he learns what action will be taken on the proposed milk ordinance of which he is the author.

He has recently made a survey of the children of Ottawa county schools regarding trenchmouth, a disease which is on the increase over the country. He finds that 90 per cent of 170 children examined have the germs in their mouths. Of this number only 18 per cent show any symptoms of the disease.

He has written a technical article on the matter which will be published in the bulletins issued for physicians and dentists by the state health department.

Holland Continues to Have Few Cases of Contagious Disease

Holland has been more fortunate than the majority of cities when it comes to the number of cases of contagious diseases. From time to time reports have shown that Holland was well down to the bottom of the list. At Monday's meeting of the Board of Health the report for the month of May showed that there were five cases of measles, two of whooping cough and one of scarlet fever during the past month.

The report also showed that sick tests were taken of 773 school children, and of this number 566 were negative.

Tony Dozema, recently elected city inspector, presented a report of the month in which meat markets, restaurants and slaughter houses were inspected and 28 complaints against throwing rubbish and garbage in back yards were answered.

The bid entered by Gerrit Kragt for city scavenger was referred to the common council for action.

Milk rules provide that the city inspector inspect all dairy farms supplying milk to local distributors four times annually, distributing plants at least once a month, that he collect street samples of milk and cream for laboratory test every two weeks, that he make milk tests of herds four times a year and that he inspect certificates of good health of animals owned by farmers.

He shall inspect all meat markets and slaughter houses at least once a month, he shall ascertain that all string butchers are supplied with dealer's stamps, he shall ascertain that farmers selling meat privately for consumption live up to the requirements of the law and shall accompany state inspectors on their tour of inspection.

He shall inspect all food emporiums at least once a month and ascertain at least twice a year that all employees have submitted to regular health examination.

He shall inspect and clean drinking fountains three times weekly, make monthly inspections of all alleys, dumping places and vacant lots, and shall ascertain that all houses that have the facilities for making proper sewer connections having done so, and if not, report these to proper authorities.

Water samples of Kollen park, when in use as a bathing beach, shall be collected at various points once a month.

The inspector shall report to the health officer once daily for instructions.

Ganges Church Is 95 Years Old This Year

WAS BURNED AT FRINGE OF OUR DEPRESSION, BUT IN SPITE OF A BEAUTIFUL EDIFICE WAS REBUILT — SELF-SACRIFICING FOLKS

Ellsworth Bartholomew of Ganges gives a resume of the founding development of the Ganges Methodist church, which has an interesting history. The organization of this denomination on the shore of Lake Michigan took place in 1840 and the first sermon was delivered in a house in the neighborhood. The church was built and later moved. The old Church Building burned rather recently just as this stressful period was creeping upon us and was rebuilt when the depression nearly overwhelmed us. That surely was courage when you look at the monument found in this article, a "house of God" to be proud of. Ellsworth Bartholomew gives you a more detailed history of this church about to be commemorated.

(By Ellsworth Bartholomew)

This year, 1935, marks the 70th anniversary of the building of the First Methodist Church in Ganges. This year is being celebrated with many special services, social events and homecomings. An effort is also being made to decrease the church debt during the anniversary year.

The first sermon was preached 95 years ago in 1840 in the old James Wadsworth house by Rev. E. L. Gage of Plainfield, a Methodist circuit minister, whose circuit extended from Kalamazoo to the lake shore. They planned to have preaching service once a month and Sunday school every Sunday. They worshipped in the Wadsworth house and barn; also in an old log house on the Harrison Hutchins place. Rev. Gage organized the first class in the Wadsworth school house and a second class was organized and met in the White school house located on a corner a quarter mile south of the present Ganges store. The latter was afterward united with the Pier Cove class. The Pier Cove class was organized in 1852 and worshipped in the houses of Nathaniel Plummer and E. S. Collins and the Pier Cove school house. The first members were V. Wadsworth and wife, E. S. Collins and wife, William Carner and wife, Charles Goodeve, Roswell Dailey and wife, Nathaniel Plummer and wife, William Dunn and wife, Sam Weaver and wife and Mr. Simmons and wife.

