## Park Board Asks More Money For Supt. Van Bragt

**BEN BROWER, CHAIRMAN OF  
THE BOARD, MAKES EARNEST  
PLEA BUT IS TURN-  
ED DOWN**

**Council Members and Park Board  
Go into Oratorical Debate**

A question that has been "hanging fire" for the past few weeks was a raise in salary of Superintendent John Van Bragt of parks and cemeteries. It appears that a joint meeting of the park board and council was held some time ago and the matter was gone over, and then at the last meeting of the council the matter was given into the hands of the ways and means committee, of which Ben Steffens is the chairman.

The contention of the park board is that it was understood that this board should meet with the ways and means committee and go over the matter together. Mr. Brower, the chairman, stated that this was the understanding, that the park board waited in vain for a call from the ways and means committee. Mr. Brower contended they had decided to raise the superintendent \$250 over and above the \$1,850 received from the park board and \$400 from the cemetery fund.

What started the "fireworks" when the chairman of the ways and means committee, Ben Steffens, in his report said that the committee could not legally raise the salary at this time, since no provision had been made in the budget to meet such a raise. Mr. Brower was then called on and stated, "The provisions had been made to raise the salary of other city officials, first 10%, and later 25% in some instances. If these raises could be made, why can this not be done with the Superintendent of Parks? I have just listened to a prayer in which it is asked that you be guided in your deliberations and you may do all things just and right and that is very fine, but I do not believe it is just and right to raise the salary of other officials and discriminate against the one."

Alderman Damson stated that Mr. Van Bragt was the head of a big city department which carried great responsibility and which should give him consideration equally with other department heads.

Mr. Geerlings spoke up and stated that at the time when the budget was set the park board did not ask for any additional appropriation to raise this salary, which they should have done. It seems that the park board had an idea that they had jurisdiction over the cemetery fund and that an additional raise could be voted from that fund. This, however, is not the case, and it cannot be done according to City Attorney Elbert Parsons.

Alderman Prins stated that Mr. Van Bragt should have been given his raise, that he had made an able park commissioner and there should be no discrimination when other city officials received raises. Alderman Kleis also felt there had been discrimination against Supt. Van Bragt.

The City Attorney was then asked whether a raise could be given under the charter. Mr. Parsons stated that according to the charter there was a stipulated time to draft a budget, and that is the time provisions should be made for salary raises that might be contemplated. That matter is closed for this year, according to the charter. The budget has been published and approved. Alderman Kleis then stated, "If it can be done for other officials, why not for Mr. Van Bragt?"

Mr. Geerlings then stated, "If we sin once, it does not mean that we must sin again." Ald. Kleis retorted, "Two wrongs don't make a right, either." Mr. Geerlings stated that the board seemed satisfied and that this was altogether a new angle to him. When the committee arranged the salaries he took into these considerations in giving raises that these should go to the men who carry the heaviest burdens.

Ald. Prins said, "There has been a misunderstanding somewhere, but Mr. Van Bragt should not be made to suffer for somebody else's misunderstandings." He stated the board was made up of fine men and their judgment should be respected. Ald. Huyser stated that he believed, as Mr. Prins did, but the council was divided.

## 4TH OF JULY CELEBRATION PLANNED AT NORTH HOLLAND

Mr. Albert Stegenga, general chairman for the 4th of July celebration to be held in North Holland, has announced that he has secured Mr. Stanley M. Powell, who will be the main speaker on the morning program. Mr. Powell comes from Ingleside Farm, Ionia, Michigan and is well known for his great ability in dealing with farm problems. He is connected with the Co-operative Wool Marketing Association; is a member of the Michigan State Grange, and has written several articles for the Michigan Farmer and other farm papers. He is greatly interested in farm boys and girls and in better agriculture for farmers.

Besides the speaker there will be music, games and sports for everyone. The committees in charge are as follows: Officers: general chairman, Albert Stegenga; secretary, Abel J. Leenhouts; treasurer, Joe Weststrate and Abel F. Leenhouts. Program: Chairman, Mr. and Mrs. Bernard Bosman and Mr. and Mrs. Richard Machiels. Vocal Music: Mrs. Harry Schutt and Gerri Levensen. Instrumental Music: John Nienhuis, Gerrit Levensen and Clarence Raak. Games of skill: Peter Sierma, Harold Nienhuis and Ben Abels. Sports: John Weststrate and Lester Veldeer.

## Council Notes

Frances Velling, who runs the Miller Hotel on the east end, was given a license.

William Vander Ven, Route 1, asked for a junk wagon license, which was left to the license committee with power to act.

Henry Carley was given a license for his two theatres, the Holland and the Colonial, subject to the usual clause of no Sunday shows.

Miss Alma Koertje, City Nurse, who was given a raise in salary, sent the common council a fine letter of "thank you," stating that she had always endeavored to do her best and would continue to keep up this record. Miss Koertje has made a fine, painstaking City Nurse, who has been untiring in her efforts for a number of years.

The part-time employees in the City Assessor's office will receive 50c per hour instead of 45c according to the action of the council.

On motion of Ald. Kalkman, who spoke for Ald. Art Drinkwater of the building committee, it was decided to tear down the dilapidated garage on city property south of the city hall and to ask for bids to build a new garage. While they were talking about fixing things the aldermen noticed that a large window had been broken in the stairway to the council room. Nobody seems to know how the window was broken, but it was apparent that it had to be fixed, so the committee on buildings will put in a new painted glass.

Ald. Huyser of the ordinance committee asked the Mayor to call a meeting of the council Monday night to go over the new traffic ordinance. This ordinance is a tremendous document of some 15 columns of type, so the "city fathers" will have their hands full until late in the night drafting out this new law section by section.

Ald. George Damson brought up the matter of a swimming pool. He did not exactly urge it, but he stated that the youngsters of Holland should have a place of recreation of that sort, since Lake Macatawa was contaminated a Red Cross expert was in this vicinity most of the summer giving swimming lessons and resuscitation methods necessary to save drowning persons. He thought that the children could get many valuable pointers from this man. A pool was once started southeast of the city on Yonker's Creek, but there was not enough funds to make anything practical. Mayor Geerlings felt that we ought to go slow on that and get the estimate of costs and maintenance.

Mr. Damson did not urge the matter any further than to say that the playground committee had had this in mind for some time. It will be impossible to get a swimming pool this summer as "dog days" would be over before such a project could be started. Anyway, inquiry will be made into the cost, government help and maintenance cost. It might be cheaper to take the youngsters to good old Lake Michigan once or twice a week where they can have a real bath. Cheap transportation by buses might be worked out for the summer.

Casey Kalkman put the council into a big laugh when he cried out, "Buy the Tannery property and make a swimming pool! This 'ticked' Mayor Geerlings so much that for a few minutes he lost all track of parliamentary rules.

In the second meeting of July there is going to be a hearing in the council room for the paving of 20th St. from Washington to Michigan Aves., at a cost of \$8,162.27. Another hearing will be held at 21st St. between Maple and Pine Aves., at a cost of \$10,555.97. This street goes by the new playgrounds and the dirt road is entirely inadequate for the traffic. It is understood that property owners along these two streets are favoring the paving. The city, of course, will have to take care of the stretch along the playground.

Abe Sybesma objected to the \$2.00 charge per pump at his gasoline station on East 8th St. each year. He stated that installation costs \$10.00 and he objected to pay \$2.00 per pump for 15 minutes' service on the part of an officer. He stated that other gasoline stations also object to this. The matter was left to the ordinance committee.

The American Legion Band in a communication asked that the council allow funds for a temporary stand, 24 by 24 feet, 2 1/2 feet high, built in Kollen Park for concert purposes. The cost would be \$85.00 according to a bid of Essenburg Lumber Co. Suitable steps, 6 feet long, would lead to the platform. The proposal was unanimously carried.

**CENTRAL AVENUE CHRISTIAN  
REFORMED CHURCH FILLED  
TO GREET 47 GRADUATES  
OF CHRISTIAN SCHOOL**

Central Avenue Christian Reformed Church was the scene of the Commencement exercises of Holland Christian High School last Tuesday evening at 8 o'clock when this large edifice was filled to capacity by graduates, their relatives, friends and general public. Mr. John Pott played the organ prelude, "Andante from 5th Symphony" by Beethoven. Following this, the 47 graduates marched to the strains of the march, "Pomp and Circumstance," by Elgar, also rendered by Mr. Pott.

President of the Board of Trustees, Mr. William Beckman, pronounced the invocation, and read scripture from Ephesians 1:3-14.

The salutatory address, which bore out the theme, "Hitch Your Wagon to a Star," and stressed the value of practical idealism, was given by Miss Eunice Robert. Two selections, "Jesus, Saviour, Pilot Me" by Gould, and "I Shall Not Pass Again This Way," by Effinger were ably rendered by the Girls' Octet.

After the offering had been taken, Miss Ella Monsma presented her oration given in a recent oratorical contest, "A Tale of Two Cities." The two cities referred to were Sodom and Capernaum. In her speech, Miss Monsma bemoaned the degeneration in general moral behavior of the younger generation.

Clarence Vogelzang, member of the graduating class, rendered two vocal solos during the course of the evening: "My Task," by Ashford, and "A Dream of Paradise," by Gray.

Speaking on "The Doctrine of the Second Mile," Dr. Garrett Heyns asserted: "All of us have work to do. Some do theirs by doing just enough to get by. Others throw themselves zealously into their jobs. In the first type we see those who are compelled by circumstance; the second are those who are the leaders, who are impelled by self-initiative."

"In our relations to God this doctrine does not apply. We can't deal with divine relations by halves. Serving God must be done with all the heart, soul and power. This is the second mile. It cannot be done alone. There must be divine aid."

After concluding his discourse, Dr. Heyns presented the diplomas to the members of the graduating class. Fifty awards were then awarded by Mr. John A. Swets, principal of the local institution.

The gold medal for the person achieving an all-A record, was awarded to Ruth Vander Veen, val-

## News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

**FIFTY YEARS AGO TODAY...**

The Butter Tub Factory of Jake Van Putten and Co., is turning out 600 tubs and 300 pails per day for use of butter. Note: This factory was located where the Donnelly-Kelly Glass Co. is, but that was in the days when there was plenty of wood and the trees were cut up in stave bolts, which were kiln-dried, then cut up for staves for pails and tubs. The wood gone, the factory was put out of existence. Today butter is sent in cartons and boxed in round and two pound packages and rolled nearly level. This simply took the place of butter tubs of 60 years ago. Our fine citizens of Young was one of the heads of this Butter Tub Factory, and we will wager that Jim can still make a tub just as well as he can talk amperes and kilowatts.

Thousands came to Holland to celebrate Memorial Day and the J. H. Purdy Post, G. A. R., Hamilton, and the A. C. Van Raalte Post, G. A. R., Holland, were in the line of march, together with the Holland Cornet Band, the sons of Veterans, and the Holland Martial Band, led by Dar Hoff. The Chaplain of the day was Rev. H. D. Jordan, pastor of the Methodist church. Hon. D. B. K. Van Raalte, the one-armed veteran, presided and introduced Capt. C. Manly, called the hero of Gettysburg. The exercises were held in a large grove across from the Cemetery, where a platform had been built for the speakers and the committee in charge. After the speaking the nearly 2,000 who attended walked over to the Cemetery and the graves were beautifully decorated, during which time the drum corps played a continuous dirge, with life and muffled drum. The committee on decorations was William C. Bangs, local druggist and William Brusse, local merchant. There were 15 graves to be decorated beside the wooden slab. The decorators were the following:

## HOLLAND MAN DIES OF ELECTROCUTION

Edwin Dogger, aged 27, was electrocuted yesterday afternoon at 4:30 o'clock while installing an electric welder at the Gill-Boat Co. on River Ave. Mr. Dogger was working with George Smith of Comstock Park, Grand Rapids, when the accident occurred. They had installed the machine, but it failed to work when the current was turned on. Mr. Dogger reached into the instrument panel to determine whether or not there were loose connections when it is believed his hand contacted a "live" wire and 440 volts of electricity passed through his body. It is stated he was standing on a wooden saw horse at the time of the accident.

Smith said that Dogger stuck his hand under the switch box control with his hand on a metal balance. Smith noticed the body became rigid, and immediately knew what had happened. He rushed to the switch board, turned off the current and rushed back to Dogger to give assistance. An ambulance from Dykstra's undertaking department brought the unfortunate man to Holland Hospital. Burns were found upon the body.

The body was taken to the Nibbelink Mortuary. Private funeral services will be held from the home of his parents and church services will be held at 2:00 o'clock from the First Baptist Church, Rev. C. J. Fields, Holland, and Henry Stadt of Grand Rapids, taking charge. Interment will take place in the Graafschap cemetery.

Mr. Dogger was born on February 21, 1910 and is the son of Mr. and Mrs. Simon J. Dogger of Montello Park. He was married two years ago, June 14, 1935, to Miss Heloise Pershing.

He received his electrical training in a course at the Milwaukee School of Engineering.

Mr. Dogger is survived by his widow, parents and one brother, Lester J.

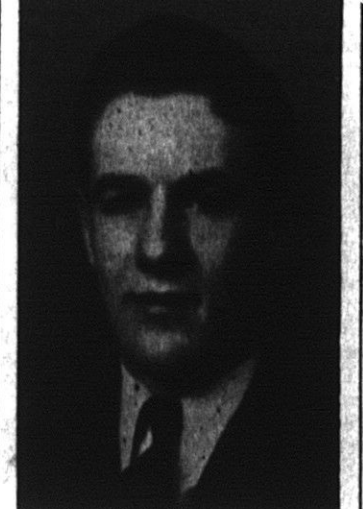

Coroner Vande Water, who made an investigation, will call no inquest.

Louis J. Vanderburg, local postmaster, attended the opening day of the convention of the Michigan chapter of the National Postmasters association held Thursday and Friday in the Pantlind hotel, Grand Rapids. Appointment of committees, and nomination of officers were made with elections scheduled for Friday. A banquet was given Thursday night followed by a dance.

Mrs. Harry Plagmarm was hostess at a bridal shower Wednesday evening at her home, 656 State St., in honor of Miss Grace Ella Vander Plaats of Zeeland whose marriage to Elmer Plagmarm of Holland will take place in July. Games were played with prizes going to Mrs. George Mannes, Miss Geraldine Bouman and Miss Clara Bouman. A three-course lunch was served.

John Henry Van Lente, official delegate of the local camp of United Spanish War Veterans of Michigan returned to Holland, Wednesday, after attending the 34th annual encampment in Flint. Other local persons attending the sessions Tuesday were John Slaghuys, Benjamin Hamm, William Floer, John Hanley and T. Vande Water of Holland and Frank Rybarczyk of Zeeland. Grand Rapids was chosen as the meeting place next year. The 1938 encampment will be held in joint session with the State Grand Army of the Republic whose final meeting will be held in June.

## VALEDICTORIAN

Herbert Chapman is president of this year's senior class and was vice president of the junior class.

He served as a member of the student council during his junior year and was student officer as a senior. Herbert is an all-around-school student. He served as treasurer of the Holland High Herald during his senior year and vice president of the band of which he was a member for four years. Herbert was a member of the reserve football squad during his sophomore and junior years and in his senior year he became a member of the varsity grid squad.

Herbert was also a member of the Drama Club during his sophomore and junior year. He was a member of the senior play cast and of the "Band of the Blue Flower." He received favorable recommendation for his outstanding citizenship. The Holland Rotary Club selected him as "Junior Rotarian" for the district convention of Rotarians, Benton Harbor, May 9, 10, and 11. "Herbie," as he is called by his classmates is the son of Mr. and Mrs. R. E. Chapman of Virginia Park.

## PARKING QUESTION SEEMS TO BE ALL SOLVED

Nothing was said at the common council about diagonal parking; and at a meeting of the police board held early in the week it was decided to co-operate with the "city fathers" and go back to diagonal parking. There is a much better spirit on this question and the police have had their painter on the job marking out angles, not over the whole street, but over part of it to see how it works out. It seemed the angle adopted, which is 25 degrees to the curb, is very satisfactory. A driver is more careful backing out and that is in his favor rather than otherwise.

The council and police board, it seems, are now working out a problem together, which is as it should be. Try this angle for a little while, and if it works out satisfactory, then why not paint them all that way? This will give about not quite four feet more in the middle of the street over the angle following before parallel parking was thought of. Anyway, four feet extra on a highway will relieve traffic congestion considerably.

Mr. Van Ry stated this afternoon that everyone seems satisfied with that angle and Mr. William Stekete, the official painter, will get busy immediately to get the angle stalls painted. Now everybody is happy.

Mrs. Anna Dogger, 84, died Wednesday night, at 11:30 o'clock at her home, 36 West 18th St., following a long illness. The body was taken to the Nibbelink-Notier Funeral Home. Funeral arrangements are being made. Mrs. Dogger was a distant relative of Edwin Dogger who was electrocuted Wednesday, while working at the Gill-Boat Co.

After receiving numerous complaints from motorists of children riding bicycles four and five abreast along the road to Ottawa Beach, Deputy Sheriff William Van Etta has asked that persons ride single file, along this heavily traveled road, as a safety measure.

It was learned Thursday that the Park Township community building project had been approved by the Works Progress Administration. A Kromeyer, secretary of the township board, said that work on the project will get started about the middle of the summer and will be completed by fall. The community building will be located just across the highway from the Park Township Airport. The building will be one-story, 40 by 80 feet, and will have a basement. It will be used for community meetings and programs and also for indoor athletic games. The present community building, just east of Waukazoo, will be disposed of upon completion of the new one. A. D. McBae, district WPA director, also announced Thursday at Grand Rapids that the government will donate \$5,250 toward the Grand Haven athletic field and the sponsor will contribute \$1,349.

John Henry Van Lente, official delegate of the local camp of United Spanish War Veterans of Michigan returned to Holland, Wednesday, after attending the 34th annual encampment in Flint. Other local persons attending the sessions Tuesday were John Slaghuys, Benjamin Hamm, William Floer, John Hanley and T. Vande Water of Holland and Frank Rybarczyk of Zeeland. Grand Rapids was chosen as the meeting place next year. The 1938 encampment will be held in joint session with the State Grand Army of the Republic whose final meeting will be held in June.

## ENDING STEEL WORK ON HOLLAND PLANT

Steel work on the new \$100,000 H. J. Heinz Co. plant here is nearing completion and brick work will start some time this week. Seventy-five men are employed on the building and it is expected this force will be increased to 100 when brick and tile work begins. The building will be used as a storage.

Mrs. J. Webb of Nelson, British Columbia, who has been visiting in Holland the past three months with her son, Neil Webb, and her daughter, Miss Christine Webb of Muskegon, left Thursday for Fairfield, Maine, to visit relatives during the summer.

Holland's new police car will be in service within a few days. It will be placed on the night service.

## Graduation Not Dampened By Rain Downpour

**HOPE COLLEGE GIVES  
DIPLOMAS TO NINETY-  
FOUR GRADUATES**

**Vander Werf Compares Student  
Life to a Slot Machine—Dis-  
course Has Valn of Humor**

The seventy-second annual Commencement of Hope College took place at Hope Memorial chapel last night at 7:30, when 94 seniors received their diplomas and degrees. Despite the heavy downpour of rain, the graduates were greeted with a large audience that filled Hope Chapel to capacity.

The exercises opened with the playing of an organ prelude, "Pascaglia in C Minor" by Bach played by Olin Van Lare, senior organ student. The seniors, ushered in by Charles Bertsch and Peter Veltman, members of the junior class, sang the processional, the words of which were composed by the late Dr. J. B. Nykerk.

After the seniors, members of the seminary faculty, members of the college faculty, and honored guests had assumed their seats on the platform, the Rev. N. Boer, D.D., president of the board of trustees, pronounced the invocation.

"America today cries out for competent men in the field of politics," asserted Miss Angelyn Van Lente, who presented the first address of the evening, entitled, "The Graduate and Politics." "A career in politics is rapidly on the increase. Opportunities are opening up for competent men in both state and municipal governments. What are we, the voters of the country, doing to end corrupt politics?"

"In any wonder that our governments are not as the great governments of the country should be? One of the greatest menaces is facing our democracy today. It is about time our voting public was recognizing this fact." Challenging the audience, she said, "The success or failure of a career in politics lies in you. Will you give competent youth its chance?"

Eldad Buys presented the second address, entitled "We March."

"What sort of a creature is a graduate?" he asked. "Financial success has lost its force," he maintained. "It no longer appeals to us. The average graduate is helpful and willing to work. The student of today surpasses in personality, ability, and leadership the student of ten years ago. Restless, hurrying youth has a purpose to achieve. Youth marches wholly on."