A building committee was appointed and a church built at Pier Cove in 1867. The first trustees were William Dunn, William Carner, J. B. Goodeve, E. S. Collins, Philander Taylor and V. Wadsworth. William Carner was chorister and a leader in church activities. It was sometimes believed the church would fail if Mr. Carner should drop out. However, when he died David Hoover took up the work and carried it on. The first pastors of this class were Revs. VanHorn, Chapin Potts, Diets, Clark, Oden, Hewitt, Boyington, Steele and Wightman.

In 1885 the church was moved to its present location at Ganges. The United Brethren church had been built in 1875 just back of the present Leggett place at the corner of M-89 and U.S.-31, was used by the Methodist class during the moving and rebuilding. The pastor at this time was Rev. S. W. Calkins. The cost of moving from Pier Cove and rebuilding at Ganges was \$1,596.48.

The pastors after Rev. Calkins were Revs. Ford, Watkins, Middleton, DeVine, Brown, Harding and Griffith. During the pastorate of the latter in 1896 an addition to the church was built.

Other pastors from that date to the present time were Revs. Knudrick, Peatling, Hathaway, Quant, Hawley, Buell, Hise, Williams, Miller, Brown, Zerbe, Rayle, Finch and the present pastor, Frank G. Wright.

During the pastorate of Rev. Floyd Zerbe, on Feb. 22, 1929, the old church burned. With good courage the members immediately began planning for a new one. Though on the verge of serious depression days, they were not daunted and on Oct. 5, 1930, the cornerstone of the new church was laid. On Sept. 6, 1931, the present new building was dedicated by Bishop Nicholson.

Today Ganges has one of the finest and best equipped churches to be found in any community of its size. It took work, patience, prayer and sacrificial giving, especially during such times as we have been passing through in the past five years. For this they are duly thankful, and have shown materially assisting in reducing the church debt, until less than \$2000 remains to be paid, \$1500 of which is a mortgage on the parsonage. A part of this sum is covered by pledges. The people of the church do "praise God who giveth us the victory."

A Tame Wildcat

A call from the door of the residence at the fish hatchery, Happy Isles, Yosemite National Park, brings a wild cat scampering from her den in the talus slope nearby. This is the third year the superintendent has reported the novelty, and he has good reason for believing the feline is the same individual, year after year. Each season she appears with a single new kitten. This spring she has seemed especially tame, approaching the feeding table fearlessly in broad daylight.

SUCKS THUMB, THUMBS RIDE TO GRANDMOTHER

Sucking one thumb and using the other in the well-known gesture of the seasoned hitch-hiker, David, age 4, adventurous son of "Chuck" Deppenhorst, Saugatuck, and his older sister, Mary Ann, 8 years, another adventurous soul with thumb-pointing ability, made their way by auto and foot on a day and a half trip that ended when their parents became aware of the fact that they had gone to visit a great-grandmother at Jenison Park.

The young travelers were given a ride at Saugatuck when they informed the driver they desired to go to "the windmill." From the windmill, they evidently walked to the home of their great-grandmother.

A frantic appeal from the parents put local officials on the trail and after a day and a half search they were found, the relatives being honored by the visit, supposing that all was well and that the parents knew where the youngsters were. The two left Monday afternoon and were returned Tuesday noon.

Save the Forests

Again tourists in Michigan are warned to be on guard against starting forest fires.

Already this year more than 200 such fires have occurred, according to Arthur E. Elmer, assistant chief of the Conservation Department, who adds that most of them were caused by carelessly thrown matches and lighted cigarettes.

A year ago nearly 25,000 acres of forest land and gamecover were burned over in Michigan during the dry period of May and June. The recent "wet spell" should not deceive motorists into thinking that it has removed the danger of forest fires: for, as those who traveled the roads of this part of the State over the week-end discovered, what little rain had fallen in recent weeks had completely disappeared.

As spring wears on into summer and summer turns to autumn the fire hazard along the highways and in the forests will increase. Campers and tourists should remember that they owe it to Michigan, whose recreational facilities they are enjoying, to protect the State from the present and future consequences of devastating forest fires.