Following the playing of a violin solo, "Romance," by Ambrosio played by Richard Keeler, Miss Dorothy Parker presented her address, "The Choice," which dealt with the woman problem, and the place of woman in the world today. Arguing for a college education for women, whether they be career women or housewives, Miss Parker asserted, "College-trained women have an opportunity never dreamed of by our forefathers. Our educators must prepare for a woman's

After the memorial service, Dr. Wynand Wichers, president of the college, presented the student awards in oratory, student publications, band and English. Scholarships were awarded to Don Martin, Peter Vanden Berge, Victor Notier, and Renier Pagegany. Chemistry scholarships were awarded Gordon Cook, Bernard DeWitt, Harold Heinen, Calvin Vanderwerf, Clarence Veltman and Don Visser.

MISSIONARIES COMING BACK  
FROM AFRICA

A letter has just been received from Mrs. Edgar H. Smith by Mr. and Mrs. John Breen, 245 West 15th St., stating that her husband and her child, Alvoe Jean, had just arrived in England and were stopping at Teignmouth, England, a summer resort on June 4. ## Park Board Asks More Money For Supt. Van Bragt

(Continued from Page One)

While the Police and Fire Board were discussing men, Chief Van Ry recommended that Gerald Van Bragt be hired as a full-time patrolman, that as an apprentice his time was up June 22. The board concurred in this request and also set the date of the two newly-hired drivers as starting their duties on July 1.

Chief Van Ry recommended at the Police Board meeting William Steketee, who does the night painting on the street for parking purposes, who is given 60c per hour instead of 45c. The request was approved.

It seems that the Board of Police and Fire Commissioners for some time have made a regular charge when men and apparatus are called out of the city. A charge has been made to a firm in Hamilton, which brought up other charges in different townships.

It seems that the department some time ago was called to a fire at Roy Heath's cottage, which is in Laketown Township. The bill was sent to Park Township and was naturally turned down. In turn the clerk of the township in Allegan County was given the bill, but no reply has been received as to whether it will be paid.

The commissioners at first felt that no responses should be made to outside calls in the future in townships where there was no agreement or no payment made when there was an agreement. In the list are Laketown and Fillmore Townships. Naturally Holland will be slow in responding to neighbors in distress and the commission on the recommendation of Comm. Hyman, supported by Comm. Steketee, decided to give the townships more time, and that City Clerk Peterson write to these townships asking for a signed agreement and also pay for those calls made, if there are any, and until a response comes from those townships, which undoubtedly will be soon, no drastic action will be taken.

Undoubtedly these townships will see the benefit of this protection and will feel that the City of Holland, who sends out a crew of men together with very expensive apparatus, such as pumps, will be entitled to compensation. It must also be remembered that, while Holland's fire department is helping its neighbor, Holland itself has just that much less protection. Undoubtedly the Police Board and the different township authorities can "iron out" this matter.

The local unit of the Women's Christian Temperance union will hold its last meeting of the year in the form of a pot-luck Friday afternoon at 2:30 o'clock at the home of Mrs. Frank Dyke on State St. Election of officers will take place. Reports on the World W.C.T.U. convention held June 9 to 8 in Washington, D. C., will be given by the local delegates who are Mrs. Margaret Markham, Mrs. John Van Oss, Mrs. E. J. Leddick, Mrs. C. Dressel. The four returned to Holland last week.

Lois Vander Schel entertained at a birthday party, Saturday afternoon at her home in celebration of her 12th anniversary. A two-course luncheon was served at a table beautifully decorated with a birth-day cake with candles and favors in colors of pink and green. Games were played and prizes were awarded to Lois Plaggenburg, Alberta Vandae Vusse, Louise Ter Beek, Jane Allen and Norma Oudemolen.

The body of Henry Mallory, age 46, who dropped dead while working at his cottage at Saugatuck, has been taken to Chicago for burial. He is survived by the widow and three small children. He had leased the Wally Caldwell cottage on the lake shore for the summer.

Lois Vander Schel entertained at a birthday party, Saturday afternoon at her home in celebration of her 12th anniversary. A two-course luncheon was served at a table beautifully decorated with a birth-day cake with candles and favors in colors of pink and green. Games were played and prizes were awarded to Lois Plaggenburg, Alberta Vandae Vusse, Louise Ter Beek, Jane Allen and Norma Oudemolen.

The testimony given at the trial was virtually the same as the testimony given at the hearing held before Circuit Court Commissioner, Jarrett N. Clark, of Zeeland, already printed, and who bound the respondents over to Circuit Court.

Judge Miles said before passing sentence: "The law provides a punishment by imprisonment in the state prison for not more than two years or a fine of not more than \$1,000. In passing sentence the court must consider all circumstances surrounding your criminal conduct. ## BOOK BY DE YOUNG LISTED AMONG 60 BEST OF THE YEAR

Dr. Chris A. DeYoung who gave an eloquent talk before the alumni at Hope College Monday evening at Hope Church and who is a graduate of the local institution and has gained fame as a teacher and scholar, is well spoken of in "The Daily Pantagraph" of Bloomington, Ill. This publication has the following: . . .

Dr. Chris A. DeYoung, head of the department of education at Illinois State Normal University, has been honored in that book, "Budgeting in Public Schools," has been listed as one of the 60 outstanding educational books of 1936. This book is listed in the April, 1937, issue of The Journal of the National Education association.

This list is prepared annually for the American Library association and the Journal in the education department of the Enoch Pratt Free library, Baltimore. The final selection of 60 titles from approximately 700 published during the year was made from the scores and comments of more than 300 specialists in various educational fields and from a study of hundreds of reviews.

"Budgeting in Public Schools" which was published last year by Doubleday Doran and company of Garden City, N. Y., is reviewed as follows by the committee which prepared the list of outstanding books: "How to prepare, present, administer and appraise the budget. A clear, well organized presentation based on the study of a large number of school systems, particularly those in large cities. Equally useful as a textbook or as an administrator's handbook. The most comprehensive treatment yet made."

## TWO EXTRA DRIVERS HAVE BEEN HIRED TO SERVE AT OUR FIRE STATIONS

A matter that has been before the Police Board and Common Council for some time and was especially fostered by Alderman Prins and Alderman Kleis of the first ward and concurred in by unanimous vote of the council, was acted upon by the Board of Police and Fire Commissioners when they hired two extra drivers, augmenting the services of the four faithful men who have been working long hours in the past without complaint. These drivers are Ed DeFevter, Fred Zierman, Sam Plaggenhoef and Joe Ten Brink.

On the recommendation of Fire Chief Cornelius Blom, the Board of Police and Fire Commissioners hired Russel Risselada, 279 Central Ave., and Martinus Vande Water, better known as "Teno," who lives on East 6th St. The former will be stationed at No. 1 Engine House and the latter at Station No. 2.

The employment of these two drivers will make possible a double platoon system for the department in which drivers will be required to work 24 consecutive hours and then be relieved from duty for 24 hours. Under the present regulations, and altogether too few drivers, men must work 72 hours in one period, receiving 24 hours leave of absence.

These two new drivers are not altogether new men after all. Vande Water has been relief driver at the first ward station for some time and drives the city sweeper part of the time. Risselada is relief driver and night man at the second ward engine house on West 8th St. He is also employed in the Holland Furnace Co. foundry.

John Donnelly, Cornelis Steketee brought the motion to sanction the recommendation of Chief Blom. Blom also intends to make a new set of rules for the department, which he will submit at a later date.

While the Police and Fire Board were discussing men, Chief Van Ry recommended that Gerald Van Bragt be hired as a full-time patrolman, that as an apprentice his time was up June 22. The board concurred in this request and also set the date of the two newly-hired drivers as starting their duties on July 1.

## AMERICAN LEGION NEWS

The meeting of the Post scheduled for June 23rd has been cancelled. This meeting was to have been held at Port Sheldon with a supper at 6:30. The management of the lunch room finds it impossible to prepare for a crowd this month. Watch the papers for subsequent meetings.

About forty of the Holland members attended the field party staged by the Zeeland Post. A soft-bag game and horse-shoes provided the fun and hot-dog sandwiches, with the fixin's, was the lunch. It was rather hard to keep a close account of the ball game score as the points were made in bunches, like bananas. And too, some of the outfield played for both sides—to wit: Butts Slagch; which fact, together with the Batters and Umpire catching the easy ones made it tough for the score keeper.

The Ottawa County Council of Legion Posts met Thursday, June 17th. Matters pertaining to the coming state convention were discussed.

Remember—watch the papers for notices of the July meeting. Acting upon instructions from the executive committee, Commander Hilmer C. Dickman of Gilbert D. Karsten Post 33, American Legion, Zeeland, is notifying all members of the Zeeland Legion Post to stand by, prepared to assist all law enforcement agencies in Ottawa county whenever such assistance is requested.

This action was taken by the executive committee Wednesday. The Karsten Post of Zeeland is taking the same pledge as the Willard G. Leenhouts Post assumed a few days ago.

The American Legion has come out strong for the maintenance of law and order. The executive committee issued an announcement to Commander Chester Van Tongeren, of the Willard G. Leenhouts Post No. 6 with the instructions to notify all members of the post to stand prepared to assist all law enforcement agencies in our own county whenever such assistance is asked for. This action was taken at a special session of the executive committee to forestall any threat of invasion of this county by strange outsiders, considered an element that might endanger the lives and property of the citizens of the county. The committee concurred in the breaking down of law and order, and for that reason the following instructions were given to members of the Legion:—"For God and country, we associate ourselves together for the following purposes: To uphold and defend the constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the great war; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to conserve, and sanctify our comradeship by our devotion to mutual helpfulness."

## THREE BOYS CUT TELEPHONE CABLE WITH BAD RESULTS

Long distance telephone service between Grand Haven and Grand Rapids was disrupted at 8:30 p.m. yesterday and emergency circuits brought into use when three boys, 14, 12, and 11 years old, cut a large cable a mile south of here on US-31, with an ax. State police, who obtained a confession, said the boys were unaware of the seriousness of their act. They were to be taken into juvenile court today.

The boys said they were playing near the spot where the cable containing more than 1,000 wires, was partly covered with concrete. They scraped the concrete away and began hacking the cable. Operators at the Michigian Bell Telephone company's switchboards noted a repair crew and in less than an hour the break was located. Damage, which could not be repaired until late today, was estimated at \$200.

## Sentences In Assault Case Are Meted Out

Judge Miles From His Charge Says Assault on Officer is Anarchy

R. Van Straat, C. Trinker and Margaret Anderson Draw Prison Terms

Judge Fred T. Miles, of Holland passed sentence on three offenders who were found guilty of assaulting and resisting a special officer, the outgrowth of "Kiddie Kover" Plant strike at Grand Haven, in progress for at least 35 days. Those whom Judge Miles sentenced to jail are: Russell Van Straat, Cleatus Trinker and Margaret Anderson. The jury to convict the three are the following: Tony J. Baker, Grand Haven; Fred J. Haak, Holland; Fred Nibbink, Allendale; William Weenum, Blendon; Leo Dunneback, Chester; Ferdinand Berg, Crookery; Frank Heubner, Georgetown; Henry Tuls, Holland; Peter Kiel, Jamestown; Peter Bolhuis, Polkton; Nick Zimmer, Wright; and Bert Branderhorst, Zeeland township.

The testimony given at the trial was virtually the same as the testimony given at the hearing held before Circuit Court Commissioner, Jarrett N. Clark, of Zeeland, already printed, and who bound the respondents over to Circuit Court.

Judge Miles said before passing sentence: "The law provides a punishment by imprisonment in the state prison for not more than two years or a fine of not more than \$1,000. In passing sentence the court must consider all circumstances surrounding your criminal conduct. You knew of the determination of the proper authorities of this city to protect the working people and

to enforce the laws made for the protection of all. You knew that such officers were to be appointed and the purpose of their appointment and of course there was no excuse for any of you being where you were. When an officer is obstructed and tied up to a post after being pushed across the street for that purpose, the offense committed is not simply an assault on a man, as serious as that would be, it is a defiance of the law and a crime against the city, state and nation. If successful it is anarchy. "Every man must have the protection of the law and of the officers and everyone must accord that protection to every other citizen. The state and city laws were made for the protection of everybody's rights."

"The resolution of the council was passed to enforce such rights. The officers were there to protect you and everybody else in the exercise of rights. The jury was called to determine whether you had violated the laws of the state but the laws would mean nothing, the resolution would mean nothing, the officers risk would mean nothing and the verdict would mean nothing unless sentence is imposed in this case and such sentences carried out by officers of the law."

Sheriff Frank Van Etta, Mrs. Van Etta of Holland, matron of the jail, Herman Coster, and Mrs. Louis Anderson, mother of Margaret Anderson, left the jail for Detroit, where Margaret Anderson is sentenced to spend six months in the Detroit House of Correction. The entire party has now returned after leaving the prisoner. William Van Etta, special deputy at Holland, and Henry Borr also a deputy from Holland took the two men to Ionia—Trinker who must serve six months and Van Straat, who must serve one year in the reformatory at Ionia.

## Olert Uses Apostle Paul As Example

A WELL-FILLED CHAPEL GREETED KENTUCKY MAN WHEN 188 HIGH SCHOOL GRADUATES GATHER FOR CONVOCATION

Large Student Body Marches in to the Hymn, "Onward, Christian Soldiers"

Approximately 1,500 people attended the baccalaureate services of Holland High School last Sunday afternoon at 2 o'clock in Hope Memorial Chapel.

"Choral in B minor" by Frank was played as an organ prelude to the services by Hope College Director of Music, Kenneth R. Osborne. While "Onward, Christian Soldiers" by Sullivan was played by Mr. Osborne, the senior class, numbering 188 individuals, was ushered in by the Holland High A Cappella Choir.

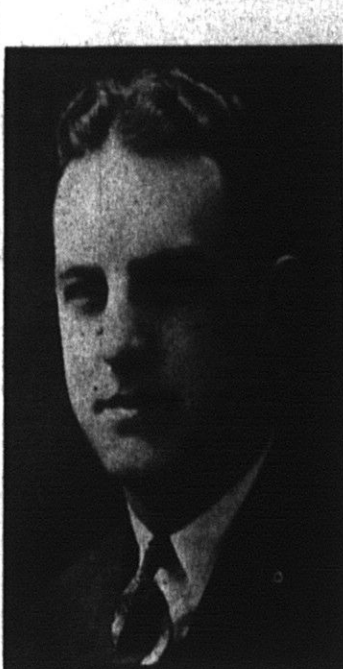

Rev. Paul E. Hinkamp, Hope College Pastor, pronounced the invocation, after which the choir, under the direction of Miss Trixie Moore, rendered "The Only Begotten Son" by Gretcheninoff. Scripture was read by Rev. Hinkamp. The second offering by the choir was "Cherubic Hymn." Before the congregation sang the hymn, "Come Thou Almighty King," Rev. F. J. Van Dyke, pastor of the Central Park church, rendered prayer.

Rev. Frederick H. Olert, pastor of the First Presbyterian Church of Paducah, Kentucky, brother of John Olert, board of education member, preached the baccalaureate sermon on the subject, "The Obligation of Unearned Privilege." Rev. Olert is a graduate of the local high school, Hope College, and Western Theological Seminary. He chose for his text Romans 1:14, "I am a Debtor."

"The obligation of unearned privilege is admitted and exercised in many of the numerous realms of life," he began. "Scientists, physicians, hospitals and orphanages were cited as having made great progress in recent years in disseminating their benefits among the people of the land. Every real Christian realizes the debt he owes in carrying the gospel of Christ to the ends of the earth. Spiritual and mental treasures are not to be hoarded, but used, under the guidance of God for the service of men."

"Paul is here writing to his Christian friends at Rome concerning his obligation to preach the gospel to all men. There is a moral indebtedness which is inescapable for every soul who knows life. Somewhere in the depths of my soul is the conviction that I am a debtor to God, the universe, and my fellow men. I am not here to collect; I am here to give."

"We live in an era of large debts

REV. FREDERICK H. OLERT

about which no one seems to be disturbed. Cancellations, strikes, moratoriums, repudiation by the wholesale of moral and religious obligations are graphic indications of the public mind.

"Countless unmerited privileges are ours because of numerous sacrifices which have gone before. We are heirs of the ages. Others have toiled, struggled and died. We are their debtors. Who can pay for the experimentation of the past, and who can measure the value of the accumulation of the arts, the fruitage of which we enjoy at every turn of the dial?"

"Paul was indebted to Christ and the Church, and deeply sensed his debt. He knew that civilization would lapse into barbarism and go in his wake, and Albert Schweitzer, who willingly sacrificed his all for others."

Rev. Olert closed with an incident which once occurred at Oberammergau during the Passion Play. An American tourist asked permission from Anton Lang, who was playing the part of the Christ, to lift his cross. He found he could not budge it, and said to Lang, "It is very heavy." "Yes," said Lang, "I could not play the part properly unless I felt the weight of the cross and felt the sharp edges digging themselves into my flesh." The congregation concluded with the singing of the doxology, after which Rev. Olert pronounced the benediction, and an organ postlude was played by Mr. Osborne.

The program Sunday afternoon at Hope Memorial Chapel follows below:

Organ Prelude — "Choral in B Minor" by Frank given by Mr. Kenneth R. Osborne, M.A., Director of Music, Hope College; Processional Hymn—"Onward Christian Soldiers" Sullivan, also by Mr. Osborne; Invocation—Rev. Paul E. Hinkamp, B.D., Professor of Bible and Religion, Hope College; Anthem—"The Only Begotten Son" Gretcheninoff, High School A Cappella Choir directed by Miss Trixie M. Moore; Reading of Scripture—Rev. Paul E. Hinkamp; Anthem—"Cherubic Hymn" Gretcheninoff; Prayer—Rev. F. J. Van Dyke, pastor of Central Park Reformed Church; Hymn—"Come Thou Almighty King" Giardini; Sermon—"The Obligation of Unearned Privilege" by Rev. Frederick Olert, Th.M., Minister of First Presbyterian Church, Paducah, Kentucky; Doxology; Benediction; Rev. Olert; Choral Response, Lutkin; Organ Postlude—Toccata, "Thou Art The Rock" Mulet.

Voters will choose three board of education members in Holland July 12 at the annual election. The three retiring members are A. E. Lampen, Cornelius Dekoster and M. Everett Dick, who are seeking re-election. A request by several citizens that the polling place be changed from the city hall to other districts in the city was refused by the board, claiming that this was by far the most centrally located spot in the city, and could be had without expense of any kind.

## HAROLD NIENHUIS OF HOLLAND THE WHO'S WHO PAGE

Harold A. Nienhuis, son of Mr. and Mrs. Anthony Nienhuis of Holland, has his name and biography sketch printed in "Who's Who Among Students in American Universities and Colleges for 1937" with representative students from 400 colleges in the United States. Nienhuis, local student at Hope college, is one of five Hope college people selected by the faculty committee this year to be named in "Who's Who." Others are Miss Jane Eldridge of Chicago, Ill., Bill Poppink of Rochester, N. Y., Ekka Bays of Grand Rapids, Calvin Vander Werf of Holland was also named with the group but, through a misunderstanding, his blank was never sent, and his name does not appear in the book of outstanding college seniors for 1937.

The annually-published book is a method of recognizing outstanding students in American Universities and colleges. The selection is made by an unprejudiced committee from the representative school, the recommendation being made on scholarship, athletics, extra-curricular activities and future possibilities.

A member of the Knickerbocker Fraternity at Hope college, Nienhuis was named for participation in two years of basketball and the pageant of 1936, and as an officer of his fraternity each year, vice-president of the student council, a member of Blue Key National Honor society, and the American Legion band.

Listed with high marks, the local college student plans to enter business.

## TAX RATE AT SPRING LAKE IS INCREASED

The tax rate for the village of Spring Lake was set by the village council at \$20 per thousand valuation last night or an increase of \$5 per thousand, due to the installation of the sewage disposal plant and erection of the village hall. The assessed valuation is \$769,250, or an increase of about \$9,000. The \$5 per thousand added to the taxes will be placed in a sinking fund of which to pay interest and retire the bonds of the sewage disposal plant. The village has been dabbling in PWA projects.

## DUNNINGVILLE POST OFFICE STILL OPEN AT REGULAR HOURS

Dunningville postal affairs are in quite a mixup. On June 1, the Allegan post office took over the rural route out of Dunningville, and included all the local residents on this list. Postmaster Cave, realizing that a post office with nothing to do is not a paying proposition, tendered his resignation to the post office department.

But the Dunningville post office still goes on. All mail received from the railway post office is sent on to Allegan. But the Dunningville office is open for the sale of stamps and other postal business, including the regular mail dispatches on the star routes. The postmaster announces that until his resignation is accepted, the office will be open during the regular hours.