RELIC OF JEFF DAVIS CAPTURE

Mrs. Sidney Thomas, Fennville, has a relic of the Civil War of which she is justly proud—a tea canister that belonged to Jefferson Davis, southern President during the war days.

Mrs. Thomas' father, the late Benjamin Coff, known as "Sergeant Coff," participated in the capture of the Confederate leader and to him fell the captive's tea canister. Attested documents prove that the cherished souvenir was actually the property of Davis who endeavored to escape from camp in a woman's garb and "sunbonnet," as the story goes.

An Allegan city soldier saw the old woman go to a stream with a pail but also noticed through the dress riding boots and the game was up for Davis.

FORM WILD LIFE PROTECTIVE ASS'N AT EASTMANVILLE

The first Ottawa county farm area to come under the Williamson plan of controlled hunting was organized last week by a group of farmers in the vicinity of Eastmanville.

Known as the Allendale and Polkton Wildlife Protective association, the group controls an area of about 2,500 acres along Grand River, centered around Eastmanville. Two tracts, and possibly three, in the area will be set aside as game sanctuaries.

Hunting on the area next fall will be controlled by the issuing of guest tickets, in accordance with the Williamson plan under which other farm areas in western Michigan now are operating satisfactorily.

The following officers were elected by the association: President, Richard Ossewaarde; Secretary, Harry Bennett; Treasurer, W. Ossewaarde. Dennis Wallinga, Ray Modderman, and Harold Herington were named as directors, and two more will be added later. The next meeting will be held in Eastmanville, June 13, with P. F. English, in charge of game and cover management for the state conservation department, as speaker. Arrangements have also been made for the showing of one of the wild life pictures, which are sent out by the conservation department.

The organization of the area was carried out with the co-operation of the Kent County conservation league through the efforts of Walter Tonjes and Arthur Lowing.

ZEELAND MAN PRESIDENT OF COUNTY DISTRICT OF MICHIGAN ASSOCIATION

Lewis Roberts, teacher in Zeeland schools, was elected president of the Ottawa district organization of the Michigan Educational association at a meeting held here at Ferry School, Grand Haven. Under a new setup the MEA is divided into county organizations to be governed by the state group.

Miss Jennie Kaufman of Coopersville was chosen as vice-president, Dick Mow of Hudsonville as secretary and Gerrit G. Groenewoud of Holland, county supervisor of rural schools, as treasurer. Miss Helen Bell of the high school of Grand Haven and M. B. Rogers of Zeeland were chosen as representatives to the representative assembly of teachers at Lansing with Stephen Meador of Zeeland as alternates. About 50 attended the meeting, which did not include Holland teachers, who will have an organization of their own.

YOUTHS PLEAD GUILTY TO LARCENY OF GUN

Each were fined \$10 and costs of \$3.35 which was paid. The youths admitted taking a gun from Mr. Moore's home and then raising \$4.50 on it at a pawn shop in Muskegon. The arrest was made by the state police.

OTTAWA PAIR FINED

Dan and Leon Parker of Chester township Monday pleaded guilty before Justice Paul Behm, Grand Haven, to charges of assault and battery, and were assessed fines and costs of \$29.95 each. The charges grew out of an attack upon Thomas J. Mangan, with whom they entered a controversy over evacuating property of which they claimed purchase.

G. R. PAIR PLEAD GUILTY TO ENTERING COTTAGE

Harold R. Williams, 21 years old and Russell Herp, 23 years old, both of Grand Rapids, pleaded guilty to breaking into a cottage in Justice Paul H. Behm's court, Grand Haven. The cottage, on the lake shore south of here, is owned by Jack Lawrence of Chicago. Mr. Lawrence told Trooper Charles Beukema, of the local state police post, he would repair the damage done when Williams, Herp and two girl friends broke in early Monday morning.

FIRST BOUNTY PAID IN STATE WAS IN 1817

What is believed to be the first bounty law enacted in Michigan has been found by the Game Division, Department of Conservation, in a volume of territorial laws for the year of 1817.