## LET'S SPRAY. GROWERS URGED

Fruit growers in Allegan county and other apple and peach producing areas are warned by the state department of agriculture that hot weather has brought out hatches of codling moth and curculio two weeks ahead of time and that the first arsenical spray should be applied now.

## Dr. Broek Talks To Audience Of Fully 1600

PLAINFIELD, NEW YORK DIVINE DELIVERS BACCALAUREATE SERMON TO HOPE SENIORS

Defines Three Cardinal Points—Supreme Business, Chief Possession, Highest Knowledge In Life

"God created all of us with certain aspirations to seek the higher and better things of life," Rev. John Y. Broek, D.D., of Plainfield, New York, told Hope College graduates at their baccalaureate service at Hope chapel last Sunday evening.

"It would be a monotonous world if all did the same things equally well. All of us are created with certain talents for His honor and glory. In the next few years, wonderful things will happen in material affairs. If we have genius in us, it will come to the surface in such an age."

Rev. Broek's address was centered around three questions: 1. What is the supreme business in life? 2. What is the chief possession of life? 3. What is the highest knowledge in life?

"The supreme business of life is service—service to God and one's fellow men. This is inculcated in the life of our adorable Lord and Saviour, Jesus Christ."

"The chief possession of life—the thing we prize above everything else, is character. Your character is what you are in life and through eternity. Character makes us great in the sight of man and God. There is a demand today for incorruptible character. There is no character complete without the molding character and influence of Jesus Christ. Life is incomplete; only Christ can complete life."

"The highest knowledge is the knowledge of God and His will for us. An educated man cannot be without the Bible. The Bible contains absolute knowledge and stands by itself."

"Jesus Christ can save to the uttermost. Whoever will may take of the waters of life freely. You need Jesus Christ, not simply as a friend; not simply as a peerless, sinless example; not simply as an authority on the way of life. You need Him as the Saviour from all sin, who can keep, save, and save for a great purpose and mission. If you go hand-in-hand with God, you will find that life has not been in vain. You will get the sweet satisfaction that life has been worthwhile—that it has been lived for God."

An organ prelude, "Cathedral Prelude and Fugue," by Bach, was played by Kenneth R. Osborne, college organist, preceding the service. The senior class, ushered in by juniors Charles Bertsch and Peter Veltman, marched in to the strains of "The Son of God Goes Forth to War," by Heber-Cutler.

The prayer of blessing was invoked by Rev. Kenner Van Evera of the American Presbyterian Mission at Hangchow, China, whose daughter, Louise, is a member of the graduating class. Scripture was read by Dr. Wynand Wichers, college president, from I Corinthians 13.

After the singing of Handel's "Surge, Anima Minor" by the audience, Mr. Osborne played the offertory, "Adagio in A minor" by Bach.

Following the baccalaureate sermon, the chapel choir sang Bach's "Blessing, Glory, Wisdom," and the audience responded with the "Crusaders' Hymn." Rev. Broek pronounced the benediction, the choir responding with Lutkin's sevenfold Amen. Miss Dorothy Vandenberg, college organist, concluded the service with the playing of Bach's organ postlude, "Toccata in C."

At least 1,600 gathered in Hope Memorial Chapel to listen to the baccalaureate services Sunday evening. It was a real impressive affair, when 98 young ladies and young men, decked in cap and gown, marched rhythmically down the aisles as they sang the processional, "The Sons of God Go Forth to War," with Kenneth R. Osborne, college organist at the console of the large Skinner pipe organ. The wonderful music, the cathedral-like interior of the chapel, a gem of architecture, the bright students in cap and gown, the sublime lighting, the floral decorations, and the vast audience, was real inspiring and could not help but be felt by all those present.

The baccalaureate service for Hope College this year marks the 72nd convocation service.

## ONION FIELD WORKERS WANTED BY NRS AGENCY

Onion field workers are wanted by the NRS according to a report issued this week by L. E. Broga, Battle Creek, temporary chief of that agency, who asks those who want jobs to report to his office in the city hall, Allegan.

Two calls have been received for workers. One wants from 25 to 35 people and another wants ten persons. If sufficient labor is obtained in or around Allegan a truck will be sent here each morning by employers to pick up workers and take them to the Martin area, Mr. Broga reports. The truck also will be used to bring workers back to Allegan.

## OFFICIALS VISIT "STICKS"

A party of state and federal conservation and resettlement officials, sportsmen and others, about 100 in all, made a tour of the work of the government in the 35,000 acre tract east of Fennville. Lunch was served at the resettlement camp near Allegan. It is planned to hand the tract over to the state for recreational purposes. Guy Teedy of Fennville was a member of the party making the tour.

Reminiscences of old times long gone by. Sent in by Albertus Kolvoord of Allegan.

(By Albertus Kolvoord)

Living in the time of old age, one's thoughts go back to olden times and things that happened long ago. This thought recently came to me about saw mills in and around Zeeland and Groningen. About two miles south of Zeeland on a creek there was what was called Vyn's mill, run by water power, which now seems almost impossible, as so little water is in evidence in the creek. It first was an upright saw mill, that is, the saw that cut the logs into boards went straight up and down, but later was replaced by a circular saw which was a step in advance. Then on this same stream of water Mr. Vyn later built a flour mill which later because of insufficient water was moved to Zeeland and there did business for a number of years. There the mill was run by steam and one unfortunate day the boiler blew up, which wrecked the mill and put it out of business. A small, sharp piece of the boiler flew across the street and through the window of the private bank of J. Den Herder and imbedded itself into the oak partition of the bank fixture. These bank fixtures were in later years bought by the bank at Hamilton and used for about twenty years, and today the property of the postmaster and used in the post office and the piece of steel is still firmly imbedded in the wood. This also brings to mind a similar accident in the flour and saw mill at Fillmore somewhere around the same time, and in this case the whole boiler came out and soared some twenty feet through the air, over a house, and came to rest about ten rods east of the mill, near the railroad station building. One man was killed and several seriously hurt.

Returning to Vyn's mill stream: on the same stream, but farther west, towards Groningen, was another saw mill called Albers' Mill, and they were also sawing lumber. The mill broke down at one time and it took several days to repair the same and when it was again ready for operation the following day in verse, as near as I can remember, was published in "De Hollander":

Albers molen is nu een klaar,   
 Breng nu een loggen maar,   
 Nu salt gi wel een vraaggen,   
 Wat neemst gi voor her sagen,   
 Zoo dollars voor de duizend voet,   
 En wij zaagen ook excellent goed.

The Albers' mill I have never seen but have heard others speak of it. Then I remember of Groningen having a saw mill called the Borger's mill. This mill was run by both water and steam. I was born in Groningen and my father also had a flour mill there. He lies buried in the Groningen cemetery. I remember the Borger's who operated the saw mill, Jan and Veltman, and if I am not mistaken the latter afterwards became a minister.

Albertus Kolvoord. Speaking of Vyn's mill stream being too small to run a saw mill, and it certainly is not much of a stream any more, however, it still goes on a rampage at times. Some twenty-five years or more ago when Rev. A. Vandenberg was pastor in Overisel a boy of Deacon Mannes Nyhuys was sent to Zeeland for a load of coal for the minister, and when he came to Vyn's creek it was so swollen that the water went over the road and he could not tell where the road was, with the consequence that his team was steered off the road and down the embankment, when the boy fell out and was drowned. To avoid any more such accidents, trees were planted along the edge of the embankment on both sides of the road and these poplar trees are very much in evidence there today.

## Rev. Flowerday Will Remain Pastor of Holland M.E. Church

The Rev. W. G. Flowerday and Ernest V. Hartman returned to Holland from Big Rapids, Saturday, where they attended the annual session of the Michigan Methodist conference. Mr. Hartman attended the laymen's conference and Rev. Flowerday the ministers' conference. Mr. Hartman has been secretary of the Laymen's conference for the past two years and was elected to that position at the election held Friday. Dr. Flowerday, we are happy to say, has also been returned to the Holland M.E. church.

The conference selected Albion as site of next year's convention. Application for a building permit was made last Thursday, by John Jekel, 74 West 9th st., to repair porch for \$37.

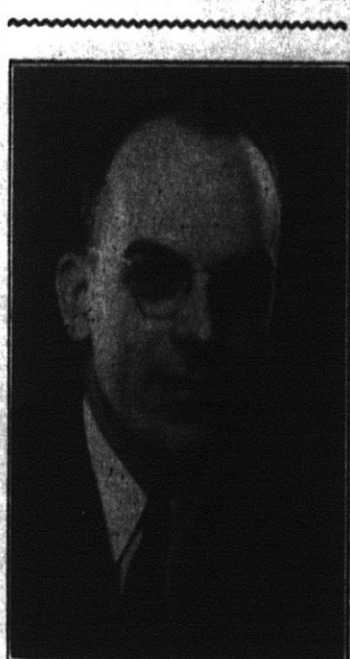

## Rural Pupils Are Advised By Local Attorney

GRADUATES FROM LOWER OTTAWA, 133 IN NUMBER, GATHER AT CARNEGIE HALL

Attorney Vernon Ten Cate Compares Life to a Baseball Game

Within the last two weeks there have been several commencement exercises held for rural school graduates in different parts of the county. One of the largest held recently was in Carnegie Hall on Hope College campus. There were exactly 133 students, and their many relatives and friends from lower Ottawa County came to listen to the exercises and watch the handing out of certificates to students who are to go out in life and do life's work or to go on to higher education in schools or colleges.

During a fortnight more than 500 rural 8th grade pupils in Ottawa County have received their diplomas, meetings being held in Hudsonville, Coopersville, Grand Haven, and in Holland at Carnegie Gym. These meetings were arranged by County School Commissioner, Gerrit Groenewoud of Holland. Dr. Garrett Heyns of the Holland Christian High School spoke at the Hudsonville graduating exercises at the school there; Prof. Egbert E. Winters of Hope College delivered the discourse at Coopersville in the high school, and Rev. Edward H. Tanis of the Im-

ATT. VERNON TEN CATE

manuel Reformed Church, Holland, addressed the pupils from the north end of the county at the Grand Haven High School. Att. Vernon Ten Cate of this city gave an excellent address to a large gathering at the college gymnasium.

The meeting was opened with Mr. Leo F. Elst, president. He fittingly introduced Att. Ten Cate, who used as his subject rather an athletic phrase, "Don't Die on Third," taken from a reading, pleasantly given by Miss Alice Mae Houtman of Holland Junior High School. He gave a real inspiring talk to the graduates. He pictured a baseball game in which he doveltailed the play in the scheme of life. He stated that there were three bases to consider, and while some of us make "home plate," others of us have to be content with going only to third. He pointed out that every base made was a gain made, and for that reason it was an accomplishment in life's course. It was the correlation of these accomplishments that spell success, Mr. Ten Cate contended.

Mr. Ten Cate said in part as follows:—"First base is the home. It is the first thing a 'red-blooded' American thinks of. The nation is second base; and third base is the Church of God."

"On first base, or rather the home, life begins, and parents struggle and sacrifice chiefly for the benefit of their children. Many of you are aware of that. The mother's anxiety is never of themselves. The father may not be so demonstrative, but he will give all for his offspring. Home means more than just a place to live. It is in the home that the child gets its first tutelage and the essentials and fundamentals of life. It is the training school for beginners, and this foundation is honesty, integrity, clean living in mind and body, love of others, unselfishness, and all the other attributes that make for fine living and build a splendid character. The training at home on such a foundation will surely be reflected for good in the boys and girls of today and the men and women of tomorrow."

"The early colonists had a job cut out for them. They came and found primitive conditions, they came for religious liberty; they came for privations, pestilence and death did not discourage them, but they fought on bravely; and what we have today is a heritage from those brave men and women pioneers. None of us now living will ever be able to realize the trials, obstacles, and setbacks those pioneers went through for an ideal, and for a religious privilege."

"On the whole, in comparison, we really know not what trials and poverty mean. Pioneering was only a beginning, for later strife came and our men and women fought bloody battles to maintain principles for which this country stood. It was the same courageous spirit that dominated."

"Even today during troublesome times we can point to endless blessings which our forebears did not have, and for which we owe them thanks. We live in a country where education is free to everyone. The very fact that all you young folk of the 8th grade stand before me and can say that you have already

Western Theological Seminary Hall To Be Called James F. Zwemer Hall

The board of superintendents of Western Theological Seminary of the Reformed Church in America has decided to change the name of the building known since its erection in 1910 as Seminary hall to the James F. Zwemer hall, in honor of his work for the seminary.

Dr. James F. Zwemer was graduated from Hope college in 1870 and the following year enrolled in the Western seminary, from which he was graduated in 1873. He then took pastorates at Fynaart and

Spring Lake, Alto, Wis., and Alton, Iowa. He left ministerial work to become the financial agent for Hope college, continuing this for a few years. Later he accepted the principalship of a Reformed church school at Orange City, Iowa. He returned to the ministry and became pastor of Seventh Reformed church of Grand Rapids. Serving this church for several years, he accepted the position offered by the general synod as agent for the Western seminary. In 1907 he ac-

cepted the chair of practical theology. In 1916 he was made professor emeritus of the seminary and not wishing to retire, he filled the position of financial agent for the seminary. He died a few years ago.

In the last year, under efforts of President S. C. Nettinga, the \$22,000 debt was paid off. With the clearing of the debt the board of superintendents decided the building should bear the name of a person largely responsible for the growth of the present institution.

Appropriate music throughout the ceremony was furnished by ten choir girls. The bride given in marriage by her father, wore white satin with a train. She wore a fingertip veil with a coronet of pearls and carried a bouquet of calla lilies. Miss Ruth Parker, sister of the bride was bridesmaid and was gowned in pink lace with white accessories. Little Patricia and Janice Parker, nieces of the bride, acted as flower girl and train bearer, respectively. The bride's brother, Tom, performed the duties of best man. SPORTSMAN BUYS STATE LANDS

Sportsmen's clubs, resort operators and different private interests bought up nearly 6,000 acres of state-owned land and about 400 lots in the recent auctions held by the department of conservation in northern Michigan. The sales netted \$16,289.25 which will be placed in the general fund. Descriptions sold totalled 5,970 acres and were scattered through 42 northern counties. In all cases the tracts offered and sold were isolated state holdings that through their location could not be readily "blocked in" with administered areas, such as state forest and refuges.

PROF. ROBERT EVANS WILL NOT RETURN TO PRINTERS' SCHOOL

The Holland High Herald, school publication, prints the following, relative to Prof. Robert G. Evans, in its last issue for the school year, which is self-explanatory:—

Mr. Robert G. Evans, the printing instructor in the Holland Public Schools since 1922, will not return next year. For fifteen years he has taught his classes without being absent long enough to have a substitute teacher, except recently when Mr. Ruch took his place for a short time.

Experience has been a great teacher for Mr. Evans, along with his former education. At eight years of age he started in his career as printer. He went through the elementary school and high school and finished ahead of his class. He graduated from Albion College with a master of arts degree, and later he worked toward his doctor's degree at the university of Michigan.

In 1922 Mr. Evans came to high school from Hope College, where he was teaching Physics. He has been a great help to the school system by doing most of the printed material used in the schools. The students who are being taught are also benefitted by his teaching, while he has them help with the work.

In spite of the fact that the classes have grown larger each year for the past few years, the department has put out 360 or more jobs each week. This work, which is done for the benefit of the school, and the students, amounts to about \$4,000 worth of work each year.

The type of jobs that came into the shop had a large variation. There were personal cards, schedule cards, enrollment blanks, arithmetic books, test papers, tickets and the Holland High Herald. This is some of the work that is produced. Students have worked under Mr. Evans to produce this sort of work, which is nothing but the best.

Students who have been learning under this master apprentice will miss him when he leaves. They all have learned something about the art of printing that they will never

forget. Every student in the high school has used some of the material printed in this department sometime or other.

FORMER HOLLAND MAN CHIEF OF POLICE AT HAVEN

Henry Hoebeke, assistant fire chief at Grand Haven since 1934, was promoted to head the fire department through his appointment announced by City Manager Seymour Justema at the regular council meeting held last night.

Mr. Hoebeke succeeds Edward Boomgaard, who last week resigned as fire chief. Mr. Hoebeke was appointed acting chief immediately upon receiving Mr. Boomgaard's resignation.

The new chief has seen 20 years of service. He entered when 18 years old as a volunteer and later was made driver when horses were used to draw the big red pumper and hose carts. In 1914 the city abolished the use of horses when the automobile trucks were purchased. Mr. Hoebeke was made assistant driver and later was appointed a regular driver, in which capacity he has served for the past 15 years. He was made assistant chief in 1934. His salary as chief will be \$1,740 per year.

Lawrence De Witt, a Holland man and former driver at fire station No. 1 in this city, was reappointed chief of the police department at Grand Haven by the city manager, a position he has held since 1931. His salary has been raised to \$1,740. Mr. De Witt was a member of the Holland fire department when this city still used horse-drawn trucks.

THE superb highways of Michigan are something more than efficient arteries of traffic. In the hands of the State Highway Department they have become truly roads of romance... pleasantly winding trails that add tremendously to Michigan's prestige as a great vacation State.

A major phase of the Department's work is the development of highways along our Great Lakes coast-line to give motorists the finest views of lake, shore and forest. Another phase is dedicated to roadside beauty and convenience... the care of trees, landscape projects, rustic drives, parking areas, springs, pools and cascades.

## Interior view of The Mother Church.

Progress of Christian Science was noted in reports by church officers at the annual meeting of The Mother church. The First Church of Christ, Scientist, in Boston Monday.

The reports pointed to recognition of 59 new churches and societies and an increase in friendly public thought as reflected in legislative bodies when handling measures involving medical and religious freedom.

The election of Judge Clifford P. Smith of Newton, Mass., as church president for the coming year, and of Edward L. Ripley of Brookline as treasurer, and Ezra W. Palmer of Marshfield as clerk, was announced. The president is elected by The Christian Science board of directors to serve for one year. His duty is to be presiding officer at the annual meeting.

Judge Smith, became interested in Christian Science at Mason City, Iowa, in 1896, where he practiced law before becoming judge of the District Court of Iowa, the super-

ior court of that state.

The fact that the Christian Science denomination has 2,781 branches was cited and Miss M. Rosamond Wright, manager of the Department of Branches and Practitioners, reported further for the year, "Good growth in our movement is shown through the organization and recognition of fifty-nine new churches and societies as branches of The Mother Church, and six new university organizations. Twenty-five of these branches are in Europe, 30 in North America, two in Australia, one in Africa, and one in South America."

Judge Frederick C. Hill, chairman of The Christian Science board of lectureship, reported 3,216 lectures had been delivered during the year ended April 30. Of these lectures, 53 were given in Africa, 54 in Australia, seven in Hawaii, China, Japan and Manila, one in the City of Mexico, eight in Bermuda, Canal Zone and West Indies, 242 in Great Britain and Ireland, 129 in Continental Europe and Scandinavia, and 2,722 in Canada.

## REPORTS OF STANDING COMMITTEES

Committee on Ways and Means

to whom had been referred the recommendation of Fire Chief for 2 additional fire truck drivers in order to permit the doubling plant system, reported having met with the Police & Fire Board and as a result of this meeting, was recommending to the Council that the request of Chief Blom be granted.

Carried unanimously.

Street Committee reported that Nelson Ryenga had just applied for a permit to build a house on Lincoln Ave., at about 31st St., and since Lincoln Ave. pavement at this point is narrow, it was not permit of an adequate grading of the lot. Committee further reported that the culvert under the street should be extended and recommended that the City Engineer be instructed to extend this culvert and make the necessary grading in the street.

Adopted.

Street Committee further reported having gone to Lansing in company with the City Attorney and met with the State Highway Commissioner, Murray D. Van Wagoner, to discuss the matter of angle parking in the City of Holland.

Committee reported that as a result of this meeting, it was recommending to the Council that parallel parking be continued temporarily. They stated that in their meeting with Mr. Van Wagoner, it had been brought out that in most cities where parallel parking is put into effect, there is at first a considerable amount of opposition, but that it was the experience of the State Highway Dept. that after having given parallel parking a fair trial, the majority of the citizens prefer it to the angle parking. In this connection, Clerk also presented a communication from the Police & Fire Board in which it was recommended to the Council that parallel parking be continued for the time being to give it a fair trial.

There was considerable objection on the part of some of the Aldermen. Alds. Prins, Kleis, Oudemool and Steffens were opposed to continuing the parallel parking and wanted the Council to go back to angle parking. Others, however, felt that in justice to the Police Board and the State Highway Dept., parallel parking should be given a fair trial. Mayor Geerlings also recommended that they continue parallel parking for the time being since much of the opposition which was at first prevalent, has now subsided and many people at first opposed to it, are now in favor of continuing the parallel parking.