It was enacted by the governor and judges of the "Territory of Michigan" at Detroit, November 26, 1817, and authorizes payment of a \$2 bounty on each wolf over six months of age and a \$1 bounty on each wolf under six months age killed within six miles of any settlement of white persons.

An excerpt from the law reads: "And be it further enacted: That any person claiming such reward shall produce the scalp of such wolf as he may have killed to some justice of the peace who shall cause the ears on each scalp to be destroyed in his presence and shall give the person producing the same a certificate specifying therein the number of scalps produced by such person."

The bounty seeker, in presenting the certificate to the proper authorities for payment, was required to take an oath as to the time, place and age of the wolf and that he had spared the life of any female wolf in his power to kill "with intent to increase the breed."

Hints on Sandwich Habits

SUCCESSFUL sandwiches of all types are best made according to a few simple rules. Once mastered, these rules will reduce the art of sandwich making to an easy formula. The bread, of which there is limitless variety, should be at least a day old to cut well in water. Thin slices except when used for rolled sandwiches. Butter the bread on the loaf with butter creamed for spreading to prevent tearing and crumbling except when bread is to be toasted. Remove all crusts on dainty sandwiches, but retain them on substantial supper sandwiches. Crusts add wholesome bulk, and prevent youngsters from eating too many sandwiches and too fast. A very little milk creamed into the butter for sandwiches will keep them fresh and moist several hours before serving. Fillings offer a grand opportunity to express your own creative flair. It is often possible to vary the proportions, thus making interesting new blends. Remember these precepts and you can make any of the following sandwiches with ease and assurance of success:

Peanut Butter, Cream Cheese and Date Sandwiches—Combine 4 tablespoons Peanut Butter, 2 dozen dates, ground, and 1 package soft cream cheese, and mix thoroughly. Spread between slices of white or whole wheat bread. Cut into dainty shapes, chill and serve.

Italian Sandwiches—Combine 1/2 cup minced cooked ham and 1/4 cup minced celery, and season with a dash each of cayenne pepper and Prepared Brown or Yellow Mustard. Moisten with 2 tablespoons Mayonnaise and 2 tablespoons Chili Sauce. Spread filling between slices of buttered white or whole wheat bread.

Chicken and Dill Pickle Sandwiches—Allow 2 slices of buttered white bread for each sandwich. On one slice of bread lay thinly sliced chicken. On top of the chicken lay thin slices of Genuine Dill Pickles. Cover with second slice of bread.

Grilled Liver Pudding Sandwiches with French Fried Onions (serves 8)—Combine and mix thoroughly, 1 lb. liver pudding, 12 slices cooked bacon, chopped, 4 tablespoons India Relish and 1/4 cup melted butter. Toast 8 thick slices of bread on one side and spread untoasted side with butter, then with a generous layer of filling. Place in hot oven or under broiler to heat sandwich through. Serve on French onion plate and cover top with French Fried Onions. Serve with Tomato Ketchup. Note: This filling may be placed between slices of bread, then toasted.

By JOSEPHINE GIBSON
Director, State Food Institute

French Fried Onions—Peel 2 medium onions and slice 1/4 inch thick, then separate into rings. Mix 1 egg, 1/4 cup milk and 1/4 cup flour, and dip onion rings into this batter. Fry in deep hot fat (350° F.) for about 4 minutes. Drain on paper and sprinkle with salt and pepper.

Hot Frankfurter Sandwiches (serves 8)—Remove skin from 1 dozen medium frankfurters, then grind. Fry the ground frankfurters in 2 tablespoons bacon fat until slightly browned. Blend 2 tablespoons butter with 2 tablespoons Prepared Yellow Mustard and spread between 8 sandwich buns, then place buns in paper bag and heat in oven. When buns are heated, remove from oven and spread a thin layer of India Relish and a generous layer of frankfurters between each bun. Stick toothpick through each to hold together, and top each toothpick with a Stuffed Spanish Olive. Note: Thin slices of onion may be placed between sandwiches, if desired.