After considerable discussion on the matter,

It was moved by Ald. Brouwer, 2nd by Bultman,

That the recommendation of the Street Committee and Police Board to continue parallel parking temporarily, be approved.

Carried by Ayes and Nays as follows:

Ayes: Alds. Drinkwater, Kalkman, Brouwer, Damson, Huyser, Bultman, Vogelzang and Smith—8.

Nays: Alds. Prins, Kleis, Oudemool and Steffens—4.

License Committee to whom had been referred the application of Charles J. Cunningham for license to operate a pool and billiard room, reported recommending that same be granted.

Adopted.

License Committee further reported recommending that the application of Ray Harrison for license to sell soft drinks be granted.

Adopted.

License Committee reported that the Clerk be instructed to collect a fee of \$15.00 per season from hucksters. This being the same as collected the last few years.

Adopted.

Claims & Accounts Committee reported having examined claims in amount of \$5,939.20.

Allowed.

Ordinance Committee reported progress on the Traffic Ordinance and that it would very likely present this at the next meeting.

Adopted.

## REPORTS OF SPECIAL COMMITTEE

Ald. Kleis, to whom had been referred, together with Ald. Prins, the matter of moving the 1st ward voting precinct from the second story of Engine House No. 2 to the Lincoln School, reported having conferred with Supt. Fell and had secured permission to have a room in the Lincoln School for conducting elections. It was therefore, moved by Ald. Kleis, 2nd by Prins, that the polling place be changed.

Carried unanimously.

Capt. Austin Harrington, who for the past several years has been chairman of the Harbor Board, appeared before the Council and gave a resume of the activities of the Harbor Board during the past several years. Mr. Harrington also thanked the Council for following his recommendation in appointing his son, Harry Harrington, as his successor on this Board. He stated that his son, Harry Harrington, had been in close contact with Harbor work for many years and was very familiar with the requirements and needs of the harbor.

In his report, Capt. Harrington stated that Holland Harbor has always been considered a good harbor and in the days of the sailing vessels, was often called "the harbor of refuge." Then, later on, when the larger steam ships came into use, it was necessary to have a greater depth of water in order to permit them to enter. Accordingly, it was necessary to do a considerable amount of dredging, not only at the harbor entrance, but also to dredge a turning basin so that freighters of 500 and 600 feet in length could turn around. He then went into the matter about which there has been considerable discussion in the past few years, viz. the dumping of silt and mud back into the lake. He stated that it had been proposed to dump this

the great expense and the small amount of appropriation available, it could not be done, and in order to get the necessary dredging done with the money available, it was necessary to dump it in a deep part of the lake. Mr. Harrington also commented on the fact that when this silt is dumped into Lake Michigan near the harbor, it is stirred up and cast on to the beach where people now do a lot of bathing, and he felt that this was very objectionable also. In closing, Mr. Harrington stated that it was his hope that whenever matters come up, they should be given a thorough study so that all angles of the situation might be known before having the Council take any drastic action that might affect the future of Holland Harbor.

Albert Van Zoeren appeared before the Council on behalf of the Boy Scouts. He stated that they were to have a Scout Jamboree in the Netherlands this summer, and a delegate is expected to go from the City of Holland. Mr. Van Zoeren stated that there is considerable interest in connection with such a trip and he felt that the City of Holland should be represented at this Scout Jamboree in "Old Holland." Mr. Van Zoeren suggested that the Council appropriate the sum of \$100.00 to help defray the expense of a delegate from the City of Holland.

On motion of Ald. Kalkman, 2nd by Brouwer,

Recommendation approved and Clerk instructed to issue a check to the Boy Scouts for this amount.

In this connection, Mr. Van Zoeren suggested that Mayor Geerlings write an appropriate message to the officials in the Netherlands, to be presented by Holland's delegate.

Ald. Prins called upon City Insp. Wiersma to explain to the Council a request which he has received from the Probate Judge relative to having someone in the City of Holland appointed by the Council to handle such matters as may come up relative to hospitalization, etc. of indigent persons. Mr. Wiersma stated that frequently such expense is participated in by both the County and the City, and the Judge preferred to have someone officially appointed by the Council who would have authority to deal in these matters. Mr. Ben Wiersma, City Insp. and Welfare Contact man was appointed as such person to represent the City of Holland.

## COMMUNICATIONS FROM BOARDS AND CITY OFFICERS

Claims approved by the Hospital Board in the sum of \$3,106.00; Library Board, \$177.20; Park and Cemetery Board, \$1,577.93; Police and Fire Board, \$2,466.79; Board of Public Works, \$41,955.38, were ordered certified to the Council for payment. (Said claims on file in Clerk's office for public inspection.)

Allowed.

Board of Public Works reported the collection of \$14,975.96; City Treasurer, \$22,310.35.

Accepted.

Clerk reported Interest coupons due in the amount of \$282.50.

Ordered paid.

Clerk presented estimate from City Engineer showing amount due Globe Const. Co. on Van Raalte Ave. paving as \$7,743.21.

Allowed.

Clerk presented communication from Board of Health recommending that the present Milk Ordinance be amended so as to provide that milk producers supplying the City of Holland with milk be required to construct milk houses separate from the barn.

Referred to Ordinance Committee.

Clerk Peterson presented communication from Board of Health recommending that the owner of the premises at 518 Mich. Ave., be required to connect with the sanitary sewer.

Adopted.

## MOTION AND RESOLUTIONS

Ald. Brouwer brought up the matter which has been called to the attention of the Aldermen at an informal meeting earlier in the evening relative to the salary of the Supt. of Parks and Cemeteries, and the rate of pay for clerical help in the assessor's office. It was the recommendation of Ald. Brouwer that this matter be referred to the Committee on Ways and Means for consideration.

Adopted.

Ald. Brouwer further reported that the garage in the rear of the city-owned houses south of the City Hall are in need of repairs. He also stated that the condition of the yard around the city-owned house on the corner of 12th St. and River Ave. requires attention, and recommended that the matter be referred to the Public Building Committee.

Adopted.

Ald. Kleis stated that the Railroad Co. is furnishing a watchman at the railroad crossing on 11th St. near Lincoln Ave., from 8 A. M. to 5 P. M., and his duty is largely to protect school children in crossing the railroad track. Ald. Kleis stated that the watchman should be changed so that the watchman is on duty from 7:30 A. M. to 4:30 P. M., and suggested that the Clerk write a letter to the Pere Marquette Railroad Co., asking them to make this change.

Adopted.

Ald. Kleis brought up the matter relative to the dilapidated building in the rear of Engine House No. 2. Mr. Kleis stated that it was his understanding that an amount of money had been appropriated for this building, and that it was to have this work done as a C.W.A. project, but that for some reason or other, the project never was approved by the government.

After considerable discussion, it was moved by Ald. Brouwer, 2nd by Prins,

That the matter be referred to the Committee on Public Buildings for consideration.

Adopted.

Oscar Peterson, City Clerk.

## Western Theological Seminary Hall To Be Called James F. Zwemer Hall

The board of superintendents of the Western Theological seminary of the Reformed Church in America has decided to change the name of the building known since its erection in 1910 as Seminary hall to the James F. Zwemer hall, in honor of his work for the seminary.

Dr. James F. Zwemer was graduated from Hope college in 1870 and the following year enrolled in the Western seminary, from which he was graduated in 1873. He then took pastorates at Fynaart and

Spring Lake, Alto, Wis., and Alton, Iowa. He left ministerial work to become the financial agent for Hope college, continuing this for a few years. Later he accepted the principalship of a Reformed church school at Orange City, Iowa. He returned to the ministry and became pastor of Seventh Reformed church of Grand Rapids. Serving this church for several years, he accepted the position offered by the general synod as agent for the Western seminary. In 1907 he ac-

cepted the chair of practical theology. In 1916 he was made professor emeritus of the seminary and not wishing to retire, he filled the position of financial agent for the seminary. He died a few years ago.

In the last year, under efforts of President S. C. Nettinga, the \$32,000 debt was paid off. With the clearing of the debt the board of superintendents decided the building should bear the name of a person largely responsible for the growth of the present institution.

### PROF. ROBERT EVANS WILL NOT RETURN TO PRINTERS' SCHOOL

The Holland High Herald, school publication, prints the following, relative to Prof. Robert G. Evans, in its last issue for the school year, which is self-explanatory:—

Mr. Robert G. Evans, the printing instructor in the Holland Public Schools since 1922, will not return next year. For fifteen years he has taught his classes without being absent long enough to have a substitute teacher, except recently when Mr. Ruch took his place for a short time.

Experience has been a great teacher for Mr. Evans, along with his former education. At eight years of age he started in his career as printer. He went through the elementary school and high school and finished ahead of his class. He graduated from Albion College with a master of arts degree, and later he worked toward his doctor's degree at the university of Michigan.

In 1922 Mr. Evans came to high school from Hope College, where he was teaching Physics. He has been a great help to the school system by doing most of the printed material used in the schools. The students who are being taught are also benefitted by his teaching, while he has them help with the work.

In spite of the fact that the classes have grown larger each year for the past few years, the department has put out 360 or more jobs per year which is about 10 jobs each week. This work, which is done for the benefit of the school, and the students, amounts to about \$4,000 worth of work each year.

The type of jobs that came into the shop had a large variety. There were personal cards, schedule cards, enrollment blanks, arithmetic books, test papers, tickets and the Holland High Herald. This is some of the work that is produced. Students have worked under Mr. Evans to produce this sort of work, which is nothing but the best.

Students who have been learning under this master apprentice will miss him when he leaves. They all have learned something about the art of printing that they will never

forget. Every student in the high school has used some of the material printed in this department sometime or other.

### FORMER HOLLAND MAN CHIEF OF POLICE AT HAVEN

Henry Hoebeke, assistant fire chief at Grand Haven since 1934, was promoted to head the fire department through his appointment announced by City Manager Seymour Justema at the regular council meeting held last night.

Mr. Hoebeke succeeds Edward Boomgaard, who last week resigned as fire chief. Mr. Hoebeke was appointed acting chief immediately upon receiving Mr. Boomgaard's resignation.

The new chief has seen 20 years of service. He entered when 18 years old as a volunteer and later was made driver when horses were used to draw the big red pumper and hose carts. In 1914 the city abolished the use of horses when the automobile trucks were purchased. Mr. Hoebeke was made assistant driver and later was appointed a regular driver, in which capacity he has served for the past 15 years. He was made assistant chief in 1934. His salary as chief will be \$1,740 per year.

Lawrence De Witt, a Holland man and former driver at fire station No. 1 in this city, was reappointed chief of the police department at Grand Haven by the city manager, a position he has held since 1931. His salary has been raised to \$1,740. Mr. De Witt was a member of the Holland fire department when this city still used horse-drawn trucks.

### SPORTSMAN BUYS STATE LANDS

Sportsmen's clubs, resort operators and different private interests bought up nearly 6,000 acres of state-owned land and about 400 lots in the recent auctions held by the department of conservation in northern Michigan.

The sales netted \$16,289.25 which will be placed in the general fund. Descriptions sold totaled 5,970 acres and were scattered through 42 northern counties. In all cases the tracts offered and sold were isolated state holdings that through their location could not be readily "blocked in" with administered areas, such as state forest and refuges.

### Interior view of The Mother Church.

Progress of Christian Science was noted in reports by church officers at the annual meeting of The Mother church, The First Church of Christ, Scientist, in Boston Monday.

The reports pointed to recognition of 59 new churches and societies and an increase in friendly public thought as reflected in legislative bodies when handling measures involving medical and religious freedom.

The election of Judge Clifford P. Smith of Newton, Mass., as church president for the coming year, and of Edward L. Ripley of Brookline as treasurer, and Ezra W. Palmer of Marshfield as clerk, was announced. The president is elected by The Christian Science board of directors to serve for one year. His duty is to be presiding officer at the annual meeting.

Judge Smith, became interested in Christian Science at Mason City, Iowa, in 1896, where he practiced law before becoming judge of the District Court of Iowa, the super-

ior court of that state.

The fact that the Christian Science denomination has 2,781 branches was cited and Miss M. Rosamond Wright, manager of the Department of Branches and Practitioners, reported further for the year, "Good growth in our movement is shown through the organization and recognition of fifty-nine new churches and societies as branches of The Mother Church, and six new university organizations. Twenty-five of these branches are in Europe, 30 in North America, two in Australia, one in Africa, and one in South America."

Judge Frederick C. Hill, chairman of The Christian Science board of lectureship, reported 3,216 lectures had been delivered during the year ended April 30. Of these lectures, 53 were given in Africa, 54 in Australia, seven in Hawaii, China, Japan and Manila, one in the City of Mexico, eight in Bermuda, Canal Zone and West Indies, 242 in Great Britain and Ireland, 129 in Continental Europe and Scandinavia, and 2,722 in Canada.

### REPORTS OF STANDING COMMITTEES

Committee on Ways and Means to whom had been referred the recommendation of Fire Chief for 2 additional fire truck drivers in order to permit of the double platoon system, reported having met with the Police & Fire Board and as a result of this meeting, was recommending to the Council that the request of Chief Blom be granted.

Carried unanimously.

Street Committee reported that Nelson Ryzenga had just applied for a permit to build a house on Lincoln Ave., at about 31st St., and since Lincoln Ave. pavement at this point is narrow, it does not permit of an adequate grading of the lot. Committee further reported that the culvert under the street should be extended and recommended that the City Engineer be instructed to extend this culvert and make the necessary grading in the street.

Adopted.

Street Committee further reported having gone to Lansing in company with the City Attorney and met with the State Highway Commissioner, Murray D. Van Wagoner, to discuss the matter of angle parking in the City of Holland.

Committee reported that as a result of this meeting, it was recommending to the Council that parallel parking be continued temporarily. They stated that in their meeting with Mr. Van Wagoner, it had been brought out that in most cities where parallel parking is put into effect, there is at first a considerable amount of opposition, but that it was the experience of the State Highway Dept. that after having given parallel parking a fair trial, the majority of the citizens prefer it to the angle parking.

In this connection, Clerk also presented a communication from the Police & Fire Board in which it was recommended to the Council that parallel parking be continued for the time being to give it a fair trial.

There was considerable objection on the part of some of the Aldermen. Alds. Prins, Kleis, Oudemool and Steffens were opposed to continuing the parallel parking and wanted the Council to go back to angle parking. Others, however, felt that in justice to the Police Board and the State Highway Dept., parallel parking should be given a fair trial. Mayor Geerlings also recommended that they continue parallel parking for the time being since much of the opposition which was at first prevalent, has now subsided and many people at first opposed to it, are now in favor of continuing the parallel parking.

After considerable discussion on the matter,

It was moved by Ald. Brouwer, 2nd by Bultman,

That the recommendation of the Street Committee and Police Board to continue parallel parking temporarily, be approved.

Carried by Ayes and Nays as follows:

Ayes: Alds. Drinkwater, Kalkman, Brouwer, Damson, Huyser, Bultman, Vogelzang and Smith—8.

Nays: Alds. Prins, Kleis, Oudemool and Steffens—4.

License Committee to whom had been referred the application of Charles J. Cunningham for license to operate a pool and billiard room, reported recommending that same be granted.

Adopted.

License Committee further reported that the application of Ray Harrison for license to sell soft drinks be granted.

Adopted.

License Committee reported that the Clerk be instructed to collect a fee of \$15.00 per season from hucksters. This being the same as collected the last few years.

Adopted.

Claims & Accounts Committee reported having examined claims in amount of \$5,939.20.

Adopted.

Ordinance Committee reported progress on the Traffic Ordinance and that it would very likely present this at the next meeting.

REPORTS OF SPECIAL COMMITTEE

Ald. Kleis, to whom had been referred, together with Ald. Prins, the matter of moving the 1st ward voting precinct from the second story of Engine House No. 2 to the Lincoln School, reported having conferred with Supt. Fell and had secured permission to have a room in the Lincoln School for conducting elections. It was, therefore, moved by Ald. Kleis, 2nd by Prins, that the polling place be changed.

Carried unanimously.

Capt. Austin Pringling, who for the past several years has been chairman of the Harbor Board, appeared before the Council and gave a resume of the activities of the Harbor Board during the past several years. Mr. Harrington also thanked the Council for following his recommendation in appointing his son, Harry Harrington, as his successor on this Board. He stated that his son, Harry Harrington, had been in close contact with Harbor work for many years and was very familiar with the requirements and needs of the harbor.

In his report, Capt. Harrington stated that Holland Harbor has always been considered a good harbor and in the days of the sailing vessels, was often called "the harbor of refuge." Then, later on, when the larger steam ships came into use, it was necessary to have a greater depth of water in order to permit them to enter. Accordingly, it was necessary to do a considerable amount of dredging, not only at the harbor entrance, but also to dredge a turning basin so that freighters of 500 and 600 feet in length could turn around. He then went into the matter about which there has been considerable discussion in the past few years, viz. the dumping of silt and mud back into the lake. He stated that it had been proposed to dump this

the great expense and the small amount of appropriation available, it could not be done, and in order to get the necessary dredging done with the money available, it was necessary to dump it in a deep part of the lake. Mr. Harrington also commented on the fact that when this silt is dumped into Lake Michigan near the harbor, it is stirred up and cast on to the beach where people now do a lot of bathing, and he felt that this was very objectionable also. In closing, Mr. Harrington stated that it was his hope that whenever matters come up, they should be given a thorough study so that all angles of the situation might be known before having the Council take any drastic action that might affect the future of Holland Harbor.

Albert Van Zoeren appeared before the Council on behalf of the Boy Scouts. He stated that they were to have a Scout Jamboree in the Netherlands this summer, and a delegate is expected to go from the City of Holland. Mr. Van Zoeren stated that there is considerable expense in connection with such a trip and he felt that the City of Holland should be represented at this Scout Jamboree in "Old Holland."

Mr. Van Zoeren suggested that the Council appropriate the sum of \$100.00 to help defray the expense of a delegate from the City of Holland.

On motion of Ald. Kalkman, 2nd by Brouwer,

Recommendation approved and Clerk instructed to issue a check to the Boy Scouts for this amount.

In this connection, Mr. Van Zoeren suggested that Mayor Geerlings write an appropriate message to the officials in the Netherlands to be presented by Holland's delegate.

Ald. Prins called upon City Inspector Wiersma to explain to the Council a request which he has received from the Probate Judge relative to having someone in the City of Holland appointed by the Council to handle such matters as may come up relative to hospitalization, etc. of indigent persons. Mr. Wiersma stated that frequently such expense is participated in by both the County and the City, and the Council is expected to have someone officially appointed by the Council who would have authority to deal in these matters. Mr. Ben Wiersma, City Insp. and Welfare Contact man was appointed as such person to represent the City of Holland.

### MOTION AND RESOLUTIONS

Ald. Brouwer brought up the matter which has been called to the attention of the Alderman at an informal meeting earlier in the evening relative to the salary of the Supt. of Parks and Cemeteries, and the rate of pay for clerical help in the assessor's office. It was the recommendation of Ald. Brouwer that this matter be referred to the Committee on Ways and Means for consideration.

Adopted.

Ald. Brouwer further reported that the garage in the rear of the city-owned houses south of the City Hall are in need of repairs. He also stated that the condition of the yard around the city-owned house on the corner of 12th St. and River Ave. requires attention, and recommended that the matter be referred to the Public Building Committee.

Adopted.

Ald. Kleis stated that the Railroad Co. is furnishing a watchman at the railroad crossing on 11th St. near Lincoln Ave., from 8 A. M. to 6 P. M., and his duty is largely to protect school children in crossing railroad track. Ald. Kleis recommended that the hours be changed so that the watchman is on duty from 7:30 A. M. to 4:30 P. M., and suggested that the Clerk write a letter to the Pere Marquette Railroad Co., asking them to make this change.

Adopted.

Ald. Kleis brought up the matter relative to the dilapidated building in the rear of Engine House No. 2. Mr. Kleis stated that it was his understanding that an amount of money had been appropriated a few years ago to tear down this old building and erect a new building for garages for use of the firemen.

In this connection, Ald. Kalkman stated that something should be done in the rear of Engine House No. 1 as well. In commenting on this matter, Ald. Brouwer stated that while he was a member of the Police and Fire Board, the matter was under consideration and an attempt made at that time to have this work done as a C.W.A. project, but that for some reason or other, the project never was approved by the government.

After considerable discussion, it was moved by Ald. Brouwer, 2nd by Prins,

That the matter be referred to the Committee on Public Buildings for consideration.

Adopted.

Oscar Peterson, City Clerk.
